Broncs To Meet Skyrockets At Wellington Friday Nite

The Clarendon Broncs will journey to Wellington this Friday night for a tough assignment with the Skyrockets. This is slated as the toughest game of the season for the Broncs as the Rockets have defeated all conference teams in this district so far—and by a pretty good margin in most instances.

The Wellington team is made up from large and experienced ball players and they also have plenty of substitutes to enter the game when the regulars get a little tired.

Coch Naylor states that the Broncs are in fair condition for the game and will be in there plugging all the way in hopes of a possible defeat or at least to hold the score down. The locals are still on the crippled list with Bulman and Harp still out. It is possible though that Harp may get to see some action but his charlie horses haven't limbered up very much.

If the Broncs play this game like they have in the past, the Rockets won't get very far, for they have held their only victorious opponents to within 6 points. They had a very good taste of victory in last week's game with Wheeler when they defeated the latter 19-0, although, if I remember correctly, Wellington defeated them by over 60 points.

Anyway, go along with the boys and give them a boost. It will be a good sporting game whether we lose or win. The starting time for the game is 7:30 at Wellington.

DONLEY COUNTY TEACHERS MEET

The Donley County teachers met in the court house Thursday evening Oct. 18 with twenty teachers from the schools of the county being present.

The following officers were elected to serve the county unit for Texas State Teachers Association for District No. 9: O. D. Lowry, president; Mrs. Donald Ballew, vice president; Ruth M. Richerson, sec-treas. Mrs. Donald Ballew and Ruth M. Richerson were elected delegates to the district meeting which will be held in the spring, probably in Amarillo.

The public is cordially invited to attend any of these meetings.

Lt. Robert Crouch, who spent a year in a German prison camp, spent Sat. night with his aunt, Mrs. C. A. Burton. He lived in Clarendon when he was a small boy. He was on his way to a hospital at Springfield, Mo.

Broncs Defeat Wheeler 19-0

The Clarendon Broncs had a romping good time last Friday night when they defeated the Wheeler Mustangs 19-0.

The game was one-sided as far as the score showed, but otherwise was a very good game. Adams was outstanding throughout the game in the Broncs back field and was responsible for two of the scores. Mayo, a substitute back, produced the third score when he took a screen pass on the 29 yard line and went over the goal stripe.

The Wheeler boys threatened the Broncs goal line one time when they reached the 2-yard line only to be held by a defiant Broncs line that was very determined to keep them from pay dirt. The Mustangs produced 9 first downs to the Broncs 7 but just couldn't keep their machine rolling more than one or two 1st downs at a time.

All of the Broncs first stringers put in a mighty fine game and some of the subs that entered the game played a type of football that made some of the seasoned players sit up and take notice.

CLASSIFIED ADVERTISING POLICY CHANGED

Your Donley County Leader is printed on a large sheet of paper with four pages being printed on Wednesday morning and the other four pages being printed on Thursday morning. Due to the growth of our Classified ad column, we are forced to run these ads on our first run which goes to press Wednesday morning, therefore making it necessary for your ads to reach the Leader office not later than Tuesday noon. Any ads received after that time will be put in a "Too Late to Classify" column, so if you want your "for sale or wanted" ad in the regular column, please bring it in by Tuesday noon.

BAND PARENTS TO HOLD RUMMAGE SALE AGAIN THIS WEEK

The Band Parents organization will hold another rummage sale again this week but the location will be changed from the Clarendon Hotel to the old Andis building across from the Farmers Exchange. Those wishing to donate any items are asked to bring them down by 4 p. m. Friday afternoon or 10 a. m. Saturday.

Mrs. Earl Naylor of Carlsbad, N. M. is visiting her mother, Mrs. L. P. Cox and other relatives.

T/4 GEORGE HATFIELD RECEIVES DISCHARGE

T/4 George D. Hatfield of Clarendon has received his discharge from the United States Army at the Camp Cooke, California Separation Center. Hatfield was a member of the 13th Armored Division (Black Cat) which fought under General George S. Patton in Germany. The Black Cat tankmen captured more than 20,000 German prisoners in the fighting in the Rhur and took an additional 19,000 during its spearhead drive through Bavaria and Austria. In the closing days of the European war, the 13th captured Hitler's birthplace city of Braunau, Austria, and liberated 14,000 Allied prisoners of war. The 13th Armored Division was in the process of being redeployed to the Pacific for action in the scheduled invasion of Japan when the Japanese suddenly surrendered.

COTTON GINNING REPORT

According to W. M. Patman, Special Agent, the Census report shows that 539 bales of cotton were ginned in Donley County from the crop of 1945 prior to Oct. 1st as compared with 147 bales for the crop of 1944.

Mr. and Mrs. Rolle Brunley were Amarillo visitors Saturday.

Contributions Coming In Slowly For National War Fund Drive Here

By Mrs. Mildred Ritter

We are now facing, and for at least six months will continue to face, the period of maximum need for the services of our member agencies—moral services for our own armed forces, relief services for our suffering and stricken neighbors overseas. This is the time when most agencies of the National War Fund must keep their programs at a peak. Neither sympathy nor concern are sufficient to meet this situation. Concrete relief in the form of supplies and services -- that's what is needed in these times, when a bowl of soup may be worth more than a thousand words of explanation, or when a USO Camp-Show could mean moments of cheer to a wounded service man.

Dig down and get the job done! See your committee and make your donation. Don't wait to be contacted.

Below is a list of those who are assisting in this part of the county:

- Ashtola—Mr. and Mrs. Lu McClellan.
- Bairfield—John Rhea Chamberlain — Mrs. M. W. Andis.
- Fairview—Ed Mooring
- Goldston—Mr. and Mrs. Wilson Gray.
- Hudgins—George W. Self
- Jericho — John Hermesmeyer and Ernest Lamb.
- Lella Lake—Quinn Aten
- Martip—Mrs. Bill Thornberry and George Bulman.
- Midway—Miss Katie Meaders
- Skillet—Mrs. Chas. Weaver
- Sunnyview — Mr. and Mrs. "Skeeter" Davis.
- Watkins—L. A. Kalka
- Whitefish—Shelton Nash
- Windy Valley — Mrs. Harvey Shaw.
- Clarendon—Bill Patman, Rayburn Smith, Lee Bell, R. E. Drennan, Carroll Knorpp, Chas. Lowry, Mrs. Mildred Ritter and Mrs. Catherine Bugbee.

No we couldn't all fight in this war—but let us be proud and grateful that we civilians can help finish the job by our giving. So when we're asked to give to the Community War Fund this year, let's all of us GIVE -- and give generously in Victory! Remember -- They're still serving -- are you still giving?

M. T. BURTON ELECTED TO INTERSCHOLASTIC LEAGUE ADVISORY COUNCIL

Word has been received that Supt. H. T. Burton of the local schools, has been elected a member of the University Interscholastic League Advisory Council to represent Region I, Conference A. A meeting of the League is scheduled to take place November 17, at which time important rules and regulations governing athletics in Region I will be discussed. With many years of experience behind him, Mr. Burton is very capable of formulating rules and regulations best suited for small town schools. Most of the now existing rules favor large towns and cities which works a hardship in small schools where the number of students is small. "Class AA schools have always had their way," Supt. Burton said, "and I believe it is time for the Class A schools to work out a system of their own."

Gas Blast In Utah Injures Husband Of Local Woman

David A. Gates, husband of the former Nina Crawford, received a broken leg and third degree burns on the face and hands when the tourist court in which they were staying for the night blew up from a natural gas explosion. The incident occurred the 9th of this month in Salt Lake City, Utah. The couple were on their way to Clarendon after Gates had received his discharge from the service.

The explosion occurred when an ex-sailor in the next cabin lit a match following the finding of the leak. The cabins were completely demolished, but Mrs. Gates was uninjured with the exception of several bruises. Gates is reported to be getting along fine in the Veterans Hospital there and the couple expect to be able to come on to Clarendon around Christmas.

Rev. and Mrs. E. B. Bowen from Pampa visited in Clarendon Tues.

COUNTY SERVICE OFFICER EMPLOYED

During the 49th session of the Texas Legislature, several laws were passed pertaining to veterans of the recently ended war. One of the most important of that group of laws was the authorization of a County Service Officer for each county of the state. The selection of such an officer was left up to the Commissioners Court of each county.

This officer had to meet certain definite qualifications for eligibility. He was chosen according to his education; he must have served in some war since the Spanish-American at least four months, etc. His maximum salary was set at \$275 per month, depending on the population of the county.

The duty of the Service Officer shall be to aid all residents in his district who served in the military, naval, or other armed forces or nurses corps of the U. S. during any war or peacetime enlistment, and/or veterans and/or orphans and/or dependents in preparing, submitting, and presenting any claim against the U. S. or any state, for compensation, hospitalization, insurance, or any other item or benefits they may be entitled to. No fees are charged for their services, either directly or indirectly.

On October 8, 1945, such an officer was appointed by the Commissioners Court of Donley County in the person of C. J. Douglas. His term will expire at the close of the current year, at which time he will either be reappointed or replaced by a new officer. He is serving in that capacity for \$25 per month, paid out of county funds, as recorded in the Office of the County Clerk.

BOXCAR TOPS BLOWN OFF SUNDAY

With the advent of the brisk north breeze Sunday, old Donley county scored another "first" when the covers of two box cars were blown off.

The freight left the local depot near mid-afternoon headed west. Between here and Ashtola the wind was seen to remove tarpaulin covers from the two box cars as the freight climbed the incline to the high planes. Whether cloth or metal, it happened in old Donley.

THE CHRISTIAN COUNCIL OF CHURCH WOMEN WILL MEET OCT. 31

The Christian Council of Church Women will meet at the Christian Church on the fifth Wednesday in October—the 31st—at one o'clock, with the Episcopal and Christian ladies as hostesses.

There will be a covered dish luncheon followed by a round table discussion on Race Relations. The Piggy-banks will be opened.

All the women of the community are urgently requested to attend. The question to be discussed is one of utmost importance just now. Come!

Palmer Motor Co. To Show New 1946 Ford Fri. & Sat.

Doss Palmer announced this week that there would be a showing of the new 1946 Ford at the Palmer Motor Co. show room this Friday and Saturday, October 26th and 27th.

This new Ford is the first 1946 model car to reach Clarendon for a showing and Mr. Palmer invites the public to drop by and see the many new changes that have been made throughout.

Mr. Palmer stated also that according to information he had received, the changes in this new model amounted to more than the 1941 and 42 models combined.

ERNEST GERNER HOME; RECEIVES DISCHARGE

Ernest Gerner CCM, son of Mr. and Mrs. Ed Gerner of Lella Lake, arrived home Sunday after receiving his discharge from the Navy October 17th.

Ernest entered the service in January, 1942, and has been on the water in the North Atlantic, Caribbean sea and all parts of the Pacific. He took part in the invasion of Midway, Guadalcanal, Philippines, Aleutians, and Coral Sea. He was serving on an aircraft carrier.

At the present time he and his wife are visiting with his parents and within the near future, he plans to work in Amarillo as a carpenter.

Pvt. Horace Green of Sheppard Field visited the week end with his wife, Mrs. Green and baby.

NOTICE TO LEADER SUBSCRIBERS

The Leader office wishes to call to the attention of a number of subscribers that their subscriptions are past due. In the past, we have put a red mark in the left hand corner of the Leader notifying the subscriber that his subscription had expired, but due to an overload of work on press day we haven't had time to do this. In order to see how your standing is, just look at the numbers to the side of your name and the first figures designate the month and the last figures the year.

It is customary for most papers to drop a past due name from their list, but we don't like to do this, for it is an oversight on the part of most subscribers when they don't pay on time and we realize it is hard to remember when it comes due only once a year.

If you are unable to drop by the Leader office, just mail us a check or notify us that you wish to continue to receive your paper so we will know whether to take your name from our subscription list or not. Thanks.

Clarendon Lions Club

The regular meeting of the Clarendon Lions Club was held Tuesday, October 23, 1945, in the First Christian Church. The meeting was called to order by Boss Lion Lowell. Fifty-three members answered roll call giving a percentage of seventy-six. Sam Jones, L. O. Morris, and Lion Dale Hill were present as guests. Minutes of the last meeting were read and approved.

Lions who attended the Lakeview meeting were J. R. Bulls, C. B. Morris, Dr. Keith Lowell, Wendell Smith, and Charles O. Reed. Lion J. R. Bulls reported on events of the evening, and stated that the outlook for the south highway was good.

The time for the Hedley Club meeting will be Thursday evening at 7:15. Lion Drennan urged support of the Bronchos at the Wellington game to be held Friday night. Lion Patrick made an announcement concerning the final bond drive which is to begin October 29th.

Lion Stanley gave an informative talk on education, stressing the value and benefits of musical training. He advised the introduction of music study in the primary level and continued study through junior high, high school, and college.

First Freezing Weather Here Monday Morning

The first freezing weather for this season was experienced here Monday morning when the temperature dipped down to 29 degrees. The low temperature was preceded by a strong norther which caused everyone to feel the cold much more, and caused untold damage to feed and cotton crops. A large quantity of feed was blown down and cotton was wrapped around the stalk or strewn over the field. Some farmers believe the damage to cotton won't be so heavy if it doesn't rain before it can be gathered.

The first frost and freeze just missed the average frost date for Donley county by two days. The average date is October 20th.

R. S. Moss of Amarillo was here on business Friday.

J. R. Porter, Donley County Victory Loan chairman, announced this week that the great Victory Loan Drive would start in Donley County this coming Monday and that the overall quota was \$300,000—the smallest bond drive quota that we have had since the war began.

Out of the over-all quota, \$80,000 is to be purchased in Series E Bonds and \$220,000 in all other types of bonds.

This is the last organized bond drive to be put on by the U. S. Treasury but in reality is one of the most important drives, for it will be this money that is used to prepare for a lasting peace.

Your money in Victory Bonds will help to continue the planning and research that shortened the war—and will assure the peace. By buying bonds we help keep the lid on prices of scarce goods—help prevent runaway inflation with its sure follow-up of depression. Bonds held by millions of Americans will provide a solid reserve of buying power to assure steady jobs for returning veterans. Victory Bonds help pay the cost of the care and cure of our tragic thousands of wounded and they'll help pay for bringing all our boys back home.

These and many others is the reason why you should buy more bonds to put this drive over. You won't be losing anything, but will be making money for yourself when you buy Victory Bonds.

Mr. Porter stated also, that all community leaders and workers that have been helping in previous drives would have charge again during this drive and added, that the only change that we have is in the quota which is smaller and should be reached within a short time.

Services Held Wednesday For J. D. Wood

Funeral services were held Wednesday afternoon at the First Baptist Church for J. D. Wood with Rev. Bob Cooksey officiating, assisted by Rev. R. C. McCurley.

Mr. Wood, aged 44, passed away at the local hospital early Tuesday morning following a quite lengthy illness. He was a prominent farmer of the Martin community and was held in the highest esteem by his neighbors and friends. He was born in Hamilton County January 4, 1901 and moved to Donley County 36 years ago and has been a resident of the Martin community throughout that time.

He is survived by his wife, one son, Capt. Winston Wood and one daughter, Evelyn Jean; also one sister, Miss Della Wood and four brothers, A. D. Wood of Big Springs, P. O. Wood of Riverside, Calif., E. D. Wood of Amarillo and L. L. Wood of Clarendon.

Palbearers were Herman Patterson, Richard Cannon, George Bulman, Bill Craig, Robert Davis and Earl Hodnett.

Burial was in Citizens Cemetery with the Womack Funeral Home in charge of arrangements.

LIFE TERMER FROM DONLEY ESCAPES

Four convicts crashed a meat truck through a gate at Huntsville state prison and escaped in a hail of gunfire the 18th. One of the four men is Webster Mitchell of Matador serving on a life term for rape in Donley county.

A guard shot the gas tank full of holes and the truck was abandoned in the suburbs of Huntsville when it ran out of gas. The convicts then foisted A. J. Beckham out of his sedan and took over and left over the Dallas-Huntsville highway at high speed. No further trace of the convicts has been reported.

LIBRARY NOTES

By Mrs. C. A. Burton

A serviceman just home from Okinawa reported to the girls how hard he had to work to get leave: "I told the C.O. everything—that my mother was sick, that my best girl was running around with a Marine, but when I told him my library card had expired and I had to get a new one, that did it!"

Nearly four million copies of American books will be sold to Europeans in English, French, Dutch, Italian and German translations to fill the vacuum created by the Nazis who specialized in burning rather than publishing books.

Another half million are to go to the Pacific and many are on their way to Manila and China.

Julian Messner, Inc. has offered a prize of \$3,000 for the best manuscript, fiction or non-fiction on the problem of combating in-

tolerance in America. Charles G. Norris, husband of Kathleen Norris, died recently in Palo Alto, Calif. He wrote mostly on controversial subjects. Three of his books are on our shelves.

In 1929 when Thomas Mann won the Nobel Prize, he deposited the prize money in a German bank account. It remained intact until Dr. Mann voluntarily left Germany because of his opposition to the Nazis—then it was confiscated by the government and used to wage war. Dr. Mann is now making claim for the money along with those of American companies whose properties were confiscated.

Archibald MacLeish went to London the first of this month. When he returns he will find the editorship of the Free World waiting for him. He has been proposed as President of Vassar.

The librarian at the Roosevelt Library at Hyde Park points out to visitors that the building is too small to hold all the papers and mementoes—that the president designed it to serve for two terms of office but had no plan for running for a third term.

John Hersey, author of "A Bell for Adam" will go to China for a New York magazine.

Thornton Wilder, who has won three Pulitzer prizes, has returned to civilian life and is leaving for New Mexico to start writing his new play.

ASHTOLA SCHOOL NEWS

Pie Supper
On Friday, Oct. 26, Ashtola school is having a pie supper. The proceeds will go for a very worthy cause—to improve the water system.

There will be a short program given by the school children before the auctioning of the pies. The program will begin at 7:30.

To complete the evening, there will be a race and a prize given for the "ugliest man" and a prize for the "most popular girl."

A New Ring
Mary Ruth Myers' father came home from overseas. He brought her a pretty little ring with sets in it. She couldn't think what

kind of sets they were, so she called it her "gold mine ring."

Disgusted
Joyce Eddings, a first grader, took her book home for the first time. She was so interested in reading the stories to her mother, until she kept reading page after page. Her mother got sleepy and said, "Joyce, I'm tired, let's quit for tonight."

Said Joyce, "Oh, mother, you disgust me."

Got a Pony, Bud?
If you have some little fellow come up to you and ask you to vote for his girl, don't get excited, just give him as much as you can spare because it goes for a very worthy cause.

Our school is having a race for the "Most Popular Girl." The primary grades selected a very cute little girl that wears a smile all of the time. Her name is Mary Ruth Myers.

Pretty brown-eyed Sandra Jo Bownds is the selectee for the elementary grades.

The high school children chose a beautiful blonde, Gertrude Calcutt, for their girl.

Each vote is a penny and the money goes for the same purpose as the proceeds from the pie supper.

All Smiles
Little Doyce Graham, Jr. was all smiles because his little brother Jimmie, had come home Wed. after having undergone an appendectomy. Jimmie is doing fine now.

Sick Boy
We are sorry to hear that Don Carroll Springer has pneumonia. We hope he has a speedy recovery.

Hallowe'en Thoughts
The thought of Hallowe'en always brings about thoughts of spooks and the like. Three of the children from the fourth and fifth grades express their thoughts in rhyme as follows:

Hallowe'en
Lovell Myers
The ghosts go prowling around at night,
Where there is no sign of a light,
People stick their heads under cover,
Until Hallowe'en night is all over!

Hallowe'en
Bobby Holland
Owls are hooting,
Witches are shooting,
Squirrels are jumping,
Ghosts are bumping,
Pumpkins are crying
The wind is sighing.
But all of this means fun for me,
Because you see—it's Hallowe'en!

Ghost House
A. K. King
I went to a house where Mr. Ghost lives,
He had a little pumpkin on the window sill,
On the floor of his room,
There lay the witch's broom,
I ran from there with all my might,
And never again did I see such a sight.

Annual Sale of Registered Hereford Bulls of Mill Iron Ranches Creating Interest Among Cattle Raisers

WELLINGTON — Commercial cattlemen are manifesting greater interest than ever before in the annual sale of registered Hereford bulls of the Mill Iron Ranches. Lafayette M. Hughes has announced that the sale will be held as usual on November 1 at the Cottonwood headquarters two miles south and ten east of Wellington.

Mill Iron's truly original plan of selling registered Hereford bulls at stated and very reasonable prices is rapidly changing the quality of the herds on many ranches in Collingsworth, Hall, Donley, Cottle and adjoining counties. The results already can be seen on many ranches and farms in the southeastern part of the Panhandle. Mill Iron herd sires have produced herds of high quality and remarkable uniformity in a few short years.

To make sure that the quality of the 1945 bulls would be up to or above that of previous years, a 33 per cent cut has been made in this year's crop. No bull that does not measure up to the high standards of Mill Iron will ever be offered for sale for breeding purposes; but several cattlemen expressed a desire to buy some of the cut backs that went to the feedlots for further proof that Mill Iron breeding is the key to high quality for the commercial cattleman.

It has been a long trail that has brought the Mill Iron herd to its present perfection. Careful and painstaking breeding over a period of many years has gone into the building of the present herd. Mr. Hughes has employed some of the most noted animal husbandry experts in the United States to assist Cleo Rothwell, herd manager, in seeing that the right bulls were used on the right cows.

From this work has evolved a registered herd of many cattle that is the envy of owners of small herds who breed show cattle. Mill Iron Herefords are noted for their exceptionally strong and beautiful heads, deep broad bodies, straight legs, compactness and strong bone structure. But in addition to this they have proven exceptionally hardy and sturdy on the range.

Commercial cattlemen appreciate this sturdiness and hardihood on the range. It is one extra Mill Iron quality that makes it practical for them to improve their own herds. Mill Iron breeding has produced a type of Herefords that the feeders and packers wanted and for which they would pay premium prices. Commercial cattlemen who have bought Mill Iron bulls in past years know that this type of cattle brought extra profits in times of high prices. They want that to continue as long as possible; but when it does change, they think that their safest course is to have a good herd. Many have said they think that buying Mill Iron bulls is insurance against future trends. These are the ones who know that when prices go down the best sells first.

Mill Iron breeding is based on one of the outstanding blood lines of the Domino family. Over 95 per cent of Mill Iron herd bulls are direct descendants of Dandy Domino 2nd. Mill Iron's Colorado Domino 697 is the sire of eight of the herd bulls now in use. Colorado Domino E 10 is the sire of 19 of the herd bulls used in getting the crop that will be offered for sale near Wellington on Nov. 1st.

Fossil Bison Found In Hale County

AUSTIN—The Plains of Texas may be the source of highly important information on fossil bison and contemporary Indian hunters, Dr. E. H. Sellards, director of the Texas Memorial Museum on the University of Texas campus, believes.

Dr. Sellards announced to Hale countyans recently that one of the most important of extinct species of bison has been found near Plainview, and that further excavations will be made as soon as adequate funds accrue.

A distinctive spear, termed by the geologists as the "Plainview" spear, was found with the fossil bones, and other man-made objects such as flint spears and flint scrapers were found in the flint bed.

"The new locality in Hale county is of outstanding importance as compared to others heretofore known," Dr. Sellards said.

"Such discoveries are rare, and it is of the greatest importance that this one be fully investigated."

Working with the Bureau of Economic Geology of the University, Dr. Sellards and his associates found the fossil bone bed at the bottom of an old stream valley, under about 12 feet of valley fill. It was unearthed when a pit was opened to secure road materials.

"The bone bed consists of bison skeleton on bison skeleton to a thickness of one to one and a half feet," he said. "Above all, the find is the priceless and unique record of the hunting habits and hunting equipment of the early big game hunters in Texas."

He pointed out that it is important from the scientific viewpoint to study the fossil bison that was being hunted, in order to determine the range in size and variation in specific characters, and to recognize this species when found elsewhere.

"We need also to determine the place of the fossil bison and the human relics in the geologic time

scale. This will require observation of other localities to determine their geological relationship to the new industry."

OLD AGE AND SURVIVORS INSURANCE PAYMENTS

After a worker begins to draw old-age and survivors insurance payments he should remember that if he has a living wife that she too may be entitled to benefits when she attains age 65. Therefore, said James L. Farmer, manager of the Amarillo, Texas Social Security Board field office, it is important that contact be made immediately with the field office manager who will gladly furnish all the necessary information concerning the filing of claims for benefits. The Amarillo, Texas office is located at 324 New Post Office Building, and someone is there, at all times to wait on the public.

Mr. and Mrs. T. O. Lyle of Amarillo visited his parents, Mr. and Mrs. Frank Lyle last Friday.

Priorities Off, Air Fares Down

WASHINGTON—The arrival of victory and peace has brought special relief to the air traveler. No longer does the flying passenger live in fear of being "bumped" by holders of coveted War Department priorities. And while he rides the airplanes in the swiftest form of transportation devised by man, he pays less for his seat than ever before, in many cases less than he would pay for railroad fare plus lower berth.

Within a few weeks of V-J Day, the War Department abolished the priority requirements which served war purposes so well, but left less than 50 per cent of seats for civilian passengers. The actual effect on air travel was beyond statistical calculation because thousands of persons who normally would have used the airlines did not even seek reservations because of the fear of being "bumped." All that is now a thing of the past and with the 19 domestic airlines adding rapidly to their fleet of planes there soon will be space enough aloft to meet the rapidly increasing demand for air travel.

Sweeping reductions in fares by all the airlines marked the opening of the post-war era. The average rate is now about 4 1/2 cents a mile as compared with about 12 cents when regular air transport was established in 1926. In most cases the air fare is now less than the rail fare plus a lower berth. Savings over the rail rate run as high as \$12.65 for the trip between Denver and San Francisco. Other cases where the airlines offer a big advantage in price over the railroads, are between Reno and Oklahoma City, where the difference in favor of the air route is \$8.30, Pittsburgh and Knoxville, where the saving is \$10.02 and Spokane and Los Angeles, with a differential of \$10.21. Among other examples are the following:

Texas Trails In Egg Production

COLLEGE STATION—At the end of August, Texas led all of the states in the number of laying hens. This state also carried the flag at the corresponding date in 1944, but this year had about 1,500,000 fewer producing birds than 12 months earlier.

The quarterly report of the U. S. Department of Agriculture's crop reporting board counted Texas' egg-layers at 21,888,000. Iowa was on Texas' heels with 21,478,000 and Minnesota in third place with 18,387,000. Texas' numerical leadership, however, was an empty honor because in production per hen, which means the profit on investment, the birds of this state dropped to 39th place among the states.

Vermont led with a production of 1,621 eggs per hundred hens

during August, while the best the Lone Star fowl could do was 1,153. But that figure was a gain of 124 eggs over August, 1944.

In total production for the first nine months of the year Texas returned to the upper bracket with 2,650,000,000 eggs and third place, while Iowa was far ahead of all states with a total of 3,355,000,000.

S. A. Moore, poultry husbandman for the A&M College Extension Service, sees in these figures not only a possible waste of expensive feed, but an urgent need of better producing hens in Texas flocks. He observes that Iowa, with about the same number of layers, was able to produce 700,000,000 more eggs in the nine months. Although this period included the coldest winter months, Iowa produced nearly 6,000,000 more dozens of eggs than Texas poultrymen.

Moore believes that in addition to continuing good management, larger production in this state

should be sought through improving the breeding of the laying flocks. This could be promoted by progressive up-breeding commencing with Record of Production males and selected hens. Males from this mating would rank as "certified". A further cross of this progeny with selected hens would produce "approved" chicks which would have the best breeding of their ancestors. This system of breeding would conform to the requirements of the National Poultry Improvement Plan, and bring high quality males into general flocks.

"Esquire" Tells The Life Story of Davy Crockett, Hero of The Alamo

The man who achieved immortality as Texas' hero of the Alamo, Davy Crockett, is much more than a legend when you look into the story of his life and his principles. And Kurt Steel reveals the real Davy Crockett in his article in the November Esquire - - for Davy Crockett is an American epic and his life, though filled with failures, when measured by lasting human standards, was actually a lusty success.

Davy Crockett,--pioneer, Indian fighter, bear hunter, teller of tall tales, martyr of the Alamo--had politics thrust on him while he was still in his twenties. He was appointed one of the magistrates of a small pioneer Tennessee settlement. From there he was elected to the Tennessee legislature and re-elected for a second term. It was during this term that Crockett was compelled by his rawhide sense of honesty to vote against the man who had been his greatest hero. Andrew Jackson, whose name was already in nomination for the presidency, was also put up by party hacks for a seat in the Senate against a Senator Williams, popular candidate for re-election. Since national senators were elected by the members of the state legislature, Jackson's name, as the machine intended, easily defeated Williams. But Crockett, convinced that Williams was an able senator, voted against Old Hickory on this local issue. Jackson men threatened reprisal, but Crockett's independence pleased the

voters in his district and in 1827 they elected him to Congress. As a congressman elected on Jackson's ticket from Jackson's own state, Davy started his Washington career trying honestly to support the President's policies. But his own rugged independence was too much for him and little by little Davy's differences with his one-time hero grew painfully acute. In 1835 Davy said good-bye to Congress with a sentence that typifies his real character. Leaving the capitol for the last time, Crockett squared his shoulders and said proudly, "I wear no man's collar." He never did.

Crockett's discouragement in Congress left him with an inevitable decision. He picked up his rifle and headed west. In Texas he found the country he sought and planned to settle a 4,000-acre homestead on the Red River and his fortunes anew. There was seething excitement in San Antonio when Crockett arrived in January, 1836 - - settlers had proclaimed the separate Republic of Texas and Santa Ana was assembling his army for open war. Barely two months later, at the age of 49, he was killed defending the Alamo when Santa Ana's

6,000 soldiers closed murderously in on a garrison of 183 riflemen. But Davy's eagerness to serve the new Republic was not futile, for the defense of the Alamo roused Texas to a new pitch of rebellion. By the end of April Santa Ana's army was destroyed, the dictator a prisoner and the independence of Texas assured.

For twenty years Crockett "Almanacs" were published annually from one end of the country to the other. Davy became the first of the dime novel heroes, and by the time of the Civil War his saga had reached epic proportions. But, concludes Steel in Esquire, none of these colorful anecdotes typifies the real character of Davy Crockett as did that simple account of his farewell to Washington.

Enlistees Offered Special Benefits

The new Amarillo Army Recruiting Station located in the basement of the Post Office building has been in operation since 24 September 1945. The Amarillo Station, at the present is being operated by S/Sgt. Edward T. White who is well known to the people of the Amarillo area. Men wishing to enlist in the regular

army are now being offered many special benefits of travel and education with our forces which now must guard the peace won on the battle fields of the world. Men are urgently needed for the regular army to permit those who have served so well during the war, who wish to be discharged to do so as soon as possible.

Four men are assigned to the Amarillo station and all are combat returnees and fully acquainted with the phases of army training.

BRIDE-ELECT HONORED WITH TEA AND SHOWER

On Monday afternoon Mrs. Claude Moore and Mrs. William Lewis Jr. entertained at the home of the latter with a shower-tea honoring Clarendon's bride of the week, Miss June McMurtry. Mrs. James L. McMurtry, mother of the bride and Mrs. Doss Palmer, mother of the groom, received with the hostesses.

The honoree was gowned in a black frock banded in silver, and wore a matching cockle hat with off-the-face veil. Her corsage was of chrysanthemums.

The house was candle-lighted and decorated with Elsa Pulsen rose buds and chrysanthemums. Bridal gifts were arranged on small tables in a room adjoining the dining room.

The tea table was appropriately laid with a Madeira cloth, silver service and candelabra and a center piece of ferns and white mums. Individual wedding cakes, done in a manner suitable to the occasion were arranged on a large silver tray, surrounding a formal icing decoration made to represent a rose arbor in which hung wedding bells. Mrs. Charles McMurtry, aunt of the bride, and Miss Phoebe Ann Buntin presided during the first hour; Mrs. U. J. Boston and Miss Jo Word, the second.

Miss Frances Grady and Miss Ethelyn Drennan were in charge of the guest book in which the fifty guests registered. Among them were Mrs. Robert Murphy and Mrs. Jack Boren of Amarillo, both former schoolmates of the bride at the University of Texas.

Miss La Verne McMurtry will entertain for her sister in Amarillo on Tuesday evening.

Mrs. Frank Thomas and Mrs. Alfred Estlack were in Amarillo Monday where Mrs. Thomas received medical treatment.

KAPPA KAPPA SORORITY

The Kappa Kappa Sorority met in the home of Alma Jo Mosely Wednesdays, Oct. 17 with Dorothy Kemp acting as co-hostess. Business matters were discussed, then a short program was given by the pledges, Patsy Pittman and Lama Tatum.

Lovely refreshments were served to the following members and pledges: Ann Bromley, Kathleen Grady, Ruth Patman, Ada Sue Smith, Dorothy Tatum, Klyda Wilson, Melba Ruth Grady, Jeanne Porter, Betty Rhodes, Mary Nell Hanks, Johnnie Johnson, Edith McCrary, Lou Lamberson, Betty Brown, Portia Hay, Sybil Head, Patsy Pittman, Alma Murphy, Donna Bryan, and Lama Tatum.

GOING-AWAY PARTY

Delene Blair entertained with a going-away party complimentary to Joan Thompson who is moving to McAllen in the Rio Grande Valley, at her home Wednesday afternoon.

Several games were played. Joan received many nice gifts from her friends.

Delicious refreshments of hot chocolate and cake were served by Mrs. Blair and Mrs. Thompson to honoree Joan Thompson, Ira Jean Estlack, Laveta Maxey, Dorothy Nell Tankersley, Jeannie Marie Percival, Biffie Blair, Lillian Maxey, Linda Moore, Mary Ladelle Cox, Bettie Jean Decker, Bettie Jean Naylor, Sybil Head, and Delene Blair, Mrs. Thompson and Mrs. Blair.

WOMEN SOCIETY OF CHRISTIAN SERVICE

The Women Society of Christian Service observed the week of prayer at the Methodist Church Wednesday in all day session and covered dish luncheon. The collection was \$25.55.

Y. W. A. ORGANIZED

The Young Women of the First Baptist Church met Saturday night to organize a Clarendon Young Woman's Auxiliary. Mrs. Jeff Moore, District and Associational Young People's Secretary from Memphis gave an interesting and inspiring talk on Y.W.A. work. A Counselor was named in the person of Mrs. Dexter Todd. Mrs. Todd then appointed a Nominative Committee consisting of Miss Lorene Gunter, Chairman; Geraldine Rampy, and Wanda Rose Cornell. We adjourned to meet the following Monday evening to vote on the officers selected by the nominating committee.

Monday evening at 7 o'clock, twelve young women met in the Young People's Dept. of the First Baptist Church. The meeting opened with the group singing the Y.W.A. hymn, "O Zion Haste," and was then led in prayer by Lorene Gunter.

Officers selected by the Nominating Committee were read by Wanda Rose Cornell. The officers read, were elected to office as follows: President, Hazel Bingham; Vice President, Violet Huckins; Secretary and Treasurer, Lois McCrary; Social Chairman, Ethelyn Rattan; Program Chairman, Lorene Gunter; Pianist, Nita Heath and Song Leader, Wanda Rose Cornell.

The president presiding, then read the Y.W.A. watchword to the group. We decided to meet at 7 o'clock on the second and fourth Monday evenings of every month. The next meeting being Nov. 12.

Mrs. W. C. Gunter, Young People's Secretary of Clarendon, then dismissed the group.

Lovely refreshments were served by Mesdames W. D. Kidd, R. W. Bingham and W. C. Gunter, members of the Clarendon W.M.S. to the twelve charter members, Hazel Bingham, Lois McCrary, Lorene Gunter, Violet Huckins, Jewell Riley, Lois Underdown, Billie Nell Warren, Jean Bell, Nita Heath, Ruby Jo Kidd, Geraldine Rampy, Wanda Cornell, the Counselor, Mrs. Dexter Todd and one visitor, Mrs. Juanita Vaughn.

WITH the fall come shorter periods of daylight, and this calls for the use of more artificial light.

Ninety-five per cent of the children enter school with good normal eyesight. On leaving school twelve years later, twenty-five per cent will be in need of glasses, and upon graduating from university thirty-five per cent will require them.

A large percentage of defective vision is the result of eyestrain caused by inadequate lighting. Children give little thought to the care of their eyes. For instance, a favorite position when doing homework or reading the "funnies" is on the floor. Habits such as this should be corrected.

Good light is always important. Fortunately we can now purchase for a penny as much light as cost a dollar not long before our parents were born. Young eyes have years of work ahead of them and good lighting pays in dividends more precious than money.

MR. and MRS. J. D. THOMAS CELEBRATE 50th WEDDING ANNIVERSARY

Mr. and Mrs. J. D. Thomas of the Naylor community celebrated their Golden wedding anniversary Sunday by having some of their children and her brother for lunch.

Those present were Mr. and Mrs. Lloyd Thomas and daughter Lana Gay, of Wichita Falls; Mr. and Mrs. Oscar Thomas and Mr. and Mrs. Frank Thomas of Clarendon; Mr. and Mrs. Frank Brown of the Sunnyview community.

1912 NEEDLE CLUB

Beautiful garden flowers were used to decorate the guest room at the home of Mrs. A. A. Mayes Thursday when she entertained the club in an all day meeting.

A lovely luncheon was set on the large table with a center of lovely flowers artistically arranged by Mrs. Crockett Taylor.

Seated at the table were Mesdames R. A. Chamberlain, Seila Gentry, A. L. Chase, L. S. Bagby, A. R. Letts, Homer Glascoe, J. T. Sims, Crockett Taylor, and Mrs. Mayes. After the luncheon was enjoyed, fancy needle work and visiting were the entertaining feature of the afternoon.

T/SGT. WILLIAM GEISLER SLATED FOR STATES

With the 1st Cavalry Division in Tokyo—Tech Sergeant William F. Geisler of Clarendon, with enough points under the demobilization plan, is among the first group of men selected from the 1st Cavalry Division for return to the United States from Tokyo.

Overseas 27 months, Geisler served in B Troop, 12th Cavalry Regiment as a Platoon sergeant. A veteran of 4 campaigns, he wears the Asiatic-Pacific Theater ribbon with campaign stars for New Guinea, the Admiralty Islands, Leyte and Luzon, the Combat Infantryman's Badge and the Philippine Liberation ribbon with two stars.

His parents, Mr. and Mrs. Geisler, live at Clarendon.

Mr. and Mrs. Adell Williams were here from Borger over Sunday visiting their daughter, Miss Lois and other relatives and friends.

Intermediate Girls Auxiliary Hostess To Associational Houseparty

The Intermediate G. A.'s of the Clarendon Baptist Church were hostess to the Panhandle Associational Intermediate G. A. Houseparty, given at the Church October 19-20th. Over 50 girls attended from the different churches of the Association.

Rev. Jeff Moore, Memphis, gave the opening address. Mrs. George King, wife of our District Rural Evangelist, was to have charge of the "Morning Watch" Saturday, but due to a sudden illness was unable to be here. Mrs. Jeff Moore, the District and Associational Young Peoples Secretary, gave a book review throughout the day on the life story of one of our Missionaries to China, Mrs. J. H. Smith, Memphis, gave the address for the day.

The afternoon program was highlighted by a beautiful story of two girls who did some unusual things for God because they first ask, "What would Jesus do?", and then acted accordingly. This story was told in a most wonderful manner by one of our own local girls, Lorene Gunter.

The House party was climaxed with a formal banquet, the last evening, followed by a motion picture, "It's the Brain That Counts," and a talk by the District Rural Evangelist, Rev. Geo. King. After the picture was shown every young person and adult in the house pledged to God and each other that they would neither use alcohol in any form, or encourage others to do so.

Last Call For AAA Terraces, Tanks, Wells

Nolie Simmons, Chairman AAA Committee, states that building terraces, digging tanks and drilling wells under the AAA program is limited in Donley County to amount of money in budget. At present time Donley County has about \$5,000.00 that Donley County farmers and ranchers must earn by terracing, tanks, or drilling wells.

These practices are extra practices above your normal AAA payments but cannot exceed 5 times your farm payment. This means that if you could earn \$100.00 on your farm with regular approved practices, you can earn up to \$500.00 if needed on terracing, tanks, or drilling wells in addition to regular \$100.00.

Since the county is on a budget, and can not spend more money than allowed, farmers and ranchers planning to terrace, tank or drill wells must have written approval of County AAA Committee at Clarendon.

Since fiscal year closes January 1, 1946, the County AAA Committee wants the farmers and ranchers in need of terracing, tanks or wells to earn this money. There are five Donley County men building suitable terraces with farm tractors. Drilling wells and building tanks are limited at present to one or two available contractors.

If you are in need of terraces, tanks, or wells see your AAA office at Clarendon.

Dear Son
Here's the check for your college expenses... more money from the Victory Bonds we bought for your education.
Money from some of those other bonds we bought back during the war is now piling up the kitchen for Macher and paying for the new barn. Certainly is helpful to get back \$4 for every \$3 we invested in Victory 6 Bonds!
Keep up the good work at school.
Affectionately,
Dad

Flame-Proofing Children's Clothing

COLLEGE STATION — Simple flame-proofing treatment will reduce the fire hazard of children's clothing made of cotton or rayon materials with a napped surface. Mrs. Dora R. Barnes, clothing specialist for the A&M College Extension Service, recommends this treatment for sweaters, night gowns and pajamas, and also for blankets and draperies.

The secret of flame-proofing is to dip the materials in a solution of borax, boric acid, and hot water. Both of these well-known chemicals can be obtained at any drug store. Recipe for the fire-proofing solution requires seven ounces of borax and three ounces of boric acid to be added to two quarts of boiling water. Stir the borax and boric acid until the solution is clear.

Best way to apply the solution is to dip the garment into it, Mrs. Barnes says. She cautions that the garment must be dry when it is placed in the liquid, and it must be thoroughly saturated. Wring it out and hang it on the clothes line to dry.

"When you press a fire-proofed article, use only a moderately hot iron," Mrs. Barnes says. It's better to iron a flame-proof article when it's damp rather than to let it dry and "sprinkle it down."

Unfortunately, this fire-proofing method is not permanent, since the borax-boric acid solution washes out of the material. Each time the article is laundered it will have to be fire-proofed again. Therefore, it saves time to make up large quantities of the solution for frequent use.

Mrs. W. D. Martin returned home Sunday from a visit with her daughters at Shamrock. Mr. and Mrs. Griswell and Mrs. Ethel Moss accompanied her home. Mrs. Moss remained for a few days visit.

WORTH WHILE COMMENTS
BY COUNTY AGENT
Charles O. Reed

**Good Hunting - -
But Hunt Legally**

Charles Reed, County Agent states that hunting season for grey doves in north zone will close sunset October 30. Ten doves per day is bag limit.

For quail the season is December 1st to January 16th inclusive, except for few counties, where game laws make an exception. For quail the bag limit is 12 per day not to exceed 36 per week. The possession limit is 36 per party.

Guns must be plugged so it will not hold more than 3 shells.

1. Don't hunt out of your home county without a hunting license.
2. Don't hunt any game bird one-half hour after sunset and one-half hour before sunrise.

3. Don't hunt from car, boat, or airplane.

4. Don't hunt on fenced land without owners consent.

5. Don't shoot a gun in, on, along, or across any public road in Texas.

Attend Eastern Star

Those attending the Grand Chapter of the order of the Eastern Star of Texas were Mesdames Chas. Bairfield, Ernest Hunt, Joe Ritter, Van Kennedy, Bill Bromley, O. W. Elliott, Claude Darden, A. B. Turner, Joe Bownds and Misses Carrie Davis, Ruth Donnell, Cloc Darden, Lucile Polk.

Free Electric Welding Oct. 31

Charles Reed, County Agent, states that during Post war years, indications are that electric power will be available to majority of rural homes.

During the war many companies used electric welding in making implements of war, due to practical adaptations and strength of electric welding. It is easy to learn and use electric welding equipment. With few safety precautions electric welding is not dangerous to operator.

With electric power and economical electric welding equipment available to rural people and repair shops, many people are interested in electric welding and will do more of it.

To inform interested people the basic requirements of good arc welding and to demonstrate some of new approved discoveries, techniques or practices that have been used by the larger companies in war work, the County Agent has arranged with representatives of large welding company to hold a demonstration or training school at Clarendon Wednesday, October 31 at 1 o'clock in the Farm Shop of the Vocational Ag. Department located Southeast corner Clarendon Junior College.

If you are interested in electric welding, or equipment, please plan to attend this free demonstration or see your county agent for any additional information.

Lovely Stanley left this week to visit her mother, Mrs. Stanley, in California.

The Airplane Of Tomorrow

One of the war's greatest paradoxes is that its urgent need for developing the world's most destructive force at the very same time advanced that same instrument as a peacetime agency faster and further than any period in history. That instrument is, of course, the airplane. The growth of air transport since Pearl Harbor is a modern miracle which holds so much in store that there seems to be no limit to the forecasts of the post-war future of this industry which has become full grown practically over night.

The airlines of the United States, under contract for the Army and Navy, flew more than 308,000,000 miles during the first three years of the war, carrying vital personnel and cargo to the far corners of the earth. They racked up the almost incomprehensible figure of 2,600,000,000 passenger miles and 707,000,000 ton miles. New developments in design, power plant and instruments, rushed to fruition in ten times the speed of normal civilian development, were responsible to a large degree. Credit goes also to the pioneering skill and courage of the airlines for companies which had never before flown outside the U. S. pioneered routes over all the oceans where man had never ventured before.

During this same period the airlines demonstrated in another way that they have come of age, depending no longer on any benevolence from Uncle Sam. For the first time the revenues which they turned into the postoffice department from the carriage of air mail so far exceeded the fees paid to the carriers that all the deficit of the early years has been wiped out. Last year the airlines far from receiving a subsidy made a substantial profit for the government.

The harvest of the extraordinary efforts of the war years was ready to be reaped as soon as final victory came and it will be shared by millions of Americans whose war service has made them more air-minded than ever. Already the 19 domestic lines have concrete plans, with many orders already signed, to increase the size of their fleet to 1005 planes. Those ships will be capable of carrying nearly 37,000 passengers. They are not just the dreams of designers even though many of them will be able to cruise at speeds of close to 350 miles an hour and carry loads of 20 tons over distances of 3000 miles and up. Some of these planes have actually seen strenuous war service. From the chaos and destruction of war has come at least one benefit which will be of incalculable value in bringing mankind closer together—the airplane of tomorrow.
