Merchants Planning Another Big Dollar Day Next Wednesday

Clarendon merchants are looking forward to dollar day next Wednesday February 2nd as this will be another opportunity for them to extend an invitation to the buying public to come into their stores and save money. Looking over their advertisements in this issue of the Leader you will see a larger variety of wanted articles at substantially lower prices that will pay you to come in and select your needs.

This is the one big day of the month when the local merchant tries to show everyone that it is still more economical to trade at home where you know who you are trading with and his quality guarantee stands behind the merchandise you purchase. He is not trying to get rich from this special bargain day but only trying to get better acquainted with you and better acquainted you with the merchandise he has to offer every day of the week.

Look through the ads in this issue of the Leader and when you come to town next Wednesday you will have a better idea of what to ask for and save money on the items you are needing.

APPRECIATION DAY IS STILL BIGGEST ATTRACTION

The Clarendon Appreciation Day event is growing week by week and again yesterday another very large crowd paid no attention to the weather elements and were on hand for the big surprise of the day. Mr. W. H. Bannister was the happy person who received the grand surprise of the day.

Next week the event will be still larger and to make everything even better, it will be dollar day also. Read the dollar day advertisements of your local merchants in this issue of the Leader and take advantage of the many savings offered on good, quality merchandise.

FORMER RESIDENT BURIED AT AMARILLO

Funeral services were held at the Blackburn-Shaw Memorial chapel in Amarillo Monday afternoon for Mrs. Pearl Wofford Tarwater who passed away at an Amarillo hospital Saturday night.

Mrs. Tarwater, age 62 years, was a daughter of the late James Wesley Wofford, who came to this area while Indians still roamed the plains. She was a resident of Clarendon a long number of years prior to moving to Amarillo some 19 years ago.

FATHER OF LOCAL MAN DIES AT LUBBOCK

Funeral services for G. W. Mears, age 78 years, were held at Lubbock Sunday afternoon at the Central Baptist Church. Mr. Mears, father of Curtis Mears of Clarendon, passed away at his home Saturday afternoon. Burial was in Lubbock Memorial park beside his wife who died last Nov. 8th.

Other survivors besides Curtis are J. O. Mears of Pecos, B. R. Mears of Dimmitt, J. C. Lee and Robert Mears, all of Lubbock; one daughter, Mrs. F. W. Roper of Tupelo, Miss.

White January Brings Almost 5 Inches Moisture

The ground has been covered with a nice white blanket since the 10th of this month and it looks like it will remain white for several days yet. The thaw last Sunday almost removed the snow on the level but the weather had different ideas about it remaining that way so we have had sleet and snow again.

The weather station at the airport reported a total of 4.26 inches of moisture received this month up thru the 25th and a total of 1.35 inches since last Thursday morning.

The cold spell here has been on the disagreeable side for many but no losses in livestock have been reported, although many of the ranchers have had quite a time in feeding their stock. At any rate it has been much better here than up north. Clyde Gilbert received a letter from his son John Howard Gilbert who lives on a ranch near Pedro, South Dakota telling of what the weather was like up there.

John Howard stated that an oven blanket of snow 20 inches deep fell on the level and then a 40 to 60 mile wind blew for 80 hours straight, piling the snow in enormous drifts. He stated at the time, his only cattle loss was 40 head of steers which were inside a barn and they suffocated after the snow covered the barn over completely. The cattle out on the range were doing fairly well.

The highway department and the local city force have been doing a grand job in keeping the highways and the main streets of Clarendon open during the spell, but everyone is dreading the thaw.

IN CASE OF A HOT WAR

FRANKFURT, Germany—Soundphoto—Recruit Francis R. Coulter (left) of Boston, Mass. and Pvt. Ralph Sullivan, of Delhi, Calif., man a new 57-MM Recoil-less gun during U. S. Army maneuvers in Western Germany. Troops of our Army of Occupation put on a realistic facsimile of a hot war while the cold one goes on and on.

WASHINGTON, D. C.—Soundphoto—Chief Justice Vinson, (left) administers oath of office to President Truman. Charles Elmore Cropley is in the center.

CLUB WIELDER REPORTS 57 LESS STARLINGS

After an incident late Tuesday afternoon there are 57 less starlings or blackbirds as they are sometimes called.

It all happened when Joe Hall, resident of southeast Clarendon, went out to gather his eggs and feed his chickens. He found his hen house full of the birds and decided to clean house. All he could find to battle them with was a one inch board and he started slinging. When he finished he counted 57 of the little creatures lying on the ground, never to eat his chicken feed any more.

Lefors Team Defeats Local Boxers 7-6

The Lefors boxing team won seven out of thirteen bouts over the local boxing team here last Friday night in the best boxing event of the season held so far at the local gym. Clarendon would have possibly won the match if they hadn't had such a hard time of matching the Lefors boys. At it was, one local boxer gave 30 pounds to a heavier boxer in order to make another match and give the fans more boxing bouts for their money.

The decisions were as follows with the Clarendon contender being named first.

- 58 lb.—Hubert Charles Heatherly dec. by Leon Herring.
- 63 lb.—Mike Davis dec. by J. D. Reddus.
- 70 lb.—Doyle Hall dec. Darren Teeters.
- 74 lb.—Don Moore dec. Mort Harper.
- 76 lb.—Billy Dale Hill dec. Eddy Clemmons.
- 77 lb. Weldon Talley dec. Carroll Welch.
- 85 lb.—Bobby Davis dec. by L. B. Coberly.
- 100 lb.—Bill Porter dec. Franklin Hawkins.
- 104 lb.—Billy Bob Adams dec. by Billy Sam Coberly.
- 127 lb.—James Moore dec. by Joe Rice.
- 135 lb.—Travis Mulanax dec. Friday Todd.
- 155 lb.—Rocky Risenhoover dec. by Tommie Jinks.
- 146 lb.—Fred Molesworth dec. by Jimmy Butler.

Gilbert Stewart and Ray Morris put on a three round exhibition bout in addition to the thirteen matched bouts listed above.

HEDLEY CAGE MEET TO BE HELD FRIDAY AND SATURDAY

The Hedley Invitation high school basketball tournament will be held Friday and Saturday of this week. The ten boys teams participating are Kelton, Wheeler, Estelline, Mobeetie, Lelia Lake, Quail, Pampa B team, Turkey, Lakeview and Hedley.

Trophies will be awarded to the first, second and consolation winners of both the boys and girls brackets.

INVESTIGATION OF WATER SUPPLY TO BE MADE HERE

Recently the City of Clarendon and the County Irrigation Water Association made a request to the Texas Board of Water Engineers asking for assistance in regard to the water supply and irrigation possibilities in Donley County.

This week the above mentioned received a letter stating that a detailed investigation by the Board of Water Engineers in co-operation with the U. S. Geological Survey will be started in the near future. The letter was signed by E. V. Spence, Chairman of the board at Austin.

Mr. W. L. Broadhurst gave a talk here concerning water some weeks ago and probably will be in charge of the investigation as above mentioned. He is connected with the U. S. Government office.

Dist. Basketball Tournament To Be Held Here

The big event of the basketball season is drawing close at hand. The big district tournament is scheduled to be held at the local gym next Friday February 4th and 5th and February 11th and 12th.

The teams in the district will finish up their round robin play by that time and the winner of the round robin play (unless winner of both) will play the winner of the tournament to determine the district champion. Teams in the district are Memphis, Wellington, Shamrock, McLean, Lefors and Clarendon.

Mrs. Smith of Wellington is visiting her granddaughter, Mrs. Geo. Shadid and family.

March of Dimes Drive Slowed Down By Weather - - - Dance Postponed

The March of Dimes drive in Donley County is way behind par at the present time and the lagging condition is attributed mostly to the weather - - and speaking of the weather, the President's Ball which was scheduled for Friday night has been postponed indefinitely on account of the bad roads and disagreeable weather.

We probably wouldn't make enough to pay the orchestra, much less make any money for the drive if we went ahead with the dance, Mrs. Johnnie Blocker, chairman, announced yesterday.

The March of Dimes committee is urging everyone to contribute whatever they can right away. You may drop your change in any of the jars placed in the business houses around town, mail or take your check or money to any of the local banks. The main thing is to give and give generously as this is one of the most worthy organizations to be known in existence.

It was pointed out by one committee member that one-half of the

CONCENTRATED FIGHT BEING MADE AGAINST WATER LEGISLATION

The West Texas Chamber of Commerce, along with practically all city governments in West Texas, have concentrated a fight against legislation which will cripple a large majority of West Texas towns in regard to water supplies or future water supplies. Mayor Cap Morris has signed a pledge to join in the fight against the proposed legislation which would only benefit the lower part of the state.

The West Texas Chamber of Commerce pointed out that if this bill should pass as it is now written, no municipality or others could dam up or impede or draw water supply from any stream which would cut down the supply of water feeding into the large reservoirs located down state.

Mayor Cap Morris is asking that anyone wishing further information on the subject should contact his office or the local Chamber of Commerce manager and he further requested that everyone who could, to write a letter in support of the fight, to the West Texas Chamber of Commerce at Abilene so they will have more material to back up their argument.

ONLY THREE MORE DAYS TO PAY POLL TAX

If you have any desire to vote in any of the elections that come up this year and don't already have your poll tax receipt, you are reminded by the County tax office that you have only 3 more days in which to secure your receipts. The last day is January 1.

Tax officials also pointed out that all state and county taxes on property are due on the 31st and that beginning February 1st a penalty will be added to all delinquent taxes.

Chairman of Highway Commission To Speak Here February 8th

SERVICES HELD WEDNESDAY FOR R. P. WILSON

Funeral services were held Wednesday afternoon at the First Christian Church for Robert Palmer Wilson with Rev. R. C. Bolton officiating, assisted by Rev. Thomas A. Gray.

Mr. Wilson, age 68 yrs., passed away at his farm home about 7 o'clock Monday morning after suffering a heart attack a short time before. He had been a resident of Donley County for the past 16 years, moving here from Weleetka, Okla. where he was previously connected with the oil drilling business. He was a member of the First Christian church.

He is survived by his wife, Mrs. Eliza Jane Wilson, two daughters, Mrs. Filora Dodson and Mrs. Jennie Lee Andis of Carlsbad, N. M., one son, Bob A. Wilson of Lubbock and two sisters, Mrs. Pearl Mangel of Coleman and Mrs. Burdette Markwood of Artesia, Calif. Also five grandchildren.

Pallbearers were M. G. Cottingham, Emmet Bryson, Frank White Jr., Wallace Raney, H. A. Harrison and Roy Blackman.

Honorary pallbearers were A. O. Hott, Neal Bogard, Ben Andis, Frank White Sr., H. M. Reid, G. A. Anderson, W. J. Williams and Roy Clampitt.

Burial was in Citizens Cemetery with the Womack Funeral Home in charge of arrangements.

RAY J. NOBLITT NEW PRESIDENT OF CHAMBER OF COMMERCE

A meeting of the directors of the Chamber of Commerce was held last Thursday night and new officers were elected for the year. Three newly elected members took their places with the board of directors. The three new directors were Ray J. Noblitt, George Thompson and J. W. Murphy.

Ray J. Noblitt was elected president to succeed R. E. Drennan who will remain an ex-officio member of the board; George Thompson was elected vice-president and appointed chairman of the membership and finance committee. Other directors are J. W. Murphy, J. R. Porter, Lee Bell, Walter B. Knorpp and Dale Hill. W. S. Whaley is the local manager.

The advisory board for the new year will be elected at the next regular meeting of the board and it was announced also that a membership and finance drive would be started within the near future.

W. S. Whaley, manager of the local chamber of commerce, announced this morning that Fred Wemple, Chairman of the State Highway Commission, had accepted an invitation to be guest speaker here at a joint dinner-banquet of the Chamber of Commerce and the Lions Club on the night of February 8th. Mr. Wemple will be accompanied by Delbert Downing, also of Midland, Texas. Mr. Wemple has been with the commission for the past two years but only recently was elevated to the chairmanship through the resignation of former chairman John S. Redditt of Lufkin. Mr. Wemple is a west Texan and is familiar with the road needs in the area. It is understood that he will study the needs in this locality while here.

The dinner-banquet is slated for 7 p. m. at the Lions Club Hall and this meeting will take the place of the regular meeting of the Lions Club at noon. All members of the Chamber of Commerce, the Lions Club and anyone else is cordially invited and urged to attend. You are also reminded to bring along the ladies as it will be ladies night also, Mr. Whaley added.

Tickets for the banquet may be obtained at the local Chamber of Commerce office in case you are missed by the special ticket committee which will be making the rounds next week.

United Charities Needs Your Help

The local United Charities organization is making a plea at the present time for additional help due to a strong demand for their services by a large number of needy families in and around Clarendon.

There are a number of families who need warmer clothing, bedding and food as a result of the prolonged cold spell. A number of these people have been self-sustaining as long as the weather was fair but since it has been bad they have been unable to work as most of their vocation calls for outside work.

The main plea at this time is for used bedding, clothing, food and money. You can mail your check or take your money to any of the banks and it certainly will be appreciated at this time. If you have any of the other items you may call Mrs. Allen Jeffries or any of the other committee members and they will see that the articles are delivered to the needy parties, or you may leave them at the City Hall.

HUNGER STALKS INDONESIANS

JAVA—Soundphoto—As is frequently the case when war strikes an area, the civilian population of Indonesia suffered the greatest privation during the recent struggle between Dutch government forces and Republican troops. In this photo Government troops are shown doling out a form of soybeans to Indonesian women and children around Joesja.

FORMER CLARENDON YOUTH AND WIFE ENTER MISSIONARY FIELD

Atlanta Georgia—Rev. and Mrs. Maynard Millard Miller, formerly of Clarendon, and now attending the Yale School of Far Eastern Languages, New Haven, Connecticut, have been appointed missionaries to Korea by the Executive Committee of Foreign

Missions of the General Assembly of the Presbyterian Church in the United States. They have been studying the Korean language since last September, and expect to continue the study through the school year, and will then attend the Foreign Missions Institute at Montreat, N. C., in August. It is their plan to sail for Korea soon after the Montreat conference. They will serve as

evangelists. Mr. Miller is a graduate of Union Theological Seminary, Richmond, Virginia, and served as pastor of the Poplar Tree Presbyterian Church, Concord, N. C., from June, 1947 until last September. One summer, during his seminary years, he served as assistant pastor of Central Presbyterian Church, Washington, D. C. Mrs. Miller is a graduate of Southwestern, in Memphis, and she also attended Ward Belmont College in Nashville. She served sixteen months in the United States Navy.

Mr. Miller, whose college work was taken at Austin College, Sherman, Texas, and at Southwestern, and Mrs. Miller were married May 16, 1944. Mrs. Miller was Miss Virginia Ann Collins, and she was born in Iowa City, Iowa. Mr. Miller was born in Mansfield, Louisiana. They have two children, Michael Lewis, born in 1945, and Gene Lindler, born in 1947.

Mr. Miller attended the Clarendon Public Schools while his father was pastor of the local Presbyterian Church for several years. He is a brother of Mrs. Homer Charles Speer who lives here in Clarendon.

LELIA LAKE

Mrs. H. R. King

Perry and Nelson Seago and Bobbie left Thursday to attend the funeral of a nephew and cousin who was killed overseas during the war.

Mr. and Mrs. John Burnett and family returned last Tuesday from Loop, where they visited relatives.

Patty Shields spent the weekend in Memphis with relatives.

Claude and Percy Lamb of Tishomingo, Okla. came Friday to visit their sister, Mrs. Roy Jackson and family and other relatives.

Mrs. Nelson Seago left Sunday for Wichita Falls where she went to be with her mother, Mrs. Fannie Noble who underwent a major operation Monday morning.

Mrs. Loy Bynum and David returned last Tuesday from a visit with relatives in Kansas.

Mr. and Mrs. Richard Dinger and baby recently moved to Vega, where he will be employed at the Knox Service Station.

Mr. and Mrs. Quinn Aten and Shirley spent Sunday in Memphis with relatives.

Hugh Knox of Vega had business here last Tuesday.

Mr. and Mrs. Doug Williamson of Kirkland visited Mr. and Mrs. Dale DuLaney Sunday.

FOOD... through the ages..

ROMANS BELIEVED THAT A CABBAGE A DAY KEEPS THE DOCTOR AWAY.
 CATO (234-149 B.C.) ATTRIBUTED ROMAN HEALTH TO THIS VEGETABLE.

MEDIAEVAL EUROPEANS GORGED WITH THEIR FINGERS; BUT ANCIENT EGYPTIANS ATE DELICATELY WITH IVORY FORKS AND SPOONS.

From where I sit... by Joe Marsh

Who's A Foreigner?

While I'm waiting for a haircut the other day, Slim Hartman lets slip with a crack about those "foreigners" who live by the depot.

"Now wait a minute, Slim," snaps Doc Sherman. "Don't forget we're all 'foreigners' more or less. Some of our families have simply been here longer than others. But even if they came over on the Mayflower, they were foreigners to the Indians."

Slim gets a little red and you could see that Doc had him. "And the reason they came here," he goes

on, "was to find freedom to do and think as they wanted to so long as they didn't tramp on the rights of the other fellow."

From where I sit, America became the great land it is today through our being tolerant of different people and different tastes—whether it's a taste for square dancing or waltzing, radio or movies, goat's milk or a temperate glass of sparkling beer.

Our Pledge to the Public

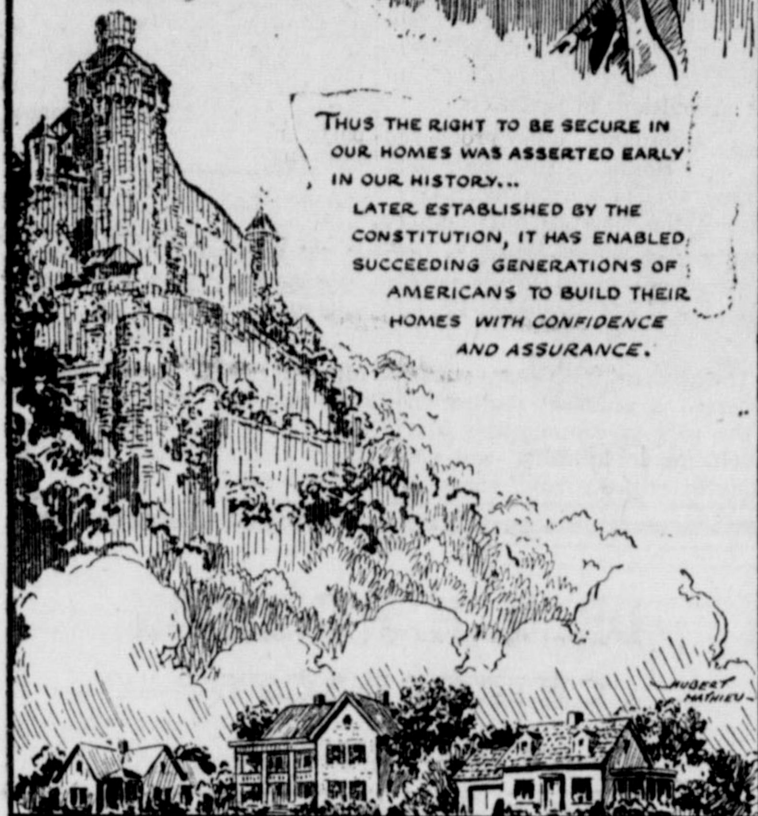

DELIVERIES—We will deliver all new Oldsmobiles at the earliest possible date consistent with production.
TRADE-INS—We will take your order and deliver your car without requiring a trade-in. However, we have many valued used car customers we would like to supply and we will give you a fair and reasonable allowance on your present car.

FINANCING—You may pay cash for your new Oldsmobile or finance it wherever you wish. We will be glad to furnish low cost finance and insurance terms if you so desire.
ACCESSORIES—All cars are delivered with accessories as ordered, and prices are figured to cover these. We pledge ourselves to add no "extras" except those each customer orders.

OUR DEMOCRACY — by Mat

"A Man's House is his Castle..."

— QUOTED BY JAMES OTIS IN 1761 IN HIS SPEECH OPPOSING ENTRY AND SEARCH WITHOUT A WARRANT.

THIS THE RIGHT TO BE SECURE IN OUR HOMES WAS ASSERTED EARLY IN OUR HISTORY...

LATER ESTABLISHED BY THE CONSTITUTION, IT HAS ENABLED SUCCEEDING GENERATIONS OF AMERICANS TO BUILD THEIR HOMES WITH CONFIDENCE AND ASSURANCE.

COUPLED WITH THE LEGAL PROTECTION OF THE SANCTITY OF OUR HOMES, WE IN AMERICA HAVE HAD THE OPPORTUNITY, THROUGH OUR OWN EFFORTS AND THRIFT, TO PROVIDE A RICHER, FULLER SECURITY AND HOME LIFE FOR OURSELVES AND OUR CHILDREN.

THE TEMPLE OF TRUTH

By the Apostle

RETRIBUTION.

A service station man received a bill from his doctor and paid it though he could not understand the big words and the big total. The good doctor returned the compliment by buying his auto needs from this same service station patient. Imagine the doctor's consternation when he received a bill as follows: "For curing deflation of perimeter, \$10." He had repaired a tire with a patch and put in the air.

QUERY.

Does the budding genius often prove to be only a blooming idiot?

SCIENTIFIC.

Dim lights always have high scandal power.

FATHER TIME.

Being old is not a hardship—exactly. It just naturally keeps you out of a lot of things that you'd like to get into.

FACTUAL.

A report states that 97 out of each hundred people tell lies at some time in life. The other three are said to be newspaper reporters.

PROBLEMATIC.

A girl wrote in to ask "should a girl learn to love before 20?" Our reply would be that she would have an audience entirely too large.

RURAL PROBLEM.

A woman from a rural section wrote the news editor: "My sister and I are not exactly lonesome way out here. We have each other to speak to, but we need another woman to talk about."

COURTESY.

When a man takes off his hat in an elevator because of the presence of a lady these days, he either has good manners or plenty of hair.

REAL LIVING.

Those who go through life without aiding the less fortunate in some manner, just never know what living really means. When one comes to die, the only thing they have is what they have given away.

This is March of Dimes week here as it is all over the nation. As usual, our Angel of Mercy in the person of Mrs. "Peppy" Blocker is chairman and leading worker in the cause. Literally thousands look to us for help—much or little as we are able to part with a bit to help those stricken with Polio. It also means that scientists may find a cause and cure for the dreaded infantile paralysis. Your help in the cause makes you the big brother or the big sister of hundreds of thousands who are entitled to a brighter future than being a hopeless cripple for life. Here's where we meet on a common level. Rich and poor, high and low, old and young. We can all help in some measure. It's a place to do our best with a reward paid in gratitude—that most priceless medium of exchange known to humanity.

UNDERDOWN—LEWIS MARRIAGE SOLEMNIZED SATURDAY AFTERNOON

In an informal ceremony at 5:30 Saturday afternoon, Lois Underdown, daughter of Mr. and Mrs. C. E. Underdown of Clarendon, became the bride of Floyd Lewis, son of Mr. and Mrs. C. L. Lewis of Lelia Lake.

Rev. L. A. Sartain, pastor, read the double ring service in the First Baptist Church. Pre-nuptial music was played on the organ by Miss Mantie Graves. Lorna Dee Underdown, sister of the bride, and Wanda Lewis, sister of the groom, lighted the candles. Mrs. Lewis Underdown, sister-in-law of the bride, sang "Always" by Irvin Berlin, and "I Love You Truly" by Carrie Jacobs Bond. During the ceremony Miss Graves played "To A Wild Rose" by Edward MacDowell. Traditional wedding marches were used for the processional and recessional.

A white arch flanked by white tapers and tall baskets of white gladioli and pink stock, against a background of palms formed the setting for the exchange of vows.

Miss Jane Hillman, maid-of-honor, wore an aqua blue gabardine suit with navy accessories and a corsage of pink roses.

The bride chose for her wedding a champagne gabardine suit with rose and gray accessories and carried a white Bible topped with miniature white orchids.

Leland Lewis served his brother as best man. The ushers were Jack Lewis, Leon Underdown, Troy Wiley, and Billy Phillips.

The bride's mother wore a rose crepe dress with a corsage of white carnations. The bridegroom's mother wore a gray suit with a corsage of pink carnations.

Mrs. Lewis was graduated from high school at Pawnee, Okla., and before her marriage was employed in the Clarendon office of the

Marrow-Conn cotton firm. Mr. Lewis was graduated from Lelia Lake High School and served two and one-half years in the Navy. Since his discharge in 1946, he has been associated with his father in stockfarming near Lelia Lake.

After a short honeymoon trip the couple will be at home at 207 Bellevue, Amarillo.

CLARENDON H. D. CLUB

Mrs. G. A. Anderson entertained the Club at her home Friday afternoon. The meeting was opened by President Mrs. M. C. Rampy. Mrs. M. G. Cottingham was elected as a member of the club. Mrs. Antrobus and Mrs. Watson presented the program.

After a few hours of visiting and pleasant conversation, Mrs. Anderson, the hostess, served a delicious luncheon plate to the following members: Mesdames Lena Antrobus, O. C. Watson, A. L. Chase, C. D. McDowell, Clyde Butler, Claude Darden, A. W. Simpson, D. F. Wadsworth, G. L. Green, Laura Taylor, William Payne, M. C. Rampy, Bryson, Cottingham and Anderson.

ENTERTAINED WITH GAMES AND FUN

A group of girls and boys gathered at the home of Inelle Cox Saturday night for a few hours of games and fun. A dainty refreshment was served to Sandra Shelton, Mary Ann Landers, Peggy Kelly, Glenda Sue Davis and Patsy Estlack and Leon Youree and Donald Smith.

ANNOUNCEMENT

Mrs. Ida Couch announces the marriage of her granddaughter, Betty Southall to Spec Little of Okla. City on January 20th. Mrs. Little's mother will be remembered here as Essie Couch.

Donley County Leader, \$2.50 year

DOGS HAVE THEIR TROUBLES TOO

MILWAUKEE, Wis.—He may be hungry but he certainly can't eat a little Chihuahua that got in his bowl. The big, patient fellow is Colonel Joe, 10-month old St. Bernard puppy, pet of Binnie Minton, 10, of Racine, Wis. The little guy is Kayo owned by Tress Thurmer of Palatine, Ill. Both won the best of breed in Wisconsin Kennel Club Show.

PATHFINDER TEA POSTPONED

Due to the severe weather conditions the Pathfinder tea scheduled for January 28th has been postponed. The club will have its next meeting February 11th at the Clubroom.

BIRTHDAY PARTY

A party was given Sunday, January 23rd at 4 p. m., honoring Jimmy DuLaney on his fifth birthday at his home. Those attending were Donna Jane Estlack, Frances Riney, Eddie Tipton, Jonna Lee Blocker, and Marie Blackburn. After the group played games and listened to records they were served refreshments of ice cream and cake.

The Lion's Roar

By O. D. Lowry

The regular meeting of the Clarendon Lions Club was held Tuesday, January 25th at the Lions Club Hall. Attendance for this meeting was 78%. Guests included Grady Tyler, Billy Patman, J. M. Rampy, and James Gouddy.

The applications for membership of Dr. Henexson, James Gouddy, and Grady Tyler were approved by unanimous vote of the club. The club welcomes these new Lions.

The Feb. 1st meeting will be a night meeting honoring all new members secured during the Melvin Jones membership drive. This is to take the place of the regular meeting and will begin at 7 o'clock.

The program consisted of a talk by Lion Gillham. The subject of Lion Gillham's talk was Dairying in Donley County. Thanks to Lion Gillham for this good program.

May I thank each Lion for his

SMALL TOWNS MAY HAVE CHANCE OF SECURING AN INDUSTRY

COLLEGE STATION—If your town is in the 1700 to 7500 population bracket or thereabout, chances of securing an industry are good. The 1700-7500 bracket is pointed out as one of the most sought-after by the industry of the United States.

Important industrial location factors will soon be available to the industry. Forms have been prepared and are being sent to the towns by the Management Engineering Department through the Engineering Experiment Station, Texas A&M College.

When the forms have been filled in and returned to the Management Engineering Department they will reveal to industry the available locating factors to be found in the towns. This information will be made available to inquiring industries.

The forms have been prepared after exhaustive study in the requirements of industry in choosing a location for a plant. Factors considered by a manufacturer in search for a suitable location will vary with the different industries.

"However, it has been found that most industries are interested in such factors as nearness to market for the materials and the produce," says R. W. Downward of the Management Engineering Department. "Power cost, availability of labor, labor conditions

and rates, climate, transportation facilities, water and sewer facilities, housing facilities, building and warehouse facilities, taxes, banking facilities, social facilities such as churches, schools and places of recreation are other important factors." Downward points out.

"These forms will be of much assistance to cities in evaluating local conditions and determining whether or not they are in a position to attract new industries," Downward says. "This is an opportunity for the cities to make their local advantages known to industry, since many inquiries are being received. The assistance of all chambers of commerce in preparing the forms was sought and given the Management Engineering Department."

"The past several years have witnessed a gradual realization of the part of communities that movements in industry are not regulated entirely by chance."

Downward points out. "Communities have discovered that industry chooses locations according to certain very definite location factors, and that those far-sighted enough to make data on these location factors available to industry have developed industrially more rapidly than the others."

Geo. B. Bagby left today (Thurs.) for Dallas to attend a four day convention of the United Fidelity Life Insurance Company.

Marvin Land of Tucumcari, N. M. is staying with his mother, Mrs. W. A. Land, to assist her in caring for his father who is seriously ill.

Mr. and Mrs. E. B. DuLaney of Fritch and Mr. and Mrs. Leon Eaton and sons of Stinnett were visitors of the C. D. and L. B. DuLaney families Sunday.

PEWIN' Out the CORNERS by Uncle Zeb

I guess that churches do have to be careful about the folks they fellowship with anyway, we managed to get an invitation to the going away party given by the First Christian Church to the Salty Thomas and the Roy Rutherford's. They are entering the teaching and preaching profession, in the order named. Such fellowship and fun did we have until the parting, and then we were sad to think of these two fine families leaving our midst. On the cheerful side however is the fact that they are not going very far away, and not for too long, and for such a worthy cause do they go. More power and blessings and best wishes do we send with them.

More and more people Ain't Smoking Today. Dickey Moore is the newest member from around Claude. Will all the ones who Ain't Smoking Today please send me a card. Mr. A. C. Rackley of Lelia Lake writes me that he quit back in 1931. He also includes a clipping which gives us some statistics; among other

Strange and Interesting Facts

Marguerite of Navarre kept the hearts of her dead lovers in little pockets which she had had sewed on her dress. . . -mac-

things the average smoker is supposed to spend \$3810.00 in thirty years, or, over \$100.00 per year. Anyway, Mr. Rackley says that he enjoys our feeble efforts in the column, thanks. An Armstrong County Reader sends me a clipping about a club, in Los Angeles sponsored by James L. Lovell of Pepperdine College. The name of their club is "I Don't Smoke." Maybe we ought to consolidate; reckon I could still be the chairman. Anyway, thanks to everyone for the clippings. I understand J. R. Porter has another; we will keep them for information in helping promote our club.

Enjoyed a card from our old neighbor Lester Parker. Lester is way up or out in Winslow, Ariz. trying to get things in readiness to move his family up. In the meantime he says, "Life gets tejus", away from his family and his old Claude friends. Thanks and best wishes to you, Lester.

"If there is any person to whom we feel a dislike, that is the person of whom we ought never to speak."—Cecil.

"A cat with a silver collar is none the better mouser. Fine dress, learned degrees, high titles and grand offices do not give ability."—Spurgeon

Instead of fussing about all the bad luck that we have, we could be thankful for all that we don't have—Uncle Fudge.

One of my fellow-supposed-to-be-writers submits his "Stuff" to a cross section of his readers before publication. My aching back, what trouble he lets himself be wide open for. Not me, I have enough trouble writing something that I can agree with.

"Be what you want others to become"—Starr Daily.

A CREED by Edwin Markham
There is a destiny that makes us brothers;
None goes his way alone;
All that we send into the lives of others
Comes back into our own.

I care not what his temples or his creeds,
One thing holds firm and fast—
That into his fateful heap of days
and deeds
The soul of man is cast.

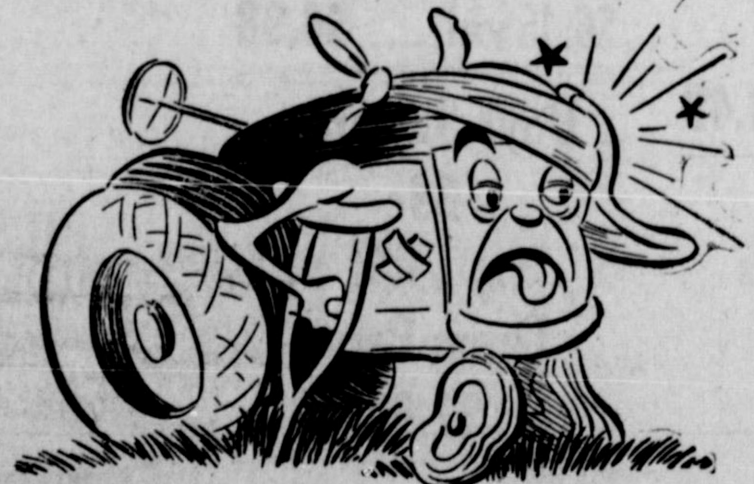

Cute as could be was the card we received from the Hut Hutson's, announcing the little bundle of curls that they received on Dec. 24th. If you don't remember the Hutsons - - Hut is the creator of the picture used as a heading for this column. The card was hand drawn, showing little Christina being dropped by the historic old stork and escorted by none other than Old Santa himself. Hut was artist and author of the card, and co-author, with Peggy, of little Christina Josephine Hutson. Anyway, best wishes to the Hutsons.

Fertilizers To Be Short, Costly

COLLEGE STATION — Supplies of fertilizer will be, short this year and prices will be high, Dr. J. F. Fudge, state chemist of the Texas Agricultural Experiment Station, predicts.

He reports that production of nitrogen, phosphoric acid and potash will be greater than in the past, but the demand will be the greatest in history. Dr. Fudge says that farmers

SERVICE TODAY KEEPS BREAKDOWNS AWAY

Guard your farm machinery against costly breakdowns which may come just when a machine's top performance is needed most. Not just tractors and trucks—but any of your equipment in need of fixing can be put in A-1 shape for you at our service shop.

Play safe—schedule repair work for each machine during its idle season . . . ahead of the busy season. Drop in or call us today for a shop date.

Wanda and Dorothy Ann Davis spent last Tuesday night with Yvonne and Joan Putman.
Mr. and Mrs. J. D. Easter from Borger spent part of last week in the Earnest Moore home.

Mr. and Mrs. Frank Jackson and Mr. James Ashcraft visited in the Jim Jackson home awhile Thursday night.

Dorothy Ann Davis spent the weekend with Billie June Adkins of Clarendon.

L. M. Putman returned home from Borger Thursday night.
Ann Hauck spent part of last week with Lenda Ledbetter.

Mrs. Roy Roberson and Pat visited with Mrs. Al Covington and Keith last Tuesday.

Mr. Bill Littlefield and Lawrence Hauck were in Amarillo last Monday.

Glenda Moore spent part of last week with Mr. and Mrs. Jim Moore and daughter.

Mrs. Lawrence Hauck entertained with a 42 party last Wednesday in honor of Lawrence's birthday.

Mrs. Edgar Talley had the quilting last Thursday. Everyone

enjoyed it very much.
Dorothy Brock spent last Tuesday night with Marjorie Brock.
John Smith of Borger is spending a few days of this week with Mr. and Mrs. H. C. Smith.

WESTERN RAILWAYS TURN THUMBS DOWN ON "MAKE WORK SCHEMES"

CHICAGO—Representatives of 60 railroads yesterday advised the National (Railway) Mediation Board they would not agree to arbitrate the demands of their engineers for an extra engineer on diesel locomotives.

"The proposal is purely a make-work scheme designed to extend featherbedding and create unnecessary jobs," they told the Board.

Meanwhile the Mediation Board is dealing with similar demands of the firemen for a second fireman on diesel locomotives.

In their letter to the Board the railroads pointed out that their engineers and firemen had "received three substantial wage increases in as many years as well as rules concessions." These, they said, "can be supported only if efficiency and productivity are permitted to increase."

"To seek now to impair efficiency and productivity by needless and unwarranted restrictions on the use of modern improvements and attempted imposition of make-work proposals is in disregard of the rights of the shipping and travelling public and of the entire American people who must pay transportation charges on the goods they consume."

The railroads said that the question of whether the operation of Diesel-electric locomotives requires a crew of more than an engineer and a fireman was presented to a fact-finding board in 1943 and decided in favor of the carriers.

Commenting on the refusal of the railroads to arbitrate, D. P. Loomis of Chicago, chairman of the western carriers' wage committee, said the dispute "involved nothing but flagrant featherbedding. Ordinarily we are willing to submit differences with our employees to arbitration, but we are not going to arbitrate 'make-work' schemes."

"Diesel locomotives," he said,

"are adequately manned with an engineer at the controls and a fireman who has little else to do but watch the track. The extra crew members demanded by the unions would just go along for the ride and the pay." Their pay, he added, would be in the top brackets and would add millions of dollars to railway operating costs.

He said the unions' claims that the additional men were needed for repairs and maintenance were "100 per cent fictitious."

"The diesel locomotive has become a symbol of progressiveness and efficiency and we will go the limit in resisting every attempt to hog-tie this modern form of motive power."

Miss Billie Ruth Kidd of Amarillo is spending a two weeks vacation in the J. E. Kidd home while Mr. Kidd is visiting in various parts of New Mexico with his brothers. Billie will return next Monday where she is employed as dental assistant for Dr. Garreirnow.

DICK VALLANCE, Mgr. CLARENDON, TEXAS

VA REPRESENTATIVE TO BE HERE NEXT THURSDAY

A contact representative of the Veterans Administration, Mr. Luther T. Nance, will begin serving Clarendon again out of Childress office on each 1st and 3rd Thursday of each month. The first visitation will be next Thursday, Feb. 3rd.

Mr. Nance stated that he will be happy to render any assistance possible to any and all veterans or their dependents and beneficiaries in such matters as might arise in connection with the administration.

If you have any matter to discuss with Mr. Nance while he is in Clarendon, you may reach him at the County Vocational School located just west of the College Building between 1:30 and 4 p.m.

FORMER RESIDENT DIES AT SHERMAN

Funeral services were held at Sherman, Texas Sunday afternoon for Murl Tyree, former Clarendon resident, who passed away in a Sherman hospital Friday afternoon due to an acute illness of only a few hours.

Mr. Tyree was raised in Clarendon and was an employee of the Shamburger Lumber Co. for a number of years. He moved to East Texas several years ago and at the time of his death was a bookkeeper at Perrin Field.

He is survived by his wife, two daughters, Betty and Murlene Tyree, all of Sherman; his mother, Mrs. Mattie Tyree, and sister Mrs. Faye Scoggins of Glendale, Arizona; Miss Neva Tyree of Denver, Colo.; two brothers, Will Tyree of Prescott, Arizona and Walter Tyree of Wichita, Kan.

Burial was in the Sherman cemetery.

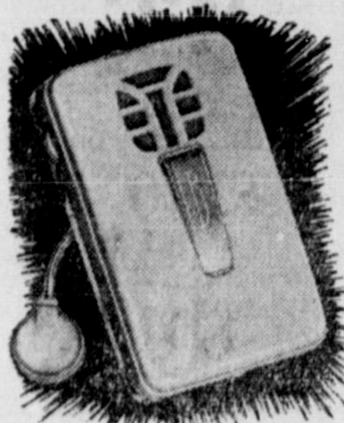

KENNETH DAVIS MAINTAINING RECORD IN SERVICE

Kenneth Davis, outstanding local boxer, is still making the boys sit up and take notice. He is now located at Camp Pendleton, Calif. and is a member of the Pendleton boxing team. Recently he fought Johnny Malloy of El Toro and won by a unanimous decision. Malloy is considered to be one of the best featherweights in Los Angeles and this past year he was the Army and Navy "Y" featherweight champ.

Kenneth is now fighting in a heavier weight bracket, weighs more than he ever weighed in his life and is really enjoying himself.

Donley County Farm News

The news for this week is scarce. Most of the farmers and contractors have stopped all but the necessary minimum of work, and all the agencies have been unable to get in the fields. Farmers in the office are even scarce. Here in the office we have been busy with our annual reports and applications for payment. There are quite a few applications ready for the producers signature. If you have been notified that your application is ready be sure to come in and sign it at your earliest opportunity.

The Donley County Agricultural Conservation Association Statement of Expenses for 1948 has been placed on the bulletin board in the office and is ready for your inspection. Anyone who is interested is welcome to check this statement. It is your money that is being spent and your responsibility to know where it is going.

Judge Porter is convinced that the practice of subsoiling, or chiseling is worth the time and money. Mr. Porter states that he had chiseled only a few acres when the sleet and snow started, and that when the snow was still inches deep on the rest of his place, the snow had melted and had been absorbed on the small area that had been chiseled. We feel sure that Mr. Porter will see a marked difference in his crop on this place this year. We might add that we are still issuing approvals for this practice and just as soon as your community committeeman is sure that it is dry enough he will give you permission to go ahead with this practice.

MARY ETTA RHEA BURIED HERE WEDNESDAY

Funeral services were held yesterday afternoon at the Church of Christ for Mrs. P. V. O. Rhea with Doyle Williams, local minister, officiating.

Mrs. Rhea, age 75 years, passed away at Los Alamos, New Mexico last Sunday where she was staying with a son, C. A. Rhea. She was a resident of Clarendon for quite some time before leaving to live with her children. She was a member of the Church of Christ.

She is survived by four daughters, Mrs. Della Gentry, Belen, N. M.; Mrs. W. C. Rexrode, Lakeview; Mrs. Dorothy Bohening, Abilene; Mrs. Leo Rosen, Okla. City. Three sons, Ples Rhea, McLean; C. A., Los Alamos, N. M.; and J. D. Rhea, Stephenville.

Burial was in Citizens Cemetery with funeral arrangements under the direction of Womack Funeral Home.

Mr. and Mrs. Roy Land of Amarillo visited his father and wife, Mr. and Mrs. W. A. Land Sunday and Sunday night. Mr. Land is still seriously ill.

Pork Chops on the Hoof in Guam

On farms established by the U. S. Naval Government on Guam, American sailors instruct natives in modern agricultural methods. The produce from the farms is used for Naval personnel and the rehabilitation of the natives. In photo above, a seaman, first class drives some pigs to feed. (Official Navy Photograph)

New Oldsmobile Series "98" Offers Flashing Power

"Never before has the Oldsmobile owner been offered so much smooth, quiet, flashing power under the hood as he is getting in the 1949 Series "98" Futuramic Oldsmobile placed on display recently throughout the nation," J. F. Wolfram, chief engineer at Oldsmobile Division of General Motors Corporation, an-

nounces. "Chief characteristic of the new Oldsmobile "Rocket" engine is its seemingly effortless performance, coupled with economy in operation. It develops 20 horsepower more than Oldsmobile's 1948 in-line eight-cylinder engine, and at the same time delivers more mileage per gallon," he pointed out. "The new 1949 Oldsmobile "Rocket" engine is basically designed for a compression ratio of 12 to 1," Mr. Wolfram explained. "At present, it has a ratio of 7.25 to 1 because high-octane fuels of the proper rating are not yet

available at the nation's gas pumps," he stated. "Ultimate fuel saving in the Oldsmobile eight-cylinder high-compression engine, when it reaches the 12 to 1 ratio, will be approximately 33 1/2 percent. Our engineers are prepared to make the minor changes required for a 12 to 1 compression ratio just as soon as the higher octane gasoline is on the market in sufficient quantity to meet the anticipated demand."

The six-cylinder in-line engine in the Series "76" Futuramic Oldsmobile model for 1949 also has a higher horsepower rating than the 1948 "Six", Mr. Wolfram further explained.

By means of a longer piston stroke, a slightly larger piston bore, and a heavier crankshaft, the Oldsmobile "Big Six" has been boosted in rating to 105 h.p. "This increase in power," Mr. Wolfram says, "gives the new 1949 "Futuramic" Series "76" fleetness in performance in keeping with its fleetness in styling."

Speaking specifically of the new Oldsmobile "Rocket" engine of an entirely new design, Oldsmobile's chief engineer pointed out that it has a shorter and more rigid crankshaft than conventional automotive engines. There are five main bearings, instead of three usually used in engines of this type. The shorter high-carbon alloy steel crankshaft is therefore better able to withstand the 3 1/2 ton explosive pressure developed over each piston, Mr. Wolfram explained. Vibration in the crankshaft has been reduced to the minimum, Mr. Wolfram said, by scientific placement of six counter-weights on the crankshaft, and by careful balancing of

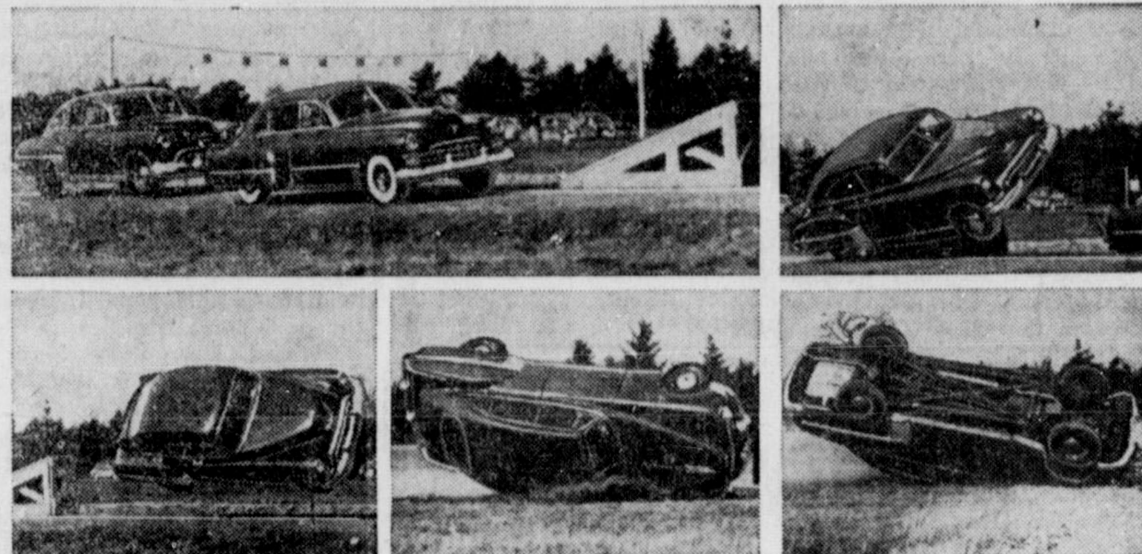

the combined crankshaft and fly-wheel while the engine is being assembled.

Connecting rods in the new Oldsmobile "Rocket" engine are extra-sturdy and yet light in weight. Of the I-beam construction, they are machined from high-quality, heat-treated, drop-forged steel. Thrust surfaces are ground to very close limits to insure a minimum of friction.

The pistons in the new 1949 Oldsmobile "Rocket" engine are made of a low-expansion aluminum alloy, reinforced with two steel struts. The piston stroke is shorter than the cylinder diameter, and the pistons have cutaway skirts that are automatically self-adjusting so that they maintain correct clearance whether the engine is hot or cold, explained Mr. Wolfram. "A maximum effective bearing surface is therefore provided at all times," he said. "Aggravating 'piston slap' normally occurring on a cold start is eliminated.

"The new Oldsmobile "Rocket" engine reaches as far into the future in our time as the old one-cylinder engine did in the days when the horse and buggy were predominant," Mr. Wolfram declared. "As soon as higher octane gasoline is available in large quantities, America's millions of automobile owners purchasing new high-compression engines will benefit by a marked reduction in fuel consumption. When that day comes, Oldsmobile will be as far ahead in the high-compression engine field as it was 10 years ago with the introduction of the first successful fully-automatic transmission, Hydra-Matic Drive."

High Speed Roll-Over Tests Car Body

The accompanying photographs show the culmination of a grueling series of tests conducted by Fisher Body engineers on a new car body before it is placed in production.

The car was rolled over at 50 miles an hour on a special course at the General Motors Proving Ground. Towed by another car, the test model automatically unlatched itself as it went up and over a ramp, hurtling through the

air 45 feet before hitting the ground.

In this test, the car rolled completely over and was driven off under its own power. Not a single pane of the safety plate glass was cracked. The test was made purely as an experiment to see how the new body by Fisher withstood the shock of being turned over at high speed.

Fisher Body engineers made high speed movies of the entire sequence to study in detail how the body resisted the shock.

NEW CLOTHING COURSE TO BE OFFERED AT TEXAS TECH

LUBBOCK — A new clothing course arranged particularly for graduate students who will teach or are teaching clothing in junior colleges and colleges is to be offered at Texas Technological college for the first time during the second term of the summer session.

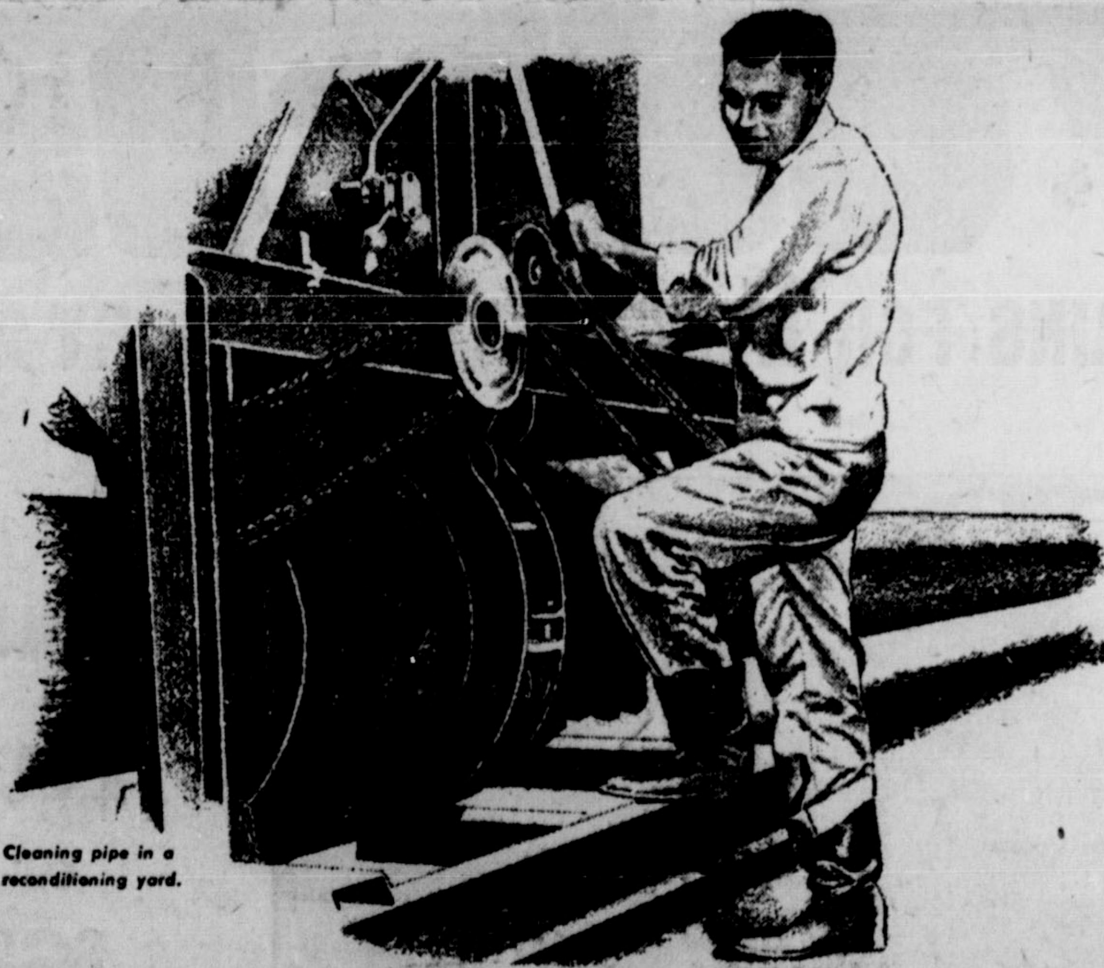

Miss Mabel D. Erwin, head of the clothing department, will teach the course which takes up particular mechanical problems in sewing as well as stressing modern examination methods, classroom instruction and a comparison of "short cuts" in modern sewing with accepted methods.

Miss Erwin, author of an adopted text "Practical Dress Design" and of "Clothing for Moderns," off the press the last week in

January, said recent trends in clothing education directed toward "good looking" clothes will be evaluated with comparison of factory products and "home made clothes."

Graduate students who have had advanced clothing courses are eligible for the 532 clothing course, Miss Erwin said.

Larry Whitlock of Amarillo is visiting his grandparents, Mr. and Mrs. Frank Whitlock.

Cleaning pipe in a reconditioning yard.

STEEL Bottlenecks ARE HARD TO BREAK

United Gas is delivering more natural gas to more customers than ever before, but the demand is still not satisfied. The "bottle neck" is largely in the scarcity of steel pipe and other facilities required to move gas to market. To help meet the demand, we are investing large sums of money in rearranging pipe lines and in reconditioning used pipe, valves and similar equipment for use on our system where gas is most urgently needed. This is one of many functions of the United Gas organization, all of which have the ultimate purpose of assuring a more dependable supply of natural gas to our customers.

Pipe that has been removed from the ground for reconditioning and further use is cleaned and tested with all the meticulous care of new pipe. Hydrostatic tests, by which water is placed in a length of pipe under high pressure, are frequently used to locate possible weaknesses in the pipe.

If leaks are found, they are welded, and corroded areas are strengthened. The pipe is then coated and wrapped or covered with thick Se-mastic coating if destined for use under water or in swampy areas.

As soon as the reconditioning job is complete, the pipe is moved to locations where it can best help to meet the ever-increasing demand for natural gas.

CITY-COUNTY LIBRARY NOTES
By May L. Prewitt

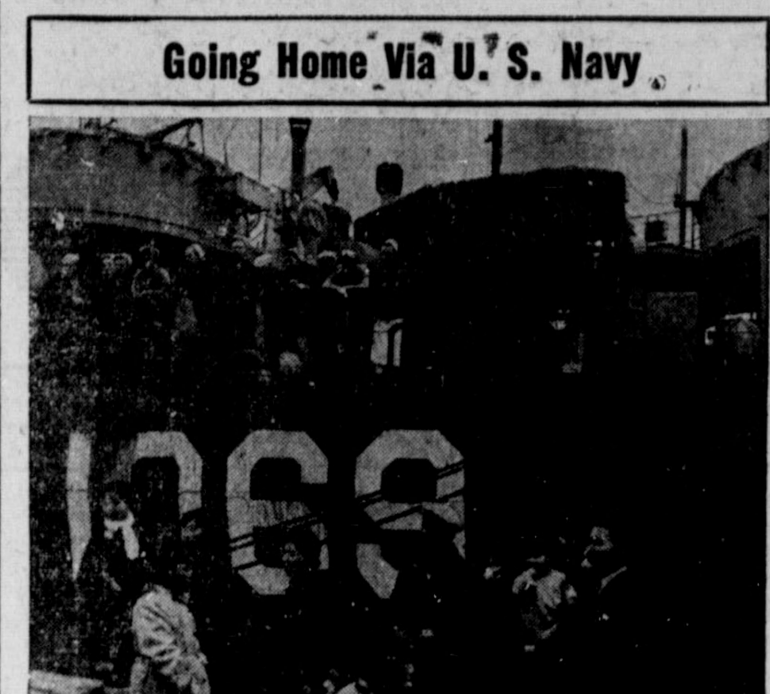

This week has been an unusually busy one at the Library. We rearranged some of the material alphabetically, then too, extremely cold weather is an incentive for choosing book companions. The Manuscript of Washington's first inaugural address was exhibited this week at the Library of Congress in honor of the Inauguration of President Harry S. Truman on January 20th. The Freedom Train was on exhibit in Washington this week—as a feature of the Inaugural program. Our Library has some new books. "High Towers" by Thomas B. Costain, "is clearly destined to be the first big hit of the new year. 'High Towers' has something for all: historical solidity, biographical interest, glamour. It is rich with learning, alive with adventure—a skillfully wrought entertainment." This statement is made in the New York Times

Book Review. Two other books that were added to the shelves last year that were written by Costain are "The Black Rose" and "The Money Man." The Book-of-the-Month Club selection is "Hound-dog Man" by Fred Gipson. This is a book that all ages of readers will enjoy. It is a rare book by a new author who lives on his farm at Mason, Texas, in the hill country. This manuscript was read by both the editorial and sales departments of Harpers, and the approval was unanimous. The January 16th Book Selection of the New York Times lists 16 of The Best Sellers. Our Library possesses 13 of these. But in the General Reading List we have only four of the 16 listed. Very few of our patrons read non-fiction. The greater part of the non-fiction is war material. There are numerous editions we have added to the Library during the past year. Our readers enjoy western biography, ranch editions, and books that are more for entertainment. Our magazine section is well patronized. The

Life Magazine containing an article about Charles Dickens is lost. Should some one have a copy it will be appreciated as we need extra material on the Life of Dickens.

ASHTOLA

Mrs. Doyce Graham
Mrs. Millard Word was in Canyon with an aunt who underwent an operation Tuesday.
Mr. and Mrs. Leland Lewis and children visited his parents, Mr. and Mrs. C. L. Lewis at Lelia Sunday.

Bob Word of WTSC spent the weekend with his parents, Mr. and Mrs. Millard Word.
Mrs. Ralph Sutton and son of Clarendon spent Sunday with Mr. and Mrs. James Tolbert.

Something To Remember

If you want to fatten a chicken, feed it Corn, wheat, Kaffir or Milo, but if you want Eggs, and lots of them, feed Chic-O-Line, or Wes-Tex, 18 or 20% Protein Egg Mash, a Tried and Proven feed that brings results—new low prices that will interest you, and make the old hens cackle.
Why experiment? Feed the feed that has stood the test for years. Just a cold blooded business proposition, and remember we give Green Stamps on all Cash feed sales - - ask for them.
Your feed grinding and mixing appreciated.

Dinner guests in the W. A. Poovey home Sunday were Mr. and Mrs. Earl Butler and Kenneth and Mr. and Mrs. Willard Cook and Dean of Borger.
Dee Wilson, Berdet and Wilbur Miller and Billy Lee Ramsey of Phillips spent Sunday with their aunt and uncle, Mr. and Mrs. Ben Lovell.
Jackie Brooks of Clarendon was a guest in the Millard Word home Tuesday.
Mr. and Mrs. John Humphrey and daughter Cathleen of Higgins, Mr. and Mrs. Joe Lee Humphrey and baby Lunda Sue of Pampa visited relatives in Clarendon the weekend.
Mr. and Mrs. Roy Clampitt were Amarillo visitors Saturday.

Mr. and Mrs. Emory Morris of Pampa and Mr. and Mrs. Geo. Moore of Amarillo spent the weekend with Mrs. Winnie Stogner and family.
Mr. and Mrs. W. M. Cross took their small son Billy to Amarillo Friday for medical service. He has the measles but doing nicely.

Who gets him off to work—

Wakes him up
Tells him the news
Shaves his face
Washes his shirt
Presses his pants
Makes his coffee

—and does everything but kiss him good-bye?

His wife? ... Sure, she helped a lot—and she kissed him, too! But a co-star in this morning drama is Reddy Kilowatt, your electric servant.
All through the day, Reddy does so many jobs so quietly and efficiently you almost forget he's there. But try and live without him! Yet his services cost so little. As a matter of fact, electric service is by far the biggest bargain in your family budget. What else does so much—for so little?
No, Reddy Kilowatt mustn't kiss you. But he can do almost everything else!

PERMANENT AUTOMOBILE REGISTRATION OFFICES MAY BE ESTABLISHED

AUSTIN — The fellow who drives miles to get his automobile license plates and then waits in line hours at the courthouse is going to get a break, if a bill introduced in the Texas Legislature becomes law.

The proposal, authored by Sen. W. A. Shofner of Bell County, would authorize the establishment of permanent automobile registration offices in an estimated

500 small towns and rural communities, in addition to county seats and large cities.

In all there would be approximately 1,000 places to register cars, compared now with 254 places—the courthouses.

Senator Shofner said his proposal would relieve county tax assessor-collectors of the burdensome duty of registering cars and handling title transfer papers. This duty would be turned over to responsible local business men in each community, who would be designated agents and be di-

Speaker, Rayburn Meets a Texan

Linda Brown of San Antonio, March of Dimes Poster Girl, makes herself at home on the desk of Speaker of the House Sam Rayburn in the Capitol at Washington. She greeted the Speaker after opening the 1949 Fight Infantile Paralysis drive during a call on President Truman in the White House. Linda is holding the Speaker's pipe and his pencil.

rectly accountable to the State Highway Department.

Agents would be named for every town and community where deemed necessary. Large cities and in many cases, county seat towns, would have not one but several agents.

Senator Shofner said he had been assured that each designat-

ed agent would be a responsible local man with a place of business in a non-congested area, yet in a place convenient to the public.

"Passage of the bill will mean there will be virtually no more waiting in line and a minimum of travel to obtain license plates—even for persons living many

miles from the courthouse," he said.

The Bell County senator said his bill had the endorsement of every tax collector who was "fully acquainted" with what the bill will mean toward giving the public better service. He pointed out that the work of tax collector offices had greatly increased in years and this duty had no relation to the regular tax work.

He said he had been advised by E. J. Amey, director of the motor vehicle division of the State Highway Department, that his department favored the proposal because of two major advantages: (1) The public will be given better service at no additional administrative cost (agents will receive a fixed commission), and (2) The more efficient system will lead to greater and quicker recovery of stolen vehicles and prompt identification of vehicles involved in accidents.

Amey said the county's share of car license money that is used for county roads will not be less than now received and in some counties the amount will be more.

000 Texans has disclosed that between seven and ten per cent of that number had positive tests for syphilis and that a large majority of them did not know they had the disease and had never had medical treatment for it. This vast reservoir of untreated syphilis is one reason for its continued spread, and it is a notable achievement in furthering public health that approximately 98% of these persons have been brought under treatment so that they can no longer spread the disease. More than 43,000 contacts have been investigated and placed under treatment until no longer infectious. A continuous educational program carried on by the State Department of Health is another effective means for controlling venereal disease among our people, and reducing the number of crippled, blind and paralyzed persons who are annually the victims of syphilis and other venereal diseases.

Geo. Harold McKee of Borger visited his parents, Mr. and Mrs. Geo. McKee the weekend.

Arline Dozier of Amarillo visited her parents, Mr. and Mrs.

Charley Dozier the weekend.

Mr. and Mrs. Frank Thomas were in Amarillo Sunday and Sunday night on business.

Mr. and Mrs. Tommy Crabtree of Okla. City are visiting his grandmother, Mrs. Howard.

Mrs. A. P. Todd is visiting her daughter, Mrs. Mitchell at Memphis.

Mrs. Katie Zackery of Pampa visited her parents, Mr. and Mrs. W. O. Butler the weekend.

Fight Polio—Dimes and Dollars Needed Now! Clip Coupon Below and Mail Today. Remember, It Could Be Your Child.

IF MONEY WILL DO IT

THAT CHILD WILL WALK AGAIN

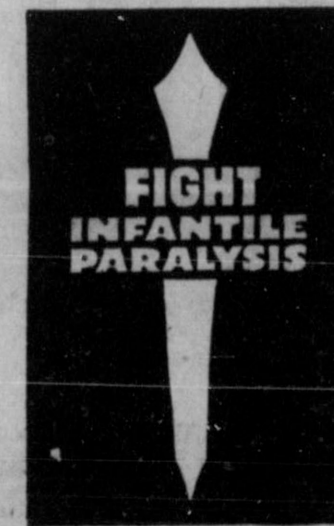

Money won't always do it, of course, but many, many thousands of Children all over the Nation are walking—yes, and running—because there are generous folks like YOU. If it had not been for you and your money—from dimes on up—there would today be no Polio Foundation—no organization to STUDY POLIO—no organization to TRAIN NURSES in POLIO TREATMENT—no organization to place IRON LUNGS where needed—no organization to "Follow Thru" after the crisis has passed—no organization to SET UP FACILITIES for the truly "Heavenly Relief" that HOT PACKS bring to writhing victims of this thing called Infantile Paralysis.

This truly terribly disease that knows neither rich nor poor, that draws no distinction in color or creed or social standing. One morning you have a bright, happy cheerful child running around the yard and through the house . . . the next you have a bed ridden little waif whose leg refuses to move and whose muscles begin to sag.

There are MANY CALLS, yes . . . BUT if you really want to Start the Year Right . . . if you really want to feel a glow inside . . . if you really want to MAKE A NEW YEAR'S RESOLUTION THAT COUNTS . . . resolve to yourself that . . . "IF MONEY WILL DO IT, THAT CHILD SHALL WALK AGAIN." (It COULD Be Yours.)

But between thousands of parents who have stood by and seen that come to pass there NOW STANDS, for ALL ALIKE . . . the NATIONAL FOUNDATION FOR INFANTILE PARALYSIS. This past SUMMER when POLIO struck all around here, stand-by nurses, physiotherapists, Iron lungs, and treatment facilities were ready and when ALL local funds were exhausted the National Organization stepped squarely into the picture . . . pouring into this area many thousands of dollars more than the TOTAL AMOUNT sent the National Headquarters for the entire year.
