## New Officers And Directors of Local Red Cross Chapter Named

Organization of the new official staff and board of directors of the Donley County chapter of the American Red Cross last week was climaxed with a visit from Mrs. F. E. Cave of Plainview, Volunteer Field Consultant, and J. Patterson, regional director and Field representative.

Mrs. Cave, who has been an active volunteer worker on local and regional levels since the days of World War I, reviewed briefly the historical founding of the International organization and the later origin of the American Red Cross.

Mr. Patterson, who is a professional worker for the Red Cross, emphasized the necessity for a more accurate understanding by civilian public service personnel of what responsibilities and obligations Red Cross has in its various departments.

The meeting was held in the board room of the Farmers State Bank. Mrs. W. J. Adams, who has retired from chairmanship of the county chapter, after several years of active service in the office, was accorded a vote of thanks by the group present.

The new board is as follows: Ben H. Williams, chairman; Emmett O. Simmons, treasurer; Basil Smith, chairman disaster committee; Shelby Bell, chairman home service committee; Mrs. Elbe Ballew, chairman volunteers in chapter activities; Stina Cain, chairman first aid and water safety service.

Other directors: Mrs. W. J. Adams, Clifford Johnson, Mrs. Willard Marshall, Hobart Moffitt, Mrs. Raymond Waldrop and Mrs. Nelson Seago.

## Skyrockets Defeat Bronchos 18-7

The Bronchos picked up the fumble-it's jinx last Friday night and went down under the fumes of the Wellington Skyrockets 18-7. The game was closer than the score indicated but the rockets were able to grab the ball and keep it in their possession the major portion of the game.

After battling through a scoreless first quarter, the Skyrockets took advantage of several Clarendon fumbles in the second period to push across two touchdowns. Another Bronco fumble in the third period set up the Rockets third tally. Ted Stansbury, a boy capable of really hiding the ball, carried over for Wellington on all three occasions.

The Broncos took to the air effectively in the third period to mark up their only points. Payne was placing his passes perfectly. He hit Baten and Behrens respectively in a 60 yard drive that paid off with Mills driving over from the three yard line. Payne hit Phillely with a pass for the extra.

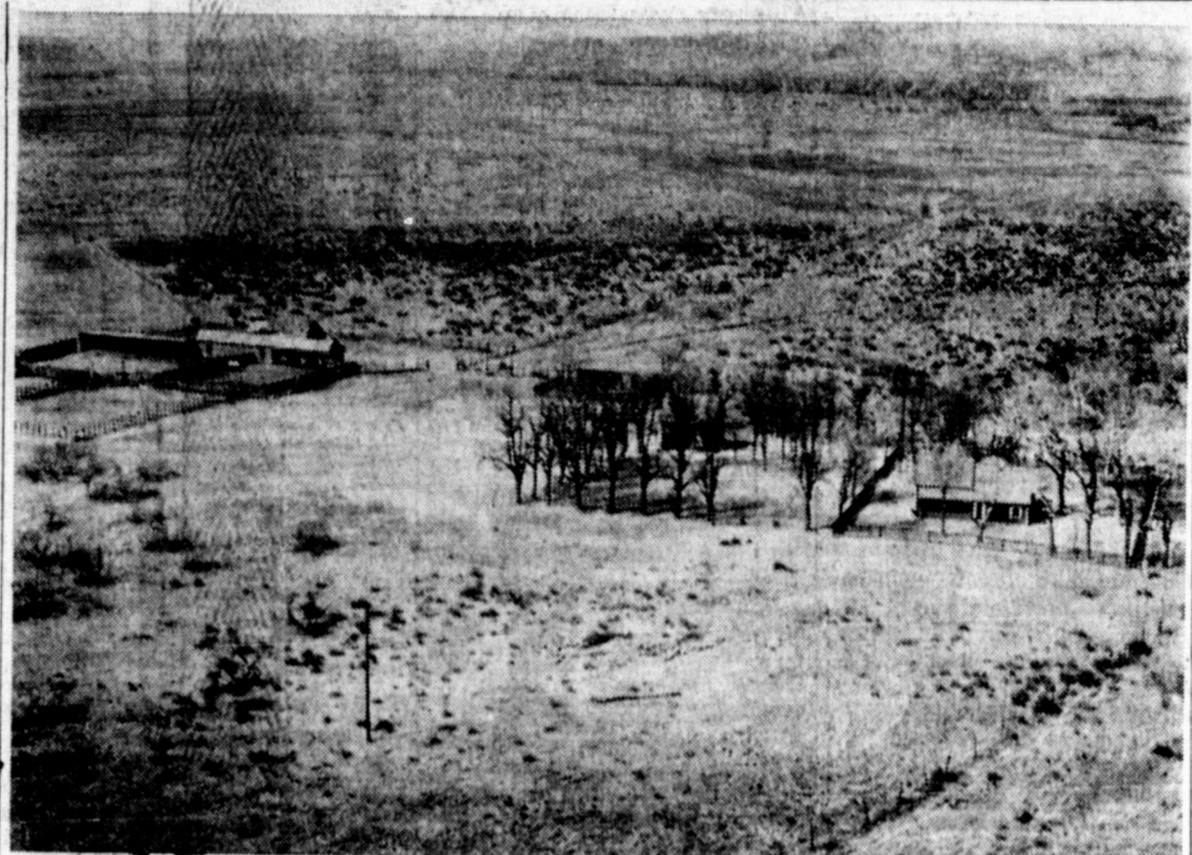

Clarendon matched Wellington with 12 first downs. The total yards gained was Bronchos 199 with 117 of that total by passing and Wellington 232 with 12 of that by the air route.

## Adair Hospital Awaiting Inspection

The Board of Directors of the Adair Hospital report that they are continually working on the plan of opening the hospital. That at this particular time they are waiting the inspection by the federal authorities which is a preliminary inspection before granting federal aid. The State of Texas authorities have already inspected the building, plant, and equipment and have approved with some suggestions of improvement.

## City Paving Due For Climax This Week

From what we can learn, an effort will be made to finish up all the city paving now in process by the end of this week. The asphalt equipment is due to go on another job next week and the weather will be too cold to shoot any more by the time the equipment would be available here again.

**MYSTERY FARM NO. 26**—Can you identify this farm home? If you think you can and get your guess in to the Leader office by Monday morning you may win a free subscription or free movie ticket. Names of those correctly identifying the Leader Mystery Farm are placed in a box. The first name drawn wins a free subscription for one year to the Leader; the second will receive a movie pass to the Mulkey Theatre good for two people; the next three names will receive a movie ticket for one. Only one subscription will be given per family but you may guess each week and be eligible for the movie tickets. Everyone has an equal chance this way. You do not have to buy anything or be obligated in any manner to participate. Call or come by the Leader office only with your guess any time during office hours.

## Fourteen Identify Mystery Farm No. 25

Fourteen persons identified the Leader Mystery Farm of the Air No. 25 last week. Mrs. Pete Land drew out for the free subscription to the Leader; Mrs. Carl Barker drew out for the two free movie tickets to the Mulkey Theatre and D. P. Ray, Mrs. D. E. Leathers and Willard Knox drew out for one free movie ticket each.

Others correctly identifying the Mystery farm were Ruby Blackman, D. M. Cook, Johnnie Leathers, Mrs. J. R. Williams, Mrs. L. L. Wood, Kinch Leathers, Mrs. John Short, Betsy Chamberlain, and Mrs. Raymond Waldrop.

## LOCAL HUNTERS BRING HOME THE MEAT

Two different local hunting parties came home from the Colorado Rockies last week with proof of their luck and hunting skill of deer and Elk. Dr. Ben K. Humphrey bagged his elk and J. G. McAnear bagged his deer in the Aspen area. Others in the party were Dr. Martindale, Jackie Phelps and T. W. McAnear.

Two other hunters, Orville Housden and Glenn Sloan, journeyed farther west to the Grand Junction area and both brought home their limit of two deer each.

## Farm Bureau Elects New Officers

New Farm Bureau officers elected at a meeting Tuesday evening were V. C. (Bill) Waddell, president; W. H. (Bill) Clay, 1st vice pres.; Henry Moore, 2nd vice-pres.; Doyle Messer, Secretary-Treasurer and agent for Blue Cross and Blue Shield, who will be assisted by Lee Shaller during present drive.

The Bureau announced a series of meetings in regard to the special 30 day reopening of the Blue Cross-Blue Shield Insurance for bureau members and resolutions. The first meeting will be at Lelia Lake school house Nov. 1st; Clarendon Nov. 3rd; Ashtola school house, Nov. 8th; Goldston school house, Nov. 10th and Alnreed school house Nov. 15th. All meetings have been set for 7:30 p. m.

## WANTED

The local fire department is asking for donations of WPA Toilets which are in this area. If you have one that you would like to donate, please contact G. W. Bradshaw or any member of the fire department and these men will install the toilets at the football field where they are badly needed. At the present there are no facilities of this nature at the stadium.

## SQUARE DANCE LESSONS TO START SOON

L. L. Wallace, president of the local square dance club, announced this week that a new class of square dancers was being formed at this time and that lessons would be started within the near future. All interested in learning to square dance may contact Mr. Wallace, Mrs. Ernest Kent, Wallace Raney or other members of the club. The price of lessons per couple will be \$10. Get your name in the pot right away.

## Broncs To Meet Memphis Cyclone In Traditional Game Here Friday Night

### Colts And B Team To Play Tonight

The Jr. High Colts and the Broncho B team will play a double-header affair tonight beginning at 6:30 in Broncho stadium. The Colts will play Wellington Jr. High and the B team will play the Wellington B squad. Both of the local teams have lost to Wellington in previous games and will be doing their best to come out of the fracas tonight as winners.

Last Thursday night the Colts lost to Lefors 35-0 in a game played on the local field. Running from a single wing formation the Colts were able to make yardage but the defense was unable to hold the Bandits down. The Colts scored first on a pass from McBrayer to Hall, only to have it called back on a clipping penalty. They seemed to be unable to recover from this setback. The Bandits took over on downs and pushed over for a TD in the first quarter. They scored again in the second period and added the extra point again and the half-time score was 14-0.

In the second half they added three more touchdowns and three additional extra points. The starting line-up for the game tonight as released by coach Christian: K. Housden as QB; D. Hudgins, F; Lowell Hall, RH; Jerry McBrayer LH; Howard Talley, I; Lee Phillips, I; Sandy Skelton, rg; Lynn Spier, C; Jerry Allen, lg; W. N. Elam, rt; Wayne Mann, re.

Admission for the double-header will be 25 and 50 cents.

## More Polio Vaccine Available Locally

Dr. Ben K. Humphrey, local health officer, reported yesterday that adequate quantities of Salk Polio vaccine had been received by local druggists to vaccinate all youngsters between the ages of 5 to 9.

This vaccine will be sold on requisition of your family physician only and the doctor will make his report in this manner. Youngsters in the above mentioned age group have first priority on the vaccine. The vaccine may be available for others after this demand is filled.

Dr. Humphrey also reminded that all children who had the first polio shot will be due for their booster shot in November.

## F. H. A. TO OBSERVE HOBO DAY

Future Homemakers of Clarendon High School have set aside Saturday, October 29 as "Hobo Day" and are asking to do any odd jobs that anyone may want done, whether it be house work, yard work, car washing or what have you. Each girl hopes to earn at least \$3 for the local chapter on this day.

Anyone wanting work done may call Miss June Christian, phone 357, or Glenda Borden, phone 428-M and arrangements will be made to have the work done. This project is undertaken as a part of the observance of National F.H.A. Week and all proceeds will go to the local F.H.A. Chapter.

## FORMER RESIDENT DIES IN BALTIMORE

Word was received here yesterday of the death of Allen Burton, age 64, former Clarendon resident, at Baltimore, Md. on October 15th, following a heart attack.

The football calendar has moved along to the big traditional game of the season for the Clarendon Bronchos. They will meet their old rival, the Memphis Cyclone here in Broncho stadium Friday night at 7:30 p. m.

This is always the game of the season for both of these teams and the one with the highest keyed football spirit usually wins regardless of pre-game rating. You never know what the outcome might be until the final second is evident on the scoreboard.

Coaches Moore and Jinks believe the Broncs are ready for the Cyclones in every department but they will have to play better football than they did last week if they hope to win or hold their own with the Cyclone, the coaches added.

A number of Cyclone players who were injured earlier in the season are expected back in the line-up this week which will make more trouble for the Broncs as the Cyclone has been doing pretty well all season without these key men.

On the other hand the Broncs should be bouncing back with more fight after dropping the game to Wellington last week.

An added attraction for the game Friday night will be the crowning of the 1955 Football Queen at half-time. This should perk up the Broncs battling spirit quite a bit.

The probable starting line-up for the Broncs as released by Coach Moore is as follows starting at left end: Eddy Joe Baten, Chester Mann, Claude DeBord, Keith Pittman, Billy Mae Hicks, Kenneth Evans, and Carl Evans.

Robert Mills at right half, Jimmy Phillely at left half, Jerry Behrens at full and John Payne as quarterback.

The probable starting line-up for Memphis: Jimmy Jenkins and Campbell Morris ends; Paul Wilson and Jerry McQueen tackles; Jerry Hill and Dickey Orais, guards and John Deaker, center; Backs, Butch Adcock, Dean Sustaite, Jime Harris and James Dickey.

Be out Friday night and give the Broncs your support for this traditional game.

## Water Shut-Off Notice

Mayor H. T. Burton has announced that repairs will be made to two fire hydrants on Kearney street (Main) Monday night, October 31st. In order to make these repairs, the water supply to portions of the city will be cut off at 9 p. m. and we hope to have it back on by midnight if everything goes well, he stated.

## Duck Season To Open Nov. 2nd

All duck hunters can polish and oil their shot guns this week end in preparation for the duck season which opens Wednesday, Nov. 2nd. The duck season runs through January 15th. The season on geese opens November 17 and goes thru January 15. Shooting time is one half hour before sunrise to sunset; five ducks per day, ten in possession; five geese per day or in possession in the aggregate.

**HEDLEY NEWS**

Mrs. Clyde Bridges

Hedley 1955 Fourth Cotton Festival had a large attendance. The program was filled with entertainment for all present. Miss Peggy Clay was Festival Queen for 1955. A beautiful coronation with many beautiful girls along with talent from Amarillo, Clarendon, Quail and Hedley made a coronation to be proud of. And we are very proud to have the only Cotton Festival. Cotton John, Frank Helvey and Bill Ruew of Amarillo, Rep. Elbert Reeves and Sen. Andy Rogers added much to the Festival.

The Parade highlighted the Festival including beautiful girls on pretty floats, the surrey with the fringe on top, pioneers and old automobiles, even the organ grinder with the monkey and tin cup made the parade. Memphis and Clarendon banks and Clarendon's colored drum and bugle corps. It was a good Festival but a better one in 1956.

Grandmother Cassidy had the misfortune to fall and received painful injuries. We are glad no bones were broken. She is in her nineties.

Mrs. Margerite Willabye and son Tommy are visiting in the Harve Wilson home.

Drs. Humphrey and Martindale and son visited Ike Rains Friday. Mr. and Mrs. Joe Crawford of Amarillo were here for the Festival.

A few of the out of town people attending the Festival were: Mrs. J. B. Ozier, Mr. and Mrs. Foster Pickett and children, Mr. and Mrs. Travis Alexander and sons, Mrs. Ray Doherty, Mr. and Mrs. Joe Thomas, Mr. and Mrs. Frank Michsel and son, Bob Duckworth, Mrs. Wilma Adcock and children, Mrs. Burt Ursey and son, all of Amarillo; Mrs. J. P. Alexander, Mrs. Maggie Ruth Johnston, Mrs. Bailey of McLean. Others from Clarendon, Memphis, Childress, Wellington and many your reporter did not see.

Miss Jane Mosley is home from a stay in Odom's Hospital in Memphis.

Mr. and Mrs. Pat Patterson and son of Ropesville visited her parents, Mr. and Mrs. Jap Shaw over the week end.

D. B. Leach was brought home from a Memphis hospital Tuesday. He is recovering from a heart attack.

Alton DeBord is ill in the Veterans hospital in Amarillo.

Mr. and Mrs. Henry Owens of

Childress visited in Hedley over the weekend.

Mr. and Mrs. W. H. Jones have returned from an enjoyable vacation which took them through fourteen states east and south. Among interesting places visited were "Bald Knob" at Cairo, Ill., the Natural Bridge, Sky Line Drive, and Stonewall Jackson's tomb in Virginia, the old city of St. Augustine, Fla., and the old French Quarter in New Orleans. On the way home they visited their son, Ivan and family at Houston, Texas.

**LLOYD HUNT ASSIGNED ENGINEERING OFFICER**

Ensign Ernest Lloyd Hunt, Jr. has been assigned Engineering Officer of the USS Whippoorwill (MSC-207).

The present Whippoorwill, embodying all the latest features of non-magnetic Minesweeper construction, is the eighth of her class and the third to be completed by the Bellingham Shipping Co., Bellingham, Wash. Her keel was laid on March 9, 1954 and she was launched on August 13, 1954. MSC-207 was christened USS Whippoorwill by Mrs. Walter Yatch and co-sponsored by Mrs. B. D. Wright. The MSC-207 was accepted for the Navy on October

11, 1955 and was commissioned October 20, 1955 at the U. S. Naval Station, Tacoma, Washington. The Whippoorwill carries four officers and twenty-seven men. Following commissioning, she will join the Mine Force Pacific Fleet.

Ernest Lloyd is the son of Mr. and Mrs. Ernest L. Hunt of Clarendon, Texas. He received his B. A. degree from Texas University in 1954 and his commission in the Navy the same year. He spent nine months in Japan and Korea aboard the USS Chatterer AMS-40.

**Parent - Teacher Talk**

"Parents, Teachers and Youth Look at Our Schools," was the program presented at the Sims P.T.A. meeting on October 20. Mrs. Paul Wright, Ruth Ann King and R. E. Drennan gave very interesting talks on what they as a parent, a student, and a teacher wanted from our schools.

Preceding the program a short business session was held. Rev. Paul Wright opened the meeting with a devotional on "The Family Says Grace." Mrs. T. M. Caldwell, Jr. then paid tribute to the teachers. She read a very clever little poem giving the definition of a teacher.

The membership chairman, Mrs. J. H. Spier, Jr. announced that Mrs. Sandifer's room won the five dollar prize for the most P.T.A. memberships. Mrs. Johnson's and Mrs. Sandifer's room tied for the room count with twelve parents present each. It seems as twelve is to be the lucky number this year as that has been the winning number at all the P.T.A. meetings so far this year.

Before the meeting, Mrs. Glen Hoggatt's art class modeled the Halloween masks they had made. They show great ingenuity in their work and we all enjoyed it.

very much. At the recommendation of the Executive Board, the members voted not to have the Halloween Carnival this year. The Carnival has been done so much that it has become tiresome and the people seem to want something new.

The next meeting will be a night meeting. Come on you women—get your husbands to attend! The date is November 17 at 7:30 p. m. Remember the nursery will be open for the preschool children in the basement of the Methodist Church. The P.T.A. is trying to make arrangements for the school children to be taken care of at school. We'll let you know if and when it develops. This meeting will be a panel type program. We will have an out of town speaker along with some local ones, so let's all turn out for P.T.A. next time.

**It could be your fault, Mother**

A young child hardly ever says, "Mother, I can't see very well." Because no little kid knows what good or bad seeing is.

So it's up to you, Mother and Dad, to find out whether those precious eyes are doing a good job... and to give them any care they may need.

Some of the most common signs of trouble are: squinting, frowning, head-tilting, holding books far or close, headaches, nervousness, irritability, retarded learning. But faulty vision doesn't always carry any noticeable symptoms with it.

So see that your youngster gets a competent eyesight examination... now and at frequent intervals. That's the only way to be sure.

You can't replace your eyes. A yearly check is wise.

## BIRTHDAY SURPRISE

Friends and neighbors surprised M. W. Hatley with a birthday party last week at the Hatley home located at the Country Club. The group brought gifts, a beautiful birthday cake, and the makings for a big wiener roast.

Present for the occasion were Mr. and Mrs. Frank Reid, Dennis and Larry Stewart, Mr. and Mrs. Glenn Reid, Jim Jackson and girls, Mr. and Mrs. C. A. Ashcraft and Fern, Mr. and Mrs. Doyle Littlefield, Vicky and Kenneth, Mr. and Mrs. Bud Philley and Jimmie and Mr. and Mrs. Callahan and the honoree, Mr. Hatley and Mrs. Hatley.

On Sunday, Mr. Hatley and a grandson, Richard Vaughn Hatley of Amarillo, enjoyed a joint birthday dinner prepared by Mrs. Hatley. Others present were Mr.

and Mrs. R. V. Hatley and Miss Barbara LeMaster of Amarillo.

## H. D. CLUB

The senior H. D. Club met Friday afternoon in the home of Mrs. A. W. Simpson with Mrs. Claude Darden co-hostess.

Meeting was opened with the reading of Club Collect by Mrs. G. L. Green. The president, Mrs. Clyde Butler, presided over the business session. Mrs. Virgil Poole, secretary, gave her report and called roll.

Refreshments of lemon bisque and coffee were served to Mesdames G. L. Green, Bertha Benson, Virgil Poole, Ella McDowell, O. C. Watson, Lena Antrobus, R. C. Bingham, W. R. Jordan and Clyde Butler by the hostesses, Mrs. A. W. Simpson and Mrs. Claude Darden.

The next meeting will be an all day gathering to be held at Patching Club House the third Friday in November. Quilting will be the program of the day with a covered dish luncheon at the noon hour. —Reporter.

## BUFFET SUPPER IN MORRIS HOME

Members of Mu Gamma Chapter of Beta Sigma Phi, along with their sponsor, entertained the fall rushees with a buffet supper in the home of Mrs. Lena Morris. The group gathered at the Morris home on October 18, 1955 at 7:00 P. M.

After the supper Freida Gray told the history of Beta Sigma Phi and also the history of the local chapter, Mu Gamma. Several members assisted her with clever demonstrations.

Rushees attending were: Ruth Hudson, Jo Jinks, Ann Hommel, Beth Bennett, Doris Louise Hays, and Anness Bennett. Mu Gamma members were: Freida Gray, Jane Bownds, Edna Smith, Lois Schollenbarger, Jennie Aten, Frankie Henson, Juanita Phelps, Dee Williams, Bert Garland, Louise Lamberth and Mrs. Lena Morris. —Reporter.

Mr. and Mrs. Joe Ray were in Lubbock this past week where they visited their new granddaughter, Joyce Ann Ray, born Oct. 9th, and her proud parents, Mr. and Mrs. Cecil Ray.

## Senate - Farmer Conference Nov. 5

John White, Commissioner Texas Dept. of Agriculture Texas farmers will have a chance to air their views on federal farm policy at an important U. S. Senate Agriculture Committee hearing in Fort Worth Nov. 5th.

I have been asked to arrange for farm witnesses and am anxious to hear from more farmers and ranchers interested in the hearing and in learning of the principal problems they want to discuss.

All persons who appear must be deriving 100 per cent of their income from agriculture. This will prevent the hearing from being used as a sounding board by specific groups or organizations for their self-advancement.

Although a great many people have already expressed their desire to be heard, the official panel has not been selected, and for several reasons.

## All-State Representation Urged

First of all, any designations will be delayed until all farmers have had a chance to respond. Then, too, problems from all

areas of the state should be considered since Texas agriculture runs the full gamut of all basic commodities.

For that reason, a screening committee comprising farmers from over the state will aid in selecting witnesses who have most to say and who will say it forthrightly. We must take full advantage of the opportunity to assert ourselves where opinions and suggestions may bring results.

A major controversial issue sure to be considered is the cotton acreage allotment problem. Much injustice has been done to farmers already in a bind over falling farm prices.

Handling of price supports on basic commodities and other agricultural relief legislation are sure to be subjected to candid views from our panelists.

Any farmers interested in offering their opinions and ideas to this group whose final reports are sure to have important overtones are urged to contact me. Any inquiries should be sent directly to: John C. White, Commissioner Texas Department of Agriculture, Capitol Station, Austin, Texas.

Use Leader Classifieds for quick results.

### Further Improvement Being Made In Credit Services To Farmers

Further improvements in credit services to farmers are being made by the Farmers Home Administration, Walter T. McKay, the agency's Texas state director, said today.

Improvements in the management of the agency's operations were discussed at a training meeting held in St. Louis, Missouri, last week which Mr. McKay attended. A new employees training program, careful calendaring of state and county office work, public information responsibilities of agency employees, and how to get maximum use from administrative funds were discussed.

Farmers Home Administration officials attending the meeting were urged to take every step possible to further increase the participation by private lenders in the Insured Lending Program. These funds advanced by private lenders and insured by the agency along with funds appropriated by Congress are used by farmers to buy, develop and operate family-type farms.

"With the expansion in our activities that has taken place in the last two years it is more important than ever before that we place our operations in high gear and give prompt and careful attention to every loan application," McKay said.

During the past year the agricultural loans made and insured by the agency reached a record total of \$293,190,000 throughout the United States. Loans in Texas totaled \$47,480,000.

The increased cost of developing farming systems that will make full use of a farm family's land and labor resources and provide a good income, and the emergency conditions brought on by the drought, were the main reason for the increased credit activity.

Farmers in Texas are served through 135 county offices located throughout the State.

Mrs. Alice Evans of Canute, Okla. and daughter Mrs. Burl Smith of Memphis visited in the home of Mr. and Mrs. W. M. McBrayer of Hedley.

Mr. and Mrs. Frank Whitlock and Mrs. S. T. Nichols of Arkansas were dinner guests in the A. O. Hefner home Monday. All visited Burson Lake in the afternoon.

Mrs. Clyde Butler returned home Thursday after spending several days in the home of her daughter and family, Mr. and Mrs. J. R. Cowan and children at Valley Mills.

Clyde Cain, head of the Mission Band, Wayland College in Plainview, was a house guest through the week end in the home of Mr. and Mrs. Lloyd Risley, and family.

Mr. and Mrs. George Schollenbarger and Keith visited Sunday with their parents, at Perryton and Darrouzett. George's father, J. N. Schollenbarger has again been in the hospital.

Mrs. L. B. Vineyard of Van Alstyne visited Monday afternoon with Mrs. Lloyd Risley.

Mrs. John Goldston of Clarendon, Mrs. Gene Chamberlain and a friend of Memphis attended the first annual Garden and Flower Show held at Municipal Auditorium in Amarillo Saturday. The show was sponsored by the Amarillo Council of Garden Clubs.

Mrs. Kay Bain and Mrs. Annette Gettys and daughter are now living in Santa Cruz, Calif. Kay's husband, Robert, is based at Ft. Ord, Calif.

Mr. and Mrs. Herman Cross and Annette visited Tuesday night in Amarillo with her brother, Mr. and Mrs. M. H. Lemons and family. They enjoyed a birthday dinner honoring Mrs. Cross.

Mr. and Mrs. D. E. Leathers, and Mr. and Mrs. Johnny Leathers attended the Dallas Fair and visited relatives in Fort Worth over the week end.

George Washington's first employer was Lord Fairfax, whose lands he surveyed.

**U. S. RELAXES USE OF FUNDS FOR HUNTING**  
 AUSTIN—Texas sportsmen will benefit ultimately under new Congressional authority authorizing use of Pittman-Robertson funds for facilitating wildlife harvest on game management areas, reports the Executive Secretary of the Game and Fish Commission.

The official notification, just received from Washington provides in effect that up to thirty per cent of P-R money may be earmarked specifically for "game management" projects such as to finance arrangements for public shooting of surplus game on the several management areas in Texas.

The announcement came as the Commission contemplates the most extensive series of public hunts in Texas history, with at least three experimental demonstration areas listed as free hunt locations for deer, and with other special shoots possible.

## GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

We have a book for girls, "Penny Nichols and the Mystery of the Lost Key" by Joan Clark. We had one other of this series: "Penny Nichols and the Green Imp."

A book for adults is "Adobe Walls Bride" by John L. McCarty and illustrated by Harold D. Bugbee. This is excellent history of our section of the world that is told in a very interesting way. There is a "modern" little book that tells of an old candle maker and his children preparing the candles for Queen Elizabeth's coronation.

We have been given several books recently, but they were all duplicate copies of what we had. Boyce House has a new book on Texas that the Naylor Co. has just published. It is "You Can Always Tell a Texan." It contains five hundred jokes that have not been published before, so you may give forth some good laughs if you read it. Our new books on Texas are all interesting reading. We have five new ones.

The first Vaudeville theater was the Gaiety Museum, Boston, 1883.

The first Tenement house was in New York City in 1883.

### Pioneer Residents To Celebrate Golden Wedding Anniversary

Mr. and Mrs. J. F. Blocker, pioneer residents of Donley County, will be honored at an "open house" Saturday, October 29, commemorating their fiftieth wedding anniversary. Friends and acquaintances are invited to call between the hours of 5:00 p. m. and 8:00 p. m. at the home of Mr. and Mrs. John F. Blocker, Jr. Hosts for the occasion will be Mr. and Mrs. John F. Blocker, Jr. and Mr. and Mrs. Rex J. Jones of Dallas.

Mr. and Mrs. J. F. Blocker were married November 1, 1905 at the Methodist parsonage in Clarendon with the Rev. B. W. Dodson officiating, the bride, the former Frankie Mann being a daughter of Mr. and Mrs. J. M. Mann; the groom, the son of Mrs. S. T. Sayre.

The Blockers have lived in Donley County throughout their entire married life residing on the Blocker Ranch northeast of Clarendon. Mr. Blocker has played a prominent part in the cattle business in the Panhandle and surrounding areas. In the summer of 1943, they sold their ranching interests and retired. Since that time they have made their home in Clarendon.

Two of the couple's three children and their granddaughter will be present for the celebration: Mrs. Rex J. Jones of Dallas, John F. Blocker, Jr. and Miss Jonna Lee Blocker of Clarendon. Sam Laws Blocker, a son, died in 1926. Dorr Neal Ellis, a grandson, died in 1937.

### FARM NEWS

from the County ASC Committee

#### Protest Any Reduction In Cotton Acreage Allotments From the 1955 Allotments

In a meeting of committeemen representing all communities in Donley County, a request was made that the County Committee send a letter to the Texas State ASC Office protesting any cotton acreage reduction for the year 1956.

On Monday, October 17, the following letter was mailed to Mr. G. C. Carothers, Jr., Texas State Administrative Officer, College Station, Texas:

"On October 17, 1955 the Community Committeemen met with the County Committee of Donley County. During this meeting the committeemen, representing all the communities in Donley County, went on record asking the County Committee to protest any

cotton acreage reduction for this county for the year 1956.

The reasons set forth are as follows: (1) Donley County is a diversified county with 145,000 acres in cultivation and only around 31,000 acres of cotton allotment, (2) the cotton acreage, if reduced from the present figure, will put many farmers off the farm. (We lost more than 75 farmers last year) and (3) acreage reductions that have hurt our historical base in the past have been due largely to drought, hail and windstorms.

We request that our 1956 allotment be no less than that for 1955. If we are to take a reduction, please notify this committee as we would like to come to the State Office for a personal conference."

Signed  
Ross Springer, Chairman  
Forrest E. Sawyer  
Leo Smith

Method of Determining Cotton Allotments For this County

As a result of the information

obtained by the Community Committeemen regarding method of determining individual farm allotments for the county, the County Committee chose the History Method for 1956.

#### 1955-Crop Grain Sorghums Grading Discolored

We have been advised by the Washington Office that the 1955-crop of grain sorghums grading discolored, which meet all other requirements, will be eligible for price support at a discount of 7 cents per cwt. The discount of 7 cents per cwt. is in addition to any other applicable discount.

Upon receipt of this memorandum, loans and purchase agreements may be approved on eligible grain sorghums grading discolored.

Mr. and Mrs. Lloyd Hefner of Amarillo visited Sunday in the home of his parents, Mr. and Mrs. A. O. Hefner. Other dinner guests in the Hefner home Sunday were Mr. and Mrs. B. M. Wood of Pampa and their son, Charles Wood of Amarillo.

# PLOWIN' Out the CORNERS

My Uncle from down Glen Rose, Texas way sends me the following problem all figured out on a private liquor by the drink business: "Give your wife \$18.00 to buy a gallon of whiskey. Then, buy all your drinks from her at the current price of 50 cents per drink. Remember there are 95

drinks to the gallon. By the time you have guzzled the first gallon she will have \$30.00 in the bank and enough left to buy another \$18.00 gallon of bug juice and start in business again. Should you by any chance live ten years on this diet, and continued to buy your drinks from your wife, she will have enough money to give you a respectable burial, educate your children, buy a car, a house and lot, and marry a decent man after you die with your boots full of snakes." Some plan, and some thought, but if you ever try it, somehow we hope the little woman refuses to do it, and we believe most wives would.

This week we have been on the go. Beginning with Monday nite we had the joy of attending, along with the Foster Whales, one of the highlights of the year. We are speaking of the Annual Banquet put on each year by the Pampa

Chamber of Commerce and the Board of City Development. The eats are always scrumptious, and no place have we found more gracious hospitality and fellowship than with the friendly folks at the Top O' Texas.

This year, Mr. Art Briese, the colorful humorist from Hot Springs, Ark., was the speaker. In the introduction he was supposed to have failed to get there at the last minute and was introduced as a substitute speaker; an Englishman who just happened to be in the vicinity securing material for his next book. We swallowed it all hook line and sinker and not until at the end when he was brought back and removed his mustache and English style peepers did we ever suspicion. He had never been in England, but what an English act he did for us. Thanks Foster and Lois, and thanks a million Pampa for being such fine and progressive and friendly folks. You're Tops with the Top O' Them All.

Another good visit of the week came at the invitation of Banker Clifford Johnson of Hedley to come down and see the coronation of the new Queen of the Cotton Festival. This annual occasion is fast taking its place among the looked events on the Golden Spread. Last year when we attended and had so much to say about the affair, one of our readers way back in Shelby, Miss. wanted to have a part in this years program. A Thumb-Nail sketch of this man's life goes something like this. He had graduated from the University of Kentucky with a Master's Degree and was to begin teaching sometime in the future at Duke University. Then he was struck with the terrible crippling arthritis and in that year of 1932 became an invalid. To amuse a neighbor's little four year old girl who would come over and play near his bed and chair in the afternoon, he began making dolls from pecans, peanuts and such held together by pipe cleaners. Out of this grew a good business and a prize winning collection of Dolls.

Later on when he attended the Maid of Cotton Show he wanted to show his appreciation and did so by making some cotton bale jewelry for the Queen. This he has kept up all these years and now has a nation wide reputation in making Cotton Bale earrings necklaces and scatter pins. Anyway, this wonderful fellow, asked us to present the Queen with a couple of his creations; a beau-

tiful set of earrings and a necklace. It was a real thrill for us to give them to the new Queen, Miss Peggy Clay who lives near Hedley. She is a real Queen. We are waiting and hoping that our pictures will be good and that we can send a picture of the queen to this big-hearted fellow who despite his being just about an invalid has made himself known round the world with his simple hand made works of art. If anyone wanted to buy some of his work it can be ordered direct from him or through us. I think it is \$2.50 per set. But all of you write to this shut-in and thank him and cheer him up a bit. If you write him direct, address it Mr. Coggy Bullock, Shelby, Miss. He's A Great Guy.

middles. After this first going over, it looks as though this field is going to turn out about 2/3 of a bale per acre.

In addition to the approximately 50 acres of legume cover crop Mr. Moss has up, he plans to plant about 65 acres of rye cover crop in the middles of some rented land. He did not get to plant this land before the cotton opened too much to pull the row seeder thru and he plans to drill it with the row seeder as soon as he goes over it the first time. This row seeder drills 4 rows in each of 3 middles each thru, with a minimum of damage to the cotton.

For those who have not planted a cover crop on their cotton land, or other land that is likely to blow, it is still not too late for rye. The Donley County Soil

Conservation District has two row seeders available for rent that can be used in the cotton, either before it is opened, or after the first time over. For those who have harvested their grain, or cut their bundle feed, the District has two grain drills. This equipment rents for 25 cents an acre and arrangements for its use can be made with Jack Gray, the County Judge, or Flip Breedlove. If neither can be located, or for additional information on soil conservation and improvement measures contact one of the Soil Conservation Service technicians who are assisting this District.

## DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

A. M. Moss, who lives 2 miles north and 1/2 mile East of Lelia Lake, has a good stand of Austrian winter peas, hairy vetch, and rye in his cotton middles. This cover crop was seeded with the District's row seeder after the late September rains, and is about 3 inches high now. Mr. Moss finished pulling over his east field Saturday, and reported no damage to his cover crop by the cotton sacks being drug down the

# Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD  
Texas Press Association  
AUSTIN—Texas public schools will get state aid this year whether integrated or segregated. Right of both to state aid was upheld last week by the Texas

Supreme Court. It says the U. S. Supreme Court decision overturns Texas' school segregation laws but does not force immediate integration. Apparently the court action removed need for a special session

of the legislature.

Litigation originated in Big Spring. Suit was brought by the Texas Citizens Council in district court to prevent payment of state funds to mixed schools. High court judges, in effect, upheld District Judge Charlie N. Sullivan's ruling that portions of state law requiring segregation are unconstitutional.

Gov. Allan Shivers was quick to point out that neither the state nor U. S. courts set a deadline for desegregation, but both leave it to local school authorities.

Atty. Gen. John Ben Shepperd, who had sided with the Citizens Council, merely said the decision "settles the law in Texas on a statewide basis." He added that timing will be a "district-by-district matter."

### Hospitals Move Forward

A priority list has been set up to use the remaining \$10 million in the state hospital building program fund during the next two years.

On the day a new medical and surgical building was dedicated at the Austin State Hospital, the State Board for Hospitals and Special Schools decided on this order for new projects, by cities: Mexia, Wichita Falls, Austin, San Antonio and Abilene.

Two others, one in Austin, one in Harlingen, are under construction now.

Governor Shivers spoke at the dedication of the \$1,312,000 medical-surgical hospital in Austin.

### Narcotics Hearing Under Way

Texas has been labeled a "national gateway" for illegal narcotics trade from Mexico.

Witnesses so testified before U. S. Sen. Price Daniel's subcommittee in Austin.

Department of Public Safety Director Homer Garrison charged that Mexican authorities are not cooperating with Texas officers in trying to halt the flow of dope across the border. Garrison and W. E. Naylor, chief narcotics agent for the department, testified that 90 percent of the heroin and 98 percent of the marijuana reaching Texas or flowing through

Texas, came from Mexico.

Daniel invited the Mexican secretary of state and the Mexican representative on the narcotics committee of the United Nations to attend hearings. They did not show up at Austin, however.

From Austin, hearings went to San Antonio, Houston, Dallas and Fort Worth.

### Texas Farm Income Down

Texas farm income for the first eight months of the year dropped six per cent below 1954.

Decreases in prices of 10 of the 19 major farm commodities account for the slump, said the University of Texas Bureau of Business Research.

Reported down were cotton, cottonseed, wheat, oats, flax, rice, calves, hogs, wool and poultry. Corn prices remained about the same. Increases were noted for grain sorghum, peanuts, cattle, sheep and lambs, mohair, eggs, milk and fruits and vegetables.

Though cotton prices are down, prospective production is up

U. S. Department of Agriculture forecasts put the 1955 Texas crop at four million bales, 150,000 bales more than was expected a month ago. This would be two per cent more than in 1954, 18 per cent above average.

### Ramsey Choice Explained

Lt. Gov. Ben Ramsey was chosen national Democratic Committeeman, at the suggestion of U. S. Sen. Lyndon B. Johnson, the Senator explained.

The suggestion was made to Governor Shivers, when the latter paid a visit to the Senator's ranch home where he is recuperating from a heart attack.

Johnson explained that when Shivers returned to Austin, he mentioned the discussion to Ramsey. The Lieutenant Governor then called Johnson to talk over the matter. Ramsey said he

wasn't asking for the job, but would take it if it would help solve a difficult situation.

Further discussion between Johnson and House Speaker Sam Rayburn resulted in the choice which surprised many Texans.

Mabel Walker Willebrandt served the government as assistant attorney general, in charge of all cases in the United States arising out of the Federal tax laws and prohibition. She also supervised the Bureau of Federal Prisons.

### TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

#### THE WORLD CONTINUES TO SHRINK

The aircraft industry has reduced the size of the world so much that global flights seem to be the order of the day. For instance, you leave Los Angeles, California, at 12 midnight, Sunday, and the next morning you land in Winnipeg, Canada, then

take off for Greenland. Then, in one jump, you arrive in Copenhagen, Denmark. It is 9:15 Tuesday morning, and you have been half way around the world. All of the big airlines seem to be competing for this type of business—wholly forgetting that there are people who must get from Borger, Pampa, Dumas and other towns—over to Oklahoma City, Dallas, Fort Worth and over to Amarillo, Lubbock and like places. The planes are all being designed for the long hauls, and the market for the smaller feeder lines seems to be overlooked. One or two American companies

are looking into this matter now, but the British and the Dutch are trying to get the jump. The British by the production of the new Vickers Viscount, some of which are already in use in the United States; and the Dutch by the production of the Fokker Friendship, which is fast reaching completion. Incidentally, the Fokker plant in Holland is 7 feet below sea level, as is the airport. I am afraid, however, that neither of these planes will meet the need of the United States for the feeder type plane to make flights between 100 and 200 miles. If air travel is to be successful without

government subsidies, the operation must be economically feasible by providing fares low enough for the people to be able to pay them. Otherwise, government subsidy must be continued or the feeder line service stopped. The type of plane needed in Europe will not meet the needs of the plane needed in the United States. The air traffic in Europe is expanding rapidly. The United States must not relax in this field. Much encouragement was exhibited by our delegates to the International Civil Aviation Organization convention which was held at the Hague. It might be

well to mention that Russia and a number of satellites attended and participated in the proceedings. The delegates told me that their cooperation was excellent. There are many items concerning the international aviation problems with which I am not satisfied. I was happy to hear that the ICAO convention was held in a congenial and cooperative atmosphere, because I believe much can be accomplished through that medium.

#### THE HEALTH PROGRAMS

The health programs in the several Scandinavian countries and Holland vary in many re-

spects, and I understand they all differ from the health program in England. However, all are definitely in the field of socialized medicine. Some have certain methods of permitting you to choose your own doctor and the State bearing the expense or a part thereof. Other plans provide for self-selection of family doctors, but not for specialists in hospitals. Hospital expenses are also taken care of by different methods. Most of the plans are highly complicated, but none seem to me to even begin to provide the effectiveness of the doctor-patient relationship that

has always existed in the United States.

All of the countries are vitally interested in the polio vaccine program. In fact, Denmark has made great strides in carrying out its program, perhaps the greatest in Europe. It is manufacturing vaccine. Norway is not manufacturing vaccine and has not been able to get its program underway. However, present plans are moving along and the health authorities assured us that they would appreciate all possible cooperation from the United States. Their country has been hard hit for several years.
