

Brown County's New Farm Agent Assumes Duties

Control Program To Be Started Oct Under His Leadership as First Project

W. Lehberg, Brown county's new farm agent, assumed his duties today, and after a conference with the commissioners announced he was ready to active work among Brown county farmers.

Lehberg remained in Brownwood Monday and part of Tuesday, leaving for his home in Big Spring to break in his successor.

In addition to the wheat program, Lehberg will have charge of the control program for cotton acreage reduction.

Lehberg comes to Brownwood after ten years of service as county agent of Runnels county.

Permit Needed To Market Pigs

Who have pigs to ship to market under the government's hog reduction plan, must have permits from the livestock department.

is to regulate the shipments of hogs at the same time assure the health and not speculators.

Permit will be issued for more than one head of pigs.

Agent Lehberg said he is glad to write for permits any Brown county citizen.

government's hog reduction plan is of little or no benefit to Brown county farmers.

As Nations Signed World Wheat Pact

The climax of the efforts of the world to solve its wheat problem is shown above. At Canada House in London, 21 nations signed an agreement to limit export and otherwise regulate world production.

FARMERS OWING GOVERNMENT FOR LOANS WILL BE DELAYED IN GETTING COTTON PAYMENT

BROWN county cotton farmers who owe any of the governmental agencies constituting the Farm Credit Administration for loans will be delayed in receiving their government money for plowing.

The four agencies of the government which together form the Farm Credit Administration are: The Farm Credit Administration; The Crop Production Loan office; The Regional Agricultural Credit Corporation; The Federal Intermediate Credit Bank and the Federal Land Bank.

Each of these agencies has made loans to farmers in Brown county.

In such cases where there is a lien against the crop, and the lien held by one of the governmental agencies, the governor of the Farm Credit Administration has been made a joint payee with the producer, and the check so made out.

In some cases, however, the name of the producer appears on the list of one of these corporations but the check is not made out jointly.

In such cases, the county agent is instructed to advise the payee that his check has been sent to the Agricultural Credit Corporation or other agency of the Farm Credit Administration.

When Loan Is Paid. In cases where the loan has already been repaid, but the governor of the Farm Credit Administration is made a joint payee, the check must be forwarded by the county agent to the agency involved.

Each of these agencies has made loans to farmers in Brown county.

GRiffin TO STAY IN HOWARD COUNTY

O. P. Griffin, county agent of Howard and two adjoining counties, will not be transferred to Runnels county.

Griffin served as county agent of this county for a number of years and until last April, when services of a county agent were discontinued.

Decision of Griffin to remain in Big Spring was occasioned through the action of the Howard county commissioners court in retaining his services for that county alone.

Howard county commissioners court Tuesday afternoon made appropriation for a county agent for the next year.

Soon after commissioners had voted to include the appropriation in the 1933 budget, T. B. Wood, district extension agent, announced that the present county agent, O. P. Griffin, would remain in this county.

Griffin has been dividing his time between Howard, Martin and Midland counties. Action of the court will restrict his services to Howard county farmers.

The court set aside an appropriation of \$1100 which will be available after October 1. Griffin's expenses will be cared for by the federal and state governments until that time.

Decision to retain the services of an agent here was reached after committees of farmers representing practically every community in the county had appeared before the court and favored an agent, a few committees were prevented by water from attending.

None present expressed opposition to the present agent. However, placing of the agent is a matter left entirely up to the state extension service. Woods, who had come to inform Griffin he was to be transferred to Ballinger Monday, gave him his choice. Griffin chose Howard county.

COUNTY TO LAUNCH DRIVE TO SECURE PAYMENT OF \$177,641 DELINQUENT IN COUNTY TAXES

BROWN County Commissioners Court next week will launch a determined drive to secure payment of \$177,641.10 in delinquent taxes. With tax payments for the current year due to start October 1, the county faces the heaviest delinquency in its history.

The \$177,641.10 represents delinquencies only for the past four years, since 1929, represents only the taxes delinquent on real estate, and represents only the county taxes not taking into consideration the state and school taxes also delinquent.

All Funds in Bad Shape. The unexpectedly large number of delinquencies this year has affected every department of county government, and has crippled the operation of the county and its credit.

In addition to the burden of operating under reduced funds, the county has been forced to take on additional burdens this year, due to failure of the state to live up to its agreement to make payments on the bonds issued by this county for the construction of state highways.

It should be borne in mind that the increase in amount of delinquent tax shown each year was in face of decreased assessments. For 1933, for example, the assessed valuation is approximately \$13,800,000, as compared with more than \$14,500,000 last year.

County revenues also have been showing a steady decline during the past few years. In 1930, the total revenue of Brown county from all sources was \$293,898.13. In 1931 the total revenue was \$250,423.21 and in 1932 the revenue was \$218,719.12.

The work of C. W. Lehberg, new county agent of Brown county, is praised in an article last week in the Ballinger Ledger.

For ten years Mr. Lehberg has served Runnels county as agricultural agent and during that period has made an enviable record. Terracing of 242,000 acres in this county set a state and national record, and other projects have gone over successfully.

City Is Invited To Take Part In Victory Jubilee

Mayor W. A. Butler this week received an invitation for the City of Brownwood to take part in a monster N. R. A. Victory Jubilee at Dallas Saturday night, September 9.

The exhibit received the approval of the Brownwood chamber of commerce Wednesday when Dr. Mollie W. Armstrong, representing the Business Women, appeared before the directors of that organization and outlined plans for the exhibit.

Details of the exhibit will be announced later. Dr. Armstrong also suggested that a quilt show be held in connection with the October Trades Day, and this suggestion also received approval of the chamber of commerce directors.

The entertainment and program is being sponsored by the newly organized Southwestern N. R. A. Committee, a creation of the Dallas chamber of commerce. The purpose of the meeting is to explain the N. R. A. movement to the people of the Southwest, and also to outline President Roosevelt's plans and his program for the coming months.

The entire program will be broadcast from a Dallas radio station, and people of this section are urged to tune in at 8 o'clock Saturday night to hear the N. R. A. plans explained by leaders in the Southwest.

Vets See Huey's Bruised Brow

Wearing a patch on his brow which was cut during a mysterious encounter at a party in Long Island, N. Y., Senator Huey Long of Louisiana addressed the Veterans of Foreign Wars at their annual convention in Milwaukee, Long, shown here on the speaker's stand, made bitter attacks on newspaper men, for which the veterans later apologized.

Physicians To Hold Meeting Here Oct. 2-3

Plans for the meeting in Brownwood October 2 and 3 of the Fourth District Medical Society were discussed Sunday at a conference here.

The program for the two-day meeting already has been arranged, and provides for papers by the leading physicians and surgeons from various parts of the state, as well as from this district.

Dr. Sealy will be toastmaster at the banquet, to be held at 7:30 at the Hotel Brownwood, headquarters for the convention, Monday night, October 2.

The doctors will be guests of local civic clubs at a luncheon Tuesday, October 3, at which Dr. John Potts of Fort Worth will be the principal speaker.

Local committees assisting Dr. Mayo in making preparations for the convention are: Entertainment committee: Dr. H. L. Lobstein, Dr. Ben M. Shelton, Dr. Joe McFarlane.

Arrangement committee: Dr. B. A. Fowler, Dr. E. R. Maxwell, Dr. R. G. Hallum.

Ladies Auxiliary: Mrs. B. H. Fowler, Mrs. W. H. Paige, Mrs. D. R. Scott, Miss Thelma Schneider, Miss Ida Scoremmer.

N. R. A. Canvass Of All Business Gets Under Way

Check To Be Made on Number of New Employes Put To Work In County.

A canvass of every business institution in Brown county, to ascertain the number of new employes put to work, the extent to which hours have been shortened and wages increased, and a survey of how the N. R. A. is working in each individual established is being made under the direction of the executive committee of the N. R. A. for this county.

The actual canvass is being made by the Mediation and Conciliation committee of the N. R. A. for Brown county. S. H. Bass is chairman of this committee and in active charge of the work.

Every business establishment in the county will be visited by members of the committee, which will endeavor to straighten out any difficulties the employers or employees are having in getting the provisions of the N. R. A. codes in operation.

No local agency will be authorized to take punitive action against any violations of the code found. This will be entirely in charge of the Federal Department of Justice, and just how this department will operate is not disclosed.

Meanwhile, the consumer campaign is being carried to a successful conclusion throughout the county. Any consumer who has not been approached by some member of the committee is urged to call at the Brownwood post office and sign a consumer pledge.

The slogan of the N. R. A. now is "Buy Under the Blue Eagle." All consumers are urged to assist in carrying the program through successfully by making purchases of any nature only where the Blue Eagle is displayed.

### ANY FRUITS IN MAKING JAMS, JELLIES, BUREAU SAYS

Never make ripe pineapple jam? Or are you those persons who shies from fruits that do not jell? The bureau of home economy of the United States department of agriculture has this message for you:

"Is a substance that forms pulp of many fruits as they are cooked fruit to be called jam. Nowadays, however, the extract can be added to the fruit and jelly can be made of many fruits which formerly were used because they would not jell. This extract is a commercial product for sale at any grocery store."

You take advantage of the development in jelly making you can easily make jams from recipes such as:

**Pineapple Jelly.**  
 4 cups (1 1/2 pounds) juice, 1/2 cup (2 3/4 pounds) sugar, 1/2 cup Certo.  
 Prepare juice, pare two medium ripe pineapples. Chop or grind. Place in jelly bag and squeeze out juice.

Measure sugar and juice into large saucepan and mix. Bring to a boil over hot fire and at once add Certo, stirring constantly. Then bring to a full rolling boil and boil hard half a minute. Remove from fire, skim, pour quickly. Paraffin hot jelly at once. Makes about 9 glasses (6 fluid ounces each.)

**Ripe Peach Jam.**  
 Four cups (2 pounds) prepared fruit, 7 1/2 cups (3 1/4 pounds) sugar, 1 bottle Certo.

To prepare, peel about three pounds fully ripe peaches. Pit and grind or chop very fine. If peaches lack flavor or tartness, add juice of one lemon.

Measure sugar and prepare fruit, tightly packed, into large kettle, mix well, and bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard one minute. Remove from fire and stir in Certo. Then stir and skim by turns for just five minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot jam at once. Makes about 11 glasses (six fluid ounces each.)

### MAKING Smart CLOTHES

Water coat problem is one that should be gotten off the early. Then dresses can be made to match the coat and a harmonious wardrobe will result.

Water coat shown above. It has details that make for chic. Note its wide, notched collar, its small close-fitting shoulder "flippers" of a coat that would be easy and a pleasure to wear. It is in Oxford gray (which is a gray this year) with fur. Or in cel gray with Persian lamb. Of course, if you want a coat without fur there is a grand version of this same pattern. Those of size 34, will need 3 1/2 yards of 34 inch woolen. Pattern may be bought at the pattern department.

### Ingredients Needed In Every Meal

One of the major dangers in meal planning is monotony. And one of the best ways to avoid this is to use contrasts in color, texture and temperature. For housewife is not content with well-balanced meals. She makes every breakfast, dinner a table adventure. One of the easiest ways to obtain contrasts in meal planning is to use color. Cold, they serve as an appetizer for a hot dish. Color makes a splendid contrast. A meat dish roasted brown. Light of texture, a heavy course to follow. Of course, the taste can be made to jibe sharply with the other features of the meal.

Salads are infinite in variety and clever cooks are forecasting new and delightful ones. Any alert housewife can obtain contrasts in her salads without excessive striving. Here are a few salad hints for you to add imagination to meal planning and meal science:

**Eggs in Aspic.**  
 Hard cooked eggs, 2 tablespoon whipped mayonnaise, 1/2 teaspoon salt, 1-8 teaspoon water, dash of paprika, 1/2 cup cooked or canned tomato, 1/2 teaspoon salt, 1-2 teaspoon dash of Worcestershire sauce, 1/2 teaspoon scraped onion, 1/2 teaspoon paprika. Refill whites.

### Beauty Brevities

Beauty Brevities  
 Filled with hatred is the guest whose hostess places her in a glaring light which accentuates every complexion defect, adds an appearance of birthdays that she has not yet experienced. The home maker, for her own sake, should create flattering scenic effects, see that lighting arrangements are kind and shadowy, that furnishings are of soft, luscious colors. The mistress of the house is its chief ornament; her setting is important.

Stretching exercises call into play almost every muscle of the body. They're good for thin girls because they make for toned fibers. They're good for fat ones because they take the spirit from adipose tissues. A simple one is to lift the hands high, get up on tiptoe, see how far you can walk that way. Lift the feet high with each step. You'll feel like a reproduction of a slowed down movie.

Do you know that getting sand in shoes can kick up trouble with the toes? It grinds into the soft flesh between the little toes, sets up an irritation that may develop into ringworm or athlete's foot. After traveling over sandy places take off shoes and stockings both, brush the feet clear of the fine grains. And, the moment you get home, have a foot bath.

Wipe between the toes carefully, sprinkle with borated talcum or a foot powder. If the flesh is moist, soft corns will form, or cuticle will whiten and thicken, shuffle off in flakes.

### Household Hints

Orange juice should not be left standing for long before it is used, as it deteriorates quickly. Its vitamins are also changed and one does not obtain its full food value.

Lettuce leaves sprinkled with a few drops of lemon juice and olive oil are a wonderful blood cooler and purifier. Heat spots and pimples will disappear under this treatment.

After washing small articles, such as handkerchiefs and mats, put them into a pillow slip. You can then bail, rinse and blue them all at the same time.

Feathers are blowing in at a great rate, making the accessory department of shops look very flattery. The dresses even have feather necklines. One dress of black crepe has its neckline edged with black lacquered oq feathers are mounted on a band of black muslin. A very smart cape for Summer evenings is of black ostrich feathers mounted vertically on black organdy. The same design, which reaches almost to the hips, can be had in white or colors, although the black and white are by far the smartest.

Soak gelatin in cold water. Cook tomatoes and seasonings 10 minutes and strain off liquid. Dissolve gelatin in hot liquid. Cool. Put deviled eggs in individual molds (one-half in each). Then pour tomato jelly mixture over each. Chill until firm. Unmold on crisp lettuce. Serve with additional mayonnaise. Serves 6.

**Chili Mayonnaise.**  
 One cup mayonnaise, 1-2 cup chili sauce, 1-4 cup vinegar, 2 tablespoons Worcestershire sauce, 1/2 teaspoon chives, finely chopped.  
 To mayonnaise add remaining ingredients and blend thoroughly. Serve with fish and shellfish. Makes 2 cups sauce.

Pair of Queens

Mighty pleasing to Barbara Jean Coleman, one year old, of Philadelphia, was the "royal" reception she received after winning the annual baby parade at Ocean City, N. J. Here she poses happily with the pageant's Queen Infanta—Miss Iona Beverley.

The county agent in Colorado county uses 1 teaspoonful of gasoline. Marcus Schindler of Eagle Lake tried the method on 165 poult and got results without losing a bird. Another man tried it the wrong way by using a teaspoon without aid of tube, syringe or long-necked funnel, and the dose went into the windpipe. His turkey was dead in two minutes.

Pecans may be canned at home by use of a steam pressure cooker. Mrs. Lura Hollingsworth, home demonstration agent in Runnels county, demonstrated for the pecan growers' association meeting in Ballinger last spring. The method may be obtained from local county home demonstration agents.

Harrison county farmers who grew tomatoes this year as a new enterprise organized by vocational agriculture teach and county agent through a county truck growers association are well pleased with the venture and plan to continue next year. Average cost of production is reported at \$20 per acre and the price received for greenwraps from one to three cents per pound.

By bringing in competitive buyers for the tomato crop the Nacogdoches County Truck Growers' Association raised prices last season from one-half cent to one and one-half cents per pound, the county agent reports, and maintained market price for the crop throughout the season.

The price of wool was more than doubled in Hardin county this season by the newly organized wool growers' association which the county agent says pooled 10,000 pounds that brought 31 cents per pound sold in cooperation with the Southwest Louisiana Wool Growers' Association.

The first car of cooperatively sold hogs by the Travis County Hog Shipping Association since last October went out recently. The association has created a better price in Austin for hogs than either Houston or Fort Worth, it is said.

Overcoming natural difficulties caused by having a sharply sloping gravel yard in which nothing would grow because water could not be had for irrigation, Mr. and Mrs. B. J. Teague in Childress county have developed one of the prettiest farm yards in that section. Water was pumped into a concrete tank, then pumped across the road into another concrete tank, and from there piped back to the house. The yard was levelled and held in place by a stone retaining wall and Bermuda grass was sodded in. Shade trees and foundation plantings around the house completed the making this a real yard attraction.

I tell you... there's no question about Junior going to college!.....

"My boy's ten years old now. When he was four, I took out a 12-year Educational Endowment Policy on my own life. Six years from now, no matter what else happens, I can say: 'Well, son, what college do you want to go to?'... And I'll have the money to send him."

If you have a child, no matter what age, investigate how cheaply you can buy Educational Endowment Insurance from Southland Life. Just a few cents a day from you and Southland Life will guarantee the funds for your child's education! Send the coupon now, for more information regarding this type insurance.

Now, there was a man with the right idea! It didn't take any intricate reasoning for him to foresee the obligation to send his boy to college. It did take a decision to prepare for it!

THE NEWFANGLES (Mom 'n Pop)

Comic strip panels with dialogue: I GAVE YOU THE MONEY FOR A NEW FROCK, AND NOW YOU'RE LOWER THAN EVER! I BOUGHT THE FROCK, AND THAT'S JUST IT !! YOU MEAN A NEW DRESS DIDN'T SNAP YOU OUT OF IT? WELL, SUGAR, I GOT THE DRESS AT ONE STORE AND THEN, ON MY WAY HOME, I SAW THE VERY SAME MODEL, FOR LESS MONEY, IN ANOTHER STORE. I MIGHT BURN A MESS OF BISCUITS, OR YOU COULD FALL FOR A RED-HEAD, BUT THERE'S JUST ONE THING THAT'LL BURN A WOMAN UP, AND THAT'S TO BUY SOMETHING, AND THEN DISCOVER THAT SHE COULD HAVE GOT THE SAME THING CHEAPER SOMEWHERE ELSE.

Reason Enough!

Comic strip panels with dialogue: GOOD GRIEF! IT'S DOT FRENCH I'D KNOW HER BACK IN CHINA. OH DOT! HOO! HOO! DO YOU MEAN YOU'RE MADDED AND LIVE RIGHT HERE ON GROOM STREET? I WAS WORRIED BUT I OWNED MY VOICE. COME ON IN. YOU ALWAYS WERE FUSSY. I SUPPOSE HE COULDN'T BUY YOU A STEAM YACHT. YEAH, AND A DOZEN OTHER LITTLE THINGS! GEE, HE WAS AN AWFUL FLOP! WHY HE COULDN'T EVEN KEEP ME IN DOG BISCUITS!

SALESMAN SAM

Comic strip panels with dialogue: NO MORE MONKEY SUIT FOR YOU, SAM! IT COST ME TEN BUCKS TO GETCHA OUTA JAIL! THAT SUITS ME! I'D RATHER BE SOME OTHER ANIMAL, ANYWAY, BOSS! POLICE STATION. YEAH, I SWITCHED SAM FROM THIS OVER TO TH' GNU SUIT, TO KEEP HIM OUTA TROUBLE! AN' YA WANT ME TO CRAWL INTO THAT, HUH? OKAY!

A New Role!

Comic strip panels with dialogue: AH! HERE'S SOMETHING NOVEL! SLIP THIS THING ON, SAM! OKAY! OFF WITH THE OLD— DRESSING TENT. AND ON WITH THE GNU! HA HA HA. HIVA, HOWDY, OL' KID! WHADDA YA MEAN—HOWDY? IS TH' HEAT GETTIN' YA? MIGOSH, I GOT SO USED TO WEARING THAT OUTFIT, I THOUGHT IT WAS ME!

Mrs. G. A. Breed and Miss Geneva McKinney were in Brownwood Tuesday.

The long, low limousine drove through the heavy New York traffic. The famed Broadway lights shone brilliantly, dimming the radiator and the moon. Slowly the car eased up to the curb and stopped in front of a long canopy that stretched regally from the sidewalk front to the building. A huge electric sign above the entrance blazed this name daily to the world: "CLUB BLAIR-RITZ". In lower lights, but just as gay, was "ABBY FANE".

The doorman opened the door of the car and Abby Fane her silken blonde hair bedecked with high lights from the bulbs that blazed overhead, stepped out followed by her escort, Rod Deane.

Rod, handsome and young, was speaking earnestly with Abby, as the girl hurriedly walked to the Club Blair-Ritz's pretentious door. "Tell me why you won't, Abby."

"Not now, darling, I'm late."

The Club doorman opened the door, then tipped his hat. "Good evening, Miss Fane—Mr. Deane."

Abby smiled. "Hello, Mike, is the sextet on yet?"

"Just went on."

"Oh!" said Abby, walking faster, "now I am late."

She slipped from her evening cloak quickly, Rod taking it from her. "See you later, dear!" Abby hurried to her dressing room.

Steve Walsh, big, good-natured owner of the night club, had a worried look for Abby was late. His face brightened a bit as he saw her hurrying across the floor to her room. Abby held up her wrist as he dashed past his table.

"Look—my watch is slow!"

Steve smiled in spite of himself. "Okay, kid."

Rod followed close on Abby's heels; they both entered the dressing room together. Rod was still asking "Tell me why you won't, Abby." You say you love me and

the receiver, his mouth gaped; he was too dumbfounded to speak.

Mrs. Deane was alarmed. "What is it, Steve? She was tall and stately of bearing, though her mien was a trifle too aristocratic to mean any good for less fortunate persons as herself.

Deane spoke weakly, "Rod's bringing that chorus girl here—"

"Abby Fane?" It was Rod's sister, Kay, who asked. Kay was older than Rod and less frivolous. She had married a prince—Prince Otto, von Lander—who was, as most princes are, financially embarrassed. The prince now made his home with the Deane family.

Franklin, Jr., snobbish older son of the Deane's, looked astonished. "Bringing her here?"

He thought it incongruous, evidently, to bring a night club entertainer into the spacious Deane mansion. His face took on a hurt look.

"He says," said Deane, "he's going to marry her, and asks us to be nice to her."

There was immediate chaos, with all except Kay, who really wanted to like Abby, expressing stark indignation. Their remarks were bitter-cutting.

Back in the Blair-Ritz, Abby had just finished her songs and was leaving the dance floor amid tumultuous applause. She walked past Steve.

"I'm sorry, Steve. I won't be late, again."

Walsh grinned. "Not until tomorrow night." Then his grin faded for Rod had come up to them holding Abby's cloak.

"Here!" Rod said, holding the cloak open. "We're going out."

Abby was astounded. "Going out?"

"Yes, the whole family's waiting for us."

"Rod!" Abby's cry was weak.

The meeting at Rod's house was smooth—the Deane's saw to that. (Posted by Gene Raymond and Carole Lombard)

### Boxing Program To Be Staged in Brownwood Sept. 15

Legalized boxing will become a reality in Brownwood next Friday night, September 15, when the Brownwood Athletic Club, with Bruce M. Francis as promoter, offers its initial show of the year. The Club plans to offer Brownwood and Brown county fans 32 rounds of first class glove slinging, with the entire program to be featured by the first home showing of Ralph Sikes, popular Brownwood welterweight, who has been meeting the best boys of his weight during the past year or two.

Sikes will be pitted against one of the best boys in Texas in the welterweight class. The Athletic Club was unable today to announce the full program for the first show but it is stated that either "Midget Mexico" Garcia, of Dallas, who has won 55 of 61 fights, or J. D. (Dic) Kitchens, of Fort Worth, will be Sikes' opponent.

The boxing shows will be held in the large auditorium at the Soldiers and Sailors Memorial Hall. Popular prices have been announced.

Two Local Colleges And Public Schools Will Open 1933-1934 Session Monday Morning.

Howard Payne College, Daniel Baker College and the Brownwood Public Schools are all ready for the opening day, Monday, September 11. The educational plants have been put in shape, additions and changes made in faculties, and preparations made for a record-breaking attendance during the coming session.

Dr. Thomas H. Taylor, president of Howard Payne College, stated this week that he confidently expected an increase in attendance at the college this year. Extensive improvements have been made in the administration buildings, as well as other buildings on the campus, and the college is one of the few in the state that has made substantial additions to the faculty. Last year, the total enrollment at Howard Payne was 751, making it one of the largest educational institutions in Central West Texas, and an important factor in the Baptist educational program.

Similar improvements have been made at Daniel Baker College, prominent Presbyterian educational institution. The college has shown a healthy growth during recent years. Registration and classification will occupy Monday and Tuesday, and classes in all departments will begin Wednesday, September 13. The college this year will have a band and orchestra, and a number of new courses have been added.

Registration at all public schools will begin Monday morning. The public school system is operating under a reduced budget this year, and has made some reductions in the teaching staff, but is looking forward to a record enrollment.

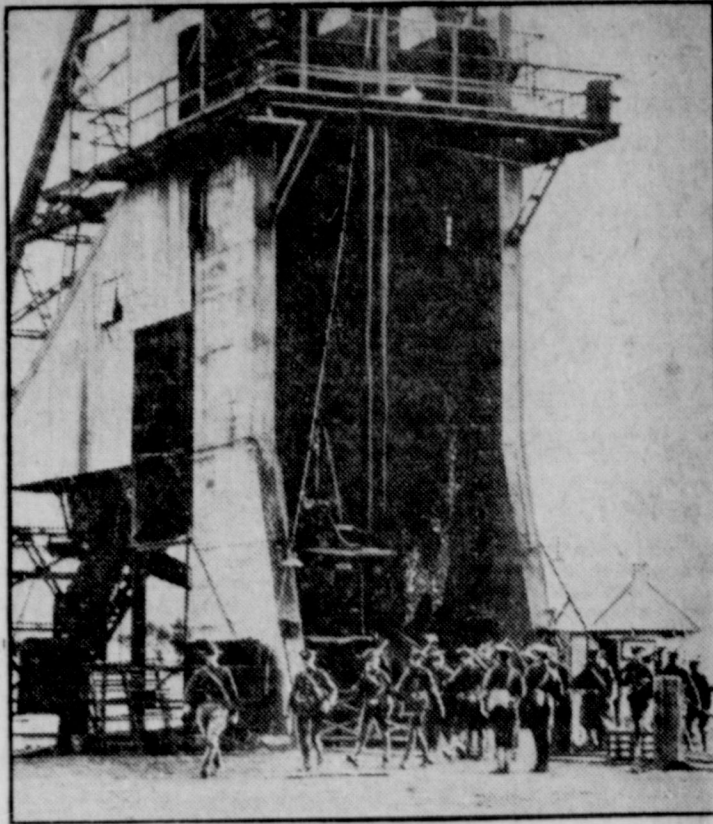

### DENMARK ALSO HAS HOG CONTROL PLAN

Efforts to control hog production, now under way on a large scale in the United States, are not confined to this country alone, the Bureau of Agricultural Economics points out. Denmark, which supplies 62 per cent of all British bacon imports, last month inaugurated a control program as drastic as the American plan.

Production in Denmark will be limited by regulations which provide that each farmer may feed one hog for each 1,000 crowns of land value, one for each 2,200 pounds of skim milk received back from dairies last year and one-fifth of his last year's hog deliveries. In addition, each farm, regardless of size, may produce five hogs.

ed for this and other shows to follow, the price range being from 75 cents, ringside, to 25 cents general admission.

### Troops Disperse Mine Pickets

Arrival of New Mexico national guardsmen was the signal for a picket ring about the Gameroo Mine at Gallup, N. M., to dissolve without violence. Pickets had kept the mine closed for three days. Troop A, 111th cavalry, N. M. N. G., is shown swinging up to the mine entrance as dismounted cavalry.

### WHEAT MEETING IS TO BE HELD FRIDAY

County Agent C. W. Lehmburg has called a meeting of committeemen from every precinct in the county, to meet with him Friday afternoon at 2 o'clock to discuss plans for the organization of the County Wheat Production Control Association, which will have direct charge of the wheat acreage reduction program of the government in this county.

The committee, appointed by Mr. Lehmburg after a conference with the commissioners court Monday, is as follows:

Precinct 1, E. S. Thompson, commissioner; Jordan Springs and Indian Creek growers meet at Indian Creek, L. J. McCoy of Indian Creek, committeeman; Dullin, Winchell and Brooksmith meet at Brooksmith, W. J. Hester of Brooksmith, committeeman; Elkins and Woodland Heights meet at Woodland Heights, R. L. Fry of Brownwood, committeeman; Salt Branch and Chapel Hill meet at Salt Branch, Grant Thomas, Bangs route 1, committeeman.

Precinct 2, J. W. Phillips, commissioner; Cross Cut, Chas. Stone of Cross Cut, committeeman; Byrds and Holder meet at Byrds, O. E. Fomby, committeeman; Williams, H. Clay Williams of May, committeeman; May, George W. Plummer of May, committeeman.

Precinct 3, J. A. Bettis, commissioner; Zephyr, Claude Kilgore; Blanket, Joe Dabney of Blanket; Early High, George W. McHan; Clio, S. P. Burns of Owens (school instead of voting precinct).

Precinct 4, Chas. B. Palmer, commissioner; Bangs and Mt. View at Bangs, Fred Perry of Bangs and Homer Keeler of Brownwood route 1, committeemen; Thrifty, A. J. Newton, committeeman; Grosvenor, Ike Gaines, committeeman.

### JEW EVANGELIST CONDUCTING CHRISTIAN SERVICES

Rev. Sam Rosing, converted Jew opened a series of revival meetings last Sunday in the building formerly occupied by Railway Express Agency at 400 East Lee. Services are being held each night at 7:45 by Rev. Rosing assisted by his wife, daughter and Johnson Brothers. String instrumental music and singing service precedes sermons.

Following subjects have been announced: "Who Was Cain's Wife?" "The Mark of the Beast," "The Whoopee ParTr," "The Man From Hell with a Night Cap On," "From Mount Sinai to Calvary's Cross," "How I Witnessed My Own Funeral," "The Return of the Jews, Nationally and Spiritually," "When Anti Christ Reigns," "Uniting of Religions," "What About 1934? Will It Usher in the Last War?" "The Man Child, Who He Is and Who He Is," "The Harlot Woman and the Scarlet Beast," "The Giant Mergers and Their Portend."

A well organized pantry cut the weekly grocery bill from \$5 to \$1.75 for Mrs. B. L. Whaley, Jones county home demonstration club woman. She says sales of canned products paid the entire cost of her pantry.

### ON TEXAS FARMS

By W. H. Darrow, Extension Service Editor.

Trench silos have been dug by 38 Brazoria county farmers this summer as a result of two previous demonstrations and a dairy short course, reports the county agent. One farmer says his silo cut his feed bill to less than half what it formerly was and milk production increased also.

Sub irrigated gardens are becoming the thing in Hartley county where three specially designed forms for making the concrete tile at home have been in constant use out of the county agent's office.

Fourteen home demonstration gardens in Caldwell county have supplied their farm wife owners an average of 250 cans of vegetables, cash sales of \$4.02 per garden and about \$50 worth of fresh vegetables for the home table. The average cash cost was \$8.24 per garden.

"My cows are looking 100% better and my calves 1000% better since we placed self-feeders in the pasture," says John Petterson of Harris county in speaking of a beef cattle feeding demonstration with the county agent. Creep feeders were supplied 114 calves, one feeder in each of four pastures. Cows were fed twice a week for two weeks to get the calves started on the feeders.

Eleven Nolan county farm women completing wardrobe demonstrations this summer report to the home demonstration agent that they dressed well for a year for an average of \$17.83. Methods demonstrated for their benefit and their neighbors included the making of clothing budgets, careful planning providing good storage space, making and using foundation patterns, and wise buying of materials.

### Peaches Used In Many Desserts

With summer well advanced and the orchards and gardens vying with one another to supply us with a great abundance of berries and fruits there is no longer any need to wonder and worry about tonight's dessert. The greatest choice of the year is now available and prices for the most part are well within reach of the average pocketbook.

For the cook, however, who prides herself on serving the latest delicacy, peaches are to be considered seriously, for they are now fairly plentiful and may be used as the base for any number of tempting desserts.

Of course you'll have them sliced and chilled with cream and if you have the equipment you'll probably be making them into fresh peach ice cream. But you can also use them for any number of other desserts, of generations ago. Here's the recipe:

#### Peach Torte

One and one-third cups zwieback rolled fine, 2 cups sliced, fresh peaches, 2 eggs, 1-2 cup sour cream, 2-3 cup sugar, 2 teaspoons vanilla, 1-8 teaspoon cinnamon.

Roll zwieback into crumbs and put two-thirds of them in a layer in a well-buttered, loose bottom layer cake pan. Cover with peaches. Mix beaten eggs, cream, sugar, vanilla and cinnamon and pour over peaches. Sprinkle with remainder of crumbs and bake in a moderate oven (375 degrees Fahrenheit) until peaches are cooked—about 20 minutes. Makes one 8-inch torte.

#### Peach Meringue Pie

One and one-half cups finely rolled soda crackers, 1-3 cup butter, 2 tablespoons sugar, 1-4 teaspoons salt, 2-3 cup sugar, 3 cups sliced peaches (sweetened if desired) 2 tablespoons Sherry flavoring (may be omitted), 1-4 cup sliced almonds, 2 egg whites, 1-2 teaspoon vanilla.

Roll crackers fine and mix with softened butter, 2 tablespoons sugar and salt. Press cracker mixture firmly against sides and bottom of buttered pie plate. Remove 2 tablespoons sugar from the two-thirds cup called for and reserve for meringue. Mix remainder with peaches, sherry flavoring and almonds and pour mixture into cracker crumb lined plate. Place in a hot oven (475 degrees Fahrenheit) for 10 minutes; reduce heat to 350 degrees Fahrenheit and continue baking for 15 to 20 minutes. Remove from oven. Combine stiffly beaten egg whites with 2 tablespoons of sugar and the vanilla. Spread over peaches. Return to slow oven (350 degrees Fahrenheit) for 15 minutes. Makes one 8-inch pie.

### RFC Funds Are Used In Pest Eradication

Here's a suggestion from Pearsall regarding the elimination of the wolf and coyote menace. We might get a few ideas from it, says the Cuero Record.

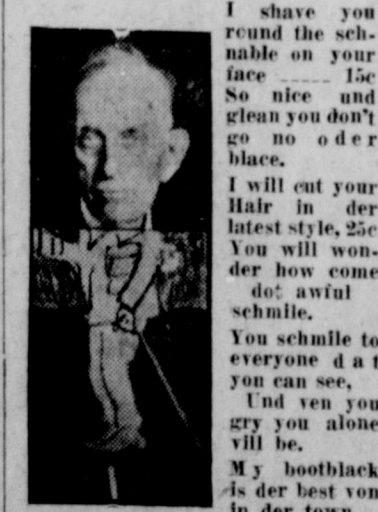

More than 100 coyotes and a number of bobcats have been accounted for in the first three weeks of the campaign in Frio county conducted by eighteen men paid by RFC funds and under the supervision of the bureau of biological survey. Among the number caught is one coyote which is known to have destroyed more than 600 chickens and turkeys. Predatory animals have been a source of worry and loss to Frio county poultrymen.

### NEW BAND DIRECTOR FOR HOWARD PAYNE

Prof. W. R. Parker, new band director of Howard Payne College, comes with more than 20 years of band and orchestra experience. He has studied under F. Niel Innis of Denver, Colorado; H. A. Vander Cook, Chicago, and E. O. Roark, Kansas City.

For five years he was band leader with the U. S. Army and five year was head of the Band and Orchestra of North East Oklahoma Junior College. For ten years he served as band leader in various large cities in Oklahoma and Missouri.

### HEADS UP! It's time to give your straw hat away.

The first Fall Stetsons are on display. We, of course, know what they're like... but you've never seen anything like them. In these innocent looking boxes, there is enough excitement to straighten the shoulders of the most timid man you know... and to discourage a man from wearing the straw hat he bought only last week.

Come on and look these Stetsons over... it'll do you good. Try them on... and take them off... that is, if your will power is strong enough.

sheep and goat men for a number of years.

At the suggestion of George W. Curtis, local farmer and stockman, that RFC officials might be able to provide men for his rolls for a campaign against coyotes if traps could be obtained the county agent got in touch with the district leader, predatory animal control, bureau of biological survey, United States department of agriculture, and arranged for a supply of traps. The department placed an expert trapper in charge of the county now some eighteen men are using lines daily.
