Over \$10,000 In Prizes Pledged Today For Palo Duro Park Treasure Hunt

CANYON, Texas—Over \$10,000 in prizes have been pledged to date to the Palo Duro Canyon Boosters Club in connection with their summer-long Treasure Hunt which will start May 28th when Governor Beauford Jester cuts a ribbon to the entrance of the Canyon.

The prizes will go to finders of lucky gold coins. Ten thousand coins will be dropped from an airplane into the Canyon during the opening ceremony. All coins ending in the number "seven"—a thousand coins—will be prize winners and each coin is a potential prize winner of supplemental grand prizes.

Top prizes include two all-expense paid eight-day vacations to Havana, Cuba via Braniff Airways; 102 season passes to Amarillo Gold Sox home games in 1949; a diamond ring valued at \$250 donated by Albert Meyer of the Mission Jewelry Company; and two registered quarterhorses donated by Glenn L. Casey. One horse is 2-year-old "Casey's Beauty" who won third prize at the 1947 Tri-State Quarterhorse show. The other one-year-old filly is "Casey's Billy Red Fox," sired by "J. Billy Thomas," world's champion palomino stock horse for two consecutive years.

The Palo Duro "gold rush" is being held by the Boosters Club to solicit membership and appropriate funds and gifts to advertise the Palo Duro Canyon as a major tourist attraction throughout the country. Every person in this region is eligible. Members will pay \$1 for membership cards.

On the agenda for the opening weekend will be a spectacular horse show and parade May 29th at 3:30 o'clock by the Will Rogers Range Riders and boys from Boys Ranch atop the mesa below Coronado Lodge. Over 100,000 spectators can view this event from the rim of the Canyon.

Square dances will be sponsored Saturday night by the Range Riders, the admission prices going to the treasure-hunt prize fund.

The usual gate fees will be the only charge for admission into the park during the Treasure Hunt season which will last from May 28th to Labor Day. Final prizes will be awarded September 11. Gate fees are 42 cents for driver and car, 24 cents for additional adults, and 12 cents for children.

Merchants over the Panhandle wishing to donate prizes for the Treasure Hunt or those wishing to become members of the Palo Duro Canyon Boosters Club can do so by contacting the Palo Duro

Canyon Boosters Club, 412 West 9th Ave., Amarillo, Texas or by calling 3-1711, Amarillo.

Soil Conservation Tour Set For June 9

County Agent H. M. Breedlove announced this morning that farmers, ranchers and business men of Donley county would get first hand information on soil conservation work being done in the Donley county soil conservation district on June 9th. This is the date of a tour of the soil conservation district.

In a meeting with the board of supervisors of the district Breedlove and the board set the date for the tour on the ninth of June to start at one thirty in the afternoon in front of the county agent's office and to end around five o'clock. Mr. Carman Rhode, local conservationist for the district will work with Breedlove in arranging the stops so that every one can see different types of work being done. The board of supervisors for the Donley county soil conservation district are J. R. Porter, chairman; W. P. Doherty, vice chairman; Chas. Bairfield, secretary; T. C. D'Spain, regular member and J. A. Tollett, regular member.

Letters will be mailed to farmers and ranchers in Donley county advising them of the tour and requesting that they attend.

Demonstrations that will be held and work to be seen will include terracing, Windy Valley drainage project, grass plantings, grasshopper spraying with toxaphene and chlordane, and it is planned to have a demonstration of spraying sage brush with an airplane. This tour will be very educational and each demonstration will be discussed by members of the Soil Conservation Service and the county agent.

Breedlove is urging that every one make plans in advance to attend this tour for one half day because you might see something your neighbor is doing in this district that will help you on your farm or ranch.

CUE AND CURTAIN CLUB TO PRESENT 3 ONE-ACT PLAYS MAY 30

On Monday, May 30th at 8 o'clock the Cue and Curtain Club will present its final production of the year. The program will be composed of three one-act plays: "Sally's Hat Shop," "Are We Dressing" and "The Trysting Place." Members of the Club are speech students of Mrs. Jolly Johnson.

Prize Winners In Writer's Round Up

Mrs. Fancher Upshaw, Sr. of Amarillo is giving scholarships to the Writers' Round Up Conference sponsored by Amarillo Pen-women to be held on June 9th, 10th, and 11th. The scholarships are being presented in memory of her nephew, Tom Goodner.

Sixteen entries were sent in by the English students of Mrs. Oscar Thomas, Mrs. Nathan Cox, and Mrs. M. C. Goodner.

Jane Johnson, college sophomore, won first place for her feature article, "A Televised Future." Nelda Morgan's entry, "Haunts Hilarious," took second place, and Millie Allen won third place on her article, "Our Canteen." Nelda and Millie are sophomores in high school.

Jane and Nelda will be guests of Mrs. Upshaw during the three days of the conference. Dr. Litten, Professor of Journalism at Northwestern University, will be the main speaker at the conference.

Fire Destroys Beauty And Barber Shops

A fire of undetermined origin destroyed or damaged beyond use, the equipment and supplies in both Ruby's Beauty Shop and Shorty Lynn's Barber Shop last Friday morning shortly after midnight. Damage to the building owned by Mrs. J. A. Potts, and to equipment in both shops was estimated at around \$10,000.

Mrs. Potts is visiting in Houston and it could not be learned what she has planned to do with the building but it has been surmised that she will rebuild as soon as possible.

Mrs. Ruby Bromley has purchased new equipment and reopened her business at a temporary location in the old Whitlock Beauty Shop.

Mr. Lynn has reported that he plans to re-open his barber shop just as soon as the building is ready.

Notes from - - - CITY HALL

Within a few days, letters will be mailed to residents who live within 200 feet of a sewer line and are not connected to such line, asking them to give reasons to the city why they are not connected at the present time. A city ordinance points out that it is compulsory to be connected if it is at all practical and the sewer line is within 200 feet.

273 cards have been received out of 675 mailed concerning trash and garbage collection. To get a better picture of what the majority of people desire, we are requesting that everyone please check the card they received and mail to us immediately. Your prompt attention now will be appreciated.

A financial report of the City is being published in this issue of the Leader. Look it over and ask us any questions you like.

We enjoyed turning over city affairs to our youth Wednesday when the following seniors reported for duty: Tommy Murphy, Mayor; Wayburn Wilson, Street Commissioner; Gladylene Emmons, Water Commissioner; June Selman, Secretary; Gene Bulman, City Marshall and Edward Sawyer, Fire Chief.

RED CROSS TO TAKE CONTRIBUTIONS FOR STORM VICTIMS

Emmett O. Simmons, local Red Cross chairman, received a wire Tuesday from the Dallas office of the Red Cross informing him of the allocation and help that is being extended the storm victims of Amarillo and also stating that individuals wishing to make contributions were urged to send them to any of the local banks. Mr. Simmons stated that the local chapter had been authorized to receive the above contributions locally and they would be forwarded in one lump sum for the tornado victims at Amarillo.

Seniors To Leave Sunday Morning For Week In Colorado

Clarendon High School Seniors will leave Sunday morning for a vacation in Colorado where they will visit Canon City, Colorado Springs, and Denver. They will be accompanied by R. E. Drennan, high school principal; Mrs. Rufus White, class sponsor, and Mrs. Forrest Sawyer, parent sponsor.

Highlights of the trip are expected to be the Royal Gorge, Colorado State Penitentiary, Seven Falls, Garden of Gods, Pikes Peak, and the Elitch Gardens Amusement Park.

Reservations have been made for the group Sunday night at the Parkview Court in Canon City, Monday and Tuesday nights at the Antlers Hotel in Colorado Springs, and Wednesday night at the Shirley-Savoy Hotel in Denver.

WILLIAM JAMES LOWE NOW MEMBER OF TEXAS BAR ASSOCIATION

William James Lowe, son of Mr. and Mrs. S. W. Lowe of Clarendon, has been notified that he has passed the Texas State Bar Examination and now is a member of the Texas Bar Association.

Lowe took his bar examination in March and will receive his law degree from The University of Texas May 30th.

In 1947, Lowe received his bachelor of business administration degree from the University.

He is also a graduate of Clarendon High School and Clarendon Junior College.

High School Seniors Run City For A Day

The City of Clarendon had a complete new personnel yesterday when a group of seniors took over for the day. The following were chosen by the class for the job: Mayor, Tommy Murphy; Street Commissioner, Wayburn Wilson; Water Commissioner, Gladylene Emmons; Secretary, June Selman; City Marshall, Gene Bulman; Fire Chief, Edward Sawyer.

Their views of the City Commission is as follows: The job of the City Commission is a hard one to fulfill. We think the officers of this city are doing their utmost to meet the expectations of the citizens of Clarendon. Although the people feel that many improvements are needed we find after performing the duties of these officers for one day, the work of the City Commission is not as simple and easy as it appears. We feel that with the co-operation of the citizens of Clarendon, conditions in this town will be greatly improved within the near future.

Jack Roach No. 1 Drilling at 2470 Ft.

According to an unconfirmed report late Wednesday afternoon, the Jack Roach Well was down to a depth of 2470 feet. The second string of casing has been set at this depth and they are waiting for the cement to set in order to drill out the plug and go ahead with drilling operations. The well is being drilled by the Humble Oil & Refining Co.

It was also reported that the contract depth was 7,000 feet or granite.

HOME SUBMERGED IN FT. WORTH

Mrs. Lena Antrobus received word Tuesday from her daughter Mrs. Grant Mercer in Ft. Worth, stating that their home was completely submerged in the big flood there Monday night. She and her husband managed to escape to higher ground when the water was only about knee deep inside their home.

Mr. G. K. Harrington of Walla Walla, Washington is visiting his cousin, Miss Lee Patten.

Services Held Sunday For Odell Holland

Funeral services were held Sunday afternoon at the First Methodist Church here for Odell C. Holland with Rev. L. E. Godwin officiating, assisted by Dr. S. W. Hayne.

Mr. Holland, age 37 years, died early Sunday morning at his home in Groom after a quite lengthy illness. He had been a resident of Donley County for over 30 years, having operated a grocery store at Lelia Lake for some time and operated a farm north of Lelia Lake. He was a member of the Lelia Lake First Baptist Church and was an active Mason. He had been a resident of Groom for the past 6 months.

He is survived by his wife, Lucille; four daughters, Jerlene Marie, Mary Dell, Janet Sue and Emma Katherine; his parents, Mr. and Mrs. C. H. Holland, Clarendon; three brothers, Ray, of Clarendon; Addis of Gruver and Chester of Amarillo; five sisters, Mrs. Byron Simmons of Channing; Mrs. Cordie Radeitch of Los Angeles, Cal.; Mrs. Addie Goodner of Amarillo, Mrs. Fay Neubauer of Amarillo and Mrs. Sid Pointer of Lelia Lake.

Pallbearers were Don Tomlinson, Arlie Wood, Ed Morton, Elis Chenault, Oscar Anderson and Delton Koen. Honorary pallbearers were James Smith, C. C. Carter, D. M. Cook, Nelson Seago, Leo Smith, Orval Hill, Quinn Aten, Pat Henton and Ray Hermsmeyer.

Burial was in Citizens Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

Lots of Water - - But Very Little Damage

We are lucky here in Donley County to receive only 3.11 inches of rain the past few days, for compared with the destruction that has been taking place all around us, it has been like a lovely bed of roses. County agent H. M. Breedlove reported yesterday that no hail losses had been reported at his office to date and the only damage reported in any form was that a number of farmers will have to do some replanting. On the other hand a large number hadn't been able to get any seed in the ground and therefore didn't even suffer a seed loss. Breedlove stated that terraces and other conservation work in the county had been standing the heavy rain just fine and the many miles of new terrace lines put up this year were certainly of great benefit in holding the soil and water. The moisture in the ground at the present should certainly be sufficient to make our wheat crop, he added.

Donley county has had enough misfortune in the past whereby we can easily sympathize with those around us who have felt the hand of destruction the past few days. There have been tornadoes and heavy hail in all directions from Donley county and heavy floods to the east. We are indeed lucky.

The official weather station at the airport reported the following precipitation measurements by the day, starting with last Friday the, 13th .07; Saturday, none; Sunday, .59; Monday, .92; Tuesday, 1.53.

Acreage Reports Must Be In By June 1st

Every farmer in Donley County who is interested in a cotton or wheat allotment in the future is requested to come into the AAA office as soon as possible and fill out your acreage reports as the county report must be in the State office by June 1st.

If you do not make your report at the present time it is likely that you will not be able to get a cotton or wheat allotment when the program is set up.

FORMER RESIDENT DIES AT PAMPA

James Robert Couch, 78 years old, died Monday night at the home of his daughter, Mrs. Guy Andis, 16 miles south of Pampa.

Mr. Couch, a retired stock farmer, broke his hip in a fall three weeks ago. Prior to being taken to his daughter's home last Sunday, he had lived at Wellington the past five years. He had lived in the Panhandle since 1905 and moved to Clarendon in 1915 and operated a cafe here for several years.

He is survived by his widow, Mrs. Ida Couch of Clarendon, three daughters, Mrs. Andis, Mrs. Essie Southall, Oklahoma City, and Mrs. Addie Brown, El Monte, Calif.; two sons, Sam Couch, Bartlesville, Okla., and W. A. Couch, North Hollywood, Calif.; three grandchildren and one great grandchild.

Funeral services were tentatively set for today at Groom awaiting the arrival of relatives that live in California.

Clarendon Electric To Hold Formal Opening Saturday

Clarendon's newest business, the Clarendon Electric, owned and operated by R. M. (Dick) Chunn and C. S. (Bill) Williams, will hold its formal opening this Saturday, May 21st. The new firm is located in the building formerly occupied by Clack Radio Service two doors north of Parker-Perkins.

The Clarendon Electric will feature a complete line of General Electric appliances and various other brands of smaller appliances and air-conditioning units. They will also specialize in all types of electrical service.

Mr. Chunn needs very little introduction here as he has been a resident of Clarendon for a long number of years. Mr. Williams, his wife and 4 year old daughter, Connie, moved to Clarendon from Memphis. Mr. Williams has been a salesman with the West Texas Utilities Company for the past two years and has been connected with all phases of the electrical appliance and maintenance business for the past six years.

Mr. Chunn and Mr. Williams are inviting the public to visit their newly re-decorated place of business for their formal opening this Saturday and get acquainted.

Tonight will mark the beginning of commencement exercises for three graduating classes of the local schools with the largest group of Junior College graduates since the Jr. College was organized, receiving their diplomas for two years of college work. The list of candidates number 41.

The college exercises will begin at 8 p. m. in the College gym. Mr. Delbert Downing of Midland, Texas will deliver the main address.

Next on the graduating program will be the Jr. High exercises at the Jr. High Auditorium Friday morning at 10 o'clock. Dean R. E. Drennan will address this group of youngsters who will be leaving the lower grade schools to join the High School group next year. The Jr. High graduates number 34, which is the smallest graduating class from Jr. High in many years.

On Friday evening at 8 p. m. in the gymnasium the Senior High School Seniors will hold their graduation exercises. They also have an excellent speaker for the occasion, Rev. Leon Hill, pastor of the San Jacinto Baptist Church of Amarillo. There are 48 candidates in this class.

These exercises are being held in the gym to afford plenty of space for all who wish to attend.

These will be grand, memorable occasions for all the graduates in each commencement exercise and your presence will give them an even better feeling that will mean so much to them in years to come.

VACATION BIBLE SCHOOL AT FIRST BAPTIST CHURCH

Monday morning at 8:30 the Vacation Bible School of the First Baptist Church will have its beginning. This school will continue each morning, Monday through Friday, for two weeks. All boys and girls, ages 4 through 16, are invited to attend. "We will learn many Bible verses and stories, many new songs, character stories, handwork and other things," stated Rev. L. A. Sartain, pastor.

"At the close of the school Monday morning we will have a parade and want each boy and girl to come prepared for it. At the close of the school there will be a picnic for all those who attend. Remember the date—May 23 through June 3rd, and the time 8:30 a. m. to 11:00 a. m. Boys and girls of all churches and of no church are invited to come. Parents are welcome to visit our school."

Crushing Defeat For Boss Hague's Political Machine

JERSEY CITY, N. J.—An "Under New Management" sign marks the Mayor's office in City Hall after former Mayor Frank Hague's undisputed 36-year rule over Jersey City politics was smashed (May 10) when his five hand-picked candidates for the Municipal Commission were crushing defeated by the fusion ticket.

PRICES DROP AS BERLIN BLOCKADE IS LIFTED

BERLIN—Housewives crowd in front of a jewelry shop window on the Reichstrasse, British sector of Berlin, to view sign announcing: "Because of the blockade lifting, prices of goods from the Western zones are reduced 10%." The end of the 11-month-old blockade means a new life for the average Berliner.

CITY-COUNTY LIBRARY NOTES

By May L. Prewitt

The past week has been uneventful, as various school activities resulted in a "lull" of book issuing. So the time has been partly used in work at the mending table which has an endless task awaits me. So many editions are hopelessly worn. Our Library friend gave us two new books—"Wine of Satan" by Laverne Gay who is a talented young historical novelist, and in this novel involving the First Crusade, this gifted story teller

enthalls the reader with the great sweep of events across its pages. In a magical manner she recreates for you the mood and atmosphere of an incredible era, its color, splendor, violence, spirituality—against the vivid back drop of Syria and the fantastic adventures of the First Crusade. Apparently this book will out live the period of the best seller list, as its historical subject material is of permanent interest. The next book she gave us is "Kinfolk" by Pearl S. Buck. This is the longest of her novels, and probably the most important because its story is both universal and timely. The time is now. The story begins after the war and ends in 1948.

A friend gave us the copy of Life that contained the sketch of the life of Charles Dickens. You readers recall I have asked for this twice. If you have a copy of Long's English Literature to give the Library it will be very useful, as some student neglected to return my personal copy.

The Les Beaux Arts Club placed two of their reference books in the Library Art section. These are "Leonardo Da Vinci" by Antonina Vallentin, and "A Short History of Art" by De Forest & Charles H. Caffin. Both volumes will add greatly to the reference

material in that section. A few memberships have been added to our list recently, but we are desirous of many more, and realize the importance of books for daily use by the boys and girls of today.

PATHFINDER CLUB

The Pathfinder Club met Friday, May 13th, in the club room for their last meeting of the year with Mrs. Pat Slavin and Mrs. Clyde Hudson as hostesses. The outgoing president, Mrs. O. W. Elliott made a farewell speech and presented the club officers with gifts.

Mrs. Ray Palmer, leader of the program on music, played "Night and Day" by Cole Porter and "Embraceable You" by George Gershwin. Miss Ruth Richerson gave an interesting sketch of Irving Berlin's life and Mrs. Millard Word played a lovely piece she had written, "Valse Annette" and Gershwin's "Rhapsody in Blue." The program was concluded with two numbers, "Four Leaf Clover" and "A Brown Bird Singing" sung by a chorus consisting of Mesdames Carl Allmond, Lee Holland, J. H. Howze, Basil Hurst, J. L. McMurtry and Simmons Powell and accompanied by Mrs. O. W. Elliott.

Refreshments of cake and punch were served to Mesdames Carl Allmond, C. E. Bairfield, O. W. Elliott, Billie Greene, Jr., S. W. Hayne, Lee Holland, J. H. Howze, Ernest Hunt, Basil Hurst, R. Y. King, Pete Kunz, C. D. McDowell, C. T. McMurtry, J. L. McMurtry, C. B. Morris, Ray Palmer, J. T. Patman, W. H. Patrick, Simmons Powell, Paul Shelton, Pat Slavin, Millard Word, Frank Phelan, Jr., Clyde Hudson, Bill Greene, Frank Blair, A. T. Cole, S. W. Lowe, Miss Ruth Richerson and guest, Mrs. Frankie Moore of Cordell, Oklahoma.

ANNOUNCEMENT

Mr. and Mrs. W. H. Wilson of Ashtola announce the engagement and approaching marriage of their daughter Betty to Wayburn Wilson, son of Mr. and Mrs. O. E. Wilson of Clarendon.

The young couple have planned to be married in July.

Mr. and Mrs. D. W. Hinkle visited with three of their children and families at Tahoka last week, returning home Monday.

MIDWAY CLUB

The Midway Club met with Norma Chamberlain on May 12th. One quilt was finished and some quilt blocks were worked on.

A lovely dinner was served at the noon hour.

Two guests were present, Mrs. Lee Shallor and Mrs. Jack Crawford, both joining our club.

Members present were Pearl Terry, Eula Butler, Roxie Williams, Lona Scott, Arrie Hefner, Goldie Mooring, Ellen Moreland, Lucille Luttrell and hostess, Norma Chamberlain.

The next meeting will be with Lucille Eanes on May 26th.

ROLLE BRUMLEY HOME IS SCENE FOR COURTESY

Mothers and teachers made up the invitation list for a delightful spring tea given Saturday afternoon complimenting eight young ladies who will graduate this week.

Honorees were Patsy Blair, Mae Morris, Ladelle Cox, Ira Jean Estlack, Ann Thompson, Bobby Johnson, who attend High School and Jane Johnson and Sybil Head of the Jr. College Seniors.

At the door guests were greeted by Shirley Brumley and her mother.

Roses in pastel shades were used to provide a colorful setting for a party.

As the program, Mrs. Joe Goldston showed colored slides of a trip thru Arkansas, Colorado, and many beautiful snow scenes.

Following the entertainment, tea was served in the dining room with Shirley Brumley presiding at the silver service. Joan Ritter and Mrs. Brumley assisted in serving.

Particularly lovely was the refreshment table which was centered with a crystal basket filled with pink roses. Corners of the cloth were marked by crystal baskets of tiny pink rose buds ornamented with blue maline and satin bows. Favors were miniature candy baskets decorated with pink rose buds.

CLARENDON H. D. CLUB

The Clarendon H. D. Club will meet Friday, May 20 at 2:30 p. m. at the home of Mrs. Clyde Butler with Mrs. Butler and Mrs. Joe Terry entertaining.

CANCER EDUCATION AND RESEARCH MUST GO ON

HOUSTON — The cancer control goals of a previous generation are today almost within our grasp. J. Louis Neff, executive director of the Texas Division of the American Cancer Society, said today in a letter to cancer control leaders of the state, urging them to intensify their aid to the 1949 fund-raising campaign of the Society.

"We must not slacken the pace of cancer education, service, and research. Thirty-five years ago cancer was the seventh cause of death in our nation," he pointed out. "Today it is the Number Two Killer. What will it be tomorrow, unless we intensify our cancer control work?"

Mr. Neff's letter came as the Texas Division of the Society begins its fourth year of cancer control work in the state. The Texas organization was founded on May 8, 1946, and in this brief time has become one of the leading public health movements in Texas.

The executive director warned members of the Society that they "dare not relax the pressure."

"You might be helping to build something which some day might save your life," he reminded.

Discussing cancer control progress, Mr. Neff said: "A few years ago our scientists could see almost no correlation between the few verified facts about cancer. Today they have a mass of information, all corrolated, and they are finding new clues to causes and new methods of treatment."

Mr. and Mrs. Joe Martin and daughter of Amarillo and Mrs. Howard Williams of Amarillo and Mr. and Mrs. Glen White of Shamrock were dinner guests of Mr. and Mrs. F. A. White Sunday.

Sandra Doherty of Amarillo visited her cousin, Judy Thompson, the weekend.

Red Is An Eye-Catcher

COLLEGE STATION — A can of red paint can be put to good use around the house, regardless of the color scheme, points out Mrs. Bernice Clayton, extension home management specialist of Texas A&M College.

In the first place, she says, it's an eye-catching color.

In the second place, red means danger and serves as a warning. As an eye-catcher, try painting the outdoor faucets and the handles of small garden tools red. The color shows up clearly against ground, grass or foliage.

For a warning, use the red paint to band the containers of such poisonous materials as lye preparations for cleaning drains or for insecticides.

The high shelf in the bathroom cabinet where medicines are kept out of sight and reach of curious children may be painted red as a flag to other members of the family. Anything on that shelf should be carefully handled.

The pail of sand and the fire extinguisher which many wise families keep on hand for fire control will be easier to locate if painted red. An emergency or first-aid kit in bright red can be easily found.

"In fact, a can of red paint may save lives as well as time and trouble," Mrs. Clayton concludes.

Division 1-13 of Fall River, Mass., won the 1948 Naval Reserve trophy as the best surface training unit in the United States.

Annual 4-H Round-up Dates Set For June 14-15

COLLEGE STATION — The dates for the annual 4-H Club Round-Up on the campus of Texas A&M College have been set for June 14 and 15, acting Extension Director J. D. Prewit of Texas A&M College announced recently.

The Round-Up is the big event of the 4-H club year in Texas.

For the first time since 1940 the boys' livestock judging contests and the girls' dairy foods demonstrations will be held in

conjunction with the Round-Up, Mr. Prewit said. Contests will be held June 13.

County quotas have been set at two boys, two girls and two adult leaders, with contestants in the dairy foods demonstrations and the state 4-H dress revue over and above the quotas.

The annual conference of Texas county agricultural and home demonstration agents will follow the Round-Up on June 16 and 17.

A few of our feminine citizens spent Monday night watching for the "Indian Sign" fulfillment wherein Clarendon was to be blown away. This writer rejoices with these good women that the idea was at least postponed.

Donley County ACA Farm News

ALLOTMENTS: Here we are again with the "same old stuff." You have only the rest of this week to complete your records on wheat and cotton acreage. We have a deadline to meet, and we must be completely through by the last of May. Starting Tuesday of this week we sent workers out into the County to get information from the fellows who have not had time to come to the office. By the time we get through we expect to have a complete record of every farm in this County. That is a pretty big job, and we couldn't have done it without the help of the fellows in the County. They have been very co-operative and we really appreciate it. Don't forget, if you have not yet been to the office to fix up your farm, please make an effort to get here **NOT LATER THAN MAY 20, 1949.** If you don't come in, you might get left out when the "gravy train comes through."

We think you might be interested in knowing how many farmers out of each Community have been in the office. Community A: 71 out of 85, which leaves 14 to sign up. Community B: 85 out of 88, which leaves 3 to sign up. Community C: 166 out of 236, which leaves 70 to sign up. Community D: 78 out of 100, which leaves 22 to sign up. Community E: 101 out of 153, which leaves 52 to sign up. Community F: 59 out of 88, which leaves 29 to sign up. Community G: 127 out of 212, which leaves 85 to sign up. Community H: 47 out of 57, which leaves 10 to sign up. We will really have to get busy, so if you have not come in, please do. WE

NEED YOUR HELP! THOUGHTS FOR THINKERS: "Weeds and the lack of adequate control over them adds about 3 billion dollars to the annual farm production costs."

"The Agricultural Conservation Program Committeemen and this office force do not attempt to tell farmers what to do, but will help farmers do what they want to do."

"Each day gives the world 55,000 more mouths to feed." It's time to emphasize the need to keep our land good, as well as to make our poor land better.

"One misinformed man can cause many farmers to look with suspicion on the A.C.P." Come to the office to get your information.

W. P. Doherty was in the office this week. He states that he expects to have a good crop of peaches this year, not counting the apricots and plums. It has been reported that the orchard is a sight to behold when all the fruit is ripe. If you are looking for something to do 'long 'bout June 15th, you might drive down Hedley way and look the orchard over. Incidentally, we talked ourselves into some peaches.

We are always open for suggestions. If you have something you'd like to have put in our news articles and letters, just let us know. This is your office and we want to print what you want to read. Perhaps you have helpful suggestions to pass on to your fellow farmer. Everyone appreciates a worthwhile suggestion.

In fixing up the acreage we met a lot of new producers in the County. We are happy to welcome these men to this Community and we want to help them all we can. If you are new in the County and haven't been in to the office, please come in and

find out about our practices and the payment on them.

DON'T FORGET. COME TO THE OFFICE AND FIX UP YOUR ACREAGE ALLOTMENT RECORDS!!

The Lion's Roar

By O. D. Lowry

The Lions Club held its regular meeting Tuesday, May 17 at the club hall. Guests for this meeting were: Mr. Herrington, Mrs. Edna Smith, Mr. N. Cunningham, Mr. Crabtree, Miss Ethel Harvey, Miss Z. Hunter, Charles Reed, John Morris, J. Fred Reed, and S. C. Robinson.

Lion Porter announced that there were three delegates needed to the District Convention at Lubbock on May 22, 23, and 24. Anyone wishing to attend the convention contact Lion Porter.

Lion Carroll Knorpp announced that the club was sponsoring a benefit dance on Wednesday night. The purpose of this dance is to help the Youth Center raise money to complete their program.

Lion Whaley had charge of the program which consisted of talks by J. Fred Reed of the Federal C.A.A. and Miss Hunter of the state C.A.A. Thanks to Lion Whaley for this fine program.

WARREN RELATIVES IN AMARILLO CYCLONE

Mr. and Mrs. Russell Cork, who resided in the 4100 block on south Polk street, suffered the complete loss of their new residence, and most of the contents. They were not at home at the time of the storm, so escaped injury or death. Also in the storm were Mr. and Mrs. Chester Talley, Jr. and Mr. and Mrs. Harold Childs, children of Mr. and Mrs. Chester Talley of Martin. Chester's trailer house was demolished, but Mr. and Mrs. Childs' property suffered no appreciable damage. All were away from home at the time of the disaster.

Mrs. Cork is a granddaughter of Mr. and Mrs. J. A. Warren, of this city, and Mr. Talley and Mrs. Childs, the former Elizabeth Talley, are nephew and niece. Mr. and Mrs. Chester Talley were called just after the storm and went to Amarillo that night to be with their children.

It seems a coincidence that those whose homes were destroyed were away from home—some attending church services, and others visiting relatives.

SPEECH PUPILS TO PRESENT PLAYS MAY 26

Two one-act plays will be presented at the College Auditorium Thursday, May 26th at 8 p. m. by speech pupils of Mrs. Jolly Johnson.

"Sally's Hat Shop" will be presented by the Cue & Curtain Club and "Little Black Sambo" will be presented by the Eight Footlights Club. There will also be other readings and skits. The public is cordially invited.

U. Z. PATTERSON BUYS STATION INTERESTS

U. Z. Patterson has moved back to his old stand at the Holland Bros. Service Station, having purchased the interests of Billy Goodman in the business the past week.

Mr. Patterson announced that he would feature all kinds of Shamrock products and other associated products and services usually connected with the service station business.

Mr. and Mrs. Major Hudson and Mr. and Mrs. Willard Hudson and son Buddy spent the weekend visiting their son, Mr. and Mrs. Carrol Hudson and daughter at Hereford. They also went fishing at Buffalo Lake.

Mr. and Mrs. S. C. Bell spent the weekend visiting their two daughters, Mr. and Mrs. Leo Holland and Mr. and Mrs. Ben Howard at Sunray.

Mrs. A. H. Hodges has gone to Marlin to be with her sister, Mrs. Nell Holliday who is ill.

SHANGHAI GANGSTERS EXECUTED ON SPOT OF CRIME

SHANGHAI—Twenty gangsters who had been victimizing residents in various parts of the city, face a firing squad. They were not executed in one place, rather each criminal was taken to the spot where the crime was committed and shot there. Here relatives of Hse Shao-Hwei, a ring leader of the "chopper wielders," weep over his body soon after the execution. His sister (right of the body) sits in the street, while his wife (far right) overcome with grief, lies flat on the pavement.

For those 965 hours

... the Tractor with the "Velvet Ride" Seat

Each year the average farmer spends 965 hours on the seat of his tractor. Plan now to make them "easy chair" hours on your farm ... with the bounces and bumps, jolting and jarring of field work gone.

This new "Velvet-Ride" Seat was specially developed for Massey-Harris. It is just one of many reasons why more and more farmers are powering their farms with Massey-Harris Tractors. Come in and let us tell you all about it.

Army Lifts Restrictions On Reenlistments of Personnel With Dependents

The Army has lifted restrictions on reenlistments of personnel with dependents. Prior to May 1, 1949, men with dependents had to be in grade 3 or above to re-enlist. Effective May 1, 1949, men with dependents who were discharged in grade 4 or higher

and are qualified to be re-enlisted in grade 4 or above are authorized to re-enlist, Capt. Tilton said. Further information can be had by calling 5627 or visit your local recruiting office Room No. 12 Post Office Bldg., Amarillo, Tex.

Two million engineering man hours were required to build two giant Navy transport planes like the Constitution.

We come to a beautiful farm with a white house and a red barn. The fences are straight and the cows are lying contented on the hillside; grazing happily at their sons and daughters, and chewing their cud in peace, and at peace with the world. The wheat fields are beautiful, with the heads waving in the breeze, almost ready to ripen, unto the harvest; each to go its way into the world to heal the need and hunger of the people.

Down the road on the other side we see a sight horrible to behold.

We look into our homes and our churches and we see lives that are well kept; that have been painted with a bright coat of God's Love. We see older ones almost ready to reap the final joy; the greatest joy of their salvation. We see the young lives, ready to bloom into a life that is beautiful; the flower of their lives helping to make the field of life brighter and happier for all of us.

Down the road of life and on the other side we see a sight horrible to behold.

I did not mean to seem poetic but Mama took me along the other night with a group of Our Girls to visit the home of Tom Henry Miller; to sing, and pray,

Woman Envoy From India Arrives

NEW YORK, N. Y.—Mrs. Vijaya Lakshmi Pandit, center, newly appointed Ambassador from India and sister of Prime Minister Jawaharlal Nehru, arrived with her daughter, Rita, 19. On hand to greet them is B. R. Sen, Charge d' Affairs at the Indian Embassy. Mrs. Pandit, who will be the first and only woman Ambassador in Washington, said the lifting of the Berlin blockade was "a good sign for world peace."

and put on a little program for this fine young man that can't otherwise go to church. Anyway, it seemed so beautiful to see these young people deeply rooted and growing, and happy in doing the work that is good. Maybe I am just a sentimental old fool, but our future as a world depends on our young-folks, and it does my old heart good to see them building their lives upon a Rock, and trusting in the power that is the Beginning and The End of all

things - - - Speaking of working in the Church, Bro. Luther said that he heard that the Baptists were just about the most willing of any denomination; "A few of them were willing, and the rest were willing to let them do the work."

Two boys were going to school together and were great pals; one was real smart and the other inclined to be a little stupid. Anyway the dumb one asked the other to explain why he was so smart, and he informed him that he took pills to make him intelligent. The dumb boy begged him to bring him some of the pills and for several days he did bring him

a pill every morning. Finally after taking several of the pills the dumb one said, "You know, these pills taste like they were made out of salt" - - - "See there," said the smart one, "What did I tell you, you are getting smarter already."

TUNING IN ON AN *Underground* NETWORK

Beneath the surface on the average city street is a maze of gas mains, water lines and other pipes and cables of varying sizes. There are often many problems to be solved when a gas line is extended to new homes, stores or factories through this unseen network of metal. Companies in the gas industry employ an ingenious device known as a "pipe locator" to trace the underground pattern—to locate their own lines and to avoid damage to others.

Every resident of this area benefits in one way or another from the expanding activities of the natural gas industry, for the money the industry invests in payrolls, supplies and equipment means more money in circulation for all to share.

The "pipe locator" consists primarily of a portable transmitter and a receiver. The transmitter is used to send a signal into the ground.

The receiver, with headset, picks up the transmitter's signal radiated from the ground.

When the signal becomes stronger than usual, the operator knows he is crossing a pipe or some other buried metal structure.

CERTIFICATE: We hereby certify that we have examined the accounts of the City of Clarendon, Texas, for the fiscal year ended March 31, 1949, in so far as such accounts related to cash receipts and disbursements. We did not make a detailed audit of all transactions recorded during the year. We did, however, make test checks of transactions and secured independent verification of cash on deposit and securities on hand at March 31, 1949.

In our opinion, subject to above limitations and to the comments contained in our report under date of May 6, 1949, the accompanying combined balance sheet and statement of receipts and disbursements for all funds fairly present the financial position of the City of Clarendon at March 31, 1949, and summary record of receipts and disbursements during the year then ended.

ALTERATIONS.
In the old days when thrift was a virtue, a man worried more over a broken watch crystal than he will now when he wrecks his car.

THE OLD GOAT.
Middle age is that period in life when a man stops worrying about dodging temptations and begins to wonder if he is missing any.

GOOD OLD DAYS.
A local lady was reminding us of an incident a long time ago right here when she had company over night. She had taken special pains to rear and train her children. At this point the patter of little feet were heard at the head of the stairs. She asked the assembly to be quiet while the children delivered their good-night message. About that time the boy said: "Mommy, Willie has found two more bed bugs!" It was told to me for a fact and I believe it.

PROMOTION.
It begins to look like the new City administration is really trying to help the folks. Mayor Jones is most sympathetic and digs right in and finds out the facts and proposes and executes a remedy by and with the advice and cooperation of the City commissioners. All power to the new City administration. If we don't want to obey the laws and regulations, they should not be on the book.

Dairy Farmers "Dare And Do" as Others Do

AUSTIN — Belief is running high in rural America that "we farmers have to keep up with the times or lose out."

Dr. A. V. Moore, State ADA President, reports they are backing this belief by enthusiastic endorsement of their own product promotion program to bolster sagging dairy markets.

Everywhere in this state, farmers are joining their neighbors across the nation in the June ADA drive to set aside funds for 30 days to provide for 365 days of advertising activities on dairy products.

Rallying to their own cause, dairy farmers point out that "advertising and merchandising work for others in building sales, and they'll work for us" through the business action program of the American Dairy Association.

Dr. Moore says the per capita advertising expenditure every year for beer is 10 cents, soft drinks invest 7 cents per person, cigarettes spend 24 cents per person for advertising. Soap leads them all with 39 cents per capita invested in the power of advertising.

Most striking, he says, is the sharp contrast in advertising expenditures between butter and its competition, oleomargarine. Last year margarine interests spent 4 cents per capita for advertising while butter's total promotion bill amounted to less than one-fifth of a cent per person. In other words, he said, margarine spent 20 times as much for advertising as did butter.

Dairy farmers, determined to "do something about it", have set the state goal at \$60,000.00 and the national goal at \$1,500,000.00 in the June ADA set-aside drive.

Gardens, and to Long Beach and San Pedro, and saw a Jimmy Durante and Don Ameche broadcast, and made other trips to Hollywood, and the San Fernando Valley.

They returned by Sequoia National Park, home of the Giant Red Woods, and Boulder (Hoover) Dam and the Grand Canyon.

Mr. and Mrs. Harrison were accompanied on the trip by his aunt, Mrs. Ethyl Moore, of Celeria, and his niece and daughter Mrs. Clifford Jacobs and Janet Lee, of De Witt, Ark.

H. A. HARRISON'S MAKE ENJOYABLE TRIP TO WEST COAST

Mr. and Mrs. H. A. Harrison returned recently from a vacation in sunny California. They visited relatives in Chula Vista, Burbank, San Fernando, Upland, El Toro Marine Air Base, and Long Beach. The trip out was made over the southern route, through Las Cruces and Yuma and they made sight-seeing trips to Tia Juana, Mexico, the scenic coastal highway drive along the Pacific from San Diego, to Los Angeles, a trip to Santa Catalina Island, by motor taxi and aboard the glass bottom boat to the Submarine

Bumper Wheat Crop Storage Situation Grows Critical

WACO—In a telegram to Sam Rayburn, J. Walter Hammond, president of the Texas Farm Bureau Federation, today urged the Speaker to apprise Congress of the necessity for immediate ac-

tion in authorizing Secretary of Agriculture Brannan to acquire ample storage facilities for the 1949 bumper wheat crop.

Although the House recently passed legislation authorizing the Government to provide storage bins for farm commodities, the problem still remains unsolved and grain harvest is only a few days away, Hammond pointed

out. The Senate has already approved a bill similar to the House measure but adjustments still must be worked out.

Failure to provide government approved storage that will make the support price available to farmers will cost wheat growers millions of dollars and result in a subsidy to the grain trade, Hammond told Rayburn.

Elevators are bulging now with last year's wheat because the Secretary has not been authorized to secure storage to enable him to move the grain, Hammond charged. The support price guaranteed to farmers is contingent upon the availability of Government approved storage and already elevator men in the wheat belt of Texas have notified farmers that storage for commodity loans will not be available.

Early this month Hammond sent a letter to Secretary Brannan and members of the Texas delegation in Washington warning that the wheat storage situation this year would be more critical than was presented by the grain sorghum storage problem in 1948 because of the bumper wheat crop and the storage bottleneck already existing. He recalled that last year when elevators failed to store grain sorghums it was necessary to make surplus government buildings constructed for the war effort available for grain sorghum storage. After the situation was relieved, elevators found space, but not until farmers had suffered a loss of several million

dollars.

Farmers were caught unaware last year Hammond declared and we want action now so that farmers may secure loans on their grain without suffering a loss of millions of dollars.

State Fair of Texas To Offer \$65,235 In Premium Money To Livestock Raisers

Farmers and ranchers of the Southwest will take home more premium money from the State Fair of Texas this fall than ever before in history.

This news is announced in the 1949 State Fair Premium List, first copies of which are now in the mails inviting all pure-bred livestock breeders to exhibit their herds and flocks at the 1949 exposition.

The Premium List was published a month earlier this year to give farmers and ranchmen more time to plan and prepare the exhibits which they will show to some 2,000,000 visitors when the Fair opens on October 8 for its 16-day run.

Total premium will be \$65,235. Premiums for the various divisions are: Beef cattle (Aberdeen-Angus, Brahman, Hereford, Shorthorn), \$25,200; dairy cattle (Guernsey, Holstein-Friesian, Jersey and Milking Shorthorn), \$12,900; swine, \$8,250; sheep, \$3,213; Angora goats, \$732; Palomino and Quarter Horses, \$4,750; special herdsman awards, \$350; and Junior Livestock Show, \$9,840.

Opening day will see the greatest display of livestock ever shown at the Texas exposition, with the main feature the National Aberdeen-Angus Show, State Fair officials said.

Dates for the Junior Livestock Show have been extended from four days to one week as a result of growing interest in this phase of the Fair. Last year 400 exhibitors from 154 counties brought 1051 animals to the Junior Show.

For the first time in many years 4-H Club girls with livestock projects will be permitted to exhibit in all divisions of the Junior Livestock Show.

The State Fair has expanded its facilities for the swine show, adding 126 new pens. Fair officials confidently expect to break all records in this division again this year.

New pens are being provided for sheep and Angora goats; and 166 of the most modern stalls have been added for the Palomino and Quarter Horse shows.

The foreword of the premium list contains an invitation from Governor Beauford H. Jester to residents in every state to visit the State Fair and enjoy a panoramic view of the inexhaustible resources of the state, and to view the achievements of the entire Southwest country in agriculture, livestock, arts, science and industry.

Requests for copies of the State Fair Premium List should be addressed to State Fair of Texas, Dallas 10, Texas.

4-H Safety Workers Striving To Reduce Farm Accident Toll

More than 1 1/2 million farm residents took enforced vacations last year due to accidents. In short, one out of every 17 farm people suffered a disabling accident.

Motor vehicle accidents now head the list of causes of fatalities to rural people, 7,300 of whom were killed due to collisions, blowouts and other highway mishaps in 1948.

The annual economic toll due to all types of farm accidents is now nearly one billion dollars!

In an all-out attempt to reduce these staggering figures, 4-H Club members throughout the nation are already engaged in the 1949 National 4-H Farm Safety program, reports Guy L. Noble, director, National Committee on Boys and Girls Club Work.

Daily safety practice is stressed in farm buildings and yards, in use of farm machinery, handling livestock and in driving or walking on highways. Through county extension agents and local 4-H Club leaders, rural boys and girls are encouraged to check and remove conditions likely to cause accidents and fires, and promote safety practices in farm life. They are also taught to cooperate in community safety activities. The entire program is under the direction of the Cooperative Extension Service.

As added incentive to produce good safety records, General Motors is again donating awards. Five sterling silver medals of honor are presented members in each county for best safety achievements. The state winner is given an all-expense trip to the National 4-H Club Congress, and

also an opportunity to be selected for national honors and one of the eight \$300 scholarships. The county reporting the most outstanding safety program in each state receives an engraved plaque of merit.

By **DOYLE WILLIAMS**
Minister
Church of Christ

We are living in an age of widespread infidelity. Skepticism and doubt are to be found on every hand. There is one thing concerning which there is no doubt, and that is that we are living in an age of doubt. All of these conditions are in keeping with Peter's predicting words: "Knowing this first, that there shall come in the last days scoffers, walking after their own lusts." II Peter 3, 3.

A question mark seems to be before every thing. It used to be said upon ever hand: "I know that is true because the Bible says so." But today men are asking: "Is the Bible true?"

Not many years ago it was hard to find many who doubted the existence of God, or entertained any doubt about the inspiration of the Bible; but today there is hardly an institution, whether it's social, political, or religious in its nature, which has not been grievously affected by infidelity. It plays a leading role in many of today's books of history and fiction, and is not absent from many of the class-rooms of the schools of higher learning.

There are various schools of infidelity. They are: The Atheists, who deny the existence of God; the Skeptics, who doubt the existence of God; the Agnostics, who claim to be neutral, neither denying or affirming the existence of God; the Deists, who acknowledge a Supreme Being, but deny the Bible as His revelation to man; the Destructive higher critics, who profess to believe in God and the Bible, but usually reject the divinity of Jesus Christ, His virgin birth and His resurrection; the Unitarians, who claim to accept the Bible, but admit only one person in the God-head, hence the name Unitarian. ("Bible vs. Modernism.")

Men have tried to destroy the Bible. They have tried to disprove God's holy word, and find error in it. Yet despite these facts the Holy Bible reigns supremely as the greatest book on earth. The word of God shall stand all the assaults of unbelievers, for it affirms its own existence. "The grass withereth, and the flower thereof falleth away; but the word of the Lord endureth forever." I Peter 1: 24, 25. (Adv.)

Women's Department To Be Best Ever At State Fair This Year

The annual State Fair of Texas is now more than six months away, October 8 - 23, but women are already showing keen interest in classifications in the Women's Department. Mrs. Leah Jarrett, Manager of the Women's Department, states that hundreds of Premium Lists have been mailed in the past few days, and each mail brings requests from many parts of the country for these booklets.

There has been so much popular interest in Potted Plants and Ceramics, and requests for competitive exhibits at the State Fair, it was decided this year to add these two classifications to the Premium List. Competition in exhibit of ceramics and potted plants is open to amateurs; professionals may exhibit, but not for awards. First and second premium ribbons will be awarded in these new classifications as in all other divisions of this department.

Much interest is being shown in the hooked rug exhibit, and many entries are expected this year.

The Textile Division covers classifications in embroidery, cut work, lace work, crocheting, knitting, quilts and spreads, rugs, fancy and plain sewing, layettes, articles made from flour or feed sacks, including a new item of children's sun suits. There is also a classification for handwork of women past 65 years of age.

The Culinary Department is open for entries of preserves, jellies, canned fruit and vegetables, and pickles, with some new items listed in each classification.

The Antiques Division contains 41 items, including classifications for old dolls, paper weights, glass, china, and fabrics, and mounted collections of old money.

The Rules and Regulations of this Department contain an invitation to men to exhibit in any of these divisions.

The Women's Department exhibit will be in the Horticulture Building at the State Fair of Texas. The green house at this building is being remodeled and floored, and plans are progressing rapidly to have an outstanding exhibit of potted plants and gardening features in this location.

The Texas Bird Breeders and Fanciers Association will exhibit hundreds of birds, many of which are tropical birds.

Premium Lists for the Women's Department at the State Fair may be obtained by writing that Department, State Fair of Texas, Dallas 10, Texas.
