# March Term of District Court Opens Here Next Week

## LIGHT DOCKET IN PROSPECT NOW

### ONLY ONE CRIMINAL CASE DOCKETED AND CIVIL CASES NOT NUMEROUS

The March term of District Court will convene here Monday, March 20th, with Judge A. J. Fires presiding. He has recovered sufficiently from a recent illness to enable him to hold District Court in Hall county, which will be concluded there this week.

The docket for the March term is very light in both criminal and civil cases, only one criminal case appearing, being continued from the October term. It is likely that other cases will be docketed by the Grand Jury after it begins its work. No jury cases will be tried during the first week of court, it was stated.

The court docket follows:

#### Criminal Docket

The State of Texas vs. William Miller, transporting whiskey; continued from last term.

#### Civil Docket

Mattie Marie Meyers vs. Edgar M. Meyers, divorce.

Mandy I. Ming vs. Archie Ming, divorce.

Eva Atterberry vs. Paul P. Atterberry, divorce.

Lewis Lane vs. G. E. Allen, et al, damage.

Realty Trust Company vs. J. M. Warren, et al, Motion to correct judgment.

Mary Jane Casey vs. Panhandle Construction Co., To set aside judgment injunction; Appealed.

Memphis Cotton Oil Co. vs. W. W. Beaty, et al, Foreclosure.

## METHODIST LADIES WILL SERVE CHICKEN PIE SUPPER

The ladies of the First Methodist church invite the general public to eat a bountiful chicken pie supper with them, at 25 cents per plate, next Tuesday night, beginning at 6:30 o'clock, at the church. Canned sweet potatoes, salad, pickles, pie with whipped cream, and coffee will be generously served with real chicken pie.

## Wayland Band Forms Local Organization

Organization of a group of about fifteen young Baptist into a similar band of Christian workers was the direct result of the visit here Sunday of the Wayland College Volunteer Band. Organized many years ago, the Band has owned its own bus for the past six years and has visited almost every part of the Panhandle.

Last Saturday night they presented a program at Hedley, after which they were banqueted by the Hedley people. Some of the band stayed over for a Sunday morning service, one young preacher stopped at Lelia Lake to preach, and the remainder of the party came on to Clarendon, where an excellent program was presented Sunday morning.

In the afternoon the group drove to Goldston where a large and appreciative audience greeted them. After the program they were served sandwiches, cake and hot drinks by the Goldston ladies. Coming back to Clarendon, they presented another excellent night program.

Sunday afternoon a group of local young people was formed into a band for similar work. Miss Jessie Cook was named president; Mrs. S. L. Tidwell, secretary; Miss Vada Waldron, chairman of the program committee; Rev. B. N. Shepherd, sponsor. It is said that the band will probably have meetings every two weeks.

In the band of workers from Wayland College, at Plainview, were two Hedley young people, Miss Cook and Mr. Caldwell. Prof. C. E. Roark, head of the Bible department, was in charge of the group which visited here with so much pleasure to Clarendon people.

## Additional Watchmen During Bank Holiday

During the two weeks of the bank holiday, which was brought to a close Tuesday night, the City Commission added additional men to the night watch force, fearing that merchants' safes might tempt would-be burglars. "I am happy to say that there was not even one attempt made to break into any business place in Clarendon during the two weeks," said Mayor W. P. Cogle. The same thing was true throughout the United States, not even the larger cities reporting any unusual increase in criminal activity.

## ROTARY CLUB TO MEET WEDNESDAY

### LAST TWO PROGRAMS ARE OPTIMISTIC; BOYS WEEK TO BE OBSERVED

At the regular meeting held last Friday the Rotary club voted to change its weekly meeting day to Wednesday. The program was in charge of F. E. Chamberlain, who discussed the banking situation, emphasizing the fact that there was no necessity of Clarendon banks closing except as a part of the national and state program, and that the banks would be ready to open and do business as quickly as any in the state.

At the Wednesday meeting, the program was in charge of D. R. Davis, chairman of the community service committee. He made an excellent talk, full of optimism, predicting that the bank holiday would prove to be the definite end of the "depression."

He also called attention to the fact that Boys' Week would soon be observed by Rotary Clubs all over the world. This is one of the major activities of Rotary the world over.

## FARMERS' LOANS NOW BEING MADE

### GOVERNMENT FUNDS PROVIDED FOR CROP PRODUCTION AND FINANCING

Applications for farmers for loans from the Regional Agricultural Credit Corporation, at Ft. Worth from funds provided by the U. S. Government, are now being taken by the committee from Donley county. This committee is composed of J. D. Swift, chairman, F. E. Chamberlain, U. J. Boston and J. T. Patman, with another committee for the Hedley area, composed of J. W. Noel, chairman, L. E. Thompson and J. G. McDougal. Applications taken by the latter committee are handled through the central committee. John M. Bass has been named as Inspector of the Loan committee.

Loans can be made only to farmers, who are dependent on farming for their livelihood, and must first be used for the production of a crop. Loans may further be used for the purchase of livestock or equipment needed for the production of a crop or for the payment of debts, and other eligible purposes. The rate of interest is 6 and one-half per cent, and loans are payable in the fall of 1933 out of the crop proceeds. Loans are to be secured by first liens on crops, livestock and equipment. Landlords are not required to waive their liens on...

## Quake Ruins Knorpp Home At Long Beach

Within fifteen minutes after the first shock of last Friday's earthquake, Wesley Knorpp of this city was aboard his train for Texas, wholly unaware of the fact that the city of Long Beach, Calif., where his family resides, was being practically demolished by successive quakes. It was not until the next morning, at Tucson, Ariz., that he learned of the great loss of life and destruction of millions of dollars worth of property.

His son John had come with him by auto to Los Angeles where he was to take a southern Pacific train to return to Clarendon. Just as their car parked at the curb in front of the station the quake began, the car swaying from side to side. Realizing that the quake was rather severe but seeing no disastrous effects where they were, Mr. Knorpp went on into the station. In the great waiting room, whose ceiling is higher than a two-story building, the large chandeliers were swinging back and forth like huge pendulums. The train-caller warned of dangers from the swinging chandeliers and urged all passengers to get on their trains at once.

After reaching Clarendon Mr. Knorpp talked with his wife at Long Beach, who said that no member of the family nor close friends had been injured, but that their home was practically destroyed by the succession of quakes. The family, like the majority in the stricken area, slept in their cars Friday night and the quake continuing Saturday, went to San Bernardino Saturday night, she said. She described the wreckage of the business district of Long Beach as almost complete, the one and two-story buildings seeming to suffer more than the taller, steel-reinforced buildings. Long Beach is a city of about 140,000 population.

Janice and Louis Westmoreland, daughters of Mr. and Mrs. H. E. Westmoreland, of Amarillo, spent the past week with their grandparents, Mr. and Mrs. Tom F. Connally. Their older sister, Flora Katherine, underwent a successful operation in Amarillo last week for appendicitis, returning to her home last Friday.

## TREES WANTED

Public-spirited citizens can render a fine civic service by the donation of shade trees for planting on the grounds of the Junior College and the dormitory.

Extensive improvements, being made on the grounds now, through the co-operation of the RFC Relief committee, include the leveling up of the surface where needed and the application of good soil. This work has necessitated the removal of many of the locust trees, most of which will need to be replaced.

The committee, through the efforts of O. C. Watson, has already located some trees which will be donated, but needs many more. It will appreciate very much the offer of any kind of shade trees. Notice may be given to O. C. Watson, or any member of the school board or of the RFC committee.

## Methodist Laymen Have Fine Program

Under the leadership of W. T. Hayter, adult department superintendent, laymen of the First Methodist church presented a very inspiring program last Sunday in the absence of the pastor, Rev. E. B. Bowen.

The singing of "The Doxology," with the participation of the Apostles Creed were followed by sentence prayers, closed by an eloquent prayer by P. A. Buntin, oldest member of the church. The Scripture lesson was the Ten Commandments, lead by Mr. Hayter, with responses by the audience.

Short talks were made by C. E. Griggs, Mrs. C. A. Burton and G. L. Boykin, each of whom offered excellent suggestions on the church's program of work. Special music included an anthem by the choir, a mixed quartet by Mrs. J. L. McMurry, Mrs. O. T. Smith, G. L. Boykin and Fred A. Story. During the offering a violin solo was played by little Miss Joan Anne Smith, accompanied by her mother, Mrs. Rayburn Smith.

At the conclusion of the service the audience, at the suggestion of Mr. Hayter, spent about ten minutes in visiting with each other.

## MRS. CLIFF INGRAM WRITES OF QUAKE

### GIVES GRAPHIC DESCRIPTION OF TERRORS OF HEAVING SURFACE OF EARTH

The News is indebted to Chas. G. Speed for the privilege of publishing a graphic account of the earthquake written to him and his family by his sister, Mrs. Cliff Ingram, whose husband is the son of Rev. C. B. Ingram. For the past ten years they have lived in California, and have experienced quakes before. Their home is at 9644 Elizabeth Avenue, South Gate, Calif., located at Huntington Park. The letter was started Sunday, March 12, and says in part:

Dear Folks: Will try to write a few lines, as everything has quieted down somewhat. Guess you all got our telegram. I wanted to send it Friday night but couldn't get in a mile of a telegraph office and the phones were all out, so didn't get a chance until late yesterday. Was afraid you would be uneasy about us as I knew you had heard about it over the radio as soon as it happened. Well, I hope never to feel and experience anything like it again. It's something nobody can describe. You just have to be in it

## LIONS TO OFFER CASH ESSAY PRIZE

### REGULAR PROGRAM GIVES WAY TO NUMEROUS MATTERS OF BUSINESS

Repeating its offer of a year ago, the Lions Club decided Tuesday to offer a cash prize of \$2.50 to the high school student writing the best essay, of 500 words or less, on the subject, "If I were a Lion, What Would I Want My Lions Club to Do for our Community." The essay which wins the local contest will also go into the district contest for District Governor C. H. Walker's gold medal. The essay which wins the district contest will later go into the national contest in which a free trip to St. Louis, with all expenses paid, will be the prize. Boys or girls who wish to enter this contest should see J. R. Porter, J. T. Patman or Odos Caraway for further particulars.

The scheduled program on "Great Men of Texas," which was week, due to the many questions assigned to Lion J. T. Patman, had to be postponed for another which had to come before the club. Lion Patman will present his program next week.

Lion President Ira Merchant read a letter from the Amarillo club which will be host on April 17-18 to the clubs of the 2-T district, comprising the northern half of Texas. About 300 Lions

## Connally Announces Candidacy for Mayor

Yielding to numerous solicitations of the people of Clarendon, who have earnestly urged it, Tom F. Connally authorizes the announcement that he will be a candidate for election as Mayor of the City of Clarendon. The election will be held on Tuesday, April 4.

A resident of Clarendon since July, 1908, Mr. Connally has steadily and consistently identified himself with every movement which has had for its object the betterment of Clarendon as a business and home center.

He served Clarendon as Mayor from 1913 to 1917, with such credit to himself and to the people whom he served as to revive the desire that he serve again in the same capacity. He was president of the school board when he was elected mayor and was a member of the board for three years.

He has been a constant member of the Chamber of Commerce, of which he has served as both director and president, being elected to the presidency in 1930. "The imperative necessity facing all forms of government today is that of economy. There

## TO THE LADIES

Opportunity for the exchange of surplus plants and shrubs will be afforded at an "exchange" which will be held Saturday, March 25, at the Woman's Club rooms.

The plant and shrub exchange is sponsored by Les Beaux Arts Club, which will give its services at no cost of any kind. They especially request that all plants and shrubs be brought to the club rooms by 10:00 a. m., after which time exchanges may be made.

Arrangements for the exchange will be under the direction of Mrs. L. S. Bagby, chairman of the City Beautiful committee of the club. Any additional information about the exchange may be had by telephoning to her at 295.

## Pastor Stoned by Member of Church

Rev. E. B. Bowen, pastor of First Methodist church here, narrowly escaped serious injury Sunday morning in a very peculiar accident. He had started to Memphis to fill the pulpit for the pastor, Rev. J. M. Fuller, there whose ill health has necessitated his relief until Conference meets next Fall.

T. H. Peebles had stopped his car on the culvert at the entrance to his farm, east of Clarendon, to remove a large stone from the road. Not noticing that a car was coming up the slope behind his own car, he tossed the stone across the road. It connected with the Bowen car's windshield, crashing through it, striking Mr. Bowen on the upper jaw and passed through the rear of the car where it broke another glass. Strangely enough, Mr. Bowen was not cut by any of the broken windshield glass, but received a painful hurt from the stone, necessitating his return to his home for treatment.

The accident was, of course, deeply regretted by Mr. Peebles, whom his pastor joked about it considerably, saying that it was the first time, in all his years in the ministry that he had ever had a member of his church throw a rock at him.

## Pay Auto License Before April 1st

The attention of all automobile owners is directed to the fact that the extension of time on payment of auto license taxes expires on March 31, 1933. The Texas Legislature granted the extension as a concession to taxpayers at a time when other tax payments made the payment of auto license taxes very burdensome. But the time will soon be up.

It will not be necessary to have lights tested, as the legislature has repealed the law, and registration plates and receipts will be issued without the testing certificate.

## Mrs. G. L. Heatherly Died Wednesday

Mrs. Mamie Rowley Heatherly, wife of G. L. Heatherly, died Wednesday night after an illness of only a few days. She was 50 years, 4 months and 6 days old, and was born at Pittfield, Ill., on Nov. 9, 1882.

In addition to her husband, she is survived by four step-sons, Tom, John, Gordon and Hubert Heatherly, and one daughter, Melba Jane, about six years old; her brother, Dr. E. A. Rowley, of Amarillo, and Mrs. Frank Smith, of Atoka, Okla.

The family moved to Clarendon over two years ago from Atoka, formerly having lived at Waxahachie, Texas. They are members of the Church of Christ at Waxahachie.

Funeral services were conducted at the chapel of Buntin & Son, morticians, Thursday afternoon, at 3 o'clock, by Rev. W. E. Ferrell, pastor of First Christian church. Interment was made in the Citizens cemetery. Pallbearers were the four step-sons, Lonnie Ford and Roy Whalen, of Atoka.

## SAYS "SWAP AD" FOUND GOOD TRADE FOR HIM

H. S. Hughes, near Lelia Lake, advertised a heavy duty Ford T truck which he wished to swap for a lighter pick-up outfit. He came in last week to ask us to stop his ad, saying, "I got just what I wanted and am very thankful to you for helping me." Fine! We are glad that The News was able to help, Mr. Hughes.

When your Swap Ad has finished the job for you, tell us about it. Results that have been reported to us make us feel that our free "Let's Swap" ads have been of real service to our readers. Have you listed your trades with us?

## GAIN IN DEPOSITS REPORTED BY ALL

### EVIDENT LACK OF HOARDING IS TESTIMONIAL TO TRUST OF PEOPLE

Resumption of banking in Donley county Wednesday morning, when the three banks of Clarendon and the Security State bank at Hedley all opened for business under instructions from State and National authorities, was attended by the same calm which has marked the behavior of the citizenship throughout the duration of the bank moratorium.

The banks of Donley county have enjoyed the complete confidence of their customers throughout the trying months of the past three years. This was proven by the significant fact that no gold or other cash, giving evidence of having been hoarded, was included in the deposits made Wednesday by customers. Bankers expressed the confident belief that there has been no hoarding in this county.

Business transactions in the banks Wednesday were what the bankers termed as normal, the actual amount of cash deposited increasing the cash and sight exchange balances of the banks. Deposits exceeded checks against accounts by more than \$31,500.00, a check of the three Clarendon banks and the Hedley bank revealed Thursday morning.

Depositors' balances in the three Clarendon banks, as of Wednesday night at close of business, totalled over \$558,000.00. The banks are the First National Bank, Donley County State Bank and Farmers State Bank.

Stating that he expressed the sentiment of all the bankers, one of the local bankers said, "We are grateful, beyond the power of words to convey, for the fine spirit of trust and confidence which the people of Donley County have maintained toward their banks in these trying times. It has been a comforting and inspiring experience to all of us that we shall not soon forget."

The banks took care of all emergency needs, in line with their instructions, and merchants have expressed surprise at the volume of business enjoyed during the time the banks were closed. Business was not uniformly good, but some days sales were reported as being surprisingly satisfactory.

## "Girl Shy" Will Be Presented Thursday

The Alpha Delta Psi Society of Clarendon Junior College will present "Girl Shy," a three act comedy drama, next Thursday evening, March 23rd, in the College Auditorium at eight o'clock. This is under the direction of Miss Lorraine Patrick and promises to furnish the public an evening of laughs and love affairs.

The Cast of Characters is as follows:

- Tom Arsdale, who is girl shy—Kenneth Brown.
- Oke Stimson, who isn't—James Smith.
- Caroline, Tom's aunt—Virginia Wisdom.
- Anthony Arsdale, Tom's father—Harold Phelps.
- Sylvia Webster, Tom's pet aversion—Nova Cook.
- Dean Marlow, Dean of the College—Charles Walker.
- Barbara Sanford (Babs), who fools Tom and makes him like it—Helen Lawler.
- Peaches Carter, Oke's present weakness—Claudine Ratcliff.
- Asma, a colored "wash lady"—Pauline Slover.
- Birdie Laverne, a movie aspirant—Oleta Camp.
- Alfred Tennyson Murgatoyd, the college poet—Lu McClellan.
- Cluck Mayo, Birdie's late affinity—J. R. Cox.

Reports coming out of Austin indicate a growing intention on the part of the Legislature to effect economies, and less interest in taxation measures. If the Legislature redeems its pledge to reduce State government expenses 25 per cent it will have done its greatest service to the people.

The attention of the Legislature is also being directed to the fact that 81 per cent of the present natural gas production of Texas is being consumed outside of Texas, with only \$120,000 of revenue to the State, that amount being paid as a 2 per cent gross production tax. A new measure has been introduced which would place a tax of 2 cents on each 1000 cubic feet of natural gas produced, but allowing each producing company an exemption on the first 150 million cubic feet each three months. The purpose, of course, is to exempt Texas users of gas from tax. Such a measure, it is claimed, would produce \$1,700,000 of revenue instead of the \$120,000 heretofore collected. The measure should have the approval of all legislators who would have Texas benefit from one of its greatest natural resources.

The defeat in the Senate committee of the bill to abolish eight Texas colleges was to be expected. The majority of Texans admit that several of the eight colleges should, in the interest of economy, be abolished but they are not quite ready to urge the elimination of all of them. It is probable that it will be necessary to observe the results of another bi-ennium of operation of all the system before it can be definitely determined that current revenues will support them. Instructed reductions of 35 per cent in operating costs will go far toward meeting reduced revenues, and shifts in taxation methods will throw further light on the question. Texans believe in the education of their youth and are reluctant to take measures that may prove too radical.

It is regrettable that more advance publicity could not have been given to President Roosevelt's radio address of last Sunday night. Free of any attempt at oratory, phrased in plain words and short sentences, and delivered in a conversational but very forceful tone of voice, his talk was of the type which inspires confidence and trust. Here is a man who knows what he wants to do and who has the rare gift of making his hearers believe that he can do it. More and more it appears that President Roosevelt is the answer to America's greatest need—a real leader of thought and action in the rebuilding of a stricken economic order.

We are all looking at the future with confidence and optimism. This is in sharp contrast with the dull despair of hope deferred which was the accumulation of months and months of trying to see possible improvement where there really was none. Like an electric storm which clears the skies of low hanging clouds, the bank moratorium brought the financial ills of the country to "a head" and vigorous executive action has pointed the way to the solution of our troubles. His course of action is restoring full confidence in the banks of the nation. In Dallas, last Tuesday, the first day the banks were opened for business, deposits in the banks were ten times greater than withdrawals. It will be the same all over the country. Confidence has put Fear on the run.

The Texas House lacked 28 votes of the necessary two-thirds majority to send the prohibition amendment repeal to the Senate. The question can not be submitted to the people of Texas for a vote until both houses have given it a two-thirds majority. It is going to be difficult to pass legislation which will be necessary to the sale of intoxicating liquors in Texas. But it is likely that pressure will be steadily applied until the legislation is finally passed. Then will come new experiences for Texans, which will be followed by a revolt against the sale of liquors and the passage of control measures which will really control because it will be known then that the majority of the people DO NOT WANT LIQUOR. Propaganda from interested sources has made too many believe that the people do not want prohibition.

Continuous advertising like continuous work is most effective. If there is any enterprise in the world that a quitter should leave severely alone it is advertising. Advertising does not jerk, it pulls. It begins very gently at first, but the pull is steady. It increases day by day, year by year, until it exerts an irresistible power. To discontinue advertising is the same as taking down your sign. If you want to do business, you must let the public know

A man's worst enemy is often right under his own hat.

## Tips on Taxes

AUSTIN—There is a very noticeable lessening of talk about the need for new taxes in order to balance the State budget within the last few days. Economy moves gained correspondingly in momentum, following the declaration of a bank holiday. This is true, although it was apparent that perhaps a majority of the legislators were sincerely endeavoring to redeem the pledge to reduce the cost of State government 25 per cent.

Chances of a sales tax are generally regarded as having disappeared. There is less talk of an income tax. Automobile license fees are almost certain to be reduced. The Senate is yet to act on a bill adopted by the House providing for a third lower license fees on automobiles and light trucks. The House has voted to reduce the State poll tax to the constitutional minimum of \$1. A Senate bill is pending to fix the limit of the State ad valorem tax to 57 cents for this year.

Another new tax measure made its appearance in a bill which would levy a tax of 2 cents per 1,000 cubic feet of natural gas. An exemption clause relieving the first 150 million feet for each producer for each three months, it is claimed, will have the practical effect of relieving Texas consumers of any additional tax burden. The obvious purpose of the bill is to realize revenue from gas exported to northern and eastern states.

Natural gas at present pays a gross production tax of 2 per cent. The proposed bill would heavily increase this tax on exported gas. Backers of the bill claim 81 per cent of gas marketed from the Panhandle goes to the North and East. They also claim that the proposed 2-cent tax would yield, based on 1932 consumption, more than \$1,700,000 annually, compared with about \$120,000 paid in gross receipts last year.

A State budget of less than \$30,000,000 and last year's figure of \$42,000,000 is in prospect, if reductions recommended by the House appropriations committee is finally approved. Judiciary, eleemosynary and departmental appropriations have been finished in committee. College heads have been instructed to bring in recommendations for 35 per cent reductions in their budgets. Educational appropriations are incomplete.

Efforts to abolish eight State colleges are apparently defeated. The Senate killed a bill to that effect. Institutions scheduled to close by the bill were teachers colleges at Denton, San Marcos, Alpine, and Nacogdoches, John Tarleton at Stephenville, junior

A. & M. at Arlington, C. I. A. at Kingsville and College of Mines at El Paso.

There are 10,443 beneficiaries of Confederate pensions on the 1932 rolls. Although there have been 12,243 deaths among pensioners since 1924, the number has dropped only from 12,897 to the figure for 1932.

Payments for the Confederate pensions have more than doubled since 1924, figures being \$1,764,000 for 1924, compared to \$3,562,000 in 1932. The increase has come by liberalizing pension requirements and increases in payments to individual claimants. In nine years the number of claimants decreased 11 per cent while payments were increased 100 per cent. The pension fund was \$2,825,000 in the red at the close of the last fiscal year.

The Comptroller's annual report, just issued, contains some very interesting figures. Tax rolls show horses and mules had an average valuation of \$18; cattle, \$17; jacks and jennets, \$17; sheep \$1.79; goats, 94 cents; and dogs, \$14. Average value of land was \$9.61 per acre. Since only 5,500 dogs were rendered for taxation, tax assessors might hasten a solution of the tax problem by getting more dogs on the rolls.

The fact that local taxes com-

prise the greater portion of the tax bill of the average Texan is emphasized by the Comptroller's report. County tax rates average 90 cents for the entire State. The range is from 29 cents to \$2.70. Reeves County has the lowest rate and Duval County the highest. School and other special district taxes are not included. City taxes are also additional. The Comptroller has no record of these purely local taxes.

## WELLS WILL MAKE TOUR OVER HIAWATHA COUNTRY

Interesting word pictures of present vacation settings, as well as historical scenes in Michigan and Wisconsin will be offered radio fans next Wednesday night, March 22, by Carveth Wells, well-known world traveler, in his regular broadcast for Continental Oil Company.

The names of Old French-Canadian explorers, such as Pere Marquette and Louis Joliet find an important place in the descriptions. In fact, Wells conjures up a ghostly voice, said to resemble that of Joliet, to tell about the adventures of his exploring party in 1673.

The Conoco program may be heard by local listeners who tune in on stations WFAA, WOAI or KOA Wednesday night at 9:30 o'clock.

# Rubber Dollars!

HOW OFTEN have you and friend wife wondered how "the Joneses" seemed to do so much on their income? From remarks dropped by Jones, you're almost certain you earn as much as he. You're dead certain you and your wife are not extravagant or wasteful. Yet the Joneses do little things you can't afford—and have little things for which you can't spare the money. How come?

The truth is that the Joneses have a secret. They have discovered a way of putting rubber into dollars. Through the knowledge of this secret they have learned that a dollar can be stretched beyond its ordinary buying limits.

What is this secret? They read the advertisements!

In the advertisements in this newspaper, reliable merchants and manufacturers offer you their finest values. Before going to the stores to buy, shop here first. Compare products until you've found just what you want. Compare prices until you've pleased your purse. You'll save endless hours of weary walking. And you'll buy with the comforting assurance that every dollar has done its duty!

**PAVING IS OPEN NOW EASTWARD FROM CHILDRESS**

The paving of highway No. 5 east of Childress has been completed and was opened to traffic Tuesday, according to announcement made by Sumner D. Bacon, resident engineer. About ten days' work will be required to finish up the shoulders of the new concrete road.

There is a short gap of paving to be completed west of Childress on No. 5, over the viaduct which crosses the new Denver road to Pampa. Contract for this short piece of paving as well as all of highway No. 4, extending north and south through Childress county from Wellington to Paducah, has been let to the Whitham Construction company, the work being under way now.

**RFC Treats Alleys With Caliche Surface**

A crew of men were put to work last Thursday by the local RFC Work Relief committee applying a coat of caliche to the alleys in the rear of the business houses. The alleys were first cleaned, then wet down by fire-hose, after which the caliche was applied, spread and rolled with a heavy roller.

This is a fine piece of civic improvement work which has long been needed. It afforded employment for men who needed the work. The alley improvement project was done under the direction of the RFC committee, composed of Odos Caraway, H. Mulkey, H. T. Burton and Clyde J. Douglas. Another force, of negroes, has been engaged in cleaning their section of the city and in moving a large part of the dump ground.

## RFC Work Relief Committee Outlines Plan On Which Its Work Must Be Done

In order to unify the R. F. C. Program for West Texas Counties, D. A. Bandeen of Stamford and Harry Tom King of Abilene have prepared a manual for all West Texas Counties.

To correct erroneous rumors and misstatements and so that all may know who is eligible for R. F. C. work, the committee of Donley County desires to make some statements and to quote freely from extracts of the above mentioned manual as published in the March issue of "West Texas Today".

As these gentlemen say, "Its no passing chore, this receiving and disbursing, recording and accounting, for R. F. C. funds. The handling of Reconstruction Finance Corporation funds can be—and in other states has been—done by employed administrators and accountants. In Texas it is different.

From the outset, when the Lone Star State received its loan for alleviating pressing conditions, it has been the Texas slogan: "All for relief and none for overhead". Your local committee has kept its record clean and has not used a penny for administering these funds.

The County committeemen are charged with the actual direction of work relief-projects, disbursements of relief funds and fully accounting for their allotments. Furthermore they are bonded for faithful administration of these funds. The county committee also appoints sub-committees over the county and has these powers and duties.

1. Preparation of application for subsequent monthly allotment;
2. Receipt and disbursement of all grants made by the RFC on applications made through the governor;
3. Accurately reporting on disbursements of all funds;
4. Within the scope approved by the state commission, prescribe all work projects in the county, and also prescribe the wage scale;
5. Prepare financial statements and case load statements for the state commission;
6. Lay down general rules for defining and recording eligibility of the recipients.

The manual provides for appointment of a chairman and secretary-treasurer of the county committees to be held strictly accountable for the committee's administration. It also requires that RFC fund administration be kept entirely separate from any other welfare or charity organization.

As to who is eligible to receive RFC funds the manual says, "It is incumbent upon the county committees to give these monies only to the needy and distressed people and to unemployed. Persons having a supply of food and clothing are not eligible. Only those who rely on their daily wage for livelihood and have no employment are eligible. Need and need only is the basis of determining the recipients of the funds."

Explaining further:  
The object of expenditures is to relieve the unemployment situation. It is impossible to give permanent employment. These are supplementary and emergency funds only.

Other questions and answers are as follows:  
Q. From RFC funds can you purchase materials and supplies?  
A. No. The funds are to be used for feeding empty stomachs and not buying materials.  
Q. Can medical treatment and hospitalization be charged to RFC funds?  
A. No. These services must be charged upon your local resources and not a charge against the government's relief funds.

Q. Can trucks and wagons be hired?  
A. Effective with March and April allotments no trucks and wagons are to be hired unless approved by your regional office.

Q. From RFC funds how can you help the person who is destitute and cannot work?  
A. If from other funds you cannot help, it is permissible to use RFC funds for this direct relief.

Q. Would cleaning up and beautifying all church yards and grounds be an eligible work project?  
A. Yes, provided no discrimination is shown to any church.

Q. What age scale should be adopted?  
A. Fixing of the wage scale is left to the county committee. It should be lower than the prevailing, and should never be high in wage scale in your community to compete with private employment.

Q. Are ex-soldiers eligible for relief when drawing pension money, retired pay, disability,

## Frances L. Dingler Buried Here Saturday

Frances La Void Dingler, aged brother of Noah Dingler of the Chamberlain community, with whom he has made his home for several years, died Friday, March 10, 1933. He was born in Alabama on April 26, 1868. At the age of 18 years he united with the Baptist church, of which he has since been a constant member.

In addition to his brother Noah, he is survived by two half-sisters, Mrs. Mark Stricklin, of this city, and Mrs. Taylor Bowles, of Altus, Oklahoma, and one half-brother, Charles Dingler, who lives in California.

Funeral services were held Saturday afternoon by Rev. B. N. Shepherd, pastor of First Baptist church, at the home of N. Dingler, after which interment was made in the Citizens cemetery under the direction of Buntin and Son, morticians.

## AGED BAPTIST MINISTER CALLED TO HIS REWARD

Rev. Wallace Paducah Hill, aged 82 years, nine months, died Saturday night, March 11, 1933, at 10:30 o'clock at the home of his daughter, Mrs. A. Combest, about three miles north-west of this city, after an illness of about ten days.

Born June 11, 1850, at Mouse Creek, Tenn., he entered the ministry at 27 years of age and gave 40 years of his life to active work as a Baptist minister, his last charge in Texas being that of county missionary in Coryell county, after he was called to Ray county, Tennessee, where he served for several years before finally retiring from active work. Since that time he has made his home principally with Mrs. Combest and her family, frequently making ex-

tended visits with his other children. His wife preceded him in death about ten years.

He is survived by two daughters, Mrs. A. Combest, of Clarendon, and Mrs. P. C. Johnson, of Hedley, and four sons, Tom W. Hill, of Emory, Texas; R. S. Hill, Sherman, Texas; John R. Hill, San Angelo, Texas; George C. Hill, Winters, Texas.

The body of the deceased was sent by train Monday to Sherman, accompanied by Mrs. Combest, where it was laid to rest beside the body of his wife. All of his sons also attended the last sad rites.

Having known the deceased ever since the days when he was county missionary in Coryell county, where two of his sons, John and George, were engaged in the newspaper business and in the business of being useful and honorable citizens, the managing editor of The News feels a personal loss in the death of this good man, whose deeds and exemplary life will continue to live after him. And we join the many friends of the bereaved family in extending a warm sympathy to them in their hour of grief.

## CARD OF THANKS

We are more deeply appreciative of the many kindnesses shown to us in our bereavement of our father than can be expressed in this inadequate manner. May God's richest blessings rest upon each of you!

# SOCIETY

LORRAINE PATRICK, Editor

## Mrs. Joe Burton Complimented

One of the most enjoyable and attractive social functions of the week was the tea given Tuesday afternoon from four to six, by Mrs. Frank A. Stocking honoring Mrs. Joe Burton of Pittsburgh, Penn., her sister-in-law.

During the afternoon the guests were served tea from a charmingly appointed table presided over by Mrs. Sarah M. Stocking and Mrs. Jerome Stocking. Green tapers burned in green and white holders while lacy ferns in a white bowl centered the pretty table. Mrs. W. C. Thornberry also assisted in the dining room.

Approximately thirty guests called.

## Kill Kare Needle Klub

With Mrs. W. A. Land as hostess, the Kill Kare Needle Klub had a few guests met last Thursday afternoon at her lovely home.

An enjoyable afternoon was spent in fancy needle work and pleasant conversation with a delectable salad course, carrying out the St. Patrick motif of green and white, being served to: Mesdames H. C. Brumley, Eva Draffen, W. A. Massie, Sam Lowe, Ben Hill, Joe Cluck, M. L. Stricklin, Homer Mulkey, Van Kennedy, W. B. Sims, M. W. Mosley, club members; and Mesdames Otis Barnes, Clarence Whitlock, Frank Whitlock, A. W. Simpson, B. N. Shepherd, and Marvia Land, guests.

## Old Fashioned Candy Pull Party

The members of the Junior Choir and Orchestra were delightfully entertained Tuesday evening by their director, Mrs. G. Lester Boykin at her home.

After they had all arrived, the hostess served spicy Hot Dogs and toasted marshmallows to the hungry, excited crowd.

Then the stunts, tricks, and puzzles began, with each trying to outdo the other. Later with Mrs. Mayes directing, the taffy favorite sport of our parents candy pulling started. This was and grandparents but somehow it died down, however it was resurrected with a bang at this party, much to the delight of everyone present.

Mrs. Boykin was assisted by Mr. and Mrs. A. A. Mayes and Mr. E. B. Bowen

## Pathfinder Club In Session

"Texas" was the subject for discussion when the members of the Pathfinder Club met at the Woman's Club Room, Friday afternoon.

The Roll Call was answered by quotations from Texas writers.

Mrs. J. T. Patman proved an able leader for the interesting program which is as follows:

Explorers and Early Settlers—Leader.

Texas Heroes—Mrs. B. G. Smith.

Texas Shrines—Mrs. Joe Cluck.

Music by Texas Composers—Mrs. Allan Bryan.

About thirty members were present and at the conclusion of the program, dainty refreshments were served by the hostesses, Miss Marie Thornton and Mrs. R. Y. King.

Mrs. Bill Greene was a guest for the afternoon.

At its meeting on March 24th, the club will hear "The Good Earth" discussed. This is the novel by Pearl Buck, that won the Pulitzer Prize last year.

## Surprise Party

Mr. T. J. Patman was delightfully surprised Monday evening when a group of his friends dropped in to wish him a happy birthday.

After he had somewhat recovered, games of Forty-Two were enjoyed the remainder of the evening. Later Mrs. Patman served delicious refreshments that carried out the St. Patrick colors of green and white. The tallies also used this attractive motif.

Guests for the evening included: Mr. and Mrs. Tom F. Connolly, Mr. and Mrs. H. Bennett Kerbow, Mr. and Mrs. A. A. Mayes, Mr. and Mrs. R. C. Weatherly, Mr. and Mrs. William Patman, Mrs. Katherine Stark, Miss Opal Pyle, Miss Norma Rhode, and Miss Mantie Graves.

## Les Beaux Arts

Les Beaux Arts met in regular session Saturday afternoon at the home of Mrs. T. H. Ellis, with Mrs. T. H. Peebles and Mrs. Ellis hostesses.

In the business meeting Mrs. J. H. Morris was elected delegate to the District meeting of the Federated Clubs, which will be held at Hereford in April. At this time the club arranged to have a Flower and Shrub Exchange Exhibit at the Club Room Saturday, March 25th to which the public is cordially invited.

The program for the afternoon was conducted by Mrs. J. H. Morris and dealt with Spanish Artists of the 18th Century.

At the close of the program a social hour and dainty refreshments were enjoyed.

## Mrs. L. Ballew Is Hostess

Mrs. Len Ballew was charming hostess to members of the Friendship Club and a few friends Tuesday afternoon at her home.

The meeting was opened by the Lord's Prayer and this was followed by a scripture reading of the Fifth Chapter of Job. The remainder of the afternoon was spent in pleasant reminiscence until the hostess served a delicious course.

Club members attending were: Mrs. G. J. Teel, Mrs. J. A. Meaders, Mrs. M. E. Thornton, Miss Katie Meaders, Mrs. M. T. Crabtree, Mrs. C. E. Lindsey, Mrs. J. H. Harris.

Guests included Mrs. T. M. Pyle, Mrs. W. A. Massie, Mrs. Ben Andis, and Mrs. Elba Ballew.

## Mrs. Schull is Honored

Mrs. J. W. L. Schull experienced a complete, though pleasant, surprise Friday afternoon when the members of the Earnest Workers Sunday School Class, of which she is a member, and other friends began coming in to help her celebrate her birthday, having been invited by her daughter-in-law, Mrs. Lester Schull.

Stunts of various kinds and pleasant conversation were the entertaining features of the afternoon. Mrs. Schull was the recipient of a beautiful gift as a token of the high standard with which she is held by those present.

A dainty refreshment plate was served to Mesdames R. M. Chunn, J. H. Peebles, W. D. Van Eaton, J. M. Roach, R. H. Alexander, J. R. Bulls, J. H. Hurn, O. L. Fink, Annie Hall, J. B. Baird, J. N. Newland, W. A. SoRelle, Cal Merchant, O. W. Latson, Paul Shelton, Walter Hutchins, and J. W. L. Schull, the honoree.

## Birthday Party

Irene Fowler invited several of her congenial friends to her home Saturday afternoon to help her celebrate her birthday.

Many games were played throughout the afternoon, after which dainty refreshments were served to: Betty Jo Caraway, Dorothy Wisdom, Madaline Kelly, Mildred Phelps, Louise Wood, Edward Blair Ozier, Dwight Tombs, Billy Latson, and Raymond Hay.

## Business and Professional Women

Meeting in the Woman's Club Room Tuesday evening, the Business and Professional Women's Club held its bi-monthly session, with Fannie Perry and Mae Shaver as hostesses.

Plans for the Bosses' Banquet were discussed. This is an annual event given by this club honoring the men they work for. The program was in charge of Julia Mae Caraway with several clever readings being given by little Miss Betty Jo Caraway.

At the conclusion of these a social hour was enjoyed by: Rhoda Wiedman, Bessie Smith, Julia Mae Caraway, Opal Pyle, Mantie Graves, Ruth Reeves, Norma Rhode, Lotta Bourland, Gwendolyn Couch, Helen Wiedman, the hostesses, Fannie Perry and Mae Shaver, and the guest, Betty Jo Caraway.

T. D. Nored, local manager of the West Texas Utilities Company, attended a business meeting of company officials at Childress Wednesday.

# CHURCHES

THE CHURCH LOST AND FOUND

## VI. "The Church Found"

When the leaders of the "Restoration Movement" declared to the world that "Denominationalism" was a sin and that there should be more emphasis placed upon the Bible and its teaching than on creeds, confessions and church disciplines, there was much confusion. The Bible reveals God's plan for the salvation of mankind and to restore the Church and its program as it was in the beginning. People must learn to distinguish between faith and opinion. There is room for the opinions of men upon any question not answered in the Bible, but there are questions answered in the Bible no man or body of men have the right to enforce their opinions on these questions or subjects, to make their opinions tests of fellowship.

The New Testament sets forth God's desires and plans concerning the salvation of men, and He sent Jesus Christ, His Son, into the world to make this plan known. His disciples were instructed as to what to do and what not to do, and the Church was organized under the direct leadership of the Holy Spirit, who prompted the Apostles in their words and works. The Church was begun as God desired it and no man or group of men have ever received instructions from God, Christ or the Holy Spirit to make any changes. In the New Testament, Christ is declared to be our prophet, priest and king. As prophet, we must listen as the great teacher. As Priest, He makes intercessions for us and we need no earthly priest, as King, He rules over His Kingdom. The Church and His words are law, and all of His subjects must render obedience to Him.

The "Restoration Leaders" did not try to found a new church, but they lived and died trying to restore the Church and its program as outlined in the New Testament. A new church was not organized or established but the New Testament Church was restored, the life-saving institution with a plan and purpose, in harmony with God's will, and desire was rediscovered and offered to the world which was divided on many religious questions.

## METHODIST PASTORS ARE MOVED BY PRESIDING ELDER

The Methodist churches at Memphis and Wheeler have new pastors now, on account of the serious illness of the former pastor at Memphis, Rev. J. M. Fuller, who has been granted a leave of absence until the annual Conference next fall, by Rev. M. M. Beavers, presiding elder of the Clarendon district.

Rev. E. D. Landreth was moved from Wheeler to Memphis, while the Wheeler appointment will be filled by Rev. Edmond Kirby, student at Southern Methodist University.

## UNCLAIMED LETTERS

## Quanah Pastor to Hold Meeting Here

Rev. Jan McMurry, pastor of First Presbyterian church at Quanah, who preached and sang his way into the hearts of all who heard him last year, is to return to hold special services at the Presbyterian church in this city, April 2-9.

Because of his pleasing personality, his Biblical messages and his ability as a singer, he made a tremendously popular appeal to his audiences. Rev. McMurry will receive an enthusiastic welcome from Clarendon people.

## HAROLD BUGBEE PAINTINGS TO BE SHOWN AT CANYON

Regional subjects of Panhandle artists will be exhibited in the Mary E. Hudspeth Art Room of the Panhandle-Plains Historical Society museum building on the occasion of the annual meeting of the Society and the dedication of the beautiful new museum building on Friday, April 14.

Artists who have been invited to exhibit pictures are: Harold Bugbee of Clarendon, A. W. Mack of Canyon, and Vernon Hunter, John Eliot Jenkins, Ben Carlton Meade, Margaret Seewold and Mrs. C. E. Palmer of Amarillo.

Mr. Bugbee will exhibit, among other examples of his work, a portrait, about 20 by 24 inches, of Col. Chas. Goodnight.

The lighting in the Art Room is most unusual and is even and clear in effect, allowing the pictures to be seen to the best advantage. The walls are toned to harmonize with any color study, affording a sympathetic background for the pictures.

A number of Clarendon people are planning to attend the annual meeting of the Historical Society and the dedication of the new museum.

## IRVEN ALDERSON IS RECOVERING FROM BURNS

The many friends of Irvn Alderson, who was severely burned on Feb. 26, by a gasoline explosion in his home, will be gratified to know that he was able to sit up in a wheel chair Wednesday morning, and that his recovery from the burns is progressing very satisfactorily now.

# School Notes

By SLOAN BAKER.

An Act amending Article 2789 of the Revised Civil Statutes of Texas, 1925, authorizing the issuance of refunding bonds to refund bonds and matured interest coupons of Common School District, Independent School Districts, County Line Districts, Consolidated County Line Districts, and Rural High School Districts, has been passed to meet an emergency on account of the present depressed financial condition of the country.

The supreme Council, 33 Degree Masons, favors:

- (1) A Federal Department of Education with a secretary in the Presidents Cabinet, and federal aid for public school purposes, under the absolute control of the states.
- (2) A national university at Washington, supported by the Government.
- (3) The compulsory use of the English language of instruction in the Grammar Grades.
- (4) Adequate provision for the education of the alien population, not only in cultural and vocational subjects, but especially in the principles of American institutions and popular sovereignty.
- (5) The entire separation of Church and State and opposition to every attempt to appropriate public moneys, directly or indirectly, for the support of sectarian institutions.
- (6) The American public school, non-partisan, non-sectarian, efficient, democratic, for all the children of all the people; equal educational opportunities for all.
- (7) The inculcation of patriotism, love of the flag, respect for law and order and undying loyalty to constitutional government, School Board Trustees.

The general management and control of the public free schools and high schools in each county shall be vested in five county school trustees elected from the county, one of whom shall be elected from the county, one of whom shall be elected from the county at large by the qualified voters of the common school districts of the county, and one from each commissioner's precinct by the qualified voters in each commissioner's precinct, who shall hold office for a term of two years. The time for the election shall be the first Saturday in April of each year; the order for the election of county school trustees to be made by the county judge at least thirty days prior to the date of the election.

White Fish School, under the supervision of Mrs. Dexter Davenport and Miss Evelyn Curry, held an elimination contest, choosing contestants for the Interscholastic Meet in Story-Telling and Declamation, last Friday evening. Mr. Robert Green, Mr. Bill Wood and Miss Nova Cook, of Clarendon Junior College, were very efficient judges for this contest.

Hackberry and Pleasant Valley Committees were in the office Saturday making plans for consolidation of the two districts. Mr. Bill Meaders and Mr. Pat Longan represented Pleasant Valley. Mr. H. S. Mahaffey and Mr. John Naylor represented Hackberry.

Mr. G. G. Reeves, President of the Principals-Trustees Association, outlined programs to be sent to the Districts for their meetings March 31st. These meetings will be held at Whitefish, Martin, Windy Valley, McKnight and Sunny View.

## NOT HARMED BY QUAKE

Mrs. Iva Couch received a telegram Saturday from her daughter, Mrs. Addie Couch Wilson, of Huntington Park, Calif., advising that she was not injured by the earthquake of Friday evening. Mrs. Wilson is manager of the Van Camp store in Huntington Park, where she was transferred in January from Los Angeles, and is about ten miles from Long Beach.

Mr. and Mrs. D. O. Stallings, Mrs. H. C. Kerbow and Mrs. Bennett Kerbow returned Thursday night from a week's trip into the Abilene country. Mr. and Mrs. Stallings visited with their daughter, Mrs. Roy Wells, at Abilene, and with Dr. and Mrs. G. C. Slover at Stamford. Mrs. H. C. Kerbow also visited relatives at Stamford, and Mrs. Bennett Kerbow visited her mother at Hamlin.

Mr. and Mrs. McHenry Crawford and his parents, Mr. and Mrs. J. M. Crawford, of Childress, spent Sunday night in the home of Mr. and Mrs. Fred A. Story, Mrs. Crawford's parents. She stayed for a week's visit with them.

Mrs. A. L. Chase returned Saturday from Pasadena, Calif., where she was called recently by the death of her father. She left Pasadena last Thursday night, before the earthquake of Friday afternoon.

Mr. and Mrs. Chas. Dean, of Dimitt and their 3-months-old daughter, Evelyn, visited Saturday and Sunday with their parents, Mr. and Mrs. C. M. Lane. Mr. Dean says that the wheat crop in the Dimmitt territory has not blown out to any great extent, and that a fine crop is in prospect.

Bishop E. Cecil Seaman of Amarillo was here Sunday for the evening service at the St. John Baptist Episcopal Church.

Mr. and Mrs. Warren Lott of Canadian visited Mrs. Lott's parents, Mr. and Mrs. A. N. Wood Saturday and Sunday.

Richard Bell, who was operated on last Thursday for appendicitis, is getting along nicely.

Mrs. Albert Tomlinson, of Lelia Lake, visited Sunday with her parents, Mr. and Mrs. J. W. Rowland.

### OH! YE EXAMS

This week is that week that comes only four times a year. It is the most dreaded and the most hated of all other weeks because—it is exam week for the college students. The mid-term exams which will tell the sad, sad tale of the last nine weeks of work are now being taken by all college students. There is an air of hopefulness about, however, and many of the students are saying, "That was not as bad as I thought it would be." There is another little ray of sunlight peeping through the dark clouds of doubt which says, "these exams mean only nine weeks of school and then". . . . The student that hears it looks as if he might live through this week after all, all.

### CLARENDON AGRICULTURE BOYS SELL CALVES

There were four boys from Clarendon who had calves at the Amarillo Fat Stock Show last week. They all did quite well and received a good price for their calves; in fact, they received more for their calves than they expected. Pat Slavin's calf placed 20th and brought 8 cents per pound, weighing 730 pounds. Alfred McMurtry's placed 25th bringing 7¼ cents a pound, weighing 864 pounds. John Blocker's placed 28th bringing 6¼ cents and weighing 940 pounds. Joe Montgomery's calf brought 6 cents a pound. All of the calves from here were Juniors. Joe Montgomery also had a pig at the show that won 8th place and brought 3½ cents a pound besides the premiums. Clarendon was also represented in Amarillo with a judging team consisting of Asa Yates, John Blocker, and Alfred McMurtry with Robert Nichols as an alternate. John Blocker was disqualified causing Clarendon to lose, otherwise we would have won by several points. Robert Nichols was put in John's place; so we finally wound up with third place.

### CAMP FIRE GIRLS

The Kieuwa Troop of the Camp Fire Girls met on Wednesday, the 8th, and discussed means of raising money. After several suggestions had been made, the girls decided to sponsor a picture show. The money is to be used for the camp dues and for

### Palo Duro Literary Society

The members of the Palo Duro Literary Society held their regular meeting Wednesday night, March 8. Carrol Holder was elected to take the place of Joyce Link, who formerly was Society Reporter. The program consisted of the reading of a short story by Fred Bounland, Vocal duet, Carrol Holder and Loree Hamm, a poem read by Miss Headrick. President Bill Wood urged that all members see some one who was not present at the meeting and tell them to try to attend the Society every Wednesday night at 7:30.

### Alpha Delta Psi Literary Society

Last Wednesday night there was a very small attendance at the Society meeting. The program consisted of only two members. Virginia Wisdom gave a short story and Mr. Carver read several jokes.

Those who are in the play have been practicing almost every night, so they can probably be excused for being absent on the regular meeting night. The play, "Girl Shy", is making fast progress. We have been fortunate enough to secure the services of Miss Lorraine Patrick in working up the program. From all indications the action is going to be very comical as well as serious at various times.

Tom Arsdale, the young man who is girl shy, but finally falls love with a girl and wins the consent of his exasperated father in spite of the firm warnings and objections of his father at first, will be played by Kenneth Brown. Babs Sanford, the beautiful and clever young lady to whom Tom becomes engaged, is well acted by Helen Lawler. Charles Walker has the part of the reserved and dignified Dean Marlow. Asma, the negro maid of Oake Stimson and Tom Arsdale's apartment,

is in her estimation no pack horse, but a wash lady. This is well acted by Pauline Slover. Oleta Camp has the role of a would-be movie actress whose name is Birdie Laverne. The important Alfred Tennyson Murtaf, of the poet, who expresses his feelings in "blank verse," is Lu McClellan. Oake Stimson, a fickle lover who is Tom's buddy is James Smith. Sylvia Webster, the girl Mr. Arsdale has chosen for Tom to marry, is played by Nova

Cook, Caroline Arsdale, who is a sister of Mr. Arsdale, provides the love interest for the Deane. Caroline is something of a sentimentalist. This is acted by Virginia Wisdom. Peaches Carter, the present lover of Oak Stimson is a typical "bean-spiller." This role is taken by Claudyne Ratcliff. Edwin Cox has the part of a rustic young man, Chuck Mayo, whose sweetheart considers herself above Chuck socially because she is contemplating becoming a movie actress. Anthony Arsdale, the wealthy father of Tom Arsdale, is an emotional, indignant person who is determined to break up Tom's engagement to Babs Sanford and force him to marry Sylvia Webster. This part is by Harold Phelps.

Folks we are really going to put on a good play. The admission is exceptionally low. It is possibly the lowest that has ever been charged for a college play, but we are doing this so every one can come and see the play. The admission price will likely be announced elsewhere in this paper. A large crowd is expected; so don't fail to come if you want to see a good program for little money.

### Butchering Beef

The Jersey steer I kept for meat was not exactly trim and neat, but rather coarse and rough and rangy. And if the truth be known quite mangy. His parents were without renown. His family tree was long since down: A country bull by inclination. A steer by man's mean machination. His faults we knew, but didn't figure. A beef calf best be a bigger critter. For beef is beef whichever critter. You choose from out your bovine litter. Or so we thought and so we planned it. Until we up and killed and canned it. When we had stumped and stuck and bled it. We found we hadn't overfed it. Three hundred pounds we weighed on foot. One hundred when the meat was cut. When we had turned him inside out. Our blood dream went up the spout: The bone was there, no doubt of that. On which was strung tough meat, not fat. "A cat ham," laughed Si Smith, my neighbor. Who shared with me my beef and labor. "As steak your meat will make good chili— I'd just as soon cut up my billy." The lesson that I learned is brief— A Jersey steer darn sure ain't beef.

John Besant of St. Louis took enough poison to kill 60 persons, but the size of the dose saved his life.

### A medicine that does something for women

A woman is old at thirty when she has let herself run down. And she is young at sixty if she knows how to keep clear of chronic sluggishness.

Have you never tried the harmless medicine that is made for this very condition? Do you know that two or three weeks of its gentle stimulation has done the most amazing things for lots of women?

This means of stimulating the system to new life is a doctor's prescription. It is known as Dr. Caldwell's Syrup Pepsin. It is made from fresh herbs, active senna, and pure pepsin. From the day you begin with it, you will feel better; one spoonful dispels any of your bilious headache; a larger dose relieves any constipated condition. A little now and then will keep you guarded from the auto-intoxication that dulls appetite and ambition in any man or woman.

Dr. Caldwell's Syrup Pepsin is known to all druggists; they always have it on hand. It is the most likeable and remarkable medicine you ever tasted. Try one bottle and compare your condition with the way you felt before!

The Big Track Meet is just three weeks off and the entries are coming in fast. To date Amarillo, Pampa, Canyon, and Hollis, Oklahoma have entered, and at least twenty of twenty-five more teams are expected to enter within the next few weeks. With the aid of the R. F. C. and City of Clarendon the field is being put in "A-1" condition for this meet. Approximately 100 loads of cinders have been put on the track and is now being watered and rolled. If this meet turns out to be a success as the officials are planning for it, it will be made an annual affair.

At the State Schoolboy Cage Tournament last Friday and Saturday our neighbor, Lamesa, went as far as the semi-finals and was eliminated by the runner-up of the Tournament. We are proud of you, Lamesa, and are sorry you did not go farther. The Athens Hornets, three times winner of the State Championship, again won it.

In the additional A. A. U.

Tournament a dark horse team from Tulsa, Oklahoma upset the dope bucket. The Wichita Henries, who eliminated the West Texas Buffaloes, were favored to win the tournament, but they were eliminated by the Diamond Oilers from Tulsa in the semi-finals. By winning this tournament the coach of this team also won one of his greatest ambitions.

The Broncho Track squad is looking better every day and I believe they will again capture the County Meet without any trouble whatsoever. Last year, as you know, the Bronchos won every first place in the meet except that of the mile which was won by Hedley. You had better hustle, Hedley, because the Bronchos have a good man running in that event this year.

In the boys' Tennis, McKee and P. Greene are likely to play doubles and in the singles McMurtry or Blocker will probably show up well. And let me tell you folks something, this young lad, McKee, is certainly a sweet tennis player. If everyone took as much interest in the other sports as this boy does in tennis, Clarendon would be the Mecca of sports of the Panhandle.

**Fat Donley Calves Bring High Price**

The four baby beef calves, finished by Pat Slavin, Alfred McMurry, John Blocker, Jr., and Joe Montgomery, and sold at auction last Monday at the Amarillo Fat Stock Show, brought an average price of \$6.97 per cwt. The price received compares very favorably with the average of \$7.10 which was paid for the 149 calves of 4-H club boys sold at the auction. Included in the average price lot of 149 were the grand champion calf, which brought 66 cents per pound and the reserve grand champion, which brought 25 cents per pound. These two calves belonged to Nelson Ainesworth, Milnesand, N. M., and Latrice Messick. The grand champion was bought by the Phillips Petroleum company, who have paid the same price for several years and have announced that as long as 66 cents will buy the champion they will pay that price for it.  
G. L. Boykin, who accompanied the boys to Amarillo with their calves, complimented Col. Reppert, the auctioneer, very highly on the speed with which he carries on a sale, getting excellent prices at the same time. The 149 calves were sold one at a time, between 10 a. m. and 1:30 p. m.  
Pat Slavin's calf, sold at 8 cents, weighed 730 lbs., brought him \$60.40; Alfred McMurry's calf, weighing 864 lbs., sold for 7.25 cents, bringing \$62.64; John Blocker's 941-pound calf, sold at 6.25 cents, brought \$59.51; Joe Montgomery's 758-pound calf, sold at 6 cents, brought him \$45.48. Joe also sold his 275-pound pig at 3.50, for \$9.62. Each boy also received an additional amount for expenses to the show.  
The sale was attended by the following Clarendon people: G. L. Boykin, Oscar Castleberry, Bill Ray, Mrs. J. L. McMurry, Mr. and Mrs. C. T. McMurry, and Mr. and Mrs. John Blocker and family.

**Advertising Is News**

Newspaper space, characterized as the "great fortress of retail advertising," should be used today in larger quantity, Harford Powell, treasurer of Abbott Kimball & Company, New York advertising agency, told the sales promotion division of the National Retail Dry Goods Association, at the Pennsylvania Hotel, New York City. "Stores need more newspaper space now, and not less," he emphasized. "We consumers feel that they need to crowd more interesting news into it, too."  
Other speakers at the meeting agreed that newspapers were not responsible when advertising failed to bring the expected results rather, they felt it was the fault of the story the store told in its space. "Advertising is doing just what stores are asking it to do," declared Mr. Powell. "It is simply a picture of the spirit and price policy of your store. You certainly can't blame the newspaper if all your bargain offers don't pull. The great fortress of retail advertising is newspaper space, because newspaper

readers know they can generally believe implicitly in what they see in print.  
"Surely," Mr. Powell concluded, "the quickest way to strip us of our remaining purchasing power and put us in the long lines of men who wait in the cold for a free bed at a Salvation Army shelter is to adjourn such agencies as advertising, which can contribute to the rapid sale of goods."—Linotype News.

**Methodist Revival to Start, Lelia Lake**

A revival meeting at the Lelia Lake Methodist church will begin next Sunday night, March 19, according to announcement made by the pastor, Rev. J. P. Cole.  
The preaching during the meeting will be done by Rev. J. P. Michael, of Turkey, who is said to be a fine preacher. The people of Donley county are cordially invited to attend the services and help in making the meeting a success.  
Joseph Zargette of Chicago was arrested for throwing his wife out of the window because she went to a dance.

Another great new line of cars from the leader! Chevrolet introduces, as an addition to its present Master Six, the new Standard Six line. Big, full-size, full-length automobiles. Built to Chevrolet standards of quality . . . performance . . . dependability . . . and economy. And selling at the lowest prices ever placed on six-cylinder enclosed motor cars.

The styling is *modern, aer-stream* styling . . . ultra-smart and up-to-the-minute. The bodies are Fisher wood-and-steel bodies—spacious, tastefully finished—and featuring Fisher No Draft Ventilation. The windshields have safety plate glass. The transmission has an easy, clashless shift and a silent second gear. The engine is a smooth, fast, responsive six. And Chevrolet engineers have made economy an outstanding feature! Engineering tests show that the Standard Six goes more miles on a gallon of gas, more on a filling of oil, than will any other full-size car on the road. As for reliability—remember, it's a Chevrolet.

Introduction of this new Standard Six opens the way for new thousands of people to enjoy the advantages of Chevrolet quality. It gives the public, for the first time, a full-size automobile combining maximum quality and maximum all-round economy.

**It Takes More Than Salts, Calomel, Mineral Waters, Oils, or Laxative Pills to Arouse a Sluggish Liver**

They Give Only Temporary Relief From Constipation and Biliousness, Because They Have No Effect Whatever on the Liver or Its Production of Bile

Bile is nature's own laxative and your stomach and bowels require at least one quart of fresh bile every day to keep them clean, pure, free from fermentation, putrefaction, gas and disease germs.  
When your liver becomes torpid or sluggish the bile stagnates and stops flowing freely. The contents of your bowels become the breeding place for germs and poisons; your food does not digest—it just ferments and decays in the bowels. The blood absorbs these poisons and you suffer from constipation, gas, sick headaches, biliousness, nervousness and sour stomach.  
Sargon Soft Mass Pills will remove the cause of this condition and purify your entire system in nature's way. They are not like any other medicine you have ever taken. They are so gentle, thorough and natural in their action that there is nothing about them to remind you that you have ever taken a medicine, and most remarkable of all you gradually reduce the dose until you no longer require a laxative at all.  
Five years ago it was generally believed that calomel and laxative drugs stimulated the liver, but modern science has proved that calomel, salts, mineral waters, oils and other laxatives have no effect whatever on the liver.  
Sargon Soft Mass Pills act directly on the liver because they contain two amazing substances which highest medical authorities agree are the only effective stimulants to the bile-producing activity of the liver known to modern science. These substances stimulate and invigorate the liver to cleanse and purify itself through increasing its production of bile. This fresh bile immediately starts to work neutralizing acids and poisons, stopping fermentation and decay, cleansing and purifying the bowels and sweeping out accumulated poisons.  
Unless you have tried Sargon Soft Mass Pills you can have no idea of the effects produced by this natural cleansing of your liver and bowels. It makes you feel years younger, stronger, healthier and happier. It brings back life and color to faded eyes and cheeks, restores the appetite and sound digestion—gives you a new outlook on life itself.  
Insist on genuine Sargon Soft Mass Pills. Don't be misled. There are only two known substances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargon Soft Mass Pills contain both of these substances and no other advertised medicine on the American market today does contain them.  
Only 60c for a full 30-day treatment. At your druggist, or write G. F. Willis, Inc., Atlanta, Ga.

Mrs. Cliff Ingram— (Continued From Page One)

to really know what it is like. We had just finished supper, as it was 5:55 and Cliff and the boys were in the living room. I was still in the kitchen and the rumbling began.

I knew what it was and I seemed to feel it was going to be a bad one and I yelled to Cliff and the boys to get out of the house. But before I was through speaking it was good and heavy. They ran out and I started out but just couldn't get across the living room floor, the house was swaying so bad and the floor was coming up to meet me every time I took a step.

After we all got out it kept shaking, and I never saw anything like it. The trees were bending and even the telegraph poles seemed to be almost touching the earth. The houses were just doubling up and people stumbling out. You couldn't walk straight and the ground was waving so it was waving just like a storm on the ocean. My dishes were almost all broken, pictures off the walls and the furniture away from the walls.

Our dog was in the kitchen with me and she was scared nearly to death and barked like everything. She ran out and disappeared and we haven't seen her since. Am afraid she ran under some building and was killed.

Well, this is Monday morning and it looks like I'll never get this letter off. Just as I was writing Earl came in and took us home with him. They never had it so hard over there and they heard on the radio that we didn't have either gas or water, so he got a permit to come over.

They wanted us to stay all night but Cliff had to be here this morning. The girls were so scared they just cried and begged to stay. Bob wanted to come home, though even he won't stay in the house. We never slept a wink Friday night and not much Saturday night.

Oh, gee, there are so many things to tell. I wish I could write everything that happened, but guess you can read that in the papers. We had one hard shock about 5 o'clock this morning, but we were too sleepy to do more than feel it.

Bill was part of my shadow all the time. He said that if the family was killed he didn't want to be left, so he just trailed me around. He is the most serious-thinking child I ever saw. I told him not to be afraid; that we were the luckiest people yet.

those 10 and 12-story buildings in Long Beach, where it was so bad, have hardly been cracked.

Guess there will be plenty of work now for a while. Cliff went to plaster today, though he said he didn't see any use putting it on now, as the plaster they put on Friday looked like a checkerboard.

I could write on and on, but there is no use. We are all feeling fine and have got over being nervous. Had a good night's sleep last night, and am sure everything will be all right now. suppose the earth will still shake for several days.

are expected to register for the convention, which will be visited on the first day by International President Chas. H. Hatton, whose address will be the feature of the day's program.

The Texas Good Roads Association, a letter from whom was read by Lion Merchant, urged active interest of the club in the fight to secure the passage of legislation designed to destroy the evasion of gasoline taxes in Texas.

After discussion the date for the next meeting and Ladies' Night was set for Tuesday night, April 4. The regular program committee was instructed to arrange the program in conjunction with other clubs of the zone.

W. H. Patrick made a short announcement on the banking situation, expressing the opinion

that some delay in the final re-opening of the 16,000 banks of the United States might be expected, and that it was probable that it would take a few days longer than had been indicated in newspapers to date.

Farmers' Loans— (Continued From Page One)

rent shares of crops. Referring to the statement that loans "must first be used for the production of a crop," it is explained that the committee must be assured of the applicant's ability to produce a crop, either by the aid of a loan or independently of a loan.

Seed Loan Information When a farmer wishes a loan only for the purpose of purchasing seed, feed and miscellaneous expenses of making a crop, he may make application for such loan, to bear interest at 5 and one-half per cent.
