Donley County Fair and Rodeo Plans Now Complete

Carroll Lewis, Chairman of Agricultural Committee and Charles Reed, County Agent, announced plans for Donley County Fair are complete. Chamber of Commerce, Lion's Club and American Legion are co-operating to provide educational and entertainment benefits for entire family.

Friday, September 20th
1. Donley County Club Boy's annual Fall Pig Show and sale will be held at Mayfield Sales arena on east side of Clarendon, Friday morning. Charlie Franz, Turkey, will judge.

2. Rodeo sponsored by Clarendon American Legion. Afternoon show only.

3. Dance sponsored by American Legion.

Saturday, September 29th
1. Saddle Horse Show, open to all types, breeds and sex of Donley County saddle horses. No entry fees, no admission fees. Cash awards to winners in 10 classes. Show Saturday morning only. Joe McMurtry, Supt., Quentin Williams, Pampa, judge for show. Make entries at County Agent's office, Clarendon prior to 10:00 o'clock morning of show.

2. Donley County Fair—Exhibits of agricultural products produced in Donley County. Prizes will be awarded on field crop exhibits, garden produce, canned fruits, vegetables, preserves, handwork, flowers, etc. These exhibits will be judged on individual merits. Make your entry at County Agent's office prior to 10:00 o'clock, Saturday morning of the show.

Community booths are being prepared by Hedley, Lelia Lake and Clarendon. Several clubs and local organizations have requested information on booths. Cash prizes of \$25.00 for first, \$15.00 for second and \$10.00 for third will be awarded best three booths. Several booths are available and if your community, club or organization will contact County Agent information and aid can be obtained. No entry fees and no admission fees will be required. Booths must be completed by 10 o'clock Saturday morning.

3. Rodeo in afternoon, only.

4. Dance at night.

Bring the whole family, invite your neighbors and let's have a

Bronchos Win Over Eagles

The Clarendon Broncos got into a bucking, fighting mood late in the game last Friday night with the Lakeview Eagles and trimmed them down by a score of 13-7. The game was played on the Eagles' field at Lakeview.

Early in the first quarter the Eagles intercepted a Clarendon pass on the locals 14 yard line and Lawrence dashed the 84 yards for the first count of the game. The try for extra point was good making the score 7-0. The game rocked back and forth with the Broncos making a few threats until about the middle of the fourth quarter when Trussell snagged a pass and ran 32 yards for Clarendon's first counter. The plunge for extra point was good, tying up the score.

The Broncos were still not satisfied, although they had the Eagles bested with first down and penetrations (enough to win the game), a few plays later Trussell took another pass for 12 yards and another counter. The try for point was no good. Two plays later the game ended.

Statistics showed the Broncos to be a stronger team than the Eagles. The locals made 8 first downs to the Eagles 2; total yards gained 141 to their 46; made 52 yards to their 21 on passes; made 2 penetrations; attempted 11 passes, completed three and had one

good time at the Donley County Fair, Friday and Saturday, September 28 and 29th.

SGT. ROY BULLS RECEIVES DISCHARGE

Sgt. Roy Bulls, son of Mr. and Mrs. J. R. Bulls of this city is at home now after receiving his discharge from the service. Roy has been in the states several months after spending a hitch as a gunner on a bomber in Italy and completing his required missions.

ALL SLAUGHTERING CONTROLS ABOLISHED

All slaughtering controls on the amount of meat anyone may slaughter and transfer have been abolished, the District Office of Price Administration has announced.

On Sept. 8th OPA ended controls over how much livestock could be slaughtered and where the meat was to be shipped. The pricing order limiting the maximum percentages of good and choice cattle that a slaughterer may kill during an accounting period was revoked Sept. 12.

Farmers and other slaughterers may now slaughter and sell all the meat they care to without regard to quantity. However, they are still required to observe the rationing and price control requirements which still remain in effect.

Rooms Needed For Approximately 100 Singers Here September 29th

CLARENCE E. WHITLOCK RECEIVES PROMOTION

Lubbock Army Air Field, Lubbock, Texas—Clarence E. Whitlock, son of Mr. and Mrs. Frank L. Whitlock of Clarendon, has been promoted to the rank of Sergeant.

As an advanced twin-engine pilot training school LAAF graduated 7,008 pilots between February 23, 1942, when the first class of aviation cadets arrived, until February 1, 1945, when the 30th and last class graduated.

Mr. and Mrs. B. F. Kirtley were shopping in Amarillo this Thurs.

intercepted. The Eagles attempted 17, completed 2 and had three interceptions.

Both teams showed good football spirit throughout the game and played good hard ball for the first game of the season.

The Broncos will rest this week end in preparatory to their game with the Lefors Pirates next week.

The schedule for teams in this district for this week end are Shamrock at Lefors, Lakeview at Wellington, Memphis at Paducah, McLean at Wheeler and the Broncos are idle.

CLARENDON DODGERS DEFEAT MEMPHIS

The Clarendon Dodgers won over Memphis again last Sunday afternoon by a big margin—23-15—so Memphis is not advertising for strong competition any more. They began to talk next year baseball.

The Dodgers will go to Amarillo next Sunday for a game with the Amarillo Red Sox, which is one of the strongest teams in the Panhandle. The game is called for 2:30 p. m., so load your wagons and go along and help the boys win. You'll see a good game.

Mr. Linnie Boydston of Calif. visited Mrs. G. A. Anderson Tues.

Mrs. Tommy Mandril and little daughter, after residing here with her parents for some 16 months, are now residing in Amarillo where Mr. Mandril is employed, after his discharge from the army.

C. E. Griggs Dies Wednesday

C. E. Griggs, long time Donley County resident, dropped dead suddenly about 9:30 Wednesday morning at his farm in the Chamberlain community. Mr. Griggs and Gilmer Ayers were driving some cows along a shelter belt with Mr. Griggs on one side and Mr. Ayers on the other. When Mr. Ayers got to the end of the shelter belt he drove the cattle in a pen and waited for Mr. Griggs to show up from the other side of the shelter belt, and after waiting a while he went to look for him and found him lying on the ground dead.

Mr. Griggs is survived by his wife and three daughters, Mrs. C. W. Galloway of Hot Springs, N. Mexico; Mrs. Virgil Drew of Seymour and Mrs. Buffington of Ohio.

Funeral arrangements are pending the arrival of his children. Blackburn Shaw Buntin Funeral Home is in charge of arrangements.

Only a very few rooms have been secured for visiting singers who will participate in the Oklahoma-Texas Singing Convention to be held here Sept. 29th and 30th. Rooms are needed for approximately 100 singers who will be here as members of special quartets. Representatives of the local chamber of commerce assured the officials of the singing convention that rooms in private homes would be available for the night of Sept. 29th, but as yet only a few rooms have been secured. All public housing facilities are already taxed to the limit and the only way the singers who come from a long distance can be taken care of is for citizens of Clarendon and the surrounding communities to volunteer to keep these visitors overnight. A. D. Estlack, Dexter Todd, Bill Todd, and J. R. Gillham are committee in charge of arrangements for convention and anyone who can and will keep any of the visiting singers overnight are asked to contact one of these men.

Several thousand singers from the entire Panhandle of Texas and Oklahoma are expected to participate in the gathering.

Sessions will be held on the night of September 29th and the morning and afternoon of September 30th at the Methodist Church.

Soil Conservation Vote Set For September 29th

Charles Reed, County Agent announced that voting boxes will be set up at:

Clarendon—Rayburn Smith Office, Cliff Davis, judge.

Legion Airs

By Legion Reporter

The American Legion, Post No. 126, met in its usual meeting Tuesday night. Upon invitation, several representatives from the Hedley post were present.

In reference to the recreation project, which has been the chief topic of discussion for the past several weeks, a joint committee was appointed consisting of three members from each post. This committee will meet within the next few days and formulate plans for the acquisition of the site which will be written out and presented to a joint session of the two bodies. The date will be set by that committee. At this special meeting, the two posts will vote as a unit either for or against the plans formulated by the committee.

If the plans are accepted by the two bodies, action will begin immediately to raise funds for the purchase of the land and construction of the various recreational facilities.

More interesting discussion at the meeting concerned the purchase of the property which is to pave Highway 18 both north and south of Clarendon to join with Highway 66 on the North and the Memphis-Silverton road on the south. The project has already been approved by the State Legislature, but local neglect means delay. This county needs the highway paved all the way badly; the sooner it can be completed, the better. Why wait until tomorrow when it can be done to our great advantage today?

NOTICE—To those who ordered caps—they have come and may be had by seeing Adj. Glenn Allen.

Band Parents Elect New Officers

The Band Parents met Monday night, Sept. 10th at 8 o'clock in the band room with the president, Mrs. Rolle Brunley, presiding. The purpose of this meeting was to elect new officers, discuss business for the coming year and take care of old business.

The cash donation for the band suits amounted to \$2,500. This donation was made possible by donors of the town plus food sales, one dance and band tags.

Officers for the new year are as follows: President, Mrs. Walter Clifford; Vice-Pres., Mrs. Guy Wright; Sec.-Treas., Allen Bryan; Reporter, Mrs. Alvin Landers.

Band parents are required to pay \$1.00 each for dues. There is no charge for first child, but there will be a charge of 50c for each additional child.

Eighteen parents were present (See BAND PARENTS Page 8).

'Pep Parade' To Make Premiere Tonight

Mrs. A. W. Simpson will leave Friday for a visit with her sister, Mrs. Byron Hill at Whitesboro, Texas. She will be joined there by her sister, Mrs. Haralson of Ada, Okla. for a family visit.

Baby Parade Held Saturday

Approximately 20 contestants participated in the baby parade last Saturday under the auspices of the P. T. A. Prizes were awarded for the best "floats" as follows: Pamela Bulls and Jonna Lee Blocker entered as one contestant as Navy twins and took first prize for the girls. They rode two decorated tricycles. Guy Robert Darden, small son of Mrs. George Darden, won the prize for the boys with his wagon and football.

There were so many pretty floats, it was hard for the judges to decide which was the prettiest. Other outstanding floats were entered by Carol Woods on a tricycle, and Gene and Jerry Elmore with a wagon. The girls received Raggedy Ann book as their prize, and the boy won books also.

The Tiny Tot contest will end Friday and the winners will be presented on the stage Friday night.

Booster Trip Planned For Saturday To Advertise Local Rodeo

F.F.A. OFFICERS ELECTED

Lynn Leathers, son of Mr. and Mrs. Kinch Leathers, has been elected president of the Clarendon F.F.A. for the 1945-46 school year. Other officials are Jiggs Mann, Vice president; Sidney Harp, secretary; Billy Roy Blackman, treasurer; Gene Bulman, farm sentinel; B. J. Jordan, reporter; Don Barker, parliamentarian and Billy Phillips, historian.

The first year group of the F.F.A. elected Wayne Lowe as president; Charles Bagard as vice president; Gilbert Stewart, secretary; Bill Davis, treasurer; Bob Clifford, watchdog; Ed Sawyer, reporter; Garth Carter, parliamentarian and Walter Warner as historian.

ELBERT G. HORTON RECEIVES DISCHARGE

Flight Officer Elbert G. Horton, who arrived home from the combat crew training station at Moody Field, Ga., his last duty station, was honorably discharged from the AAF Sept. 18th.

Flight Officer Horton is the son of Mr. and Mrs. W. J. Horton of this city.

Dorothy Ann Kennedy is attending Baylor University at Waco this year.

JAMES M. CLARK HELPS BRING IN JAP SUBMARINE

Aboard the Japanese Submarine I-401 at Yokosuka Naval Base—James M. Clark, electrician's mate, second class, USN, Clarendon, helped bring this 5,500-ton cargo-carrying ship here from Tokyo harbor.

The prize crew, under the command of Cdr. Edward D. Spruance, USN, son of Admiral Raymond A. Spruance, learned from the Japs how to operate the vessel. With typical American ingenuity they were quick to learn by sign language the location of valves, lines, etc.

The vessel, with a complement of 220 officers and enlisted men was built for carrying cargo and planes. A huge, hermetically sealed door on top of the sub swings out sideways by hydraulic power. Inside is a huge cargo hold which contains space for three sea-planes. A double tracked ramp leading from the cargo hold and extending to the bow served as launcher for the planes.

BERNICE D. MARTIN NOW SERGEANT

Lubbock Army Air Field, Lubbock, Texas—Bernice D. Martin, son of Mr. and Mrs. Chester W. Martin of Clarendon, has been promoted to the rank of Sergeant.

The American Legion will visit neighboring communities and towns Saturday to advertise their rodeo which they are sponsoring here for Sept. 28th and 29th.

Several cars have already been obtained for the occasion, but anyone who would take another is cordially invited to do so in order that a larger group might go. A small band will go along to provide music, and others will distribute hand bills.

Any and everybody is invited to go, provided they can get transportation. The company will leave from the City Hall at 9 a.m. Saturday morning and will be gone all day.

Cotton Ceiling Price Meeting Friday

DALTON H. SWINNEY RECEIVES SILVER STAR RECENTLY

Coxswain Dalton H. Swinney, son of Mr. and Mrs. John Swinney of this city stated in a letter to his parents this past week that he was wearing 3 battle stars for the Luzon, Attu and Okinawa campaigns and had received the silver star for service beyond the call of duty in the battle for Okinawa. He is with the Marines and is a driver of a landing barge. He also stated that he probably would be home by this coming Christmas.

MIKE THORNBERRY TREATS FOOTBALL SQUAD TUESDAY NIGHT

To the complete surprise of J. L. Naylor's Bronchos, Mike Thornberry brought a load of sandwiches, ice cream and sweet milk to the field Tuesday night for the boys to enjoy immediately after their workout. The ice cream and milk were compliments of the Borden Co.

The boys ate the refreshments, or that is, all they could hold, out on the field before being released from their workout.

Mr. F. A. White was in Ft. Worth on business last week.

The play, "Pep Parade," sponsored by PTA will be presented tonight and tomorrow night, Thursday and Friday, Sept. 20 and 21st, at the Clarendon College Auditorium at 8:24 p. m.

Specialties, singing, and dancing, all add color to the entertaining Pep Parade and make it a truly great show and an evening of entertainment deluxe.

Most audiences agree that the high point of the show is Roseola's rendition of "Is You or Is You Ain't My Baby" done in true "Negro mammy style."

The scene of the play is laid in the Peck household where Aunt Hattie is in the clutches of a fake fortune teller who is about to convince Aunt Hattie that she should invest in some phony oil stock. To try to prevent this catastrophe, Judy and Tommy Meadows, a neighbor boy, try to convince her that Tommy is the famous Professor Meadowski, a "footologist," who tells fortunes by reading the soles of the feet.

In addition to all this, the Tiny Tots in the contest will appear on the stage between the first and second acts which will show you what the future citizenship of Clarendon will look like.

Prizes of 10k gold rings to the boy and girl who win the most votes in the popularity contest will be awarded on the stage Friday night, Sept. 21. Contest closes about 2 o'clock Friday afternoon, when the votes will be counted and winners will be announced and prizes awarded on the stage.

It is our opinion that you will thoroughly enjoy the show.

MRS. LELIA MAULDIN SELLS CAFE

Mrs. Lelia Mauldin, who has operated a cafe in the Carpenter building for a number of years, has sold out to Mrs. Peggy Clinton, formerly of Memphis and Mr. C. R. Briggs who has been residing at Ashtola. These people come to Clarendon as being well qualified and experienced in this line, and will doubtless make continued success in this business.

Mrs. Keith and Laura Lowell were in San Antonio last week. They have returned home.

The following telegram has been received by County Agent:

Texas U.S.D.A. Wage Board in view of Administrative policy as stated in President's message to Congress has recommended and received approval of following ceiling prices:

\$2.25 per 100 lbs. for picking cotton.
\$1.35 per 100 lbs. for pulling cotton.

Weighing and hauling, 15 miles or less, 25c per 100 lbs.

Over 15 miles, 30c per 100 lbs.

Ceiling prices are effective September 14, 1945. OPA will issue ceiling order at once.

All prices now being paid must be rolled back within ceiling. Violations will be investigated by Federal Investigative Service. Would appreciate your passing out this information. Signed D. A. Adam, Executive Officer, Texas U.S.D.A. Wage Board.

Mr. Evans and Mr. Watson of State Farm Labor Office will be in charge of public meeting at Clarendon—

Friday morning at 10:00
September 21, 1945
Court House.

Every cotton farmer and people pulling bolls should be at the meeting to learn ceiling price regulations, and to express your opinion. Ceiling price regulations now cover 40 boll pulling counties in this area.

RED CROSS

VOLUNTEER SERVICE

HOME SERVICE

Mrs. C. A. Burton

So rapidly have demobilization plans changed that one cannot count points from day to day, so one dares not make any statement as to the number needed for discharge in any branch of the service.

Pages of directions have been given in regard to the coming to the United States of alien wives, but so far as I know this does not apply to any servicemen from Donley County. An alien wife is entitled to nonquota status—that means she may enter without regard to the number allowed to enter from her country under the quota limitation—but marriages by proxy, by radiotelephone, by contract and so forth are not recognized. The multitudinous directions apply to fiancées as well

as wives of servicemen.

The Junior Red Cross enrollment is from Nov. 1 to 15.

A serviceman on leave is expected to get a form of application for food from his local ration board when his leave is granted. If he fails to do this, he may use an OPA form instead, but this must be done in person.

The Army has established nine rehabilitation centers, one in each service command. The purpose is to attempt to reclaim enlisted men for military duty. The center for Texas is at Camp Bowie.

Mail by boat to Puerto Rico requires at least a month and a half to reach the island, while air mail takes only six days.

By the end of June sixty-six War II veterans had received farm loans totaling \$337,000. Up to this time veterans were not given preference over other borrowers, but now Congress has earmarked half of the \$50,000,000 authorized for farm ownership loans for the years of 1945-46 for War II veterans alone. More than

2,500 War II veterans received rehabilitation loans amounting to \$3,213,000 by the end of June.

LIBRARY NOTES

By Mrs. C. A. Burton

A few days ago I visited a Central Texas town and of course I visited their library. I found it had been established by a club just as ours was, but is about twice as old—had become a city institution just as ours is. But the interesting thing about it is the source of a large part of their support. It is through memorial gifts. The librarian told me almost all the books were gifts in memory of some one. She said all the late books were donations made in this way—often one individual gave a half dozen or a dozen books. You will remember that Mrs. J. R. Porter gave us three books in memory of her brother, whom we all knew as "Bob." I hoped others might do likewise but no one has.

But here and now I'm asking that you do—and I'm planning to keep on asking—until you do. Clarendon has many people who can afford to make such gifts quite as easily as can the people of this other town.

We still proudly call ourselves the "Athens of the Panhandle"—let us live up to our boast.

Jan Veltin, author of the sensational best seller, "Out of the Night," who is Pfc. Richard J. Krebs in the 24th Infantry Division of the Army, has written an account of day-to-day experiences from the infantryman's point of view entitled "Japs Die Hard." It was written during the fight for Mindanao. The complete manuscript is now in the hands of the War Department for placement with a publisher.

The eleventh Red Badge Detective Story Prize has been awarded to "Appointment in Manila," dealing with the experiences of an American artist at the time of the Japanese invasion. The author, Einar Chamberlain, formerly taught at the University of the Philippines.

Nearly 4,000,000 copies of American books translated into various languages will be distributed throughout Europe at the request of the Army's psychological warfare branch to fill reading needs created by the destruction of books by the Nazis.

Already stories of the readjustment of soldiers to civilian life are predominating among the new books. Prominent among these are J. B. Priestley's "Three Men in New Suits," "Home Fires Burning" by Robert Henriques, "The Dreamers" by J. Bigelow Clark and "Broad Margin" by A. R. Beverley-Giddings.

Emergency Pastures Increase Milk Flow

Knee-deep grass in mid-August. That's what maintains milk production at high levels, according to the Buford Brothers of Elizabeth, Ill., winners of a better pasture program contest. Here part of the Bufords' herd of Holsteins grazes on an emergency pasture of Sudan grass.

NO RISE IN PRICE FOR IMPROVED GAS

Improved qualities of regular and premium grades of gasoline about to come on the market will cost consumers no more than the lower qualities of these grades produced for civilian use during the war, OPA says. Regular grade gasoline sold since mid-1944 has been generally about 70 octane, but this octane rating will move up to at least the normal level of 72 to 74 octane and may in some cases be in excess of 75 octane, according to advices received by OPA from the industry. Premium grade gasoline is also being improved and, as a result, OPA has lifted the minimum octane rating qualifying for the premium grade ceilings from 75 octane to 73 octane.

Better Punting And Passing At W.T.S.C.

CANYON—Better than average passing and punting will increase West Texas State College scoring power this season, if no injuries are suffered by two men who now seem certain starters.
 H. H. Bledsoe of Seymour, Texas, 168-pound quarterback, and Hap Rogers of Vernon, 185-pound fullback, will bring back memories of Buffalo teams which tore through Border Conference schedules impressively a few years ago.
 Other backs are fighting it out for starting assignments. These include: Kenneth Glasgow of Fallett, 178 pounds; Billy Greenfield of Dumas, 170 pounds; Willard Hedges of Olton, 184 pounds; and Glen Stafford of Borger, 170 lbs.
 Head Coach Gus Miller is obviously pleased with the progress of his forty-man squad and its spirit on and off the practice field.
 "These boys really want to play football; that means a lot," said Miller.
 Several good men may be drafted to military service before the end of the season—a fact which is causing Coach Miller and Line Coach W. W. (Windy) Nicklaus to give close attention to development of reserves.
 The Buffs' opening game will be played here September 15 against Eastern New Mexico College of Portales. Game time will be 8:30 p. m.
 The college's 36th fall session will open September 18th.
 Elton Wood of Amarillo visited his brother and sister, J. D. Wood and Miss Della Wood, here last week.

LELIA LAKE WHIRLWIND

Who were the girls who locked themselves in Lester's car the other night? It couldn't have been some ex-seniors from Lelia, could it?
 What song is Dorothy always singing when several kids are setting under the tree on Saturday nights?
 Will the twins be surprised when they get a present that says on the tag, "Do not open." What a birthday present!
 Who was Jay seen with last Saturday night? Was Reba along or was someone seeing wrong?
 Mrs. Clyde Martin from Amarillo spent the week end with Mrs. W. D. Martin.
 Who was Lester seen with last Wednesday night? It couldn't have been a fox, could it Lester?
 Where did Fancher get his name "Empy"? Or does he like California names?
 Is Reba going to two-time some certain boy after the party Tuesday night? How should we know?
 Have Wiley and Lester been carrying conversations over the telephone?
 Who does Jo Elbert look at in the fourth period study hall? Could it be the Ratten twins?
 Lois has been on a vacation in Oklahoma and says she had a swell time.
 We are proud to have Gene and Randell back at Lelia.
 The Lelia Lake kids are looking forward to running the Freshmen boys through the belt line.
 We wonder who sent Clara Bell that ring and bracelet, a boy we hear.
 Wiley tells us he wasn't with anyone last Wednesday night. We can't ever tell.

PLUG IN... I'M REDDY INSTANTANEOUSLY!

Reddy Kilowatt travels at the speed of light—186,000 miles per second! That's why it is possible for Reddy to respond so quickly when you flick a switch or plug in an electric appliance. All you have to do to get this amazing speedy service is to give Reddy proper wiring to travel over and he'll go to work for you instantly in any part of your house or all parts at once.

When you hire him, a (Reddy) Kilowatt of electricity, you are buying power equivalent to the labor of thirteen strong servants. But that's not all—you get his service 24 hours a day. He's here . . . there . . . and everywhere you have an electric outlet, ready to do any and all of your jobs—instantly.

He'll wash your clothes, do the ironing, clean your rugs, do the cooking, wash your dishes, refrigerate the food, time your clock, furnish plenty of good light, give you radio entertainment and do a host of other tasks. All this for but a few pennies a day.

Just remember—whether you are a millionaire or in moderate circumstances you can always have the instant services of Reddy Kilowatt.

Mr. and Mrs. Floyd Crofford and Margie Nell visited friends in the Naylor community Sunday, and also visited Sunday school there.
Pvt. and Mrs. Clyde Barker and girls are visiting his parents, Mr. and Mrs. W. F. Barker. Pvt. Barker will leave for California in ten days.
Norma Jean Easterling and Jo Anne Sibley celebrated their eleventh birthday Sunday by inviting several of their friends in for the day.
We are happy to report that Mrs. Guy Sibley and Mrs. Pete Land were able to leave the Clin-

ical-Adair hospital Saturday. They are improving in health.
Mrs. Viola Hitt and Mr. J. D. Wood are still on the sick list.
Mr. and Mrs. Henry Mann visited Mr. and Mrs. Floyd Crofford Sunday afternoon.
We are happy to report that another one of our soldier boys has returned to the states from Germany and will be home in a few days. He is Sgt. Hubert Martin, husband of Meiba Christie Martin.

**Stay At Home - -
See Him Sooner**

The quickest way to see your son or husband being returned from overseas, to be discharged from the Navy, is to remain at home.
That was the sage advice offered today by the Navy Department to relatives who are anxious to welcome their "boys" coming

Hitler's Berlin Grave?

back to the States for release.
In the first place, if relatives travel to debarkation ports it is highly improbable that they will even see their sailors because the Navy demobilization plan calls for returning men to separation centers in their own Naval Districts. In consequence, men will not be free to visit their families at coastal ports, but will move without delay to their own districts.
Secondly, travel by dependents will only crowd the already overloaded transportation system and

hamper the orderly operation of discharge.
And last, living accommodations in coastal ports are not and will not be available.
Mr. and Mrs. O. C. Watson and her mother, Mrs. Lena Antrobus, accompanied their son, George Watson to Canyon Monday where he will attend W.T.S.C. They spent the rest of the day in Amarillo shopping.
Mrs. Fred Smith spent Sunday with Mr. and Mrs. Lavell C. Phillips of Pampa.

VETS WIVES AND BABIES CAN GET MEDICAL CARE

Following through on a recommendation made by Congress, the Children's Bureau, U. S. Department of Labor, announced that wives and babies of recently discharged service men, under certain conditions, are now eligible to receive medical and hospital care under the Emergency Maternity and Infant Care Program. A service man's wife may now apply at any State Health Department for care for herself and for her baby after her husband's honorable discharge from service, provided that at any time during her pregnancy he was in the fourth, fifth, sixth or seventh pay grades of the services or was an aviation cadet. The same holds true in case the husband or father is promoted, a prisoner of war, missing in action, or dead.

CLASS 2 SLAUGHTER PERCENTAGES RAISED

A substantial increase in class 2 (non-federally inspected) slaughter percentages for cattle, calves and hogs for quota periods beginning on or after August 26, 1945, was announced by OPA. The slaughter percentage for cattle is increased from last month's 100 percent to 125 per cent; the percentage for calves is increased from the former 75 per cent to 100 per cent and for hogs, from the former 50 per cent to 65 per cent.
The slaughter percentage for sheep and lambs remains unchanged at 110 per cent.

MOOS OF THE MOMENT
BY UNCLE BOB
of the Kraft Dairy Farm Service

If you went out once a month during the winter and poured a sack full of dimes down that woodchuck hole in your back pasture, your neighbors probably would think you were a candidate for a padded cell.
Yet I've been on dairy farms where just about that same kind of waste takes place, because the dairyman fails to provide bedding for his cows when they are stabled.
It isn't just a matter of cleanliness and better milking conditions. Those are mighty important, of course. Good bedding will help a great deal in keeping cows clean and keeping dirt out of your milk.
But Idaho University also points out that if you fail to catch the liquid part of manure, you are losing dollars in fertilizer value. They figure that you lose \$1.00 worth of fertilizer in every ton of stable manure, if you lose the liquid.
Figuring a ten-ton-per-acre application, that's ten dollars per acre. The liquid in every ton contains 72¢ worth of nitrogen, two cents worth of phosphate and 33¢ worth of potash. These figures are based on fertilizer cost in Idaho, and may vary slightly in other parts of the country.
Any way you figure it, bedding will pay for itself. Straw is best for bedding, but shredded corn stover, shavings and other things can be used.

Here's another one of those jobs which does several things at the same time. If I run into enough of these, maybe I can figure out a way for a dairy farmer to go out after breakfast and get his whole day's work cleaned up in one operation.
This particular several-in-one item is simply using superphosphate on the stable floors and in gutters. Such use of superphosphate helps preserve nitrogen in stable manure, lessens stable odors, absorbs moisture, helps keep floors dry and reduces the number of flies.
Texas A & M College recommends using 30 to 50 pounds of superphosphate per cow per month. The college has demonstrated how this increases fertilizer value.
A ton of fresh manure is equal in plant food value to 100 pounds of 10-5-10 commercial fertilizer. But nitrogen escapes, and loss of liquid reduces the value to 100 pounds of 5-5-5. Using superphosphate on the floors and in the gutters brings the manure value to 100 pounds of 8-10-10.

When somebody invents a machine which will take over all the work on a farm while you rest in the shade, there will be a lot more fat farmers around the country.
The extension folks, figuring that invention is a few years away, spend their time developing better ways to do the jobs around a farm, to save time, labor and money. The new booklets they issue from time to time always seem to me a little better than the ones before.
A couple of weeks ago I mentioned a special circular "Feeding the Dairy Herd" from the Extension Service, University of Wisconsin, Madison, Wisconsin. It is a most handy leaflet to nail up in your barn, containing
"NOTE: There usually is a 5c charge for pamphlets mailed to non-residents of a state, but possibly your own state has a free pamphlet on the same subject. Ask your county agent."
