HIGHWAY 5 DEDICATED; PIONEERS HONORED AT CELEBRATION HERE

Williams Cells
By Fred L. Williams

Round-Up a Success—
Clarendon paid tribute to the pioneers of the Panhandle of Texas at the Pioneer Round-Up and Centennial Celebration here Saturday, July 4. One of the most elaborate events of its kind ever to be staged in this city, the Fourth of July celebration this year attracted old-timers from all sections of the Panhandle. Two hundred and fifty-one registered at the News office Saturday morning, all of whom have been residents of the Panhandle for 40 years or longer.

Large Crowd Attends—
Several thousand people crowded the downtown streets from early in the morning until after midnight that night. They saw the very interesting parade, the displays of curios and relics on display in the show windows, heard the musical programs, the fine talks by Sam Braswell and others on the Highway 5 dedication program, visited the museum, saw the ball games and bicycle races, heard the Old Fiddlers' contest, took in the street dance, and enjoyed the Round-Up dinner at the First Christian Church.

Everybody Pleased—
Merchants and business men were highly pleased with the crowd and the interest shown in the event. And, what they all considered most important, the old-timers and the crowd as a whole seemed to enjoy the occasion to the utmost.

Old-Timers Interesting—
It is interesting to watch a group of old-timers like that when they get together. They seem to greatly enjoy swapping stories about the early days. They would gang up in the office here while they were registering, and many interesting and stirring tales were heard recounted.

Distinguished Visitor—
Congressman Marvin Jones was a visitor in Clarendon Tuesday, and this department was the honored recipient of a visit from this distinguished statesman. Jones is just about "aces" in this part of Texas. He has done the Panhandle more real good in Washington than any one man in recent years. And the residents of this section will show their appreciation when they go to the polls this year. He will be re-elected by an overwhelming majority.

And That's NEWS—
Clarendon merchants have long bemoaned the fact that many people in its trade territory go to Amarillo to do a lot of their shopping. That, of course, is a common complaint in many smaller towns over the country.

Mrs. Jack Pittman of Amarillo and Mrs. Bess Thompson of Goodnight dropped into The News office last Friday. Mrs. Pittman remarked that she had come down from Amarillo to (of all things!) do a little shopping! Said she needed a new dress or something and had come down here to buy it.

FOURTH OF JULY CELEBRATION HERE IS GALA AFFAIR

THOUSANDS ATTEND PIONEER ROUND-UP AND CENTENNIAL FETE.

By T. E. JOHNSON
(In The Amarillo News)
Citizens of the East Panhandle gathered here Saturday in the biggest Fourth of July celebration in the city's history on a two-fold mission—to honor the pioneer men and women of the Panhandle and to officially celebrate the opening of Highway No. 5, now an all-weather road from the Gulf to the Texas border at Texline.

Twenty years ago a group of highway enthusiasts met in a cafe operated by Odos Caraway to launch a campaign for the paving of No. 5. Saturday, this same group, flanked by thousands of visitors from all counties and communities in the Panhandle, participated in a dedication program of the opening of the road.

Address By Braswell
Sam Braswell, former editor of The Clarendon News and moving force in the 20-year campaign for the paving of the road, came from Paducah, where he is now residing, to make the dedicatory address. A crowd of several thousand persons, gathered on the main street, heard him review the arduous and lengthy fight for the improvement of No. 5 and to pay tribute to the people of Clarendon and the Panhandle who have assisted in the project which has resulted in the paving of 60 miles of road from the Potter County line to Memphis. It is the most outstanding highway construction program in Texas in years and gives Texas and the Gulf Coast States a paved route, through Clarendon and Amarillo, to the playground regions of the Rocky Mountains.

Lauds Highway Officials
Mr. Braswell was highly laudatory of the Texas highway commission and county officials of Donley and Armstrong counties in the work they have done.

FARM LIFE IMPROVING

It would be desirable if the progress into town could be arrested in Texas and, at the same time, the conveniences and advantages of city life received by those outside. This is what is now within the reach of thousands of farm homes, and those who live in such places have no earthly motive for leaving a pleasant, spacious home and transferring to a narrow, crowded city area.

The automobile and good roads have placed a resident ten miles from "town" closer to Main Street than the outlying citizens of that same town were fifteen years ago, in point of time. Daily deliveries bring mail, and, if conditions warrant, it won't be long before two deliveries daily will bring the rural dweller even with the city lodger. The telephone, the radio, the individual ice manufacturer, the approaching electrification of our country—all these things make available modern comforts on the farm along any improved highway.

One of the greatest discomforts of rural life has been its comparative isolation, where the farmer's family lived apart, without near neighbors or desirable companionship. Farm homes congregating along a much-travelled highway are no longer isolated and solitary. Already, the difference between "town" and "country" has disappeared. The farmer's children attend school in town, form a part of the younger social set, and the family rides five or ten miles to church and Sunday School.

Life on the farm is rapidly changing for the better. Such change means a revived agriculture, which will hold rather than lose its young folk in the years to come. There will be a disappearance of all "dark corners" and life in town and country will approach a closer level. Both will have its own individual characteristics and benefits, but the farmer and his family will not have to forfeit any of the pleasures and comforts of civilization to stay on the farm.

Such a tremendous alteration takes place slowly, but the signs are unmistakable.

You may be able to make a fool out of a man if you talk to him about geography and physics but once let him drift into the realm of finance, taxation, spiritualism, etc., he knows a lot.

What we find hard to understand is why, in spite of our repeated, and emphasized statements to the contrary there are people in the county who expect us to publish articles to which they have not signed their names.

TINY MAXWELL is a sporting writer in Philadelphia. He is called "Tiny" because he is about the size of a two-ton tractor. One afternoon he was officiating at a match between Georgetown, which, as

everybody knows, is a Catholic institution, and a team representing a Southern university. In an interval one of the Southern players limped up to Maxwell.

"Mr. Referee," he said, "I want to make a protest. There's one of those Georgetown men that seems to have a private grudge against me. Every time we two get in a scrimmage together he bites me. Yes sir, he just hauls off and bites me. I don't want to start any rough house stuff, but I'm getting good and tired of having that big Irishman biting me. What had I better do?"

"I should advise," said Tiny, "that you play him only on Fridays."

NOBODY'S BUSINESS
BY JULIAN CAPERS JR.

Austin—Of large interest to every section of Texas this week was the outcome of the campaign now being waged by the Texas congressional delegation—which is up for re-election July 25—to have Texas' share of \$413,000,000 of new federal relief money—ear-marked for highways routed to the state highway commission thru the U. S. bureau of public roads. The Texas delegation voted unanimously for the new Hayden - Cartwright act, which authorized regular federal aid to the tune of \$200,000,000 per year for 1937 to 1939, and stipulated \$75,000,000 was to be devoted, \$25,000,000 to farm-to-market roads and \$50,000,000 to grade crossing elimination.

Since the president has sole authority to choose the federal agencies thru which his 1936-37 relief money shall be spent, senators and congressmen from most states have joined the Texans in urging Mr. Roosevelt to select the bureau of public roads and the state highway commissions, which got excellent results in 1935-36, with the \$40,000,000 relief funds allocated to them. It is simply a question of established and experienced road building agencies continuing to merit the same confidence at the hands of the president that they recently received by an almost unanimous vote of the senate and the house. As a result of spending nearly \$24,000,000 of relief road money last year, the Texas highway department is organized with manpower and equipped with experience to continue relief expenditures on short notice in a manner that has won the indorsement of nearly all good roads supporters.

MARTIN TO GO?

Insiders here have predicted for months that D. K. Martin of San Antonio, highway commissioner, whose term expires in February, would not be reappointed, but would be replaced by a commissioner of Gov. Allred's selection. Apparent confirmation of this report was seen this week in Gov. Allred's statement during his Corpus Christi campaign speech, when he pledged his cooperation to the long-deferred Kennedy-Co. highway project, that he was responsible only for the appointment of Chairman Harry Hines. Friends of the governor gave little heed to the efforts of one metropolitan newspaper which immediately professed to see in this statement an indication of political interference by the governor with the highway commission. They pointed again to the repeated unequivocal declarations by Allred that he would never seek to embroil the highway department in politics, but declared the governor obviously

would not be expected to fill vacancies on the commission with persons not of his own selection.

SENTIMENT TEST

Candidates—state and local—were watching eagerly this week the trend of absentee balloting, which began Monday, to see if they could get a line on whether the apathy which has caused political speakings to be an almost total flop in most sections this year, will extend to the voting. Voters who will be away from home on July 25, were privileged to cast absentee ballots beginning last Monday. If the absentee voting is heavy, the candidates figure the July 25 balloting will likewise be substantial. If the vote is light, the "in's" are figured by the experts to have an advantage.

INTENSIVE DRIVES

Swinging into the final two weeks of campaigning, candidates for major state offices this week were hitting top speed in the quest for votes. Gov. Allred heads the list, with 27 speaking engagements booked for the week, in nearly every important section of the state. Allred, his friends say, campaigns at his best under high pressure, and he is taking this campaign as seriously as some of his previous ones, in which he had close races. In many sections, supporters have sent word to the governor that he does not need to speak in their respective areas, but Allred in his effort to avoid a run-off, will take his campaign into every corner of the state before election day.

SHEPPARD TAKES FIELD

Morris Sheppard, the veteran senior Texas senator, whose loyalty to the dry cause has won him many friends and supporters among wets for his consistency, and who has had no serious opposition in years, is likewise overlooking no bets. He opened his campaign before a large and friendly crowd at Corsicana, and tied his campaign in very definitely with the New Deal, praising President Roosevelt's policies and recounting his own support of them. The senator will take his campaign into other sections with several addresses before election day. Rep. Joe Eagle of Houston, his chief opponent, is making an active drive, citing his support of repeal and bonus legislation as his leading assets. Austin observers of this race, pointing to the overwhelming New Deal sentiment in Texas, and Sen. Sheppard's loyal personal following, are predicting no run-off in this race.

In appreciation for the services rendered by Congressman Marvin Jones, who has continuously stood at his post of duty until the recent adjournment of Congress, and in gratitude for his distinguished efforts in behalf of all the people, we urge that he be given an overwhelming vote of confidence in the July Primary.

As Chairman of the Agricultural Committee of Congress he has supported:

FOR THE CATTLEMAN

Drought Relief: A fair price for cattle. Cattle Loans. Lower Freight Rates in Drought Area.

FOR THE FARMER

Conservation of Soil: Equal opportunities for the farmers. Allotment Payments to Farmers Cooperating in Program. Lowering Interest rates on Farm Mortgages. Crop Loans.

FOR THE HOME OWNER

Home Owners' Loan Corporation to refinance mortgaged homes. Lower rates of interest on homes. Prevention of Unjust Foreclosure of Mortgages.

FOR SOCIAL SECURITY

Stimulating employment and public building. Funds for Highway Construction. Direct Relief for aged and infirmed. Old age security.

Congressman Jones has favored the building of roads, veterans' legislation, rural electrification, taking the profits out of war, and other forward-looking legislation. His record in Congress is a record of service to his district and the nation as a whole.

Through allotment payments alone there has been returned to the farmers of his District \$776,654.56 and to the farmers of Donley County \$23,566,777.98.

Let us strengthen the influence of Marvin Jones for future service in Congress by an expression of complete confidence in him to the end that the progress thus far made in pulling out of the depression will not be interrupted, but continued.

PROTECT THE FUTURE OF TEXAS' SCHOOL CHILDREN!

THE men who founded Texas made wise provision for the education of Texas children by dedicating large tracts of public lands to free Public Schools.

These lands had but little value and brought but little income until discovery of oil and gas made them extremely valuable.

School funds receive the income. The Common School Permanent Fund now is \$6,466,703.71 and that of the University of Texas and Texas A. & M. College is now \$18,490,411.71. This is chiefly due to oil and gas leases and royalties.

This income varies directly with the price of oil. When the East Texas oil field was wastefully "wide open," oil dropped to 10 and 15 cents a barrel.

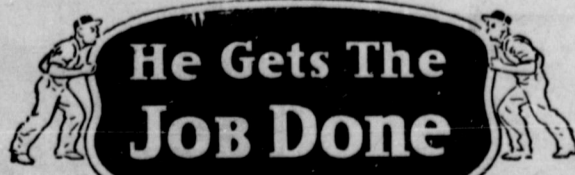

The income of the Permanent School Funds during the year September 1, 1932, to August 31, 1933, totaled \$1,569,266.22.

Then the Railroad Commission of Texas, under the able leadership of Ernest O. Thompson, chairman, enforced the present legislative policy of conservation.

Immediately, the price of oil went to \$1.00 a barrel.

In the year September 1, 1934, to August 31, 1935, the income of the two Permanent School Funds rose to \$3,797,562.27. This was a clear dividend to the school children of Texas of \$2,228,296.05 per year over the chaotic period of wasteful oil production.

SAFEGUARD THE FUTURE OF YOUR CHILDREN! VOTE TO RE-ELECT ERNEST O. THOMPSON RAILROAD COMMISSIONER!

Warden Lawes Crime Prevention Exhibit at Centennial Is Authentic Study of Crime Causes and Remedy

Warden Lawes of Sing Sing Prison and his associates of the Crime Prevention Exposition at the Texas Centennial, Dallas, in cooperation with police officials and prison authorities of the country, show in the most graphic way four phases of crime—cause, prevention, detection and finally the inevitable punishment. Warden Lawes in consenting to direct the exposition feels that the more interesting and more effective he can make the methods used by police authorities to apprehend and punish criminals the quicker will it be realized that crime does not and cannot pay. To illustrate these methods there is an array of prison and crime

exhibits never before publicly displayed. The result is a remarkable Crime Prevention Exposition that should be seen to be appreciated.

Millions of the country have read Warden Lawes' books and have heard him on the air. Now here is the ultimate in Warden Lawes' campaign to reduce crime. The exhibit occupies one of the largest spaces on the Midway.

The front, with its lobby of crime material, stretching across 80 feet, is a unique prologue to the exhibition continually going on. Inside the spacious hall, before beginning the dramatization of a man who later is actually

executed, the visitors are taken in company with competent lecturers to each and every exhibit, including the famous Capone car, the displays from famous prisons of the country, including Sing Sing and Joliet, and other interesting things such as a complete scientific crime prevention demonstration, illustrating the methods used at police headquarters when a hold-up has occurred.

The execution of a condemned man, exactly as it is carried out in reality at Sing Sing Prison, which Warden Lawes heads, and in other prisons of the country, is a unique drama, enacted by a

At The First Methodist Church

Services at 10:50 A. M. and 8:15 P. M.

The Revival under the auspices of the First Methodist Church scheduled to open last Sunday has gotten off to a good start under the leadership of the Rev. Ray N. Johnson of San Antonio, who has preached to large congregations each service, and is coming to be known in the community as the dynamic Gospel preacher. No member of the audience has any spare time to nap if he follows Rev. Johnson in the very rapid delivery of his message. Tony Dyees arrived Monday and has been inspiring the people with his unusual bass solos and his leadership of the congregational singing.

The services are being held at 8:30 each evening, and 8:30 each morning. Friday night will be observed as "Loyalty Night" at which time an effort is being made to have as nearly every member of the church present. Members of other congregations in the community, together with many visitors from out of town, and many people who belong to no church at all, are attending the services.

Next Monday night is announced as "Sunday School Night". It is hoped that every Sunday School Class in the city will be well represented in this service.

The services are being held each evening at the open air tabernacle, and each morning at the Church. When weather conditions are unfavorable the night services are held in the church. Everybody is cordially invited to share with the Methodist Church the blessings of these services.

E. D. Landreth, pastor. Pity him who wants to live without friends.

MRS. FRED L. WILLIAMS, Editor

Margaret Goldston Weds Frank Frey

Miss Margaret Goldston became the bride of Mr. Frank Frey in a service read Friday evening, July 3, by Rev. J. Perry King, pastor of the First Baptist Church of Clarendon. The beautiful ring ceremony was performed at the home of the bride's parents, Mr. and Mrs. F. L. Goldston.

An improvised altar of ferns and baskets of Shasta daisies arranged in front of the mantle and flanked by lighted white tapers in silver candelabra formed the background for the marriage service.

Mrs. Rolle Brumley and Mrs. Allen Bryan provided the musical setting for the ceremony, with Mrs. Brumley singing "Ah, Sweet Mystery of Life" as the pre-nuptial solo, and Mrs. Bryan playing the Bridal Chorus from Lohengrin by Wagner as the bridal party entered.

The bride and groom were preceded in the wedding procession by little Melanie Williams as flower girl and little Shirley Brumley as ring bearer. The bride's brunet beauty was enhanced by her gown of white lace over satin. She carried a bouquet of pink rosebuds and valley lilies. The flower girl and ring bearer wore identical white colonial frocks with tiny corsages of white sweet peas.

A reception was held after the ceremony with Mrs. Wiley Carmichael presiding at the punch bowl and Mrs. Joe Goldston at the table which was laid with a Normandy lace cloth and centered with a beautifully decorated three tiered white wedding cake. The table was illuminated by the glow from white tapers in silver holders.

Immediately after the reception, Mr. and Mrs. Frey left on a wedding trip to the Centennial, after which they will be at home at 1506 Tenth Street, Wichita Falls. The bride's going-away ensemble was of brown tailored crepe with yellow accessories.

Mrs. Frey graduated from Clarendon Methodist College and later attended Texas Technological College at Lubbock and Teachers College in Greeley, Colorado. She has been teaching in the Amarillo Public School system for the past several years.

COMMISSIONER

COL. ERNEST O. THOMPSON

In making his formal announcement for re-election as a member of the Texas Railroad Commission, Col. Ernest O. Thompson feels no hesitancy in asking his "home folks" in the Panhandle to give him their unanimous support in order that he may serve them a second term on the all-important state body of which he is now chairman.

"I have served faithfully and conscientiously," states Colonel Thompson, "and I am proud of my record. I feel that it has been one of constructive service not only to my own country, the Panhandle, but to the people of the state as a whole. With the support of the fine people of the Panhandle I will be re-elected in the first primary—and I am asking the people of this section to give me their unqualified endorsement in the July primary."

Colonel Thompson's meteoric rise in state affairs is well-known to the people of the Panhandle. His administration of the state Railroad Commission has impressed the people of both the state and the nation. He has stopped the production of hot oil and the wastage of gas. He has put bootleg trucks off the highways. He has reduced freight rates on cotton and grain and on feedstuffs in the drought regions. He has reduced utility rates in hundreds of Texas cities and towns. By his constant efforts he has increased the daily market for, and sale of, Texas oil by 400,000 barrels per day, adding millions of dollars extra revenue to the state's school fund. His intensive study of oil conservation has stamped him as one of the leading authorities in America on this subject.

These are but a few specific examples of the meritorious and beneficial services rendered by Colonel Thompson. He is asking

Have received one or two compliments on my new column head. I deserve no credit for this. My fellow co-worker, B. P. Brents, fixed this up all by himself and I was greatly surprised when I saw it in the paper. All fan mail should properly be addressed to him.

Heard rather lurid complaints on putting in Memphis Sunday. Nothing, however, to be alarmed about. Clarendon's top three lost their matches to nearly even the count of Sunday week when the Memphis first four were downed here.

Now comes M. P. Gentry with tales of California grass greens. Gentry said he played motor boat golf out there. Just put-put.

Accidentally read The Tactless Texan column Tuesday of this week and the two following amusing paragraphs were noted:

"I'm doing the very best I can, but I don't see any rain in sight. In another week if something doesn't develop I'll really get to work.

"The annual 'senile' Golf Tournament is being held at the Amarillo Country Club and the deaf and the near-blind and the bald and the rheumatic and the porcelain teeth boys are having the big time of their lives. It just seems as if some people will never grow up."

I noted in a later paper that

At The First Baptist Church

THERE IS ALWAYS WORSHIP—FELLOWSHIP—SERVICE

One's relationship to God is the thing that will count in eternity. It will also count for time if we live what we profess. When our creed fails to flower into conduct it mocks us and is a stumbling block in the way of those who know not God. It is not what Christian people are that distinguishes them from the world but what they do. Salvation by grace will not distinguish anybody from the world, if their works do not justify their claim of salvation. What we do speaks louder than what we say. Character finds expression in conduct in every life. By their fruits shall ye know them, is what Christ said concerning the life that one lives. How do people know you? What is the standard by which they measure your life? Are you living the ideal that you have, and that the world has for Christianity? Be the ideal yourself, that you have for your child, for your church, for your community, for Christianity, and see and feel the power that will come upon you as a leader among men. We need doers of the word of God in the world today perhaps as never before. Let us make our lives living epistles for the good of humanity, thus glorifying Christ, ourselves, and those about

a Mr. Gene Howe lost his first match in this tournament by 3-2.

I will concede that golf has become a young man's game, but the seniors have, and always will be, the backbone of golf. They founded the clubs and keep them going, they pay the bills and, thank goodness, the braggarts and blowhards are in the minority. They are content, I think, to leave that to columnists and weather prophets.

4-H ENCAMPMENT IS HELD JULY 6-7

SIXTY-THREE CLUB MEMBERS AND TEN FARMERS ATTEND.

Sixty-three 4-H Club members and ten farmers attended the first annual club encampment held at the Rowe Ranch Monday and Tuesday, July 6 and 7, under the direction of County Agent H. M. Breedlove.

Twenty-one boys and four farmers were pledged to attend the short course at College Station, July 18-25. Expenses, route of the trip, and the short course program were discussed. The party will also visit the Centennial at Dallas on the return trip.

Chickens, ham, eggs, pickles, cakes, and doughnuts made up the bill of fare brought by the club boys in baskets, with swimming, baseball, wrestling, and music by Sam Roberts, E. F. Redding and Don Harlin, as entertainment.

Dr. B. L. Jenkins was the principal speaker of the evening. He contrasted the methods of farming today and those of his boyhood. He also pointed out the many advantages of the 4-H club boys, and urged them to make the most of their opportunities, and stay on the farm to live a "full, happy life."

County Agent H. M. Breedlove and Adjustment Assistant E. F. Redding were initiated into the Donley County Club.
