## Singing Convention Here Sept. 30th

Plans have been practically completed for the Four-County Singing Association Convention to be held here September 29th and 30th. Officials of the organization met last week and planned for three sessions during the two days. The first will be Saturday night, Sept. 29th, the second on Sunday morning, Sept. 30th at 11 a. m., and the concluding session will be held that afternoon.

The convention will be held at the Clarendon Methodist Church. Over sixteen outstanding quartets including such well-known groups as the Stamps, Baxter, and other leading well-known quartets have already signified their intention of attending the meeting.

Counties making up the Association are Donley, Gray, Potter and Hutchinson. These four counties have been organized into what is known as the Four County Fifth Sunday Singers Association.

Rooms for approximately 100 visiting singers will be needed for Saturday night. Anyone who will care for one or more of the singers on Saturday night, Sept. 30th is asked to contact A. D. Estlack, J. R. Gillham, and Bill or Dexter Todd.

## Memphis Elevens Win Both Games Here Sunday

Both the regulars and the Juniors lost their games here Sunday to the Memphis teams. The Juniors lost by a score of 14-7 and the regulars lost by a score of 6-3. The locals in both games put up a hard scrap all the way through and the regulars played a very close game throughout the nine innings.

The Juniors will play the Hedley boys here Sunday in order to break their tie standing of two wins each. The regulars have no game scheduled to date but expect to have one lined up to make it a double header Sunday.

## T/5 DON TOMLINSON AT HOT SPRINGS, ARK.

Veteran of 12 months combat duty in North Africa and prisoner of war for 24 months, T/5 Donley C. Tomlinson, Clarendon, son of Mrs. M. M. Tomlinson of Lelia Lake, has recently checked in at the Army Ground and Service Forces Redistribution Station, Hot Springs, Ark., after a furlough at home.

## JOHN E. BAIN ON CARRIER WHICH STEAMED CLOSE TO TOKYO SHORES

Aboard the USS Essex in the Pacific—John E. Bain, 29, quartermaster, third class, USNR, son of Mr. W. V. Bain, Lelia Lake, serves aboard this carrier which steamed close to the shores of Tokyo with Task Force 38 to launch her planes against the remaining strength of the enemy in the final days of the war.

## Local Red Cross Receives Letter From France

Perhaps you have wondered where the old clothing you donated went to. Perchance you gave it little thought and dismissed the act as meaning little. This week, out of the depths of unfortunate humanity in France, comes a word of thanks that will warm your heart and make you glad that you had a part.

Miss Charlotte Molesworth, chairman of Production of the local American Red Cross, received the following letter this week:

Very dear friends—Allies  
We do not know how to thank you for your kindness in sending us warm clothing. You saved our lives and those of our little children, who are still young. The eldest, Andre, is six and a half years old; Gerard, four and one half, and Jean Yves, two years. We used to live near the great port of Brest, and everything is burned, there remains only a mass of ruin. Now we are evacuated, living in a little house in the country at Guidan, waiting the happiness of returning to Brest when it is possible to have a shelter. I end by saying my deepest thanks, and a thousand kisses from our children.

## REVIVAL MEETING TO BEGIN SUNDAY NIGHT AT GOLDSTON

Rev. M. F. Manchester will conduct services for a Church of Christ revival meeting which will begin Sunday night at 8:45 at the Goldston school. The meeting will continue through the following Sunday with services each evening beginning at 8:45. The public is cordially invited to attend.

## USS Missouri To Be Scene of Historic Jap Surrender

The United States Navy's mighty 45,000-ton battleship, the USS MISSOURI, will end her World War II career in a blaze of glory, Sept. 2, 1945, in Tokyo Bay, when she serves as the scene of the historic unconditional surrender of Japan to the United Nations. Proudly bearing the name of the home state of President Harry S. Truman, the fighting USS MISSOURI has been named by General of the Army Douglas MacArthur, Supreme Allied Commander, as the locale of the formal ending of the war in the Pacific. Fleet Admiral Chester W. Nimitz, Commander-in-Chief of the United States Pacific Fleet and Pacific Ocean Areas, will sign for the United States, General of the Army MacArthur, for the Allied forces which fought in the Pacific. The USS MISSOURI was launched Jan. 29, 1944. Construction was ordered June 12, 1940. Her keel was laid on Jan. 6, 1941 at New York.

## COACH NAYLOR TO ISSUE SUITS TO FOOTBALL BOYS SATURDAY

### LARRY DON SHIELDS BURIED AT MEMPHIS TUESDAY AFTERNOON

Funeral services were held at the First Christian Church at Memphis for Larry Don Shields Tuesday afternoon with the Memphis pastor officiating.

Larry Don, son of Mr. and Mrs. Coleman Shields of Ashtola, passed away Monday afternoon following an illness of the past two months. He was four years old.

Besides the parents, Mr. and Mrs. Coleman Shields, he is survived by one brother Jerry Shields, age 2. Burial was in the Memphis cemetery.

## Ration Reminder

SUGAR—Stamp No. 36 expires August 31. Stamp No. 38 becomes valid September 1 and will be good through December 31.  
MEATS and FATS—Book IV, red stamps V2 through K1 are good for 10 points each. L1, M1, N1, P1, Q1 become valid September 1. V2 through Z2 expire August 31st.  
SHOES—Airplane Stamps Nos. 1, 2, 3, 4, in book three continue valid indefinitely.

Mrs. C. M. Roach and children left for their home at Houston Tuesday after a visit here with her sister, Mrs. H. T. Warner.

Coach Slick Naylor has announced that he would issue suits to boys interested in playing football this fall, this coming Saturday morning.

From all indications, coach Naylor is expecting approximately 30 boys to report for suits, and a good number of them will be boys who have had one or two years of experience handling the famous pigskin. Coach Naylor stated that he would put the boys through two weeks of concentrated training as the locals will play their first game at Lakeview, September 14th.

The Broncs have eight games scheduled for this fall; four of them will be played on the local field and four will be played away from home. The schedule as it stands at the present is as follows:

Lakeview: Sept. 14—There.  
Lefors: Sept. 28—Here.  
Whiteoak: Oct. 5—Here.  
McLean: Oct. 12—Here.  
Wheeler: Oct. 19—Here.  
Wellington: Oct. 26—There.  
Shamrock: Nov. 2—There.  
Memphis: Nov. 16—Here.  
Since the rationing of gasoline has been lifted, the local squad is expected to draw a much better following and backing this year, and optimists seem to think that the Broncs have a chance of going a long way in the district this year. This, we will have to see, for many things can happen that will throw a team on its back in just a few days.

## THREE BROTHERS HOME TOGETHER THIS MONTH

Three of the five sons in service of Mr. and Mrs. W. L. Jacobs were home together during this month. They were Sgt. Haskell (Pete), Pvt. William, and Flight Officer George. George is a newly graduated cadet and hadn't seen action, but Pete fought in Europe for 22 months, winning seven campaign stars and is wearing a unit Presidential Citation. William landed at Le Harve on V-E Day, but was sent to the Fifth (Red Diamond) Division and attached to the 10th Inf. Pete is with the 11th Inf., so they were together most of the time while in Czechoslovakia. George had only ten days at home and has already reported back to Lincoln A.A.F., Neb. William reported at El Paso Aug. 25, and Pete at San Antonio Aug. 27th.

Pvt. Carroll and Sgt. Newell Jacobs were unable to be home at this time. Carroll is in Giessen, Germany with the 228th Field Artillery and Newell was on way to Guam in the 10th A.A.F.'s "Bucket O' Bolts" B-29 the day Pete and William arrived home. Newell is the Flight Engineer of that ship.

## GLENWOOD CHURCH QUARTET WILL BE AT HUDGINS SEPT. 2

According to Newt Waldron, president of the Donley County Singers Association, the Glenwood Church quartet from Amarillo will be at the Hudgins school the first Sunday in September. Rev. E. F. Cook, pastor of the Glenwood church will head the singers.

Everyone is invited to come out and enjoy the singing. Those who love good singing will not want to be absent.

## HOUSEHOLD SUPPLY CO. REMODELS STORE

The Household Supply Company has just finished a complete remodeling job of their store in the middle block of west main street.

The owners, J. G. McAnear and Bill Todd, are to be complimented for their progressiveness since purchasing the store some few months ago. They have repainted the store throughout, added a new balcony, appliance room and new office, refinished their show windows and have had new signs painted. They have installed an air conditioning unit and new lighting also.

For further information regarding the improvements of this firm, turn to their advertisement on page five of this issue of your Leader.

## Schools Will Open Here Monday

### S/SGT. HAWLEY HARRISON ARRIVES AT SAN ANTONIO FOR REASSIGNMENT

San Antonio—Having completed a tour of duty of 8 months in the European Theater of Operations, S/Sgt. Hawley A. Harrison, Jr., Clarendon, has arrived at the San Antonio District, AAF Personnel Distribution Command for processing and reassignment. His awards for service overseas include: Air Medal with 2 clusters; Theatre ribbon with 4 stars.

## Donley Sailor Heads Tokio Bay Fleet

As the American first fleet entered Tokio Bay of Japan Tuesday, the San Diego led the fleet, according to radio announcement. On the San Diego is Harley Longan, gunner's mate first class who has been in the naval service in the southwest Pacific some three years.

The San Diego was one of the vessels to take over the fake Jap hospital ship recently. It will be recalled that this ship captured was designated by insignia as a Red Cross hospital ship. As a matter of fact it bore soldiers, many of whom had been bandaged to represent disabled service Japs.

Harley was last home on furlough some two years ago. He again expects to get back here just as soon as the yellow monkeys quiet down after they become acquainted with American routine.

Another sailor right from Clarendon in the person of Jack Shelley, with the Third Fleet, is sharing in the glories of the naval action in Tokyo bay at this time. Definite information could not be had at this time.

## TWO SERIOUSLY INJURED WHEN NEW BUILDING TRUSSES FALL

Sgt. and Mrs. Rufus White arrived for a 10-day furlough visit with homefolks. They will live in the Latson Apts.

Nelda Sue Burton is home for a few days visit before returning to school at Denton.

The Clarendon Public Schools and Junior College will open for the 1945-46 term September 3, at 9:00 o'clock.

There will be no general faculty meeting Saturday but each teacher will be at his or her respective buildings Monday morning.

The Junior College students will be registered in the library. The high school seniors will register in room 13. The high school juniors will register in room 11, and the sophomores will register in room 14. All high school students are required to pay a library fee of one dollar when they register.

All students must have been vaccinated within a reasonable period of time, otherwise they will be required to be vaccinated. All first grade students must have their birth certificates in addition to the vaccination.

The colored school will also open Monday morning, Sept. 3rd at 9:00 o'clock.

## Baptist Revival To Begin Here Sept. 5th

Rev. Hal Upchurch, local pastor, announces that a revival will begin here Wednesday, Sept. 5th at the First Baptist Church, with Rev. Frank Baugh, pastor of the First Baptist Church, Hollis, Okla., doing the preaching. Bee Nichols of Stephenville, Texas will have charge of the singing.

The revival will begin Wednesday night and continue through September 16th. Morning services will begin at 10:30 and night services at 8:30.

The public is cordially invited to attend all services.

Mr. and Mrs. Dexter Todd spent week end at Clovis, N. M.

## Ceiling Prices May Be Set On Boll Pulling This Fall

Charles Reed, Donley County Agent, has received information from E. R. Alexander, Chairman of Texas USDA Wage Board that some cotton producers desire ceiling prices set for pulling bolls. An area hearing has been set at District Court room, Vernon at 10 o'clock, September 5th at which time delegates from 40 counties in this area, can express their opinion as to need or rate of payment for ceiling prices on pulling bolls and area or counties in need of ceiling prices.

The County Agent's Office at Clarendon has supply of petitions that cotton producers in this county should sign indicating whether or not you are "For" or "Against" ceiling prices being set for Area by Board.

The official notice is as follows: TO WHOM IT MAY CONCERN: A hearing will be held by the Texas USDA Wage Board on September 5, 1945 at 10 a. m. in the district Court Room at Ver-

non, Texas for the purpose of obtaining evidence and information pursuant to the establishing of specific wage ceiling regulations for cotton picking, pulling and crew leader services in the following counties: Archer, Baylor, Callahan, Childress, Coke, Coleman, Collingsworth, Concho, Cottle, Dickens, Donley, Fisher, Foard, Gray, Hall, Hardeman, Haskell, Howard, Jones, King, Knox, Kent, Martin, Mitchell, Motley, Midland, McCullough, Nolan, Runnels, Shackelford, Scurry, Stonewall, Taylor, Tom Green, Throckmorton, Wichita, Wilbarger, Wheeler, and Young.

Testimony will be taken concerning the type of work to be controlled, the exact areas to be subject to control, the wage rates paid, and other matters relative to establishment of a wage ceiling. All interested persons may appear and testify.

An official vote will be taken from producers favoring or op-

posing wage ceilings for guidance of the Board.

Date this 25th day of August, 1945.

Elmer R. Alexander, Chairman, Texas USDA Wage Board.

By D. A. Adam, Executive Officer, Texas USDA Wage Board.

## LIONS CLUB MEMBERS ENJOY BARBECUE

Members of the Clarendon Lions Club and their guests held their annual Ladies night in the form of a chicken barbecue at the Country Club Tuesday evening.

Clifford Davis was at the head of the eats and barbecuing committee and his group really did a fine job in preparing the meal which consisted of barbecued chicken, potato salad, brown beans, bread, coffee and jec cream.

Everyone attending the affair reported a very enjoyable evening of eating and visiting.

Released by U. S. War Department, Bureau of Public Relations.  
BACK TO SCHOOL AFTER THE FIGHTING—American soldiers in Europe lose no time in catching up with their education interrupted by the war. Pfc. Claude H. Choate, Hobart, Ind., standing, recites in his class at the 517th Infantry Unit Command School at Joigny, near Paris, France.

Bob Bentley and Albert Brogden were seriously injured last Friday afternoon shortly after 4 o'clock when the trusses on the new building across from the Norwood Pharmacy crashed to the ground trapping the two men along with seven others less seriously injured.

Practically all of the trusses on the 50 foot building were up when the accident occurred, and workmen on the job seemed to think that a whirlwind whipping into the alley caused the last truss to fall against the others, knocking them all down just like dominoes. Part of the men were underneath the structure and some were on top. In viewing the debris, one can hardly see how anyone came out alive.

The condition of both Bob Bentley and Brogden is reported as satisfactory at this time and both seem to be on the road to recovery. Bentley received internal injuries and a number of broken ribs and Brogden received a dislocated hip and severe bruises.

Odell LaGrone received a broken ankle and Ross Knowles received some broken ribs. Others receiving first aid were Lonnie Jackson, Bobbie Beard, John Bass, O. J. Rackley and Bill Bentley.

Some of the workmen, although bruised and shocked, worked feverishly to extricate the men who were trapped, having to saw some of the big timber to get them out. They didn't realize that they, themselves were injured until after the last man was removed and they had a chance to relax a little.

The building was being built for Lon Rundell, and Bill Bentley was the contractor on the job.

LIBRARY NOTES

By Mrs. C. A. Burton

We are especially happy over the list of books we are giving this time because they are so largely for the small people and the boys and girls. They have been ordered since early summer and are just now arriving—another war casualty. But we are happy to have them at last. They "Stocky, Boy of West Texas" by Elizabeth W. Baker; "A Figure in Hiding," Franklin W. Dixon; "The Carrot Seed," Ruth Kraus; "The Secret in the Old Attic," Carolyn Keene; "The Secret of the Barred Window," Margaret Sutton; "The Curlytops at Sunset Beach," Howard R. Gans; "Honey Bunch, Her First Trip on a Houseboat," Thorndyke; "The Clue in the Crumbling Wall," Carolyn Keene; "Beverly Gray,

Freshman," Clair Blanks; "Banners of Courage," Clover Kerr; three Mother West Wind stories by Thonont W. Burgess—"Mother West Wind's Children"; "Mother West Wind's Animal Friends"; "Mother West Wind's Neighbors"; five Bobsey Twin books, most of which we have had before but which had been read to pieces. These are by Laura Lee Hope—and the new ones are: "The Bobsey Twins at Cherry Corners," "In a Great City," "On the Deep Blue Sea," "At Spruce Lake" and "At Mystery Mansion." "Valery" by Elizabeth Mallet Conger was the Honor Book in the Children's Spring Book Festival. "Cherry Ames, Senior Nurse" by Helen Wells continues a story we already have, "Cherry Ames, Student Nurse."

Three mystery stories complete the list: "Death Takes a Bow," Lockingde; "Old Bones," Herman Peterson; "Murder in the Radio

Department," Alfred Eichler. John Miller Morris added an aviation story to the list, "Ace of the Airways" by A. Van Buren Powell.

VOLUNTEER SERVICE

HOME SERVICE

By Mrs. C. A. Burton

The cessation of hostilities in Europe and the liberation of the Philippine Islands have resulted in the restoration of normal methods of communication with practically all of these areas which were formerly enemy or enemy occupied. Mail channels are now open to practically all of them.

Nine nationally known organizations have combined to establish the Central Location Index, Inc., with headquarters in N. Y. and the purpose of this is to centralize inquiries about persons in foreign countries received by refugee organizations in the effort to locate refugees.

The term "serviceman" is interpreted to mean "servicewoman" also unless obviously inapplicable.

The Office of Dependency Benefits does not reduce or discontinue family allowance payments to dependents of a soldier because of the receipt of insurance benefits resulting from the death of another son. Receipt of death compensation in addition to insurance might be the basis for consideration in reducing family allowance payments from B-1 to B, but each case is considered on an individual basis.

Already specific instructions have been given for sending Christmas packages. These are practically what they were last year.

An ex-serviceman's wife may apply for maternity care and care for her baby under the EHIC program after her husband has been honorably discharged, promoted or demoted, provided she was pregnant during the period when he was in one of the 4 lowest pay grades or serving as

an aviation cadet; or if the husband and father is a prisoner of war, missing in action, or dead. This is a change from former rulings.

**THE TEMPLE OF TRUTH**

English girls by the hundreds crowded the pier and wept when the U. S. negro soldiers departed England a few days ago, according to a front page item in the Dallas News Monday. No wonder the English want our nation to continue the notorious "lend-lease" when they need the help to take care of the halfbreeds. And all the time, we thought England was inhabited wholly by civilized people.

Ever alert, England is already shipping into our country a mid-let model auto which retails for \$600, causing consternation among American manufacturers. While America was manufacturing war materials, England had already reconverted her shops and had begun making cars out of materials that was said to be very scarce.

The modern girl who wears her hair made up in mop style is not concerned with what other women think. She knows nothing about a mop.

Likely within another month, apologies need no longer precede

a request for the privilege of making a purchase anywhere in the Panhandle.

Some people seem to think they can express their appreciation only in a "card of thanks" after the death of a relative. Others use the idea every day.

Three hold-up robberies in Amarillo Sunday night might suggest the type of amusement we are going to have for the next several months. No, it wasn't a merchant making a sale to the average customer, either.

Those to visit in the Bill Higdon home Sunday were Mr. and Mrs. P. Hodges and family, Mr. and Mrs. H. Hodges, Mr. and Mrs. Earl Dixon and family, Mr. and Mrs. Carl Tucker, Patricia Brock, Mrs. C. H. Brock and daughters, Gilbert Stewart and Mr. and Mrs. Bob Guinn and family.

## BIRTHDAY CELEBRATION

All the L. Ballew family, with the exception of Mr. and Mrs. Fred Ballew of El Paso, gathered at the home of Mr. and Mrs. Donald Ballew in a family reunion and to help Donald to celebrate his 35th birthday Sunday. A lovely birthday dinner was served to his mother, Mrs. L. Ballew, his sister and husband, Mr. and Mrs. Carl Gilliam of Lubbock and brothers and families, Mr. and Mrs. Wilson Ballew and small granddaughter Sulon and Earl Ballew of Amarillo, Mr. and Mrs. Elba Ballew and children Jack and Jean and Mr. and Mrs. Donald Ballew and son Joe Lynn of Clarendon; also his aunt, Mrs. N. H. Erwin of Pilot Point and cousin, Miss Nathan Erwin of Dallas.

## BIRTHDAY PARTY

Anette Thomas entertained a few of her friends with a party at her home Tuesday afternoon in celebration of her 10th birthday. Games were played at the park, and refreshments served at her home.

Those present were Biffie Dee Blair, Betty Ann Speed, Nell Bentley, Theola Noble, Patricia and Barbara Estlack and the hostess, Anette Thomas.

## Church News

### METHODIST CHURCH

H. W. Hanks, Pastor  
Sunday school at 9:45. Preaching at 10:50. There will be no service Sunday night. By the following Sunday we hope to get back on our regular schedule. If at all possible let each one who took a Crusade envelope to place money in for the Crusade, bring it in next Sunday.

### FIRST PRESBYTERIAN CHURCH

John S. Ellis, Pastor

**G. E. Contributed To Atomic Bomb**

Schenectady, N. Y. — General Electric's contribution to the atomic bomb announced by President Truman has been twofold according to Charles E. Wilson, president of the company. First, that of its laboratory scientists, some of whom several years ago pioneered in isolating what is known as U-235 from the uranium atom, and secondly the development and production of new and important equipment necessary in the manufacture of the new bomb.

"Practically every major apparatus plant of General Electric was put to work on the project, yet the secret was so closely guarded that fewer than 100 of the 165,000 people employed by General Electric knew what was being made," Mr. Wilson stated.

"In the explosion of an atomic bomb on Japan we have evidence that atomic energy in tremendous quantities can be released and controlled at least to the extent of causing the release to occur at a desired time," he said.

"It is too early to do more than speculate as to the possible peacetime use of this type of energy. It is probable that as the development is carried along, we will find ways and means of controlling and using this form of energy as a source of heat for direct use, and perhaps for special purposes, such for example as

supplying power to drive an airplane, or an ocean ship, or a locomotive. But in addition to the many technical problems which must be solved before such an application would be at all feasible, there is also the question as to whether such peacetime use will be practical from the economic standpoint.

Mrs. Mark Wood and sons Chas., Texia and Ed from Clifton, N. J. are visiting the Reed Smith family.

Mr. and Mrs. Austin Rhoades have bought the Rowland home and have moved here from Ash-tola.

## General Page Praises Texas Local Boards

Commenting upon the continued induction of men for the armed forces and the consequent resignation of some Texas local boards, General J. Watt Page, State Selective Service Director, said Friday that "as a matter of fact, the number of local boards who have asked that their resignations be accepted is so small as to be almost negligible—only four out of 351 boards."

"Naturally," General Page said,

"they are all tired after five years of arduous service. As board members they have done one of the most patriotic jobs in the annals of our country. In addition to being non-compensated, they have neglected their own business. In many cases they have lost money and friends of long standing, and have been subjected to all manner of abuse—these men without decorations. They can never be fully repaid for their contribution to the winning of World War II. Their only remuneration is contained within their hearts and souls in the knowledge that they have served fearlessly, tirelessly and honestly for their country. No man can do more. BUT THEIR SERVICE IS

NOT YET COMPLETED, even though the shooting-war is over.

"Millions of our boys are overseas and have been there and in combat for several years. Certainly, they should now be allowed to come home to their families. For example, I haven't seen my boy for over three years. Now, my boy is simply representative of hundreds and hundreds of thousands of other fathers and mothers and wives with men long in the service. The government is strenuously trying to return these men. In fact, right here in Texas the official reports of discharges which we are receiving at Selective Service Headquarters now total close to 1,000 notices per day. The Army, the Navy, the Marine Corps and the Coast Guard cannot keep this up unless, of course, we can send able-bodied men overseas to replace those who should now be sent home.

"Surely, in this democratic country of ours, it is expected that

every man shall participate in its wars. A great many of our young men in the 18 through 25 group have been deferred for several years for one reason or another. These young men have been on good salaries. They have been able to sleep in good beds and have good food. They have had almost complete security with little or no jeopardy of life or limb. Why should not these young men now take up the gun and 'stand guard' for a while?

"That is why we must for the present continue to issue calls for the induction of men. The calls are small—about 50,000 per month for the nation—but, as President Truman has pointed out, they are still necessary. That is why most of the local boards are 'standing by their guns' and not resigning. The boys 'over there' didn't lay down their guns until it was all over."

Mrs. Laura Springs, Riverside, Calif., surprised her brother, C. M. Johnson, recently when she arrived for an unexpected visit. She will be in her brother's home a week or more. She is accompanied by her son, Oliver.

## An Appeal To The People

EDITORS NOTE—This appeal was sent from Cherokee County, Texas to every newspaper in the state and has the endorsement of Gov. Coke Stevenson. We pass it on to you, for it is directed to the people.

"This is an undisguised appeal for help from the people of one small Texas town and surrounding territory to the people of all other similar Texas towns and communities. And to make it as short as possible, here is the story:

"For over seventy-five years the people of Cherokee county have tried to develop their deposits of high-grade iron ore. Shortly before Pearl Harbor, in spite of opposition of the big steel interests, a new attempt was launched which later resulted in the approval of the construction of a blast furnace and chemical plant at Rusk, county seat of Cherokee county. In approving the project as a war industry, Donald Nelson said he was doing so because of its great possibilities in the post-war period. The plant was about four-fifths completed when work was halted Friday, July 13, pending investigation of the post-war need. There is not space to go into

that except to say that this need was already established and to add that Governor Coke Stevenson immediately came to Rusk to check into the matter and wired his protests to the War Production Board and the Defense Plant Corporation in Washington. Henry Love, State Commander of the American Legion, did the same. Every Texas Representative in congress has pledged his support as have both Texas Senators. They are all interested because the development of the natural resources of Texas is not a local matter.

The plant will use vast amounts of scrub oak and gum which are crowding out the great pine forests of East Texas. The Texas Forest Service and the U. S. Forest Service have both brought this fact before the Washington authorities. The preservation of the natural resources of Texas is also no local matter.

The plant will benefit every community in Texas because it will preserve Texas pine forests and thus help to keep down the price of lumber. It will offer local competition to the big steel interests of the North and East. It will provide labor for many war veterans. And it will do any Texan good to see a Texas underdog win a hard fight.

And so the people of Rusk and Cherokee county are asking the readers of The Donley County Leader to flood the War Production Board and the Defense Plant Corporation with letters asking that the plant be completed. It must be done right away because next week may be too late.

Mrs. Jack Molesworth left this week for San Antonio to enter her son, Fred Molesworth, in Texas Military Institute. She was accompanied by her daughter, Patti, who will re-enter Saint Mary's Hall.

Mrs. J. T. Lane, who has been seriously ill, is reported some better at this time.

## City Fat Saving Record Falls Under Town and Farm Push

Ever since our government asked town and farm women to save used fats, the record previously set by city women has taken a beating.

We must keep up the good work! This country is facing a shortage of 1 billion, 500 million pounds of fats in domestic supplies, alone. Tons of vital war and home-front supplies requiring fats are still needed. We in towns and rural districts are in a better position to save fats than most city folks, so the government is depending on us.

Save every drop, every scrap. Melt down solid fats. There's never too little to save! Butchers will give you up to 4¢ and 3 red points a pound. If you have any difficulty, call your Home Demonstration or County Agent. Approved by WPA and CPA. Paid for by Industry.

# LABOR AND SOCIAL SECURITY AIDED BY EMPLOYMENT SERVICE

During the war the United States Employment Service with its system of over fifteen hundred local offices supplemented by itinerant offices reaching into the remote sections of the country has been the operating arm of the nation's manpower program. Millions of workers have been recruited for the labor supply needed to man the greatest production job in history and to replace the nearly twelve million workers drawn into service with the armed forces. Controls have been exercised over the movement of workers, encouraging such movement in some instances and practically prohibiting it in others.

The instruments of such control: statements of availability, controlled referral or priority referral have frequently been a source of irritation to American

workers who have enjoyed the tradition of free and unhampered movement from one job to another or from one place to another without having to have the permission or approval of some government official. This irritation sometimes finds expression in general dissatisfaction with the employment service and even at times in a readiness to dispense with the whole system.

Responsible leaders of American labor, however, recognized that these controls were in the main a part of the stern necessities of total war. In fact the leaders of organized labor sat on the National Policy Committee of the War Manpower Commission along with leading representatives of industrial management and agriculture and helped devise these controls, making sure at the same time that they were not of such nature as to undermine the strength of labor organizations and that adequate means of appealing from the decisions of the government offices were provided.

The wartime manpower job done largely through the employment service could never have been done had the country not had a national system of public employment offices. In fact, every time during the last thirty years

when this country has been faced with a national employment problem the necessity of a national system of employment offices has been apparent.

It was so in 1918 when the first United States Employment Service was established to meet the manpower needs of World War I.

It was so in 1933 when unemployment gripped the nation. In response to the need of that period the defunct employment service was revived by the Wagner-Peyser Act.

It was so in 1942 when the President found it necessary to request the various states into whose control the service had drifted to permit its nationalization to meet war needs.

With the end of the war against Japan millions of discharged war workers and veterans will be seeking peacetime employment. They will want to know where the jobs are that are the best for them: in terms of their training and experience, including the experience they have had in war production and the training they have received while serving in the armed forces.

This will constitute a national problem just as much as war production was a national problem.

It is a problem that will require the continued guidance of Policy Councils of Management, Labor, and Agriculture.

It is a problem that will require unified action on a national scale.

It will require an agency that can work cooperatively in serving employers seeking workers and workers seeking jobs. This will mean, of course, that the employment service itself will need to shift over from being an agency of control to one organized to serve. Among other things it will have to learn better how to work with and through the labor unions.

That's why organized labor believes it should be located in the U. S. Department of Labor.

Organized labor in the United States is convinced that this job cannot be done by fifty-one separate agencies responsible to the forty-eight states, the territories, and the District of Columbia. That's why organized labor is vigorously backing Sections 7 and 8 of the Wagner-Murray-Dingell Bill (S. 1050 - H. R. 3293) which provides for a national agency adequately equipped to meet the postwar employment problems of the nation. It is the opinion of labor that such an agency is essential to the overall task of maintaining full employment so vitally necessary to our national well-being.

## Farm Freezer A Necessity

The farm freezer will no doubt be considered, within a few years, "as necessary to farm families as the kitchen refrigerator," Mrs. Francis Davenport of Stone Ridge, Ulster County, N. Y., declared in a General Electric Farm Forum address recently over WGY at Schenectady, N. Y.

For more than five years she and her husband have been using a home freezer on their farm.

"Our freezer is nearly filled at all times of the year," she said. "As we use the vegetables in the fall, that space is taken by roasting chickens, lamb, pork and veal."

Speaking of "endless possibilities for using the freezer every day," Mrs. Davenport said:

"When making fruit pies, I often make an extra one, wrap it in cellophane and pop it into the freezer, unbaked. Then, some busy day, the pie goes directly from the freezer to the oven, with all its original goodness intact."

"When preparing meat balls, soups or baked beans, I find it convenient to make a large amount and then freeze part of it for later use. I try to keep a supply of hamburger rolls, cakes and cookies on hand for use when the occasion arises. During the summer, I have stored all of my bread in the freezer to prevent loss due to mold."

## U. S. Civil Service Announces Federal Employment Plans

All departments and agencies of the Federal Government have received from the United States Civil Service Commission details of a comprehensive program designed to provide returning war veterans and displaced federal workers with the maximum possible opportunity for future employment in the federal service.

The principal points in the Commission's program are:

1. Applications for employment from disabled veterans of World War I and World War II, and from non-disabled veterans of World War II who file within one year of their discharge from active service or from hospitalization, will be received at any time. These veterans will be examined and will be assigned numerical ratings. Their names will then be entered on the Commission's lists of eligibles in such a manner that they will be given preference to which they are entitled under the Veterans Preference Act of 1944.

2. Except where needs of the service absolutely require it, no further applications will be received from other persons who are not now a part of the Federal service.

3. Where Federal employees are scheduled for discharge, arrangements will be made immediately for representatives of other agencies that are hiring new personnel to interview those about to be discharged. Where the appointing officers decide that persons interviewed meet qualification stand-

ards established by the Civil Service Commission, they will be authorized to hire such employees on the spot without the prior approval of the commission.

4. When present federal employees are not hired by another agency prior to their discharge, they may file, within 60 days, an application for reemployment in the federal service. Such employees will be examined and assigned numerical ratings. As they pass the examinations, their names will be entered in the proper order on the Commission's lists of eligibles.

5. All vacancies in positions subject to the Civil Service Act will be filled by persons whose names appear on the Commission's lists of eligibles. These lists, as a result of this new program, will contain the names of qualified veterans for whom examinations were reopened; names of federal workers who have qualified for reappointment in accordance with the procedure as above outlined and names of qualified persons whose applications were received prior to the decision to stop receiving applications.

"Although there are bound to be sharp reductions in the war agencies of the federal government during the next few months," the Commission said, "many openings will develop as a result of expansion in some agen-

cies, and as a result of persons leaving their positions to return to private industry. This program will result, in our judgment, in filling speedily these positions with returning veterans and displaced federal workers. Whenever, in a given occupational area, these two groups can not furnish a sufficient number of persons to meet the demands of the service, applications will be solicited from the general public.

Because Texas reserved to itself all its public domain, there were no national forests in the state until 1934, when the Legislature invited the United States Government to establish one or more as a part of the federal conservation program.

### RATIONING AT A GLANCE

By Peppy Blocker

Donley County residents will please note that the War Price and Rationing Board will not be open on Saturdays in the future. So plan to attend to your business with the board on Monday thru Friday. Also, please give your attention to this notice: Rationing employees will observe Monday (Labor Day) as an official holiday—therefore, the office will be closed this week from Friday afternoon until Tuesday morning.

All daily records of Institutional users must be filed with the local board by Sept. 5th.

The Price Panel will make a survey of all tire dealers and storage places in Donley County starting Sept. 4th.

There has been no official notice that shoe rationing will be discontinued in the near future and those persons who are recklessly disposing of valid shoe stamps may be "caught behind the eight ball", so to speak. Of course no one can guess as to the speed with which all types of rationing will be eliminated but officials in Washington seem to think that tires and shoes will be among the last items lifted from the ration list.

#### PFC. BENJAMIN B. TALLEY AWARDED THE COMBAT INFANTRYMAN'S BADGE

With the 43rd Infantry (Winged Victory) Division on Luzon, P. I.—Pfc. Benjamin B. Talley, son of Mr. and Mrs. James Littleton Talley, Rt. 1, Clarendon, has been awarded the Combat Infantryman's Badge for exemplary conduct displayed while in combat against the Japanese during the Luzon phase of the Philippine Liberation Campaign. The badge, which shows a rifle on a blue plaque mounted on a silver wreath, is awarded only for superior performance in battle.

Pfc. Talley, a rifleman, joined the 43rd "Winged Victory" Division in May 1945. Prior to entering the Army in November 1944, he was a farmer.

#### S/SGT. JOHN F. THOLL AWARDED BRONZE SERVICE STAR

Guam Air Depot — Staff Sgt. John F. Tholl, Clarendon, has been awarded the bronze service star for participation in the Western Pacific campaign, according to Col. O. F. Carlson, commanding officer of this Army Air Forces base in the Marianas.

A parachute rigger and repairman, Sgt. Tholl entered the service on July 15, 1941, and arrived at Guam with an aircraft repair squadron early in November, 1944. He has received the meritorious unit citation badge and the Asiatic-Pacific theater of operations ribbon.

His wife, Mrs. Jean Piery Tholl, lives in Clarendon.

Donley County Leader, 52 a year.

#### PFC. LOUIS ROGERS AWARDED PURPLE HEART

With the 32nd Infantry Division in Northern Luzon — For burns received from a bursting white phosphorous bomb, during the final heavy fighting on Northern Luzon, Pfc. Louis Rogers, Lelia Lake, has been awarded the Purple Heart.

Pfc. Rogers has been in action with the famed 32nd (Red Arrow) Infantry Division. Commanded by Major General William H. Gill the Division is in its fourth year of combat against the enemy in the SWP.

The Texas doughboy, who has now completely recovered from his wounds, has been overseas 18 months serving as a rifleman in Company B of the 32nd's crack 128th Infantry Regiment. In addition to the Purple Heart he holds the Combat Infantryman Badge and Philippine Liberation Medal.

Mrs. Russell Sanborn and daughter Curwin from Grand Island, Nebraska will arrive Saturday to visit her father and wife, Mr. and Mrs. M. R. Allensworth.

#### BANGS CONTROL

All heifer calves 4-8 months of age should be vaccinated to prevent Bangs disease. One vaccination will immunize calf for life. Heifer calves vaccinated 4 to 8 months of age will not react to blood test when grown.

Cows or heifers over 8 months of age when vaccinated are immune from Bangs but will react to Blood test and appear to have Bangs.

It only costs about 35c per heifer to immunize calf for life against

Bangs. Male calves do not carry disease and need not be vaccinated. Remember that vaccine contains live organisms and are easily killed at 140 degrees. Vaccines carried in back of car or glove compartment or exposed to hot sun will kill organisms and destroy effectiveness of vaccine.

There is a new government control program in operation whereas government veterinary will blood test all female cattle over 8 months old and will furnish vaccine and vaccinate heifers 4-8 months of age free of charge to producers co-operating with Government Bangs control program.

Cows reacting to blood test may be retained on farm as long as producers desire. These cows are

branded and must be sold to approved packing house for slaughter.

If interested in control of Bangs disease or vaccinating heifer calves contact County Agent at Clarendon.

Emily Engle who spent the summer with her aunt, Mrs. Will Patman and family, has returned home to Abilene.

Mrs. Holmburg of Paducah spent the week end with her daughter, Rev. and Mrs. E. D. Landreth.

Mrs. Nell Cooper and two children of Electra, visited in the Frank Thomas home the first of this week.

Mr. and Mrs. Frank White Jr. and son Frank III are expected to arrive home Saturday from a two weeks visit at Los Angeles and with his sister, Mrs. Dorothy Campbell at Victorville.

Mrs. Tony Watson and children Tony Joe and Susan from Los Angeles, Calif. are visiting her parents, Mr. and Mrs. M. R. Allensworth.
