Truck Load Of Supplies Sent To Storm Victims

A truck load of clothing, food and various other items were loaded out here Monday morning and taken to Canadian for distribution among the Tornado victims of the Glazier and Higgins communities.

The old neighborly spirit was quickly aroused last Thursday when three local women, Mrs. Colie Huffman, Mrs. Bob Head and Mrs. Bert Smith, started a collection point at the Huffman home for any type of goods that would be useful, and then started making the rounds letting it be known what was taking place. It wasn't very long before many items started pouring in and by Sunday afternoon a full truck load was accumulated. The people of Donley county are to be commended for their splendid cooperation when such an occasion arises. Mr. Lucy Noble is to be especially commended, along with a number of volunteer leaders of the truck, for taking his time and carrying the items to Canadian free of charge. The three ladies asked that we not mention their names as they were doing only what little they could do, but we think it fitting and proper to over rule their request, for they did a mighty fine job and they deserve the credit.

Donley Cattle Win Top Honors At Plainview Dairy Show

CHAS. SPEED'S ATTENDING OKLAHOMA REUNION

Mr. and Mrs. Chas. G. Speed left this morning for Clinton, Okla., where they will attend the Custer-Washita County Pioneer Celebration. The celebration is held in observance of the opening of the Cheyenne-Arapo country. Both Mr. and Mrs. Speed's parents were pioneer settlers in this area and raised their families there. Charlie was one of the Washita county township commissioners before coming to Donley county in 1907. It is understood that there are a number of our Donley county residents who came from that part of the country. Mr. Speed stated that this was the first time they had had an opportunity to attend one of the celebrations in a long number of years.

VARIED WEATHER BRINGS 1.44 INCH MOISTURE

Residents of this section had the opportunity to experience practically every form of falling weather during the past week, including hail, sleet, rain and then a pretty white blanket of snow Wednesday morning. The total precipitation received since last Thursday according to the official weather station at the FD&W depot measured 1.44 inches. This added on to the .37 inch received last Wednesday night brings the total to nearly two inches within a seven day period which is plenty of rain fall for this area and especially so regarding the way it fell as practically every bit of moisture soaked into the ground. This was quite a boon to the wheat farmer and all others alike as there should be plenty of moisture to plant any time they get ready.

City Clean-Up Drive Set For April 28th

According to Mayor Cap Morris, the City of Clarendon is planning a City Clean-up drive for the week beginning April 28 and will continue for one week. The plan in detail will be published in the Leader next week so it will be fresh on everyone's mind the Mayor stated. He pointed out that Clarendon had been classed as not being very clean and the city wants to get an early start this year and clear all vacant lots and all other places before hot weather sets in. Watch for complete details next week and in the meantime you can be rounding up and get a head start on your neighbor and have your cleaning all done. It is understood that the City will pick-up all trash, etc., this year.

Breedlove now has a big power spray to be used for the control of bindweed on farms, spraying of cattle with DDT and the spraying of orchards. The spray was purchased from the Bean Spray Company and has a capacity of fifty gallon tank and capable of developing 600 pounds of pressure on the spray. The spray has a two horse power Stratton engine attached and is mounted on rubber tires. The entire spraying equipment cost \$425.00 and a charge will be made for the use of this spray.

Local FFA Team Wins Plainview Contest

The Clarendon Future Farmer Dairy Products Judging team won the annual Dairy Products Judging Contest of the Panhandle Plains Dairy Show at Plainview for the tenth consecutive year Monday when the team composed of Jack Stone, Gilbert Stewart, and James Moore topped the entries from the F.F.A. chapters of the entire Panhandle Plains area. The team was awarded for the second year one of the most beautiful judging team trophies ever awarded a local group. If the local entry wins the contest in 1948, the trophy will become permanent property of the local chapter. Stone ranked second, Stewart third, and Moore fifth in individual rankings in the contest.

JUANELLE STEVENSON RECEIVES HONOR

Dr. Wade H. Boggs, Secretary of Presbyterian Christian Education has notified Juanelle Stevenson that she won a place on the honor roll of the Competitive Scholarship Contest. She also received congratulations from W. B. Guerrant, president of Austin College, Sherman, Texas, on her work. Miss Stevenson is a member of the Senior Class of Clarendon High School, and a daughter of Mr. and Mrs. Everette Stevenson.

Mable Mongole returned home Monday from attending the Women's Presbyterial at Sherman last week. She also visited Miss Iva Pracher and Mrs. Newton Bentley at Dallas, and Mr. Arthur Beedy and daughter Grace at Ft. Worth.

Cattle exhibited by members of the Donley County Dairy Association won a good portion of the top honors at the Panhandle Plains Dairy Show at Plainview this week. Frank Cannon exhibited the Junior Champion Jersey bull, and J. R. Gillham's entry topped two of the four production contests. Cattle exhibited by A. P. Thomason and Floyd Crofford also won high ranking in their classes. Cannon's entry was outstanding in the junior Jersey male division and won praise from all exhibitors. The junior champion topped the entries from Swisher, Floyd, Fisher, and other noted Jersey regions. Gillham's entry won one of the most coveted premiums in the show when his Holstein heifer Segis Piebe Bess topped the two year old class in production, producing 65 pounds of milk and approximately 2.5 pounds of butterfat in 24 hours under official supervision and test. Gillham's three year old Jersey entry, Greenbelts Big Jane, produced 51.6 pounds of milk and 2.7 pounds of butterfat, topped the entries in her division and his 22 months old Jersey heifer Greenbelts Golden Irene placed fourth in the two year old production contest. The Donley County entries topped all of the entries in production from the famed Swisher County herds. Floyd Crofford's junior yearling Jersey male was beaten only by the entry of F. E. Elliot of Tulsa with a son of the famous \$15,000 Welcome Volunteer bull, A. P. Thomason's junior yearling Holstein bull placed third in his division.

The nineteen entries of the Donley County group won twenty-six ribbons ranging from junior champion to ninth place in individual and group rankings. The quality of the cattle in the Panhandle Plains show was rated by most judges to be the best in the history of the event.

The local entry was sponsored by the Clarendon Chamber of Commerce and the Borden Milk Company, and the members of the Donley County Dairy Association. Judge Clyde Slavin announced this week that the Commissioners Court of Donley county had appointed Mike M. McCully as Service Officer for the county. All Veterans wishing any sort of information regarding their status or problems of any kind are requested to get in touch with Mr. McCully and he will give you whatever aid possible.

PETITION HAS ALMOST ENOUGH SIGNERS TO CALL ELECTION

J. R. Porter, president of the school board, announced yesterday that a large portion of the signatures necessary to call a bond election had been signed to the petition calling for the \$50,000 school bond election and that it was believed that the necessary number will have signed by the end of the week. From all accounts, the proposal for a bond election has met with satisfactory approval of the citizenship of the school district with very little talk of opposition. Whether the election will carry or not is to be seen at a later date but at the present time it is believed that there will be very little opposition since the bond issue seems to be the only possible way of rebuilding our school buildings to fit the requirements and standards of a school that has the first class reputation that our schools have right here in Clarendon.

M. M. McCULLY NAMED SERVICE OFFICER

All Veterans wishing any sort of information regarding their status or problems of any kind are requested to get in touch with Mr. McCully and he will give you whatever aid possible.

SKYLINE TIDINGS

By Ethel R. Harvey

W. E. Peebles, with three other men, flew up from Vernon Friday to attend the A. P. Todd funeral. They were flying a Bellanca Cruiser.

Mr. Savage from Kress, who was returning from a flight over the storm devastated area, refueled here Friday afternoon.

Wallace and Jones, flew the two Funks to Coffeyville, Kan., last Thursday; they left the demonstrator to be repaired. They fol-

lowed the path of the storm from Canadian to Woodward; they said the country was strewn with fence posts, wire, windmills, and wreckage of farm homes. All the buildings at Glazier looked to be damaged, more than half of Higgins was in ruins. At Woodward the tornado seemed to lift at the railroad tracks, leaving almost half of the town in ruins. There were so many planes delivering supplies to Woodward, the air was full and there were some 30 planes on the field there.

The new Cub belonging to the A&E Service that was damaged by the hail is in the shop being recovered.

Joe Jones has sold his Cessna

to the Panhandle Aviation Inc. at Amarillo.

Mr. and Mrs. Smith flew the Luscombe to Dallas last week and left it at the factory to be repaired. They expect to have it back on the field in about a week.

L. L. Wallace flew to Perryton on business last week.

Willard Knox took his aunt, Mrs. Alma Ray from Lamesa for her first plane ride Friday afternoon. She was very enthusiastic about the ride.

We had a good day inspite of the fact that the weather was bad. I appreciate the loyalty of our people. Our young people are the salt of the earth.

Remember the call for aid for the Higgins church. I am sure that each of you will wish to make a generous contribution to

this desperate need. Those people have lost everything. Bishop Selecman is asking each congregation in the Northwest Texas conference to make a free will donation to help our congregation to rebuild and carry on their budget. So please hand your donation to brother Jim Patman or myself.

Urgent Cuban and domestic demand for rice held prices firm last week. Wheat millfeeds dropped as much as \$10 per ton, and oilseed meals weakened. Hay demand held strong, but buying centered on immediate needs. Peanut markets found few offerings and light demand. Wool dealers, top makers, and manufacturers began to consider the advantages of buying 1947 wool direct from the grower. Mohair activity fell off.
Texas green beans moved quickly at \$5 per bushel hamper at Denver last week, but sold weaker at \$3.00 in Fort Worth, where first Louisiana strawberries brought \$7.25 to \$7.50 per 24 pint crate. Southern Louisiana sweet potatoes held about steady at shipping points at \$2.35 to \$2.40 for 50 pounds. Most vegetables moved slowly in dull to weaker markets in the Lower Rio Grande Valley. In straight cars of 50 lb. sacks, cabbage loaded at 60 to 75 cents; yellow onions \$1.75; and potatoes \$2.50 to \$2.25.

Spot cotton prices declined about \$3.75 per bale last week. Higher grades sold readily, but other classes found fewer inquiries, and trade remained on reduced scale.
Eggs and poultry met mostly firm to slightly stronger prices last week. Eggs sold for 39 to 40 cents per dozen at Dallas and Fort Worth, and 38 to 39 at Denver. Corpus Christi averaged 35 cents for the week; Amarillo and Fort Smith 37; Austin, San Antonio and Oklahoma City 38; New Orleans 38½; El Paso 40; and Houston 41 cents.
Sheep and lambs held their own at San Antonio and Oklahoma City, but weakened sharply at other southwest points. Bulk of good and choice spring lambs brought \$22 to \$22.90 at San Antonio; and \$20 to \$22 at Ft. Worth, Oklahoma City paid a top of \$24 on spring lambs.

A Great Bunch - Those Ex-G.I.'s

Willie Wells and a bunch of the boys from our town went to Pound Ridge Saturday to a reunion of their old regiment.
There were about two hundred and fifty boys who came from miles around to a good old feast in Farmer Collins' barn. I expect they seemed a lot different to each other out of uniform. But they had a great time, spinning yarns, drinking beer, and talking over the old times in South Africa and Italy and the Aleutians.
I went over to cover the meeting

for the *Clarion*, and one thing that sure impressed me was the good behavior of those boys—their preference for a moderate beverage like beer—their friendly spirit.
From where I sit, our ex-G.I.'s are making as good a showing in peacetime as they made during the war. And they're setting a mighty good example to the rest of us—in tolerance, and moderation, and good fellowship.

WEEKLY SWING OF SOUTHWEST FARM MARKETS
Cotton and feed prices lost ground again last week, and spots of lower values appeared among cattle, sheep, and vegetables, according to the Production and Marketing Administration, U. S. Department of Agriculture. Other southwest farm products sold mostly firm to stronger.
Grains reversed their recent downward trend and started climbing again. Wheat registered a net gain of 15 cents per bushel and sorghums 11 to 14 cents per hundred pounds. Other grains advanced by lesser amounts. Friday's price was 2.88 on wheat at Fort Worth and Galveston, and \$3.20 on No. 2 yellow milo.

LIBRARY NOTES

By Mrs. C. A. Burton

The Texas Library Association meets in its thirty-fourth annual convention at Waco, April 24 through 26th - headquarters at

Gates Memorial Library at Port Arthur now has a gift fund of \$1,315.85, the latest being a gift of \$95 in honor of a young man of the City. The plan was begun in July, 1944 by friends of a young man of the City. On his birthday each year the family present the library with \$25, and fifty-two volumes have been presented by his friends. Such a lovely way to honor the memory of a friend.

POOR POP! How willingly he took over when Mother got the gripe. But Mother will have a relapse when she sees what's happened to her favorite kitchen!

Pop hasn't yet caught on to Mother's modern way of keeping house. He hasn't yet learned that dependable electric service can take a lot of work out of housework—not only in the kitchen, but in every room of the house. For electricity is like many extra pairs of hands for the housewife—and the house-husband, too, when he takes over K. P.

But there's one thing Pop does know, because he's the lad who pays the bills. He knows that electricity is just about the smallest item in his family budget—even though he may not realize that the average family gets twice as much electricity for its money as it did 20 years ago.

It costs so little—and it does so much! Yes, electricity is a big household bargain that comes to Pop—and to you, too—through the practical experience of your friends and neighbors in this company, under sound business management.

The 20th annual award by Parents' Magazine for the year's outstanding book for parents was given to Benjamin Spock, M. D. for his "Common Sense Book of Baby and Child Care".

Since Claremore, Okla. is the home of Lynn Riggs, author of "Green Grow the Lilacs" upon which the musical, "Oklahoma" is based and also the home of the principal characters in the play, Claremore made unusual preparations this past week to entertain the cast of Oklahoma—with a visit to the Will Rogers Memorial and a reception with Indian songs and dances.

There are 47 book clubs in operation. To which do you belong? Bennett Cerf, president of Random House publishers, is making a six weeks swing around the country with stopovers at all the large cities including Dallas. His main object is conferring with authors and finding new ones.

Ernie Pyle's "Last Chapter" has sold more than 100,000 copies, although it was not selected by any book club, nor was it greatly publicized. The American Library Assn' lists it among the 50 outstanding books of 1946, and it has appeared in Omnibook and in the Armed Service edition. Practically all our readers have enjoyed it.

The leading best seller in fiction in 1946 was Taylor Caldwell's "This Side of Innocence." Her publishers announce that 1,276,000 were sold which was 76,000 more than any other fiction. Miss Caldwell will have a new novel published in May, entitled "There Was a Time."

Have You Thought About A Safety Deposit Box?

In case you haven't, it's a pretty good item to think about when considering your valuables. You could very easily lose your valuable papers and other items by fire or theft when they are kept at home or in an office desk - - - but if you have them in one of our safety deposit boxes which are placed in one of our big fire-proof vaults you can always rest assured that they are always safe.

We have just received a number of these new boxes and invite you to come by and rent one to keep your valuables in.

(Crowded Out Last Week)

One of my readers responded to my suggestion that you send in your ideas. He seemed to think that I didn't go quite far enough in what I had to say about strikes; that the people were getting sick and tired of it all, and that if something wasn't done soon, just about everything and everybody that was to blame was going to lose some of their so-called rights by stricter laws, and that if our Legislators didn't pass the necessary laws, the people would get rid of them too. I had always rather say too little than too much, and I am glad to get the comment.

Looks like the Farmers are pretty safe about the Tax Refund Repeal Bill for this session, unless it could be slipped on as a Rider to some other bill. It is not fair to place a Road Tax on gasoline burned in the fields, and the Farmers did right in having their organization oppose this bill.

Sometimes I get so dog-goned tired, Of sweating and of working; Trying to keep up with the Smiths, The Browns, and the Perkins.

Sometimes I feel like lying down In the shade of some nice tree; And just lie there and snooze and snooze And let the world go by me.

When Spring arrived, an Amarillo paper ran what was supposed to be a picture of Uncle Jay of the Trading Post. He was smelling flowers and it really made you feel like it was the Spring Season. The next week some of the Weeklies that carry this column, ran pictures of the Editors. They weren't smelling anything, but it really made you feel like it was Open Season. Think I'll

have my picture made again.

Noticed in the paper that we farmers were about to harvest the largest wheat crop in years, with the dry months ahead, and the hail, and the green bugs. Most farmers that I talked to the next day seemed to think that we better wait a little while before we began "Counting our chickens".

Had several nice compliments on the column last week, and I do appreciate them. Other comment sent in was about the trou-

ble going on in our colleges. Strikes and walk-outs, and resignations. When grown people act like children it was always supposed to be bad, but when young people start acting like older people, and doing some of the same silly things, it makes you wonder what this world is coming to. They got the Idea from us; remember.

Veterans Administration processed over 800,000 applications for all types of benefits during February.

THE TEMPLE OF TRUTH
By the Apostles

CONSTRUCTIVE.
A "building & loan" marriage is where, during the conugal quarrel, she runs him out of the building and warns him to leave her alone.

HUMAN NATURE.
Women age faster than men, but only seldom.

CLIMATIC STUFF.
You hear a lot of bragging about the California climate, but one never sees a prune from there that isn't wrinkled. (P. S. Are the prunes picked by old maids?)

TRAGEDY.
The Old Apostle will probably be shot for that squib.

AWKWARD AGE.
Too young for face powder and too old for talcum.

PERSONAL INVENTORY.
Any time you feel indispensable, take a walk through a cemetery and read the headstones. You will find a lot of other folks who were pretty hot stuff too.

SUGGESTIONS.
Brides who make a mess of their first meal can dump it all on a lettuce leaf and call it a salad.

DIGNIFIED.
The "upper crust" is often made up of a lot of crumbs held together by their own dough.

THE RETREAT.
Swallowing your false pride will never give you indigestion.

UNLEARNED.
Then there was the plains gal who thought a water moccasin was an Indian girl's bathing slipper.

ASTRONOMICAL.
In case you have nothing else to worry about, the sun is losing its weight at the rate of 4,200,000 pounds per second, but even at that rate the scientists state that it can hold up several trillion years. Just now it has two large "sun spots", one on each side that is playing heck with the radio service. Look at them in late afternoon through a smoked glass.

Traditional Religious Customs Unaffected by Modern Changes

Deep in the hearts of our people is reverence for their loved ones who have passed on. Streamlined modernity may affect some of our old-fashioned customs, but the traditional religious rites observed in funeral services will continue to reveal the faith that governs and gives purpose to life.

GARDEN CLUB

The Garden Club met Monday afternoon for their first meeting of the year at the home of Mrs. J. T. Warner. Red roses decorated the entertaining rooms.

After a short business session a very interesting program was given by Mrs. Howze on "Why do you garden?" and "Color in the garden."

A delightful hour of informal garden talk was enjoyed after which the club adjourned to meet May 19th with Mrs. Frank

Phelan.

A dainty refreshment plate was served to one guest, Mrs. Victor Smith and the following club members: Mmes. Jack Brooks, Harry Brumley, Rolle Brumley, Rayburn Smith, Frank White Jr., R. R. Dawkins, W. W. Taylor, H. W. Hanks, Bill Johnson, Bob Head, J. H. Howze, Joe Goldston and Miss Marjorie Harlan.

Mrs. Ray from Lamesa is visiting in the M. W. Harvey home:

THE KAPPA SUB-DEBS

The Kappas entertained with a Star-Light Dance Thursday, April 10th at the Clarendon Hotel.

The star-light theme was carried out through the room. At the door was a white latticed arch flanked by two white picket fences, which were covered with ivy and spring flowers. The scene represented a moon-lit garden with various pieces of garden furniture placed about the room. Sparkling blue stars hung from the ceiling and in one corner four huge silver stars surrounded the moon. Blue crepe paper with white stars covered the windows and an impression of the big dipper was made by the blue stars on the front wall.

The cakes were served from green wheel-barrows filled with ice. A round garden table held the star-shaped cookies, napkins with the Kappa emblem and multi-colored straws. Blue lights created a moonlit atmosphere and tiny straw hats which each guest wore, provided a festive effect.

This occasion provided entertainment for the Kappas, their escort: Jo Blackwell, Arvis Davis; Lovey Stanley, Jimmy Douglas; Lucy Brown, Tommy Saye; Sue Smith, Jerry LaGrone; Layma V. Tatum, Jimmy Jenkins; Jaunita Carpenter, James Moore; Elise Norwood, Robert Semrad; Dorothy Jean Tatum, Jack Semrad; Jane Johnson, Lynn Leathers; Mae Morris, Bob Clifford; Portia Hay, Buster Bain; Patsy Pittman, Billy Jack Jordan; Louise Underdown, Troy Wiley; Ardith Warren, Jimmy Butler; Nita Heath, Clyde Neal; Ruby Jo Kidd, James Wesley Palmer; Sybil Head, Douglas Lowe; Alma Murphy, Jim Lovell; Donna Bryan and Louva Hunt, and Mr. and Mrs. Rufus White; and their guests: Mrs. M. C. Goodner, Miss Wilma Dee Smith, Miss Lucile Polk, Mrs. O. D. Lowry, Mrs. L. N. Cox, Mr. R. E. Drennan, Dorothy Minick, Bob Bentley, Billie Jean Knox, L. P. Moore, Betty Brown, Jean Williams, Wanda Lowe, Allie Mae Goodman, James Wyatt, Jerry Ryan, W. S. Carlile, Billie Mills, Wayburn Mace, LaNelle Reed, J. F. White, Barbara Lowe, Raymond Adams; the "Stag Line" was made up by Billy Ray Armstrong, Jimmy Howze, Bobby Beard, Dean Wadsworth, Harold Smith, David Stott, Charlie Johnson, Jiggs Mann, Bobby Parker, Wayburn Wilson, Clyde Price, Tommy Murphy, Kelly Chamberlain, Ray Rappy, Max Keys, Jack May, Bert Barnes, R. E. Lawrence, Wayne Lowe, Sydney Harp, June and Weldon Day, Chauncey Hommel and Dick Kennedy.

The dance was ended with the refrain, "Goodnight, Sweethearts."

1926 BOOK CLUB

Miss Lucile Polk and Mrs. Haskell Toland were hostesses to the 1926 Book Club Tuesday, April 15th. The clubroom was gaily decorated with daffodils and iris in pottery bowls.

Mrs. Bill Bromley presided at the business meeting. A colonial tea to be held at the Methodist Church, was announced for May 6th. Musical entertainment will be furnished by out of town artists.

The program for the afternoon was most unusual. Mrs. Jolly Johnson gave a sketch of the life of Mary Lou Cooke Burkett of Goose Creek, Texas, who wrote "For All That's America", a patriotic narrative poem. Then while Mrs. Allen Bryan supplied appropriate background music, Mrs. Johnson read the poem. The combination of music and poetry was very beautiful, and greatly enjoyed by those present.

The hostesses served delicious refreshments to Miss Mildred Aycock guest, and members, Mesdames B. C. Antrobus, Allen Bryan, Fred Buntin, Rayburn Smith, Frank White Jr., Jolly Johnson, W. C. Thornberry, J. G. Stewart, Joe Ritter, W. E. Ray, J. R. Porter, Frank Phelan, Alvin Landers, C. B. Morris, Marguerite Goodner, Glen Hoggatt, Rolle Brumley, Bill Bromley, C. W. Bennett, C. M. We have all heard the saying "Truth is stranger than fiction", and when we hear about the horrible things that happened in the tornado area, we can say that it must be true. Such suffering, such loss, and such courage, would have seemed unbelievable in a story, but in our very midst, and to our neighbors it happened. May we all pray that their wounds, both in body, and in heartaches, may be comforted, and that of the things that we as men can give, we will continue to stand by them in their trying times.

Was touched also by the story in the paper this week about Cal Farley, how he had climbed from Short-stop to a Super-salesman, and success as a business man. This in itself was something, but the fact that instead of retiring to a life of idleness, and growing fat, he was going to devote most of his time to his first love, Boys, was the part that touched our heart. Hundreds of people can sell Vigoro Cal, but few of us can do the latter. Congratulations Mr. Farley.

I appreciated being invited to go with the Editors to the Pan-handle Press Association, and was so sorry that I could not go. I thought until the last minute that I might make it, but it just wasn't in the books. Anyway, thanks and maybe you will invite me next year, and I won't miss it then I hope. I would have felt honored to have had a seat by some "Gentleman of the Press."

* Talked to a Lady the other day, who was a Child Welfare Worker. I told her that I supposed that in her work she found lots of Bad

Children. Right off, I saw that I had asked the wrong question. "Lots of Bad Parents", she replied, "but not so many Bad Children." She said also, that no one was bad of their own choice, but that something went wrong somewhere along the line and caused them to be bad. It is something to think about. Anyway I should have known better than to have asked such a question, because anyone devoting their life to this kind of work, would have to have a heart filled with love and understanding for the people involved. I liked her view point, and the experiences she told about her work. People who love this kind of work, receive more than money for their efforts.

Met a young man, that I would have taken for a star football player, and to my surprise he told me that he had just completed a six months beauty course and had that day taken his examination. I couldn't help thinking about the times I had heard that women were taking over jobs that should belong to men, and crowding the men out of certain fields that they considered their own. What does this sound like boys? I guess the girls will have to move over and make room for us. Oh me.

Mama didn't like the poem last week, said it sounded like it was written by some lazy good for nothing. Anyway, I am insulted for this week at least. I might put one in next time.

Veterans News

A sharp upward trend in World War II veteran enrollment in Southwestern colleges and universities for the 1947-48 school year is predicted by both Veterans Administration and school officials.

Veterans studying in Texas, Louisiana and Mississippi colleges now number approximately 58,000. Veterans enrolled in higher institutions of learning throughout the nation number about 1,100,000.

The peak of veteran enrollment in colleges and universities is expected during the next school year, according to VA surveys. After that, a gradual decline is predicted.

Laws under which veterans enroll for education specify that the program must be concluded nine years after the formal termination of World War II.

Questions and Answers

Q—Can the beneficiary or the family of a veteran make premium payments on his National Service Life Insurance if the veteran doesn't care to do so?

A—Yes, but the insured veteran has the right to change his beneficiary or beneficiaries at any time without consulting with or receiving the approval of anyone. He may also surrender his permanent NSLI policy for cash at anytime.

Q—I am drawing retirement pay at present. Can I receive subsistence allowance while going to school under the Servicemen's Readjustment Act?

A—You are entitled to draw retirement pay and still receive the full amount of subsistence allowance while in school or training. Retirement pay is not considered income from productive labor and therefore is not to be included by the veteran in his estimate of earnings filed with Veterans Administration.

Q—I obtained a G.I. home loan in June, 1945, and now would like to know if I may obtain a further loan under the amended G.I. Bill?

A—Yes. Evidently your guaranty under the original Servicemen's Readjustment Act was \$2,000; therefore under the act as amended in December, 1945, you are eligible for a further guarantee of \$2,000 on a real estate loan, or \$1,000 on a business or non-real estate loan.

Q—Will my 10 percent World War II disability of \$13.80 be increased in event I marry?

A—No. Your compensation is based on the degree of disability and not on the number of dependents.

Q—I am an ex-WAC with an honorable discharge. I am contemplating marriage to a non-veteran and would like to know if I lose any of my rights under the G.I. Bill?

A—No.

NOTICE

Due to the fact that most of the counties surrounding Donley County have no bounty on coyotes, it is the opinion of the Commissioners' Court of Donley County that we are paying for coyote scalps from other counties. Therefore, after May 1, 1947 there will be no bounty on coyotes in this county.

The Superior Combination Saw & Tractor, a new farm and ranch implement, or at least new to this territory, will be demonstrated this Saturday afternoon on the Frank Hommel ranch four miles west of town, formerly known as the old Acord Dairy place, at 2 p. m.

of sawing trees, clearing underbrush and cutting stumps level with the ground. It plows, cultivates, harvests, plows snow and has many other uses.

Interested ranchers and farmers are invited to attend the demonstration and give the machine first hand inspection. The combination saw and tractor will be on display at the Hill and Holland Service station Friday and Saturday of this week.
