## COUNTY GOES DRY BY 465 MAJORITY

**Williams Tells**  
By Fred L. Williams

**Football Lights—**  
It seems that the football lighting project has been somewhat neglected in the bustle of arranging plans for the trades day program and other activities during the past few days.

The time is very limited in which action may be taken on this project, and those in charge of arranging for the financing of the undertaking by disposing of blocks of tickets for the Shamrock and Groom games should put forth every effort to raise the necessary funds for the installation of the lighting system as soon as possible.

It is very probable that the future of high school football in Clarendon will depend upon the outcome of this project. Unless lights are obtained to enable night games, the athletic department will very likely suffer financial losses on the majority of the football games this year, and it is not in a position to continue this money-losing process indefinitely. Lights will assure good crowds and profitable games, and the department will be able to do more than it ever has done in the past.

Do we want football in Clarendon or not? If so, let's get started on this proposition. It is one that is logical, and one that should work satisfactorily to all concerned. Tickets will be in great demand to these games, and merchants should encounter little trouble in disposing of them.

**Young Democrats—**  
Considerable enthusiasm was evident at the organization meeting of the Donley County Young Democrats Club at the court house Saturday night. This club will be affiliated with the state and national organizations, according to present plans, and should prove of great value to the members from an educational standpoint.

The object of the club is to acquaint the members with the political and economic questions of the day, and to give them a more thorough understanding of the workings of the government.

**Swimming Pool—**  
Rumor has it that a swimming pool for Clarendon is under consideration. It is said that plans are being made to convert the old concrete foundation on the junior college grounds into a swimming pool. In connection with this plan, beautification work on the football gridiron is anticipated.

Proponents of the plan say that it can all be done as a WPA project. They say the pool can be built and the football field can be sodded and due to the fact that the pool will be very near and somewhat higher than the gridiron, the grass on the latter can be kept in excellent condition by watering it with water drained from the pool. Killing two birds with one stone, as it were.

This is a highly desirable thing, and if it can be worked in as a WPA project, it will be of great benefit to the community.

**Trades Day—**  
Chamber of Commerce officials state that the trades day program is shaping up rapidly. Merchants are showing great interest, and if the proper spirit of cooperation is maintained the program will undoubtedly be successful.

This department is particularly glad to note that present plans call for the special day to be held on Saturday instead of a week-day. This is the most logical day for such an event, and more satisfactory results will be obtained than if it were held during the week.

**RETURN FROM CALIFORNIA**  
Mr. and Mrs. Jim Browder and family returned Monday from California, where they visited in Los Angeles with Mr. Bowder's mother, Mrs. J. M. Bowder. The group spent three weeks touring in Old Mexico, New Mexico and Arizona.

## STATE VOTES FOR REPEAL AND OLD AGE PENSION

**FREE TEXTBOOKS AND AMENDMENT SUBMISSION LOSE**

**FIVE OF SEVEN PROPOSED AMENDMENTS CARRY IN STATE VOTE.**

Amendments providing for repeal of state prohibition, temporary commitment of insane without trial by jury, old age pensions, suspended sentence, and abolition of the fee system of remuneration for county officials in counties of more than 20,000 population had decisive majorities when the Texas Election Bureau had tabulated well over 400,000 votes Sunday night according to press reports.

Amendments permitting submission of amendment to the constitution by special sessions of the legislature and authorizing free text books for private schools had been definitely defeated.

Following are the results from 234 out of 254 counties, including 42 complete:

Old Age Pensions—For 349,245; against 87,764.

Commitment of Insane—For 239,853; against 157,147.

Repeal of Prohibition—For 245,808; against 195,130.

Amendment Submission—For 175,302; against 186,607.

Suspended Sentences—For 197,966; against 169,060.

Fee Abolition—For 216,176; against 145,618.

Textbooks for Private Schools—For 190,899; against 220,988.

## GOLF TOURNAMENT TO BE HELD HERE SEPTEMBER 1 AND 2

The sixth annual Hillcroft Invitation Tournament dates were set Tuesday for September 1 and 2, or Labor Day. Boasting what has been predicted as the fastest tournament in this section, the Hillcroft Golf Course is being groomed to accommodate 100 shot-makers.

Practical prizes will be awarded this year such as trousers, shoes, ties, hams, chickens and shirts.

Frank Foxall, Thomas Hampton, R. Granhaw of Memphis and Billie Holmes of Shamrock, all former Greenbelt champions, will be on hand, also Jodie Biehl, Lubbock invitation winner along with stars from Pampa, Amarillo, and Childress.

Golfers will qualify on their home course and qualifying cards and entrance fees must be mailed to Carl Parsons before Saturday night.

Prizes to be offered and the list of donors are as follows: Chamber of Commerce, golf (Continued on Page Ten)

## Ladies Shop To Open Next Week

The only exclusive ladies shop in Donley County will be opened in Clarendon next week by Mrs. Fred Rathjen, who will open the shop in the Rathjen Shoe Store. The Ladies Shop has been chosen as the name for the new ready-to-wear store. Mrs. Rathjen spoke enthusiastically of the variety of new styles which she had purchased for the opening.

Millinery and other accessories will be included in the stock. Moderately priced, yet distinctively styled, dresses will be featured by Mrs. Rathjen, who returned from market at Dallas. The stock will be replenished every 30 days.

Mrs. Rathjen has effectively remodeled a portion of the store for the shop and will use silver and black in the decorating.

**VISITORS FROM NEW MEXICO**  
Lieutenant and Mrs. Hunter Randolph of Reserve, New Mexico, spent the week in the home of the latter's uncle, Dr. Mark Stricklin. They were en route to Mexico City.

## GENERAL RAINS FALL IN COUNTY

**FEED AND COTTON CROPS GREATLY BENEFITED BY TIMELY PRECIPITATION.**

One inch of rain fell in the city Wednesday night, breaking the hot, dry weather of the past few weeks and greatly benefiting the crops of the section. The rain was believed to have been general over the county.

Precipitation started about 11:30 Wednesday night, and fell slowly until early this morning. At 9 o'clock Joe Goldston, local weather observer, stated that 1 inch of moisture had fallen.

Farmers in the northern section of the county this morning reported good rains, totaling one and one-half to two inches. The east portion of the county also received good rains, according to reports from that section.

County Agent H. M. Breedlove stated this morning that the (Continued on Page Six)

## C. OF C. MAKES APPLICATION FOR WPA PROJECT

**CALLS FOR SURFACING, GUTTERS AND CURBS FOR 19 BLOCKS CITY STREETS.**

A project calling for curbs, gutters and surfacing for 19 blocks of city streets in Clarendon is under consideration by the Chamber of Commerce and city officials, according to J. M. Hill, secretary of the Chamber of the Chamber of Commerce.

City officials, in cooperation with the civic organization, have worked up a WPA application for the project, which calls for curbs, gutters and a caliche surface with oil topping for the 19 blocks of city streets. Hill stated. The project was discussed with Directors A. A. Meredith and R. W. Willis, of the Works Progress Administration office in Amarillo, who were visitors here early this week, and the officials expressed themselves favorably upon the matter.

The application will be sent to the Amarillo office within the next few days, and if approved will be forwarded to the San Antonio office and will go from there (Continued on Page Six)

## Bynum and Court Reach Agreement

A. B. Bynum, operator of a service station in Lella Lake, and the commissioners court reached an agreement Monday in the alleged obstruction of Highway 5 by service station belonging to Bynum.

By the agreement the county will furnish labor to move Bynum's station the required distance off the highway right-of-way, so that litigation of federal appropriation on this highway will be consummated at an early date, it was stated.

Bynum was cleared last week of a charge, in county court, of obstructing the highway with his service station.

## McDonnell Says Rain Follows Him Around

This morning Dr. J. H. McDonnell, the "Old Indian Herborologist, Better Known as the Oklahoma Rain Man", wiped the mud off his feet as he entered The News office to say "I told you so!"

For the past three years Dr. McDonnell has toured the plains country with his free medicine show and reports that rain has fallen in each town he has visited since 1929. Dr. McDonnell even spoke of one instance when rain and snow fell at Lamesa during his visit there.

## WORK ON HIGHWAY 88 TO BE STARTED SOON SAYS REEVES

**WPA FUNDS FOR LATERAL ROADS UNLIMITED, OFFICIALS STATE.**

"The amount of money to be expended on lateral roads under the WPA is unlimited," stated A. Meredith, Amarillo, district administrator, and Mr. Willis, TRC engineer, before the Donley County Commissioners Court Monday morning.

The news was received joyfully by the court, and at a time when it was thought lateral roads would have to be somewhat neglected due to lack of county funds.

The grading and drainage of Highway 88 south to the Hail County line will come under WPA supervision and County Commissioner C. G. Reeves, Precinct No. 2, stated he would begin work on this highway almost immediately.

Highway 88 traverses Donley County south from Clarendon for 14 miles. Preliminary WPA project as submitted for a limited appropriation of \$25,000 was for work on this highway for only seven miles. Since the limit on lateral road improvements has been raised the project will in all probability be approved for the entire 14 miles.

Highway 88 is one of the most important highways in this part of the state, carrying traffic (Continued on Page Six)

## OFFICIAL TEXT OF COTTON LOAN PLAN IS RECEIVED HERE

The following telegram from Mr. C. A. Cobb has just been received by County Agent H. M. Breedlove:

"The following is the full official text of the cotton loan announcement just released: 'The secretary of agriculture and the commodity credit corporation announced today with the approval of the president that a cotton loan plan would be put into immediate operation on the 1935 crop which would assure cotton producers an average return of not less than 12 cents per pound on cotton grown in 1935.

"The agricultural adjustment will make payments to cotton farmers to equal such difference, if any, as may exist between 12 cents and the average price of 7-8 inch middling cotton as reflected in the 10 spot markets during the period from September 1 to January 1, this period is chosen as covering the harvest months, such payments as may be made will be limited to the individual producer's actual production up to the amount of his Bankhead allotment.

## E. L. Wickline Here After 8 Years Away

E. L. Wickline of Stephenville, Texas, and former principal of the Clarendon High School visited in this city Monday and Tuesday.

Professor Wickline, who has been absent from Clarendon for eight years, remarked that the appearance of the town and the schools had changed to no marked degree.

Mr. Wickline is now engaged in ranching.

## Donley Cannery Will Re-Open Here Friday

Henry G. Tatum of the Dinley County Relief office stated this week that the Donley County Cannery will re-open Friday.

Mrs. J. M. Accord will again be in charge and vegetables will be canned upon opening.

Details as to the decision were unavailable.

## CRASH VICTIM IS BURIED HERE

**CLAYTON POWELL KILLED IN AUTOMOBILE WRECK IN NEW MEXICO.**

Funeral services for Homer Clayton Powell, 21, were conducted in Amarillo Tuesday morning at 9 o'clock from Boxwell Brothers Funeral Home and in Clarendon at 11:30 o'clock at the Citizens Cemetery. Mrs. Brownling, a reader from the Amarillo First Church of Christian Science, was in charge of both services.

Clayton Powell, son of Mrs. Elizabeth Powell, instructor of piano in the Clarendon Junior College and public schools, and the late Homer Powell, cashier in the Amarillo Bank of Commerce, and owner of the P & P Garage, was killed instantly Sunday morning at 8 o'clock near Santa Fe, New Mexico, when the automobile in which he and two companions were riding skidded and overturned.

## BRONCHOS HOLD FIRST PRACTICE SESSION MONDAY

**THIRTY-TWO CANDIDATES FOR FOOTBALL TEAM ARE ON HAND FOR WORKOUT.**

Thirty-two candidates for the 1935 Clarendon High School Broncho football squad were on hand at the first workout session Monday. Of this number, about 10 were "lightweights", boys too small to make much of a bid for a berth on the squad but who are starting their football training early.

The squad was put through a series of conditioning exercises Tuesday, and Coach Kerby expects to have every aspirant to the team in first class physical condition within a few days.

Several plays were given out, and some time was spent in running them off. Kerby stated that he expected to give out more plays each day, and that he expected the team to have its complete "repertoire" of formations and plays functioning smoothly by the opening date, September 20, when the Bronchos will clash with the Claude High School eleven.

## Death Claims Wife Of Texas Senator

Death Claimed Mrs. Tom Connolly, 54, wife of Texas' junior senator, Monday in her husband's office in Washington.

Mrs. Connolly suffered a heart attack as she took the elevator in the senate office building and died a few minutes later.

Funeral services will be held in Marlin. The funeral party is scheduled to arrive in Waco today and make an overland trip to the Marlin home of both Senator and Mrs. Connolly.

Tom F. Connolly of this city, cousin of Senator Tom Connolly, expressed his deepest regrets at the death of Mrs. Connolly, who has been a guest in the Connolly home in this city.

## Sheriff Says Donley Must Stay Dry Now

Sheriff Guy Pierce this week in speaking of repeal stated that the liquor law heretofore governing Texas will still be in effect and would continue in effect until such time as special legislation was passed in regard to dry counties.

Texas, stated Sheriff Guy Pierce, is still under the Dean Law and the liquor law will be enforced in Donley County until laws are passed governing the sale, if sale be permitted, in dry counties.

## YOUNG DEMOCRATS CLUB ORGANIZED SATURDAY NIGHT

**GREAT INTEREST IS SHOWN IN ORGANIZATION; OFFICERS ELECTED.**

Charlie Bairfield was unanimously elected president of the Donley County Young Democrats Club when a meeting was called at the court house Saturday night at 8 o'clock for organization.

Enthusiasm ran high throughout the group gathered for the purpose of organizing, drawing up a charter and federating within a week with the state and national Young Democrats organizations.

The young business and professional men of the city joined in hearty approval with J. H. Morris when he expressed the need of such an organization in Donley County to verse those with whom lies the government in the future in economic and political questions.

Mr. Morris acted as temporary chairman and called the meeting to order. Mr. Bairfield was unanimously elected to head the organization and other officers and representatives elected were McHenry Lane, vice president; Hollis Leathers, secretary; Glenn Allison, treasurer; Frank Hardin, sergeant-at-arms; R. E. Drennan, parliamentarian; Jim Morris, chairman of the executive committee; Guy Kerbow, representative for District 10.

## C. OF C. COMPLETES PLANS FOR TRADES DAY IN CLARENDON

Plans for a trades day campaign for Clarendon are progressing satisfactorily, according to J. M. Hill, secretary of the Chamber of Commerce.

Hill stated that a plan been devised by the organization and submitted to the business men for their approval.

"Many have expressed wholehearted approval of the plan," Hill said, "and have signed up to lend their support to the movement. However, a few have not come in yet, and we are anxious to have them sign up as soon as possible so the program may be started."

According to present plans, the first trades day will be held on Saturday, September 7. Trades days will be held on each succeeding Saturday until December 28.

Complete details of the plan were not disclosed but merchants will offer special prices on these days and other inducements to attract the consumers of the territory to Clarendon to do their trading.

## Lions Club Hears Rev. C. Y. Dossey

Rev. C. Y. Dossey of Dallas, who is conducting the Baptist revival meeting here, was principal speaker on the program at the Lions Club meeting at the Antro Hotel Tuesday. Rev. Dossey's topic was "Six Ways to Tell Right from Wrong." Solo numbers were given by Rev. C. B. Stevenson of Houston and Rev. Burl King of Abilene.

Lion Douglas reported that progress was being made in the Trades Day campaign and urged that the business men lend their cooperation in the movement.

Lion Morris announced the play to be given Thursday and Friday night for the benefit of the Drum and Bugle Corps.

Boss Lion Caraway presented, with appropriate remarks, a past president's button to Past President Patman.

The program for the next meeting will be in charge of Lions Ferrell, Antrobus and Bartlett.

Gene Herd spent Tuesday in Memphis attending to business matters.

## PENSIONS AND COMMITMENT ALSO FAVORED

**PENSION AMENDMENT CARRIES BY LARGEST MAJORITY IN COUNTY.**

Voting by a majority of 465 votes against the repeal of prohibition, Donley County took the stand that was expected on the liquor question at the polls last Saturday. Voters of the county also voted overwhelmingly in favor of the old age pension amendment with a 721-vote majority.

The county favored the commitment of insane without a trial by jury with a majority of 180 votes, and a scant margin of 14 votes was shown in favor of the amendment whereby the fee system will be abolished in counties if more than 20,000 population.

The school text-book amendment, whereby every child attending school within the state would be furnished with free textbooks was defeated in the county by a vote of 284 to 737.

Complete results of the August 24 election for Donley County are as follows:

Amendment No. 1, Old Age Pensions—For, 900; against, 179.

Amendment No. 2, Insanity Trials—For, 541; against, 361.

Amendment No. 3, State Prohibition—For, 314; against, 779.

Amendment No. 4, Special Session Amendment—For, 320; against, 455.

Amendment No. 5, Prohibition—For, 360; against, 456.

Amendment No. 6, Fee System Abolition—For, 284; against, 401.

Amendment No. 7, Free Textbooks—For, 284; against, 737.

Complete county returns by boxes will be found on page five.

## 'FINGERS' WILL BE STAGED TONIGHT

Tonight at 8:15 at the college auditorium the Sons of American Legion Drum and Bugle Corps will sponsor the presentation of "Fingers", a four-act play, under the direction of Miss Lorraine Patrick. Between acts the dance pupils of Miss Mary Cooke will delight the audience with special dance routines.

The cast has been working untiringly on the show and entertainment such as one can not afford to miss will be offered. A ticket may be secured from any of the boys in the cast.

The plot concerns a boys club in New York that is working for the betterment of boys and teaches a good lesson in citizenship and worthwhile living. The comedy in the play is brought out by Harry and Jerry Kerbow as Snowball and Skeeter, who serve the cast with the "raspberries." Junior Laseter is the Boy Crook, who happens to come in the club room one night and when he finds out what the club means the boys elect him a member.

Rev. R. S. McKee is Mr. Grey, the club director, who helps the boys in many of their difficulties. Other men in the cast include Dean R. E. Drennan, who is Officer Kelly; Jerome Stocking, who is Mr. Snyder, a hard-hearted landlord; Cap Morris, who is a foundry worker; and Robert McKee, who is Frank, Skeeter's brother.

Other boys in the cast are Rayburn Smith, Jr., Coley Huffman, Jimmie Lumpkin, Jimmy Thompson, Walton Tucker, Billie Cooke, Leroy Antrobus, Billie Ralph Andis, Jack Stephenson, Clarence Pipes, Jr., Victor Smith, Cletus Eason, Harold Eason, George Reeves, G. G. Reeves, Jr., (Continued on Page Six)

## RETURNS AFTER VACATION

Miss Ernestine Corbin has returned to her home in Amarillo after spending most of the summer months with her grandparents, Mr. and Mrs. W. H. Corbin. She was accompanied by Mrs. Mary Belle Barefield and Miss Dorothy Nell Barefield.

## COTTON LOAN PLAN

Remembering that Secretary Wallace must keep one eye on economic conditions and the other on the political situation, he has done about the best he could in setting a 9c loan with alternative to the grower of outright gift of difference between open market price and 12c. The big advantage in this plan is that it will permit dumping the rather large American cotton crop of this year into the world market at an open market price while maintaining the domestic price, through Government subsidy, at 12c. In an official comment issued by the Secretary of Agriculture, no mention is made of the situation with regard to loss of American foreign markets. It would have sounded like an admission. But the admission was written in large letters between the lines of Wallace's statement.

As against these advantages of combination loan and outright subsidy plan, the alternative of a big loan would have had to its credit only the virtue of simpler operation and the surface appearance of avoidance of a Government gift. It would have resulted in piling up Government holdings of cotton which now amounts to about 5,000,000 bales, while encouraging foreign competition through a world price partially pegged at cost to the United States. Obviously, the only sensible thing to do—still keeping in mind the political situation—was to subsidize the farmer and let him dump this year's crop, or take his crop at 12c and dump it through a Government agency. Mr. Wallace has chosen the former course.

The Government has been in the cotton regulation business two years, and theoretically, it ought to be in position to maintain the market without subsidy. It has not achieved this effectiveness primarily because, in cutting acreage, it has cut foreign markets, and these foreign markets have been cut primarily because this country has made no headway in readjusting its tariffs. The only sound political, economic or moral justification for the present subsidy is the continuance of the tariff which has been a burden on the cotton farmer for decades.—Semi-Weekly Farm News.

## LIQUOR PROBLEM STILL DEMANDS ATTENTION

Unofficial returns indicate that state-wide prohibition is dead in Texas. The real problem of liquor remains, however.

Any fair-minded person must admit that prohibition has not dealt with the problem of liquor as effectively as it might. Drinking was widely prevalent. Bootlegging was conducted in every community with remarkable success. As a result, liquor too many times was a factor in automobile wrecks, in disputes between men, in the wrecking of homes, in the wrecking of lives of young and old. That much candor must compel the prohibitionist to admit.

Yet there is no reason to believe that any of these objectionable features of the liquor problem have been eliminated automatically by the approval of repeal. As a matter of fact, frankness must admit that, unless the liquor problem is faced squarely, these defects will be magnified considerably under repeal. In some communities it may have been true that there were as many bootleggers as there will be liquor stores, maybe more. However that may be the incentive to drink was not as strong as it will be under the stimulus of open display, and of legitimate purchase.

There is almost certain to be an increase in drinking. That increase is almost certain to be harmful. Liquor drinking is harmful, to the individual, to the community and to the state. So any increase means an aggravation of the age-old problem of liquor.

All these abuses that we have observed under prohibition were not necessarily the products of prohibition. They were merely a different manifestation of the old liquor problem. It remains with us today, although it may be in slightly different guise. The problem of dealing with it is still one for serious consideration of every Texan, regardless of whether he is attached to the camp of the wets or dries.—Vernon Daily Record.

## FARM INCOME GAINS

The use of tractors on farms is almost entirely an American institution. Recent reports of industrial exports show that practically all the foreign demand for American farm machinery is for horse-drawn types. However, the report shows that for the past two years the demand for our farm machinery has been on the upgrade, most of the exports going to the Argentine, Chile, South Africa, Australia, Cuba and the Scandinavian countries. The level of farm machinery exports is still well below that of 1929 and 1930, but the manufacturers say the increase is steady and encouraging.

The increase in demand for farm machinery at home is fast taking on the aspects of a spurt, and the industry as a whole is now on the highest level since 1930. One of the reasons given is the increase in the farmer's cash income. This income, as shown by a study by the Bureau of Agricultural Economics, during April of this year, totaled \$507,000,000. In March the total was \$466,000,000. In April a year ago the total farm income was \$387,000,000.

Increase in the farm income can largely be attributed to the fact that the farmer, principally through AAA operation, is now receiving a larger share of the retail prices than he has for some years. The manufacturer members of industrial organizations now attacking the New Deal would have difficulty in getting the makers of farm machinery and other articles sold to farmers to join them.

The whole situation plainly indicates that much of the prosperity of the United States depends on the domestic markets. With the farmers receiving a higher ratio of cash for his products, he is buying more agricultural machinery and other things—and the city man gets the benefit in proportion through the natural channels of trade.—Fort Worth Star-Telegram.

## HOW QUICK CAN YOU STOP?

Some time ago a questionnaire was submitted to motorists by the city of Memphis concerning the distance necessary for stopping cars going at given speeds. The survey demonstrated that the average driver has an exceedingly poor conception of stopping distances—and that he believes he can bring his car to a halt in a much shorter space than is actually required.

For example, drivers were asked how many feet would be needed to stop a car with four-wheel brakes moving at a speed of 40 miles per hour on an ordinary highway. Two per cent of the drivers answered ten feet or less; 15.9 per cent answered 11 to 20 feet; the heaviest majority, 23.2 per cent answered 21 to 30 feet, and 14.1 per cent answered 51 to 60 feet.

The true answer is 80 feet—and it was given by less than 6 per cent of the drivers. Only a minority of motorists realize that, no matter how good a car's brakes, it is impossible to stop within fifty feet—that a car going 40 miles an hour will skid farther than that with locked wheels.

Memphis has proved a good example showing that we vitally need continued and intensified "schooling" for drivers—and that the driver who has operated a car for 20 years should be given attention, as well as the beginner.

Adequate knowledge of the limitations and capabilities of the motor car is a fundamental of accident prevention.

**ON TEXAS FARMS**

By Minnie Fisher Cunningham, Extension Service Editor

There are plenty of summer time jobs in the yard besides lawn mowing—even if the main planting season is earlier or later, according to Miss Onah Jacks, extension landscape specialist.

Underpinning the house is one of them. She reports that it is being done by yard demonstrators with various types of locally available material. Native rocks in West Texas; native pine in East Texas; willow sticks in some places. Dry goods boxes are good in any place, too.

Identifying, studying, marking and trenching native shrubs for later transplanting into yards is a natural summer picnic job.

Equipping outdoor living rooms is a job to do now while the need to use them is felt more fully than at any other season. Tables, benches, fireplaces, swings, seesaws, arbors, sandpiles, pools and trellises all have found use in yard demonstrators' outdoor living rooms.

Preparing for fall planting is another summer time yard job commended by Miss Jacks. Planting peas to turn under, she recommends as a good way to get the ground in shape.

Miss Marie Thornton returned last Thursday from a ten day vacation in Colorado.

## BOY SCOUTS KEEP DIARY ON TRIP TO NEW MEXICO

Tuesday, August 13—Hurrah! we're off to the mountains. After packing, placing, arranging, repacking, replacing, rearranging, we finally got 29 boys and three men in a truck and one car. Although we were scheduled to leave at 5, we got off at 7:30. After waiting in Hereford two hours because of a flat, we arrived in Roswell about 6 o'clock and stopped at La Hondo Courts. Immediately upon arriving, we went swimming in the Green Haven pool across the street.

Wednesday, August 14—After eating breakfast we went to Roswell and spent an hour as well as most of our money, giving the town the once over. Leaving Roswell at 10 we ran into hilly country which gradually became mountains. We ate lunch at Capitan and drove into Lincoln National Forest at 4 o'clock. Soon afterwards, we arrived at Big Bear Canyon and our camp. The remainder of the day was spent fixing camp. Our camp is situated in a dense forest of pines and quaking aspens. An ice cold mountain stream runs in front of our cabin. After dusk, believe it or not, we found the climate too cool for comfort.

Thursday, August 15—Upon arising we discovered the air cooler than the night before. We spent most of the day hiking to the summit of Old Baldy, a mountain located near our camp with an altitude of about 12,000 feet. When we arrived in camp everyone was tired out and about to starve. After supper, we built a large camp fire and told yarns.

Friday, August 16—The better part of the morning was spent in studying the process of mining. A mining engineer from Nogal explained the formation of precious metals and demonstrated the process of mining. Although we found plenty of fool's gold, we found no real gold. During the afternoon, we worked on a cabin and improved the roads. At the close of day we found a bee tree and made plans for obtaining the honey next day.

Saturday, August 17—This morning we arose bright and early to purloin the honey from our friends, the bees. Carrying axes, saws, buckets, etc., we hiked to the bee tree. Mr. Morris, with the aid of a mask and a few other accessories, obtained the honey after we felled the tree. We broke camp about 11 and drove through rain most of the way to Roswell. That night we stayed in the Scout house of Troop 4 of Roswell.

Sunday, August 18—Leaving Roswell this morning, we drove to Black River Village, a camp on the other side of Carlsbad. A great deal of the day was spent in swimming, writing, resting, and playing ball. In the afternoon, the smaller scouts played a picked game of softball and won by the score of 15 to 10. After swimming until dark, we went to bed and dreamed of our trip through the Cavern on the morrow.

Monday, August 19—Everyone is excited. Why? Because we're going through Carlsbad Caverns! It is useless for us to try to describe it. You will just have to see it yourself. You will miss half

of your life if you don't. It is cool in the caverns; the temperature remains the same winter and summer, 56 degrees. The lowest depth attained was 829 feet. There were more in our party than in any of the states except Texas, Oklahoma and New Mexico. There were people from 32 states. Texas had more than all the other states put together, 770 to 544. We journeyed to Roswell after leaving the caverns.

Tuesday, August 20—Today, the last day, is the one we all hate to see. Leaving Roswell early, we followed the same route returning as in going. We ate lunch at Texico and arrived home tired but happy at 6 o'clock. In closing we wish to express our gratitude to Mr. Whitlock, Mr. Morris, and Mr. Patman, who accompanied us; to Mr. Ben Hill for furnishing a truck free of charge; and to the business men and all others who made our trip possible. PANHANDLE-PLAINS SHOW DIRECTORS MEET AUG. 30

Plainview.—Directors of the Panhandle-Plains Dairy Show and many county agricultural agents will gather in Plainview Friday afternoon, August 30, for the purpose of deciding on dates, committees, educational programs, and making general plans for the ninth annual dairy show. The meeting will be held in the Chamber of Commerce office and President H. B. Hales of Amarillo will preside.

Butter Philosophy by DEAN E.V. WHITE TEXAS STATE COLLEGE for Women (C.A.)

You always lose when you gamble with wrong. Fast living means quick death. Crooks and fools dislike you for doing right. Better succeed in ordinary things than fail in seeking a career. Some people have too much food and not enough to eat. Let others tell about your excellent qualities. Observing Labor Day is not appropriate if you never labor. Don't laugh at a person and expect him to like it. Don't go to college and leave your mind at home. The meeting of the ex-students of A. & M. College in the evening.

Do You Remember Way Back When? FROM OUR EARLY FILES

From the Files of July 21, 1920 Annual short course of home demonstration department of Donley County meets here July 26-27. Three hundred club girls of county will gather at Clarendon Junior College for the annual meet under direction of Mrs. Ida Chitwood. Clarendon summer term of district court opened here Monday morning with Judge Henry S. Bishop, presiding. City building program still at top speed. Many high class residences being completed—church buildings being rushed. New improvements planned. A full score of houses are nearing completion at the present. Some of the finest types. In a fast and well-played baseball game here yesterday, Clarendon won from the Amarillo Cubs 5 to 4. The funeral services of Wilson Buntin, seven year old son of Mr. and Mrs. I. J. Buntin of Amarillo, were conducted at the Methodist Church in this city by Rev. C. N. N. Ferguson last Saturday afternoon at 3 o'clock. The small boy was drowned Friday afternoon while playing in the back yard of his home with a number of small playmates. C. D. Shamburger, of Wichita Falls, the proprietor of a large line of lumber yards in North Texas and in the Panhandle, was in this city the first of the week completing arrangements for placing a lumber yard here. He has purchased the old Lott livery yard and on that site will place the new business. Hon. W. H. Childress and Hon. Alex. Mood, of Amarillo, each a candidate for district attorney of the 47th judicial district, held a joint speaking here Tuesday afternoon on the bank corner, each advancing his candidacy. Ernest Pope, the hustling manager of the Clarendon Mercantile, left Sunday morning for New York where he will purchase the fall stock for that firm. From the Files of July 16, 1925 Col. State Health Officer Urges Importance of Medical Attention

Austin, Texas.—In these times no one can be blamed for economizing. In fact, thrift is commendable. The reckless spending of the speculative era is no longer possible for most of us. Nevertheless, there are limits even to one's thrift. Commodities must be purchased and money must be circulated if business is to improve. Consequently, the present tendency to hold the purse strings less tightly is a hopeful economic sign. Unfortunately, however, an entirely unwarranted caution is being exercised by many where expenditures involve medical services, stated Dr. John W. Brown, state health officer. Even in the days when money was plentiful, there were numerous persons who were disinclined to incur doctor's bills. No one can deny that such an attitude is false economy. While it is true that the medical and surgical science never have been so highly developed as they

O. L. Smith, Jr., has been employed at the Bon Ton Confectionery since the resignation of Harry McCracken, according to Floyd Lumpkin, owner. Harry McCracken, who has been employed at the confectionery for the past year has not announced his plans for the future. Misses Peggy Taylor and Maxine Williams of Childress spent Friday in Clarendon. are today, they only will be of minimum value to those who, because of an illogical sense of value, refuse to seek medical advice promptly and thus substitute their own ideas of treatment for a self-diagnosed condition. Splendid comprehensive and efficient as public health services may be in the mass-control of disease, there yet remains the individual obligation to supplement or complement these activities by the adoption of sane living principles, and a full realization of the value of prompt medical attention when one becomes ill.

O. C. Watson, Jr. Leases Antro Cafe

O. C. Watson, Jr., took over the management of the Antro Coffee Shop Thursday morning and has announced that it will be operated in much the same manner as heretofore, although Mr. Watson announced his intentions to redecorate the shop. The coffee shop, opening into the lobby of the Antro Hotel, has been under the management of Haskel Kemp for several months, but was released Thursday to Mr. Watson. Mrs. Lillian Carpenter has been employed to wait tables and Frank Carroll has been employed as chef. Mrs. Dewey Heath returned Sunday after a visit in Amarillo. We like to work. When sickness or misfortune deprives us of work for a time, we long to begin again. When old age deprives us of the privilege we look back with longing to the days of accomplishment. When an accident deprives a person of one of his members and makes it impossible for him to work, he can collect large damages. We all work. Are we workmen unashamed? I. What is a Workman Unashamed? A workman who has chosen a worthy task. A workman who has done his best work. A workman who has finished his task, who has held out on the job. Work is honorable. God commands that we work, that we render services for our daily bread. There is a great glory in work. "If a man will not work, neither shall he eat." "In the sweat of thy face, thou shalt eat bread." A workman who need not be ashamed is one who serves God and man to the best of his ability while at his daily tasks. II. How Can We Become a Workman Unashamed? First of all, we must be willing to do our share. We must take an interest in what we are doing. We must work joyfully, counting work a privilege. If our work is of such a nature that we cannot follow it to the glory of God, then we must seek out a new task or vocation. There are many opportunities of rendering service that will be well pleasing to God. III. What Are the Rewards of Workmen Unashamed? ## PANHANDLE WILL STAGE RACE MEET AUG. 31 TO SEPT. 7

ENTRIES EXPECTED TO ESTABLISH RECORD; MORE HORSES ARRIVING DAILY.

Panhandle, August 22, (SP).—With more than 100 horses in the barns early this week, indications were that entries would set a record at the Southwest Race Meet, which will be held in Panhandle August 31 to September 7 inclusive.

A car of 12 horses arrived by freight Monday from Loveland, Colorado.

C. E. Deahl, president, returned home Monday from a month's racing in the north. He entered horses in meets at Billings, Great Falls and Helena, Montana; Loveland, Trinidad and Pueblo, Colorado. Previously he had been at Omaha, Nebraska, and other cities.

Deahl said that more than 100 horses would come here from the meets he had attended. Another 50 or 75 should come from Oklahoma, according to advance reservations for stalls.

D. E. Hill of Hill & Hill, concession men, came here this week from his home in San Antonio and said he knew of at least 50 horses coming here from South Texas.

Supt. M. B. Davis expects 250 to 300 horses to be in the Panhandle meet. Already he is worrying about plans to stable the horses, and it is believed that another barn or two will be built this week.

Never has there been such interest manifested in the Panhandle meet, and officials say this indicates that Panhandle has stepped up several notches in importance as a racing center.

The meet opens Saturday, August 31, and continues through the following Saturday. A record crowd is anticipated on Monday, September 2, Labor Day. In years gone by, Labor Day usually set a record in attendance and no exception to the rule is expected this year.

Tuesday will be ladies day. All ladies will be admitted free that day, or at least for a small service charge of 10c or 15c.

Wednesday and Thursday have been set aside for Pampa and Borger days. Friday will be Amarillo and Panhandle day. Panhandle will close for the races on Friday, according to the president of the chamber of commerce.

The closing day will be Saturday, September 7, and it is expected to draw a record crowd of horse lovers anxious to get a last glimpse at the races.

So great is the number of entries that it is expected eight or nine races a day will be run instead of six, as originally planned by the racing association.

Workmen have been busy at the track for weeks and Supt. Davidson said it is in ideal shape. Horses are being worked out daily and one of the big pre-racing attractions is the daily running match races.

Race fans will not be disappointed in making a visit to the Southwest Race Meet this year. They will find the best horses of the Southwest here and indications are that the fans will be here in increased numbers for each of the seven days.

This is the longest meet ever planned for Panhandle and is being staged in response to the demands of horse owners and fans.

Miss Dorothy Jo Taylor, accompanied by Mr. and Mrs. Bert Boomer of Groom, returned to Clarendon Thursday after visiting in the home of Mr. and Mrs. Boomer.

## Tri-State Fair September 14-21 To Be Educational and Entertaining

Amarillo.—From both an educational and entertainment standpoint, the Tri-State Fair in Amarillo, September 14-21, will be "tops."

This year the fair holds undisputed rank as the largest exposition in Texas and to entertain the crowds the management has arranged for many attractions, including a three-ring circus.

With this circus, formerly known as Bailey Brothers but now owned by Harley Sadler, well-known for his amusement enterprises, is Jack Hoxie, western screen star.

Hoxie, who had the leading role in such pictures as "Outlaw Justice" and "Trouble Busters," will appear in person at each circus performance.

Jack Hoxie, one of the favorites of western fans, also was starred in "Law and Lawless," "Via Pony Express," and "Gun Law."

While giving performances daily at the exposition grounds, the circus will stage a mile long parade every other day—September 16, 18 and 20.

Other entertainment features will be Beckmann and Gerety shows, largest of midway attractions; daily horse races and a variety of other amusements.

Exhibitors from every section of the exposition's vast territory and many from distant states already have made entries.

Officials of the fair association predict there will not be only more and better exhibits, but also larger crowds at the 1935 exposition.

Many cities served by the exposition already are making plans for huge motor caravans and special trains to the fair.

### LIBRARY NOTES (By Mrs. C. A. Burton)

Just now when everything "Texiana" is being of special interest, the students of Texas literature will welcome a little volume by Selma Metzenthin-Raunick whose title in English is "German Writings in Texas: Poetry." The book represents the findings and evaluations of a research worker of wide experience. The author has devoted many years of her life to this study, having begun it when she wrote her master's thesis on it at the University of Texas. She interprets for us the cultural significance of the German immigrant to Texas in a way that has not been done before. Much has been said and written of the German contribution to the industrial life of Texas, but Mrs. Metzenthin-Raunick shows that their cultural contribution has also been a most worthwhile one. The book is dedicated to the author's father, the Rev. E. F. Metzenthin, who was one time pastor of the Evangelical Lutheran Church at Austin. On the flyleaf is a poem, "Mein Heimatland—Texas," by Mrs. Walter, a native of Fredericksburg who died there in 1920.

The book is divided into two parts—the first presenting the older, and the second contemporary writers of verse. Among those in the first list is Rev. Adolph Fuchs, grandfather of Oscar Fox, musical director and composer. First among contemporary writers in Clara Reyes whose flowing musical lyrics are unexcelled. Mrs. Reyes died in 1935 while the manuscript for her book was in the hands of the printer. The Rev. Pedro Igen, former Texas pastor now in Missouri, is outstanding for his war poetry. The author will present a similar book giving the German contribution to the prose literature of Texas in the early fall. Her books are a source of interesting information, particularly at this time.

Not long ago when visiting a city library I found on the Seven Day Shelf a rather worn copy of William McFee's "Harbourmaster." Of course this meant that the book was so popular that a time limit was placed on it. I thought of my own copy which was so seldom used—and wondered how I could help to popularize it among our readers.

Now comes the announcement of the publication of McFee's new book this month, "The Beach Comber"—in which some of the interesting characters of "The Harbourmaster" reappear. This is Mr. McFee's eighteenth book and in all of them he has been writing about the sea, its ways and its people, in an entertaining style which has been especially interesting to male readers. His books are characterized by critics as "interesting, gripping."

Phyllis Bentley whose "Inheritance" was reviewed in this column recently, is at work on a

## "DUB SHOTS"

DICK COOKE

With the dates for the Sixth Annual Hillcroft Invitation set for September 1 and 2, golfers in Clarendon and surrounding towns are polishing up their war clubs for a last crack at old man par.

Winding up the tournament season, the invitation will draw a host of shot makers, who are anxious to make a final bid for glory before packing their clubs away for the winter.

After a none too successful campaign in Shamrock, the local niblek wielders should grab their share of the laurels. Playing on the home course gives Clarendon a slight advantage. In the five years of the tournament, the crown has only left Clarendon twice. Paul Denson won the inaugural event way back in 1930, with Elliott Hatch winning in '32.

Dude Gentry, Ira Merchant, Pinky Kerbow and A. N. Wood have the edge on the locals, but it's going to be tough.

Many thanks to the merchants for their donations toward the prize list, and it surely should increase the golfing trade.

Mr. and Mrs. J. D. Swift and children, Anna Moore and J. D., Jr., and Miss Anna Moores returned Thursday evening from a week's business and pleasure trip in East Texas, Arkansas and Oklahoma.

## TIMELY HINTS AND RECIPES

TESTED AND PROVED BY DONLEY HOUSEWIVES

\*\*\*\* Mrs. Meredith Gentry recommends—

**Escalloped Potatoes**  
4 cups slices raw potatoes  
5 tablespoons flour  
1 tablespoon salt  
1-4 teaspoon paprika  
2 tablespoons butter  
2 cups sweet milk.

Mix potatoes, flour, and seasoning. Add butter and pour into buttered baking dish. Add milk and bake one hour in moderate oven.

\*\*\*\*

**Devil's Food Cake**

Take two cups of sugar, cream with 1 cup of butter.

2 1-2 cups flour (sifted before measuring) and add alternately with 1 cup sour milk. Add 1-2 cake of Bakers chocolate, melted and cooled, then add 5 egg yolks, beaten in one at a time.

1 teaspoon of soda, dissolved in hot water. Beat egg whites until stiff but not dry, then add and bake in moderate oven.

\*\*\*\*

With the opening of school just around the corner, dressmakers of Clarendon give hints for planning a child's school wardrobe.

Mrs. Blanche Davis suggests—

Ornandy trimmings are not practical for school wear. Only a few pleats are desirable. Plan your daughter's school wardrobe of durable prints for the early fall, with the trimming of the same or pique.

\*\*\*\*

Mrs. Dewey Heath suggests—

Children are best dressed when simply dressed and little boys are not dressed until roughly dressed. The trend this year is to darker colors and certainly more practical for school clothes. Don't forget, too, that youngsters can be dressed neatly and smartly by utilizing clothes of their elders into "made-overs."

\*\*\*\*

Mrs. Walter Dyer suggests—

ABS prints are among the best and early in the fall children should have jackets or swaggers suits as light weight wraps are needed in this climate. Tweeds and woollens have a great place with the fall wear and gay plaids are quite the thing. Smart hats or berets can be made by matching either woollens or prints.

## September To Mark Opening Of Five Study Clubs Here

The month of September will mark the opening of the club season in Clarendon. Each of the clubs will start the season this year with a lovely opening social or program. The club rooms, under the supervision of Mrs. Walter Taylor as president of the board, will be improved in many respects prior to the opening of the clubs.

Mrs. Volney Taylor of Brownwood will again head the Texas Federation of Women's Clubs and Mrs. W. P. Avriett, Lamesa, will again serve the district as president.

The 1926 Book Club will be the first Federated Club to open, entertaining the members of the Pathfinder Club Tuesday at the club rooms, with Mesdames Edith Ballew, Luma Smith, Hazel Dillard, Virginia Bryan, as hostesses. Miss Ada B. Bates, professional book reviewer of Dallas, will have charge of the program, a review of "Phantom Crown" by Bertie Harding.

Mrs. Mary Thornberry is outgoing president of the Book Club and Mrs. Luma Smith is the incoming president.

The Junior Les Beaux Arts Club will open this year with a business meeting at the Woman's Club Room. Mrs. J. W. Evans

and Miss Mary Howren will again sponsor the club and new officers will be elected at the first meeting.

The Les Beaux Arts Club will meet September 14 but plans for the meeting have not been formulated as yet. Mrs. L. S. Bagby will succeed Mrs. Walter Taylor in the president's chair.

Mrs. J. Frank Heath will take over the duties of Mrs. O. L. Jenkins at the first meeting of the Mothers Club on September 24. Arrangements for the first meeting are incomplete.

The Pathfinder, Clarendon's oldest study club, will embark on its twenty-fourth year of study and community service September 27 with a Centennial pageant and garden party at the home of Mrs. J. L. McMurtry. Mrs. Fred Rathjen is the incoming president and Mrs. Tom Goldston the outgoing president.

### Summer Color Motif Is Used At Party

Mrs. G. O. Wright was genial hostess Friday afternoon to the members of the Auction Club at her home.

Artistic for the summer season was the color scheme of green and rose, predominant in the bouquets of flowers in the table appointments, and in the refreshments.

In the games of auction, Mrs. A. L. Chase scored high among the guests, Mrs. Wm. Herndon among the club members, and Mrs. Keith Stegall received low score award.

Cooling punch was served throughout the afternoon and at the close of the games a dainty ice course was served.

Seated at the tables were Mesdames Claude Johnson, Paul Smithy of Memphis, Texas, Ross Scott, A. L. Chase, Keith Stegall, B. P. Brents, Bob Webster, Eva Atterberry, Wm. Herndon, and W. H. Patrick.

used in the appointments, in the refreshments, and was further accentuated in the white cake with four gleaming pink candles.

Mickey Mouse balloons were presented as favors to the little guests, each of whom brought the honoree a gift.

During the course of the afternoon, the hostess conducted games on the lawn.

Present were little Misses Marilyn Merchant, Rosy Mary Baldwin of Louisville, Kentucky, Mary Nell Keys, Louva Hunt, Janice and Merne McDonald, Ruby Carroll, WaNell Stevenson, Billy Herndon, Melanie Williams, and Masters Sonny Keys, Hardy Mac Bourland of Quail, Edwin Carpenter, Lloyd Hunt, Alfred Hahn, Jimmy Dean Howze, Gayland and Wayland Carroll, and Charles Stidam.

### Mrs. Sloan Baker Is Hostess

Mrs. Sloan Baker was hostess Thursday evening in her home to members of the Jolly Group Club. Series of games of forty-two offered diversion and the hostess served ice cream and cake.

Seated were Mr. and Mrs. Arthur Morgan, Mr. and Mrs. Carl Tyree, Mr. and Mrs. Fred Russell, club members and Mr. and Mrs. Lucian Bones, guests, and the host, Mr. Baker.

Mrs. Homer McSlvany left last Wednesday for Pargue, Oklahoma, where her mother is ill.

### Hudson Family Holds Reunion

The annual Hudson family reunion was held this year August 13 at Crater Park, Oklahoma, and proved to be a very pleasant affair, and a success in every way. All of the older members of the Hudson family were present except Mrs. W. C. Wyatt of Lakeview, Texas, who with her husband, was unable to attend.

Those present, nearly all of whom were members of the family or related, included Mr. and Mrs. F. B. Hudson, of Wellington, with their children, Newell and Kate, Lester and Mary, and grandchildren, Gertrude and Victor; Mr. and Mrs. M. L. Hudson of Dike, Texas, and son, Coleman, and two daughters, Gertrude Hudson and Mrs. Miles Hargraves, and grandson, Joe Dan; Mrs. N. D. Hudson of Clarendon and her children, Mr. and Mrs. Neely Hudson and son, Dwayne, Mr. and Mrs. Clyde Hudson, Mrs. Bertha Benson and Mrs. Alma Cross;

Mrs. M. T. Crabtree and Miss Obie Crabtree returned Thursday from Tucumcari, where they visited Edlie Crabtree.

### Household Hints Are Given at H. D. Club

Mrs. Lester Schull entertained the members of the Home Demonstration Club on Friday afternoon at the club rooms, marking the opening of the club season in the local club rooms.

President Mrs. C. D. McDowell called the meeting to order and Mrs. M. T. Crabtree led the group in repeating the Lord's Prayer.

Secretary Mrs. Sloan Baker read the minutes of the previous meeting and roll call was answered with a household hint. This formed the program for the afternoon, being one of the most beneficial and interesting programs of the year. Each hint will be published at a future date in the Timely Hints and Recipes column.

The next meeting of the club will be on September 6 at the home of Mrs. Lonnie Hahn with Mrs. G. A. Anderson as program leader.

A delicious ice course was served to Mesdames Van Allen Kent of Fort Worth and Miss Jo Ella Stewart, guests, and Mesdames C. D. McDowell, M. T. Crabtree, Ed Speed, John Clarke, W. D. Van Eaton, Sloan Baker, A. H. Baker, Lonnie Hahn, O. L. Fink, and Lester Schull, members.

# Registration Of Clarendon High School Students Begins Today

## OPENING EXERCISES FOR SCHOOLS WILL BE HELD TUESDAY

### DRENNAN URGES HIGH SCHOOL STUDENTS TO REGISTER EARLY.

Opening exercises for Clarendon Junior College and Clarendon Senior High School will be held in the college auditorium Tuesday afternoon, September 3, at 3 o'clock, according to R. E. Drennan, principal of the high school and dean of the college. The program has been arranged, and is as follows:

- Song, assembly.
- Invocation, Rev. Robert S. McKee.
- Address, Rev. J. Perry King.
- Welcome from school board, Vice President O. C. Watson.
- Announcements, Superintendent H. T. Burton.
- Song, assembly.
- Benediction, Rev. Robert S. McKee.

Trustees and patrons of the schools are invited to attend these exercises, Mr. Drennan state.

"As was announced in the papers last week, we will enroll the seniors Thursday morning, August 29, at 9 o'clock," Mr. Drennan said. "Thursday afternoon at 1:30 o'clock we will enroll the juniors and Friday morning at 9 o'clock we will enroll the sophomores. This is absolutely necessary because there will be nearly 100 rural high school students who will come in on the buses Monday, September 2, and we are resolving that day for them. We are asking the high school students in town not to come Monday for registration as we will have all we can do to register the rural high school students.

"There will be no registration of college students this week. The registration of college students will begin Monday morning, September 2, at 9 o'clock.

"Students of the South Ward and Junior High Schools will enroll Monday morning, September 2, at 9 o'clock," Drennan said.

### OFF TO COLLEGE SEASON AT HAND

With the approach of September, the back to school month, thoughts of the local younger generation are turning toward college days.

Vacation has already become a pleasant memory with the approach of college days. Students will renew acquaintances and the freshmen will find their childhood dreams of college days come true.

Clarendon boys and girls, although largely represented in Texas colleges, have also chosen other Southern and Western states in which to attend college.

Misses Berkeley Ryan and Joy McCanne have again chosen Sophie Newcomb College at New Orleans for their Alma Mater, and Miss Maude Estelle will attend Our Lady of Victory at Fort Worth, while Miss Clarlene Ailensworth will attend Texas Wesleyan College at Fort Worth and

### Dean R. E. Drennan Predicts Progress for Local Schools

R. E. Drennan, dean of the Clarendon Junior College and principal of the Clarendon High School, in an interview this week spoke enthusiastically of outstanding opportunities for one of the best school years in the history of the system. Plans for improving both Clarendon High School and Clarendon Junior College were readily discussed by Dean Drennan and plans, through extra-curriculum activities, are being formulated to heighten school spirit.

Dean Drennan is quoted in the discourse as follows: "Indications are that this year will be a milestone in the history of Clarendon schools. Extra-curriculum activities are being carefully planned to preserve and heighten school spirit. Especially are we interested in developing more of a college spirit.

"Probably the greatest need of the college lies in enrollment. With the new bus lines transporting large numbers into the college and high school, however, I see a solution to that problem. I can quote a Lelia Lake resident

will receive her degree. Texas University will enroll George Chamberlain, J. R. Bartlett, Chas. Walker, J. R. Cox, Truman Fowlkes, Jack Draffen, and Bill Walker. Chas. Walker left Tuesday for Austin. J. R. Cox will leave next week, and others to enroll will leave near September 15.

Alfred McMurtry will leave September 4 for his second year at Kansas State at Manhattan, Kansas.

Texas Technological College, always a favorite with Clarendon students, will be attended this year by Miss LaVerne Lott and John R. Ragland.

George McClesky, who attended North Texas State Teachers College at Denton this summer will enroll again this fall.

Miss Josephine Browler will attend T. C. U. at Fort Worth.

as remarking that he had discarded the idea of sending his daughter away to college and since the establishment of the bus route intended to send her to Clarendon College. Since the buses will transport rural students, cooperation will be needed between the rural and town students as well at the town and rural communities.

"As recommended by the state, three new courses have been added to the college. Physical education in Clarendon College will hereafter become a requirement for certificate. J. L. Kerby, coach of athletics, will be in charge. Two lecture periods each week, together with two laboratory periods during which the students will supervise physical education in the ward building, will be included in the course.

"Other courses added to the curriculum this year are general science and curriculum building in the education department.

"It is our hope, providing remodeling work can be done of the girl's dormitory, that many years will not pass before we follow the trend throughout the state and separate the college from the high school in another building," Drennan said.

Mr. and Mrs. R. E. Beach had as guests Sunday Mr. and Mrs. Jesse Beach and children of Hedley also Mr. and Mrs. K. C. Reed and family.

Mr. and Mrs. Tom Murphy and daughter, Alma Louise, returned to Clarendon Saturday after a vacation in New Mexico.

### FORMER TEACHER LAUDS SCHOOLS

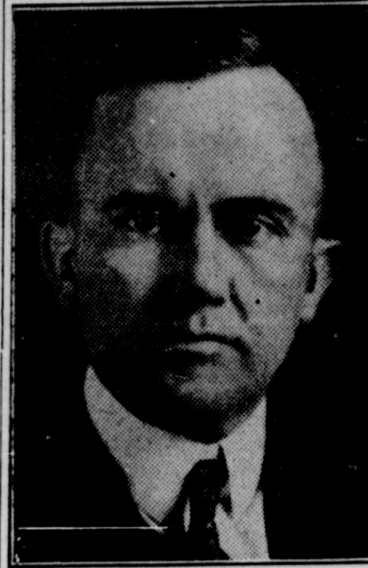

#### E. L. WICKLINE RETURNS TO FIND FEW CHANGES IN STABLE CITY.

E. L. Wickline, of Stephenville, principal of the Clarendon High School eight years ago, stated this week in an interview that "Clarendon has the appearance of a stable little city, holding itself together much better than I expected during the depression. Very few buildings are vacant and drastic changes in the past eight years are not discernible, except for street improvements.

"I have seen and visited many of my students, namely, Miss Nadine Haile, Mrs. Joe Bownds, Alfred Estlack, Marvin Warren, Kenneth Kerbow, and J. P. P. Rhode. It seems almost impossible that so many of the girls and boys that attended Clarendon High School when I was here have disappeared from Clarendon and even the vicinity of Clarendon. Of the faculty members of the Clarendon High when I taught here, only Miss Temple Harris remains.

"I am glad for the people of Clarendon and Donley County that the school system in this city is such as it is. Having formerly been state supervisor of schools, I speak as one well informed when I say that Clarendon has every reason in the world for having the most efficient little city school in the state, due to the equipment, the new bus routes, the buildings, and the faculty. Clarendon has the best opportunity for education of any town I know."

### Degrees Conferred on Two From Clarendon

Two Clarendon people and one former resident of this city received Bachelor of Arts degrees Friday morning at 10 o'clock at the summer graduation exercises at West Texas State Teachers College at Canyon. Dr. Myers of the W. T. S. T. C. faculty delivered the address.

Mrs. Knox Dunlap, nee Pauline Shelton, and Frank White, Jr., were conferred degrees, together with Miss Anna Lou Richard, daughter of Mrs. Jim Richard of Pringle, Texas, and formerly of this city.

Mr. and Mrs. E. P. Shelton and daughter, Edith, attended the commencement exercises.

Reverend Wm. Baker of Waxahatchie arrived Monday evening for a visit in the home of his son, Sloan Baker.

### IMPROVEMENTS IN C. H. S. BUILDING

LIBRARY MOVED AND RE-MODELED; NEW STUDY HALL EQUIPPED.

Officials of the Clarendon High School and Clarendon Junior College stated this week that many improvements have been made in the building prior to the opening date of school, the most outstanding being the change of library.

Upon recommendation of the state supervisor, the college and high school library was moved this summer from its location in the basement to the southeast room on the first floor. The text book and stack room was moved to the former location of the library and the text book room joins with the southeast room in making the library. The change was made due to the fact that the basement library rendered inadequate reading room and poor lighting facilities. Many new books have been added to the library, already the most complete of any public school library due to the fact that it was retained after the old college had been moved.

A new study hall has been equipped to accommodate the enrollment which will be greatly increased by the bus routes from rural schools. The northeast corner room first floor has been reserved for this purpose.

A class room has been equipped in the southwest corner basement room formerly occupied by the Palo Duro Literary Society, and new steps have been made for the south entrance.

No changes have been made in the chemistry and biology departments except replenishing of the store of chemicals. One of the large gas furnaces formerly used in the lower hall has been moved to the new study hall, and the shower and dressing room for boys has been moved to the basement in the northwest wing of the girls dormitory.

For the past three weeks, several men have been employed to clean the building thoroughly and refinish the blackboards.

Mrs. Bert Boomer of Groom spent Saturday in the home of her parents, Mr. and Mrs. Walter Taylor.

### Looks and Charm

SYDNA EDWARDS MOST BEAUTIFUL

CHARLOTTE LANE MOST POPULAR

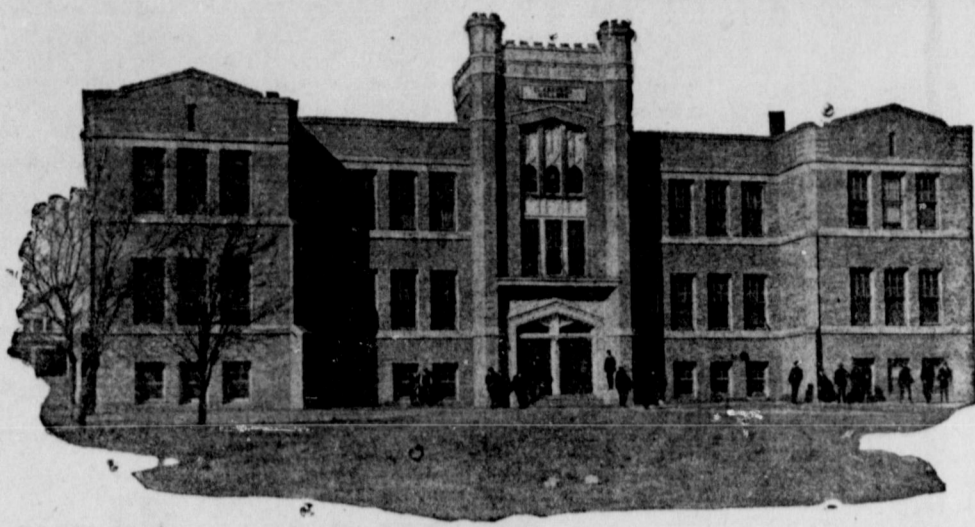

Titles of Most Beautiful and Most Popular were recently given Misses Sydna Edwards, Knox City, and Charlotte Lane, Houston, by more than 500 student voters at Texas State College for Women (CIA). Miss Edwards was chosen in 1934 as a yearbook beauty by Ted Shawn and his dancers, and Miss Lane was yell leader of the college in 1934. This contest was sponsored by The Lass-O, student publication.

### ON TEXAS FARMS

By Minnie Fisher Cunningham, Extension Service Editor

Hansford County has gone in for concrete subirrigation tile in a big way this spring. Through an agreement with relief agencies labor has been furnished from the relief rolls for making and installing the tile while the farmers have furnished the cement and sand and have agreed to pay one-fourth of the produce from the subirrigated garden for the year '35. In this way 30,000 feet of tile have been put down.

## JUNIOR COLLEGE AND HIGH SCHOOL

### CLARENDON JUNIOR HIGH SCHOOL

### OUTLOOK GOOD FOR LELIA LAKE SCHOOL

B. F. KIRK IS SUPERINTENDENT; INCREASE IN ENROLLMENT PREDICTED.

With prospects for a substantial increase in enrollment, Lelia Lake school will open Monday with B. F. Kirk as superintendent. Buses from Midway, Windy Valley, and Hudgins will transport students causing a large increase in the enrollment.

Many improvements have been made during the summer on the building, and home economics has been added this year for the first time in the history of the Lelia Lake schools.

High school teachers include Raymond Wilson, principal, teacher of history and coach of athletics; Mrs. John Abe Westmoreland, Spanish and mathematics; and Mrs. McGinnis, English. Mrs. McGinnis is a new member of the faculty, moving to Lelia from Amarillo. She was formerly employed at the Kelton High School, Kelton, Texas, and is a graduate of W. T. S. T. C. at Canyon.

### Clarendon Boy Gets Degree At S. M. U.

Lewis Andrews Reavis, Jr., son of Mr. and Mrs. L. A. Reavis of Clarendon, received the degree of Bachelor of Divinity from Southern Methodist University at the summer commencement exercises held last week at the University. The graduating class numbered 124, the largest number of summer graduates in the history of the institution.

### Broncho Range To Again Be In News

The Broncho Range, edited and written by students of Clarendon public schools and college, will appear each week in the Clarendon News after the opening of school as has heretofore been the custom since the school page was started several years ago.

Miss Ineva Headrick, head of the English department in the Clarendon Junior College, will again sponsor the page and Arthur Chase, editor last year, will again edit the sheet.

The entire page is devoted to school activities, thereby giving patrons and parents news of all school activities.

For the past year, young Powell had been employed near Santa Fe as bookkeeper in a CCC Camp. The car in which the three were returning from Santa Fe to the camp belonged to and was driven by the Lieutenant of the camp.

The deceased was born in November, 1913, in this city. He spent his childhood and youth in Canyon and Amarillo, moving with his mother three years ago to Clarendon, where he attended Clarendon Junior College, later attending Texas Technological College at Lubbock.

Young Powell took an active part in extra-curriculum activities at the Clarendon College and was a DeMolay.

Pallbearers in Amarillo were Robert Mims, W. Wade Herrin, Robert McNeel, Otho Henville, Rodney Shaw, and Merle Nutting. All members of the Amarillo High School graduating class of 1931 were honorary pallbearers. The body was brought overland to Clarendon and lay in state at the residence of C. C. Powell from 11 o'clock until 11:30 o'clock a. m. when interment was made beside the youth's father.

Pallbearers in this city were Hallis Leathers, Alfred McMurtry, Brum Halle, Alex Cooke, Kenneth Brown and Johnny Blocker. Jeanne Bouland, Jo Ella Stewart,

**Great Opportunity Offered In Texas Counties and Towns Under W P A**

By E. A. BAUGH  
Project Director, WPA

San Antonio.—Possibly the greatest opportunity that Texas counties and towns have ever enjoyed for the development of their public facilities is offered today by Works Progress Administration.

That hardly a city or county in the state is not in need of some type of public improvement is a statement which cannot well be

denied. Works Progress Administration is prepared to provide funds for the employment of labor on scores of different types of projects. Equipped to handle thousands of project proposals promptly, the state and district WPA offices are at the service of every section of the state.

It is upon their own speed in submitting proposals and upon the care of design and planning exercised by Texas sponsors that each section of the state must depend for its participation in the benefit of WPA. Unfortunately, many sponsors failed to plan carefully the early projects which were submitted to the state WPA office, consequently impeding their own progress and that of the entire program. It is hoped and believed that this type of delay will be avoided in the future.

With the Texas relief load composed largely of unskilled and semi-skilled laborers, projects offering work for this type of employee will find much favor. Road work, for example, is most easily adaptable to our available supply of man power.

Replacement of rickety, worn-out culverts, erosion work on roadways, removing of sharp, blind curves, establishment of roadside parking places on scenic drives, and building of rock retaining walls on hill country roads may be considered as typical road projects which will be welcomed by our examiners.

Possibly the best example of careful planning which has been presented for consideration is a Fort Worth school ground project which, although remaining well within the \$600.00 per man-year expenditure restriction, anticipates a cost of a million and a quarter dollars. Replacement of gravel grounds and well sodded planted campuses and playgrounds is contemplated. Installation of side walks, retaining walls, drinking fountains, outdoor theatre, seating arrangements for spectators, and fencing on 21 school grounds in that city reflect the result of intelligent planning.

School houses in many smaller Texas towns are sadly in need of side walks, especially in rainy weather. Numerous proposals for side walks, gutters and curbs are expected from small towns.

Although our \$600.00 per man-year expenditure restriction prohibits the construction of large buildings, WPA can do much improvement and modernization work on public buildings. County recreational projects, roadside parks, and similar projects may also be undertaken.

Sewer plant and water supply works, both needed in many small

Texas communities, are expected to form a considerable item in our list of project approvals.

Often a neglected, stagnant pool or creek can be transformed into a parkway encircled by a smooth, pleasant drive with a small amount of labor. Civic-minded persons should study the potentialities of their own com-

munities for projects such as this. Swimming pools and wading pools for children certainly can be assets to any town.

Useful surveys and research work providing jobs for white collar workers are acceptable but sponsors must offer management and supervision in order to secure state approval. Women's

work, under the direction of Mrs. M. K. Taylor, will encompass such enterprises as sewing rooms, libraries, home hygiene, visiting housekeepers, and certain types of white collar work.

Miss Leila Brown was in Amarillo Tuesday and Wednesday on business.

**Manhattan SHIRTS**  
KNOWN AS THE BEST — THE BEST KNOWN

Here is good news for the wearers of Dress Shirts, the sensible Manhattan collar attached shirt for men who want style but prefer not to suffer for it. The new Mannattanz collar is laundred without starch. It looks like a stiff collar and has its smart neat appearance at all times, but it is actually a soft collar with all the comfort and ease that a soft collar provides. Manhattan Shirts are made of fine, simple designed pique and lightweight body cloth.
