## Donley County To Be Represented At Highway Hearing July 31st

Representatives of the Donley County Commissioners' Court, the City of Clarendon, the Clarendon Lions Club, the Clarendon Aviation Club, and the Clarendon Chamber of Commerce will meet with the State Highway Commission on Tuesday, July 31st with reference to the road to the airport and the JA road. The local groups will ask the highway department to take over the road and surface it under the farm to market road program.

Plans for the hearing were completed at the Chamber of Commerce Directors' meeting Monday night. The highway committee of this organization is proud of its accomplishments in road work for the past several years. By the end of 1947 it pledges of the State Highway department are carried out, Highway 18 will be paved through the entire county and the highway east of Hedley is in the process of construction at this time. The Donley County Commissioners' Court and the City of Clarendon, the citizens of Hedley and all other parts of the county have been most cooperative in securing these improvements.

### BOY SCOUTS WILL HAVE COURT OF HONOR FRIDAY NIGHT

The Scout Executive, Mr. Olson of the Adobe Walls Council of Pampa, will be present for the Court of Honor meeting Friday at 8 p. m. in the American Legion Hall. Every Scout in Troop 37 is asked to be present, and also every parent is invited to attend. Members of the Troop Committee will also attend.

A number of Scouts who have passed their Second Class tests will be awarded their badges and made official Second Class Scouts.

A number of Scouts from Memphis will also be present to receive their badges. Some of them Life Badges.

Each Boy Scout should attend this Court of Honor whether he receives a badge or not. Also Troop 37, will be presented its banner and honors which the troop won at Camp Kiowa.

Parents, come along and be with the Scouts.

### PIONEERS VISIT HERE LAST WEEK

Mr. and Mrs. Carl King and daughters Margaret and Evelyn of Lake Worth, Florida, Howard King of Ft. Worth, Okla. and Will King of Ft. Worth, Texas were dinner guests last Friday of Mr. and Mrs. L. B. Noble.

The Kings were truly pioneers of Donley County, having moved here in 1889. They possessed that strength of character that it takes to pioneer. In 1908 the family moved to Colorado Springs and later to Florida where the parents passed away.

Besides their visit at Lelia Lake, the Kings visited many friends in and around Clarendon, spending several days here renewing old acquaintances.

## Summer Band School Ends With Musical Program

J. G. Stanley, local band director, presented his summer band students in a short program for the parents of the students Monday night at the band room. Before each student played Mr. Stanley made a short statement on his or her progress for the benefit of the parent and student.

Each student played a solo and were as follows: Fred Clifford, Inelle Cox, Don Landers, James Williams, Billy Carl Pittman, Richard Robinson, Ira Jean Estlack, Robert Olin Bain, Joan Swink, Billy Bradshaw, Jackie Brooks, Wilson and Tommy Lane, Willeta Riney, Mary Ann Landers, Louis Johnson, Guy Alden Wright, Alice Elaine McCrary, Sammy Patterson, and Arvazene Smith. Arvazene Smith also accompanied each of the other students at the piano.

After the program, Mr. Stanley made a short talk to the parents asking them to get behind their band with a little more enthusiasm if they expect to retain it.

A business meeting was held with Mrs. Walter Clifford presiding. A committee was appointed to contact the school officials to obtain a regular school period at the South Ward and Junior High Schools for band practice. The committee consists of Chairman, L. L. Wallace, Olin Bain, Mrs. Guy Wright and Mrs. A. D. Estlack. It was also decided to have a picnic for the band August 12. Time and place will be announced later.

"We have a band of which we can be proud, but to keep it is going to take a lot of work on the part of parents, students and director," one of the band parents stated. "This must begin with parents, so let's get to work. The time to begin is now, and we just won't find a place to stop."

## Plans Laid For Irrigation Tests In Donley County

A Baptist Revival is scheduled to start at the Martin school building this Friday July 26 with Rev. Bob Cooksey of Lelia Lake doing the preaching. Bro. Buddy Upchurch will be in charge of the singing. The meeting will continue for 10 days and there will be both morning and evening services. Everyone is cordially invited to attend each meeting.

### HODGES FAMILY HOLD REUNION AT BELLEVUE

Mrs. J. C. Estlack and son, Homer Estlack, attended the annual reunion of the family of Mr. and Mrs. G. H. Hodges (deceased) at Bellevue Sunday, July 21st. This was the 10th annual family gathering with 75 children, grand children and great grandchildren present. The happy occasion was held at the home of Mr. and Mrs. Homer Hodges at Bellevue. It was voted to hold the meeting next year the first week in June.

There were ten children in the family and all were present. They were: Mrs. Sam Manning of Grandbury; Mrs. J. C. Estlack of Clarendon; Mrs. Charlie Joplin of Bowie; Earl Hodges and Roy Hodges of Wichita Falls; Rue Hodges of Duncan, Okla.; Mrs. Jim Hahn of Bowie; Mrs. Annie Wadsworth of Vashiti; Homer Hodges and Sam Hodges of Bellevue.

At a meeting of the directors of the Clarendon Chamber of Commerce, Monday night, plans for a group of irrigation tests in Donley County were outlined. This promotional work will be under the direction of the agricultural committee of which Carroll Lewis is chairman and H. M. Breedlove is secretary.

Tentative plans call for the raising of sufficient funds to make at least two complete tests in two different sections of the county. The plan is to have irrigation experts visit the county and check various sections concerning the feasibility of irrigating and if they find it is practical considering the topography of the land and the nature of the soil, the project will go forward at once.

H. M. Breedlove of the Extension service and Carl P. Emmett of the Farm Security service are contacting the irrigation experts connected with their service and asking these men to make a survey of the county with a local committee and to make recommendations concerning the adaptability of this county to irrigation. If they make a favorable report, a meeting of farmers and business men will be called to make further plans concerning the project.

## Clarendon Lions Club

By Edith McCrary

Tuesday, July 23, the regular weekly meeting of the Clarendon Lions Club was held in the Antro Hotel. Present as guests were Bill Porter and Mr. Emmitt.

A brief installation speech was made by Lion Charlie Lowry, installing for the new term two directors, Lions Murphy and Carroll Knorpp.

On July 31 the Highway Commission will be in session at Austin, and a hearing concerning the road to the local airport has been arranged for. Representatives from the City Council and Chamber of Commerce will attend the meeting, and the Lions Club, too, plans to send representatives.

Lion Robinson spoke to the members about "narrow living" and pointed out several avenues as means of freeing men from the bonds of materialistic thinking and the philosophy of "self first." To live life in the fullest degree, according to the illustrations of the speaker, it is necessary that individuals employ the Christian principles of Liberty, Justice, Mercy and Truth.

At the conclusion of Lion Robinson's talk, the meeting was adjourned.

Charlie Bennett left this week to visit his friend Edwardo Espinosa at Guadalajara. They plan to visit Mexico City and other cities in Old Mexico before Charlie returns home.

## Dist. 4-H Club Encampment At Lake McClellan

The district 4-H club encampment for the Panhandle of Texas will be held at Lake McClellan on the fifth, sixth and seventh of August. Ten 4-H club boys will attend the encampment with county agent H. M. Breedlove.

Specialists from College Station will also attend the encampment and make talks to the boys on the latest improvements in farming methods.

The encampment will feature swimming, boating, rifle shooting and all kinds of sports. The boys to attend the encampment will be selected this week and all arrangements for the trip completed. The 4-H club encampment is an annual affair at Lake McClellan and the good times and the good food has been something that the boys never forget.

Mr. Knox Parr, district agent for the Texas A&M College Extension Service, will be in charge of the encampment.

Mr. and Mrs. Otto De Shazo rushed his father, J. M. De Shazo, to Amarillo Friday where he underwent a major eye operation at St. Anthony Hospital. He is reported some better at this time.

## Dodgers To Play Memphis Sunday

The Clarendon Dodgers will motor down to Memphis next Sunday for another hard game with the long-time rivals down there. These two teams always put up a very hard fight and the locals have one win over the Memphis boys and will be out to win another.

The game is scheduled to start at 2:30 as there will be a double header game with the Memphis boys playing the college team from Canyon, and the locals have been asked to assist the Memphis players in the game, so you will probably see plenty of action in both games.

The Dodgers had to forfeit their game with Quanaah last Sunday due to injuries and illness.

Mrs. Frank Thomas returned home Sunday morning after a two weeks visit with relatives in California. She visited her son Edwin at San Diego while there. Edwin is receiving boot-training in the Navy.

## Miss Eirtle Davis Passes Away At Comanche

Funeral services for Miss Nancy Eirtle Davis were held near Comanche, Texas, July 17 at the Board Church with Rev. J. W. Reynolds of Tyler officiating.

Miss Davis was born in Comanche county and lived there until the past few years during which time she lived in and around Clarendon. She passed away at the home of her sister, Mrs. S. J. Parkman in Comanche July 16, following a lengthy illness.

She is survived by the following sisters and one brother who were all present at the funeral: Mrs. S. J. Parkman, and Mrs. J. A. Lane, Comanche; Mrs. D. T. Smallwood, Brice; Mrs. T. W. Ewing, Borger; Mrs. Jake La Grone, Clarendon; Miss Iva Davis, Clarendon; Mrs. Dan Robinson, Comanche; Mrs. T. H. Dunlap, Throckmorton and I. M. Davis of O'Donnell. One brother, L. B. Davis preceded her in death 3 years ago.

Miss Davis was a member of the Lelia Lake Baptist Church.

Mrs. Ralph Porter went to Amarillo Monday to meet her daughters Helen and Jean, who had visited their aunt, Mrs. McCann at Nashville, Tenn.

## Atom Sends Spray 9,000 Feet High

**SERIOUSLY HURT IN ACCIDENT**

B. C. Lannon, son-in-law of Mr. and Mrs. F. C. Benson of this city, was seriously hurt July 10 in an explosion at Ft. Stockton, Texas, and was taken to a hospital in El Paso for treatment. He is reported to be doing very well at this time and was returned to his home at Ft. Stockton July 23rd.

**Charley Speed Injured In Fall Monday**

Chas. Speed, prominent local contractor, suffered painful injuries Monday when a scaffold fell with him while working on the Womack Funeral Home. The accident happened early Monday morning and he remained unconscious until late that afternoon.

Full extent of his injuries could not be determined to date but it is known that he has three broken ribs and a wrenched shoulder and a big bump on his head. He was reported getting along nicely late Wednesday afternoon.

Aboard USS Appalachian off Bikini, Thursday, July 25—The bulk of a target fleet of 75 ships rode through the fury of the sub-surface atomic bomb, which sank the Battleship Arkansas, an oil barge and a tank landing craft and sent a thick column of spray rocketing 9,000 feet skyward.

Vice Adm. W. H. P. Blandy, task force commander, said in his first official report on his second test of an atomic bomb against a fleet that the Aircraft Carrier Saratoga and the Japanese Battleship Nagato had been damaged but other surveys of damage could not be made because it was impossible yet to enter the radioactive waters of Bikini lagoon.

When the spray, which obliterated all view of the fleet, fell away, the gallant old Saratoga—consigned to the "circle of death"—still was afloat but listing.

Two and one-half hours after the explosion, the Saratoga had settled 15 feet deeper into the water and observers believed she might sink.

(Broadcasts from the Flagship Mt. McKinley quoted Admiral Blandy as saying he believed Saratoga was in a sinking condition and said smoke was billowing from her stern. Blandy ordered the big ship beached if possible.)

The Battleship New York was down two feet astern and the Transport Fallon was listing.

Intense radioactivity in the lagoon's waters was indicated by a fast destroyer which went inside, within less than a mile of the target center, then turned and rushed out at high speed. However, planes circling overhead came down within 3,000 feet two hours after the explosion, indicating it was safe at that altitude.

The Battleship Arkansas, which like the "Sara" had been placed near the bomb, had vanished when Associated Press Correspondent Don Whitehead looked down through the clearing mists from an observation plane. Blandy later confirmed that she was sunk.

The only other major ship that appeared to be hurt, Blandy said, was the Nagato, which was listing slightly.

It appeared from this ship that the Carrier Independence, which like the Nagato was about a mile from the explosion, also had developed a list.

(See ATOM SENDS, page Eight)

### JUDY ANN MAYS BURIED HERE SUNDAY

Graveside services were held Sunday at Citizens Cemetery for Judy Ann Mays, infant daughter of Mr. and Mrs. M. L. Mays, with Rev. Hal Upchurch officiating.

Surviving besides the parents are the grandparents, Mr. and Mrs. Jack Foster and Mr. and Mrs. L. T. Mays.

Burial was in Citizens Cemetery with the Womack Funeral Home in charge of arrangements.

Mrs. Maggie Deal spent last week end with Mrs. Lola Barns.

### COBWEBS FOR PROTECTION

A Navy destroyer-escort, attached to the inactive fleet, is shown "zipped-up" for peace, at Green Cove Springs, Fla. As protection against rust, the two forward gun mounts are spun with film-like coverings made of special plastic. Official Navy Photograph

## Governor's Race Creating More Heat As Saturday's Primary Approaches

Politics are beginning to warm up a few more degrees this week as the first primary election date draws nearer and will be held this Saturday, July 27, over the state of Texas.

A good turnout of voters is expected in this county as 1728 tax receipts were issued and 11 exemptions. This does not include those over age and the veterans who have a free vote this year. It might be added again, too, that the veteran who has not been out of the service over 18 months and is 21 gets a free vote. All he has to do is sign an affidavit when he goes to vote.

Tuesday night, the closing date for absentee voting, there had been 63 ballots received at the clerk's office. This is about average since there are no outstanding state candidates running this year.

In the Governor's race, Jester and Rainey seem to be holding

the top bracket with Sadler in the third seat. Beauford Jester seems to be gaining ground as the other candidates continue their main fire at Rainey.

Local candidates are quite busy this week passing out cards in a house to house canvass, and some of them report that it surely is hot walking out across a field to catch some promising voter riding a tractor or hoe handle.

Any way, after Saturday night we can see whether our favorite candidate made the grade or not, and the main idea in mind right now is to be sure to go to the polls Saturday and cast your vote whether you are particularly interested in the political races or not. Your vote may be a deciding factor in any of the races, and your favorite may lose because too many of his friends figured he could win without their vote. It's your right and your duty—go vote Saturday.

## Donley County Farm Bureau To Hold Chicken Barbecue At Lelia Lake

**RILEY FAMILY HOLD REUNION SUNDAY**

Sunday, July 21st at the home of Mr. and Mrs. B. L. Knowles, a family reunion was held for the Riley brothers and sisters, this being their first time to all be together in forty-seven years. They are the sons and daughters of Rev. and Mrs. J. A. Riley (both deceased) whose home and ministry was in Trout, La.

There were two sons and five daughters and all were present: J. N. Riley of Clarendon; J. F. Riley of Tampa, Florida; Mrs. W. G. Brinson, Amarillo; Mrs. L. L. Palmer, Alanreed; Mrs. B. L. Knowles, Lelia Lake; Mrs. L. P. Brooks, Terrell; and Mrs. Daisy Slaughter, Jena, La. There were also a number of other relatives present outside of the brothers and sisters.

A buffet luncheon was enjoyed at noon and a varied program was enjoyed throughout the day by the entire group.

Visitors in the C. W. Lane home this week are the lady's brother, Mr. and Mrs. Hilton Crain and family of Headrick, Okla.

Mr. Holly Wood of the Lelia Lake community and president of the Donley County Farm Bureau announced this morning that a chicken barbecue would be held at the Lelia Lake school house on Friday, August 2nd. The barbecue is sponsored by the members of the Donley County Farm Bureau. Serving is scheduled to start at four o'clock in the afternoon, and following will be a short program.

Each person attending the barbecue will be required to furnish one-half chicken. The chickens will be dressed and cut in half and left at Clifford & Ray Grocery before noon on Thursday the first of August. County Agent H. M. Breedlove will do the serving and barbecuing, and he insists that the chickens all be turned in before the time mentioned so that the rest of the meal can be planned accordingly.

Members can invite as many guests as they desire as long as one-half chicken is furnished for each person. The rest of the meal will be furnished by the organization, and the menu will consist of chicken, brown beans, prunes, onions, bread, pickles and coffee.

LIBRARY NOTES

By Mrs. C. A. Burton

Again some new books—a variety of them—all readable, some informational, some to be read purely for pleasure: "Last Chapter", Ernie Pyle. This is the final book of America's greatest and best-loved war correspondent. After Europe there was the Pacific—the boys who flew the B-29s over the Japanese homeland—Okinawa—and the Japanese

bullet that killed Ernie Pyle on April 17, 1945.

In lighter vein is "Papa Went to Congress" by Kenneth Horan. Read it and laugh.

Two westerns—"Mountain Riders" by Max Brand, and "Home Ranch" by Will James. Both are too well known to need comment. Will James was left an orphan at four. He was an expert cowboy at 14. At the urging of a friend he wrote a story about a bucking horse which Scribners accepted—and he became a writer. In 1934 he won the Newbery Medal for

"Smoky." "Sand" came later. Le Grand Cannon became known to the reading public through his "Look to the Mountain", and his "A Mighty Fortress" promises to be quite as good.

No writer in America is better known than Kathleen Norris, and her "Love Calls the Tune" brings a story of intense interest, as does Helen Topping Miller in "Spotlight." Two other light pleasant, easy to read stories are "Country Doctor" by Peggy Gaddis, and "Now Yours, Now Mine" by Elizabeth Margetson.

Only one book for the small people, but it is the one that won the John Newbery Medal for the most distinguished contribution to American Literature for children in 1945—"Strawberry Girl" by Lois Lenski. The author studied at the Art Students League in New York for 4 years, then studied in London where she began illustrating children's books. From illustrating them she began writing them and now she writes and illustrates them. The illustrations in "Strawberry Girl" add much to its attractiveness. It is a Florida story.

"The Fever Bark Tree—The Pageant of Quinine" by W. S. Duran-Reynals is full of interesting information. Malaria has brought mankind more poverty, sickness and death than almost any other single scourge, even war. It is conservatively estimated that three hundred million people in the world now are victims of malaria. So important did the problem grow in the Pacific that its control became one of the important elements of our victory. This book is the story of man's fight against this disease from the time when it killed Alexander of Macedon in the

height of his power to World War II. Until recently quinine has been the only agent for controlling it. M. S. Duran-Reynals brought years of research to her book.

Veterans' News

Since the opening of the Veterans Administration Regional Office in Lubbock, June 1, the Adjudication Division has received 4,488 claims for compensation or pension. Of this number 3,042 have been acted upon to date, Benjamin O. Murph, Chief of Adjudication, announced today. This means that 3,042 West Texas veterans, or their beneficiaries, will soon know whether or not they are going to receive a pension or compensation check from the Veterans Administration.

About two-thirds of the claims pending adjudication are awaiting additional information from the veteran, physical examination, or service records.

One out of every four veterans of World War II has filed a claim with the VA for disability pension, VA records show.

More than 250,000 veterans of World War II living in Texas, Louisiana, and Mississippi have filed pension claims, of which 118,752 were awarded pensions and 121,638 had their claims disallowed.

During the past three months the VA, on a nation-wide basis, has been adjudicating about 365,000 disability claims per month. Over 2,225,000 claims are expected to be adjudicated this year.

The VA has already paid out over \$500,000,000 to disabled veterans of World War II.

Disability pensions range from \$11.50 a month for 10 percent disability to \$115 a month for total disability.

There are also statutory awards for certain specific total disabilities, such as blindness in both eyes, loss of the use of both hands, or paraplegia (spinal cord injury) which may be as high as \$300 a month.

VA urges veterans who believe they are entitled to a disability pension to file their claim within one year from date of discharge. Payments on disability claims filed within the one-year period begin from the date of the veteran's discharge. Payments on claims filed after that period start from the date the claim is filed.

Mrs. Maggie Deal of Ft. Worth is visiting at Hedley and Clarendon with relatives and friends.

Mr. Cliff Mick of Chicago visited his sister, Mrs. Lena Antrobus and other relatives here recently.

The Baptist Revival will start Friday July 26. Bro. Bob Cooksey of Lelia Lake will do the preaching. We hope that every one can attend.

**TO THE VOTERS OF PRECINCT NO. 1**  
Due to pressing county business, I will not be able to see all the voters in Precinct 2 personally, but will deeply appreciate your vote and influence in the election this Saturday.  
J. R. BULLS

Mr. and Mrs. Ben Kyser, Mrs. Arthur Cleveland and Durwood White of Fort Worth, Mr. and Mrs. J. E. Hollingsworth visited in the Robert Davis home Sunday.  
Billie Jack Jordan, Gene and George Bulman Jr. and Gregg Mann spent Sunday at Memphis.  
Mr. and Mrs. Richard Cannon and Frank spent Sunday with Mr. and Mrs. George Bulman.

**TO THE VOTERS OF PRECINCT NO. 3**  
I wish to take this means of thanking the voters of Precinct No. 3 in the past and solicit their vote again in the primary. I have tried to see every voter but if I have failed to see anyone, I still want you to know that your support will be sincerely appreciated. I feel that my experience in the past 5 1/2 years has been very valuable to me, and that I can make you a better commissioner than ever before.  
J. A. TOLLETT

Mr. and Mrs. Guy Sibley and family spent Sunday with Mr. and Mrs. Will Barker.  
Mrs. Pool spent Sunday with Mrs. C. J. Talley.  
Mr. and Mrs. Frank Thomas, Mr. and Mrs. E. E. Patterson visited in the W. L. Jordan home Sunday.  
Mr. and Mrs. Pete Land went to Hedley Sunday.  
Miss Glenda Davis of Amarillo

Mr. and Mrs. E. R. Mayville from Calif. are visiting in the O. C. Watson home and are on their way to San Antonio to make their home.

## BETROTHAL ANNOUNCED FOR SEPTEMBER

Mr. and Mrs. William Jenks Lewis of Dallas and Clarendon announced the betrothal of their daughter, Joan, to John Corley Tatum of Corsicana Saturday afternoon at a tea at their home, 4449 Belfort Place, Dallas.

The bride-to-be is the granddaughter of Mrs. Lee Newbury, formerly of Dallas, and the late Mr. Newbury and the late Mr. and Mrs. Charles J. Lewis of Clarendon.

The prospective bridegroom is the son of Mr. and Mrs. George Liston Tatum of Corsicana and the grandson of Mrs. William Tatum, Corsicana, and the late Mr. Tatum and of Mrs. John Corley, Mexia, and the late Mr. Corley. Mr. Tatum recently returned from the China-Burma-India theater, where he served as a first pilot with the Army Air Forces.

The wedding will take place in September at the Church of the Incarnation, Dallas. The attendants will include Mr. and Mrs. William Jenks Lewis, Jr. of Clarendon.

Among the out-of-town guests at the tea were Mr. Tatum's parents and his sister, Miss Alice Tatum; Mr. and Mrs. William J. Lewis Jr., Clarendon, and Mr. and Mrs. W. H. Gibbons Jr., Houston. A hundred guests called during the tea hour.

## ANN THOMPSON ENTERTAINS

Ann Thompson entertained a few of her friends Friday night at her home.

Those present were Shirley Brumley, Lois Marie Hommel, Arvazine Smith, Ira Jean Estlack, Camille Stringer of Arlington, Va., and Betty Jane Thompson; and Jimmy Jenkins, Jack May, Chauncey Hommel, Gene Bryan, and Henry Stringer.

Mr. and Mrs. R. C. Bingham returned home Monday from a visit with relatives and friends at Gainesville, Whitesboro and other points in East Texas. They reported a very enjoyable visit.

## MISS D'LAUREL E. BEVILLE WEDS GEORGE M. WRIGHT

The marriage of Miss D'Laurel Elizabeth Beville of San Antonio, and George M. Wright of Akron, Ohio, was solemnized at 7 p. m., July 7th in the garden at the home of the bride, 120 Anastasia Place. The impressive ceremony was read by Dr. J. Sam Barcus, former president of Southwestern University at Georgetown. He had officiated at her christening, and upon completion of her graduate college work presented her with her master's degree. The bride is the daughter of the late Mr. and Mrs. A. M. Beville of Clarendon, and the bridegroom's parents were the late Col. and Mrs. George M. Wright of Akron, Ohio.

The vows were exchanged before a bower of gladioli in pastel shades, with candlelight adding illumination to the twilight glow.

Miss Irene Prewitt of Pecos, played the nuptial music on a portable organ. She also accompanied W. A. Dyer Jr., of Austin, soloist.

The bride wore a model afternoon frock of turquoise crepe with a net and sequin yoke. Her hat of roses and veiling was of the same shade of blue, and she carried a prayer book topped with a bouquet of sweetheart roses.

The bride, whose father was former owner and editor of the Clarendon News, received her A. B. and M. A. degrees from Southwestern University, and did special work at the Theater Schools in Chicago, Ill., and Los Angeles, Calif. She was assistant Dean of Girls at Southwestern University, professor of Speech at Texas Tech, Lubbock, and later was in charge of the Alamo Heights Auditorium.

The bridegroom was educated at the University of Virginia. He returned recently to his former position as contact man of the Goodyear Rubber Co., in Akron, after serving as lieutenant colonel in the Air Corps for four years. He was stationed in the C-B-I theater, with headquarters in India.

## DONLEY COUNTY AVIATION CLUB

The Donley County Aviation Club met Thursday evening at the Antro Coffee Shop. After dinner the club went to the Pastime Theatre for business session and program.

Mr. Hurst reviewed the purpose and aims of the club to the group. Guests of the club were Mr. and Mrs. Pete Kunz. There were 25 members present.

The next meeting will be August 1st with picnic lunch at the airport at 7:30.

## How Your Television "Commercial" Will Look

To enhance an impressive list of manufacturing "firsts," Chevrolet now engages in another pioneering venture as the first motor car manufacturer to sponsor a regular commercial television show. Admittedly an exploratory venture to evaluate the possibilities of television as an advertising medium, these broadcasts were the first employing live talent to be sponsored by any automobile producer. Four weekly shows were staged by Chevrolet and broadcast through the facilities of the American Broadcasting Company's television network. The shows were telecast at the Dumont Studios in New York for the three stations currently teamed in the ABC television network. Shown above is a scene from the second of the series, a half-hour program titled "Roads to Romance."

## ELK MOUNTAIN CHRISTIAN SERVICE CAMPERS RETURN

On Saturday evening Young People of the First Christian Church attending Elk Mountain Christian Camp for the week returned tired but uplifted and very happy.

Those attending the Camp were Patsy Pittman, Billy Carl Pittman, Ollie B. Sullivan, Billie June Casey, Jewell Riley, Wayne Riley, Laticia Andis, Joyée Allen, Minister and Mrs. Bedford Smith.

Mr. Smith served as Dean of the Camp of which 22 Churches were represented. Mrs. Smith was a faculty member. There were 81 Young People present as registered delegates. The Missionary offering taken at one Chapel service was over \$100.00. The offering was for Tibetan Missions.

The Camp will be conducted at the same place next year, in the Mountain Wild Life Refuge, west of Lawton, Okla. Mr. Smith will again serve as Dean. This was the beginning of this Camp.

Those coming on Saturday to help with transportation were Mr. and Mrs. W. L. Clampitt, Miss Roxie Casey, Mrs. Carl Pittman and children. Mr. and Mrs. Frank White Sr. and J. D. Riley helped with transportation to the Camp.

## ENTERTAINS WITH BREAKFAST

Mrs. Bill Ray and Mrs. Alvin Landers entertained with a breakfast in honor of Mrs. Walter Clifford on her birthday Monday morning in the home of Mrs. Ray.

A delightful meal was served and visiting enjoyed by the honoree, Mrs. Walter Clifford and Mesdames Woodson Holbrook of Huntington, Arkansas, Rayburn Smith, Bill Riney, Cap Morris, Bill Bromley, Charlie Bairfield, Nathan Cox, Rolle Brumley and the hostesses, Mrs. Alvin Landers and Mrs. Bill Ray.

## ENTERTAINS WITH BARBECUE

Carrol Brumley entertained his house guests with a barbecue in the home of Mrs. Joe Goldston Thursday evening.

Those present were Jan Harrington, Boston, Mass., Ginger Owens, Betty Jesse, Harlan McSweeney, Guy Owens, all of Amarillo and host, Carrol Brumley.

G. D. Drake and family and Faye Phillips visited relatives in Plainview over the weekend.

## UNITED COUNCIL OF CHURCH WOMEN

The United Council of Church Women will meet Wednesday, July 31, at the First Christian Church for a 1:00 o'clock luncheon. Everyone bring a covered dish and enjoy this fellowship together.

Donley County Leader, \$2 a year

Mr. and Mrs. Homer Estlack and Mrs. J. C. Estlack left Friday for Electra where Mrs. Homer Estlack visited relatives. Mrs. J. C. Estlack and Homer went on to Bellevue where they attended a reunion of the G. H. Hodges family Sunday. Mr. and Mrs. Homer Estlack returned Monday night. Mrs. J. C. Estlack is expected home later in the week.

## HISTORICAL RESEARCH PRIZE CONTEST

Mrs. William H. Bush, who founded the William H. Bush Memorial Collection of Books on the Southwest in Amarillo, announces a contest open to those who will submit to the Trustees of the Collection, articles or material on the history of the Southwest. The contest will be known as the William H. Bush Memorial Contest for Historical Research and will close on November 1, 1946.

Prizes of One Hundred Dollars for the best paper or material and Fifty Dollars for the second best paper or material are offered.

1. Papers may be upon any subject of Southwestern history especially historical matter concerning the settlement and development of the States of Texas, Louisiana, Oklahoma, New Mexico and Kansas.

2. Contestants may submit unpublished material such as interviews, documents, journals of travel, letters, biographical manuscripts, diaries, memoirs, etc. Published works may be used only as references. Any material submitted written or owned by others must be submitted with the owner's consent.

3. The minimum length of a paper shall be 5,000 words, typed, double spaced, on good quality paper 8 1/2 x 11 inches, with minimum margins of one inch. Original historical documents may be of any length.

4. Decision of the judges will be based on the historical value of the paper or material rather than

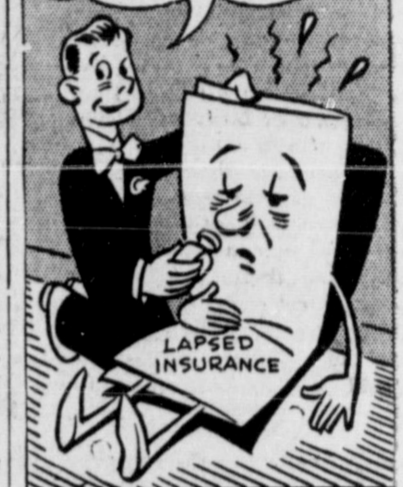

on literary merit. The opinion of the judges will be final.

5. All entries will become the property of the Bush Memorial Collection. Communications may be addressed to the Trustees of the Collection, Amarillo Public Library, Amarillo, Texas.

### AAA FARM NEWS

A general closing date for reporting practices carried out under the 1946 Program is August 15th. The practices that should be reported to the county AAA Office are those for which Prior Approvals have been granted and mailed to all Producers.

Contour Farming, Strip Cropping on the contour, strip cropping on the straight row, summer fallow, contour listing, and any other practice for which an approval has been granted should be reported to the office before the closing date. At any time between now and August 15 these reports may be mailed or brought in. The extent of practices reported in acres must be based on measurements in all cases. Official acreages determined under prior programs, as shown on performance reports or farm maps should be used, if available. Otherwise, the acreage should be determined by other methods—such as scaling principal dimensions from a farm map, field measurements of average length and width, or subtracting a relatively small known acreage from the total acreage for the field—assuring accuracy acceptable to the county committee.

Dairy Production Payments are now being made at the county AAA Office for sales of cream or whole milk made during the months of April, May and June. All evidence should be brought to the office before August 31, if payment is received. All receipts of sales made after July 1 should be retained by Producers so that, in case subsidies are continued, the payments can be made. The prices being paid now are 17c per pound and 70c per hundred weight for cream and whole milk sold in April and 15c per pound for cream and 55c per hundred weight for whole milk sold during May and June. 240 dairy producers have already received a total of \$16,066.41 for the April, May and June payment period.

Donley County Leader, \$2 a year.

### OUR DEMOCRACY — by Mat

"The groundwork of all happiness is health."

IN RESEARCH LABORATORIES OF AMERICA OUR SCIENTISTS ARE FIGHTING A WAR THAT NEVER ENDS — THE WAR AGAINST DISEASE — SEEKING TECHNIQUES AND PROCEDURES THAT WILL HELP DOCTORS IN DEALING WITH PROBLEMS OF INDIVIDUAL AND COMMUNITY HEALTH.

DETERMINING THE CAUSES AND EFFECTS OF DISEASES, DISCOVERING NEW WAYS OF FIGHTING THEM, WILL MEAN A STRONGER AND HEALTHIER NATION. TO AID IN THIS SEARCH, THE LIFE INSURANCE COMPANIES HAVE ESTABLISHED A MEDICAL RESEARCH FUND — ITS IMMEDIATE CONCERN IS SUPPORT OF RESEARCH INTO DISEASES OF THE HEART AND ARTERIES — AMERICA'S NUMBER ONE KILLER.

Postmaster J. C. Estlack has returned from a business trip to Clifton, Arizona. He returned by way of Mapimi Bolson, Mexico where he loaded his car with choice gem stone material including a lucky find of six American rubies.

Guests in the Leck Goldston home the past week were Mrs. Marvin Gibson and son Roger and her mother, Mrs. John Allison of Dallas. They were all in Amarillo Saturday.

Visiting in the home of Mr. and Mrs. Jack Perkins at McKnight are Mr. R. G. Lewis and family and Loyd Lewis of San Diego, Calif., and Mr. and Mrs. Frank Smith of Losanamas, Colo. Mr. Smith is a veteran of World War I and a Gov. worker of 38 years.

Harlass McMahan and Carl Bennett attended the State Fireman's School at A&M last week. Before returning home they visited Mr. Bennett's grandmother at New Brunswick.

# STATE HEALTH NEWS

AUSTIN — Dr. Geo. W. Cox, State Health officer, is appealing to young women high school graduates to seriously consider the public health nursing profession as a career, when re-entering school this fall.

"Public health nursing offers young women opportunities for lifetime careers which are highly useful and satisfactory. Demands for professional nurses now exceed the supply in public health

and other fields of work," Dr. Cox said. "Possibilities of travel, varied experience, income, and other features of the profession compare very favorably with those open to women in other careers."

Education for nursing is available in 37 schools of Texas and enrollment is now under way for fall classes, which open about September 1st. All schools still have vacancies. Applicants should be graduates of high school or have some college credit, with a record of good scholastic standing, be in good physical condition, and of high moral character. An interest in people and their prob-

lems, also ability to work well with one's hands is necessary.

Prerequisite training in public health nursing includes a 36 month course including vacations. Medical, surgical, obstetric, pediatric, psychiatric and communicable disease nursing are studied. Completion of courses entitles the individual to the diploma of the School and to take State Board Examinations leading to the R. N. Certificate.

Details regarding nursing education can be secured from hospitals, physicians, nurses' organizations and local health departments, as well as the Texas State Department of Health.

## VOTE FOR

### LEONARD KING

FOR

### District Attorney

15 years experience in the practice of law, including 4 years as County Judge of Childress County, and 4 years as Assistant Attorney General of Texas. He was elected County Judge when 25 years of age and was appointed Assistant Attorney when 29 years of age, being one of the youngest lawyers to hold either office in the state, and was the first lawyer from this section of the state to be tendered the position of Assistant Attorney General of Texas.

VETERAN OF WORLD WAR II, ENLISTING AS A PRIVATE AND SERVING OVERSEAS IN THE SOUTH PACIFIC AS AN ENLISTED MAN IN THE FIELD ARTILLERY.

Believes the office of District Attorney to be of such importance in the matter of law enforcement as to require the time and best efforts of the lawyer who holds the office, that the office should not be treated as a side line to an extensive private business, that the office is one of honor and trust the same as any other Public Office and that the lawyer who holds the office should expect and be required to work at the job if he draws the \$4,300.00 per year which the office pays.

His opponent, the present incumbent, will have served 2 full terms, less about 2 months, when he completes the present term, he having been appointed in March, 1943 when the then District Attorney resigned to enter the armed services. Back in March, 1943 when he received the appointment all of the younger lawyers of the district were in the armed services, and Leonard King was at a port of Embarkation loading on a troopship for the South Pacific, and therefore, did not have a chance to be considered for the appointment.

On the basis of his experience and ability as a lawyer, now asks your help in his campaign for election, by the people, for the office of District Attorney. Your vote and assistance will be sincerely appreciated.

Give a Veteran and Ex-Clarendon College Student a chance.

(This Adv. paid for by friends of Leonard King)

While his name must remain simply "Mr. X" until he completely recovers, this artist veteran is providing the Veterans Administration Neuropsychiatric Hospital, Northampton, Mass., with a galaxy of murals and paintings. Manager William M. Dobson here watches "Mr. X" put the finishing touches to a marine mural.

### Donley County N.F.L.A. Meeting September 4th

September 4th has been set as the date for the annual meeting of members of the Donley County National Farm Loan Association. President J. B. Masterson announced following a meeting of the association directors in the farm loan office at Clarendon on July 19th.

The annual get-together this year is expected to be a large and important conference of land owners of the Donley County territory, Mr. Masterson said. The

meeting will be held at the Pastime Theatre, starting at 3 p. m. Details will be announced later.

Committees in charge are planning to make this year's meeting one of the best in the history of the association which began making Federal Land Bank loans in Donley County in 1918, President Masterson said.

Rayburn L. Smith, Secretary-Treasurer, heads the program committee. The board of directors will serve as the attendance committee, including Messrs. J. B. Masterson, C. B. Morris, Alva T. Simmons, R. W. Moore and C. H. Bugbee.

Donley County Leader, \$2 a year

### Atom Sends-

(Continued from Front page)

It was impossible to determine whether the tremendous underwater shock of the terrible impact of the falling tons of water had done this violence.

While Blandy said there was no reason to doubt the efficiency of the first atomic bomb ever detonated under water, the fact remains that many of the spectacular events expected of it did not occur.

There was a thunderous roar when it let go, but there were, for instance, no 100-foot waves and the atomic geyser which shot up above the explosion came nowhere near the top predicted altitude of three miles.

The highest waves were 10 feet, not enough even to wash over low Bikini although a nearby islet was engulfed briefly.

Blandy said that at least two of six submerged submarines, whose sturdy hulls had been expected to crack like nutshells under the shock, could be seen from the air, still in their proper submerged position.

Two other submarines, the Parche and the Skate, left on the surface, were still afloat.

Likewise still riding in position were the Battleships Pennsylvania, New York and Nevada—the latter the battered bulseye of the mid-air A-bomb explosion July 1st.

Troop transports two miles from the explosion were not much hurt. Even those closer in, with their thin hulls, rode serenely.

Many observers aboard the Appalachian reported feeling an underwater shock from the bomb.

CLARENDON, DONLEY COUNTY, TEXAS, JULY 25, 1946

A Common Paper for Common People

### Bargain Hunting In Cow Feed

College Station—Feed bargains for dairy cows still are available and most of them can and should be home grown. This statement comes from G. G. Gibson, dairyman for the A&M College Extension Service, who advises that now is the time to lay in ample roughage supplies to fall back on when pastures play out.

Digestible nutrients are the part of the feeds that the cow uses to maintain her body and to make milk. The common ones can be grouped as proteins, fats, and nitrogen free extract (mainly sugar and starch). Minerals and vitamins are important but are not included under digestible nutrients.

Every feed contains digestible nutrients. The job of feeding dairy cows is to supply the right kind and amount as well as low cost nutrients.

Analysis of the pounds of digestible nutrients that can be furnished for one dollar at average prices from dairy feed, hay, silage and pasture shows that pasture is by far the cheapest with 150 pounds total digestible nutrients for one dollar. Silage is the second less expensive with 60 pounds digestible nutrients per dollar and hay follows closely with 50. Dairy feed brings only 21 pounds total digestible nutrients per dollar.

The feeds that the cow was built to handle furnish the nutrients at lowest cost. The successful dairyman does just as much as possible of the job of feeding with cheap nutrients keeping in mind that each of the above mentioned feeds has an important place in any feeding program.

### Southwestern Life Insurance Company Shows 43% Gain

A business gain of 43% for the first six months of 1946 for Southwestern Life Insurance Co. is indicated in information received here today from C. F. O'Donnell of Dallas, president, by the Company's local representative, W. M. Patman. Total paid-for business for the period amounted to \$44,505,000, President O'Donnell's announcement said.

The Company's gain in insurance in force of \$31,220,000 for the first half of the year is the largest such gain for any similar six-month period since organization of the Company.

What I can't understand is how a jury composed of six men and six women can be locked up in a jury room for twelve hours, come out and say "not guilty."

### Allan Shivers Is Fully Qualified

Senator Allan Shivers is the only candidate for lieutenant governor who has the experience and qualifications that are so badly needed to properly preside over the Texas Senate, the lieutenant governor's chief function. Allan Shivers gained this experience through 12 years of service as a senator, interrupted only by two years overseas duty with the Army. He is also the only war veteran seeking the lieutenant governor's office.

### WASP KILLS FRUIT MOTH

Schenectady, N. Y.—The oriental fruit moth, the pest that last year caused so many wormy peaches and damaged peach trees, now is controlled by a wasp which can be laboratory-raised in sufficient numbers to do its helpful work, according to Dr. A. J. Heinicke, director of the New York State Experiment Station at Geneva, New York.

Director Heinicke, speaking on the General Electric Farm Paper of the Air over WGY here, declared that some insects such as

the oriental moth cannot be controlled by any chemical so far developed.

"When we found that our insecticides were useless we began the search for a natural enemy of the fruit moth," Dr. Heinicke pointed out. "We collected large numbers of the worms and examined them carefully to find out if they had any parasites. None of the ones we found in New York state seemed to be doing much in the way of destroying numbers of the moth grubs."

"However," he continued, "in southern New Jersey the macrocentrus wasp had appeared and was really going to work on the worms. This wasp lays its eggs in-

side the grub of the fruit moth. The wasp egg hatches, and the larva which emerges feeds on the peach moth worm and kills it. The advantage of this type of control is that the worm does all the work, and the fruit grower has no expense for chemicals or labor."

Large numbers of these wasps were brought up from New Jersey and established in New York state, Dr. Heinicke said.

"We kept careful track of the development of the wasps and the resulting effect on the fruit moth, and we know that the wasps have reduced the numbers of the moths," he asserted.

### Palomino Horse Show Aug. 15th At Pampa

The official Palomino Horse Show under the auspices of the Texas Palomino Exhibitors Association will be held Thursday night, August 15th, in connection with the Annual Top O' Texas Rodeo and Horse Show.

Dr. R. M. Brown, chairman of the Palomino Show, announced seven classes to be shown at halter as follows:

Aged Mares and Stallions

1 and 2-year old Mares and Stallions  
Colts under 1-year, Filly and Stud

Aged Geldings  
An entry fee of \$5.00 will be charged for each animal which will be used as prize money in all of the various classes; 50% going to 1st place, 30% to 2nd place and 20% to 3rd place.

Anyone wishing to enter animals in the exhibition should contact Dr. R. M. Brown, chairman of the committee in charge, Pampa, Texas.

Most people nowadays have more respect for "old age" if it is bottled.

### Mobilize Public Support For A Safer Texas

AUSTIN—In the face of an already 45 per cent increase in traffic fatalities over last year, the Texas Safety Association today accepted a charge by Governor Coke Stevenson to mobilize public support for a safer Texas.

Announcement of its designation by the governor was made by A. F. Allen, president of the Association, upon receipt of a letter from Stevenson.

"Since my inaugural address as Governor, I have stressed the importance of highway safety as essential to modern, progressive government," Stevenson said. "There is no more tragic waste of human lives, no more unnecessary background to human suffering, no more needless source of economic loss than traffic accidents."

"The current critical traffic accident situation is a positive challenge for public action to every Texas citizen. Unless vigorous and concerted application of proven methods of traffic control is made, Texas faces the greatest accident toll in its history."

"To that end, I call upon the Texas Safety Association to coordinate the practical recommendations of the President's Highway Safety Conference and to mobilize public support for a safer Texas."

"Your worthy organization has rendered invaluable service to the people of Texas through its programs of traffic, industrial, school and home safety. I know that its leadership in the present emergency will be no less effective."

The new P-82, now in the service of the Regular Army, is the world's first twin-fuselage military aircraft. Its top speed exceeds 475 miles per-hour.

### JOHN LEE SMITH FOR GOVERNOR

VETERAN OF WORLD WAR I. FILED AS CANDIDATE BY VETERANS OF WORLD WAR II.

JOHN LEE SMITH

1. Smith served in France with an artillery regiment as private soldier in World War I.
  2. Served as County Judge, State Senator, and Lieutenant Governor.
  3. Favors full payment of pensions to the needy aged; we have trifled about this too long.
  4. Denounced war-time strikes as treasonable to our fighting men.
  5. Has opposed the C.I.O.-P.A.C. as a threat to American principles.
  6. Advocates labor claims court to settle disputes and prevent costly strikes.
  7. Opposes "Closed Shop" as being unfair to returning veteran.
  8. Advocates preference to veterans on all jobs, both public and private.
- He says:  
"We gave the soldier an A-1 card to fight. Let's give him an A-1 card to work."  
Smith's name was filed for Governor by 25 World War II veterans of Harris County.

## "JOB DIVIDENDS" at General Electric

For the year 1945, \$35,000,000 in addition to wages was spent by General Electric in extra benefits for employees

It isn't a new thing for General Electric to put more than money into pay envelopes for its employees.

"Job dividends"—these extras that G-E employees get in addition to wages—have a sound business reason. To be successful, a company must be efficient. A man with fewer worries can produce more efficiently, which makes further benefits possible.

Profit-sharing plans, relief and loan plans began over 10 years ago at General Electric. Life insurance for em-

ployees, cash for suggestions began over 20 years ago. Pension plans were started 33 years ago. And vacations with pay began 53 years ago.

Every employee has a stake in the future of General Electric. For out of its success—and only out of success—can come further advances in living standards. That is the aim of General Electric, not alone for its employees, but for the public, who gain by new and better products, continuously improved.

**GENERAL ELECTRIC**

THE DONLEY COUNTY LEADER

H. J. R. No. 19  
HOUSE JOINT RESOLUTION

proposing an Amendment to Article 16 of the Constitution of the State of Texas, by adding thereto Section 62 providing a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; limiting the amount contributed by the State to such Fund; providing for investment of Fund with certain exceptions; prohibiting recipients of benefits hereunder from receiving other direct aid from the State; authorizing counties to provide and administer such a Fund for appointive county officers and employees after favorable vote in a county election for such purpose; limiting the amount contributed by the county to such Fund; providing for investment of Fund with certain exceptions; prohibiting recipients of benefits from said Fund from receiving other direct aid from the State; and providing for an election, necessary form of ballot, and publication on the question of adoption of this Amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 16 of the Constitution of the State of Texas be amended by adding thereto Section 62, which shall read as follows: "Sec. 62 (a). The Legislature shall have the right to levy taxes to provide a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; provided that the amount contributed by the State to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the State, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person.

"All funds provided from the compensation of such person, or by the State of Texas, for such Retirement, Disability and Death Compensation Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the county, is released to the State of Texas as a condition to receiving such other pension aid."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at an election to be held throughout the State in November, 1946, (being the 5th day thereof) at which all ballots shall have printed thereon:

"FOR the Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas and authorizing counties to provide such system for the appointive officers and employees of the counties of the State of Texas," and "AGAINST the Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas and authorizing counties to provide such system for the appointive officers and employees of the counties of the State of Texas."

Each voter shall scratch one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto. \* According to an opinion by the Attorney General of Texas. (26-c)

H. J. R. No. 49  
HOUSE JOINT RESOLUTION

proposing an amendment to Article VIII of the Constitution of the State of Texas, by adding thereto a new section to be known as "Section 7-a"; providing that subject to legislative appropriation, allocation and direction all net revenues derived from taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicle registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roads; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect on January 1, 1945; negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose; providing for the submission of this amendment to the voters of this State; prescribing the form of ballot; and providing for the proclamation of the election and the publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as 7-a and to read as follows: "Section 7-a. Subject to legislative appropriation, allocation and direction, all net revenues remaining after payment of all refunds allowed by law and expenses of collection derived from motor vehicle registration fees, and all taxes, except gross production and ad valorem taxes, on motor fuels and lubricants used to propel motor vehicles over public roads, shall be used for the sole purpose of acquiring rights-of-way, constructing, maintaining, and policing such public roads; and for the administration of such laws as may be prescribed by the Legislature pertaining to the supervision of traffic and safety on such roads; and for the payment of the principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945, for payment of the principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; provided, however, that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; and, provided, however, that the net revenue derived by counties from motor vehicle registration fees shall never be less than the maximum amounts allowed to be retained by each county and the percentage allowed to be retained by each county under the laws in effect on January 1, 1945. Nothing contained herein shall be construed as authorizing the pledging of the State's credit for any purpose."

Section 2. The foregoing Amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at the General Election to be held in November, 1946, at which election each ballot shall have printed thereon the following words: "FOR the Amendment to the Constitution of the State providing that subject to legislative appropriation, allocation and direction all net revenues derived from taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicle registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roads; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect on January 1, 1945; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose."

\* According to an opinion by the Attorney General of Texas. (26-c)

H. J. R. No. 5  
A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000.00) Dollars, or so much thereof as may be necessary, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization of the Governor of Texas on August 31, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows: "The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000.00) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization of the Governor of Texas on August 31, 1937."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the next general election to be held on the first Tuesday after the first Monday in November, A. D. 1946, at which all ballots shall have printed thereon:

"FOR THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO PAY FOR BUILDING CONSTRUCTED FOR JOHN TARLETON AGRICULTURAL COLLEGE;" and "AGAINST THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO PAY FOR BUILDING CONSTRUCTED FOR JOHN TARLETON AGRICULTURAL COLLEGE."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this state.

Section 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay

Every ex-serviceman should make sure his wife, children and parents are familiar with the laws concerning pensions for survivors of veterans. The information may not seem especially important now, but some day it may mean the difference between security and poverty for the veteran's family. Not all veterans' survivors are eligible for pensions. This article will discuss one of the two types of cases in which pensions are payable, and next week's article will outline the other type. Clip

both articles and give them to some member of your family for safekeeping, so that the information will be available to the family if ever they need it.

The Veterans Administration will pay a pension to the widow, child or children, or dependent parents of a veteran who dies as the result of a disability incurred in (or aggravated by) service in line of duty in World War II. The monthly payments in such cases are: Widow, \$50; widow with one child, \$65, with \$13 for each additional child; no widow but one child, \$25; no widow but two children, \$38 (equally divided) with \$10 for each additional child (the total to be evenly divided); dependent mother or father, \$45; two dependent parents, \$25 each. As to the widow, child or children, the total pension payable cannot exceed \$100 a month.

Pension is payable to a widow until she remarries, and is payable to an unmarried child until

it is 18 years old. Payments to a child may be continued beyond that age if he is pursuing a course of instruction approved by VA, but not after he is 21 years old.

Separation from the service under conditions other than dishonorable is a requirement of all laws governing payment of pensions to dependents of World War II veterans who die after leaving the service.

Whenever a widow, children or dependent parents become eligible to receive pensions, they should immediately visit the nearest Veterans Administration regional office or a VA contact office in a smaller community. Death pensions are paid only by the Veterans Administration, and not by the branch of the armed forces in which the veteran served.

The little moron poked out his eyes because he was going on a blind date.

**POSSUM FLATS . . . "CLOSE HARMONY!"**

By GRAHAM HUNTER

**Milk Improved Fliers' Vision**

Schenectady, N. Y. — Canadian fliers during the war improved their vision by drinking milk. Kenneth F. Fee of Albany, director of the milk control division of the New York State Department of Agriculture and Markets, declared in a General Electric Farm Paper of the Air address here over WGY.

"Experiments conducted by the nutritional division of the Royal Canadian Air Force conclusively demonstrated that the vision of their airmen could be materially improved by feeding them a substance known to scientists as riboflavin," Mr. Fee pointed out. "An adequate amount of this substance could not be furnished without feeding them milk."

"As a result of the work of the nutritional division, the amount of milk allowed per day per man was increased from a single ounce

supplied at the beginning of the war, first to 10 ounces and later to 24 ounces per day. The feeding of such amounts of milk to Canadian airmen was characterized as one of the big things done by the Medical Branch," Mr. Fee said.

**Compressed Air Is Farm Helper**

Schenectady, N. Y. — The air compressor, the machine which has done the hard work in our factories, mines, railroads and other industries for many years, now is helping the farmer to save time and avoid back-breaking labor.

Speaking on the General Electric Farm Forum over WGY here, J. J. Summerby of Harrison, N. J., assistant vice president of the Worthington Pump and Machinery Co., said that compressed air keeps pneumatic tires at the right pressure; does the greasing jobs

on tractors, trucks and other machinery; paints the barn, house silo, henhouse or anything else; sprays insecticide on cattle and poultry; white-washes cowbarns; disinfects chicken coops and sprays rust-proofing on mowers; blows dust and dirt from motors, radiators and screens, and operates air tools in the repair shop—back saws, grinders, polishers and countless other air-driven devices.

"So many agricultural uses for compressed air are being found," Mr. Summerby pointed out, "that the time is near when no modern farm will be without the services of this sturdy extra farm hand."

**\$50,000 For Research On Cause and Cure Of Rheumatic Fever**

The American Legion Auxiliary and the American Legion have jointly contributed an initial fund of \$50,000 for research on the cause and cure of rheumatic

fever, Mrs. Walter G. Craven, president of the Auxiliary announced yesterday. Mrs. Craven pointed out that this fund represents the first public effort to combat this disease,

which caused the death of thousands of service men during the war and is listed as the Number 1 scourge of childhood. It causes four hundred times more deaths than infantile paralysis and more than cancer, tuberculosis and paralysis put together.

"The Legion and the Auxiliary are the first organizations to recognize the seriousness of rheumatic fever, which always starts in childhood," Mrs. Craven said. "Those who recover from it as children nearly always have recurrences as adults, and these usually prove fatal. That is what happened to many enlisted men."

"Doctors have for the most part overlooked the seriousness of the disease. The war focussed attention on it because of the havoc it caused in the army and navy."

Mrs. Craven said that the fund set up by the Auxiliary and the Legion represents only a "pitifully small beginning", but it was

hoped larger funds would be set aside later and that the public would be aroused to contributing generously as it does to the more publicized diseases, such as cancer, tuberculosis and infantile paralysis.

A widow is a most fortunate woman. She knows all about men and all the men who know anything about her are dead.

CLARENDON, TEXAS

### No Run-off Says Allan Shivers

There will be no run-off in the nomination of the lieutenant governor, says Allan Shivers, candidate for that office.

Shivers said that during the past week he became convinced that he would receive a majority vote on primary day because "the people are insisting that political offices be filled by qualified and competent men." Shivers has been a member of the Texas Senate for 12 years, and says he is qualified by experience to become its presiding officer.

During the past week Shivers, dean of the Texas Senate, urged a program of state economy and refused to enter into a controversy being conducted by two opponents over which has and can do the most for the veterans of Texas. Shivers is the only war veteran in the race. This was in addition to his platform of long public service, experience, and his past record, which is open to public inspection at all times.

Donley County Leader, 52 a year

### Price Daniel Says Attorney Generalship Belongs To People

The office of Attorney General of Texas belongs to the people, not to the politicians, Price Daniel of Liberty, candidate for that office, declared this week.

Daniel, who spent most of the week campaigning in West Texas with his schedule calling for him to be in Houston Saturday, warned that an attempt was being made to set up a political dynasty in the Attorney Generalship.

"I have no big political names or former officeholders to parade before the citizens of Texas to tell them how to vote," Daniel said. "It was my observation before entering the Army three years ago that Texans like to see a man run on his own name and his own merits. I haven't found that the war has changed this feeling."

The former Speaker of the Texas House of Representatives asserted he is encountering general popular resentment against "the attempts of politicians and past officeholders to take over

### Big Peach Crop In Texas

College Station — The Texas peach crop is estimated at 2,613,000 bushels despite June hails in some areas which cut down the yield.

The estimated yield in the early peach producing areas is 39 million bushels and the U. S. Crop is expected to total 81,065,000 bushels, only one percent under the all-time high set to market in 1945.

B. F. Vance, state director of the USDA Production Marketing Administration, said steady movement of fresh peaches from trees to kitchens was necessary if the big crop is to be put to best use.

He urged housewives to take full advantage of supplies now on the market and to can, dry and quick-freeze them for use later. Commercially canned fruits will not meet consumer demand for the coming year, he said.

Potatoes, tomatoes and onions are also plentiful on the market at the present time.

Board of Education set next year's apportionment at \$35 per child and added \$6 supplemental to this year's \$30 but with the proviso that it be applied on next year's budget. This is subject to the Attorney General's approval and availability of money to pay it. There is more than enough money to pay the \$6 addition to this year's allocation.

The foregoing adds up to maximum state school tax rate of 35c to be set later this month by the state automatic tax board. The \$6 supplemental includes \$4 previously voted and upped by another \$2.

Two men got off the bus. One had come to town for good. The other was a sailor on leave.

### SCHOOLS TO DRAW LARGE FUNDS FROM STATE NEXT YEAR

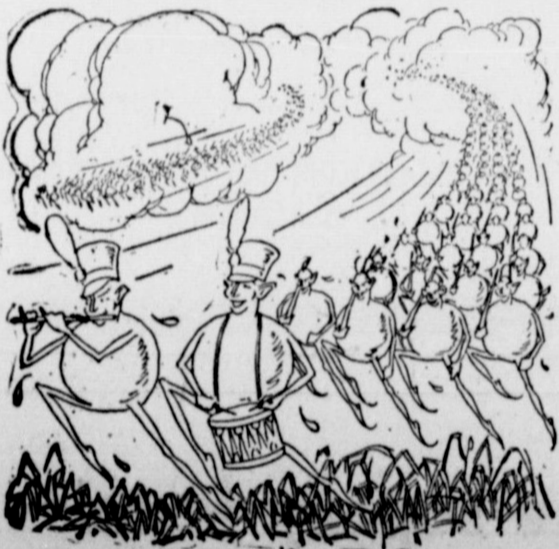

Public schools of Texas will have the unexpected and unheard of state aid of \$41 per enumerated scholastic for the school year starting Sept. 1, to far exceed any previous apportionment in the history of Texas.

This was assured Monday of last week when the State

A wolf: A boudoir commando.

control of the Attorney General's office." He predicted that this feeling would be evidenced in the voting on July 27, with a large majority for him over his opponent.

"The people are with me in this race," Daniel declared.

Daniel, who has practiced law in Liberty County since receiving his law degree from Baylor University in 1932, served three terms in the Legislature and was elected Speaker of the House in

1943. He resigned the Speakership to enter the Army as a private and was discharged only two months ago. He is married and the father of three children.
