ILLOGICAL RESTRICTIONS IN TEXAS

Advocates of repeal of the prohibition amendment urged their cause on the plea that the Nation needed repeal and revenue from the liquor traffic as a recovery measure. They said it would be good for the country and its citizenship.

Here in Texas the Relief Board has announced that there will be no relief funds for those who drink and gamble—gambling being another recovery measure brought along by the smart men who think public morals can survive under their program.

Such an order from the Relief Board seems to us one of the most illogical rulings we ever heard of. If booze and gambling are recovery measures then it follows that the more booze and gambling we have the sooner and more substantial will be our recovery. With so large a clientele as the relief rolls affords, seems to us somebody is overlooking a great opportunity for mass recovery.

Yes? No?

RELIEF FOR THE TWO-BALE FARMER

One of the cheering items of news issuing from Washington this week was the announcement of President Roosevelt that the "two-bale" cotton farmer was to be exempted from the restrictions and acreage reduction of the Bankhead Act.

This has been one of the inequalities and hardships of the Bankhead Act which has brought most of the criticism in the South, for there are thousands—600,000 in fact—of these small farmers who have been doomed to financial failure by a cut which destroyed their already too small margin of money crop.

The Bankhead Act is good in most respects, but it bodes well for the South that the Government has at last realized there must be some elasticity if the plan is not to destroy a numerous and worthy group who cannot subsist if the Act holds them in a death embrace.

FOREIGN OUTLET FOR COTTON A NECESSITY

1935 will be a success or a failure for Texas and the South in the exact ratio in which the federal government effects trade agreements with other nations giving an outlet for export cotton.

There is no permanent relief to the South which ignores its chief crop. Prosperity in this section has always seen large contracts for cotton sold in foreign markets. This is the one desperate need today and the government cannot longer ignore this fact without being chargeable with gross neglect toward this section.

No foreign markets for cotton means no prosperity in the South.

CORN HIGHEST IN FIVE YEARS

This week corn reached its highest price in the past five years when it soared to \$1.07 1/2 per bushel on the spot market.

Of course the price is very logical since there is so little corn to sell, but at the same time it presages a brighter outlook in the farms of the Nation for 1935.

When hogs and cattle and cotton show similar advances the picture will be slivery and golden indeed for American farmers.

As we get it, tho our knowledge of the monetary is no great shakes: A 60-Cent dollar is the kind that's expected to make business go like Sixty.—Farm News, Colorado Springs, Colo.

The Governor of Delaware has appointed a Mosquito Control Commission. We trust that mosquitos will be limited to their biting to a forty-hour week.

DISGUSTING—YES INDEED!

Writing in the McLean News, "O. L. D. Timer" brings the following strong comment:

"As I write this I can see three boys between the ages of ten and fifteen who just crawled out of a box car where they had spent the night. They look shabby and unkempt and are eating something out of a sack that one went out and rustled. It is extremely disgusting to look at such a spectacle, for the boys should be at home attending school and developing character in order to fight the strenuous battles of life in this modern world of ours.

Just last night I was talking to a bunch of small boys in a dugout shooting dice for any and all commodities and with plenty of cigarettes, and practically the whole bunch were supposed to be in school and had played hookey.

"I overheard a man talking on the street less than a year ago and the subject discussed was the losing of money in banks when they went broke. This man said, and punctuated it with a vile oath, 'It is a cinch that I will never lose any money in a bank failure, for I am going to spend every cent just as soon as I get it.' This same man was a corpse in less than thirty days and the county buried him.

"Now the repealists claim that they were disgusted with prohibition and that the government was getting no revenue, but since the repeal they have begun to howl with a loud voice, 'Too much revenue,' and it is the prohibitionists' turn to get disgusted with the repealists inconsistency and increased drunkenness, the free-for-all fights and shooting scrapes, and above all the tremendous amount of bootlegging going on without even an arrest being made.

"I was extremely disgusted to see a man who was living off the county get as drunk as an old sot, and to see on the same day another relief worker go down and out and lay prostrate until two o'clock in the night. Uncle Sam seems to be furnishing money to buy liquor on which no revenue has been paid.

"I heard a man say that he got up out of his bed to let two men who said they had a job on the pipe line sleep in it so they would be able to stand up to the work, and he went and got some hay and a wagon sheet and made him a bed, and when the two men got their pay check they disappeared like a thief in the night and he was some disgusted when he discovered their absence. A widow kept a bunch of folks for two weeks and they slipped through the window to be a long time gone.

"I hold in my hand a copy of the Los Angeles Examiner, which gives some figures on the gambling craze which is sweeping over the nation, in which it states that enough money has been lost to pay for all the relief the government has put out this year.

"If lots of the above disgusting maneuvers are not curtailed or eliminated, a man who believes in the ten commandments and the golden rule and tries to make a living honestly, will be relegated to the background and will be sending out an S. O. S. call before long.

"But of all the disgusting spectacles the eye ever visioned, a drunken, swearing, loud talking, cigarette smoking female has never been surpassed, and from close observation it seems that they are on the increase, and makes a man think of the old song, 'What Shall the Harvest Be?'"

Unfortunately, to make money we must spend money.

Local Bureaucrats Well Settled Here

The Clarendon News is in receipt of another copy of The Panhandle, a magazine published at Amarillo by the boys of the Federal Transit Bureau for the two camps in the Panhandle, Amarillo and Clarendon.

The purpose of the magazine is to give the boys something to read, which will keep them from having lonely moments, and as one of the members expressed it, "etc?"

We have picked at random a few paragraphs of The Panhandle Clarendon Camp section. As I got this news from the Clarendon Camp, there came to the Camp four lovely cakes, with a note on them which read, "From the Win One Methodist School Class. Hoping we make some other mother's boy happy. A Happy Thanksgiving."

Now fellows, we really should be proud and happy to know that we are not entirely forgotten, and we certainly owe these ladies a big vote of thanks. We wish to take this means to sincerely thank the ladies and tell them that we really appreciate their thoughtfulness and kindness.

The old saying about taking the boy out of the country but not taking the country out of the boy works both ways. Tothor day the editor and truck driver, Jimmie Hall referred to a couple hundred acres of cotton as a nice little garden. Eds. Note—I had to put this in or take an awful razzing, so here 'tis.)

Oswald Larson has turned out to be a practical joker. He gave Hutchinson a ball of gum which turned out to be a moth ball. A good moral would be—"Keep thy eyes and ears open."

All of youse Knights of the Bath will have to get a new alibi, as we have the heater working and there is plenty, if not more, hot water.

Well, well and well, who is the gentleman answering to the Non de plume of 'Duck Butter'? How come they call you that Paul ? ? ?

Bradley and Moore went fishing together tothor day and got two cat fish and one wet dog. Not the usual wet dog a fisherman gets, but a real one. Dave Quick says they were trying to drown Patsy.

The boys at the Camp have an invitation to attend all church services at the local churches. All of the pastors explain that it is not a dress parade, so to come as you are. We think that this is mighty nice of them, so if any of you fellows desire to attend services you can feel assured that you are welcome.

An awful odor prevailed in the office here the other day, and on investigating we found Heartel smoking a Twufor. Maybe he met a candidate for some office or other.

We wonder why it is that Mr. Bowden has to stop in town before getting to Camp ? ? ?

We are honored with a visit from Mr. Moore from the Austin office, and we believe that he liked our Camp here. Anyway we are always glad to have him as visitor anytime.

The people in town here are more than willing to help the men here in Camp, and we can at least act as gentlemen while we visit town. We are fortunate in getting late magazines for our Library, and we appreciate them. The Clarendon News also gave us a nice write up on Nov. 22, using this paper as a background. The editor of this Camp paper will be glad to give them any news possible.

You should have seen the old Chevey when I got the turkeys back here in town. My, oh my.

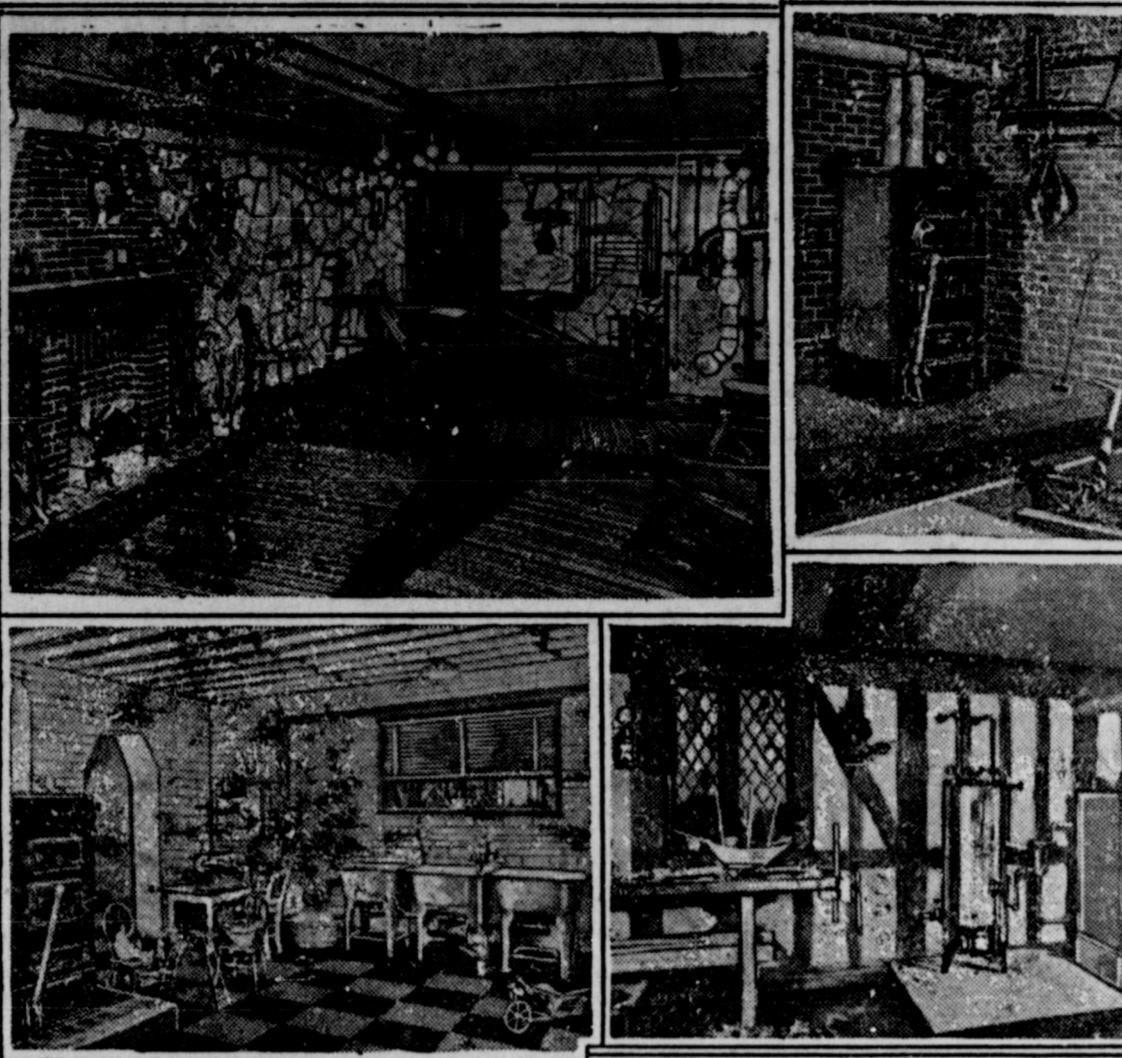

Getting near the end I just happened to think that Knight-hood is still in flower or what have you. I won't mention any names, but who was the man in the Ford that let the lady open all the cattle gates in Donley County ? ? ?

George B. Bagby was in Dallas Monday attending an agency meeting of the United Fidelity Life Insurance Co.

FHA Program Offers Cure For Family Squabbles

The Federal Housing Administration program makes it possible for any home owner to gain an extra room, that will put an end to squabbles started when members of a family get in each others way. A basement can be converted into an auxiliary room, if the heating equipment is modernized. Upper left, shows a basement used as a "rumpus room" where the more boisterous members of a family can seek recreation and leave the others in peace; upper right, a gymnasium; lower left, a laundry and play room; lower right a workshop.

Now our chief interest is in Santa Claus—we are doing everything to please him, for it won't be very long until he will visit us. If Santa Claus wants to buy Jack Simmons a pair of new shoes for Christmas he can get the correct size from the footprint Jack left when he kicked our clean, newly painted door.

COTTON POOL CLOSES WITH 3,409,520 POUNDS FOR DONLEY COUNTY

Nearly three and one-half million pounds in surplus Donley County cotton certificates had been totaled in the government certificate pool by the closing date Wednesday night, according to the county agent's office.

The actual total was 3,409,520 pounds of cotton or around 7,134 bales. At the rate of purchase at \$20 per bale, minus a small handling charge, which is expected to be about the price received with a good sale of the certificates, the county would have been about \$136,380 from the certificates. However there has been no information as to how many bales will be called for out of the pool by farmers in other parts of the country, who have a cotton surplus and need certificates, and therefore no idea of the price to be received, R. C. Land, assistant in cotton adjustment, states.

Wednesday was absolutely the final closing date on the pool.

General Chamber of Commerce Secretary Speaks in Amarillo

The Amarillo Chamber of Commerce announces that Mr. D. A. Skinner, General Secretary of the Chamber of Commerce of the United States of America, will be the speaker on the occasion of the Annual Banquet (not the annual membership meeting).

The banquet will be at 6:30 p. m., Thursday, December 13, in the Crystal Ball Room of the Herring Hotel. Tickets \$1.00 each.

It is needless to comment at length on the importance of this dinner. Mr. Skinner has been Secretary of the National Chamber of Commerce for 23 years. He is the executive head of that organization, which is the largest in the world.

Due to the great interest in this dinner, and the very limited seating capacity, everyone is urged to advise the Amarillo Chamber of Commerce the number of tickets wanted. Tickets will be mailed upon receipt of money order or check. Ladies are invited. The dinner is informal.

Miss Beta Mae Hall spent the Thanksgiving holidays in Fort Worth.

Miss Bobby Lunch of McLean spent Sunday in Clarendon.

News Classified Ads Get Results

The benefits derived from The Clarendon News classified ads was clearly proven last week when a purse belonging to Mr. Edwin Bailey was returned to him with the contents intact shortly after he inserted an ad in The News.

Last Wednesday The News, was published one day early, carried a classified ad of a purse being lost. A reward was offered for its return.

Friday morning Clarence Pipes, employe of the Cold Storage Power Co., walked into The News office with the purse. He kindly refused to accept the reward offered for its return.

This again shows the benefit of advertising in The Clarendon News.

Baptist Hold Lottie Moon Week of Prayer

The Woman's Missionary Society of the Baptist Church observed the week of prayer for the Lottie Moon Christmas offering at the church this week. The week is dedicated by Southern Baptists to foreign missions in remembrance of Lottie Moon who died in the foreign fields on Christmas Eve after giving her life for mission work from 1873-1912 in the Chinese field. One hundred and thirteen missionaries are supported by this Lottie Moon offering, and the quota this year for Southern Baptists is \$150,000.

The Rex Rays, auxiliary to the church, had charge of the program Monday afternoon. Mrs. Ralph Andis was program leader. China, Chili, Argentina, Ecuador, and Mexico were discussed on this program. Assisting the leader were Mesdames Ben Hill, Frank White, Joe Bounds, and Eva Draffin.

On Tuesday, the West Circle rendered the program. Mrs. Cap Lane, program leader was assisted by Mesdames G. G. Kemp, T. M. Couch, A. W. Simpson, and Hill. Africa, Palestine and China were reviewed.

Mrs. Robert Grundy, president of the Tenth District of the Woman's Missionary Society, spoke at the prayer service on Wednesday evening. Mrs. Grundy gave a report of the State Convention which convened in San Antonio in November. Reverend J. Perry King led the devotional service taken from the second chapter of Matthew, verse eight through twenty. Mrs. W. C. Stewart prefaced Mrs. Grundy's report with a musical reading, "The Vision of Hands" accompanied on the piano by Mrs. E. O. Bone.

Mrs. J. D. Holtzclaw Honored

Mrs. J. D. Holtzclaw was honored with a fourth lovely bridal shower on Wednesday afternoon of last week, when Mrs. Lloyd W. Johnson entertained at her charming little home.

When the guests arrived, a word contest was begun, and it was so arranged that the honoree won the game. As prize the hostess presented Mrs. Holtzclaw with a beautiful occasional table and several smaller gifts. Games of bridge and Bunco were enjoyed, after which the group was served with delicious refreshments of pie and hot chocolate. A color scheme of pink and green was cleverly carried out in the favors, table appointments, and suite decorations. Following the service Miss Maye Dever read an appropriate love story, and Mrs. Johnson gave a poetic toast to the bride.

Those enjoying this delightful party were Mrs. U. Z. Patterson, Mrs. F. Walling, Misses Bonnie Hardin, Maye Dever, Melba Johnson, Wanda Mayfield, Nina Crawford, and Mrs. Lloyd W. Johnson, hostess.

Mrs. Simmons Powell and Mrs. Basil Kirtley met the guests during the first hour, and Mr. and Mrs. Sam Braswell served in that capacity during the last hour.

C. R. Skinner Honored On Birthday

In the eighty-two years of the life of C. R. Skinner, he was never so delightfully entertained as on this birthday when his son, Harley Skinner, honored him with a birthday dinner at the Harley Skinner home on Friday.

In rooms decorated with flowers of the season and pot plants, the guests enjoyed a bounteous turkey dinner. The honor guest was presented with a large white birthday cake bearing "Happy Birthday" on the top in green icing.

The rooms were attractively decorated in flowers of the season and a color motif of pink and white was used in appointing the table.

Following the luncheon, the young group entered into the spirit of a kid party and many amusing games were played. Florine Bullard and Filora Wilson sang several numbers accompanied by Laverne Johnson.

Wee Willie Wonders

Madam Dumbwitz (The Chatterer to you) sure hooked Mike and me this week. From the argument she put up a person would think she was highly insulted because Mike or I didn't keep on hollering for her address like she supposed they were. Before it is over she will be suing Mike and Willie for breeches of something or other. Mike sez the Chatterer must be very beautiful; he bases his idea on the saying "beautiful but dumb." Evidently a blonde also. If the attic has a trunk in it, Chatterer, the reason why I didn't want to argue with you is the fact that a woman doesn't argue; she tells. Reasoning with some girls is like poking a mule with a pitchfork; sooner or later they will kick you.

We nominate the Broncos as the champion dope bucket kickers of all time. Not many teams hold the record of kicking three dope buckets over the fence, one right after the other. The dope of the Street Coaches said that Clarendon would lose all of their last three games; instead the Broncos bucked like a Broncho should and busted the last three opponents. Since when has a Broncho team scored four (4) extra points after touchdowns, Meby Socrates can tell us.

Very Personal is quite right when she sez the column should be "Wee Willie Wagers," but let me add that since the last District One game, yours truly has quit, ceased, and abandoned the sinful practice of betting. Mike possesses my whole wardrobe except the Coca Cola barrel I am now wearing since the Amarillo game. Glory be, my allowance comes in the first.

A certain nitwit that went to school at a certain senior college last year is complaining over the fact that certain teachers are trying to make a bunch of high schools out of the college students. On what this Wit bases his argument we do not know, but there it is. If it be true, there is some chance that certain so called College studies are acting like High School Fish.

HOME EC GIRLS BUSY

A busy bunch of Home Economics students are laboring daily on sewing up warm pajamas. Miss Berry is diligently coaching these first year students in the art of fashioning buttonholes as well as sewing straight seams.

In Home Ec II a heated debate was in progress last Monday. Half the class argued that it was advantageous to own your home and the other girls avowed that renting was more satisfactory. Chairman Berry awarded the decision to the "Renters" because of their more convincing statements.

In preparation for the Baby Show to be staged December 22, some of the girls are making decorative postcards for advertising.

All Classes Will Take Part In Basket Ball Tournament

Socrates of Sports

Considering the fact that the girls have not had very much practice, the girl's basketball teams are progressing rapidly. Captain Nichols (Reba) is working hard to get a good team. For the class tournament the College girls, seniors, juniors, and sophomores are each getting up a team. For the final tournament, a main team is to be selected from all classes. The main team is: Nichols, Ralls, Rumpy, Morgan, H. Self, Reed. The subs are: Grahom, O'Neal, Davis, M.Self, Johnston, R. L. Grady, Hayter, Noland, Carlile, N. Grady, Eanes, Ford, Barnes, Sachse, Thompson. They intend to be suited out by next game. Coach Cottingham gets very disgusted with some of them, but they will soon learn.

Amusing Nicknames Found By Reporter

From irregular interviews with students all over the campus, it was found that some students have most unusual nicknames. In a corner of the fourth period study hall a group of girls admitted that at home nearly all of them are called "Sister."

A family of nicknames is observed in the Powell delegation sent to our institution. Pete, Sue, and Stopper have Christian names of Dorothy, Mary Frances, and Wesley, respectively.

"Mike" Grady, thus known to his fellow pigskin punters, is dignifiedly called Ralph in the school room.

Emalee Johnson is called "Scooter" by intimates. "Pee Wee" is the name most often applied to Wilma Dee Smith.

Why people call Willie Maude Pratt "Tillie" is not accounted for, but Laverne McMurtry's nickname of "Little Mac," is considered most suitable.

"Lightning" Hudson gained that moniker from some swift runs in football games last year. Nobody knows how angry Miss Parten gets when called "Willie."

James Headrick is known as "Scrap Iron," and his pal, Emmett Simmons, is sometimes called "Emil."

Hivana Stroope is called "Cuba."

A small child started calling Fannie McGowan "Fappy," and it stuck.

When Jack Hayes was a little tot he pointed his pop gun and said "Sharm, sharm," instead of "Bang, bang." Today his friends refer to him as "Sharm."

Two boys in school have nicknames obtained from the flower family. These are Royce Turnbow, who is known as "Buttercup," and F. L. Behrens, who has the delicate title of "Pansy."

Professor Glenn Allison has a raft of nicknames, but the most generally used one is just "AL."

Tillie and Gerry Pratt, Carol and Willard Hudson, and Bob Ward are among those who attended the Pampa-Amarillo football game last Thursday.

Any child from one to four years is eligible in the contest for Clarendon's most perfect baby, on the receipt of admission fee of thirty-five cents for each child.

Teachers Enjoy Thanksgiving

The teachers of high school and college report an enjoyable and profitable holiday that consisted of Thanksgiving day and the rest of last week-end. Those who attended the State Teachers' Convention at Galveston are Dean Drennan, Superintendent Butron, Mr. E. O. Bone, and Mr. McHenry Lane.

Miss Headrick made use of the leisure time reading "The Folks."

Miss Harris stayed in town, grading papers and mending socks.

Miss Howren enjoyed Thanksgiving dinner with relatives in Amarillo.

Mr. and Mrs. Kerby had dinner at home, and Mr. Kerby attended the Memphis-Matador game.

Miss Hall and Miss Parten attended the T. C. U.-S. M. U. football game on Saturday. Miss Hall failed to thoroughly enjoy the game because her Alma Mater went down in defeat.

Glenn Allison reports that he slept through most of the Thanksgiving holidays.

Cheerful Chatter

A new Ford V-8 has been purchased by one Acord. The Chatterer feels very hurt that she has not been asked, even for politeness' sake, to ride in it. We hear the car haunts Wheeler, where a young Wellington is in the pounding trade. (Pounding lessons into dumb pupil's reads).

The Chatterer was going to call a convention for all those who have at some time this year used crutches; she has changed her mind because she would hate to feed them. Speaking of crutches, Frank Holtzclaw and Billy Gambin got theirs entangled recently and almost brought about a grand slam. Seriously, we believe Frank deserves a medal for showing his ability to "take it" in the Wellington game. We're proud of you, Frank.

Paul Greene, in a history talk, was speaking of Governor Ferguson's tribute to Mr. Hill, a member of Byrd's expedition. He seemed to know very little about the article, and Miss Harris asked him some questions in an attempt to learn more about the writeup. At last he brought out with great force, "Oh, she was a good friend of his father's."

George Wayne Estlack, Heavy Whitlock, Ruby Dell and Dorothy Scaggins attended the game at Amarillo Thursday, but were forced to leave after the first half on account of the cold.

PALO DURO

The Palo Duro Society met Tuesday, November 27, for a short business meeting and Thanksgiving program. Each member answered the roll call by telling the very first that enters their mind on hearing the word "Thanksgiving." Then followed a short business session during which the members were reminded that the time has come to pay dues. The president, Ardis Patman, appointed a committee for the purpose of enlarging the membership of the society. Sarah Virginia McGowan was program leader and gave an interesting account of the first Thanksgiving. With the reading of a Thanksgiving poem by Anna Moores Swift, the meeting adjourned.

PEP SQUAD GIRLS ARE SELLING CAKES

The Broncho Boosters, namely the pep squad that yells for every game, are working hard to obtain money for a football banquet to be given December 14. After failing in many attempts to make a lot of money, the girls have not admitted defeat, but started on another scheme. Selling cakes is becoming a big business proposition to the local boosters. Members of the squad work diligently in making beautiful cakes that will grace many prominent tables in Clarendon. If you have not yet tried one of their famous cakes, phone Eugenia Noland and order one right away.

Johnnie Blocker and Mike Stricklin, who attend Oklahoma U. and Texas Tech respectively, were home for the holidays.

INTEREST IN DEBATING EVIDENCED IN SCHOOL

Before the advent of spring and the compulsory Interscholastic League activities, the debate division has begun its work. Bulletin boards with argumentative material on the subject, "Resolved, that the Government Should Own and Operate all Electric Light and Power Utilities," have been received.

Prospective high school debaters under the capable leadership of Miss Ineva Headrick are Johnny Lott, Jimmy Bourland, Keith Swinburne, Eloise Hill, Athlyn Drennan, Nell Cook, D. W. Tomlinson, and James Francis Bartlett.

College boys who have become interested in the Townsend Act will combine their knowledge of debating forms with statistics of the pension bill tonight in a debate at the college auditorium. Wylie Buchanan, Robert McKee, Alex Cook, and Robert Nichols are those who will take part in the debate. A college debating club is to be formed, and an effort to compete with other college teams will be made.

Miss La Verne Lott, a former student of C. H. S. who is attending Lubbock Tech, attended the big football game at Tucson, Arizona, on Thanksgiving day.

Benefit Show For Bronchos

A benefit show for the football team and pep squad will be held at the Pastime Theatre Friday night, December 14. This show will be one of the best events of the school year, for in addition to the feature attraction, the football picture, "Saturday's Millions," there will be a gala Hollywood premiere. There will be a microphone in the lobby which will carry to the public in the street the comments of the pseudo movie stars who will flock to the theatre on this occasion. On account of the depression these stars will not be able to come to the theatre in their Rolls Royces. (Those who are planning the premier were unable to find a Rolls Royce in the Panhandle).

Tickets for this event will be sold by the pep squad girls.

Geraldine and Tillie Pratt, Frances Sanford, Ardis Patman, Sam Barrow, Price Whitlock, and Arthur Chase went to Chamberlain Friday night.

Hivana Stroope's mother and little sister from Corona, New Mexico, visited her last week-end.

**WORKERS SCHOOL
OVER THE COUNTY**

SCHOOLS ORGANIZED AT GILES, HEDLEY, HUDGINS —OTHERS PENDING.

Prof. Earl Jones, County Counselor for Adult Education in Donley, reports that schools have been organized at Giles, Hedley, and Hudgins with several others in process. Here in Clarendon 12 have enrolled so far, but not enough in any one subject to get started, since eight are required. Bookkeeping is short 4, Typewriting, 4 English 5, History 5 and Agriculture Economics 3.

Approved teachers in the county now are Prof. and Mrs. Jones, Maude Crawford, Gladys Wright and Mr. Hatley. Seven others are to be approved soon. Speaking of the projected work in Donley County, Prof. Jones says:

"Adult Education offers to men and women in industry, business, commerce, domestic service and other occupations an opportunity to train themselves in clear thinking through the study of these questions closely related to their daily lives as workers and as citizens. The instruction program is based on an attitude of scientific inquiry in the light of all the facts, and implies complete freedom of teaching and of discussion. Its purpose is to stimulate an active and continued interest in the economic problems of our times and to develop a sense of responsibility for the solution of these problems. It provides new educational opportunities for men and women working in factories, stores, offices, farms, and small shops.

"The worker in America today faces the problem of industrial recovery with high hopes but with great bewilderment. If they are to understand their new civic and industrial responsibilities, they must be given new opportunities to study all the facts of current industrial and social questions.

"This is what we expect to do in the Adult Workers Schools in Clarendon and Donley County. Classes are offered in English, History, History of the Great Plains, Government, Public Speaking, Agriculture, Economic, Dramatics, Music, Current Events, Bookkeeping, Home Economics and Home Making, and Typing.

"There are no books to buy or study. We have a quantity of material on Economics, Government and Agricultural material that we intend to present to the class to study by a round table, informal discussion.

"Each student is to meet one night or more if he or she wishes, for a period of eight weeks. "The students will have to enroll this week, so we can begin classes in the regular schedule Monday night.

"Our regular meeting place is the rear room in the Latson building. Some one will be there each night this week to enroll students.

"Remember, this is free to all men and women, whether employed or not employed, whether you are on the relief rolls or worth a fortune. If you are interested in studying Old Age Pensions, New Deal in Agriculture, banking, business, and any problem that confronts us today or you want to study any of the other subjects listed above, please enroll this week if at all possible."

**The Bankhead Act
Vote Is Discussed**

The Agricultural Adjustment Administration has announced that the referendum on the Bankhead Cotton Control Act will be held throughout the cotton belt on Friday, December 14, according to County Agent Jake Tarter today.

The hours of voting, previously announced as from 8 a. m. to 6 p. m., have been changed from 9 a. m. to 5 p. m. Printed ballots and regulations governing the referendum are being sent to the voting area. County committees of the district will be in charge of the holding of the referendum.

"The central question involved is whether farmers feel that the adjustment of cotton production under the voluntary contracts is sufficient to meet the requirements of the present emergency or whether they want the mechanism afforded in the Bankhead Act as a supplementary control," Mr. Smith said.

The provisions of the act permit its continuance if two-thirds of those who have the legal or equitable right to produce cotton favor its continuation, and if the

**District Meeting
Largely Attended**

One of the largest gatherings ever to attend a Pastors and Laymans meeting in the Clarendon District of the Methodist Church convened here Tuesday on call of Presiding Elder T. S. Barcus. The session opened at ten o'clock at the First Methodist Church and closed at 3:45 p. m. with a short intermission for lunch served in the basement of the church by the ladies of the local church.

In the morning session the devotional was led by Rev. Barcus, and the discussions of the day were led by Revs. C. E. Jamison and E. D. Landreth, the former speaking on the Campaign for the Southwest Christian Advocate in the early days of December while the latter brought attention to the claims of the Methodist Orphanage at Waco, the annual offering to be taken in all the churches before Christmas.

The Layman and his relation to the new financial plan and other activities of the church was discussed by Sam M. Braswell, District Lay Leader, and John Forbis, associate Lay Leader, with a round-table discussion by charge lay leaders present. The District was divided into three groups to be served by the lay leader and his two associates, and the group voted as a goal the early campaign for the benevolent collections, with Easter set, as the date for full pledges to be in, with half cash in hand not later than the District Conference in April.

After lunch the district board of stewards met in official session, apportioned the benevolent askings to the charges and set the Elder's salary for the year.

Rev. W. E. Hamilton, Conference Secretary of Christian Education, followed Rev. Gaston Foote of Pampa, who spoke of the need of the church in a better trained teaching staff for the Sunday School. Rev. Hamilton will arrange with the Elder for at least three Standard Teacher Training Courses within the District during the year, and such other courses as may be arranged later.

Presiding Elder Barcus expressed himself as being impressed with the first meeting of the pastors and laymen of the district and as much encouraged over the outlook for a great year spiritually and otherwise over his district.

President finds that the emergency in cotton production will continue to exist. "An eligible voter, as defined by the Agricultural Adjustment Administration," Mr. Smith said, "is any person who signed a 1934 and 1935 cotton acreage reduction contract, or anyone who is or was eligible who can present proof that he owns and has a right to produce cotton on a cotton farm or that he has made arrangements to produce cotton on a cotton farm in 1935 by entering into a lease or share cropping agreement."

In case ownership and the right to produce cotton on a cotton farm are held jointly by two or more persons, all such persons are entitled to vote. The term "cotton farm" means any farm on which cotton has been produced commercially one or more years since 1927. Individuals who are in doubt about their eligibility to vote can obtain information from the community committee which will have a list of eligible voters.

**5000 BAPTISTS AT
LUBBOCK MEETING**

YOUNG BAPTISTS IN SESSION AT LUBBOCK NOV. 29 TO DEC. 1.

Perhaps one of the most significant meetings in the state last week was the coming together of more than 5,000 young Texas Baptists in Convention at Lubbock. If one is inclined to be skeptical about our young people of today a look in on a meeting like that would have been a good tonic for such person. All of our young people are not headed for the rocks, nor are they headed for the devil and the dogs.

This group of young life went on record as being unalterably opposed to the liquor traffic and all its destructive forces, and pledged themselves to abstain totally from it and use their Christian influence for temperance throughout the State and Union. Horse racing and gambling of all sorts were attacked by the speakers who were heartily supported in their attitude by the Convention.

The whole church supporting the whole program was the challenge given by Dr. T. C. Gardner, who is secretary of the Young Peoples work in Texas. He set as a goal for B. T. S. groups 50 per cent of Sunday School attendance at B. T. S. meetings in full time churches and 75 per cent of Sunday School attendance in B. T. S. sessions for part time churches.

Dr. Gardner pointed out that 38 of the 107 Associations had conducted B. T. S. revivals during the year and that 1,175 churches had been represented. The net increased membership in the state group was 12,646. He reported 7,758 Baptist Young People's Unions with a total membership in B. T. S. of 145,605.

Rev. W. M. Wright of Paris was named president of the Baptist Training Service for another year. The name of the organization was changed to Baptist Training Union. Dallas was the successful bidder for the meeting next year.

**FARM POND BODY
FOR PANHANDLE**

MEETING CALLED AT PERRYTON, DEC. 11TH TO PLAN REGIONAL ACTION.

Perryton, Texas, Dec. 3.—Farmers, business men, civic organizations and public officials from every town and county in the great Southwest drought area are invited and urged to be present at the organization meeting of the Great Plains Farm Pond Association which will be held in Perryton, Texas, on Tuesday, December 11, starting at 10:00 o'clock in the morning and lasting throughout the day.

The idea of the association originated at a meeting held at Beaver, Okla., recently in which a group of far-sighted farmers and business men banded together to start the movement which is hoped will ultimately result in small ponds and lakes being built on every farm in the southwest and the terracing of all rolling lands now in cultivation, to con-

serve every drop of moisture where it will actually do some good, on the farm, and in this way tend to prevent the recurrence of such a devastating drouth as this section has undergone in the immediate past.

If a representative organization can be perfected at the Perryton meeting on December 11, work will be started at once to obtain a Federal appropriation when Congress convenes next month, to carry on this work in every county in the Southwest.

An attempt is being made to have every congressman and senator in the area affected present for the meeting. This area includes the entire Texas Panhandle, eastern New Mexico, western Oklahoma and western Kansas.

It is understood that the present administration is favorably inclined toward such movements and while a number of water conservation measures are now being considered it is thought that they will tend more toward damming streams and creating large lakes and reservoirs instead of holding the flood waters on the farm where it can be utilized in crop production, in raising the

level of the water table throughout this section, and at the same time prevent erosion and soil blowing.

W. B. Quigley and Mrs. Horace Tarver of Memphis visited in the home of Mr. and Mrs. J. L. McMurtry Sunday.

Mr. and Mrs. S. J. Cole and family of Amarillo visited in the home of Mr. and Mrs. Sam M. Braswell on Thanksgiving day.

Mrs. Sam Braswell, Jr. and son, Sam Harben, spent the Thanksgiving holidays visiting Mrs. Braswell's mother at Pampa.

Mr. and Mrs. Bert Boomer of Groom spent Thanksgiving with Mrs. Boomer's parents, Mr. and Mrs. Walter Taylor.

John R. Ragland, who is attending Texas Tech this year, spent the Thanksgiving holidays with his parents.

"Sufficient rain has now fallen in many parts of Texas for fall gardens to be planted," says J. F. Rosborough, Extension Dept.
