Thirty-Three Prospects Report For Football Training

Thirty three spirited young men reported for football practice this week and started that old hard grind which all of us hope will help to produce a very energetic and score-thirsty team. Out of this group of boys, only ten of them were letter men last year. Most of the remainder have had little or no experience at all, but there is some mighty fine looking material among the boys; in fact some of those returning lettermen had better stay on their toes or they will find themselves sitting on the sideline looking on. Coach McKnight is very well pleased with the squad and is doing everything possible to get them up in perfect shape. He has spent the first part of the week feeling the boys out, trying them for different positions, etc. He has given them a few plays to work on, and is using the T-formation which is very good when mastered by the boys. It is our belief though, that coach McKnight can put it over to the boys to where they can deliver the goods. Bob Bentley has taken over the job as manager and is assisted by Dudley Trussell. These young men and former Broncs will be able to assist the coach in many ways and relieve him of minor duties to where he can put his full time in with the players. George Bulman, 3 year letterman, was chosen captain of the Broncs and Jiggs Mann, 2 year letterman, was chosen as co-captain in a meeting of the squad Monday afternoon. The returning lettermen are George Bulman, Mann, Harp, D. Lowe, W. Lowe, Whitsell, Gene Bulman, Beard, Mayo and Chilton. Others reporting for the team who have very little or no experience are Ray Heckman, Dean Wadsworth, Joe Dilli, Bobby Whittaker, Jim Jenkins, Harley Bradford, Billy Jordan, Bobby Brown, Billy Adams, Tommy Murphy, Ray Morris, Kenneth Davis, Bob Clifford, Gene White, Durwood Skelton, Buster Bain, Ralph Nichols, Hollis Carroll, Nelson Christie, Adrian Myers, Weldon Day, Aubrey Rumpy and Melvin King. If you want to see just what kind of material we have, just drop up to the field any afternoon between 2:30 and 4 o'clock and watch the boys work out. It will do you good to see the system that is used by our new coach.

DISTRICT COMMANDER TO INSTALL NEW LEGION OFFICERS AT HEDLEY

District Commander Jimmie Moore of Amarillo will install the new officers of the Hedley American Legion Post at their Legion hut, Tuesday night, September 10th. The new commander of the Hedley Post is L. E. (Jiggs) Blankenship, and the new Adjutant Foster Pickett. Both are World War II veterans. The retiring Commander of the post is W. D. Franklin, who made an exceptionally good record this year. Mrs. Lucy Grant of Denton is visiting relatives here.

W. P. HOWARD REUNION AT LELIA LAKE

September 1st was a very happy day at the home of Mr. and Mrs. W. P. Howard of Lelia Lake. All the children and grandchildren were home for the first time since 1941.

Those to attend the reunion were Mr. and Mrs. B. L. Howard and boys, Bill Howard, Mr. and Mrs. W. W. Wood and children Patsy, Sue and Paul, all of Amarillo, Mr. and Mrs. Ben Tanner of Gustine, Calif.; Mr. and Mrs. C. G. Kirkland of Clarendon; Mr. and Mrs. Pete Stansell of Clovis, N. M., and Mr. Howard's sister, Mrs. Nora McLroy of Clarendon.

DOVE HUNTING REPORTED GOOD THIS YEAR

According to most hunters who have already tried their skill, the doves are plentiful this year but are already beginning to get wild and accustomed to the sound of shot guns.

Practically everyone who has been out has bagged their limit with very little effort. There seems to be a very good crop of young doves and they are mighty fine eating at this time.

The returning lettermen are George Bulman, Mann, Harp, D. Lowe, W. Lowe, Whitsell, Gene Bulman, Beard, Mayo and Chilton.

School Enrollment Upped Over Last Year's Total

The enrollment in the Clarendon Public schools is up this year over the 1945 total by 84 students. The total enrollment this year is 699 or that was the count which was made at the close of school Tuesday afternoon. The total last year was 615 students in all departments.

There were 84 students that enrolled in the Junior College; 166 in Senior High; 152 in Jr. High and 297 in the Elizabeth Stevens ward school. The total this year in the Jr. High was the same as last year, 152. This year in the Senior High there are 52 Seniors, 61 Juniors and 53 Sophomores. The first two days of the week were spent with the enrolling job and straightening out of schedules and Wednesday found teachers and students getting in to the regular routine of their year's work.

The enrollment in the college is very encouraging as the total last year was only 43 and the total this year of 84 is the largest class since before the war started. Dean Drennan expressed the belief that it was possible that a hundred or more would probably enroll before the school term got very far along.

TO ATTEND CONFERENCE ON MIGRATORY LABOR

County Agent H. M. Breedlove will attend a conference on migratory labor in Paducah on the tenth of September. The object of the conference is to work out plans with counties in the southern part of the state on moving laborers for harvest to this section of the state. Representatives of the Extension Service from the state office will attend and help to work out plans for the moving of laborers to this part of the state.

ATHLETIC COUNCIL PUTTING UP NEW BLEACHERS

Mike Thornberry, representative of the Athletic council, stated this week that work was progressing on the new bleachers being placed on the north side of the football field and that they were rushing along in order that they might be painted and given time to dry good before the first football game here Sept. 13. He also reported that the season ticket sales were progressing nicely and that a fair number had already been sold at this time. There are eight boxes placed at various places around town where you can buy these season passes and you are urged to do so to help promote the athletic set-up and back the Bronchos for what we think will be a very successful season, Mr. Thornberry stated.

Donley Farmers to Plant Austrian Winter Peas

Twelve thousand pounds of Austrian Winter peas will arrive in Clarendon in the next few days to be planted by farmers and ranchers this month. This is the first time that a winter legume has been tried in Donley County and from information gathered by County Agent H. M. Breedlove from experiment stations they should do good in this county. They will afford pasture and serve as a winter cover crop that can be turned under in the spring for soil improvement. The peas will be planted at the rate of 30 pounds per acre with a drill, and 15 pounds per acre with a planter.

The peas cost six dollars per hundred FOB Dallas. Breedlove also ordered sufficient nitrogen to inoculate the seed. The payment by the AAA is five cents per pound for the seed when a reasonable cover crop is established.

Stamp Valid, But Sugar Is Hard to Find

WASHINGTON — Spare stamp 51 in ration book No. 4 is good for five pounds of sugar through Dec. 31, if the grocer has the sugar, OPA reminded housewives Tuesday.

The stamp became valid Sunday. On that day also stamp 49 was supposed to expire, but because of sugar shortages in many cities, OPA extended its validity thru Sept. 30 so that consumers may cash it.

Spare stamps 9 and 10 are each good through Oct. 31 for five pounds of home canning sugar.

IT Poured AGAIN SUNDAY AND SUNDAY NIGHT

It seems that since it once got started that it can rain with very little effort at all. A part of the county including a strip across Clarendon to the north, received a flash rain Sunday afternoon that netted what was estimated at over an inch of rain here in town and varying amounts in other sections. The airport station reported .67 inch. The rain fell within a very few minutes and had all ditches running. Salt Fork of Red River had a nice rise of approximately four to five feet indicating a sharp downpour on its watershed to the northwest. Another cloud which drenched Memphis and the east-part of the county drifted in around midnight Sunday night. They reported over an inch in the fall at Memphis.

We like to see the water fall, but what we need right now for two or three weeks anyway, is some good hot sunshine to make the crop stuff grow and right now a big difference can be seen in all the late row crops and the pastures are beginning to show much more life. This is quite a change from the old dead appearance of some three weeks ago.

Donley county won't be so bad off if we get that sunshine and a late frost.

Mrs. Rufus White returned from Waxahachie Friday night.

FIVE CENT AIR MAIL RATE OCTOBER 1

Announcement is made by Postmaster J. C. Estlack that the air mail rate in the states will be reduced from 8 to 5 cents October 1st.

The Postal department will stage a grand presentation of the new rate to aid in making it a big success. National air mail week will be observed from October 27 to November 2nd.

For merely 2 cents more, one can have the letter delivered within a few hours even when going across several states, with the new air mail routes working at top speed.

Postmaster Robt. E. Hanagan says, "we have a real product. The price is right. The service is good." The folks will buy it, too.

Will Hold Silo Demonstration At Early Date

A trench silo has been dug on the A. P. Thomason farm, two miles from Clarendon on the Brice road. Mr. Thomason is a dairyman and sees the advantage of storing feed in a trench silo as a substitute for winter pasture. The silo will be filled as soon as the feed is mature enough to put in the silo and county agent H. M. Breedlove will hold a demonstration on the dairy farm to explain the digging and filling of the silo.

Farmers and ranchers will be notified at the time of the demonstration and will be invited to attend. The demonstration will last all day and can be visited at any time during the day by those interested. The silo will hold approximately 135 tons of silage and will furnish Mr. Thomason good feed for his dairy herd this winter.

First Broncho Game Friday, Sept. 13.

FOOTBALL FEED AND SHOW ENJOYABLE AFFAIR

Last Thursday night Lee Bell and Mrs. Homer Mulkey entertained the football boys and coach McKnight with a free picture, and then the group went over to the Lee's Cafe where a big T-bone steak supper with French fries and salad was waiting for them. This part of the entertainment was furnished by the owners, Mr. and Mrs. J. D. Coin. The Borden Company furnished the drink and dessert which consisted of plenty of ice cream.

Approximately 30 boys and the coach, representatives of the Borden Company and a few other individuals enjoyed the wonderful occasion.

Dean R. E. Drennan acted as master of ceremonies and thanked the parties throwing the supper and then gave the boys a good pep talk along the line of winning a good portion of the football schedule and doing a first class job on the football field.

The boys all seemed to enjoy the entire evening and appreciated the fact that their townspeople are really getting behind them in every way.

Mr. and Mrs. H. K. Leathers and son, Capt. Bob Leathers visited over the weekend with Dr. Hollis Leathers and family in Muskogee, Okla.

GIRL SCOUTS BEGIN FALL ACTIVITIES

Members of several committees of the girl scout council met with the area field director, Miss Ida McClure, on Tuesday afternoon to help outline activities for the coming months. A training school for leaders and troop committee members was scheduled for Monday and Tuesday, September 16th and 17th.

The council will have its fall meeting on the evening of September 17th. On the 18th all Intermediate and Senior Scouts will meet with Miss McClure to make final plans for their Investiture Service. On the following day Miss McClure will meet with the Brownie Scouts.

Ballenger Man Buys Antro Hotel

Fletcher Curry of Ballenger, Texas is the new owner of the Antro Hotel and is due to move here and take over the operation of the business by the 15th of this month.

The purchase was made this past week from the firm of Watson & Antrobus. The latter firm has been operating the hotel for the past 14 years. The building was built in 1926 and put into operation in January 1927. It has 42 guest rooms, lobby, coffee shop and basement.

Mr. Curry purchased the hotel building, business, furniture and equipment. This does not include the Watson & Antrobus Hardware business as it will be operated as in the past by Mr. O. C. Watson and will be joined by Mr. B. C. Antrobus.

Mr. and Mrs. Curry will operate the hotel themselves beginning the 15th. They are experienced and successful hotel operators and have been in this type of business for the past 19 years.

First Broncho Game Friday, Sept. 13.

Friday, the 13th, is considered by some as a very unlucky day but the Bronchos have a different attitude for they meet their first foe on that date on the local field and they have that pepped-up feeling that they are going to win.

They will encounter the squad from Estelline on that date and this is the first time in several years that they have promoted an eleven man team of competing class. From all reports, the Estelline boys will not be easy push-overs. They have been keeping themselves in shape and are ready to give the Broncs plenty of trouble.

Coach McKnight hasn't made much comment on the game to date as the local boys are new to him and he hasn't gotten the boys all placed where he thinks they will do best. He has a mighty fine bunch of boys from which to pick a team and it will be the boys who put out the most effort that will probably get to start the game Friday week.

Make your plans now to see this game and get behind the Bronchos. Let's have the biggest turnout since before the war for this game, and then stay with the Broncs all the way through their schedule. You may give your money and buy your tickets, but you can't really feel that you are backing the boys unless they can see and feel your presence at the game.

The Clarendon Public School system has accepted the Government appraised price on the gymnasium at the P.O.W. Camp at McLean and plan to start the moving and reconstruction just as soon as all governmental regulations are cleared. The value on the building was set at \$3,785.00, and there is a good possibility that a 40 percent reduction can be taken off that amount if approved in Washington.

For your benefit we quote a portion of the letter received, below:

McLean P.O.W. Camp
Mr. J. R. Porter, President Board of Trustees Clarendon Independent School District and Junior College
Clarendon, Texas
Dear Sir:

The office of Real Property Disposal has received your application to purchase certain betterments (as outlined below), at the above installation for removal at your expense.

Disposal regulations under which the offering of these betterments are made require sales to be made to Federal Agencies at prices equal to fair value and to state and local governments and non-profit institutions at prices equal to current market value, which values are determined by War Assets Administration. You are therefore informed that the price fixed for the betterments covered in your proposal or offer is as follows: Building T-57, Value: \$3,785.00.

The values are inclusive of the heating, plumbing, lighting and fire extinguisher equipment, normally a part of the betterment, as installed at the time of construction. If this price meets with your approval, you must confirm your offer in writing on the basis of such price and transmit your confirmation to reach this office no later than 4:45 p. m., on the 5th day of September, 1946.

Requests from eligible priority applicants for a discount will be forwarded to Washington for consideration by the Administrator. Claimants will be notified of the discount determination.

Very truly yours,
Morgan R. Lewis
Deputy regional director.

The price set out above is somewhat less than the local board expected to get the building, and if granted the 40 percent it will only run something over \$2,000. Getting the building at that price, a real, first class gum can be set up at an estimated cost of between 10 and 15 thousand dollars, and if the material had to be bought from another source and constructed, it would have cost in the neighborhood of around \$35,000 according to contractors' estimates.

The gym will be a real asset to our school system and our town, and is something we have needed for a long, long time.

Smith Cleaners To Open Friday

A new Cleaning and Pressing firm with the name of Smith Cleaners will open this Friday for business in the Clarendon Hotel building. The owner is C. Reed Smith. Mr. Smith has installed all modern equipment and states that he is prepared to handle any and all kinds of cleaning, etc. in his line.

Several months ago Mr. Smith owned another cleaning plant here and has had a number of years experience along this line.

H. A. Blanton of Vernon visited his mother over the weekend.

VETERANS' PROGRAM FOR FARMERS ANNOUNCED

A Veteran's Administration program for men engaged in the business of farming will be sponsored by the State Board of Education through a county vocational board for veterans in Donley County, according to J. R. Gillham, local vocational agriculture instructor. The program will give the same benefits extended to other veterans in on the job and educational programs. Any veteran who is actually

engaged in the process of farming for himself is eligible to participate in the program. The veterans will be certified by the veterans administration and the work will be handled through the vocational department of the state board of education. Each veteran will receive a grant of \$65 for single men, \$90 for married men, and additional amounts for physically disabled men per months and in almost all cases

veterans will be set up in the program for 36 consecutive months.

Each veteran will be required to meet with a group of 20 farmers, two hours per month under the direction of a college graduate with a major in agriculture, who will be provided by the local vocational board. The forty-two hour schedule will be arranged by the group. Shop work, trips to experiment stations, outstanding farm situations, will make up a

major portion of the time schedule.

Every veteran who is actually operating a farm or part of a farm for himself, either leased, owned, or living with his parents under a definite arrangement, that is interested in participating in the program should mail his name and address at once to J. R. Gillham, Clarendon, Texas, so that he may be notified of the organization meeting to be held at an early date.

LIBRARY NOTES

By Mrs. C. A. Burton

Change is the order of the day along all lines, and that is as true in books as elsewhere. The publishers tell us that war books are "out", and now historical novels are being popular—many of them

going back to the 1600's and the 1700's. But of books there is no scarcity—they are coming off the press in unprecedented numbers—books on every subject under the sun.

Our one new one this week is "Duchess Hotspur" by Rosamond Marshall—an exciting historical romance of the 18th century. It is a colorful picture of old London

Miss Marshall was born in New York City, was taken to England, as a child, and was educated in the universities of Europe. She speaks and writes English, French, Italian, German and Piedmontese. She has written extensively in Europe. She is the author of "Kitty" which has just been released as a two-million dollar movie.

For a period of years, in the intervals of much other writing, Pearl Buck has been at work on a massive novel called "Pavilion of Women." She says she has devoted to it more intensive creative thought and imaginative feeling than to any other book she has written. It is the Literary Guild choice for December.

Lin Yutang is working on a book which will be his first excursion into biography and the first biography in English of any Chinese personality except Confucius. His subject is Su Tungpo, the great poet, painter, and prose master of the Sung dynasty. John Day will publish it next spring.

Gladys Schmitt, author of "David the King," a best seller, delivered the outline of her next novel, about students and teachers, to her publishers on her recent trip to New York.

Erle Stanley Gardner, mystery story writer, enjoyed a sale of his books in 1945 that hit a new high regardless of paper shortages, the war and the atom bomb. They sold more than five million copies.

There is another "Flicka" book by Mary O'Hara, "Green Grass of Wyoming." We do not have it, but will sometime. "My Friend Flicka" and "Thunderhead" as horse stories and "Lassie, Come

From Library of Congress Bulletin comes the statement that the book trade in Switzerland is active, alert, and forward looking. They hope to increase the part they play in the German, French and Italian book worlds.

In Germany, in the American zone, about 300 publishers have been licensed to print and distribute books and periodicals as before. Some 1500 dealers have been registered for sale of books and periodicals.

The extent to which the Library of Congress is serving the scholars and writers of Latin America is very gratifying. More than any library or to any university, the Latin American scholar looks to the Library of Congress as his intellectual home, reports a recent visitor.

CLARENDON VETERANS EARLY PURCHASERS AT PANTEX 'SITE SALE'

AMARILLO Aug. 30 — Three Clarendon veterans of World War II, Lorrell W. Reed, Wm. Johnson and Claude Helton, were among the early purchasers recorded at the "site sale" now in progress at the Pantex Ordnance Plant under the auspices of the Fort Worth regional office of the War Assets Administration. The sale, which opened August 27 to veteran purchasers, has had a large attendance by ex-servicemen during their four days of buying the first week.

Following an adjournment over the Labor Day holiday, the "site sale" will resume Tuesday, Sept. 3rd with the final buying day for certified veterans. On Sept. 4 the

RFC, buying for small business, will have purchasing rights, followed in turn by state and local governments Sept. 5, eligible non-profit institutions Sept. 6th, and non-priority buyers in the commercial field starting Sept. 9. The "site sale" which is designed to clear the Pantex Ordnance Plant of all surplus government consumer goods, offers machinery, office equipment, hardware, textiles, paper products and electrical equipment.

A Word of Appreciation... and a Suggestion, too!

We know how anxious you are to get your new Oldsmobile. And there's nothing we'd like better to do, right now, than to say to every Oldsmobile buyer: "Your car is here. Come get it!"

But frankly, it just isn't possible to do that. There still aren't enough new Oldsmobiles to go around. Due to shortages in materials and unavoidable limitations on production, the output of new cars still is behind schedule. And our allotments are far below the figures that we originally anticipated.

We want to assure you, however, that everything possible is being done, both here and at the factory, to get your car in your hands promptly. And we'd like to take this occasion to thank you sincerely for the patient and considerate way in which you have borne with us during this period of waiting.

Meanwhile, we have an important suggestion: Don't neglect the car you drive today.

The war has taught us all the importance of careful upkeep and regular service. While you're waiting for your new Oldsmobile, therefore, be sure to take advantage of our factory-authorized Oldsmobile service program. We are offering every kind of modern automotive service—from lubrication to major overhauls. Regular servicing of your car will safeguard your investment and assure you of safe, dependable transportation until that great day when your new Oldsmobile is here!

The Force that Holds a Giant Stalactite Up...

OIL-PLATES Your Engine!

THE tons-heavy stalactite—the giant "icicle" of stone—is held tight to its cavern roof by the tremendous attractive force of molecules pulling up against gravity. Utilizing the force of molecular attraction (basic force that holds things together) Conoco scientists bring to America's motorists the benefits of new and better oils.

By molecular attraction, a special ingredient of Conoco Nth motor oil is bonded so strongly throughout your engine that cylinder walls and other parts are OIL-PLATED! And because molecular attraction holds Conoco OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

A lot of fellows feel prosperous even when driving a mortgaged car over a bonded highway.

STATISTICAL.

A report shows that of the 7,839 women who fainted the first six months of this year, 7,836 fell into the arms of a man, two on the floor and one in a bath tub.

FUTURITY.

Seventeen is usually the age that a girl puts away her doll and becomes one.

DISASTERS.

Usually, the girls who dress to kill, cook the same way.

COLOR BLIND.

The woman who can spot a blond hair on her hubby's coat at

ten feet can't see a double garage door right in front of her.

THE OLD PATHWAY.

Life is ten percent what you make it, and ninety percent how you take it.

ADVICE.

There is said to be room at the top always, because so many go to sleep up there and fall off.

MISS ANNIE REE PORTER BECOMES BRIDE OF LOWELL R. STUCKMAN

Miss Annie Ree Porter, daughter of Mr. and Mrs. J. R. Porter, Clarendon, and Lowell R. Stuckman, son of Mr. and Mrs. A. M. Stuckman of Garrett, Indiana, were married in an impressive ceremony Sunday, September 1, at the First Methodist Church.

Rev. H. W. Hanks read the double-ring service before a large white arch decorated with English ivy and pink roses. Altar rails were covered with English ivy and lace vine. Large baskets of white gladioli stood in front of the arch. Two sets of candelabras flanked the steps to the altar and archway. White carpeting covered the floor in front of the altar and also marked the aisles. White satin ribbon marked off the family section.

Before the ceremony began Mrs. Rayburn Smith, organist, played "Traumeri" by Schumann and Salut d'Amour by Elgar. During the service the soft music was "My Heart at Thy Sweet Voice" by Saint-Saens. The traditional "Bridal March from Lohengrin" by Wagner and Mendelssohn's Processional were played.

Mrs. E. D. Landreth sang two solos, "Oh Promise Me" by Scott and De Koven and "I Love Thee" by Edward Greig.

Sue Burton served as maid-of-honor. She wore a blue satin dress with blue chiffon inserts at the waist and yoke. She carried

a bouquet of pink tube roses and carnations.

Serving as bridesmaids were Helen and Jean Porter, sisters of the bride, who wore identical pink net dresses over taffeta with a blue ribbon bordering the short peplum. They carried colonial nosegays of pink roses, white carnations, and white stephanotis.

Bill Lowe of Clarendon was best man, and groomsmen, also of Clarendon, were Burrell Rhea and Carl Morris. Ushers were Bill Thornberry and Harice Green. Bill Porter, brother of the bride, and Don Thornberry lighted the candles before the ceremony began.

The bride, given in marriage by her father, wore a gown of imported white lace with a wide round neckline and short puffed sleeves. Around her waist was a wide white satin sash with a large bow in the back. Her veil was an illusion fingertip veil. The tiara was of white carnations. Her bouquet was of white carnations, baby breath, with a center of white gardenias. The white satin streamers had carnations on them.

Mrs. Porter chose for her daughter's wedding a black crepe dress trimmed with black lace. Her hat was of black felt with black veiling. She wore a corsage of pink carnations.

Following the ceremony a reception was given at the home of the bride's parents. The double ring wedding cakes, decorated with pink roses, were set on re-

flectors surrounded by green fern and pink asters. Candelabras were set on each end of the table which was covered with a Normandie lace cloth. Mrs. Max Rhea and Mrs. Bill Thornberry presided at the table and Mrs. Harice Green served punch to the guests. Individually wrapped cakes were served as dream cakes from an antique cut glass wedding cake dish belonging to Mrs. B. G. Watson.

The couple left on a wedding trip through the eastern Rocky Mountains, the northwestern states, Chicago, and then to Garrett, Indiana, the home of the groom. For traveling the bride chose a rose gabardine suit with white accessories. Her corsage was of white gardenias.

After September 16 the couple will be at home at Lafayette, Indiana, where they will attend Purdue University.

Mrs. Stuckman attended and was graduated from Clarendon Junior College, attended the University of Colorado, the University of Texas, and will finish at Purdue University.

Mr. Stuckman served in the Army Air Corps four years and has only recently been discharged. He is now attending Purdue University where he is majoring in mechanical engineering.

Out of town guests attending the wedding were Mr. A. M. Stuckman, Garrett, Indiana; Mrs. Robert Traster, Hartford City, Indiana; Mr. and Mrs. Gilroy Porter, Lubbock; Mr. and Mrs. Leslie Porter, Plainview; Mr. Earl Porter, Amarillo; Mr. and Mrs. Perry Powell, Amarillo; Joan Powell, Amarillo; Mrs. Evelyn Parker, Amarillo; Mr. and Mrs. Ralph Andis, Amarillo; and Bill Andis, Amarillo.

Mr. and Mrs. Clyde Douglas went to Amarillo Friday to get Clyde Benton who had a tonsillectomy last week.

KAPPA KAPPA SORORITY

The Kappa Kappa Sorority had their annual rush week for rush-ees beginning Monday, August 26th. Ladelle Cox, Betty Jean Decker, Mae Morris, Ira Jean Estlack and Arvazene Smith were the rush-ees. They were entertained with a card party in the home of Mary Ann Bromley Monday night. A very enjoyable time was had by all. A hayride Tuesday night and everyone succeeded in getting drenched. After a long dry spell, why did it rain that night? Wednesday night a slumber party at Sue Smith's. Of course everyone knows about that. Thursday afternoon at 4:00 p. m. a tea was given for the rush-ees and their mothers in the home of Sybil Head. This was made very interesting by a book review "Mama's Bank Account" by Kathrine Forbs given by Mrs. Joe Ritter and a piano solo by Arvazene Smith.

To climax the week of activities a dance was given for the rush-ees at the Clarendon hotel. Those present were: Klyda Fern Wilson, Billy Roy Blackman, Dorothy Jean Tatum, Jack Semrad, Meb Grady, Jack May, Mary Ann Bromley, J. D. Riley, Kathleen Grady, Bob Bentley, Louva Hunt, June Day, Ada Sue Smith, Bill Bridges, Alma Murphy, "Slim" Williams, Ira Jean Estlack, Ladelle Cox, Miller Morris, Juanita Carpenter, James Moore, Layma V. Ballew, Elise Norwood, Robert Semrad, Sue Smith, Billy Ray Bell, Sybil Head, Billy Chilton, Johnny Johnson, Pete Bromley, Mary Nell Hanks, oe Landreth, Lovey Stanley, Jimmy Douglas, Billie Jean Knox, Raymond Adams, Arvazene Smith, Jerry La Grone. And, Bobby Parker, W. S. Carlisle, Donald Beard, Carley Bennett, Gene Bryan, Dean Wadsworth, Joe Herron, Tom Goodner, Mackley Bryan, James Palmer, Jack Molesworth, Jiggs Mann, Wayne Lowe, Max Keys, Douglas Lowe, Dick Kennerly.

1926 BOOK CLUB

Mrs. A. B. Turner and Mrs. Charlie Bairfield were hostesses to the 1926 Book Club at the Clubroom Tuesday, Sept. 3 in the first meeting of the year. The president, Mrs. Bill Bromley presided at the business meeting, and then introduced Miss Lucille Polk, the reviewer for the afternoon. In a very interesting manner, Miss Polk reviewed "Starling of the White House" by Thomas Sugrue—the experiences of a member of the secret service who served at the White House thru the administration of five presidents, beginning with Woodrow Wilson, and ending with Franklin D. Roosevelt.

Following the book review, the hostesses served delicious refreshments to guests, Mrs. Marguerite Goodner, and Miss Chloe Darden, and members, Miss Polk, and Mesdames J. R. Porter, Glen Hoggatt, Rayburn Smith, Joe Ritter, Carlie Bennett, L. T. Shelton,

J. G. Stewart, B. G. Watson, Chas. Lowry, Frank Phelan, W. C. Thornberry, B. C. Antroub, Bill Bromley, Rolle Brumley, Bill Ray, C. B. Morris, J. R. Gillham, E. S. Ballew, Frank White Jr. and O. D. Lowry.

VISITING LADIES HONORED WITH VISITING PARTY

Mrs. John T. Sims and Miss Nettie Sims entertained with a visiting and talking party at their home Monday afternoon complimentary to her daughter, Mrs. J. H. Morris of Memphis and Mr. Morris' sister, Mrs. Roberta Ryan from Georgia.

These ladies having lived in Clarendon at one time, the following ladies were invited to visit with them for a few hours: Mesdames Jack Molesworth, J. L. McMurry, Cap Morris, Crockett Taylor, Geo. Ryan, Sella Gentry, A. L. Chase, Keith Stegall of Gunnison, Colo., L. S. Bagby, Fred Chamberlain, R. A. Chamberlain, Bruiere, Ellis, J. T. Patman, James Trent, Misses Mary Howren and Charlotte Molesworth and Mrs. H. M. Rhoades of Ashtola.

LEGION AUXILIARY

Members of the Legion Auxiliary entertained Legionnaires with a covered dish supper at the Legion Hall Tuesday night with a nice crowd in attendance.

Legionnaires brought a toy each to add to the collection made by the ladies during the summer. All of the toys were donated to the gift shop located at the Amarillo Veterans Hospital.

The Auxiliary is preparing a box of clothing for oversea shipment. Anyone having used clothing that they would like to include in this box are asked to call Mrs. C. B. Morris. All gifts will be greatly appreciated as the need is so great.

BIRTHDAY PARTY

Mrs. Chas. Johnson and Mrs. Victor Smith were entertained Saturday at the home of Mrs. Victor Smith with a joint birthday party by the ladies present.

After the lovely and useful gifts were opened and admired, lovely refreshments were served to Mesdames, honorees Johnson and Smith, L. C. Parker of Wichita Falls, Carrie Johnson, Will Johnson, Jennie Bell Hicks, Spurgeon, Nannie Dean, Spencer and daughter, and H. T. Warner.

WIN ONE S. S. CLASS

The Win One Sunday School Class met in the home of Mrs. Frank Bourland Monday afternoon. The devotional was given by Mrs. Curry Powell.

After a short business meeting, Mrs. John Bass, retiring president turned the meeting over to the new president, Mrs. J. R. Bartlett.

Mrs. Bartlett presented a gift to Miss Katie Meaders who is moving to Temple City, Calif. to make her home.

Refreshments were served by Mrs. Bourland to Mesdames John Blocker, S. T. Sayre, J. R. Bartlett, John Bass, Tom Connally, Curry Powell, Rayburn Smith, Eva Rhode, A. A. Mayes, H. W. Hanks and Miss Katie Meaders.

Veterans News

The Veterans administration has signed a contract with the Texas State Pharmaceutical association to provide "home town" prescription service to veterans with service-connected disabilities, the VA announced today.

Under the contract, authorized druggists will submit their bills to the state association which in turn will be reimbursed by the Veterans administration. Dr. Oza J. La Barge, Chief, Medical Office, West Texas VA regional office, Lubbock, Texas said.

Dr. La Barge said the VA has been furnished, by the state association, with a list of local pharmacists authorized to fill prescriptions for veterans. Designated physicians are, in turn, being sent a list of the authorized pharmacists. The service is available only to veterans with service-connected disabilities, he emphasized.

The program is designed to reduce the reported delays which arose when all prescriptions from fee-basis physicians had to be mailed to the nearest VA office and then sent to the veterans by mail, Dr. La Barge said.

Under the new project, eligible veterans simply take the prescription to their neighborhood drug store and the Veterans Administration pays the bill.

Let's Avoid Inflation
When the value of a dollar goes to ten cents—that's inflation. And that's what's happened in many foreign countries today. We've read about it—we've seen pictures of it—and we've heard our returning G.I.'s talk about it. Inflation is a dangerous and destructive thing—and not a one of us wants inflation here. Let's keep our war bonds—our insurance and savings safe—let's avoid inflation here!

36th Division Ass'n. Annual Convention September 8-9th

FORT WORTH—Veterans of the Texas 36th Division will establish another beachhead when they invade the Texas Hotel in Ft. Worth, Sept. 8-9 to observe the third anniversary of the famous unit's assault on Salerno, the first landing of American troops on European soil.

One of the highlights of the reunion will be a Victory Ball in the Crystal Ballroom of the Texas Hotel, night of Sunday, Sept. 8th, which will follow a real western barbecue to be held on the old Casa Manana grounds near the Pioneer Palace at 6:00 P. M.

Registration begins Saturday noon, Sept. 7th, and the program officially opens with a business meeting at 9:00 a. m. Sunday, to be followed by a Memorial service at 11:00 a. m.

An afternoon session with H. Miller Ainsworth, President of the 36th Division Association presiding, will present distinguished guests, including General Jonathan Wainwright, Governor Coke Stephenson and all past commanders of the 36th Division.

All members of the 36th Division, both World War I and World War II are urged to write to Henry Love, Texas Hotel immediately for reservations. Mr. Love discloses that over half of the 600 hotel rooms available have already been reserved.

The House That Jack Built

This is the house that Jack built.

This is the wife that keeps house in the house that Jack built.

This is the washer that does the wash that helps the wife keep house in the house that Jack built.

This is the iron that irons the wash the washer washed, that helps the wife keep house in the house that Jack built.

This is the wire that carries the power that heats the iron, and turns the washer that does the wash, that helps the wife keep house in the house that Jack built.

THIS is the story of better living—of electric living—in Jack's house. The tale could go on endlessly. For electricity is a servant of many talents, of which washing and ironing are but two.

The electric power that helps Jack's wife is always ready, dependable, available in any quantity at any time. And Jack doesn't need much jack to pay the bill.

This is the company that strings the wires and makes the power that gives the Jacks—and countless families like them—all the comforts and convenience of electric living.

WASHINGTON NEWS LETTER

By Cong. Eugene Worley

Our first contact with China
 was along the southeast coast
 which is a very mountainous sec-
 tion. The over-all population of
 China is about four hundred and
 fifty million and in order to feed
 that many people, proper cultiva-
 tion of the soil is the difference
 between life and death. It is my
 understanding that the Orientals
 were the first to develop terrac-
 ing several thousand years ago,
 and no matter how high the
 mountains were, it seemed that
 every inch of space clear to the
 top was growing crops of one
 kind or another, with thousands
 of terraces, one after another
 presenting a very neat pattern. I
 was unable to secure information
 as to the average rainfall in that
 part of the country, but I under-
 stood that the terraces prevented
 disastrous erosion even on the
 steepest mountains.

Leaving the mountainous regions,
 we flew over one of the broadest
 valleys in the world, practically
 all of which was irrigated by the
 yellow silt-laden streams, that are
 the lifeblood of Chinese agricul-
 ture. Literally hundreds and thou-
 sands of tiny villages dotted the
 landscape and each village was
 built along either a river or an
 irrigation canal. There were no
 farms or farm-houses as we know
 them in Texas. The villages were
 built as protection against mar-
 auding bandits. Telephones or
 radios are practically non-exist-
 ent and how the average Chinese
 ever knows what is going on
 either in his own country or else-
 where in the world is a profound
 mystery—assuming he does know.
 Through this part of China we
 saw no highways at all, the peo-
 ple's means of trans-

Under Texas Skies

Devoted to a better understanding of the Lone Star State
 By J. Garland Adair, Vice-Chairman Centennial Commission,
 VOL. III AUSTIN, TEXAS NO. 1

Two Unit Program for Statehood Centennial
 Sympathetic and cooperative with a campaign to encourage uni-
 versal observance of the high-lights of Texas history, unique,
 inspiring and timely, Chairman Karl Hoblitzelle of the Texas
 Centennial Commission has authored the idea of improving con-
 ditions on Texas farms also as a practical and far-sighted phase
 of the program.

TEXAS TRENDS

1. By 1880 many counties had reached maximum per acre yield.
2. By 1890 many counties were suffering from loss of their fertile top soil which was and is going to the Gulf.
3. By 1900 discarded fields were multiplying rapidly.
4. By 1910 towns, those under 2,500 population, were slipping. During the 1st and 2nd postwar decades over half of them lost their banks, all of them lost most of their business. Churches and schools were hard hit.
5. By 1920 smaller cities were gaining very slowly; some were slipping. During the 1st and 2nd postwar decades all except those with new oil, with big federal or state projects or with Jersey cows lost heavily in bank deposits and in retail and wholesale business. Churches and schools suffered.
6. In the 2nd postwar decade growth of Texas and Oklahoma Counties fell far below any decade since 1890, growth of Fort Worth and Tarrant County fell far below any decade since 1900 and growth of Dallas and Dallas County fell far below any decade since 1910.
7. A 50-year study using nationwide price shows: (A) War creates shortages with high prices and high wages; (B) Peace creates surplus with low prices and wages. Farm incomes drop first, then wages, then retail and wholesale business, then bank deposits.

KARL HOBLITZELLE

At a meeting of the Technical and Planning Committee of Austin January 6, 1945, Chairman Hoblitzelle said: "What we would like to do is to tie-in this program, with its historical background, with other programs underway for the employment of returning veterans. Certainly, if we can revitalize agriculture, if we can bring about more prosperous conditions in the small town and in the rural areas, it will mean the creation of numerous additional jobs for these boys. It will mean that many boys will go back to the farm, who otherwise would not be content there under present conditions."

Academy of Science

The Texas Academy of Science is on the march. F. R. Plummer of the University of Texas is its President. The annual convention will be held in December at Dallas. Southern Methodist University will be the host. The centennial theme will promote the program. A record membership is a fine tribute to President Plummer's splendid service to the Academy in particular and to Science generally.

port being by foot or by water. We were told that millions of Chinese never got more than ten miles away from their birthplace. Famines often overtake certain part of China when other sections of the country have an abundance of food. The reason for such a condition is the woeful inadequacy of transportation facilities. There are but few railroads and most of these seem to be in northern China.

The average Chinese is very industrious and generally raise enough for themselves and their very large families. While they are very devout in their form of ancestor worship and treat the dead with great reverence, life is still held cheap by them; in fact life itself is one of the cheapest commodities in China. For example, one of our fliers told me that during the war he was flying a group of Chinese soldiers to the front. One man pretended he was going to push another one out of the plane—which drew a laugh from the others. Indeed this prank got such a big laugh that the man was encouraged really to push the other one out of the plane which he actually did. On another occasion a plane similarly loaded with Chinese soldiers ran into extremely rough weather which made most of them uncomfortably sick. The Chinese suspected the pilots had purposely made the trip rough and upon landing wanted to shoot them. They would have done so had not a higher ranking Chinese officer who was passing quite by accident learned what the trouble was; whereupon he immediately lined up three of the still angry Chinese who had been aboard the plane and had them shot dead. These incidents point up the fact that life does come cheap over there.

Shanghai itself is quite a city. The buildings downtown and in the international settlement are about as modern as any we have in America, but the outlying sections look congested and bedraggled. The streets are clogged with rickshas and carts carrying heavy loads and being pushed or pulled by Chinese coolies in tattered, nondescript clothing. How they avoid killing at least a thousand a day in traffic accidents is a mystery, but we understood their traffic death rate was very small. Along the murky and yellow Yangtze River are Chinese junks or wooden boats packed tight one against the other. To thousands of Chinese these boats are home, where they are born and live and die. The deathrate from nearly every conceivable kind of disease is very high.

Next week: More about China.

NO OPEN SEASON ON PRAIRIE CHICKEN

There will be no open season on prairie chicken this year, G. P. Davis, game warden, announced last week.

The present law has expired, but until some action is taken by the legislature fixing an open season, no prairie chicken can be killed in Texas this year, the attorney general has ruled.

Mr. Davis gave this warning feeling that hunters might believe that because the present law has expired, they can legally hunt these game birds.

Discussing the progress made toward increasing the number of prairie chicken over the state, Mr. Davis declared that the plot is the enemy of the chickens.

Mr. and Mrs. W. O. Puett of Amarillo spent Sunday with their mother, Mrs. W. D. Martin.
