DONLEY COUNTY GETS SHARE OF BARROW RUMORS HERE THIS WEEK

"POSITIVE", SURE LEADS BLOW UP; OFFICERS BUSY

"STRAIGHT TIP" SATURDAY
IS FALSE ALARM; AGAIN
WEDNESDAY

Rumors and more rumors. Nothing but rumors, partly unfounded, have filled the air hereabouts this past week regarding the possibly the almost phantom bandit leader, Clyde Barrow, and his picturesque moll, Bonnie Parker, had been in this section.

On last Saturday afternoon, when the crowds were the thickest on Main street, a rumor spread quickly on the street that Clyde Barrow had killed a deputy sheriff in Hollis, Okla., and was headed this way. In fact, so the story went, he was even seen in McKnight, in this county, shortly after noon Saturday.

Sheriff Guy Pierce and Deputy Guy Wright began immediate patrolling the highways. Airplanes, flying overhead, added to the interest in the rumor. It was being told they were also looking for Barrow's car, when, as a matter of fact, they were advertising a barn-storming show for Sunday afternoon.

Sunday morning the atmosphere cleared when press reports showed Barrow was in Kansas.

Tuesday afternoon, Former Deputy Sheriff Waters brought reports to town a "foreign" car was seen parked at the dump grounds north of town, with three men in it, acting in a mysterious manner. Others saw the car. Sheriff Pierce couldn't go out at once because his car was in the garage. When he drove out sometime later the strangers had disappeared. However, the same trio held up a service station at Jericho, the Reeves Service station, that night between 8 and 8:30 and got away with a free tank of gasoline, using a gun to intimidate the attendant.

But that car, evidently was not Barrow's nor any of his crowd.

Wednesday afternoon, the latest "trace" of the elusive Barrow, was reported to Sheriff Pierce. A black sedan, with a "Dallas number" on the license plate, occupied by a young man and a woman, "surely Barrow and his moll," was seen parked on the Brice road several miles south of town.

Sheriff Pierce and Deputy Wright "piled out" and hurried to the scene only to find the car gone.

Wednesday, it developed, that a stranger had stopped at a service station "right down town" early in the week and had deliberately drank from a pint bottle while the attendant filled his tank. The service station man warned the stranger that "the sheriff's office is right over there; you'd better be careful," only to get this reply: "H—l, tell him I'm Clyde Barrow. Tell him to come on and get me."

So the story goes. It's just in the atmosphere!

New City Dads Now On Job; Take Oath Tues.

The two new city commissioners, Harry C. Brumley and Tom F. Connally, were sworn in Tuesday morning.

Mr. Brumley becomes water and light commissioner, succeeding A. L. Chase, former commissioner.

Mr. Connally becomes street commissioner, succeeding Joe Holland, former commissioner on this end.

ZEKE SEZ

Two of the most appropriate visitors to the Legion Hall in Clarendon in months were State Commander Van Perkins of Cameron and State Service Officer Wynne Goode of Austin, who visited the Hall last Friday afternoon following a luncheon at the Antro Hotel at noon. The two State officials of the Legion were very much interested in all the citations which the local post has won during its many active years. Really the post here has been one of the most active anywhere in the whole southwest, considering the number of ex-service men in the county.

Dr. Oscar Jenkins represented Clarendon's medical fraternity at the sixth annual meeting of the Dallas Southwestern Clinical Society the other day. In talking about the convention, Dr. Jenkins declares "it was like attending school from 8 o'clock in the morning to 6 and then going back at 8 and staying on until 10 or 11 at night." It was too much for me," he added. "I wonder now how I ever attended college and sat and listened to lectures long hours each day. It would be tiresome now indeed." However, Dr. Jenkins says the week in Dallas was very much worth while as he heard 14 of the greatest and most distinguished physicians in America, including the famous Dr. C. H. Best of Toronto, Canada, co-discoverer of insulin.

Hubert Hunt was here Saturday from Jericho to report they had a fall inch of rain on Tuesday night of last week. "But we'll need some more," he added, "as the ground underneath is plenty dry. Wheat is looking fine now."

HEDLEY LEGION DEDICATES NEW HOME OF POST

STATE COMMANDER PERKINS
PRINCIPAL SPEAKER ON
MONDAY NIGHT

One of the biggest affairs staged in Hedley in weeks was the dedicatory ceremonies opening the new Legion Hall in that town on Monday night of this week when a crowded house greeted the speakers.

State Commander L. Van Perkins delivered the principal address, being introduced by Acting Post Commander Householder of the Memphis post.

The Hedley Post recently acquired an old church building which has been remodelled for use as the home for the post. The general public was invited to the ceremonies Monday night.

Dr. Guy Stricklin represented Aubyn E. Clark Post on the program. Wynne Goode, State Service Officer, of Austin, also was on the program.

Among those from Clarendon attending the program were: Mr. and Mrs. C. Huffman, Sheriff and Mrs. Guy Pierce, Judge and Mrs. Sam Lowe, Mr. and Mrs. Joe Bownds, Mr. and Mrs. Milt Mosley, County Sup't. and Mrs. Sloan Baker, B. C. Antrobus, J. Martin, Price Morris, Dick Chunn, Flem Caraway, Bill Word, Pinky Price and Ralph Kerbow.

Dr. A. W. Hicks visited his brother, Dr. L. M. Hicks in Memphis Sunday.

Mr. and Mrs. Ben Williams of Pampa were Clarendon visitors Sunday.

Opening guns in the 110-day race for Governor of Texas were fired this week.

Lt. Gov. Edgar E. Witt of Waco delivered a short address over the radio at Dallas last Saturday night in his campaign for the office of Governor.

Attorney General James V. Allred of Wichita Falls delivered his opening address before a large crowd at Bowie, his old hometown, Monday afternoon.

All Cantaloupe Growers Urged To Attend Meet

A meeting of all those interested in growing cantaloupes this summer for the outside markets are asked to attend a meeting to be held at Lelia Lake on Tuesday night of next week, the 17th. E. S. Clark, Lelia Lake agent for the Denver system, joins with Frank Hardin in issuing the call for the meeting.

"M. B. Oates, agricultural agent for the Denver lines, with headquarters in Wichita Falls, will be present to discuss the matter of bringing a buyer to Lelia Lake during the season," says Clark.

Seed of the kind already decided on by the cantaloupe growers will be on sale at this meeting.

"We must have a uniform variety in order to ship in large lots," says Mr. Hardin.

VOLUME FROM HOUSTON FAMILY COLLECTION TO BE GIVEN TO SOCIETY

Among those from Clarendon who will attend the annual banquet of the Panhandle Plains Historical Society at Canyon Friday night will be W. H. Patrick, local well-known banker and citizen, who is carrying along an heirloom of the Sam Houston family, a 100-year old book, donated by Temple Houston Morrow of Dallas.

While the volume deals with knowledge (at that time, 1885) of the sciences and beliefs on religion, philosophy and witchcraft, it is very unique and valuable because it was preserved by Houston's family. It will find a permanent resting place in the home of the historical society at Canyon. The volume contains an inscription in the hand-writing of Temple Houston, dated May 27, 1886.

Mr. Patrick will leave home Friday morning for Canyon. The principal speaker at this banquet will be Ray H. Nichols of Vernon.

Evangelist

REV. FRANK M. NEAL

Evangelist Is Lions Speaker Here Tuesday

A large attendance of Lions Club members met in temporary luncheon quarters at the Antro Hotel Tuesday of this week, where a very interesting program was presented by Program Chairman Drennan. Bob Watkins of Hedley sang two numbers drawing the applause of the Lions, and Evangelist Frank M. Neal of Amarillo made a humorous address in the time allotted him that was a gem. These two visitors are here for a two week's revival meeting at the Methodist Church.

H. H. Monk of Childress, an official of the West Texas Utilities Co., was a guest of President Nored and spoke briefly.

A special meeting of the board of directors was called for the purpose of making arrangements for a permanent meeting place since losing the club home for the past few years in connection with Caraway's Cafe.

Later announcements of the action of the board set the Antro Hotel as meeting place for the luncheon and the regular Tuesday present at 12:10 will be held there in a room especially prepared for the club.

Crowds Attend Revival Under Rev. Frank Neal

Increasing crowds mark the two-weeks revival series now under way at the First Methodist Church here with Rev. Frank M. Neal of Amarillo doing the preaching.

The series began last Sunday. Week-day services are at 2:30 and 7:45. The evangelist is preaching in the afternoon on the Holy Spirit. Wednesday night he delivered a powerful sermon on "Back-sliding" when he made the first invitation of the meeting, which brought one reclamation and many quiet renewals of vows among the membership.

Bob Watkins of Hedley, a silver-voiced song leader, sings a solo at each service. Rev. E. B. Bowen, pastor, is well pleased with the progress shown in the meeting.

ONE OF BRIEFEST TERMS IN YEARS HELD THIS COURT

YET GREATEST CROWDS IN
FIVE YEARS FOR 3 DAYS;
ONE DIVORCE GRANTED

One of the shortest sessions in recent years marked the Spring term of district court which came to an end on Monday of this week.

Judge A. J. Fires left for his home in Childress after overruling the motion for a new trial for G. W. Shoffit.

The grand jury had already made its final report, making only one recommendation, probably with the idea that least said is the better off the county.

"We have examined the county jail," read the report of the grand jury, "and find same in good condition both with respect to sanitation and care of prisoners, but we recommend the walls of same be substantially braced."

Only one defendant on the criminal docket was given a penitentiary term without addition of a suspension of sentence. That was Dr. Shoffit, whose attorney immediately gave notice he expects to appeal. Suspended sentences were dealt out to three other defendants, Clayton Head being given one year in addition to suspended terms already given two others, announced last week.

There was only one divorce this term. That is, only one granted. A dusky maiden and her spouse disagreed and His Honor agreed they had a right to disagree, according to the record in District Clerk Walker Lane's office.

Only half a dozen, a mere handful, of civil cases were disposed of, several of them effecting postponement of foreclosures, taking advantage of the State moratorium law.

The term does not officially terminate for ten days yet, but Court House folks say Judge Fires, District Attorney John Deaver and Court Reporter Easterling have all gone home, not to return this term.

But, during the brief term of court, Court House folks declare the greatest crowds in five years or since the trial of a woman here for murder that long ago, visited the district court room last week for at least three days.

Sheriff Guy Pierce and Deputy Guy Wright report a very busy time last week. Both had to appear in court as witnesses in addition to their many other duties, multiplied because of the criminal docket. On top of that, there has been at least one serious rumor that Clyde Barrow was headed this way—last Saturday afternoon—which called for more hours on duty for the two officers.

WITH OVER 60 BUSINESS MEN PARTICIPATING

BIG EVENT TO BE FIRST OF
A SERIES, SAYS CHAIR-
MAN OF COMMITTEE

Next Wednesday, April 18th, marks the date of the first of a series of monthly trades days for Clarendon, according to announcement by Allan Bryan, chairman of the executive committee of the group of merchants sponsoring the movement.

Over 60 local merchants joined the Clarendon Trade League, which is the instrument for operating the trades day programs.

Many of the merchants have taken advantage of the newspapers to let the people of the trade territory know what they have to offer them as inducements to come to this city to do their trading. One merchant here says he knows of one case where at least \$50 was spent here one afternoon by a Hedley citizen who had been going to Memphis beforehand. This Hedley citizen wished to get in on the trade day program here.

"It makes little difference to me whether I go to Clarendon or Memphis," this citizen said. "If I can get extra favors by coming to Clarendon, why I'll come and bring my family here each time I see something I can't get in Hedley."

This little example tells the whole story as to the value of the trades day movement.

Postal authorities forbid newspapers carrying the details on trades day programs. These may be had from any co-operating merchant.

But the date is next Wednesday. Remember that. And be here.

Clarendon Next Meeting Place Of Legionnaires

Clarendon will stage at least one big convention next fall, probably in October!

The American Legion of the 18th district, including all of Northwest Texas, will hold its convention in this city next Oct., it was decided at the semi-annual convention held last Saturday and Sunday at Canadian.

Post Commander G. L. Boykin of the Aubyn E. Clark post led a delegation of 18 local legionnaires and their wives to Canadian, carrying the invitation for the group to come here. Others in the delegation included: Mr. and Mrs. Cecil Beach, Mr. and Mrs. J. Fish, Mrs. James Trent, Mrs. O. L. Fink, Clyde Price, Price Morris, Clifford Decker, Guy Smith, Ernest Naylor, B. C. Antrobus, Ralph Andis and Ralph Kerbow.

"We will have at least 400 delegates here for the convention next fall," says Boykin. "There were 280 registered at Canadian and that place is far out of the way. Clarendon is centrally located, so will get a much larger crowd."

Van W. Stewart of Perryton was elected district executive committee member at last Sunday's convention. Harry Dudley of Paducah was named assistant executive committee member.

Among the resolutions adopted at the closing sessions were those favoring the establishment of a veterans' hospital in the Panhandle-Plains area; the increase in allotment of C.C.C. workers in the drought-stricken area and payment of the veteran's bonus.

"It Don't Take Guts To Do That" Exclaims Local Youth As He Lands From Making First Parachute Jump Of His Life; Hopes To Make It Everyday Work

"I'd like to see the guy who said it took guts to do that!"

This was the proud exclamation, in a deliberate tone, of Hubert Ford, 20-year old farm boy of Clarendon as he hit good old Mother Earth from a long flight up into the ether, his first airplane ride to say nothing of being his first chute jump.

Hubert has lived with his parents, Mr. and Mrs. W. B. Ford, around Ashtola for several years, the family moving into Clarendon recently.

"I had never had a ride in an airplane," he said later. "When I got a job taking up tickets and selling them for the airplane folks Sunday afternoon, I asked them if I could make a parachute jump for them. Several other boys also wanted to make the jump because they offered us pay for it. They selected me."

Pilot R. R. McInnis of Fort Worth (all three of the visiting barn-stormers were from Meacham Field at Fort Worth) took Hubert aloft in the Travel-Air, open cockpit plane.

After tying two chutes on Hubert, McInnis told him: "Now, after you jump off the ship, just count one, two,

three—like that, and then pull that ring in front of you. It will open the chute. If anything happens the first chute doesn't work, pull the ring on the other one but don't pull the other one unless the first one fails to work."

Hubert nodded his understanding of the orders.

"When I got ready to jump, tipping myself on the edge of the ship, I looked off into space," he said later. "Well, there is some kick to that. Especially in those first few feet after you leave the airplane behind you."

"What do you mean, kick?" he was asked by the NEWS man. "Well, a queer sort of feeling about the throat. You can't tell me there's not a kick in that jumping."

He went on: "I was about 75 feet away when the chute opened. I lost no time counting one-two-three. Then I pulled the ring which opened the thing up. After that it was easy."

"No, it didn't hurt me when I landed. They told me to relax as I hit the ground. I did and turned around so that when they didn't get in on the

lucky.

to my knees and I scratched one of them a little."

As the crowd which thronged the emergency landing field near town, where the barnstormers did a rousing business Sunday afternoon watched Hubert come down, they saw the youth swing back and forth like the pendulum of a big clock. It looked just like the chute would turn over, at times, but it never did. It looked like the boy was going to strike a barbed wire fence but he missed the fence a few feet. It looked like he was going to land in a bunch of prickly pears but he missed them, too.

Monday morning, Hubert told of plans to follow up his first experience with airplanes and chutes.

"I am going with them on a tour," he said. "We will be in Memphis next Sunday and I am going to jump again. They promised me \$10 for each jump and a percentage on tickets I sell. Yes, I am going to learn to fly."

Hubert's luck is the envy of all other boys of his age in Donley County now. They wonder why they didn't get in on the

DO WE WANT A GUARANTEE?

We talk a lot of what it takes to restore prosperity to our nation and other nations of the earth, but so far we have not considered, nor accepted, the only sure and certain way to recovery, as outlined in the Book of Books.

The Scriptures speak plainly of the necessity of people humbling themselves, confessing their sins, and turning from their wicked ways, as the requisite preface to the healing of our land.

We may assist recovery, we may use political and economic nostrums as aids, but if we want a guarantee, we may find it and claim it in the old time-tested Way.

CLARENDON—CITY OF TREES

Clarendon used to be known as the "Athens of the Panhandle," and later as the "City of Trees," both cognomen bespeaking a city of culture.

Recently the Lions Club of Clarendon, with the co-operation of the city commission projected a plan of beautifying the right-of-way entrance of the new Highway Five from the West, and with the co-operation of the landscape engineer of the state highway department, have a plan that will take several years to bring to culmination.

This week two hundred trees are being set and with the extra twenty-five feet on each side of the hundred foot right-of-way, a beautiful introduction into our city is promised all motorists from the West, and a corresponding benediction to our departing visitors who travel Westward.

"Clarendon—City of Trees" is a slogan worth enlarging, improving and repeating.

"WILD-CAT" ADVERTISING

Several weeks ago a certain Rocky Mountain concern broadcast to hundreds of newspapers an advertising schedule with checks covering same attached. The catch in the deal was the check was pre-dated to sometime in June, and there were also promises of earlier payment if the shekels rolled in fast enough.

Many newspapers thought this looked too easy, and waited to make some investigation before running the copy, and The News wrote for a confidential report from a recognized national commercial rating agency. Our report was rather disquieting, and about that time the monthly bulletin and magazine of the Texas Press Association comes along with a warning to "lay-off" the business in question, so the juicy check for nearly eighty dollars which would look even larger in the hot month of June, will have to be laid away in the tomb of "hot checks" as another reminder of the methods of the "wild-cat" advertiser.

It is hard enough to secure, produce and collect for legitimate advertising without taking a long shot at the kind that proclaims itself "wild cat" on its very face.

ALLRED OPENS CAMPAIGN FOR GOVERNOR

Attorney General James V. Allred opened his campaign for nomination for Governor of Texas at Bowie Monday of this week, and from his record as a campaigner, the days of quietude in political circles in this state are at an end until after the primaries.

"Jimmy" Allred launched his campaign on vital issues to every voter and at a time when the public mind is filled with the demand for relief from taxation and the sure of lobbyists in Texas. Frankly, there is such a connection between high taxes and lobby-ridden legislature that they must be considered together if any relief is to come. Of course, there are lobbies and lobbies but the ones Texans have come to fear, are the ones maintained by corporations and interests who seek to exploit the resources of the state and to secure privileges.

Mr. Allred's proposal to provide a law against lobbying without loopholes will find favor in Texas, and his startling statement that "nearly two-thirds of the wealth of Texas is not found on the tax rolls," prefacing his plan of setting up a more general, uniform and equitable system of Taxation will bring instant support from voters in all walks of life.

The News believes that the next governor of Texas has opened his campaign and since we never speak in riddles, we might amplify by predicting that he is none other than the now Attorney General, the Honorable James V. Allred.

We're patriotic, but still we'd prefer gold eagles to blue ones.

POLL TAX PAYMENTS SHOW HUGE INCREASE

There is a battle royal coming at the polls, primary and final, in Texas this year. A Texas law requires tax collectors to make a report of poll tax payments on the last day of March. Well, the collectors submitted their reports to county election boards. All the major cities of Texas show a tremendous voting population—in poll tax payments and the exemptions issued. Four major cities, on their returns, indicate a combined vote of 300,000. Minor cities show great gains over past years. According to the politicians who watch the returns and interpret them, there are more than 1,250,000 tax receipts and exemptions in the hands of men and women who are qualified to vote in the primary elections and at the general election in the coming month of November. During the depression years and the legislation enacted by the New Deal administrations Americans everywhere have become government-conscious. They are preparing for the battle of ballots in July; for the second battle of ballots in the run-off election in August; and for the final showdown in the fall of the year. A most encouraging sign.

Texans who love their state and its institutions should vote for Texas and the Texas to come.—Wichita Falls Record-News.

"THAT STOPS THE BREED"

State Senator Walter Woodward of Coleman is a candidate for attorney general of Texas subject to the action of the July primary. He is on the road interviewing the Democratic men and women of Texas. He was interviewed by a reporter of the Texarkana Press. He came across with a statement that "Now is the time for Texas to reorganize its police force to curb the increasing crimes committed by professional criminals." He has a plan. Read it: "Activities of public enemies such as Barrow, Hamilton and Trammell a state police system second to none in the United States are evidence of the necessity for this state to establish and in connection with that a central identification bureau. Local authorities are powerless to cope with such desperadoes. Juries should inflict more death penalties. That stops the breed."

All candidates for major or minor office should speak out. They should make their pledges in advance of the primaries. Those who are elected should redeem their pledges after they have taken the oath of office—to uphold the law and to serve loyally Texas and its people.—Wichita Falls Record-News.

Some things worth remembering: The value of time, the pleasure of working, the worth of character, the influence of example, the dignity of simplicity, the power of kindness, the success that comes from perseverance, the obligation of duty, the virtue of patience, the wisdom of economy, the joy of originating, and the profit of experiences.

When Uncle Sam drives an individual out of business by selling below cost of production, who pays the taxes of the "evicted" business man? Ask us an easy one. The consumer is the "last man." He pays it.

Playing ball on the basis of the Golden Rule just isn't in the cards for some people. They would "gyp" their own grandmothers if they were able to see some advantage for themselves.

Business Pulse Reflects Labor Unions Strikes

AUSTIN, Texas, April 4.—Uncertainty regarding the immediate future trend of business and industrial activity has been gradually developing during the past three weeks as a result of impending reform legislation in Washington, according to Dr. F. A. Buechel, assistant director of the University of Texas Bureau of Business Research. In his monthly review of general business conditions, written for the Texas Business Review, which is published by the bureau, he said: "During last week this situation was intensified and reached an acute stage because of the labor crisis which threatens to disturb industrial relations at a time when outputs in the important automobile and steel centers are approaching their seasonal peak. Although the government spending program may offset the prospective decline in private initiative, a pause, at least, is likely in the general upward trend of business.

"The attitude assumed by the administration in settling the threatened automobile strike has extraordinary significance at this time. Any evidence that the administration distinctly favors union domination would stimulate strikes throughout the country and greatly prolong the dura-

tion of those now in progress. Significant also is the fact that hours of labor and rates of pay are not at issue in the present crisis, for the automobile industry apparently has met the demands of labor and of the NRA in these respects. Only certain features involving the principle of open versus closed shop are still in dispute.

"Industries connected with the production of consumer's goods already have traveled a long way on the road to recovery. The heavy industries, however, and especially those engaged in the production of capital goods continue to lag for behind. Employment conditions in private industry from now on may be expected to improve largely in proportion to the extent that the capital goods industries get under way."

There are nineteen forts in widely scattered points about Texas, four of them established during or since the World War. Abandoned forts and frontier day outposts number up to forty-two.

The University of Texas is one of the few schools in this country teaching courses in Slavonic languages. They were added to the curriculum before the war at the instanc of Edgar Witt, now Lieutenant Governor, and seeking the Governorship, but then in the Legislature.

900 Chicks Broil When Blaze Sweeps Otto Chicken Pens

One of the greatest catastrophes of recent weeks in the county was the destruction of nearly 900 chickens, 300 of them fryers and 450 broilers, in a fire which razed the hen-houses on the A. L. Otto place, just west of town, last Monday morning.

Mr. Otto reports he was away from home at the time.

"A brooder stove was evidently overturned in some manner, setting fire to the chicken house before my wife knew anything about it," he said. "In fact she did not know of the blaze until Doc Robinson came along the road and saw it and stopped to tell her."

"It was too late then to save but a handful of the chickens. We saved exactly 21 of the 900. The chickens were Jersey white, Giants and mixed."

"That was to have been our summer's cash crop," he added. "Now we are nearer out of the chicken business that we have been in years."

The fire occurred about 11 o'clock Monday morning.

Sheriff's Wife Seriously Hurt In Car Accident

Mrs. Guy Pierce, wife of Sheriff Pierce, is recovering from serious injuries incurred when she and her husband were returning Monday night from Hedley where they attended an American Legion meeting.

Sheriff Pierce, in dodging a parked car on the highway, accidentally rammed the rear end of a third car, belonging to Ernest Pope, which had slowed down a few yards further on down the roadway.

"I didn't see Mr. Pope's car until I was right on it," says the sheriff. "My wife first saw it and screamed but it was too late then."

The Sheriff's car was damaged badly in the impact. Mrs. Pierce was thrown against the bullet-proof windshield of their car, causing a bad gash across her forehead and numerous other cuts and bruises about the body. Neither Mr. Pope nor the Sheriff were hurt except to be badly shaken up.

SOCIETY

LORRAINE PATRICK, Editor

R. A. Baker Weds Miss Velma Grace

With only the immediate families and a few friends attending, Miss Velma Grace of Amarillo was married to R. A. Baker of this city, Saturday afternoon, at six o'clock, at the Church of Christ Study in Amarillo, Rev. Robert C. Jones read the double ring ceremony.

Miss Floy Brackeen of Amarillo attended the bride, wearing an ensemble of blue and gray. The best man was Loren Baker of Amarillo.

The bride wore a white wool suit with a tea rose sash and fern. Mrs. Baker is a graduate of Oklahoma A. & M. College and for the past sixteen months has been employed in the Amarillo office of the Texas Relief Commission.

The groom graduated from Texas A. & M. College at Bryan and for the past few months has been located in this city as head of the Donley County Relief Board.

Immediately following the wedding ceremony, the grooms' parents, Mr. and Mrs. John H. Baker of Amarillo entertained with a dinner at the Capitol Hotel.

Mr. and Mrs. Baker are at home in Clarendon at the Antro Hotel.

Davis—Sparks

Announcement is made of the marriage of Miss Jean Sparks, daughter of Mr. and Mrs. J. F. Sparks, to Arthur Davis, son of Mr. and Mrs. W. K. Davis, on Monday, March 26th, in Amarillo.

The bride is a popular member of the younger social set and the groom, who graduated from C. H. S. last year, was a star player on the Broncho football squad.

The young couple are making their home at the Clifford Davis place east of town. The News joins with their many friends in wishing for them many years of happiness.

Mrs. Dyer Is Hostess To Club

The 1912 Needle Club spent a most delightful afternoon Thursday as guests of Mrs. Minnie Dyer, at the home of her daughter, Mrs. T. H. Ellis.

Fancy needle work and pleasant conversation made the afternoon hours speed quickly by. A delectable two course luncheon was served to:

Mesdames M. H. Rhodes, S. L. Warren, L. L. Swan, J. W. Evans, Sam Dyer, W. H. Cooke, invited guests; and Mesdames C. W. Taylor, B. La Jenkins, A. R. Letts, A. A. Mayes, Anna Hall, and A. L. Chase, members.

Demonstration Club

The Chamberlain Home Demonstration Club met at the school house Thursday, April 5th, with eight members and five visitors present.

The program for the afternoon consisted of a play presented by three students of Chamberlain and a very interesting and instructive talk by the County Health Nurse, Mrs. Stocking on Children's Diseases.

Mrs. Wilson will be hostess to the Club, April 19th.

Federated Clubs to Meet April 16-18

The thirteenth annual convention of the Seventh District of Woman's Clubs will be held in Amarillo April 16-18. An interesting and informative program has been planned with "Growth" as the convention theme.

Mrs. James Trent and Mrs. U. J. Boston of this city are Chairmen of the War Veterans and Radio committees respectively. Club delegates from Clarendon include Mrs. W. C. Thornberry of the 1926 Book Club and Mrs. Tom Goldston of the Pathfinder Club.

The three-day meeting will open informally with a "Every Woman's Luncheon" at the Amarillo Country Club on April 16th at 12 o'clock.

The Central Presbyterian Church will be convention headquarters. In the meetings, stress will be placed on the individual club reporters. Three minutes will be allowed each reporter. The program will be interspersed with a variety of social affairs. One luncheon will be served at the Amarillo Country Club, two luncheons and one dinner will be given at the church.

Farewell Picnic

Miss Wylfa Lee Alexander, who left Saturday for Dallas where she has a Government position, was honored at a picnic Friday evening at the Word Ranch.

B. & P. W. Club

Fifteen members attended the meeting of the Business and Professional Woman's Club Tuesday evening, with Opal Pyle as hostess.

This was strictly a business session, presided over by Beatrice Antrobus. Plans were made for the Lubbock convention and Julia Mae Caraway was appointed chairman of "On to San Antonio" where the State Convention will be held in June.

Mrs. Lane's resignation as president of the Club was read and Mantie Graves was elected to this office for the remaining club year and coming year. This left the office of First Vice-President vacant and Mildred Martin was elected to serve in that office. Annie Ruth Johnsey was elected as Treasurer for the coming year to fill the vacancy left by Julia Mae Caraway's resignation.

The club adjourned in the usual manner, after hearing an invitation read from the Junior Beaux Arts Club and a short talk by the incoming president.

Birthday Party

Little Jimmy Frank Heath celebrated his third birthday Monday in a most enjoyable manner, for his mother, Mrs. Frank Heath, invited several of his little friends in for the afternoon.

Different children's games were played during the afternoon. Later Jimmy blew out the candles which adorned his birthday cake. This, along with ice cream packs, was served to:

Juanita Carpenter, Phyllis Ray and Wilda Fay Ingram, Dorothy Ann Kennedy, Gordon Simpson, Deway Tom and Jackie Heath, Eddie Galloway, Ted Williams Jr., Manley Bryan, and Jimmy Frank Heath.

1930 Good Will Club

The 1930 Good Will Club was pleasantly entertained in the home of Mrs. Harlo Stephenson last Thursday afternoon.

After a short business session little Miss Stephenson entertained at length with songs, readings and story telling.

Dainty refreshments were served and each guest went away feeling that it was an afternoon well spent.

LOCAL WOMEN ATTEND LEGION DIST. CONVENTION

The American Legion Auxiliary met in a joint meeting of the 18th District Convention in Canadian, April 7th and 8th.

Registration began at 10 a. m. at the City Auditorium, which was decorated with flags, bunting and symbols of the Legion.

In the afternoon the ladies were entertained by a program of music and tap dancing, following which a tea was given honoring them at the home of Mrs. J. T. Johnson.

At six o'clock dinner was served at the Methodist dining hall, after which the guests were taken to the theatre and from there to the dance.

Sunday morning they attended a joint service with the Legion at the City Auditorium. The chaplain of the Canadian Legion, being a Presbyterian minister, held this service.

In the business meeting held Sunday afternoon, Mrs. Floyd Sloan of Amarillo was nominated District Chairman and Mrs. Guy Clay of Wellington, assistant. They will be elected at the State Meeting to be held in Mineral Wells in August.

Clarendon will have the next convention, which will take place in October. Among those attending the meeting at Canadian from Clarendon were Mesdames C. Huffman, C. C. Fish, Cecil Beach, O. L. Fink, and James Trent, chairman of the 18th District.

MASS MEETING CONVENES AT MEMPHIS MONDAY

The farmers and stockmen of Clarendon and Donley County are invited to attend a mass meeting to be held in Memphis, Monday April 16th.

At this time Owen W. Sherrill will represent the Memphis Production Credit Association and discuss principles and work of the Association throughout the State.

Drs. C. G. Stricklin and B. L. Jenkins attended the Panhandle Medical Association meeting in Amarillo Tuesday.

District Meet At Pampa Saturday

Clarendon High will send many students to the District Track Meet at Pampa Saturday. In typing, Arthur Chase, Christine Lamkin will represent the school. Beatrice Gorman and Jean McDonnell will compete against the Essay writers in this district. The debating team from Clarendon will be Robert Nichols and George Chamberlain. Wylie Buchanan, Ethlyn Drennen, and Robert Hays will enter the declamation contest. Lovie Viola Beavers and Wilma Dee Smith will again try their skill in tennis matches.

Junior High

Doyle Adams, a Junior High star trackman, entered the Amarillo Globe tournament and won two major events. He dashed across the finish line first in the 100-yard dash and the 220-yard dash in spite of an injured knee. Junior High is proud of such a star athlete within her walls. He has good prospect of winning at the Pampa Meet Friday. Here's wishing him the best of luck, and we will be cheering for him whether or not we get to go.

For the past six months we have been voting for the five best all round boys and girls of Junior High. Then we will vote on these five to see who gets the medal given by Dr. Jenkins at the graduation exercises. Monday Dr. Jenkins was with us and announced the ten winners. They are: Ruth Hedgpeh, Gene Teat, Jean McDonald, Frances Fowler, Maxine Ellis, Ralph Grady, Earl Eudy, Sloan Hugh Baker, Jelly McGowan and Billy Patman.

The eighth grade class held a meeting Monday afternoon to discuss the class colors and flower symbol. A Majority voted on pink and blue for colors and agreed on sweetpeas for the class flowers. It was agreed to let the picnic go until a later date.

chose. Everyone invariably entered at the wrong time or said the wrong lines. Delicious refreshments were served and the meeting was adjourned until the following Tuesday with a picnic to substitute for the regular meeting.

Kicuawa Camp Fire

The Kicuawa Camp Fire troop met last Wednesday at their regular meeting place. Neither the president nor the vice-president could be present; so the secretary took charge of the meeting. The meeting came to order with the usual roll call and the pledge of allegiance to the flag. A display of ceremonial gowns and other hand work will be in the Green Dry Goods store window starting Wednesday of next week and lasting until Saturday. The troop will meet again Wednesday.

STYLES ON THE CAMPUS

(By An Observer)
Everyone is donning the white shoes and fluffy dresses since old man weather has been giving the school girls warmer smiles. Avis Lee McElvany was seen in a dainty figured dress trimmed in blue organdy ruffles which brought out the red of her hair very nicely. Eloise Hill and Hulda Jo Cauthen, varying in size, are wearing dresses made by the same pattern. Beatrice Gorman created a sensation with her black and white linen dress.

With the new summer dresses some of the girls are wearing heeless, toeless, and all but soeless shoes. The boys have left off sweaters and coats and are appearing with sleeves rolled up. Even some of them are creating an effect of coolness by wearing white shoes.

Although the girls are trying so hard to look sweet and dainty, one prominent boy of C. H. S. says that he has not noticed a single new dress.

Scout News

At the last regular indoor meeting of Troop 37, the greater part of the entire period was devoted to different games, which were supervised by Linwood Betts and Lowell LaFon. Later several things were discussed: The Lions Club is being urged to sponsor a Cub Troop for the boys under twelve years. Then the fact was observed that about seventy per cent of the Clarendon Junior High track team were Scouts. Finally the Scouts that hiked to Kelly Creek gave a report of their hardships.

Troop 38 is getting on very well and sometime in the near future it is planned to have a joint meeting of the two troops so that both scouts and leaders may study each other's methods. A good stunt for the joint program would be a fire by friction. It has been found that a soft piece of Cedar makes a good fire board for a friction set, and it has the added advantage of being free.

Students Hear Rev. Frank Neal

Judging from the amount of applause and the actions of the student body, Rev. Frank M. Neal evangelist from Amarillo who spoke at the high school assembly Monday afternoon, was the most thoroughly enjoyed speaker heard by the students in some time. Mr. Neal gave a highly entertaining talk which was equally instructive. One of the many wise hits of advice given by Mr. Neal was as he put it, "We educate not to get out of work but to get more work out of our work."

JUNIOR REPORT

This is the last six weeks of school and whether or not one thinks of it, it is a test. This six week will tell the story of those who failed and those who passed. Some of the Juniors who were Seniors before Christmas and who think they have enough credits to graduate have deposited two and a half dollars in order to have a diploma, if they should be lucky enough to graduate. This school will probably see the most cramming and studying in the next few weeks that it has seen in years, because there are so many items such as memory work, term themes, book reports, finals et cetera that have to be attended to at the last minute; but with hard work and concentration everyone ought to be able to have a breathing spell every now and then.

Musings Of A Soph

(By The Soph Reporter)
Yawn . . . Oh, my! I'm sleepy. Wonder why they ever invented study halls. Gee, it's a drowsy sort of day, must be spring, yeah, I guess everybody's got spring fever or something.

Hope we have something good for lunch (besides beans), I'm famished. Listen, isn't that music? Makes me think of gondolas, Venice, and moonlight. Queer how music makes you dream, isn't it? Oh, I don't have my English; guess I'd better read it. Let's see . . . an adverb is a word which modifies . . . am, I can't learn it. Yes, I can, too, I gotta. No, "an adverb is a word that modifies parts of speech other than nouns, pronouns, and interjections." Who said I couldn't learn it?

Wonder if the clock gets as tired of ticking as I do hearing it tick. Will the bell never ring? Hurrah! There it is (the bell). Guess I'll toddle along.

WARNING to EXPECTANT MOTHERS

If you have ever been a patient in any hospital, you are probably familiar with the advantages of a liquid laxative.

Doctors know the value of the laxative whose dose can be measured, and whose action can thus be controlled to suit your individual need.

The public, too, is fast returning to the use of liquid laxatives. People have now learned that a properly prepared liquid laxative brings a perfect movement without discomfort at the time, or after. Dr. Caldwell's long experience with mothers and babies, and his remarkable record of nearly three thousand births without the loss of one mother or child, should give

anybody complete confidence in any prescription which he wrote. But most important of all, a gentle liquid laxative does not cause bowel strain to the most delicate system, and this is of the utmost importance to expectant mothers and to every child.

Expectant mothers are urged to try gentle regulation of bowels with Dr. Caldwell's Syrup Pepsin. It is a delightful tasting laxative of delightful action, made of fresh herbs, pure pepsin and active senna. Not a single mineral drug; nothing to cause strain or irritate the kidneys.

Dr. Caldwell's Syrup Pepsin is an approved preparation and kept ready for use by all druggists.

Notes From A Convenient Cuff

(By The Inquiring Reporter)
Introducing an entirely different arrangement of songs "Dream a Little Dream of Me" will bring to our dance Club Jimmie Redmond, and the orchestra which plays the old songs a new way. The Spiritus Fermenti will flow and all the laddies in their cups will strive to make floating feet glide, but boy, you'll have a time!

It is now spring and I'll like to get out with the little birdies and the flowing brooks. One of our ex-students who is now living in El Paso is writing short stories and I wish him gobs of luck. It would fill a life long ambition of mine if I could have just one story accepted.

On your entertainment list include by all means Katharine Hepburn's version of "Little Women." We are getting an unusually good run of movies, newer pictures, better casts, and all around better entertainment.

AG CLASS SOLDERING ON GALVANIZED IRON

The agriculture class is now interested in soldering tin and galvanized iron, which consists of straight and sweat patches.

First one fills the blow torch with gas then pumps it up. The next step is to turn the torch on and allow the gas to tickle out. The gas is shut off; then the generator is heated. After the gas has been re-lighted, and when the iron produces a blue-green flame it is ready for use. When

1000 DIE IN TEXAS FROM CAR ACCIDENTS

AUSTIN, Texas, April 4.—A herd of wild horses was responsible for approximately one thousand deaths in Texas last year, according to Dr. John W. Brown, State Health Officer. Under the hood of the automobile are 40 to 100 horses. Whether these are tame or wild and dangerous to human life depends to a large extent upon the drivers. Pedestrians, also, must be "safety minded," if the number of lives lost in fatal automobile accidents is reduced. In cities, hundreds of thousands of lives have been melted upon the iron, it is put on the hole. This completes the process of oldering.

ands of people in the aggregate deliberately and habitually throw caution to the winds by jay walking, by crossing streets at all points but at intersections, by dodging around street cars and even by deliberately disregarding traffic signals. And highway walkers also are more likely to move with, rather than against traffic, which of course results in greater risk, especially at night. The automobile driver himself, intoxicated by the joy of effortlessly stepping up his machine to an excessively peed and in hundreds of other ways violating the rules and the thies of the road, makes of this magnificent invention the Frankenstein it has so sadly turned out to be.

The Mothers' Club is planning a shelf of books for the preschool age children, and as a beginning toward it have ordered two new books. Our supply of this type of books is unusually small, and this contribution is most welcome. The interest on the part of these two organizations is also most welcome and shows a growing appreciation of the library and its benefits to the community.

A recent order of the Boy Scout Merit Badge Series, added to those we had, gives us the following: Scholarship, Radio, Bird Study, Leathercraft, Electricity First Aid, Camping, Physical Development, Conservation, Pathfinding, Athletics, Life Saving, Civics, and Business. These are being appreciated and used by the Scouts in their work for merit badges.

A book which we have recently added to our shelves is the \$20,000 International prize Novel, "No Second Spring" by Janet

Beith. This book was the unanimous choice from the more than six hundred manuscripts submitted. In a lovely Scottish village in the 1830's, shut in my the mountains and the sea, the young minister, Hamish McGregor, strove to save the souls of his embittered, hard drinking parishioners. Allison, his frail young wife, terrified by the lonely Mause and the lonelier mountains, strove to believe in her husband's God of vengeance, and failing in that, gave all her attention to her three children. Into this situation came a wandering painter, who painted the portrait of the Minister and his wife, and falling in love with Allison brought a welcome note of romance into her dreary life. But Allison sent him away, and remained faithful to her Hamish.

"The marked simplicity of the style, the selection and emphasis of the historical detail are at once the evidence of discipline and the announcement of a sturdy new talent", says Edward Weeks in the Atlantic Bookshelf. The Boston Transcript says, "Two things recommend this book immediately. It is the winner of the largest prize ever offered by a publisher for a novel, and the author is the niece of Ian Hay. Miss Beith possesses a lovely touch and a rare artistic restraint in her writing which etches the figures of this story on our memories."

"The book impresses one particularly as a story of atmosphere. The writer has the faculty of presenting the background as a part of her characters. One hardly thinks of one without the other. Again and again she presents vital pictures when nature is playing the major role. The book is well written, and is above the ordinary run of prize novels." So says the Springfield Republican.

As was said above, Janet Beith is a niece of Ian Hay, the well-known novelist. She is a most careful writer, having discarded several manuscripts before being satisfied with the story. She is 28 years old and lives with her parents at Derbyshire, England. She kept her work a secret from them, and they knew it first when reading in the papers that she had won the prize.

WORK OF THE COUNTY TEACHERS
(By Earl D. Jones)

In every good school, there are many more or less what we might call subtle, unconscious forces which are operating to change the child's habits, ideas, attitudes and even his moral life. The teacher if he or she is the right kind of teacher that he or she ought to be, may be a constant power for either evil or good. Children will imitate the teacher in almost every instance, in almost every kind of ways. If the teacher has a habit of saying things in front of her pupils such as profane or obscene language, the children will eventually do so. If a teacher believes in fair play, the pupils will in turn believe in fair play by their association with their teacher. A teacher has to be careful what she says and does at all times in the presence of her pupils.

If the teacher has a high regard for truth, which shows itself in her words and ways of living, the child will catch such a spirit and will benefit greatly in this way. A good question that each and every teacher should ask herself is: "Am I setting the right kind of example before my pupils and my public?" If a teacher is a bit loose in her morals as telling white lies, she may think that she is getting by, but she is not deceiving those youngsters as well as she might think she is. Sooner or later they will find her out and their own moral mind will be influenced thereby—and usually for the worst. The daily work that is carried on in the school either lifts the minds of the pupils to higher or to lower levels, and which level depends upon the teacher and not upon the pupil altogether. A noted writer once said "The Moral value of the Sunday School, as of the regular value of the regular school, comes often from the example of the teacher, who is able both by perfect and example to instigate actual moral conduct on the part of her pupils."

Let us discuss the influence of play. Teachers and parents as a rule, do not realize the importance of play in the building of character. The give and take of the play-ground is a greater developer of character, because here he is taught to take his share of the knocks and pains of the game. The teacher and parent should teach the child to understand that it is a fine thing to be a loser and not to whine and complain. In every school there are children who need to be practiced in playing fair. Many schools have at least one bully and most schools have one or more soft individuals whose parents have brought them up to shun harsh and hard knocks of any kind. The teacher should see that these children are brought into some kind of game depending upon the physical being of the child to learn how to play the game. Play can build or it can break down character,

all depending on the way it is conducted. It is therefore of the greatest importance that there should be some intelligent supervision at all times.

Likely there is no teacher who would consciously and voluntarily do anything that would injure a child's character, but nevertheless this will be the outcome if the teacher is careless in her assignments, she will train her pupils to be loose and careless in their preparation of their lessons. If she does not call for assigned work, or if she accepts poorly prepared work day after day, she is certainly training her pupils in weak citizenship. For if a teacher is satisfied with the half truth or winks at the truth, she is only sending that child out into the world unprepared for the duties of life.

The power of suggestion is a most important factor in any child's life. Their characters are being continually molded by the most unsuspected and hidden influences. The child will be affected by the room itself, by the decorations, the pictures, the blackboards, and all the physical environment of the room. The child may be affected by unspoken words of the teacher, by her manners, by her dress, and by her general habits of speech.

ZEKE SEZ—
(Continued From Page One)

for Clarendon folks is the 20-mile drive out to headquarters of the famous J-A ranch. We made the trip Sunday afternoon. It was one of the most surprising trips we have made out of the city. Surprising, because, in the first place, we fully expected to find ourselves in dire places, canyons, if you please, immediately after we crossed the river. Imagine our surprise, then, to find a beautiful rolling, plains—at least ten miles of as level a farm land as you would wish to see anywhere—all the way up to the very front gate of the big ranch headquarters. Of course, back of the ranch headquarters, the rough country really set in again. A wonderful road all the way to the ranch with the possible exception of one hill, this side of the river. Tom Gatlin, veteran cowboy, who has been with Headquarters for at least 20 years, extended the right hand of welcome to the quiet, restful atmosphere which pervades headquarters and the rock house that evidently is better known as the bunk house. We drove up in front of the small building on which is labeled: "Palo Duro," post office. In fact, it looks like the main street of some cross-roads village except that the road ends there. On the right is the big 22-room house, home of the manager, now occupied by the bookkeeper and his family. The bunkhouse is what fascinated us. A big living room, walls lined with boots, spurs and other cowboy paraphernalia. In the center is a big table on which was a set of dominoes. We found out Tom Gatlin is one of the keenest domino sharks we ever ran across. He can simply eat 'em up. "Say this looks like the quiet dignity of Old Fort Sam Houston, at San Antonio," we exclaimed,

ed, to Tom Gatlin. "Do you have to get up by reveille?" "H—no," answered the old cowman. "We do well to get up in time for breakfast. It takes a big bell to wake us."

Driving through the barnyard or garage (whichever you would call them), we followed a little-used roadway that led after a mile and a half of steep climbing trails, to the top of the highest peak is that section. Boy, if you have ever been out within ten miles of Headquarters, you can see that high peak. Up there, where you can see on and on into many canyons over toward the setting sun, we had our picnic supper. Talk about thrills. Well sir, some of you folks who have been living here for the last quarter of a century and have never made that trip, you've missed something vital in your life. It makes a new man of you just to stay on that peak for a half hour as the sun sets in that golden glow in the west. Just after sunset, you can spot numerous herds of cattle here and yon in the valleys where the shadows are creeping. When we started down, C. B. Jackson almost fell over himself as he insisted on stalking down the cliff side of the peak.

It is a wonderful sight and a trip very much worth while.

Henry Williams left yesterday for Mineral Wells where he goes to spend a week. "resting up," as he termed it. Mr. Williams declares Mineral Wells offers wonderful opportunities to anyone who wishes "just to loaf."

Ira Merchant was at home Tuesday to report he attended the gas hearing in Amarillo Monday. "I'll know several things about the oil and gas situation in the Panhandle after this hearing ends," he declared.

George Stocking Gets Honorable Mention On Work

Prominent mention of a native son of Clarendon is given in "The Texas Weekly," Dallas editorial magazine, this week by a writer from Washington.

In summing up the work of Texans in Washington during these strenuous days in the capital city, the Texas Weekly says: "Of great importance to Texas is the work of Dr. George Stocking, native of Clarendon, resident of Austin (he is on leave from the University of Texas where he is professor of economics). Dr. Stocking is on the petroleum labor policy board, which advises the petroleum code administrator, Secretary of Interior Harold L. Ickes, on labor under the oil code.

"George Stocking has known about oil a long time. He won the \$1000 Hart, Schaffner and Marx economic prize for his Ph. D. thesis on "The Oil Industry and the Competitive System" in 1925. He was a major factor in writing the labor provisions of the oil code. As if this were not enough, he is also a member of the NRA Consumers' Advisory Board."

SINCLAIR GASOLINE AND OILS INCREASE 71 PERCENT IN RETAIL SALES

Frank Hommel, local Sinclair dealer, returned with Mrs. Hommel and the children, Frankie, Velma Geraldine, Chauncey and Lois Marie, Wednesday from Ft. Worth where Mr. Hommel attended a two-day annual convention of Sinclair dealers from all over the Southwest. Mr. Hommel and the children visited relatives in Dallas.

"Retail sales of Sinclair gasoline and oils increased 71 percent in the Southwest district during the past 12 months," reports Mr. Hommel. "This increase is attributed to the sealed cans used for the high-grade motor oils. This sealed can mode of selling has proved so popular that many competitive companies have added it to their plan now."

W. T. Dinkins of Fort Worth, manager of the Southwestern Sales division, acted as chairman of all sessions of the two-days convention. Among the speakers was J. W. Carnes of New York City, vice-president and general sales manager.

A big new advertising campaign was outlined to the dealers.

Mr. and Mrs. F. A. White returned Wednesday from a visit to Fort Worth.

"Our legislature should be reduced to six members in the Senate and about 12 in the House," declared H. W. Taylor. "This was my decision after a visit to the Legislature while it was in session. There are too many folks, especially in the House, for serious work. They play too much of the time."

The neighborly spirit for which Texas is far-famed dates far back. When the Mission of San Francisco de las Texas was founded the Spanish gave the friendly Indians the name "Tejas" which means "friends." Hence Texas motto, "Friendship".

WORLD WAR VETS GET SMALL PART APPROPRIATION

DAILY PAPERS BLAMED FOR PUTTING OUT WRONG DOPE ON AID BILL

"World war veterans will get only 45 million dollars of the \$228,000,000 appropriation passed by Congress recently over the President's veto," declared State Commander L. Van Perkins of Cameron, in an address to Clarendon ex-service men last Friday at noon at the Antro Hotel.

Mr. Perkins was introduced by Post Commander G. L. Bykin to a crowd of 38 ex-service men who gathered at the noon hour. Wynne Goode, State Service officer, also was present to make a short talk following Perkins' address.

"The daily papers are carrying a propaganda campaign against the ex-service man," declared Commander Perkins. "The Dallas News recently ran a cartoon and editorial in which they led the readers to believe the World War Veteran was trying to bankrupt the country and would do so because of the \$22,000,000 appropriation.

"The truth is, \$118,000,000 of that appropriation goes to Government employees, including postal department clerks and carriers. Of the balance of \$110,000,000, the sum of \$95,000,000 goes to Spanish war veterans, their widows and families.

"You see, there is only \$45,000,000 left for the World War ex-service man who was cut off a year ago from his adjusted service compensation.

"Where is the justice to the World War veteran in this sort of propaganda?" The commander also attacked the United States Chamber of Commerce which, he declared, has for part of his program the elimination of free schooling for all pupils above the seventh grade.

"The National Economy League also is an enemy to public education in America. The result of the campaign against free public schooling has been that 40,000 teachers have been thrown out of jobs and one million children had no schooling this year in these United States.

"The American Legion stands solidly behind the educational forces to fight the iniquitous propaganda being disseminated by the League and the United States Chamber of Commerce."

Mr. Goode made a plea that the local Legion post make a survey of Donley County to determine if there are any destitute fathers and mothers of veterans killed in the World War.

"If there are any destitute parents of buddies killed during the war, they are entitled to compensation from the government and they ought to be found and helped," he declared.

The two officials were on their way to Canadian where the 18th district convention was held Saturday and Sunday.

Mr. and Mrs. I. W. Briscoe of Greenville, who are visiting Mrs. Mollie Gray, accompanied her to Drake, Colorado Tuesday where they will spend the week.

SHOFFIT HOPES TIED ON APPEAL; SECOND CASE SET

VETERINARIAN TO STAND TRIAL NEXT SEPTEMBER ON SECOND COUNT

The jury in the G. W. Shoffit case returned a verdict of guilty late Thursday night of last week, fixing the defendant's term at two years in the State pen.

Shoffit's attorney, W. T. Link, asked Judge A. J. Fires for a new trial on Monday morning, which was overruled. Judge Link gave notice he expects to appeal and has 90 days in which to perfect the appeal papers.

In the meanwhile, Judge Fires fixed the appeal bond at \$2500. He also transferred the second case against Shoffit, assault on murder Sheriff Pierce, to Hall County for trial next September. Bond in this second case was set at \$2500. Shoffit was tried here last week for assault to murder Guy Wright.

The defendant is still in jail in default of bonds totalling \$5000.

Mrs. C. G. Stricklin, Miss Beverly Gray Stricklin, and Vernon Tucker, spent the past week-end in Dallas, returning Monday evening.

Mr. and Mrs. Royce Hall announce the birth of a baby girl Monday, at the Adair Hospital. Mrs. Hall is the former Miss Edith Harris.

B. F. Sawyer Dies Here Wednesday

Martin community lost one of its valued citizens Wednesday, April 4th, when Benjamin Franklin Sawyer, aged 75 years, died at the home of his daughter, Mrs. Dave Patterson.

Funeral services were held at the family home Thursday afternoon at four o'clock, following which the body was taken to Altus, Oklahoma for interment. Rev. Charles Williams conducted the services here.

The News joins the friends of the family in sympathy over the loss of this good man.

RECORD HEAT STRIKES SECTION MONDAY-TUES.

Temperature extremes marked the week.

A high of 95 was recorded Tuesday, according to Weather Observer Joe Goldston. This was one of the hottest days on record for this time of the year here.

A low of 44 was reported early today (Thursday) but the lowest mark of the week, 40, was recorded last Friday morning.

No moisture has been recorded this week.

Mrs. Earl Alexander returned from Fort Worth Sunday where she visited friends and relatives.

The vastness of Texas seems astounding when thought of in terms of area—167,934,720 acres. Of that total 124,707,130 acres are devoted to crop-growing, livestock raising and dairying. There are millions of acres of rich tillable land never touched by the plow.

Hedley Tossers Banqueted By School's P. T. A.

Fifty or more persons attended the banquet given at Hedley Tuesday night by the Hedley P. T. A. for the basketball boys and girls squads, both of which won many honors in the season just closed.

The principal speaker of the evening was Deputy State Sup't. Bryan Dickson of Childress. He was introduced by County Sup't. Sloan Baker.

Mrs. Jake Masterson, president of the Hedley P. T. A., delivered what is said to have been a very "peppy" speech, congratulating the boys and girls of the two squads.

Coach "Terry" Newman, for the boys, and Coach Lee Nowlin, for the girls, were special guests of honor along with their teams. Coach Nowlin delivered the address of welcome on behalf of the P. T. A., response to which was made by Capt. Armstrong of the boys quintet.

Hedley's boys basketball quintet won the district championship at Pampa and went into the regional meet at Canyon. The Team won 26 out of 31 games played this season. The girls' team won 18 out of 28 games, also a good record.

Miss Mae Bennett, Miss Katherine Patrick, John Bugbee, Harold Bugbee, and Mrs. W. H. Patrick were Pampa visitors Sunday.

Mrs. Charles Trent returned Friday from Seymour and Oklahoma City where she has been visiting friends and relatives.
