Williams Tells
By Fred L. Williams

A New Advertiser—

The Liggitt and Myers Tobacco Company, manufacturers of Chesterfield cigarettes, has chosen The News as the medium to carry a series of advertisements on their products, the first of which appears in this issue. This series of advertisements will tie in with a mammoth advertising campaign in the leading weekly newspapers of the country, and marks the return of the cigarette companies to the weekly newspaper advertising field. The News was chosen as a representative newspaper to place the advertisements before the people of Clarendon, Donley County and adjacent territory because of its circulation, reader interest and recognized value as an advertising medium.

A Fish Story—

Ordinarily, it's a bad policy for a newspaper to go in for fish stories. Quia frequently they leave room for the reader to doubt the writer's veracity. However, we're taking a chance this time, and telling this one. The other day B. F. Kirk, superintendent of the Lelia Lake School, came rushing in and stated that he had just returned from a fishing trip at Don Martin Lake in Old Mexico.

"Have any luck?" we asked. "Man, we caught so many fish I'm afraid to tell about it. People don't believe me. We caught over 700 pounds of bass and catfish."

"And why don't people believe you?" we inquired.

"Well, that's just more fish than most people in the Panhandle can swallow in one story." All the while he was talking, he was stealthily scrutinizing our countenance, evidently expecting to see disbelief registered there also. However, he was assured that we did not in the least doubt the truth of the story. We had the pleasure of making the same trip last year, and although our luck was not quite as good as Mr. Kirk's, we caught fish until it became monotonous. That place is a fisherman's paradise, and any true lover of the sport will find the trip well worth the hundreds of miles that must be traveled to reach the lake.

And Another—

While we're at it, we might as well get all the way in the fire. We have a brother-in-law, one Chas. Green, who is editor of The Nolan County News at Sweetwater, who tells the following story: Sweetwater has recently completed a sizeable improvement project on a local lake, which has been stocked with bass. It seems that fishing there would be rated as fair.

A group of Sweetwater fishermen, looking for greener pastures, made a trip of something over a hundred miles to a certain river in the hopes of having a little better luck than they had experienced at the local lake. When they were within a few miles of where they planned to camp they came upon a farm house, and as fishermen are wont to do, stopped to inquire about the fishing conditions in "them parts."

"How's fishing around here?" one of the party asked of the owner of the house.

"Well," the latter replied, "there's some good fishing at Lake Sweetwater, but it's a pretty long way from here."

Lelia Lake Baptists Will Begin Revival

The Reverend C. E. Lancaster, pastor of the First Baptist Church of Pampa, will begin a revival meeting at the First Baptist Church of Lelia Lake Sunday.

The evening services will be in the open and Reverend Joe E. Johnson will lead the singing with Bobby Leathers as pianist.

Mr. and Mrs. Foster Rankin of Austin are visiting here with their son, Bob Rankin.

Local Young People Injured In Auto Crash

TWO CARS COLLIDE ON WEST HIGHWAY

FRANCES FOWLER AND ALEX COOKE INJURED IN HEAD-ON COLLISION.

Miss Frances Fowler is confined to the Adair Hospital suffering a slight concussion, Alex Cooke was released from the hospital Tuesday with a fractured, dislocated left elbow and face lacerations, and Miss Ruby Lee Mason of Ashtola, Billy Greene, and Bruce Riley, all sustained minor cuts and bruises following an accident Saturday night at 10 o'clock in which the Ford V-8 occupied by Cooke, Green, and Miss Fowler and the Chevrolet occupied by Riley and Miss Mason met in a head-on collision on Highway 5, west, within the city limits.

Riley and Miss Mason were returning to the latter's home in Ashtola and the three occupants of the Ford were driving east, having left their respective homes only a short time before the accident occurred.

Wesley Knorpp and John Sherman Bugbee, who were on the porch of the Knorpp home, were the first to arrive at the scene of the accident and after removing the occupants from the badly wrecked automobiles, brought them to town for medical aid, taking Cooke and Miss Fowler to the Adair Hospital.

Both machines, smashed from the front, bore little resemblance of automobiles after the wreck. The car driven by Riley, mechanics report, is beyond repair but a complete overhauling will place the Ford back in running condition.

Miss Fowler and Mr. Cooke were both steadily improving and Riley, Greene and Miss Mason, though shaken up a bit, are suffering no other ill effects.

JOE HILL WILL SPEAK TONIGHT

YOUNGEST MEMBER BYRD'S EXPEDITION TO SPEAK HERE; AUSPICES LIONS.

"Joe Boy" Hill of Canyon, youngest member of Admiral Byrd's expedition, will speak here tonight at the college auditorium at 8:30 o'clock. Young Hill is being brought here under the auspices of the Lions Club as a benefit to the Crippled Children's Fund.

Joe Hill will have with him pictures taken at Little America which will be shown on an improvised screen. He will also display equipment used by the men. Another feature of the program will be the appearance of Neeka, Malamute sled dog, given Joe by Admiral Byrd. Neeka went east with the party which explored Marie Byrd Land.

Hill's narrative of the adventurous expedition is filled with thrills, adventure, humor and pathos.

Many Attend Pampa Kid Band Concert

The Pampa Kid Band, under the direction of Walter J. Hurst, gave a concert Friday evening at 7 o'clock on the court house lawn which was attended by scores of local people. Two busses transported the 65 kiddies to this city for the concert.

The famous Kid Band is composed of boys and girls ranging in age from eight to 14 years. During the summer months, the band is composed of pupils from each of the four ward schools of Pampa, but during the school term each ward school has a separate band.

The program was rendered as follows: "Success," march; "Service," march; "Have a Little Fun," clown number; "Trio of Progress," accordion number; "Energy," overture; "College Boy," "Havana," "Trio of Concord," "Bright Star," and "Sabo."

Tate Grove Picnic Program Planned

E. H. WATT, CHAIRMAN PROGRAM COMMITTEE, ANNOUNCES PROGRAM.

E. H. Watt of Giles, Donley pioneer, has been chosen chairman of the program committee for the annual Old Settlers picnic, which will be held at Tate Grove, northeast of Hedley, on August 16, and has arranged a program for the entire day, featuring music, speeches and singing.

All old settlers who have lived in Donley County for 20 years are invited to attend the picnic. The Clarendon Band, old fiddlers from the county, and quartets will be included on the program to make this occasion one long to be remembered.

INITIATORY TALKS MADE BY LION CUBS

SUMMER WEATHER AND VACATIONS DWINDLE CLUB ATTENDANCE TUESDAY.

Initiatory speeches by Cub Lion W. E. Herndon and half-grown Lions Hicks and Reading furnished the high-lights for the program and the regular weekly luncheon of the Clarendon Lions Club Tuesday in their Antro Hotel dining room. Lion O. C. Watson was in charge of the program.

Following the initiatory speeches the meeting was enlivened by shafts of wit and badinage exchanged amongst certain of the supposedly incorrigible members of the club.

W. H. Patrick, J. T. Patman and Ira Merchant were named as the program committee for next week.

A gift to the club which will be highly prized was that of a picture of the original Charter Night of the club, presented by Sam M. Braswell, a charter member.

A communication from Lion Odos Caraway, who is attending the Lions International convention in Mexico City, was read to the club.

Lions J. E. Johnson and L. S. Moore of Claude were introduced as guests.

J. L. Kerby Attends School for Coaches

J. L. Kerby, athletic director of the Clarendon High School, is attending the Texas High School Football Coaches Association coaching school at Dallas, according to a letter received from Mr. Kerby Wednesday morning. The school is under the supervision of Ted Knox of Tulane, "Ted" Wiemar of Princeton and Ed Walker of Mississippi.

Other coaches from this district attending the school are Harold Walker of Memphis, Billy Jarvis of Wellington and G. B. Rush of Shamrock. Rush has moved to Shamrock from McLean for the coming year.

Kerby states that he will be in Clarendon next week, at which time he will start an active campaign on the proposed local football lighting project.

THREE HOGS STOLEN FROM HEDLEY FARMER

Three hogs were stolen from Bill Harris of Hedley Monday. Sheriff Guy Pierce located the hogs yesterday at Memphis at the public slaughter pen, but officials have been unable to locate the thief.

PIERCE SETS SPEED RECORD IN WILD BANDIT CHASE SATURDAY.

A wild chase starting from Clarendon at 6:16 a. m. Saturday and ending in Pampa at 6:53 a. m. resulted in Sheriff Guy Pierce and Deputy Sheriff Marion Quisenberry losing trace of a hijacker identified by Pampa officials as Cecil Maroney and an unidentified companion. Dust raised from the high rate of speed being traveled by both machines prevented Sheriff Pierce from catching his man.

Sheriff Pierce received a call from Childress at 5:50 o'clock a. m. notifying him of the hijacking of a filling station in that town, together with a description of the 1934 V-8 Ford and license number.

Stationing themselves one mile east on Highway 5, Sheriff Pierce and Deputy Quisenberry sighted the car at 6:16 and going an average speed of 80 miles an hour, followed at the same distance of approximately 200 yards until the two cars reached Pampa. There Sheriff Pierce lost the car as they entered the traffic on the north side of Pampa. Several discharges were made from the machine gun, but local officers were unable to determine whether or not they hit the speeding automobile.

The license number of the Ford, A61-418, was given to Pampa officers and the owner was identified as Maroney, who purchased the car approximately two months ago, but Pampa officials have reported no arrests as yet.

BOYS LEAVE FOR SHORT COURSE

27 CLUB MEMBERS DEPART FOR COLLEGE STATION AND STATE TOUR.

Twenty-seven 4-H Club members from this county boarded the new International school bus purchased recently for the Midway community and left Saturday morning at 8 o'clock for the short course at College Station. Slaton Mahaffey, bonded driver, was in charge of the bus, and was accompanied with the boys on the bus by Otis Naylor.

H. M. Breedlove, county agent, A. L. McAlilly, and Nelse Robinson followed the bus in Mr. Breedlove's automobile.

The boys were scheduled to arrive at College Station in the early afternoon Saturday and after attending the short course will be given the opportunity to view historical spots of Texas.

County Singers To Meet Sunday

The singers of Donley County will meet at the First Baptist Church in Clarendon Sunday at 2 o'clock p. m. for the regular monthly song service.

This meeting will be the 16th of the organization and L. H. Earthman, secretary, reports that the first Sunday of the past 16 months has been favorable for meeting, except the first Sunday in March, a small shower coming late in the afternoon.

As the houses are always packed to overflowing, Secretary Earthman urges all to be on time in order to obtain a seat.

RETURN FROM COLORADO

Mrs. Wm. Gray and Tony Watson returned Thursday after a vacation at Drake, Colorado, in the Thompson Canyon. While in Colorado, they visited Central City, Estes Park, and Boulder.

Interesting Games Played This Week

METHODISTS AND LIONS ARE TIED FOR FIRST PLACE IN SOFTBALL LEAGUE.

Many rapid and startling changes have taken place in the softball league during the last few days. All of the teams have made changes in the line-up and all are striving hard for first place. The Lions and Methodists are tied for that coveted position at this time.

Last Thursday's game proved to be a very interesting one. The Oilers and Transients entertained the fans in the local sand lot. The Oilers walked off with the big end of the score. Summary: Oilers 16 hits, 9 runs. Transients 10 hits and 2 runs. Reed of the Oilers made a home (Continued on Page Four)

THEATRE INSTALLS NEW EQUIPMENT

MULKEY STATES THE LATEST SOUND SYSTEM IS BEING INSTALLED.

The Pastime Theatre will be closed today, to reopen Friday night with the latest RCA Victor sound equipment, stated H. Mulkey, proprietor. In line with Mr. Mulkey's plans to always present the best possible entertainment values to the theatregoers of this territory, he has completed the modernizing of the Pastime Theatre with the installation of one of the very latest of sound equipments furnished by the RCA Victor Company of Camden, New Jersey.

When sound pictures first came out, Mr. Mulkey chose RCA equipment, which has been used the past four years, so it was only natural that RCA would be his choice again. The new equipment is said to be the very finest that money can buy, and will bring to Clarendon sound pictures with realism second only to the artists on the stage in person. The programs that have been selected for this fall will now be all the finer, when heard through the RCA Victor photophone equipment.

We wish to congratulate Mr. Mulkey for making this forward step in finishing the improvement of the Pastime Theatre here in Clarendon.

Methodists Honor Members of Choir

Mr. and Mrs. Sam M. Braswell, the former being choir director and the latter being a choir member and who are to leave Clarendon in the near future, and Miss Delphia Bones, organist and who is to become the bride of Mr. Bill Wood of Muncie, Indiana, today, were honored with a farewell party Friday evening at 8:30 o'clock by members of the Methodist Church on the lawn of the church.

Mrs. U. J. Boston was general chairman of the entertainment. A profusion of garden flowers in baskets decorated the gaily-lighted lawn, made attractive with garden furniture.

LELIA LAKE PURCHASES A NEW SCHOOL BUS

According to B. F. Kirk, superintendent of the Lelia Lake schools, a new bus was purchased by the school Saturday and will transport pupils from districts including four miles east and four miles north of Lelia.

YOUNG GOLFER TAKES CROWN

PINKEY KERBOW DOWNS WOOD SUNDAY IN FINALS OF TOURNAMENT.

Pinkey Kerbow captured the Presidents Cup Tournament Sunday, defeating A. N. Wood 2 and 1 in the 36 hole final. One of the largest galleries ever to witness a local golf match was kept tensed till the battle ended on the 35th green.

The City Champion, and pretourney favorite, fought doggedly to overcome a two hole margin piled up by his youthful opponent at the outset of the afternoon round. Wood cut Kerbow's lead in half with a birdie four on the long 32nd, but his hopes to square the match on the 33rd went glimmering as the young star sent a long put spinning into the cup for a par three, to halve the hole.

After playing 24 in regulation figures the match came to an abrupt end on the 35th, when the veteran's put rimmed the cup, giving Kerbow the hole, and the title.

The second flight finals to be played by Mr. Jim Patman and Joe Jackson were postponed, as was the fourth flight consolation between Carroll Knorpp and Joe Goldston.

Other winners were: Slif Parsons won first flight consolation by default. U. J. Boston defeated Paul Greene 6 and 4 to win the third flight. J. P. Rhode won over C. Houffman in the fourth division. Otis Jackson captured consolation honors in the second flight. Byrum Haile won third flight consolation.

FIVE APPROVED FOR ADULT EDUCATION

GOVERNMENT TEACHERS GO TO 30 DAY SCHOOL AT LUBBOCK.

To increase the effectiveness of the Adult Education project, a government training school, lasting 30 days, will begin at Lubbock August 2 and five teachers from the local Adult School have been approved to attend.

Earle Jones, under whose supervision the local adult classes were successfully conducted during the winter and spring, is assured that the school will be of great assistance in preparing the teachers for the project which has benefited so many thousands over the nation.

Misses Leona Meritt, Maude Crawford, and Mrs. W. T. Lackel, Earle Jones, and Mrs. Milsap were approved to take advantage of the 30 day instruction. Miss Nina Crawford will accompany the group to Lubbock.

Slightly Cooler in July Than Year Ago

Temperatures in Clarendon for the month of July, with a daily maximum average of 99 degrees, were three degrees cooler than the daily maximum average of 102 degrees for the same month last year, according to Weather Man Joe Goldston's records. The highest temperature recorded during July, 1935 was 108 degrees on July 10 and again on July 13. Highest temperature for the same month last year was 113 degrees on July 31. Lowest temperature recorded during the month just passed was 62 degrees, and for the same month last year, 64 degrees. Precipitation in July, 1935, amounted to .71 inch; for the same period last year, .06 inch.

Mrs. J. Frank Heath returned last Wednesday from a visit in Lubbock and Elco.

PLANNING BOARD OKEHS PROJECTS

CITY OF CLARENDON MAKES APPLICATION FOR \$23,000 FOR FLOOD CONTROL.

Application for Donley County projects under the WPA totaling \$100,000 were approved this week by the Donley County Planning Board and by Clifford L. Davis, director of the division of labor for this district, and sent to the district office at Amarillo where they will be forwarded to Austin, with the county making application for grading and drainage, Clarendon for flood project, and Hedley for street improvement and an underpass, and Lelia Lake for an auditorium and gymnasium.

The City of Clarendon made application for \$23,000 for flood control under the WPA, which is a distinct improvement over the old set up of the PWA. This allocation has been requested to complete the flood control project, and outlined in the application was a requisition for truck and team hire to replace many wheelbarrows used heretofore in construction.

This twelve months city project, if approved by state officials of the WPA, would place labor on a new basis, allowing \$600 per man per year with an average of 140 hours labor a month, approximately twice as much as allowed heretofore.

The state engineer of the WPA is highly pleased with the flood control program and stated it was a worthy project, in conference with city officials.

Donley county made application for grade and drainage of the seven mile strip on 88 south, and Hedley placed application for caliche streets and the building of an underpass from the business center of the town to Highway 5.

Public building, a gymnasium and an auditorium, would be the greatest civic improvement for Lelia Lake, according to representatives from that town, who met last Wednesday in Amarillo with project sponsors.

School Officials To Canyon Thursday

W. A. Poovey, president of the Donley County School Board received an announcement this week relative to the school officials conference which will be held in Canyon Thursday, August 8, the primary purpose of the meeting being to form closer understanding among school officials.

All members of the county school board, district school board, and the county superintendent, district superintendent, independent district superintendents, together with members of the Parent-Teachers Association are requested to attend.

Dr. J. A. Hill, president of West Texas State Teachers College, Dr. L. A. Woods, state superintendent of public instruction, and C. M. Elwell and S. O. Muddock, both of the state department of education, will be principal speakers.

The day's program is as follows: 9:30 a. m., "Classification of Schools," Standardization of Schools," "New School Laws," "Transportation and High School Tuition," Lunch, 1:30 p. m., "State Music Program," "What the College Can Do To Help School Officials," and "Vocational Education Understanding."

Ten New Chevrolets To Be Given by Rexall

Announcement appears in this issue of The News to the effect that the Rexall Stores of the nation are awarding 10 new Chevrolets in conjunction with their annual August Factory-to-You Sale. The Douglas and Goldston Drug Company, local Rexall representative, announces that they are participating in the sale and in the awarding of the prizes. FOOTBALL LIGHTING

For the past several weeks a series of articles pertaining to the lighting of football fields to enable night football games, written by J. L. Kerby, local high school coach, has been appearing in The News. We understand this project was taken up last year, but that it came up too late to be accomplished in time for the football season. This year, the campaign is being renewed in plenty of time to allow its completion before the opening of the football season.

The proposed method of financing the project, as it has been explained to us, is to set aside one or two games during the season which are to be played upon a flat guarantee rather than upon a percentage basis. Advance ticket sales upon these games will be made in the hope that local citizens will buy the tickets in sufficient quantities to pay for the installation of the lighting system. This method should prove highly successful if sufficient effort is put forth and we see no reason why Clarendon can not have night football this season.

It has been estimated by those who know about such things, that an adequate system can be installed at a cost of \$1,500 to \$1,750. This sum should not be difficult to raise in Clarendon by advance ticket sales on two of the outstanding games of the season.

The lights will be of great benefit to the athletic department of the school as well as to the school itself. The attendance under the lights, if percentages work out here as they have in other towns where lights have been installed, will be more than double what it was at the day games. Naturally, this will be of great assistance to the athletic department in a financial way, and will give the school an opportunity to build up a much better athletic department in that it will afford funds for equipment, etc. In addition, the project will serve to let the rest of the country know that Clarendon is awake and on its toes, and ready to back any worthy project to the limit. This is a very progressive undertaking, and one that is logical and will prove of great benefit to the school and the community.

Think it over. And when you are called upon to buy a block of tickets, remember that it is for a worthwhile purpose.

DOLLARS WASTED ON UPKEEP CAN'T BUY NEW ROADS

Inferior roads seem cheap and easy to build. They stretch a paving fund so that it covers a lot of territory. But after a year or two, the trouble begins! Maintenance costs go up and up. Soon all your paving money is spent on upkeep and no more new roads are built.

That's why it's wise—and economical—to build concrete roads. Concrete lasts! It requires almost no upkeep. Each year, the

paving fund builds more miles of concrete until the whole job is done—for keeps.

Concrete's smooth, non-skid surface is safe and satisfactory to drive on. It speeds up traffic; reduces accidents; saves motorists up to two cents a mile in gas, tires, oil and repairs, as compared with driving on inferior roads.

Get concrete. Insist on it—for safety, comfort and economy.

ADVERTISING IS NEWS TO READERS

Paradoxical as is the statement in that headline, it is true nevertheless. Advertising is information and as such it is a kind of news. Business information is business news and people subscribe for newspapers to get that business news as well as to get other kinds of news.

An advertisement which contains no news isn't much of an advertisement. Even if it contains nothing more than the name of the advertiser and the location of his place of business, that will be news to someone. If the advertisement speaks specifically of certain goods and tells the reader where those goods may be obtained, that certainly is news, and if it names an attractive price, then it is interesting news indeed.

There is the classic story of the merchant who didn't believe in advertising until a resourceful advertising man prevailed upon him to try an experiment. The merchant had a large supply of brooms which had cost him \$3.00 a dozen. The advertising man told him that it would be good business to advertise a special offer of one broom at nine cents to each of the first 100 customers entering the store.

The merchant was dubious but agreed to try it. When he opened his store the next morning he found several hundred women waiting to get a nine-cent broom. He not only sold the 100 brooms at that price in record time but the women had been made "broom minded" enough so that most of his stock was sold at the regular price. Besides that they bought many other articles before they left the store—all because of the "news" of the nine-cent brooms in that merchant's ad.

P. S. After that the merchant was a believer in advertising—advertising which is "news."

NEW LAW ON VOTING

Absentee votes may be cast in the election on Texas constitutional amendments August 24 whether a person is out of the county or not if the person is unable to appear at the polling place because of sickness or physical disability.

The last legislature changed the absentee voting law to this effect. It now reads: "Any qualified elector of this state who, through the nature of his business is absent from the county of his residence or who because of sickness or physical disability cannot appear at the poll place in the election precinct of his residence on the day of holding any general or special primary election, may nevertheless, cause his vote to be cast at such election in the precinct of his residence."

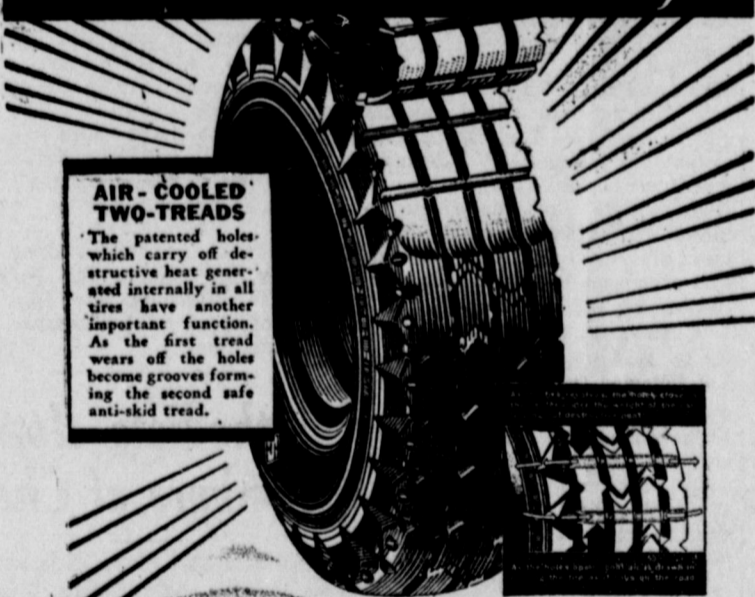

Heretofore, only absence from the county gave the right of an absentee vote.

In order to secure this privilege the voter must make an application in writing to the county clerk, sending the poll tax receipt or exemption or in lieu thereof, his affidavit in writing that the receipt or exemption has been lost or misplaced. If the cause is illness a certificate from a licensed physician must accompany the application.

Absentee voting must be done not more than 15 days nor less than three prior to the election and will be at the office of the county clerk.—Cleburne Times-Review.

THIS TIRE Doubles Safe Mileage

AIR-COOLED TWO-TREADS
The patented holes which carry off destructive heat generated internally in all tires have another important function. As the first tread wears off the holes become grooves forming the second safe anti-skid tread.

Double your safe tire mileage by putting Seiberling two-tread Air-Cooled tires on your car today.

DANGER Point becomes SAFETY Point

The danger point in ordinary tires becomes the safety point in Two-Tread Seiberlings.

When the first tread design wears off, a new tread appears as if by magic with new hard-gripping tread cleats.

These tires are safe—not just for the first few thousand miles but as long as the tires are on your car.

Bring your car up to date with 1935 Tires

When you re-tire your car insist on the new 1935 Two-Tread Air-Cooled tire. There is no other tire on the market as good from the standpoint of mileage, safety and traction.

"RELIGION IN ACTION"

Text: "Pure religion and undefiled before God and Father is this, to visit the fatherless and widows in their affliction, and to keep one-self unspotted from the world." James 1:27.

James was a practical man. He believed in the statement of Jesus, "that by their fruits ye shall know them." There are certain religious qualifications named in his writings. One should be swift to hear—and slow to speak. It is very important that there be hearers. It is also important that the hearers listen to the right thing. God, said, "This is my beloved Son, hear ye Him."

The disciples of Pythagoras were not permitted to speak in his presence for five years. He wanted them to listen to Him for a while before attempting to talk. Much talking is not a sign of religion. We are also warned by James to be, "Slow to anger." Loss of temper is too easily excused. James also tells us, "Put away all filthiness and overflowing wickedness." Cut off old habits. Cease doing evil things.

Again we are advised, "To receive with meekness the engrafted word which is able to save the soul." The words of Christ are words of life and must be heeded and obeyed.

Certain results will be seen when men obey the voice of Gods Son. Religion will be put into action and men will know that we are Christians by what we do and say. James does not name all of the results but in our text two outstanding things are mentioned. First, the care for the needy. "Visit the fatherless and widows." We serve Christ by working for and serving others in His name. Second, personal purity is taught. Keep yourself unspotted from the world. This does not mean that we must cut ourselves off from contact with the world.

Christ prayed concerning his disciples, "Not that thou would take them out of the world, but keep them in it." We mean more to Christ and His church when we live for Him daily, when we put our religion or Christianity into action. We are in the world but not of the world. We must not disgrace Christ by doing things that would bring shame and disgrace upon Him and His church.

W. E. Ferrell, Minister, First Christian Church, Clarendon, Texas.

MR. AND MRS. GAITHER MOVE TO CLARENDON

Mr. and Mrs. Bill Gaither of Memphis moved to Clarendon this week to make their home, and Mr. Gaither will be associated with Cecil Beach in the service station business.

Mr. Gaither entered into business with Mr. Beach today, at the Beach Teraco Station, and after August 15 both will operate the new Buntin Service Station, also a Texaco station.

Mr. and Mrs. Gaither are residing in the A. H. Baker house across the street from the Homer Mulkey residence.

Amendments Are Explained By Mann

PROPOSED AMENDMENT NO. 3 Repeal of Liquor Prohibition

Probably chief interest in the August 24th election on the seven proposed constitutional amendment will center on proposition No. 3 on the ballot—the repeal of Prohibition, according to Secretary of State Gerald C. Mann.

The Constitution, at present, prohibits the sale, manufacture and transportation of alcoholic liquors (except 3.2 beer). This prohibition would be stricken out by adoption of the Repeal Amendment.

The proposed amendment specifically prohibits the return of the open saloon—and it would be up to the Legislature to define the term "open saloon."

No machinery is set up for the sale of liquor. The Legislature would have the authority to determine just who and just how liquor is to be sold. This could be done by state monopoly or through private channels. The legislature would have the authority to pass laws regulating local option elections.

If the amendment is adopted all counties, cities and precincts that were dry in 1919 when state-wide prohibition was adopted would be dry now—at least until local option elections were held to determine otherwise.

It is well to remember, Secretary Mann points out, that there will be an election next year in November to determine whether the state shall sell liquor through a state monopoly system. If the repeal amendment is adopted in August the state may establish a state control and monopoly system. If the repeal amendment is defeated in August, it will in effect be submitted again in November, 1936, in the State Monopoly Amendment which says the state shall have a liquor monopoly. To retain the present dry status both the August 24th Amendment and the November, 1936 Amendment must be defeated. Passage of either will repeal the present prohibition section of the Constitution.

Miss Pauline Sanford spent the week-end in Canyon and Amarillo.

Mrs. James Kilfoil of Fort Worth is visiting friends in Clarendon this week.

Mrs. George Holman of Dalhart arrived Sunday to spend several days visiting her sister, Mrs. Henry Williams.

At The First Baptist Church

THERE IS ALWAYS WORSHIP—FELLOWSHIP—SERVICE

Your responsibility will be increased at the Baptist Church next Sunday in the absence of the pastor who is away in a revival meeting. The greatness of a church is known by the faithfulness and devotion of her membership who bears the burden of the load in the heat of the day continually throughout the years. I feel it in my heart that you will not let down in your enthusiasm for your church at a time when she needs you.

There will be services as usual with the exception of the Sunday evening service. We are arranging for a speaker to bring a message on temperance Sunday morning. You will be interested to hear this message in view of the coming election August 24th.

There will be no preaching services Sunday evening due to the revival in progress at the First Christian Church. There is also an open air meeting beginning at Lelia Lake Sunday, Rev. Clint Lancaster of Pampa doing the preaching. Attend one of these services Sunday evening. The Training Service will begin promptly 7:15 and close at 8 o'clock, giving you plenty of time to attend preaching elsewhere.

Our associational year closes with August. We have had a great year, with one exception, that of soul winning. We have not been as diligent as we ought in soul winning. May we determine, every one of us, in our hearts, that we will win somebody to a knowledge of Christ as their Savior before or during our meeting which begins August 18th.

R. Y. King and Cap Morris left last Wednesday to spend a few days near Capitan, New Mexico.

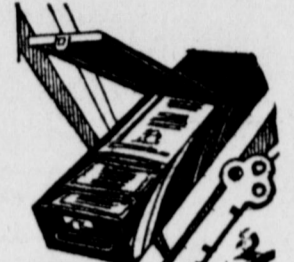

FIRST METHODIST CHURCH

E. D. Landreth, Pastor

The pastor will preach at both services Sunday. We still continue to have splendid attendance in spite of the summer weather. There are, however, a great many people, even church members who are neglecting the very important matter of church attendance. Surely three hours a week isn't too much for the Lord to expect his people to give to the church. Come with us next Sunday. Get the habit of church attendance. Save your Sabbaths for the Lord and the church.

Sunday School 9:45, in departments.
Morning Worship 10:50, with communion.
Evening Worship, 8:15.
Epworth League, 7:30.
Leadership Training Group, 7:15.
You will find a welcome and a helpful service at the First Methodist Church.

Interesting Games

(Continued from Page One)

Friday the Methodist and Highway teams clashed, with much blood in their eyes. The Methodists did not take any chance on slip-ups and made all the runs possible early in the game. In the third inning they ran in 8 runs. The Highway boys, taken by surprise, were handicapped and were on the defensive most of the time. Summary: Methodists, 22 hits, 14 runs; Highway, 1 run and 7 hits. High point in game, the 1000 per cent batting average of Clayton of the Methodists. In four trips to the bat he made three home runs and one two-bagger.

Monday, the F. F. A.'s dropped another game to the Lions. This was one of the fastest and best games of the second schedule. More strike-outs were witnessed in this game than in any other game played up to date. Summary: Lions, 4 runs, 10 hits; F. F. A., 2 runs, 8 hits. High points: Home run by Cobb of the F. F. A.'s.

Tuesday, the F. F. A. and Transients crossed bats, and the F. F. A. showed little mercy on the pitcher and fielders of the Transients. It was a slugging match with them from the very start. The Transient boys showed good sportsmanship and took the whipping like real sports. The summary: F. F. A., 21 runs, 32 hits; Transients, 2 runs, 10 hits.

CHAMBERLAIN
Filora Peabody

Back in Donley County after an absence of nearly three months where we have been visiting with Mr. Peabody's relatives.

The crops in Denton and surrounding counties were those of most Panhandle farmers dreams. Cotton on an average was two feet in height and lapping in the middles. The corn crop was reported the best in years. The grain, however, was slightly damaged due to the heavy amount of rainfall.

Rain had continued nearly to Quannah, so maybe the folks in these communities will be next.

Even with the mercury way up, Sunday School was well attended—68 was present. Why not come on out and visit our Sunday School next Sunday if you aren't going to some other church. You can become as interested in the lessons of our teachers, that the heat will be of secondary importance.

Dwayne Hudson spent Saturday night with his grandparents of Goldston, Mr. and Mrs. H. M. Stewart.

Mr. and Mrs. Horne Smith were luncheon guests of Mr. and Mrs. Roy Blackman Sunday.

Mrs. Alice Townsend was the house guest last week of her daughter, Mrs. A. O. Holt.

Mr. and Mrs. Edd Aduddell and family, Mrs. Lois Pittman were Saturday dinner guests of Mrs. W. Barby.

Mr. and Mrs. Howard Stewart were the host and hostess at a Sunday dinner for Mr. and Mrs. Neely Hudson and son, Dwayne.

Mr. and Mrs. Harley Skinner had as their guests for the past week Mr. and Mrs. W. C. Commander of Dallas and Mrs. Dick Anderson of Fort Worth.

Mr. and Mrs. R. A. Bryan are now visiting in the home of their daughter, Mrs. Gilbert Mann.

Mrs. Wilford Andis and children were week-end guests of Mrs. Ben Andis.

The entire community is invited to a singing Wednesday night at the home of Mr. and Mrs. J. B. Estes.

Program on Feed Conservation Is Now Under Way

College Station, July 14. (Sp.)—In direct contrast with last year's food and feed shortage, a record feed crop will be harvested this season throughout Texas that will give an eighteen months' supply if conserved. H. H. Williamson, director of the Texas Extension Service, predicted last week.

In view of unusual food and feed crops this year, Williamson announced a ninety-day state-wide educational program to emphasize to Texas farmers the importance and methods of harvesting, storing and utilizing this seasons' food and feed crop.

In announcing the eight point feed conservation and utilization program, Williamson said that, along with the Extension forces, the Texas Experiment Stations, the A. & M. College teaching staff, various farm and commercial organizations, newspapers and farm magazines will all cooperate in this movement to prevent wastage of the extra food and feed crops.

The eight points as outlined by the Extension director are as follows: To dig trench silos or build up ground silos for storage of feed; to repair barns, bins, and storage places for the harvested grains, orchard and field crops for home consumption; to use the best practical means of protecting stored grain and field crops from weevil and rat damage; to stack hay in the best known methods to prevent deterioration; to increase the number of milk cows, hogs and poultry for home use; to offer for slaughter only well fed and finished animals; to finish all Texas cattle and other livestock for market on Texas grown feed; and to feed work stock and breeding animals well during the winter months.

Mr. and Mrs. Underwood and daughter, Marie, of Ocoila, Iowa, visited here Wednesday with relatives, Mr. and Mrs. Homer McElvany.

NAYLOR
(By Mrs. Richmond Bowlin)

Last Monday night the good people felt like giving some one a good pounding—after giving Bro. Lackey a once over, thought best to look for some one nearer our size, so Bro. Hendrix became the victim and a good pounding he received.

Bro. Eugene Brister preached for us Sunday, filling his brother's appointment. We enjoyed his messages very much.

Mrs. W. D. Van Eaton of Clarendon and her daughter, Mrs. James of Virginia, visited the Misses Naylor Friday afternoon, bringing with them Mrs. Jo Naylor and daughter, Marjorie Anne of Portales, New Mexico, who will be guests in the Naylor home for two or three weeks.

Mr. and Mrs. J. H. Mann were dinner guests of their daughter, Mrs. Tommy Bain and Mr. Bain Sunday.

Mr. and Mrs. Clayton Mann of Estelline visited relatives here Sunday.

Mrs. Richmond Bowlin was hostess to the Birthday Club on Thursday. An interesting meeting was had. Mesdames T. L. Naylor, Eugene Estlack and Lucille Kittle were the honorees for July.

Mr. and Mrs. Richmond Bowlin visited Sunday afternoon with Mr. and Mrs. Rhea Bowlin.

Mr. and Mrs. A. E. Todrow and children visited Sunday afternoon with Mr. and Mrs. Beau at Memphis.

Remember the Baptist meeting begins Sunday, August 4th. Come out and help.

"DUB SHOTS"

DICK COOKE

Well, well, well, it's over and tho leaving me somewhat groggy at the dizzy turn of events, I am still aware that congratulations are in order. Pinky played bang up golf and surely deserved to win.

The mad whirl started when Ira Merchant was crowded out of a first flight berth. Merchant was having difficulty around the greens, but scoring well enough till he ran into all kinds of trouble on the long 17th where he needed seven strokes to get down. A well played birdie on the 18th still left him one stroke back of the championship flight.

In the second flight semi-final J. T. Patman played steady golf to defeat T. F. Connally, but the most interesting thing of the match were the caddies, Bob Weatherly, Sr., and A. N. Wood, who added the dash and color to the match. Weatherly claimed the victory on his superior coaching, and Wood probably claims something but nobody was listening which sorta leaves Andy out in the cold on that match, for to sum it up, Mr. Weatherly got the victory, Mr. Patman got the prize, Mr. Connally got the experience and Allen Bryan got the money.

After barely shaking off Frank Whitlock in the opening round, U. J. Boston went on to win the third flight honors, defeating Paul Greene in the finals. Greene also escaped sudden death in the first round, when Glenn Allison took him to the 19th before missing a fatal putt.

Making his debut in competitive golf, J. P. Rhode marched to victory in the fourth flight, winning from C. Huffman in the finals.

Out of the eight men in the championship flight five of them won prizes. And here's one for the book. Slim Parsons lost the only match he played and won the consolation.

Questions are pouring in as to whether the annual invitation tourney will be held this fall. The dates haven't been set but Clarendon can hardly afford to drop this popular little tournament. The latter part of August would be excellent.

Mrs. S. W. Lowe and two children, Billy and Sammy Jo, are visiting this week in Lipan, Texas, with her father, W. J. Aiken.

DRY INK

(Number 2)

By E. D. LANDRETH

Yes, the people are awaking. Over at McLean where they have had beer for some time, and where some tragic incidents have alarmed the good citizens, they had a beer election a few days ago and voted beer out by a vote of almost four to one.

Alenreed was the place we mentioned last week where they voted it out almost twenty to one. Whiskey and gasoline do not mix well, nor do beer and gasoline. We must burn gasoline but we do not have to have the liquor. Repeal our state prohibition law and a condition ten times worse than now will prevail. Gasoline, liquor, and blood, the blood of the mangled will flow together. If we can retain our state prohibition laws with a large majority, conditions will improve, and before long the people will vote legal beer out of this state. Texas must be dried up. Our nation must be dried up. Our people must be sober in this complicated age of machinery. Liquor must go. It is the arch-enemy of mankind. There was never an age in which it could do so much harm as it can do today. To retain our prohibition laws in our state on August 24, will be a beginning.

Let us not be fooled by the promise that dry counties and precincts will be protected, and the saloon will not be permitted to come back. These same promises were made by the National Democratic party concerning state protection. I quote from the platform:

"We demand that the federal government effectively exercise its powers to enable the states effectively to protect themselves against importation of intoxicating liquors in violation of their laws."

The president in his acceptance speech said: "We as Democrats must and will rightly and morally enable the states to protect themselves against the importation of intoxicants where such importation may violate their state laws. We must rightly and morally prevent the return of the saloon."

"More than 1700 licenses to sell hard liquor were issued by federal authorities to dealers in 66 counties in Texas. . . . The saloon, as defined by the extreme dries, is already here." This is the kind of protection we are getting from the wet politicians, and it's the same kind dry counties and precincts will get when we repeal our Texas dry law. The local option clause and the promise that the saloon will not return is worth exactly nothing.

("DRY INK" will be continued next week.)

Legion Meeting Will Draw Large Crowd

Dallas, July 24. (Sp.)—With several new and unique features announced for the seventeenth annual convention of the Texas department, American Legion and Auxiliary, Dallas ex-service men are expecting a record attendance of 10,000 here September 1, 2 and 3. An air cooled meeting room for the Legion business sessions is one of these features. Another new detail that is attracting much attention is the encampment of the Sons of the American Legion, the first to be held. Advance information indicates several hundred of the sons will attend.

Parents of youngsters too young to leave at home are elated over the announcement that a nursery will be provided for the free use of delegates, with a corps of trained nurses and competent attendants in charge. This will also be the first time at a Texas Legion convention this convenience has been offered.

The outstanding program of the three-day convention is scheduled for September 2, Labor Day. A business session will be held in the morning, the annual colorful parade in the afternoon, the band and bugle corps contests at Fair Park stadium at night, and three big dances to close the day's activities.

Registered Legionnaires and Auxiliary members will be admitted to all functions gratis and the general public will be admitted to the contests and musical program at the stadium Monday night for a small charge.

Mr. and Mrs. W. J. Lewis spent Sunday in Amarillo.

try Gulf 3 weeks IN THE "TRAFFIC COURT"

Wanted: A fair trial

If it's been some time since you've used Gulf, try it 3 weeks—then give us your verdict.

Try it in traffic. Starts. Crawls. Get-aways. Climbs. There's no fairer test—and we think you'll confirm a recent judgment . . .

750 Turned Judges

We went to 750 owners of average cars—asked them to judge Gulf against their regular brands on mileage, starting, pick-up, power, all-around performance.

Gulf Won the Verdict!

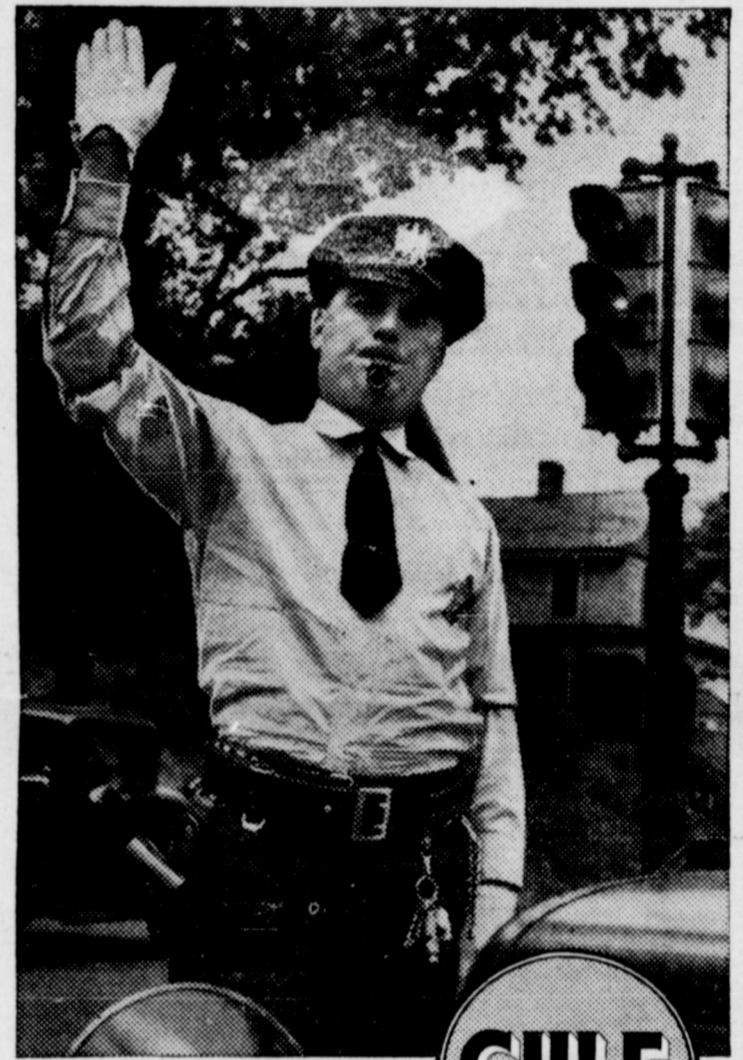

At the end of the trial, 7 out of 10 voted Gulf superior on one or more of the 5 counts—many on all five.

Reason? Controlled refining makes Gulf 5 good gasolines in one. Gives it not only 2 or 3—but all five qualities of a perfect gasoline.

Try That Good Gulf 3 weeks—and you'll be an addict!

GULF REFINING COMPANY

What tip on "pickup" can cut down gasoline bills? You'll find the answer in this Gulf Booklet, plus 14 other valuable economy hints. Free—at the Sign of the Orange Disc.

Local People Return From Arizona Trip

Mr. and Mrs. Frank Whitlock and Mr. and Mrs. Walter Wilson, accompanied their daughter, Mrs. J. D. Bradford of Phoenix, Arizona, returned Tuesday from a vacation in Arizona and New Mexico.

Going the southern route, they viewed lovely and varied scenery, from Clovis, through the Hondo Valley, Deming, New Mexico, the Globe Mountains, the Petrified Forest, Santa Rosa and the Painted Desert. Returning from Phoenix, the party of five came by way of Flagstaff.

"The most worthwhile thing we viewed on the trip, in my estimation," stated Mr. Whitlock, "was the Hoover Dam which we drove over; the most puzzling sights we viewed were the White Sands in New Mexico."

REV. KING TO HOLD REVIVAL AT HODGE

The Reverend J. Perry King, pastor of the First Baptist Church, left Wednesday morning for Hodge, Jones County, Texas, where he will conduct a ten day revival.

Rev. King will preach in the pulpit of Hodge where he was pastor for six years.

Mrs. King and John Burton accompanied Rev. King.

Meanest Man Lives In City

The "meanest man" is evidently a resident of Clarendon. No, he didn't take the offering out of the plate at church, but he took money belonging to the church.

Homer Mulkey, treasurer of the First Christian Church, was assisting in erecting the screen at the Pastime Theatre Monday and becoming overheated laid aside his coat which contained \$11 collected Sunday at the First Christian Church to pay the expenses of the revival.

Seven dollars of the \$11 were bills and Clarendon's "meanest man" took only the bills and left the remaining four dollars.

MR. HOLLAND HAS AN EYE OPERATION

Lee Holland underwent an operation Sunday at the Northwest Texas Hospital, Amarillo, and had his right eye removed. Mr. Holland had suffered trouble at various times with the eye and although not infected at the time of removal, it was a necessary operation.

Mr. Holland is improving nicely and will be home in a few days.

Good Crowds Attend Christian Revival

In spite of the hot weather the crowds have been increasing nightly at the evangelistic services being conducted at the First Christian Church according to Rev. W. E. Ferrell, minister. Rev. Leslie Moore, minister of the First Christian Church of Claude is conducting the services, and all who have attended the services have been greatly impressed with his messages and the easy manner in which he presents the great truths of the Bible. Services will continue this week and next week, and the public is invited to come out for an hour's worship and lesson period. Services begin promptly at 8:30 and close by 9:30.

"We feel this will be an hour well spent and that the people of Clarendon should take advantage of the programs that are being rendered," Rev. Ferrell stated.

MRS. STOCKING HAS NEW ORLEANS GUESTS

Misses Marjorie and Dorothy Mayer of New Orleans, Louisiana, arrived in Clarendon Tuesday to visit with their sister, Mrs. Jerome Stocking.

The Misses Mayer plan to spend two-weeks visiting in this city.

MERCHANT AND GENTRY RETURN FROM FISHING

"We brought back all the law would allow," stated Ira Merchant and Meredith Gentry who returned Tuesday from a week's fishing trip on the Conejo River in Colorado.

They reported good catches every day while there and as temperatures soared to 105 yesterday in Clarendon, Mr. Gentry and Mr. Merchant were prone to speak more than once of the snow-covered peaks they visited only a few days ago.

Infant Dies Here Monday Evening

Jimmie Davis Blanks, infant son of Mr. and Mrs. Jimmie A. Blanks of this city, died Monday at 7:30 o'clock p. m.

Funeral services were conducted Tuesday afternoon at the family residence by the Reverend W. E. Ferrell, pastor of the First Christian Church.

Interment was made in the Citizens Cemetery with Buntin Mortuary in charge of the funeral arrangements.

Ten New

(Continued From Page One) with the Clarendon Motor Company, local Chevrolet dealers, whereby a big parade of Chevrolet automobiles will be staged in the downtown section of Clarendon Saturday afternoon, August 3, at 3:30 p. m.

The Douglas and Goldston Drug Company states that a special invitation is extended to the citizens of the Clarendon trade territory to come into their store and learn the particulars concerning the awarding of the new automobiles, and the Clarendon Motor Company invites them to witness the parade and come to their display room and inspect the 1935

Boys Leave

(Continued From Page One) will be by way of Huntsville, Houston, Galveston, and a return trip will be made by Austin.

Those in charge of the trip report that they will return to Clarendon Sunday afternoon.
