## Brice Lad Drops Dead In Baseball Game Tuesday

### Williams Tells

By Fred L. Williams

#### A Centennial Classic—

The Texas Centennial has been the inspiration for much oratory during the past few weeks, some of which has been more or less stilted, much of which has been perfunctory, and a limited amount of which has reached to classical heights. In the latter class should be placed a speech delivered recently by John Cowen, editor of the Wood County Record at Mineola. It is reproduced below as taken from the Rockdale Reporter:

"Mr. Chairman, Ladies and Gentlemen of the Convention:

"I was among the big woods of East Texas the night that Gov. Allred had a radio dialogue with Vox Populi from the Miltmore Hotel in New York City, the night of May First. I heard Vox Populi ask him the question: 'Is the Alamo a book?' And then I heard the Governor reply: 'Yes it is a book and a very beautiful and dear book written in blood—the blood of Texas Patriots that flowed from the veins of Texas Pioneers for Texas Independence.'

"And the Governor might have added that each battle-scarred and protecting stone in the Alamo's crumbling walls is a separate page in that book; each Patriot who fell there constitutes a whole chapter of that book, and all the impulses, motives and heart-throbs of that valiant little band form the plot of that historical novel—and the ultimate victory which resulted from the carnage in that 'Black Hole of Calcutta' it were when on San Jacinto's stormy plains the cry of 'Remember the Alamo' resounded, yes—this victory becomes the climax of this sacred volume.

"And when I heard our governor admit that the Alamo was a book, I reflected further into the Fine Arts and in my fancy I thought, 'If the Alamo be a treasure book, then San Jacinto becomes an oil painting; the Master Painter, whose every stroke of the brush, dipped into the courageous blood of Texas heroes, portrays a noble and hearty race of Real Men, a heritage unblemished with the passing years and blessed by proud descendants.

"But if the Alamo be a book and San Jacinto an Oil Painting, then Goliath becomes a Statue, mute and tragic, a reminder to prosperous and virtuous sons and daughters, of the valor and foresight of noble ancestors.

"Then since the Alamo becomes a book, San Jacinto a Painting, Goliath a tragic Statue, Gonzales surely must be a Treasure and the crimsoned tapestry which enshrouds the three with the tremulous pulsations of succeeding generations must be precious in their memory of heroic deeds. And each and every hamlet and humble home of those early and stirring days, so perilous, becomes an encyclopedia, a volume rare, full of the smiles and tears of yesteryears, abounding in the folklore of a fearless and intrepid ancestry.

"So here's to that illustrious book written in blood—to that gorgeous painting of long ago. Still fresh in memory—to that silent, immutable, heroic, yet stately statue—and to that tapestry so rare and so treasured. Here's to a precious history of an empire's heroic deeds and to a sacred memory of the past. 'HERE'S TO THE PIONEERS OF TEXAS!'

#### Paducah Boosters—

Clarendon citizens were loud in their praise of the splendid spirit shown by the Paducah delegation which was here Tuesday in the interest of the Cottle-King County Centennial Jubilee.

Without doubt, that was one of the finest groups of people ever to come to this city. Everybody had entered into the spirit of the thing in a whole-hearted manner, and it was quite evident that all are working untiringly for the success of the mammoth undertaking which they are sponsoring.

From the sample of entertainment which they presented here, their big celebration will no doubt be just what they claim it will be—just about the biggest thing of its sort ever to be undertaken.

## Funeral Services For Coleman Wesley Bufkin Held In Brice Wednesday.

Funeral services for Coleman Wesley Bufkin, 12, of Brice, who died of a heart attack during a baseball game with playmates at school Tuesday noon, were held at the Brice Baptist Church Wednesday afternoon at 1:30 o'clock. Rev. C. M. Bristor of Clarendon officiated. Burial was in a Lakeview cemetery.

Special music was sung by a choir led by Bill Todd as the many friends paid their final tribute to the lad whom they all loved. Flowers banked high about the casket further attested the esteem in which he was held in the community.

Pallbearers were a group of senior boys of the Brice school while boys of the junior class formed the honorary pallbearers. Young Bufkin, the son of Mr. and Mrs. B. W. Bufkin of Brice, died after he had hit a ball and run around the bases to third, where he fell. He was immediately rushed to Memphis for medical aid, but was dead before a doctor was reached.

Jack Bufkin, brother of Wesley, died of a heart attack while swimming, it was said. Besides his mother and father, the deceased is survived by two brothers and two sisters.

## TIME IS EXTENDED FOR FARM SIGN-UP

### DONLEY COUNTY FARMERS HAVE UNTIL MAY 23 TO SIGN WORK SHEETS.

Donley County farmers and landowners will have until Saturday night, May 23, to sign applications to participate in the new farm program as the result of an extension granted by the state office last week. The deadline date had formerly been set for Friday, May 15.

Although more than 900 work sheets for the new program are already in, several will be forthcoming tomorrow and Saturday, according to H. M. Breedlove, county agent, who made the announcement after receiving instruction from the state office to extend the deadline.

## COLLEGE MAY RUN BUS TO MEMPHIS

### PLANS BEING MADE TO BOOST ATTENDANCE AT JUNIOR COLLEGE.

A bus, carrying about 20 students daily from Memphis to the Clarendon Junior College will boost the enrollment well over the 100 mark if plans now under consideration by Memphis citizens and college board members materialize, according to R. E. Drennan, dean of the college.

"With the completion of the paving project now under way to Memphis, the trip may easily be made in 45 minutes," Drennan said. "This will enable students of that city to attend college while living at home, thus minimizing expense."

Drennan pointed out that students may obtain the same work in the local college as is offered by the majority of universities the first two years.

## Finds Big Change In Old Home Place

One lone tree was all that was recognizable to Mrs. Sam Ragsdale when she visited her birthplace near here Monday after an absence of 33 years. Mrs. Ragsdale was born northeast of Hedley on what is now the Tom Younce place and was the daughter of Mr. and Mrs. Milt Handlin.

Mrs. Ragsdale said she longed to see the old place and so stopped off here with her children, Caroline and Sammy, on her way to her home in Alamosa, Colorado, after completing travels in Arkansas, Oklahoma, and Missouri.

## Texas Beauty

This is Georgia Carroll, 17-year-old Dallas high school girl, who won second place in the contest to select the Texas Centennial Exposition's 'Blue-bonnet Girl.' She will have an important part in the June 6 ceremonies, when President Roosevelt visits Dallas to open the big World's Fair.

## FIVE INJURED IN HEAD-ON COLLISION ON HIGHWAY 66

### JERICHO GIRL IN CRITICAL CONDITION; TRUCK DRIVER JAILED.

Five persons were seriously injured, two of them critically, and another was charged with driving a truck while intoxicated, following a head-on collision on Highway 66 east of Groom Friday afternoon.

Most critically injured were Mary Lee Henry, 7, daughter of Mr. and Mrs. J. S. Henry of Jericho, who suffered severe lacerations, a crushed face, fracture of the skull, fracture of the left arm, shock, and internal injuries, and Jimmie Henry, 5, who received a skull fracture and lacerations.

Mr. and Mrs. Henry and another child, Neal, 3, were also severely injured. Mrs. Henry's skull was fractured, her right arm mutilated, and her body badly bruised. Mr. Henry's right arm was badly mangled, and he was cut and bruised. The small boy received only head wounds.

D. L. Wood of Tulsa, Oklahoma, driver of the truck and employe of a supply company, was placed in jail on charges of driving while intoxicated.

Reports from a Pampa hospital last night where the injured were taken following the accident, gave their conditions as favorable.

## Connally Director Of Grain Dealers

Tom F. Connally, local grain dealer, was elected to the board of directors of the Panhandle Grain Dealers Association at the annual convention in Amarillo last week. Ben Smith of Plainview was elected president, and H. C. Adams vice-president. Other directors include Henry Edwards, Floydada, Warren Howard, Amarillo, J. A. Pittman, Hereford, and E. C. Schuman, White Deer.

H. M. Bainer, general agricultural agent for the Santa Fe Railroad, said there is a possibility for the Texas Panhandle to make 10 million bushels of wheat this year, provided there is normal moisture.

## 1.25-Inch Rain Falls Wednesday

Accompanied by the worst electrical storm of the year, 1.25 of an inch of rain fell early last night to raise the total precipitation for the week to over 1 1/2 inches.

Clouds started gathering in the west at sunset Wednesday evening, and the heavy downpour came about 8:30. Sunday's shower, which was measured at .30 of an inch, fell about 5 o'clock.

Some farmers in this section said the rains were a hindrance rather than a help as the ground was packed over the newly planted cotton seed.

Mrs. W. H. Patrick was a guest at the luncheon given by the Federated Clubs of Amarillo Tuesday in the crystal ballroom of the Herring Hotel.

## LOCAL SCHOOLS TO BENEFIT BY ACT OF STATE BOARD

### STATE SCHOOL AID APPORTIONMENT IS INCREASED \$1.00 PER SCHOLASTIC.

Clarendon school coffers will be enriched by about \$800 as a result of the voting of the state board of education Saturday to increase by \$1.00 the current state school aid apportionment of \$17.50 per scholastic.

A committee from the state teachers' association pleaded with the board to add \$2.50 per capita for the approximate 1,575,000 school children which would have added nearly \$4,000,000 to the allotment for the fiscal year. Spokesmen for property tax payers asked that there be no change.

The representatives of the teachers' association contended that schools were badly in need of funds to complete their terms. The per capita of \$18.50 will be the highest in the state's history.

The vote to boost the apportionment approximately \$1,575,000 was 5 to 2. Five of the board members had objected to raising it to \$20 per capita and four had opposed an increase of \$19.

The state comptroller's department had estimated that the surplus at the end of the fiscal year under the \$17.50 allotment would be more than \$3,000,000. The majority of the board members took the position, however, that there was no certainty of such a large surplus.

William McCraw, attorney general, had ruled earlier in the day that the board was empowered to boost the allotment. There remained a possibility that the question would be tested in the courts.

## HANDICAPTOURNEY TO BE HELD HERE

### HILLCROFT CLUB SPONSORS 54-HOLE MEDAL HANDICAP, MAY 24-31.

A 54-hole medal handicap tournament will be held at the Hill Croft Golf Club beginning Sunday, May 24, and continuing throughout Sunday, May 31. It was decided at a meeting of the directors of the club Tuesday afternoon.

The tourney was chosen because it gives every participant an equal chance for the prizes, it was said. Rounds may be played at any time during the week with the deadline set for Sunday afternoon, May 31.

## Local Gun Club To Hold Tournament

Plans for a shooting tournament to be held Friday night, May 22, by the Clarendon Rifle and Pistol Club, have been completed, and the qualifying shoot was held Tuesday night.

Total scores in the qualifying shoot, rifle at 50 feet and pistol at 25 and 50 feet, were as follows:

Dr. A. W. Hicks, 78; H. M. Breedlove, 180; Marion Quisenberry, 146; Keith Stegall, 172; J. P. Rhode, 140; Guy Pierce, 154; Wiley Carmichael, 167; Dr. C. G. Stricklin, 132; Lloyd Johnson, 155; J. M. Hill, 152; Dr. H. F. Harter, 187; Frank White, Jr., 143; Phillips Gentry, Jr., 162.

The tournament will be held at the club shooting range in the old Denver Hotel, according to Keith Stegall, secretary.

## The Battle Rages!

Publicity is the spirit of competition, or so it seems with two Rhode Island Red Hens, who, evidently, are ardent readers of The Clarendon News.

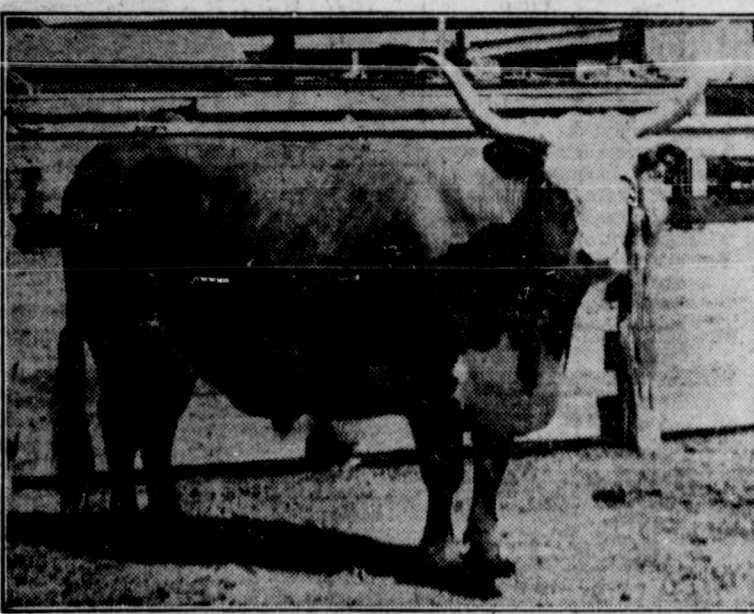

After a two-week absence from the News columns, the Red belonging to Maggie Davis, and the Red who has been cackling with mirth over the efforts of the Lloyd Johnson fowl, came forward this week with a new effort. This time the product is what might be termed a "Siamese" egg, or two miniature eggs joined together.

The Siamese egg weighed 106 grains, or one-fifth ounce. The smallest of the "twin" eggs measured one and one-eighth inches by one-half inch, while the larger was three and one-sixth by one inch.

What will these publicity seekers do next?

## M. P. Gentry Wins Ninth Annual City Tournament

### Biggest Steer—3,100 Pounds of Beef

"Big Jim," once owned by the late Will Rogers, is the biggest steer in the world, weighing 3,100 pounds. Rogers raised Jim from a calf, then sold him and gave the proceeds to the Salvation Army. His present owners will display him at the Texas Centennial Exposition, opening in Dallas June 6, and turn over the admission profits to the Salvation Army's Home for Boys and Girls at Lytton, Calif.

Several other speakers made short talks, and the entertainment program consisted of singing, dancing, string band music, and several numbers by the Clarendon Cowboy Band. This band was invited to participate in the Paducah celebration.

## Glimpse of Old West Is Seen On Downtown Streets Tuesday

Shades of the Old West! Rip-snotin', hard-ridin' cowboys, rope-slingin' cowgirls, jangling spurs, clanking boot heels and rattling six-gun holsters, and colorful cowboy shirts and ten-gallon hats, whooping, hollerin', shootin', singin', dancing, fiddle music, demure old-fashioned gals in pantalettes and hoop skirts and grey bonnets.

Aye, verily, Shades of the Old West! All of the excitement was caused when the noisiest group of people this town has seen in many years swooped in from the south Tuesday just before noon. About 200 boosters for the Cottle-King County Centennial Jubilee, to be held in Paducah May 26, 27, and 28, completely outfitted in their cowboy and cowgirl regalia, stopped over for lunch here and presented a 30-minute entertainment program on Kearney Street.

Headed by T. D. Nored, Sam Braswell, Byron Shotts, and Company, the Paducah delegation took the town by storm.

About 40 cars and several horses, not to mention a couple of bicycles, staged a boisterous parade through the business section and other points in the section, to extend those cities invitations to attend their big celebration.

## Stocking Accepts Position In Wichita

Hobart E. Stocking, youngest son of Mrs. Sarah M. Stocking of this city, returned to Texas from Baltimore last week to become chief of a geological party for the Shell Oil Corporation, with headquarters at Wichita Falls.

Stocking, who is a graduate of the University of Texas, received the Ph.D. degree at John Hopkins University last month in the field of oil geology. Prior to entering Johns Hopkins, he was a member of the geological staff of the Harry Sinclair Oil Exploration Corporation operating in Portuguese West Africa.

## Rev. Kendall Dies In Idaho Monday

Rev. J. N. Kendall, 90, pioneer Methodist minister of Clarendon, and father of Frank Kendall of Hedley, died at the home of a son in Boise, Idaho, Monday, May 18, it was learned today.

Rev. Kendall was sent to Clarendon in 1890 by the Denton conference to take charge of the old Methodist Church, and resided here until 1911.

Funeral arrangements were not learned by press time.

Ira Merchant left this morning to return to California after having spent a month in Clarendon. He was accompanied by Ethel and Mary Isabel Bugbee who have been visiting in the home of Mr. and Mrs. Tom Bugbee of Goodnight and by Mrs. Mead Haile of Dimmit, who will visit relatives in California.

## Former Titleholder Defeats Otis Jackson In Final Round To Take Cup.

M. P. Gentry, 1933 city champion, again annexed the title by defeating Otis Jackson in 34 holes of erratic golf in the finals of the ninth Annual City Tournament here Sunday.

Although both contestants were badly off form in the morning round the game was packed with thrills. Jackson won 4 of the last 6 holes to go to lunch only one down after disastrous golf that left him 5 holes behind at the end of the 12th. Only a long slanting putt which dropped for the champion on the tricky 17th hole saved Gentry's margin.

Jackson drew even on the 20th hole in the afternoon with a well-played birdie after the 19th was halved with fives. Going one down again on the 21st when he needed five strokes on the par 4 hole, he again evened the match with another birdie on the 22nd. Twenty-three and 24 were halved in regular figures and Gentry pulled ahead again with a sensational birdie from the rough on the 25th. Adding another hole with a five on the 26th, Gentry boosted his lead to three with a birdie on the 28th.

The most sensational shot of the day came when Gentry, after losing the 29th with 5, and halving the 30th dropped a birdie 15-foot put on the 31st.

Jackson made his final bid on 32 with a four to cut the champion's lead to 2-up, but lost the match, after halving 33, with a missed put on 34 when Gentry downed his short par.

The scores:

**Morning Round**  
Par Out 4 5 4 3 5 3 4 4 4 3 6  
Gentry 5 5 6 3 5 3 3 4 5 4 4 0  
Jackson 4 7 6 4 6 3 5 5 4 4 4

**Afternoon Round**  
Par In 4 5 4 3 5 3 4 4 4 36 72  
Gentry 4 5 3 4 6 4 5 4 5 4 0 80  
Jackson 4 5 3 6 3 3 4 4 3 7 81

Gentry won his way to the finals by eliminating Dick Cooke in the semi-finals Tuesday, 3-2, while Jackson fought off a last-minute rally by Ira Marchant, pre-tournament favorite, to win the right to meet Gentry with a 1-up win.

J. T. Patman captured second flight honors by defeating Alex Cooke in the finals and Slim Parsons in the semi-finals, Cooke had advanced with a win over T. F. Connally.

Fred Buntin won the third flight by defeating C. W. Gallaway, and U. J. Boston after Boston downed Doss Palmer.

Joe Jackson defeated P. B. Gentry for first flight consolation honors. Wesley Knopp beat R. C. Weatherly, Sr., for second flight consolation, and Woodrow Hazelwood won over Frank Whitlock for third flight consolation.

## Traxler Returned To McAlester, Oklahoma

Pete Traxler, Oklahoma desperado and wanted in Donley County on three hold-up charges, was returned to McAlester by plane Tuesday from Canadian, Texas, where he had been held under heavy guard following his capture by a posse of nearly 100 Panhandle officers Sunday, May 10.

Traxler faces charges of murder in Pauls Valley, Oklahoma, where it is alleged he killed George Loper, a night watchman. He is also wanted in connection with the shooting and wounding of Bill Gaddis, Calvin, Oklahoma officer.

The criminal was taken to the Oklahoma state penitentiary at McAlester by officers of Oklahoma Crime Bureau and two Texas officers.

## Plans Being Made For Baseball Team

Clarendon will have a baseball team this summer, according to an announcement by J. M. Hill, secretary of the Chamber of Commerce.

Under the present plans, Clarendon will have a team to compete with some other county nine on the Fourth of July, Hill said. Games will be played every Saturday afternoon, and everyone interested in baseball is urged to be at the Junior High School grounds this Saturday afternoon at 3:30, Hill added.

## WATCHMAN KILLED BY ENGINE BLAST

### W. J. GILL FATALLY INJURED WHEN LOCOMOTIVE EXPLODES IN PAMPA.

Special to The Clarendon News. Pampa, Texas, May 17—William J. Gill, engine watchman for the Panhandle & Santa Fe Railway, died Sunday morning of injuries received in an explosion of a switch engine boiler in the railway yards two hours earlier. Cause of the explosion, which shook the southwest part of Pampa and rattled windows, is unknown.

The firebox, where it was believed Gill was working, was (Continued on Page Eight)

## Nobody's Business

By JULIAN CAPERS, Jr.

Austin.—There is one public office in Texas about which hovers some traditions as old as the republic itself—that of the commissioner of the general land office. Here are kept the voluminous records of the public domain, which, in the early days, represented virtually all the wealth the state possessed.

This year a new land commissioner will be elected. Commissioner Walker having announced his retirement next Jan. 1. Only three times in the history of the office has an "outsider"—a man without previous experience in the land office—been elected commissioner.

a cut in salary when he is "promoted." Next November the voters will pass on a constitutional amendment that would raise the salary of this office, along with that of the governor, attorney general, secretary of state and other key state officials.

ROAD PROGRAM COMPLETE. With this week's lettings, it becomes certain that the greatest highway building program in the history of Texas will be completely under contract by June 30, end of the fiscal year.

THEY ADVERTISE. Motion picture theaters in Texas, while hard hit by the depression, like every business, were one of the first industries to begin to restore normal volume, according to a theater spokesman here.

"The newspapers' most consistent patrons throughout the depression have been the theaters," said the spokesman.

this policy."

POWER FIGHT ON. Last week in Austin, opening round of the court battle by Texas power interests against the Colorado and Brazos developments, was started, when depositors were taken by power attorneys from officials of the Colorado river authority.

POLITICAL PINWHEEL. Sixty thousand checks, averaging \$20 each, representing the pensions granted that many applicants, which will go forward July 1, will constitute the best answer to opponents of Gov. Allred who have criticized the pension situation, the governor's friends believe.

at-large will include Gov. Allred, Myron Blacklock, Sam Rayburn, Senators Connally and Sheppard, Jesse Jones, and two women delegates. Tom Hunter, announcing he will open his campaign in Austin, "where Gov. Allred can't help hearing about him," forgot that he's been charging the governor spends no time in Austin.

### REPLICA OF MISSION

In a 100-acre state park near Crockett, Texas, there has been constructed a replica of the first Franciscan mission in East Texas, San Francisco de los Tejas, originally built there in 1690.

Mr. and Mrs. Paul Smithy and daughter Jo Anne left last week for South Bend, Texas, where Mrs. Smithy and Jo Anne will remain for about three weeks. Mr. Smithy returned Monday.

Laughing Around the World. With IRVIN S. COBB

No World's War Need Apply. By IRVIN S. COBB

IMMEDIATELY following the Spanish-American War a story went the round regarding a volunteer who suffered grievous hardships first at Chickamauga, then at Tampa, then in Porto Rico and wound up by having a spell of slow fever. One night, when he was convalescent but

still shaky, an officer passing through the hospital ward overheard the invalid as he communed with himself. "I love my country," the volunteer was saying. "I've fought for her and it 'twas necessary I was ready to die for her. But if I get out of this mess I ain't never goin' to love another country as long as I live!"

For this ancient yarn there is a companion piece of comparatively recent vintage. A battered veteran of the regular army, who had been wounded at Chateau Thierry was visited by a chaplain. The latter inquired regarding his well-being and expressed the hope that the soldier would live to wear the uniform for a great many years to come. "Well, Padre," said the old timer, "so far as I'm concerned I'll tell you how the thing stands: Before this here World's War came along I thought I'd had a lot of experience and had seen my share of hard campaignin'. I served in Cuba and in the Philippines, and when the Indians acted hostile I went on the scout after them several times, out West. But we didn't have to deal with pizen gases or high explosive shells the size of galvanized iron ash-cans in any of them little mixups. Padre, I ain't lost my gimp and I wouldn't hang back if Uncle Sam wanted me to help mop up anybody that went on the rampage back home in God's country. But strictly in confidence, I don't mind tellin' you that this here is goin' to be my last World's War."

**LIBRARY NOTES**  
(By Mrs. C. A. Burton)

An award which is always watched with special interest is the John Newberry medal—an annual award for the most distinguished contribution to American literature for children. This year the award goes to Carol Ryoie Brink for her book, "Caddie Woodlawn." This is a pioneer story for children, the story of a child in a Wisconsin home during Civil War days—a wide-awake, stirring story.

Carol Ryoie Brink's first book for children, "Anything Can Happen On The River," is the story of a boy's adventure on the Seine, and was published two years ago. Mrs. Brink was born in Idaho and now lives in St. Paul, Minnesota, where her husband is professor of mathematics at the university. She has two children, a boy of 16 and a girl of 9. Her own parents died when she was very young and she was reared by a devoted aunt and grandmother. The grandmother's stories of her own childhood form the background of "Caddie Woodlawn." The Brink family have spent a number of years abroad, particularly in France, and Mrs. Brink's new book, "Mademoiselle Misfortune," which will be published in October, is a French story. "Caddie Woodlawn" is a MacMillan publication and is beautifully illustrated by Kate Seredy.

The John Newberry award last year was given to "Dobry" by Monica Shannon, a story of a Bulgarian peasant boy.

George Bernard Shaw, the 79-year-old Irish dramatist, recently returned to England after having made a trip around the world. He brought with him the manuscript of a new play which he calls "Geneva."

England's best sellers for April, as given by The Bookseller are Winifred Holtby's "South Riding," John Gunthe's "Inside Europe," and D. L. Murray's "Regency."

Dr. Harvey C. Lehman, a psychologist in Ohio University, has recently made a research on writers, and he says they reach their peak in literary production at 41.

He says that poets produce their best work between 25 and 28, and short story writers before 35. His study covered the works of more than 500 outstanding English authors, more than 100 American authors, and many French and German writers.

**NEW TANK SPEEDY**

Rock Island, Ill.—A new war tank, said to be the fastest ever manufactured in this country, was recently tested on a 1,075 mile trip from Dallas, Texas, to this city. It made the trip in a few minutes over thirty-two hours and at no time was it going at its top speed, according to Earl Trimble, arsenal expert who was its driver.

(By Mrs. P. H. Longan)

The ladies of the community met in the home of Mrs. Nelse Robinson Monday afternoon for a shower for Mrs. Millsap. After some games and contests the packages were opened by the honoree and passed around and admired. Delicious ice cream and angel-food cake were served to Mesdames Allgren, Holland, Ernest Jones, Joe Jones, Gus Williams, Bill Gaither, John Goldston, A. C. Arnold, Koontz, J. C. Longan, Pat Longan, Porter Arnold, Hugh Riley, Hubert Johnson, H. S. Mahaffey, A. Seaton, Harold Longan, Nelse Robinson, Misses Lucile Goldston, Mattie Rhoades, Christine Seaton and little Jennie Ray Millsap and Vernon Dennis Goldston. Those sending gifts were Mrs. John Chamberlain, Mrs. Stone, Mrs. P. O. Naylor, Mrs. Gene Chamberlain, Miss Flossie Koontz and the Naylor Birthday Club.

Mrs. Ida Flynn of Fort Worth visited her nephew, Jess Cornell and family last week.

Mr. and Mrs. John Goldston visited Mr. and Mrs. Higgins Sunday afternoon.

Mr. and Mrs. Cornell and children called in the Longan home Sunday evening.

Mr. and Mrs. Glen Williams of Childress spent Sunday at Shamrock.

Mr. and Mrs. Pat Longan and Mr. and Mrs. Gaither visited with W. N. Killen of Tucson, Ariz., in Clarendon for a short while Friday night. He was enroute to Jacksboro to visit his mother and had stopped off here between trains. Mr. Killen was manager of the Lumber Co. here for several years.

Miss Ruth Carnell will go to Fort Worth this week to visit an aunt. She expects to stay long enough to visit the Centennial at Dallas before returning.

Several from here attended the play at Sunny View Monday night. It seems almost impossible for children so young to put on a three act play as they did. They surely had some good training.

Mr. and Mrs. Swinney and family from Windy Valley spent Sunday with her mother, Mrs. Koontz.

Mr. and Mrs. C. E. Beach visited in the Longan home Friday. They left for Lubbock in the afternoon where Mr. Beach had promise of work. They are at home on Tenth Street.

**Conducts Quannah Revival Meeting**

REV. E. D. LANDRETH

Rev. E. D. Landreth of Clarendon began a two-week revival meeting at the First Methodist Church in Quannah Sunday. He is being assisted by Rev. J. B. Thompson, pastor of the King Memorial Church of Childress. Rev. Thompson is in charge of the music, children's and young people's work.

Rev. Landreth is one of the most forceful and able speakers of the Northwest conference and his outstanding work in the field of evangelism assures a large crowd at every service.

Rev. T. S. Barcus will fill the pulpit for both morning and evening worship at the Methodist church in Clarendon during the absence of Rev. Landreth.

**SHRINE IN ALAMO**

In the Alamo, historical shrine of Texas' revolution, at San Antonio, there stands a memorial shaft to its fallen heroes, erected as the gift of natives of the province of Nagashino, Japan.

Mr. Milsap and his boys had picnic supper and a big time until late in the night on the river Friday night. They finished things up with three gallons of ice cream.

Mrs. Jennie Milsap and Mrs. Kate Milsap and Mrs. F. O. Naylor finished quilting a quilt for Mrs. Milsap in the Longan home Friday afternoon.

**JA CAMP SCENE TO BE PRESENTED TO WTSTC BY SENIORS**

DIARAMA WILL BE EXHIBITED AT PANHANDLE PLAINS MUSEUM.

Special to The Clarendon News.

Canyon, May 20—Seniors of the 1936 class of the West Texas State Teachers College will present the school with one of the most unique gifts that has ever been left by a graduating class. A diarama of a camp scene is being constructed by Ben Carlton Mead and will be placed on exhibition in the Panhandle-Plains Historical Society Museum upon its completion.

Represented in the scene is one of the old JA Ranch chuck wagons in service. The diarama will have an inside height of 30 inches and will be fronted by a 50-inch glass window which will reveal all the details of the scene. It will be made of veneered wood on plain severe lines and will have no decorative modeling. The ground work of balsa wood will be screwed to the floor. To obtain the best effects, it will be wired for artificial lighting.

Trees used in the diarama will be small branches cut from cottonwood whose shapes will be improved upon by plastic modeling. The scene will include cowboys, horses, the chuck-wagon, and other surroundings typical of a chuck-wagon scene.

"Come and Get It," a cowboy expression typical of the round-up days, will be the name of the gift.

Mrs. Bill Wickline of Memphis visited in Clarendon Saturday.

## CCC Enrollment Will Take Place Some Time In July

Tentative plans are being made for a CCC enrollment to take place some time in July. While no definite information is available at present as to quotas by states, districts, or counties, preliminary work is being started. In all former enrollments the Texas Relief Commission has served as selecting agents for CCC enrollees. As the Texas Relief Commission is due to cease functioning the last of June and as no other agency has been set up for the selection of CCC applicants, it is necessary that this work be done now.

Applications for CCC enrollment are being taken now by Texas Relief Commission case workers with the assistance of the county welfare workers. Applicants are requested to contact the TRC case worker for their particular county or the county welfare worker. Rules governing eligibility are the same as during the April and May enrollments just completed, which in brief are as follows:

Boys between the ages of 17 and 28 inclusive, single, unemployed, and from families now receiving assistance through Texas Relief Commission, Works Progress Administration, Resettlement Administration, or County Welfare Organizations. Only one boy from each family will be allowed to serve at a time. If applicant has had previous CCC service he must have an honorable discharge and must have served at least four months unless it was prior to October 21, 1933, and must have been out of camp at least 60 days.

As quotas are likely to be set according to the number of completed applications on hand it is desirable that those interested make application as soon as possible.

The benefits from this program are many. The training while in camp is of benefit to those receiving it in better preparing themselves for the future. The aid to those families in need of assistance through the

## Pick Out the One Who's "Nerts"

It would be suspected that when people rush about it's because of some good reason. Perhaps going to a fire, or something like that. It has been said that there's a surplus of leisure in America, but that everybody is in more of a hurry than ever before. Automobiles are made faster than ever. People drive faster than ever. They even die faster than ever. Most persons think the dare-devil aerial stunts plays fast and loose with life. They say, "I wouldn't do that." They shudder when they see a window cleaner hanging by a life belt, high above the street. Most persons say, "I wouldn't do that." They watch with bated breath the structural steel worker walking almost gingerly around on the skeleton of a huge skyscraper. None of that for the average person.

The stunts of the rope walker, the trapeze performer, the high diver and all his brothers and sisters are not pursuits for the mine-run of individuals. Not by a jug full. But few drivers regard in a serious light the hazards of motoring.

To most there's nothing to worry about when a car is being driven at high rates of speed, or when a curve or corner is taken sharply, or when another car is met almost head on at the top of a hill. The record of the occurrence of automobile accidents last year—the smashing of cars with trains, against trees and telephone poles and against bridges, the wrecking of cars going off the road, and the collision of cars at innumerable places—all go to indicate that many drivers don't realize the constant risks which only the utmost care makes it possible to avoid.

## Farmers State Bank

## NEW SCA RULINGS ARE ANNOUNCED BY STATE COMMITTEE

LAND OWNERS HAVING MULTIPLE TENANTS MAY USE MASTER WORK SHEET.

Special to The Clarendon News.

College Station, May 20—Land owners having multiple tenants on a contiguous block of farms may fill out a master work sheet instead of separate work sheets for each farm, it was announced by the State Soil Conservation Committee.

They also pointed out that payments will be prorated among all tenants similar to the way old parity payments were distributed and the land owner will be held responsible for compliance.

Of great importance to Texas farmers, members of the State committee commented, is the new rule that two rows of corn or grain sorghum interplanted with one row of cowpeas will count as two-thirds soil-depleting crops and one-third soil-conserving. The county committee will determine the percentage of land occupancy.

Sudan grass has been ruled a soil-conserving crop regardless of use and can be harvested for hay or seed, used as a pasture, or left on the land.

The same is true of oats if followed by a summer legume after harvesting. The State Soil Conservation Committee assumed that crops will be grown and compliance will be sufficiently late to allow for this purpose.

It was also announced at the same time that the base rice acreage and production for 1936 will be the base that was established in 1935, except where producers are eligible for upward adjustment.

Upward adjustments will be made where the years of 1929 and 1930 were excluded from the previous base calculations; where the producer did not grow rice in one or more years in base period; where production was below a 10 barrel acreage on account of uncontrollable natural

## Improvements Made At Stamford Cowboy Reunion Grounds

Stamford, Texas, May 12—Numerous improvements which will add to the convenience and comfort of visitors and to the attractiveness of the area are being completed at the Texas Cowboy Reunion grounds, well in advance of the seventh annual Reunion, which will be held here July 2, 3, and 4.

Probably the most important of these, from the standpoint of visitors, is the application of a preparation for eliminating the dust in the rodeo arena. This dust laying preparation is being installed at a considerable outlay and will add greatly to the comfort of rodeo spectators.

Grandstand No. 3 on the north side of the arena has been remodeled and comfortable seats of the type of the more recently constructed stands installed. The roof of this section has been extended to keep out the sun and a similar improvement has been made on the roof of the south grandstand to give better shade. Other improvements include erection of a new grain house, tool house, additional stalls and the painting of all buildings, gates, and roofs of grandstands. Twenty-five shade trees—pecans, wild china and bois d'arc—have been planted around the shore of the lake on the grounds, which is now brimful of water. Around the cowboy bunkhouse and about the chuck wagon area, 150 pecan sprouts and 50 lanterns have been planted.

A new high wire fence has been built on three sides of the grounds and a woven fence and steel gates erected at the main entrance.

Additional parking space has been provided at the cowboy bunkhouse and gravelled drives

sideration to this opportunity of-

fered them.

A. W. Long, District Administrator.

## Carpenter Answers Pension Questions

This is the first of a series of questions that the people of Texas are asking. Orville S. Carpenter, state pension director, answers them frankly and to the point:

Q.—How many people are there in Texas past the age of 65 years?

A.—Over 300,000.

Q.—Definitely, if Texas gave each one of these \$30 a month, would the Federal Government pay half of it?

A.—No.

Q.—If each of the 300,000 received assistance, where would the money come from to pay the bill?

A.—It could come only from the taxpayers of Texas.

Q.—Could we pay everyone past 65 years of age \$30 per month if we desired and were willing to do so without the millions that the Federal Government will contribute?

A.—No, we could not because the Old Age Assistance Amendment to the Texas Constitution provides for payments not to exceed \$15 per month per person.

Q.—Then \$15 per month would be all that we could pay if we gave everyone past 65 years of age assistance without the help of the Federal Government?

A.—Yes.

## How To Reduce Varicose Veins

Rub Gently Upward Toward the Heart as Blood in Veins Flows That Way

Many people have become dependent because they have been led to believe that there is no remedy that will reduce swollen veins and bunches.

If you will get a two-ounce original bottle of Moore's Emerald Oil (full strength) at any first-class drug store and apply it night and morning as directed you should quickly notice an improvement. Continue to apply Emerald Oil until the veins and bunches are reduced.

Moore's Emerald Oil is a harmless, yet most powerful penetrator and two ounces last a very long time. Indeed, so powerful is Emerald Oil that old chronic sores and ulcers are often entirely healed. It has brought much comfort to worried people all over the country.

## Book Club Has Musical Program

The 1926 Book Club held its last meeting for this club year at the club room Tuesday afternoon, May 19, with Jessie Dell Porter and Edgar Mae Mongole as hostesses.

The president, Luma Smith, presided over the brief business session after which the meeting was turned over to the program leader, Mary Allensworth. A very interesting and entertaining musical program had been arranged, and every number was beautifully executed. The program was as follows: Piano duet, "Qui Vive," Ganz, by Virginia Williams and Eloise Hill; vocal solos, "Ah, Sweet Mystery of Life" and "Gypsy Song," by Imogene Brumley; piano solo, "Serenade," by Virginia Williams; vocal solo, "The Lilt of a Laugh," by Edith Ballew; vocal solo, "My Heart At Thy Sweet Voice," by Blanche Howze; tap dance by Manly Bryan; vocal solo, "Play Gypsies, Dance Gypsies," and "The Old Refrain" by Alma Landreth; piano solo, "March Militaire," Schubert, by Arthur Chase.

The guests for the afternoon were Imogene Brumley of Memphis, Mrs. J. E. Mongole, Mrs. Joyce Clark, Mabel Mongole, Mrs. Forrest Sawyer, Eloise Hill, Virginia Williams, Mrs. Douglas of Claud, Mrs. Jim Hendrick, Mrs. Rex Reeves, Jeannie Porter, Arthur Chase and Manly Bryan, and the members who attended this last meeting of the club were Mary Allensworth, Edith Ballew, Thelma Bennett, Nita Williams, Virginia Bryan, Julia Jenkins, Gladys Hill, Myrtle Ingram, Alma Landreth, Mildred Martin, Texie Heath, Jennie Dell Porter, Clotael Ray, Luma Smith, Mary Thornberry, Edgar Mae Mongole, Pauline Webster, Thelma Bairfield, and the associate members present were Eadna Cox, MacNeil Teer, Alta Lane, and Blanche Howze.

The hostesses, assisted by Jeannie Porter, served delicious refreshment courses.

## Mrs. Gentry Hostess To Bridge Club

Mrs. Sella Gentry was hostess to the members of the 1922 Bridge Club Tuesday afternoon, May 19.

The usual games of auction bridge were enjoyed by the following members: Mesdames J. B. McClelland, Odos Caraway, Eva Rhode, A. R. Letts, T. H. Ellis, and J. T. Sims, and Mesdames J. L. McMurtry, C. T. McMurtry, W. H. Martin, U. J. Boston, C. B. McCanne and Miss Mary Howren were guests for the afternoon. The prize for high score was awarded Mrs. J. T. Sims and Mrs. J. L. McMurtry won the guest prize. The consolation prize went to Mrs. A. R. Letts.

The hostess, assisted by her daughter, Mrs. Ryan, served a delicious two course luncheon to her guests.

## Mrs. Dock Robinson Honored

Mrs. Joe Green and Mrs. Albert Armstrong honored Mrs. Dock Robinson with a miscellaneous shower Wednesday afternoon, at 2:30 o'clock. Everyone went to Mrs. Robinson's home and gave her a very pleasant surprise.

A wish was written by each of the guests and then read by the honoree. The gifts were then brought in as a complete surprise to Mrs. Robinson.

Lovely refreshments were served to the following: Mesdames, Bert Mayfield, W. B. Webb, Bernice Taylor, Lee Marchall, S. W. Shannon, Wess Linders, Joe Davis, Lester Chrisly, Jack Walker, M. C. Rumpy, Mrs. Holland and the hostesses, and to Misses Genevieve Armstrong, Lillian Green, Venice Chivers, Leota Rumpy, and the honoree, Mrs. Dock Robinson.

## Mrs. Patrick Has Bluebonnet Club

Mrs. W. H. Patrick entertained the members of the Bluebonnet Bridge Club and a few guests with a prettily appointed luncheon at her home Thursday afternoon, May 14. Mrs. Patrick was assisted in entertaining by her daughter, Mrs. Harold Bugbee, and Miss Lillian Murphy.

Sweetpeas, cornflowers, and other spring flowers were used in profusion throughout the living and dining rooms of the lovely home. At the luncheon table the bluebonnet motif was very effectively carried out, with a bowl of the flowers used as a centerpiece, and with the place cards and other appointments also carrying out the bluebonnet theme.

## Mrs. Becker Hostess To Needle Club

The 1930 Needle Club met Tuesday afternoon, May 19, with Mrs. Nora Becker. A pleasant afternoon was spent in sewing and conversation. During the afternoon Mrs. James Bain was voted into the club as a new member.

The hostess served a salad course to Mesdames Marguerite Carpenter, Maggie Hunt, Mildred Ritter, Mabry Andis, Marie Patterson, Glyn Kirby, Josie Peabody, club members, and to one guest, Mrs. Henry Tatum.

## S. S. Picnic At Word Ranch

The entire Sunday School Department of the Presbyterian Church enjoyed a picnic at the Word Ranch Wednesday afternoon, May 21.

A large crowd gathered at the Presbyterian Church in Clarendon and drove from there to the Ranch. After spending a short time exploring the grounds everyone gathered around the table where an appetizing and plentiful lunch had been spread.

## Mrs. Carmichael Entertains Club

The Tuesday Luncheon Club met this week with Mrs. W. E. Carmichael as hostess. After the luncheon the usual bridge games were enjoyed by the club members. Mesdames, A. W. Hicks, H. M. Breedlove, G. E. Norwood, Paul Slaton and Miss Dorothy Jo Ryan, and Mrs. Ed Teer, Mrs. B. P. Brents and Miss Genevieve Powell were guests.

Miss Genevieve Powell had high score and was awarded the prize.

## Canadian

Texas Centennial Exposition officials originally intended to have 48 Rangerettes on hostess duty when the \$25,000,000 World's Fair opens in Dallas June 6. When they found one of those selected came from Washington, D. C., they included Mexico to make an even 50. Now, not to overlook Canada, they have appointed Grace Louise Bailey, daughter of a Dallas publisher and born in Ojibwa, Ontario, near Windsor, making a total of 51.

## AT THE FIRST BAPTIST CHURCH

THERE IS ALWAYS WORSHIP—FELLOWSHIP—SERVICE

In addition to the Young People's Revival which is to be conducted in the very near future by Rev. S. L. Tidwell of Plainview, and Rev. Carroll Holtzclaw of Hereford, we are announcing the date for our revival in the summer. Beginning August 2, and continuing through the 16th we plan one of the most intensive evangelistic efforts the church has ever put forth. Dr. E. D. Head, pastor of the First Baptist Church, Houston, is to do the preaching in this meeting and Rev. C. B. Stephenson, pastor of Magnolia Park Baptist Church, Houston, is to lead the singing and have charge of the Young People's Work. The meeting that will be announced next week is in reality a preparation for the summer campaign. With

the prayerful cooperation and sympathy on the part of the membership there are great days ahead for the First Baptist Church.

Regular services Sunday morning and evening. We are always happy to have you in the service.

## Charles Goodnight, Cowman and Plainsman

"I'll be damned if I could ever find time to sit in the shade," said Charles Goodnight at ninety-three.

No, and he never had the inclination!

Hunting Indians at thirteen, guiding Rangers at twenty, at thirty, blazing cattle trails 2,000 miles long, he was in his own words, "A solitary adventurer in a great land as fresh and new as a spring morning."

By the time he was forty, he had established a range 300 miles beyond the frontier. At forty-five his restless spirit dominated a cattle empire of twenty million acres, and he had earned Andy Adam's terse comment, "The best cowman, the most practical Westerner, I have ever seen."

He once said, "If I were living in Hell, and Hell were attacked, I would defend it to the last, or I would get out." No wonder cattle rustlers, marauding Indians, and bad men never lasted long on his ranges. He brought law and order to the plains as Wyatt Earp brought it to the frontier towns.

Beside him, through the desolate Valley of the Pecos—graveyard of cowmen's hopes—over new trails and old, rode the great figures of the pioneer days—Kit Carson, Andy Adams, Charlie Siringo, and others.

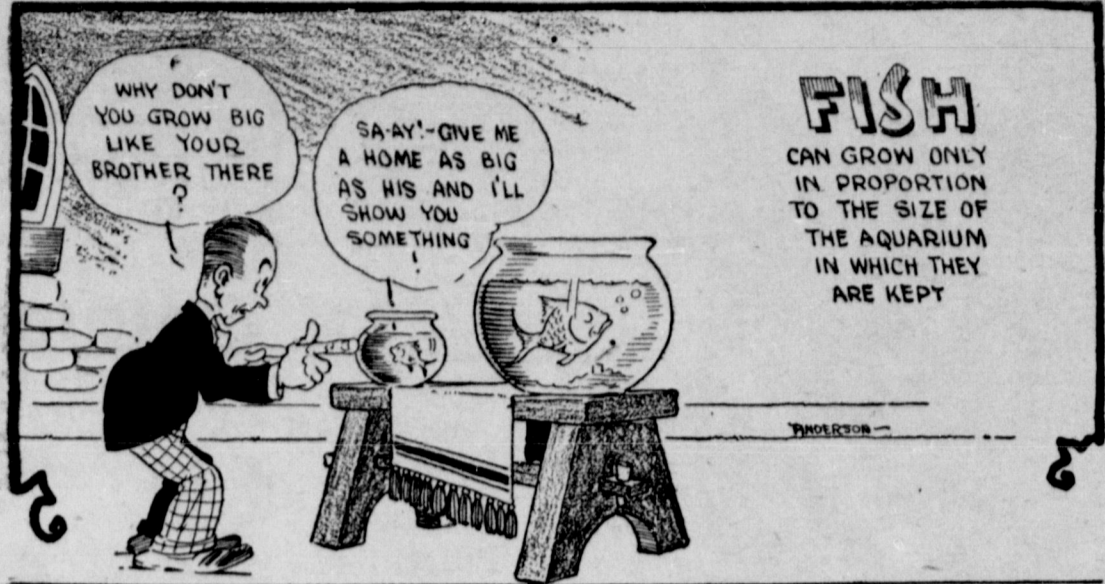

As the roaring frontier days died, Goodnight pioneered in new fields. He was the first to sterilize cattle, an important discovery that he made quite by accident in 1867. He was the first to breed cattalo—a cross between a cow and a buffalo. He was known as the Burbank and philosopher of the open range.

Charles Goodnight is dead, but J. Evetts Haley, author of "The XIT Ranch" has brought back his vibrant personality and the thrilling story of his life in CHARLES GOODNIGHT, COWMAN AND PLAINSMAN. Harold Bugbee, famous Western artist, has furnished over one-hundred illustrations for this outstanding Western biography.

Charter Grants Show Decline In April

Special to The Clarendon News. Austin, Texas, May 20—Both in number and total capitalization, new charters granted Texas corporations during April declined sharply in comparison with the preceding month and the like month last year, according to the University of Texas Bureau of Business Research. The number of new charters granted totaled 138, against 173 in March and 166 in April last year, decreases of 20 per cent and 17 per cent respectively. Total capitalization, \$1,304,000, was down 50 per cent from the preceding month and 37 per cent from the corresponding month last year.

There Are Outstanding Advantages In Attending a School In Dallas This Year.

The greatest educational fair ever held in this country will be in operation in Dallas from June the 6th to Nov. 29th. There are enough special events listed to have a special event day almost every day of the Centennial Exposition will be in operation. To get the full educational advantages of these special events days, one should be in Dallas so they may attend upon the days most important to them.

Twenty-five millions of dollars are being spent in the construction of this great historic fair. It is estimated that ten to twelve millions of people will visit this great educational exposition. It is estimated these visitors will spend in Dallas approximately two hundred and fifty millions of dollars. The spending of two hundred and seventy-five millions of dollars in construction and by visitors will cause a wide expansion in business of every kind in Dallas and cause many new firms to open.

Car Registrations Above Last Year

Special to The Clarendon News. Austin, Texas, May 20—Sales of new passenger car registrations during April were still substantially above 1935, but declined in comparison with the preceding month, according to the University of Texas Bureau of Business Research.

Reports from fifteen representative Texas counties give a total of 6,330 new passenger car registrations, 18.1 per cent below those of March but 15 per cent above those of April last year. For the first quarter aggregate sales were up 15 per cent from the corresponding period last year.

The tendency which has been noted for many months of the greatest sales increase to occur in the higher price groups was again in evidence during April.

DUB SHOTS (By DICK COOKE)

Before passing critical judgment on the ragged play of the finalist in Sunday's championship match, remember—taught nerves are no asset to hitting a golf shot. The tenseness of any tournament match is multiplied tenfold when a title is within one's grasp.

Both contestants had their bad holes but both made beautiful shots under extremely trying conditions. M. P. Gentry putted like a champion and Jackson is to be commended for his gallant comeback in the morning round to cut Gentry's lead to one up after getting 5 down on the first 12 holes.

Dude Gentry, who shared medalist honors, found the Jackson brothers a stumbling block in his road to success. Otis eliminated him in the first match and he was nosed out by brother Joe in the consolation finals. However, M. P. Gentry was the Jacksons' nemesis, winning over both Joe and Otis.

Tournaments are a stimulus to golf. The links were crowded Monday with fans who had forgotten the game until they formed part of the gallery Sunday.

Come letters from Jack Bush, Amarillo pro, and O. W. Gano, secretary of the Canyon Country Club, wanting to exchange matches soon. Canyon is perhaps the smallest town in West Texas boasting an 18-hole course, and is anxious to swap shots with the Hillcrofters.

The Eleventh Annual Green Belt Tournament starting Monday in Quannah should be the most successful in several years if the enthusiasm of the committee is a gauge. Following is part of a letter received Tuesday:

"Reports from various clubs indicate a great deal of interest and enthusiasm over the on-coming event. Shamrock reports twenty-two players pledged to enter the play; Frederick, Altus, Crowell, and Vernon with twelve

We are planning for and preparing to entertain two hundred players and we sincerely expect that number to enter the play.

"Again we want to assure you that we are expecting and depending on the support of the Hillcroft Golf Club in making the Eleventh Annual Green Belt Tournament a perfect success. No Green Belt Tournament could be a complete success without representatives from Clarendon."

### 76 RESETTLEMENT FAMILIES BUYING FARM MACHINERY

\$9,000 BEING SPENT IN COUNTY FOR EQUIPMENT; MORE FOR LIVESTOCK.

Dealers are selling a million and a half dollars worth of farm machinery to Texas farmers who have received loans this season from the Resettlement Administration, according to information received by R. C. Land, county supervisor. Mr. Land estimated that \$9,000 of this is being spent by the 76 families who have received loans in this county.

"A still larger amount is being spent for horses and mules," Mr. Land said. "In Texas as a whole, it is estimated that 20,000 mules are being bought, and 5,000 horses and mares, at an average of \$85 a head, which means a total of \$2,125,000 being paid out to producers and traders in work animals." In this county, he said 85 mules and 140 horses and mares have been bought, or will be bought.

The supervisor said that these purchases would seldom have been made unless the money had been loaned by Resettlement. Every farmer receiving a loan had to present written statements from banks or others that they had refused to make the loan.

"Yet these borrowers have proven their ability and willingness to repay the loan, in prac-

tically all cases," the supervisor said. "They may not have been good risks for banks or other agencies, but Resettlement has helped them work out plans which have put them back on their feet. Many of those who were on relief last year, unable to obtain credit of any kind, are now being financed by private individuals or agencies, after having received a new start from Resettlement."

It is estimated that clothing and groceries being bought in Texas, as a result of Resettlement loans, total as much as the amount spent for work stock, and that physicians and pharmacists will receive more than \$300,000.

The average borrower is being allowed \$12 this year for medical expenses, which he would not have been able to obtain, or would not have been able to pay for, without this loan," Mr. Land said.

Another \$300,000 is being invested in 10,000 cows, \$90,000 in 10,000 hogs, \$27,500 in 40,000 hens, \$220,000 in household equipment. More than two million dollars is being spent for seed, feed and fuel, but those who were in the program last year are spending very little for seed and feed, which they are required to grow for themselves.

In addition to the money filtering into the veins of Texas business from these individual farmers aided by Resettlement, more than \$3,500,000 is being spent for land and construction on 538 farms, which will be sold on 40 years' time, with three per cent interest, to families selected from outstanding tenants and other low-income farmers who have demonstrated willingness to repay.

### Decline Shown In Commercial Failures

Special to The Clarendon News. Austin, Texas, May 20—Commercial failures in Texas during April decreased in number from both the preceding month and the corresponding month last year, but the liabilities of the bankrupt firms increased sharply. The Bureau of Business Research of The University of Texas reports. This latter fact, however, is attributable to the failure of one large firm. Excluding this firm, total liabilities in April also declined sharply from the two comparable periods.

According to reports from Dun and Bradstreet, Inc., there were only 14 failures in April, against 21 in the month before and 23 in April last year. Total liabilities, \$463,000, declined 42 per cent from March and 48 per cent from April last year if the large firm mentioned above is excluded; but including this firm total liabilities increased 106 per cent over March and 86 per cent over April last year.

### SECURITIES 'RATS' ARE 'LEAVING THE SHIP,' ALLRED SAYS

GOVERNOR CREDITS SECURITIES ACT WITH REDUCING RACKETEERING IN STATE.

Special to The Clarendon News. Kilgore, May 20—"Like rats leaving a sinking ship, the racketeers in securities are leaving Texas," Governor Allred said here in an address before the North and East Texas Press Association recently. "This exodus has been caused by the operation of the Texas Securities Act which went into effect approximately a year ago and has resulted in the saving of millions of dollars to Texas investors. "Mail fraud violators have decreased by 50 per cent, we are

reliably informed," the governor continued, "and indictments are pending against many prominent swindlers. The federal government has convicted several of these high-binders, who were ferreted out by the securities division. The Texas Securities Act has done all and more than we anticipated. The widow, the small business man, the school teacher and thousands of other small investors have renewed confidence in the state to protect them from the depredations of the smooth-tongued swindlers."

The governor called attention to the fact that Texas has long been known as the "end of the crime corridor." The drive against the confidence man has not been as spectacular but equally as effective as against known gamblers and other notorious characters.

The legitimate dealers in securities and oil instruments are supporting the administration of the Securities Act 100 per cent, the governor stated, as is evidenced by the increasing supply

When you buy gasoline you buy liquid power. And power is measured by engineers in terms of lifting. Putting that into a power picture we say one gallon of H-C could lift a 40-ton Brontosaurus 1/4 mile.

In automobile road tests Sinclair H-C Gasoline gave 15% to 20% more smooth power and from 1 to 3 more miles per gallon — compared to 12 other well-known gasolines!

### DROUGHT SECTION TO BENEFIT FROM AAA SUBSTITUTE

#### NEW SOIL CONSERVATION PROGRAM FORM OF CROP INSURANCE FOR FARMER.

Special to The Clarendon News.

Washington, May 17—Farmers in the Southwest and Dust Bowl have been assured by H. R. Tolley, acting administrator of the agricultural adjustment administration, that the Government's new soil conservation program will greatly aid this drought-stricken territory.

Mr. Tolley believes that the program as executed in the dry area of the Southwest will

1. Provide farmers with a measure of crop income insurance.  
2. Increase the supply of food and feed by substituting crops that are resistant to drought for soil depleting gains that are destroyed by dry weather.

3. Conserve the soil by encouraging crops and practices that result in the retention of moisture and protection of the soil from wind erosion.

In the drier parts of Kansas, Colorado, Oklahoma, Texas, New Mexico and other states, approved summer fallow and listing are used to protect the soil against wind erosion and to conserve moisture.

Hence, while summer fallow is ordinarily classified as a neutral land use—that is, as neither soil conserving nor soil depleting—in these areas it may, on recommendation of State committees, be classified as soil conserving, when properly done.

In addition, alternate strips of sorghum and fallow will be con-

### Even Texas Dogs Go High-Hat

Down Dallas way even the pups enter into the spirit of the coming Texas Centennial Exposition, which opens there June 6. Here is Bozette, 7-weeks-old, pedigreed Boston Terrier, getting into the spirit of things by using a 10-gallon hat for a kennel.

### Let's Do Likewise

Clarendon could well afford to take a tip from the Paducah crowd. A little enthusiasm and initiative would do a lot toward bringing the old village to life. We have plenty of advantages here, and we shouldn't be so modest about letting the world know about it.

For instance, we have a first class little junior college here. Why would it not be good business to advertise the college a little more? Why would it not be worth-while to purchase a trailer equipped with a speaking system such as that used by the Paducah boosters? The speaker could be used in tours over the county and adjoining counties in advertising the advantages of the colleges. Band music and programs could be arranged, and presented over the territory from which the college has a right to draw students, and, if properly

considered as a soil conserving practice in designated counties in the dry area if the stalks are left on the land as protection against wind erosion and may be substituted acre for acre to meet the requirements for soil conserving crops.

Other conserving practices approved for the Southwest are planting all the land to sorghum and leaving it on the land; or the restoration of crop land to native pasture if it is contour lined and sufficient natural cover is maintained to insure protection against wind erosion.

County committees will have the authority to refuse to certify payment producers who in their opinion have been so negligent in farming practices that their farms have become a wind hazard to their communities.

The substitution of soil conserving practices for soil depleting acreage would, Mr. Tolley points out, insure some income to producers. This, he added, was a form of crop insurance against continuation of weather which would result in no harvest or very limited yield.

And, incidentally, a speaking system of this sort would be of inestimable value in other undertakings, such as the Centennial celebration which is to be held in Clarendon on July 4.

Mrs. Wm. Gray, Mrs. C. G. Stricklin and Beverly Gray Stricklin visited in Amarillo Tuesday.

Miss Dorothy Blanton of Oklahoma City was a week-end guest in the home of Mr. and Mrs. F. A. White.

### ALLRED TO SPEAK AT KING - COTTLE CENTENNIAL FETE

#### GOVERNOR WILL DELIVER ADDRESS AT PADUCAH THURSDAY, MAY 28.

Paducah, Texas, May 13—Governor James V. Allred has accepted the invitation to appear in person and speak at the Cottle-King Pioneer Jubilee to be held in Paducah May 26, 27 and 28. Governor Allred will address the large crowd who will gather here May 28 at 11 o'clock a. m.

Judge A. J. Fires, who was instrumental in the organization of Cottle County for judicial purposes, will give the response when the Jubilee opens May 26.

Paducah women gather up their skirts of ruffles and frills they rush to the side walks scampering from the men, dressed in regulation cowboy costumes, who ride horseback around the square making preparations for the largest and only two-county Centennial celebration in this section of the state.

Featured entertainment will be rodeos, box suppers, square dances, pageants, and beauty contests. The winner from both Cottle and King counties in the beauty contest will enter the state-wide beauty contest at the Fort Worth Frontier Celebration. Billy Rose, famed showman, postponed the state contest one week in order that the Cottle and King County winners might enter.

Merchants, clubs, and individuals are making arrangements to enter floats in the parades. Seven out-of-town bands will be on hand with visiting delegations from Texas cities.

### "S-Men" Attempt To Halt Speeding

With Department of Safety "S-Men" using high speed automobiles to cope with reckless driving on state highways, another step in the campaign to make Texans safety conscious is bringing results, according to an announcement by L. G. Phares, chief of the highway patrol.

"Chronic speeders, as a result of the new method, will do well to halt this practice," Phares said, "for they will never know until it is too late whether the car they passed at 70 miles an hour contained alert S-men."

### Watchman Killed

Wheels of the engine remained on the service track but the boiler was lifted at a right angle to the wheels. Flying metal was scattered for several hundred yards in all directions and the boiler pop-off valve was located nearly a quarter of a mile away.
