Ruling Enables State To Keep Palo Duro Park

AUSTIN — Atty. Gen. Grover Sellers recently approved a compromise agreement under which the state may retain beautiful and unique Palo Duro State Park near Canyon.

Under the agreement an indebtedness against the park, which had mounted to approximately \$600,000, will be reduced to \$300,000 and the interest rate from 6 to 3 per cent.

The Commerce Trust Company of Kansas City, which holds mortgages and a vendor's lien on the park, had planned foreclosure proceedings July 2, but withheld them until the Attorney General could rule on the legality of the agreement reached with the State Park Board.

The state board acquired the park in 1933. First-mortgage notes became due and went unpaid last November.

The only funds available to make payments on the property come from one half of the income from a charge for admission to the park.

In ruling on the opinion sought by Raymond Dillard, Mexia, chairman of the parks board, Sellers said the board has the legal right to accept a reduction in the principal and interest on the property and extension of the due date.

He designated the park board as the proper authority to make such an agreement and to be liable to pay such indebtedness out of rents, revenues and other income received from the park.

Palo Duro Park is one of the most unique and popular parks in Texas. In May 7,068 persons visited the park, the third largest number in any state park recreation ground. The park includes acreage on both sides of Palo Duro Canyon.

CANDIDATE RALLY AT GOLDSTON FRIDAY NIGHT

Well, those Candidates are in for another good time this Friday night when they gather at the Goldston School house to tell the fine folks out there what fine office holders they would make.

Those in charge state that there will be plenty of pie and that it would be sold by the slice and not auctioned. Everyone is invited, especially the candidates.

LOIS ANN McDANIEL BURIED HERE SATURDAY

Graveside services were held at the Citizens Cemetery last Saturday for Lois Ann, infant daughter of Mr. and Mrs. J. H. McDaniel of Lubbock and granddaughter of Mr. and Mrs. Homer Taylor, Rev. Chas. Robinson officiated.

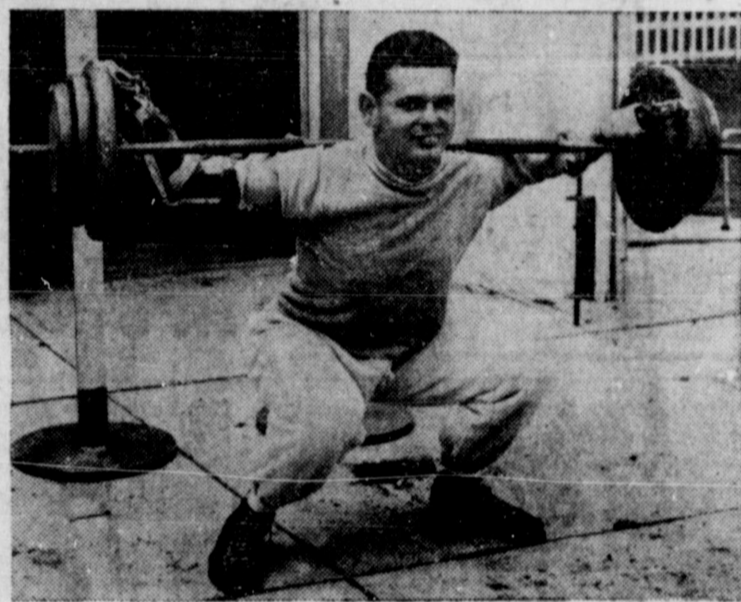

Lois Ann was born July 10th. Surviving besides her parents is one brother Stanley McDaniel.

Substantiates Hunters' Stories

Whether they'll be willing to stalk the wary elk, moose, or mountain goat next fall—after looking into those big brown eyes during the intervening months—is only of slight future concern to these two Seattle student taxidermists. Now Neil D. Roseboom (left) and Jack Allison are helping substantiate last season's story. Both are receiving practical instruction in the art through the Veterans Administration's on-the-job training program.

Drives Truck, Runs Cement Mixer

John Novak, shown driving a truck and getting a bit of exercise with an 180-lb. bar bell, is an active member of a Cleveland cement contracting firm formed last spring by the ex-Tech, Sgt. and his brother-in-law. The firm now boasts a pay roll of 10 and a 6-week work backlog. Formerly with the First Ranger Battalion and a Silver Star winner, Novak lost both arms in an antipersonnel mine explosion at Anzio. He has mastered manipulation of the artificial arms, operates the firm's big mixer, and sometimes drives a truck.

Local And State Politics Warming Up As Voting Date Nears—July 27th

Local politics as well as state politics are beginning to warm up some as the first primary voting date grows nearer.

The Governors race is the only state office which is drawing much fire and interest. Dr. Homer P. Rainey seems to be the main target of the other four leading candidates, and Beauford H. Jester seems to be second in the lambasting with the other candidates attacking each other at most every turn.

According to street talk here, Rainey, Jester and Sadler are the top runners, and it is a close question as to whether Jester or Sadler will be in the run-off with Rainey.

In local politics the Sheriff's race seems to hold top place with three strong candidates vying for the lead. Sheriff Wright is out for re-election and is opposed by Colie Huffman and Carroll Lewis.

The next in line is the County Treasurer's office with three candidates also. They are Mrs. Florence Jones Hester, Mrs. Tom Crabtree and Miss Jessie Cook.

They are having a good hot race down around Hedley in Precinct 3 with four candidates jumping the lister rows soliciting votes and influence. They are R. O. Kelley, Clyde Bridges, Winfred P. Doherty and J. A. Tollett.

The only other county positions being contested is commissioners in precinct 2 with C. L. Thomas and J. R. Bulls in the running, and precinct 4 with Geo. Preston and Edd Mooring, and Precinct 1 with L. P. White and Floyd Croford as candidates.

There has been some confusion among veterans as to their rights to vote this year. Here are a few pointers that might help out some. If you are 21 or over and have been discharged not more than 18 months prior to July 27, 1946 you are entitled to a free vote.

If you are in the class above, have exemption or paid your poll tax, the main thing is to make your plans now to go to the polls and vote. It is your right and your duty, for it is you who says who your next public officer holder should be. Vote for the one who you think is best qualified for the job.

MUSEUM TO BE OPEN THIS SUNDAY

Miss Mary Howren has announced that the Donley County Museum will be open this Sunday, July 21st from 3:30 to 6 p. m. Anyone is cordially invited to drop in and see the display.

Mr. and Mrs. Redell Henson and Chauncey Hommel and Geraldine Hommel visited their aunt at Dallas the weekend.

Canning Center Opened Tuesday

The Clarendon Canning Center located at the Clarendon Junior High School building opened Tuesday of this week with Mrs. J. C. Christal in charge. Several people have already taken advantage of the plant and are putting up their surplus foods grown in their gardens. The facilities of the canning center will accommodate a large number of people and everyone is urged to do part of their canning now so that there will be no overloading at a later date.

Mrs. Christal will act as supervisor of the plant which is open to the public on Tuesdays, Thursdays, and Fridays until school opens in September. The canning center is sponsored by the State Board of Vocational Education through the local Vocational Agriculture department. It offers a well equipped canning room, with a large number of pressure cookers, meat and vegetable grinders, tomato juicers and other valuable equipment.

Our government officials are urging everyone that can, to take advantage of the local canning plant as all indications point to much higher prices and the U. S. is being called upon to help feed a major portion of the world which may cause a shortage in many items.

The use of the canning equipment is free of charge for those wishing to take advantage of this service and you should contact Mrs. J. C. Christal and arrange for a schedule when you see that you are about ready to do your canning.

MARTIN COMMUNITY NETS \$118 FROM RALLY

The Candidate Rally at Martin last Friday night netted \$118 which was paid in by candidates and others taking in the gala affair. There was plenty of ice cream and pie for everyone and some of those good pies brought as high as \$5 each.

Those in charge wish to express their thanks to the Borden Company for the ice cream and to Auctioneer Putman for his fine piece of work and also the boys who furnished the music.

The children in that community will enjoy the play ground equipment for many years as the entire \$118 will be spent just for that purpose.

Hottest Day Here Sunday

Clarendon had a scorching day here Sunday with the mercury reaching the 107 degree mark, according to a report from the Airport weather station. The temperature has been coming down a little all week though with 105 on Monday, 101 Tuesday and 100 Wednesday. Some think there might be a possibility of a norther by the end of the week with at least a 95. We weren't so bad off Sunday though. Electra had the top for the state with a warm 114.

In some spots over the county crops are suffering from the heat and hot winds, and some corn patches are already burned up. If we don't receive some moisture pretty soon, most all crops will begin to fire up.

Mrs. Julia W. Stamper of Big Springs, Texas and her daughter, Mrs. Sam Collins and son of Whitesburg, Ky. have been visiting in the home of Mr. and Mrs. Fred Whitaker east of town. Mrs. Stamper is a sister of Mr. Whitaker.

Charlotte Ann Merchant left for her home at Dallas after spending her vacation with her grandparents, Mr. and Mrs. Cal Merchant.

Mr. and Mrs. F. G. Patching have for house guests this week their nephew and wife, Mr. and Mrs. Donald G. Luke of Dallas.

Revival Meeting To Start at First Christian Church

THOMAS A. GRAY Evangelist

Bedford W. Smith, minister of the local First Christian Church, has announced that a Revival Meeting would start at his church July 28th and would continue through August 11th.

Thomas A. Gray, Evangelist of Coleman, Texas will do the preaching and comes here highly recommended for his ability as a speaker. They will also have special music with the Gospel. The services will be held daily at 10 a. m. and at 8 p. m. A warm welcome awaits you at this meeting and everyone is invited.

Local Lions Enjoy Chicken Barbecue

Over a hundred Lions, their families and guests enjoyed a delightful chicken barbecue at the Country Club Tuesday evening.

The affair has become an annual event with the club and each year it seems to get better and better. Flip Breedlove was in charge of the barbecuing and did a very excellent job with a large number proclaiming that it was the best barbecued chicken they had ever tasted. Flip had a number of faithful helpers who were busy all afternoon seeing that everything went off alright. Besides the chicken, they prepared a large pot of red beans and a pot of stewed prunes and last but not least those good old sour pickles and onions.

NEW LEGION OFFICERS INSTALLED HERE TUESDAY NIGHT

The newly elected officers for the local American Legion post were installed Tuesday night. Past Post Commander Andrew Jay swore the new officers into their duly elected offices.

Those sworn in were Post Commander, R. S. White; Vice Commander, Homer (Flip) Breedlove; Adjutant, Mike McCully; Chaplain, Rev. Charley B. Robinson and Sgt.-at-Arms, Harless McMahan.

LOCALS DEFEATED BY AMARILLO TIMES TEAM

The Clarendon Dodgers were not quite slick enough to squeeze by the Amarillo Times boys from Amarillo last Sunday, and were defeated in a hotly contested game by a score of 13-8.

Lee Head made his first appearance on the mound for the Dodgers and pitched a splendid game. He was relieved in the 7th inning by Roy Blackman who finished up the game in good style.

Mr. and Mrs. D. F. Wadsworth and sons Dean and Douglas left Tuesday for a vacation trip in New Mexico and Colorado. I. J. Dial from Channing is working in his place while he is gone.

CITY OFFICIALS REQUESTING ALL DOGS BE VACCINATED

HALF-GROWN COTTON BOLL BROUGHT TO LEADER OFFICE

W. V. Bain and son W. V. Bain Jr., partners in the farming business in the Lelia Lake community, brought a specimen of their cotton crop into the Leader office last Thursday morning in the form of a half-grown cotton boll.

Mr. Bain stated that they started out with 30 acres of the early cotton, but 22 acres were hailed out at the same time that Clarendon received its destructive hail. Anyway, they still have 8 acres of the early cotton and the bolls are uniform throughout the field with the plants well loaded. Their farm is located 4 1/2 miles east of Lelia Lake.

Dodgers To Meet Quannah Nine Next Sunday

With a defeat in mind, handed to them by the Amarillo Times team last Sunday, the local Dodgers will venture to Quannah next Sunday with the intention of winning the game.

At least four cars are needed to help carry the players to this game and anyone who can go and furnish a car is asked to get in touch with Bill Adams. All expenses will be paid on your car for the trip. They plan to leave about 11 a. m. Sunday.

All other fans are asked to get together and go along and let the boys know you are behind them all the way.

HEDLEY LIONS CLUB INSTALL NEW OFFICERS

R. E. Drennan, Dean of Clarendon Junior College, installed the new officers of the Hedley Lions Club at last week's meeting. Officers installed were Chas. Rains, President; Alva Simmons, Otis Owens and W. P. Doherty, Vice Presidents; Edward Boliver, Sec. Treas.; Leonard Chessier, Lion Tamer, and W. C. (Bill) Johnson, taitwister. New directors installed were Clyde Bridges and Hobart Moffitt. The holdover directors are Roy Jewell and W. M. Pickering.

The report for the year was good, financially and otherwise. The club started the year with 51 members and ended with 94. Leon Reeves is the retiring president.

City officials are recommending that all dog owners vaccinate their dog or dogs for Rabies right away so there will be no spread of the disease or future cases. They are also asking that you pen or tie your dog up until further notice as you stand a chance of losing your dog if it is turned loose to roam over town. The City Marshall has been instructed to pickup any and all stray dogs that are not wearing tags and any other dogs that look the least bit sickly or affected by the weather.

They are also asking everyone to report stray dogs in their vicinity to the city hall and Mr. Brown will pick them up and do away with them.

The city officials feel that all the dogs in town are not worth the chance of losing a human life, and if every precaution is not taken toward the prevention of Rabies, more strict regulations will be enforced.

A veterinary will be here this Saturday from Memphis strictly for the purpose of vaccinating dogs, and you can get in touch with R. T. Brown, City Marshall, and make arrangements as to time, etc., if you want your dog vaccinated at that time.

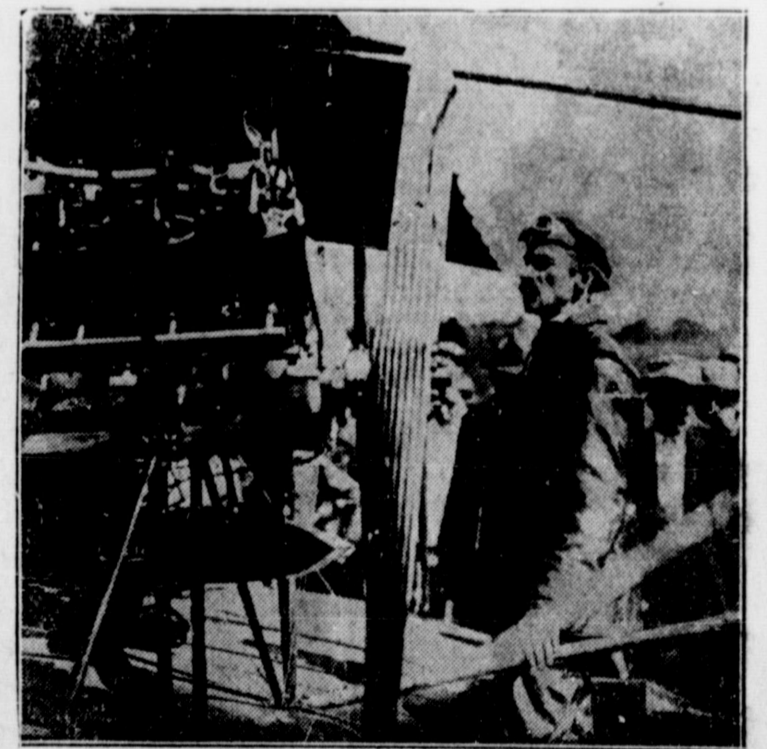

Swine Breeders' Directory To Be Issued By Ass'n.

The first official Texas Swine Breeders' Directory will be published and made available by this fall, members of the education committee of the Texas Swine Breeders' Association revealed Thursday morning during a meeting of the group at the St. Anthony Hotel, San Antonio.

The directory will furnish the names of all purebred swine breeders in Texas, Ray W. Wilson of Dallas, chairman of the education committee, announced. In addition, the publication will contain valuable information on the effective production of pork, he declared.

Plans for publication of the directory were completed by the committee during this meeting. Following the session, members of the group were guests of the farm and ranch committee of the Chamber of Commerce at a luncheon in the Gunter Hotel.

E. S. Ballew, former president of the Texas Swine Breeders' Association attended the meeting from here.

AIRPLANE MOTOR 1910 MODEL—Glenn H. Curtiss is shown inspecting the 50-horsepower engine of his pusher biplane while it was being refueled near Poughkeepsie, N. Y., on the one stop made in his historic flight from Albany to New York on May 23, 1910.

As a large crowd cheered the Curtiss take off, a special train started a race with him on the New York Central railroad. Curtiss, flying at 500 foot altitude, pulled away from the train. Then, he slowed down, and flew over the river alongside the crowded special for miles. After landing in a field near Poughkeepsie and refueling, Curtiss flew down the river to the northern tip of Manhattan, where he landed again. From there he flew on around the Statue of Liberty and to Governors Island.

THE TEMPLE OF TRUTH
By the Apostle

OH, LORDY!

When I inquired of a lady Monday as to what had become of her husband, not having seen him for some time and thinking, perhaps, he was ill, she frowned and said: "You go down to Johnson Lake and when you find a fishline with a worm on each end, the biggest worm is my husband!"

CHANGING WORLD.

A lot of folks are using their differences on OPA discussion for pastime. Those who never want it back are saying that OPA has become OPU.

SOLACE.

If you are right, you don't need

to argue. If you are wrong, it won't do any good.

COMPARISON.

A man may have more courage than a woman, but he doesn't show as much backbone.

THE REVIVAL.

"In times of trial" said the preacher, "what brings us the greatest comfort?" A wopish looking guy on the back row rose up and shouted: "Acquittal!"

UNNECESSARY.

When an Amarillo lady went to buy her dog a drinking trough, the clerk showed her a fancy affair with the wording "For The Dog." "It isn't really necessary to get one with that sign on because my husband never drinks water and my dog can't read."

DUMB-MINDED MEN.

Men will never get the gals

figured out. First they wanted sheer stockings to look like bare legs. When they could get no stockings, they painted their legs with a smear of cressote to make them look like they had on stockings.

HAIR-BRAINED.

By the time you read this, the Old Apostle will have crossed the line into Mexico for the 45th time, on a rock hunting trip. It is great to get away to the solace of a desert where one hears nothing and sees about as little change as anywhere on earth. Just rocks and canyons. Then back up north to the high mountains where frost is seen on the car top every morning in July. Tell you more in about two weeks.

Roy V. Short arrived home the 10th with a discharge after spending 2 years in service, of which 7 months was spent in E.T.O. theater. He is the son of Mr. and Mrs. John Short.

Manufacturers Hit By Ruling

To prevent hoarding at the factory of scarce household appliances and other goods in hopes of higher prices, the civilian production administration Wednesday clamped stern inventory controls on manufacturers.

The anti-withholding order limits to a supply of 30 days or less the stocks of nearly a score of finished products which may be held in factories or warehouses. The rest must be moved to market.

The goods affected include furniture, refrigerators, washing machines, electric ranges, sewing machines & photographic equipment and some building materials.

Simultaneously CPA tightened its control on the supplies of 27 materials and parts which manufacturers may keep in inventory. This is to prevent firms from buying them up and holding them as a hedge against rising raw materials prices.

"What we are after is to see that scarce materials go to the manufacturer whose finished products go immediately to the consumer, rather than to those who plan to withhold manufactured products awaiting possible price increases," said CPA Administrator John D. Small in a statement.

The order specifies that a manufacturer may not hold an inventory more than 30 days' output of his goods, or not more than a "practicable minimum working inventory," whichever is less.

"This means that if a manufacturer now has an excess inventory of any of the listed manufactured products, he has the choice of either increasing his sales or curtailing production," Small explained.

Manufacturers have until Aug. 15 to bring their inventories into line with the new ruling, which was issued as an amendment to priorities regulation 32.

Mr. and Mrs. Lu McClellan Jr. of Los Angeles, Calif. are visiting relatives here and also at Shamrock.

Deadline Nears For Mowing Sagebrush

Mowing sagebrush has become an increasingly popular practice in North and West Texas, and stockmen should mow it immediately for best results.

The U. S. Southern Great Plains Station at Woodward, Okla. has advised county agent H. M. Breedlove that they have been conducting date-of-mowing tests for nine years now, and recommend mowing during late June and early July. At that time sagebrush roots have less food stored in them.

Studies show that mowing of sagebrush for two successive years, when combined with deferred grazing from June to September, has these advantages: 1. Most of the brush is killed. 2. Other weeds are controlled. 3. Vigor of the surviving is reduced. 4. Vigor and stand of grass are doubled. 5. Carrying capacity of the pasture is increased 80 per cent. 6. Gain of yearling steers is increased 16 per cent—336 pounds on mowed pasture and 306 on unmowed. 7. A better grade of feeders is produced.

Heavy duty power take-off mowers with a five-foot cutter bar are used for the first mowing, and a six-foot cutter bar is used for the second mowing. For the second year's mowing the brush is cut in a direction opposite to that of the first cutting.

Mr. and Mrs. Geo. Norwood and daughter Elise visited relatives at Masquero, N. M. last week.

FIRE DESTROYS FARM HOME

Fire of undetermined origin burned the house and all contents of the J. R. Parker home Wednesday night. The house was located 2 miles north of Hedley.

There are eight children in the family and they are badly in need of clothing as well as other household effects. The children range in age from 2 years to 14 years and there are four girls and four boys.

Mrs. Allen Jeffries is asking for help again so if you have any clothing, furniture, cooking utensils or anything else that these people could use just call Mrs. Jeffries and she will see that they receive them right away.

Mr. and Mrs. R. W. Moore returned home today from El Paso. Mrs. Moore has been ill there for some time, also Mr. Moore, but both are sufficiently recovered to move to their home in the former Clifford apartments. They were accompanied home by their son, Rex, who will visit here.

Mr. and Mrs. Willard (Joe) Boss are spending their vacation in Colorado.

Mr. and Mrs. Harry Blair were in Childress Wednesday. Harry attended to business while Mrs. Blair visited Mrs. Will Lott.

Virgil Merchant has gone to Houston to see a bone specialist. His shoulder is giving him trouble.

Mrs. Ancel Barton and children from Houston are visiting Mr. and Mrs. Frank Barton.

Helen and Jean Porter are visiting their aunt at Nashville, Tenn.

Mr. and Mrs. Robert W. Boston of Amarillo have been visiting here this week.

Dr. and Mrs. H. R. Beck have returned home after a visit in South Dakota and Minnesota.

Mrs. Don Martin of Amarillo visited her mother, Mrs. Lola Barns Tuesday.

Jack Semrad visited his sister, Mrs. Calvin Dorman at Amarillo last week.

J. L. Naylor and children from Conway spent the weekend with relatives. They went on to Carlisbad to visit Mr. and Mrs. Earl Naylor and to see the Caverns.

Mr. S. C. Bell visited his son and family at Panhandle Wed.

An old Texas cowboy went to a hotel and registered for the first time in his life. Asked if he wanted a room with running water, he replied: "Hell, no! What do you think I am, a trout?"

Some people get the idea they are worth a helluva lot of money just because they have it.

Some girls can make a fool out of a guy in two minutes—but aah! those two minutes.

Details will be sent out to all members and any other interested persons. The United Church Service Center has sent out an urgent ap-

peal to all Churches and homes, asking for all candles and candle stubs which may be lying around. When countless Europeans are without any light whatsoever, your candles, however small, would be a blessing to those inlit homes. Candles may be sent to the nearest United Church Service Center at the following addresses: 236 Beacon Street, Boston 16, Mass.; 101 Pinte Street, Dayton 2, Ohio; 1735 Vandeventer St., St. Louis, Mo.; 18 Warren Street, New York 7, N. Y. New Windsor, Md. They will be shipped abroad without delay.

METHODIST CHURCH H. W. Hanks, Pastor Our attendance is holding up unusually well. Thanks to the loyalty of our people. Let each one be in his place next Sunday. Sunday school at 9:45. Preaching at 10:55. The Intermediates meet at 7:30. Preaching at 8:00. Brother William Payne, our new general Superintendent, assisted by his able assistant, Bro. Homer Estlack, is doing a good job. These brethren are working faithfully. We all appreciate the work they are doing. Let us all

join them in their efforts to build up the attendance in all our services. I am to preach at Goldston next Sunday afternoon at 3:30. We are to begin our revival meeting at Ashtola the first Sunday night in August. May we all work and pray to make this one of the best revival meetings we have ever had. It can be done by prayer and hard work. Wishful thinking will not get the job done.

Texas A & M College Cadet Corps Adopts Little Mongrel Pup

Rusty, a little black mongrel pup with white paws, a white tip on her tail, and an odd way of looking just like she's carrying a torch for you, has been officially adopted by the Texas A&M College Cadet Corps, to take the place in Aggie hearts left empty when nationally-famous Reville died in January 1944.

Only 4 months old, Rusty was officially given to the Corps by her owner, Tom Westbrook, Aggie Veteran student from Waco, who noticed the similarity

between the white markings on Rusty and those on "Rev". A write-in ballot, sponsored by "The Battalion", student newspaper, brought an immediate response from the students, and after a formal announcement in the paper, Rusty came into her own at Aggieland.

Most Texans are familiar with the stories, almost legend, about Reville, the black pup which was brought to the Aggie campus in 1931, and in 13 years of parad-

ing before the equally famous 220-piece Aggie band, did about everything any pooch could ever desire to do. "Rev" had the run of the campus, the mess halls and the dormitories, traveled all over the Southwest, appeared in the Universal picture, "We've Never Been Licked," had a "double" in Hollywood, and had a pet aversion for T-model Fords.

In 1944, Reville figured she had seen enough for one dog, and after having her portrait painted by a well-known Texas artist and hung in the Texas A&M College Library, she died on January 17. She was buried on the grounds of Kyle Field, the Aggie stadium, and a marker erected by the

Cadet Corps is a reminder of puppy posterity of her greatness. Rusty seems to realize that a change has been made in her life. Instead of being doomed to the life of an ordinary house pet, she has ascended the throne. Out at Bryan Field Village, Rusty's original home, and around the campus, she captured the hearts of young and old with her friendly playfulness. Like Reville, she will chase sticks as long as anyone will throw them, and although the days of the T-model Ford seem past, Rusty will no doubt follow her more famous predecessor's footsteps in other ways.

Come fall, and this little dog will really discover what being mascot to the Texas Aggies will mean. With the beginning of the fall semester, she will be taken in charge by the members of the Aggie band—she will learn to prance in true majorette fashion, and will be fitted to a wardrobe of the sportiest thing in maroon and white blankets. Seeing that she is properly groomed and attired when she ventures forth in state is a prime function of the head yell leader at Texas A&M.

So this fall, look for Rusty out there in front. Look for a dapper little pup with her hair freshly combed, a maroon and white "T-AGGIES" gracing her blanket, and a 220-piece band behind her. Call her by name, pet her—she shows no favoritism and is friendly to all. It is rumored, however, Rusty is being groomed to ignore people waving pennants of orange and white!

EX-SERVICE MEN—WHAT THE "CLOSED SHOP" DOES FOR YOU

John Lee Smith, candidate for Governor says: "The C.I.O. and other 'closed shop' unions have compelled hundreds of thousands of returning veterans to join up with their unions before giving

them employment—in other words these former fighting men have had to pay the union in order to get a job in the country they fought to save! This is an outrage. It is Hitlerism pure and

simple. The 'closed shop' is un-American. For four years I have been advocating the abolition of the 'closed shop.' If elected Governor I will use all my influence to secure this result.

Homer P. Rainey Visits Here Today

Dr. Homer Price Rainey, former president of The University of Texas and now a leading candidate for Governor, brought his campaign into Donley County Thursday morning with a hand-shaking tour of Clarendon. He came here from Amarillo and was en route to Childress for a luncheon and afternoon speech.

While here Dr. Rainey predicted that this year's gubernatorial race will boil down to one major issue: whether slander and money

can buy an election in Texas. "When I announced for Governor I advocated a no mudslinging campaign and have honestly tried to follow that policy. I do not believe any free thinking Texan will be misled by the various false rumors that are being circulated against my campaign.

"Texas has been under domination of powerful economic interests with offices in the North and East ever since the Civil War, and will continue under such a stranglehold until the people denounce monopolies. I am fighting these big corporate interests which have kept the State richest in natural wealth in the world

from having a better standard of living."

Dr. Rainey is an educator by profession and has never run for political office before. Before his 6 years at Texas University, he was president of two Christian universities. He is an ordained Baptist minister, a native Texan, and former professional baseball pitcher in the Texas League.

Upon leaving Clarendon Dr. Rainey made a call on O. L. Davis of Lelia Lake.

Time to Vaccinate For Sleeping Sickness

Now is the time to vaccinate for "sleeping sickness" or as the scientists call it encephalomyelitis which occurs in horses during the hot months of July, August and September. Early vaccination is recommended and too often ranchers and farmers wait until the disease starts before vaccinating. We can never tell when it will occur and last year over seven hundred thousand head of horses were vaccinated against the disease. Last year was one of the lightest years in eleven years.

H. M. Breedlove, county agent says that Texas has both types of the disease, both eastern and western types and in this section it is the Western type.

Vaccination is good insurance against this disease and Breedlove advises that anyone wishing this service to call by his office.

Mr. and Mrs. William J. Lewis are visiting in Dallas where they will attend the announcement party for Miss Joan Lewis who is to wed Mr. Kay Tatum of Corsicana in September.

TO THE VOTERS OF DONLEY COUNTY

I am earnestly soliciting your vote and influence for the office of Sheriff, Tax Assessor and Collector. I feel that with my experience as a peace officer I am qualified to fill the office. I have been constable 5 1/2 years, served as deputy constable 2 years. I served as a private in the Infantry in World War One.

Our present Sheriff is asking for his fourth term. Through your consideration if you find that I am qualified, will you give a man that has served you on the battle front a chance to serve you as your Sheriff.

Go to the Polls on July 27 and vote as you please for whom you please . . . but Vote.
