### U.S. SAVINGS BONDS

You will be seeing this dramatic reminder soon to reemphasize the fact that systematic allotment of a portion of your income for investment in United States Savings Bonds will insure your future financial independence.

#### LARGE CROWD ATTENDS CONCERT WED. NITE

One of the best programs of its kind, that has ever been presented at the College Auditorium was enjoyed by a full house last Wednesday night, May 24, when the Stamps-Baxter Quartet gave their concert in benefit of the Ladies Club room.

Gene Moss, former Hedley resident, sang that wonderful number "I will meet you in the Morning" for which he had received a number of requests before he arrived for the program.

The ladies of the Senior Home Demonstration Club wish to thank everyone that was present and bought a ticket.

#### FORMER COUNTIAN ELECTED BY NATIONAL GROUP

Ernest Eads of Amarillo and former Hedley resident, now president of Eads Hide & Wool Co., has been honored by the National Hide Association. At the association's sixth annual meeting in Boston, the former Hedley man was elected national vice-president and also appointed chairman of the grievance committee, most important group in the organization.

Many Donley residents can easily remember when Mr. Eads had his small business at Hedley and are proud to know he has succeeded in reaching the higher bracket in his line of business.

#### Good Crowd Attends Air Breakfast

Two hundred and twenty three people registered at the airport last Sunday morning for the airman's invitation breakfast. This was a very nice crowd and would have been much larger if the weather had been more suitable. Low flying clouds kept many flyers at home as it was ideal hedge-hopping weather up until 9 o'clock.

Forty-six out of town planes arrived at the airport during the morning with over 100 out of town visitors registering. Some of the farthest points listed were Wichita Falls, Lubbock, Plainview and Grady, N. M.

The Donley County Aviation Club, the sponsors, wish to thank homefolks for the nice turnout to greet the visitors.

#### Set Deadline For Filing Candidacy

Candidates for state offices have until June 5 to file their names with their local Democratic executive committee.

Deadline for filing for county and precinct offices is June 17.

Two days later, on June 19, the executive committee is required to meet and draw for the order names are to be placed on the ballot.

The first Democratic primary will be held July 22.

#### 32 DIE IN FLAMING STREETCAR

CHICAGO, ILL.—Thirty-two persons were killed and 30 others hospitalized when a crowded south State St. car sped through an open switch and rammed a trailer tank truck loaded with 8,000 gallons of gasoline. The fuel exploded and flamed through the train where many passengers were trapped by jammed doors. Six buildings nearby were gutted by the fire.

#### Game Hearing Here Slated For Monday Night

A hearing on proposed game laws for the Panhandle, under the recent act of the Legislature giving the game commission regulatory powers in the Panhandle, will be held in the District Court Room at 8 p. m. next Monday.

Representatives of the Texas Game, Fish & Oyster Commission are conducting the hearing to discuss proposed regulations for this area and to hear the suggestions of hunters, fishermen, land owners and others who will be affected by the regulations.

No major change in the game laws is contemplated, with the exception of an open season on deer and turkey and reduced bag limits on quail and some species of game fish.

Plans call for a 10-day open season on white tail deer and wild turkey in all Panhandle counties, except Randall and Briscoe Counties, where re-stocking operations are in progress.

Bag limit on quail probably will be reduced to 10 birds per day and not more than 20 in possession.

Also suggested is reduction of bag limit on crappie and channel catfish to 15 each, per day, and reduction of the limit on bass to six per day.

Another suggested change would restrict the use of trotlines in Panhandle lakes, permitting only one line per person and not more than 20 hooks per line.

Regulations under the regulatory powers act will be effective Sept. 1. Effective on that date, all hunting and fishing will be prohibited, except as provided by orders of the commission.

#### In The Red Again? Time To Pay Up!

If a red pencil mark appears in the left hand corner of your Leader this week it means that it is time to pay up again. The subscription price is \$2.50 for those living in Donley County and \$3 for those outside of Donley County.

Several subscriptions are past due and will be dropped from our list if not paid up before next Thursday morning. We don't want to take anyone's name off our list, so please drop by and pay up or send your check in right away.

#### The Lion's Roar

By A. D. Estlack

The Clarendon Lions Club met at their regular noon luncheon period Tuesday with their attendance cut considerably due to the fact that it was Memorial Day and a large percentage of the members went visiting, fishing, or tackled some unfinished chore around their home. Guests for the day were Mrs. Joe Jones and Clyde Price Jr.

The program consisted of a Memorial Day talk by Lion Ray J. Noblitt which brought favorable comments from those in attendance. His talk brought out the fact that very few people give serious thought as to how we obtained our American way of life and how we have kept it intact through the years.

"Let us 'remember' not just on special occasions, but all through the year," Lion Noblitt urged. "When it comes time to vote, let's keep faith with those who died for freedom by seeing that the right type of officials head our county, state and national offices."

Lion Noblitt was also strong in his opinion that good citizenship must first be fostered in the home and then diligently and faithfully through the public schools and higher institutions of learning.

"The history of our country should be a 'must' in the courses of study offered by every college and university in the United States," he said.

Thanks Lion Drennan for arranging for this splendid talk by our own Lion Noblitt.

#### Methodists Announce Assignments

The Northwest Texas Methodist Conference came to a close last Sunday at Big Spring with the reading of appointments for the district. W. E. Hamilton was returned here as District Superintendent and Rev. John A. English was returned as pastor of the local church.

A part of the Clarendon District appointments are as follows:

District superintendent, W. E. Hamilton, Allison-Briscoe, to be supplied, Clarendon, John A. English; Clarendon circuit, Virgil Smith; Dodson-Kelley, John Lee Wood; Gageby circuit, C. C. Merritt; Groom, Conrad Ryne; Hedley, Frank Storey; Lakeview, O. C. Evans; Lela-Heald, Ray Elliott; Lefors, W. V. O'Kelley; McLean, W. B. Hicks; Memphis, Rollo Davidson.

#### Local Man Injured As Truck Collides With Tree

A roadside tree about 4 miles east of Claude was victorious last Thursday evening when a pickup truck driven by Elbert Horton went out of control on the wet highway and wrapped itself around the tree, completely demolishing the truck. Horton received serious injury in the accident, but his companion, Bill Preacher, received only minor injury. The pick-up hit the tree on the drivers side about middle way of the cab.

Horton is reported resting as well as could be expected at the present time. His injuries consisted of a shattered hip bone, pelvis bone and tail bone break. He is in the Veterans hospital at Amarillo.

The pick-up belonged to the Estlack Machinery Company, and the two men were on their way to attend a service school at Amarillo when the accident occurred.

#### Smallwood Reunion Held Sunday

The children and other relations of the late Rev. and Mrs. R. L. Smallwood gathered at Lake McClellan last Sunday for a reunion and general get-together. Fried chicken and all the trimmings, in abundance, adorned the picnic tables, and after the feast the group watched the motor boat races, visited and talked of by-gone days and made definite plans for annual Smallwood reunions.

The children present were Mr. and Mrs. D. T. Smallwood of Brice; Mr. and Mrs. M. L. Pittman of Clarendon; Mr. and Mrs. Bert Bost of Skellytown; Mr. and Mrs. Lela Smallwood and Mr. and Mrs. Tom Smallwood of McLean. Grandchildren and great grandchildren present were Mr. and Mrs. Dewey Hendrix and son Martin, Mr. and Mrs. Marion Cross, son and daughter Billie and Jane, Mr. and Mrs. J. G. McAnear and children, Jeanie, Dwight, Ronnie and Freddie, Mr. and Mrs. Bill Todd, all of Clarendon, and Bob Bost of Skellytown.

Some nieces and nephews of the late R. L. Smallwood were also there. They were Mr. and Mrs. R. L. Baley of Spearman, Mr. and Mrs. Guy Smallwood of Morewood, Okla., and Mr. and Mrs. Frank Worthington and two children Evelyn and Charles of Mobeetie. Two visitors were also present, Miss Rosalene Hiltbrunner of Mobeetie and Mr. Bennie Noble of Skellytown.

Two daughters were unable to attend the reunion. They were Mrs. Sibyl Smallwood Means and husband of Rockport and Mrs. Virginia Smallwood Miller and husband of Altus, Okla.

Mr. and Mrs. Bowen DuLaney and two children left Thursday on a vacation and visit with her mother at Red River, N. M.

## Donley County Has 1,286 Less People Than In 1940

### TROOPS FIGHT BOLIVIA STRIKERS

LA PAZ, BOLIVIA—Soldiers of the Bolivian army disperse striking rioters in the streets of La Paz. Ten persons have been killed and 200 injured in the two-week-old general strike, and an additional 50 have been reported slain in clashes in the hills between government troops and insurgent forces of the communist-fascist revolutionary movement.

#### Services Held Wednesday For W. C. Jones

Funeral services were held Wednesday afternoon at the Methodist Church for William C. Jones with Rev. John English officiating, assisted by Dr. W. E. Hamilton.

Mr. Jones age 67 years, passed away Tuesday at the local hospital following a stroke. He had been a resident of Donley County the past 40 years and was a retired farmer.

Survivors include the widow, Mrs. Hope Jones; two sisters, Mrs. T. T. Butler, Borger, and Mrs. L. A. Wilkins, El Paso; two brothers, Tom N. of Big Spring and F. M. of El Paso; and five grandchildren.

Pallbearers, all nephews of Mr. Jones included Oscar Jones, E. W. Jones, Bob Butler, Curtis Jones, C. P. Jones, Ross Jones, Harvey Butler and Leon Butler.

Honorary pallbearers were Dick Chama, Seth Swinney, Dick Vallance, Doyle Phillips, Orville Housden, Wade Roach, J. R. Bulls, Frank Lyle, U. G. Swinney, George Wood, Noel Huwitt, J. R. Bartlett, Travis Akwin and Willis Lefew.

Burial was in Citizens Cemetery, under direction of Murphy-Spicer Funeral Home.

#### Services Held Wednesday For Hedley Resident

Funeral services were held Wednesday afternoon at the Hedley Methodist Church for William Oliver Read with Rev. Frank Storey officiating.

Mr. Read, age 84 years, died in a Memphis hospital Tuesday morning. He moved from Hall County to Hedley in 1928 and had lived there since that time.

Mr. Read is survived by his wife, 10 children, F. E. Read, McAlester, Okla.; Charley T. Read, Lubbock; Z. L. Read, Amarillo; J. A. Read, Lela Lake; Mrs. Dona Davis, Bridgeport, Texas; Mrs. R. N. Clark, Leslie; Mrs. Mary Jane Moore, Dallas; Mrs. Everett Hughes, Newlin; Mrs. J. W. Longshore, Lakeview; and Mrs. E. A. Vance, Lefors; 25 grandchildren, several great-grandchildren and a number of great-great-grandchildren.

Other survivors are two sisters, Mrs. P. D. Meadows, Skellytown; and Mrs. Ellen Banks, White Deer, and two brothers, Noah Read, Vinson, Texas, and Lee Read, Hedley.

Burial was in Newlin Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

Donley County Leader, \$2.50 year

#### GOLDSTON DEFEATED BY NARROW MARGIN AGAIN

The Panhandle baseball club came from behind in the 8th inning to win over the Goldston club 14 to 13. The locals were leading 13 to 9 until the eighth inning at which time their rivals drove in 5 runs and held their one point lead. The Goldston battery was working good but not good enough toward the end of the game. John Richey evaded but the only home run for the locals. The game was played at Panhandle.

The next game will be with McLean on the local diamond next Sunday.

#### Local Ropers To Meet Pampa Here Wednesday, June 7

The Clarendon Roping team will match their roping ability against the boys from Pampa at the local roping arena next Wednesday night, June 7th at 8 p. m.

This matched roping event is expected to be one of the best and there will be some very capable ropers putting out their best on both teams. The arena is well lighted so you can see everything that goes on and the local boys would like to have a good crowd come out and enjoy the sport with them.

Mr. and Mrs. John Blocker left Monday for a few days in Daltart and Amarillo on business.

#### SHARE SPELLING TITLE

WASHINGTON, D. C.—Diana Reynard, 12, of East Cleveland, Ohio, and Colquitt Dean, 14, of College Park, Ga., were declared co-champions of the 23rd annual national spelling bee held in the National Press Club. Charles Schneider of New York, director of the contest, congratulates the winners who vanquished 50 youngsters representing all parts of the nation. Tie resulted after 7½ hours spelldown when judges ran out of words.

 Juanelle Stevenson is home for the summer after attending Canyon College this past term.

yon College this past term.

**Warn Children Not To Play With Blasting Caps**

Dynamite blasting cap accidents to children increase every year during the summer vacation period it was pointed out in a nation wide warning issued today by the International Association of Chiefs of Police and the Institute of Makers of Explosives and announced here jointly by Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety and J. O. Musick, General Manager of the Texas Safety Association.

The Institute, in cooperation with local police, county sheriffs, Boy Scouts, Junior Deputy Sheriffs' Leagues, Girl Scouts, other youth and adult groups, and newspaper and radio stations, is

stepping up its long national campaign to warn children not to play or even touch blasting caps.

"Children or adults finding a blasting cap are warned to leave it alone and report it immediately to the police department or the Sheriff's office," said Garrison and Musick, adding:

"Blasting caps are small round copper or aluminum cylinders or tubes about one-quarter of an inch in diameter and an inch or two in length. Some may or may not have a fuse attached, while others may have plain or colored covered wires leading from one end. The tube or cylinder is loaded with a powerful, sensitive ex-

plosive used to explode dynamite.

"These caps are necessary to make dynamite useful in important work, such as mining, highway and railroad construction, and clearing farm land of tree stumps and rocks, and other jobs. Often blasting caps are lost, stolen, or left lying around in un-locked tool boxes, barns, or along side of highways and railroad tracks. Children who pick them up are in great danger so long as they are near them.

"Workmen are cautioned to keep all explosives under strong lock and key. The child they save may be their own."

### OLD PATHS

By DOYLE WILLIAMS  
Minister  
Church  
of Christ

The necessary inference in a thing is that it is needed in carrying out a direct command or example. The Lord has commanded us to go preach the Gospel, and the necessary inference in this divine command is the way to go. He has not expressed the means that are to be used in going to preach the Gospel, yet it is necessary in order to going

any place to preach. We must use some means of conveyance to get to the place, thus it is necessary to the going. God has left us at liberty to choose the more convenient way to get to the place to preach; we can ride a mule, we can ride a train, we can ride in our cars, or use any means of transportation that in our wisdom is the most expedient to the one that is going to preach. This is what is meant in being scriptural by necessary inference. This law of necessary inference runs through out the entire New Testament, and any man whether he knows it or not is continually using it in his religious action. If God had pointed out either by direct command or example some specific way of travel, we all would be compelled to abide by that one way or be unscriptural in the way that we travel, but

God has fastened it upon our wisdom and convenience in choosing the best way, and still be scriptural in our means of travel. God has commanded every Christian to assemble on the first day of the week, and has given divine instructions what to do when he has assembled. He has shown by example that he must break bread, and drink of the fruit of the vine, to show the Lord's death till he comes again; He has also given divine command for him to give of his money to the support of preaching the Gospel, and caring for the sick and destitute; he has told us how to do that giving, we are to give as God has prospered us, we are to not give grudgingly, but of a ready mind; he has told us to lay it by, or lay it aside upon the first day of the week. In order that we be scriptural in the support of the Gospel we must give, according to the conditions that God has pointed out. Now, in contrast with this, we see many religious people of today disrespecting these divine means of giving. Instead of respecting the divine command to give, they resort to

every clap trap method that can be hatched in the mind of men; by means of profiteering, gambling, begging, dramatizing, pledging, and any other way that a dollar can be raised to support what they call the Gospel of Christ. The word scriptural, and the respect for the divine command of God, has been piled in the waste basket of neglect and don't care, and unless the honest and sincere of earth does not raise their voice against such ungodly and unscriptural practices, and stand upon what God has revealed in the Bible nothing more and nothing less, how can we expect our off-spring of tomorrow to respect what we call Christianity?

This disrespect and disregard is also practiced in our praises to God. God's children are commanded to sing praises unto him, but no where in the New Testament has God, Christ, or any of the Apostles revealed that we are to play an instrument or any kind of mechanical device in worshipping him. He has not revealed this in either of the three ways that we are studying. He has commanded it nowhere, and there is not an example to be found in the New Testament, neither is it necessary to singing. It is as foreign from the Bible; the revelation from God as the North is from the South, as the East is from the West. Then where did it originate, the only

answer is, in the mind of men. Ireland Island in the Bermudas has the largest floating drydock in the world.

Walnut trees with figures grain throughout the trunk are found only at rare intervals. Only about one tree in a thousand has a grain that is more or less figured.

for less than **SOME SIXES**

HERE'S where you come into your own.

For this roomy six-passenger Sedanet is the lowest-priced family-model Buick and the easiest to buy.

But it has all the basic qualities that make every Buick a standout.

Unmistakable smartness, for instance, in its tapering fenders and money-saving Multi-Guard forefront.

A bonnet full of Fireball straight-eight power that spells thrills with real thrift.

Matchless Buick ride compounded of coil springs on all four wheels, ride-steady torque-tube, low-pressure tires and Safety-Ride rims.

You can even have Dynaflo Drive\*

if you like—the first non-shifting transmission in which oil does it all.

But here's the point:

It doesn't cost a cent—doesn't obligate you in any way—to check all this—to try this Buick out. All you have to do is ask—and your Buick dealer will sit you behind the wheel—let you put this traveler through its paces—show you precisely how little it will cost you to step up to a Buick.

You'll never know what you are missing until you try a Buick. Come in, won't you—right away?

# 1949 The Bluebird 1950

Vol. 1 No. 30 LELIA LAKE SCHOOL NEWS June 1, 1950

## SONGS PRACTICED FOR GRADUATION

The freshman, sophomores and juniors are practicing on songs to be sung at the Lelia Lake senior graduation, June 2.

The songs to be sung are, "Among My Souvenirs," "Whiff-poop Song," and "The Rosary."

## FILMS PROFITABLE TO EDUCATION

Lelia Lake is finishing its program in visual education and it is felt it has been a very profitable year.

A complete survey on the effectiveness of visual education has been made by the faculty of this school and many other schools and it has been found and

often said that, "one picture is worth a thousand words."

Visual education is not just motion pictures but consists of any method of teaching which shows a material example of the subject being discussed. Maps, silent films, sound films, illustrative material, radio, recorder, records are just some of the forms of visual education. Students feel that Lelia Lake is very fortunate to have a rather complete and well organized visual education program.

Schools were not the only ones to utilize this effective method of teaching. The War Department recognized this boom in education and within three years every sizeable branch of the army and navy had a projector. The army also vroduced many films.

According to an article entitled, "The Boom In Visual Education," by Bill Davidson in Cornet magazine, a survey at Harvard proved that with films taught to ninth graders, they learned 20.5 and remembered 38.4 per cent more than noncinematic ninth graders and many other universities offered even greater results.

The films used in the Lelia Lake visual educational program has received films from The University of Texas at Austin and from numerous advertising concerns who offer these films for the charge of only the postage.

The faculty and students wish to thank everyone who helped with the school carnival either as a guest or a worker because it was through this effort that this beneficial program has been possible. Other teaching methods have been purchased by the school system. Lelia Lake now has a sound projector, microphone, slide projector, radio, record player, literary atlas, and wire recorder. The wire recorder has been quite beneficial in cor-

rective reading.

Outstanding films have been available in health, science, home economics and in primary and elementary grades.

Mr. Craig Johnson has kept a record of films showings and attendance of the past nine months and would like to pass this information on to you.

Motion Pictures film Strip shown, 352; No. of showing, 461; Attendance, 16,953.

## GIRLS COMPLETE STUDY OF HOME FURNISHINGS

In addition to the notebooks on planning, furnishing and decorating a home, the Home Economics II girls of Lelia Lake are studying the good principles to consider in buying sheets, towels, and rugs.

Sheets and pillow cases have been rated according to thread count or type, price, construction, and the need of the family. Construction of terry towels has been studied.

The girls have also studied the

chief characteristics of the chenilla, Wilton, Brussels, Axminster, velvet, broadloom and felt rugs.

## BACCALAUREATE SERVICES HELD SUNDAY NIGHT

The Baccalaureate services were held for the 1950 graduates of Lelia Lake High School on May 28, 1950, at 8 p. m. in the high school auditorium.

Processional was played by Mrs. Billy Christal. The invocation was given by the Reverend H. M. Vardeman. The chorus sang: "Lord's Prayer," and "Awakening Chorus." The address was given by the Reverend Arthur W. Francis of Lakeview. The chorus then sang, "Fairest Lord Jesus," and "The Doxology." Benediction was given by Mr. James Smith. Mrs. Billy Christal played the recessional.

## FINALS COME TO LELIA LAKE SCHOOL

Tests for the high school and grade school were given Tuesday and Wednesday, May 29 and 30. The morning classes were given Tuesday and the afternoon classes Wednesday. The test periods were one hour and thirty minutes long.

## BETTY JEAN REED TAKES HIGH HONORS

The valedictorian and salutatorian of the eighth grade were determined this week after a close race between Betty Jean Reed, Norma Murphy, Onita Rumpy, and Rowena Ivey.

Their averages were: Betty Jean Reed, 94.64; Norma Murphy, 93.79; Onita Rumpy, 93.29; and Rowena Ivey, 92.64. Their grades have always been close.

Betty Jean Reed is the daughter of Mr. and Mrs. D. F. Reed.

Norma Murphy is the daughter of Mrs. Evelyn Murphy. Onita Rumpy is the daughter of Mr. and Mrs. J. F. Rumpy. Rowena Ivey is the daughter of Mr. and Mrs. Oda Ivey.

## SHOP CLASS BUILDS SMALL SCALE HOUSE

The Lelia Lake woodworking class has begun a very unusual and, a very profitable project. They have planned and are now constructing a frame house, 5 feet by 4 feet and 2 feet high. It is on a one-fourth scale of a regular house.

The class is receiving experience laying out a foundation and building frames for the foundation. The house will have a regular sill, joist, beader, rough floor, sole, steed and then the outer walls have been raised and spiked in place and fastened together securely. The house will have a gable roof. The students will place windows and doors in the house, put up sheetrock, and sid-

ing. The house is built and approved build to give maximum beauty.

Mr. Craig Johnson he has a very interesting class with 10 visitors who would like this project.

## SENIORS GIVEN WEINER ROAST

The graduating senior Lake High School picnic Friday, May 26 Clarendon Country Club with the seniors were

After playing basketball students roasted wein dogs. Hosts for the picnic were Mr. and Mrs. Craig Johnson and Mr. and Mrs. Bill Low

The oak is called the Trees, and acorns from were a food before Europe knew of the call corn.

# HUSKY Dependable Power

THE POWER AND ECONOMY LEADER OF THE 3-4 PLOW CLASS

## THE MASSEY-HARRIS 3-4 PLOW "44"

Here's a 4-cylinder husky that's built for more than just average conditions... a tough, versatile, dependable tractor, the "44" walks away with the most stubborn 3-4 plow jobs on your farm. It's out on a tough field job that you really get to know the "44." That you really discover its lugging ability and economy. You take heavy plowing and discing jobs in stride... plant, cultivate, haul seemingly with no effort. And you do it on less fuel!

There are more acres of work in every tank of gas with the "44." More furrows plowed, more rows planted, more dollars and cents savings in every operation. See us soon for complete details on the Massey-Harris 3-4 Plow "44." Get the power and economy leader for your farm.

YOUR MASSEY-HARRIS DEALER

# Plowin' Out the Corners

By Uncle Zeb

From Mitey Talk, in the Amarillo Times, "A fellow who carries a tall makes a monkey of himself." Now, Ain't that the truth.

Clyde Cope tells me this one, and I quote, "Columbus was the first Democrat; he didn't know where he was going, and when he got there he didn't know where he was, and he done the whole job on borrowed money."

Foreythe Sowder recently sold some steers at the sale that brought considerably over two hundred dollars apiece. Uncle Jay, who is always anxious to

get in a "Plug" for his so-called "Old Reliable" asked our friend whether he considered that he had made any money on the cattle. "Well," says Foreythe, "I don't rightly know just how to figure it out. I raised the steers themselves; I raised everything that they have eaten, and on top of that I raised the boy to take care of the feeding." I guess that ought to take care of Uncle Jay for awhile. I still wonder whether he made a profit or not.

I enjoyed the talk by Dr. Marshall to the Seniors of Claude High School, the other night. He is not only entertaining but along with his clever bit of humor lies a wealth of deep and uplifting illustrations and thoughts. He was anxious to become a member of my Ain't Smoking Right Now Society, and we were glad to have him. I especially liked his version of the story of the two frogs in the can of milk. If I can get a copy of it I will run it in the column, for the poetry lovers.

Speaking of the Ain't Smoking

Society, our hats should go off to the students of the Claude High School. According to Supt. Morris only one student in the entire high school smokes. This has happened without any hard and fast rules being applied. Isn't this an unusual situation? Congratulations to these students and to this faculty. At least they won't have to go through the hardships of quitting as Uncle Zeb did, if they never start.

Wonder if my friends down around Lelia Lake are taking care of our future needs by planting a nice crop of watermelons? How about this Mr. Gerner? and Mr. Knox? There is no place in the world as far as I am concerned that produces better watermelons than Lelia Lake, or that I can enjoy eating them any better.

Several have jumped me about our article not being in the Farmer-Stockmen the last month or two. It seems that he doesn't think the folks enjoy it as well as they would some story about how to grow a better calf or a water-

melon or something. Anyway, if you had rather have Plowin' Out The Corners back in the paper you might drop the Editor a note. I think he means to use something from us once in awhile, probably this is more than we deserve. Anyhow, it is up to you the readers whether we stay in the editors of the papers. Write to the Editors and tell them what you think.

One of my newspaper friends has a new baby that he considers worth a million dollars and according to a wisecrack last week has retired on this new found wealth. Actually, I could retire on the new friends that I have made by writing this little column and feel that I had been well paid for all my trouble, even if I never received another free paper as long as I lived. Best wishes 'till next week.

Mr. and Mrs. Emmett Simmons returned home Friday from a two weeks vacation visit at Jacksonville, Fla. with her brother, Dr. James Swift.

## MIDWAY

Mrs. John Goldston

Mr. and Mrs. Loyd Moreland had as their guest Sunday, her four sisters and two brothers, Mrs. Hulda Wilson, Mrs. Linnie Cauthen, of Memphis; Mr. and Mrs. George Bulman and Mr. and Mrs. Sam Cauthen of Vernon; Mr. and Mrs. Frank Cannon, Mr. and Mrs. Richard Cannon were afternoon guests.

## ANNOUNCE ENGAGEMENT

Mr. and Mrs. F. C. Crofford wish to announce the engagement and approaching marriage of their daughter Margie Nell to Mr. Billy Mix Phillips, son of Rev. and Mrs. Ernest Phillips.

The wedding date has been set for Wednesday, June 21st.

## CLARENDON H. D. CLUB

The Home Demonstration Club met with Mrs. Lena Antrobus, with Mrs. O. C. Watson as assisting hostess. Meeting opened with singing American. Mrs. Rumpy presided over the business and each member answered roll call by telling about their May baskets which were sent to shut-ins. Arrangements were made for the "Stamps Quartet" which was held on May 24th. A good crowd and a good program was enjoyed. The proceeds will be used in the kitchen of the Patching Club House. The program consisted of a display of articles from Germany sent by Mrs. Dorothea Ledbetter to Mrs. Watson. These articles included hand embroidered linens, china, wood carvings and novelties.

Those present were Mesdames G. A. Anderson, Bertha Benson, Clyde Butler, A. L. Chase, Claude Darden, G. L. Green, A. W. Simpson, M. C. Rumpy, and the hostesses, Mrs. Antrobus and Mrs. Watson.

## MARTIN QUILTING CLUB

The Martin Quilting Club met with Mrs. Lela Bulman May 25th. A delicious covered dish lunch was served at the noon hour. Two quilts were quilted and hemmed.

Members present were Gracie Crofford, Margaret Waldrop, Annie Waldrop, Lois Sibley, Rubye Jordan, Blanche Higgins, Bessie Helton, Eunice Land, Lizzie Morrow, Nola Hill, Della Barker, Maybelle Phillips, Emma Davis, and hostess Lela Bulman. Visitors were Mrs. Tina Eddings, Mrs. Helen Land of Clarendon, and Misses Lois Hutchins, Vanna Smith, Florine Kysner and Billy Ruth Barbee. One new member, Mrs. Elsa Kidd.

The next quilting will be June 8th.

—Reporter

## KILL KARE KNEEDLE KLUB

Mrs. Frank White Sr. entertained the needle club at her home Thursday afternoon. For decorations, vases of various garden flowers, also stock, carnations and gladioli were used. Mrs. C. R. Martin of Rising Star and Mrs. Henry Williams were afternoon guests. Club members were Mesdames A. O. Hefner, R. O. Thomas, Major Hudson, R. R. Dawkins, Gene Noland, J. R. Bartlett and Misses Ida and Etta Harned. The hostess, Mrs. White served a delicious ice course during the social hour.

## WINS SECOND PLACE IN SOUTHWEST BRIDGE TOURNAMENT

Mrs. Frances Cooke Forrest, who recently was awarded a Master's certificate in contract bridge, won second place in the Southwest Bridge Tournament which was held last week in El Paso. Players from seven states participated and Mrs. Forrest competed with such experts as Al Sobel and Charles H. Goren of Philadelphia.

Mr. Sobel is national director of the American Contract Bridge League. Mr. Goren is the author of a number of bridge books and syndicated articles, one of which appears daily in The Star Telegram; and he is the only player in history to win every major bridge trophy in the United States.

Mrs. Forrest is a member of the American Contract Bridge League and is a director of the El Paso unit. She considers both Clarendon and El Paso her homes.

## GOLDSTON QUILTING CLUB

The Quilting Club met Wednesday, May 17, with Mrs. Etta Reynolds. A nice covered dish lunch was served at the noon hour.

Guests present were Marie McCracken from Alanreed. Members present were Oddie Moss, Blanch Gray, Geraldine Jackson, Nora Smith, May Pearl McDonald, Carolyn McBrayer, Nora Jackson, Nina Dale, Sarah Peggram, Charlene Reynolds, Edith Jackson, Ola McBrayer, Flossie Reynolds, Edna Hudson, Ruth Littlefield, and the hostess, Etta Reynolds.

Two quilts were finished and a quilt top pieced.

—Reporter

## MOTHERS CIRCLE

The Mothers Circle met at the Methodist Church Wednesday afternoon, May 24, for its regular monthly meeting. The meeting opened with the group singing "More Love for Christ." Mrs. Horace Green gave the devotional and Mrs. Sam Lowry brought the mission study which was on the Mary Johnston Hospital in Manila. Mrs. T. M. Caldwell, Jr. discussed the question, "Can Parents Teach Religion?"

Mrs. Cap Morris is donating a baby bed to the nursery for those mothers who are interested in coming and have small babies.

There were two guests present, Mrs. Burl Rhea and Mrs. William S. Greene and the following members, Mesdames Bob Moss, Horace Green, Max Rhea, Mark Allen, Sam Lowry, Claude Moore, T. M. Caldwell, Jr., and the sponsor, Mrs. Cap Morris.

Mr. and Mrs. D. S. Smith and Mr. and Mrs. C. E. Lindsey and Mrs. F. E. Caraway attended a memorial service Sunday at Hopewell near Bowie.

## Speaking Of 'Pension Funds'

NOTE: LESS THAN \$4.00 PER WEEK (81 DIES PER YEAR) WILL BUY A \$25 BOND A MONTH. REG. MANNING

Mrs. Claude Darden, Miss Chloe Darden and Ray Darden and Mrs. Eva Atteberry and Mrs. Pauline Watters have returned home from Lubbock Thursday where they visited last week. Mrs. Darden, Chloe and Ray visited her sister, Mrs. J. C. Sprouls and Mrs. Atteberry and Mrs. Watters visited her daughter and husband, Mr. and Mrs. John Nanny.

Donley County Leader, \$2.50 year

## MIDWAY CLUB

The Midway Club met with Edith Longan. One quilt was finished. A lovely dinner was served at the noon hour.

Members present were Mooring, Scott, Eddie Williams, Terry, Roxie Williams, Butler, Quattlebaum, Thomas, McCrary and hostess, Longan. Guests were Genella Mooring, Lizzie Carpenter, Bobby Longan.

The next meeting will be with Lucille Luttrell, June 15th. This is also our pollyanna day.

—Reporter

## GOLDSTON QUILTING CLUB

The Goldston Quilting Club met Wednesday, May 24, with Oddie Moss. Two quilts were finished and a quilt top pieced.

Guests present were Tina Eddings, Joyce Eddings, Cleo Farr and Mrs. Allen from Amarillo. Members present were: Joy Roberson, Mazie Eichelberger, Geraldine Jackson, Nina Dale, Etta Reynolds, May Pearl McDonald, Connie Talley, Nora Smith, Nora Jackson, Charlene Reynolds, Carolyn McBrayer, Patsy Jackson, Ola McBrayer, Sarah Peggram, Edith Jackson, Blanch Gray, Billie Ashcraft, Irene Moss, Carolyn McDonald, Eva Lee Farr, Sue Talley and the hostess, Oddie Moss.

Nina Dale and Etta Reynolds had received Pollyanna gifts.

—Reporter

Albert Johnson of Ft. Worth spent the weekend with his parents, Mr. and Mrs. Will Johnson.

## OUTSTANDING STUDENT

AUSTIN—Jack Gray Johnson of Clarendon has been named an Outstanding Student at the University of Texas by the Cactus, student yearbook.

A law student, he is chairman of the Grievance Committee. He belongs to Silver Spurs, service organization; Phi Delta Phi, international honorary fraternal; and Tejas social club. As a freshman he was elected to Phi Eta Sigma, national scholastic fraternity.

He is the son of Mr. and Mrs. J. M. Johnson.

W. M. Pickering left this past Tuesday for Le Grande, Iowa, where he will visit a relative, Dr. Veane. He also plans stopping in Ames, Iowa to visit Mr. and Mrs. Henry Miller (Mrs. Miller is the former Betty John Goldston), and other points, Boulder Dam, and several other places. He plans on being gone around six weeks.

Mr. and Mrs. Clint Martin and children, Lloyd, Marian and Loraine moved back to Clarendon Friday. Clint has been doing highway construction work near Dighton, Kansas. He is now employed on the new bridge on Salt Fork.

Gene Tyler and his aunt, Miss Alice Tyler and Billie Jones were Clarendon visitors Sunday.

Della Jo Kennedy of Memphis is visiting Mrs. Bradshaw this week.

Precinct No. 2:  
S. A. ANDERSON

SKETCH D

#### BARRIER LINES FOR NO-PASSING ZONES

Take a look at the broken or dashed line in the sketches shown and then look again. This is a barrier line for a no-passing zone, and it can be readily recognized on the road because it is yellow paint covered with thousands of small glass beads that reflect light from car headlights at night to make the stripe more visible.

This is a companion line for the center line on two lane roads and lane lines on three lane roads at points where you do not have a clear view of the road ahead for a distance of at least 1,000 feet, and there are some 23,000 miles of highways on the State Highway system on which such points are marked. The broken yellow barrier line is one of the big guns fired by the Highway Department in the battle for traffic

safety. The Highway Commission recently provided ammunition in the form of a \$500,000 appropriation for highway pavement markings during the year 1950.

What does the broken yellow barrier line mean? It means that you are violating the law when you cross a barrier line that is on your side of the center line, and you are subject to arrest and fine if you are caught. Even if you are not caught, it means that you are inviting a chance to shake hands with death.

Remember that it takes about 2,400 feet or six and one-half blocks for you to pass a car traveling 50 m.p.h. when you are traveling 60 m.p.h. and there is a car in the opposite lane traveling toward you are 60 m.p.h. When the dashed line is in your lane you cannot see the roadway ahead for more than 1,000 feet, or three blocks, and blind flying is hazardous.

Last year's toll from violations of the broken barrier line was 22 dead, 109 injured, and \$689,350 in economic loss. The accidents that resulted in this toll of deaths, injuries, and property damage cannot be justified on the basis of a mistake in judgment on the part of motorists — they were violations of the law: violations in which the innocent as well as the guilty paid the price.

Don't let your impatience get the better of you and try to pass when there is a broken yellow barrier line in your lane unless directed to do so by an officer, for you are not only endangering your own life but that of an innocent motorist as well.

Mr. and Mrs. W. E. Bray of San Antonio and Billie Bray and Morris Bray of Tahoka visited and attended to business here Friday of last week.

Mr. and Mrs. C. R. Martin returned to their home at Rising Star Friday after a visit with his sister and family, Mr. and Mrs. Frank White Sr.

## Technicians Begin Banding of Doves

**AUSTIN**—Seasonal mourning dove banding, a vital phase of game bird management, is just getting under way in Texas, according to the assistant director of wildlife restoration of the Game, Fish and Oyster Commission.

Game wardens, protecting wildlife in the state's 254 counties, handle most of this work which is done while the young birds are in the nest, preferably just before they fly away. But game biologists, lake biologists, hatchery staffs and others help out.

The bands bear a number and the words "Game Department", Austin, Texas. The wardens record the banding data. Mourning doves probably supply more hunting than any other single game specie in Texas. The status of mourning dove populations in various states also have become a source of growing concern. Banding of the birds and the return of these bands by hunters will show the life span of the doves, where they go after leaving their nests, where most dove hunting occurs and the percentage of young and old birds killed each year. All of this will help to guide the department in recommending seasons and bag limits.

Thus, from the Rio Grande to the Panhandle and from the Eastern to the District Western borders, hundreds of persons are undertaking the important routine. Some wardens enlist the aid of Scout troops and sportsmen's clubs. Wardens have been requested to spread the banding over the entire nesting season through the summer to obtain a representative record. All are pitching in enthusiastically. Approached on the subject of cooperating, a gnarled Texan replied: "I have roped cattle, ridden yearlings and handled a few snakes but this is the first time I have had the opportunity of playing 'God Father' to young birds." Science marches on!

Banding the young birds is just as delicate as its is important. Great care must be taken in approaching the fragile nests. Birds should be banded between the ages of three to ten days. Yet they are so nervous at the end of this stage as their first trial flight approaches that they startle easily and may flee and become prey of predators. Likewise, bands must be carefully affixed to their legs; secure enough to stay and yet not tight enough to interfere with leg growth. The assistant director of wildlife restoration emphasizes that none but the official banding should be undertaken and that properly constituted authorities must supervise all banding routine.

Mr. and Mrs. A. D. Estlack and daughters Ira Jean, Patsy, Barbara and Danalene and Mr. and Mrs. Bill Lane and Billy Chilton spent Sunday at the C. T. Murtry ranch near Channing.

**KILL MITES**  
 There is only one SURE WAY to rid your poultry house of mites, blue bugs and head ticks—apply genuine AVENARIUS CARBOLINEUM. GUARANTEED for a full year. Also preserves wood, stops termites. The Arrow trade mark identifies the genuine—ask for it.

Mrs. W. M. Montgomery was taken home from the Adair Hospital Sunday where she has been for several weeks. She is improving.

Mr. and Mrs. Bill Henson and family of Memphis visited Mr. and Mrs. J. C. Shields Friday.

Mr. and Mrs. Ferris Keller of

Get in step with your neighbor—join the Farm Bureau. (Adv.)

**ALASKA-YUKON WINTER TRAINING EXERCISES**—Rushed into the sub-Arctic interior by Army motor convoys and Air Force troop carriers, American and Canadian troops and materiel have been concentrated to repel a theoretical airborne invasion by an "enemy" aggressor. The allied forces of "Exercise Sweetbrier" prepared to strike an "aggressor" army approaching the Alcan Highway leading from Fairbanks, Alaska, to the Canadian northwest. Approximately 5,200 United States and Canadian ground and air force are taking part in the first troop-training maneuver of its kind ever jointly conducted by the two countries.

## HUDGINS

Mrs. Carl Barker  
Mrs. Alfred Shields of Amarillo spent Thursday night with Mrs. J. C. Shields.  
Mr. and Mrs. Clifton Williams made a business trip to Memphis Thursday.  
Mr. and Mrs. Harvey Shaw spent Sunday at McClellan Lake.  
Mr. and Mrs. Dan Tims of Levelland visited home folks here over the week end.  
Wanda, Dub, Ann Elliott have the mumps.  
Mr. and Mrs. Bill Henson and family of Memphis visited Mr. and Mrs. J. C. Shields Friday.  
Mr. and Mrs. Ferris Keller of

Levelland spent Saturday and Sunday with Mr. and Mrs. John Perdue.

Mrs. Dane Perdue was operated on Monday for appendicitis at Clarendon Clinical hospital.

Mrs. Mahaffey is keeping Winona.

Those to visit Mr. and Mrs. Barker Sunday were Mr. and Mrs. James Clark and Don Barker of Lubbock, Mr. and Earl Barker and children of Martin.

Mr. and Mrs. Earl Stout of Sundown, visited Mr. and Mrs. John Perdue Tuesday.

Mr. and Mrs. Jack Brogdon of Mineral Wells visited Mr. and Mrs. Elliott this week end.

Bro. Fancher and family of Lakeview spent Sunday with Mr. and Mrs. J. C. Shields.

Mr. and Mrs. Ivey of Lelia Lake visited Sunday afternoon with Mr. and Mrs. J. C. Shields.

Mr. and Mrs. G. A. Myers gave a birthday dinner Sunday in honor of Mr. L. L. Foster, it being his 70th birthday. Those attending were Rev. Phillips and family, Mr. and Mrs. Leslie Tims and family, Mr. and Mrs. Pat Cearley and son, Mr. and Mrs. L. R. Foster, Mrs. Cleo Turpin and Dixie Ann, Mrs. C. F. Taylor, Mr. and Mrs. Buford Holland and sons, Mr. and Mrs. Leon Foster and Drucilla, Mr. and Mrs. Jack Brog-

don, Mrs. Lucy Tims and John and Gibb, Mr. and Mrs. Dial Cearley and children, Mr. and Mrs. Otto Elliott, Mr. and Mrs. Jack Foster, Mr. and Mrs. Dan Tims, Mr. and Mrs. O. H. Elliott, Mr. and Mrs. Ben Talley, J. L. Talley, Billy Gibson, Mr. and Mrs. Wayne Ivey, Mrs. Marvelee Mayes and children.

## Texas-Made Movie About Wild Deer

**AUSTIN**—The first Texas-made movie about wild deer, staged in their natural habitat, will be released soon by the Game, Fish and Oyster Commission, according to the Director of the Department of Publications.

The film is in color, bears complete sound, and has been almost two years in the making. The name is "Master Whitetail." It is an historical and documentary story of the white-tailed deer in Texas, linking the animal's original and present status with the arrival and advance of civilization.

Tentative plans are to make probably a dozen copies of the movie. Demands on the department's motion picture library indicates a growing interest in wildlife movies. The new cinema

is expected to attract ever greater attention toward authentic wildlife films made in Texas.

"Master Whitetail" typifies the educational trend in wildlife activities. It emphasizes the crisis to game after man began cultivating the soil on an ever increasing scale. It stresses the restoration efforts of game management forces and above all, explains the indispensability of public cooperation in modern conservation programs. The part set aside for sportsmen is magnified.

"Master Whitetail" begins with a covered wagon scene depicting settlers moving into a land "almost untouched by human hands." It shows how established supplies were left behind. The new arrivals thus had to depend on game for food and at times had to slaughter animals for their furs as a means of income. The story cites that one Texas trading post alone shipped 75,000 deer hides to New York between 1844 and 1853.

The film traces the first statutory efforts to check wildlife devastation around the turn of the century and portrays the gradual necessity for strengthened laws to protect wildlife and the kindred steps to restore the once limitless big game herds.

Above all, "Master Whitetail" is woven around the life span of a buck deer, showing him in his wobbly-legged infancy. It vividly pictures how he immediately reacts to danger from predators and takes him through the adventurous and exciting days of babyhood, fawn spots and all, and on into maturity, and with his first antlers.

Most of the filming was done in the Texas Hill Country or Edwards Plateau of Central Texas. The premier of the movie probably will be held in that area but the place and date have not been set. Meanwhile, there will be a preview for the press at a central location.

**JUST LIKE THE BOTTOM OF THE SEA**—This deep sea pressure vessel at the Ordnance Environmental Laboratory at White Oak Maryland, simulates one-half mile depth at sea. During the testing of under-water ordnance 15,000 gallons of water are pumped into the giant cylinder. A torpedo with cutaway side is shown prior to a test run. Beside the pressure tank facilities at the laboratory include a 100-foot airgun which can simulate the impact of a torpedo striking a ship, vibration laboratory, depth charge and mine testing equipment, etc. In this new department efforts are devoted to the scientific destruction of weapons and weapon components for the Navy's Bureau of Ordnance by testing within the laboratory rather than in the field. The facility is available to all branches of the Armed Forces.

goods stores turned in declines. Sales of jewelry stores were down 5 per cent; furniture, 7 per cent; lumber and building materials, 10 per cent; and motor vehicle dealers, 15 per cent.

Most types of durable goods stores surpassed their year-earlier sales records in April. Lumber and building material dealers tallied a 19-per-cent increase; household appliance stores, 16 per cent; motor vehicle dealers, 14 per cent; and hardware stores, 8 per cent.

Jewelry stores and farm implement dealers registered sales decreases of 11 and 18 per cent, respectively, from April 1949, for the only declines among durable goods stores.

In the nondurable goods line, apparel, country general and general merchandise stores benefited from last minute Easter buying, their sales increases over the preceding month ranging from 1 per cent for general merchandise to 22 per cent for men's and boys' clothing stores.

An early Easter this year kept apparel store sales 7 per cent below those of last April. Family clothing store sales dipped 2 per cent; men's and boys' clothing stores, 3 per cent; and women's specialty and shoe stores, 11 per cent.

Sales of food stores were off 2 per cent; general merchandise stores, 5 per cent; department stores 7 per cent; and florists, 10 per cent.

Shirley Ann Morris left to go to Los Angeles, Calif. Friday to spend the summer with her mother, Mrs. Bell Morris.

Dean Wadsworth came home Thursday for a week vacation. He will return to Lubbock Wednesday to attend summer school.

**FARM NEWS**  
From the County PMA Committee

**RESERVES SPELL INDEPENDENCE:**

The Agricultural Conservation Program is a means of accumulating fertility reserves in the soil. The storage and loan program is a means of building up food and feed reserves in storage bins. U. S. Savings Bonds are means of converting extra cash into safe, interest-bearing, negotiable reserves. In this way, we of the Donley County Production and Marketing Administration, want to call your attention to the U. S. Savings Bond drive now under way. The drive continues through June and winds up July 4th, the closing date providing the theme of the 1950 Bond Drive, "Save for Your Independence." To emphasize the significance of the bond drive to farmers, we quote Charles F. Branham, Secretary of Agriculture: "A good measuring rod of independence for farmers and other Americans today is the number of United States Savings Bonds they have stored in reserve. I urge farmers to take the opportunity of the Independence Savings Bond Drive to keep building their reserves in Savings Bonds and thereby maintain their independence."

**NOTICE OF WHEAT ACREAGE ALLOTMENTS FOR 1951:**

Wheat acreage allotments will be in effect for the 1951 wheat crop, according to word received from the Department of Agriculture at Washington, D. C. The legislation under which wheat acreage allotments are established requires that they be proclaimed each year by the Secretary of Agriculture unless a national emergency exists. Each year the national allotment is based on the estimate needs for the coming year after making allowance for the supply of wheat on hand on July 1 of that year.

**NOTICE TO COTTON BUYERS:**

Here's important news to all cotton buyers in Donley County. All persons who intend to buy cotton from farmers in Donley County this fall should come by the PMA office and leave their name and address. The County Committee can then keep you informed about cotton marketing quota regulations and provisions. There will be certain requirements in connection with the marketing quota program that each cotton buyer will need to know and the county committee will furnish buyers this information if they know who they are and how to get in touch with them.

**WE HATE TO KEEP REMINDING YOU:**

... but we sure need our chains for the cotton measuring job, so if you do have a chain from this office, and you are not using it, please return it to the office as soon as possible.

Foreign demand for U. S. farm products will be somewhat weaker this year than in 1949; and the value of such exports may be 10-15 percent lower, the Production and Marketing Administration reports.

Last year insects cost the cotton farmer about 470 million dollars, the heaviest toll taken by cotton insects since 1927.

**Pfc. Kenneth Davis Scores Fastest All-Navy KO**

OCEANSIDE, Calif.—Pfc. Kenneth Davis, formerly of Clarendon, authored the quickest knock out blow in the history of the all-Navy boxing tournament last week when he conquered East Coast monarch Tommy White, in 32 seconds of the first round for the Fleet featherweight boxing championship.

Davis, son of Mr. and Mrs. Kennard Davis, now of Clovis, N. M., floored his foe for the count of eight with his first punch—a left hook to the chin. White struggled to his feet, but the new titlist finished him with a flurry of lefts and rights to the midsection.

After the championship bout, Davis was named captain of the 1950 West Coast All-Navy boxing team.

Davis, who enlisted in the USMC in 1948, has an amateur boxing record of 85 wins against five defeats. He was named the outstanding competitor of the Amarillo News-Globe Golden Gloves while a flyweight on the Clarendon High School team in 1946. His Clarendon coach was Bill Bentley.

The Broncho glower won the

**OLD OAKEN BUCKET EXERCISES SWARMER STYLE**—A far cry from the famous water dispenser of early musical fame is this modern field water purifying plant being operated by Private First Class Hugh M. Ayers of Tapoko, N. C., and Private First Class Charles J. Williams of Prince George, Va. This useful gadget needs only to be plugged into the nearest stream or pond and a plentiful supply of pure drinking water is assured. The unit pictured here is supplying water for the 15th Infantry Regiment who are part of the Aggressor force in EXERCISE SWARMER.

Texas High School flyweight crown in 1947, and added the Plains AAU bantamweight title to his laurels before entering the service.

He was a member of the boxing squad at Camp Pendleton in 1949 and 1950, winning Golden Gloves championships in the San Diego tournament each year.

In 1949, he went to the semifinals of the California eliminations, then won the Eleventh Naval District title. A punctured ear drum kept him from the All-Navy competition.

After repeating in the San Diego Golden Gloves this year, Davis was beaten by Walter Coldwell in the California State semifinals, but again won the

Eleventh Naval District crown with a victory over Johnny Salazar of the San Diego Marine Base.

**School Issues Carry In Wed. Election**

A total of 59 votes were cast in the school election yesterday. 58 votes were cast in favor of assuming the bonded indebtedness of the Chamberlain district with one vote against. 57 votes were cast in favor of setting the tax rate for the entire district with 2 votes against.

Men, more than women, are afflicted with color blindness.

**Texas Retail Sales**

AUSTIN — Texas retail sales dropped 5 per cent from March to an estimated \$417 million in April, the University of Texas Bureau of Business Research reported.

April sales of Texas retailers were 3 per cent above a year ago, however.

Durable goods store sales fell 11 per cent from March to more than offset the 2-per-cent gain for nondurable goods stores. In comparison with the same month of last year, durable goods store sales picked up 13 per cent as contrasted to a 4-per-cent decline for nondurable goods stores.

Hardware stores turned in a 3-per-cent rise from March in their April sales, while other durable
