Palm Sunday was the final and

Don't let anyone talk you into cashing them. Be wary of "get-rich-quick" schemes. Extravagant promises are a poor substitute for the safety and guaranteed return of your War Bonds.

METHODIST CHURCH

H. W. Hanks, Pastor
I hope all of you are well by now. May each of you be in your place at church services next Sunday. Then on Easter Sunday may we have the largest number possible. Let me again call your attention to the fact that Texas Methodism is, at this time engaged in a campaign to raise more than four hundred thousand dollars for the Wesley Foundation. This, as you know is to erect buildings, such as church community centers, on the campuses of our tax supported institutions. All who are familiar with the situation tell us this will meet a desperate need and render an excellent service in providing proper religious training and influence for our young people who are attending these institutions. Our conference has been asked to raise eighty six thousand dollars

of this amount. In return we are to receive one hundred and one thousand. Seventy five thousand at Tech and twenty six thousand at Canyon. So you see we will receive 15 thousand more than we are to raise. Our local congregation is asked to raise four hundred and fifty dollars of this amount. I am sure all of us are vitally interested in this. Since this is a short conference year, our Benevolent askings is four hundred and fifty dollars. Let us put these two causes together and raise the nine hundred dollars Easter Sunday. Are there not 12 families who will pay twenty-five dollars on this. Then forty families who will pay ten dollars each and forty families who will pay five dollars each. It will not be a burden to anyone. Let us get this matter out of the way by Easter. Then remember our revival meeting is to begin Sunday May 18 and close Sunday, May 25th. Please keep this in mind and may each of us do our part.

Mr. and Mrs. Homer Estlack and children visited her father and wife, Mr. and Mrs. J. C. Drennan at Altus, Okla. Sunday; also attended the funeral of her aunt.

Mr. Bob McGowan, Elmer Hayes and his daughter Leona enjoyed the singing at Lelia Lake Sunday.

Teachers Pay Support Bill Killed

AUSTIN—The school teachers of Texas lost one of their best assurances of badly needed increased salaries in the Texas Legislature this week when the committee on revenue and taxation of the House of Representatives killed H.B. 15, the Teachers Pay Support Bill, authored by Rep. Jim Wright of Weatherford and sponsored by him and a group of House members, all ex-GIs from rural districts.

The measure, which was a natural resources tax bill on oil, gas and sulphur resources, was aimed to benefit teachers and to build farm-to-market roads. It died by a 12-to-2 count.

The committee which killed the bill is composed of 19 members of the House.

Fourteen witnesses, representing the oil, gas, and sulphur industries, appeared and talked in opposition to the bill. Some 16 opponents were left unheard when the hour and a half allotted by the committee to each side expired.

Contracted with this array of 30 oil, gas and sulphur representatives against the bill were five persons who talked for the bill.

Mr. and Mrs. J. S. Stewart of Modesto, Calif. and Mr. and Mrs. Frank Nelson of San Francisco are visiting Mr. Stewart's parents, Mr. and Mrs. H. M. Stewart and other relatives.

Mr. and Mrs. Elmer Hayes had for guests Thursday and Friday, his mother, Mrs. E. C. Hayes of Memphis and his sister, Mrs. Charley Haygood from Beaumont.

THE TEMPLE OF TRUTH
By the Apostle

Speak well of your enemies—you made 'em.

Some people don't lie. They simply present the truth in such a manner that nobody can recognize it.

Speaking of Turkey and Greece, haven't we been sending "Near East Relief" money over for all those people ever since Heck was a pup?

WOMEN OF TODAY.
"Ah," said the guest as they approached your home. "I see your dear son and daughter waiting

for us on the porch."
"No," said the host. "The girl in the short frock is my mother and the young fellow in riding breeches is my wife."

What would happen if the average radio announcer should find out just how often he or she is turned off.

The three ages of man may be summed up in school tablet, aspirin tablet and stone tablet.

OUR WEAKLY POME.
A tabby cat felt lonely.
She had no lover true,
To call on her and warble
"I love no one but you."
So on the fence she squatted,
And told the moon her wish.
Now kittens six lap out of
A little china dish.
You take a tip from Tabby,

And boost your enterprise,
Just tell the world you have it—
It pays to advertise.

About garden time, folks, and again food prices will be higher this season. Old Donley has a great reputation for home canning industry, but watch her break all records this season. The folks below the Cap are fortunate in having the water and soil to get the job done in a big way.

There ought to be a strict censorship on all radio programs to the end that harmful ones, such as the murder and crime stories, should be banned. The Roman Catholic church is the only organization known to the writer that guards its membership against harmful radio programs. It is their League of Decency that gets the job done.

From where I sit ... by Joe Marsh

Apple Tree Versus Wheat Field

If you ever visit Jeb Crowell's farm, he'll take you right out on that back porch of his and show you his apple tree.
"There," says Jeb, "is nature's noblest creation—fifty years, and bearin' still the finest cider apples in the county!"
But last fall, when a group of us was there, Lud Denny points across the river to his grain fields and says: "There's an even finer sight! Acres and acres of golden grain you can make dozens of appetizing things with—including wholesome, sparkling beer."

Both of them got so eloquent on the subject, that the rest of us worked up quite a thirst; so Jeb goes to the icebox for beer and cider. And when the refreshments come, Lud chooses cider, and Jeb takes the beer!
From where I sit, that's the answer to most disputes. You can talk all you want, but when it comes to tastes and preferences, there's just no argument.

Swing Of Southwest Farm Markets

Grain prices fell, carrots weakened, and easiness developed at some livestock markets last week. Other southwest farm products held steady to strong, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Grains opened the week with all their recent vigor last Monday, but fell rapidly on succeeding days to net losses of 3 to 15 cents. Wheat and grain sorghums, spearheads of past advances, felt most heavily the weight of new bearish onslaughts. At Fort Worth and Galveston, bulk carlot sales of No. 1 hard ordinary wheat moved Friday at \$2.87 per bushel; and No. 2 milo at \$2.90 to \$2.93 per hundred pounds.

Rice demand remained strong last week. Dealers found light supplies hard to replenish, although distribution continued at a high rate. Most feeds made net gains of \$3 to \$9 per ton. Alfalfa hay values improved slightly, as late wintry weather intensified demand. Light offerings of prairie hay found revived interest. Shelled peanut prices stayed the same. Cold rains rotted early seedings in South Texas. Some Texas wools sold, mostly from revalued 1943 and 1944 fine and 1/2 blood lots.

Early-week strength at cotton markets gave way to pressure of larger trade offerings later on. Closing spot quotations last Friday showed net losses of 25 to 50 cents per bale at some markets, to gains of 25 to 60 cents at others.

Cabbage brought higher prices, while carrots weakened; but other southwest vegetable shipping points saw little change last week. Cabbage moved briskly at mostly \$1.10 to \$1.15 for 50 pounds in the Rio Grande Valley; carrots slow at \$90 to \$1.15.

Egg and poultry prices continued firm. On the round of southwest markets, heavy hens brot 28 to 30 cents per pound; fryers and broilers 30 to 32. Eggs sold on the average of 36 cents per dozen

at Topeka, Amarillo, and Wichita Falls; 37 at Denver, Austin, San Antonio, and Waco; 37 1/2 to 38 at Fort Worth and Dallas; 39 at Houston, 40 at Corpus Christi, Baton Rouge, Shreveport, and El Paso; and 41 at New Orleans.

Cattle sold at prices as high or higher than the week before at most southwest markets, but steers and yearlings closed lower at Oklahoma City, as did yearlings at Fort Worth. Beef cows sold up to \$17 at Oklahoma City; while medium to good kinds brought \$13 to \$15 at Fort Worth; and \$14.50 to \$16.75 at Denver. Common and medium cows moved at \$12 to \$14.50 at Houston and Wichita; and \$11.75 to \$15 at San Antonio.

Slaughter hogs stayed even with last week at Texas markets, and stocker pigs gained a dollar at Fort Worth. However, most classes dropped about a dollar at Oklahoma City and Wichita. Week's top was \$24.50 at San Antonio; and closing top was \$26.50 at Oklahoma City; \$26.85 at Wichita; and \$27.35 at Denver. Fort Worth paid mostly \$25.50.

Sheep and lambs lost up to a dollar at Oklahoma City and Wichita, but other southwest markets paid as much or more than a week earlier. Good lambs brought \$20 to \$21 at San An-

tonio; while spring lambs turned at \$23.50 to \$24 at Fort Worth, Oklahoma City, and Wichita. Medium shorn goats went at mostly \$6 to \$7 at San Antonio.

W. M. Bourland of Quail visited Mr. and Mrs. Frank Bourland Monday.

Mr. and Mrs. C. C. Powell returned home Sunday from Fort Worth where they visited their son and family, Mr. and Mrs. Wesley Powell.

Mr. and Mrs. Guy Wright, Mrs. E. C. Herd and Mrs. Evald Reed were in Amarillo Monday.

SAM DARDEN ANNOUNCES CANDIDACY FOR MAYOR

Sam Darden has asked the Leader office to make his formal announcement as a candidate for the office of Mayor for the City of Clarendon. Mr. Darden is entering the race on a write-in campaign as it is too late at this time to have his name placed on the official ballot. The election date is Tuesday, April 1st and Mr. Darden stated that he would make an effort to get around to see everyone that he possibly could before that date.

Mr. Darden advocates making Clarendon the friendliest little city in the Panhandle and believes that with the full cooperation of the citizenship here, it could be easily done, and that if elected he would extend his efforts at all times toward the betterment of our city.

In making his announcement he stated that he had been a resident here since 1927, and was well acquainted with the duties of the Mayor's office and the needs of the City at this time.

W. T. Hayter and his sister, Mrs. W. L. Logan of Lubbock, spent last weekend with his mother in Archer County. His mother is 68 years old and lives alone doing all her house work. Mr. Hayter reports that county as having had good spring showers and the country looks promising.

Those to spend Friday with Mr. and Mrs. Clarence Reynolds were Mrs. U. G. Koontz and Otis, Mrs. R. G. Eddleman and Gail and Mrs. Curtis Moffett and Lanny.

J. R. Ross left Wednesday for Austin to visit in the Bob Dillard home and bring his wife and baby daughter home.

Mrs. Sam Lowe, Mrs. J. R. Bartlett and Mrs. Lon Rundell visited Dr. B. L. Jenkins at the Clark hospital Monday and brought him home. He is improving.

Mrs. H. W. Hanks and Rev. T. M. Johnston are attending the Womens Northwest Texas Conference at Big Springs this week.

Mr. and Mrs. Lucian Bones Jr. of Amarillo visited relatives and friends in Clarendon Sunday. Mr. Bones' mother, Mrs. L. F. Bones, went home with them for a visit.

Mr. and Mrs. G. S. Blackman of Amarillo visited Mr. and Mrs. Bob Head Sunday.

"I looked forward to seeing my good friend 'Uncle Jay's' picture in the paper the other day. Geo. Young had promised it would be there and Mr. Winborn claimed it was in the paper. But I looked and I looked and I couldn't find it. I found the flowers he was supposed to be smelling, and the picture looked like Spring, but I never could find my friend in the picture; just a Monkey, and at that he was good-looking. I am ashamed of your eyesight boys.

Governor Jester promised more money for all With no body having to pay. But from the Bills that's been dropped in the Tills It probably won't happen that way.

Looks like John L. Lewis has been properly spanked and put in his place, or could he be only biding his time until the 'Heat is off.'

Talked to a man the other day that had worked for the public for fifty years, and his attitude was bad. He felt that most people didn't care a Hoot for you, except for what they could get out of you. He felt that most people didn't deserve any better from life than they were getting. That if you spent your time trying to better the lot of mankind you were just fooling away your time too. I could understand how he would be tired, and all the unkind things that had been done to him could make him feel kind of bad, but what worries me is this; do we really treat people in public jobs and public offices in such a way that it is inevitable that they feel this way. We alone are not too cranky, but we have to get them told, just because they need our business or our vote, and by the time all the customers and the Constituents take their turn of 'Telling them off' it may be they can not help feeling bitter and disgustd with us. Anyway, I made up my mind to try to be a better customer and a voter than I had ever been before. I couldn't get it off my mind.

I didn't get any letters this week and I feel bad again, so if your wife has you spading up the garden, or cleaning out the hen-house; like the man did a week or two ago, tell her you got to rest awhile and write to Uncle Zeb. At least the rest will do you good, and the letter will help me. Thanks.

STATE HEALTH OFFICER URGES GENERAL CLEAN-UP FOR HEALTH BENEFITS

A good old fashioned spring house cleaning in every city and community in Texas would do a great deal toward furthering good health in this state according to Dr. Geo. W. Cox, State Health Officer, who said in Austin today, "From a practical standpoint the old adage that 'Cleanliness is next to Godliness' is still well worth emphasizing."

A general clean-up program of state-wide proportions with the objective of bettering health conditions for our citizenship should include surface cleaning, drainage, the graveling of streets and alleys, the cleaning of all parks and playgrounds and the clearing of weeds and rubbish off vacant lots.

"The destruction of mosquito breeding places and rat harborage, the proper disposal of garbage and trash and the general cleaning up of all premises," said Dr. Cox, "will be of inestimable value in helping to keep down summer health hazards such as dysentery, typhoid, and poliomyelitis. Good community house-keeping and ordinary sanitary measures require the prompt removal of all waste matter in and around yards and homes in order to abate the danger of such diseases, and insure good health protection throughout the State."

Dr. Cox stressed the fact that many dangerous diseases are filth-borne, and the only possible way to control them is to eliminate the insanitary conditions responsible for their spread.

According to the Biblical story of Christ's march bearing to Mt. Calvary the cross on which He was crucified. He fell three times during the journey. The picture above shows the march, just before the third fall, as depicted in the Wichita Mountain Easter Sunrise Service held annually Easter morning near Lawton, Oklahoma.

LEGION MOVES FOR ACTION ON BILL TO CASH PAY BONDS

American Legion support has been thrown behind the first discharge petition in the 80th Congress to get action on its bill, HR 3, providing for the cashing of terminal leave pay bonds.

The bill was introduced on behalf of The American Legion by Rep. Dwight L. Rogers of Florida, on January 3, the opening day of the 80th Congress. It has been before a subcommittee of the House Committee on The Armed Forces since then.

Representative Rogers has filed Discharge Petition 1 of the 80th Congress to force the bill out of committee before the House for action. Already 51 signatures of the required 218 have been secured on the petition.

Representative Rogers was the author of the bill which became the Terminal Leave Pay Act. It was likewise introduced at behest of The American Legion in compliance with a mandate of the 28th national convention in San Francisco to secure equal treatment for the enlisted personnel of the armed forces in regard to accrued terminal leave payments as extended to officers.

COMMISSIONS FOR OFFICER STUDENTS

Former commissioned officer veterans receiving a college degree or completing graduate work before July 15, 1947, who left the service in order to complete their education in colleges and universities and who could not participate in the current officer integration program due to the press of school work, may now apply for commissions in the Regular Army and will be screened at or near their schools, provided they write letters or file applications with the War Department on or before April 15.

Letters should be addressed to the Adjutant General, Attention AGSO-R, Washington 25, D. C. for application forms and should contain the following information: college or university of enrollment, scheduled date of graduation, degree to be conferred, date of birth, date entered active commissioned service, choice of arm or service, names of all previous commanding or supervisory officers, and address anticipated for 45 days after graduation.

SOCIAL SECURITY BENEFITS FOR G'S

Veterans may pay National Service Life Insurance premiums to Veterans Administration monthly, quarterly, semi-annually or annually.

Officer Candidate School
 Plans are now being formulated whereby enlisted men of the National Guard and the Organ-

ized Reserve may apply for attendance at the Army Officer Candidate School and qualify for commissions as Second Lieutenants.

SKYLINE TIDINGS
By Ethel R. Harvey

Dr. Lowell passed the flight test and received his twin-engine rating at Fort Worth Sunday afternoon. All pilots flying passengers in twin-engine craft are required by the CAA to pass the test. The Doctor and M. J. Taylor flew the Cessna down Saturday and back Sunday afternoon. The

Lowells took off Monday morning on their trip to Illinois. Fred Smith and Homer Bones flew to Austin last Tuesday and were weathered in until Thursday by South Texas rain. Joe Jones flew Pat Slavin's BT-15 to Fort Worth last Monday for the CAA inspection. He drove on to the meeting in Austin Tuesday. James Clark flew to Amarillo Saturday on business. H. L. Lane and Tom Swint took off for Lubbock Saturday on

Tom's cross-country flight but low clouds forced them to turn back about 15 miles out of Lubbock. Paul Semrad made his solo flight Saturday. Paul celebrated his 16th birthday last November and will be the youngest Clarendon flyer to receive a private license. Gene Bryan, who celebrated his 15th birthday recently, is the youngest student flyer. The Shamrock Flying Service Aeronca was in Joe Jones hangar last week for a regular 100 hour

check-up. Lowell Brakey and C. L. Marshall, flying a North American Navion from Garden City, Kan. to San Angelo, refueled at the airport Sunday afternoon. Joe Jones and L. L. Wallace flew to Dallas Monday to complete their contract for the distribution of the Funk airplane in the North Panhandle District. They will operate a factory approved repairshop in connection with the agency. (LAST WEEK)

There were 6 planes weathered in at the airport last week. Due to the fact that the weather station here had been closed and it was not possible to get the flyers weather report, the pilots had no choice but to wait for the weather to clear. One of the planes, a Noorduyn Norseman, was damaged by the wind after it landed here. The plane was repaired by the A&E Service and the pilot continued his flight after a two days delay. He had been notified of his brother's sudden death in Seattle, Wash. and was flying there to return the body to their home in Indianola, Miss.

A. E. Bowling flew to Elk City, Okla. in the Flying Service Cub Cruiser last Friday. He was grounded because of the snow storm and came home by bus. Fred Smith and H. L. Lane flew over Saturday and Lane piloted the Cub back. They dodged snow flurries most of the trip Saturday morning.

The Longview branch of the Premier Oil Refining Company of Texas is delivering their products by plane now. Joe Jones received a shipment of aviation oil via air last week.

All of the Airport personnel and the Flyers who were out at the Field Sunday afternoon were admiring the Beechcraft D-17-A that was flown over from Oklahoma City by A. E. Swank, director of the Southwestern Airways, and Gene Hamilton. They brot Mr. and Mrs. Ross Dugger of Sayre for their Cub Super Cruiser that had been weathered in here the past week.

Ray Rampy flew his sister back to Silvertown in the Luscombe Sunday afternoon. Ray received his private license several weeks ago and was quite anxious to add to the two hours flying time he had with the Silvaire.

Veterans' News

Approval of a 200 bed hospital for Negro veterans at Mound Bayou, Mississippi, has been granted by President Truman and the Federal Board of Hospitalization, the Veterans Administration has announced.

The proposed hospital site is in Bolivar County, near the heart of Mississippi's Delta Section. Approximately 31,000 Negro veterans of World War II reside in this section, which is predominantly Negro in population.

The hospital will be staffed entirely by Negro doctors, nurses and other personnel, VA said.

A total of 4,406 World War II veterans of Texas, Louisiana and Mississippi filed applications for conversion of GI term insurance to permanent plans during February, the Veterans Administration announced.

Veterans throughout the United States converted 94,000 policies during the month, compared with a national monthly average of 50,000.

Although the majority of National Service Life Insurance policies in force are on a term basis, veterans are increasing conversions to permanent plans, VA said. Of the 5,784,000 NSLI policies in force on March 1, 1947, about 7 out of 8 were on a term basis. The remainder were distributed among the six available permanent plans.

Twenty-payment life is more popular with veterans than any other permanent plan, VA said.

Loans guaranteed by the Government under the Servicemen's Readjustment Act (GI Bill) have aided more than 43,000 veterans of Texas, Louisiana and Mississippi in financing purchases of homes, farms and businesses, the Veterans Administration reports. Value of the loans guaranteed is in excess of \$230,000.

Approximately 34,000 of the loans, with a value of \$181,000, were made to veterans in Texas. In Louisiana, 6,500 veterans re-

ceived \$36,500 in loans, while in Mississippi 2,750 veterans borrowed approximately \$36,500.

More than 685,000 veterans throughout the United States obtained \$3,683,000 in loan benefits from the time of the program's inception in September, 1944, through February 25, 1947, VA said.

Veterans receiving compensation, pensions or retirement pay from Veterans Administrations may authorize VA to deduct their National Service Life Insurance premiums from these payments.
