THE BULLDOG GROWLS

By the Super Snoopers

You're slipping Lynn, letting Dot go off and come back engaged. Minick should feel proud of the way she did Payne. I wonder who's going to be next??

Bernice, why did you move to the back in English class? Could it be T.M.? Lucille, I see he has a new car! Billie Jean Roberts, what's this about your having a visitor from out-of-state???

Say, Carlile and Parker, who's Redbird?

Thornton and Usrey must be that way about each other.

Why was Billie and Iva Dell so downhearted at the boxing. Couldn't be Phillips could it, girls?

Say, La Nell, that's a beautiful diamond. Congratulations. Did two girls have fun in Memphis, Sunday.

Billie, how's the feudin', fussin' and fightin'.

We still think George Bulman has the cutest girl friend.

We, the student body, are very sorry that Sue (Smith) Moore is no longer with us. Good luck in your future.

Girls, if there seems to be a male shortage lately, there's always a better crop at Memphis and Hedley!!

Will someone please play cupid for about two weeks at C.J.C.

There were two nice looking couples having lunch in Jimmie's Monday.

"Smitty", have you really been holding "study sessions" in your room?

Boyce, why don't you buy Betty a stool to make driving a little easier?

Naoma, we think he is cute, too!!

Weldon, are you sure of yourself?

Sidney, perhaps we have found your girl.

Anese, what about that ring? For a male or female date, call 194-M!! Oh yes, between the hours of nine and four o'clock!!

We are glad that Joan and Arvis are together again. February 22, seemed to be someone's "bad luck" day!

Let's live up the ole College with a party, picnic or sumpin'. We wonder why Jean R. gets such a laugh every day in Education 223?

LELIA LAKE

Mrs. H. R. King

Mr. and Mrs. E. J. Myers and children of Tulla spent the week end with Mr. and Mrs. Arthur Dutton.

Mr. and Mrs. J. H. Wood and Doris and O. L. Usrey had business in Amarillo last Tuesday.

HOW TEXAS INDUSTRIES PUT NATURE'S RESOURCES TO USE FOR THE BENEFIT OF MANKIND

THIS IS A Paper WORLD

Natural resources made the pulp and paper industries possible in Texas. The forests, the water, the chemicals, the natural gas. But none of these would be worth a cent unless they were put to use... for the benefit of mankind. Take natural gas, for example. Stored deep in the earth, natural gas is a worthless resource. But it becomes valuable when it is gathered, processed and moved to market where it can be used as a convenient, inexpensive fuel. This is the function of the United Gas companies—to give value to a natural resource that would otherwise be worthless or wasted. This is practical conservation, for it stimulates industrial development, creates jobs, and benefits all the families in Texas.

PULP AND PAPER The 33 pulp and paper establishments operating in Texas during the year of 1945 employed 3,902 persons with payrolls amounting to \$8,671,000. The industry's production during this period was valued at \$28,626,000. This is another example of Free Enterprise at work—private capital and private citizens working together to bring prosperity to Texas and all her people.

UNITED GAS . . . .

Serving the Gulf South

**THE TEMPLE OF TRUTH**  
By the Apostle

**SENSIBLE.**  
More and better gardens will be grown in old Donley this season. This will be a canning year equal to the money depression period of the 30's. Then we had no money but plenty of goods. Now we have no goods and plenty of money. Can't some smart alec devise a system to regulate the human animal?

**CHIN MUSIC.**  
They say talk is cheap. Extolling the virtues of Lincoln in the House is said to have cost several thousand dollars in time it took

some of the boys to explain their position with reference to the ideas of the great man. In the Senate, it cost even more. Each of the speakers were "for it" naming the achievements of Lincoln. It reminds one of the laconic remarks of Pres. Coolidge who listened to the preacher discourse the subject of "sin." When asked the preachers subject, Coolidge replied that he talked on sin and was against it.

**RESERVATION LINE.**  
Stop the argument when your wife becomes excited. You have won.

**HANDICAPPED.**  
Grandma's, a lot of them, could become glamour girls too, only if they had some process by which

powder would fill up a wrinkle and stay there.

**SAME OLD STUFF.**  
The dad of today who worries about his grandson listening to radio murder mysteries, used to steal away to the barn loft and read Nick Carter.

**IGNORANT.**  
Why is it called a shipment when it goes by train or truck, and cargo when it goes by ship?

**RADIO STUFF.**  
We don't know what his name is in the "Walking Man" radio contest, but it's a cinch that he owns a car and has a son about 18 years old.

**ASHTOLA**  
Betty Wilson

Mrs. Frank Dobbs and son, Sammy of Honey Grove, Texas visited her sister, Mrs. Ed Mahaffey and family the past week. Mrs. Ed Mahaffey and Mrs. Burk DeBord and Mrs. Frank

Dobbs shopped in Amarillo last Tuesday.

Ed Mahaffey visited the past week in Los Angeles, Calif. with his mother, Mrs. Della Mahaffey and attended the races.

Mr. and Mrs. Doyce Graham spent Sunday with her parents, Mr. and Mrs. Barker of Hudgins.

Mr. and Mrs. Goble Barker and family was called to Newlin Thursday afternoon by the sudden death of Mrs. Barkers brother-in-law, Mr. John Nichols. The funeral was Sunday.

Mr. and Mrs. Pink Marshall and family visited Saturday and Sunday with her parents at Cross Plains, Texas.

Mrs. W. A. Poovey gave a family birthday dinner Sunday honoring her husband who was 71 years old February 22nd.

Those present for the occasion were Mr. and Mrs. Ben Lovell and Joe Tom of Ashtola, Mrs. Lavera Miller, Burdette, Wilber and Billy Lee Ramsay of Phillips, Mr. and Mrs. Leo Wallace and Patsy of Ashtola, Mr. and Mrs. Tate Poovey, Bobby, Leola and Elaine of Stinnett, Mr. and Mrs. Earl Butler and Kenneth of Borger. Unable to be present because

of sickness were Mr. and Mrs. John Dial of Channing and Mr. and Mrs. Willard Cook of Borger. Mr. and Mrs. Charles Catoe of El Paso were also unable to be present. All the grandchildren were present except James Reed Lovell who is attending S.M.U. in Dallas. Mr. Poovey received two delicious birthday cakes, one baked by his daughter, Mrs. John Dial, the other was baked by his sister, Mrs. J. E. Bookout of Dallas, besides the big turkey dinner with all the trimmings, lovely gifts and birthday greetings from family and friends everywhere, too numerous to mention were received.

Mr. and Mrs. E. C. Dewey spent last week in New Mexico visiting their daughter, Mrs. W. D. Bryson and family and are visiting a son near Dallas this week, Mr. E. C. Dewey, Jr.

Mr. and Mrs. Lloyd Reid are the proud owners of a new 1948 Mercury. They gave it a good try-out Sunday by going to Lubbock to visit their son Billy Ray.

Mrs. Harold Graham spent last week in Vernon with her mother, Mrs. Sutton, who is quite ill. Mr. and Mrs. James Tolbert and girls of Martin visited in the Harold Graham home Sunday.

**MIDWAY**

Mrs. John Goldston

Mr. and Mrs. Snooks Sparks of Clarendon were dinner guests of Mr. and Mrs. Arthur Davis Sunday.

Mr. and Mrs. Clifford Davis spent Sunday in the W. K. Davis home.

Mrs. Louise Payne, Mrs. Ollen Bain and Marjery Harlan of Clarendon visited with Nora Goldston, who was ill, Wednesday afternoon.

Mrs. Arthur Davis proved a friend in need during the weeks of our illness, giving care and preparing meals. Mr. and Mrs. Clarence Davis also gave assistance. May you each have just such a neighbor should you ever need one. Thanks to each of you.

Mr. and Mrs. Arthur Davis and children visited with her father and Mr. and Mrs. Snooks Sparks Sunday evening and were supper guests.

Mr. and Mrs. Tige Hill visited with Mr. and Mrs. Moreland Thursday night. Mr. Moreland has been down with his back this past week.

Mr. and Mrs. Marvin Jones visited Sunday in the home of her parents, Mr. and Mrs. Rhodes. Mr. and Mrs. Lee Shelly of Lubbock

spent the weekend with her parents, the Rhodes'.

Will Chamberlain made a trip to Amarillo Monday.

Mr. and Mrs. Ben Chamberlain and girls visited with her sister, Mr. and Mrs. Jones Wednesday. Mr. and Mrs. Cleo Woods attended to business in Memphis Friday.

The time of the broadcast of the book reviews written by Kennedy Davis given over KAMQ on Sunday afternoon was changed from 2 o'clock to 1:45.

Mr. and Mrs. LaVern Goldston and boys of McLean visited with his mother Friday.

Mrs. Clarence Davis has been spending part time with her mother this past week. Mrs. Thornberry had a heart attack but is improving now.

Mr. and Mrs. J. M. Cannon of Ralls and Mrs. Lennie Cauthen of Memphis visited Monday with Mr. and Mrs. Loyd Moreland.

Mr. and Mrs. J. M. Cannon are moving from Ralls to Hillbury. Mr. and Mrs. Warren Hardin moved Saturday to their new home near Ashtola.

Mrs. Harley Longan spent Saturday with Mrs. Charles Longan.

**LITTLE JACK HORNER**

We would be pleased to have you give us the opportunity of serving you the most delicious sandwiches and full-flavored coffee that you have ever tasted. They are matchless in food value and taste.

## ASHTOLA NEEDLE CLUB

The Ashtola Needle Club met in the Clubroom Feb. 19 at 2:30 o'clock. House was called to order by the president, Vena Hudson opened meeting with a prayer.

Members present to answer roll call were Ima Wallace, Jo Harp, Mary Bell DeBord, Laura Mahaffey, Vena Hudson, Nonie Hinders, Sue Rhoades, Mrs. Beverly, Johnnie Poovey, Elizabeth Graham, Dora Brandon and Hazel Brandon. Most every one received Polly Anna gifts as this was the second meeting we have had this year due to the bad weather.

The next regular meeting day will be March 4th. We will not have an all day meeting as planned. The quilting has been called off due to misunderstanding among some of the members. Meeting time March 4th at 2:30. The hostesses will be Sue Rhoades and Eleanor Holland.

Meeting adjourned and delicious refreshments were served by the acting hostess Hazel Brandon with Dora Dewey as co-hostess.

On March 11 Vena Hudson is giving a quilting in her home. All ladies are invited to come. A covered dish luncheon will be served at the noon hour.

—Reporter.

## CLARENDON H. D. CLUB

Mrs. Lena Antrobus entertained the club members and one guest at her home Friday afternoon. After a short business meeting, making flowers out of turnips was demonstrated by Mrs. Stanley W. Hayne. At the social hour, Mrs. Antrobus, hostess, served lovely refreshments to Mrs. Hayne, guest and club members. Mesdames A. L. Chase, G. L. Green, Claude Darden, G. A. Anderson, Payne, Henry Williams, M. C. Rampy, C. D. McDowell, Bryson, Joe Terry.

## CUE AND CURTAIN CLUB

The Cue and Curtain Club met at the home of Wilson Lane Feb. 24th. A speech entitled "The Human Voice" was given by Jackie Brooks. Sandra Shelton and Inelle Cox got up a program of "Imitations" which was given by four people. Jackie Brooks received a prize for giving the best imitation. Refreshments of open-face sandwiches, cookies and cakes were served to the members.

## BIRTHDAY PARTY

Mrs. Leona Jones was honored with a surprise dinner February 24th by a few of her friends, this being her birthday. At 12 o'clock a covered dish luncheon was enjoyed by all. Mrs. George Henry made the beautiful Happy Birthday cake.

In the afternoon the gifts were displayed and all enjoyed the following readings: "The Brindle Cow" given by Mrs. A. J. Sibley; "Give the Flowers to the Living" by Mrs. L. E. Vinson. A social hour followed.

Those present were Mesdames R. C. Bingham, A. J. Sibley, A. P. Todd, R. W. Moore, J. D. Wood, L. E. Vinson, J. R. Cox, C. B. Owens and daughter; F. M. Barton, Geo. Henry and Myrna, L. L. Wood, Lola Barns and the honoree, Leona Jones.

Those sending gifts were Mrs. A. A. Mayes, Mrs. L. S. Bagby, Mrs. Juanita Vaughn, Mrs. E. L. Lewis and Hazel Bingham.

## MARTIN QUILTING CLUB

The Martin Quilting Club met with Mrs. Ruby Jordan on Feb. 19 with an all day quilting. A delicious covered dish luncheon was served at 12 noon hour.

Those to enjoy the day were visitors, Mrs. Alice Pittman and Roberta Pittman. Three new members, Ruthie Gray, Emma Davis and Ruby Fitzgerald; members, Nola Hill, Willie Marshall, Lois Sibley, Lelia Bulman, Margrete Waldrop, Blanche Higgins, Bonnie Crofford, Gracie Crofford, Helen Land, Eunice Land, Bessie Helton, Lois Stevenson, Fannie Wilson and the hostess Ruby Jordan. Two quilts were quilted. Next quilting will be with Bonnie Crofford on the 4th of March. Mrs. Ola Bradshaw received a Polyanna gift.

—Club Reporter.

## CLARENDON H. D. CLUB

The Clarendon H. D. Club will meet Friday, March 19 at the home of Mrs. J. C. Estlack in a covered dish luncheon to piece club quilts. The members are asked to bring thimbles and quilt pieces.

## PATHFINDER CLUB

The Pathfinder Club will meet Friday afternoon at 4 o'clock at the Club room.

## MOTHERS CLUB

Members of the Mothers Club met at the club room Tuesday afternoon with Mrs. Dale Hill and Mrs. Homer Estlack as hostesses.

Mr. Callahan, highway patrolman, gave a very interesting discussion of the new Traffic Code, and a brief history of the Highway Patrol. After a short business meeting, Mrs. Geo. W. Estlack presented the article, "Ups and Downs at School."

Refreshments were served to Mesdames R. Y. King, Everett Johnson, W. C. Mooney, Hubert Heatherly, James Ross, G. W. Estlack, Bill Riney, Lee Bell, T. H. Seay, Barcus Antrobus, Horice Green, and the hostesses Mesdames H. Estlack and Dale Hill.

## V. F. W. AUXILIARY

The Clarendon V.F.W. Auxiliary met in the Federated Clubroom at the regular meeting time Wednesday evening February 18, with 10 ladies present.

The meeting was called to order by the president, Mrs. L. E. Underdown. Opening exercises and business followed.

Closing ceremonies were conducted in accordance with the Ritual, after which the meeting was adjourned to re-open March 3rd, 1948 at 7:30 p. m.

All members and all eligible members are urged to attend the next meeting at the above mentioned time to help better our community and ourselves through the work of this auxiliary.

Lois Underdown, Sec.

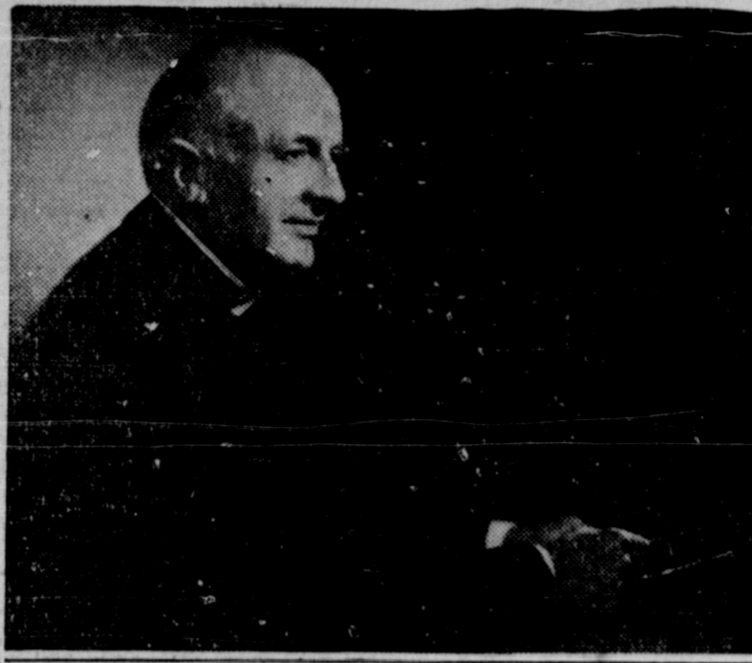

## T. E. L. CLASS

Some of the T.E.L. Class members met with Mrs. Clyde Butler Tuesday afternoon and quilted one quilt. Those that enjoyed the afternoon were Mrs. L. L. Wood, Mrs. C. Darden, Mrs. Carl Naylor, Mrs. D. M. Cook, Mrs. C. B. Owens, Mrs. Goin, Mrs. A. P. Todd, Mrs. F. M. Barton, Mrs. R. W. Moore, Mrs. Lola Barns, Mrs. James Smith of Lelia Lake and Mrs. Butler.

Those visiting in the D. C. Williams home over the weekend were her sister, Mrs. J. O. Harris of Ft. Worth and Mr. and Mrs. Johnnie Harris of Dumas and Mr. and Mrs. H. L. Williams and children, Mr. and Mrs. Harmon Fricks and children, also Bill Williams of Pampa.

Mr. and Mrs. T. E. Dever from Plainville and Mr. and Mrs. Alva Devers visited their parents, Mr. and Mrs. U. T. Devers Sunday.

After attending the Federal Land Bank meeting at Houston the first of last week, Mr. and Mrs. Cap Morris visited their son and family, Carl Morris, at Austin. They returned home Sat.

The Rt. Rev. Henry Knox Sherrill, presiding Bishop of the Episcopal Church, who is asking Episcopal Church members to give a million dollars in 1948 for the relief of needy peoples in war-devastated countries of Europe and Asia. The Church raised a million dollars for this purpose in 1947, and will attempt to give a similar amount in 1948 and a third million in 1949. Relief is given through Church World Service in Europe and the National Christian Councils in the Oriental countries.

Mr. and Mrs. McHenry Lane of Pampa visited her parents, Mr. and Mrs. E. L. Lewis and also visited Mrs. C. A. Burton Sunday. Mr. Lane is principal of the high school at Pampa. Mrs. Lane also teaches there.

Mr. and Mrs. Rayburn Smith returned home Tuesday from attending the Federal Land Bank meeting at Houston last week. They also visited relatives at other points.

Mrs. Joe Holland had word that her uncle, Mr. J. L. Upton had a serious operation at Okla. City. Mr. Upton lived in Clarendon some time.

Mrs. Edgar Brittain and Kenneth Fink moved their mother, Mrs. Earl Lea to Ironton where she could live close to her daughter, Mrs. Brittain, who lives there. They left Wednesday night for Ironton.

Mr. and Mrs. E. T. Bagwell of Claude are the proud parents of a 7 1/2 lb. son born Feb. 22 at St. Anthony hospital at Amarillo. Larry Vance is his name.

Michael Lee is the name of the 7 lb. 13 oz. son born Feb. 23 to Mr. and Mrs. Barney Horton at the Adair Hospital. Mother and baby are doing fine and were moved home Wednesday morning.

Mr. Whitt who has been in the Clark hospital at Memphis seriously ill was moved home Tuesday. He is resting but still seriously ill. His daughter Charlsie Ann who is attending school at Canyon came home to be with her father.

Ray Horton who had an appendectomy at the Goodall hospital at Memphis last Wednesday night was able to be moved home Tuesday and doing nicely.

Misses Etta and Ida Harned visited in the D. C. Williams home at Ashtola Sunday afternoon.

Mr. and Mrs. S. C. Bell announce the birth of a 7 3/4 lb. baby girl to their son and wife, Mr. and Mrs. Kenneth Bell at Borger, Texas, Feb. 23.

Mr. and Mrs. Earl Butler and son Kenneth of Borger and Mr. and Mrs. Loran Rhodes and son Leon of Amarillo visited Sunday with their parents, Mr. and Mrs. Clyde Butler.

Dr. and Mrs. Helary Connor of Calif. announce the birth of a 6 1/2 lb. baby daughter Feb. 19. She is called Cynthia. Mrs. Connor is known in Clarendon as Katrina Carille.

Mrs. A. O. Hefner and son Licyd Hefner and her brother and son, Mr. and Mrs. D. M. Wood and Chau's of Pampa visited Mr. Hefner at Memphis Sunday. Mr. Hefner is in the Clark Hospital for physical check-up.

Mr. and Mrs. B. L. Jenkins of Amarillo were supper guests of his father, Dr. B. L. Jenkins and Mrs. A. O. Hefner Sunday evening.

Dr. and Mrs. George Shaddid had for guests the first of this week, her grandmother, Mrs. Ed C. Smith and sister, Mrs. Denville Reepies of Wellington.

Mr. and Mrs. Lee Shelly of Lubbock spent the weekend with relatives.

Mrs. U. T. Fowler returned home Saturday from Amarillo where she had visited relatives the past week.

Mr. and Mrs. Mark Raney went to Wichita Falls Monday for a medical check-up.

Mr. and Mrs. Harry Blair, Mrs. Dwight Blair, Mrs. Buster Emmons and Bobby were Amarillo visitors Monday.

Mrs. Bradshaw and two children spent over the weekend visiting relatives at Hereford.

Mr. and Mrs. Ted Combest of Wichita Falls spent the weekend with Mrs. Neva Scott.

## BROADCAST OVER KGNC, AMARILLO, 11:30 A. M. SUNDAY, FEB. 29

On Sunday, February 29, substantially every member of the Episcopal Church will hear the voice of their Presiding Bishop, the Rt. Rev. Henry Knox Sherrill, by means of a new and extraordinary use of radio. In Clarendon the congregation of the Episcopal Church will sit in their pews and at exactly 11:30 A. M., the Presiding Bishop's voice will be heard, telling the needs of war-devastated countries in Europe and Asia, and urging Episcopal Church members everywhere to accept their plain duty and privilege of helping these suffering millions. The same scene and the same message will be repeated in thousands of Episcopal churches all over the country, at exactly the same time.

The Episcopal Church gave more than a million dollars in 1947 through its Presiding Bishop's Fund for World Relief, and it intends to raise the same amount or more in 1948. The entirely new use of radio opens what is expected to be a very brief and highly successful campaign.

At the Sunday service February 29, when Bishop Sherrill's ten-minute address ends, the rector, the Rev. W. Warrin Fry, will tell his people how they may have a part in this program of aid for the distressed, through the Presiding Bishop's Fund. Then the opportunity will be given for both immediate gifts and short-time pledges. At national Church headquarters in New York City it was stated recently that "Our 1,600,000 people can raise \$1,000,000 for the Presiding Bishop's Fund for World Relief IN ONE DAY if each parish and mission will do its share."

This is the first time radio has been used by any Church in such a way, to convey a message to its whole constituency at one time.

## HUDGINS

**Mrs. S. M. Harp**

Bro. Fitzgerald of Clarendon preached Sunday morning and took dinner in the John Perdue home.

Mr. and Mrs. Tomlinson of Phillips spent the weekend with the lady's parents, Mr. and Mrs. Carl Barker and family.

Donley County Leader, \$2.50 year

## progress report 1948

Today we have the greatest number of telephones in operation in our history. Daily telephone traffic has far surpassed the busiest rush hours of the war years. Our expansion program for 1948 calls for an even greater number of installations than during the record year of 1947. We are doing everything possible to meet the record demand for service—and, in all fairness, will give first attention to those who are on our waiting list.

## MEET THE MIGHTY MOKO!

He bends iron bars like hairpins. He makes confetti out of telephone books. He tosses bar-bells around like paperweights. He's colossal! He's the strongest man in the world!

But not even the Mighty Moko—with all his fabulous strength—can do as much work in a day as Reddy Kilowatt will do, and do for only a dime.

Truly, electric servants, who are giants for work, leap to your bidding every time you flip a switch—willing electric servants ready to take the burden of hard work from you. Ready to help you sew and cook and clean—to guard your food—to make life easier, healthier, more comfortable for all your family.

And these electric servants work for the lowest wages in history. Never has electric service performed so many tasks—at such bargain rates—as it does for you today.

**West Texas Utilities Company**

**GOLDSTON**  
 By Wilma Smith  
 Mr. and Mrs. Roy Morgan and family of Panhandle visited Mr. and Mrs. Sam Dale Wednesday night.  
 Ann Houk spent Friday night with Gail and Linda Lemons.  
 Mr. and Mrs. Roy Stewart were in Oklahoma on business one day last week.

*Now the famous Gas Refrigerator that...*

**STAYS SILENT LASTS LONGER**

because it freezes with no moving parts

Come see it—the famous Serwel Gas Refrigerator with no motor, no valves, no piston or pump, no machinery at all in its freezing system. Just a tiny gas flame does the work—with no noise, no wear. So Serwel stays silent, lasts longer. More than 2,000,000 families are enjoying Serwel Gas Refrigerators right now. Some have had them 15, 18 and 20 years. Ask any of them, and they'll tell you, "Pick the Gas Refrigerator. You'll never hear a sound, never have a moment's worry."

See the new models now on display.

# BLWIN' Out the CORNERS by Uncle Zeb

Somehow, I don't know why, we arrived at Station KGNC just before noon, and like the fine folks that they are, they offered to feed us, but I am getting ahead of the story. We (George and Alfred Estlack, and myself) were met at the door by the one and only Uncle Jay, and as you all know and admire him anyway I will save all my adjectives for the others. As he directed us toward the inner sanctum, we were introduced to the cheerful, ever smiling, and one of the most pleasant men I have ever met, namely, Bob (Pappy) Watson. Reaching the main office, we met the Boss, and with his telephone ringing every few minutes and people wanting something all the time, he gave us the big news. He was personally taking us out to lunch; not to his home, not to a cafe, but to his club. And what a club it was, and what a lunch we had; steaks as thick as four saddle blankets, and as juicy as a politician's promises, and tender like one of Mama's biscuits. More courses than a Freshman would take in college, and more silverware than I could use in a week. My, what an experience for an old codger like me, and what a nice man was our host, Mr. Aubrey Jackson.

We met Mrs. Jackson, and she was lovely. She seemed right at home chatting with Alfred and

Red (The Editors), and she didn't seem the least bit embarrassed when she learned that I was a farmer. Swell folks, and thanks Mr. Jackson for a swell two hours, and for a fine well managed radio station, and thanks for your desire to help our folks in any need we might have, and you have always done this. As the clock neared three, and our hearts were beating wildly, in walked our big moment, in came your neighbor and mine on Panhandle Mainstreet, none other than George Young.

I had a promise from Uncle Jay to let me read poetry on his program, Line For Living, if my voice turned out good. I just had time to get the same sort of a promise from George, to let me sing on his early morning Singing News Cast when we had to start the recording. I was so scared, and so happy, that at last I had my big opportunity. Too soon, it was over, and we were invited to hear it played back. The rest is history. Cold, sad, and cruel facts. My future crumbled at my feet. My voice was no good for radio. There is no use trying to console me, no use writing letters of sympathy. I realize the truth. And George, honest to goodness, I don't want to be a sidewalk farmer anymore. I'm sticking close to the soil after that. My cows and chickens don't mind that lip or drawl or whatever was wrong, they understand, and thanks George for doing all that you could possibly do. Some farmers have their liabilities in the country, and their assets in town. I've heard that a farmer makes his money in the country and spends it in town, an agriculturist makes his money in town and spends it in the country. I want to stay a real farmer, George, my boy, not a sidewalk

farmer; no more radio, just stay close to the soil and maybe, my one fingered typewriter.

Thanks, Mr. Gerner, for the card, and I am staying on the bandwagon in 1950 politics. Thanks to The Old Apostle, for the kind words, and if you ever do get arrested in Donley county, send for me; I'll play checkers with you in jail.

Mr. Rutherford tells me that he found a goldfish frozen fast in the ice of his horse tank, during the past cold spell. When he broke the ice from around it, the fish swam away, apparently no worse for the experience. Does this happen often?

What are the Democrats trying to do? Divide up the cake and devour it. They better remember the old saying "You can't eat your cake, and have it, too."

Some people, when they talk to you, try to make you feel like that you are the most important person in their lives at that moment. Usually, they are the most important people in your life, at that moment.

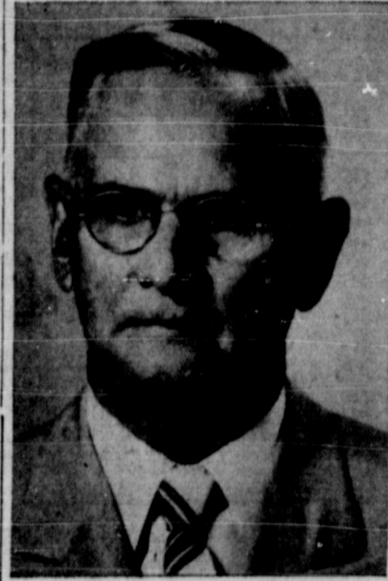

I saw in the paper, that according to a Poll (and I don't like polls) the average husband kissed his wife six times a day (counting pecks and near misses). I hope Mama forgets to give me my rating.

Mr. and Mrs. Robert Moss of Austin announce the birth of a 8 lb., 11 1/2 oz. baby boy born Feb. 18, 1948 and has been given the name, Robert Lee. Mrs. Moss is the daughter of Mrs. Lee Holland. Mrs. Holland left Saturday night for Austin for a two weeks visit with them.

## THE DONLEY COUNTY LEADER

### TOM F. CONNALLY ANNOUNCES CANDIDACY FOR COUNTY JUDGE

In announcing his candidacy for the office of County Judge this week, Mr. Connally stated that he came to Clarendon, Donley County, Texas in 1908 and engaged in the Wholesale Grain business and had been active in this undertaking since that date. "I have taken some part in every worthwhile movement that was for the betterment of the people of Donley County, especially active in every movement for better roads and better edu-

TOM F. CONNALLY

national advantages. I have served several years on the school board, served as City Commissioner, and for eleven years served as Mayor of Clarendon," he stated.

"While Mayor, I was by reason of my office, City Judge, and having served as Clerk of the District courts of Waco before moving to Donley county, has enabled me to have some knowledge of court procedure. If you will elect me your County Judge, I promise to render faithful and honest service," Mr. Connally added.

### SERVICES TODAY FOR MEMPHIS PIONEER

Funeral services for H. B. Estes, pioneer Hall County resident, will be held this afternoon at 3 p. m. in the First Methodist Church there. Rev. C. C. Armstrong, pastor, will officiate.

Mr. Estes, 89 years old, was brought to Hall County by his parents as a baby 1 year old. He had lived there all his life and had a wide acquaintance of friends throughout Donley County. He was formerly associated in the furniture and mortuary business. He suffered a heart attack Saturday and died Tuesday night. Burial will be in the Murphy-Spicer-Buntin Funeral Home in charge of arrangements.

Winston Wood and a friend of Lorenzo visited his mother and sister, Mrs. J. D. Wood over the weekend.

## HEALTH NOTES

AUSTIN — One person dies every minute in the United States due to diseases of the heart and circulation, declared Dr. Geo. W. Cox, State Health Officer. Deaths from diseases of the heart and blood vessels are three times as high as cancer, six times as high as accidents, eight times as high as pneumonia, and eleven times as high as tuberculosis.

among children between the ages of 5 and 19. Rheumatic fever and rheumatic heart disease cause almost five times as many deaths as infantile paralysis, whooping cough, diphtheria, scarlet fever, measles and cerebrospinal meningitic fever combined. Rheumatic fever causes 40% of all heart disease at all ages and 90% of all heart disease in children.

The American Heart Association has named the week of February 8-14 as National Heart Week. This Week will emphasize

through many avenues this and other basic information about heart disease and rheumatic fever. Knowledge is the strongest weapon in the fight.

The physicians in your community are doing more than their share in combating the ravages of these diseases. Won't you enlist the support of your friends and neighbors in the fight against the greatest destroyer of American lives? Send for information to the Texas State Health Department, Austin, Texas.

## THE BUSINESS SITUATION IN TEXAS

AUSTIN—The year 1947 ended with business activity in Texas continuing the climb that has been almost uninterrupted since October 1945, reported The University of Texas Bureau of Business Research.

The Bureau's composite index of business activity stood at 209 in December, the highest point reached since July 1945, when it was 213. Dr. Stockton, Professor of Business Statistics and Statistician of the Bureau, pointed out. The December 1947 level was only 12 per cent below the wartime peak of 238.

The expansion of retail trade still continued to be one of the strong factors in the 1947 gains. Total retail sales of \$4,686,000,000 were up 13 per cent from 1946.

Industrial power consumption, most comprehensive measure of Texas industrial activity, for 1947 was 11 per cent above 1946, only slightly below the wartime record when the State's factories were operating at full capacity. "On the basis of this index it appears safe to conclude that Texas industry operated at a level more than two and one-half times the prewar level, and by the end of the year had almost regained the wartime production peak," said Dr. Stockton.

The petroleum industry exceeded 1946 levels both in production of crude and in refining. Crude production for 1947 was 7 per cent above 1946, which had exceeded the largest output of the war years.

The construction industry after a disappointing showing in 1946 began to make impressive gains in 1947, reaching an all-time peak. Building permits in Texas cities were 31 per cent above 1946, and in November 1947 the index topped all previous records, rising to 725 per cent of the 1935-39 level.

Cash farm income in 1947 surpassed the high level of 1946 by per cent, totaling \$1,838,000,000. Prices of all farm products were approximately 20 per cent higher at the end of 1947 than at the end of 1946, and these prices combined with bumper crops produced a cash income to farmers approximately four and one-half times that received in 1939.

In brief, 1947 showed the largest volume of peacetime business in the State's history. However, possibly more significant than the large volume of business has been the rapid and persistent rise in prices that has preceded with little interruption throughout 1947, according to Dr. Stockton.

On December 27, 1947 the weekly wholesale price index of the Bureau of Labor Statistics stood at 163 per cent of the 1926 level, up 16 per cent since December 1946. The index of consumers' prices in Houston was 169 per cent of the 1935-39 level on December 15, 1947, a rise of 11 per cent from a year earlier. Over the same period food prices in Houston rose 15 per cent to 218 per cent of the prewar base.

### FARM BUREAU TO SPONSOR WATER HEARING MARCH 8

The Texas Farm Bureau Federation will sponsor a water hearing to be held at Plainview on March 8, it was announced today by J. Walter Hammond of Tye, state Farm Bureau president. The hearing is scheduled for the purpose of studying the underground and surface water situation in Texas and to discuss the desirability of underground water control legislation, Hammond said. The meeting will begin at 10 a. m. in the City Auditorium.

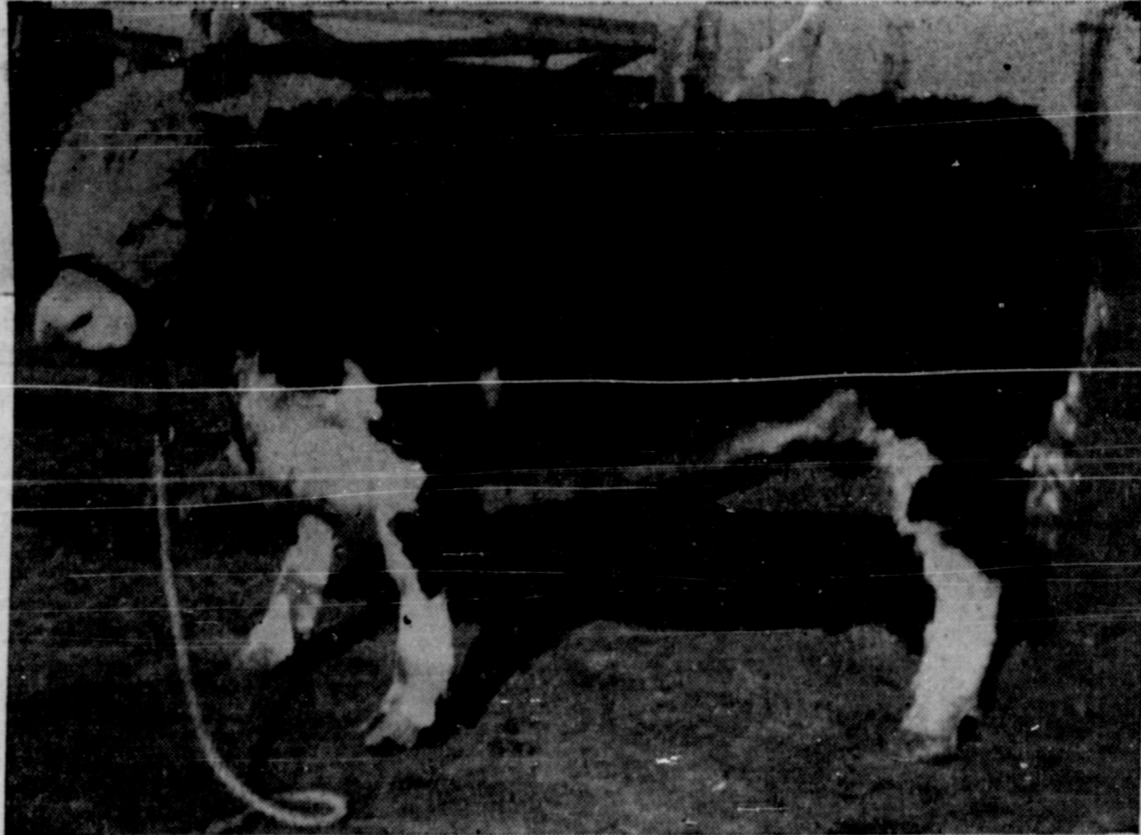

The meeting is expected to draw a large attendance of farmers from all sections of the state. State legislators and representatives from other interested groups will participate, and water engineers and geologists have been invited to furnish information on the surface and underground water situation in the state.

## CITY-COUNTY LIBRARY NOTES

By Mrs. C. A. Burton  
(Librarian Emerita)

In spite of low profit margins the year 1947 was an unusually busy one for the publishers. A total of 9,182 new books were published—19 per cent more than in 1946 and nearly 50 per cent more than in the paper-short year of 1945. In the realm of fiction, an average of nearly 100 new books a month rolled off the presses: November alone brought 146.

The only appreciable declines in 1947 came in the 25 cent reprint field.

The two top-list best sellers in fiction and non-fiction were hold-overs from 1946—"The Miracle of the Bells," and "Peace of Mind"—which we have lately acquired as a gift in the library, and I hope you read—it is worthwhile.

The big-money books were "Prime of Foxes" with over 1,125,000 copies sold, and in non-fiction "Inside of U.S.A.," which many of our readers have enjoyed. John Gunther was rather seriously criticized because of some things he said, but it seemed they were largely about Texas, but Texas is only part of the U.S.A., even if we Texans find it difficult to believe that.

As an aid toward the rehabilitation of Polish libraries, the Enoch Pratt Free Library, of Baltimore presented nine hundred children's books to the Warsaw Public Library. There were books in the collection that serve as "bridges" to international understanding as well as those that show the American way of life.

A discussion recently about why books became best sellers disclosed two reasons: publishers boast them for the money, and booksellers boast them for the same reason. Both of those reasons account for the fact that Sinclair Lewis' "Cass Timberlane" became a best seller. It does not have much the advantage of "Forever Amber"—there is almost as much obscenity.

Archibald Mac Leish has been named by President Truman to represent the White House at the inaugural ceremonies in Venezuela. Mac Leish was puzzled by the designation but learned that he, as the New Deal Poet, had been selected because Truman had discovered that the new President of Venezuela is a poet.

Somerset Maugham has returned to his villa in the South of France to write another book of his memoirs.

A recent visitor to Amarillo, a guest of the Rotary Club, was Dr. Cleo Dawson of Lexington, Ky., author of a book of unusual interest which has been on our shelves for some time, "She Came to the Valley." It is a story of the early days of citrus culture in the Rio Grande valley. As the official guest of President Comacho she made a sociological survey which took her to all parts of Latin America. She is considered one of the United States' best informed women on international problems. She is a graduate of three universities, Baylor, S.M.U., and University of Kentucky.

Two books which we have had some time but which probably many have not read—but which are full of a chain type of humor that is very entertaining, are the best seller, "One Foot in Heaven", by Hartzell Spence, which became so popular as a movie and over the radio, and its sequel, "Get Thee Behind Me." The author, Hartzell Spence, the parsonage son, graduated from the University of Iowa in 1930, then went to United Press and stayed with it until the success of his first book. Later, with his wife, he spent six months in South America where he wrote "Get Thee Behind Me." He is a captain in the army.

Georgia's ex-Governor Arnold, whose "Shores Dimly Seen" appeared last winter has delivered manuscript to Lippencott for a second book, "What the People Think."

### 1947 Christmas Seal Sales Amount To \$572,000 to Date

AUSTIN—"Take a deep breath—hold it—that's all!" The Texas Tuberculosis Association's x-ray technician has repeated this instruction as often as 500 times a day during the chest x-ray surveys the Association has sponsored since Christmas Seals bought the x-ray unit in November, 1946.

From Sherman to Corpus Christi, from Lufkin to Waco, over 77,000 Texans have been x-rayed in the surveys, conducted on a community-wide basis, to locate early cases of TB and assist such patients to obtain medical care while their disease is still in the early, most easily curable stage.

In a report issued today by Dr. Z. T. Scott of Austin, treasurer of the Association, the people of Texas are commended for "helping check TB in two ways—

buying Christmas Seals, and getting a chest x-ray." Texas contributions in the 1947 Christmas Seal Sale amount to \$572,000 to date, Dr. Scott announced. Of this amount, \$527,000 was raised in counties having local affiliated associations. Eighty cents of each dollar so raised will be spent for TB control in the county in which it was raised. Fifteen cents of each county organization's dollar supports the overall Texas Association program, and five cents supports the work of the National Tuberculosis Association. The balance of \$44,000, which was contributed by Texans in counties having no local affiliated organization, will be used for TB control on the State and national levels, ninety-five cents out of each dollar supporting the Texas Association's program, and five cents supporting that of the National Association, Dr. Scott stated.

Expressing the appreciation of the Texas Tuberculosis Association and its affiliated local asso-

ciations for the continued interest and cooperation Texans are showing in the TB control program, Dr. Scott declared, "Tuberculosis can be prevented or arrested if everyone knows about modern methods of diagnosis and scientific treatment. People who fall victim to TB are victims of neglect—the individual's neglect to learn the facts about TB, and neglect by the community which fails to provide effective means to prevent the spread of the disease."

Working in cooperation with county medical societies, local tuberculosis associations, official health and welfare agencies and other community groups, the Association's x-ray unit will visit various parts of the State through out the year. In addition to searching out unknown cases of TB in groups of apparently healthy people, the Association will continue to help put on intensive educational programs in conjunction with each local survey.

"Movies, radio, talks before service clubs, PTA groups, etc., illustrated pamphlets and newspaper coverage tell the TB story during the surveys. Many people know that TB is a communicable disease and not an inherited one; that it can be cured most promptly when found early, and that it can be prevented. Until the majority of people understand, however, that each of us has a personal stake in the public health of Texas, TB is likely to go on killing 3,000 Texans a year and crippling the lives of 25,000 more. Therefore, it is encouraging to note the increasing popular interest shown in local surveys, in the TB problem as it affects the State and as it can affect the personal health and welfare of any one of us," Dr. Scott said.

## Veterans' News

Only veterans taking full-time courses in schools or colleges will be entitled to increased subsistence allowances under a law signed February 14 by the President, the Veterans Administration has announced.

Veterans taking any of the following types of training are not entitled to the increases, but will continue to receive subsistence at the old rates of \$65 monthly for those without dependents and \$90 for those with dependents:

1. Institutional on-the-farm training and part-time institu-

tional training.

2. On-the-job training or apprenticeships.

3. Combination training in which students attend school part time and are employed part time, usually in a related field.

4. Internship and residency training; and graduate training under a Fellowship requiring a reduced credit course-load because of services rendered under provisions of the Fellowship.

Eligible veterans now in school who are entitled to \$75 (no dependents) or \$105 (one dependent), will not have to apply for the increases. VA, requesting that these veterans not write, said it had sufficient information to make automatic increases.

However, veterans entitled to \$120 a month because they have more than one dependent, will be required to submit evidence of

their additional dependents before the increased payments can be made. For dependent children, photostats or certified birth certificate copies will be necessary. For dependent parents, evidence of actual dependency must be submitted. If veterans now training submit evidence prior to July 1, 1948, they will receive retroactive payments at the new rates back to April 1, 1948.

The higher rates are applicable after April 1. However, since subsistence allowance checks are not due until the end of the month in which the veteran is in training, most of the eligible veteran-stu-

dents will receive their first checks at the higher rates on or shortly after May 1, VA said.

Award of scholarships to 18 University of Texas students, including representatives of China, Palestine and Puerto Rico, has been announced by President T. S. Painter.

Increased growth of the University of Texas architecture department, which now ranks second in the nation in enrollment, has prompted its conversion into a School of Architecture, Feb. 1, the Board of Regents announces.

# Weekly SURPLUS NEWS WAA

Budget requirements, as well as declining inventories, will necessitate a slash of 500 workers from War Assets Administration payrolls in the five states of the southwest during March. The cut will mean that the agency will lose more than a third of its present force of 1450 at the same time it must launch a final sales drive on remaining war surplus in the area. An overall inventory is now being rushed to completion while sales of personal property are

suspended before start of the "clean-up" liquidation program. Bulk of the personnel cut will come in the Grand Prairie headquarters office with additional reductions to be made in field office staffs at San Antonio, Houston, New Orleans, Little Rock and Oklahoma City.

To trim down the agency's load in disposing of remaining surplus by the end of the fiscal year, the armed forces have agreed to withhold further declarations of surplus property until after the June 30 deadline. Recently, at request of the Secretary of Defense, the WAA halted all disposal operations at Sheppard Field, Camp Maxey and Camp Gruber for the same period. Yet the southwest

area still has approximately \$75,000,000 in personal property to market or transfer, as well as nearly a billion dollars worth of surplus real estate of various kinds. Shaping up for its liquidation task, the area will become one of ten operating regions in the national WAA organization on March 1, instead of being designated as a zone. Headquarters will remain at Grand Prairie, with selling offices in the former regional locations.

More than half of all surplus agricultural land disposed of so far has been bought from the government by former owners, a WAA survey has disclosed. Two high priority purchasers, former owners and veterans, have purchased most of the 444,981 acres disposed of. Despite discounts allowed the priority buyers, including federal and state agencies, prices were generally good, averaging about \$34 per acre.

Another surplus airfield is seen to be taken over by an adjoining city under the terms of Public Law 289. The War Assets Administration recently agreed to a contract for the award of Child-

ress Army Airfield to the city of Childress as of February 24. Childress will get the airport property, some of the buildings and necessary maintenance equipment to keep the field in operation. Additional property at the field will be disposed of as surplus by WAA in the near future. Some 250 buildings at the field are now being offered to schools and other priorities until March 5.

For those who like water fights with seltzer bottles or to blow things up generally, WAA now has nearly a million of the little CO 2 cylinders used by the services to inflate life preservers. Minimum purchase, however, will be 28,500 of the devices—enough for a good-sized wind tunnel, maybe. Interested veterans will have until February 25 to place orders, others until March 1. Particulars will be supplied by WAA's Grand Prairie Custom Service Center.

With 481 structures — the tail end of all buildings to be removed from the site—up for clearance, War Assets will hold a final location sale at Camp Bowie, Brown-

### Rail Shipments of Poultry and Eggs

Turkey shipments from Texas stations increased in December to 247 carloads, the University of Texas Bureau of Business Research reported. Egg shipments decreased from 49 to 24 carloads in December as compared with 160 cars in December 1946.

DO YOU KNOW that, if you lose your social security account number, you can get a duplicate of that number by filing application for a duplicate number with your nearest Social Security Administration office? Applications for duplicate numbers and the address of your nearest Social Security Administration field office may be obtained from your local postmaster.

### Uncle Sam Says

If you don't mind blending romance and good business sense, Leap Year Day, February 29, offers the opportunity to take a look at the growth in value of United States Savings Bonds.

For example, here is what happened to the value of Savings Bonds as measured by the Leap Years:

- \$25 Savings Bond — 1940, \$18.75, purchase price; 1944, \$20.00 and 1948, \$23.00.
- \$50 Savings Bond — 1940, \$37.50, purchase price; 1944, \$40.00 and 1948, \$46.00.
- \$100 Savings Bond — 1940, \$75.00, purchase price; 1944, \$80.00 and 1948, \$92.00.

Buy Savings Bonds through the Payroll Savings Plan where you work, or the Bond-A-Month Plan where you bank if you are self-employed. Watch your nest-egg grow, saicy, surey, prontably.

### From where I sit... by Joe Marsh

Read the other day where country folks and farmers spend more money, proportionately, on their homes than city dwellers do.

Doesn't seem hard to believe when you think it over. Take the folks in our town, for instance: They're home-loving people—who'd rather spend an evening by the fire with a mellow glass of beer than go out in search of entertainment or diversion.

So it's only natural they put more into what means most to them and to their children: their homes. They

### Where Does Your Money Go?

may not have too much to spend—but it goes for those permanent, abiding comforts that make home a nicer place to be.

And from where I sit, that budget calls for some of the niceties of home life too—like cider and popcorn for the kids from time to time, and a friendly glass of beer for Mom and Dad... things that belong with what we mean when we say "Home."

Joe Marsh

**Annual Meeting of State Mineral Society of Texas To Be Held In Austin, April 17 and 18, 1948**

The State Mineral Society of Texas has completed final arrangements for a state-wide mineralogical show to be held in Austin, Texas, April 17 and 18, 1948.

This Society has for its sole purpose the encouragement of the development of the mineral resources of Texas and the stimulating of rock collecting, grinding, and polishing as a suitable hobby. Of course, many of those that take up the polishing of rocks as a hobby eventually turn their hobby into a profitable vocation making beautiful stones and setting them into rings, pendants, and brooches.

Texas is indeed fortunate that practically the entire length of the Rio Grande has many agate beds which furnish desirable material for polishing into beautiful

stones. Again, over the entire State of Texas many rocks are found which fluoresce under ultra-violet lights, such as the Mineralight, Radarlight, and others. Just drab looking rocks often time will shine at night under the stimulating influence of these lights just like a live coal of fire, while others will show many various bright colors.

At the forthcoming mineralogical show in Austin, according to the President, J. J. Brown, many mineral dealers both in the state and out of the state will bring specimens of the rocks which they have for sale. Dealers in lapidary equipment, that is, the type of equipment used in polishing stones, will demonstrate their machines and equipment.

The Colonial Room at the Driskill Hotel has been set aside for the exhibition of the fluorescent rocks. In the Maximilian Room at the Driskill Hotel will be displayed the various exhibits from the various dealers and hobbyists all over the state.

Texas produces some of the most beautiful selenite that can be found in the United States and also produces a few rocks that can scarcely be found any where else in the United States, such as the so-called Iinoite or opaline rock found in Llano County. In the Alpine area some of the finest plume agate that can be found in the United States covers many acres, and noted persons from all over the United States are often to be seen in the Big Bend section of the state gathering moss agate for the stones in their jewelry manufacturing business.

The mineralogical show which is to be held in Texas should be attended by as many of the school children and teachers in the state as possible and especially all Earth Science teachers. Many geologists of course will attend the meeting from the standpoint of their interest in geology.

Any one desiring to really see the types of beautiful rocks, crystals, and minerals that are produced in Texas and what is done with the rocks and minerals of Texas should certainly write for reservations at the Driskill Hotel at an early date, and should notify the President of the Society, J. J. Brown, of his intention to bring an exhibit in order that suitable tables, show cases, etc. will be in readiness.

There will be no registration charge and no charge for space for the exhibitors which means that there should be an excellent show this coming April.

The officers of the State Mineral Society of Texas are J. J. Brown, President, 302 Walton Building, Austin; Mrs. Edith Owens, Secretary, Honey Grove. Directors are: A. E. Curry, San Angelo; R. E. Gault, Agua Dulce; Joe Murphy, San Antonio.

Any one desiring further information concerning the mineralogical show should write to the President.

Mr. and Mrs. Emmett McClenny and Mrs. Ralph Summers visited their parents, Mr. and Mrs. C. T. McClenny the first of last week.

Mrs. Effie Ferguson Anderson of Amarillo visited Mrs. C. A. Burton Monday.

**Big Safety Meeting Scheduled For March 19-20**

AUSTIN—The biggest safety meeting ever held in Texas is scheduled for March 19 and 20 when the Governor's Highway Safety Conference and the Texas Safety Association will hold joint sessions in Dallas.

Governor Beauford Jester will be among the speakers. He will address the conference Friday morning, March 19, following the annual report of A. F. Allen, president of the Texas Safety Association. Governor Jester will be introduced by Maj. Gen. Albert Sidney Johnson of Dallas, general chairman of the Governor's Highway Safety Conference.

The Dallas meeting will be the ninth annual Texas Safety Conference, Mr. Allen pointed out. The Texas Safety Association was formed in 1938.

"During the last 10 years the organized traffic control movement in Texas has saved a total of 7,720 lives," he declared. "In addition to this saving of human life, the movement has resulted in an economic saving of \$262,480,000, figuring that each traffic death causes an economic loss of \$34,000."

The Texas Safety Association has intensified its efforts this year, he added, as a means of getting full value from the Traffic Code enacted by the Fiftieth Legislature.

Program for the Dallas conference will include committee reports by Gibb Gilchrist, president of Texas A&M College; Col. Homer Garrison, director of the State Department of Public Safety; Dr. T. S. Painter, president

of the University of Texas, and Welter Humphrey, editor of the Fort Worth Press.

The annual award banquet will be held the evening of March 19 with Col. Jack Major of Kentucky as the principal speaker. Awards will be made to winners of the 1947 Texas industrial safety contest, and special awards will be given to the State Senate and House of Representatives in recognition of safety legislation enacted by the last Legislature.

Supreme Justice James P. Hart will speak Saturday morning, March 20, on the subject "The People's Court as Viewed by a Supreme Court Justice." A number of panel discussions, covering engineering, the drunk driving

problem, the public's attitude toward safety efforts and other subjects, also will be held Saturday.

A luncheon of the American Society of Safety Engineers will be held Saturday noon, with John S. Shaw of Wilmington, Del., president of the society, as the speaker.

**BUSINESS FAILURES**

Seven Texas businesses failed in December, Dun and Bradstreet reports to The University of Texas Bureau of Business Research showed. December failures brot fatalities up to 54, as compared with 9 in 1946.

LOVELY TEXAN TELLS COTTON'S FASHION STORY

Blonde and beautiful Matilda Nail of Ft. Worth, Texas, the cotton industry's 1948 Maid of Cotton, has begun a 35,000-mile cotton goodwill tour which will carry her to more than 40 key cities in three countries. She's pictured here in three of the 1948 cotton creations which are included in her glamorous all-cotton wardrobe. On the left, Matilda wears a romantic evening gown done in cotton chambray and organdie by Dorris Varnum. In the center, she poses in a sophisticated cotton suit with the new slim skirt done by Herbert Sondheim. And on the right the Maid of Cotton shows a modern version of the Gibson-girl blouse and skirt in white cotton batiste and black poplin from Alice Stuart. The Maid of Cotton tour is sponsored by the National Cotton Council, Memphis Cotton Carnival, and the Cotton Exchanges of New York, Memphis, and New Orleans.

A Specialist

Screams from a house caused a passing pedestrian to rush in and offer his services. A distracted mother explained that her small son had swallowed a quarter. The stranger went into vigorous action and in a few moments re-

covered the coin.

"Oh, doctor," said the grateful mother, "how lucky it was that you happened along. You certainly knew how to get it out of him." "But, madam," replied the pseudo doctor, "I'm not a doctor. I'm with the Internal Revenue Bureau."

WE ARE BEHIND THE

Many Texas Schools To Close Early Unless Sufficient Funds Provided By Special Called Legislation

AUSTIN, Texas, Feb. 25—The Texas State Teachers Association this week requested Governor Beauford Jester to call a special session of the Legislature to prevent several hundred schools from closing their doors before completing their regular terms this spring.

Before the end of the school year there will be a deficit of approximately \$3,000,000 in the state equalization aid fund. Unless the deficit is made up by an

appropriation, many schools will be forced to curtail their activities and shorten their school year, a delegation from the Teachers Association told the governor.

Schools receiving equalization aid, of which there are more than 3,000, are operating upon budgets set up after they had been assured they would receive definite amounts of assistance from the state, the delegation informed the governor.

The governor has been requested by numerous individuals to call a special session to consider the deficiency, but the State Teachers Association is the first organization to advocate the session.

Equalization aid is tendered the schools which qualify for it under state law to help pay teachers, provide transportation and general operating expenses and for high school tuition.

"There is no way for the state to discharge its contractual obligation to these schools except by an additional appropriation," Joe Humphrey of Abilene, chairman of the Teachers Association's legislative committee, said.

"Only the Legislature has the power to make the appropriation. It is a matter which cannot wait until the next regular session of the Legislature. We believe this matter is sufficiently vital to urge upon the governor his calling of a special session. At the present time there are 575,000 students in the schools which receive equalization aid. They are receiving instruction from 20,885 teachers."

Humphrey said it is impossible to determine how many schools will be forced to shorten their terms.

"It is certain, however, that tens of thousands of children will not get all the education to which they are entitled unless this deficit is covered," Humphrey said.

"Teachers can hardly be expected to teach for two weeks to a month without receiving pay. Neither can janitors, bus drivers and other employees of these schools work without receiving pay. Should the state not appropriate funds with which to cover the deficit, it will place Texas in the peculiar position of making a contract with the schools which it will not fulfill."

Miss Emma Mae Brotze, president of the 40,000-member State Teachers Association, said an announcement by Governor Jester that he would call a special session any time before August 31 would assure equalization schools of completing their full terms.

"I am confident the Legislature is in sympathy with the schools' needs," she declared. "The assurance of a session would allow school districts to continue on the basis of their present budgets, anticipating that the deficit will be made up."

The deficit was brought about by several things. Several large districts were made eligible when

the Legislature permitted districts with 1,500 students to qualify for the equalization aid. A total of 259 districts qualified this year for the first time.

Last year the fund was spread among schools employing 16,182 teachers. This year applications came from schools with 20,885 teachers. The Legislature appropriated \$18,000,000 each year of the biennium for the equalization aid fund. The deficit for the school year 1948-49 will be even greater due to the fact that no surplus will accrue in the Available School Fund for distribution as happened last year when the State Board of Education distributed a surplus of Six Dollars per student to all schools in the state.

### Tons Versus Pounds— It Isn't Fair, Is It?

AUSTIN — "Don't throw your weight around," advises George Clarke, managing director of the Texas Safety Association.

"Remember that when you are sitting behind the wheel, you are driving a car that weighs more than 2000 pounds, and the pedestrian crossing the street only weighs an average of 150 pounds. It isn't quite fair, is it?"

The Texas Safety Association is cooperating in a nationwide "Know and Obey Traffic Laws" program during February, and Clarke said that accidents involving pedestrians are one of the biggest killers. He pointed out National Safety Council statistics

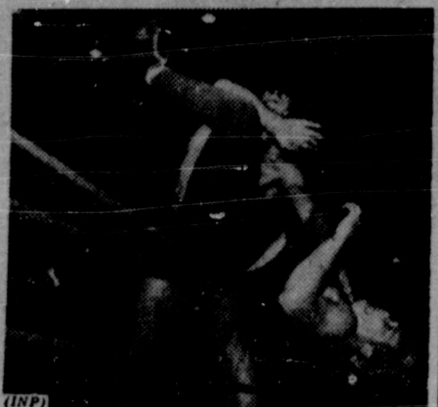

### People, Spots In The News

**DISK JOCKEY** Hal Moore, of Philadelphia, apparently has convinced his profession is here to stay. The young fellow learning the business is his son, Timmy.

**A '48 MISS** is Royce Kane, first of the bathing suit brigade to win beauty honors for the new year.

**PLAYTIME**—Mary Owen Remington, left, and Evelyn Peterson get set for seaside frolicking in a Crosley sports utility car, the world's lowest-priced automobile. Recently unveiled, the four-passenger vehicle is adaptable for both sports and general use.

driver in giving pedestrians the right-of-way:

1. When pedestrians are crossing at unsignalized intersections, drivers must give them the right-of-way if they are walking in the crosswalk or where a crosswalk might be.
2. When pedestrians are crossing at signalized intersections they should obey the signals, but drivers turning right or left must yield the right-of-way to pedestrians crossing on the "green" or "walk" light.
3. Pedestrians do not have the right-of-way between intersections, and therefore, they should cross only at corners.
4. Drivers must be alert for pedestrians crossing between intersections, particularly at night, even though the walkers should look out for the cars.
5. Regulations vary from place to place. Pedestrians are sometimes prohibited from crossing between intersections in certain

areas of the city. Sometimes they are allowed to cross if they can do so safely. Know your local rules!

### HEALTH NOTES

Austin, Texas—Some folks are old at sixty; others are mentally and physically alert at eighty. The number of years one has lived may not be a true index to one's physical condition. Actually, the length of a person's life span is influenced by the condition of his arteries. Premature hardening of the arteries, often due to avoidable infections, improper diet, and possible worry and strain is to a certain extent, preventable, said Dr. Geo. W. Cox, State Health Officer.

Many of the problems connected with the hygiene of old age are due to lowered mental power. Therefore, a cheerful and optimistic attitude toward the aged, especially during sickness, is essential to their well-being. Old people regard their condition as far less serious when they can be fully dressed and out of bed.

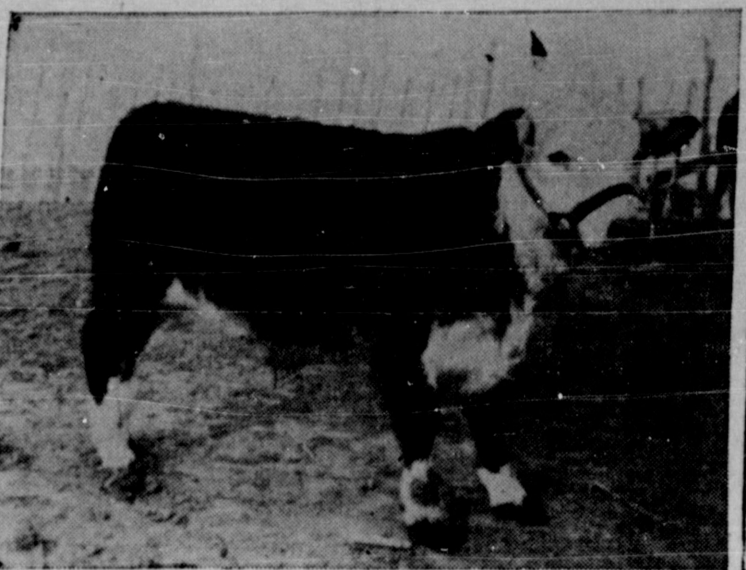

However, when an elderly person complains of being overtired, or otherwise not physically fit, a day of rest in bed is advisable. By providing light and easily digested food and applying warmth to the body of an aged patient, he is often tided over a mild or threatened illness.

Special attention should be paid also to proper clothing, diet, and exercise of the elderly. With reasonable attention to certain well-defined and easily followed principals of personal hygiene, it is possible to grow old gracefully. Furthermore it is also possible, in many instances, to retain one's faculties to such an extent as to make old age a pleasure rather than a burden.

More than \$40,000 in gifts and grants were accepted by the University of Texas Board of Regents in their recent meeting. Included were \$13,250 for cancer research at the Medical Branch in Galveston and the M. D. Anderson Hospital for Cancer Research in Houston.

to back up this assertion. Pedestrians at intersections account for 28 per cent of all urban fatal accidents, and 35 per cent of all fatal accidents are non-intersection pedestrian mishaps. In addition, 27 per cent of all pedestrians killed in cities were crossing at intersections without signals, and 38 per cent were crossing between intersections.

Clarke emphasized the following things to remember for the

## WHAT IS YOUR T. L. Q. ?

If you want to do a good turn for yourself and your fellow motorist, learn the proper way to make a right turn while driving your car.

The law on making a right turn was explained by W. J. Elliott, Chief of the Texas Highway Patrol, in cooperation with a nationwide "Learn and Obey Traffic Laws" program during February.

The program seeks to reduce the huge motor vehicle accident toll by familiarizing the public with traffic laws and the necessity for obeying them.

"A right turn is one of the simplest of maneuvers in an automobile, yet turning errors are reported in about 5 percent of all accidents," Chief Elliott said.

He emphasized these points:

1. Keep as close as possible to the right edge of the roadway before and after turning. Don't swing out.
2. Don't forget to make the hand signal well in advance of the turn.
3. Anticipate the turn far enough in advance so that you can be in the proper lane. This means keeping your mind on your driving.

Keep close to the right after turning to cause a minimum of interference with the traffic flow you are entering.

Small businessmen generally are not as familiar as they should be with the opportunities for borrowing needed funds which are available to them through the business loan policies, programs, and requirements of banks in their localities, Mr. Miller said.

Subjects discussed in the booklet include: Desirable characteristics of a credit-worthy business; typical business situations requiring credit; banks' requirements for prospective borrowers; types of financial data and forms required by lenders; a general credit basis for small business loans.

Also included are sample forms of balance sheets, profit and loss statements and loan application form.

Seventeen letters written by the poet Lord Byron are included in a group of 36 documents recently added to the University of Texas Rare Books Collection.

## CORPORATION CHARTERS

New corporations chartered in Texas reached 301 in December with total capitalization of \$5,838,000, the University of Texas Bureau of Business Research reported.

During 1947, 3,247 charters were issued as compared with 3,183 in 1946.

Leading all categories in December, merchandising corporations totaled 71. Charters issued for real estate corporations ran second with 33 and manufacturers reached 25.

Seventeen letters written by the poet Lord Byron are included in a group of 36 documents recently added to the University of Texas Rare Books Collection.

## Booklet Just Released Provides Information For Small Businessman

"The Small Businessman and His Bank," a booklet just released by the Department of Commerce, is designed to provide information and suggestions to small businessmen on bank loans — an important phase of their operations. Care has been taken to verify the contents of this booklet with a number of representative bankers in order to insure an accurate picture of bank lending as an aid to small business, Ray L. Miller, Dallas regional director of the Department of Commerce, said in announcing the availability of the publication at a cost of ten cents

### Over 6,600 Social Security Workers Employed In Six-County Area

Over 6,600 workers are employed in the six-county area including Armstrong, Briscoe, Carson, Donley, Gray and Hall Counties on jobs covered by the federal social security program, Ray L. Miller, Dallas regional director of the Department of Commerce reported today. The report made public by the Department of Commerce reveals the annual pay roll in the six counties covered by social security taxes amounts to \$1,200,000.

The figures do not include non-taxable wages, nor do they include wages drawn by workers in industries or occupations outside the social security law. (Taxable wages under the old-age and survivors insurance program are limited to the first \$3,000 which a worker received in a year from any one employer in covered industries.

The report was the first made available on social security tax data broken down in detail by states and counties. Mr. Miller said the basic data presented in the bulletins are "of prime value in deriving and analyzing market potentials and sales quotas, in the measurement of efficiency and effectiveness of sales operation and advertising efforts, and in the planning of sales territories."

In Texas 1,224,135 workers are employed in jobs covered by social security. The total pay roll in the state from which social security taxes are drawn amounts to nearly \$2,250,000,000 a year. The statistics were compiled as

a joint project by the Department of Commerce, Federal Security Agency, U. S. Employment Service and other interested government agencies. The information was taken from social security tax reports by 2,254,445 American employers in 1946.

Throughout the nation almost 31,000,000 workers are employed on jobs which fall under the social security law. Their pay roll, from which taxes were deducted in 1946, amounted to more than \$65 billion dollars.

Of 1131 employers in the six counties making reports for social security tax purposes, only 3 had more than 100 employees from which the tax was deducted, and only 9 had more than 50 employees. 1072 employers, or 95 percent of the total had fewer than 20 employees.

The reports may be consulted by businessmen, at the field offices of the Department of Commerce and at business libraries.

### Health Notes

AUSTIN—With the incidence of measles over three times higher than the seven year median, Dr. Geo. W. Cox, State Health Officer, has issued a statement concerning the use of gamma globulin for protecting very young or frail children from an attack of this perennial childhood disease and its often serious complications.

"If you have a child less than five years old who has been exposed to measles, your family doctor may recommend giving him gamma globulin, Dr. Cox advised. "Through city, county or state health departments, doctors can obtain gamma globulin free,

when parents are unable to pay. Infants and children, whose health makes it inadvisable for them to suffer an attack of measles, may postpone the disease if gamma globulin is administered within eight days from the time of exposure.

The State Health Officer emphasized the fact that gamma globulin cannot give a child permanent protection against measles and added that the protection against measles is ordinarily of about three weeks duration. However, there is no limit to the number of times it can be used, and a baby who is protected by it now can be protected by it again in June or July. Gamma globulin can go on shielding him against measles until he is old enough and strong enough to stand an attack without serious consequences.

During an outbreak of measles Dr. Cox said that it is well to keep children under five years of age, and more especially frail children, away from all other youngsters who might serve as sources of infection. Statistics show that nine-tenths of all measles deaths occur in children under five years of age.

The Safety Association reminds you that about three-fourths if all pedestrians killed in traffic accidents are either violating a traffic law or committing an unsafe act. Statistics show that through Sept. of this year 276 pedestrians have walked themselves to death - - and 1,157 pedestrians, while escaping death, wear the mark of death in injuries, many of them permanent. The Association urges you to cross only with the light and only at marked crosswalks. Walk with caution - you'll keep walking longer.

Rev. M. M. Miller who visited his daughter and family, Mr. and Mrs. Homer C. Speed, left Sunday on his return to his home at Port Allen, La.

Mr. and Mrs. Glen White of Shamrock and Mr. and Mrs. Howard Williams of Amarillo were dinner guests of Mr. and Mrs. F. A. White Sunday.

Mrs. Monica Harvey went to Amarillo Monday for medical treatment.

## MAKE MORE MONEY on Your Farm with

All the Water  
you need at  
low cost!

If your source of water exceeds 25 feet... a Dempster Deep Well pump will furnish you dependable, low-cost running water. These new splash lubricated power pumps are sturdily built and the very latest in design... efficient, quiet, economical.

Available in 6 inch and 9 inch stroke... for either pressure tank or overhead tank. If electricity is not available, use your Deep Well pump, powered with an air-cooled gasoline engine.

Come in today... let us show you this Deep Well pump and the entire Dempster line. Enjoy greater comfort... more profitable farming with running water supplied by Dempster!
