## SCHOOL ENROLLMENT UPPED OVER LAST YEAR'S TOTAL

The enrollment in the Clarendon Public Schools is up this year over the 1946 total by twenty-five students. The total enrollment this year is 724 or that was the count which was made at the close of school Tuesday afternoon. The total last year was 699 students in all departments. This shows a general increase for the past two years as the total in 1945 was 615 students, 109 less than we have enrolled this year.

There were 84 students that enrolled in the Junior College—the same as last year. 157 enrolled in Senior High; 177 in Jr. High and 306 in the Elizabeth Stevens Ward school. This shows the greatest increase of students in the ward school.

The first two days of the week were spent with the enrolling job and straightening out of schedules and Wednesday found teachers and students getting into the regular routine of their year's work.

The enrollment in the college is very encouraging in that the total has held up as good as the previous year, for in 1945 the total was 43. Dean Drennan expressed the belief that it was possible that the college enrollment would grow some yet before the school term got very far along.

### Assistant Coach

**F. L. BEHRENS, JR.**  
F. L. Behrens Jr., son of Mr. and Mrs. F. L. Behrens Sr. of this city, has been named as assistant coach of the Bronchos this year. This is the second year that F. L. has been with the Clarendon School faculty following his discharge from the Air Corps.

### DIM YOUR LIGHTS, EVEN THO OTHER MAN WON'T DO IT

AUSTIN — Dim your lights even if the other fellow is a heel and doesn't dim his—that was the advice today of Department of Public Safety Director Homer Garrison to Texas motorists.

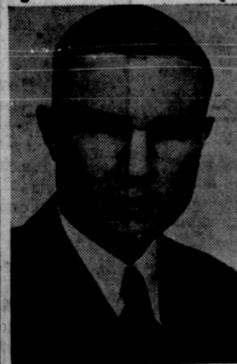

Garrison urged immediate observance of this practice. After Sept. 5 it must be done under the new Uniform Traffic Code, effective that day.

"As for the other fellow who doesn't dim his lights, he'll meet a police car somewhere down the road," Garrison said.

## Baptist Revival Here, Sept. 10-21

The First Baptist Church of Clarendon is to be led in a revival meeting by the pastor, L. A. Sartain, beginning Wednesday, September 10th at 7:45 p. m. Services will be held twice daily at 10:00 a. m. and 7:45 p. m.

Local workers will do the preaching and singing. Mr. W. D. Kidd, regular choir director will

REV. L. A. SARTAIN

lead the music backed by a good choir. Good singing and gospel preaching are the leading features of the services.

People of all churches are invited to attend and share with us the blessings of the Lord.

Mr. Kidd will meet at 7:30 with a group for a Booster Band. This is a time that every child will look forward to with joy. Also at 7:30 young people and adults will meet for prayer services. Every one is invited to all these services.

Mr. and Mrs. E. E. Anderson and daughter Julia Hill left Sunday for their home at Skellytown after a weekend visit with her parents, Mr. and Mrs. Walter Chapman.

## New Traffic Law Just Good Sense

By Col. Homer Garrison  
Director, Department of Public Safety

There is no reason why anyone should be confused by the new traffic safety law that goes into effect Sept. 5. The law itself is long and legal sounding, but boils down to good, sound horse-sense.

We're just getting rid of the old regulations, passed back in 1917 in the Model T days, and bringing them up to date. Ninety per cent of the things required by the new law are already being done by the average good driver—and the other ten per cent are things he knows he ought to be doing but isn't.

In the fewest possible words, here are the highlights of the Uniform Traffic Code, as the law is called:

People walking are required to cross streets and highways at designated cross-walks where these are provided; to use sidewalks where they can, or to walk facing the traffic, on the left side of the road, where there is no sidewalk.

A pedestrian in a cross-walk has the right-of-way over all vehicles. These are the first real pedestrian regulations we have ever had in Texas, and the observance of them will keep a lot of people from "walking themselves to death."

Drivers are required to stay on the right side of the road, with certain sensible exceptions; dangerous maneuvers in passing are outlawed; right-of-way rules are set out; teeth are put into the stop-sign law; the safe manner of making turns and stops is designated, and uniform hand-and-arm signals are required for these maneuvers.

Following radiator-to-bumper is forbidden, and so is racing trains to crossings. Parking on a highway is outlawed except when the vehicle is out of order and can't be moved. Drivers are required to dim their lights 500 feet from an approaching vehicle at night.

Driving while under the influence of drugs is about the same as driving while drunk under the new law, even if the drugs were given by a dentist or doctor.

One part of the law that will make it rough on deliberately dangerous drivers is the new reckless driving clause. As it is now, a man can drive recklessly without violating any specific law, such as speeding, and the officer can't do anything with him. But under this new clause the reckless driver has a special noose to stick his head into.

The code requires every vehicle to have good lights and brakes and a horn. Trucks and busses must also have mechanical signaling devices when they are so built that hand-and-arm signals can't readily be seen.

Anyone who has a highway accident must stop and identify himself, give any help that is needed and immediately notify the nearest Highway Patrol or Sheriff's office. The driver must also make a written report to the Department of Public Safety within 24 hours if anyone is killed or hurt or if damage amounts to \$25 or more.

These accident reports are very important. They are confidential and are not used to get evidence against a driver, but to help us figure out where and when and why accidents are happening, so that whatever is necessary can be done to prevent future accidents—whether the remedy be engineering, education, or enforcement.

All traffic control signs and signals put up hereafter by any city or county or the State Highway Department will have to be like those used in most other states. This is to make it so that a person driving from one city to another, can find his way around without being confused.

Mr. and Mrs. Cap Anderson vacationed in Colorado last week.

## Plenty Hot Here; 104 Wednesday

What is believed to be the hottest stretch of weather ever to be experienced here all in a row has supposedly taken place this week, or at least up through yesterday afternoon with the steaming mercury climbing up to the 104 degree mark, according to the official weather station at the Depot. We had some clouds Wednesday but they didn't seem to help any as the hot wind pushed the mercury up to date. The highest point for the summer. The reading Monday was 102½; Tuesday it dropped a degree to a fraction over 101 and then did the real climbing yesterday.

We have had several days in past years that went over the 104 reading but from all data available, we have never had so many days of 100 degree temperature in a row and especially in the month of September. You can expect most anything to happen during June, July or August but when September comes, we start looking forward to cool, autumn weather.

The weather man at Amarillo predicts another hot one for us today and possibly some relief by Friday. Someone mentioned that a good rain might help the situation, but something like that seems as far fetched as seeing a dozen ears of corn on one stalk.

Both feed and cotton are beginning to show the effects of the heat each day and especially the feed won't be able to stand it much longer. Let's all hope for the best - - and real soon.

### MARTIN FARMERS UNION LOCAL TO MEET

The Martin Farmers Union local will meet Friday night, Sept. 5th. Everybody invited.

Highlights of the program will be the setting forth of the Farmers Union program and a discussion of the Fall activities.

There will be a recreation program following the regular business meeting. There will also be refreshments. Come along and invite a neighbor.

# Twenty - Eight Prospects Report For Football

### BRONCHOS TO ENJOY T-BONE STEAKS

The Clarendon Broncho squad will receive their first treat of the season Friday night when Jimmie Coin, owner of Jimmie's Cafe, will serve hot sizzling T-Bone steaks to the entire group after their night practice session which will be held Friday night also.

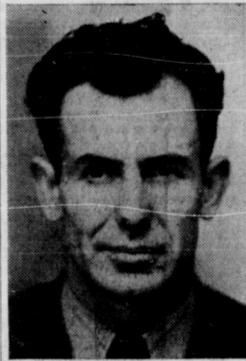

Mr. Coin is a staunch backer of the Bronchos and started out the season last year by giving the boys a steak supper and is following up this year in the same manner. He is also furnishing Broncho car stickers this year. The stickers will carry the complete schedule of the local team and will be in the shape of a football. He had enough of them made for at least one or two stickers for every car in the county if they want them and will be placed in the hands of a number of the school students so they can be passed around.

We think Mr. Coin should be complimented for his attitude toward the boys and our coaching staff, and hope that everyone will get behind the boys and give them the moral support they will need during the season. Season tickets are now on sale at the Whitsell Drug or can be bought from school students selling tickets. Buy yours now and plan to see every game.

### GLENN CHURCHMAN IS NEW POSTMASTER OF PALO DURO

Glenn Churchman was installed as Postmaster at Palo Duro, Texas Wednesday by Post Office Inspector J. W. Huggins. The post office location is at the J. A. Ranch Headquarters and has been under the supervision of Mrs. Will Beverly for a long number of years until her resignation recently.

### HEAD MENTOR

**E. J. MCKNIGHT**  
Coach McKnight is looking forward to a successful football season this year. This is his second year as head coach of the Clarendon Bronchos.

### VETERAN BOND CASHING REASONABLY SLOW HERE

According to reports from other sections of the country, veterans in Donley County were not making a very big rush to cash their terminal leave bonds, in comparison to the other places. Up through Wednesday afternoon approximately \$21,000 worth of bonds had been cashed by local banks.

Many of the veterans cashed their bonds but left the money in their checking accounts; others are using the money to pay past due accounts, notes and several have a better car, appliances and other merchandise in mind.

In general the cashing of bonds here will speed up business a small degree but no great influx will be felt. Many of the veterans are going to hold their bonds in case the Legislature passes a bill during their next session raising the interest rate to 6 percent on these particular bonds. This would make them more money in the long run and the money will probably come in mighty handy later on down the line.

### ALL VA ITINERATE CONTACT SERVICES TERMINATED

All Veterans Administration itinerate contact services, as provided through the Childress VA office, will be stopped effective September 15th, Robert W. Sisson, VA regional manager announced today.

Towns effected by the termination of VA contact services in the Childress area include Wellington, Clarendon, Spur, Memphis, Quanah, Paducah, Crowell, Matador and Knox City.

The Childress VA office will not be closed, Sisson said.

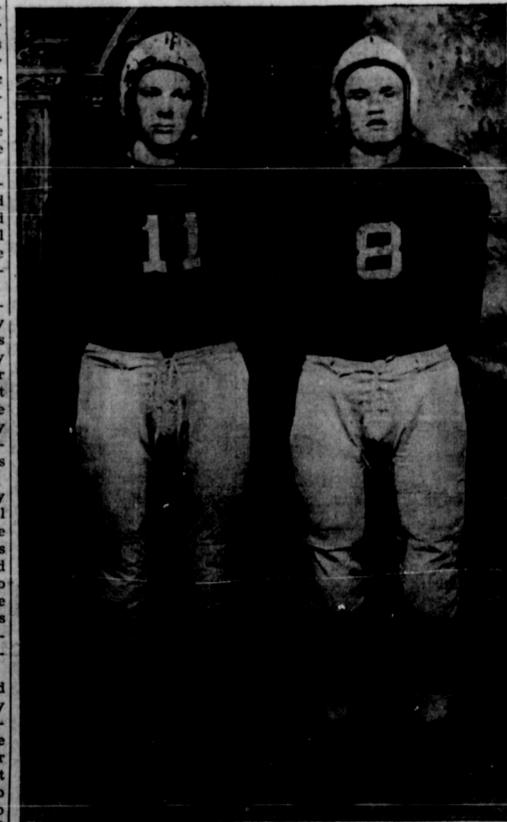

Final visit to Clarendon by Luther T. Nance, VA contact representative, was made Sept. 3.

"It is deeply regretted that itinerate VA contact service to veterans and their dependents in the Childress area must be eliminated, but such action is necessary in order to stay within the 1947-48 budget. No finer cooperation could be expected than has been extended by all the towns in this area," Sisson stated.

Veterans Administration services will continue to be rendered by direct contact at the Childress VA office or by correspondence with the regional office at Lubbock.

George R. Tozer, son of Mrs. W. M. Bearden of Amarillo is enroute to Harvey, N. D. where he will attend Cheyenne River Academy. George is the grandson of Mrs. N. S. Percival of this city.

### Captain and Co-Captain of 1947 Bronchos

Pictured above are two Broncho lettermen who will head the 1947 Broncho Squad. On the left is Billy J. Jordan, Co-Captain and on the right is Gene Bulman, Captain.

Coach McKnight reported yesterday that twenty-eight boys had been reporting for football training this week and from all indications would really be in there hustling and sparing for first string positions on the Broncho squad.

There are from two to eight boys lining up for practically all positions on the team, and should create much more playing spirit among the boys when they know there is someone else that can amply fill their position. The way it looks now, a rough and well-conditioned Broncho team of around 170 pound average will take to the field for their opening game Friday, Sept. 12 with the Lakeview Eagles.

In addition to a fine bunch of boys reporting for practice this week, the Bronchos were given additional strength by the addition of an assistant coach in the person of F. L. Behrens, a former outstanding Broncho player of several years ago. Mr. Behrens will combine his coaching duties with his instructor's position in the High School. While playing with the Bronchos, Behrens was an outstanding end and can well be remembered all over the district for his ability to fill that position. He will be able to take over part of the heavy load that McKnight had to carry alone last season.

The Bronchos are on the practice field every afternoon at 2 p. m. If you want to see what they look like, they will be out for a practice under the lights Friday night.

Those reporting for the squad are as follows:  
Capt. Gene Bulman, co-captain, Billy Jack Jordan, Jimmy Jenkins, Wayne Lowe, Floyd Henson, Jerry Phillips, Ray Heckman, Goats Christl, Tommy Selman, Jimmy Bullock, Gene White, Ray Morris, Wayburn Wilson, Rex Bradford, J. P. Carille, Bob Clifford, Theo Risenhover, Walter Warner, Bob Beard, Tommy Heatherly, Travis Mulanax, Howerton Clement, Ralph Nichols, Durwood Skelton, Odell LaGrone, Melvin King, Red Carter and Joe Dilli.

## First Broncho Game Friday Sept. 12th

The Clarendon Bronchos will show their new uniforms here the night of Friday, Sept. 12 when they meet the Lakeview Eagles in the first game of the season and the boys already have that pep-up feeling that they are going to win.

Very little has been heard in regard to the visiting team, but the Eagles have never been an overly easy push-over and usually have some mighty good men to watch and respect throughout the entire game.

Coach McKnight hasn't made much comment on the game to date as the locals are just now beginning to show themselves well enough to make positions and none of them are certain as there is much more competition this year and the boys who get to play will be the ones who hustle the most.

Make your plans now to see this game and get behind the Bronchos. Let's have the biggest turn-out in years and then stay with the Bronchos all the way through their schedule. You may give your money and buy tickets, but you can't really feel that you are backing the boys unless they can see and feel your presence at the game.

Mr. and Mrs. R. S. Brumley and Buddy are on a business-pleasure trip this week to Dallas, Houston and other points.

### CLARENDON BASEBALL TEAM WINS ONE, LOSES ONE

The Clarendon baseball team was the victor in a heated game here Sunday afternoon with the Amarillo superior team. The superior team. The score was 11 to 8. The locals turned in a very good game although the weather was hot also with the mercury hanging around the century mark.

Tuesday night they ventured to Memphis but were defeated down there 28 to 14. They were leading in the sixth but dropped far behind in the last three when a change in pitchers was made.

Mrs. Ernest Hunt is at Temple for medical checkup.

TO THE ADDRESSED ASSOCIATION:  
IN RE: Free Ambulance Service

Numerous complaints have been coming into this Department with reference to free ambulance service being given by funeral homes who are operating burial associations or other mutual assessment companies in conjunction with a funeral home.

Your attention is called to the several Board Orders previously issued advising the associations that it is against the law for the associations or their agents to give free ambulance service as an inducement to sell insurance or collect premiums. The associations giving free ambulance service are advised that it is almost an impossibility to draw a line for such services between members and non-members; therefore, it is requested that all funeral homes connected with such companies discontinue the giving of free ambulance service.

Should the association or other mutual assessment companies have further complaints filed against them the burden of proof will be placed on the company or association that such service is not being given as an inducement to sell insurance or to collect premiums. If such evidence is found against the parties complained of, the Board of Insurance Commissioners will be requested to cancel the certificate of authority for the companies operating in the State of Texas.

We dislike to take the above attitude in enforcing the law; however, it is becoming necessary through the many complaints being filed that definite steps must be taken to curtail such practices and your immediate cooperation is solicited.

Very truly yours

George B. Butler, Chairman  
Board of Insurance Commissioners

## BEVERLY—SEEDS

Miss Elizabeth Ann Beverly, daughter of Mr. and Mrs. W. C. Beverly and Charlie Seeds, son of Mrs. W. M. Castleberry of Pampa, Texas were married at 2:30 Saturday afternoon, August 30th in the home of Mr. and Mrs. Walter Taylor, uncle and aunt of the bride.

Rev. L. A. Sartain, pastor of the First Baptist Church, read the double ring ceremony. Miss Mary Howren played the wedding march.

Vows were exchanged before the fireplace banked with pink and white dahlias; fern and white candles in branched candelabra decorated the mantle.

Mrs. Mary Nell Johnson attended the bride as matron of honor. Bill Lowe served the groom as best man.

The bride wore a white crepe dress with matching gloves and a white halo hat, and carried a corsage of orchids.

After the reception the couple left for a trip to Denver. The couple will make their home in Amarillo.

Both the bride and bridegroom attended West Texas State College at Canyon.

## WILSON—WINTER

Honeymooning at their mountain home, Winterhaven, until Sept. 1 when they will be at home in Cardiff-by-the-Sea are Ray E. Winter, administrator of schools in Encinitas, Calif. and his bride, the former Frances Perry Wilson of Clarendon.

The bride, who has been making her home at Alhambra, Calif. with a sister, Mrs. Elizabeth Hanks, was attended by Mrs. Robert H. Hicks when she took her vows Wednesday evening at the First Methodist Church. The Rev. Vincent Nubling, asst. pastor, solemnized the double ring ceremony before 60 guests.

Tall white tapers and baskets of white dahlias and gladioli were placed at either side of the altar where the ceremony was read and Frances Chatem played appropriate organ music softly as a background to the vows.

Mr. Hicks was best man. Ray W. and Paul Winter, sons of the bridegroom, ushered.

Pat Hanks, niece of the bride, lighted the candles.

The bride was gowned in a dusky rose dinner frock and had a corsage of rosebuds and stephanotis. Mrs. Hicks gown was fashioned in an identical pattern and she carried a bouquet of rosebuds. A reception followed in the patio of the church.

## FELLOWSHIP DINNER

There will be a Fellowship dinner Tuesday night, Sept. 9th at 7 o'clock in the basement of the First Christian Church. Everyone is cordially invited. Bring a covered dish.

### DOVE HUNTING REPORTED GOOD THIS YEAR

According to most hunters who have already tried their skill, the doves are plentiful this year but are already beginning to get wild and accustomed to the sound of shot guns.

Practically everyone who has been out has bagged their limit with very little effort. There seems to be a very good crop of young doves and they are mighty fine eating at this time.

The hunter is reminded again that the bag limit is 10 doves a day, and they may be taken only with guns no larger than a 10 gauge. The hunter is also reminded that only the dove season is open and to leave the quail alone as the crop seems very short this year and most coveys seen are very young or second crop birds. The early hails and rains apparently cut the quail crop very short.

## Veterans News

Military personnel being separated from the armed forces may use their terminal leave orders as a basis for obtaining a temporary six month certificate of eligibility for education or training under the GI Bill, the Veteran Administration has announced.

Under the new plan, if the applicant's orders reflect at least eight days of terminal leave, it will not be necessary for VA to check his service records to determine eligibility before authorizing matriculation in an educational institution or training establishment. However, these applicants are not eligible for subsistence allowance until they have been discharged formally, VA said.

The temporary certificate of eligibility will be replaced by the regular forms after the veteran's exact period of entitlement has been determined.

Nell Bentley spent the weekend visiting relatives at McLean.

Mrs. J. H. Howze and Jimmy are in Dallas for a few days.

Mr. and Mrs. Pete Morrow spent Sunday with his parents, Mr. and Mrs. Walter Morrow.

**CHANGES IN TITLE AND REGISTRATION LAWS AFFECTING OWNERS OF MOTOR VEHICLES**  
**AUSTIN**—Changes in title and registration laws made by the Fiftieth Legislature will sooner or later affect all owners of motor vehicles, Texas Highway Department spokesmen say.  
 A number of these new laws become effective September 5th. After that date, for example, the Texas Highway Department will be required to charge a fee of \$1.00 for assigning to new or reconditioned motors. A similar fee was ordered for serial num-

bers on house trailers.  
 The growing practice of installing new and rebuilt motors, some bearing no identification number, demands a strict accounting of both motor and serial numbers on vehicles to assure valid titles in the name of rightful owners.  
 New laws outline a procedure giving maximum protection to legal owners of all motor vehicles. When motors are exchanged, the vehicle owner must apply promptly to the Texas Highway Department for a correction of his certificate of title. Otherwise the title to his vehicle is clouded because its motor number does not correspond to his title, an awkward situation to handle when he tries to sell his car.  
 If the new or reconditioned motor bears a manufacturer's number, it should be used. If it is blank, as many are nowadays, the purchaser must apply direct to the Texas Highway Department at Austin for an assigned number. Forms for this application may be obtained from any County Tax Collector's office. It is illegal to stamp any number on a motor other than a number assigned by the Highway Department.

A new service has been provided for Texans who wish to take delivery on a new vehicle at the factory or from a dealer in another State. Temporary license plates for the exclusive use of buyers while driving their new car back home are now issued under another of the Fiftieth Session's new laws.  
 Suggested by Highway Department officials for the convenience of purchasers wishing to drive their new car back from the factory, the new law eliminates many thorny legal technicalities formerly incident to the practice. Temporary plates, good for thirty days, can now be secured without delay at the County Tax Collector's office, and carried to the factory or other out-of-State

delivery point. The owner may secure certificate of title to his new car and regular registration plates after returning to Texas.

# PEWIN' Out the CORNERS

By Uncle Zeb

Don't forget to read your Farmer-Stockman this month, especially page 70, and above all else read the Editors note at the top of the page. You the Readers are the jury, and the Editor is the Judge, and Uncle Zeb is on trial. Poor me.

Too soon, and before I was ready for it, our trip was over, and we are back on the old jobs. It was a great trip, and we had a grand time, and before I forget it, not that I ever will, Mama's rela-

tives were swell. How they begged us to stay longer, and how they heaped the ham and eggs and ice tea on the table. I won't ever hesitate again to plan my trip so I can visit some of the kin-folks along the way, especially Mama's. They were swell. If it hadn't of been for the creeks, and the night air, and the camp fire meals that were calling me I could have stayed the whole time with them. But if there is any thing better than bacon and eggs and potatoes cooked on a campfire, and coffee made in a can on the coals I don't know what it is. So, more power to all of Mama's relatives, and to the few other people in the state of Oklahoma that she does not claim kin to, more power to you, too.

Someone told me this: that when the Lord made the World, and was almost thru, that he had a lot of odds and ends left, so he rolled them all up together and

called it Oklahoma. Anyway, if he did he sure had some good odds and ends left. Such beautiful mountains, tempting shade trees, and creeks with swimming holes that no West Texas boy could resist. If I hadn't already promised to love West Texas better than any other place in the world, I think I could have fallen in love with Mama's home state. Anyway, I am going back next summer and see the rest of it.

Mama visited the old house, that she grew up in, and the old school house. We drove down the lanes where she used to walk and dream of her future, and of her tall dark and handsome. I wondered how I looked by the side of those dreams, but I was afraid to ask. One of her old girl friends joined us and together they visited all the old spots that held memories for them, also several old friends that were still there. When Mama looked at the old home she said, "My, but it is run-down", and before I thought I said that if she had not of had any paint on her in a quarter of a century, she would look bad too. Of course I didn't mean it, and I shouldn't have said it, and of course I won't ever say it again, I hope.

The high point of the trip was a short visit with one of Mama's teachers. He is one of the sweetest persons that I have ever met. It would take a whole column, maybe more, to tell about him and his sweet wife. If I can put it into words that seem to do him justice I may tell you about him later. Anyway, he was just the kind of a man that any of us would have liked to have had for our teacher. It was worth the trip to talk to him three hours. There are reasons why we are a great nation,

## What's In a Name? - - Maybe \$7,500

August, it would seem, was "mystery month" for Elsie the Cow, whose Clarendon representative is "Pinkey" Vineyard, General Manager of The Borden Comp. During the first weeks of August, he mystified his fellow citizens by refusing to tell the secret the famous Jersey cow was keeping. Now that the news is out - - that she's become the mother of a bull calf - - Mr. Vineyard says the calf's name is a mystery.

But this is one he can't solve. As a result, Elsie and her sponsors are offering a total of \$25,000 in hundreds of prizes to find a name for the newcomer. For the top prize for the top name, Elsie has set aside the sum of \$7,500. Anyone in the country except Borden Company employees, their families and Borden advertising agencies may enter the contest to find the name that will fit the bill - - or bull. The deadline for entries is October 31st, at which time they must be on their way to contest headquarters.

### FUNERAL SERVICES TODAY FOR DAUGHTERS OF HEDLEY RESIDENT

For two of the three victims of drowning at Buffalo Lake Monday night—Lola Lorene Bevers, 23, and her sister, Janie Arlene Bevers, 21—funeral services have been set tentatively for 3 o'clock Thursday afternoon in the First Baptist church at Memphis.

Burial will be in Lakeview cemetery under the direction of Womack Funeral Home of Memphis.

Natives of Lakeview, the sisters had lived in Amarillo about six years. They made their home at 1610 Hayden. During the war, they worked at Pantex. At the time of their death, Lola Lorene was employed by Coca-Cola bottling plant, and Janie Arlene was employed by Stubblefield department store.

They are survived by their parents, Mr. and Mrs. J. L. Bevers, Hedley; seven brothers, J. C., U. S. Army, Arthur L., Santa Maria, Cal., Glenn R., U. S. Navy, and Joe, Leon, Roy H. and Lewis all of Hedley; and one sister, Mrs. Carl Mosley of Casper, Wyo.

Those attending the singing at Goldston Sunday afternoon from Clarendon were Mr. and Mrs. Neely Hudson, Mr. and Mrs. Payne, Mr. and Mrs. Clyde Hudson and Mr. and Mrs. G. R. Grant. They reported a very good singing.

A. B. Bynum was here Monday from Lelia Lake attending business matters.

## New Wrestlers To Invade Ring At Memphis Sept. 12

Two new grapplers visit Memphis Friday night, Sept. 12 in the high school gym in an attempt to tame two mat villains who win either with "Pearl Harbor" attacks or through disqualifications.

Ken Mayne, sensational Salt Lake City 184-pounder, has specifically asked for Sailor "Tex" Watkins of Post City who tips the scales at 192 pounds of meaness. This match will be the final of two main events.

The first major attractions finds Al Getz, Southwestern Junior Lighthouseweight champion meeting Ray "Big Train" Clements. Al is the pugnacious Dutchman from Pittsburg and "Big Train" now calls Lubbock

his home. Getz weighs in at 192 pounds while the locomotive-acting Clements hits the 194 pound mark. Both grapplers being willing to make 195 pounds at ring-side.

Advance ticket sales are being handled through the Memphis Chamber of Commerce, P. O. Box 1080, Memphis, Texas. All proceeds go to financing the Oct. 3-4 Carnival expenses.

Donley County Leader, \$2.50 year
