### Bronchos To Play Claude Mustangs Here Friday Night—8 O'clock

The Claude Mustangs will be the next opponent of the Bronchos when the two teams meet here Friday evening in Broncho stadium at 8 o'clock.

This is expected to be a tough game for the Bronchos as the Mustangs have proven in the past that they can muster plenty of opposition when they come down to tangle with the Bronchos. Claude was defeated by Stratford last week in the latter part of their game 20-13. That defeat may give them that needed spark to give the Bronchos plenty of trouble. The Bronchos were victorious in their game with Groom 32-19, but they suffered costly injuries to three players, Bill Dale Hill, Ronnie Martin and Delma Graham. Martin and Graham both received knee injuries and Hill received a bad ankle injury that will probably keep him out of action for some time.

The Bronchos appreciated the good crowd of supporters out for the game last Friday night and will be in there this Friday night to do their best to win over the Mustangs. Your support means a lot to those boys on the playing field, so make your plans to be out Friday night at 8 o'clock.

You won't even have to take time to eat before the game, for the Band Parents stand will be open with plenty of eats and drinks. Your purchases at this stand help to build a bigger and better band.

### Services Today For Park Chamberlain

Funeral services have been set for 4 p. m. this afternoon in St. John's Episcopal Church for Park Lewis Chamberlain, pioneer Donley County rancher. Bishop George H. Quarterman of Amarillo will officiate.

Mr. Chamberlain, age 59, died Monday afternoon in the Canyon, where he had been visiting. He was born Oct. 15, 1894 in Clarendon and had lived here all of his life. He was a son of the late Mr. and Mrs. B. W. Chamberlain, among the first settlers of Old Clarendon. He was a member of the Episcopal Church.

He is survived by his wife, Mrs. Irene Jones Chamberlain, Clarendon; a daughter, Mrs. B. R. Mauldin, Barstow, Calif., a step-daughter, Mrs. M. T. King, Phillips; a sister, Mrs. J. R. Calhoun, San Antonio; two nieces, Mrs. Walter B. Knorrp and Mrs. Clyde Slavin, both of Clarendon.

Pallbearers will be Gene Chamberlain, Will Chamberlain, Jake Chamberlain, Fred Chamberlain Jr., A. C. Carter and Cleve Jones.

Burial will be in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

### Hedley Man Injured In Truck-Train Collision

W. C. Snelson, of near Hedley, who was seriously injured in a truck-train crash two miles west of Hedley about 9:45 Sunday morning, was reported some improved at last report. He suffered several broken ribs, a broken leg and was partially scalped.

According to reports of eye witnesses, Snelson drove onto the railroad crossing apparently unaware of the approaching train. The Fort Worth and Denver passenger train No. 7, east bound, hit the front part of the truck and knocked the motor several hundred feet down the right of way. Snelson was thrown from the pickup by the impact. The truck was demolished.

### Services Held Friday For Hedley Pioneer

Funeral services were held Friday afternoon at the Church of Christ in Hedley for Silas Carter Richerson, retired Hedley farmer and rancher. Bert Wells, minister of the Clarendon Church of Christ officiated. Burial was in Rowe Cemetery, Hedley.

Si Richerson, age 74, died Thursday in the home of a daughter, Miss Ruth Richerson, in Clarendon. He was born Oct. 13, 1879 at Cleburne. He came to Hall County in 1893 and worked as a cowboy on the Milliron and Shoobar ranches before going into business for himself. He moved to Collingsworth County in 1903 and was married the same year to Miss Nettie Ring. He had lived in Hedley since 1913. He had been a member of the Church of Christ 50 years.

Survivors include his wife; four daughters, Miss Ruth Richerson, Clarendon; Mrs. Owen Moore, Pampa; Misses Lloyd and Jeanne Richerson of Ralls; three sons, Woodley of Phillips, H. S. of Amarillo and M. Glenn Richerson of Shamrock; four sisters, Mrs. Tom Bain, Hedley; Mrs. Ben Williams, Cleburne; Mrs. Charlie Rapp, Estelina, and Mrs. Ed Brisendine, Amarillo, and four grandsons and 2 granddaughters.

Pallbearers were Raymond King, C. Hunsucker, John McKickin, O'Neil Weatherly, Frank Murray, and L. Baggett.

### YALE UNIVERSITY TEACHER VISITS HOME FOLKS

Many of our older residents in this area will recall the school days here of Charles Walker, son of Mr. and Mrs. J. L. Walker. Charles, with his wife and three sons, is visiting his parents here. The sons are seeing new things every day while visiting the canyons and great out-of-doors to which they are not accustomed.

Charles A. Walker is an instructor in the Department of Chemical Engineering in the big University at New Haven, Connecticut where he has been for several years. He has many friends in Clarendon and Donley County who are proud of his fine record. His residency of several years in the northeast has not changed him since he chose self respect rather than dignity which makes him a good "mixer" as of old.

### POT LUCK SUPPER AT REBEKAH LODGE

The Rebekah Lodge is featuring a Pot Luck supper at the Lodge Hall next Tuesday, September 21st from 6:30 to 7:45 p.m. The public is invited to come and enjoy this supper at 50c per plate.

Jackie Brooks left Monday to enroll at Texas A&M.

### First Cotton Ginned Here Past Week

Three first bales of cotton were ginned by the three gins in this immediate locality last week with each of the producers receiving a premium of \$105.30 plus the ginning free. This premium was donated by Clarendon and Lelia Lake merchants and individuals. A premium price was paid by the gins for the first bales also.

Ronald Castner produced the first bale ginned by Paymaster No. 2 at Lelia Lake; Nelson Seago brought the first bale in to the West Texas Gin and Grady Jones brought the first bale to Paymaster No. 1. Both of the last named gins are located here.

The first bale premium was handled under a new method this year and rules and regulations governing the new set up will be posted and publicized before another season rolls around so every farmer will know what to expect.

The cotton harvest will be getting underway in a big way within the next two or three weeks. A number of farmers are pulling some cotton this week and it is opening rapidly on tight land with the continuance of the hot weather and high wind.

### 168 Register Here Tuesday For Firemen's Convention

One hundred sixty-eight firemen from around 30 Panhandle cities registered here Tuesday for the 41st semi-annual convention of the Panhandle Firemen's Association.

The convention was called to order at 9:30 a. m. by R. D. Mayfield of Dimmitt, president of the Association. Maurice Lane gave the welcoming address and Ray Noblitt was the main speaker at the morning session. His topic was "Public Relations for Fire Departments" and he left many ideas and thoughts with the group that they all will be able to use and think about many times. "It is What We Do That Creates Public Opinion and the people should be well informed," he stated. Entertainment for the program was furnished by R. E. Drennan and local school students.

At noon the visitors enjoyed a famous "Flip" Breedlove barbecue with all the trimmings at the City Park.

Patrolman Cecil McNeal, who is with the Dept. of Public Safety at Amarillo, was the main speaker at the afternoon session. At the business session that followed, new officers were elected and Dumas was named as the next convention city the second Tuesday in May, 1955. The new officers elected were: T. S. Furlow, president, Tullia, Texas; G. A. Williams, 1st vice-pres., Childress, Texas; C. W. Bennett Jr., 2nd vice-pres., and V. E. Hafner, Secretary-Treas., Childress.

In the pumper races held Tuesday afternoon, Memphis won 1st, Canadian 2nd and Childress 3rd. Memphis placed 1st in the Water Polo, Canadian 2nd and Hedley 3rd.

The convention was concluded with a dance Tuesday night.

The Leader wishes to offer apologies to our readers and visiting firemen for not carrying a story on the convention in last week's issue. We were not informed that it was to take place until Friday evening and that was too late to get any thing in Thursday's issue.

Mr. and Mrs. Clyde Wilson and Pat of Indio, Calif. visited relatives and friends here last week.

### Bronchos Defeat Groom 32-19

The Bronchos were victors in their season opener here last Friday night by a score of 32 to 19 over the Groom Tigers. The game was witnessed by several hundred fans that practically filled both the Clarendon and visiting teams stands.

The Bronchos opened the scoring with the first tally coming early in the first quarter, climaxing a sustained drive from their own 40 yard line to the nine yard line where Bill Dale Hill went over left tackle for the 6 points. Delma Graham's kick for extra point was good. A few plays later, Hill skirted left end for 12 yards and another 6 points. Graham's extra point kick was good again.

Groom came back early in the second quarter with their first score when Hermes Meyer went over from the 5 yard line. The extra point was no good. Late in the second quarter the Bronchos took over possession of the ball on the 2 yard line as a result of a Groom fumble. They drove on up to their own 41 yard line where Bill Noblitt took a 20 yard pass and outran the Groom defense for the remainder of the 59 yard touchdown play. A pass attempt failed for the extra.

The third period went scoreless but the fourth period opened with the Tigers showing renewed power in the hour, racking up a 43 yard pass and another 6 points. Extra point failed again. The Bronchos came right back with Bobby Philley pouring on the steam for 64 yards to the 2 yard line where Bobby Johnson carried on over on the next play. Groom tallied again and made their extra point bringing the score at this point to 26-19. Bobby Philley climaxed the Broncho scoring with a 20 yard skamper over the goal stripe and again the extra point failed.

The Broncho backfield showed lots of speed and scoring punch but this was made possible throughout the game by the good work of the Broncho linemen who were opening up holes for the various ground gaining plays. The entire squad played well for their first game and much improvement is in prospect as time goes by and more games are played.

Mr. and Mrs. C. L. Anderson of Pampa visited Sunday in the home of Mrs. W. K. Wade.

### Supt. H. W. Truitt Injured In Car Accident

Supt. H. W. Truitt is reported getting along as well as could be expected at this time in Highland General Hospital at Pampa after receiving a skull fracture in a car accident late Sunday afternoon near Pampa.

Mr. and Mrs. Truitt were returning home from Arnett, Okla., where they had been visiting relatives, and were a short distance south of Pampa on Highway 70 when the accident occurred about 6:15 p. m. It was reported that a teen-age girl was driving the car that attempted to pass another vehicle and struck the Truitt car toward the back end. Mrs. Truitt, who was driving, was able to swerve enough to avoid a head-on collision but the impact sprung the right door open and threw Mr. Truitt out. Mrs. Truitt was not injured.

It was reported that Mr. Truitt will probably be in the hospital two or three weeks before being able to return home. His many friends wish him a speedy recovery.

### Services Held Sat. For W. H. Moss

Funeral services were held Saturday afternoon in the Hedley Church of Christ for Walter H. Moss with Paul Busby, Minister of the East Side Church of Christ in Amarillo, officiating. Interment was in Rowe Cemetery, Hedley.

Mr. Moss, age 57, died at his home east of Hedley Thursday evening after a quite lengthy illness. He had been a resident of Donley County the past 29 years. He was born Sept. 19, 1897 in Lamar County. He was married to Miss Vera Willie Bailey on Oct. 27, 1918, in Lamar County. The couple moved to Hedley in 1925.

Survivors include the widow, of Hedley; two sons, Gene Moss of Dallas and Clarence Moss of Hedley; three daughters, Mrs. Roy Bevers and Thelma and Letha, all of Hedley; one sister, Mrs. E. Moss Lanier, Houston; one brother, Urban Moss, Stuttgart, Ark.; three half brothers and three half-sisters.

Donley County Leader, \$2.50 year

### Everything All Set For County-Wide Flower Show, Horse Show & Races

#### Dusters Win First Game of Series

The Clarendon Dusters looked like a "big league" team Sunday afternoon when they won the first game of the Caprock Series Play-off with a shut-out over the Groom team. The final score was 6-0 in favor of the Dusters. B. F. Dorman was the winning pitcher and Don Ritter was the loser.

Dorman did an extra fine job on the mound and was backed up by top playing in every position. Newman, Duster catcher, played his position well and was on the receiving end of two throw-ins that cut off Groom's only two scoring threats. He tagged each runner a safe distance from home base with ease. The Dusters made several outstanding plays throughout the game which makes fans really enjoy this sport.

The Dusters scored their first run in the second inning, added another in the 5th, two more in the 6th and an additional two in the 8th.

The Dusters seeing action Sunday were B. F. Dorman, Don Dorman, Billy Roy Blackman, Gene Putman, Don Loyd, Skinny Putman, Gene Bulman, Toots Walker and Wayland Newman. Other members of the team are Cliff Stogner, Junior Spier, John Richey and Weldon Talley.

#### Services Pending For R. I. (Bob) McGowan

Funeral services are pending at this time with the Murphy Funeral Home for R. I. (Bob) McGowan, former Clarendon resident, who died at Phoenix, Arizona Monday.

Mr. McGowan operated the McGowan Barber shop here for a long number of years and upon retiring about four years ago, left to make his home with a daughter, Mrs. George Roeder in Arizona.

The only word received here was that Mr. McGowan's body would arrive by plane and services would probably be held here this afternoon or Friday.

#### Risley & Cook Buy Doggett Grain Co.

Announcement is being made in this issue of the Leader of the purchase of the Doggett Grain Co. here by Lloyd Risley and D. F. Cook. Both of these men are well known here and need very little introduction. Mr. Risley also operates the Risley Implement Co.

The business in the future will be known as Risley & Cook Grain Co. It is located one block west of the Depot.

#### BAND BEGINNERS NOTICE

J. H. Gain, band instructor, is reminding parents of youngsters who are joining or planning to join the beginners band that a complete line of instruments will be on display tonight at 7:30 in the Jr. High band room. This will afford an opportunity to pick out the most suitable instrument, to rent or purchase instruments, etc. This will be the last display of instruments until after mid-term, he added.

#### BAND PARENTS TO MEET

All parents, both Mamas and Papas, are invited to attend a meeting of Band Parents Monday evening, September 20, at 7:30 in the Band Hall.

You are given this opportunity to find out just what is being done to promote a bigger, better band in Clarendon. Come if you can!

County Agent, H. M. Breedlove has reported that everything is shaping up for one of the best county fairs in the history of Donley County. Those in charge of community exhibits have been hustling around gathering up their exhibit material as well as all others that will be participating in the fair. All departments of the fair with the exception of the horse show and races will be held at the C. T. McMurtry building one block west of the city hall.

One of the best flower shows in prospect this year also. The show has been extended to a county-wide affair and is being sponsored this year by the Les Beaux Arts Club and the Hedley and Clarendon Garden Clubs. Mrs. E. O. Simmons reported yesterday that some unusual tropical flowers would be on display along with the collection of African Violets grown here by Mrs. W. J. Greene. Any and all types of flowers may be entered and if you have an unusual specimen be sure and bring it down along with any flower arrangements you have. Mrs. Simmons stated. All men are reminded to bring along their flowers for the men's department as this is a new addition this year.

Exhibits and entries in every department of the fair is to be in place by Friday morning, opening day of the fair. All community exhibits, home making exhibits, rabbit and poultry show will be judged on Friday and the swine and sheep on the 18th.

The horse show, which is now approved by the American Quarter Horse Association, will be held on the morning of the 18th at 10 a. m. at the rodeo grounds. The races will be held at 2 p. m. on the 18th at the rodeo grounds.

The premium money for the fair this year will total around eight hundred dollars. Remember, our county fair starts tomorrow, Friday, Sept. 17th and all exhibits will remain intact both Friday and Saturday. Bring your family and invite your friends to visit the "Biggest Little Fair in The World."

#### Second Caprock Series Game At Groom Sunday

The Dusters and Clarendon fans will move over to Groom next Sunday afternoon for the second and possibly last game of the Caprock League Play-off Series. The Dusters were 6-0 shut-out victors over the Groom team here last Sunday afternoon and will be out for a repeat performance in this second game. It will be a tougher game for the locals as the Groom boys will be doing everything they can to stay in the two-out-of-three game series. If the Dusters win this one, it will be the last game of the season. If Groom wins, it will mean another game and the flip of a coin will probably decide where it will be played.

The game at Groom will start at 3 o'clock. Be over there if you can as the Dusters will appreciate your support.

#### Hedley Boosters To Be Here Monday

A caravan of Hedley Cotton Festival Boosters will visit Clarendon at 9 a. m. Monday morning enroute to participate in the Tri-State Fair Parade Monday.

Bales of Cotton, pretty girls and western music will be included in the group of visitors. The 3rd annual Cotton Festival will be held at Hedley on October 8th and 9th. Plans are moving right along for a bigger and better festival.

That stripe clad fellow on the ground might be calling on Allah from all appearances, but he's only one of the inmate cowboys participating in the annual Prison Rodeo who failed to ride that wild, leaping Brahma bull. Bigger, better, wilder than ever the big convict rodeo plays its 23rd season with five big Sunday performances, October 3, 10, 17, 24, and 31.

## PATHFINDER CLUB

The Pathfinder Club began its new year with the President's Dinner at Mrs. Bromley's the evening of September 10th at 7:30 o'clock with Mrs. Clyde Hudson presiding.

The tables were laid with white linen and centered with red carnations, white chrysanthemums and ivy. The place cards were topped with miniature American flags.

We had two guest artists of unusual talent. Rebecca King played two sparkling selections on her violin. She was very ably assisted by Harold Clampitt at the piano.

A delicious three course dinner was served to thirty-two members and three guests.

Mrs. J. Gordon Stewart, historian, gave a resume of the activities of the club for the past year. It all added up to a great deal accomplished. Three new members were elected: Mrs. Duane Naylor, Mrs. S. M. Black and Mrs. Forest Sawyer. Mrs. Hudson presented each of her officers with a beautiful metal tray of her own making. She then presented the gavel to Mrs. Lee Holland, the incoming President, who gave a clever talk on Americanism.

When we adjourned the Safety Chairman proved that she realized her responsibility by admonishing us to "watch your step on the stairway." There were no casualties.

The hostesses for this festive occasion were Mesdames H. T. Burton, Paul Shelton, C. T. McMurry and Ed Dishman.

Those present were members, Mesdames Carl Allmond, C. E. Bairfield, George Benson, I. E. Biggs, Fred Buntin, H. T. Burton, T. M. Caldwell Jr., L. N. Cox, Ed Dishman, Bill Greene, William S. Greene, Lee Holland, J. H. Howze, Clyde Hudson, Ernest

## REBEKAH LODGE ENTERTAINS STATE PRESIDENT

The Clarendon Rebekah Lodge No. 149 entertained at the Lodge Hall Thursday evening, September 9, honoring the president of the Rebekah Assembly of Texas, Mrs. Maude Bussard of Houston, Texas.

Mrs. Bussard has chosen as her theme for the year "Climb the Stairway of Success with Love." Her colors are red, white and silver and her flower the red carnation.

The Lodge Hall was decorated with flowers throughout emphasizing this theme in table decoration.

Laid with a white cutwork cloth, the table was centered with a stairway in miniature covered in silver and entwined with red and white carnations. Silver candelabra with red candles and silver appointments completed the setting.

As a part of the program, the Shamrock Drill team spelled out the word "Love" and made the stairway.

On behalf of the Lodges of this area, Zola Donnell of Goodnight, Texas, District Deputy President, presented Mrs. Bussard with a place setting of rose point silver.

Lodges represented were Wellington, Lakeview, Memphis, Shamrock, Amarillo and Estel. Mrs. Jess Ross, Amarillo, Texas, past president of the Rebekah Assembly of Texas was among those present.

Refreshments of punch and cake were served to 97. Mrs. Chloe Smith poured punch while Mrs. Helen Jo Land served cake. —Reporter

By LYN CONNELLY  
**TO DIANE JENNINGS**, the pleasant young miss who presides over the department of gifts, greeting cards and gag inventions for CBS Television's Garry Moore, the people who watch TV are pretty fabulous... Or so she has been led to believe by the avalanche of many presents which they send her boss each week... The morning mail that crosses Diane's desk is always pretty much like a "grab bag"... Even after six months, she is still surprised by the things she is liable to pull out of it... Consider, for instance, the beaver fur bow-tie which a thoughtful viewer whipped up for Garry during a cold spell last winter... Or the bristless hairbrush which an Iowa barber sent to the comedian to keep his crew out in trim... Then there are the ski-chains a Chicago inventor designed for Garry's shoes when the comedian happened to mention on the show that the ice was slippery up near his home... Most of Garry's strange presents come in as a result of his inadvertent remarks on his daytime TV show...!

Mr. and Mrs. Monte Wolford were in Wichita Falls Friday of last week. They attended the wedding of Miss Joanne Johnson of Claude. Joanne is a niece of Mrs. Wolford.

Mr. and Mrs. Boots O'Neal visited Sunday in Alanreed.

Tommy Barnes of Mt. Pleasant, Texas visited a few days last week in the Herman Barnes home enroute to Las Vegas, Nevada.

**CARD OF THANKS**  
 I wish to express my appreciation to all those who helped so much, by writing such nice cards and letters to me, while I was in the hospital; they meant so much to me. Thanking you again.

**Restoration Jobs Listed**

AUSTIN—The Texas Game and Fish Commission currently is working on twenty-four major wildlife restoration projects.

The budget for this program, according to the Director of Wildlife Restoration, calls for expenditure of \$698,400.

Under the Pittman-Robertson Federal Act, designed to stimulate general interest in sparing wild game from extinction, \$524,800 of the allotted funds will be covered. This leaves only \$174,600 to be charged to Commission funds.

Originally, the Game and Fish Commission began its own restoration program in 1938. Then the Federal Act brought new momentum resulting in broadening and intensifying the movement.

The largest single project involves both game and fish improvement combined in the Sheldon Reservoir Management Area Development near Houston. The total calls for \$147,400 for the year.

Other major items are \$50,000 each for the Engeling Wildlife Management Area Development in Anderson County and the Kerr Wildlife Management Area Development in Kerr County.

In the far western part of the state, \$38,000 is earmarked for the Black Gap Wildlife Development in Brewster County on the fringe of Big Bend National Park.

The Eastern Wildlife Development, involving a series of deer-turkey restoration areas in Angelina, Polk, Tyler and Sabine Counties, has been granted \$24,000 and \$28,000 goes for the Panhandle Game Management Survey set up to determine the status of wildlife species and to supervise the harvest and other routine. Big Horn Sheep development in the Black Gap country is allowed \$32,000. This project calls for transplanting brood stock from Arizona.

## PRICE SUPPORT PROVISIONS BROADENED TO INCLUDE LOWER TEST WEIGHT RYE

The U. S. Department of Agriculture August 23rd announced that because of adverse weather conditions in the rye-producing area 1954-Crop rye price support provisions have been broadened to include light weight rye that otherwise would not be eligible for support.

The lighter weight rye included under the broadened provisions will be Grade No. 4 or Sample grade on test weight only, but rye testing less than 40 pounds per bushel will not be eligible for support. The light weight rye will be discounted 4 cents for each pound below the minimum test weight (52 pounds a bushel) for Grade No. 3 rye.

## TOTAL ACREAGE ALLOTMENTS FOR ALL FARMS

Special provisions will be in effect in 1955 to influence the use of acres diverted from allotments crops, helping to prevent shifts from surplus crops to other crops which might themselves soon be in surplus trouble. As of now, we have no definite information on just how the total allotments will be established, however, it is known that the 1953 acreages of all crops and uses will be used in establishing total farm acreage allotments. Farmers who wish to plant fall and winter seeded crops such as barley and oats, will be reasonably safe in using their 1953 acreage as a guide.

Acreage diverted from other crops may be used to produce hay, cover crops, green manure crops, or pasture. Such acreage may also be summer fallowed or left idle.

## GRAZING RESTRICTIONS REMOVED FROM EMERGENCY WIND EROSION CONTROL PRACTICE NO. 36-E:

The Emergency Practice 36-E now reads as follows:

Seeding Grain Sorghum, Sweet Sorghum, Sudan Grass, Millet, Barley, Oats or Rye to establish a cover for the control of wind erosion.

Volunteer crops and crops planted prior to July 10, 1954 will not qualify.

Sorghums, millet or small grains of average purity and germination should be planted at the following seeding rates per acre: Grain Sorghums, sweet sorghums or sudan grass in rows—5 to 6 pounds; drilled or broadcast—15 to 18 pounds; Millet—10 to 12 pounds; barley, oats or rye—48 to 60 pounds.

Grazing consistent with good management is permitted, but a crop will not qualify if harvested for any purpose. The crop must be left on the land until the land is plowed in preparation for seeding a crop in the spring or summer of 1955.

Maximum Federal Cost-Share:

- (1) Sorghums in rows — \$1.00 per acre.
- (2) Crops drilled or broadcast — \$1.25 per acre.

## THE LION'S TALE

By Carl Allmond

As we finished singing "The Battle Hymn of the Republic," Drennan asked us to face the flag, and sing one verse of "The Battle Hymn of the Republic." Of course, he meant for us to sing one verse of "The Star Spangled Banner", which we did before eating. The trouble was, he had "too many irons in the fire" Tuesday; he furnished two programs for the Firemen's Convention, one for the Lion's Club, besides having to do double time at the school, in the absence of Supt. Truitt. We all regretted to hear of Lion Truitt's accident, and are hoping for him a speedy recovery.

Lion Bill Scales was up from Hedley, to give first hand low-down on the Cotton Festival, to be held Oct. 8th & 9th. Those boys down there sure put on a good show!

In case you were wondering about all those red cars and new faces in town Tuesday—the local fire department was host to the Panhandle Association of fire departments. There were over 150 out-of-town guests registered, and we believe they had a good time. Our local fire department is a credit to Clarendon, and we should express our appreciation to them more often.

Attention every one — the Lion's Club of Clarendon will celebrate its 32nd anniversary, Oct. 5th, with a double bill. Delbert Downing, manager of the Midland Chamber of Commerce, has been engaged to bring the principal address at the banquet. Mr. Downing appeared here previously and spoke at a joint meeting of the Lions Club and Chamber of Commerce. Downing is well known for his entertaining and thought-provoking remarks, and is much sought after as an after dinner speaker. Clarendon should feel fortunate in securing a man of his calibre.

Sharing the lime light with Delbert Downing will be our own District Governor of 2T1, Jim Ed Waller of Plainview, who will be making his official visit.

Everyone is invited to help us celebrate our 32nd anniversary—time Oct. 5th, 8 o'clock, admittance by ticket only, \$1.50 per plate. You will have a good time and a good meal.

Ralph Porter volunteered to mow the grounds, and the club voted to have the job finished.

John Head was back today after a long hot summer—wouldn't a goat look snazzy tied to that post out in front of the bank? We'll see you next Tuesday, John.

Chas. Deyhle came in late enough to miss the meal. Sorry Charlie.

Charles Walker, one of Clarendon's intellectuals, was a guest of Homer Estlack. Mr. Walker is a professor of Psychology at Yale University, and is the son of Mr. and Mrs. J. L. Walker of Clarendon.

For the program, Misses Ruby Mann and Shirley Barker sang two numbers, "Goodnight Sweetheart," and "Blue Moon." Their accompanist was Miss Jane Mosley. Mrs. Simmons Powell accompanied Mrs. Dick Shelton as she sang "Summer Time," and "Birth of the Blues." Thank you, ladies, for the fine entertainment; always a pleasure to have you with us.

Mr. and Mrs. F. C. Crofford of Amarillo were guests in the W. L. Jordan home Sunday.

W. M. Wood of Fordyce, Ark. is visiting his daughter, Mr. and Mrs. W. L. Jordan.

According to a study conducted in 1952 over a portion of central Indiana the average livestock farm carried a total of \$86,500.00 investment per unit. This included real estate, livestock, machinery, and supplies. On the same livestock farms it took an average of one and three fourths workers to operate this size unit. This made an average per worker

investment of \$49,500.00 per man working. Just wondered how this would compare with figures here in our own area. Also, we would like to know how this would compare with the investment per worker in other businesses.

The above goes to prove again the thing that has happened in this machine age to the young man who would consider going into the business of farming. He suddenly finds that he is in competition with big business. His grandfather may have converted his buggy horses into a plow team. He may have invested a few dollars in a walking planter, a double shovel and a walking lister. He then may have gotten several acres of timber land rent free for a year or so for the clearing and was then in business. If

he had a good reputation for hard work which was his main investment he would have no trouble getting started. We admit the start was small and the goal that he could reach within a few years might not have been too high but it was nevertheless a start. If this idea did not appeal to him he could find an already established farmer who would set him up on the "Halves."

The row ahead was a hard one; the sacrifices for him and his family were great. But, he did have his starting place and many other folks were coming right along the same road so that he could keep up with at least "Some of the Joneses."

Now let's take a look at the young man of today. He finishes school with a lot of new and

good ideas all ready to be tried. He may have to wait though until he gets back from a hitch in the army which makes him a few years older and that much more in need of getting started in a hurry. Let's say his family is not able to set him up and he needs to go out renting land for wheat. Considering he has the good reputation for hard work which he will still need in this modern age he would also need the following if he would operate a farm capable of making a living for his family comparable to the times. Let's put down one tractor \$3,000.00 and a combine for \$5,000.00, drill and two or three of the new type plows would cost at least \$2,000.00. This gives him a machinery cost alone of \$10,000.00.

If he rents a combination live-

stock farm he will need at least another \$10,000.00 credit for livestock, operation and supplies. You may at first glance say that all this is too high but think for a minute who rents the land that is available for rent in your own community. It goes to the fellow with the newest and best tools for farming as well as the capital to operate on. Perhaps we can not put any blame on anyone; it may just be one of the costs we pay for living in this machine age.

But when we start wondering why our boys are drifting to the good jobs in the cities we should not forget this situation. Some one remarked the other day that four boys out of five in their community had gone on to city jobs. Perhaps they love the farm; perhaps they mean to come back when they have made enough to

"Get started", but will they ever come back?

**Need For Cover Crops**

**Texas Dept. of Agriculture**  
If experience is the best teacher, then Texas has had some harsh and bitter instructions on the need to save our agricultural land.

Drouth has exhausted most of the subsoil moisture from vast sections of the state. Hot winds sweeping over nude fields lifted great quantities of our top-soil and powdered it into worthless dust. The disaster set us back many years in farm progress.

This is the second time in 20 years that we have experienced a "dust bowl" era. Apparently, we didn't learn our lessons very well the first time. But there are exceptions.

During a recent survey of the Plains area, a curious and heartening phenomena was observed. Next to a completely blown out field, you could see a plot which still retained its topsoil. The relatively undamaged areas were those where the remaining soil moisture was utilized to produce cover crops.

Thousands of acres of land are allowed to lie barren in the off seasons in Texas. These fields are the first to suffer damage when dry winds start to blow. Yet, time after time, cover crops have proven to be an important factor in preventing this waste. We should take advantage of this knowledge.

Government authorities recognize this fact. As a result, a recent change in the Agricultural Conservation Program makes any farmer or rancher eligible to apply for cost-sharing of planting cover or green manure crops on crop-land which will be shifted from production next year. The ACP authorizes payment of up to 50 percent of the cost of seedbed preparation, fertilizer, lime and seed for establishing cover crops on such land.

The main purpose of this aid is to provide adequate protective cover. But such crops can also provide emergency winter pasture for livestock. In many cases, this will be the only home-grown roughage available this winter and therefore could be extremely

ly important in Texas.

Farmers and ranchers are encouraged to take advantage of the program this year. Conservation practices are drastically needed in all sections of the drouth area. A lot of poor crop land should be retired to grasses and much more needs to be protected during the winter and early spring months.

In view of an expected shortage of some forage seeds due to short crops this year, farmers are advised to anticipate their needs and order seed early.

**Fossilized MAIZE GRAINS ESTIMATED AT 60,000 YEARS**

AUSTIN — Archeological evidence strongly indicates maize, one of the world's most important food plants, originated in the Western hemisphere, a University of Texas researcher reports.

Scientists have recovered fossilized grains of wild maize from drillings 200 feet below Mexico City, Miss Dee Ann Suhm of Houston, graduate student in anthropology, says. The fossils are estimated to be at least 60,000 years old.

Numerous primitive varieties of maize have been discovered in remote hill areas of northeastern India, but no archeological evidence has been found indicating an earlier origin than American maize, Miss Suhm writes in a research report on the grain.

 Southwest Conference games will be brought to you every weekend. The schedule includes broadcasts of both non-conference and conference games. Kern Tips again heads Humble's staff of able announcers.

**SPECIAL FOR WEST TEXANS:**  
 Humble will again sponsor broadcasts of Texas Tech's football games over a network of West Texas radio stations.

**TELEVISION:**  
*Live!* Humble will bring Texans live telecasts of outstanding college games every Saturday afternoon during the season, and on Thanksgiving Day. These are telecast under the program of the National Collegiate Athletic Association. Tentative schedules include four Southwest Conference teams.

*On film!* Humble's weekly television program, *Texas in Review*, will feature highlights of Southwest Conference play. This appears on Monday or Tuesday nights over 14 Texas television stations. Special arrangements enable you to see Saturday's action as early as Monday night.

## TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

Sept. 3, 1954

### THE DEATH OF EDC WAS NO SURPRISE

When France recently refused to ratify the treaty creating an European Defense Community, official Washington was not surprised nor shocked. As a matter of fact, since the EDC proposal was executed at Paris on the 27th day of May, 1952, at no time has it been considered as having more than a fifty-fifty chance. That some difficulty was expected was evidenced by the following paragraph contained in article 132 of

the treaty. "In the event that all the instruments of ratification have not been deposited within a period of six months following the signature of the present treaty, the governments of the states which have made such deposits shall consult among themselves on the measures to be taken."

The parties to the treaty were West Germany, Belgium, France, Italy, Luxembourg and the Netherlands. France and Italy were both expected to balk at ratification. However, it could be reasoned that if France could be sold, Italy would, no doubt, follow suit. In other words, France held the key to the situation and everyone knew it. Everyone also knew that unless some substantial changes could be made in the general government setup

in France, there was no chance of getting the treaty ratified, and even if it was ratified, it would be wholly ineffective because there could be no government set up to carry it into force. As one leading columnist so ably put it, ratification depended entirely upon the affirmative votes of the members of several parties holding widely divergent political views. The all-out opposition to the plan found its nucleus in the 95 strictly controlled Communist members. Since the political parties in France all seem to be more or less extremists, EDC never had a chance. In other words, France does not have a substantial political party with several wings inside the party. Each party appears to be what we would call a splinter party. It is an excellent example of what can happen to any government when you fail to maintain some degree of balance in a national political party.

The creation of splinter type parties going off on every conceivable tangent creates a fertile field for Communism, because one of the basic axioms of both Communism and Fascism is "divide and conquer." The failure of EDC could have great value as a warning to free people everywhere that the success of a government must depend upon sound logical reasoning and a solid balance

upon which can be founded a united front.

Yes, many of us were terribly disappointed that EDC did not become a reality, but I repeat, we were not surprised.

### THE AMERICAN LEGION

The American Legion has just concluded its 1954 convention in the National Capital. Contrary to many stories that were going around the country to the effect that the American Legion Conventions were boisterous, noisy, unwieldy and unwanted, I want to say that I have never seen a finer group in convention anywhere. They had fun, yes, but it was good, clean fun and everyone seemed to be in splendid spirits and having a good time. Everyone in Washington joined in the spirit of the affair, and it turned out to be a good, old-time American convention that will be well and pleasantly remembered for a long time. Charley Gibson and George Broome of Amarillo were both in town, and I had the pleasure of lunching with them. These two men have done a tremendous amount of work during their service in this organization. Their contribution to the American Legion is certainly evidenced by the many, many friends that they have from all over the world. The parade lasted all after-

noon and all night and was enjoyed by one and all. It started about two o'clock in the afternoon and ended up about three A. M.

It's the big Success today

You can read it in the sales figures—Buick's the car that's climbing to a phenomenal public preference. For Buick today is outselling all other cars in America—regardless of price class—except two of the so-called "low-price three." And every month strengthens Buick's new leadership position. It's the "hot" car for style, for power, for performance—and, most emphatically, for value.

Any way you look at it, Buick's the buy of the year, hands down. For Buick prices start close to the lowest—just a few dollars above those of the "low-price three." But those few more dollars you pay for a Buick buy you a lot more power, room, comfort, style, ride steadiness. And get this: with our tremendous sales volume right now, we can offer you a really top allowance on your present car. That's the added bonus you get from our big volume.

It's the Beautiful Buy right now

It's the "High Resale" car for years from now

No Wonder— Buick Sales are Soaring!

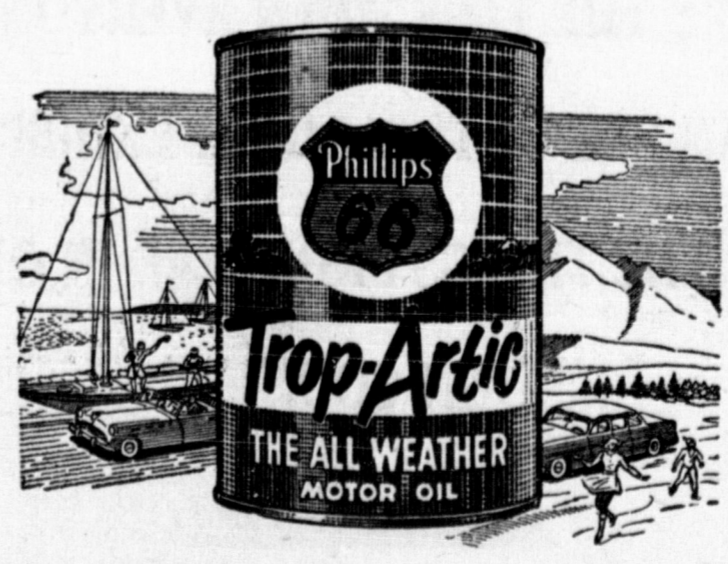

With Buick's year-ahead beauty today, you'll be driving a car that's right up front in the style parade of tomorrow. And when you're ready to resell your Buick, it will still be fresh and new-looking, with the modern features the others will adopt in the coming years. And that means you're bound to get a higher resale price when you do trade it in. Drop in and see this beautiful buy right now.

AUSTIN—Texas' conservatives, with a champion in Governor Allan Shivers, are now looking confidently toward the September 14 state Democratic convention at Mineral Wells.

Control of the convention is already assured the Governor by July precinct and county conventions which were largely captured by the state's conservative element.

In the Mineral Wells move to set up a solid conservative state organization for the next two years, Shivers is expected to:

1. Name a successor to Wright Morrow, conservative Democratic National Committeeman who has been denied a seat by the national committee. Morrow had agreed to step aside, but the state organization refused his resignation.

2. Lend impetus to the move by

conservative elements to replace liberal Democratic National Chairman Stephen A. Mitchell with someone acceptable to Dixie and Southwestern conservatives. Mitchell has agreed to resign after the November 2nd election.

With primary emphasis on healing the split in the national Democratic Party, one question has come to the fore.

That is whether Texas conservatives will fight the renomination of Adlai Stevenson, who appears to be the only top Democratic contender for the presidency, in 1956.

Stevenson lost the Texas vote in 1952, largely because of his views on states rights and the Texas tidelands.

**Stop Taking Harsh Drugs for Constipation**

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

When you are temporarily constipated, get *sure* but *gentle* relief—without salts, without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. The extract of Senna in Dr. Caldwell's is one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief of temporary constipation for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

**Drought Help**  
Four more Texas counties have been recommended for the state-federal drought program by Governor Allan Shivers.

Drought relief was asked to be extended to ranchers and farmers of Brazos, Dickens, Kent, and Montague Counties. Seventy-five have previously been approved for the aid.

**Broadfoot to Retire**

Called from retirement five months ago to replace District Judge C. Woodrow Laughlin in George Parr's South Texas kingdom, Judge A. S. Broadfoot has again announced his retirement.

Judge Broadfoot, of Bonham, was chosen by the Supreme Court after Judge Laughlin was removed. His 70th District Court includes Starr, Brooks, and Duval

Counties. Indications are, however, that Judge Laughlin may soon be back at his old bench. He has successfully campaigned for Democratic renomination for the two years remaining on his term.

Until his assumed return to the bench January 1, Governor Allan Shivers or the Supreme Court Chief Justice will appoint a successor to Judge Broadfoot.

**Business Record**

Texas business may break all previous records this year.

Dr. John R. Stockton, director of the University of Texas Bureau of Business Research, says his prediction will be true if the remainder of 1954 looks like the first seven months.

Stockton reported that Texas' business for the first seven

months was the highest of any year's similar period.

**School Increase**

A 22.5 increase in state public school attendance is forecast by a school survey, just completed.

The 308,000 daily jump in numbers of students was predicted by the Texas Research League, now preparing research reports of the Gilmer-Aiken financing program for the State Board of Education.

Enrollment in the school year ended last June was 1,569,000, the league reported.
