A Common Paper for Common People

I saw a Farmer looking sore I said "Hey Bud, what's cooking?" He said "I sold my wheat before The Economists started looking!"

One of my favorite Merchants bought a stock of new-fangled kind of mouse trap; made out of a fruit jar lid, the idea being that the mouse would go in a tiny hole in the lid and would eat the cheese that you had placed in the jar and because of the added weight he was supposed to be unable to crawl back through the opening, and a double precaution some wire spikes on the inside were supposed to make his exit impossible. But so far, it won't work, he goes in and eats the cheese but when I go look, he is always gone. Made me think of the old story about the Little Man that was caught out in the woods during a rain-storm, so, he crawled into an old hollow tree. And, as you remember after the rain the hole had drawn up and he couldn't get out. And as he sat there thinking of all the mean things that he had done in his life, he felt smaller and smaller, and after a while he crawled out and went home. Guess this may have happened to my mouse. Anyway, I will take half price for my mouse trap.

There are two kinds of friends; the ones you buy with your money, and the ones you still have.

Death and Taxes are supposed to be two of the most certain things in the world; some people make the first one happen a lot sooner, by doing a lot of unnecessary worrying about the latter.

I enjoyed my visit with the Lions Club at Clarendon. When a group of men can and will lay aside their worries and laugh and sing and visit for an hour, it is wonderful. Anyway, thanks for the invitation, and for the one to come back, and for the invitation from the Editor's wife to eat some of her cooking and to meet the children, and unless they were joking and unless she was joking, I will do just that before long and soon.

I also enjoyed the Farm Bureau meeting in Amarillo on Oct. 2nd. I was most impressed by the talk made by Sen. Grady Hazelwood, who is also a Farmer, on the importance of Farmers organizing and looking after their own political interests, rather than just "Taking pot luck."

Seems like everytime someone is called to Washington to do something about the price of grain, they issue a statement and on the weight of it wheat goes up another Ten Cents. Oh me, and I thought last Summer that we wouldn't ever get "Rid of the stuff."

UP TO INDIVIDUAL TO ASK FOR POLL TAX

Guy Wright stated this week that it would be up to the individual to ask for his poll tax this year as there has been a change-up in the state law and poll tax charges are not included in the statement of state and county taxes as it has been the custom in previous years.

Next year will be a big general election year, so keep it in mind to ask for your Poll Tax receipt and pay before the deadline.

Mr. and Mrs. J. E. Hunt and Cleta Fern Phillips and Mrs. R. Y. King and two daughters, Ruth Ann and Rebecca Jean, attended the Cotton Festival at Memphis Saturday.

Pathfinder Ladies Sing For Lions

One of the most interesting programs for months was presented the Lions Club at the Club's Tuesday luncheon. Ladies of the Pathfinder Club, dressed in fashion redolent of the days of 1911, the year the Pathfinder club was organized in Clarendon, sang a number of popular songs of that period.

The ladies dressed the part with clothing and hat to match the era, blending trained voices with the pensive thoughts of the audience old enough to really live over the older days again.

The first number, "Old Gray Bonnet," and the happy journey to Dover gave the Lion members an intimation of the sweet music in store for them on this excellent program so kindly contributed by the good ladies of the Pathfinders.

Pioneers, many of them, drank in the inspiration of long ago when the second number, "Home in the West" brought happy memories of early-day life in the Texas Panhandle. The third number, sacred to the memory of millions, brought back the halcyon days of youth with "Sweet Memories" always fresh in the minds of those whose love never grows cold.

The next number "Old Kentucky Town" in which "she wore a tulip and he a big red rose," recalled the swanky songs of the younger generation back in 1911 before music became a racket and melody died with the years. "On the Banks of the Wabash," a favorite of all ages then as now, was the closing number, with Mrs. L. E. Thompson at the piano throughout the program.

Other ladies treating the Lions to this delightful diversionary program were Mesdames Lee Holland, J. H. Howze, Jack Brooks, Carl Allmond, Simmons Powell.

Revival At First Christian Church

A Revival meeting will begin at the First Christian Church Monday night, October 13th and continue for two weeks, closing October 26th. Services will be every night at 7:30.

You are cordially invited to hear the inspirational Gospel messages preached by the minister,

R. C. BOLTON

ter, R. C. Bolton. Bro. Bolton will also lead the song service for the revival meeting. Both local and outside talent will be used for specials each night. A Junior and Senior choir will be on hand and play a large part in the revival.

There will be one hour of service each night packed with the gospel in message and song the way you have been wanting to hear it.

"Please be on time; come and bring your friends and pray for the revival," Bro. Bolton stated.

Mrs. Lena Dilli and her daughter, Mrs. Tom Mott of Amarillo and her sister Anna from Chicago visited Mr. and Mrs. G. A. Anderson Sunday. Mrs. Dilli and sister will leave for Chicago Friday where Mrs. Dilli will visit through the winter months.

ABOUT TIME TO SPRAY CATTLE FOR LICE

It is time to start thinking about spraying cattle for lice and one part of cube to ten parts of wettable sulphur to one hundred gallons of water is a good control method. It is also recommended that five percent DDT solution is good for the lice control. H. M. Breedlove, county agent, recommends that lice spraying start in late October and early November. Two sprayings is usually enough and the two sprayings should be about seventeen days apart.

The first spraying will kill all of the lice on the cattle and the second spraying will get all of the young in the second hatch. Cattle free from lice will winter much better and take less feed. With the high price of feed it is certainly a good idea to spray for lice this winter. If any information is needed then call by the office of the county agent.

RALPH ANDIS IMPROVING

Friends of Ralph Andis, 1302 Broadmoor, Amarillo, who is a former Clarendon resident, will be happy to learn that his condition is greatly improved. Mr. Andis was able to be moved to his home Wednesday, Oct. 8 from Northwest Texas Hospital where he underwent a major operation, September 17th.

Light Rain Dents Drouth

The prolonged drouth over this section of the country was dented Wednesday morning when the first measurable showers fell since the latter part of July and then it wasn't much to crow about over most of the county. The outlook is much brighter though, for when it finally breaks loose and rains a little, we usually get some good moisture within a short period of time.

The north and east part of the county reported around a half inch fall, with other parts of the county reporting light sprinkles upward. Here in Clarendon the official weather station at the Depot reported .09 inch.

A good, soaking rain would be welcomed by the wheat farmer at the present time as he needs some moisture to sprout the volunteer wheat so he can kill it and then turn around and plant his regular crop. This is quite a procedure and time is beginning to run out whereby they can benefit any from the grazing. Let it come! I don't think the fellow with a lot of open cotton would mind too much.

The prediction is for rain this weekend.

Mr. and Mrs. Pete Kunz and Mr. and Mrs. Sam Lowe attended the Rose festival at Tyler the weekend and also attended the Dallas Fair.

FIRST AID CLASS TO START MONDAY

Miss Ruth Richerson, county school superintendent, announced yesterday that there would be a first aid class started Monday, October 13th for the benefit of county school bus drivers who are required to hold a certificate while in that occupation.

The course will not be restricted to just bus drivers but will be open and free to anyone else wishing to take the course, Miss Richerson stated.

W. A. Riney will instruct the course which will be held at night and the first class will be held at 7 p. m. at the College building. If you are interested in receiving a First Aid Certificate and taking the course just be there at that time Monday night.

F. W. OSBORNE BURIED AT MIAMI SUNDAY

Funeral services for F. W. Osborne, farmer and rancher in Gray and Roberts counties, were held Sunday afternoon at 4 o'clock at the First Methodist Church in Miami.

Rev. C. A. Holcomb, pastor, officiated. Mr. Osborne, 68 years old, died Friday afternoon after a long illness. He had been a resident of the Panhandle since 1902. He and his family lived in Clarendon at one time during the 1920's while the children attended Old Clarendon College.

Survivors include his wife; four sons, Doyle and John V. Osborne of Pampa, David Osborne of Panhandle, and Harold Osborne of Miami.

C. A. A. Range Station to Re-open October 15th

It has been learned that the C.A.A. Radio station at the local airport will re-open October 15th with Basil Hurst returning as the Chief operator again. It is also understood that Roy Long and M. C. Powell, two other former operators at the field, when it closed last year, will return and there will be three new operators who will arrive here the 15th.

This is very good news to all those who are interested in flying as they can get all the necessary weather information before flying and have radio contact with the local field.

Mr. and Mrs. C. B. Dooley of Ponca City, Okla. who have been visiting her parents, Mr. and Mrs. W. L. Landers and brother and family, Mr. and Mrs. Alvin Landers, left Wednesday for Austin, Texas for a visit.

Jimmy Howze from Austin College at Sherman attended the State Fair at Dallas Saturday.

AUSTRIAN WINTER PEAS CAN BE PLANTED AS LATE AS NOVEMBER

Austrian Winter peas can be planted as late as November the fifteenth with good results in Donley county says county agent Breedlove. Any time that we get sufficient moisture the peas should be planted and must be treated with nitragin "C" to get the best results.

The peas should be planted at the rate of thirty to thirty five pounds per acre and planted to a depth of about two inches. It is best to drill the peas. Peas planted last year in the middle of November made a good growth in the spring and furnished a good green manure crop to turn under.

Persons planning to plant the peas should do so at the first chance that we get moisture. The peas do well drilled in a feed stubble and furnish cover in the winter and green manure crop to turn under in the spring.

Broncs Defeated By Lefors, 20-0

The Clarendon Bronchos suffered their first defeat of the season last Friday night when the Lefors Pirates invaded the local field with a stronger and more experienced eleven.

It was the Pirates game from start to finish. They had a good ground attack and struck thru the air several times for very nice gains. The Broncho line seemed to crumble on most every line play, with the ball carrier reaching the secondary before being brought down.

Sims was the outstanding man on the Lefors team, making two of the counters and converting for two extra points. Newsom, another outstanding back went across for the other counter.

The Bronchos played a pretty good game during the first quarter but seemed to weaken the remainder of the game. Two fourth down mix-ups were costly for the Bronchos as they had to hand the ball over to the Pirates on two occasions in the middle of the field.

Taking everything in consideration, the Bronchos put up a good scrap but were just outclassed. This was their first conference game of the season.

Mr. and Mrs. Harrison Simpson of Joliet, Ill. are visiting his parents, Mr. and Mrs. A. W. Simpson. They will leave Friday for Texas A&M College at Bryan to visit their son Gordon who is attending school there.

Mrs. J. T. Warren of Amarillo attended the funeral rites for Judge A. T. Cole here Sunday.

Mrs. L. C. Parker of Iowa Park is visiting her daughter and family, Mr. and Mrs. H. T. Warner.

Pioneer Plains Lawyer Dies

Death claimed a pioneer Panhandle attorney early Saturday morning in Northwest Texas Hospital in Amarillo. He was Abram Thornton Cole, 77 years old, resident of Clarendon for the past 44 years. He was a Mason.

Survivors include the widow, Mrs. Willette Cole, Clarendon; three daughters, Mrs. B. H. Williams, Sweeney; Mrs. Ernest Kent, Clarendon; Mrs. Nancy C. Bell, Dalhart; one son, Abe Cole of Claude, and three granddaughters.

Other survivors are three brothers, J. B. Cole, Amarillo; T. D. Cole, Cleburne, Douglas Cole, Alamo, and one sister, Mrs. Drew Smith of California.

Services were held at 4:30 Sunday afternoon at the Cole residence in Clarendon with the Rev. L. A. Sartain, pastor of the Baptist Church in Clarendon, officiating.

Burial was made in Citizens Cemetery under the directions of Murphy - Spicer - Buntin Funeral Home.

Active pallbearers were Houston Bell, Clyde Slavin, R. Y. King, Simmons Powell, Johnny Johnson and Truett Behrens. Honorary pallbearers were Dr. B. L. Jenkins, Dr. J. W. Evans, G. A. Anderson, M. E. Bell and members of the Panhandle Bar Associations. A large number of relatives and friends over the Panhandle attended.

Childress County Appoints New County Attorney

Allen Harp, who has been the official shorthand reporter for the 100th Judicial District during the past six years accepted the appointment as County Attorney for Childress County, effective October 1st. His resignation as court reporter was effective September 30th.

A native of the Kirkland Community in Childress County, Harp

ALLEN HARP

first taught school in the Childress area as a means of livelihood after receiving his B. S. degree from Abilene Christian College. In 1939-40 he served as a member of the State House of Representatives, representing the 121st district which is comprised of Childress, Hall, Cottle and Motley Counties. In 1940 he made the race for United States Congress from the 18th district and placed fourth in a twelve man race. Having served in both the Army and Navy during the recent war, he attained the naval rank of Lieutenant senior grade. During this period of service his duties took him to points in Europe and Africa.

In February of this year Harp passed the State Bar Examination and he, in conjunction with C. C. Dodson, established The Childress Reporter, a weekly publication, in June.

Cleta Fern Phillips who has been at Marian, Indiana, has come to stay with her grandparents, Mr. and Mrs. J. E. Hunt for the winter.

Bronchos To Play Skyrockets At Wellington Friday

A crippled but fighting Bronco squad will journey to Wellington Friday night for their first game away from home and their second conference tilt of the season.

Dopsters have it that the Bronchos will be defeated by a big margin but the Bronchos themselves seem to have a different idea about the fracas. It was understood that a question was put to the boys the first of the week this way. "All players believing that we can't whip the Skyrockets, just turn in your suits now." Not a boy had the slightest idea of turning in his suit. That's the way they feel and there's a mighty good chance that there will be a different story in the final score Friday night.

The Bronchos have had more than their share of hard luck as far as injuries are concerned. Possibly two more backs will be out of the game this week. Jimmy Jenkins received a bad shoulder injury in practice and Henson is nursing a badly stove-up hip. This makes a total of four backfield men that will probably watch the game from the side line.

Coach McKnight has been putting the boys through the coals this week, working them longer hours every day, getting them in the best shape possible for the game Friday night. He has had to do some more shifting around on account of the injuries but believes he will have a good combination in the backfield when they meet the Rockets.

According to previous games for both teams, the Skyrockets will come on the field as favorites by two or three touchdowns, but you never can tell what the under-rated team will do, so be sure to go over to Wellington with the boys Friday night and let them know you are still behind them all the way. The road is all paved through Hedley and Quail and it is only 43 miles, so the trip won't be as long and hard as in years past.

Local Youths Place High In National Contest

The Clarendon Milk Judging team comprised of Vernon Goldston, Bob Clifford and Buster Bain, was among the highest ranking teams entered in the National Milk Judging Contest at Waterloo, Iowa last week, receiving a Gold Medal rating.

Two of the team members, Bob Clifford and Buster Bain received the Gold Medal rating for Individual High Rating and will receive cash awards and plaques following the National F.F.A. Convention at Kansas City later this month. The teams were not placed according to numbers but it was believed that if they had been, the local team (representing the State of Texas) would have placed either first or second after having two members of the team in the Gold Medal class.

There were thirty-eight states represented in the contest which was in connection with the National Dairy Show. Tours of a number of the leading dairy farms in that section was made by the local group and according to J. R. Gillham, it was quite a treat to see those places up there.

WINS THIRD AT STATE FAIR

Nelson Christie of Clarendon placed third with his Hampshire barrow in the judging at the Junior Pig Show at the State Fair of Texas, held this week at Dallas.

Ruth Patman and Ada Sue Smith who are attending Canyon College visited the weekend with Johnny Johnson at Lubbock and attended the football game.

NEW 1947 SERVEL STAYS SILENT
You won't hear a sound with the new 1947 Servel—when it's installed or after years of use. That's because of Servel's famous, different freezing system with no moving parts. There are no motors, valves or belts to cause noise—none to wear or need fixing. A tiny gas flame circulates the refrigerant that produces constant cold and ice cubes galore—silently, efficiently, dependably.
What's more, the new 1947 Servel Gas Refrigerator brings you the last word in modern storage for fresh and frozen foods. The big Frozen Food Locker holds up to 60 standard-size packages of frozen meats, vegetables, fruits. And for fresh foods, there are two dew-action vegetable fresheners as well as a generous-size meat keeper. Today—stop in and see the new Servels on display.

MEASURES.
And another thing, the longer dresses take more of the long green to get them.

CORRECTION.
No, Fanny, a pin awarded for safety driving is really not a "safety pin."

SHOCKING.
Down at the bus station Sunday night a man was treating his wife like he wouldn't treat a dog—he was kissing her.

MOTTO NOTICE.
Auto, bus and truck drivers

please remember that "Children should be seen, and not hurt."

MOTTO ED ANIMALS.
"The Lord helps those who help themselves, and the government those who don't."

ANNOUNCING.
A swell ministerial friend of this columnist says "If more people hired sitters to stay with their children while they went to church instead of when they went to night spots, this might be a better country to live in."

PERSONAL AFFAIR.
Hastoon Yazzie, who has been ill for some time can't make up his mind. He finds that the doctor will charge him \$500 to help him to get well, but the mortician will bury him in style for \$350. The old man says he will stay on the

job if the doctor will come down to the price of the undertaker.

DOUBLE CAUTION.
When a man insists on telling you how much he likes you, look for a motive. When a lady does the same thing, look for a house.

CELEBRATION.
This is newspaper week. Among the more important things a newspaper man must do is to announce the arrival of the darling babies; graduate them from schools and omit mention of their cussedness while they are growing up; marry them off as charming brides or prominent businessmen; and lie like hell when a worthless old codger kicks off that never did anything in his life except to fish and play dominoes while his women folks made the living. All because folks will talk about the newspaper man as being a hard-hearted old crank if he doesn't.

CUE AND CURTAIN CLUB

The Cue and Curtain Club met in the home of Sandra Shelton on September 22, Jo Anne Ritter on Sept. 30, and Mae Morris on October 7.

On September 22 the program consisted of a reading, "The Overworked Elucutionist" by Jackie Brooks, and a talk on pronunciation by Mrs. Jolly Johnson. Delicious refreshments of cakes, sandwiches, and cookies were served by Mrs. Shelton.

September 30 the program included two piano numbers, "Indian Love Call" and "The World is Waiting for the Sunrise" by Ladelle Cox, a reading, "Dressing Up Elmer" by Jane Johnson, and a talk on poise by Ladelle Cox. All those present enjoyed frosted cakes and sandwiches served by Mrs. Ritter.

On October 7 the Club selected blue and silver as its colors, the blue carnation as its flower, and "There's No Business Like Show Business" as its motto. The program consisted of a sing song in

which all the members participated, and a novelty skit, "The Little Red School House" by Mae Morris, Ann Thompson, Ladelle Cox, and Jane Johnson. Ladelle Cox told the story of Joan of Arc and Jane Johnson made a speech on Little Theaters. Mrs. Morris delighted everybody with New England refreshments consisting of hot apple cider, sandwiches made of delicious brown bread, and home made doughnuts.

On Wednesday, October 8 the club attended the Amarillo Little Theater's production of "Joan of Lorraine," a two act play by Maxwell Anderson. After the play the members were invited by the cast to be special guests backstage. The club was accompanied to Amarillo by Mrs. Joe Ritter, Mrs. Alvin Landers, Mr. and Mrs. Jack Brooks and Mr. and Mrs. Jolly Johnson.

Mrs. Bryson, Mrs. Hearne and Mrs. Joe Terry were in Memphis Saturday for the celebration there.

LIBRARY NOTES

By Mrs. C. A. Burton

Mary Roberts Rinehart's three early mysteries which brought her first great popularity some 30 odd years ago are being introduced to a new generation of readers in a one volume edition called "Mary Roberts Rinehart's Mystery Book." She has just completed a new novel "A Light in the Window," for publication next spring.

Erskine Caldwell has a new novel "The Sure Hand of God," to be published soon. His God's Little Acre and "Tobacco Road" are being very popular among the paper-bound reprints.

Nevil Shute, author of "The Chequer Board" is back in England after a tour of the United States. He says the high points of his visit were the Indianapolis Auto Races and his visit to Fisk College. The latter's the most important Negro college in the U. S. at Nashville, Tenn. Tuskegee ranks higher as an industrial school, but Fisk as a real college of higher learning.

A leading best seller at present is "The Moneyman" by the author of "The Black Rose," Thomas B. Costain. It is a story of a great love, set in 15th century France.

Another book which was a best seller was "Captain From Castle" by Samuel Shellabarger. He has a new book "Prince of Foxes," which is also a best seller.

Monica Dickens, granddaughter of Charles Dickens, is attracting a good deal of attention with her book, "The Happy Prisoner" because of her relationship to the man who made "David Copperfield" and "A Tale of Two Cities" live for us all.

Ben Ames Williams with his "House Divided" has proved that \$5 book will sell. 92,000 copies of the book are now in print. 50,000 were sold out before publication.

Richard Lockridges "Raintree County" which recently won the M.G.M.'s novel award is to sell for \$5.

"The Hucksters" from the story by Frederick Wakeman is showing in Amarillo. The story is a burlesque on radio advertising, and is being enjoyed by our readers.

Sidney Kingsley's prize-winning play, "The Patriots," the story of Thoms Jefferson's part in the founding of our republic is being filmed.

Joan Crawford is working hard on Elizabeth Janeway's novel, "Daisy Kenyon," which is on our shelves.

With its October issue, "Poetry"

America's oldest magazine of verse, will round out thirty-five years of continuous publication. The anniversary edition will contain poems by Carl Sandburg, Walla Stevens, Robinson Jeffers, and Robert Graves. It was founded in Chicago by Harriet Munroe.

Bill Mauldin is coming out with a new cartoon book which has been accepted by Book-of-the-Month for November. It will be called "Back Home."

Thomas Mann whom Germany has been trying to win back since the war but who has given all his loyalty to the U. S., recently made his first visit home since 1939. He was much surprised when British Royal Engineers came to defuse a 2,000 pound German bomb buried in his garden. Mann recalled that he had been digging in that particular flower bed quite a lot.

Maurice Maeterlinck has brot suit for \$250,000 against Dodd, Mead and Co., claiming they have failed to push the sales of his books. Between 1896 and 1930 Maeterlinck had about 30 books published in this country, but only two are still in print—"The Bluebird" and "The Life of the Bee"—and it happens those are the only two I have. Meteterlinck is 85 years old, lives in Paris and is planning to stage a new play which he hopes to bring to this country.

H. L. Davis, who won the Pulitzer prize twelve years ago with his first novel, "Honey in the Horn," has not been heard from since until now. He comes back with a pioneer story, "Harp of a Thousand Strings." His first is on our shelves.

The granddaughter of Charles Dickens is following in the footsteps of her distinguished grandfather. Her "The Happy Prisoner" is said to have many of his characteristics.

Among old papers in the library the other day, I made a unique find "Constitution and Rules of Order of the Bricklayers, Masons and Plasterers' International Union of America," organized in 1865. It is quite a little volume, and I have no idea to whom it belonged.

"PIGS AIN'T PIGS"

There used to be an old saying that "Pigs are Pigs" but everyone knows the falseness of that statement—because everyone knows there's a whale of difference between an ordinary razorback pig and a pedigreed purebred pig.

It's The Same With Wallpaper & Paint

... There's also a whale of difference between ordinary Wallpaper and Paint - - and we have the largest stock of both to select from - - and too, don't forget that price enters into the picture also. We have a very economical price that goes right along with our Quality.

**SKYLINE
TIDINGS**
By DODO
(the flightless bird)

Am I tired? Keeps me hopping trying to keep up with all these sky happy people that patronize the Clarendon Airport. Even I tried some of those artificial wings - - wasn't too bad either.

More people are flying these days! Sunday a couple of farmers stopped by on their way to Claude to see a farmer friend And - -

Boyce Edon, La Verne Vaughn and Roy Aden have been bitten by the flying bug and enrolled in the G. I. School AND - -

L. L. Wallace flew all the way to Austin just to see a football game and Slim Naylor from Panhandle went along just for the ride in the New Funk AND - -

To top it all off the Governor seemed to enjoy his trip here. He commented on the nice airport and the large crowd that was present to greet him. Were you there? That C 47 really made a smooth landing - you shouldn't have missed it. Mr. Jester took off again around 4 in the afternoon and while his plane was here a large number of people went out and inspected it.

There's a new instructor out at the field now—none other than that ex-major "Honorable" John Jay. John tried School for awhile but decided that the teacher have the best deal—Isn't that

right Major?
Matt Taylor and Mrs. Smith flew to Lubbock on a business trip accompanied by Max Rampy and Mrs. Smith's son Montye.

Who says airplanes aren't wonderful inventions? Why Dr. K. S. Lowell flew to Clovis Tuesday to perform an emergency operation and came back that same night.

Incidentally—this flying is not only for men. Some of the women have taken up flying. Mrs. Jones and Mrs. Taylor who have long wondered why their respective husbands enjoy flying so much have decided to find out for themselves what attraction the airplane has for so many people. They say to tell all other wives whose husbands spend so much time at the airport to come and join them.

Here's some good news! The communication Station and Weather Bureau is coming back. Mr. B. L. Hurst has received notification of his appointment as chief of the radio station when it will be reopened the 15th of October. A \$20,000 pay roll will be brought

into Clarendon and that's good - BUT the roads that these people will have to travel to work are bad and that's very bad because they could be better. Let's make it our own personal business to see that these roads do not remain in the state of disgrace that they are in now.

Mr. and Mrs. Marion Cross III announce the arrival of a boy, Friday, Oct. 3 at a Memphis hospital. He was given the name of William Marion 4th.

Mrs. L. S. Cross of Corpus Christi visited over the weekend with Mr. and Mrs. G. R. Grant, leaving for her home Tuesday morning.

From where I sit... by Joe Marsh

Mystery of the Missing Farms

Yep, the number of farms in America is shrinking (by a quarter-million in the last five years!). What's happened to the missing farms? The land has been taken in by other farms, increasing the average size by twenty acres!

Does this growth mean farming's no longer a family enterprise? Just the opposite! More families own farms today than ever—only with labor-saving equipment they can handle more land, more work.

That's as it should be. The family farm is a fortress of democracy—

where our free, American life is secure. Where every member cooperates and shares the work . . . living together in temperance and tolerance—temperance that prefers a moderate beverage like beer, and tolerance for a taste that may be different from one's own.

From where I sit, our Family Farms (and they're 96% of all farms) are something that this country can be proud of!

4 small things of great value

Value? Only a parent can tell you. *Cost?* Uncle Sam allows a \$500 income tax exemption to cover a year's board and keep—parent has ideas on that too!

Value? What else gives you so much for so little as electricity? It lights, heats, cools, cleans and entertains; saves you time, work, money. *Cost?* A few cents a day!

Value? Ask any doctor the value of radium—or a patient whose life it has saved. *Cost?* A single ounce would cost you around \$700,000—if you could buy that much all at once!

Value? You can measure a diamond's value only in a woman's eyes. Its *cost?* About \$900 for a good-quality, one-carat stone . . . and it takes more than 140 carats to make one ounce!

Weekly SURPLUS NEWS WAA

A quantity of construction and farm machinery is being offered by War Assets Administration to both priority and commercial buyers through its Grand Prairie Customer Service Center until November 3. The sale opens October 17. Included in the offering are a tandem road roller, crawler type tractor, towed type grader, drum hoists and booms. The booms are unused; the remainder being used. The equipment is being offered at fixed prices.

Bidding of the Big Spring Army Air Field found eager buyers at the

rate of one per minute at WAA's third Texas spot bid real property sale recently. Nearly 400 people, mostly from points in West Texas, turned out to participate in the bidding. The sale netted Uncle Sam a total of \$29,141.42 for 124 structures ranging from barracks and recreation halls to ammunition igloos and sentry boxes.
