## Fans Ask For Repeat On Intramural Boxing; Date Set For April 22nd

After considerable deliberation and coaxing from fans, Coach Beryl Clinton has announced another intramural boxing event which will take place on Saturday night, April 22nd at the local gym.

Coach Clinton reported that several of the contenders in the previous event will tangle again and there will be several additions. He said there would probably be around 18 bouts with plenty of action all the way through.

The admission to the boxing will be by donation just as it was before. Hardly enough money was raised at that time to purchase the items for which it was intended. Keep the above date in mind and plan to attend.

Those making the trip were Coaches Beryl Clinton and Ray Moore and Walter Stroup of Clarendon and E. B. Grady of Amarillo. They plan to return home Sunday with their big catch.

## Mrs. J. R. Porter Passes Away

Mrs. Jennie Dale Porter, 52 years of age, passed away in a Dallas hospital Friday, March 31. Mrs. Porter had been a resident of Clarendon since 1904. She was educated in the Clarendon schools and a graduate of the old Clarendon Methodist College. She was the wife of J. R. Porter, a prominent attorney of Clarendon.

Mr. and Mrs. Porter were married at Houston, Nov. 16, 1923, having made Clarendon their home since that time.

Mrs. Porter is survived by her husband, J. R. Porter; three daughters, Mrs. William J. Lowe of Clarendon, Mrs. Burl Rhea of Austin, and Mrs. Lowell Stuckman of Pontiac, Mich., and one son, William Porter of Clarendon; a sister, Mrs. W. B. Mrs. Porter was a prominent club worker, and was past president of the Pathfinder Club, and past president of the 1926 Book Club. She was a great church worker and interested in all civic enterprises. She was superintendent of the Primary Department of the Methodist Sunday school for 15 years, and a member and faithful worker of the Win One Sunday School Class for over 15 years, and a past president of this class. At the time of her passing she was a teacher of the Harmony Sunday School Class and a worker in the Woman's Society of Christian Services.

Mrs. Porter was a woman of outstanding character; to know her was to love her. She was a wonderful mother and wife, always sympathetic and understanding. She was a friend to one and all, and numbered her friends by her acquaintances. She was one of the best loved people in Clarendon. She always took a keen interest in the underprivileged, and especially in the Methodist Church orphan home. As a loving tribute to her work and love for the orphans, the members of the Win One Sunday School Class each sent a check to the Home. Mrs. Porter was a strong believer in Christian faith and always had a kind and cheering word for every one she came in contact with.

The beautiful floral tribute and the great number of friends attending the last services attested the high esteem in which she was held by those who knew and loved her. The many, many friends of this lovely woman join in their sympathy for the bereaved ones.

Palbearers were W. W. Taylor, Charlie Bairfield, Walter Clifford, M. R. Allensworth, Fred Patching Jr. and C. B. Morris.

Funeral arrangements were under the direction of the Murphy-Spicer Funeral Home.

E. T. BURK SAYS HE'S GLAD SPECIAL ELECTION DATE WAS SET FOR MAY 6

E. T. Burk, Amarillo businessman who is a candidate for Congress in the 18th district, says he is glad the special election was set for May 6.

"I think a month of campaigning is about all the voters can stand," he said. "With the census enumerators out counting noses and candidates seeking votes, the people of this district will have a lot of callers and hear a lot of pleas. This shows who is really important—the people."

Burk said he would press his campaign to the limit, visiting every community possible.

"The response to my campaign has been tremendous," he said. "I have never seen so many letters. I believe people like the idea of common, practical horse sense, and scores and scores of them have told me they like the idea of a man paying his own expenses and not permitting himself to be shackled."

"I am convinced that we have no government problem that can't be solved by common sense."

Rogers To Receive "All Out" Push In Race For Congress

PAMPA — Pampa and Gray county were getting set this week to give their fellow townsman an "all out" push in his race for congress.

He is Walter Rogers, former city attorney, district attorney for 2 terms and who has been an active leader in civic and community affairs during his 15 year's residence in Pampa.

First official event in the campaign is a barbecue in Pampa for Thursday afternoon at 5 o'clock with Sheriff Skinner Kyle as host and with peace officers of the district as special guests.

Pampa business men in a series of meetings have organized into a city-wide "Rogers for Congress" club, and plan a tour of the entire district on a campaign to "sell" the Pampa candidate as the best qualified entrant in the race.

In groups of 4 to the car, the Pampa workers plan to visit every town and community in the district and pass out literature, distribute placards and tell the voters of the other counties about the Gray county candidate.

Mr. Rogers, who enjoys a large law practice, has arranged his affairs so that he can devote all of his time to the campaign. He plans a whirl-wind trip over the district and will speak in all towns.

Stressing stability for agriculture, economy in government and the need for curtailing federal encroachment in local affairs, Mr. Rogers plans to outline his views to the voters of the area. He is opposed to federal aid to education, saying if Texas retains its tide-lands it has no need for federal school aid, and is outspoken against socialized medicine. He believes that capital and labor should settle their own disputes with the government in the role only of an arbiter.

In planning the kick-off barbecue, Sheriff Kyle said this even- "is to be my treat." As a peace officer when Mr. Rogers was district attorney, Sheriff Kyle is an ardent admirer of the congressional candidate.

"I've seen him on the job, know what he can do," said the sheriff. "Only 3 acquittals during two terms as district attorney is something in my books: I want the other peace officers to know Walter Rogers. That's why I'm giving the barbecue as his campaign opening."

Mr. and Mrs. Rogers were married in 1936, shortly after he moved to Pampa from East Texas. They have 6 children, 3 of whom are in the Scouts. Mr. Rogers is 41 years old.

State Representative Grainger McIlhany Announces For Re-election

Grainger McIlhany of Wheeler has announced his candidacy for re-election to a second term as State Representative of the 122nd district, comprising Gray, Wheeler, Collingsworth, and Donley counties.

The 31-year-old department store owner was in Clarendon this week in the interest of his candidacy and although he has no opposition, said he plans to spend the next several weeks contacting voters of his district getting their views on legislative affairs. He will be glad to have constituents write him at Wheeler, Texas, should they wish to call his attention to specific matters regarding state government.

McIlhany admits state affairs are not all that could be desired but feels that a trend toward economy and efficiency has definitely set in at Austin. He thinks such obvious needs as modernizing the Texas Prison System, improving school administration, and enlarging and improving the state hospitals and mental institutions are well on the way to fulfillment as a result of legislation enacted during the past two years.

As a member of the important Revenue and Taxation committee, State Representative McIlhany is proud no sizeable increase in taxes has been made or seems necessary in the foreseeable future; that, in fact, all signs point to a lower tax structure in the years ahead.

McIlhany was also a member of House committees handling labor, eleemosynary and correctional institutions, and aeronautics. During his "freshman" term in the legislature he was especially active in working for passage of

the soil conservation bill and was one of the authors in the House of the new rural road measure. McIlhany was also author of a bill which passed the House to create a sandy land farm experiment station in his district.

**OLD PATHS**  
By  
**DOYLE WILLIAMS**  
Minister  
Church  
of Christ

Christianity is a New Testament religion, and the law that makes it possible is the Gospel of Jesus Christ, and not the Law of Moses. Rom. 1: 16. The history of the beginning of Christianity is to be found in the New Testament, and in the acts of the Apostles. In the Book of Acts, we learn how men and women became Christians, and this information is not found in the Old Testament. This is no denial of the truthfulness of the Old Testament, nor is it a denial of the purpose for which God gave it. The Old Testament was not primarily written to Gentile, but to the Jews or Israelites. He gave that part of His book to the world for the purpose of showing that men and women should be faithful unto him in the dispensation in which they lived. It is a warning to the unfaithful of today

to respect the Law of Christ. "For if the word spoken by angels was steadfast, and every transgression and disobedience received a just recompense of reward; How shall we escape, if we neglect so great salvation; which at the first began to be spoken by the Lord, and was confirmed unto us by them that heard him." Heb. 2: 2, 3. If God under the Law of the Old Testament; justly punished every transgression and disobedience that was committed by the people that lived under the Old Testament law, Don't you know; we who live under the Law of Christ shall not escape his wrath, for disobedience to the Law of Christ.

Therefore, we do not look into the Old Testament to learn what God wants us to do today; there you will find the history of what he wanted the people to do who lived in that period covered by the Old Testament; but, since we do not live in that period of Bible history, we can not find in that part of the Bible the Law of Christianity.

There never was a Christian before the Law of Christ came into effect, but they, the Children of God, were known by such names as, Saints, Brethren, Israelites, etc., but were never known as Christians. But when Christ's Law came into effect, on the first

pentecost after His resurrection, and men and women were baptized into the new kingdom; the Kingdom of Christ, The new King; Jesus Christ gave them the name Christian. Since that time those that are obedient to the law that gets them into the Kingdom of Christ are called Christians. Acts II:26. They were known also by such names as, brethren, disciples, and saints, but never such names as has been assumed by the more moderns of today. Such names as is being worn by some of the religious of today, is a rebuke to the intelligence of our King Jesus Christ. What a shame not to be satisfied with the name and religious designation that our King has chosen for us to wear.

**MARCH WIND**  
It rushes forth from winter's lap,  
As rudely stirred from peaceful nap,  
Or like swift herald sent to bring  
First tidings of approaching spring.

Throughout the month it often blows  
Chilling winds and flurried snows,  
Blusters till some vantage gains  
Of warmer days and season's rains.

Perhaps it is that all its strife  
Is meant to rouse from dormant life

All sleeping nature round about,  
To quicken seeds and bring them out;

To dress themselves in gay attire,  
And all bright colors we admire,  
Reviving creatures all with wings  
To spread them out as lovely things.

Thou restless March! Thy stormy blast  
Bears yet some blessing at the last,  
Tho' on thy bosom frosts may cling,

Still thou art the first of spring.  
Tho' thou come like lion roaring,  
Broken loose from master's mooring,

**United Gas Co. To Expand and Improve Facilities In Gulf South States**

Shreveport, La.—An expenditure of nearly \$36,000,000 is planned by the United Gas companies in 1950 to expand and improve facilities in the Gulf South states in which they operate, according to an announcement by N. C. McGowen, president.

Almost 34,000 homes, stores and factories will obtain natural gas service for the first time as a result of construction this year by the distribution divisions of United Gas Corporation. Many of these new customers will be in cities and towns presently served by the firm, while others will be in communities previously without gas service. Nearly \$7,500,000 provided in the 1950 construction budget for extensions of gas service by the distribution divisions of the company.

United Gas Pipe Line Company, the transmission subsidiary, contemplates construction expenditures of nearly \$22,000,000 during the year. Approximately \$2,000,000 will go into gathering lines and equipment to tie the additional gas fields into the pipe line system. About \$17,500,000 is scheduled for construction of new lines to communities and industries not presently served and to increase the capacity of existing transmission lines. The remainder of the Pipe Line Company construction budget will go into plants for the production of natural gasoline and other liquid hydrocarbons from natural gas, for expansion of compressor stations and other projects.

Union Producing Company, the producing subsidiary of United Gas Corporation, has a budget of nearly \$6,500,000 for acquisition of leases, exploratory drilling, gas and oil field development and recycling operations, including the drilling of about 50 wells in

the Gulf South area. United Gas, with general headquarters in Shreveport, invested more than \$36,000,000 in extensions of service and development of oil and gas fields during 1949, it was pointed out by President McGowen. This year's construction budget will bring the total spent on similar projects since 1930 to more than \$300,000,000.

United Gas Corporation and its Pipe Line and Producing subsidiaries have operations in Louisiana, Texas, Mississippi, southern Alabama, northwestern Florida and southwestern Oklahoma.

United Gas also owns approximately 75% of the common stock of Duval Sulphur & Potash Company. This firm has been engaged for some time in the mining of sulphur in Fort Bend County, Texas, and has recently extended its operations to eastern New Mexico, where it has discovered a substantial potash reserve. Mining and milling facilities on this property will begin in the immediate future.

"Residents of the area we serve will share directly or indirectly in the benefits of this construction program," McGowen said. "Thousands of persons will enjoy the conveniences of natural gas service for the first time. There will be more jobs for workmen in the Gulf South and resulting payrolls to benefit local businesses. A considerable amount of material and equipment will be purchased from firms in the area and the drilling program will mean more money for royalty owners and land owners in these states."

*She Inspires Daddy to Achievement!*

Keeping inspiration for achievement high in every family is highly important to the strength of America. It is also of prime importance to the health of our nation to keep every Doctor, Dentist, Medical Student, Pharmacist, Nurse and Technician keyed to greater achievement in saving lives and building health. Each year, nearly a hundred thousand American babies live that would have died under one year of age, had they been born twenty years ago. Millions of "under threes" are constantly inspiring greater effort by all forces of medical science. You can help by giving your Doctor full cooperation, through regular visits, and by helping to keep all health forces unregimented by politicians.

**WHY THEY CALLED HIM "HAPPY"**—Throughout his life General of the Air Force Henry H. Arnold radiated gladness and good humor. From the earliest days of aviation and through two World Wars he was hailed by soldiers of all ranks as "Hap Arnold," and delighted to refer to the time when the U. S. Air Force consisted of two other flyers and himself. He was the idol of children through his writings for young aviators. In the picture he is greeted by boy and girl aviation enthusiasts upon his arrival from overseas in 1945.

Born in Gladwyn, Pennsylvania, June 25, 1886, he was graduated from West Point in 1907 and was assigned as a second lieutenant of infantry. In 1911 he was detailed to the Signal Corps and at Dayton received instruction in pilot biplane. From that time his advancement to the highest rank was synonymous with the development of American military aviation. He died at his home in California, January 15 and was laid to rest beside the graves of thousands of his comrades in Arlington National Cemetery January 19.

Age and Survivors Insurance provisions of the Social Security Act?

A—A record of each worker's wages is kept from the reports which employers send in with social security taxes four times a year. Since the benefits which a worker or his dependents will get are based on the worker's wage record, it is essential that his wages be correctly reported.

A representative from this office will be in Clarendon, at the County Court House, Tuesday, April 11, at 8:00 a. m.

**SOCIAL SECURITY NEWS**

Q—When are Social Security Tax returns filed with the Collector of Internal Revenue?

A—Four times a year—at the close of each calendar quarter. The employer has the full month following the close of the quarter in which to file his return. The returns covering wages paid during January, February and March must be filed on or before April 30th.

Q—What information is needed by an employer to enable him to file a complete and accurate Social Security Tax Return?

A—Only three things: (1) the worker's full name; (2) the worker's social security number; and (3) the amount of wages paid during the quarter. NOTE: The worker's name and social security number should be copied directly from the social security card instead of relying upon the memory of the worker for this information.

Q—What is the relationship between these reports of the employers and the Retirement and Death Benefits paid under the Old

**FAREWELL**

It is with much regret that we issue this final message to you on the closing of USO operations in Texas, as well as nationally.

It has been a pleasure to have been associated with you in this campaign. We shall be forever grateful to you for your loyal and understanding service in behalf of this cause. Texas was the second in the nation, from a standpoint of organization and money committed to our campaign. For this we are indeed proud, because again, Texans have demonstrated the true Texas spirit in coming to the aid of a cause worthy of their support.

The State headquarters will be closed as of 5 p. m., Tuesday, February 28. Any monies which remain in county treasuries should be forwarded to national headquarters, United Service-Organization, 350 Fifth Avenue, New York City.

It is with heartfelt thanks and a deep sense of gratitude that we bring to a close the USO operations in Texas with this final bulletin. Texans again did their share for the men of the Armed Services.

## EXPLORER NEWS

By John Miller Morris

The Explorers had to change their plans and go to Troublesome Canyon rather than Palo Duro due to circumstances beyond control. Although the change was made overnight, there was still a good turn out. The following 14 young men were present: Billy C. Pittman, Jimmie D. Lowry, Donnie Hill, Billy Hill, Cotton Hall, Jiggs Riley, Benny Edens, Lloyd Hunt, Bobby Hillmyer, Jerry Price, Boyd Pipes, El Ray Pyeatt, John Miller Morris, the senior crew leader and Jay Gould, the adviser were also present.

Some of the Explorers learned a lesson on this trip. These unlucky Explorers carried paper sacks and had a hard time keeping their gear together. These Explorers are very interested in the packs that they can make and decided to have this as the subject at their next meeting.

All the Explorers are looking forward to the big bivouac that is to come off at Palo Duro Canyon over the last week end of this month. We will have more information along this line a little later on.

Mr. and Mrs. J. C. Butler had as guests their children Sunday, Mr. and Mrs. Earl Butler and Kenneth, Mr. and Mrs. J. W. Butler and children and Mr. and Mrs. J. R. Cowan and two daughters, all of Borger and Glen Butler of Claude.

Miss Bell Humphrey of Los Angeles, Calif. and Mrs. Howard Williams of Amarillo who have been visiting Mr. and Mrs. F. A. White the past two weeks have returned to their homes.

### What Does Donley County Want As A Wheat Program?

A meeting will be held in the County Agents office at 1:30 p.m., Friday, April 14, to determine what the wheat farmers of Donley County want in the way of a wheat program.

Any one that has any suggestions to offer, we will certainly appreciate your attendance.

It is the expectation of the Northwestern wheat farmers to come out with a two price system, with bushel control. Parity price on a certain percent of your wheat raised, and allowing you to do what ever you wish with the rest. Put it on the open market or hold it over yourself at your own risk for whatever the future price might be.

Let's have a good discussion on this situation; maybe we can arrive at a better plan.

Officials of the Donley County Wheat Producers Association urge the wheat farmers to be present at this meeting.

Claude Moore, Sec. Treas.

Mr. and Mrs. Frank Hardin and Mrs. C. E. Griggs returned home Sunday from Truth or Consequences, New Mexico (formerly Hot Springs) after spending five weeks at this prominent health resort. Mrs. Griggs visited her daughter, Mr. and Mrs. C. W. Gallaway at Elephant Butte.

which all took place Saturday during Ralph Edwards "Truth or Consequences" program which is sponsored by Proctor & Gamble. Mr. and Mrs. Hardin reported that it was one of the swellest affairs they had ever seen and they certainly didn't regret remaining over a few extra days even though they had Donley County and home on their minds.

Shakespeare's last completed play was Henry VIII, written in 1611.

### FARM NEWS

From the County PMA Committee

#### COTTON:

This isn't news to all those farmers who are interested in getting more cotton acres because we are sure that they have read it in the paper by now, but we want to put our "two-bits" in too! The new law provides that the 1950 Cotton Acreage allotment established for your farm shall be not less than the larger of (a) 65 percent of the average acreage planted to cotton (or regarded as planted to cotton under Public Law 12, 79th Congress) on the farm in 1946, 1947, and 1948, or (b) 45 percent of the highest acreage planted to cotton (or so regarded as planted to cotton) on the farm in any one of such three years. However, the allotment so established cannot exceed 40 percent of the cropland on the farm (land tilled annually or in regular rotation on the farm in 1949). So, if you are interested in filing an application for more cotton, you must file this written application with the County Committee, here at the office, not later than April 28, 1950. Also, please remember that Acreage of Cotton planted in excess of current 1950 farm cotton allotments will not be considered as cotton history for the farm, county, or the State in the future. Therefore, even though a farm gets a 10 acre increase in 1950 allotment under the "65-45" provision, and the 10 acres are planted, the 1950 farm cotton history will be limited to the original 1950 farm allotment.

#### WE LOSE A HAND:

Mrs. F. G. Crofford, who has been taking care of our wheat measurement program, left this week to go back home to Canyon. We hated to see her leave, but still, it's nice to get back home. Mrs. Crofford did a good job, and we are sure she pleased everyone concerned with wheat allotments.

#### WHEAT LOANS:

We are sending out letters this week to all producers having Warehouse Wheat Loans notifying them that all 1949 warehouse storage wheat loans mature April 30, 1950. If this loan is not repaid on or before the maturity date, the warehouse receipts securing the loan will be acquired by the Commodity Credit Corporation.

It is important, if you plan to redeem your wheat, that you allow sufficient time to complete all transactions before April 30, 1950. Full information concerning your loan may be obtained from this office.

#### MONEY:

Our budget is really flat. We have a lot of applications on hand for assistance in carrying out practices, and we are trying to stretch the money as far as it will go. So, if you haven't as yet received a notice that we can help you with a practice, please be patient; we will help you if it is at all possible.

#### AGRICULTURAL SHORTS:

"When farm prices 'hit the skids' there's a chain reaction that goes all along the line. It begins on Main Street of the farmer's home town and quickly works back to the great population centers."

"Six billion dollars worth of lime, phosphorus, potash and nitrogen is lost from the country's soils each year. That's a third as

### much as our crops are worth."

**PRE-MEASUREMENT OF COTTON:**  
Don't forget, you have from now until April 20, 1950 to sign up for pre-measurement of your cotton land. This is purely optional with you, but if you are interested, we will be glad to take your application for this service. The charge is \$6.00 per farm, plus \$1.25 per plot to be measured, plus 3c per acre in the cotton allotment.

### The Lion's Roar

By O. D. Lowry  
The Lions Club held its regular meeting Tuesday, April 4 at the club hall. There were approximately sixty Lions and guests present for this meeting. Lion A. L. Chase was the Lucky Lion today.

The Board of Directors meeting was announced for Monday night at 7:30 at the club hall. Attendance may be made up at this meeting.

The club still has over one-third of its members eligible for the grand prize which is an expense paid trip to the International Convention in Chicago. Representative J. Blake Timmons spoke to the club on the recent meeting of the Texas Legislature.

### BALEY THANKS VOTERS

I would like to take this opportunity to thank the voters who came out and gave me their support in the election for City Commissioner Tuesday. I will do my very best to fulfill your confidence and do the job to the best of my abilities.

### FLYING SAUCERS PASS OVER CLARENDON SUNDAY

About twenty minutes past two Sunday afternoon Mrs. J. C. Estlack noticed a strange phenomena in the sky. Two round discs were in a silvery misty sandstorm cloud, as she describes it. One disc chased the other in a round and round fashion, she states. They were traveling at a great height and at high speed.

Similar discs are reported from Vernon Tuesday afternoon by two prominent physicians of that city. The doctors report that the discs were whirling and traveling at a great height and at high speed.
