Jack Ballew Wins Highest Honors In Swine Division At Texas State Fair

Jack Ballew, Donley County 4-H Club boy, brought the highest honors to Donley County in the swine show in Dallas at the State Fair that any boy can win. Jack put his Hampshire barrows on feed in the spring as soon as he got out of school, and after hard work all summer, the payoff came in Dallas last Saturday at the Club boys swine show.

H. M. Breedlove, county agent, stated that the competition this year at the State Fair in the swine show was the toughest in years. Five hundred head of hogs of all breeds went into competition in the show. Jack won first and second place in the Hampshire division with his heavy barrows, the hogs weighing 260 lbs. each. He then competed for the grand champion of Hampshires with his first place barrow and won the grand champion single of the Hampshire show. He then competed with his pen of three Hampshires and won first place in the pen of three Hampshires and then competed for the grand champion pen of three Hampshires and won this honor. Breedlove then stated that after winning the grandchampion in singles and pen of three, Jack Ballew went into the real competition when he had to compete for the grandchampion of all breeds of the entire show. Jack won the grand champion barrow of the entire show with his single barrow and also won the pen of three barrows, grand championship of the entire show. This gave Jack two grand champions of the entire show.

He followed the plumbing business a short time after coming to Clarendon but changed his vocation to farming which he has followed until his death.

Survivors include his wife, Mrs. O. D. Meador; one son, Bill Meador of Borger and one daughter, Mrs. Leon Foster of Clarendon; seven grandchildren and two great grandchildren. Also one brother and three sisters.

Pallbearers were Leonard Putman, Hobart Moffett, Tommie Bain, S. M. Harp, Otto Elliott and Jack Foster.

Burial was in Citizens Cemetery with the Womack Funeral Home in charge of arrangements.

DONLEY FARM BUREAU MAKES PLANS TO ATTEND AMARILLO MEET OCT. 15

The Donley County Farm Bureau made plans at its meeting at Lelia Lake last Saturday night to participate in the annual state-wide membership roundup week, October 21 to 28, it has been announced by J. Holley Wood, president.

Plans are for several farmers and ranchers from this county to attend the district meeting in Amarillo at the Herring Hotel on Friday, October 15th. Those to appear on the program in the Amarillo meeting are Congressman Eugene Worley and Mr. J. Walter Hammond, president of the Texas Farm Bureau Federation, and also Mr. Marvin Cortes, State Organization Director.

There will be a meeting of the Donley County Farm Bureau at Lelia Lake on Monday night, Oct. 18th at 7:30. Be sure and make your plans to attend one or both of these meetings.

Thanks to Mr. Al Gerner for the nice letter, and for the opinions on the Senate race. In Mr. Gerner's opinion Coke and his supporters could have won by 75,000 votes if they had been better organized on a state-wide basis, and would have put some push and shove into the race instead of being so over confident. Anyway, it's all over but the fussing, and the state Democratic committee has accepted Johnson as the winner, and unless a miracle happens he will be IT. I do think that if there was any crookedness at the polls the crooked ought to be punished for the sake of our faith in the sacredness of our ballot.

Our sympathy goes out to the Waggoners in the loss of their loved one. The former Editor always read and commented on our little column, and we shall miss him. No one believed any stronger in man's right to believe as he wished, and in man's right to express his beliefs. I think the present Editors were wise in going ahead with the paper last Thursday. I think the former Editor would have wanted it that way.

HEDLEY PIONEER BURIED FRIDAY

Funeral services were held at the Methodist church at Hedley last Friday afternoon for Joseph Patrick Devine with Rev. B. L. Peacock officiating, assisted by Rev. Frank Storey.

Mr. Devine, age 74, died in a Memphis hospital October 6th. He had been a resident of Hedley for the past 58 years. He was known as Joe Pat to most everyone. He settled at the Rowe Switch on the Ft. Worth & Denver in 1890 before there was a town of Hedley. He worked on the Rowe and JA ranches for about 12 years and later helped install the water works at Hedley. Later, he worked for the Hedley water works for 19 years before retiring about a year ago.

He is survived by three sisters: Mrs. Lillie Baylor Crawford of Amarillo; Mrs. J. P. Orr of Tuzingo, Calif., and Mrs. Margaret Brown of Naco, Arizona.

The Masonic Lodge of Hedley served as pallbearers.

Burial was in Rowe cemetery with the Womack Funeral Home in charge of arrangements.

FARM NEWS

We have some good news from the Secretary of the Potter County ACA, about the grain storage at Pantex. The Fraser Elevators of Hereford have leased several of the Pantex buildings at Amarillo and are accepting grain shipped by truck for storage. These buildings have been approved for grain loans. The same thing applies to the Army Air Base Buildings at Altus, Okla., which have been leased by the Adair Elevators at Altus.

If any of you farmers are interested in storing your grain at either of these places, go ahead and do so. When you have your grain stored and have your warehouse receipts bring them in to the AAA office and we will be glad to fill out the forms necessary for you to get your government loan.

We are grateful to Mr. Matt Taylor for permitting Clyde Neel, of the local AAA office, to attend the field tour conducted by the extension station at Woodward, Oklahoma last Saturday. Mr. Taylor flew over and took Clyde with him. John Jay and Matt Taylor were both learning all they could about aerial spraying and dusting in the control of sagebrush and noxious weeds on pasture and range land. They should be able to be of better service to the farmers of this county because of their trips of this kind. Mr. Taylor and Mr. Jay are both cooperating as best they can with the AAA office in carrying out these practices.

It looks like we again got a near miss on the rain last weekend. I was in Vernon Sunday morning and noticed several fields that were not completely sowed but were so muddy that there would be no field work for several days. There were a few trailer loads of wheat in some of the fields that could not be moved.

Mr. Austin Rhoades visited his daughter, Mrs. Skeet Brown and family at Alanreed this week.

P.T.A. Halloween Carnival Date Set For Oct. 28th

FIELD DAY AT WOODWARD EXPERIMENT STATION HUGE SUCCESS

The field day conducted by the Extension Service Experiment Station at Woodward, Oklahoma last Saturday, October 9, was considered a success by all concerned. A very large group of interested farmers were on hand, as well as representatives from all branches of agriculture, to see for themselves the results of the extensive experiments being conducted at the Woodward station.

It was estimated conservatively that more than three thousand people attended the meeting. There were people from every state close and from a few states that were not so close. "I talked to one man from Pennsylvania and he came the farthest of anyone I know," stated Clyde Neel of the local AAA office.

Those attending from Clarendon and Donley County were Carman Rhode, Richard Finch, J. G. Gould, and James Patrick of the Soil Conservation Service; Raymond Smith, of the Farm Loan office; Matt Taylor and John Jay, both local pilots interested in spraying of sagebrush, etc. by plane; Clyde Neel of the local AAA office, and Evan Sitter and James Donehy, both farming land in Donley County. Matt Taylor and Clyde Neel flew over in a plane and the others all came by automobile.

HEDLEY JUDGING TEAM RATES HIGH

The Hedley Future Farmers of America judging team, representing Texas in the dairy products judging division of the National FFA Judging Contest in Waterloo, Iowa, last week won a silver rating emblem.

Wendell Penick, a member of the team, won a gold rating emblem.

Other members of the team were Hurshel Ellis and Leonard Carnes.

The boys were accompanied to Waterloo by L. E. Groves, vocational agriculture instructor at Hedley High School.

A team from Crowell represented Texas in the poultry division while a team from Abilene represented the Lone Star State in the dairy cattle judging division.

Wellington Runs Over Broncs 24-7 Here Friday Nite

The Wellington Skyrockets pounded the Clarendon Bronchos to a final 24-7, in an offensive onslaught here Friday night before the largest audience yet to watch a game in Broncho stadium this season. A nine yard gain around left end by Rex Bradford in the last period, who, incidentally, still had a cast on his left arm, from the Broncs' own 45 yard line was followed up by the completion of a 40 yard pass from Jimmie Jenkins to Gene Bulman to put the Broncs on Wellington's 5. Bulman carried it over to make the Broncs' only score, the conversion was good, and the score was 18-7.

Wellington's ball squad scored four touchdowns, every time to culminate a field length drive without loss of the ball. Their first came late in the first half after a 96 yard drive from their own 4. Their second was earned early in the second half following Clarendon's kickoff, after the half time rest. Again they surged the full length of the field with first down after first down, all made on running plays. Each backfield man in the Skyrocket lineup had his turn at running the ball nearer their goal. Each one made at least one first down. A passing onslaught in the fourth quarter put them deep in Broncho territory; Bobby McCutcheon, quarterback, drove through the line to run twenty yards for his team's third score. He dodged, side-stepped, or slipped away from at least four surprised and apparently helpless Bronchos in his determined drive without little interference. Taking time out to let the Broncs score at this stage of the game; they came back to score again before the game ended, making gain amounting to 130 yards to rack it up. Penalized 15 yards twice, they never lost possession of the ball, but continued to advance on the Broncho line. A 30 yard pass from quarterback McCutcheon to David Baumgardner was completed for their final score, and the score stood at 24-7 when the final whistle blew.

The game might well be considered a close likeness to that one with the McLean team two weeks ago. McLean probably has a better backfield than Wellington, but the loss of boys on the local team from injuries offset this Skyrocket weakness. Rex Bradford played a good game even though he was hampered with a broken arm. Had he been able to play throughout the game, the scoring might have been much different.

That spooky time of the year is just around the corner and the Clarendon Parent Teachers Association is making plans for another gaily affair this year in the form of a school carnival to top them all.

Since Halloween comes on the weekend, a new date was set for the carnival night to be held on Thursday, October 28. The place will be the Elizabeth Stevens Ward building and the Jr. High building.

Plans and preparations for the event are well along at the present time and one part of the program is gaining momentum every day. This is the Queen contest between the young ladies in every grade throughout the school. Voting boxes have been placed all over town and each penny counts one vote for your favorite candidate. The voting will close at noon on October 28, so you want to keep stuffing in those pennies to keep your candidate ahead. A tabulation of their standing will be printed in your Leader next week. The crowning of the Queen will be held promptly at 9 p. m. on the Carnival night which will be October 28th.

The contestants in the queen contest and their escorts are as follows:

- Jr. College—Ira Jean Estlack, Wayne Lowe.
- Senior Class—Ladelle Cox, Tommy Gattis.
- Junior—Frankie Wilson, Jerry Rampey.
- Soph.—Nellie John Heathington, Rocky Eisenhower.
- Ninth—Mary Lou Barker, Frank Jones.
- Eighth—Peggy Jean Kelly, Don Thornberry.
- Seventh—Barbara Estlack, Tommy Blasingame.
- Sixth—Martha Nichols, Jack Montgomery.
- Fifth—Harlene Smith, Harold Stagner.
- Fourth—Carolyn Thomas, Wesley Knorrp.
- Third—Jennie Sue Bain, Richard Vallance.
- Second—Janet Mooney, Bobby Longan.
- First—Marian Ann Emmons, Sandy Skelton.

The ladies have planned a bigger and better supper which will be served at the Jr. High Cafeteria room beginning at 6 o'clock, so everyone is urged to wait until they come to the carnival to get their supper. Sandwiches of all kinds, hot dogs, cold drinks and desserts of all kinds will be available.

The main carnival attractions such as Bingo and games of all descriptions will be held in the ward building and a wonderful, joyful time will be awaiting you there.

Last year and in previous years, a number of people have hesitated attending the carnival on account of pranksters molesting their cars while they are inside having a good time. This year the ladies have made plans to have the cars guarded during the carnival hours so there won't be window soaping, flat tires, etc., when you get ready to leave the school ground.

Hijacker Nabbed In Short Order

A hitch-hiker was in jail within a short time last Wednesday afternoon due to prompt action of Hobart Moffett, Hedley businessman and officers.

The man arrested was Robert Caldwell of Rochester, Michigan and the victim was Fred Nabors, Brunswick Tire Salesman of Amarillo. Nabors picked up Caldwell on the other side of Claude and the friendly act was turned on him when the latter party pulled an automatic pistol on him. Near Lelia Lake Nabors was instructed to turn south on a country road and was relieved of \$33 cash and the truck he was driving. Nabors walked to a farm house and called officers. In the meantime Hobart Moffett had called in, stating that a man had abandoned a truck at Hedley and had taken to the highway. P. C. Messer and R. Y. King drove to Hedley and spotted the hijacker but knowing he was armed and they weren't, they watched him until a highway patrolman appeared. Caldwell offered no resistance and was hauled in to the local jail for safe keeping.

More than five and one-quarter million World War II veterans had taken some type of training under the GI Bill from the inception of the program until September 1, 1948, the Veterans Administration reports.

On that date, 1,553,000 were still in training and 3,742,000 had completed or discontinued their training.

MURPHY—HUNSAKER

Miss Alma Louise Murphy became the bride of Mr. George Lee Hunsaker Tuesday afternoon at the home of her parents, Mr. and Mrs. Tom Murphy. Rev. John Ellis, uncle of the bride read the impressive double ring ceremony. The setting for the ceremony was the bay window. Candelabras, banks of fern entwined with baby breath and white baskets of white mums topped with large white satin bows formed the background. The bride was given in marriage by her father and was attended by Miss Jane Johnson as maid of honor. Mr. Fred Harris of Okla. City served as best man. Rev. R. C. Bolton rendered traditional wedding music on the violin.

The bride was lovely in a traditional heirloom wedding dress of white dutchess satin with a transparent yoke of marquisette, accented with a deep Irish lace bertha, with a long tight fitting Grecian basque button with self covered buttons down the back

with long tight fitting sleeves with buttoned cuff effect. The skirt shirred to the basque, fell into graceful folds and had a court train. Her finger tip veil of white illusion was shirred on a tier of orange blossoms and she carried a bouquet of white orchids atop a white prayer book with satin streamers knotted with stephanotis. For something old, she wore a diamond sunburst brooch belonging to her grandmother, Mrs. Walter W. Taylor.

The maid of honor was attired in a pale green taffeta gown with a transparent yoke of marquisette, buttoned with self covered buttons down the back. She carried a muf of matching material on which was carried a corsage of yellow roses. Her shoulder length veil was held by a tier of matching roses. ception was held in the dining room. The table was laid with a quaker lace cloth. The three tiered cake was served by Miss Sybil Head and Mrs. Claude Sidle served at the punch bowl. In an impressive church ceremony Sunday afternoon, October 10, Jacqueline Moore, daughter of Mr. and Mrs. A. H. Moore of Clarendon, became the bride of Doyle Walls, son of Mr. and Mrs. E. W. Walls of Floydada.

Vows were exchanged at the First Baptist Church in Clarendon with Rev. L. A. Sartain, pastor, reading the double-ring service. The archway, decorated with huckleberry and white gladioli, was flanked with baskets of white gladioli and lighted candles, with a background of fern and palms. Cathedral tapers along the aisles cast a soft illumination upon the nuptial setting.

Mrs. Allen Bryan, organist, played "Indian Love-Call" as Don and Gordon Moore, brothers of the bride, lighted the candles. Soft strains of "I Love You Truly" formed an impressive background as the vows were exchanged. The traditional wedding marches were used for the processional and recessional.

Attending her sister as matron-of-honor, Mrs. Linda Blair was attired in a luggage tan gaberdine suit with green accessories. Her corsage was of yellow pom pom mums.

Adron Field of Floydada was best man. Serving as ushers were Bud Moore, brother of the bride, and Percy Tate, cousin of the groom.

father who gave her in marriage, the bride was lovely in a petite dressmaker suit of electric blue velvet, which was accented with cocoa brown accessories. She wore a gold lavaliere which was an heirloom belonging to her mother. She carried a white Bible and a Colonial bouquet of pinoceros roses.

For her daughter's wedding, Mrs. Moore chose a taupe crepe dress, trimmed with silver sequins; and black and taupe accessories. Her corsage was of red rose buds. Mrs. Walls, mother of the groom, wore a black crepe dress trimmed with green sequins; and forest green and black accessories. She wore a corsage of pink feather carnations.

The church parlor was the scene for the reception following the ceremony. A white Irish linen cloth covered the serving table which was centered with an arrangement of giant yellow marigolds, flanked by white candles in crystal holders. The three tiered wedding cake was beautiful with tiny love birds hovering over the miniature bride and groom. Mrs. Lola Barns served the cake, and Mrs. Jean Moore presided at the punch bowl.

For the wedding trip to New Orleans and other points of interest along the route, the bride chose a gray gaberdine suit with brown accessories. The couple will be at home in Floydada, where he is employed by Oden Chevrolet Co.

Dist. Farm Bureau Meeting In Amarillo Friday, October 15

A district Farm Bureau meeting will be held at the Herring Hotel in Amarillo on Friday, October 15, it has been announced by J. Walter Hammond, president of the Texas Farm Bureau Federation. C. H. Kuper of Dalhart, Texas, District Director, will preside. The meeting will start at 10 a. m.

J. WALTER HAMMOND

This will be one of a series of 13 district meetings being held throughout Texas during the month of October, for the purpose of bringing farmers and ranchmen first-hand information on the immediate agricultural situation, and the economic conditions of the Nation as a whole, and go get the grass-roots with reference to

agricultural matters. "Farm prices have dropped 30 percent in the past nine months, and farmers' buying power has been reduced 18 percent," Hammond said. "Only through a workable, long range farm program that will provide for adequate price supports for farm commodities, can this Nation enjoy a balanced economy and avoid another depression such as was experienced in the early thirties," he declared. The long range farm bill hastily passed during the closing days of the last session of Congress will not adequately safeguard the interests of agriculture, and it will take a strong organization of farmers in this Nation to secure necessary amendments to this bill at the next session, the Federation president emphasized.

Plans for the Farm Bureau's Fall Membership Round-Up will be discussed, and an added feature of the district meeting will be selection of a district Farm Bureau queen to participate in the State Queen Contest to be held during the state convention. Texas Farm Bureau's membership goal for 1948 is 60,000.

State Righters Plan Whirlwind Speaking Tours

HOUSTON—Plans for a whirlwind speaking tour to cover the entire State of Texas by approximately 40 southern Congressmen, Governors, United States Senators and former governors and senators have been made by the State Rights Party and will get underway here on Monday, Oct. 18, it has been announced by Robert W. Milner, Jr., Houston oilman who has been named campaign director for the State Righters.

The two weeks "blitz" will end with a three day tour of the state by Governor J. Strom Thurmond for whom the State Righters hope to capture the 23 electoral votes in the General Election. Governor Thurmond will be in Texas, Oct. 28, 29 and 30, and has a tentative schedule to speak in Fort Worth, Waco, Austin, San Antonio, Corpus Christi, Beaumont, Port Arthur, Wichita Falls and possibly Amarillo and Tyler.

Included in the forty dignitaries who will tour Texas are Senator James O. Eastland of Mississippi, Governor Ben Laney of Arkansas, and former Governors Frank Dixon of Alabama and Sam Jones of Louisiana.

The first meeting of the speakers will be held in Houston, where a fund raising barbecue will be held on Monday, Oct. 18. H. R. Cullen, Houston oil man and philanthropist has been named chairman of the reception committee for the speakers.

Loading a tank car with liquefied petroleum gas.

NATURAL Gasoline RECOVERED FROM NATURAL GAS...

The gasoline in your car may once have been natural gas! Yes, modern methods of processing raw gas as it comes from the well provide a cleaner, better gas for your use, and, from some gas, recover valuable liquid hydrocarbons which might otherwise be wasted. Some of these products of the gas well are kerosene, motor fuel and bottled gas for the farm and home. Recovery of liquid hydrocarbons from natural gas helps to meet the growing demand for petroleum products, and provides increased income for land and royalty owners.

Processing of gas is one of many functions of the United Gas organization... all of which have the ultimate purpose of assuring a continued dependable supply of natural gas for our customers.

"Wet" gas from the well is passed through a separator, which removes condensate liquids and foreign materials.

In a series of processes, the condensate is broken down into motor fuel base, kerosene and residual oils.

The gas passes through absorbers, fractionators, stills and distillation equipment which recover natural gasoline, normal butane, isobutane and propane.

The denuded gas then moves through a dehydrator to eliminate water vapors and is placed in pipe lines for movement to market. Natural gasoline is blended with the base motor fuel to produce "premium" and "regular" grades of gasoline.

MAMMOTH AUCTION AT HAPPY, TEXAS TO SELL 4,000 ACRES WEST TEXAS AND PANHANDLE LANDS

Texas celebrity I. C. Little is making news again. The Dallas man who built Uncle Sam's "Big Inch" and "Little Inch" pipelines will stage a big auction party in Happy, Texas, on October 21, 22 and 23. Chuck by John Snider, barbecue king, will be "on the house" as will entertainment by "Rip" Ramsey and his Western

Ramblers. Mammoth auction will sell 4,000 acres of the West Texas and Panhandle lands of Mr. Little.

Efforts to concentrate more of his time on his pipeline interests dictate Mr. Little's sale. Visionary in his farming and grazing operations, as in his building pipelines across the great continent of North America, Mr. Little believes in the potentialities of West Texas and the Panhandle, and will retain interests here. How to Celebrate Your Wedding Anniversary

The "Dutch" Millers celebrated their Tin Wedding Anniversary Saturday. Everything had to be tin. Folks even ate off tin plates, and drank coffee out of tin cups.

When it was time to drink a toast to the "bride and groom," out came the final touch: ice cold beer in cans. And come the Millers' 15th anniversary (Glass) I expect we'll be toasting them with sparkling beer in bottles!

And I couldn't help thinking that there was a lesson for married folks in the way Dutch and

missus have got along together—in their policy of live-and-let-live, with never a criticism of each other's differences in taste.

From where I sit, it's due to two things: Temperance—as that moderate preference for beer suggests, and Tolerance—for their own differences of opinion—and for the tastes of others, whether applied to beer, to politics, or how to celebrate an anniversary.

Modern houses, barns, granaries, orchards, corrals and other improvements are features of each tract.

Veterans' News

The physically disabled, when properly placed, make slightly better workers than the able-bodied, a study prepared by the U. S. Bureau of Labor Statistics for the Veterans Administration reveals.

The study matched the work performance of some 11,000 impaired and 18,000 unimpaired employees in all major industries. The survey discloses the following:

1. Handicapped workers suffered fewer serious accidents than the able-bodied.
2. The disabled experienced the same number of minor injuries as their able-bodied fellow workers.
3. Production records of the impaired were higher than records of the unimpaired.
4. The disabled were absent from work more frequently than the able-bodied.

5. The voluntary quit rate of the handicapped was higher than the rate of the able-bodied. According to the study, impaired workers experienced 8.9 serious disabling accidents per 1,000,000 man-hours worked, compared with 9.5 accidents for the able-bodied.

Veterans assigned "C" (claims) numbers by Veterans Administration are urged to memorize them, so they can use the numbers readily when they write or call VA about their benefits.

Use of "C" numbers speeds up service to veterans, VA said.

A number is issued to each veteran applying for compensation, pension, schooling, on-the-job training or other VA-administered benefits. The number, appearing on his case folder, will identify him in VA records the rest of his life, and may be used by dependents after his death.

With some 24,000,000 veterans' names in VA's files, "C" numbers often are the final means by which VA can distinguish one veteran from another.

THE TEMPLE OF TRUTH

By the Apostle

It is the easiest thing in the world to forgive yourself the sins you condemn in others.

Nothing is opened more by mistake than the mouth.

This modernistic art—the reason they hang the pictures is because they can't locate the artist.

An old sage tells us that the secret of happiness is not on doing what one likes, but in liking what one does.

If time drags, and you are lonesome and discontented, adopt a hobby. You will find hundreds who have pulled themselves out of the dumps the same way. And the Hobbies Magazine and other extra good reading matter to help you may be had for only a few cents per month.

Then there was the old country gal who couldn't go to the club dance because she did not have an indecent thing to wear.

The Prudential insurance statistics tell us that for every man aged 85, there are seven women.

But that is too late to do anything about the matter.

Next to a woman with a grouchy husband and six children, the most patient human running loose is the person who likes to fish and works at it.

When the kindly old black mammy was asked how she acquired so many friends, she gave the following recipe:

"We-el honey, dey's jes' one daily rule Ah follers. Ah allus mighty careful to stop and tase mah wuds 'fore Ah lets 'em pass mah teef."

Health Notes

AUSTIN — Sudden seasonal changes in the weather during the fall months often result in chilling, which in turn is usually followed by wide-spread incidence of the common cold. This disease always spreads rapidly because of the fact that very few people can live isolated lives and in any group or crowd of people, coughing, sneezing and spitting will scatter millions of cold germs among susceptible persons.

Dr. Geo. W. Cox, State Health Officer, says that there are countless ways of spreading a cold other than by coughing, sneezing and spitting. "For instance," the Doctor said, "if a member of your family has a cold and the other

members share a common drinking glass with him, you may expect the whole family to pick up the germs he leaves on the glass. Sometimes a person with a cold thoughtlessly touches his mouth or nostrils with his hand, and then shakes hands with another person. That person can, and very likely will contaminate his own mouth or nostrils with his hand, and the germs are transmitted into his system. A child with a cold may contaminate his toys, and the next child that picks them up and plays with them will certainly obtain the cold germs, along with the toys."

Children, as well as adults, who are suffering from a cold should be put to bed, and if complete rest, light food, and plenty of liquids do not improve his condition in a short time, the family physician should be called. Dr. Cox further advised that dressing properly for the weather, sensible eating, plenty of rest, and avoiding persons with colds can be helpful in preventing your own infection. Colds are costly in time, health, and money, the Doctor said, and added, "Prevent them if possible."

Ignorance causes more blisters than bliss.

Man has now conquered almost everything dangerous in nature, except human nature.
