## March of Dimes Opens 1949 Drive Here Tomorrow

The most crucial March of Dimes campaign in history opens tomorrow (Friday) here in Donley County, as well as in all other sections of the United States. The 1949 appeal for funds to fight infantile paralysis is aimed at enabling the local chapter to finance the fight against possible polio epidemics next summer while at the same time allowing it to participate in the various activities of the National Foundation for Infantile Paralysis. The campaign continues through January 31st.

### PROCLAMATION

WHEREAS, infantile paralysis last year struck our nation with intense fury, taking savage toll of thousands of little children, and,  
WHEREAS, during the past six polio seasons more than 100,000 Americans have been stricken by this crippling disease, and,  
WHEREAS, the services of the National Foundation for Infantile Paralysis and its 2,819 chapters were at hand to aid those stricken, and,  
WHEREAS, in so doing last summer the National Foundation exhausted its epidemic emergency aid fund, and,  
WHEREAS, the 1949 March of Dimes January 14-31, provides the only means by which the National Foundation and its chapters may continue to fight infantile paralysis, by aiding those stricken, while financing research to find a preventive or cure, and,  
WHEREAS, infantile paralysis is certain to strike again next summer, and adequate resources must be available to meet its menace,  
THEREFORE, I, Mayor of City of Clarendon do urgently appeal to each and every resident of Donley County to join zealously during the period January 14-31, in making the 1949 March of Dimes the most successful in local history.

C. B. MORRIS, Mayor.

## Local Boxers To Meet Lefors Here January 20th

The next boxing event listed on the schedule to be held at the best contests of the season as the boys from Lefors have been known for their boxing ability for a number of years and have produced several high contenders in the Golden Gloves. Coach Clinton reported that his boys are in good condition for the leather slinging affair and will be able to match any and all weights the Lefors coach brings along. More heavier weight bouts are expected in the event and since we haven't boxed Lefors this year, some of our more experienced boys will have a better chance of being matched. Reserved and ringside tickets for the match will be on sale at the Clarendon Furniture Store the first of the week so be sure to go by early and get your choice seats before they are taken as a much larger demand is expected this time. Mr. and Mrs. Henry Tatum had for dinner guests Sunday, Mr. and Mrs. Ike Lester of Phillips and Mr. and Mrs. J. B. Jones and Mr. and Mrs. Jack Semrad of Amarillo.

Mrs. Blocker listed two primary reasons for greater donations to the infantile paralysis epidemic, such as last year's crippling attacks in parts of North Carolina and California, while on the other is the tremendously high cost of after-care for those stricken. Mrs. Blocker explained that the campaign would be carried out at the least possible expense so that precious dollars saved might be used in the battle against the disease. She said that no new cards would be distributed, but old ones left over from last year would be used. Milk bottles and fruit jars will be placed in public places for donations rather than boxes of the type used before; every means of saving money will be utilized. As a climax to the March of Dimes campaign in Donley county, Mrs. Blocker said there would be a dance at the Opera House Friday, January 28th in accordance with the annual President's Birthday Ball. The "Collegians" of Canyon, a very popular orchestra in this part of the country, will play. Charlie Murphy has been appointed chairman of the dance committee.

## QUAIL SEASON ENDS SUNDAY, JAN. 16

It looks like a bad weekend for both the quail and the hunter. The weather will be slushy and the quail will be dodging (some won't) those lead pellets for the last time Sunday, January 16th as the season officially closes on that day. The boys who have been hunting during the worst of the storm reported that the birds were hard to stay up with as there were very few hiding places and they could watch the hunter better. The heavy sleet was hard on the birds also as those killed had no food whatever in their craws and they will probably remain gaunt for the remainder of the week or until the sleet thaws enough for them to find food again.

## MURPHY & MOORE LEASE PARSONS BROS.

It was announced this week that Tom Murphy and Claude Moore had leased the Dry Cleaning firm of Parsons Bros. Mr. Parsons leased his business to Monte Wolford last month in order to take a much needed rest. Mr. Wolford has been confined for some time due to sudden illness which has compelled him to withdraw from the business. Mr. Moore is new in the dry cleaning business but Mr. Murphy has been connected with this type of service at various times for a number of years.

## Fat Stock Show Date Set For Feb. 25th

The Donley county show board met in the office of county agent H. M. Breedlove, Saturday at one thirty P. M. Mr. C. L. Lewis, president of the board had H. M. Breedlove to read the minutes of the previous meetings and give the financial statement. The board voted to set the date for the Donley county Fat Stock Show on February 25th, that date just preceding the Amarillo Fat Stock Show. This is the fifteenth annual Donley county Fat Stock show and will feature 4-H club boys and FFA boys from all over the county showing their fat beef calves, swine and lambs. Mr. L. E. Grove of Hedley is in charge of the Hedley chapter of FFA; Mr. Tom Seay is in charge of the Clarendon chapter of the FFA and county agent Breedlove is in charge of all 4-H club boys in the county. Mr. R. E. Drennan was appointed chairman of the finance committee to get premium money for the three shows during the year. The show board sponsors three shows during the year—The Donley County Fat Stock Show, The Donley County Dairy Show and the Donley County Fair, horse show and races held every fall. The board suggested Mr. L. M. Hargrave of Texas Tech College for the judge of the show and he is being contacted at this time. The members present were C. L. Lewis, President; H. M. Breedlove, secretary and manager of the shows; L. E. Grove of Hedley, Forrest Sawyer of Clarendon, and Tom Seay of Clarendon. Livestock from Donley county will be shown in Houston, Fort Worth, San Angelo, Odessa and Amarillo. The club boys will show their prize animals in all parts of this state to let the people see that Donley county can get in there with the best of them.

## C of C Banquet Is Postponed Indefinitely

The Annual Chamber of Commerce Banquet which was slated for this Friday night at the Lions Club building, has been postponed indefinitely, according to a statement released by W. S. Whaley, manager of the local office. When the weather settles down in the near future, we will venture to set a new date as we want everyone to be in attendance, he added.

## Aviation Dance Saturday Night

The fourth in a series of monthly dances will be held Saturday night, January 18th in the lounge room at the Clarendon Municipal airport starting at 8:30 p. m., it was announced today by the Donley County Aviation Club. If the weather continues bad however, the dance will be postponed until the following Saturday, January 25th, it was also announced. Coffee and cokes will again be available and new dance pieces have been found to make for a more enjoyable evening. Most popular pieces so far have been "Put your little foot," "Ten Pretty Girls" and several "Paul Jones." The two night plane rides for the lucky winners will still be in effect providing the weather is agreeable. Joe Jones, President of the Club, said he would have to install skis on his plane in order to keep in business if the snow and sleet keeps falling.

# Record Sleet Fall Blankets Donley

## BURIAL HERE TODAY FOR FORMER RESIDENT

Funeral services were slated for 2 p. m. this afternoon for Arthur W. SoRelle with burial about 4 p. m. in Citizens Cemetery, Clarendon. Mr. SoRelle died from injuries received in a plane crash in S. Dakota Monday. Mr. SoRelle was raised in Clarendon and attended Old Clarendon College here. He has been an Amarillo resident for a long number of years. His mother, Mrs. W. A. SoRelle, still lives at the old family home here. Other survivors include his wife, two sons, A. W. Jr., Charles; two daughters, Mrs. R. G. Bohanan, Mrs. John L. Upshaw; two brothers, I. F. and Jack SoRelle.

## LARGE CROWD HERE FOR APPRECIATION DAY

Despite the deep sleet and messy weather, one of the largest crowds yet was on hand for the appreciation day event yesterday. People came to town that hadn't ventured out all week. The big event of the day was held on the court house lawn as main street was still adorned with that 3 foot ridge of sleet in the center and it would have been much less convenient for all concerned.

## Local Boxers Win Over McLean

The Clarendon boxing team came out victorious in the dual meet here last Saturday night with the boys from McLean. They won eight bouts out of fifteen that were matched. A very nice crowd showed up for the event even though it took place on Saturday night, a time when a large number of the regular fight fans have to keep their business firms open until a late hour. The boxing schedule has been rearranged so that there will not be any other matches scheduled on Saturday night during the remainder of the season. The results of the bouts Saturday night are as follows, naming the Clarendon boy first in each bout.

- 55 lb.—Richard Davis dec. by Paul McCurley.
- 53 lb.—Gene Elmore dec. by Tommy Watkins.
- 61 lb.—Jack Moore dec. by Harrel Hugg.
- 63 lb.—Hubert Heatherly dec. Gerald Hugg.
- 66 lb.—Mike Davis dec. Butch Foster.
- 76 lb.—Doyle Hall dec. by Arnie Duncan.
- 82 lb.—Bill Dale Hill dec. Harley Knutson.
- 86 lb.—Tommy Blasingame dec. Jack Hupp.
- 90 lb.—Bobby Davis dec. Jerry Copeland.
- 100 lb.—Jimmy Sullivan dec. by Gary Nicholson.
- 99 lb.—Gerald Mulanax dec. Dale Johnson.
- 118 lb.—Billy Bob Adams dec. Alvin Blackshire.
- 123 lb.—Leland McBryer dec. by Donald Knutson.
- 127 lb.—Jerry Moore dec. Cliff Calahan.
- 140 lb.—Rex Bradford dec. by Johnny Vineyard.

## Part Time Class In Woodworking Course Planned for Veterans

Plans are being made by the Donley County Vocational School to offer a part time course in cabinet making for veterans if a sufficient number are interested in the course. A number of veterans have already indicated interest in the course according to J. R. Gillham, Coordinator of the school. An enrollment of at least 15 to 20 veterans will be necessary to start the course. The classes will be offered at night only in order that veterans employed at full time jobs may take advantage of the course. The class will meet 12½ hours each week and each veteran enrolled will be paid fifty per cent of the regular subsistence and only one-half time will be charged against his eligibility under G. I. Benefits. The veterans administration will buy each veteran enrolling in the course \$100 worth of hand wood working tools. Any veteran who was in the service a minimum of 90 days and who has an honorable discharge is entitled to participate in work offered by the county vocational schools; however all veterans must start training before July, 1951, in order to receive any benefit from the G. I. Bill. If he has not started training, he will lose all educational benefits to which he may be entitled. The Donley County Vocational School offers courses to veterans who are farming in the field of agriculture; woodworking courses for veterans who are interested, regardless of vocation; and distributive education courses for those interested. The classes are held at Clarendon, Hedley, and Lelia Lake. Any veteran interested in enrolling in the part time night woodworking course should contact the vocational school office at his earliest convenience. The office is located in the first building west of the College.

Mrs. Laura Taylor of Lelia Lake has bought the W. B. Smith home in Clarendon and moved from Lelia Lake Friday to make her home in Clarendon.

Boy Blackwell was in from the J. A. Ranch Monday attending business matters.

## Brings 2.40 Inches Moisture

Residents of this area have a chance to smile and really enjoy it now since that much needed moisture has come to visit us again. The weather station at the airport reported a total of 2.40 inches of moisture had fallen in the form of rain and sleet since early Sunday morning. The moisture falling in this manner will amount to much more in reality since practically every bit of it is expected to soak on into the ground as the approximately 6 inches of sleet melts. The sleet is very beneficial within itself as it carries a heavy content of nitrogen which will build up the content of the soil.

The cold wave and moisture has been inconvenient in many ways to motorists and especially farmers and ranchers who had the task of feeding their stock but regardless of the added hardships it might have caused, it is worth it all just to have the moisture.

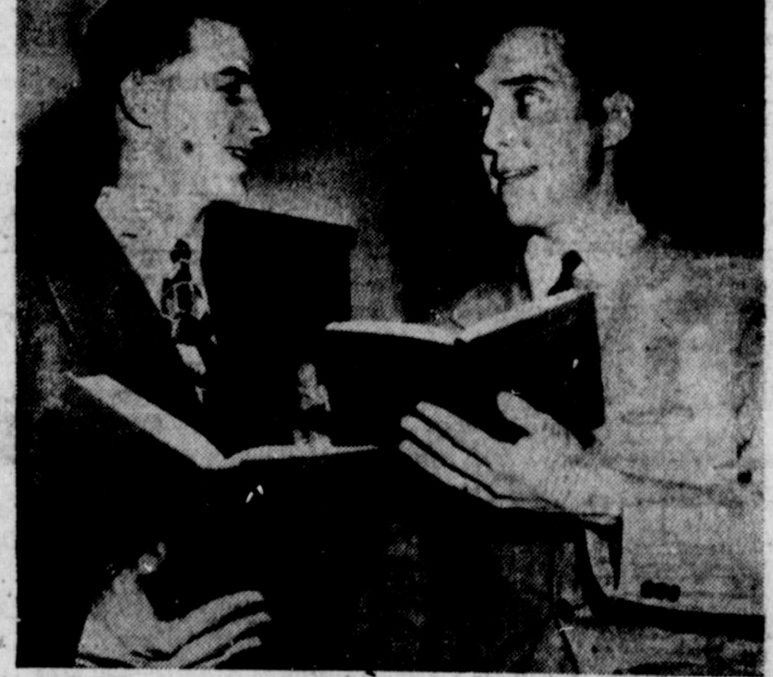

The city is to be commended for their efforts in clearing the main traveled streets as cars were moving very slow and a large number were sticking, especially those without chains. The highway department workmen had the situation well in control Wednesday although the highway was still slick in many places. Donley county was fortunate in the fact that there was very little freezing rain before the sleet started falling, therefore there was no damage to power or communication lines or to anything else that usually carries the load in such storms. Old-timers living here for a long number of years say they can't remember a previous spell when sleet fell as deep as it has this time. Usually it will start in sleet and then turn to snow, but the weather conditions during this spell were very unusual. The rain fell from a high warm altitude and froze in the solid sleet pellet before it reached the ground. Many have expressed that this was the nicest cold spell experienced in many years. Bud Long of the J. A. Ranch crew was in Monday for a business date with "Collector Sam."

**Soil Conservation Chief Sights Permanent Agriculture Goal**

H. H. Bennett, Chief of the Soil Conservation Service, said in his 1948 fiscal year report today the margin between land deterioration and land conservation in the United States has been so narrowed that the goal of a permanent agriculture is in sight "if we but speed up our efforts."

Contributing to the progress of the Service's work he reviewed during the past 15 years in his report to Secretary of Agriculture

Charles F. Brannan was still another record year of farm and range land conservation treatment in farmers' soil conservation districts. That was 21 1/2 million acres on which soil conservation measures were applied to meet the needs of the land, or about 7 percent more than in the previous record year of 1947.

The report pointed out that during each of the 15 years of the life of the Soil Conservation Service, more conservation work was done per employee than during the preceding year.

"Moreover," the soil conservation chief observed, "increased

**Dr. J. Gordon Stewart**  
 PHYSICIAN & SURGEON

Office in Latson Bldg.  
 Ground Floor  
 Office Phone 239  
 Residence Phone 253

experience on the part of Service technicians, together with increased experience and efficiency of the soil conservation districts and cooperating farmers, - - - collectively have made it possible for the Service to increase the work load per man each year without sacrificing quality or thoroughness of the conservation work done."

The 1948 accomplishments with a staff reported at 17 percent less per soil conservation district than the year before brought to 571,163 the number of active conservation plans made in the districts since August, 1937, covering 157,751,642 acres. The 1948 year's 109,673 plans covered 31,484,947 acres. The 21,576,654 acres treated in the last fiscal year brought the total acreage treated in districts since the first ones were organized to 82,824,431. The figures do not include other work done during the demonstration phases of Service activities, mainly on private lands.

The report showed there were 2,033 conservation districts in the 48 states, Hawaii, Puerto Rico, and the Virgin Islands as of June 30, comprising 1,114,003,200 acres, and including about three-fourths of all the farms and two-thirds of the farmland in the country.

Chief Bennett also reported a considerable spread of soil conservation to other countries, with 49 now carrying on some work patterned after that of the Soil Conservation Service, and with 378 scientists or officials of 67 countries having come to the United States since 1942 to study soil conservation methods.

"A prosperous and lasting agriculture utterly depends on an adequate supply of productive land, properly used and so protected that it will remain permanently productive," the report emphasized. "Without this solid foundation, there can be no real hope for a continuously successful agriculture anywhere. And, too, without this foundation there

can be no assurance of economic stability and social progress; there can be no assurance of adequate nutrition, prosperity, happiness, or peace anywhere on earth - - - The solution of our land problem can be stated simply: Use each acre of land under adequate safeguards from erosion and other impoverishing forces for the type of production to which it is best suited by nature."

By sharply increasing present conservation operations on the land, he said, the United States can overcome and control erosion within 20 to 30 years. To this end, he advanced seven recommendations for getting the conservation job done on time:

1. Set up a timetable for the establishment of those basic measures needed for the conservation of our soil and water resources, according to capability of the land and availability and need of water.

2. Adjust research in conservation to specific problems encountered in field work and intensify research on those problems.

3. Encourage and promote a comprehensive program of conservation education through all available educational agencies and institutions.

4. Complete land capability surveys of the country and analyze the information to provide land facts needed for future farm planning and action.

5. Recognize and use land cap-

abilities in making production adjustments and in developing other agricultural programs.

6. Encourage continued organization of soil conservation districts, in order to develop conservation programs with local leadership and direction.

7. Improve the conservation credit structure.

**Health Notes**

AUSTIN—Every citizen of Texas should be greatly interested in the over-all health picture in the State as indicated by the morbidity report just released by Dr. Geo. W. Cox, State Health Officer, showing the year's totals on communicable diseases.

Comparing the 1948 figures with the totals of 1947, a great reduction is shown in some of the major health hazards. For instance, in 1947 there were 1,125 cases of diphtheria, while in 1948 the total had dropped to 924. This was 924 cases too many, since none of them need have occurred if the persons had been immunized. This same statement applies to smallpox, in which the total dropped from 15 cases to 4. Vaccination would have prevented the incidence of even one case of smallpox. Typhoid fever remained at a comparative standstill, with 317 cases being reported in 1947 and 318 in the past year. These typhoid cases could also have been prevented by immuni-

zation. The results of malaria and typhus control work throughout the State is reflected in the total number of cases for 1947 and 1948. Malaria dropped from 4,729 to 3,577, and typhus was cut nearly in half with the total falling from 610 to 344.

Dysentery continues to be a serious problem in public health in Texas. The incidence of this disease jumped from 15,863 in 1947 to 20,920 during the past year. Influenza dropped off from 116,564 to 76,823, and mumps was reduced by nearly half, from 17,202 in 1947 to 9,898 in the past year.

Dr. Cox emphasized that while there are many diseases like poliomyelitis against which there

is no specific protection, it is a tragic mistake for any person to be allowed to have diphtheria, smallpox or typhoid fever, when he can be completely protected through the simple means of immunization.

CLARENDON, TEXAS

### Two Gov't. Trappers Scalp 991 Coyotes In Armstrong County

Armstrong County Agent Chas. Reed has received official report from E. G. Pope of Lubbock, Texas, indicating that the two government supervised coyote trappers actually caught and scalped 991 coyotes in Armstrong County during the period October 10th to December 31, 1948.

A group of about 30 Armstrong County ranchers and farmers

formed a voluntary, co-operative coyote control trapping fund by contributing \$10 to \$100 per person. The Federal Predator Animal Control Service, under the supervision of E. G. Pope of Lubbock, Texas signed co-operative agreement with ranchers to provide government trained and supervised coyote trappers. The Predator Service provides the equipment and car expenses of trappers with the ranchers paying the salary of the trapper. The J. A. Ranch under the management of Bill Word and

Montie Ritchie were interested in this coyote control program. With large acreage and lots of coyotes, the J. A. Ranch signed up to hire one government supervised coyote trapper full time on the ranch, and pay his salary. Charles Harper reported for trapping assignment the first part of October to thin out the coyotes on the J. A. Ranch.

Edwin Ware reported for work on October 18th to thin out coyotes on about 30 of the co-operating ranches. Each trapper put out about 300 of the cyanide gas shells commonly called the "Humane Coyote Getters." This is a special 38 shell loaded with cyanide gas, that is inserted in pipe with plunger spring releasing the firing pin when pulled upward. The shell is wrapped with wool and treated with stink bait to lure coyote to booby trap. With the use of these cyanide guns the two trappers actually caught and scalped 359 coyotes in October; 274 coyotes in November; and 358 coyotes in December for a total of 991 in less than 3 months. Although most coyotes do not run over 50 to 100 yards after pulling the trap, it is difficult to find many coyotes due to broken country, brush, mesquite, or eagles dragging off the coyote. They actually removed and ship-

ped 991 pairs of ears with scalps to San Antonio office for the official count. In addition to J. A. Ranch, coyote control co-operators are:

Millard Word, S. J. Ranch at Ashtola, Lloyd Shelton, Clyde Gilbert, Hedgecoke's Estate, LeLand Wood, R. P. Wood, Horace Dye, LeRoy Campbell, Judge Davis, Loyd Nelson, Squire Nelson, Fred Stephenson, Glenn Wilkins, E. L. Morris, J. T. McGehee, Sr., McGehee Estate, McGehee Bros., Newton Harrell, Terrill Christian, Jones Christian, Roy Ransom, Don Ransom, Chub Baker, Frank Bagwell, Delton Dye, Edwin Reid, Ralph Bagwell, Bud Bagwell, J. P. Wheelchel, Russell Blanton.

#### NEWSPAPER ADVERTISING LINEAGE SHOWS GAIN

AUSTIN—Newspaper advertising lineage in Texas papers gained 8 per cent from September to October, the University of Texas Bureau of Business Research reported.

Advertising lineage in 31 newspapers in Texas totaled 31,872,362 lines in October, a 10-per-cent rise over a year earlier.

You're likely to get shocked when you step on anybody who is a live wire.

### THE TEMPLE OF TRUTH

By the Apostle

The man of the hour is the fellow who was asked to wait a minute by his wife.

Then there was the Scotsman who had the heart attack. He was tossing small coins to children in the street and his string broke.

When the parson inquired about public sentiment against sin in the community, the native replied: "Still going strong. There wuz 16 cars parked in my lane last night."

Lady, you have a perfect husband if he keeps whistling while searching for a towel, when his eyes are full of soap, and he grabs a nylon stocking.

The most disappointed person yet is said to be the lady who spent quite a sum for fancy underwear for a doctor's examination, then he only looks at her tongue.

Middle age is that time in life when a fellow is going to begin saving up a nest egg.

Sign read in a Utah bank last summer—"The worst place in the world to live is just beyond your income."

Heard on the street Saturday. "Never run to a fire. If it is worth going to see I never have to hurry."

A pedestrian may be down but never out - - of danger.

With a deluge of suggestions daily, the carpenter finally got tired of the rush act and informed the discouraged owner of the new building that "It took 42 years to build the temple for Solomon and he had 700 wives and quite a few lady friends to help with suggestions all along."

"The man with horse sense never becomes a nag", announced Miss Ima Fizzle at the ladies club Tuesday when speaking on "The Civilization of Wild Animals."

This is the time of the year when the icicles take over many of the duties of the chronic eavesdroppers of the town.

Some people wake up and find themselves famous; others remain out nights and become notorious.

The Naval Ordnance Test Station, Inyokern, Calif., roughly equals the State of Rhode Island in size.

### RETURNS STILL COMING IN FOR 1948 CHRISTMAS SEAL SALE

Returns are still coming in for the 1948 Christmas Seal Sale and it is not too late to acknowledge Christmas Seal letters that might have been overlooked, said Dr. Elliott Mendenhall, president of the Texas Tuberculosis Association.

"Although the Seal Sale officially closed on December 25, the work of the Texas Tuberculosis Association and its affiliated associations is a year-round project," he added, "and funds received right now are just as welcome and helpful as if they were received during the holiday season."

"Many of us forget or overlook Seal Sale letters in the rush of other duties. There is still time to acknowledge them. Funds received will be used to support the association's 1949 tuberculosis prevention and control program, which is already under way."

**Something To Remember**

If you want to fatten a chicken, feed it Corn, wheat, Kaffir or Milo, but if you want Eggs, and lots of them, feed Chic-O-Line, or Wes-Tex, 18 or 20% Protein Egg Mash, a Tried and Proven feed that brings results—new low prices that will interest you, and make the old hens cackle.

Why experiment? Feed the feed that has stood the test for years. Just a cold blooded business proposition, and remember we give Green Stamps on all Cash feed sales - - ask for them.

Your feed grinding and mixing appreciated.

**CITY-COUNTY LIBRARY NOTES**  
By May L. Prewitt

The sand preceded the rains this week, but the interior of the Library was fortified from dust by recently caulked windows and a weather stripped door. This improvement of conditions is surely appreciated.

There is a book entitled "Who Walk Alone," by Perry Burgess that was dedicated to the memory of W. B. Hale, by the R. Y. Kings. This book is quite worth any readers time. It is the story of Ned Langford, an ordinary young mid western American, who

learned that something had happened to him, so terrible that it sent him into life long exile on a distant tropical island. It is the story of a man who faced one of the ultimate of human disasters, and yet managed to wring from it a rich, useful, undaunted life.

Then another fiction edition—"The Running of the Tide" by Estehr Forbes is a best-selling novel about Salem in the days of the spice trade; a colorful tale of romance and adventure, of swarming gold-roofed cities, pirate junks, blockade-running, a typhoon and murder. This was a gift to the Library from a friend.

We have purchased three best sellers this month—"Dinner at Antoinette" by Frances Parkinson Keyes. Eight persons went to a

**WAC RECRUITS DRAW EQUIPMENT**—Recruits Susie Titus, Coolidge, Arizona, (center) and Emily Betsch, Huntsville, Alabama (right) receive equipment from supply corporal at WAC training center, Camp Lee, Virginia. Clothing and other items will be sufficient to meet the needs of their eight weeks of basic training. Recruit Betsch was a private secretary before reporting for Regular Army training.

dinner party in the 1840 room of Antoinette's—and found themselves involved in the tragic turmoil of a violent death, a story of romance, camellias, wrought iron balconies, quaint customs, creole cookery, old world gallantry, and Mardi Gras. "I Capture the Castle" by Dodie Smith. This is a captivating, and an amusingly written story. The situations are sometimes sad, often humorous, and always good reading. Last is "The Crusaders" by Stifan Heym. It is a stirring narrative which carries the men in one American division from the Normandy invasion to the occupation of Germany. The story is primarily concerned with Sergeant Bing, German-born American, who returns to his native village, and Lieutenant Yates, dreamy ex-school master, whose stature grows under the impact of war.

We shall be happy to enroll some more members of the town to our reading list, as there is a store of entertaining material on the Library shelves.

Secretary of the Treasury, to set by regulation a maximum interest rate of 4½ percent on loans guaranteed by the Veterans Administration if it is determined that the loan market demands the increase.

Mr. Gray's decision not to increase the rate was reached after an exhaustive study of all factors involved. He said:

"I have consulted extensively with Government leaders, individual veterans, lenders and the veterans' service organizations throughout the United States.

"My principal responsibility and duty is to our veterans. In my studies of this question, I have reached the conclusion that an increase in rates would not be in their best interest, as the evidence fails to indicate an increased rate will make more houses available to veterans."

Acquisition of the 1,000-bed U. S. Naval Hospital at Houston, Texas, by the Veterans Administration and cancellation of VA plans to construct a 1,000-bed neuropsychiatric hospital, also at

Houston, have been announced by VA.

Transfer of the Naval hospital will result in a savings of \$21 million in construction costs.

More than 9,000,000 World War II veterans have applied for education and training under the GI

Bill and Public Law 16 since June, 1944, and March, 1943, respectively.

During the period June, 1944 May, 1945, 30 million pounds of ice cream mix were used by Navy.

**New Chevrolet for '49**

*Tested and Proved...*

ON THE WORLD'S TOUGHEST PROVING GROUND!

Mile after mile they put it through its paces . . . proved its speed, its acceleration, its economy!

Proved on the toughest grades . . . the new Chevrolet takes hills in its stride. Its power will thrill you.

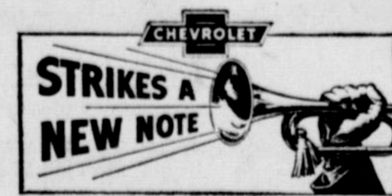

The punishing granite blocks of this "torture trail" PROVED Chevrolet's ability to absorb punishment!

This is where Chevrolet for 1949 was PROVED to be weather-proof and waterproof.

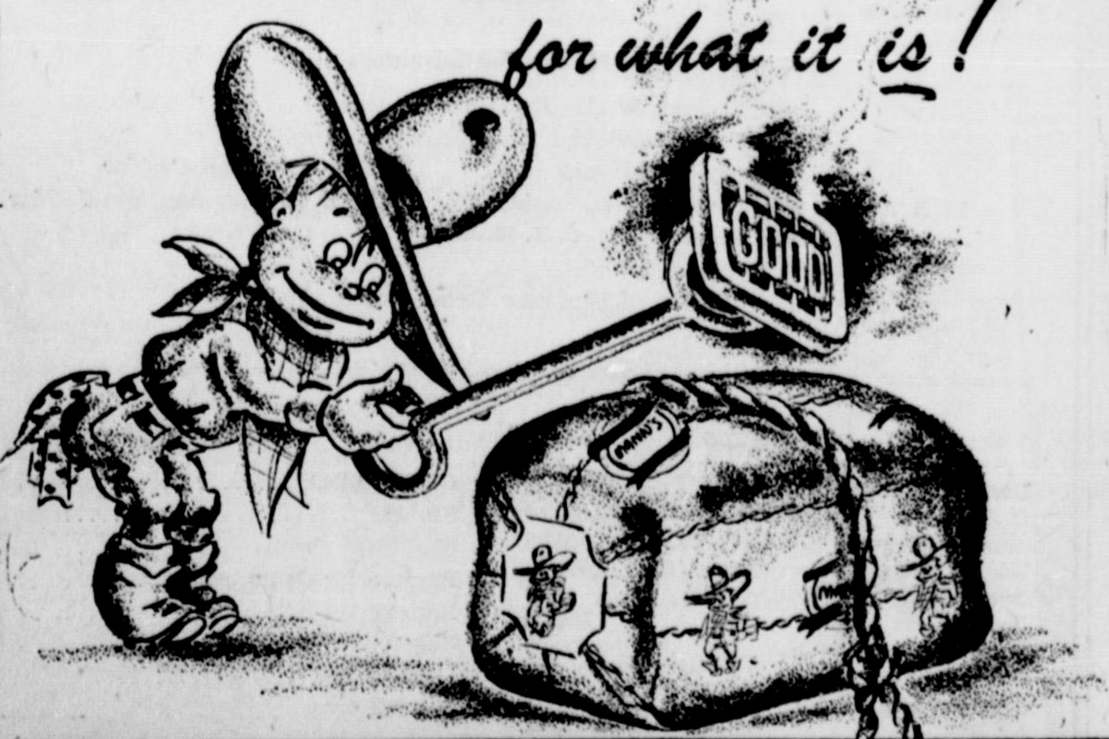

At the General Motors Proving Ground there are men who are experts at ruining cars! "Find the flaws . . . get the facts" is their motto. And so, when Chevrolet for 1949 was delivered to their "tender" mercy, they put it through its paces so vigorously and so thoroughly that there was no chance for basic weaknesses to go undetected. What a break for the buyer . . .

instead of an experimental or untried car, he gets a car that has PROVED economy, PROVED stamina, PROVED comfort, PROVED handling-ease! Only Chevrolet, in the low-priced field, has passed through the rigors of the "World's Toughest Proving Ground" and comes to you thoroughly TESTED, thoroughly PROVED and thoroughly APPROVED!

went out over the state to women's clubs, civic organizations, schools, parent teacher associations, other libraries, county agents, and individuals.

Keeping up with the huge task of assembling and combining material is the job of Miss LeNoir Dimmitt, director. Her summary of circulation statistics shows the package libraries called for during the past year included 1,441 books, 4,880 club outlines, and 299,266 pamphlets and periodical clippings.

"These materials went to 983 Texas towns and rural communities, in 247 counties," Miss Dimmitt said. "Schools and women's clubs were the most frequent borrowers of materials, and records show that 12,027 schools asked for specific material, and 10,875 women's clubs."

Literally thousands of subjects are catalogued in the Package Loan Library, which is a part of the Division of Extension. Borrowers may write directly to the Library for material.

TRAINING FOR REGULAR ARMY WACS—Recruits Susie Titus, Coolidge, Arizona, (left) and Jeannine Fowler, Lexington, Oklahoma, report to WAC training center, Camp Lee, Virginia, for basic training. They will enroll for eight weeks of instruction.

## JR. BEAUX ARTS CLUB

The Jr. Beaux Arts Club met Thursday afternoon, January 6, at the club room. The president called the meeting to order and the secretary called the roll and read the minutes of the previous meeting. Business was discussed.

The club presented a beautiful corsage to the guest speaker, Mrs. C. B. Morris.

The program consisted of a very delightful and entertaining short story, "Wings of Angels," given by Mrs. C. B. Morris, and music by Sybil Head.

Hostesses Lucille Dale, Daphne Robertson and Juanelle Stevenson served lovely refreshments to the following members and guests: Layma Tatum, Juanita Carpenter, Ladelie Cox, Mae Morris, Mary Harrison Cannon, Ira Jean Estlack, Mary Helen Tankersley, Louva Hunt, Sybil Head, Portia Hay, the sponsors, Miss Lucile Polk and Miss Mary H. Howren, and guests, Mrs. Ernest Hunt, Mrs. D. E. Stevenson, Mrs. C. B. Morris, Mrs. J. D. Jones, Jr., and Miss Anne Thompson.

## BIRTHDAY DINNER

Visiting Mrs. Lola Barns this last week end was Bert Barns who is attending the University of New Mexico. An early birthday dinner was given in his honor by Mrs. Barns Thursday noon. Guests were Leo Underdown, Bob Beard, and Dean Wadsworth. Bert, Leo, and Bob left immediately after, Bert going back to school and Leo and Bob going back to report for naval duty.

## GABIE BETTS BURTON SUNDAY SCHOOL CLASS

The Gabie Betts Burton Sunday school class met Jan. 7th with Mrs. L. L. Taylor for an all day meeting. Mrs. Taylor furnished and prepared lunch for eighteen. At the noon hour we had

our pastor, Rev. Stanley Hayne and wife, also Mrs. Latson of Lubbock.

One quilt was quilted. All reported a nice time, with all wishing Mrs. Taylor many more happy years.

—Reporter.

## KAPPA SUB-DEB CLUB

The Sub-Debs met in the home of Jane Johnson immediately after school, Wednesday afternoon, January 5th. The president called the meeting to order after which the secretary called the roll, each person answering with a new year's resolution. Business was discussed.

A very interesting program, "Customs of Teen-Agers," was given by Patsy Blair.

Refreshments were served to the following: Lois Hommel, Anne Thompson, Donna Bryan Siddle, Alma Murphy Hunsaker, Louva Hunt, Jean Ballew, Jo Anne Sibley, Mae Morris, Alice McCrary, Fanchon Allred, Nancy Bennett, Jo Ann Ritter, Mary Edna Elmore, Nell Bentley, Doris Wallace, Patsy Blair, Sybil Head, Pat Pittman, Layma Tatum, Juanita Carpenter, Portia Hay, the sponsor, Mrs. Rufus White, and the hostess Jane Johnson.

## ASHTOLA NEEDLE CLUB

The Ashtola Needle Club was called to order by Vice Pres. and roll called by Asc. Sec.

The program was things to look for in Electric mixers.

Present was Mrs. Lovell, Mrs. Poovie, Jo Harp, Laura Mahaffey, Nonie Hinders, Ruby White, Sue Rhoades, Ima Wallace and hostess Mary Bell DeBord and Mrs. Brandon.

—Reporter.

Even in big cities we notice every little movement has a candidate all its own.

## ENGAGEMENT ANNOUNCED

Mr. and Mrs. M. L. Rattan announce the engagement of their daughter Annesse Rattan to Carl M. Bennett, Jr., son of Mr. and Mrs. Carl B. Bennett of this city.

## MOTHERS CLUB NOTICE

The Mothers Study Club will have a book review given by Mrs. Millard Word January 25th at 3 p. m. at the Club room.

## GOLDSTON QUILTING CLUB

The Goldston Quilting Club met in the home of Mrs. Bill Littlefield last Thursday for an all day quilting. Two quilts were quilted.

Members present were Mesdames Ed Reynolds, C. H. Reynolds, Etta Reynolds, Ed Talley, Sam Dale, Lela Hinton, Dick Eichelberger, Jim Peggram, Roy Brock, Murphy Brock, Roy Robertson, Wilson Gray, J. H. Ford and the hostess, Mrs. Bill Littlefield, one visitor, Mrs. Lura Seago.

The Club will meet in the home of Mrs. Ed Talley on Jan. 20th with a covered dish luncheon.

—Reporter.

## Donley County Farm News

It is good to have some moisture for a change. Although the manner in which it came has been criticized, we feel sure that everyone is glad that the ground is wet again. The farmers who have finished their chiseling practice are especially glad to see the moisture.

We are very happy to see the 1949 AAA program get underway so well. We have issued approvals amounting to \$7,891.20 for the chiseling practice, and \$4,218.36 for the construction of large ridge terraces. We have on hand 25 applications for approval to construct terraces, which have been approved by the County Committee. These approvals will be issued within a few days. We feel that the farmers are realizing more each day what needs to be done in this county in the way of keeping and improving the soil.

We want to take this last opportunity to tell the farmers here that Friday is the last day for reporting 1948 practices that have been completed. At the present there are 27 farmers who have approval and have not come in and told us whether the practice was carried out and completed, or was to be cancelled. There may be some one who will miss a payment because he does not report. The approvals may be mailed to the office if it is inconvenient to come in.

## MARSHALL RESIGNS — ACHESON TAKES OVER

WASHINGTON, D. C.—Soundphoto—Dean Acheson, left, was appointed Secretary of State and James F. Webb, Budget Director, was named Undersecretary of State following the resignation of Secretary of State Marshall and Undersecretary Robert Lovett. Marshall resigned for reasons of health and Lovett for "personal reasons."

portunity to tell the farmers here that Friday is the last day for reporting 1948 practices that have been completed. At the present there are 27 farmers who have approval and have not come in and told us whether the practice was carried out and completed, or was to be cancelled. There may be some one who will miss a payment because he does not report. The approvals may be mailed to the office if it is inconvenient to come in.

We have also completed over 100 applications for payment

which are ready to go to the state office this week. All of the farmers who have not signed their application for payment should do so at the first opportunity.

Wisdom of the humble: "When you ain't got no education, you just GOT to use yo' brains."

Advice seldom helps. If we are dumb enough to need it, we haven't sense enough to use it.

The value of clothing issued to new enlistees in the Navy during 1946 was \$143.20 per man.

## Taxpayers Cautioned

The office of the Collector of Internal Revenue cautioned taxpayers today that income tax returns filed on either of the individual income tax forms could not be accepted unless statements of wages earned, Form W-2, from employers are attached.

The Form W-2, issued by all employers to their employees, can not be used as a return this year. Instead, all persons filing individual returns must use either Form 1040-A or Form 1040. Form 1040-A should be used by all persons having income from wages or salaries not in excess of \$5,000. It can be used as a joint return of husband and wife. All Forms W-2 received from employers, for both the husband and wife, must be attached. The Collector's office will figure the taxes or refund due on these returns.

Forms 1040-A may be secured from employers, post offices, banks, and field offices of the Collector of Internal Revenue. Persons having income in excess of \$5,000 must use Form 1040. If any income was from wages or salaries, the Forms W-2 must be attached.

Under present law, employers must give their employees their Forms W-2 not later than January 31, 1949. Income tax returns received in the Collector's office without the

necessary Forms W-2 attached will be returned to the taxpayers for correction.

## LELIA LAKE

Mrs. H. R. King

Mrs. Loy Bynum and David left last week to visit her father at Topeka, Kansas and other relatives at Sedalia.

Mrs. Ella Underdown of Henderson and Mrs. Knight of Iowa Park visited their sister and aunt, Mrs. C. L. Lewis and family last week.

Mrs. Kate Johnston left Thursday for an indefinite visit with her daughter, Mrs. Temple Paine and other relatives at Hayward, Calif.

Mr. and Mrs. Wiley Reynolds of Clovis, N. Mex. spent last week here with relatives and friends.

Mr. and Mrs. Arlie Wood and children were called to Amarillo last Tuesday by an accident of a relative.

Mrs. Oma Baggett and Mrs. C. H. Reynolds were both ill last week.

Mrs. John Hansard and Judy of Cisco, who were visiting her parents, Mr. and Mrs. J. E. White, were called to Okla. City Thursday by the serious illness of her mother-in-law.

Mr. and Mrs. John McCauley of Amarillo spent the weekend with their parents here.

Donley County Leader, \$2.50 year

### American Legion To Meet At Abilene January 15-16th

ABILENE — American Legion Commander, Adjutants, Service Officers and Membership Chairmen from 197 Posts in the 16, 17, 18, 19 and 21 Congressional Districts will meet here Saturday and Sunday, January 15 and 16, in the second of five regional meetings called by State Commander William "Bill" McCraw. The American Legion's 1949 post activity and membership program will be discussed. Department Adjutant G. Ward Moody of Austin will lead in the discussions and Vern Blodgett, Fifth Division Commander, will preside. Others who will participate will be William Sohl of Alpine, 16th District Commander; P. C. Stacy of Stephenville, 17th District Commander; Charles Gibson of Amarillo, 18th District Commander; T. A. Thigpen of Big

Springs, 19th District Commander and George Sullivan of Kerrville, 21st District Commander. The American Legion in Texas has already passed the 58,000 mark in 1949 members, Adjutant Moody reports. With that number already signed for the beginning of the New Year, a record membership is the goal for 1949.

The Fifth Division, which is composed of the five Congressional Districts named above, is responsible for 16,000 of the state's present membership. Louis F. Jordan of Abilene, 17th District Vice Commander, is in charge of arrangements.

L. M. Putman spent Saturday night with John Smith.  
Mrs. H. C. Smith returned home Saturday night from Dallas

where she has been visiting a sister.  
John Smith spent Sunday nite with L. M. Putman.

## Veterans' News

Many subsistence checks mailed each month to veterans studying in schools and colleges under the GI Bill and Public Law 16 must be returned because the veterans moved and failed to inform the Veterans Administration promptly of his new address, VA reports.

Federal law prohibits mail carriers from forwarding a government check from one address to another. It must be delivered to the address on the check.

Checks which cannot be delivered must be returned to the Treasury Department and held there until the veteran submits a change of address to the VA regional office holding his records.

Veterans Administration has announced that its current dental work backlog is the lowest in two years.

Dr. Bion R. East, director of VA's Dental Service, said that during the three months ending September 30, 1948, the agency's dental workload was pared from 291,051 to 229,541, a reduction of 21 percent.

Dr. East said he expected an

even greater reduction by June 30, 1949, the end of the present fiscal year.

Veterans of World War II held National Service Life Insurance policies in force on October 1, 1948, representing more than \$40.5 billions of insurance protection, VA reports.

Veteran-students who acquire dependents or additional dependents while in training under the GI Bill should notify Veterans Administration as soon as possible, so that VA can determine whether they are eligible for increased subsistence payments.

Notice of change in dependency status should be sent to the VA regional office in which the veteran's records are kept. The notice should be accompanied by legal evidence of dependents, such as a certified copy of public record of birth, baptism or marriage.

Subsistence payments will be increased as of the date legal evidence is received by VA, and will not be made retroactive to the date the veteran actually acquired the dependent.

Monthly subsistence allowances for veterans studying full-time in school are \$75 for those without dependents, \$105 for

**HIGH & LOW BLOOD PRESSURE** successfully treated in your home without an examination with Boaz Tablets. Inquire REXALL DRUG Clarendon, Texas

those with one dependent, and \$120 for those with more than one dependent.

Subsistence allowances paid by Veterans Administration to veterans in educational or on-the-job training are not considered as income for income-tax purposes, VA reports.

Any income that the veterans may earn on part-time jobs while attending educational institutions full-time, or earn while on-the-job training, is subject to taxation under existing tax laws.

Any veteran whose eligibility for GI Bill education runs out after he completes at least half of a school semester which is normal in cost may complete the remainder of the semester at government expense, VA says.

Mr. and Mrs. Calvin Merchant and son of Amarillo were Clarendon visitors Wednesday.

Raymond McKee, R. V. Short, Carl Bennett Jr., and Lee Clements took their pre-induction physical at Amarillo Monday.

Success doesn't depend so much on lying awake nights, as it does staying awake days.

## Building Permits

AUSTIN—Building permits issued in Texas for October declined 15 per cent from September, the University of Texas Bureau of Business Research reported.

Building permits in 51 Texas cities totaled \$29,047,706 in October, a decrease of 12 per cent when compared with a year earlier.

Adjusted for seasonal variations, the Bureau's index of building permits fell 31 per cent from the September level to stand at 471 per cent of the pre-war (1935-39) base period.

Permits issued in Edinburg, Gainesville, Pampa, Texarkana, and Tyler more than doubled from September to October. Other substantial gains during the month were made by El Paso,

90 per cent; Denton, 63 per cent; and Temple, 51 per cent.

Declines from September were turned in by Texas City, 92 per cent; Childress, 77 per cent; Lubbock, 76 per cent; and San Angelo 75 per cent.

In comparison with October 1947, permits more than doubled in Lamesa, Pampa, Kenedy, El Paso, Del Rio, and Paris.

Houston permits totaled \$7,329,700 in October for the greatest amount of permits issued in the State, followed by Dallas, El Paso, San Antonio, and Austin, in that order.

In these times you have to move pretty fast to keep up with running expenses.

## MIDWAY

Mrs. John Goldston

Mr. and Mrs. Herman Mooring of Amarillo spent the weekend in the Mooring home. Miss Jaunita Mooring who is attending business school in Amarillo returned with them after spending the holidays at home.

Kennedy Davis of Plainview, who was visiting in the Arthur Davis home, visited with Mrs. John Goldston Friday morning.

Mrs. Mooring has been enjoying a visit from her sister from N. M. The sister returned to her home this past week.

Mr. and Mrs. Loyd Moreland, Mr. and Mrs. George Bulman, Mr. and Mrs. Rosco Land, Mr. and Mrs. Billy Jack Land, visited with Mr. and Mrs. Tige Hill this past Thursday evening. All enjoyed playing 42.

Mr. and Mrs. Marvin Jones were Memphis visitors Thursday.

Mrs. J. T. Hight has been ill but is reported improving.

**KFDA COMPLETES FREQUENCY MODULATION TESTING**

Radio Station KFDA in Amarillo has completed FM testing and is now on almost "round the clock" operation. All local and American Broadcasting Company network programs are aired over KFDA-FM from 6 a. m. to 1 a. m. The station started broadcasting Frequency Modulation, newest

kind of radio broadcasting, on the FM band allocated to them by the Federal Communications Commission in Washington, on December 22.

Radio listeners who have FM (Frequency Modulation) channels on their radio receivers are offered a treat in that FM is static-free and is designed to bring out the fine qualities of music and speech. KFDA-FM is the first FM station in the Tri-State area to broadcast full time on the FM band. Listeners can tune in KFDA-FM at 100.3 megacycles or Channel 262.

**How To Relieve Bronchitis**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

From where I sit ... by Joe Marsh

We Both Won This One

Blew my top the other morning when I discovered a shirt I'd put on had two buttons missing.

"Joe," the missus says, "do you ever read what you write? For a man who writes newspaper pieces all about tolerance, you sometimes show a lot of race prejudice."

"Race prejudice!" I holler. "No one can accuse me of that." "I mean prejudice against the entire race," she interrupts with a grin.

From where I sit (as I told the missus that evening), a lot of us sometimes get too worked up over little things... little differences of opinion or taste. One person prefers beer or ale, another prefers cider or lemonade. But why criticize the other fellow just because his tastes aren't the same as ours? "That sounds more like you, Joe," she laughs, snipping off a thread. (It so happens she was sewing on buttons.)

### PLOWIN' Out the CORNERS by Uncle Zeb

He walked by faith and not by sight,  
By love and not by law;  
The presence of the wrong or right  
He rather felt than saw.

—Whittier

Was reading the little Thank You card, written by Tom Henry Miller to the folks who had a part in sending him a little Christmas present; the words that he used in expressing his thanks were beautiful, but the printing (done by hand) was the most beautiful that I have ever seen. What wonderful talent he must have.

Newest member to our Ain't Smoking Right Now Society is Claude Hearn of the Donley County Leader staff. Glad to have this "Gentleman of the press" as a member.

Had a letter from the Lady that sent me the home-made candy for Christmas and she quoted me the quotes about it being "More blessed to send than to get", and that she was happier giving the candy than I could possibly have been eating it. All I have to say is: Honey, you sure were a happy chile.

Enjoyed my visit at the Draw-

Mr. and Mrs. Jerome Stocking returned Tuesday from a two week's vacation trip to New Orleans.

**CLEANER CUTTING SAWS**  
Your saws will cut cleaner, truer, faster if they are filed by machine. Mechanical precision. All types of saws. Quicker service. Bring your saws to us.

Johnson Welding & Machine Works  
Clarendon, Texas

Marvin Land returned to his home Saturday to Tucumcari, after a weeks visit with his parents, being with his father, Mr. W. A. Land who is seriously ill at his home.

Born to Mr. and Mrs. Grady Halbert, Foard City, a daughter. She arrived January 10, 1949. Mrs. Halbert will be remembered as Eunice Johnson.

E. F. Fortenberry, one of Hedley's prosperous farmers, was here on Income Tax business Monday.

ing at Clarendon last Wednesday. What a crowd - - - Seemed kinda like an old fashioned bank-night. Anyway, more power to these wide-awake merchants - - -

Most of you around Claude remember Mrs. Phillips, that lived out on the road to Conway. When we drove into this neighborhood with the first load of our belongings she was the first person that I met. We stopped to inquire about the best road to take, and I will never forget the courtesy of this unusually nice person. Anyway through a friend she sent me some little articles about the cigarette. They made me feel better that I hadn't smoked today - - - Thanks Mrs. Phillips for thinking about us, and best wishes to you and all the folks around Pittsburgh, Kans.

I almost "Busted my sides" on a certain joke in Lewis Nordyke's Column last Friday; the one about the poor man's income tax and the legality of certain deductions. Anyway, it would be a pleasure to use the joke in our column, only it won't quite pass my board of censors.

Awhile back our Sunday school teacher asked this question: What do we live for? - - - At first it seemed such a simple question yet, when I tried to answer it, I almost couldn't think of a reason. One member of the class quoted the following verse as some reasons, and I think they will do for me.

I live for those who love me,  
For those I know are true,  
For the heaven that smiles above me  
And awaits my spirit too,  
For all human ties that bind me,  
For the task my God assigned me,  
For the bright hopes yet to find me,  
And the good which I can do.

—George L. Banks

I hate to lose good neighbors; have them move away. Wonder if I am selfish. Anyway, we are losing the Lester Parkers, and I hate to see them go. On top of the Mr. and Mrs. being nice people, they have a couple of the cutest and the most talented daughters that I have ever had the privilege of knowing. Sibyl Leah, the three year old, is the one that can quote so many verses of scripture, including the 23rd Psalm. Her little red-headed sister is only about three steps behind her. They are taking that old advice about going west, and of course we wish them well in their venture into Arizona. Thanks to them for coming our way, and when I pass that little white house I shall always think of those two little Red-heads, with their two little hands waving at old 'Uncle Zeb.

Uncle Sam takes about one-fifth of all we make; on an average, and I barely can afford to pay it. If I had to pay one-fifth of what I owe to my friends, for their friendship, I couldn't afford it. On the contrary, maybe I would be richer after that I had paid them back, anyway I'll try harder.

Mrs. Gertrude Youree, Mrs. Brack LaGrone and Mrs. Al Covington are assisting in the Warren-Chenault Income Tax Office this week, getting the farmers prepared for their final date with Uncle Sammy by Jan. 15th.

Mr. and Mrs. Donald Wise and children Patsy and Shannon of Albuquerque, N. M., Mr. and Mrs. Winfred Wise and sons Larry and Roney of Memphis spent Sunday with their parents, Mr. and Mrs. E. J. Wise.

#### President Truman Delivers Optimistic Message

WASHINGTON, D. C.—Soundphoto—President Truman is shown as he delivered his State of the Union message to Congress in a capacity-packed House Chamber. Behind him on the rostrum are Senate President pro tempore Kenneth McKellar, (D) of Tenn. and House Speaker Sam Rayburn (D) of Texas.

#### AAA News Extra

Amendment to Subsoiling Practice (Chiseling 12 inches or more)

We have just been advised by the State Office that the State Committee's recommendation to the ACP Branch for an amendment to Practice 5 for 1949 has been accepted. The amendment will permit payment at the rate of 75c per acre for subsoiling at a spacing of more than 4 feet but not more than 7 feet. The approved practice will read as follows:

#### SUBSOILING TO PERMIT BETTER PENETRATION OF WATER:

(a) At a spacing of not more than 4 feet in width and a minimum depth of 12 inches — \$1.50 per acre.

(b) At a spacing of more than 4 feet but not more than 7 feet in width and a minimum depth of 12 inches—75c per acre.

**SPECIFICATIONS:** — Subsoiling must be carried out to a depth that will effectively shatter the hardpan or plow sole. The practice must be carried out when the ground is dry and the subsoiler must run in the hardpan layer so

that maximum fracture will result. Payment will not be made for soiling sandy lands where equipment will not penetrate a clay soil or hardpan.

Chester Williams of Borger Sunday here with homefolks.

Weldon Warren was over from Borger Sunday visiting homefolks and to meet his old wartime buddy, former Sgt. Al Lynch, who visited the Warrens here on his way home to California after spending his vacation in the East.
