1947 AAA Program

About 600 Donley County farmers and ranchers have participated in the 1947 AAA Program. There were 19 practices selected at the beginning of the year on which assistance was offered. All of these practices have been carried out in the county, some of them extensively and others on a small scale. Donley County farmers have protected their land with good soil conservation practices for which no AAA payment was offered. This fact is encouraging, for it means that soil conservation is practiced in this county because the farmers believe in it. Terraces have been built on more than 65 farms this year. Our County Agent ran the terrace lines for most of those farms. Since the SCS Office has been established in the county, their engineers have done a lot of work on the terracing program in the whole county. Among those around Clarendon who have 1947 terraces are Donald Ballew, A. E. Littlefield, Roy Roberson, Dick Eichelberger, C. M. Tucker, R. O. Thomas, and others. At Ashtola you might visit the farms of Pink Marshall, H. S. Mahaffey, W. K. Hardin, John Neyland and others to see terraces built in 1947. Leo Smith at Lelia Lake; L. E. Blankenship at Hedley or Geo. C. Preston at McLean might like to have you see the terraces on their farms. All the terraces mentioned above were paid for under the CMS program in the AAA Office. The work was done under the supervision of either the County Agent or the Soil Conservation Service Office.

Many diversion terraces, earth-dams, damless tanks, spearer-dams and other mechanical practices have been carried out this year.

Regular farming practices carried out with AAA assistance include strip cropping, contour farming (with new guide lines run this year), leaving stalks on the land and seeding wheat on the contour.

To improve pastures, AAA has paid for deferred grazing, seeding pasture grasses and drilling wells. Bindweeds have been controlled, Austrian Winter Peas were planted, Alfalfa was harvested, and one Donley County producer has applied some super-phosphate to Hairy Vetch on his farm. All this means more production with less erosion. AAA is proud of the 1947 Program and what it has been able to help the farmers accomplish.

Mrs. C. J. Talley is home again after visiting her children in and around Amarillo.

Harwood Beville Dies Suddenly Wed. Evening

Word was received here this morning of the death of Harwood Beville at his home in Amarillo about 7 p. m. Wednesday evening. He had not been feeling well all day and passed away suddenly from a heart attack while eating his evening meal.

Funeral arrangements are pending the arrival of his three sons, but it was learned that burial will be in Clarendon probably Saturday or Sunday.

Mr. Beville was born in Clarendon and made his home here until the early 30's at which time he moved to Amarillo. At one time he was county Attorney of Donley County and served as District Attorney here. He was the first graduate of the old Clarendon College and received his law degree from the University of Texas.

He is survived by his wife, Mrs. Harwood Beville of Amarillo; three sons, Ross Harwood Beville of Washington, D. C.; Perry Allen Beville of Dallas and Johnnie Beville of Texarkana; one brother, Allen Beville of Mineral Wells and one sister, Mrs. Geo. M. Wright of Akron, Ohio.

FALL BOWLING TOURNAMENT ENDS

The Fall City Bowling Tournament ended last Sunday with the Whitlock Barber Shop team being victorious with 6 wins, one tie and 2 losses. Their high series being 2741 and low series 2331 with most of their games being the 2500's. These consistent scores accounted for their winning.

The Bryan-Clothing Co. team ended only one point behind and are runners-up for the title.

J. B. Melton of the Foxworth-Galbraith Lbr. Co. team took over the individual high man position around the half mark of the tournament and maintained the lead to the finish with a very good average of 206. Other high averages were: Geo. Thompson 200, Paul Schull 192, H. Taylor 188, J. Jenkins 188, Gene Bell 185, F. G. Crofford 184, C. L. Benson 181, A. J. Bryan 176, Carl Bennett 175, Dr. Beck 174 and Gene Putman 174.

Mr. and Mrs. Elmer Hays and Leona enjoyed a get together Sunday at the home of his sister, Mrs. R. F. Siddle. Those there for this occasion were his mother, Mrs. W. W. Hays, his sisters, Mrs. A. C. Mosley from Cooper and Mrs. Charley Hagood from Beaumont and Mr. and Mrs. Izador Hardin of Liberal, Kansas.

SQUIRE DARDEN HOBS-NOBS WITH ENGLISH ROYALS

It is no longer just plain old Sam Darden, folks. Sam has broken into the limelight overseas. He is addressed as "Squire Sam Darden" by a lady-in-waiting to Princess Elizabeth.

It all came about by Sam (heaven's no - - Squire) sending the Princess Elizabeth a greeting card about a month ago in which the "Squire" extolled the wonderful process of matrimony and, in fact, recommended the act as "that's the life" in his personal opinion expressed on the card that was to wend its way to the land of the socialists, and well-known money borrowers from American taxpayers.

The prompt reply would also imply. It might imply that more money will be asked for soon - - real soon. There is nothing like being friendly and speaking to every one and writing to the "Hoi-Poili" when a favor is to be asked. We have learned that from the awkward efforts of Texas politicians here in good old Embury long ago.

So, in reply to "Squire" Darden's ordinary greeting card (price 10 cents) mailed about a month ago, the Squire received a much better looking card Friday bearing the "kingy" coat of arms and Buckingham Palace as the point of origin. The sealed envelope bore the address in fairly good writing: Sam Darden, Esquire, Clarendon, Texas. Down in the corner was the USA. The typewritten message reads:

Mrs. C. A. Burton Resigns As Librarian

EDITORS NOTE—Mrs. C. A. Burton has turned in her resignation as Librarian of the Public Library, located in the City Hall, due to her health, and Mrs. May Prewitt has been appointed to fill the job which has been handled with the greatest of care for many years by Mrs. Burton. The library will be open every afternoon of the week, except Sunday, from 2:30 to 5:30.

In view of Mrs. Burton's faithful service, the City and County Commissioners have elected her to be librarian emeritus and we quote the following in that respect:

"In consideration of and with grateful appreciation of the long tenure of service of Gabe Betts Burton as the librarian of the public library of Clarendon, the Commissioner's Court of Donley County, Texas and the City of Clarendon acting by and through the City Commission relieved Mrs. Burton of all the physical labor and mental worries of such librarian as of December 1, 1947, and elected her to be librarian emeritus.

"Mrs. Burton was one of the prime movers and motivating cause of the establishment of the library and it is through her loyalty, faithfulness and diligence that the library has grown from nothing to what it is and it is with regrets that Mrs. Burton has seen fit to be relieved of all responsibility in connection with such library but it is with pleasure and pride that she has been elected as such librarian emeritus, without responsibility."

FEWER QUAIL REPORTED AS SEASON OPENED

There were quite a number of hunters out the first of the week to try their skill with the favorite game bird in this section of the county, but the majority ended their hunt with very few quail, and reported a scarcity of them all around.

Fewer birds is attributed to the heavy rains and hail received back in the summer and to hawks and coyotes which have had a better advantage over the birds since there is less cover for their protection.

The Quail season continues through December and until January 16th.

Mr. and Mrs. Frank Phelan and daughter Frances visited relatives at Weatherford Thanksgiving.

Elections Give Farmers A Voice In The Program

Every farmer in Donley County who is eligible to vote in the farm program elections to be held on Saturday, December 13 SHOULD VOTE.

Elections will be held in the following places:

Communities A, C and D in the AAA Office.

Community B at the Ashtola Gin.

Community E at Howard's Store in Lelia Lake.

Communities F and G at the City Hall in Hedley.

Community H at the Skillet School House.

Mr. Simmons, Chairman of the County Committee, advises that all persons participating in the 1947 Agricultural Conservation Program or who had a Federal Crop Insurance Contract in 1947 are eligible to vote, whether owners, operators, tenants or share croppers.

These annual elections give farmers an opportunity to make their voice heard in the development and administration of farm programs, and since every farmer has an interest in seeing that the national programs fit local needs, he should use this opportunity to select the men to administer the program who will best carry out this responsibility.

With continued demand for food, and the resulting heavy drain on the soil, farmer committees will be confronted with many decisions affecting current and future production, the state chairman said. "Farmers will be called upon to do all they can to produce the abundance of food and fiber needed for consumers in this county and to share with the hungry of other countries. As the demand for food and fiber increases, the conservation of soil and water becomes more important. All of these are reasons why every eligible farmer in Donley County should VOTE in the coming elections."

COUNTY AGENT TO ORDER FRUIT TREES

Each fall farmers over the county have requested the county agent to order fruit trees in large numbers for them so they can be bought at a cheaper rate. H. M. Breedlove, county agent says that several farmers have already left orders for fruit trees, so anyone in the county wanting fruit trees can leave their order with the county agent and the trees will be ordered as soon as the order is big enough to make the rate cheaper. By putting the orders of all persons together the trees are much cheaper and each person can get the trees he desires.

Breedlove says that the orchard with apple trees, pears, peaches, plums and cherry trees will make a good variety of fruit for the family. Nearly every farm has some place that is suitable for an orchard.

The first order of trees will be sent off in the very near future, so if you desire trees be sure to turn in your order at once. The shipments to farmers last year was over one thousand fruit trees.

ANOTHER SOAKER NETS .64 INCH MOISTURE

Another soaking rain during the past two days netted a nice .64 inch moisture, and was quite welcome in face of the fact that it will slow down work in the cotton and grain fields.

It was most welcomed by the wheat farmer as it was made to order for his purpose and will also go a long ways toward keeping down those dust storms which threaten in the spring.

Mr. and Mrs. R. M. Chunn of Clarendon with Mr. and Mrs. S. J. M. Chunn of Amarillo attended a Thanksgiving Reunion dinner at the home of Rev. M. M. Chunn in Houston. They also visited relatives at Dallas.

Estlack Asks Public Follow Parcel Rules

Postmaster J. C. Estlack, preparing with his Post Office employees to be swamped by Christmas mail, issued an appeal Wednesday for persons mailing packages to abide by a few simple rules to speed the presents to their recipients and to ease the rush for postal workers.

He urged that all packages be wrapped carefully and cautioned that government restrictions prevent mailing any tobacco or tobacco products to APOs in France, Germany or Austria.

Packages should have fully prepaid postage, not exceed 100 inches in length and girth combined and 70 pounds in weight, and carry a complete address including zone number and a return address in ink. If a tag is necessary and used, the address also should be included inside the parcel, and under no circumstances can tinseal or glass or metal or any similar decorative cords likely to rub off or injure postal employees be used on the outside of a parcel except in sealed envelopes.

Christmas seals can be used, but not on the address side of mail, and Estlack recommended that all parcels be insured.

He said packages should be in strong durable containers and left unsealed unless the familiar "postmaster—Contents Merchandise, etc." sticker is attached. And perishables likely to spoil en route never should be mailed, he pleaded.

FARMERS UNION TO MEET DEC. 8-9

At 10 a. m. Monday morning, December 8th, Farmers Union members and guests will meet in the basement of the First Christian Church to begin a two-day meeting which will highlight a number of subjects that are of vital importance to farm people, such as cooperative farm legislation, better farm programs, and health.

Stanley W. "Bud" Vogt of National Farmers Union will be present to help with the program and present the story of the cooperative in our national economy. Mr. Vogt is well known for his cooperative and rural educational work.

J. J. Berg, State President; Frank Overturf, State Secretary, and others will be present to contribute to the program. This meeting is a part of the educational program of Texas Farmers Union and will be presented under the direction of Mrs. Ethel Overturf, State Educational Director.

Mr. and Mrs. Regan Bain were Amarillo visitors Tuesday.

Rehearsals are under way for "Cornzapoppin," the local talent show being sponsored by the V. F. W. to be presented December 11-12th at the College Auditorium for the benefit of Charity and Building Fund.

The play is under the direction of Mrs. Ethel Fitzmaurice of Dallas, Texas, who has had much experience in this type of work. Mrs. Fitzmaurice states that she is greatly pleased with the cast and chorus and anticipates one of the finest shows she has ever directed.

In addition to the comedy cast, "Cornzapoppin," has many colorful chorus numbers as well as many added specialties. The cast so far includes R. E. Drennan, Mrs. Lewis Underdown, Mrs. Jerry Hart, Wilma Smith, Mrs. Bud Moore, Buddy Ryan, Bill Whitsett, Maurice Hart and Sue Smith.

According to Mrs. Fitzmaurice, it's a gay show—a laugh show—an entertaining show, and those attending the play will be amply repaid with two hours of good entertainment in addition to helping a worthwhile cause.

Five Killed In Plane Crash Near Goodnight

The Civil Aeronautics Administration yesterday joined efforts to identify the crushed and burned body of a fifth passenger found dead in the scattered wreckage of an Army surplus plane that crashed in a pasture about a mile north of Goodnight late Tuesday evening. It was stated that the plane was en route from Jacksonville, Fla., to Santa Ana, Calif.

Bodies of the dead were scattered over a wide area according to Womack ambulance attendants, and were mutilated in such a manner as to be almost unrecognizable. Drivers said removal of the bodies required about two hours.

The four bodies positively identified yesterday were Marshall O. Searle, president of Searle Aero Industries, Inc., Orange, Calif.; his wife, Dorothy L. Searle; the couple's infant son, Ronald Searle, 15 mos. old; and Mrs. Edward W. Rahn, Mrs. Searle's mother.

Harry Womack said last night that the bodies would be taken to Amarillo Friday. From this point they will be taken to California for burial.

Christmas Tree Lights Care May Avoid Yuletide Tragedy

A Yuletide tragedy may be avoided by observing a few simple precautions when you are setting up your Christmas tree.

Today's electric-lighted Christmas tree is not nearly the fire hazard that its predecessor—the candle lighted tree was—but there is still potentially grave danger unless certain precautions are observed, according to an article in the December issue of Good Housekeeping magazine.

"Inspect your tree-lighting sets before trimming the tree," the article urges. "If the insulation is worn or damaged, so that bare wires are exposed or may become exposed when the set is in service, or if the sockets are cracked or broken, discard the set. It is misplaced economy to gamble on repairs that may not be adequate.

Check the condition of your extension cords, too, and see that they are long enough to reach easily from the lighting sets. Do not connect too many lighting sets to one outlet. Be guided by the instructions that may come with the sets. See that all the bulbs light.

"In buying tree-lighting sets, it is good insurance to choose only those

and burn it safely in your back-yard incinerator.

KAPPA SUB-DEB PRESENTATION

The Kappa Sub-Deb Club of Clarendon gave an elaborate formal dance in the Hotel Clarendon on Tuesday, November 25, 1947. The dance was given in honor of and for the presentation of the new members who have been taken into the club this year. The room was decorated in red and white, the Club's colors, and a fan theme was carried out. There were fans made of feathers on all the walls, and the table was made attractive with two small fans made of eyelet marquette, edged with red flowers. The highlight of the evening took place when the new members were presented through a huge fan at one end of the hall. This fan was a complete mass of white feathers edged with red, and was decked on either side by three white graduated pillars. As the fan opened in the center, each new member in turn stepped through into the spotlight. Then her name was read by past-president, Sue Smith, and she was presented with the club colors in the form of a fan bouquet and the club pin by the 1947 president, Juanita Carpenter.

The new members and their escorts were: Shirley Sparks and Jack May, Lois Marie Hommel and Wayburn Wilson, Ann Thompson and Chauncey Hommel, Doris Wallace and Ralph Nichols, and Jean Ballew and Douglas Shelton.

Marry Young? Marry Old?

When Jeb Crowell's daughter, Sue, married nineteen-year-old "Slim" Blake, a lot of folks (especially older ones) began to shake their heads. Young marriages! Tut, tut!

So I looked up some figures. It's true, young American girls and boys marry younger than in other countries. And where do you suppose they had the least chance? I won't name it, but maybe you've guessed. One of those countries that before the war suppressed all individual freedom and tolerance.

That's why I'm not worried about our younger married couples. They were raised in a country that respects one another's right—a country of tolerance and temperance (a lot of bridegrooms are ex-G.I.'s, and it looked to me like their favorite beverage was beer!)

From where I sit, it isn't when you marry that's important. It's the all-important spirit of tolerance and understanding that you bring to marriage.

FRUIT TREE BORERS CAUSE MUCH TROUBLE IN DONLEY COUNTY

Borers in fruit trees have caused the orchard growers of Donley County much trouble in the past years; however, with the discovery that ethylene dichloride emulsion will serve as a good control measure has come to the rescue. H. M. Breedlove, county agent advises that the emulsion should be applied to trees at the rate of one pint per tree. The solution is poured around the base of the tree after the land has been worked so it will soak in the ground. It can be applied right against the trunk of the tree with out harm to the tree. After the emulsion has soaked in the ground a little dirt can be sprinkled over the solution to keep it

from drying out too fast. Ethylene dichloride emulsion can be bought at your local drug store. Now is the time to make the application on your fruit trees. If additional information is needed, call by the county agent's office.

Harry has a little rabbit He keeps behind the "at". And when he thinks the time is right He pulls it from the hat. And then all bedlam sure breaks loose Each side accuses the other. Of trying to steal a group of votes One way, or another.

But when election comes around And each side tries to poll us; We'll vote just like we dog-gone please Just like our conscience told us.

Every time Mama cooks me a little something special, she expects me to notice and compliment it. I always say that her cooking is so good all the time that I seldom notice any difference, but it won't work. I am going to have to make myself remember to take notice of the special meals and compliment them accordingly. Anyway, I think it helps me get more of them so I can't lose. Sometimes Women remind me of Men.

We had a nice letter from Senator Hazelwood, thanking us for the kind words we had to say about him. Among other things, he said, that our little "Column" had "Readability." I take it that is something good, thanks and thanks.

We should all write Congressman Worley, and after giving him our ideas on what is wrong with the world, and what we think he ought to do about it, we should congratulate him on their new son. If I have counted right this makes them two sons and one daughter, and to think, when we went to school I was one grade ahead of him. Oh well.

Talked to a man, the other day, that had been married to the same woman for fifty years, and he assured me that they had never had a fight. He said, they started out with an agreement that when one of them corrected the children, the other would keep out of it; this, and a little Giving and Taking on the part of each of them had been the secret of their happy life.

Rev. and Mrs. E. D. Landreth of Amarillo were visiting friends in Clarendon this week.
