Prohibition Rally Next Sunday Night Undeclared Oilers Are Still Leading in Soft-ball League

OILERS LEADING TWILIGHT LEAGUE

BAPTISTS AND REXALL IN 2ND AND 3RD PLACE; ATTENDANCE GOOD

Present indications in the twilight baseball league are that the contenders for the title, possibly until the end of the series draws near, will be the Oilers, the Baptists and the Rexall teams. All three teams are playing tight all and are apparently fairly evenly matched. The Baptists played their fifth game Wednesday afternoon—and lost it to the Oilers, the only team which is so far undefeated. In explanation of their defeat by the Oilers, the Baptist brethren sadly mentioned the absence of their star pitcher, McHenry Lane, but their gloom is chased away by the hope that he will be here Friday when they play the Lions.

The Rexall team plays the Highway today and the optimists among them mentally chalked up a win. But it has been observed that there's occasionally a split-up and, by the law of averages, the Highway team is due for a win.

Percentages

Here's the present standing of the teams, up to Wednesday night:

Team	Played	Won	Lost	Pct.
Oilers	4	4	0	1000
Baptists	5	4	1	800
Rexall	4	3	1	750
Lions	4	2	2	500
Highway	3	0	3	000
Legion	4	0	4	000

Games scheduled for the next week: June 9—Baptists vs Lions; June 12—Oilers vs Lions; June 13—Legion vs Highway; June 14—Rexall vs Oilers.

Readers of the News who have not yet attended one of these games are urged to do so. There is no admission charge, but we venture the opinion that you will feel like you owe somebody something for an hour of exciting and fascinating play. Soft-ball baseball is becoming more and more popular all over Texas and the reason is that it is a faster ball game than you ever saw played. Drive over and see a game!

Methodist Laymen To Hold Service

The Sunday morning service at the First Methodist church will be in charge of the laymen of the church. The program will be in charge of C. E. Griggs, whose committee has arranged an interesting service.

T. R. Broun will make the principal address on Stewardship, and special musical numbers will be rendered. The public is cordially invited to attend the service.

Jerome Stocking Named As Official Rattlesnake Collector For Museum

Jerome D. Stocking, of this city, who is recognized as an authority on rattlesnakes, has been requested by the authorities of the Panhandle Plains Historical Society's museum at Canyon to collect and prepare for exhibition in the museum as many rattlesnakes as he may be able to obtain.

Mr. Stocking has devoted intensive study to the snake which is the most dreaded of all American snakes. In 1929 the Ft. Worth Star-Telegram published a two-page feature story by him about rattlesnakes, illustrating photographs and replete with information about the life and habits of the diamond-back and other varieties of rattlesnakes.

On exhibition now in Mr. Stocking's drug store is a collection of rattles, under glass. He plans a display about six feet in size, and has asked The News to enlist

Ice Cream Factory To Be Opened Here

Mr. and Mrs. G. A. Lupo, formerly of Garden City, Michigan, arrived here this week to make arrangements for the establishment of an ice cream factory in Clarendon.

Mr. Lupo has leased a part of the building formerly occupied by the Queen Theatre, next to the Whitlock barber shop, where machinery and equipment is being installed. A large motor for driving the cream freezer and a new Frigidaire ice cream cabinet have been purchased from the West Texas Utilities company.

"Home-made" ice cream, in popular flavors, will be manufactured by Mr. Lupo, who states that he expects to use sweet cream and whole milk, produced by Donley county cows. Arrangements will be made for obtaining the milk and sweet cream fresh every day. "I believe that most everybody likes properly made home-made cream, and I know that I can please the most particular," said Mr. Lupo, who also states that he hopes to have his plant ready for operation and sale of its products by the end of the week.

BAPTIST REVIVAL TO CLOSE SUNDAY

MANY CONVERSIONS AND ADDITIONS TO CHURCH ALREADY REPORTED

A number of conversions, among both young people and adults, have occurred during the revival services now in progress at the First Baptist church, and a large number of additions to the church. It is expected that the number will be much increased before the close of the revival, which will continue until Sunday morning.

The pastor, Rev. B. N. Shepherd, has been doing the preaching and his earnest messages have greatly strengthened the spiritual life of all who have heard him. R. A. Key, of Tahoka, who has been leading the singing, has also been a leader in the special services held by the young people and his talks have been inspiring to them.

Next Sunday morning Dr. J. D. Sandefer, president of Simmons University at Abilene, will speak at the Baptist church at 11 o'clock. His subject will be "Christian Education." The citizenship is cordially invited to hear Dr. Sandefer on this highly important subject.

As announced elsewhere in this paper, the night service at the Baptist church has been called in on account of Dr. Sandefer's address on the "Prohibition Crisis in Texas," at the First Methodist church, at 8 o'clock.

the co-operation of its readers in securing as many rattles as possible for the large exhibit.

Each person who brings in a rattle or rattles will have his name placed under the rattles as a contributor to the exhibit. He hopes to have a large number of all sizes of rattles. Contrary to the popular belief, Mr. Stocking says that the number of rattles is no indication whatever of the age of the snake. Their number depends on the condition of the snake, he says. The shape of the rattles indicates the sex of the snake, the female carrying a set of rattles that taper sharply to a point, while the male's rattles are broad and blunt.

The co-operation of all who have opportunity to secure rattles for the museum exhibit will be greatly appreciated by Mr. Stocking and the museum officials.

NORED IS NAMED LION PRESIDENT

COMMITTEE REPORTS NOMINATIONS TO BE VOTED NEXT TUESDAY

Results of the nominating ballot of members of the Clarendon Lions Club, which was taken last Tuesday, were announced this week at the regular luncheon by C. J. Douglas, chairman of the election committee. Ballots were distributed last week at the luncheon, each member nominating his choice for the various offices. It is customary for the committee's report on the ballot to be accepted as was the case this year. The new officers will be formally elected next week.

The following officers were nominated: T. D. Nored, president; J. T. Patman, 1st vice-president; Odos Caraway, 2nd vice-president; H. T. Burton, 3rd vice-president; J. E. Teer, secretary; A. A. Mayes, treasurer; Liontamer, D. O. Stallings; Tail-twister, Homer Mulkey; directors, J. R. Porter and O. C. Watson. Directors as past presidents are G. L. Boykin and Ira Merchant. Report on Lindell Ragle. Homer Mulkey reported to the club that he had taken little six-year-old Lindell Ragle, whose parents live near Lelia Lake, to Dr. J. T. Gray at Amarillo. Arrangements were made for beginning the series of operations and treatments which Dr. Gray is confident will finally enable the little fellow to walk.

He lost the use of his legs during the first year of his life from infantile paralysis, and has

(Continued on Page Eight)

TWELVE ARRESTED BY SHERIFF HERE SATURDAY

Twelve men were arrested Saturday night by Sheriff Guy Pierce, who filed various charges against them in the county and justice courts.

The charges included gaming, drunkenness and vagrancy. The latter term has a broad legal interpretation, covering a number of offenses. Some of the cases were disposed of this week and hearing for the others will be set later.

City Marshal Urges General Clean-Up

City Marshal T. M. Pyle requests the citizenship to co-operate in a general clean-up of premises in the interest of sanitation.

"A number of our citizens have cows, horses and hogs on their premises, and the time of year has come when they can easily become offensive to all who live in the neighborhood," he said. "If neglected they become prolific breeding places for flies—and the flies do not stay in the pig-pens and cow-lots. It does not take long to clean up these places, and those who have animals about their premises owe it to their neighbors to see to it that they do not become offensive," Mr. Pyle said.

LOCAL LEGION IS INVITED ODESSA

FIFTH DIVISION ANNUAL CONVENTION THERE FOR TWO DAYS, JUNE 24-25

H. R. Kerbow, Commander of the Aubyn E. Clark Post of the American Legion, here, today received an invitation from officials of the Earl S. Gray Post No. 430, of Odessa, to send an official delegation from the local post to the annual convention of the Fifth Division, Department of Texas, at Odessa, June 24th and 25th. Plans for the convention, accompanying the invitation promised one of the liveliest Legion meetings in the history of the Division.

Several hundred delegates from the 144 American Legion posts in the Fifth Division are expected to gather for the big meeting. Plans already made by the Odessa post include many types of entertainment, including golf tournament, baseball games, trap shooting, picture shows, a dance and an old-time chuck wagon feed.

Ladies attending the convention are to be the guests of the Odessa Ladies' Auxiliary who are planning a tea and other entertainment in their honor. The Odessa post plans "big doings" during the two days, with the old-time Western style of hospitality oozing from the door-fings of every building in town.

CLARENDON BAND TO RE-ORGANIZE

PARENT-TEACHERS ASS'N TO BE SPONSOR, WITH NEW COMMITTEE NAMED

Re-organization of the Clarendon Band will be worked out under a new committee, with D. R. Davis as chairman, according to announcement made after a meeting called this week by the Parent-Teacher Association, of which Mrs. U. J. Boston is president.

The band has not been on a sound financial basis for several months, although it has recently been having rehearsals under the direction of Gus B. Stephenson. It is the intention of the committee and the sponsors to launch a drive soon for a monthly income fund to pay the director and other expenses of the band.

Mr. Davis will have with him on his committee Messrs. W. C. Stewart, Rayburn Smith, Joe Holland, R. E. Drennan and Andrew Jay.

"Mr. Stephenson has been working with the band for several months with no income except from his paying pupils," said Mr. Davis, "and we feel that the citizenship is indebted to him already for the service he has rendered."

Band Concert Friday

The people of city and county are cordially invited to attend a concert which will be given by the band, under Mr. Stephenson's direction Friday night at 8 o'clock at the band-stand on the north side of the old grammar school building.

A concert given there by the band two or three weeks ago was well attended, a great many hearing the concert from cars parked along the street.

Mrs. D. O. Stallings went to Abilene Saturday to attend the graduation of her daughter, Mrs. Roy Wells, who will receive her degree this year. She will return this week-end.

Miss Eunice Johnson, popular teacher at the Chamberlain school, left Saturday for Abilene where she will complete, in the summer school, a year of work she started last fall with two months of attendance at Simmons University.

SPEAKS HERE JUNE 11

DR. J. D. SANDEFER

President of Simmons University, Abilene, who will speak Sunday morning, June 11, at the First Baptist church of this city on the subject of Christian Education. In the evening he will lecture at a prohibition rally at the First Methodist church of the same city. He will also speak at a prohibition rally at Memphis First Baptist church Monday evening.

LOAN RECORD OF COUNTY PRAISED

INSPECTOR STOVALL RE- PORTS EXCELLENT COL- LECTIONS ON CROP LOANS

J. D. Swift, U. J. Boston and G. M. Allen, members of the Crop Production Loan committee for Donley county, and others who have assisted in loan work in this territory, have received a letter from John O. Stovall, field inspector of the Dallas office, which praises very highly the fine record made in the territory.

Mr. Stovall's territory includes Childress, Collingsworth, Cottle, Donley, Foard, Hall Hardeman and Motley counties. His report lists the number of loans made in each county by years since 1931, the average amount of the loans, total borrowed, amount collected to date, balance due and percentage collected.

Donley county takes high rank on the percentage of collections, 98.6 per cent of the money borrowed in 1932 having been repaid. This record was excelled only by Childress county, 99.3 per cent, and Collingsworth county, 98.99 per cent. However, each of

(Continued on Page Eight)

DR. SANDEFER TO MAKE ADDRESS

SIMMONS UNIV. PRESIDENT NOTED AS PRO SPEAKER; AT METHODIST CHURCH

Friends of the Eighteenth Amendment have arranged for a joint meeting at the First Methodist church of Clarendon, next Sunday night, June 11, at 8 o'clock.

The meeting will be presided over by County Judge S. W. Lowe, whose committee has arranged for an address on "The Prohibition Crisis in Texas," by Dr. J. D. Sandefer, president of Simmons University at Abilene.

Dr. Sandefer has the reputation of being one of the ablest speakers in Texas and especially on the subject of prohibition. He will bring to his audience a defense of the Eighteenth Amendment and a plea for its perpetuation which the committee believes will put new "back-bone" into those who may have been dismayed and disarmed by the flood of propaganda against the 18th Amendment.

Churches Co-operating

The Baptist, Methodist, Christian and Presbyterian churches have called in their night services in order that their congregations may attend the rally at the Methodist church, and it is believed that other churches which have not already done so will join their churches in a mass meeting which the committee hopes will tax the seating capacity of the Methodist church.

Dr. Sandefer will also address a similar meeting at Memphis on Monday night after his Clarendon engagement. He is said to have much of his time already spoken for by cities all over Texas whose people know of his militant and ringing messages on the prohibition question. The local committee feels that it is particularly fortunate in having secured him for a speaking date here.

Amarilloan Charged Intoxicated Driving

H. R. Lindsey, of Amarillo, was arrested Saturday afternoon on the highway east of Lelia Lake, following complaint by telephone that an apparently intoxicated man was imperiling traffic on the highway.

Lindsey was charged with driving a car while intoxicated and his bond was set at \$1,000, which was made Saturday night. He was released for appearance before court later.

High Mercury of Last Sunday Recalls "Spells o' Weather" In By-gone Days

Last Sunday was the hottest day of 1933—so hot that a thermometer which was built to register as much as 130 degrees could not measure the heat when it was laid on a concrete sidewalk in front of the Rexall-store in Clarendon. The official maximum, by Observer Joe Goldston's U. S. Government thermometer, was 106 degrees.

Through the courtesy of Clyde J. Douglas, of the Douglas-Goldston drug store, we are able to give our readers the following "dope" on the hot days of June, from June, 1925, to June 5, 1932. These were the hottest June days of those years.

Date	Max.	Min.
June 14, 1925	105	71
June 10, 1926	98	64
June 4, 1927	104	66
June 16, 1928	104	68
June 27, 1929	106	63
June 24, 1930	104	67
June 2, 1931	102	63
June 16, 1932	100	64
June 4, 1933	106	68

Mr. Douglas also compiled some

interesting data on "torrid temperature of by-gone days," giving the record high temperatures for single days and also for unusually hot "spells o' weather."

On June 15, 1924, and again on July 18, 1925, the mercury soared to 111 degrees. On July 20, 1927 it reached 110; July 17, 1929, 106.

But the hottest "spells" of weather occurred in 1922 and 1924—and they were sweltering days, too. In 1922 there were eleven days, from July 19-29 inclusive, when the readings were: 105 106 107 107 104 102 105 104 104 102 106. That works out an average temperature for the eleven days of 104 and eight-elevenths degrees.

Still that was not the hottest spell, for there were seven days in 1924, June 12-18 inclusive, when the readings were: 110 108 108 111 110 110 104. And the average for the seven days was 108 and five-sevenths degrees !?!"!!!

Down-state folks are going to read those temperatures and com-

NOTICE:—any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publisher.

The prominent people whose names have been read in public as "preferred" customers for the securities of J. P. Morgan's bank may not have done anything wrong in a technical sense. Doubtless the publicity given to transactions with the great banking concern has been very embarrassing to most of them. One can well believe that if they had known that their purchases would be dragged out into the open they would not have taken the risk. The most critical thing that can be said of any of them, from Calvin Coolidge down, is that they were more dumb than we have thought they were.

"That little wop, Pecora," as Will Rogers called him, has been having a big time spot-lighting the private affairs of national figures. All the efforts of Senator Carter Glass, said to be the Senate's brightest financial mind, have been unable to stop Pecora, who knows that Public Right has been violated and that his sledge-hammer blows are shattering idols who are now seen to have feet of clay. Some of the frankest writers on political under-currents are saying that, contrary to the belief in certain quarters, the disclosures of the Morgan house's transactions are bringing no small degree of satisfaction to the President, who entertains no great affection for the House of Morgan and its tactics.

The legislature which adjourned last week has been under fire for the many things which it has not done, and it might, indeed, have done a great deal that it left undone. But it should have credit of having reduced the State budget more than the 25 per cent which was pledged by the State Democratic party. Which is, in itself, a matter of commendation. It is regrettable that better provision for the schools of Texas could not have been made. It appears now that \$9 per capita is all that is in sight, which means short terms for the larger part of the schools. . . . On the Graves committee's recommendation for re-organization of State government, the House gave a large approving majority. The Senate never got around to it. But the question will come up again and it is likely that the re-organization will eventually be effected.

PALO DURO CANYON PARK

Revived about a month ago by the announcement of the President's plan for the employment of 250,000 young men in reforestation and public park improvement work, swift work on the part of Hon. D. E. Colp, chairman of the State Park Board, brought to reality the 30-year dream of making a State park in magnificent Palo Duro Canyon. Little did Col. Chas. Goodnight dream, when he took his wagon apart in November, 1876 and carried it and its load down the steep and rock-strewn walls of the canyon to the site of his ranch headquarters, that only a few years after his death an automobile highway through the depths of the canyon would make its awe-inspiring beauty visible to any who wish to view it. Flood-waters which have heretofore roared through the canyon unimpeded will be caught behind a series of dams, already located by the board of water engineers, to make lakes for fishing and bathing. A thousand men will work for six months at these and other projects in the canyon that will make a public playground. There will be a few, of course, who will scoff at the expenditure of government funds for "such foolishness" as the development of this great park. But it should not be forgotten that, in the midst of this depression (we are wondering if we should not have written "THAT depression"), registrations in the national and state parks of the nation exceeded in 1931 and 1932 those of any previous years. And wherever people go for even a modest vacation, in the aggregate they leave a great deal of money behind them. Panhandle people have always been too remote from playground areas. The development of the new parks and scenic drives will mean much to their recreational life. Palo Duro State Park, in due time, will attract tourists who will be able to find fishing, swimming, boating, mountain climbing, horseback riding trails and other vacation amusements that they now must go two or three hundred miles further to find. Texans will soon have just cause for boasting about the State park.

NOTHING MORAL ABOUT 18TH AMENDMENT?

Peter Molyneux, editor of The Texas Weekly, is always plain and forceful in expressions of his views and is a widely read and often quoted editor. Ordinarily The News can agree with his opinions and has frequently quoted him. But his conclusions about the Eighteenth Amendment are so foreign to his usual clear thinking that, while we shall again quote him, we can in no wise agree with him. At some length he appeals for support of the President

by repeal of the 18th amendment. He reviews the progress of ratification by the states, asserting that their ratification will mean that the members of the lower house of Congress will have been lined up for repeal, which he sees as the end of appropriations for enforcement of the 18th Amendment.

So, "repeal or nullification is what the country is facing," thinks Mr. Molyneux, since the "woeful minority" of the thirteen states that "theoretically can prevent repeal" can not possibly influence Congress in the matter of enforcement. "The 18th Amendment, therefore, would be nullified," says he.

He then brings the question into Texas, asserting that "the question which Texas faces is . . . whether national prohibition shall be repealed or nullified and there ought not to be any doubt as to how a majority of the people of Texas will vote on such a question as that," he continues.

The foregoing quotation in part is made only to introduce the trend of Mr. Molyneux' thought leading up to the statements to which we take exception: "The uncompromising prohibitionists can talk all they please about a moral issue being involved; the truth remains that if a moral issue is involved in the choice between repeal and nullification it is not on the side of those who would force nullification. There is nothing moral left about the Eighteenth Amendment. It has become a national nuisance. And Texas owes it to the people of other States of the Union to help them to get rid of such a nuisance. It would be futile to attempt any longer to enforce it in the States whose people are overwhelmingly against it, and it would be silly to vote to keep it in the Constitution in such circumstances. Indeed, it would be worse than silly. It would be promoting a disrespect for law. The Eighteenth Amendment is dead and nothing can put life in it again. All that is left to do is to give it a decent burial and then try to forget it."

If "there is nothing moral about the Eighteenth Amendment," then there is nothing moral about all our laws, not even the Ten Commandments. These, too, are a "nuisance" to those who dare challenge the enforcement of them and who would prefer to have them repealed. The repeal of the Eighteenth Amendment, because it is a "nuisance," would be a body blow at the sanctity of constitutional law, already less sacred in the United States than in any of the nations.

Our closing observation: If the Eighteenth Amendment is, or has been, nullified, there can be small doubt that it has been brought about by the expression of opinion by leaders of thought who have not had that loyalty to constitutional law which is the core of its enforcement.

CHILDRESS FARM WOMEN MAKING MATTRESSES

Utilization of home-grown cotton in making their own mattresses has focussed the attention of the U. S. department of agriculture on Childress county women's clubs to the extent of sending a photographer there to take moving pictures of the ten steps in the process.

Miss Helen Cowan, Childress county home demonstration agent, was the originator of the idea of mattress-making on the farm, and her booklet on the subject was adopted to spread the good news. The news-reel made will be used in demonstrations before other women's clubs and for general educational work.

In Childress county approximately 250 mattresses, says the Childress Daily Index, have been made by club women, using the best grade of ticking, and cotton saved back from the cotton crop. The actual cash outlay required, according to Miss Cowan, is about \$1.50, and the finished mattress is valued at \$9.00.

Today we need the fearlessness of youth and a readiness of adaptability to new rules to better the demands of this changing world.—Dwight Marvin.

Common sense in an uncommon degree is what the world calls wisdom.

BEER—AND YOUNG FOLKS

I am a young married woman. I never saw a man lying drunk in a gutter. I cannot remember saloons. Until lately I hadn't seen a drunken woman. I live in Nebraska which does not legalize beer.

Since neighboring states have sold beer legally the wet wave has run across the Nebraska boundaries until it splashes around our very ankles. Last night I attended a dance with my husband. I have been to dances at this residence many times before and have always been aware that bootleg liquor could be obtained. However, drunkenness was never evident. This time every bootlegger I know of was there, and that's plenty! It wasn't a dance, it was a swimming party!

Young high school students with good reputations were soured, unaware of what they were doing. Clothes in disarray, loud mouthed and noisy. Young girls with mottled makeup, tipsy and loud voiced. Beer did that! Harmless! 3.2 per cent! three and two-tenths plus 3.2 equals 7 plus when you drink it, especially to young-

and-unused-to-liquor stomachs. Over in a corner a sweet young girl was being very sick. Nauseating, and revolting, of course! I am wondering just what this sudden cloudburst of liquor will do to our younger generation.

Like the gay young lady we were forced to stumble over when we left who said, "My God, Dick! So-ho this is wash beer doesh! Hic, hic. Here's looking atsher Dick! Her'sh to beer!"

Please God, may it gurgle down older throats than those.—Cap- per's Weekly.

Positively,
Conoco Bronze out-
performs them all
by every
comparison.

INSTANT STARTING LIGHTNING PICK-UP

CONOCO BRONZE'S claims to superiority have received the most tremendous indorsement ever accorded a new gasoline. Motorists in vast numbers talked and wrote of their experiences with instant starting, lighting pick-up, improved anti-knock, greater mileage and power of Conoco Bronze. They proved its unusual qualities in new cars and old-timers.

Take any motor car manufacturer's claims of car performance . . . add a plus if you use Conoco Bronze! Where performance counts . . . or economy is stressed, here is a gasoline whose perfection is greater than the car engineers counted upon.

Users all say it is a great gasoline. At Red Triangle stations everywhere.

SUNNY VIEW
By Mrs. A. M. Lanham

The high hot winds that blew Sunday sure were disagreeable. Mr. and Mrs. Otis Naylor and son of Pleasant Valley, Mr. and Mrs. Slaton Mahaffey and children, also Mr. and Mrs. Roy Cornelius and family of Amarillo spent Sunday with Mr. and Mrs. S. T. Clayton. Mr. and Mrs. Oscar Roberts and children of Amarillo spent Saturday night with Mr. and Mrs. Sam Roberts. Mrs. Don Baker and son, Howell of Lubbock, who are here visiting Mr. and Mrs. Baker of Martin, spent Sunday with Mr. and Mrs.

Heckle Stark. F. L. and Truett Behrens spent Sunday with their sister, Mr. and Mrs. Roy McKee and family of Lelia Lake. Mr. and Mrs. Sam Dale and daughter, Lucile, of Goldston, spent Sunday with Mr. and Mrs. R. A. Brame. Miss Orene Riley, of Amarillo, spent Friday with home folks. Mr. and Mrs. Nelson Riley and family and John F. Harlan called on Mr. and Mrs. A. M. Lanham Sunday afternoon. Mr. and Mrs. Millard Starks, Mr. and Mrs. Neal Bogard and family and Mrs. Don Baker and son, Howell, were dinner guests of Mr. and Mrs. Heckle Stark. Mr. and Mrs. Roy Norman and son of Amarillo returned to their home in Amarillo after spending a week with her parents, Mr.

and Mrs. S. T. Clayton. Mr. and Mrs. Hubert Day have moved to Clarendon to make their home. Mr. and Mrs. Sam Roberts and Mr. and Mrs. A. M. Lanham called on Mr. and Mrs. Floyd Parker of Clarendon. Mr. and Mrs. Sam Dale and daughter, Lucile, of Goldston, spent Sunday with Mr. and Mrs. R. A. Brame.

ASHTOLA
(By Mamie Leverett)

There were ninety-four attending Sunday school Sunday. Rev Allen filled his regular appointment Sunday and Sunday night. A play, "The Womanless Wedding," will be presented here Friday night. A small admission will be charged. If you have no money bring a hen or eggs. Two adults or three children can get in for one hen. Every one is invited. "Come and laugh for life." The money will go for song books for the Sunday school. Our school was out Friday with two nights entertainment. The programs both nights were well attended. The only thing that we hated to see school close for is that we had to give up our principal, Sid B. Thomas. We sure have enjoyed his teaching this year. All of the teachers will teach here another year. They are: Miss Hazel Cole, and Miss Helen Baley, Mr. Sid B. Thomas and Albert Bowen. Mrs. Lee White and Alex White of Amarillo visited their sister and Aunt, Mrs. Clifford Johnson, over the week-end. Those who visited Lovena and Melton Greg Sunday were Misses Truda Slater, Irene Leverett, Velma Collier and S. A. and Lloyd Hatley. Mrs. Lee and Alex White of Amarillo, Mr. and Mrs. G. D. Townsend and children and Mr. and Mrs. Clifford Johnson went to Lelia Lake Saturday night on a fishing trip. Miss Christine Knox visited Floy Dell Dewey Sunday. Those who visited in the W. W. Leverett home Sunday were: Tenda Greg, Gerald Hatley, Fred Slater and Evelyn Drenning. Mr. and Mrs. Bryan Johnson gave a birthday party Saturday night in honor of Mamie Leverett

with a big crowd present. Every one had a wonderful time. Mr. Jordan of the JA Ranch returned home Sunday after a few weeks in Kansas, visiting his daughter. Ashtola and Martin base ball teams motored to Goodnight Sunday evening to play ball. Ashtola defeated both Martin and Goodnight. Mr. and Mrs. Collier and daughter, Irene, visited in the J. M. Graham home Sunday. Mr. and Mrs. J. L. Tims and Mr. and Mrs. Dowty, motored to Goodnight Sunday afternoon to see the ball game. Those visiting Ruth and Buster Warrick Sunday were Miss Alma and Richard and Truett Hatley. Miss Jewel Smith spent Sunday with Helen Parker. Mrs. Charley Walling and daughter, Edna Lee, left Sunday night for Ft. Worth where they visited Mr. Walling who is in the hospital there. We have on the sick list Mr. Leverett. Mrs. Clifford Johnson and daughter, Velma, left Sunday for Amarillo to visit her mother, Mrs. White. Mr. William Bishop of Menard, Texas and Miss Kathryn Bishop of Olvato, Texas, are visiting his sister, Mrs. W. W. Leverett. Miss Thelma Reed of Clarendon visited Mrs. C. C. Meadors Friday and Saturday. Mrs. Sam Allen and children, Mrs. C. C. Meadors and children, Ross Hunsucker, and Mrs. Elmer Hunsucker went on the Chenault ranch Sunday and took supper. Miss Jewel Smith visited Helen Parker Sunday. Mr. and Mrs. W. W. Leverett and children and Mr. William Bishop visited in Goldston Monday.

GROOM MAN ARRESTED ON BIGAMY CHARGE

Carl Weller, of Groom, was arrested last week by Sheriff Guy Pierce on a charge of bigamy, following the filing of a charge against him by Sheriff Pierce. It is alleged that he was married in January, 1927, to Miss Edna Stoks, at Etinnett, Texas, and that no divorce was obtained. On May 6, 1933, he was married at Sayre, Okla., to Miss Juanita Walling whose family lives north of Goldston. Bond was fixed at \$1000, which was made by his mother and brother.

LELIA LAKE
(By Mrs. H. R. King)

Mr. and Mrs. E. R. Myers and son, E. J., Mr. and Mrs. R. O. Espy and Mrs. Albert Sanders spent Tuesday in Amarillo. Mrs. Wilton Grounds spent several days of this week with relatives in Amarillo. Mr. and Mrs. Willard Knox spent week with relatives at Muleshoe and Vega. Miss Oleta Mace left Friday for Austin where she will be a student of the State University for the summer term. Miss Loree Hamm left Saturday for Canyon where she will attend W. T. S. T. C. for the summer. Mr. and Mrs. Rice Batson and Quinn Aten spent Saturday night and Sunday with relatives at Memphis. Mrs. Quinn Aten who had her tonsils removed Friday at Memphis returned home with them. Mr. and Mrs. Keat Reynolds are the proud parents of an eight and one-half pound daughter since Friday. Rev Allen, Scout Master, accompanied by a number of Boy Scouts enjoyed an over night outing Thursday and Friday of last week. The boys to enjoy this treat at the Word ranch were: James Reynolds, James Morton, James Bullard, Johnnie Leathers, Tommie Allen, D. W. Tomlinson, Millard Cruce and Herman Hamm. Members of the Home and Garden Club, with Miss Layma Taylor and Mrs. Ona Tatum, surprised Mrs. Guy Taylor with a luncheon Monday honoring her birthday. An attractive gift was presented to the honoree by the members of the club. Lunch was spread by the visitors and during the afternoon another surprise when Miss Layma and Mrs. Tatum served the huge birthday cake with delicious cream. Odell Holland and Miss Lucile Carter, of Hedley, drove to White Deer Thursday where they were quietly married. Mr. Holland is a son of Mr. and Mrs. C. H. Holland and the bride is a grand-daughter of Mrs. Beach, of Hedley. After a short visit with his sister at White Deer, they are at home with his parents on the farm north of Lelia Lake.

CAMP FIRE GIRLS TO HOLD PIE SALE SATURDAY

The members of the Third Troop of the Camp Fire Girls will hold a pie sale at the M System store all day next Saturday.

The proceeds of the sale will go to swell the troop treasury and the girls invite the patronage of all who are interested in their work.

Mrs. J. E. Boykin, of Havana, Cuba, visited Monday with the family of her brother-in-law, G. L. Boykin, she was on her way to Grand Lake, Colo., where she and her husband have a summer home. He is general manager of four sugar-mills and sugar plantations in Cuba.

SOME EARLY SCHOOLS

One of the first laws passed in America in the interest of education was enacted by Massachusetts Bay Colony in 1647, and required all towns of 50 or more householders to appoint a teacher to instruct children to read and write. No special qualifications were set for teachers, and the pay was miserably small. Even before this law was passed, Dedham, Mass., had a free school supported by taxation, the teacher receiving \$66.80 a year. In most cases, however, the town paid a portion of the expenses and the pupils made up the remainder through tuition fees. The record of one school shows that the tuition charge was 67 cents for three months.

Closely following Massachusetts, similar schools were established in the Connecticut colonies, and in 1657 the New Haven colonial court ordered that each town not already maintaining a school should open one and pay one-third of its expenses, the rest to be paid on a per capita basis by families served.

Plymouth Colony later on provided school money by leasing its fisheries on the coast, thus raising about \$150 a year. In New Amsterdam, now New York, the first schools were supported by the West India Company, but controlled by the Dutch Reformed Church.

There was also "dame schools" taught by women in their homes, these teachers receiving as little as 10 shillings, or \$1.67, a year. In 1682 the salary of President Rogers of Harvard University was fixed at \$516 a year, one-third of which was paid in provisions or other goods.

In the early elementary schools on reading, writing and the Bible were taught, those who desired to learn arithmetic being obliged to resort to a special "ciphering master."

ON TEXAS FARMS

By W. H. Darrow, Extension Service Editor

Terraces constructed more than 20 years ago are still in service on the farm of F. C. Steves, Karnes county dairy farmer living three miles north of Runge. They are believed by the county agent to be among the oldest terraces in Texas. Laid out and built as an experiment with the help of a man sent by the United States Department of Agriculture, surprisingly few mistakes were made.

American cheese making is no longer confined to cheese factories. More than half the 194 pounds of this cheese made by Mrs. Eaf Thomas of Concord Home Demonstration Club in Johnson county this year has been sold for a fair price.

Houston county farmers, cooperating with county agent and local civic organizations, are buying brood mares for farm power and for producing future farm power.

Roberts county home demonstration club women are finding that they make \$5 per day by killing and canning chickens for sale.

The Chamberlain Home Demonstration club met with Mrs. Will Barbee Thursday, June 1 with ten members and four visitors present. Subject of the lesson was "The Serving of Raw Vegetables." Mrs. H. M. Reid gave an interesting demonstration on cabbage slaw. Delicious refreshments were served during the social hour. Next meeting will be with Mrs. Karl Adams, Thursday, June 15.

Glen Allison left for Lubbock this week, where he will attend the summer session of Texas Tech. He expects to obtain his A.B. degree there this summer.

A TALE OF THE SEA

Sailor's yarns are generally amusing and interesting, even if many of them are not gospel truth. We just ran across an old one from the log of Henry Hudson's ship when that famed explorer was trying to find the long-sought "northwest passage

GREEN BELT GOLF MEET, CHILDRESS

125 PLAYERS EXPECTED FROM ALL OVER GREEN BELT OF TEXAS

Billy Holmes' title as champion of the Green Belt Golf Association will be at stake as the ace shots of nine more Panhandle cities when Childress becomes the center of attraction in Panhandle golf circles June 12-16. The 20-year-old Shamrock shot maker copped first honors at Electra a year ago and added further laurels to his record by winning the Caprock tourney in Childress last fall.

Other prominent golf figures of the Green Belt who are expected to tee-off in the qualifying rounds June 12 are Reginald Greenhaw, and Frank Foxall, both of Memphis; Roy Farrell of Vernon; Ira Merchant of Clarendon; C. P. Sanders of Childress.

Greens, tees, fairways and hazards of the Childress Country Club eighteen-hole course have undergone a program of extensive improvement which has set the course into its best condition. Bunkers and pits and a water hazard have been built this spring to make the course the most difficult in this area. Clarendon players who traversed the course in a dual meet recently, praised the course as the best in the belt.

Clubs which have indicated their intentions of entering the tournament include; Frederick, Okla., Vernon, Paducah, Quanah, Memphis, Shamrock, Clarendon, Crowell, and Childress. Promoters of the event predict that 125 players will be registered.

One of the features of the occasion will be a division for men of more advanced years, the senior flight. Candidates for that and for flights other than the first will be permitted to qualify on Sunday, June 11.

Students Receive Degrees At Canyon

Among the students at West Texas State Teachers College, at Canyon, who received their degrees last Thursday were the following from Clarendon: Miss Eva Patching, B. A.; Miss Mamie Price, B. A.; Earl Jones, B. A.; Miss Olive Crabtree, B. S.; Miss Mary Jo Chamberlain, B. S.

Other Clarendon students at Canyon were Misses Mabel Mongole, Hazel Gilbert and Roberta LaFon.

FIRST PRESBYTERIAN CHURCH

Robert S. McKee, Pastor, Sunday School, 9:45 a. m. Morning Worship, 11 o'clock. Sermon, "Fisherman's Luck." Bring the findings of your Treasure Hunt.

Evening Bible Lesson, 8 o'clock. Study Joel, Obadiah, Micah, Nahum, Habakkuk and Zephaniah. The Circles of the Auxiliary will meet Wednesday.

Misses Mary Katherine and Velma Moffitt of Frankfort, Ky., accompanied their uncle, Mr. P. A. Buntin and Fred Buntin home Sunday and will visit here for a while.

to China" in 1608. For vivid imagination it is hard to beat. It tells of sighting a "mermaid" in the following record, dated June 15, in latitude 75 degrees 7 minutes north:

"One of our company looking overboard saw a mermaid and, calling up some of the company to see her, one more came up an by that time she was come close to the ship's side, looking earnestly on the men. A little after, a sea came up and overturned her; from the waist upwards her back and breasts were like a woman's, her body being as big as one of us; her skin was very white, and her hair hanging down behind being of colour blacker; in her going downe, they saw her taylor of a porpouse and speckled lyke a macrell. Their names that saw her were Thomas Hitler and Robert Rayner."

PERSONALS

Mr. and Mrs. H. W. Taylor returned home Wednesday from Glenrose, Texas where they have been in the interest of their health.

Mrs. Inez Austin, of De Queen, Arkansas, arrived Sunday morning to spend the summer with her daughter, Mrs. B. D. Dawkins.

Dr. and Mrs. M. L. Stricklin returned Wednesday from Altus, Oklahoma, where they have been visiting relatives.

J. T. Patman, who has been seriously ill at the Adair hospital, where it was feared an operation would be necessary, has improved sufficiently to return to his home.

Mrs. Earl Alderson who was operated on last week for appendicitis at Adair hospital, is reported to be recovering very satisfactorily.

Among those attending the Social Meeting of the Greenbelt Bankers Association in Childress Wednesday were Mr. and Mrs. Kelly Chamberlain, Mr. and Mrs. J. D. Swift, Anna Moores Swift, Miss Anna Moores, Mr. and Mrs. Roy Clayton, and Mr. M. R. Allensworth.

Dawes and F. N. Brooks, of Amarillo, who are former Clarendon College students were Clarendon visitors Monday.

Frank A. Stocking is attending the University of Texas Summer School, his principal courses being in Law.

Friends of Andrew Reavis will be pleased to learn that he received his B. A. degree from Southern Methodist University, at its exercises Tuesday.

Miss Elgin Patrick, who has been attending Southern Methodist University at Dallas, arrived home Thursday morning.

Mrs. Roy Trimble and son, Jimmy, left Sunday for DeKalb where they will visit Mrs. Trimble's parents.

Mr. and Mrs. R. E. Drennan and daughter, Ethlyn, left Monday for Norman Okla., where Mr. Drennan expects to complete his Master's degree work within the eight-weeks' summer school term.

Mr. and Mrs. O. E. Harvey are spending their vacation in Terre Haute, Indiana.

Dr. H. F. Harter went to San Angelo Sunday to spend a few days with relatives.

Miss Martha Buttrill, according to word received here this week by Mrs. O. L. Pink, has accepted three months' demonstration work in Dallam, Hartley and Sherman counties. The work will keep her in the northwest counties of the state through June.

Reverend Kenneth L. Pope, pastor of First Methodist church at Breckenridge, stopped in Clarendon Tuesday, long enough to greet a few of his many friends here, on his way to Amarillo. Kenneth, as Clarendon people know him, is one of the most brilliant young preachers in Texas. He received a part of his education in Old Clarendon College.

Miss Maude Bledsoe, who is a nurse in the Lubbock Sanitarium at Lubbock, is visiting with the family of her mother, Mrs. R. H. Bledsoe. She will return this week-end.

Mrs. George Goodman and daughters, Christine and Pauline, of Amarillo, are visiting her mother, Mrs. N. S. Percival, and other relatives.

J. D. Browder and daughters, of Ft. Worth, spent several days last week with her mother, Mrs. R. A. Chamberlain, going to the Browder ranch Monday to spend a part of the summer.

SOCIETY

LORRAINE PATRICK, Editor

Our Society Pup

Temptation hard to resist? Absurd! Nothing is so easy—if offered by the wrong person at an inconvenient time.

Fewer broken idols would be wept over if women would cease putting men upon pedestals.

It requires a wise person to determine whether an abnormally silent man be brave, fool or philosopher.

Women need not consider themselves so marvelously clever who win men; any woman may do that who only are clever who can keep them.

Man forgives woman anything save the wit to outwit him.

Country Club Picnic

The Clarendon Country Club was the scene of much merriment and gaiety Tuesday when members entertained their families and friends with a Chicken Barbecue and Dance.

The guests started arriving about five o'clock. The diversion until "Chuck" was announced was swimming, fishing, chatting, and games for the kiddies.

Of course, when it came time to eat that delicious chicken, the conversation ceased for some time. The Club is to be congratulated on the splendid food and good time furnished everyone.

Soon afterwards, Dude Gentry (champion hog caller) announced that "was time to shake a hoof, so we journeyed to the club house, where the big moment happened. A small group wanted to Square dance but no one could call. What a terrible break! Anyway those that couldn't "schottische" and "new shoes" were apt pupils and learned quickly. The poor musicians! Everyone wanted a different piece at the same time. The music was swell and a great time was had by all, including myself. "Home Sweet Home" was played entirely too early.

1912 Needle Club Guests of Mrs. Chase

With needle work as the principal form of entertainment, members of the 1912 Needle Club spent a delightful afternoon Thursday, in the home of Mrs. A. L. Chase.

Garden flowers of varied hues made the rooms very attractive. After a very pleasant afternoon, a salad course was served.

Those present included Mrs. J. A. Stegall, Mrs. Ray Spitzer, Mrs. H. M. Houze, Mrs. Fred A. Story, Mrs. Gussie Strickland, Mrs. Carroll Knorpp, Mrs. J. D. Browder of Fort Worth, guests.

Mrs. L. S. Bagby, Mrs. J. B. Baird, Mrs. A. A. Mayes, Mrs. Anna Hall, Mrs. A. R. Letts, Mrs. R. A. Chamberlain, Mrs. B. L. Jenkins, Sr., Mrs. H. C. Kerbow, Mrs. Minnie Dyer, Mrs. Sella Gentry, Mrs. Homer Glascoe, and Mrs. Ann Hasty, members.

Friday Bridge Club Entertained

Miss Mildred Martin was gracious hostess to the Friday Bridge Club and invited guests at her home on Saturday afternoon.

The entertaining suite was attractively decorated with bouquets of garden flowers which added much to the afternoon's enjoyment. In the games of bridge, Mrs. Simmons Powell was awarded the prize for high score.

A sumptuous afternoon luncheon was served to: Miss Genevieve Davidson of Chickasha, Okla., Miss Lela Clifford, and Mrs. Simmons Powell, guests for the afternoon.

Mrs. Charles Trent, Mrs. Parke Chamberlain, Mrs. Floyd Lumpkin, Mrs. Forest Taylor, and Mrs. Frank Stocking, club members.

Mr. and Mrs. Everett Clark of Shamrock, are visiting Mrs. Clark's parents, Mr. and Mrs. C. M. Lane.

Mrs. James Trent Hostess To Club

At her home on Saturday afternoon, Mrs. James Trent entertained with Auction Bridge for the members of the 1922 Bridge Club. Cut flowers adorned the rooms in which the games were played, with Mrs. Odos Caraway winning high score and Mrs. L. L. Swan being fortunate in the cut for consolation.

Following the games a delicious afternoon luncheon was served. Attending were: Mrs. J. D. Browder of Fort Worth, Mrs. W. H. Martin, Mrs. C. H. Bugbee, Mrs. R. A. Chamberlain, Mrs. A. R. Letts, Mrs. L. L. Swan, Mrs. L. S. Bagby, Mrs. J. B. McClelland, Mrs. John Sims, Sr., Mrs. W. H. Cooke, Mrs. Sella Gentry, and Mrs. Odos Caraway.

Win-One Class Has Social

Despite the terrific heat, members of the Win-One Class spent an enjoyable afternoon Monday as guests of Mrs. Will Johnson and Mrs. T. D. Nored in Mrs. Johnson's home.

In the business meeting, plans were made to serve the Junior Choir June 20th. Games of Forty-Two were played the remainder of the afternoon, after which a delectable ice course was served to:

Mrs. Robert Weatherly, Jr., Mrs. Johnnie Johnson, guests; and Mrs. R. Y. King, Mrs. Will Meaders, Mrs. T. R. Brown, Mrs. C. D. McDowell, Mrs. R. C. Weatherly, Miss Katie Meaders, Mrs. John Bass, Mrs. E. B. Bowen, Mrs. W. C. Thornberry, Mrs. T. M. Pyle, Mrs. Frank Hommel, Mrs. C. L. Benson, Mrs. W. D. Van Eaton, Mrs. A. A. Maves, Mrs. Bennett Kerbow, and Mrs. Cap Morris.

MISS FRANCES KENDALL MARRIES AT MERKEL

Miss Frances Kendall, daughter of Mr. and Mrs. Frank Kendall of Hedley, was married last Sunday morning to J. S. Hines of Abilene, the marriage rites being read at the First Methodist church of Merkel by the pastor, Rev. E. L. Yates.

The bride was reared in Donley county, a graduate of the Hedley high school, and received her teacher's certificate at Canyon. She has since taught school at Alanreed, McLean and Lakeview, and took some post-graduate work at McMurry College the last term.

Mr. Hinds is a son of Paul Hinds, one of the old settlers in the Abilene country, and a nephew of Rev. W. C. Hinds, pastor of First Methodist church at Childress. He is a graduate of McMurry College and has accepted the principalship of the Blair school for the coming year. The young couple will be at home at Tye, Texas, until the Blair school term begins in the fall.

J. R. BARTLETT FAMILY RETURNS TO CLARENDON

Mrs. J. R. Bartlett and children, of Childress, arrived today to make their future home here. They stayed in Childress, after Mr. Bartlett's return here in January to open his grocery store, until the school term closed.

Their former home here has been re-finished and re-papered throughout. Mr. Bartlett and his family moved to Childress five years ago where he established a photograph studio, which he still owns. The Bartletts have a host of friends here who will learn with great pleasure of the family's return to live among them. Mr. Bartlett expresses great satisfaction over the volume of business which he has enjoyed since opening his store.

Mrs. J. D. Stocking was in Dumas Wednesday taking care of some business matters.

A New Deal For Liver Sufferers

Don't be misled any longer. Colic, mel, salts, oils, mineral waters, laxative pills, herb teas, powders, etc., have no effect whatever on the liver. There are only two generally recognized substances which actually cause a sluggish liver to increase its production of bile. Sargon Soft Mass Pills contain both of them.

You can't feel well and strong unless your liver furnishes plenty of fresh bile every day. Without bile

Plan Local Radio Broadcast Station

Edwin Eanes, local radio technician, and associates, announced this week that they are planning the installation of a radio broadcasting station. Application for license has already been made and work on the new station will begin as soon as possible.

A number of the smaller cities of Texas, of the size of Clarendon, have radio stations of low power. Among them are Childress and Wellington. The small-power stations use local talent for their programs, supplementing them with recordings and occasional out-of-town talent.

Clarendon formerly had a radio station for a short time, operated by Mr. Redfern. Like the station projected now, it had a very limited range, and could operate only during day-light hours.

Graduates With Magna Cum Laude

Mrs. J. Roy Wells, daughter of Mr. and Mrs. D. O. Stallings, received her Bachelor of Arts degree Wednesday at Simmons University, Abilene, graduating with the honor of magna cum laude.

To graduate with the magna cum laude honor, the student must make 72 points, or a grade of 90 or above. Mrs. Wells' course of study included majors in Theory and English, and a minor in Education. The News joins her many friends here in congratulations to Mrs. Wells on the honors she has received.

BRAY

(By Mrs. Claude Hill)

School will close this week. Entertainments will be given by the school both Wednesday night and Thursday. The play, "Red-headed Step-Child" will be given Thursday night.

Miss Floy Bell has been real sick the past week but is much better at this writing.

Misses Thelma Sanders, Aletha Majone and Floy Bell were callers late Monday afternoon in the home of Mr. and Mrs. Martin Banister.

Mrs. Earl Dickson was visiting Mrs. Jim Bell Monday afternoon. Those visiting Sunday with Mr. and Mrs. Norman Evans were Mr. and Mrs. Oscar Youree and Lou Tomie, Mr. and Mrs. Earl Dickson and son, Billie, Mr. and Mrs. J. S. Baker and daughter Dorothy and Miss Ruby Lee wise.

The young people enjoyed a moon light picnic on the river Saturday night.

Misses Thelma Styles and Floy Bell were visiting Sunday with Miss Katherine Allen.

Mr. and Mrs. Robert Thomas entertained the young people Friday night with a party it being Miss Imogene Roberson's birthday.

Mrs. Caurethers and children spent Sunday afternoon in the home of Mr. and Mrs. Jim Bell. Mrs. J. E. Dickson and Mrs. J. C. Hill were callers in the home of Mr. and Mrs. Jess Styles Tuesday afternoon.

W. O. Hill was visiting Sunday in the home of his parents, Mr. and Mrs. J. C. Hill.

Mrs. Bud Woods was visiting Thursday afternoon with her mother, Mrs. M. L. Banister. We are glad to report Mrs. Wesley Banister improving.

UNCLAIMED LETTERS

Letters remaining in this office unclaimed for the week ending June 3, 1933:

Ophelia Campbell
W. E. Dandry
J. D. Hendrix
B. E. Hollingshead
Fayette Harris
Maudie Martin
W. D. Pedigo
Arless Tuck.

Charles H. Bugbee, P. M. Clarendon, Texas

Mrs. Charles Trent, Misses Beatrice Drew, Margaret and Lalar Belle Wilkerson left Monday for Seymour where they will visit relatives.

BARBECUE OPENS CLUB'S SEASON

MEMBERS AND GUESTS OF COUNTRY CLUB GATHER FOR ANNUAL EVENT

Members and invited guests of the Clarendon Country Club gathered at the club's beautiful lakeside grounds Tuesday evening to participate in the chicken barbecue which, for many years, has been the event which officially opens the summer season of the club.

More than one hundred chickens were barbecued to a delicious brown over the big barbecue pit which was built during the past winter. The barbecuing was done by a committee of six or seven members. After it was pronounced done to the right turn, the chuck call was made and soon the many picnic tables on the grounds, lighted by the club's electric plant, were surrounded by hungry people, who found on them everything needed to satisfy their hunger. About 300 people are estimated to have attended the barbecue.

Following the barbecue supper, those who wished to do so enjoyed a dance in the club house, featured by the old-fashioned, but now very popular, schottische. Even square dancing was done, but in an uncertain manner, more than the dancers having more than an elementary knowledge of the old-time square dance.

The grounds of the club, under the skill of R. L. Stegall, keeper, are being constantly beautified by artistic work with native stone. One of the most recent additions, near the entrance, is a series of ornamental fish and lily ponds, at different levels, surrounded by a rock garden, with a stone-flagged path leading through its center.

Directors of the club, who were in charge of the barbecue arrangements, are Chas. Trent, P. B. Gentry, Odos Caraway, C. C. Powell and W. W. Taylor.

CAMP FIRE GIRLS HAVE ELECTION OF OFFICERS

The Kicuwa troop of the Camp Fire Girls held a meeting Wednesday afternoon, at which the officers for the coming year were elected.

The new officers are: Vivian Taylor, president; Mary Frances Powell, vice-president; Wilma Dee Smith, secretary-treasurer; Willie Maude Pratt, reporter.

Other business of the meeting included discussions of activities for the summer, among which was a baseball game with one of the troops of Boy Scouts.

Mr. and Mrs. W. T. Hayter went to College Station last week-end to attend the graduation of a young friend at A. & M. College. They will return via Lubbock where they will spend several days with Mrs. Hayter's parents, Mr. and Mrs. Logan, returning here after Sunday, June 11.

School Notes

By SLOAN BAKER.

Ashtola school closed last Friday evening with an interesting graduation exercise for the seventh grade and tenth grade pupils. Mr. R. E. Drennan made the commencement address. Mr. Sid Thomas and faculty report a very enjoyable year's work in the Ashtola schools. They will all return next term. Mr. Thomas plans to add some industrial training to the curriculum next term which will make the school work more practical. The vocational agriculture class this year under took to learn a little black-smithing and wood work study that would aid the farmer in his everyday life on the farm.

The closing program at Fairview was well attended by an appreciative audience. The variety of humorous and serious recitations, dialogues and playlets kept everyone interested. Mr. Gene Estlack and Miss Lucille Pickering are to be commended for the manner in which they trained the young folks in the program.

Mr. and Mrs. C. W. Howard and Miss Fannie Hollingsworth presented the Bray pupils in a seventh grade graduation exercise and general program Wednesday night of this week. Hazel Spier, Rex Bell and Marie Hargras received diplomas from the seventh grade, presented by Mr. C. W. Howard. The Bray school house was well filled by an appreciative audience. "The Red Headed Stepchild" a comedy drama in three acts will be produced Thursday night, June the eighth.

Giles closing programs will be given Thursday and Friday nights of this week.

The census report which will be finished next week will show a small loss over last year's report.

The County Board of Donley county met last Saturday and considered High School tuition for the county. They approved the applications which will be sent to the State Department of Education.

WRECKING OF GRAMMAR SCHOOL BEGINS TODAY

A small force of workmen supplied by the Donley County Relief committee began preparing the old grammar school building for demolition this morning. Some of the rooms have been used for storage purposes and they are being cleared.

The piano used by the band has been moved to the American Legion hall in the city hall, as well as other property of the band. The poultry exhibition cages stored in the building will be moved, also. The work of demolition will be carried on when funds to pay the labor are available.

Mrs. Mollie E. Gray, Vernon Tucker and Beverly Gray Stricklin were Amarillo visitors Wednesday.

George B. Bagby and Arch Dyer made a business trip to Dallas Sunday.

TEXAS COWBOYS STAMFORD BOUND

FOURTH ANNUAL RE-UNION TO BE HELD JULY 3-5. PRIZE LIST TOTALS \$1450

STAMFORD, June 7. — A genuine western rodeo featuring actual cowboys from the ranches of Texas and adjoining states will be the central attraction around which is being arranged the program of entertainment for the Fourth Annual Texas Cowboy Reunion to be held in Stamford July 3, 4 and 5.

Rodeo performances will be held twice daily, at 2:30 p. m. and 8 p. m. in the natural amphitheater on the Reunion grounds. Grandstand seating capacity has been doubled this year to accommodate the crowds which have been increasing in number each year. Several downtown ticket booths will be operated this year to avoid delay and confusion at the grounds.

The rodeo program will include contests in bronc-busting, steer-riding, calf-roping and wild-cow milking at each performance. Two special features will be the contest for the best "cutting-horse" and the calf-roping contest for cowboys over 55 years of age. A handsome saddle will be the prize for the champion roper among these veterans of the lariat.

Special prizes also are offered for the champion ropers among the younger generation of cowboys. The ten ropers making the best average time in calf-roping and wild-cow milking during the three days of the rodeo will compete for these prizes in the closing performance on the night of July 5.

In addition to the special prizes, some \$1450 in cash will be paid the winners in various events, the money being awarded at the close of each day's contests. Low admission prices will prevail, general admission being 50 cents plus tax and grandstand seat 25 cents additional.

Entry fees for rodeo contestants will be \$4 a day for calf-roping, \$3 a day for bronc-riding, \$4 a day for wild-cow-milking, \$5 for cutting-horse contest and \$2.50 a day for steer rining. There is no entrance fee for the old-time cowboys' calf-roping contest.

Day money in each of the roping events—calf-roping and cow-milking—is \$130 for each day, divided into five prizes ranging from \$50 for first prize

BARTLETT GROCERY HAS INSTALLED FRIGIDAIRE

Bartlett's Grocery store has installed a handsome Frigidaire, with a double coil equipment, which will be used for the storage and display of fresh fruits and vegetables, as well as dairy and other products which require low temperatures.

The new piece of equipment is nine feet long and seven feet high, with glass doors except the doors to the cooling units which are of plate mirrors. "I believe that customers will find it a pleasure to shop their needs in the vegetable and fruit lines from the new refrigerator," Mr. Bartlett said, adding that he hopes they will call to inspect it.

Miss Marjorie White left Sunday for San Angelo, where she will visit relatives for a short time. She will also visit at Menard on the same trip.

Bill Carroll arrived Monday from Long Beach, Calif., where he spent the past winter with his mother, Mrs. Kate B. Carroll.

to \$10 for fifth prize. The purse each day in bronc-riding is \$100 and in steer-riding \$75. The purse in the cutting-horse contest is \$150 for one day only.

The Reunion management has just published a folder containing the rodeo rules and detailed prize list. "Scandalous" John Selman, who was selected last year as the most typical cowboy under 55 years of age, is rodeo arena director.

LOW COST TRIP TO WORLD'S FAIR

HAWK ARRANGES \$75 TRIP TO INCLUDE ALL EXPENSES; LEAVE AMARILLO JUNE 25

Are you going to the world's fair? Wilbur C. Hawk of Amarillo has arranged an all-expense tour to Chicago for residents of the Panhandle.

Reservations aboard this special may be made now at any Santa Fe Ticket office or address, wire, or phone Mason King, Tour Manager at Amarillo.

From Amarillo the cost will be only \$75.00.

That cost includes everything—railroad fare, all meals, hotel bill, admission to A Century of Progress, sight-seeing tours a big league baseball game, two cruises on Lake Michigan and other interesting features.

The special train, which probably will be the largest ever to roll out of the Panhandle, will leave Amarillo on Sunday, June 25 and return Sunday, July 2. No stops, except at terminal points, will be made beyond Alva, Oklahoma and the train is scheduled to arrive in Chicago 22 hours after its departure from Amarillo.

Patrons of the trip will stay at the La Salle, in the center of the Loop section and one of Chicago's finest hotels.

Meals will be served on Harvey diners, at the La Salle at Old Heidelberg Inn, most luxurious eating place on the fair grounds, and aboard the Steamship Roosevelt.

"This trip is designed for its education, recreation, social and entertainment advantages and will be the finest ever planned for the Panhandle" declared Mr. Hawk, who two years ago sponsored a successful tour to Mexico City. For those who do not care to see the Chicago White Sox play the Philadelphia Athletics at Comiskey Park there will be theater tickets furnished as part of the tour.

Just ask any Santa Fe ticket agent from Lubbock to Alva, Okla., or from Clovis, N. M., to Amarillo about it," he added.

Cars Being Built at World's Fair

Millions of people will have their first opportunity to see an automobile being built, when they visit this mammoth room where the Chevrolet Motor Company will assemble "Master Six" coaches and coupes in the special General Motors Building at "A Century of Progress" exposition. On the left, Fisher bodies are being fabricated on a "J" shaped line and on the right, Chevrolets are being assembled from the bare frame to the completed car, ready to be driven out of the building under their own power. Note, in the center of the photograph, the body being swung from the end of the Fisher line over to its place on a Chevrolet chassis. Visitors may purchase cars built here and drive them home.

Pleasant Valley (By Mrs. P. H. Longan)

We are needing rain on the cotton that is trying to come up. Several have had to replant on account of sand storms.

Lora Jean Meaders is spending this week with her grandparents, Mr. and Mrs. Benton Franklin at McLean.

Mr. and Mrs. Hubert Johnson and children were visitors in the Longan home Thursday night.

Mrs. Cecil Beach, Mrs. Longan and Tom Corder, went to Floydada the first of last week because

of the illness of Mr. I. Gaither, father of Bill Gaither, who was not expected to live through the day. Although he had a change for the better while they were there. They spent the night with W. W. Darden, former resident of Donley, who lives at Crosbyton. Mr. Darden has 150 acres of good wheat and is planting 300 acres of cotton this year.

Billie Fish of Clarendon spent Saturday night with Dempsey Robinson.

Mr. and Mrs. Owen Raider of Crowell spent Saturday night with Mr. and Mrs. Bill Meaders. They were enroute to McLean to visit Mrs. Raider's parents, Mr. and Mrs. Franklin.

Jesse Beach of Wichita Falls

spent the week end with relatives here.

Mr. and Mrs. Pat Myers spent Sunday with Mr. and Mrs. Otto Elliot.

Mr. and Mrs. Elmer Drennan and Miss Ethlyn spent Sunday with Mr. and Mrs. Potter. They left Monday morning for Norman, Oklahoma.

Lavern Goldston and Donald Harlin visited Mrs. Reimer Sunday.

Mr. and Mrs. Lamberson and children spent Sunday with Mr. and Mrs. Hal Riley.

Mr. and Mrs. Longan and family called on Mrs. Derrick Friday evening. The children all enjoyed a good swim in the lake.

Mr. and Mrs. C. E. Beach, Mr. and Mrs. Gaither, and Pat Longan were callers in the Robinson home Saturday night. The men enjoyed several games of dominoes.

Clarence Davis and Frank Brinson spent Sunday with the Longan boys.

USING NEWSPAPERS

How to reach a large number of customers or prospective customers most economically and effectively is a problem which still worries a great many business men. But it was really solved long ago, and the answer is this: Print your message in the newspapers.

Recently a Detroit electric company which serves 500,000 customers in nearly 200 cities and smaller communities wanted to send them a series of letters. After considering various methods of distributing these messages, it was decided to use local newspaper exclusively. The first letter sent out, signed by the president of the company, began as follows:

"We have a lot of things to tell you which are of interest because you are our customer. We might get your attention by circulars delivered at your door, or by radio broadcast. But we think the best way to reach you is by successive letters in the newspapers, of which this is the first."

In certain special cases the use of circulars or the radio may be fairly effective, but for definite results economically obtained no advertising medium ever devised even approaches the family newspaper.

Marco Mougno of Los Angeles claims to have eaten 138 miles of spaghetti in one day.

On an average there are three and a half pounds of salt to every 100 pounds of ocean water.

Library Notes

By MRS. C. A. BURTON

Many new memberships are being taken in the library now. "O, for a book and a shady nook" is finding echo in many of our minds these long summer days. And people are appreciating the fact that we have a library in our midst where many good things may be had at a minimum of cost. You know a membership costs only one dollar a year for an entire family, and a short time membership proportionally. A year's reading for the family for the price of a magazine subscription.

A very interesting thing for some time has been the number of boys' books being checked out. The boys are enjoying the library. And so are the small people. One small boy came in not long ago with the remark, "I haven't read a book from the library for quite a while." And he selected one of his old favorites. Though the ability to really read is still in the future for him, yet he selects his own books with pleasure, secure in the pleasant consciousness that mother will read them to him. Many such already have the "library habit." Think what it will mean to them throughout the years.

I want to exhort just a little about the care of books. So many of our books have been read so constantly that they show the wear badly. But please be as careful as possible of them, remembering, that some one else is waiting to enjoy that same book—and the pleasure is almost spoiled if a leaf here and there is missing. You know it is always at the most interesting place. Help the librarian by using the utmost care, please.

We are greatly pleased by the gift of a few new books, Mrs. J. T. Wilson brought us a set of five of the "Lock and Key Library" as follows: "Modern French Stories," "Stories From French Novels," "North Europe Stories," "Italian and Spanish Stories," and "German Stories." Mrs. R. H. Alexander brought us "America and the Great War for Humanity and Freedom" by Willis Fletcher Johnson.

Do you read and enjoy Clarence Buddington Kelland's short stories you would enjoy his "Dynasty."—his "Scattergood Baines" and similar magazine stories? Then it is a story of big business, of unbuilding and expansion, bitter struggle for supremacy, and endless watchfulness to maintain it. Hiram Bond personifies the men who have directed the great business structures of our country.

Amossa Worthington is the small manufacturer, content to remain so. But Hiram Bond, who works for him, is more ambitious and gradually dominates the situation. The story of his struggles, defeats and successes, makes a story of tremendous interest. Some one has said that it may well serve as an answer to "Babbitt."

Besides "Dynasty," we have "Rhodo Fair," "The Steadfast Heart" and "Conflict," by Kelland.

WELLS TO DESCRIBE GLACIER NATIONAL PARK

Carveth Wells, explorer and Continental Oil Company radio entertainer who says he saw fish climb trees in Malay and shivered in a snowstorm on the African equator, is scheduled to tell some tall but true stories about Montana and Glacier National Park, Wednesday night, June 14, over 20 N. B. C. stations.

Montana, according to Wells, would still be a great mountain

playground if Glacier Park had never existed. But that doesn't mean that Glacier isn't a real phenomenon, he says. The Glacier Park lakes, for example, are the most beautiful in the world, and the streams that feed them appear milky.

The Conoco program may be heard by local listeners who tune in on stations WFAA or WOAI Wednesday night at 8:30 o'clock.

PAMPA TO OPEN MUNICIPAL POOL

WATER CARNIVAL TO OPEN \$10,000 HEATED POOL; JAYSEES SPONSORS

PAMPA, June 1.—Pampa's new \$10,000 municipal swimming pool has been opened to the public but the formal opening will not be until June 9 and 10, when the Pampa Junior Chamber of Commerce will sponsor a program of sports and pageantry. A queen of the carnival will be crowned on the stage of the LaNora Theatre at 9 o'clock the night of June 10, after three eliminations at the pool.

The big program being arranged by the Jaysees will include a beauty pageant, kiddie revue swimming races, all styles, and diving contests. An orchestra will be in attendance at all programs.

The big opening will be preceded by a parade of bathing beauties from Pampa and every town and city within a radius of 100 miles, swimmers and divers, and the kiddies. It will start on South Cuyler Street at 1:30 o'clock and will end at the pool, where the program will start at 2 o'clock following a

dedicatory address. The program in the evening will start at 8 o'clock under floodlights already installed.

The kiddie revue open to children from 1 to 5 years old, will be staged the afternoon of June 9 only. Three prizes will be awarded in the event. The contest for title of queen of the water carnival will go through preliminary, quarter-final, semi-final and final stages and judges will be from cities outside the Panhandle. Temperature of 80 degrees in the pool is being maintained during the cool weather. The wind is kept from the water by bath houses along two sides and a high board fence along the other side. A modern filter system has been installed and a life guard is present at all times.

Swimming will be allowed at the usual price of 25 cents with own bathing suit, or 45 cents with suit supplied, after each performance during the opening celebration.

A marked catalogue in the Poultry Department, will be issued at the 1933 State Fair of Texas, which will be held Oct. 7 to 22. It has been announced by J. J. Eckford and W. I. Yopp, directors in charge of the department. The catalogue will show all the prize winners in the poultry department, the rabbit winners and prizes awarded for the best pigeons.

Bits Of WASHINGTON'S Current Comment

It appears that before the Reconstruction Finance Corporation will accord loans to large concerns, it must be made clear that the salaries paid to the executives are responsible. Otherwise a cut will be in order. The wisdom and justice of the demand is not to be questioned. How a corporation disposes of its profits in flush times is largely its own business, but it would be manifestly improper to take money raised by taxation, and distribute it as huge salaries to the top-notchers.

Switzerland is thinking of abandoning the gold standard. If the change is due to the necessity for economy in public affairs, no one can claim that the Swiss navy is partly to blame.

The papers report that a steamer grounded in Lake Superior during the closing days of last month, rolled over, and sank, but not before her hundred or more passengers had been landed in safety. Things have not always turned out so well on the Lakes. For instance, the immigrant steamer Phoenix took 240 to the bottom in 1874, the Lady Elgin carried down 300 in 1860, and the car ferry Milwaukee sank with 52 in 1929. To fill the gaps between these dates would amount simply to wearisome repetition. The doings of those who follow the ocean are thoroughly written up and widely read. Both chroniclers and readers sometime forget that right in the heart of the continent lie vast seas having stories of adventure which rival in interest those of the great deep.

Mr. Morgan is reported as being back on the job, passing the plate at the local Long Island church. That is not mentioned as a reflection on the church. It is to be hoped that the congregation did not follow what is said to be Mr. Morgan's line of reasoning with respect to the income tax.

About a month ago, Ellsworth, Me., had a two million dollar fire that seemed likely to wipe out what was left. Both fires were set. Lightning does not strike twice in the same place. Incendiaries are not so considerate. We can get along fairly well with the elements. It is our brother man that makes most of the trouble.

Chicago opens its big fair by using the energy from a star to set the thousands of lamps going. There was a time when anyone suggesting the possibility of such a proceeding would have been handled roughly as a wizard, in league with Satan. He would have been lucky to get off with a few years in a dungeon, under ball and chain. The name Chicago usually is coupled in the popular mind with the doings of gangsters, racketeers and thugs. Perhaps, ever in Chicago, there is an abundance of evidence that the world is moving forward, if one takes the pains to search it out, or even give it a passing glance.

It is stated that Mr. Woodin may be transferred from his treasury post to the position of

Ambassador to Germany. It cannot be insisted that the country will suffer by the change. Not that Mr. Woodin is not well-fitted for his present place; rather, ambassadors just now had better know a good deal about finance. There is much satisfaction to be derived from the prospect of having a man so well trained as Mr. Woodin as our representative abroad.

Three men are killed in an auto race at Indianapolis on Memorial Day. That was bad for the men, and worse for their surviving relatives and friends, but nothing to the discredit of auto-racing. The number of persons who worked themselves to death on that day is not recorded. Perhaps amusement and recreation are entitled to a few martyrs, as well as toil.

HEDLEY WOMEN OFFER FUNDS TO LIONS CLUB

Fred Rathjen reported to the Lions Club at its Tuesday luncheon that Mrs. Jake Masterson, president of the Hedley P. T. A., had very kindly offered, on behalf of her organization, one-half of the ticket sales for the minstrel which the Lions Club recently presented at Hedley. She stated that the offer was prompted by interest in the crippled children's fund of the club.

In the absence of the president of the club, Mr. Rathjen assured her that the club would appreciate the offer, but that the club had offered to put the show on for the benefit it might be to the treasury of the Hedley P. T. A.

Mr. Rathjen reported the offer with the comment that he felt sure local use could be found for the funds, and the club approved his recommendation to Mrs. Masterson that the P. T. A. keep the money for local purposes. Deep appreciation of the offer was expressed by the Lions.

"THE ATONEMENT"

The central doctrine of Christianity is the atonement. Take that away, and you obliterate Christianity. If Christianity is merely the imitation of Christ, why, then the imitation of any other good man, the apostle Paul or John, might become a kind of religion of Christianity. If Christianity were merely martyrdom for truth, then with the exception of a certain amount of degree, I see no difference between the death of Socrates and the death of Jesus Christ. But Christianity is more than this. It is atonement of the soul. It is a reconciliation which the life and death of Jesus Christ have wrought out for this world—the reconciliation of man to God, the reconciliation of man to man, the reconciliation of man to self, and the reconciliation of man to his duties.

If you have not found Christ crucified is the foundation of the whole volume, you have read your Bible to very little profit. Your religion is a heaven without a sun, an arch without a keystone, a compass without a needle, a clock without springs, a lamp without oil; it will not comfort you, nor deliver your soul from destruction.

God would have all men everywhere know the story of the atonement and sent Jesus into the world to complete the plans and program that the good news might be carried to all peoples of every kindred, tribe and tongue.

God wants the good news of how reconciliation can be secured made known to every one, and the church was organized and its members sent forth to make this message known. The souls of men are the most precious things in the universe and they should know God's will and desire, regarding their value and how they might be saved. The atonement of Christ makes it possible for all men to obtain salvation of their souls. Christ died for sin. Believers die

to sin. Unbelievers die in sin. Our Sunday sermons will contain some interesting lessons on the souls of man. Sunday morning our subject will be, "Watching For Souls." Sunday night it will be: "The Keeper of Souls."

—W. E. Ferrell, Minister, First Christian Church, Clarendon.

BEER AND BEAUTY

We thought we had heard every possible argument that could be put forward for and against prohibition, whether on moral or economic grounds. But we were wrong. There is something new under the sun.

It is a controversy which has arisen over the effect of 3.2 per cent beer on the feminine face and figure. And it is likely to make a lot of talk in the near future, and this is how it started.

It appears that a certain prohibition organization recently predicted that if women drank the new beer, which Congress solemnly declared to be non-intoxicating in fact, that they would soon acquire a bad complexion and a rotund figure. In other words,

it was said that they would lose their school-girl complexion and get fat.

Now comes the opposition in rebuttal, bringing an array of scientists and medical authorities to their aid. And this is what they say:

"From the investigations of scientists and medical authorities it has been demonstrated that beer is not fattening unless taken in highly excessive quantities. It contains certain natural salts of great benefit to the human body, including the complexion. Although not intoxicating, it throws an air of joviality over any gathering and renders unnecessary the use of distilled liquor at the end of a strenuous business day, golf game or other wearing activity."

And there you are. Many ladies will refrain from drinking beer for various reasons, but we doubt that the fear of getting fat will be one of them. In spite of all warnings from the cigarette makers they haven't quit eating candy.

The birthday cake was heavy, but the candles made it light. Can you match that?

COOLERATOR IS NOT an ordinary refrigerator

The BIG difference is that Coolerator gives a CONSTANT cold temperature, because the air in the food compartment is circulated only UNDER the ice, instead of over the top and down the sides like old-fashioned refrigerators.

This means shorter travel for the air and as a result faster circulation and more thorough air washing.

BEST OF ALL, the low temperature in the food compartment is maintained constantly—whether the ice chamber is full or nearly empty—because food chamber air circulates ONLY UNDER the cake of ice. Above the ice the air is inactive. It does not circulate through the food chamber.

Let us show you our single-door Coolerator, and see for yourself the great difference between it and the ordinary refrigerator. Our no-profit price is . . . **\$33**

We also have a two-door Coolerator at a slightly higher price. You may prefer it to the single-door. Our No-profit price on the 2-door model is . . . **\$51**

YOU CAN TRY EITHER MODEL WITH NO OBLIGATION ON YOUR PART

Advertising Opinions

When Is An Advertisement Advertising

According to the Better Business bureau of Tulsa, Okla., it is when the matter is printed in a newspaper.

In order to ascertain the opinions of a number of people as to the reception given modern forms of publicity the bureau sent out letters in the Tulsa territory, receiving more than 1,000 answers. In reply to the question: "What form of advertising influences you most in making your purchases," 817 persons called newspapers the best medium. They constituted 80 and one-half per cent of those answering. One and one-half per cent found billboards the most appealing and 10 and one-half per cent favored radio. Only one per cent regarded circulars as influential and no one approved of circulars or cards placed in automobiles. Seven hundred and seventy-eight persons answering the questionnaire said they read only 12 and one-half per cent of the circulars received.

There is no reason for thinking that the Tulsa residents are more interested in newspapers than citizens in any other part of the country, or that their reactions to advertising in various forms differ materially from those of other intelligent people. Business men with an advertising budget to apportion might do well to consider the figures uncovered by the bureau.

The Power of NEWSPAPER Advertising

How Much is a dollar?

- ◆ Dave Harum said, "When you get hold of ten dollars get it into you or onto you as soon as you can, for their ain't no pocket in a shroud, and you're a long time dead."
- ◆ If you had nothing but money you would be poor indeed. It is the things for which you can exchange the money you earn that set the standards of your living comfort and conveniences.
- ◆ You know this. But do you know that it is you who largely determines the value of your dollar?
- ◆ Many things contribute to the distance a dollar will go, but the greatest agent in "value received" is ADVERTISING.
- ◆ The Advertisements in this paper tell you about the best grades of merchandise. They tell you where they can be had and for how much.
- ◆ They tell you about the new things that manufacturers are producing to make your dollars of real worth to you in greater comforts, better living, more enjoyment.
- ◆ Read the Advertisements. Take time to save time. Take trouble to save trouble. Read to save walking. Search the ads to save searching the stores. And to make the dollar go farther!

The Clarendon News "The Home Town Paper"

High Mercury
(Continued on Page Eight)

pare them with their own temperatures and then say, "Why, I thought that the Panhandle was a cool country, but they have hotter weather than we do!"

But it should be remembered that thermometer readings do not indicate the effect on the human body unless humidity (moisture content of the air) is taken into consideration. Air with a low moisture content can reach a high temperature without ill effects on animal life, which is the reason that heat prostrations are practically unknown in the Panhandle of Texas. In fact, this writer does not recall even one.

All of which is by way of saying "Come to the Panhandle," where we are getting ready to build a State Park that will be unsurpassed for its fishing, boating, swimming, mountain-climbing, golf and other sports—and the swellest nights for sleeping that can be imagined. Come to the Panhandle!

Nored Named
(Continued From Page One)

never walked a step, pulling himself around on the floor on his hands. Dr. Gray found that two operations will be necessary in order to correct the crippled condition. After the first operation his little body will have to stay in a plaster cast for at least three months. "It is going to be a long and tedious case, but I am confident that Lindell will eventually be able to walk," he said.

The boy is an unusually bright little fellow, Mr. Mulkey stated. "If we can just get him fixed up so he can have the use of his legs, it will be one of the finest things this club as ever

Baseball Game

Reports on the baseball game were called for and several humorous talks were made by the members. Homer Mulkey's claims that he is limping from a "Charley-horse" were branded as fabrications to cover up a bad case of "jake leg." Another member, who played first base in the game, was said to have been charged by the women with obstructing their players' efforts to get to first base on account of his waist-line. Fred Rathjen and Clyde Douglas were openly charged with "throwing the game" to the ladies by wild throws.

W. H. Patrick gave expression to the profound grief, distress, embarrassment, etc., that he felt over the result of the game—due, he asserted, to the fact that the three best players the Lions have, (himself, Sam Braswell and J. T. Patman) were not able to play, for reasons alleged to be good. The Lions regret, inexpressibly, the absence of these baseball stars when they were so sorely needed.

A note of appreciation from the family of J. T. Patman, member who has been ill at the Adair hospital for several days, for the flowers which the club sent him was read.

Loan Record
(Continued From Page One)

these two counties borrowed money in 1931, while 1932 was the first year any money was loaned in Donley county for crop production purposes.

In 1932, in Donley county, 32 loans were made, totalling \$2,573, for an average of \$82 each, all of the borrowed money being repaid except \$36.09. In 1933, there were 72 loans, averaging \$86.23 each, and totalling \$6,210. In 1931 the territory borrowed \$323,800

in 1725 loans.

Out of \$72,918 loaned in the above named counties, there remains uncollected only \$2,267.14. Mr. Stovall states that this record has not been equalled any where in the State, and attributes it to the fine co-operation of committees, chambers of commerce, bankers, ginners, buyers and borrowers, all of whom have recognized the fact that the money loaned was taxpayers' money.

He expressed the hope that the same fine spirit would bring about an equally fine record on the loans made for the 1933 crop, loans for which in the counties named reached a total of \$58,239.

State To Pay For Salt Fork Bridge

County Judge S. W. Lowe received this week the definite assurance of the Board of County and District Road Indentees, at Austin, that the board had finally approved the payment of the \$1,735 which was the county's one-half of the cost of the bridge across Salt Fork of Red River, between Clarendon and Jericho.

The bridge was built in 1924 on agreement that the county and the State Highway department would go 50-50 on its cost. At that time the county owed warrants to other concerns, totalling about \$28,000 and these warrants and the cost of the bridge were taken up by a refunding serial warrant issue of \$38,000. The county has paid, as due, \$10,000 of that issue.

The State Board, above mentioned, derives its funds from the diversion of one cent of the gasoline tax, authorized by a special session of the Legislature last year, to take up outstanding debts of counties and road districts for road and bridge construction.

The successful efforts of Judge Lowe to secure the payment of the \$10,735, which is 25 1/2 per cent of the total warrant issue, will save that amount to the taxpayers. The date for final filing of the claims by Texas counties expired in November, 1932, but Judge Lowe persisted in his efforts to get the claim allowed, with the above results.

Byrum H. Haile, who underwent an operation for appendicitis at the Adair hospital last week, is recovering in a wholly satisfactory way, the hospital reported today.

WHEN WOMEN AND MEN PLAY BALL

QUERY: "HOW FAR SHOULD AN UMP GO IN GIVING WOMEN SQUARE DEAL?"

Calm reflection following the baseball game last Friday between the Business and Professional Women's Club and the Lions Club develops mixed emotions in the mind of the reporter for The News on whom writing the "story" devolves.

His strongest impulse is to take off his gloves, turn the volume control up to "loud," and let go with no regard for the niceties commonly called "courtesies to the gentle sex." If he did, he would probably say something about like this:

"It is strange that a bunch of women will challenge a man's club to a game of baseball, asking no odds, and then after the challenge is accepted in good faith, claim that they must have the privilege of naming the team from the club membership, the fattest and physically the most members of the club. But that is what the Clarendon B. & P. W. Club did.

"It is strange that when the game was called, the men faced several corking good high-school girl players instead of B. & P. W. members exclusively. Oh, of course, there were a few of the members on the team—enough to stop any active objection by the Lions.

"But the strangest thing of all was the way the B. & P. W. women accepted decisions in their favor by an umpire who was quite clearly 'all for the ladies.' The story would become too long if I scribe attempted to detail the numerous instances of this kind—and what's the use, anyway?"

"It was strange that Lion Sheriff Guy Pierce allowed his wife to play on the team with the women and then stood on the side-line with his guns on, and his deputy on the other side-line with HIS gun on, too. It was strange that Lion Clyde Douglas threw a ball to the catcher, when the bases were full of runners, that went high over the trees behind the catcher, letting in four runs at one time. His strange throw lends color to another Lion's testimony, at the Lions Club luncheon Tuesday, that said Douglas told him he was going to bet \$20 on the women winning.

"The score? Yes, the score. Well, the umpire said it was 24-18 in favor of the women. What it really should have been deponent sayeth not."

Chesterfield Reports

The foregoing, as indicated, is not meant to be the report of the game according to modern rules of reporting affairs with which the "fair" sex is connected. If you want it modern style, maybe this will please:

"With Lovie Beavers twirling and Fanny Perry scooping, the B. & P. W. Baseball Club gave one of the snappiest exhibitions of skillful baseball ever witnessed in Clarendon. Although facing one of the best men's clubs in the Panhandle, the women so clearly outclassed the Lions as to take the long end of a 24-18 score.

"Beavers, of the iron arm and poker face, was just simply too much for most of the lion-hearted batters who faced her. Fixing a stare on them that defied their very worst swings, she would send the ball over the plate with such dazzling speed that the umpire himself had difficulty in calling anything but strikes. Occasionally she would allow a hit, frequently plucking a pop-up out of the air in a charmingly nonchalant manner . . . just like that . . . throwing it to Jean Teat on first base . . . ah, there's a promising young player who never misses a thrown ball—and to see her send a ball streaking to Imogene Pitts, on third, would make you gasp with admiration—unless you were on the Lion's team.

"Mrs. Teat, known locally as Babe Ruth, lived up to her reputation as a sure-fire hitter and delivered a hit every time she went to bat. But why talk about her hits, when the women have so many sluggers? . . . And speaking of sluggers, they also have some past mistresses of the fine art of sliding to bases. For instance, there's Mrs. Guy Pierce,

TEXAS VETERANS TO LABOR ARMY

1175 TEXANS TO BE SELECTED FOR EMERGENCY CONSERVATION WORK

H. R. Kerbow, Commander of Aubyn E. Clark Post of this city, has received detailed information on the rules governing selection and enrollment of Veterans in the Emergency Conservation program of the U. S. Government.

Texas has been given a quota of 1175 veterans, seven per cent of whom will be veterans of wars prior to the World War, the remaining 93 per cent to be selected from World War veterans. These will be chosen by county quotas based on 1930 census, one veteran be allowed for each 5,000 of population. This will give Donley county two men as its quota, with a possible third for the excess over 10,000 population.

The instructions insist that applicants should be able to pass the physical examination, as no replacements will be allowed for those who fail to pass.

Veterans must secure from Read Johnson, manager of the Veterans Administration office in Dallas, the necessary application blanks, which must be filled out and returned to his office, with the endorsement of four people, one of whom must be a representative of a relief organization.

Donley county veterans may be examined at Amarillo, at the recruiting office. If accepted, they will be sent at once to one of the camps selected for the Veterans' contingent. At this camp there will be eight hours of work daily, including travel to and from work and the lunch hour, for five days a week. Medical and hospital care, when needed, will be provided.

The basic allowance will be \$30 per month, and will begin the day the veteran takes the oath and is finally enrolled.

Any veteran who is interested should be sure to confer with Post Commander Kerbow who has full information as to the procedure to be followed.

CHEVROLET IS HIKING OUTPUT

IN FIVE MONTHS OF 1933 PRODUCES OVER 70 PER CENT OF 1932 OUTPUT

With a total output of 68,538 new cars and trucks in May, the Chevrolet Motor Company in the first five months of this year already has built more than 70 per cent as many units as in the full year of 1932. W. S. Knudsen, president and general manager announced today.

Plant operations have continued at an accelerated pace into June, Mr. Knudsen said, with prospects that the month will compare much more favorably with May than did June last year, when federal excise taxes sharply curtailed sales during the latter part of the month, an adverse effect continuing through the summer and early fall.

With no artificial barrier to sales in immediate prospect, the industry as a whole should show a comparatively small seasonal decline during the coming months, and should compare much more favorably with last year during the last half than it has so far into 1933, Mr. Knudsen observed.

CHEVROLET SALES EQUAL TOTAL OF NEXT THREE

Registrations of new Chevrolet passenger cars and trucks in the first quarter this year accounted for 37.2 per cent of the total of the industry and exceeded the combined registrations of the next three leading makes, according to a statement released today by the Chevrolet Motor Company.

In the three months Chevrolet titled 96,621 new units as compared with 47,509 new cars and trucks for the second-place make, 29,823 for the third, and 14,364 for the four-place holder another General Motors car in a higher price range than the first three, the statement read.

May production was higher than at any time since June, 1931, and was the second month this year to exceed in volume any single month of 1932, Mr. Knudsen said.

The May figure of 68,500 units compares with 50,672 in the corresponding month last year, an increase of 35 per cent, and with 59,953 in April this year, according to the Chevrolet executive.

Plant operations have continued at an accelerated pace into June, Mr. Knudsen said, with prospects that the month will compare much more favorably with May than did June last year, when federal excise taxes sharply curtailed sales during the latter part of the month, an adverse effect continuing through the summer and early fall.

With no artificial barrier to sales in immediate prospect, the industry as a whole should show a comparatively small seasonal decline during the coming months, and should compare much more favorably with last year during the last half than it has so far into 1933, Mr. Knudsen observed.
