### STORES CLOSED TODAY IN OBSERVANCE OF ARMISTICE

All Clarendon business firms were scheduled to be closed today in observance of Armistice Day according to the local Chamber of Commerce office. Armistice is listed as one of the four holidays to be observed by local merchants during the year. It has been understood that there would not be any type of special program for the day other than an opportunity for businessmen and clerks alike to enjoy a day of rest.

Mrs. L. L. Wood spent last week at the Wichita Falls Clinic. She is at home and says she feels better.

### SECOND IRRIGATION WELL LOOKS GOOD

The second irrigation well drilled on the Kermit Evans farm 1 mile south of Ashtola appeared to be a very good well when it was test pumped last Friday. The well pumped 600 gallons per minute with the test pump and it was estimated that the well would pump from 1,000 to 1,500 gallons with an adequate pump and pipe to carry the volume. The well was drilled to a depth of 208 feet.

Mr. Evans plans to use a sprinkler system to irrigate his farm land with the well.

Several other farm owners are planning to drill wells but nothing definite is in the making at the present time.

## Soil Conservation Meeting Nov. 19th To Feature Informative Program

Friday, November 19th will be the day of the big soil conservation meeting in Clarendon at 2:30 p. m. at the Mulkey Theatre. H. M. Breedlove, county agent and chairman of the meeting, says that a good program is planned for the occasion.

Mr. Dooley Dawson, vice president and manager of the agriculture department of the Second National Bank of Houston, will be the feature speaker. Other speakers on the program will be T. J. O'Brien, vice president of the Second National Bank of Houston; Dr. Roy L. Donahue, agronomist for the Texas A&M College Extension Service of College Station, Texas; P. G. Haines, soil and water specialist for the Texas A&M College Extension Service; H. M. Bell, zone conservationist for the soil conservation service; Paul H. Walsler, state conservationist for the soil conservation service. Farmers to speak for Donley County are Roy Jewell of Hedley and J. R. Porter of Clarendon. The program is planned to last about two hours and every business man, farmer and rancher in the county is urged to be present. All veteran classes and vocational agriculture classes and school children are urged to attend this meeting.

Other persons who will arrive with the party in Clarendon and attend this meeting are A. J. Horton, vice president and general manager of Chicago and Burlington Lines of Denver, Colo.; R. Wright Armstrong, vice president

of the Fort Worth and Denver Railroad of Fort Worth; W. O. Frame, general manager of the Fort Worth and Denver of Fort Worth; C. S. Edmonds, Freight traffic manager for the Fort Worth and Denver of Fort Worth; J. C. Perdue, Livestock agent for Burlington Lines of Denver, Colo.; A. K. Hepperley, Agricultural agent for Burlington Lines of Denver, Colo.; and Mr. Henry Mitchell, vice president of Central Bank & Trust Company of Denver, Colo.

Breedlove stated that the party to attend this meeting would arrive in Clarendon on the morning of the 19th on the Fort Worth and Denver. A special car will be set out at Clarendon for the group. All persons are urged to go down to the depot and welcome this group to Clarendon and visit with them at any time during the morning. Remember the date of this big meeting that means so much to our county and let's have that Mulkey Theatre so full that only standing room will be available. This is something that is vital to all of us because the soil is our means of support and we must take care of it to continue to prosper and leave it in good shape for the coming generations. All persons in surrounding counties and cities are urged to come to Clarendon and be with us for this big meeting.

This program is being sponsored by the Burlington Lines and the Second National Bank of Houston.

## FARM NEWS

The last week has been a busy one here in the AAA office. We have started filling out the applications for payment and already have some of them signed. Also there was a meeting Tuesday, Nov. 9th of all the County and Community Committeemen. They met to decide on the practices that payment will be made during the 1949 program year and to appoint a committee from each community to nominate names for the ballots in the coming election of community committeemen for 1949.

The additional money we got last week is going fast. We have issued a good many approvals for stalk and stubble, seeding small grains on the contour, and for 20% superphosphate. A few approvals have been issued for terraces and dams. Mrs. Kinslow, U. Z. Patterson, Pat Hinton, and Richard Finch have received approvals for terracing. Adam Risley is getting a new earthen dam on his place this week.

It sounds like the dust got bad last Sunday over in Oklahoma. That may make some of the folks realize that it could happen here. We of the AAA office, Soil Conservation Service, and the Extension Service are doing what we can to see that it doesn't happen here but, as in all other things, we must have each and every person's cooperation, not only the farmers but the business men in the county. Prevention of wind and water erosion is important to them as well as to the farmers. We want to take this opportunity to invite all the business men in this county to come into the office at any time and ask any questions or just visit with us. A good many people who do not have farms are not informed about the Agricultural Conservation Program and actually do not realize what it is. We will be happy for everyone to know the facts and purposes of the Program and any way we can help the public for a better understanding of our work we will be glad to do so.

Several other farm owners are planning to drill wells but nothing definite is in the making at the present time.

### QUARTERBACK CLUB ORGANIZED HERE MONDAY NIGHT

Approximately 40 local men and athletic enthusiasts gathered at the local Lions Club hall Monday evening and organized what will be known as the Quarterback Club.

Officers elected to steer the organization are: Bud Knorpp, president; George Thompson, vice president; Willard Hudson, Sec.-Treas.; and Claude Hearn, reporter. All ministers of the town were elected as honorary Chaplains of the organization.

O. H. Gibbs and Wallace Jones, members of the Childress Quarterback Club were up to help out with the organizing of the club here and pointed out to the group what the Childress club was doing toward helping all kinds of athletics at Childress.

The purpose of the club here is to boost athletics of all kinds, to stimulate interest among everyone who enjoys sports or might become interested in sports. This club will do their best to advertise and educate the people along the line of whatever sport is in season.

The meeting was thoroughly enjoyed by all those attending and the group also enjoyed the football films which were shown and the coffee and doughnuts which were served.

The next meeting of the club will be held next Monday evening at 7:30 p. m. in the new gym building and every Monday night following. Everyone who is interested in any type of sports is invited and urged to come and join or meet with the organization as it is open to anyone for membership and support. Refreshments will be served next Monday night.

Mrs. L. H. Mullins and Mrs. Maurine Lackey of Post Texas spent the weekend in Clarendon.

### FRED CONNALLY PAINFULLY INJURED, LOSES FOOT

Fred Connally, son of Mr. and Mrs. Tom Connally of this city, was painfully injured last Friday afternoon when his foot was caught in the auger at the wheat elevator owned by the Connallys near Sunray, Texas. Fred managed to pull his foot out of the machinery and crawled about 30 feet where he beckoned his father for help. He was taken to Amarillo where it was found necessary to amputate his right leg between the ankle and knee. He is reported doing as well as could be expected at this time.

### ADULT CLASS IN HOMEMAKING, FRIDAY, NOVEMBER 12 AT 3 P. M.

There will be a meeting in the Homemaking Department for everyone who is interested in an adult class in Homemaking. These will be afternoon classes and provisions will be made for taking care of children if you want to bring them.

### TWO MEN FINED FOR PETTY THEFT

W. H. Bryan of Claude and Bob Corbin of Dodge City, Kansas, were fined \$10 and court costs here in county court Tuesday on petty theft charges.

Sheriff Wright reported that the men lifted a small radio from the Clack Radio Service, 12 pair of socks from Greene Dry Goods and 2 pair of gloves at the Farmers Exchange.

The arrest of the pair was brought about by two local men who saw Corbin take the radio out of the show window and stick it underneath his coat, Wright added. The two local men were sitting in a car in front of the radio shop and got out and followed Corbin until he placed the radio in a small box and left it in the bus depot. Officers were notified and the two local men watched the suspected parties until officers arrived to arrest the men. Officers checked the men and found the other merchandise that had been stolen. Neither have paid their fines to date, sheriff Wright stated.

At right is General Fu Tso-Yi, who is responsible for the government's defense of North China. Americans have been warned to leave the threatened areas.

## Bronchos To Meet Cyclones At Memphis Friday Night In Last Game of Season

### DOUBLE SERVICE TODAY FOR GRANDFATHER AND GRANDDAUGHTER

Double services were set for this afternoon at 2:30 at the First Methodist Church for A. O. Yates and his granddaughter, Miss Dorothy Arveta Rhoades. Both Mr. Yates and Miss Rhoades passed away in an Amarillo hospital about noon Monday within an hour of each other. Mr. Yates had been in ill health for quite some time but Miss Rhoades had been ill only a few days.

Officiating in the services will be Rev. S. W. Hayne and Rev. Doyle Williams.

Mr. Yates, age 63, retired carpenter, had been a resident of Donley County since 1913. Some few years ago he started spending part of his time between California and Texas and at the time of his death, was visiting his daughter in Amarillo. He was a member of the IOOF and WOW Lodges and a member of the Methodist Church.

Survivors include 5 sons, Amos of Kermit, Buddy of San Bernardino, Calif., Jack of Plainview, Bill and John of Long Beach, Calif. Three daughters, Mrs. Jim Rhoades of Amarillo, Mrs. R. R. Dinger of Clarendon and Mrs. Fred Johnson of Collinsville, Okla. Two sisters, Mrs. I. M. Bailey, Hale Center and Mrs. John Carr, Macon, Mo., and one brother, George Yates of Austin, 15 grandchildren and one great grandchild.

Pallbearers will be Glenn Churchman, Frank Hardin, Bert Smith, Bill Word, Melvin Cook and Glenn Williams.

Miss Rhoades, age 21, had been a resident of Amarillo 1 year, having lived in Arizona and New Mexico prior to that time. She had been employed by an Amarillo Theatre. She was a member of the Church of Christ, Amarillo.

Surviving are her parents, Mr. and Mrs. Jim Rhoades of Amarillo, her grandfather, Quincy Rhoades of Green Tree, N. M., two aunts and five uncles.

Pallbearers will be Olin Bain, J. A. Dodson, Tommy Bain, Hermon Dodson, Bert Steffens and Reagan Bain.

Burial for both Mr. Yates and Miss Rhoades will be in Citizens Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

Mr. and Mrs. Nolie Simmons left Monday for Temple where Mrs. Simmons will go through the clinic.

### LOW OF 25 DEGREES REGISTERED HERE TUESDAY NIGHT

Ole man winter did a fine job of defolting the cotton crop here Monday night when the mercury dropped to the 26 degree mark. To make it a good job, the mercury slid one more degree Tuesday night to a low of 25 degrees, the season low. Blowing dust preceded and accompanied the first noticeable norther of the winter but the wheat crop received very little damage. Cotton pulling and crop gathering in general was slowed down for several days during the past week and first of this week, but has again swung into full gear.

### DUCK SEASON TO OPEN FRIDAY

Nimrods from all around will be oiling and polishing their guns tonight in preparation for the opening of Duck season in this area tomorrow.

The season opens at 12 o'clock Friday, but hunting hours for all other days of the season which closes Dec. 16th will be one-half hour before sunrise until one hour before sunset.

The bag limit is 5 ducks per person and 2 geese. The possession limit is 8 ducks and 4 geese. It is necessary that every hunter have in his possession a federal duck stamp and also a state hunting license if he hunts outside of his own county.

Remember to be extremely careful as your family would much rather you would bring yourself back home, all in one piece and alive, than all the ducks you could carry.

### TWO FREE RIDES GIVEN AWAY SATURDAY NITE

Two night plane rides will be given to the lucky winners Saturday night, Nov. 13, 1948. The occasion for this is the regular monthly dance of the Donley County Aviation Club at the Clarendon Municipal Airport. All types of music will be played from "Put Your Little Foot" to Swing Boogie. Cokes, coffee and doughnuts will be available at a nominal fee and cards and dominoes for those not caring to dance.

The admission charge is only 75c a couple or 50c a stag, so come on out for an inexpensive nights entertainment.

W. H. Ellis, local cattle trader, suffered a heart attack early Wednesday morning soon after he had sat down in a barbers chair at the Lynn Barber Shop. He was rushed to a Memphis hospital where his condition was reported some improved late Wednesday.

### W. H. ELLIS SUFFERS HEART ATTACK

W. H. Ellis, local cattle trader, suffered a heart attack early Wednesday morning soon after he had sat down in a barbers chair at the Lynn Barber Shop. He was rushed to a Memphis hospital where his condition was reported some improved late Wednesday.

### APPRECIATION DAY WELL ATTENDED

The second appreciation day held here yesterday was well attended by a large crowd. Mrs. Ralph Keys received the big surprise of the day. Remember, Clarendon merchants are making appreciation day possible for everyone in this trade area and every Wednesday.

### Flower Making Demonstration

About twenty-five were present at the demonstration of flower making in the Homemaking Department Friday, Nov. 5th. Mrs. Stanley W. Hayne very cleverly demonstrated how to "make roses out of the common turnip".

That time has rolled around again when the last and traditional game of the season comes up for a decision as to which team will win probably the most important game of the season for either of the teams concerned. The Bronchos will journey to Memphis Friday night to tangle with their traditional foe, the Memphis Cyclones, and will be using every effort to bring back their only conference win of the season.

The Bronchos are in high spirits for the game and we should be able to see plenty of fireworks down there Friday night. Coach Clinton reported that the Bronchos had been showing up very good in practice this week inspite of the chilly weather which ordinarily stiffens up any ball club. Tatum is still on the out list and Whitaker is on the doubtful list, Clinton added.

"Those boys have the determination that has won many a ball game and we think they will do it Friday night" was the statement of both Clinton and Jones. They built up a fire that stopped and incidentally tied the Wheeler Mustangs last Friday night and they have even a better chance this Friday night as the weather is bound to be some better, anyway. The Memphis club has about the same type of record as the Bronchos with the exception of beating a weakened McLean team two weeks ago, but they are not to be underestimated, for they have been gaining in power the past three games.

The Broncho captains for the year and for the game Friday night were elected by the squad Tuesday afternoon. They are Bulman and Wilson, two outstanding Broncho players thru-out the season.

Just as a reminder, the game Friday night will start promptly at 7:30, so make your plans to get an early start so you will have an opportunity to see the Bronchos win all the way through.

The probable starting line-up for the Bronchos, starting at right end will be: Heatherly, Clifford, Christie, White, Travis Mulanax, Hill and Wilson. In the backfield will be Jenkins at quarterback, Littlefield at left half, Bradford at right half and Bulman in the fullback position.

A big crowd of boosters, down there letting themselves be heard by the Broncho squad, will go a long ways in helping the Bronchos win the game. They would like to win the game for all the people here, so let's all go down to Memphis Friday night and help them do it by showing that we are interested - - - really interested!

CITY-COUNTY LIBRARY NOTES

By May L. Prewitt
The Library has been fortunate this week as the 1926 Book Club gave a donation that made it possible to order eleven books from the Children's Press and four from Hunting's for Jr.'s.

A personal friend will also give several childrens books next week, so with such thoughtful cooperation that section will have quite a few additions.

To the adult list was added "Asylum For the Queen" by Mildred Jordan. This is a period novel based on French-American history. The story is a novel of conflicting loyalties of an exciting, and mysterious nature.

A member of the 1926 Book Club gave three western editions

and "San Antonio" by Green Peyton recently. This last edition will be interesting reading, and useul to our theme writers.

Another gift in memory of Mrs. C. A. Burton was a year's subscription to Holiday. This was from Mrs. Katherine Patrick Bugbee, and is one of the most useful and interesting editions published at present.

It is with a sense of satisfaction when books on our Library shelves are written or spoken of in praise by other places. "The Heart of the Matter" by Graham Greene was the choice of Mrs. Avery, the noted reviewer of books from Fort Worth, who was with the Woman's Forum at Wichita Falls recently.

"The great objection to new books is that they prevent our reading old ones."—Jonbert.

#### NEW TELEPHONE RATES ARE ANNOUNCED FOR CLARENDON

Announcement of necessity for new telephone rates at Clarendon was made today by R. L. Brewer, District Manager for the Southwestern Associated Telephone Company.

Greatly increased costs of furnishing telephone service make it necessary for the telephone company to place new rates into effect immediately. Mr. Brewer states that he plans to go before the City Council at an early date to explain the need for new telephone rates here.

The present rates for telephone service were established prior to 1929. Since January 1, 1934, the telephone system at Clarendon has grown from 519 telephones to 1096. "We are proud," Brewer said, "that in these years we have been able to provide more and better telephone service without increasing rates. However, the pyramiding effect of higher costs of operations --- higher wages, taxes, equipment and supplies --- make new rates necessary despite every possible economy that could be used."

Mr. Brewer said that while revenues had increased, expenses had increased at a much faster rate. The company's net revenues dropped until today the company is losing approximately \$2,624.81 per year.

"The new rates are reasonable and are necessary to help pay the cost of furnishing telephone service. We do not seek big profits, but are asking only for rates that will provide enough earnings so that we can continue to expand and improve service", it was stated.

For residence telephone users the new rates represent an increase of less than one cent per day for four-party service; less than one cent per day for two-

# Why New Telephone Rates Are Necessary At Clarendon, Texas

**NO BUSINESS CAN** long survive and charge less for its products and service than it costs to furnish them.

**GREATLY INCREASED COSTS** of furnishing telephone service makes it necessary for the telephone company to place new rates into effect at Clarendon.

**PRESENT RATES** for telephone service were established prior to 1929. Since January 1, 1934, the telephone system at Clarendon has grown from 519 telephones to more than 1096. We are proud that in these past years we have been able to expand and improve our service without increasing rates. But the pyramiding effect of increased costs of operation . . . higher wages, taxes, materials and equipment make new rates necessary despite the use of every possible economy consistent with sound business management.

## Expenses Are Greater Than Income

During and since the war, the demand for telephone service has been tremendous. While revenues have increased, the costs of furnishing service have increased much faster.

During 1947, we furnished telephone service in Clarendon at a loss of \$2,824.81.

The cost of almost everything that goes to make good telephone service . . . and almost everything is needed . . . has increased sharply since 1940.

### For illustration:

Payroll (wages) our biggest expense, is away up. Five general wage increases have been granted employees since 1940. Telephone poles cost 110 per cent more than in 1940 . . . cables, 119 per cent more, switchboards as much as 139 per cent more.

## New Rates Are Reasonable

The new rates are reasonable and are necessary to help pay the cost of furnishing telephone service. We do not seek big profits, only reasonable rates that will provide enough earnings to place the system on a sound financial basis, and which will enable us to expand and improve service.

## Adequate Earnings Are Essential

To carry out its expansion and improvement program, the company must spend many thousands of dollars for new plant and equipment. This money must come from the savings of people who want to invest in something that will bring them a reasonable, regular return. A sound financial business with reasonable earnings is essential to attract new money necessary to expand and improve telephone service.

## New Rates

The new schedule of rates for Clarendon is given below. Federal taxes which apply are not included.

CLASS OF SERVICE	RATE PER MONTH		
	WALL	DESK	HANDBET
<b>BUSINESS:</b>			
Individual Line Service	\$5.50	\$5.75	\$5.75
Two-Party Service	4.25	4.50	4.50
Extension Service	1.25	1.50	1.50
<b>RESIDENCE:</b>			
Individual Line Service	3.00	3.25	3.25
Two-Party Service	2.50	2.75	2.75
Four-Party Service	2.00	2.25	2.25
Extension Service	.75	.75	.75
<b>RURAL:</b>			
Business (Metallic)	3.50	3.50	3.50
Business (Grounded)	3.00	3.25	3.25
Residence (Metallic)	2.50	2.50	2.50
Residence (Grounded)	2.00	2.25	2.25

For residence telephone users the new rates represent an increase of less than one cent per day for four-party service; less than one cent per day for two-party service; and less than two cents per day for individual line service. The increase is approximately four cents per day for business telephones.

Compared with increases in prices you must pay for other things . . . food, clothing, automobiles and almost every other item in the family budget . . . the increase in telephone rates are moderate.

## Weekly SURPLUS NEWS WAA

Student veterans who acquire dependents or additional dependents while in training under the GI Bill should notify the Veterans Administration as soon as possible in order to qualify for increased subsistence allowance payments.

Notice of dependency change should be sent to the VA regional office in which the veterans' records are kept. The notice should be accompanied by legal evidence of the dependency, such as certified copies of public records of birth, baptism or marriage.

VA increases subsistence payments as of the date it is notified and not retroactively to the date the veteran actually acquired the dependent.

Veterans who have received benefits from the Veterans Administration and have been assigned "C" (claims) numbers should place certain public records in their case folders if they think their beneficiaries might be entitled to compensation and pension benefits after they die.

To establish claims for payments, veterans' widows, children and dependent parents must submit public documents to VA as proof of dependency, age and relationship.

If necessary records were filed in the veteran's claims folder, his dependents would be spared the delays involved in obtaining them from other sources.

These include a certified copy of the public record of marriage; certified copies of previous marriages and copies of court records of divorce and annulment, copies of birth certificates of all children under 18, and a copy of the veteran's birth certificate. The veterans claim number should be written on all papers to insure positive and ready identification.

**PLOWIN' Out the CORNERS**  
by Uncle Zeb

Of all the reasons that I heard as to why Mr. Truman was elected, I liked the following best of all: "He got the most votes".

Anyway, the two men were fighting it out in the big ring. We were all around cheering. Cheering for the sure winner according to all the dead cinches. He heard our cheers and raised his guards to wave at us, and bloozy; the loser let go with all he had, his heart, his body, and his right hand, and down went the supposed champ. And we cheered all anew for the new champ.

To think that some of the large papers and magazines already had their editions ready to come on the street headlining Mr. Dewey as the winner. Neither God nor our forefathers gave them knowledge like unto that.

The real test in Mr. Truman's life comes now. He proved that he could take it when things were going badly. But the real test comes when we prove that we can hold our head when we are winning. He can pop the whip now, as much so as Mr. Roosevelt could at any time. Can Mr. Truman ignore all this power and humbly serve this great people? It is now that he needs a great strength to carry on. Let's help him, and pray for him. When we

lose a game there is nothing hurt but our pride, and it is no good anyway. But when we win some game or someone brags on us a little it is so easy to start stepping high, or, am I the only one that has this trouble?

It is nice for people to say nice things about us, but it is sometimes bad if we hear them.

Dr. Jackson tells the story about the man that the Doctor told to watch his weight. Anyway, the man gave that as his excuse for carrying it around in front, so he could watch it. A poor excuse for a pot tummy.

As far as I know these men are still members of our Non-smoking club: J. E. Johnson, Lonnie Hood, P. L. Adams, Mr. Boggess, and Ed Laycock, and of this minute Uncle Zeb. Some one send in a name for the club.

Lion Durham of Memphis presented membership certificates and buttons to twelve new Lions. The program consisted of violin numbers by E. R. Blevins, readings by Jane Johnson, vocal selections by Wanda Phelan, and an address by District Governor W. R. Rutherford of Dumas. Lion Rutherford spoke of services performed by Lions Clubs and of the satisfaction and pleasure of helping those in need. Lion Rutherford's address was appreciated and enjoyed by all.

**Broncs Battle Wheeler, 12-12**

The Clarendon Bronchos fought the Wheeler Mustangs to a 12-12 deadlock Friday night at Wheeler before a crowd of shivering fans.

Wheeler was first to score, running the ball over left tackle from about the ten yard line just before the half time. Shortly after returning to the field after the half, Travis Mulanax of Clarendon, recovered a Wheeler fumble on their own 11; Jenkins carried it over in the next play. On Clarendon's kickoff that followed, quick thinking and a knowledge of the game's rules earned the Bronchos another TD. Tommy Heatherly kicked off, booting the ball into Wheeler's end zone. Rushing down the field, Heatherly pounced on the ball as it lay still within a circle of Wheeler's players, who obviously had forgotten or didn't know that the ball was "alive" following a kickoff until the whistle was blown. In the third period, Wheeler scored their second touchdown to

## Local Church Has "Staff of Thousands"

Six hundred sixty foreign missionaries in 25 countries are on the staff of First Baptist Church, Rev. L. A. Sartain, pastor, said today.

In addition to the foreign mission staff, the list of religious workers partially supported by the local church includes more than 1000 missionaries to needy areas within the United States, the administrators of orphanages, the faculties of many colleges and seminaries, and the medical staffs of several hospitals.

Mr. Sartain said that this world-circling ministry of the local church is made possible through the Co-operative Program of Southern Baptists. This

is a financial plan of the Southern Baptist Convention and its cooperating states whereby all Baptist churches help proportionately in carrying out the Great Commission.

Many state mission, education and benevolent objects are cared for by the state Baptist office at Dallas, Texas, the pastor said. These objects include help—to rural churches, colleges, hospitals, orphanages, and missionaries salaries.

Four seminaries, hundreds of mission stations, several hospitals and much general educational and promotion work are cared for by Southern Baptist Convention agencies beyond the state boundaries.

**Enlarged Mission Program**  
A greatly enlarged foreign mission program is being projected whereby the present staff of 660 missionaries on an annual budget of about \$4,000,000 will be increased to 1,750 full time

workers on a budget of \$10,000,000 annually, Mr. Sartain said.

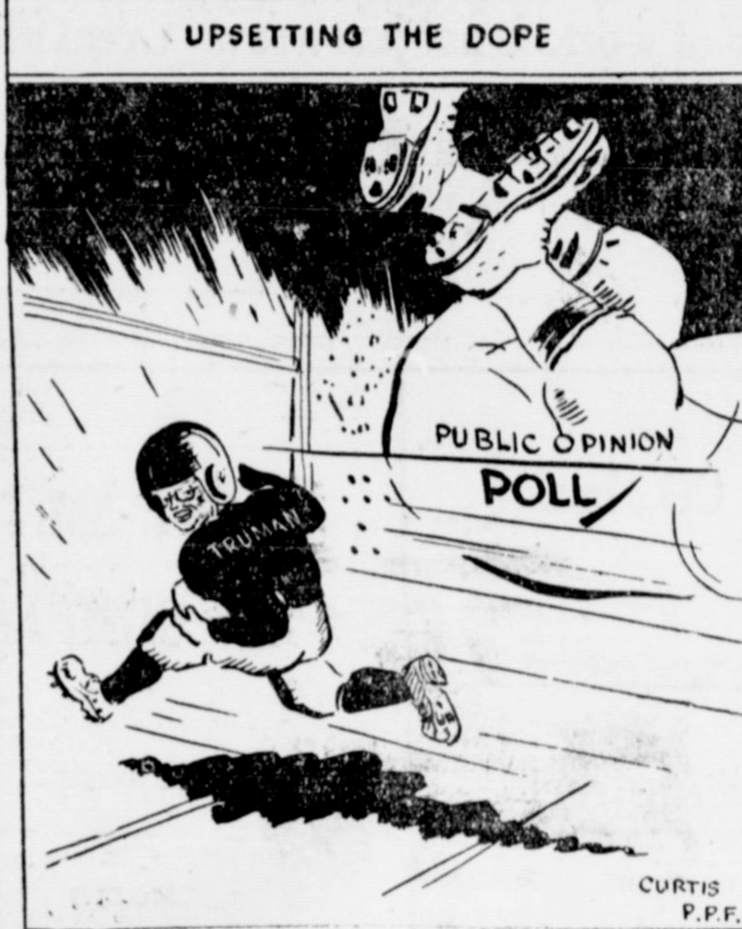

The proposed enlargement has been planned by the staff of the foreign Mission Board at Richmond, Va., of which Dr. M. Theron Rankin, formerly a missionary to the Orient, is executive secretary. Labeled "A Program of Advance," plans call for increase of the number of mission stations from 119 to 292.

Dr. Rankin said that the advance program is projected for several reasons. "One reason is because of what we believe," he declared. "We believe the Gospel can solve all the problems in the world that we confront today and that threaten to destroy us. We believe that Jesus can save the whole world.

"We are presenting the program because of what we have. Here in America we are living on an island of abundance in an ocean of want. Here in America Christians are living in an area of light in a world of darkness. We have in our hands the message that the world so urgently needs and we have the abundant, overflowing resources to meet those needs.

"Thus," Dr. Rankin summarizes, "we are presenting a program of advance because of what we believe, because of what we have, and because of what the world does not have. We have so much that the world needs so urgently and so drastically."

ment still in use, cleaning up areas of infection.

Probably no other disease can claim such a distinguished list of victims as can arthritis. Included among those who have suffered from it in one form or another, are: Benjamin Franklin, Louis XIV, Alexander the Great, Josiah Wedgewood, Eva Tanguay, Kubla Khan, Ben Johnson, Charles Darwin, Martin Luther, Pope Gregory I, Tallyrand, Winston Churchill, Lionel Barrymore and Sir Isaac Newton.

To this impressive, and only partial list, may be added seven million Americans who, in the year 1948, are suffering pangs as great as those which ever disturbed their remote ancestors.

It is this group which will eventually benefit by the research program of the Arthritis and Rheumatism Foundation. Believing that medical science can yet discover more effective therapeutic measures than those employed by the ancient Assyrians and Romans, the Foundation has planned a comprehensive program of medical research into the rheumatic diseases. To finance this program, a national campaign will be launched on the fifteenth of November to raise the sum of two million dollars.

The Arthritis and Rheumatism Foundation may be addressed at P. O. Box 1200, General Post Office, New York 1, New York. The amount of public support which the Foundation can win for its campaign, may well determine how soon the ancient and viciouscrippler of billions will be conquered.

### To Dunk or Not To Dunk?

Dunking doughnuts is Sober Hopkins' favorite morning pastime... and for a long time Ma Hopkins has been trying to break him of the habit. Feels it sets a bad example for the children.

So one morning she puts a heavy frosting of chocolate on the doughnuts... figuring that will stop him. Sober thinks it over for a while and then: "Dunk! Taste? Smile! And Sober compliments the missus on the lovely mocha flavor!

I guess there'll always be two schools of thought: to dunk or not

to dunk. But from where I sit, it's a matter of personal choice and taste—like some folks prefer beer to cider, ale to beer. And the less we criticize those differences of taste, the better.

In fact, Ma Hopkins got so curious about the flavor of chocolate-covered doughnuts dunked in coffee, that she tried it herself. Now you've guessed it—she's a daily dunker, too!

## HOW A PIPE LINE WENT TO SEA...

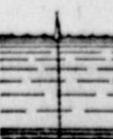

Underwater crossings of rivers and swamps are all in the day's work for builders of United Gas pipe lines... but one project called for utilization of all their ingenuity and ability. That was the submarine crossing of Lake Ponchartrain, just north of New Orleans. A 14-inch steel pipe line was laid 25.5 miles across this vast body of water—to provide more adequate natural gas service to a score of cities and towns along the Gulf Coast. Construction of pipe lines is only one of many functions of the United Gas organization, all of which have the ultimate purpose of providing a continued dependable supply of natural gas for our customers.

2,000-foot sections of pipe were shoved out into the lake, where tugs towed them to anchored barges.

Cranes lifted each new section of pipe to a position on the barges where it could be welded to the section already laid.

Joints were carefully water-proofed, then the pipe was lowered to the bottom and the barges moved to their next location.

**THE TEMPLE OF TRUTH**

By the Apostle

**EXPLANATION.**

A local girl says a budget is like a girdle. It is surprising how much can be squeezed into it.

**REGENERATION.**

Then there was the old rich man sitting in his wheel chair by the open window when a slick chick walked by displaying a comely figure. The old codger looked toward the back door and yelled: "Quick, Jenkins, bring me my teeth, I want to whistle."

**DEFINITION.**

Old gossips are generally young flirts gone to seed.

**ROAD HOG.**

A dominating personality won't get very far if the other guy is driving a 10-ton truck.

**COMMON LEVEL.**

Another thing that was not mentioned in the political campaign is that the man with the Model-T gets the only parking place in the block if he can beat the Cadillac to it.

**REFINEMENT (?)**

Of course no one claims the acme of refinement for mere man, but when they are guests in a home they don't sit around and try to guess how much their hostess paid for her new curtains.

**SPOOKY STUFF.**

Don't trust to luck. The only one who can put faith in a rabbit's foot is a rabbit.

**DIPLOMATIC STUFF.**

A man is truly a diplomat when he can take his wife into his arms and talk to her in such a manner that she will actually feel sorry for the poor girl who lost her hairpins in friend husband's car last night.

**ENERGETIC.**

Most people do what they are required to do, but successful people do more.

Qualified persons in Texas, Louisiana and Mississippi can now obtain jobs as clerk-stenographers with the Veterans Administration in Washington, D. C. VA has announced.

VA is extending its recruiting into most parts of the nation because of the current shortage of qualified stenographers in the nation's capital.

Entrance salary for these positions is \$2,498 per year with a very good chance for quick promotion to higher grades, VA said. Travel to Washington will be at government expense.

An adequate number of rooms for single persons are available in Washington at rates from \$5.00 a week and up. Government quarters at Arlington Farms in dormitories are also available for girls. Employment may be obtained through any regional office, hospital or center of the Veterans

**Administration.**

A savings in insurance premiums is available to World War II veterans who still are paying their GI insurance premiums on a monthly basis, VA said.

Pointing out that approximately 90 percent of the veterans are paying premiums on a monthly basis, VA explained that they may receive a three percent annual discount by paying their premiums on a quarterly, semi-annual or annual basis.

In addition, the fewer premiums due lessens the chance of a policy lapsing.

Veterans can take advantage of the savings by visiting any VA office or writing to the VA Dallas Branch Office insurance service, requesting the type of premium payment desired.

Fun is like life insurance—the older you get the more it costs you.

**SOCIAL SECURITY INFORMATION**

Monthly payments in the form of Federal Old-Age and Survivors Insurance amount now to \$30,177.00 in the Texas Panhandle area, according to a statement from J. R. Sanderson, manager of the Amarillo Social Security Field Office. This represents, according to Sanderson, an increase of 20% in total payments and 16% in the number of payees as compared with July 1, 1947.

In the 26 counties served by the Amarillo office there are 1886 persons drawing monthly payments. 659 of these are retired or deceased wage earners, and 237 are widows of deceased wage earners.

Still, if a woman doesn't have a strong sense of intuition, how is it that she knows long before a man does, what he is going to do?
