Time Is Short For Bond Buyers To Meet Quota

Time is running out, J. R. Porter said yesterday after checking reports on purchases of Series E Victory Bonds.

"December 8th has been set as the closing date for the Victory Loan and it looks like we are going to be very short when final tabulations are made. Time is running out. We have less than three weeks to meet our quota of \$90,000 in E Bonds," he said. Mr. Porter is general chairman of the drive in Donley County.

Mr. Porter is not worried over meeting the overall quota of \$300,000 as large purchasers will handle this, but they are unable to buy the E Bonds and at this time only \$10,425 has been purchased and \$193,500 is the overall total purchased at this time. The JA Ranch purchased 100,000 of this amount in 2 1/2% bonds. What we need right now is approximately \$70,000 in E Bonds to put us over the top.

In calling for additional E Bond purchases Mr. Porter reminded Donley County people they have never failed to meet a quota. "This drive will end the job. Let us not quit before we have finished the job which we have performed so gloriously before," he said.

BUSINESS FIRMS TO CLOSE THANKSGIVING DAY

Following the usual custom in Clarendon, all business firms here will close their doors in observance of this day November 22nd. This will give all employees as well as employers a chance to take the day off and offer their thanks for being an American with all the trimmings.

The Clarendon Public Schools will close both Thursday and Friday according to information received from Supt. H. T. Burton.

A number of hunters have expressed their desire to put the day in hunting ducks, but since there are so few of these feathery friends, most of the nimrods will spend the greater portion of the day visiting and eating.

DONLEY COUNTY N.F.L.A. MOVES TO NEW LOCATION

The Donley County National Farm Loan Association moved its office to the new Mulkey Theatre building this week. It was formerly located in the Hudson and Taylor building in the middle block. Mr. Rayburn L. Smith, Secretary-Treasurer, invites all his friends and customers to visit them in their new location.

Jiggs Mann Guest of Pan-American Exposition

W. C. "Jiggs" Mann, son of Mr. and Mrs. Gilbert Mann of the Chamberlain Community, was guest of the Pan-American Exposition at Dallas Saturday and Sunday. He made the trip from Childress with O. T. Ryan, Area Supervisor of Vocational Agriculture. He attended the finals of the rodeo at the exposition as a guest of the organization.

Jiggs is one of three vocational agriculture students in West Texas to be chosen by officials of the Pan-American Exposition to be awarded a \$75 Hereford calf to feed for the 1946 Exposition. Jiggs' award was made to him by Eugene Butler, editor of one of the leading farm papers of the south. The calf will be fed by the Donley County youth and shown at the fair next fall. Jiggs will make monthly reports of the progress of his calf to his sponsor.

BILLY CORNELL CRITICALLY ILL IN DALLAS HOSPITAL

It was learned today that Billy Cornell, son of Mrs. J. M. Cornell of this city, is critically ill and in the Medical Arts Hospital at Dallas. Doctors report his chances of recovery are very slim.

Lions Club Carnival Next Week End

WEATHER WILL BE COLDER TONIGHT

One of those old blowing, chilling things called a fresh Norther, came whistling in late Tuesday afternoon rolling a few handfuls of dust with it. The official weather station at the airport recorded a low of 27 Wednesday morning at 7:30 and the mercury is expected to drop to the low twenties Wednesday night (tonight).

Broncs Win Over Memphis, 24-7

A highly spirited Bronco eleven moved into high gear here Friday night to defeat the Memphis Cyclones by a score of 24-7, and wound up in fourth place in the district.

This was acclaimed as the best game that the Broncs had played this season as the Cyclones were picked to beat the locals by two touchdowns. The Broncs were sparked by the outstanding playing of Bulman who has spent most of the season nursing an injury received in the first game with the Lakeview Eagles.

The Broncs started their scoring spree early in the first quarter when Bulman took a pass from Adams on the 50 yard line and raced on down the field, shaking off tacklers for the tally. The pass play used to make this score was designed especially for Bulman and the Broncs had only worked on the play just the week.

Late in the second quarter the Broncs called the same play again and Bulman took the pass on the 28 yard line and went on over for the score.

In the third quarter Blackman took a pass in the right flat and went 18 yards to pay dirt. His attempts for the extra points on each of the three tries failed.

The final tally came on the first play of the fourth quarter when Adams plunged through center for the counter bringing the score to 24-0.

The Cyclones failed to make any kind of showing until late in the fourth when they were penalized back to their own one yard line, and in 13 plays marched down the field for their only score. McElreath carried over for the score and also for the extra.

This game was the climax to a hard fought season for the Broncs. They were hampered by injuries in most every game.

The boys making the scores in this game were not the only ones doing their stuff, for those boys in the line were charging fast and hard and were doing some excellent blocking for the ones toting the pigskin.

CORONATION CARNIVAL AT HEDLEY FRIDAY NITE

C. O. Hill, Supt. of the Hedley schools announced this week that the P.T.A. of Hedley was sponsoring a Coronation Carnival at the Hedley School gym Friday night and wished to extend a cordial welcome to all Clarendon people and other communities to come down and enjoy the affair with them.

Supt. Hill stated that they would have side shows, games, cake walk, bingo and all kinds of prizes, and promises a very enjoyable time for all those who attend.

A large crowd is expected for both the Carnival and the crowning of the Queen, the queen to be selected from either of the schools, Mr. Hill added.

Those fine folks down at Hedley really know how to put on shows, feeds, etc., so if you have Friday evening off, go on down and enjoy this occasion with them.

BUY VICTORY BONDS

Dr. Keith S. Lowell, president of the Clarendon Lions Club, announced Tuesday that plans for the Carnival here Nov. 30 and Dec. 1st were coming along fine at this time and that the location had been secured to house the affair.

It will be held in the building across the street from the Post Office again this time and is being sponsored by the local Lions club with all proceeds going toward the proposed community center. The Lions are the sponsors of the carnival, but in reality it is everyone's affair as the community center will benefit every person in the entire community, so you and all your family and friends should start making your plans to come out on the above date and enjoy the entertainment and at the same time be supporting a most worthy and needed cause.

The Carnival this year will be much bigger and better than the ones held last fall and in July this year. Geo. Trout is the chairman of the Carnival committee and at the present time he is in the East buying all kinds of prizes. He states that there will be approximately \$2,000 worth of prizes and that they will be of much better quality and wider variety this time. The Carnival will consist of Bingo, shooting gallery, and games of all kinds. There will be plenty of entertainment with much better chances for your money this time.

The Carnival will also be held again December 7th and 8th. Full particulars of the entire set-up will be given in the next issue of the Leader.

Donley Dairymen Attend Dairy Sale At Lawton

Four Donley County dairymen attended a dairy dispersal sale at Lawton, Okla., Nov. 14th, and purchased 18 high producing Holstein cows to be used in Grade "A" dairies in the county. J. W. Sullivan, Herman Patterson, Ed Hawley, J. R. Gillham, and Borden Fieldman Howard Ferguson attended the sale.

In addition to the Oklahoma cattle, approximately one hundred head of other high producing dairy cattle were brought into the county last week to add to the increasing number of grade "A" and "C" dairies in the county. Approximately 15 grade "A" and 3 grade "C" dairies are now producing milk on Borden's route.

BAND PARENTS TO HOLD LAST RUMMAGE SALE THIS SATURDAY

The Band Parents organization will hold their Rummage sale again this Saturday, but state that it will be the last one, so if you have any old clothes or useful items you want to give for the benefit of the band, you are asked to bring it down by 10 a. m. Saturday. The sale is being held in the building next door to the Clarendon Food Store.

All the proceeds from these sales are going toward paying for the new band uniforms and other equipment.

LEADER COMES TO YOU A DAY EARLY

In order that the Leader force might take the day off for Thanksgiving, we are bringing it to our readers a day early.

We wish to express our appreciation to our advertisers, rural writers and all others who turned in their copy early in order that we could publish on Wednesday, this week.

Your next week's issue of the Leader will come to you at the usual time. Until then, we hope everyone has a very enjoyable Thanksgiving.

Clarendon Lions Club

By Edith McCrary

The members of the local Lions Club met in the First Christian Church Tuesday, November 20, 1945. At the beginning of the hour, several songs were sung by the group. Forty-one members answered roll call; a percentage of sixty was present. Minutes of the preceding meeting were read and approved after roll call.

Three guests were introduced to the club; they were Horace Gilmore, Sgt. Switcher, and Jiggs Mann.

Lion Lee Bell read a card of appreciation sent to the club by Lion, J. T. Patman. Concerning the current bond drive, Lion J. R. Porter stated that the county was lagging in purchase of "E" bonds.

An "open house" discussion, with Lion Drennan sounding the principal theme was held after the conclusion of all announcements.

Under discussion was the behavior of the student body; according to statements made by members voicing their opinions, the actions of Clarendon students have been praiseworthy. Lion Cap Morris made the observation that the behavior of the students has been directly influenced by the principles taught in the schools.

Lion Naylor told the Lions that the Bronchos had received no penalties all season except for "off-sides," a record the team is justly proud of.

Along the humorous side, Lion Burton made a satisfactory answer in response to the question raised by Lion Hanks in regard to "Burton's overcoat."

Reasons for the closing of the postoffice at eight o'clock each evening were given by Lion J. C. Estlack. Members of the club voted to close all business places during Thanksgiving following the suggestion made by Lion J. R. Gillham.

At the conclusion of the hour, the Lions sang one verse of "America" while facing the flag, and the meeting was adjourned.

FIRST CHRISTIAN CHURCH TO HAVE SERVICES SUNDAY

S. Meade Bailey of El Campo, Texas will preach at the First Christian Church Sunday, Nov. 25th. Mr. Bailey is coming with the view of accepting the pastorate of this congregation.

Say "Thanksgiving" to any man, woman or child in the U.S.A. and they'll think of turkey, cranberries and other little solid, satisfying things. It's been that way for more years than any of us can remember. And maybe it's just as well this year that we go on having these old familiar symbols . . . because somehow what we truly feel in our hearts on this greatest of all Thanksgivings cannot be expressed or pictured.

But every dear, delightful moment of the old American ritual will be terribly precious to us this year because there is not one of us who will not remember that it might not have been. That had it not been for the Grace of Almighty God and the sacrifices of free men it would not have been.

Beneath the jollity of this Thanksgiving there swells a hymn of gratitude. Thankful to Him who has watched over us, let us resolve to carry on the great task in Peace for which our bravest gave their lives in War. Let us resolve to follow in their footsteps, lighted and guided by their stars.

LIBRARY NOTES

By Mrs. C. A. Burton

I told you last week that I was going to the Book Fair at Dallas, and I went. I wish it were possible to tell you how interesting it was—how I enjoyed seeing books, books, books and many of the people who wrote them. The sessions were held at McFarlin Auditorium, which was crowded to the limit at each session. Many of the authors who talked commented on the unusual interest shown by the Dallas people and the many visitors.

About 50 publishing houses had books on display in every nook of

the building, and authors were kept busy autographing these brain children of theirs. Some of them were merely introduced to us, but most of them made brief talks. I think I must tell you more about some of them later, but now I want to tell you of the books I selected for our readers. Choice is difficult when there is such a variety to select from — and when funds are limited, as you will see, quite a good many of these are for our small people. One of the most interesting speakers was Murro Leaf and his "Grammar Can Be Fun," and "Gordon the story of a Goat" are both very clever; "Ann Bartlett Returns to the Philippines," by Martha Johnson; "Brave Companions," a lovely dog story, by Ruth Adams Knight "Lusty Wind for Carolina," Inglis Fletcher; "Thirsty Range," E. B. Mann; "All in the Day's Riding," Will James; "The Fortress," Donald Hamilton Haines; "Through These Fires," Grace Livingston Hill; "Baby Animals" Margaret Wise Brown; "George Carver, Boy Scientist"; Augusta Stevenson; "Wings Over the Desert," Graham W. Dean; "Kindred of the Dust," Peter B. Kyne—a replacement; "With a High Heart," Adele de Leeuw; "The Sound of the Trumpet," Grace Livingston

A Prayer for Thanksgiving

By Chaplain (Brig. Gen.) Luther D. Miller
Chief of Chaplains, U. S. A.

Chaplain Miller

ALMIGHTY GOD who of Thine own abundance hath lavishly blessed us, we give Thee grateful thanks for all Thy goodness. May we in our thankfulness not forget that all Thy blessings are given us in trust, that may we use them always for the benefit of mankind. We thank Thee for the victory that has been ours, and for its opportunity to bring peace unto the world. May we use the power with which Thou has endowed us to establish that peace with justice and equity for all. We thank Thee for the bountiful greatness of our land. May we unselfishly use its resources for the common good of humanity as we clothe the poor and feed the hungry. We thank Thee for those who have led us in the past, and for the brave men and women by whose unselfish lives our land has been blessed. May we justify the sacrifices they have made, by establishing throughout the world those principles for which they gave themselves, and may our Nation ever lead all others into Thy ways of righteousness and truth. Accept our prayer of thanksgiving, and consecrate us to Thine everlasting service, now and forevermore.

AMEN.

Clarendon Postmaster Gives Pointers on Christmas Mail

Here are a few pointers from the Clarendon postoffice which may help you with that Christmas package mailing problem, which Postmaster J. C. Estlack, hopes will make your gift sending easier.

The limit on parcels is 100 inches in length and girth combined so don't try sending an elephant by parcel post.

Packages sent through the mails should be packed for shipping in strong, durable containers. Packages should not be sealed unless they bear a printed seal reading "Contents—Merchandise, Postmaster, this parcel may be opened for postal inspection if necessary."

The limit of weight for parcel post or fourth class mail matter is 70 pounds for all zones including Manila, Cebu, Zamboanga, Davo and Baguio, Philippine Islands. Parcels for other points in the Philippines may not exceed 20 pounds, postal regulations say. Do not enclose letters within

parcels because this type of mail must be mailed as first class at 3 cents an ounce. First class letters may be securely attached to the outside of Christmas packages with first class postage on the letter and fourth class stamps on the packages.

Christmas seals and stickers may be attached to gift packages but they should not be placed on the address side of the parcel, Mr. Estlack said.

Old Photographs Given Museum At Canyon

CANYON—Typical ranch scenes of early days on the plains have been given the Plains Museum here by Frank Chambers of Canadian.

Oldtimers can re-live amny occasions by studying these old photographs. The photos include one of the Laurel Leaf camp opposite the mouth of Rush Creek, made in 1886; the sheds on the old Springer Ranch, made in 1888; the first frame Hemphill county courthouse, 1887; the Canadian band at the first local election; the old Springer ranch, founded in November of 1875 by A. G. Springer; a familiar street scene in Canadian in 1912, showing a freight outfit of 30 mules and three wagons which freighted between Canadian and Cheyenne, Okla.; picture of R. Dick Russell, oldtime buffalo hunter, and many other pioneers; picture of IOOF lodge, made about 1895; first building in Canadian, erected about 1887; oldtime chuck

wagon scene; a posse of men searching for bank robbers near Medicine Lodge, Kans., 1883; two scenes of the hanging of a bank robber at Clayton, N. M.; four scenes of early Mobeetic; and many others. The pictures originally belonged to J. A. Chambers, father of Frank Chambers.

Victory Clothing Collection Drive Begins Jan. 7th

Former President Herbert Hoover declared today that "there are certainly one hundred and fifty million people in Europe alone who are dreadfully under-clad as a result of the war." He appealed to the American people to start putting aside now all the serviceable used clothing they can spare for donation to the Victory Clothing Collection for overseas relief, January 7-31.

Mr. Hoover, who was administrator of American relief activities during World War I, said: "With the current shortage of fuel overseas, suffering will be doubled. Tens of thousands of children are unable to attend school for lack of shoes. American families cannot give too much."

He pledged utmost personal support to the January nationwide clothing collection on behalf of UNRRA (United Nations Relief and Rehabilitation Administration) for the relief of the needy and destitute in war-devastated lands. Henry J. Kaiser is national chairman of this collection as he was of the United National Clothing Collection last spring which provided clothing, shoes and bedding for 25,000,000 war victims in Europe, the Philippines and China.

Mr. Hoover made his statement in accepting membership for a second-time on the national clothing drive committee. Seventy other leaders in American life, including national heads of religious, educational, philanthropic, and civic and service organizations, have also accepted membership on the national committee.

Good Health Is Something To Be Thankful For

The first Thanksgiving Day in this country was proclaimed for the purpose of expressing thanks not only for the bountiful harvest which the colonists had reaped but for the sturdy health and endurance that had permitted them to survive the hardships and exposure, that first rigorous year in America. On the occasion of this Thanksgiving Day the State Health Officer, Dr. Geo. W. Cox, is appealing to every citizen of Texas to give serious thought to the preservation of his own health and that of his community.

"We have much to be thankful for in that our national health level has remained high despite the nervous tension, the sacrifices, the deprivations of war," Dr. Cox stated. "Our people have maintained a remarkably high health level and even under existing war conditions, Texas has shown a continued decline in maternal and infant deaths."

"The people of Texas have reason to be thankful for the steadily increasing interest and cooperation being shown in matters pertaining to general sanitation and the control of communicable diseases," Dr. Cox asserted. "Responsibility for the success and advancement of the public health program lies not with the State Health Department primarily but with the people who support and encourage the local community efforts exerted and who apply in their own individual lives the health rules with which they have become acquainted through pub-

lic health education." Dr. Cox pointed out that one direct result of public health efforts in this nation has been the lengthening of the normal life span by more than 15 years. "Certainly this is something to be thankful for and it should lend incentive for further efforts to promote and maintain community as well as statewide public health programs."

Want to know what I think? I'll tell you!

"Well, I'll tell you! To my taste, I don't like to be spent unless my Boss gets his 100 cents' worth! "I'd rather be sitting in a nice cool bank ready to be lent for some constructive purpose—or taking one of those wonderful, healthful, ten-year War Bond or Victory Bond vacations that bring me back to work fatter than ever—than to be out hustling from hand to hand, always buying things but not always getting my good dollar's worth. "Today, while goods are scarce and inflation is a danger, I think you should plan to *save me*—and most of your other dollars—plan to *spend me later* when I'll help to buy a house or an education for your children. I'll feel better about that, and so will you."

 We are planning four week-end revivals in our church for the month of December. We are to have services each Friday night, Saturday morning, Saturday night, Sunday morning and Sunday night every week-end before Christmas in December.
 Dr. E. D. Head, president of the Southwestern Seminary at Ft. Worth, Texas will be with us the first week-end. Dr. Fred Eastham,

former pastor of First Baptist Church Wichita Falls, Texas, now Supt. of Evangelism of the Home Mission Board at Atlanta, Georgia, will be with us for the second week-end and will broadcast the service on Sunday morning, Dec. 9, from our church through KWFT at Wichita Falls. Dr. John W. Cobb, head of the Bible dept. and Dean of Wayland College at Plainview Texas will be with us the third week-end. The pastor will conduct the services for the fourth week-end which will be Christmas week.

We urge the public of Clarendon to join with us in this unique series of revival meetings.

ourselves and pray and seek to know and to do the will of God. People are looking to the church for guidance and strength. May each of us live as redeemed children of God should live. God is depending upon us to point the disturbed and the perplexed to the Christ, Who alone can cure their ills. My friends we owe it to those who have so recently died to preserve to us our religious freedom, we owe it to Him Who died to save all men, to live as true Christians should live and thus help to usher in the Kingdom of God. The church offers the great-

est challenge that any generation has ever faced. Let us rise in the strength of our God and meet this challenge. As a congregation we are expected to win fifty souls to Christ this year. We are also expected to increase the attendance of all our services. Let each one feel his or her personal responsibility. We should have more than

Be Quick To Treat 'Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. VALUE OF PHOSPHATES

Limited application of superphosphates to 12 different Texas soils in experimental pots made an average increased yield of 59 per cent in Bermuda grass, and also an average increase of 35 per cent in the phosphoric acid content of the grass.

Robert R. Lancaster, pasture specialist for the A&M College Extension Service, calculates these percentage increases from findings by Dr. J. F. Fudge and Dr. G. S. Fraps of the Texas Agricultural Experiment Station in experiments conducted at College Station. The two researchers also brought out that one large application of superphosphate is more effective than an equivalent amount in two applications. Accordingly, says Lancaster, superphosphate should be applied to be available to stimulate the growth of seedlings and develop them into strong thrifty plants able to endure severe conditions.

Some of the soils were much more favorable to Bermuda grass than others, Lancaster adds. Superphosphate greatly increased either the yield or the per cent-

age. The increases in yield were greater where the soils were more deficient in active phosphoric acid.

Small applications of superphosphate often produced large increases in yield, but only small increases in the mineral content of the grass. Higher rates applied made larger increases in both yield and mineral nutrient well above the minimum for range animals.

On Lufkin fine sandy loam, Bermuda, Johnson and Angleton grasses increased three fold. Rhodes grass under similar conditions multiplied its yield five fold on phosphated soil. A dozen other common pasture grasses doubled and trebled in yield. But where these yields were high in mineral content, increases in the grasses were not high.

Since the mineral strength in grasses, rather than growth, is the most important on many Texas pastures, the amount of superphosphate applied should be enough not only to increase the yield, but also to raise the mineral content above the minimum for range animals. Other information indicates the increased value of working superphosphate into the soil as it is applied.
