CLARENDON, DONLEY COUNTY, TEXAS, JANUARY 9, 1947

A Common Paper for Common People

"Brother, You CAN Spare a Dime"

DIMES MARCH ONWARD

Once again it becomes the privilege of every American to join actively in one of the great peace-time battles waged by Man in his ceaseless struggle to make his world a better place in which to live.

This is the relentless battle against infantile paralysis—common enemy of all, regardless of age or accident of birth—spearheaded by the annual March of Dimes, held this year from January 15-30.

Coming as it does, in the wake of the second worst epidemic of the disease ever to ravage our nation, the 1947 March of Dimes deserves—and will undoubtedly receive—the fullest support of every American who not only wants to help those unable to help themselves, but to insure for himself and his family the best available care if and when the dread crippling strikes.

The National Foundation for Infantile Paralysis, which sponsors the March of Dimes, is unique in the annals of public welfare organizations. It is literally the property of the American people who support it with their dimes. It has no other means for obtaining funds, such as endowments, bequests or grants. What it gets, it gets through the March of Dimes and through the March of Dimes only.

Not only is the National Foundation pledged to do its utmost when epidemic—or even individual cases—breaks out, but its ceaseless research into the causes of the disease is the only promise we have that some day that cause will be discovered and rendered harmless.

In the meanwhile, we can all gather satisfaction from the fact that no one stricken with the disease—regardless of age, race, creed or color—need go without adequate care through lack of funds—and polio is among the most expensive of human afflictions.

There are three things we know with certainty. Polio will strike again—where or when we do not know. When it does strike the community will be ready—the National Foundation guarantees that. And the National Foundation will be ready because the March of Dimes will see to that!

Give generously, give proudly, give thankfully—to the 1947 March of Dimes!

Chamber of Commerce Ballot To Be Mailed This Week

The ballot for 1947 Clarendon Chamber of Commerce directors will be mailed to all members this week according to J. R. Gillham, secretary. R. E. Drennan, Oliver Elliott, and Alvin Landers, the holdover directors of the organization, acting as the nominating committee, named a list of sixteen members from which each member will choose four for directors for the 1947-1948 term. Lee Bell, C. M. Lowry, J. R. Porter, and Clyde Wilson are the directors whose terms are expiring. The nominating committee named the four retiring directors and Walter Knorpp, Emmett Simmons, Rufus White, Nelson Anderson, W. B. Smith, Bill Todd, Dale Hill, Tom Roberts, J. W. Murphy, Ray Noblitt, and A. D. Estlack as nominees for the four places to be chosen. The new

directors will be chosen by the members by written ballot and will be announced next week, and the organization meeting for the year will be held, Monday, January 20th.

J. R. GILLHAM ADMITTED TO HOLSTEIN-FRIESIAN ASSOCIATION

Battleboro, Vt., Dec. 31—J. R. Gillham, Clarendon, is one of 4 Texas Holstein breeders recently admitted to membership in The Holstein-Friesian Association of America by unanimous vote of the Board of Directors. Applications from 800 were approved. The national Holstein association is the largest dairy cattle recording organization in the world. Its total membership now numbers more than 36,700 cattle breeders.

AAA Community Meetings To Be Held Next Week

Community meetings on the 1947 AAA farm program will be held next week by county agent H. M. Breedlove. Information given to farmers will assist them in planning their farming operation for this year to get the most out of the farm program. Breedlove will hold meetings in the following communities and at the time and dates indicated:

- McKnight—Monday, Jan. 13th, School house, 9:30 a. m.
- Ashtola — Monday, Jan. 13th, School house, 2:00 p. m.
- Hedley — Monday, Jan. 13th, School house, 7:30 p. m.
- Goldston—Tuesday, Jan. 14th, School house, 9:30 a. m.
- Jericho — Tuesday, Jan. 14th, School house, 2:00 p. m.
- Lelia Lake—Tuesday, Jan. 14, School house, 7:30 p. m.
- Skillet — Wednesday, Jan. 15, School house, 9:30 a. m.
- Whitefish—Wednesday, Jan. 15, School house, 2:00 p. m.
- Clarendon — Wednesday, Jan. 15th, Court House, 7:30 p. m.
- Midway — Thursday, Jan. 16, School house, 9:30 a. m.

Any one in the county is invited to attend these meetings but all farmers and ranchers are especially urged to attend as the information received will be of importance to them in their farming and ranching operations. There have been some changes in the program since 1946 and these changes will be discussed. Soil conservation is the main topic of discussion in the program and is vitally important to the producers of the county. Breedlove urges every one to attend.

Mr. and Mrs. Carl Allmond, Mrs. Simmons Powell, and Miss Anna Moofes attended the stage play "Philadelphia Story" in Amarillo Wednesday night. Others attending the play from here were Mr. and Mrs. C. T. McMurry, Mrs. Jim McMurry and Mrs. Bess Stricklin.

Forger Nabbed Before Act Is Reported

Sheriff Guy Wright received a phone call from Borger officials early Tuesday morning asking whether a man being held there had passed a forged check here and stated that the man had apparently confessed to the unlawful act. Upon investigation, Sheriff Wright found the check at a local bank before it had time to be cleared and found to be no good. The check was given to Olin Bain Monday by the forger, and no unlawful act had been reported whatever until the Borger authorities made their phone call. This is another case where the law enforcement body was on the job, nabbing a man for something that had not even been reported. It is understood that the man along with a companion is being held at Borger on some sort of charge and Sheriff Wright will probably have to wait until the men are tried there before they can be brought back to Clarendon for a hearing.

COLLEGE CAGERS TO PLAY STRATFORD HERE JANUARY 15

The Clarendon Jr. College basketball team has scheduled a game to be played here at the local gym with the Stratford team Wednesday night January 15th at 8 p. m. If you haven't seen the local team in action, it will do you good to go up and take in this game as it is expected to be very close. The College team lost their game Tuesday night in the AAU tournament at Amarillo to Stinnett by only one point, the final score being 33-32. The Stinnett team won the game in the last 10 seconds of the game. The High school team is scheduled to play at Claude this Friday night, so all you basketball fans get together and go up and let the boys know you are with them all the way.

Outstanding Dairy Breeding Stock Brought To Donley County

Donley County dairymen have made outstanding progress during the past eighteen months in the matter of improving the dairy cattle in Donley County. A number of bulls of outstanding breeding have been brought into the county by the dairymen in an attempt to improve the quality of the dairy cattle in the County.

Hallmark Royal Design, sired by Mary's Royal Design the Jersey bull with the highest classification record of his progeny of any Jersey male living or dead, is J. R. Gillham's herd sire. Gillham bought the bull from Vern Underhill of Rotan, who purchased the bull as a baby calf for \$500 from the Hallmark Jersey Farm at Kansas City, Missouri. Hallmark Royal Design has been grand champion bull at the West Texas Fair at Abilene, the Childress State Fair, and the Donley County Dairy Show. J. A. Read of Lelia Lake has purchased and is using as his herd sire a son of Onyx Design Observer, one of the highest rated proven Design bred bulls. The sire of Read's bull was proven by J. C. Ellif, Tullia Jersey breeder who recently sold a Jersey bull for \$15,000.

F. C. Crofford recently bought an outstanding junior yearling Jersey bull of Rosebay Star Gamboe breeding from H. C. McDaniel of Carthage, Mo. Crofford bought the young bull, twin junior yearling heifers, and two aged cows. The young bull was Junior and Grand champion at a number of leading Missouri and Kansas Fairs last fall. Rosebay Star Gamboe is one of the leading bulls of the entire breed. Wayne Morrow recently purchased an outstanding young grandson of the famous Noble Aim and Astor's Design bulls. This three year

old bull is one of the typical bulls in this section and has a high proven production back of his breeding.

Royce Hall and Ezra Hawley are both using young Holstein-Friesian bulls bred by the Tierra Blanca Farms of Canyon. Both are from high producing, highly rated dams and sires, with a sprinkling of Carnation and Ferd Ormsby breeding in their pedigrees. J. R. Gillham has two outstanding young bulls of close bred Carnation, Ormsby, and Paul breeding. Gillham's senior yearling is from an old proven, tested, Holstein cow with a record of 817 pounds of butterfat, and from a tested sire Klaver Gerber Ormsby Paul, with 34 daughters with an average of over 570 pounds of butterfat and 4 per cent milk. Gillham's yearling herd sire is a grandson of Governor of Carnation, the highest rated bull of the Holstein-breed, and also a grandson of an All-American Holstein cow that was grand champion at Amarillo Tri-State Fair, the Oklahoma, Louisiana, and Texas State Fairs. His sire and dam were grand champion Holstein cow and bull at the 1946 Panhandle Plains Dairy Show, and his mother has produced over 100 pounds of milk daily on official test. The young bull was grand champion Holstein male at the Childress State Fair last fall.

A number of other dairymen are acquiring similar bulls of proven breeding, and the Donley County Dairymen's Association is starting an official testing program. With this progress, Donley should be noted for its high quality dairy cattle within a comparatively short time.

First Invitation Boxing Event of Year at Hedley Gym Jan. 17

CLACK RADIO SERVICE MOVES TO NEW LOCATION

The Clack Radio Service, managed by J. R. Thomas, moved their location yesterday from the Rundell building on the upper block of main street to the building formerly occupied by the Parker-Perkins store just south of the Clarendon Furniture Co. Mr. Thomas stated that the move was being made in order to have a more adequate space to display their merchandise and also be a more convenient location for the convenience of their customers. They plan to have all their repair equipment in readiness to take care of their regular business by Friday morning and invite their customers to visit them at their new location.

L. L. CORNELIUS FAMILY HAVE REUNION SUNDAY

Mr. and Mrs. L. L. Cornelius had for dinner guests Sunday, Dec. 29, their son Roy and his wife and daughter Georgia, and Mr. and Mrs. Billy Whitworth and small son, and Mrs. Cleo Hall and her daughter Cornelia, all of Lubbock; Mr. and Mrs. Jim Cornelius, his wife and two daughters Carolyn and Kay, Mr. and Mrs. Grover Carver, all of Amarillo; their grandson Richard Cornelius from Houston; Mrs. Grace Duke of Memphis; Mr. and Mrs. Slaton Mahaffey and son Frank and daughter Edna.

Coldest Weather Here Friday Nite

It was really cold here last Friday night according to unofficial thermometer readings. Since we do not have an official weather station, we just have to take a happy medium between the readings of our neighbors and we had reports ranging from 3 degrees below to 8 degrees below which gave us a possible reading of around a minus 5 degrees for the coldest spell to hit this section in several years. Wichita Falls reported a minus 12 and Lubbock reported a minus 8 while Amarillo recorded a minus 3. Anyway we had some sure enough cold weather, and had a very nice snow along with it which measured around 6 to 8 inches before it started drifting.

CLARENDON CLINIC-ADAIR HOSPITAL

Medical Patients: Mrs. R. L. Moss, Mrs. S. P. Pierce, Mrs. Annie Pulley, Mrs. J. W. Goodman.

Surgical Patients: Mrs. N. C. Todd

Births: Cheryl Elaine, daughter of Mr. and Mrs. Foster Pickett. Durward Lee, son of Mr. and Mrs. Gewan Wilkerson. Barney Gerald, son of Mr. and Mrs. G. F. Baker. Russell James, son of Mr. and Mrs. Granville Wood.

Dismissals: Mrs. Paul Hollingsworth, Mrs. J. T. Mayo, Miss Norma Lee Snelson, Mrs. Floyd McCord, Miss Suetta Lemmon, Mrs. Gene Tyler, Mrs. Lee Leek, Miss Irene Wise, Mrs. Gewan Wilkerson and son, Durward Lee; Mrs. G. F. Baker, and son, Barney Gerald; Mrs. Granville Wood, and son, Russell James; Mrs. Virgil Hampton and daughter, Nancy Gynn.

Some of the school buses were unable to make their rounds last Thursday on account of the snow and school was turned out for the day, and very few students reported for school on Friday. Plumbers had more calls than they could possibly answer due to frozen and bursted pipes, and most everything was at a stand still during the peak of the cold spell, but with the thawing weather we have been experiencing the past few days the snow should all be gone by the end of the week unless more should start falling before then.

In general most everyone, especially the younger set, has enjoyed the snow and most everyone would like to see the winter weather hang on and get it all over with before spring and not be slipping in on us after the fruit trees start blooming.

Mrs. Crockett Taylor returned home Monday night from Amarillo where she had been visiting relatives.

PROCLAMATION

WHEREAS, the nation has just emerged from the greatest epidemic of infantile paralysis since the great scourge of 1916, and

WHEREAS, the National Foundation for Infantile Paralysis, which is supported by the March of Dimes and by the March of Dimes only, has been called upon as never before in its history to spend millions to bring the best available care to those stricken, regardless of age, creed, color or race, and

WHEREAS, the National Foundation for Infantile Paralysis will be called upon as never before to provide continuing care for the thousands stricken until maximum recovery is assured in every case, thereby fulfilling its expressed pledge to the American people, and

WHEREAS, the National Foundation for Infantile Paralysis has, in addition to these huge sums spent millions—and will continue to spend millions—in research seeking the cause of and possible cure for this great crippler, and proposes so to do until polio is rendered harmless, and

WHEREAS, the National Foundation for Infantile Paralysis, supported as it is solely by the March of Dimes, will need millions of additional dimes this year in its widespread educational program designed to strike against polio's two greatest allies—fear and ignorance, and

WHEREAS, the National Foundation for Infantile Paralysis, spearhead of the ceaseless war against polio will, for the reasons set forth above, need funds to carry on its work in 1947 as never before in its history.

THEREFORE BE IT RESOLVED, that the sixteen days of January 15-30 be officially set aside as the 1947 March of Dimes in Donley County, during which time all citizens are urged to familiarize themselves thoroughly with the good works of the March of Dimes and to support the National Foundation for Infantile Paralysis to their utmost with their dimes.

CAP MORRIS, Mayor.

The Clarendon boxing team will make their first appearance of the season Friday week, January 17th at the Hedley gymnasium in a matched bout with the Maverick Club of Amarillo. The event is scheduled to start promptly at 8 p. m., and a capacity crowd is expected out to see the Clarendon regulars that are back this season and the newcomers who will exhibit their boxing skill for the first time in a public appearance. The reason that the meet is being held at Hedley is that their gym will accommodate the crowd and the Clarendon gym does not have adequate space. All of the Clarendon fans that do not have some sort of conveyance should start looking for a ride down that way now and should be able to find a ride without much trouble as a big crowd is anticipated for the event.

Bouts that have already been matched are listed below. The Amarillo boxer is named first, the weight class and then the Clarendon boxer.

Joe McCarthy (85 Billy Bob Adams; Jack Cealey (105 Stewart; Jr. Eads (118) to be named; Glen Duckworth (112) Billy Chilton; Reuben Noel (112) Kenneth Davis; Donald Roush (126) Raymond Adams; Buster Holman (118) Troy Wiley; Sammy Simms (135) R. E. Lawrence; Red McClish (135) Red Carter; Jimmy Hamilton (147) Dudley Trussell; Bill Black (155) Dan Whitsell; Red Glasgow (160) Charley Johnson.

Other Clarendon boys who will fight if matched are: Jimmy D. Lowry; G. T. Mayo; Duane Littlefield; Royce Morris; Ralph Nichols, and Foster. There are several other boys who are ready if they can be properly matched. All of the aforementioned matches are assured and probably all of the ones not matched at present that have been named.

The Owens twins from Hedley will put on a special exhibition for the benefit of the home fans. Jimmy Hamilton, who is to fight Dudley Trussell, went to the quarterfinals at the state Golden Gloves Tournament at Fort Worth before an injury to one of his hands forced him to withdraw.

Buster Holman and Troy Wiley are to have a repeat performance from their recent rousing battle in the finals of the Maverick Club Tournament in Amarillo. The highly rated Roush, who is a knockout artist is expected to have an interesting evening with the classy and experienced Adams.

Charley Johnson and R. E. Lawrence, Junior College boys, are making their first appearance in local rings and are promising the Amarillo boys a rugged time of the slugging sport.

Joe McCarthy and Billy Bob Adams are both small but mighty classy battlers. The aggressive Broncho footballer, Dan Whitsell is making his debut in the squared ring. As usual, Clarendon's two prize flyweights, Chilton and Davis will provide plenty of action.

Tickets for the event will go on sale this weekend and it will be a good idea to get yours early to assure you of a good seat, for it is understood that a sell-out is expected.

THREE DONLEY YOUTHS LAND IN JAPAN

Word has been received here by the parents of three Donley County boys who left Clarendon Sept. 18 for induction in the Army, stating that they had landed in Japan Dec. 22nd, 1946. The three are Olive Clay, Joe Landreth and Javan Tucker.

Mrs. Will Johnson visited her sister in Pampa Tuesday.

LIBRARY NOTES

By Mrs. C. A. Burton

Several of our friends have remembered us with a book or books during the last weeks. Judge and Mrs. J. R. Porter gave us Ernie Pyle's "Last Chapter" in memory of Fred Buntin. We so appreciate these memorial books. Mrs. Frank Phelan recently gave us \$10 with which to buy some new books and this will mean several new ones. The decision must be made as to which are most needed—books for the grown-ups, for the small people or for the boys and girls. Am inclined to think these last will get most of it.

The \$6,500 Julian Messner Publishing Company award for the best book combating intolerance in America goes to Shirley Graham's "There Was Once a Slave." It is the story of Frederick Douglas, friend of Lincoln and Gladstone and symbol of emancipation. This was chosen from thousands of manuscripts submitted.

Thomas Carr Benet, son of Stephen Vincent Benet and nephew of William Rose Benet, is

following the family tradition by selling books. Ex-GI Benet is the newest salesman at the Double-day book shop. Macmillan at last received sufficient paper and is publishing 25,000 more copies of "Forever Amber."

Because Lion Feuchtwanger's new novel about Benjamin Franklin in Pon's is so long—800 page manuscript—it may have to be printed in two volumes.

A new book is in process of construction by Stefan Lorant—"The Presidency: A History of American Presidential Elections." Stefan Lorant was a most successful editor in his native Hungary—and was one of the first victims of Hitler's concentration camp procedures in 1933. Through the Hungarian government he was released and he wrote "I Was Hitler's Prisoner"—750,000 copies of which were sold in England alone. He came to this country a few years ago, and his first book here was "Lincoln, His Life in Photographs." His latest is "The New World, The First Pictures of America."

Arthur Koestler will leave Palestine for Hollywood to write the

screenplay of his book, "Thieves in the Night"—the Jewish story which is front page news.

Dashiell Hammett's "The Thin Man" has been one of the most profitable books ever published by Knopf. The publishing house shared in the sale of the film rights and has received \$100 a week from the radio serialization.

Most big authors and playwrights are selling their wares on a basis which spreads the returns through a ten year period, instead of in a lump sum—thus avoiding income tax. One of the last cash-down deals was the sale of Ernest Hemingway's "For Whom the Bell Tolls," for \$150,000. It will be seven years before his next book.

W. L. White, whose last book was "Report on the Russians," is finishing his next one, "Report on the Poles and the Germans."

MIDWAY

Mrs. John Goldston

The Midway school bus did not run on Thursday or Friday on account of the bad weather.

Mr. and Mrs. Al Word and children have been visiting her parents during the snowstorm, as the road to the ranch was impassable.

Everyone living below the Mooring place have been marooned since the snow. The men are out today (Monday) with tractors and shovels, opening up the roads. The school bus came thru from the Mooring farm today, but so far we have had no mail the new year.

Mrs. Edith Longan returned from a visit with relatives at Amarillo and Plainview Monday night.

Mr. and Mrs. Miller of Clarendon visited with Mr. and Mrs. Will Chamberlain Sunday.

Mr. and Mrs. Gene Chamberlain and boys of Memphis visited in the Goldston home and with his mother in Clarendon Sunday afternoon.

Mr. and Mrs. Marvin Jones were dinner guests of Mrs. Jones in Clarendon Sunday.

Mr. and Mrs. Edwin Eanes who spent the holidays with her parents, returned to their home in

Your Week

Weekoscope by G. C. Industry. A weekly horoscope and trivia column. Includes sections for Jan 6 (John of Arc), Jan 7 (Balloon flight), Jan 8 (Massachusetts ratification), Jan 9 (Photography), Jan 10 (Buffalo Bill), Jan 11 (Actress Eva Legallienne), Jan 12 (Russian offensive). Includes a 'Weekoscope' section with a drawing of a man and a 'Weekoscope' section with a drawing of a woman.

Mr. and Mrs. W. W. Taylor visited their daughter, Mr. and Mrs. Steve Matthews and new grandson at Pampa Sunday.

Miss Margaret Hinds left Sunday for Albuquerque, N. M., after spending a few days with her girl friend, Marjorie Parker. Miss Hinds and Miss Parker previously were employed in Long Beach, California.

Born to Mr. and Mrs. John N. Plaster of Pampa, January 2, 1947, a girl, Cynthia Ann, wt. 8 lbs. Mrs. Plaster is the former Hazel Gilbert, daughter of Mr. and Mrs. Clyde Gilbert of Clarendon.

CARD OF THANKS

I wish to express my thanks for the many nice friends who remembered me at Christmas time and I want everybody to know it was appreciated. After all thirty months is a long time to be sick. I also wish to thank the Clarendon Lions Club for the nice gift they helped me to get. The Braille writer is something I have always wanted and I am very proud of it.

Hogg Foundation For Mental Hygiene Receives Grant of \$7,725.00

A grant of \$7,725 has been received by the Hogg Foundation for Mental Hygiene at the University of Texas, it was announced recently by Dr. Robert L. Sutherland, director of the Foundation. The grant was made by the Woman's Foundation of New York.

The funds will be used to establish demonstration projects over Texas to solve community problems affecting family life. Special services worth an additional \$3000 will be provided directly by the Woman's Foundation.

Texas is the first state selected by the Woman's Foundation for demonstration work. Methods developed in Texas will later be tried elsewhere in the nation.

Five communities are being selected for the projects, which will continue to Nov. 1, 1947. They will include a city with a population of more than 100,000, two cities between 50,000 and 100,000, one between 20,000 and 50,000, and one community with less than 500 people. Corpus Christi, Beaumont, Waco and Slocum have already requested the work.

In the cities chosen, all civic

groups will meet to decide what community problem related to family life they want to study under the grant. Local organizations will participate in developing the project. They will include such co-ordinating groups as schools, chamber of commerce, council of parents' organizations, federation of study groups, council of service clubs and community planning councils.

The demonstration community will next devote a month to studying problems affecting the family in this postwar period. Then it will pick the problem it considers most important for work during the coming months.

After the problem is selected, the community will ask the Woman's Foundation and the Hogg Foundation for consultants to visit, and help advise how best to attack the problem. Nationally known consultants will be available when communities request them. They will visit a community and work with the leaders there as long as they are needed.

The Homemaking Division of the State Board for Vocational Education and other statewide groups will be called on for advice and assistance.

"Each community is free to make its own study and plan of action in its own way," Dr. Sutherland. "This is primarily a local project, with the Woman's Foundation and the Hogg Foundation giving help only as they are requested to do so."

"Besides enabling an individual community to solve its most pressing problem relating to family life, we hope these demonstrations will stimulate other places to develop co-operative methods of study and action in the area of family living. They should also suggest some methods by which this can be done."

The initiative which community groups have already taken in Texas caused it to be chosen, according to Dr. James M. Wood, president of the board of the Woman's Foundation. The Woman's Foundation is an organization whose purpose is to study the problems in the American home and the woman who must deal with them.

Miss Clynelle Gilbert left Friday for Biloxi, Miss., after spending the holidays here with her parents, Mr. and Mrs. Clyde Gilbert.

U. S. ARMY HOLDS MID-WINTER TESTS IN ARCTIC

Cotton Plans Its Proposals For Research

Memphis, Tenn.—The cotton industry is shaping its recommendations for research to be conducted under the new Agricultural Research Act passed by the last Congress.

When the new Congress meets in January, leaders in cotton research will have ready their proposals for ways to produce better cotton cheaper and market it more efficiently. State experiment station groups in North and South Carolina, Georgia, Mississippi, and in the irrigated cotton areas of Arizona, Southwest Texas, New Mexico and Arizona have already held meetings and discussed fields into which research should expand.

Some of the problems which need the careful attention of scientists, according to the state experiment station officials, are:

Breeding and production of cotton varieties suited to specific uses, rather than the production of "general purpose" fiber.

Determination of procedure for the mechanization of cotton production in various areas, including the production of seed cotton and its cleaning and ginning. Such investigation would study mechanized planting, cultivation, picking and seed cotton processing.

*Cost and return studies to guide mechanization changes.

Cottonseed grading at the gin. There is presently no simple method for grading cottonseed at the gin, although cottonseed oil mills buy according to the oil, protein and other contents of seed.

More effective insecticides. Despite all the other problems of cotton, insects are still the most damaging factor in cotton production. They destroy about 15 per cent of the cotton crop annually, with the boll weevil contributing two-thirds of this loss.

The research legislation, now only an enabling act, must have Congressional appropriations before it is effective. A National Advisory Council of agricultural experts has been set up to prepare final recommendations.

Dr. Clarence Dorman of the Mississippi State Experiment Station, Starkville; Dr. L. D. Baver of the North Carolina Experiment Station at Raleigh, and Dr. P. S. Burgess of the Arizona Experiment Station at Tucson. These three will co-ordinate regional research projects under the act.

Mrs. Carl Pittman and children spent the weekend in Amarillo visiting Carl who is working up there.

Mr. and Mrs. C. E. Wheeler had as guest last week her brother, Rufus Pharr and a sister-in-law, Mrs. W. H. Pharr and boys, all of San Antonio, Texas.

THE STATE OF TEXAS

To the Sheriff or any Constable of Donley County Greeting:

Janie V. Grimsley and Ora Violet Grimsley, Administrators of the Estate of Martha J. Hogue (Kinsey), deceased having filed in our County Court their Final Account of the condition of the Estate of said Martha J. Hogue (Kinsey), Deceased numbered 896 on the Probate Docket of Donley County, together with an application to be discharged from said Administration.

You Are Hereby Comanded, That by publication of this Write once in a newspaper regularly published in the County of Donley, and said publication shall be not less than ten days before the return day hereof, you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on Monday, the 20th day of January 1947 at the Court

House of said County, in Clarendon, Texas, when said Account and Application will be acted upon by said Court.

Given under my hand and seal of said Court, at my office in the City of Clarendon, Texas this 6th day of January A. D. 1947.

Helen Wiedman, Clerk County Court, Donley County.

A True Copy, I Certify, Sheriff Guy Wright Donley County By Truett Behrens, Deputy Sheriff.

(47-c)

Mr. and Mrs. W. W. Taylor announce the arrival of a new grandson born January 2nd at a Pampa hospital. He weighed 7½ lbs. and was named Stephen Taylor Matthews. The proud parents are Mr. and Mrs. Steve Matthews. Mrs. Matthews will be remembered as Dorothy Jo Taylor.

Donley County Leader, \$2.50 year

Look up and down any street tonight—many of the most attractive homes in daytime are now dark and uninviting after nightfall.

Turn on the porch light and even the most modest homes stand out as the most charming and gracious in the neighborhood. Where the light is burning you feel that a cordial greeting awaits, that hospitable folks are inside, and that friends are always welcome.

Maybe you haven't been conscious of the friendly significance of that beckoning light. Drive out tonight and feel the difference when you pass the lighted homes.

For one month—two hours nightly—you display this outdoor sign of friendship for about the price of one-half pack of cigarettes. Surprisingly cheap, isn't it?

AN APPRECIATION

I was with a mingled feeling of both relief and regret that I left the office of County Judge and became a private citizen once more; but I have not forgotten, and will not forget the wholehearted support which I received from the people of Donley County during my stay in the court-house. The people have been both kind and generous to me, and although I am out of office, I will appreciate their continued friendship and goodwill as much as ever. I am saying "Goodbye" to the office but not to my friends. I still need them, their good will and friendship and I hope to keep them all.

R. Y. KING

Patsy Pittman is in Joplin, Mo. visiting Mr. and Mrs. Roy Kitch, Sue and Gregg.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ-laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

THE TEMPLE OF TRUTH
By the Apostle

From listening to Washington news the past few days, one naturally comes to the conclusion that a politician may be out of order, but never out of gas.

When the Legislature goes into session down at Austin, insist of your representative that more highway patrolmen be put on the job. Clinch that with a demand for more rigid penalties for pure carelessness and cussedness.

Profane and dirty tales are not new. When the livery stables went out of business, the tales were moved into parlors.

When Polio killed 232 people in Texas, a great howl went up. Now that over two thousand have been killed by auto, bus and truck the past year, it is taken as a matter of fact.

Say this for our pioneer stock of the Panhandle. He would much rather have a straight job at \$30 a month as in the long ago, than to try to get along on a present-day \$20 a month pension.

The Magic Valley down on the sound end had its day. Since the recent blizzard, the name has been changed to "The Land of Smudge Pots and Busted Bumpers!"

In the old days of "prancing and romancing" we really thought we were going places. Now the next generation comes along with

"waggin' and draggin'" as they cavort over the dance floor and show us that we had not heard a thing yet.

During the meat shortage, a stranger dropped into a dirty spoon eating joint that was in operation here at the time. Among the wants included a glass of alleged milk. When the waiter put it before him, he eyed it for a spell and called the waiter.

"Say, gal, there is something swimming around in that sweet milk. Now he is bogging up on top of what looks like a piece of cabber. I think he sees me, too. Durned if it ain't a grasshopper." Then the waiter grew indignant and said "shut up, if the others hear it every one will want a hopper. Meat is durned scarce in this joint!"

Well, when the spell finally broke it really broke. On Sunday morning at 5 a. m. the thermometer stood at 3 below. At 7 a. m. it was 7 above. At noon it was 42 above. How is that for old Donley representing a punk piece of weather?

Comes now one J. Claude Wells of the Memphis Democrat prating about a family moving from Florida to Memphis for health benefits. All that we can say is that Mr. and Mrs. Frank Miller expect to leave the 15th for Florida. Hey, something will have to be done about this!

SKYLINE TIDINGS
By Ethel R. Harvey

Fifteen enthusiastic members of the Donley County Aviation Club braved the near zero temperature last Thursday evening to attend the first meeting of the club in 1947—could be they had advanced information about the steak dinner. At a brief business session Miss Nettie Sims was elected secretary-treasurer, to replace Mrs. Hurst. Dr. Keith Lowell had his re-

cently purchased converted Cessna UC-78 twin engine plane flown over from Plainview Friday afternoon to take Jean Speed Tyler to a Dallas hospital. Harry Blakney flew the plane over and made the trip on to Dallas, which incidentally, was made in one hour and thirty-five minutes. The City's street maintenance equipment was used to clear the snow from the runway at the airport for the plane to land.

James Clark received his private license the first of the week. Jack Riley made his solo flight the past week. H. L. Lane and J. Fred Smith, Jr. made a business trip to Lubbock in a BT-13.

A three passenger 100 HP Super Cruiser cub plane is being demonstrated at the airport this week. The public is invited to see the new plane.

ASHTOLA
Mrs. Keith Swinburne

Elizabeth Talley of Clarendon visited Edna Mahaffey Sunday.

Josephine Speir and Joyce Dinger spent the weekend in the Thomas Swint home.

Mr. and Mrs. Roy Cornelius and family and Mr. and Mrs. Bill Whitworth of Lubbock visited the H. S. Mahaffey's last Saturday.

Mrs. James Patman and son of

Kansas City visited in the Van Knox home during the holidays.

Mr. and Mrs. H. S. Mahaffey spent last Sunday in the home of Mrs. Cornelius of Clarendon.

Ann Mae Swearington visited her sister, Mr. and Mrs. J. B. Melton of Clarendon over the weekend.

The Floyd Blalocks attended the funeral of a baby cousin in Memphis Monday.

Rev. and Mrs. Frank Baugh and children of Hollis, Okla. spent Christmas with her parents, Mr. and Mrs. V. S. Knox.

Mr. and Mrs. B. F. De Bord spent Christmas day with his parents, Rev. and Mrs. De Bord of Clarendon.

Mr. and Mrs. Otis Denry and children of Amarillo visited her parents, Mr. and Mrs. V. S. Knox during the holidays.

Mr. and Mrs. C. G. Knox and Mr. and Mrs. Boner Howard of Lelia Lake and Mr. and Mrs. Cecil Dodson of Clovis, N. M. visited Mr. and Mrs. V. S. Knox during the holidays.

Sandra Jo Bownas of Ft. Worth visited friends here Monday.

Mr. and Mrs. Floyd Blalock visited in Memphis Sunday.

We welcome the Williams family to our community. They have moved to the Hershel Brinson place.

The Jersey is the principal dairy cow in Texas.

The most widely distributed fish in Texas is the catfish.

SOCIAL SECURITY INFORMATION

Employers who expect to hire help for the Christmas holiday season are urged to obtain the Social Security account number of each employee, according to a statement from J. R. Sanderson, Manager of the Amarillo Social Security Field Office.

It is the part time employee, Sanderson pointed out, whose account number is most often missed. Consequently, each employer should make a record of each new employee's number the same day he is hired. This will enable the employer to submit correct and complete Social Security returns, will insure that the worker will get benefit for the wages earned, and will save the employer, the employee, and the local Social Security Field Office time and expense in trying to locate missing account numbers.

HOGGATT-STANLEY

J. G. Stanley Jr. and Miss Joy Mae Hoggatt of Lakeview, Texas, were united in marriage at 8:00 p. m., Dec. 30, Rev. H. W. Hanks, pastor of the First Methodist church of Clarendon, read the vows at the parsonage.

The standing attendants were Boyce Edens of Estelline and Bettye Brown of Clarendon.

The bride was attired in a dark green two-piece suit and black accessories and a corsage of white roses and white sweet peas. She carried a white Bible.

Her attendant, Miss Brown, wore a gold dress with black accessories and a corsage of white carnations.

Mrs. Stanley, the daughter of Mr. and Mrs. I. T. Hoggatt of Lakeview, Texas, was graduated from Lakeview high school with the class of '46 and was attending Junior College in Clarendon at the time of her marriage.

The groom is a son of Mr. and Mrs. J. G. Stanley Sr., formerly of Itasca and was graduated with the class of '44 at Salinas high school, Salinas, Calif. He served for 29 months in the US Navy and following his discharge in 1946 he attended Clarendon Junior College.

Attending the ceremony, other than Mr. Edens and Miss Brown were Miss Lovoy Stanley, sister of the groom, who wore a two-piece rose suit with black accessories and corsage of white carnations; father of the groom, Mr. J. G. Stanley Sr., Misses Elsie Cooper, Joan Blackwell, Ruth Jones, Jeanie Porter, Mr. Burrell Rhea, and Mrs. H. W. Hanks, wife of the Rev. Hanks.

Mr. and Mrs. Stanley are at present visiting relatives in Itasca.

present visiting relatives in Itasca.

MARKLEY-STEWART

Of interest to local folks was the marriage on December 17th of S/Sgt. Joseph R. Stewart, son of Mr. and Mrs. John A. Stewart of Pampa, Texas, to Miss Louise Markley, daughter of Mr. and Mrs. Arthur H. Markley of San Diego, California.

The Stewarts were former residents of Clarendon for several years.

Vows were exchanged at Wellington, Kansas.

Sgt. Stewart is stationed at Enid, Okla.

KAPPA SUB-DEBS

Sue Smith, president of the Kappas, held the regular afternoon meeting in the Clarendon Hotel January 1, 1947. Due to bad weather only ten members were present. Each girl answered the roll call with a New Year's resolution. The program chairman was absent and Ellise Norwood provided a last minute entertainment. This entertainment consisted of reading Sub-Deb articles and round-table discussions followed. The articles are of interest and pertain to the problems of every teen-age girl. Many problems of teen-life are discussed or fully answered in these articles.

Hot cocoa and delicious brownies were served during the discussions.

Carl Morris who has been visiting his parents, Mr. and Mrs. C. B. Morris and family through the holidays, returned to Austin Sat. where he is attending Texas University.

MARY FRANCES ROBINSON RECEIVES GREAT HONOR

Miss Mary Frances Robinson, daughter of the Rev. and Mrs. C. B. Robinson of Clarendon, has been selected by the faculty of Austin College, Sherman, to represent her school in the Who's Who among Students in America.

MARY FRANCES ROBINSON

can Universities and Colleges. She is one of the ten students of Austin College to receive this distinction, selections being based on service to the school, campus activities, scholarship, and all honorary and social organizations to which the student belongs.

Miss Robinson will complete her work at Austin College in her third year, majoring in the fields of Bible and Religious Education. She is now president of the Spanish Club.

NEW S. S. CLASS ORGANIZED

The newly organized Womens Sunday School class of the Presbyterian Church met for a social at the home of Mrs. Guy Wright.

Mrs. Millard Word is the present teacher of this class.

The name "True Seekers" was voted on as a name for this class. "We hope to live up to the name of our class," a member stated.

A motion was made and carried that the "True Seekers" sponsor a nursery for small children, age limit to 6 years, during the Sunday morning church hour. A capable woman will be hired by the class to conduct this nursery.

The aim of this nursery is to increase church attendance.

Refreshments of ginger bread and whipped cream and spiced apple cider were served to the following:

Mesdames Howard Stewart, M. F. Achor, C. B. Robinson, Millard Word, J. G. Stewart, Carroll Knorpp, Heckle Stark, J. C. Blackburn, W. B. Smith, John McMahan, Emmett Hollingsworth, Evaloe Reed, Miss Mable Mongole and hostess, Mrs. Guy Wright.

The February meeting will be held with Mrs. John McMahan.

CIRCLE NO. 2 OF THE PRESBYTERIAN CHURCH

The Circle No. 2 of the Presbyterian Church had its monthly meeting at the lovely home of Mrs. Lumpkin.

Mrs. J. G. Stewart gave the article Calling the World to Righteousness. Mrs. M. F. Achor gave a talk on Old Command with new urgency.

Prayer was led by Miss Mable Mongole.

Refreshments of angel food cake, hot coffee and tea were served to the following: Mrs. Guy Wright, Mrs. Lee Bell, Mrs. J. G. Stewart, Mrs. Howard Stewart, Mrs. Carroll Knorpp, Mrs. M. F. Achor, Evaloe Reed, Miss Mable Mongole and hostess, Mrs. Lumpkin.

The next meeting will be held with Evaloe Reed. Mrs. Achor will be co-hostess.

BIRTHDAY PARTY

Mrs. Homer Estlack honored her son, Allen Homer, with a party on his 9th birthday Wednesday afternoon.

The neighborhood children gathered at the Estlack home after school for a variety of indoor games. Balloons were given as favors. Many nice gifts were received by the honoree.

Refreshments of cake and hot chocolate were served to honoree, Allen Homer Estlack Wilson and Tommy Lane, Richard Kelly, Janet and Glenda Mooney, Geo. and Judy Thompson, Jackie Estlack, Barbara Estlack, Jawana DeShazo, Donna Estlack, Mike Thornberry.

Arvazene Smith and Ira Estlack assisted the hostess in entertaining the youngsters.

Donley County Leader, \$2.50 year

BIRTHDAY PARTY AND DANCE

Vanetta McClellan entertained a number of her little friends with a party and dance at the home of her parents, Mr. and Mrs. John McClellan Wednesday evening. The occasion was Vanetta's 10th birthday.

After an evening of gala entertainment, the youngsters were served a plate refreshment.

Those present were hostess, Vanetta McClellan, Janice Benson, Ruth and Rebecca King, Evaloe Pharr, Betsy Ann Cole, Dorothy Jo Knorpp, Bertha Mae Reed, Martha Nichols, Jo Carroll Mace, Tommy Biasingame, Glenn Wallace, Cleburn Talley, Frank White III, Bernie Benson, Lonnie Smith, Bill Noblet, Jerry Swinney.

Fruit And Vegetable Seasonal Shipments

From the opening of the season to the end of October 1,632 cars of Texas fruits and vegetables were shipped by rail according to the Texas Business Review published by The University of Texas Bureau of Business Research. This total was slightly more than half the volume shipped during October last year when 3,118 cars were loaded. Biggest carload declines this year during the first weeks of the season were in grapefruit, off 1,063 cars and peppers, off 303 cars. Mixed citrus shipments fell from 372 cars to 234 cars. Despite a slow start it is expected that this season will be a record-breaker.

THE MAN WHO SOLD HOT DOGS

This talk of recession, depression, bad business, and the economic pitfalls we are facing by any other name reminds us of the story of the man who sold hot dogs. It goes like this:

"There was a man who lived by the side of the road and he sold hot dogs. He was hard of hearing so he had no radio. He had trouble with his eyes so he read no newspapers. But he sold good hot dogs. He put signs up on the highway, telling how good they were. He stood by the side of the road and cried: 'Buy a hot dog, mister.' And people bought. He increased his meat and bun orders. He bought a bigger stove to take care of his trade. He finally got his son home from college to help him. But then something happened. His son said: 'Father, haven't you been listening to the radio? Haven't you been reading the newspapers? There's a war on. The European situation is terrible; the domestic situation is completely upset. Everything's surely going to pot.' Whereupon the father thought, 'Well, my son's been to college, he reads the papers and listens to the radio and he ought to know. So the father cut down his meat and bun orders, took down his advertising signs, and no longer bothered to stand out on the highway to sell his hot dogs. And his sales fell almost overnight. 'You're right, son,' said the father to the boy. 'We certainly are in the middle of the damndest times.'"

1920 BRIDGE CLUB

Mrs. Walter Knorpp entertained the 1920 Bridge Club on Friday afternoon at her home on West Fifth Street. Three tables of guests played Contract, with Mrs. Simmons Powell winning high score; Mrs. Clyde Slavin was given a consolation prize.

At the close of the games a salad course was served to Mesdames Powell, B. F. Kirtley, Lawrence Neece, Floyd Lumpkin, Carroll Knorpp, George Norwood, Misses Mary Cooke and Charlotte Molesworth, members, and to Mesdames Slavin, Ray Palmer, Kelly Chamberlain and John Knorpp of Amarillo, guests.

MCCRARY-COOKS WEDDING PARTY ENTERTAINED

On Saturday evening after rehearsal, the Rev. and Mrs. H. W. Hanks entertained the McCrary-Cooks wedding party with a formal dinner at their home at the Methodist Parsonage. Miss Mary Nell Hanks, a student of T.W.C., Ft. Worth, and a member of the wedding party, assisted her parents.

The long dining table was laid with a white Damask linen cloth with a centerpiece of silvered evergreen entwined with pink carnations surrounding a giant white candle on a mirror reflector. The table appointments were of crystal and silver and the entertaining rooms were decorated with pink and white carnations and silvered greenery.

Only members of the wedding party attended.

Mrs. C. C. LaGrone and infant son returned to their home Tuesday afternoon from Memphis where the baby had been hospitalized since last Saturday with pneumonia. The baby is reported to be well on the road to recovery at this time.

Salt Questioned As Sausage Preservative

Tests conducted at the Quartermaster Food and Container Institute for the Armed Forces at Chicago over a period of nine months have disclosed that fresh frozen pork sausage prepared without salt keeps better than the same product prepared with salt.

The tests were to determine a satisfactory method of preparing sausage for freezing to provide maximum stability, appearance, and palatability. It had been found that fresh frozen pork sausage developed rancidity after relatively short periods of storage at temperatures of 0 and 15 degrees F.

Three lots of sausage from the same initial stock were identically prepared except for seasoning ingredients. One lot was seasoned with sage, pepper, sugar and salt. Another contained sage, pepper, and sugar only, and the third contained no seasoning. Samples were prepared for mall lots, frozen at zero degrees, placed in storage at that temperature, and every 30 days portions were removed from each lot and submitted to chemical as well as taste tests.

At the end of three months it was noted that the sausage which contained salt had deteriorated in appearance, flavor, and odor. Taste tests indicated similar deterioration, and chemical examinations confirmed these indications.

After each succeeding month of storage and subsequent examinations, the samples containing salt continued to deteriorate in all respects and became so gray in color that it was necessary to taste test the three types under red lights to eliminate the ease of detecting the salt-seasoned sample from the two types prepared without salt.

The tests indicated that seasonings other than salt had but little effect on the development of rancidity in the sausage during freezing, storage and cooking. On the contrary, the type to which sugar, sage, and pepper had been added were slightly more accept-

PICTURE NEWS OF THE WEEK

CHARLES P. TAFT, prominent Cincinnati lawyer and brother of U. S. Sen. Robert Taft, has just been chosen as the new president of the Federal Council of Churches in America. The first layman to hold the post, Taft succeeds Bishop G. Bromley Oxman. Two-year-old MARLENE GREEN, Greenfield, Cal., blind since birth, has just been given the gift of sight through a delicate operation brought about by the generosity of a group of railroad men. JANIS PAIGE, Warner Brothers beauty, models the latest ensemble for winter wear. Warm number, especially with the fur trimming. A clothes line that will defy sun and rain and will not rust, rot, sag or stretch, is being introduced by Firestone. With 16 strands of black and white Velon plastic braided together, the clothes line is being used by the ladies for decorative purposes as well as domestic duties.

able and had lower deterioration values than the type to which no seasoning had been added. Mrs. F. E. Sawyer visited her sister, Mrs. H. W. Howland at Houston and her daughter, Mrs. and Mrs. C. L. McQueen at Austin. Donley County Leader, \$2.50 year.

Cotton Boats Gain In Favor Of Sportsmen

Cotton is being used increasingly for sportsmen's boats in wide variety, the National Cotton Council said here today.

The council described four boats among those now using cotton for the hull itself of sporting craft, and said still others are being made or developed.

Two of the boats mentioned by the Cotton Council are of new types of laminated plastic and fabric hull construction, said to be stronger, tougher and lighter than wood or metal boats of equal weight. They are seamless, resistant to rot, leakproof, and absorb practically no moisture—this latter quality making them resistant to water-logging.

One firm making the chemically molded cotton and plastic craft produced heavier models during the war that were used in amphibious landings through heavy surf over rough coral beaches without damage. The makers explain that the molded material has high shock-absorbing quality.

Another firm, which, during the war, was famous for an aviation training device it produced, is in production on a collapsible canoe, made of molded sections of plastic and cotton laminate. The whole craft knocks down in a few minutes to make two packages totaling 65 pounds which may be carried like suitcases. The canoe is made watertight with a canvas sheath which pulls easily over the assembled sections and is swiftly fastened with laces.

An Ohio firm manufactures a folding boat which comes in skiff and canoe models. The canoe weighs only 55 pounds and has a carrying capacity of 900 pounds! Folded, it makes a package six feet long and eight inches square. One of the folding skiffs makes a similar package only five feet long. These folding craft are of wood frame construction covered with flexible, resilient, leakproof canvas. An Arkansas sportsman has owned one of these boats for 15 years and is still using it as a guide boat to carry as many as four persons, plus shotguns and game.

The folding canvas boat is easily carried on the outside of the huntsman's car. The demountable plastic and cotton canoe packs easily—in its two pieces of hand luggage—into the back of a car. The rigid type, molded craft may be carried on the top of the car. One of them comes complete with a special rack and lever by which the boat is lifted quickly on or off the car top by one person. The rack holds the boat rigid on the car at all speeds and does not interfere with windows, doors, rear view mirrors or trunk.

The Cotton Council noted that such lightweight, strong craft are finding an ever-increasing market as the accent increases on hunting and fishing among sportsmen who like to take their own boats with them to the growing number of water sites being developed throughout the United States.

Mr. and Mrs. William Lewis Jr. left for Dallas Sunday for a few days visit with Mr. and Mrs. W. J. Lewis Sr.

Blind VA Therapist

Blinded by a premature dynamite blast while in training with the Army Corps of Engineers, Raymond T. Frey, 29-year-old Pennsylvania, recently climaxed three years of successful adjustment to social and occupational pursuits. Aided by the Veterans Administration's rehabilitation program, Frey was graduated from the University of Pennsylvania School of therapy as a physical therapy technician. He is shown above applying pads for treatment for vascular obstruction to a patient's knee in a VA hospital.

New Stretchy Cotton Fabric Developed

One of the nation's largest rubber companies has developed an elastic cotton fabric that contains no rubber.

The fabric, already being sold for bandages, achieves its elasticity through the shape of the yarns of which it is made. Each tiny yarn is coiled like a spring.

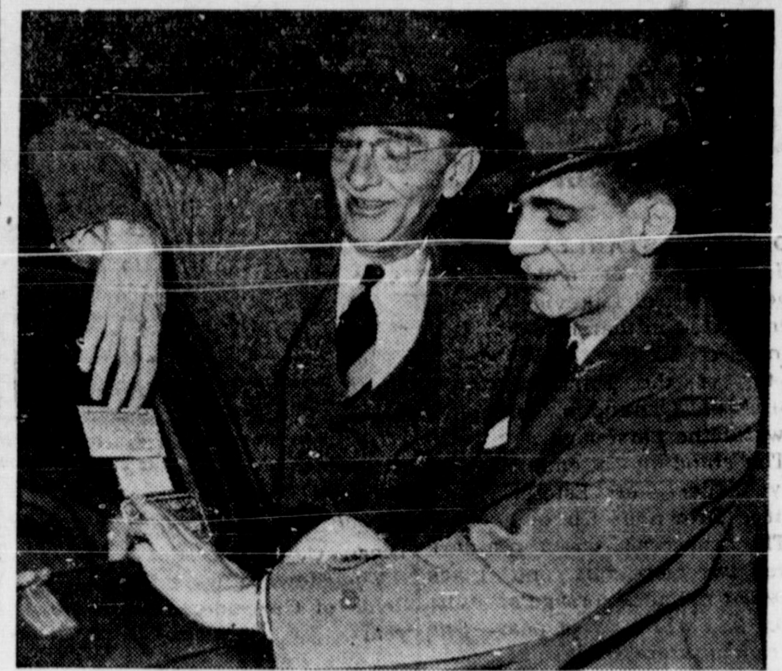

The new fabric can be made with various degrees of elasticity—some of it capable of being stretched to twice its normal length. As soon as it is dry, after laundering or dry cleaning, it regains its original stretching quality.

Bandages made of it, the firm's researchers pointed out, are especially valuable for wrapping joints or other irregular portions of the body. The material, in a somewhat different weave, and colorfully patterned, makes slip covers that conform perfectly to home furnishings or auto upholstery. Gloves and sports garments have been made of it.

The material is not intended for such articles as girdles or foundation garments, the firm explained, since it does not have the high tension of materials depending for elasticity upon rubber.

The firm has also developed a cotton yarn 70 per cent stronger

Free Parking for Disabled Vets

Seattle Councilman Al Rochester, left, sponsor of a recent amendment to the city's traffic code giving disabled veterans free parking rights in all unrestricted areas, here supervises installation of the first windshield sticker on the automobile of James Currie, right, who lost both legs on Okinawa. Rochester, a World War I veteran, holds a bullfold card matching the sticker.

than ordinary yarn, and has produced a competitor for linen toweling which comprises 80 per cent cotton and 20 per cent asbestos, and has high absorption and polishing characteristics.

Delene Gray Bagby is visiting friends and relatives here now. She will return to her home in Washington State as soon as traveling conditions permit.

 Fertilizers have a definite place in the building and maintaining of soil fertility.

Manufacturing Activity In Texas

The manufacturing of dairy products in Texas during October decreased 4 per cent from September, and represents about the usual seasonal decline, according to reports compiled by the Bureau of Business Research of The University of Texas.

In spite of the decrease in the total amount of dairy products manufactured, the production of creamery butter increased 22 per cent. This increase in butter production was at the expense of ice cream and cheese production, each of which decreased 19 per cent. The decrease in ice cream production, however, was seasonal in nature.

Mill receipts and crushings of cottonseed doubled and stocks rose 58 per cent between September and October. For October receipts totalled 185,873 tons,

crushings 103,705 tons, and stocks at the end of the month 223,209 tons. This rise followed the usual seasonal pattern, but crushings in comparison with October of last year were off 15 per cent.

September wheat grindings in Texas consumed 3,658,000 bushels of wheat as compared with 3,634,000 bushels in August. In comparison with September 1945 wheat grindings were down 3 per cent.

Cotton mill activity in Texas increase in October, with the average spindle hours showing a rise of 9 per cent over September. At the same time the consumption of cotton in Texas mills increased 16 per cent. In comparison with October of last year average spindle hours increased 22 per cent, with an accompanying increase in cotton consumption of 38 per cent. The total number of active spindles in Texas in October was 245,310.

U. S. Army Signal Corps "shot the moon" by radar last January; it was a successful experiment showing that radio waves in the very high frequency band can penetrate the celestial void.

For further information about enlisting in the signal Corps contact M/Sgt. G. W. Parrot, Legion Hall, Clarendon, Texas.

Stencil Prints Easy To Make

Buffalo Springs, N. D.—If you want to make the most of those white and cream-colored cotton sacks instead of merely using them for dustcloths, Mrs. Elmer Silka suggests that you dip into your originality and try your hand at textile printing.

Mrs. Silka has made numbers of useful household items and pretty garments from plain bag fabric which she brightened through employment of simple fabric stenciling ideas.

Typical of the house furnishings possibilities in the process is the re-decoration theme carried out in her boy's room. This she did in light tan sacking decorated with stencil designs following the cowboy theme.

The girl's room was changed attractively through articles made from ivory sacking, carrying out the colonial girl theme in coral blue.

Another interesting project was worked out for a baby's dress, bib, romper, crib cover, pillow slip and sheet set.

Stenciling is easy with proper materials. The sacks may be tinted first, but preferably in light shades in order not to interfere with the design.

Federal Internal Revenue Collections

The federal government collected \$58,469,523 in revenues in Texas during October according to official figures tabulated by the Bureau of Business Research of The University of Texas.

In all its history the U. S. Weather Bureau of Brownsville has never recorded a measurable snowfall.

Texas largest cavern is the Longhorn Cavern, located between Burnet and Marble Falls.

Here's WHERE YOUR DOLLAR STRETCHES FURTHER. Advertisement for M SYSTEM STORE listing various food items and prices.

number of grand children and great grand children survive him.

Pallbearers were John Heathington, Manuel McKnight, Charley Oakley, Joe Hall, Melyin Cook and Hugo Eldridge. Interment was in Citizens Cemetery with the Murphy-Spicer-Buntin Funeral Home in charge of arrangements.

W. A. Massie Dies at Groom Hospital

Word was received here early this morning of the death of W. A. Massie, former Clarendon resident, at the Groom Hospital shortly before 12 o'clock last night. Mr. Massie, age 85, had been in failing health for quite some time but became more seriously ill only a few days ago. He and Mrs. Massie had been making their home in Groom with a step-son, Jim Wall, for the past two years. Previous to that time, Mr. Massie was a long time resident of Clarendon and had a wide acquaintance of friends here.

Livestock Shipments

AUSTIN—Livestock shipments in Texas soared to 12,388 carloads in October with the end of meat price control, according to reports received by the Bureau of Business Research of the University of Texas. The gain over September was 54 per cent with interstate shipments edging up slightly more than intrastate shipments.

Compared with October 1945 total shipments of livestock last month were still down 9 per cent. Instate shipments, however, were 5 per cent higher than a year ago while interstate shipments fell 12 per cent.

With the exception of sheep all types of shipments were heavier in October than in September of this year. Cattle shipments rose 86 per cent, shipments of calves 95 per cent, and hog shipments 145 per cent. Shipments of sheep were off 46 per cent for the month.

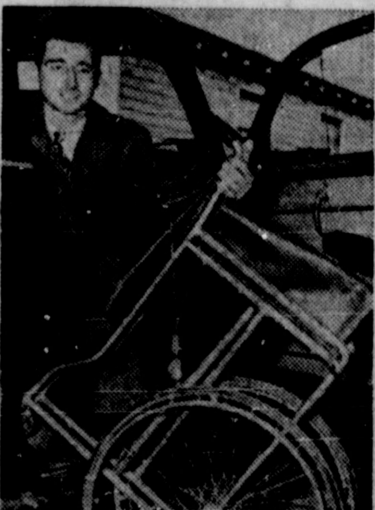

For the 12-month period from October 1945 to October 1946 total hog shipments showed the only increase, a gain of 8 per cent. Shipments of cattle were down 8 per cent, calves 10 per cent, and sheep 14 per cent.

Interstate cattle shipments declined 14 per cent last month from last year's total but intrastate shipments of cattle went up 23 per cent.
