County's Cotton Contracts Being O K'd

LOTS OF FOLKS IN CLARENDON WEDNESDAY FOR THIRD TRADES DAY

CONTRACTS ARE BEING CHECKED

COTTON CONTRACTS EXPECTED THIS WEEK; TABULATION CHECKED

Eight hundred and thirty cotton acreage reduction contracts, signed by Donley county farmers and tabulated by the local office, were mailed Sunday night to the State Board of Agriculture, according to T. R. Brown, county agricultural agent.

"As soon as the tabulation is checked by the state board, the contracts will be returned here and then mailed to Washington," Brown stated. He said that he expected them back from the state board sometime the latter part of this week.

"As to when they will be confirmed at Washington and the payments made, I can not even guess," added the county agent.

Brown urges all those who intend to, but have not yet signed their contracts, to do so before the end of the week.

The 830 contracts distributed in Donley county, call for a reduction of from 35 to 45 per cent in the farmer's cotton acreage.

25,831 acres are involved in Donley County's part of the crop cut program.

Clarendon Folks At Bank Convention

Those from Clarendon attending the 30th annual Panhandle Bankers' Association convention, being held in Amarillo this week-end, are:

Forest Taylor and Miss Katherine Patrick, First National Bank; J. L. McMurry, F. E. Chamberlain, Wesley Knorrpp and Carroll Knorrpp, Donley County State Bank; Miss Anna Moores, Farmers' State Bank.

Nearly 500 persons, members of the staffs of 61 Panhandle banks, and their wives are expected for the convention.

Mr. and Mrs. J. H. Hurn and Mrs. O. L. Fink visited Mr. and Mrs. Kenneth Fink in Childress Monday.

Andrew Reavis, who has been attending S. M. U. in Dallas the past year, is here this week visiting his parents, Rev. and Mrs. L. A. Reavis.

A. N. Woods, Dude Gentry Score Wins In Green Belt Tournament; Mrs. Cooke Is Unable To Attend

P. B. "Dude" Gentry and A. N. Woods, the only Clarendon entries in the annual Green Belt Golf Tournament, being held at Frederick, won their first round matches Tuesday. Gentry, in the second flight defeated S. A. Collins, Frederick, 1 up, and Woods beat Charles Ladd, 1 up in the Senior flight, for players over 50 years of age. The tournament got under way with the qualifying round Monday.

Although several representatives of the local Hiitcroft Club signified their intentions of entering the meet, only the two were there for the opening round. Billy Holmes, Shamrock, 1932 winner, is pacing the championship flight and was medalist in the qualifying Monday. He defeated Lebas, Electra, in the first round, 1 up, 19 holes and won over Hugh King, Altus, C and 2 in the second round.

Several upsets marked the play of the opening rounds, among

Lion Nominee

J. T. PATMAN

J. T. PATMAN IS LIONS' NOMINEE

LIONS CLUB WILL VOTE NEXT TUESDAY ON STAFF FOR NEXT YEAR.

Tuesday's luncheon of the Clarendon Lions Club was taken up with reports of the delegates to the state convention at Mineral Wells last week, and the reading of the report of the nominating committee for the new officers for the coming year.

Lions Ira Merchant and T. D. Nored made reports on the doings of the Mineral Wells meeting, being unanimous in declaring it a most successful convention. Some levity came to light in the report of the doings of Lions Burton and Connally at the hotel, where they were unable to find the running ice water, thinking the spigot was for liquid soap.

Local Lions were told that the next year's convention goes to Temple, with a prospect that it will be the last state convention if the five Texas districts adopt by majority a resolution changing the form of the present state convention and giving added emphasis to the district and International conventions. Past Governor Fred O. Grimes of Hillsboro won the endorsement.

Lowe's Opening Successful One

One of the most successful openings seen in Clarendon for some time, was held last Thursday night by the management of Lowe's Grocery, in celebration of the complete remodeling, repainting and re-furnishing of their store. It was estimated that close to 750 people from the city and surrounding country were present.

The crowd, which began gathering early, filed in the store and took advantage of the free lunches handed out in the rear. After each had partaken of his fill, he went on an inspection tour of the store, which came in for much praise because of its aspect of cleanliness and the attractive arrangement of the wares.

Following the awarding of the free groceries, most of the crowd lingered around for an hour or two, making new acquaintances and renewing old ones.

SWEET PEA BOUQUET IS RECEIVED BY NEWS FORCE

Exponents of the written word, newspaper workers, are usually so busy dodging brickbats that they are really thankful when a bouquet comes their way. Especially when that bouquet is one of large beautiful sweet peas, such as was sent the News force by Charlie Speed, Tuesday morning.

"Charlie is quite a 'flower fan' as evidenced by the beautiful growths of flora at his home on College Hill.

RELIEF WORK ON DECREASE, SAID

OPERATIONS EXPECTED TO ABATE FROM NOW 'TILL COTTON HARVEST TIME

Relief operations in Donley county are being continued here as usual, with the exception that orders are being issued on a smaller scale than before, according to the local relief office.

Allocations from state funds have been decreased somewhat during the past two months and counties have been authorized to make each allotment last as long as possible, relief being issued only where it is most needed.

According to a report made recently by R. A. Baker, Donley County administrator this county has been in excellent condition when compared with a number of other counties of the state. Baker, at the present, is attending the University of Texas.

The state university, in cooperation with the Texas Relief Commission, is offering to county relief administrators a summer course in social welfare work, rehabilitation and a number of other subjects pertaining to work among the needy. Out of a district of 24 counties, Donley and Oldham were the only two chosen for representation at these summer courses. Baker is expected to return here about the 15th of July, at which time he will resume his duties in the local office.

The consensus of opinion among relief offices, especially in this part of the state, seems to be that for the present, at least, relief is going to be nothing more than an "eating proposition." Only a small amount of work will be going on and it is expected that all relief work will be on the decrease, as the cotton harvest season approaches.

A rough estimate at the local office reveals that during the past year and a half, relief and relief work, amounting to \$82,446.88 has been distributed in Donley county.

This amount was expended at

-Telling You-

When we named this column, "This 'n That," the first week we blew into town we thought it was a fairly good title with plenty of originality. Our egotism, however, suffered a severe setback when out of about fifteen other weekly papers looked at, some nine or ten of them carried columns under the same name. And that accounts for the re-christening. So I'm "Telling You," from now on.

We keep hearing that summer is just around the corner. If that's true we're gonna kinda watch the corners because it would be akin to suicide to round one and find "hotter weather" than what we've been having for the past few weeks.

Heard the expression 'other day that if all the marble machines in the country were stacked one on another they'd reach almost to the moon, besides being a good thing for the country.

And speaking of marble machines we understand that the forces of law and order are rising against them here in Clarendon. Someone "contacted" on one of those kind that buzz the other day and a local officer thought it was a burglar alarm being set off.

Sunday, June 17 is Fathers' Day, usually overlooked by most of us in our celebration or special dates. This Sunday let us show our respect to Dad by showing him that we know he's around. Dads, as a rule, don't care so much about having a fuss raised over them. But it'll warm the cockles of his heart if you'll remember him on Fathers' Day.

Both first basemen in the Lion and B & P W game Thursday would have made plenty of money if they had only put up a pop stand at the base. There would have been plenty of customers. With all those base hits being smashed out.

J. Perry King, new pastor at

(Continued on Page Eight)

Reunion Sunday At J. R. Ayer's Home

Reminiscences of childhood and early days were featured at the family reunion held at the home of Mr. and Mrs. J. R. Ayer, near Clarendon, Sunday.

Lunch was served at tables arranged under the trees in the yard. Among those attending were Mr. and Mrs. Bill Robinson and son, J. C. McClellan and granddaughter, Mrs. Catherine Heffner and Phillip Dwyer of McLean; Mrs. J. N. Welch, Mrs. W. L. Dinnie and daughter, and Mrs. J. W. Weaver of Amarillo; Mr. and Mrs. W. W. Raney and daughter, Mrs. Ted Ayers of Hedley; Mrs. Ike Hancock and family of Lake View.

Mr. and Mrs. Bob Ayers, Mr. and Mrs. J. T. Ayers, Mr. and Mrs. F. L. Jones, Mr. and Mrs. Virgil Moore and son, Mr. and Mrs. E. L. Blank and family, Mr. and Mrs. C. L. Lane and son, Mr. and Mrs. L. M. Lane and daughter, Mrs. Eller, Hershel Thompson, Emma Ayers, Adierene Pharr and Mr. and Mrs. J. R. Ayer of Clarendon.

Mrs. H. C. Reed, mother of Mrs. F. C. Johnson, has returned from Bowie, Texas, where she spent the winter and spring months visiting her son.

Mrs. J. L. Allison has as her guest this week Mrs. U. S. Avsher of Boyd, Texas.

"Jericho Gap," 66 Closing In View

That the closing of the "Jericho Gap," on Highway 66, may be a realization in near future was revealed last week in letters sent out to heads of civic organizations along the route by the highway division engineer at Amarillo. The letter stated the contract for the grading and drainage would be let soon. No information was given as to the paving job.

An effort to have this gap connected has been one of the main campaigns of the 66 association for the past few years.

Judge and Mrs. S. A. Penix and Miss Kate Early Parker of Graham returned home Sunday. Judge Penix, who was injured in a car accident near Lelia Lake last week, was much better. Mrs. Penix and Miss Parker were guests of Mrs. Mollie E. Gray while in Clarendon.

RUMANIAN NEWSPAPER RECEIVED, NEWS OFFICE

The News office is in receipt of a newspaper printed in Rumania, the "Universul." It was sent by the Hon. Alvin Owsley, United States minister to Rumania. Mr. Owsley, former resident of Dallas, is a warm personal friend of the News editor.

In make-up the paper is similar to those printed in this country, a notable exception, however, is that there are no comic strips in the foreign paper.

RECEPTION HELD FOR NEW PASTOR

Rev. J. Perry King, new pastor of the First Baptist church, was welcomed by his congregation Monday evening at a reception held in the church parlor. Reverend King, formerly of Rule, Texas, took over his duties here last Sunday, when he delivered the morning and evening sermons from the pulpit of the local church.

In the receiving line at the reception were O. C. Watson, Rev. and Mrs. J. Perry King and son, John Burton, Judge S. W. Lowe, Miss Jessie Cook, and Mrs. H. C. Brumley.

During the gathering, the church orchestra, led by Mrs. Sam Cauthen, played. Mrs. M. W. Mosley acted as master of ceremonies during the reception and O. C. Watson pronounced the invocation, following which refreshments were served.

Judge S. W. Lowe delivered the address of greeting and welcome to the recently appointed pastor and family. The remainder of the program was: Violin solo, Mrs. Sam Cauthen; Song by quartet, composed of Judge Lowe, W. B. Halle, Thomas Perkins, and L. H. Earthman; Reading, Mrs. Bill Brumley; whistling solo, Thomas Perkins; welcoming address from other pastors, Rev. Robert S. McKee; response, Reverend King.

This proved one of the warmest receptions ever given a pastor here, and the entire city joins with the congregation of Reverend King's church, in welcoming him and his family to Clarendon.

Mrs. H. C. Reed, mother of Mrs. F. C. Johnson, has returned from Bowie, Texas, where she spent the winter and spring months visiting her son.

Mrs. J. L. Allison has as her guest this week Mrs. U. S. Avsher of Boyd, Texas.

Elected Officer

HOMER MULKEY

LODGES ELECTS NEW OFFICERS

INSTALLATION SERVICES WILL BE HELD FRIDAY NIGHT, JUNE 26.

At their regular meeting last Friday night the Clarendon lodge, No. 70 A. F. & A. M., held their annual election of officers. The previous Friday, officers were elected by the Clarendon Chapter lodge, 216 R. A. M.

Homer Mulkey was elected worshipful master, succeeding Nollie Simmons. In accepting the chair of the worshipful master, he relinquished his former office as senior warden to Ralph Andis, who received the majority of votes for this office. Rhea Couch was elected junior warden, and W. H. Patrick and Homer Parsons, were re-elected treasurer and secretary, respectively.

John Hunt was elected high priest at the Chapter election Friday night, June 1, succeeding Ralph Andis. W. A. Davis was re-elected king. C. C. Powell, W. H. Patrick, and Homer Parsons were all named by the members to retain their posts as scribe, treasurer and secretary respectively.

It was announced that the installation rites for the new

Local Lion With Head Harder 'n A Rock Says Ladies Lost Game Because Men Had Better Team

That the Business and Professional Women were "gypped" out of the soft ball game with the Lion's Club last Thursday is putting it mildly. The foregoing statement seems to be a general one voiced by every spectator, all the B. & P. W. players, and the entire Lion team—with the exception of one whose head is said to be a cross between a door knob and an "Arkansas biscuit" when it comes to hardness.

Scoring 30 runs against the ladies' 18, the Lions were the victors on the scoreboard. But it is whispered that the tally keeper probably made as many or more mistakes jotting runs down than he did in keeping the outs straight. One jerk of the umpires thumb sufficed to retire the daughters of Eve every time they "got in town," whereas it took four or five of the same jerks and all the spectators, including Homer Mulkey, to convince the sons of Adam that it

LARGE CROWD IN TOWN FOR EVENT

MERCHANTS WELL PLEASED WITH ATTENDANCE AND SHOPPING.

A large crowd of people, both local and country folks, thronged the streets of Clarendon Wednesday, during the holding of the third, in a series of monthly Trades Days. Although it looked for a few hours as if the morning's cloudy skies would keep many away, the sun "broke through" near noon and by 2 o'clock, the time of the drawing, the crowd had swelled in size until it at least equaled the ones that attended the other Trades Days.

While the crowd was gathering on the lawn the municipal band, under the direction of Gus Stephenson, played several numbers.

Local business men expressed themselves as being well pleased with the size of the crowd and the amount of shopping that was done.

Members of the Clarendon Trades League, sponsors of Trades Day, now number 64.

Rainfall, Sandstorm Visits City Tuesday

Rain, accompanied by sand and thunderstorms, visited Clarendon Tuesday night, the rain continuing intermittently until early Wednesday morning. Rainfall totaled 1.4 inches according to the local weather observer.

The sandstorm, though of short duration, was probably the most severe that has occurred here since early spring.

High winds, leaving a trail of property damage in their wake, were reported in surrounding counties, with Hall being the hardest hit. Although wind blew in here with the thunderstorm no damage has been reported.

Mr. and Mrs. Marvin Land and sons, Billie Marvin and Tommy left Tuesday for DeQueen, Arkansas for a visit with Mrs. Land's mother.

Officers would be held Friday night, June 26. The appointive offices in both lodges will be filled within the next two weeks.

WELCOME TO THE NEW BAPTIST PASTOR

Clarendon and community has a new asset in the person of Rev. J. Perry King, who assumed the pastorate of the First Baptist Church of this city last Sunday.

This community has had able and beloved Baptist pastors before, but from the reports that come to us from friends over Texas who know, The News is of the opinion that we have extra cause for felicitations in the addition to this community of Reverend Mr. King and family, for they have been beloved by the citizenships of other fields where they have labored without respect to church affiliation, which is always a great recommendation.

It is a great thing for any church and any community to have pastors who welcome integral parts of the community life, that feel their work is best forwarded, that the Kingdom is best advanced, by getting close to the daily lives of the people with whom they labor.

Welcome, Reverend King, and may your hopes and aims be realized in Clarendon as you minister to this people in His Name.

POLITICS IS WARMING UP

Texas politics is warming up, and there is now a great scramble among the candidates for governor as to who is going to be in the run-off with Jimmy Allred, since all competent observers admit he has a lead in the race. Ferguson supporters say McDonald will be second man, Edgar Witt followers declare their man is certain of a place in the run-off, while Tom Hunter and Maury Hughes supporters claim the same honor for their candidates.

Here in the Panhandle some people think Clint Small will nose into the run-off, so everybody is having the time of their lives casting up the probable votes in the July primary, giving his candidate first or second place according to his personal inclinations.

Meanwhile the voters are sharpening up their pencils and getting ready to settle the thing according to their judgment, as they usually do.

DELIVER US FROM GOSSIP

Along about this lazy time of the year in the ordinary American community the gossipers begins to whisper idle rumor and often straight out lies. This has been called the curse of the smaller communities, but the cities are not free from it, and nearly every circle has at least one gossiper.

Spreading the truth about the weaknesses and faults of people is bad enough, but rumors idle and untruthful should bring upon the heads of the gossip peddlers the instant and stern condemnation of all men and women who love truth, peace and goodwill.

No good is served by gossip. Deliver us from the gossiper.

PADUCAH EDITOR'S FATHER DEAD

Panhandle and Texas editors join in condolences to Editor Ed A. Carlock of the Paducah Post on the loss of his father, who died at an advanced age at Electra last week. The elder Carlock was a man of unusual strength, both mental and physical, having led a most active and useful life.

We know how to sympathize in such an hour for hardly a year ago it was our own experience to lose a sainted father.

TEXAS PRESS CONVENTION THIS WEEK

With five or six hundred other Texas editors, The News editor is in Dallas today for the opening sessions of the three-day convention of the Texas Press Association.

Such contacts are very helpful and instructive and the organization has done much to raise the standards of journalism in Texas.

A miss down in Iowa is advertising for a missing dachshund. The ad reads: "He is two dogs long and half a dog high and a bit underslung."

We always like those people who are kind to dogs and horses.

Here Monday

WALTER E. JONES

Walter E. Jones In Clarendon Monday

Walter E. Jones, democratic candidate for Commissioner of General Land Office, was in Clarendon Monday. Jones who lives at Longview, is a personal friend of the News Editor and well known in Clarendon and Donley county.

Being a licensed surveyor and an accredited lawyer, he is well fitted for the job to which he aspires. Inherently honest, capable and efficient, he has the unqualified endorsement of organized labor and the business and professional interests of his home county, Gregg.

TELEPHONE DIRECTORY COMPLETED THIS WEEK

The Clarendon News completed the printing this week of the June issue of the Southwestern Associated Telephone Company directory of Clarendon. This issue of the directory consists of ten pages and is being distributed from the local telephone exchange.

Read the Classified Ads.

"I'm The Man For The Job," Russell

Edward K. Russell, Annona, democratic candidate for governor addressed a fair sized crowd here Friday afternoon, north of the Antro hotel. He was introduced by Judge Ralph Porter.

Russell declared that the state as far as political administration is concerned is in a worse condition now than ever before in its history.

"For the last fifteen years," he said, "I have been training myself for the governor's job and believe that I am now able to fill it. Realizing the condition the state is now in, and knowing your needs, I feel that I am the man for the job."

He advocated drastic reduction of taxes, education of the farmer in modern agricultural methods, solving of the unemployment problem, and home ownership. He also made known, in his speech, his opposition to the repeal of the liquor law in the state constitution.

DR. J. D. SANDEFER'S 25TH YEAR, SIMMONS UNIVERSITY, AT ABILENE

Forty-second annual commencement exercises held at Hardin and Simmons University (Abilene) on Thursday, June 7, were significant in two respects: First, it was the first commencement held under the school's new name; second, it marked the close of Dr. J. D. Sandefer's 25th year as president of the institution.

Dr. Sandefer was honored last Friday in a program attended by a number of the state's leading school men. Dr. George W. Truett of Dallas was the main speaker for the occasion.

Above are shown Dr. Sandefer; Mr. and Mrs. John G. Hardin, whose recent gift of \$400,000 to the university moved the board of trustees to change the name of the school as a gesture of thanks; and George H. Mahon of Colorado, commencement speaker. Seventy-one seniors were given degrees.

For District Clerk: WALKER LANE (Re-Election)

For County Judge: SAM W. LOWE (Re-Election)

For County Attorney: R. Y. KING (Re-Election)

For Treasurer: MRS. R. WILKERSON (Re-Election)

For Public Weigher: RAYBURN SMITH

Amendments Are Given Relating To Crop Loan Issues

The regulations covering crop loans from the emergency loan crop section of the Farm Credit Administration during 1934, have been amended as follows:

The loans may be made for the purpose of summer fallowing or for the combined purpose of summer fallowing and purchasing of winter seed wheat. The maximum allowance per acre for fallowing will be \$1.00 and for the purchase of seed wheat not to exceed \$1.00 per acre. Loans made for the combined purposes as stated above, may be advanced in installments.

The security shall be a first lien on all crops to be harvested on lands the summer fallowing of which is financed pursuant to the provisions of the regulations as amended.

Applications for loans for summer fallowing or for the combined purpose of summer fallowing and purchasing winter seed wheat made under this amendatory regulation, must be received by the regional offices not later than June 15, 1934.

The other regulations issued March 1, as amended, are not otherwise amended.

Local farmers wanting loans should see J. T. Patman, receiving agent.

First Hog-Corn Money To Arrive Early In Summer

College Station, June 13.—The first installment of about \$2,500,000 due Texas on corn-hog contracts out of the estimated total of \$6,000,000 payable during the next 10 months is expected to arrive early this summer after all the county contracts have been checked and approved June 15 by the state cornhog review board.

Unlike the cotton program, all corn hog contracts will be finally checked by the state review board and sent direct to Washington from the board instead of from the counties. This is expected to eliminate delays at Washington, and to promote a faster flow to benefit checks to Texas. Shipments of contracts to Washington will be by counties, each having its bundle of contracts sent on as soon as completed checked and approved.

There are 208 corn-hog production control associations organized in Texas serving about 218 counties, according to E. M. Regenbach, extension wine specialist. A total of 30,000 farmers signed corn and hog production contracts and they probably will receive an average of about \$20 each for their cooperation with the agricultural adjustment administration.

The summer payment will consist of half the corn check, and \$2 a head for the hogs remaining after being reduced 2 0-0 in number. The corn payment is based on 30 cents a bushel for the corn raised on the average on the corn acreage retired from production this year. This run 20 0-0 to 30 0-0 of this five-year average acreage.

The fall payment due about December will include the second half of the corn benefit and \$1 a head on the hogs. This is estimated at about \$1600,000. The last payment is due early next spring and will consist of the final \$2 a head on hogs, less local administrative expense of the county cornhog production control association. The total of the final payment for Texas is expected to run about \$1,750,000.

Goldston School Notes

Last Friday evening Mr. Gatewood and the High School boys went on a picnic. After a swim in the good old swimming hole, we did justice to the supper that had been prepared for us. At the writing we have not observed any serious complications that might have arisen from the effects of over-eating. Judging from the way some of the party ate, they must have been fasting for several days. However, we are not sure about the fasting; but one thing that we are sure of, and that the entire crowd surely did feast.

Friday evening of this week Mr. and Mrs. Gatewood will give a party exclusively for the High School Girls.

On Tuesday evening June 19, 1934, the High school pupils will present their annual play entitled "Tied Hostage." Don't miss this play. There will be a small charge which will be expended for the current expenses of the pay and for the purpose of replenishing the light fund. The next event of the closing activities of the school will be a program rendered by the primary and intermediate rooms. Mrs. Smith and Miss Blanks are sponsoring this program; therefore, we have reasons to believe that it will be an excellent program. This program will be free to every one. Come and enjoy the fun with us. Remember that the date for the production of this program is Wednesday evening, June 20, 1934 at 8:30 p. m. Then on Thursday evening, June 21, 1934, at 8:30, we will have the seventh grade graduation exercises. Miss Lambert will be in charge of this program. Come and see these pupils receive their diplomas. There will be some speaker who will give an interesting address. The climax of the Week's school activities will be on Friday, June 22, 1934. On this date we will have a game of playground ball between the school girls and the Candidates. Come on, you candidates, the school girls are going to give you a licking that will long be remembered. Following the game between the girls and the candidates we will have dinner on the ground. Following the lunch we will have several interesting events in which almost every one will be interested. Then we will have two baseball games. Come and enjoy yourself. Forget that you

have work to do and remember that you are young only once. You candidates be sure to come; this will be one place where you can come and leave your pocketbooks at home. The only requirement that we are going to make of you candidates is that you come and either play ball or support your team against the school girls.

SUNNY VIEW By Pauline Brame

We are having some dry, hot weather. The high dry winds are drying the moisture out and we need rain.

There was quite a crowd Sunday at the air circus. It created quite a bit of excitement.

Miss Ina Riley is visiting relatives near Shamrock since last week-end.

Miss Ruby Peabody called in the R. A. Brame home Sunday afternoon.

A. M. Latham spent Saturday night in the M. Stark home. Vernon Brame spent Saturday night and Sunday with home folks.

The F. W. D. crew are still at work raising the track between Clarendon and Lelia Lake.

Mrs. Ada Cox and son, Troy, and Nieces, Wanda and Lola Howard of Silverton visited in the R. A. Brame home Saturday.

A. M. Lanham attended the memorial services at Clarendon Sunday, and took dinner in the F. L. Beshens home.

Pauline and Mildred Brame are visiting their aunt, Mrs. Cox, at Silverton for a while.

Mr. Heckle Stark took an air plane ride Sunday afternoon. Guess he got plenty thrill.

Texas Farmers Are Taking Advantage Of Current Loans

Over 6,600 Texas farmers and stockmen had arranged to borrow \$2,100,000 from their cooperatively managed production credit associations by June 1 and \$1,800,000 had already been paid out to finance the production and marketing of their crops and livestock, according to figures made available here today (June 11) by the Production Credit Division of the Farm Credit Administration. Most of the balance of \$300,000 is being advanced to farmers who are obtaining their loans in installment during the season.

As the season progresses, a larger proportion of the farmers and stockmen borrowing from production credit associations in Texas are obtaining loans for financing their livestock operators or for general farm purposes, such as for purchase of machinery and equipment, and for financing repairs and improvements.

This trend toward livestock and general purpose loans is reflected in the gradual increase in the size of loans which during the past week reached \$950.

Farmers and stockmen borrowing from these newly organized, short-term credit institutions, partially owned and operated by the farmer-borrowers, are able to greatly reduce their interest charges as loans now being made bear interest at the rate of 5 per cent a year. Thus, a farmer borrowing \$1,000 for a year pays \$50 interest at the end of the year, while a farmer borrowing the same amount for six months would have to pay

only \$25 interest when the loan matured or if the loan were for three months the interest would amount to only \$12.50.

METHODIST LAUNCH DRIVE FOR FUNDS NEXT SUNDAY

Under the leadership of the board of stewards, G. L. Boykin, chairman, a campaign to balance up the financial budget of the local church begins next Sunday. The plan is to get every member of the church to contribute some state amount of money for the next five Sundays, according to a plan found successful last year, and which is hoped to wipe out a seasonal deficit in

salaries and overhead expenses of the church.

Stewards are urging that every member of the church make a united effort to make this campaign successful.

INTEGRITY

WILLIAM McCRAW is the type of man that Texans can place faith and confidence in with perfect assurance of his worth. He is the only man that the people of his country ever elected to three terms as their District Attorney. He was never defeated. No class, cult or clique ever influenced him in public service. There were no back doors to his office as District Attorney—he could not be "reached."

The unexpected audit of the books of all Dallas County officials found his books "correct"—thousands of dollars of the people's money had been honestly handled.

All this insures that Texas will combine unquestioned and proven integrity with demonstrated ability.

Firestone Tires In Gruelling Test And Measure Up To It

The story of how tires made possible new speeds and eliminated pit stops in the 500-mile International Sweepstakes at Indianapolis May 30 was told today by Hommel Bros., Firestone dealers in this city. It was the 15th consecutive year Firestone Tires have equipped the winning cars, but this year tires were more vital than ever before.

"The new fuel limit of 45 gallons meant that the drivers had to have tires that could stand hours of terrific pounding. No other 500 miles of race or road test puts such a strain or responsibility on tires. "Lap speeds up to 120 miles an hour this year meant 150 miles per hour or faster on the straightaway. There is terrific outward thrust on the tires in negotiating the curves. The momentum of the cars as they drive into the turns brings an uncontrollable action that is called 'drifting,' by which the car, though headed in the right direction, tends to sweep over the embankments. It takes supreme skill and utmost strength of steel and rubber to avoid disaster.

"At such speeds one would expect the tires to be almost entirely worn away. But inspection of a Firestone Tire after it had gone the full 500 miles showed the amazing fact that there was very little sign of wear. The engineers have perfected tread stocks that withstand high speed and friction at almost fire heat caused by the tread grinding on the brick track.

"But even more important is an engineering feature embodied within the tire. It is the patented gum-dripping process by which the high stretch cords are soaked in liquid rubber, protecting them against internal friction which would cause destructive heat and deterioration. It also safety-locks the cords and gives greater adhesion and flexibility to the tire. At 120 miles and hour the centrifugal force in the tire increases its circumference at least ten per cent and often much more, and the tread would be thrown off were it not for this vital gum-dripping process which welds the tire into one strong cohesive unit.

"The same process is a protection for the motorists whose cars we equip with Firestone Tires," Mr. Hommel concluded. "It means longer wear because it minimizes internal heat. It gives the new High Speed Tire for 1934 the greatest blowout protection of any tire made."

Ford Leads Other Makes In Sale Of Passenger Autos

Ford led all other makes in sales of passenger cars during the first four months of 1934, according to official tabulations of motor vehicle registrations throughout the United States just issued by R. L. Polk & Company.

Total Ford registrations of new passenger cars in the four month period aggregated 162,788 units out of a total of 552,316 new cars of all makes registered in the United States in this period.

The Ford total registrations of passenger cars, commercial cars and trucks during the same four month period was also in the lead.

Ford's percentage of the total business in May was increasing according to advance reports compiled by Polk in 106 leading cities in key points throughout the country.

STATE TICKET IS LARGE; 50 ON IT

FIGURES RELEASED FOLLOWING DEADLINE FOR FILING, CLOSED MONDAY

Sulphur Springs, June 10 (Ap)—As the Democratic State Executive committee prepared to meet Monday in Austin to make up the party's state ticket for the July primary, J. K. Trim, chairman of the committee, announced last night the following list of candidates who either had filed notice with him or whose applications for a place on the ballot were in the mails when the deadline was reached last Monday night.

Entire List
For United States senator: Joseph Weldon Bailey, Jr., Dallas; Tom Connally, Falls County; Guy B. Fisher, San Augustine County.

For governor: C. C. McDonald, Wichita County; Tom F. Hunter, Wichita County; Maury Hedges, Dallas County; James V. Allred, Wichita County; Clint Small, Potter County; Edgar E. Witt, McLennan County; Edward K. Russell, Red River County; W. W. Nance, Sr., Tarrant County.

For lieutenant governor: Ben F. Berkeley, Brewster County; John Hornsby, Travis County; Joe Moore, Hunt County; Walter F. Woodul, Harris County; J. P. (Jimmie) Rogers, Harris County; R. M. Johnson, Anderson County.

For attorney general: William McCraw, Dallas County; Clyde E. Smith, Tyler County; J. F. Hair, Bexar County; Walter Woodward, Coleman County.

For state comptroller: Manley H. Clary, Tarrant County; Geo. H. Sheppard, Nolan County; J. J. (Jack) Patterson, Dallas County; Dolph B. Tillison, Henderson County; Carl F. Van Zandt, Bexar County; Ben J. Witt, Harris County.

Floydada Man Up
For state treasurer: D. B. Waller, Trinity County; George Baker, Terrell County; Charley Lockhart, Travis County; John Marable, Dallas County; Kay Griffin, Tarrant County.

For superintendent of public instruction: Jefferson G. Smith, Travis County; L. A. Woods, McLennan County.

For commissioner of agriculture: Fred W. Davis, Travis County; J. E. McDonald, Ellis County; K. Terrell, Floydada; C. C. Conley, Willacy County.

For land commissioner: Walter E. Jones, Gregg County; J. H. Walker, Travis County.
For state railroad commissioner: James L. McNeese, Dallas County; John Pundt, Dallas County; Lon A. Smith, Travis County; W. Gregory Hatcher, Dallas County; R. D. Parker, Travis County; H. O. Johnson, Harris County.

For associate justice of State Supreme Court: James W. McClendon, Travis County; John H. Sharp, Ellis County; H. S. Lattimore, Tarrant County.

For Judge of Court of Criminal Appeals: W. C. Morrow, Hill County.

"HOW JESUS HELPS"

"I have prayed for thee, that thy faith fail not." Luke 22:32. We are thinking of a Christ who lives His own today, as really as in the days of Galilee. This is the glorified and triumphant Lord whose spirit is among us in power and glory.

I. Peter was the object of Christ's sympathy. There is a significant passage in John's gospel which reads, "having loved his own which were in the world, He loved them unto the end." To Jesus the word means all that it signifies, suffering with one another. Human sympathy is sometimes very cheap, but it says of our Lord that he "carried our sorrows." It is a sweet thought in the days of need that somebody cares.

II. Jesus understood His fickle disciples. He saw where Peter could not see. The latter meant well, but he was going in the wrong way about it. There was too much of self in his proud assertion of loyalty. Faith may fail in a variety of ways; by overconfidence, for example, when the struggle is discounted; by misdirection, when the objective is not sufficiently honored, and by arrested development through lack of contact between principles. Perhaps Peter, enticed in all three directions, but His Lord understood.

III. Encouragement is sounded in Christ's words; "I have prayed for thee." It is one thing to pity people and another to pray for them. Then you take them into your life. "Your trial is coming, Peter," he seems to say "but don't be discouraged, do not succumb to it. I shall remember you, and shall be with you."

Carries On

DENNIS WALLER

Dennis Waller In Statement To Press Of Fatal Shooting

"My brother, Rex Waller, was shot to death because he had in his possession an extortion letter written by Splettoesser, and not because of attentions paid the man's daughter," was the statement made the press recently by Dennis Waller.

Waller, in his announcement for the office of state treasurer at Trinity last month, pledged fulfillment of the policies and promises of his brother, who at the time of his death was a candidate for the same office.

"The three cardinal principles of my brother's platform are the ones I shall advocate as a candidate and carry out as the State Treasurer of Texas," Waller stated. "The State Treasury will not be used as a dumping ground for worthless securities. Not one dollar of the taxpayers' money will be tied up or lost in 'busted banks.' There will be no job selling or job swapping in the State Treasury department during my administration."

Waller is 45 years of age and has a wife and seven children. While always interested in political questions, this is his first time to seek an elective office.

New Rule Extends Use Of Contracted Corn, Wheat Acres

College Station—Modification of restrictions on the use of contracted acres in the corn-hog and wheat programs to permit the planting and grazing or harvesting for hay of all forage crops except corn and grain sorghums has been announced by the Agricultural Adjustment Administration. This modification, made first for official drought counties, has been extended to include all corn-hog and wheat contract signers.

As interpreted by E. M. Regenbrecht, swine specialist in the Texas A. and M. College Extension Service, the new ruling means that corn-hog and wheat contract signers may plant their contracted or rented acres for grazing or for hay to any crop except corn and grain sorghums. For instance, sudan grass or cowpeas, previously prohibited on these acres, may now be planted on rented acres and used as roughness or grazed.

Attention is specifically called to the fact that these modifications permitting wider plantings and use of forage and pasture crops do not apply to the cotton program. Rented cotton acres cannot be used except as needed for living at home, other land not being available, or for soil enriching crops, or for reforestation, or for wild life refuges.

Chester Williams, J. P. Rhode, and Carol Hudson left this week for Capitan, New Mexico, where they will hunt and fish for about two weeks.

Do not lose this faith and you will win a victory. How much value do you set on the prayers of your friends? They mean much, but think of the power of Christ's prayers. Well he still prays for the children of faith.

IV. Jesus offered wise counsel to his weak disciple. "Thy faith!" Not thy speech, learning or worldly treasures, but thy faith. When we lose faith, the battle is over. Faith in God, faith in one's fellow men, faith in oneself—these are the three great lights of truth. Believe that he cares and go on to victory.
W. E. Ferrell, Minister, First Christian Church, Clarendon.

Applicants Now Being Accepted By Marine Corps

The Marine Corps is now accepting desirable applicants for enlistment. These applicants must be between 17 and 30 years of age, single, and have no dependents, and be not less than 66 inches nor more than 74 inches in their stocking feet.
Major A. B. Miller, the officer in charge of recruiting, District of Los Angeles, is pleased to announce that through the cooperation of the Marine Corps Institute, all men who are accepted for enlistment during the remainder of May and June will be allowed to take a course in aviation engines or radio. These courses are free of charge and upon the completion of the prescribed a course a diploma will be awarded by the Marine Corps Institute.

For full information regarding enlistment, write or apply at the Marine Corps Recruiting Station, 130 South Broadway, Los Angeles, California.

Very sincerely yours,
A. B. Miller, Major, U. S. Marine Corps.

CANDIDATES RALLY TO BE HELD AT JERICHO, 20TH

R. C. Weatherly, Jr., has asked the News to announce that a Candidate's Rally will be held at Jericho, June 20th, to which the public in general is invited to attend.

Miss Mary Frances Caraway, who has been attending Incarnate Word College at San Antonio, is home for the summer.

ASHTOLA PIE SUPPER WILL BE HELD THURSDAY, 21ST
to be given at the Ashtola School house, Thursday evening, June 21st.
The ladies of the Ashtola community are putting this on and it is hoped that a large crowd will be in attendance.

Holland-Park Nuptials Tuesday

Beautiful simplicity marked the wedding of Miss Dale Park and Joe Holland, both of this city, which took place at the home of the bride's mother, Mrs. Annie Park, Tuesday evening at 9:30. Rev. W. T. Lackey read the ring ceremony in the presence of the immediate family.

The bride was attractive in a fitted frock of navy crepe with white accessories. She is the daughter of Mrs. Annie Park and after graduating from High School, attended W. T. S. T. C. at Canyon. For the past two years she has been employed at the local telephone exchange.

Mr. Holland is a prominent young business man of this city, being associated with his brother, Lee in the garage business. He was a City Commissioner for several years.

The News joins their friends in wishing for them many, many years of happiness.

Breakfast-Bridge

Mrs. C. T. McMurtry was cordial hostess to the Bluebonnet Bridge Club last Thursday morning, when she entertained at the Hotel Clarendon with a Breakfast-Bridge, at 8:30 o'clock.

The table was centered with a huge bouquet of purple and white snapdragons and artistic place-cards adorned each place.

Following the delicious breakfast, games of bridge were played at the J. L. McMurtry home. Mrs. James Trent was winner of the high score award for guests, and Mrs. J. F. Blocker for club members.

Among those present were Mrs. Sella Gentry, Mrs. R. A. Chamberlain, Mrs. James Trent, Mrs. J. R. Porter, and Mrs. A. L. Chase, invited guests.

Mrs. F. E. Chamberlain, Mrs. Odos Caraway, Mrs. R. L. Bigger, Mrs. J. F. Blocker, Mrs. C. C. Powell, Mrs. George Ryan, and Mrs. J. L. McMurtry.

B. & P. W. Club

One of the most pleasant meetings of the club year was held Tuesday evening at the home of Julia Mae Caraway, when the club officers were hostesses with a Garden Party.

As the guest arrived, they were received by Julia Mae and Man-tie Graves, club president. Some time was spent in conversation and looking at the club scrap-book, after which a delicious lunch was served at small tables about the lawn.

Bridge and Forty-Two were played until a late hour by fourteen members and Mary Vaughn, Mary Francis Caraway, and Lorena Stegall, guests.

Ladies Aid

The Ladies Aid of the First Christian Church met in the basement of the church, Wednesday afternoon.

Mrs. W. T. Hayter, president, presided over the meeting and opened the session. Following this she turned it over to Mrs. C. E. Gamblin who conducted the lesson, the 9th Chapter of Hebrews. This was read and discussed by those present.

The Aid will conduct a Market at the "M" System, this coming Saturday.

Friendship Club

Mrs. J. H. Harris was hostess to members and guests of the Friendship Club when they gathered at her home, Tuesday afternoon.

The meeting was opened in the usual manner and Mrs. J. D. Stocking read the Scripture Lesson. A most enjoyable afternoon was spent and delectable refreshments served to:

Mrs. M. W. Mosley and Mrs. U. S. Avsher of Boyd, Texas, invited guests; Mrs. C. E. Lindsey, Mrs. W. T. Hayter, Mrs. J. D. Stocking, Mrs. G. J. Teal, Mrs. J. E. Mongole, Mrs. L. Ballew, Mrs. J. L. Allison, Mrs. C. R. Skinner, Mrs. M. C. Crabtree, and Mrs. M. E. Thornton, club members.

Les Beaux Arts Close Club Year

"American Sculpture" was the principal subject at the last meeting before fall of the Les Beaux Arts Club, which was held last Saturday afternoon at the Charlie Trent home, with Mrs. T. H. Peebles and Mrs. Trent, hostesses.

The leader for the afternoon was Mrs. Charlie Trent, who discussed "Woman Sculptors of America." Mrs. J. H. Morris discussed the life work of three major American sculptors and Mrs. J. D. Stocking told of "Bronze Sculpture."

In the business meeting a history of the club year was read and approved and the treasurer's report given. Following this, delectable refreshments were served.

Kicuwa Camp Fire

The members of the Kicuwa Camp Fire Troop are very glad to have their guardian, Mary Frances Caraway back with them again.

Plans for the summer were discussed at a meeting this week. The girls are planning for physical training, so they have decided to meet at the homes. Officers were elected and are as follows:

Sarah Virginia McGowan, president; LaVerne McMurtry, vice-president; Peggy Routh, secretary-treasurer; Emma Ward Burkett, reporter.

The girls who intend to take rank this summer are working on their requirements. The next meeting will be in the regular room.

Chamberlain Home Demonstration Club

About fifteen members attended the meeting of the Chamberlain Home Demonstration Club last Thursday, June 7th, when Mrs. Frank Barbee entertained, at her home.

The meeting was opened by prayer led by Mrs. Will Barbee. Mrs. R. P. Wilson presided over the business session. "Wild Birds of the Panhandle" was the topic of the lesson study, which Mrs. Harley Skinner had charge of. Later the members had a recipe exchange.

Refreshments were served at the close of the program. The next meeting will be with Mrs. Roy Beverly, June 21st, at which time "Clothing and the Various Styles" will be the lesson subject.

Storytelling Hour
Place—Courthouse Lawn.
Time—5 to 6 p. m. Tuesday, June 19th.

Sponsors—Mesdames R. Y. King, Mollie Gray, and B. L. Jenkins.
Storyteller—Mrs. U. J. Boston.

Subscribe for The Clarendon News

Mrs. C. H. Bugbee Entertains Club

Among the many attractive social affairs of the past week was the entertaining of the 1922 Bridge Club by Mrs. Charles H. Bugbee, at her home, Tuesday afternoon.

Bouquets of garden flowers adorned the entertaining suite where the guests gathered to play games of auction bridge. Winners for the afternoon were Mrs. T. H. Ellis for high score, Mrs. John Sims, Sr. for consolation cut, and Mrs. Odos Caraway for low score.

Following the games, a sumptuous two course afternoon luncheon was served by the hostess.

Attending were Mrs. L. S. Bagby, Mrs. Odos Caraway, Mrs. T. H. Ellis, Mrs. Sella Gentry, Mrs. J. B. McClelland, Mrs. James Trent, and Mrs. John Sims, Sr.

M. E. Bell Honors Legionnaires

Wednesday evening, the Aubyn E. Clark Post of the American Legion was honored with a barbecue when M. E. Bell entertained at the Bell Ranch, south of Clarendon.

By 6:30 all the guests had arrived and a young beef, barbecued only as Frank Whitlock can do it, was ready to be eaten. When "Chuck" was called, they came and got it.

After an enjoyable evening, the Legionnaires and several guests left for home thanking Mr. Bell for one of the grandest times spent in many moons.

Mrs. Chamberlain Has Needle Club

The members of the 1912 Club spent a most enjoyable afternoon Thursday as guests of Mrs. R. A. Chamberlain, at her home.

After a pleasant afternoon spent in doing fancy needle work and engaging in congenial conversation, delectable refreshments were served to:

Mesdames George Ryan, F. E. Chamberlain, R. S. Morris and Brice Kennedy of Wichita Falls, J. W. Ryan of Amarillo, Cliffie Allen Heath of Houston, and Miss Mary Howren, guests.

Mesdames Sella Gentry, John Sims, Sr., J. B. Baird, B. L. Jenkins, and J. T. Patman, members.

Malaria Cases Said To Be On Increase

Austin, Texas, June —According to information reaching the Texas State Department of Health, the number of malaria cases is increasing; a sharp turn upward was noted for May. This is directly related to a parallel increase in the number of mosquitoes. The Malaria Unit re-

Paralysis Is Most Frequent, Summer

Austin, Texas, June 14, "Infantile paralysis can be expected to occur more frequently during the next three or four months," declared Dr. John W. Brown, State Health Officer. "This disease is always more frequent during the hot months."

"The germ responsible for infantile paralysis is so small that it escapes detection even with the most powerful microscopes. The first symptoms are usually vomiting, headache, fever, stiffness of the neck, pain in the legs, irritability and drowsiness. Complete recovery may follow such an illness. In more severe cases, the germ penetrates the nervous system, resulting in paralysis of nerves controlling one or more groups of muscles. Some remarkable recoveries have been noted.

"Flies or other insects have not been demonstrated to play a part in the spread of this disease. Infection spreads from person to person with the droplets attending coughing and sneezing. Children and grown people that are healthy may be carriers of the germs. When present in epidemic form, about one child in each hundred is apt to suffer an attack.

"Early recognition and diagnosis is essential. The use of immune serum may be a factor in preventing paralysis. A period of complete rest is essential for muscles that are affected. If parent note any symptoms of illness in their children, the family doctor should be consulted at once."

ports that not for years have they noticed such large numbers of mosquitoes.

Probably one item that favors this increase is the mild winter and rainfall which leads to many temporary collections of water. Of course the breeding of mosquitoes is not limited to temporary water, but they are the ones that are often the cause of increase of the mosquito population. They must have water to propagate.

Attention paid to the following and similar points will largely reduce the opportunities for mosquito breeding. Remove all trash from the back yard, including old cans, pails, bottles, and automobile tires or bodies. Clean up the premises.

Put new washers in leaky hydrants. Screen-water barrels or oil them regularly. Get some top-minnows and place them in lily pools and cisterns. Look over the roof gutters and drain-spouts and remove trash and straighten up any sagged portions. Change the water in flower vases frequently. If there are low spots in the yard where water stands for days after a rain, either fill or drain these places. In any event before complaint is made about mosquitoes to the health department, be sure that your own premises have been thoroughly inspected and found free from mosquito breeding places.

Yards Cost \$1.77 To Landscape, Add \$100 To Farm Value

College Station—A \$1,592,600 increase in the value of farm homes is calculated as the result of a cash expenditure of \$28,189.35 on 15,926 farm yard landscaping demonstrations completed by Texas home demonstration club members in 1931, 1932, and 1933, according to a report issued by Miss Ona Jacks, extension specialist in landscape gardening at Texas A. and M. College. The figure is based on an estimate that a properly landscaped place can be sold for 10 per cent more than an unplanted one. Real estate men estimate a 20 per cent increase in value. The estimate assumes a low valuation of \$1000 per farm.

The low cash cost of this landscaping—an average of \$1.77 per yard—was due to the free use of native shrubs and trees transplanted from nearby woods and creek bottoms to plant exchanges and to cutting beds. Women grew 132,492 cuttings of ornamental shrubs in the 6257 cutting beds operated. Plant exchanges extended even beyond the county lines. One case was reported of an exchange of native shrubs between women of Wilbarger county and women of San Augustine and Upshur counties. Mrs. F. L. Wallace of Falls county traded canned meat for balled and burlapped youpon trees. A woman from Hidalgo county traded board to a man for enough pickets to underpin her house.

THE TOUGHEST TEST A MOTOR OIL COULD TAKE!

NEW AND IMPROVED CONOCO GERM PROCESSED MOTOR OIL WINS THE TERRIFIC "DESTRUCTION" TEST!

These six new strictly stock cars were used in the "destruction" test, under AAA supervision.

A DARING, competitive test—and what a result! New and Improved Conoco Germ Processed Motor Oil out-distanced five worthy rivals, thanks to the extraordinary film strength and penetrativeness our recently patented process gives it. Five quarts of this remarkable new oil lubricated a motor for the almost unbelievable distance of 4,729 miles before the motor was wrecked!

Five other oils, all nationally known, competed with New and Improved Conoco Germ Processed Motor Oil in this

test. All cars were driven under AAA supervision, under exactly the same conditions until the motors could no longer operate. The notable thing is that five quarts of New and Improved Conoco Germ Processed Motor Oil went more than 3,000 miles farther than the first oil to fail, and over 1,400 miles farther than the best of its competitors!

The results of this test should guide your motor oil purchases from now on. Look for the Red Triangle Sign.

NEW AND IMPROVED CONOCO GERM PROCESSED MOTOR OIL EXCLUSIVE NEW FEATURES PROTECTED UNDER RECENT U. S. PATENTS

Forgotten Grave Of King's Texans Found at Refugio

Corpus Christi, Texas, June 13.—The long-forgotten grave of the small band of Captain King's men, killed by Mexicans under General Urrea in 1836 as they attempted to go from Our Lady of Refuge Mission at Refugio to join Pannin's army at Goliad, has been found by the Refugio unit of the Texas Landmark Association and plans for an official burial service were started.

The excavation group, headed in Refugio by Father William Oberste, also has located a large number of human skeletons, believed to be those of Mexican soldiers. They were found between the church and the Mission River. Some estimates of their number ran as high as 300.

The grave of King's detachment had long been forgotten. Old residents at Refugio knew only that somewhere in a Catholic Cemetery there was such a spot, that King's men had been brought back and buried after being wiped out a short distance from the mission.

In 1836 the small group of families living at Refugio learned that General Urrea was approaching, while Santa Anna marched on San Antonio. Urrea had orders to take San Patricio, Refugio and Goliad.

Colonel Fannin at Goliad was asked for an escort to conduct Refugio families to Goliad. Colonel Ward was sent. Some histories indicate that King and Ward were in dispute as to authority and that King started out with twenty-seven men. All were killed and their bodies were left unburied for weeks, later being placed in a common grave.

Many human bodies are being found along the Mission River by excavating work led by Frank Low of Refugio.

WHITEFISH (By Vida D. Byerly)

The C. W. Club met and were entertained at the home of Mrs. Robert Crisp Friday afternoon. The afternoon was spent in playing bridge. There were a number of members absent and only two tables were arranged.

Mrs. Lillie Fulton had the honor of winning the high score prize. Mrs. Monroe Byerly took the high cut prize.

The hostess served delicious refreshments of fruited ice cream and angel food cake to the following guest and members: Mesdames Frank Crisp, guest; Lionel Ward, E. T. Crisp, Fern Davenport, Monroe Byerly, Lillie Fulton, Noats Davidson, and Charlie McMurry.

Estelle Reeves, McLeon, visited with her parents, Mr. and Mrs. John Sparkman the first of the week.

Mr. and Mrs. Fern Davenport spent Sunday with his parents, Mr. and Mrs. Dee Davenport, north of Alameda.

Mr. and Mrs. Oscar Tibbett, north of Alameda, spent Sunday with Mr. and Mrs. Loisel Ward.

Mrs. Rufus Kennedy was reported ill on Friday.

Gordon Thomas and daughter, Roxie Ruth accompanied by Mr. and Mrs. Lionel Ward and children went to Pampa Saturday night to visit with Mrs. Gordon Thomas, who is at the hospital with Mrs. Edgar Hugg. Mrs. Hugg is doing as well as could be expected.

Mr. and Mrs. Marvin Hall and little daughter, Doris Jean, spent Sunday with Everett Hall and family.

Mr. and Mrs. Monroe Byerly spent Saturday night and Sunday with Mr. and Mrs. F. R. Crisp.

Lorenzo Sparkman ate supper in the Frank Crisp home Saturday evening.

line-ups were changed all through the game, giving all parties, desiring to play, an opportunity to do so, which added interest to the game. Everybody seemed to be interested in our community baseball playing as good clean entertainment and sport and not to beat the other fellow by "hook or crook." This is a very fitting spirit for America's national sports.

Whitefish won 23-13. Better luck next time Skillet.

(Last Weeks News)

The year old daughter of Mr. and Mrs. John Bible, Vern Lee, died at their home early in the morning, June 1st. The little babe had been ill several months but had seemed somewhat improved until her last illness which came rather suddenly and lasted only a few hours. Attending physicians had not held out hopes for her recovery, therefore the bereaved family and friends were not greatly shocked by her death.

Simple but beautiful services were held at the family home. Rev. Goff read the beautiful story from the life of David found in the book of II. Samuel where David fasted and prayed for the infant son which died. The floral offering were dried, the present season. Burial was made in the Alameda cemetery. Funeral and burial arrangements were made by the Thompson Funeral Home, McLean.

The visiting relatives were Messrs. Jim and Cecil Bible of Canyon, Mr. and Mrs. Paul Bible and little daughter, Hollis, Oklahoma and Ella Shafford of near Hols.

The family mourning the loss of the little one are the parents, Mr. and Mrs. John Bible; brothers, Clovis, Walter and Ray, and sisters, Irene, Tinnie and Ruth.

The Literary Society met Friday night. The attendance was rather poor due to a number of illness in the community and also at Alameda. The short program was good. Some of the business was attended to but much had to be held over to get the membership vote. Vice-president, Monroe Byerly, acting in absence of the president, appointed a program committee. We hope for a better meeting next time.

Lawrence Lee injured his foot last Thursday. He jumped from a bank at the swimming-hole and struck a partially buried stob with his right foot. The wound and bruises are healing nicely.

T. R. Broun and Gordon Thomas are working on the cotton deal for this district. Mr. Broun was in the community Monday.

Little Miss Una Davenport has been ill for several days. She and her mother are at the home of Mr. and Mrs. Dee Davenport, north of Alameda.

Mrs. Loisel Ward and children visited relatives in Canyon from Wednesday until Sunday. Mr. Ward took them to Canyon and they returned with Mr. and Mrs. Frank Crisp.

Mr. and Mrs. Frank Crisp took their daughters, Misses Mabel Ruth and Marguerite and their niece Lulu Mae Dunkle, to Canyon Sunday, where they will enter the summer terms of school. Miss Mabel is working on her Sophomore work at W. T. S. T. C. The other girls are junior and sophomore, in high school.

Billie Crisp is at home now, having completed his high school freshman work with the Alameda class.

Little Miss Roxie Ruth Thomas has been visiting with her aunt, Mrs. Rose Hall in the Glenwood community.

Robert Chisp and family have moved back to their home place after spending the winter in Alameda in order to send his daughter Pauline to high school there.

J. L. Gilser and family from the Skillet community visited.

Rheumatic Pain Stopped by Lemon Juice Recipe

Try this. If it doesn't relieve you, make you feel better and younger and happier, your druggist will refund your money. Get a pack of the REV PRESCRIPTION. Mix it with a quart of water, add the juice of 4 lemons and take a tablespoonful two times a day. In 4 hours, usually, the pain is gone, joints limber up, wonderful glorious relief is felt. Equally good for rheumatism, or neuritis pain. Costs only a few cents a day. For sale, recommended and guaranteed by all leading druggists. Any druggist will get the REV PRESCRIPTION if you ask him to do so.

Dr. A. W. Hicks
DENTIST
Hours 8:30 A. M. to 5:00 P. M.
Room 3—Goldston Bldg.
Clarendon, Texas

ed in the Long home Sunday. Billie Thomas of Clarendon is visiting his brother, Mr. Gordon Thomas.

Mr. and Mrs. U. C. Brown and small children visited in Shamrock Sunday.

The baseball boys played their opening game with the Skillet team at Skillet Sunday afternoon. Seven innings were played in which Whitefish received 9 hits from the Skillet pitchers, Vinzil Martin and Joe Baiten, while they made only 3 hits off pitcher, Noble Fish, Whitefish. Whitefish walked off with a score of 6 to 1.

The Whitefish line-up was as follows: Pitcher, Noble Fish; catcher, Charlie Bible; first, second and third basemen, Buck Sparkman, Clovis Bible and J. D. Fish; fielders, Lorenzo Sparkman, center; Cletis Fish, left field; and Loisel Ward, right field; and Monroe Byerly, short stop.

The reporter failed to get the Skillet line-up.

New Corporations In State Granted 120 Charters, May

Austin, Texas, June 13.—Charterers granted to new corporations during May total 120, a gain of 6.2 per cent over April but a decline of 21 per cent from May last year, according to the University of Texas Bureau of Business Research. Capitalization of \$1,269,020 was 5.4 per cent less than in April and 36 per cent below May a year ago.

Only one group, merchandising, showed an increase over May last year, and that of only 3 per cent. On the other hand, a number of groups showed increases over April of the current year: Manufacturing concerns, 21 chartered, against ten in April; real estate and building, six against four; transportation, two against one; miscellaneous, twenty against sixteen.

Mr. and Mrs. Henry Williams, Chester Williams and Frank Adams returned last week from a fishing trip to Diversion Lake in Wichita County. While there they visited Mr. Williams' brother, J. T. and family.

Read the Classified Ads.

NAYLOR (By Mrs. Richmond Bowlin)

A marshmallow toast at Naylor springs was very much enjoyed Saturday night.

Miss Louise Beach spent the week-end with Miss Letraus Scott.

A good singing was enjoyed Sunday night at the school house.

On account of conflicting with Skillet, our pie supper will be the 22nd instead of the 15th.

Mr. and Mrs. B. F. Bishop and children of Corpus Christi visited a few days with Mr. and Mrs. R. E. Beach. The ladies are sisters. Mr. and Mrs. Bishop are enroute to Yellowstone National Park. Miss Louise Beach will accompany them.

Mr. and Mrs. Leroy Tidrow spent Sunday with Mr. and Mrs. Prentice Hurst at Clarendon.

Mrs. Tom Bain surprised her husband Sunday by having their children and grandchildren, and a few friends to come over for the day, it being Mr. Bain's birthday. At noon a grand spread was served buffet style, after which the little grand-daughters presented the gifts, which were all useful and beautiful. At mid afternoon, ice cream and cake were served. Those present were: Mr. and Mrs. A. B. Carnes and children of Shamrock, Mr. and Mrs. J. R. Bain and daughter, Betty Jo, of Clarendon, Mr. and Mrs. Clyde Bain of Hedley, Mr. and Mrs. Claude Bain and children of Hedley, Lewis Bain of Berger, Mary Jo Walker of Amarillo, Mr. and Mrs. Tommy Bain, Mr. and Mrs. T. E. Naylor and

Mr. and Mrs. Richmond Bowlin, Lensey Walker of Amarillo is spending this week with Lesley Pickering.

Miss Cleo Eanes of Chamberlain spent the week-end with Miss Estella Adams.

Decline In State Business Failures Shown By Bureau

Austin, Texas, June 13.—Further evidence of improved business conditions in the State is seen in a decline in Texas commercial failures during May, according to the University of Texas Bureau of Business Research.

According to reports from R. G. Dun and Company, there were only fifteen business failures during May, against nineteen in April and 61 in May, 1933, declines of 21 and 75 per cent respectively. Total liabilities of \$142,000 represented a decline of 40 per cent from April and 72 per cent from May last year, while average liabilities per failure of \$9,467 were down 24 per cent from April and 50 per cent from May a year ago.

Story of a couple of rival boys. Laughter and tears with youthful actors answering an age-old question. Also FOX NEWS and COMEDY.
10c and 25c
Coming—George Raft in "The Trumpet Blows."

Loans Arranged By 6,600 Texas Farmers To Date

Washington, June 13.—Texas farmers and stockmen to the number of more than 6,600 up to June 1 had arranged to borrow \$2,100,000 from their co-operatively managed production credit associations, it was announced by the production division of the farm credit administration. Already there has been disbursed \$1,800,000 to finance production and marketing of crops and livestock of these Texas farmers. Most of the remainder is being advanced to farmers in installments during the season.

As the season progresses, says the credit administration, a large proportion of the farmers and stockmen borrowing from Production Credit Associations in Texas are obtaining loans for financing their live stock operations or for general farm purposes, such as for purchase of machinery and equipment, and for financing repairs and improvements. This trend toward live stock and general purpose loans is reflected in the gradual increase in the size of loans which during the last week reached \$950.

Farmers and stockmen borrowing from these newly-organized, short term credit institutions, partially owned and operated by the farmer borrowers, are able to greatly reduce their interest charges as loans now being made bear interest at the rate of 5 per cent a year. Thus, a farmer borrowing \$1,000 for a year pays \$50 interest at the end of the year, while a farmer borrowing the same amount for six months would have to pay only \$25 interest when the loan matured, or if the loan were for three months the interest would amount to only \$12.50.

LIBRARY NOTES (By Mrs. C. A. Burton)

We were glad that a special price by a publishing house enabled us to place the following list of new books on our shelves: "This Strange Adventure," Mary Roberts Rinehart; "Naked Faquir," Ghandi; "Bernays, Practical Conduct of Play," Gurtis; "Flames of Moscow," Ivan Lukash; "The Marble Faun," Hawthorne; "The Master of Ballantrae," Stevenson; "Rhymes of Childhood" and "The Passing Throng," Edgar A. Guest; "Bryant's Poems," "Southern Poets," "Lay of the Last Minstrel," Scott; "Snowbound" Whittier; "Farewell to Arms," Ernest Hemingway; "The Haunted Bookshop" and "Parnassus on Wheels," Christopher Morley; "Vanity Fair," Thacker; "A Son of the Middle Border," Hamlin Garland; "Dr. Dolittle's Garden," Hugh Softing; "Wild Flowers," Frederick M. Stack; "Silver Slippers," and "Wallflowers," Temple Bailey.

One of our late accessions is "As The Earth Turns" by Gladys Hasty Carroll, and I found it one of the most delightful stories I have read for a long while. It has been called a thoroughly American novel—the story of a year in the life of a New England family on a farm. William Allen White who read an early copy of the book, says, "As the Earth Turns" is an intimate, delightful study of New England. As a story it holds its charm page by page to the end. As a view of American life quite outside of its environment and beyond the story, the book is a contribution to an understanding of the American spirit. Here is courage with humor, purpose without cant, idealism mixed with practical common sense. The characters in the story dramatize the fundamental virtues of America and yet live and

shine as human beings. It is—and there is no other word which exactly describes it—a beautiful book."

Constance Lindsay Skinner says of it: "The conception of this book is poetry, and lifts to the plane of poetry all the minutiae of daily life in a family of unpoetic individuals. I hear the symphony of the earth as the themes unite in a big, slow, inevitable rhythm of the seasons. There is, to my sense, great beauty in this. The author has a very special gift for dialogue. The speech is laconic, untrimmed, welling out of the care of character, always moving the story on, adding to the portrait being painted. But I am still most impressed by the magnitude and beauty of the theme, the idea of human lives moving on and with the soil in that vast, unbroken rhythm of the seasons, and by the quietly powerful, sure touch with which it has been handled."

The story is the everyday life of the Shaw family throughout the year—"as the earth turns"—Mark Shaw, the father, a quiet, rather inarticulate, hard working farmer, and his boys and girls. Jen is the central figure, severe, fine, fibered, plucky, deeply content with life. Each member of the family becomes a distinct individual. The story was the best seller of 1933.

The author, Gladys Hasty Carroll, was born in South Berwick, Maine, in 1904, on her grandfather's farm which both father and grandfather cultivated. She graduated from Berwick Academy in 1921, after which she spent four years in Bates College in Lewiston, Maine. Here she met and married Herbert A. Carroll of Greenfield, Mass., and went with him to Fall River, where he was debate coach in High School. After three years they went to New York City, where he studied for his doctor's degree in educational psychology in Columbia, while she provided the family income by conducting a column in the Youth's Companion, and writing two juvenile books. In 1930 Mr. Carroll accepted a professorship in the University of Minnesota. Here she wrote "As the Earth Turns" and then soon after the completion of the book, her son was born. She is described as a young woman on the edge of thirty, but not quite there—not very tall, slight, with thick white skin, gray blue eyes, and sandy brown bobbed hair. Reserved of course, but friendly. She just writes along with living, and somehow both work out to a good end—a pre-eminently normal woman.

PIE SUPPER FRIDAY
EVENING AT FAIRVIEW

There will be a pie supper at the Fairview school, sometime known as Naylor, Friday night, June 15. There will be entertainments of various kinds and all candidates are invited to attend. The event is being sponsored by the Fairview Literary Society.

Mrs. Katherine Stark returned Sunday from Happy, where she has been visiting her sister, Mrs. Jack Rogers and Mr. Rogers.

MARTIN

(By Polly Sowell)

Sunday School was held at the usual hour Sunday morning with a good attendance. Bro. Williams filled his regular appointment.

The Martin baseball team went to Lelia Lake the first part of the week. They played a very exciting game from the first inning to the last. The score card at the end of the game showed Martin 14, Lelia Lake 9. Martin plays Windy Valley next week.

The young people enjoyed a party Saturday night at the home of Mr. and Mrs. Harry Hartzog.

Mr. and Mrs. D. A. Patterson and children of Pampa spent the week-end with Mr. and Mrs. C. J. Talley. Mrs. Vestal Mosley and children spent a few days last week with Mr. and Mrs. Talley.

Mr. and Mrs. Guy Jones spent Saturday night at Claude with Mrs. Jones' parents, Mr. and Mrs. Tyler.

Mrs. J. A. Pool has a sister visiting her. Mr. and Mrs. Rufus Pool and daughter spent Sunday at Childress.

Miss Louise Patterson had as her guests Sunday, Imogene Endsley, Margaret Sue Easterling and Johnnie Lafon. Howard Patterson had as his guest, Fred Easterling and Ralph Shannon. Mrs. Long and son Gerald spent Thursday with Mrs. Dave Patterson.

Bro. Williams and daughter spent Sunday with Mr. and Mrs. R. L. Mason.

Mr. and Mrs. J. T. Easterling, Mr. and Mrs. Guymond Sibley, spent Saturday night with Mr. and Mrs. Craude asterling.

Mr. and Mrs. J. F. Cannon spent Friday afternoon with Mr. and Mrs. George Bulman.

Miss Dorothea Watson from Clarendon spent the week-end with Misses Onatia and Mary Lois Hayter.

Mr. and Mrs. Guy Sibley of Dallas spent the week-end with Mr. and Mrs. A. J. Sibley and Mr. and Mrs. W. F. Barker.

George Parker and Katherine Joe Thompson spent the week-end with their grandparents, Mr. and Mrs. J. A. Sowell.

Misses Clarie Jones and Inez Tolbert, Clyde and Carroll Peabody, Robert Tolbert, Luther Hall, spent Sunday with the Helton children.

Mr. and Mrs. Jim Baker spent Sunday with Mrs. Baker's mother, Mrs. Arnold, at Naylor.

Mrs. P. O. Thompson, Mrs.

Gus Williams and Mrs. Thomas of Midway, spent Monday with Mrs. J. A. Sowell.

Mr. and Mrs. J. D. McAdams spent Sunday afternoon with Mr. and Mrs. Matt Wood, at Clarendon.

Mrs. H. B. Catlett spent Monday with Mrs. A. T. Tolbert.

Maroon Colored Auto Plates, 1935

Austin, Texas, June 4.—Motor passenger cars in Texas next year will carry maroon number plates with white numerals. They

are being made for the first time in the penitentiary. More the 1,000,000 pairs will be made.

Last year passenger vehicles carried orange and white number plates, the colors of the University of Texas. The 1935 plates will be in the colors of the Agri-

sign will be generally the same. A previous series of plates have been purchased under sealed bids. The last Legislature made an appropriation to purchase machinery and purchase plates and supplies whereby the State prison system hereafter will make the plates.

THOUSANDS KILLED OR INJURED EVERY YEAR BY BLOW-OUTS

Every year thousands of motorists are killed or injured when blow-outs throw cars out of control. Today automobiles are geared for high speed driving, and at speeds of 40 or 50 miles an hour, terrific heat is generated inside tires. This causes rubber and fabric to separate. A tiny heat blister forms and grows until finally the tire blows out.

Realizing the urgent need for a tire that would really give motorists blow-out protection, Goodrich engineers invented a special construction called the Golden Ply, which resists heat and keeps the rubber and fabric from separating. This construction is built into every Silvertown Fire and actual tests on the world's fastest track prove that it makes motorists 3 times safer from blow-outs at high speeds.

THIS NEW TUBE WON'T TEAR Even when run Flat!

Won't Rip, Cut, or Tear

Here's an inner tube that's built to stand up under today's punishing driving conditions. Actual tests prove that this tube can be run flat without ripping or cutting. And it costs no more than ordinary tubes.

Goodrich Gold & Black SILVERTOWN TUBE

HERE'S REAL BATTERY NEWS!

An entirely new principle of design and construction built into this Goodrich Electro-Pak Battery gives you protection against troublesome short circuits. Get long, trouble-free service, and save up to 20% on cost per month besides. Put this dependable new-type battery in your car today.

Goodrich Electro-Pak

THIS NEW TIRE MAY SAVE YOUR LIFE!

GOLDEN PLY INVENTION PREVENTS GREAT, UNSEEN CAUSE OF BLOW-OUTS

Blow-outs never give warning. Your turn might come any day, according to statistics. But now you can avoid this danger—prevent the great, unseen cause of blow-outs before it begins. The Life-Saver Golden Ply, built into every new Silvertown, resists the terrific heat generated by modern high-speed driving. Rubber and fabric don't separate. Thus your Silvertowns remain free from tiny heat-blisters inside the tire. And when destructive internal heat is controlled, tires last months longer.

No extra cost!

Yet this extra safety and mileage is free! Safety Silvertowns cost not a penny more than other standard tires. Come in and let us put this priceless protection on your car.

TELLING YOU—
(Continued From Page One)

the Baptist church reports a "kittenapper" in the neighborhood. He says that a fine Persian kitty is missing from his home, adding that maybe time will heal his small son's broken heart, but that the return of the feline will do a better and quicker job.

We've seen lots of collisions, head on and otherwise, but we've never seen two persons bump together as hard as the third baseman and pitcher for the B & P W club did in the game last week. And both of them got up without any assistance and continued the game. Score one for the weaker sex!

A local aviation enthusiast warned us the other day to never shut the eyes when "taking off" in a parachute. Thanks for the advice but after all we're afraid it was only a waste of words.

It's hard to understand why some of those counties that went so "wet" in the election are going so "dry" in the current drought.

Maybe he isn't exactly an ace yet when it comes to flying, but Dewey Tom Heath bids fair to be one. The 5 year old Liberty salesman took his first airplane ride Sunday, with no one accompanying him on his flight except the pilot.

At the annual convention of inventors held in one of our large cities last week, many ingenious devices for the improvement of human livelihood were exhibited. One, however, was vastly different and ordered suppressed by the board, the order being readily adhered to by the inventor. It was a 'death ray' machine that was capable of turning blood into

water and which, in demonstration, killed birds instantly, at a distance of over two blocks. A heinous implement. Such works undoubtedly cause us all to wonder at times, if the acme of fraternity, world peace, will ever be attained.

We're still waiting for a candidate to come around in his band wagon and play something besides rally songs and hoe downs—just so we could see what it would sound like. To be vastly different, one would only have to install two or three classical records such as, "Valse Bleue," "Nimble Nymph of the Woodland," or "Farmer in the Dell."

An example of industry's conflict with politics was the switching of that freight train Friday while Candidate Russell was trying to make himself heard to his audience.

The 'man mountain' Carnera, and the 'play-boy' Baer, meet in the squared ring tonight for the heavyweight championship of the world. Carnera, who old time fighters say would look better in a side show than in a boxing bout, weighs 258 pounds. Baer will weigh in at about 208.

Against any of the old timers, such as Sullivan, Fitzsimmons, Johnson or Dempsey, either of tonight's contestants would look like "hams." Pugilism has been in a state of decadence since the "Manassa Mauler," and "Gentleman Gene," met a few years ago. Baer says that if he wins tonight he will put the racket back on the peak it attained a few years ago when gates that ran into seven figures were pulled down. If he loses he will slip into oblivion, as far as prize fighting is concerned. Anyway it looks like the "Preemo" will get the nod after the final gong has sounded tonight in Madison Square Garden.

Why Is It?

**RURAL TEACHERS
1934-35 NAMED**

MOST OF THEM TO DO SEVERAL WEEKS' SUMMER WORK.

Instructors, selected by the county superintendent and trustees to teach in the Donley County schools for the next term were announced this week by County Superintendent Skoan Baker.

They are as follow:
Sunnyview—Principal, Dave Waldron; primary, Mrs. John Naylor.

Giles—Principal, Joe Baker; intermediate, Pauline McCant; primary, Allen McCant.
Windy Valley—Principal, Clarence Jackson; intermediate, Helen Baley; primary, Mrs. J. R. Batson.

Fairview—Principal, Gene Estlack; primary, Mrs. Lucile Pickering Eanes.

Goldston—Principal, Jimmie Milsap; sixth and seventh grades, Bera Lambert; intermediate, Mrs. Orville Smith; primary, Willie Mae Blanks.

Jericho—Principal, Bob Weatherly.

Smith—Principal, Mrs. Dorothy Jarrell; primary, Lucille Bowden.

Bray—Principal, C. W. Howard; Florine Hollingsworth, intermediate; primary, Mrs. C. W. Howard.

Watkins—Principal, Miss Kate Hawkins.

Midway Consolidated—Principal, Dennis P. Smith; primary, Mattie Rhodes.

Whitefish—Principal, Miss Willie Ann Gorman; primary, Mabel Ruth Crisp.

Skillet—Principal, Joe Baten; primary, Mrs. Joe Baten.

Ashtola—Principal, Robert Dillard; sixth and seventh, Pauline Shelton; intermediate, Mary Dee Garland; primary, Hazel Cole.

Martin—Principal, George Kavanaugh; sixth and seventh, Mrs. Jim Baker; intermediate, Jesse Swinburn; primary, Lucille Polk.

Bairfield—Principal, Miss Zell Rodgers.

Chamberlain—Principal, E. V. Cooper; intermediate, Eunice Johnson; primary, Agatha Taylor.

Hudgins—Principal, Frank Behringer; primary, Lopez Whitt.

McKnight—Principal, Arnold White; intermediate, Mrs. Arnold White; primary, Nova Cook.

Glenwood, not contracted.

More than half of the teachers named will be in summer school for the next few months, prior to the opening of the 1934-35 school term. Donley County is fortunate in having some of the most progressive school officials, both teachers and trustees, in the state.

It was also announced, along with the release of the list of teachers, that the 1934-35 term would begin August 27 and continue through until May 31, with an intermission for election gathering. It is said that transportation system is also being worked out

Friday Visitor

WILLIAM McCRAW

McCraw Brings Candidacy Here

to enable the high school pupil to finish his education in an affiliated high school. The number of affiliated units at Lelia Lake school has been increased to 14, according to W. V. Thomasson, superintendent there. He and his faculty, have been complimented by Bryan Dickson, deputy state superintendent, for their excellent work at Lelia Lake, which warranted the increase in credits from 11 to the present number of 14.

J. T. Patman—
(Continued From Page One)

of the Mineral Wells meeting as a candidate for International Director, over two other prospective candidates, Past Governor Bob J. Lyles of Austin and Dr. W. J. Danforth of Fort Worth.

Lion Andis reported on the soft ball game played last Thursday afternoon between the Lions Club and the B. & P. W. Club, wherein the Lions won the game by the questionable score of 30 some-odd to 18. The ladies claim they were flim-flammed out of the game, and have forced some of the Lions to admit. This evens scores between the clubs since the ladies won the game last year, a "sugar game" now being necessary to settle the argument.

Lion Fred Rathjen, chairman of the nominations committee read the list of nominations made up from a composite choice of each member as submitted two weeks ago as follows: President, J. T. Patman; Vice Presidents, Odos Caraway, H. T. Burton and D. O. Stallings; Secretary, Robt. S. McKee; Treasurer, A. A. Mayes; Lion Tamer, Dr. Oscar Jenkins; Tailtwister, Homer Mulkey; Directors, T. D. Nored, W. T. Link. Elections will be held next Tuesday, and the new officers will take office on the last Tuesday in July.

Visitors for the day were: Mitch Bell, Lion Sam Householder of Byars, and Highway Engineer Redding, member of the Claude Club and who will likely transfer here in a few days.

Ford Presents Show At Pastime Friday

Much interest is being manifested by local people in the movie to be presented at the Pastime Theatre, Friday afternoon by the Palmer Bros. Motor Co.

The picture, "These Thirty Years," has been showing throughout the country and contrary to some reports is not just a ballyhoo picture but one that has a real plot, with plenty of thrills and romance. It is produced by the Ford Motor Company.

According to the Palmer brothers, free tickets to the matinee may be had for the asking if you will just call on them at their place of business. Scores have already called for free tickets, predicting a full house.

Good intentions will not get you anywhere until you take the right road. Don't be tied to the post of postponement. Procrastination has been called a thief—the thief of time. I wish it were no worse than a thief. It is a murderer; and that which it kills is not time merely, but the immortal soul. Give your better self a chance by being in your church service next Sunday. You will find God, gladness and good friends there.

You are cordially invited to worship at The Baptist Church at both the morning and evening services.

J. Perry King, Pastor.

Mrs. U. J. Boston and sons, Bobbie and Dan returned Saturday from Fort Worth, where they visited friends and relatives.

"Lightnin" Hudson returned Saturday from a most pleasant sojourn in Dallas.

Mrs. C. D. Church of Long Beach, California is visiting her daughter, Mrs. Carroll Knorrp and Mr. Knorrp.

CLARENDON CIRCUIT

W. T. Lackey, Pastor
