THE GOBLINS WILL BE PROWLING ON HALLOWE'EN NIGHT

By P. T. A. Reporter
 Stop, Look and Listen!! There's gonna' be a hot time in the old town on Hallowe'en night!! Everyone's invited to the P.T.A. Carnival, held at the Elizabeth Stevens School, to enjoy the games and appease their appetites with homemade cakes, pies, sandwiches, etc. There will be something for each and everyone of you to do that will be a real pleasure and a stimulant for the Hallowe'en spirit that just naturally creeps up on the adults as well as the children when goblin and witch season rolls around!! There will be grand prizes for you to try your luck at in playing Bingo!! Grab Bags!! Wheel of Fortune!! Doll Rack!! Fishing pool!! Cake Walk!! Dominoes and Forty Two!! - - and so many various games that are lots of fun that we will have to keep some of them as surprises for you.

Then too:
 The goblins and witches must step aside.
 It's time for them to run and hide.
 Because, as 9:30 rolls around The lovely queen will don her crown.

Now folks, those dimes that you spend at the carnival are to be used for an excellent cause. I am sure that each and everyone of you have a great interest in our schools whether you have children attending school or not. Most of you perhaps know that a cafeteria has been added to our schools and the children are served balanced meals each noon. Equipment is needed badly and the dimes you spend in pleasure Hallowe'en night will help a great deal in buying a new stove, etc. for the school cafeteria. We wish to thank the Clarendon merchants and business men that donated gifts and money for the prizes for the games. If our townspeople come to the carnival in the same spirit the donations were given we will all have a wonderful time and the Carnival will certainly be a "bang-up" success. We are confident each and everyone of you will do your best to be there.

By the way folks, the above mentioned food that is to be served starts at 9 o'clock. This gives the ladies a chance to re-nig on cooking and the families will enjoy the change also.

There won't be a dull moment and I'll bet you'll list it as one of the nicest Hallowe'ens you ever had.

Doyce Graham Loses Right Arm In Gin Accident

Doyce Graham, prominent young Ashtola farmer and gin employee, lost the lower part of his right arm Monday afternoon as a result of an accident while working at the Ashtola-Gin about 3:30 p. m.

Graham was working at the gin stand when the mechanism became clogged with cotton and was trying to untangle it when his hand was caught, dragging his arm into the machinery. He was found by L. P. White who came to his rescue, after turning all power off in the plant. He was rushed to the local hospital where Dr. Keith Lowell found it necessary to amputate his arm just above the elbow.

The latest report is that the patient is slowly recovering and doing as well as can be expected at this time.

LOCAL UNITED COUNCIL OF CHURCH WOMEN INVITED TO AMARILLO

The United Council of Church Women of Clarendon have been invited to be the guests of The United Council of Church Women of Amarillo, November 1st, at 10:00 A. M. The meeting will be at the Polk Street Methodist Church, with a covered dish luncheon. The lesson study theme is: "World Peace."

Remember this date—Nov. 1st.

Miss Naomi Allison of Amarillo spent the weekend at home.

AUSTIN, TEXAS—Several inquiries have been addressed to this Department asking our opinion on the effect the proposed Good Roads Constitutional Amendment will have on the refund of the gasoline tax on non-highway gasoline.

After carefully studying the terms of the Amendment we definitely have concluded that it authorizes the Legislature to continue to allow refunds to farmers and others on non-highway gasoline. The language of the proposed Amendment is very plain and explicit on this point. Except for the one-fourth of the gasoline tax allocated to the schools, the Amendment would protect from diversion to non-road uses "all net revenues (from the gasoline tax) remaining after payment of all refunds allowed by law."

This language can mean only that the existing method of handling refunds would continue in effect.

It also should be emphasized that this Amendment would give Constitutional authorization for payment of county and road district bonds issued to finance state highways and which bonds now are being retired by the allocation of one cent of the gasoline tax to the County and Road District Highway Fund. At present, the bond assumption statute must be re-enacted each two years. On one occasion the Legislature almost adjourned without passing the authorization bill and on another occasion a special session was required to pass this bill.

There always has been considerable doubt as to the Constitutionality of State payment of these local obligations. Adoption of the Good Roads Constitutional Amendment will remove any uncertainty on that score and will insure that these obligations will not again become a charge against property in the county or district.

Mr. and Mrs. John Bass from Texarkana spent the weekend visiting their son and family, Mr. and Mrs. John M. Bass. Mr. Bass and John returned to Texarkana Monday and Mrs. Bass remained for a longer visit.

It will be a pitching, kicking and bucking good time Friday night when the Clarendon Broncos meet their own kind (the Mustangs) at Wheeler Friday night—and the Broncos say now that they are going to outdo the entertaining team on all of the above and come out on the top side of the score at the end of the game.

Coach McKnight stated yesterday that all of the boys were in fine shape for the game with the Mustangs, and have been drilled this week on tactics to push the big boys around. The Mustangs are said to have the largest weight average of any team in the district but were lacking in experience. The latter may be catching up with them as they polished off the Memphis Cyclones last week by a tune of 13-6.

This is expected to be another good game and the Broncos are capable of defeating the Mustangs if they all get in there and hustle. It's a cinch that they can't win if a few of the boys decide to loaf on the job as they have in some of the past games.

The Broncos have a good standing in the district with only one defeat, so everybody get in there and go along Friday night and let them know you are with them and for them all the way. The distance lacks 15 miles being as far as Chillicothe. The only difference is that the road wiggles around quite a bit. Coach McKnight is planning on taking the squad through by Quail in order to avoid the heavy traffic on 66.

LIBRARY NOTES

By Mrs. C. A. Burton

Pearl Buck has done more to introduce China to America than all other writers combined. She has a new book, which the John Day publishers will bring out in November, "Pavilion of Women." It will be a Literary Guild selection for December.

Britain banned William Z. Ziff's "The Rape of Palestine," and it is forbidden in Palestine. Ziff is called one of the world's

most distinguished authorities on foreign affairs, and this volume on a subject of present world-wide importance is called a brilliant dramatic study.

So many of our people bought John McCarty's "Maverick Town" while he was here that they will be interested in the statement by his publishers, the University of Oklahoma Press, that a second large printing is to be issued this month. The success of this, his first book, has been phenomenal.

Rebecca West is returning to America to lecture. This will be her first visit in 12 years.

A book to be released in November promises to be of unusual interest. It is "The Story of Jesus in the World Literature."

It will present the stories, the fiction, the poems and plays, the essays, all the literary forms through which 171 great masters of writing have expressed themselves on the life, the work and the influence of the Master since He walked the earth almost 2000 years ago. It is being edited by Edward Wagenknecht and Fritz Knedel.

Erstine Caldwell has recently sent the Library of Congress a collection of foreign editions of his books. Many people do not realize how important it is to have this part of historical record of what the peoples of other lands have available in their own tongues.

Our latest buy is "Green Grass of Wyoming" by Mary O'Hara, author of those popular books, "Flicka" and "Thunderhead."

Richard Wright, author of "Native Son" and "Black Boy" intended to stay in Paris until the French editions of his two books were published, but he has changed his mind, and is returning to America soon.

Eugene O'Neill, after twelve years silence, has a new play, "The Iceman Cometh," which is four-and-a-half hours long. One critic says of it "The great pessimist comes out of his retreat when man's hopes are at lowest ebb—the savage message of the play is that to face reality is to die, and that it is better to be deluded." Not very cheerful to last 4½ hours.

One of our new books is the "O'Henry Memorial Award Prize Stories of 1946." This is the twenty-seventh volume in this series—twenty-two short stories selected from hundreds of magazines by a jury of distinguished writers and edited by Herschel Brickell, himself an author.

Mr. and Mrs. Robt. Allison and daughters Lila and Mary of Amarillo visited, with Mr. and Mrs. Boyd Allison and son Ken Sunday.

Mrs. Lalyon Gillespie of Lesley visited in the home of Mrs. Bill Allen Tuesday.

LET'S VOTE FOR THIS AMENDMENT

Texas Legionnaires should all go to the polls Thursday, Nov. 7 and by their votes assure the passage of a proposed constitutional amendment which will create a Veterans' Land Board which is designed to give 10,000 Texas veterans farms and ranches.

This amendment has twice received the backing of the American Legion, at the Fort Worth War Conference in 1945 and at the recent state convention in Galveston. Since our organization is the leading one dedicated to veterans' activities, it behooves us all to make a special effort to get out and vote for its passage.

And it will require a special effort. It will be voted upon two days following the general election the first Tuesday in November. A clerical slip-up made it necessary to hold a separate election two days later than the general election.

Land Commissioner Bascom Giles, who is sponsoring the bill, has asked The Texas Legion News to bring before Texas Legionnaires the urgency of getting out the vote on November 7.

Highlights of the amendment are that it was passed unanimously by the house and senate

of the last legislature; that the board will be composed of the governor, attorney general and general land commissioner; that such board is given authority in concurrence with the legislature to issue bonds up to \$25,000,000 for the purchase of additional land from the federal government, individual and other state agencies located in every sector of the state; that bonds bearing three per cent interest will be sold to other state departments carrying heavy surplus funds now un-invested, thus ELIMINATING THE NECESSITY OF ANY ADDITIONAL TAXES.

It should be pointed out that under the amendment veterans would NOT be required to "homestead" or live upon their land. They also would not be prohibited from selling their equity.

It is planned that farms ranging from 50 acres to ranches up to 2500 acres be purchased by the veterans, thus providing a wide variety of crop and livestock production in various parts of Texas.

Each veteran would be limited to a maximum purchase of \$5,000. His bid and check would be accompanied with a photostatic copy of his discharge. The entire purchase routine is planned to be dressed down to the simplest possible form with a minimum of usual red tape.

Only Texas veterans will be allowed to enter bids. The land would be sold either for all cash or for as low as one tenth down payment with notes to run for 40 years bearing four per cent interest per annum. Finally the veteran purchaser retains a seven eighth mineral fee on sulphur and fifteen sixteenth on oil and gas.

In this amendment, Texas is proposing to do something tangible for its own veterans. Many are anxious to enter the ranching and farming business on a modest scale. Commissioner Giles has received more than 5,000 inquiries from men and women veterans.

We urge every post commander to bring this matter to the attention of his members and do everything in his power to get out a vote Thursday November 7 to assure passage of this amendment.—Texas Legion News.

NELDA SUE BURTON BECOMES BRIDE OF JOHN LOUIS NORRIS

In an impressive ceremony at the first Baptist Church, Clarendon, Texas, at five o'clock in the evening, the twentieth of October, Miss Nelda Sue Burton, daughter of Mr. and Mrs. H. T. Burton, became the bride of Mr. John Louis Norris, son of Mr. and Mrs. H. L. Norris of Idalou, Texas.

Reverend Charley B. Robinson, pastor of the First Presbyterian Church, read the single-ring service before an altar blanked with beautiful ferns and flanked by wrought-iron pillars holding cathedral tapers. The rostrum back of the altar was decorated with half-white baskets of pink and white dahlias and potted ferns. Various arrangements of garden flowers and English ivy gave an unusual and pleasing effect.

Miss Edith McCrary at the piano played "Indian Love Call" by Herbert while Miss Doris Jean Corruith of Ft. Worth, Texas, and Bill Andis of Amarillo, Texas, lighted the candles.

Introducing the ceremony, Mrs. E. D. Landreth sang "O Promise Me" by Scott and De Koven, and "The Lord's Prayer" by Malotte. The traditional wedding marches were used for the processional and recessional.

Mr. H. L. Norris, Jr. of Freeport, Texas, served his brother as best man. Miss Trixie Travis of Follette, Texas, a college roommate of the bride, was maid-of-honor. She wore a gown of blue net, with draped shoulders and a full skirt, and carried a hand bouquet of pink roses and white dahlias. The bridesmaids were Misses Edith Shelton, Anne Clauch of Fort Worth, Texas, Helen and Jean Porter. They all wore bouffant frocks of pink or blue taffeta and net, with short puff sleeves and full skirts. They carried cascade bouquets of pink and white dahlias.

Serving as groomsmen and ushers were W. A. Riney, brother-in-law of the groom, W. G. Griggs of San Angelo, Texas, brother of the groom, Bill Andis

of Amarillo, Texas, and Burrell Rhea of Clarendon.

Entering on the arm of her father, who gave her in marriage, the bride wore a picture in a gown of embroidered white satin, with high neck-line, leg-o-mutton sleeves ending in a point over the wrist, and a full skirt of net falling into a court train. Her fingertip veil of illusion was held with a plain tiara of white flowers. She carried a colonial bouquet of white rose-buds and gardenias.

For her daughter's wedding, Mrs. Burton chose a street-length dress of dark brown crepe, a velvet hat, both with metal trim. She wore a corsage of gold mums. The bridegroom's mother wore a black dress and hat. Her corsage of roses was beautiful.

Following the wedding a reception was held in the church parlors. Mrs. Burton greeted the guests, introducing them to the bridegroom's parents, the bride and groom, and to the wedding party. In the dining-room a large table was centered with a four-tiered wedding-cake, beautifully iced with a floral design, in delicate pink and white. The cake was cut by the bride and groom and was served with punch, by the members of the Dorcas Aleathan Class to a large number of guests.

After November the first, the couple will be at home in Roswell, New Mexico, where the groom is employed by the Klaus Exploring Company.

For traveling the bride wore an aqua colored gabardine suit with brown accessories.

Mrs. Norris has lived in Clarendon all her life. She was graduated from Clarendon High School, Clarendon Junior College and North Texas State College, Denton, Texas, where she received a Bachelor of Music degree. She also attended a summer session of the University of Colorado.

Mr. Norris graduated from Texas Technological College at Lubbock, Texas, receiving a degree in petroleum engineering. He has just returned from Sappan, where he served in the engineering Petroleum Service of

Under a soft candle light, a three course dinner was served to the following wedding party and relatives of the groom, Mr. and Mrs. H. T. Burton, Mr. and Mrs. H. L. Norris, Mr. and Mrs. W. G. Norris, Mr. H. L. Norris Jr., Misses Trixie Travis, Doris Jean Carruth, Ann Clauch, Helen Frances Porter, Jean Dale Porter, Edith Shelton, Edith McCrary, Marie Graham, Messrs. WAR DEPT. ANNOUNCES PLANS FOR INTEGRATION OF RA OFFICERS

Word was received from the War department that approximately 70,000 applicants for Regular Army commissions under the first integration program earlier this year are being notified they are under consideration for the additional vacancies existing under Congressional action authorizing an increase in the Regular Army Officers Corps strength from 25,000 to 50,000.

It was also disclosed that on a date to be announced, additional applications for commissions will be accepted. Those who qualify under a processing program paralleling closely that employed to select an initial increment of 9,813 officers late in June will be added to the consideration list and given equal opportunity on the basis of qualification with those already listed.

While machinery for accepting additional applications is not yet functioning, full details are expected to be announced shortly and the program gotten under way probably by October 15.

It was pointed out that original applicants not among the initial

9,813 given Regular Army commissions may assume they are on the consideration list unless they have been formally notified of rejection will not be eligible. Others will be permitted to restate their interest in being commissioned as a Regular Officer and to change their choice of branches, if they so desire, before the integration of the 25,000 new Regular Officer is begun, regardless of whether they are still on active duty or have reverted to civilian status.

Tentative plans for integration of these officers call for appointments to be made in four increments, in January, May, September and December of 1947. It is anticipated that greater emphasis will be given to commissioning officers in the ranks of Captain and Major than was given in the first integration.

Teacher Receives Letter Regarding Extra State Apportionment

Editors Note — The following letter was received by a local teacher the past week and the Leader has been asked to reprint it in full form.
State Teachers Association
Executive Offices
Ft. Worth 3, Texas
Mrs. Curtis Mears

Public Schools
Clarendon, Texas
Dear Mrs. Mears:
The State Board of Education, when the \$6.00 supplemental apportionment was made last summer, recommended that the full amount be used by local boards of trustees for increasing the sal-

aries of teachers. This is shown by the passage of the following resolution:

"WHEREAS, the State Board of Education has made a supplemental apportionment of the Available School Fund, based on the receipts in such fund during the school year 1945-46 with the recommendation that such funds be used in the budgets of the various schools for the school year 1946-47 for the purpose of increasing teachers' salaries."

It is genuinely hoped both by all members of the State Board of Education and by the officers of the Texas State Teachers Association that every school board in the state will carry out the recommendations of the State Board of Education relative to the supplemental apportionment and that all teachers will because of this action receive salary increases for the current year. In addition to the \$6.00 supplemental apportionment the regular apportionment was this year raised from \$30.00 to \$35.00 and it was hoped that this amount, also, might be applied to increasing salaries for Texas teachers.

Trusting that this information may be helpful, I am
Sincerely yours,
B. B. Cobb, Secretary.

From where I sit... by Joe Marsh

On Playing the Fiddle Badly

A favorite recreation in our town is getting together in one or another's home and making music. There's somebody at the piano; a guitar; a fiddle player; and Molly Birtles even has a harp!

What comes out isn't the best music in the whole world. In fact, a lot of it is downright bad. But nobody even thinks to question or to criticize.

Because the spirit of harmony is there—harmony between folks who like each other's company, who enjoy the simple, homey atmosphere

—with nothing more exciting than old songs, and a glass of moderate beer or cider.

From where I sit, it's a heap more important to be a poor fiddle player, than not to play at all. More important to be a part of the American scene—with its community music, home entertainment, friendly glass of beer—than to hold out for professional perfection. (Besides, I like to play the fiddle—even badly!)

Enough Food is no Accident

It is no accident that the largest crops in our history are being harvested this year when we, and the rest of the world, need them most.

In spite of war, loss of labor and little new equipment, the American farmer has again taken care of us and provided a life-saving surplus for abroad.

How do our farmers do it? How is it that only sixteen per cent of our people can feed all of us and go on breaking records in the face of circumstances which slow up industry?

There are three reasons: First, farmers work harder and longer than most other Americans. Second, they know how to make the best use of tools. And, third, they have a long-standing partnership with industry seeking to satisfy their urge to get more out of the land for the same labor. Farmers are still practicing the kind of enterprise that built America.

National thanks are due the farmer for the job he has done in the last five years. Universal respect is due him for his foresight in helping industry equip farms to meet a whole series of emergencies.

BUT . . . we should not crowd our luck, or the farmer's luck either. Too many farm tools are now worn out. Without new ones production may go down. Farmers need over eight hundred million dollars' worth of new implements and equipment. It is up to industry and labor to keep wheels turning to produce them, but any recurrence of strikes would prevent this.

America should see that the hard-working farmer gets what he needs.

Broncho-Tiger Game Ends 6-6

The game ended with another tie for the Bronchos' last Friday night when they met the McLean Tigers on the local field in a very closely contested game as far as the score was concerned. It ended 6-6 with the Bronchos having several penetrations to their credit and an edge of seven to five first downs.

The Bronchos outplayed the Tigers throughout the entire game but always ran into some kind of trouble or hard luck when the scoring was about to take place.

Douglas Love tallied for the Bronchos in the third quarter when he took a 16 yard pass from Bulman and went over the stripe for the 6 points. Bulman's try for extra point was no good. The Tigers staged a comeback in the same quarter and Griffith plunged over from the 2 foot line for their only score. They tried to plunge the ball over for the extra point but failed.

The Bronchos were in scoring position several times but quite a bit of fumbling and other bad breaks held them off and a Mc-

Lean backfield man was tackled to where he fell behind the goal line and Clarendon should have received 2 extra points for a safety but it was called out to the one foot line in accordance with some type of new ruling at a recent meeting of game officials.

The Bronchos should have won the game by two touchdowns according to the way the two teams played. Some of the Bronchos were in there putting out all they could muster and then there were a few who fell down on their assignments several times and fell short of doing their best.

A very good crowd of backers were out to see the game again last week and they want to see the Bronchos get in there and hustle from here on through the remainder of the schedule. We can still wind up the season with a very good average. If - - -

COLTS DEFEAT LAKEVIEW JUNIORS 20-6

The Jr. High Colts ventured down to Lakeview Tuesday night to defeat the little Eagles in their second engagement with this team 20-6.

The Colts were in there battling all through the game never letting up a minute on their barrage of blocking, tackling and carrying the pig skin.

Little Brandford was the speedster on the Colt team and really showed the boys how to tote the pigskin around end for long runs and those precious scoring points.

These boys are showing real football spirit and are sure to be heard from as they advance on to the regular Broncho squad in later years.

Mr. and Mrs. Whitfield Carhart from Greenville spent the weekend with her mother, Mrs. R. A. Chamberlain and brother and family, Mr. and Mrs. Fred Chamberlain. Mr. Carhart returned home Sunday while Mrs. Carhart remained for a longer visit.

Mr. and Mrs. U. T. Dever will leave Friday for a visit with their son and wife, Mr. and Mrs. T. D. Dever at Plainview and their daughter and family, Mr. and Mrs. Blackman at Littlefield.

LOCAL TEACHER INITIATED INTO DELTA KAPPA GAMMA SOCIETY

Mrs. Willie Glenn White, Clarendon High School and Junior College Librarian, with nine other candidates, was initiated into the Delta Kappa Gamma Society for Women Teachers in an impressive Regional Conference ceremony held at the Hill Crest Country Club, Vernon, Texas, October 19, 1946. Miss Edgar Mae Mongole acted as Mrs. White's escort for the initiation which was presided over by Mrs. Willie Meffe Halthcock, State Corresponding Secretary, Plainview, Texas.

A varied program consisting of registration, roll call, music and panel talks preceded the initiation. Miss Lucile Polk substituted for Miss Ruth Richardson in a panel discussion, "The Legislative Committee in Action," by giving a brief resume of the "Aims of the Legislative Committee."

At 12:30 noon a delicious luncheon was served the members and guests at the Liberty Cafe. The D.K.G. colors, yellow and red, were carried out in the table decorations. The luncheon address, "Unity in Delta Kappa Gamma," was given by Miss Edna Graham, West Texas State College, Canyon.
