Walter Rogers; 12 noon—Minnie Pearl; 12:15—Cake Walk; 12:30—Parade Entries at High School; 1:00—Grand Parade; 1:30—Parade Awards; 2:00—Band Concerts; 2:30—State Senator Andy Rogers; 3:00—Tejas Indians; 3:30—Glass Quartet and Special Events; 4:00—Drawings; 4:30—Cake Walk; 5:00—Special Events and Novelty Acts; 5:30—Eldon Murdock; 6:00—Gilliam Bros. and Mack Graham; 7:00—R. L. Beach String Band; 7:30 till—Square Dance Exhibitions and Dancing.

Wild Animals Invade City Limits

It seems that the wild animals of this area are doing their best to become domesticated. In fact quite a number have already moved to town, but no one is trying very hard to domesticate them, for them we speak of are Skunks. After making a survey this week, we have learned that Skunks are being seen and killed in practically every neighborhood. In addition to the Skunks, a few mornings ago Clifford Decker who lives in the south-east part of town, got out his rifle and picked off a Coyote inside the City limits. The coyote had been annoying Mr. Decker with his yelping practically every morning.

The skunk situation could become serious such as happened down at Kileen, Texas where a bunch of rabid skunks showed up. Everyone in town should round up any rubbish, wood piles or other places where a skunk might likely stay and help get rid of those smelly rascals.

Bronchos To Play Panhandle Here Friday Night

The Bronchos will play their last non-conference game here Friday night against the Panhandle Panthers prior to launching off into conference play, their last four games of the season. The Panthers are considered another rugged outfit so the Bronchos should get some more real good experience before they start their conference play. Coach Jinks is just hoping no injuries will be forthcoming in the game.

At the present time, Jinks reports quite a bit of sickness and injuries among squad members and stated that he was afraid to even name a starting line-up the way things were stacking up Tuesday.

The Panthers have been playing some mighty impressive football so far this season and the Bronchos will have to play heads-up ball to tame them down Friday night, and this may be the night that the Bronchos will upset the predictions and add another win to their side of the ledger.

Local fans are reminded also that the game will begin at 7:30 Friday night instead of the previous starting time of 8 o'clock. Plan to be out; the Bronchos will appreciate your support.

Services Held Saturday For Mrs. M. V. Harvey

Funeral services were held Saturday morning at the Murphy Memorial Chapel for Mrs. Emma J. Harvey with Rev. J. Edwin Kerr officiating. Graveside services were held Saturday afternoon at Chillicothe.

Mrs. Harvey, 86, died at her home here last Thursday morning following a lengthy illness. She had been a resident of Texas 75 years and a resident of Donley County since 1924. She was born Nov. 18, 1869 in Clarkson, Mo., and moved to Texas in 1876.

Survivors include her husband M. V. Harvey, three daughters, Miss Grace Harvey and Miss Ethel Harvey, both of Clarendon, and Mrs. B. D. Howe of Shamrock; a sister, Mrs. Alma Ray of Lamesa; two brothers, C. G. Knox of Lelia Lake and A. Y. Knox of Fort Worth.

Nephews of Mrs. Harvey served as pallbearers.

Burial was in the Big Valley Cemetery in Hardeman County near Chillicothe with the Murphy Funeral Home in charge of arrangements.

Leon Davis Wins Top Awards

Leon Davis, local Buick and International Truck Dealer, was notified this past week that he had placed first in the Buick Sales Contest Group 3, and also received word from International that he had placed first in their sales contest.

In winning the Buick contest he will receive a free 10-day trip to Porto Rico and in the International contest he will receive a fishing trip to Lake Whitney.

In the Buick contest, Davis had the highest percentage of sales in the entire contest with 292.3. In Group 3 of which he was winner, Davis was competing against 82 other dealers. He reported also that Buick was rated No. 1 in registrations in the industry locally.

We wish to extend our congratulations to Mr. Davis on winning these two contests, for we know when he is winning contests like this, he is bringing business to Clarendon.

FARM BUREAU MEETING SET FOR OCT. 18

The Donley County Farm Bureau will have a county-wide meeting Thursday, October 18th at 7:30 p. m. in the Lelia Lake school.

There will be an election of new officers for the organization and new resolutions will be made at this meeting. Everyone interested in Farm Bureau work is welcome to attend. Each family is to bring a pie.

Lelia Lake Young Folks Plan Trick-or-Treat Collection For CROP

Young people of Lelia Lake are anticipating an adventure in sharing as they plan a Halloween trick-or-treat collection for the Christian Rural Overseas Program on Wednesday evening.

Participants in this project to raise funds for overseas relief will make house-to-house visits, seeking cash contributions, between the hours of 6 to 7 P. M. on the night of October 31st. CROP identification tags and labels on sealed money containers will identify the young people as they make their calls.

Under the sponsorship of M.Y.F. and B.T.U. the project was organized in this community as a means of offering to the young people an outlet for their interest and concern for hungry people.

It replaces the customary Halloween trick-or-treat appeal for edible luxuries, with the proceeds of the campaign going through CROP to feed people overseas who never have enough to eat.

Through CROP, contributions to the youth project will send government surplus foods released free to the Share Our Surplus program of Church World Service, to feed victims of hunger overseas. Handling and distribution of the surplus foods costs less than a penny a pound. Distribution is handled overseas by church agencies.

Following the collection Wednesday night, Oct. 31st, young people will meet at the Methodist Church for refreshments and a social hour.

Bronchos Bow To Rockets 25-13

The Clarendon Bronchos were on the low end of the final score but put up a valiant fight against the Wellington Skyrockets at Wellington last Friday night. The outcome was 25-13 in favor of the Rockets.

If the Bronchos had been at full strength and barring bad breaks, they would probably have dumped the AA Rockets, but at any rate the Wellington boys realized they had met some real competition when the game was over. Several regulars were out of the Bronco lineup due to injuries, illness, etc.

The Rockets broke the ice within the first few minutes of the game with a 51 yard pass play which netted 6 points. The Bronchos came back in the second period to even it up when Behrens plunged over from the 8 yard line and then went ahead with Mills booting thru the uprights for the extra point.

The Bronchos went thru a series of their usual bad breaks and the third period wound up with the Rockets adding two more tallies in the period and another in the fourth. The Bronchos added their second touchdown in the fourth with Behrens racing over from the 22 yard line.

BRONCHO B GAME THIS AFTERNOON

Coach Tom Jinks announced yesterday that the Broncho B Squad would take on a Pampa squad here this afternoon at 5:30 in Broncho Stadium. The local B squad will be out to redeem themselves after suffering a drubbing by the Shamrock B squad last Thursday night.

ATTEND SERVICES AT SHERMAN

Mrs. Frank White Jr. attended funeral services for her grandmother, Mrs. G. W. Kimbrough at Sherman, Texas last Saturday. Mrs. Kimbrough, 97, died Thursday. She was a pioneer of Grayson County. Mrs. White was accompanied to Sherman by her mother, Mrs. Mary K. Blanton and Mrs. John Oakes of Amarillo.

Mr. and Mrs. James Smith spent Saturday in Groom Hospital with Mrs. J. D. Jones Sr. who underwent surgery.

Truck - Train Crash Big Mess At Jericho

No serious injuries were reported in the Truck-Train crash at the crossing east of Jericho shortly before one o'clock Tuesday afternoon but the damage to the passenger train and the semi-truck were heavy.

The East-bound Rock Island passenger train struck a semi-truck loaded with angle iron, completely demolishing the truck and derailing the engine and five cars. Railroad track was torn up for two or three hundred yards. The engine and two baggage cars were a tangled mass of steel. Crewmen and two wrecking trains had a big portion of the mess cleared and most of the track back by early Wednesday morning. Traffic over highway 70 was being detoured through Jericho.

Former Resident Dies At Stratford

Albert James Armstrong, 55, died Saturday morning at his home in Stratford where he was sales manager of the Stratford Motor Co.

Mr. Armstrong, brother of Brian Armstrong of this city, was a long time resident of Clarendon prior to moving away several years ago. While living here he farmed southwest of town and also operated a service station.

Survivors include his wife, Zula Mae; two daughters, Mrs. Geneva Wisdom and Mrs. Joy Keener, both of Stratford, a son, Lowell Armstrong, Amarillo; a brother, Brian Armstrong, Clarendon; three sisters, Mrs. C. O. Baldwin of Lubbock, Mrs. Orville Keaton of Greeley, Colo., Mrs. W. S. Courtney of Fort Worth and four grandchildren.

Burial was in the Stratford Cemetery.

Adair Hospital Board Completed This Week

The seven member City-County hospital board was completed this week when County Commissioners named three more members and City-County officials named the seventh member. The City officials named three members of the board last week. This seven member board will replace the old Adair hospital board when they complete their present plans.

The members appointed by the County Commissioners were Mrs. J. D. Swift, Mrs. Joe Bownds and Clifford Johnson; the members appointed by the City officials last week are Charlie Bairfield, Kelly Chamberlain and J. R. Bartlett. The seventh member appointed by both is J. R. Porter.

Broncho Mothers Make Plans For Year

At a recent meeting of the Broncho Mothers plans were made for the annual steak supper and tentative plans made for the banquet later in the season. For the benefit of those who were unable to attend dues of \$3 can be mailed to the treasurer, Mrs. Dick Vallance. Money from the dues will be used to finance entertainment for the boys, the supper and the banquet, reported Mrs. Bill Weatherly.

For the benefit of the public in general, funds from the concession stand will be used toward completion of the Field House. All patronage in the past has been appreciated and it is hoped that you will continue to patronize the stand in the future.

Officers of the Broncho Mothers are Mrs. Bill Weatherly, President; Mrs. Truett Behrens, Vice-President; Mrs. G. W. Bradshaw, Secretary; and Mrs. Dick Vallance, Treasurer.

Mrs. John Patterson and daughter, Mrs. Charlotte Smith and Nita, of Groom visited Monday afternoon with Mrs. G. W. Estlack and Jackie.

ADAIR HOSPITAL OPEN HOUSE SET FOR SUNDAY AFTERNOON

City Hauls 37 Big Truck Loads Of Trash

According to a report from Mayor H. T. Burton, the City of Clarendon hauled 37 big truck loads of trash in the recent City-wide Clean-up drive. This was a lot of rubbish but after taking a survey of the town, there should have been twice this much if everything had been cleaned up that needed it, the Mayor stated. "One of the biggest disappointments of the drive was that a number of lots in the main business section of town were not cleaned up," Mayor Burton added.

The City is still accepting calls to stand by with the fire truck to burn off vacant lots, etc., and urge everyone to take every precaution by using this service. They announced also that there would be no more free hauling of rubbish at the present time.

Fall Pig & Lamb Show Scheduled For Saturday

The Donley County Fall Lamb and Pig Show is scheduled for Saturday at the fair barn. Judge Clodus Smith, Vocational Agriculture teacher from Panhandle, is scheduled to start placing the animals at 9 A. M. A majority of the animals will be brought into the fair barn Friday afternoon and the remainder will arrive early Saturday.

Over eighty F.F.A. members from Hedley, Lelia Lake, and Clarendon will participate in the show. The Donley County youths have built up an outstanding swine production program and the quality of their animals is recognized over the entire southwest. The top winners from the local show will enter the State Fair at Dallas next week. Approximately 75 of the 150 entries expected here will be trucked to Dallas for the week long show there.

Light and heavyweight barrow divisions for Poland Chinas, Spotted Poland Chinas, Durocs, Yorkshires, Berkshires, Hampshires, and Chester White breeds of swine, are scheduled, and in the pens of three barrows all breeds will compete against each other. There will be two divisions in the lamb show with places for fine wool and mutton type lambs.

Approximately ten times as many Donley County youths participate in the pig and lamb divisions of the local show as in other phases of feeding projects. This is largely due to the economical setup of the projects as compared to calf feeding and others.

A completely remodeled, re-decorated, and re-equipped Adair Hospital will observe its formal opening with an open house Sunday, October 14, from 2 p. m. until 5 p. m., the board of directors of the hospital has announced. All residents of this area are invited to come inspect the hospital and facilities which will be able to serve them for all medical needs and attention.

Hosts for the open house will be the board of directors headed by J. R. Porter. Other board members are Carl Allmond, Walter Taylor, Lee Bell, Frank White, Jr., J. T. Patman, and Odos Caraway. Clubwomen of the town will decorate the hospital for Sunday with arrangements of cut flowers.

An excess of over \$30,000 has been spent on making Adair Hospital one of the best in the Panhandle. With sixteen beds and four bassinets, the hospital staff will be able to handle medical needs for all. Additional beds can be set up in double rooms if necessary.

Dr. George Smith, M. D., heads the medical staff. Ed Richardson, formerly of Frederick, Okla., is administrator and laboratory and x-ray technician. Miss Nancy Henry, registered nurse, will be superintendent of nurses. Mrs. Troy Broome is another registered nurse of the staff.

Beverly who are licensed vocational nurses will also be on the nurses' staff. Kirk Doshier will be employed as maintenance superintendent. Mrs. Kirk Doshier will be dietitian for the hospital.

Other employees of the hospital are college students: Melba Langley of Quail, Patsy White of Lelia Lake, and Billy Ray Johnston of Lelia Lake. Mrs. Bud Moore will be receptionist and office manager. "Others will be hired," says Dr. Smith, "as the need is seen."

The building committee of the board is Carl Allmond. Working with him are Walter Taylor and Frank White, Jr. Odos Caraway is purchasing agent.

Clarendon FFA Youths Attend State FFA Day At Dallas

Approximately thirty members of the Clarendon F.F.A. Chapter attended State F.F.A. Day at the State Fair at Dallas on October 7. The group attended a special matinee of the ice show Saturday morning, enjoyed the big free "feed" at noon, attended the Texas-Tech and Texas A&M football game Saturday night and spent the remainder of the day looking at items of interest over the giant exhibit.

The group started for home Sunday morning and arrived in Clarendon at 4 P. M. Sunday.

Look, Ma! No Hands!

An outlaw horse has won the contest from this striped-clad convict and the thrills are just beginning. Bigger, better, wilder than ever, the thrill-filled Annual Texas Prison Rodeo plays its 25th season with four big Sunday performances, October 7, 14, 21 and 28.

KOREAN ALERT—Soldiers guarding the demarcation line in Korea are psychologically toughened for night fighting, scouting and infiltration. Private Fred J. Hahn of Chicago is using some soot and shrubby camouflage before going out on one of many night aggressor problems. He is assisted with this "makeup" by a buddy of the 24th Infantry Division, first division to send troops into Korea when the fighting started more than six years ago. It has been there ever since.

**GABIE BETTS BURTON
LIBRARY NOTES**

By May L. Prewitt

We have some childrens books,

as I have told you before, that were ordered two months ago. These are "Timothy Turtle" by Alice Vaught Davis, "The Mighty Hunter" by the Hoders — they write such enjoyable stories and they always have a moral. Last is "Little Bear Bumble" by Evans.

The little people will be eager to read each of these. We shall purchase Anderson's new book when possible. He illustrates his own editions, but his books are \$2.00 and often more. To date we have purchased all his "Billy & Blaze" editions and several others he has written.

The book we ordered as a memorial to Mrs. Potter did not come, so we used a very readable edition of essays entitled "From My Window", for this memorial. Each essay begins or ends with a Bible quotation, so it is really a charming devotional copy.

"Home To Texas" by Stanley Walker was given in memory of Mr. Stark, the father of Mr. Heckle Stark and Mrs. Bogard. It has been so extensively advertised that there is very little to discuss. You will enjoy all of the

story of this New Yorker, or two New Yorkers experiences in Texas. He brings his wife-to-be and marries her in Dallas. There are some interesting books for you to read here this winter.

We have catalogued about fourteen assorted childrens books given us by David T. Holland—the little son of Mr. and Mrs. Theron Holland. Some are the Miss Frances books, some Golden Books and other publications of this price range. They will be a great help for our little people. Some had to be mended, but a friend gave us enough change last week to help some with this. One roll of mystik tape costs \$1.55 and it has only 4 yards. We use quite a bit.

St. George is the patron saint of England.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. George W. Estlack, Clarendon, Texas announce the engagement and approaching marriage of their daughter, Jacqueline Marie, to David N. Patterson, son of Mr. and Mrs. John Patterson of Groom, Texas.

Vows will be read November 19, 1956 at the First Methodist Church, Clarendon, Texas with Rev. Conrad M. Ryan, pastor, officiating.

SODALITAS CLUB

The Sodalitas Club met in the home of Mrs. Sue Weatherly Thursday evening, October 4th for a regular meeting.

The president, Dolores Ray, called the meeting to order. Mrs. Weatherly gave the devotional. The topic of the program was "Cotton". Mrs. Evelyn Messer gave a talk on "New Cotton Products" and Mrs. Mohiense Debord talked on "Cotton on the Market."

During the business meeting Mrs. Mary Haskins was elected reporter. Plans were completed for work on the Cotton Festival.

The hostess served a delicious refreshment plate to the following members: Mesdames Dolores Ray, Mohdene Debord, Rexie Word, Maurine Doherty, Dorothy Tate, Mary Haskins, Arlene Thompson, Evelyn Messer, Geraldine Wiggins, Mary Ruth White, Dorothy Brinson and Joy Stewart. —Reporter.

Ellie's "A Meal in a Minute"
BEEF STEW

CHAMBERLAIN H. D. CLUB

The Chamberlain H. D. Club met Oct. 4 at the community center, with Loretta Harrison as hostess. The evening was spent in visiting and a demonstration by Loretta Harrison.

Those present were Mrs. Eliza Wilson, Mary Myers, Laura Ivey, Mrs. J. C. Heathington and Tomara Ann Hodnett, Nelda Jones, Mike and Karen and Clay Harrison, Evone Holland, David, Johnny and Jerry, Corinne Harrison and Willie Hott. Visitors were Mrs. Jean Welch and Linda Sue Welch.

Next meeting will be November 1st at the community center. Mrs. Evone Holland will be hostess.

The community center had their regular meeting Oct. 6th. There were several out. All seemed to have a nice time. Next meeting will be Oct. 20. —Reporter.

M.Y.F. REPORT

On October 7, 1956 Rod Seago, President of the Lelia Lake M.Y.F. called the meeting to order.

Mrs. Will Chamberlain, Youth Secretary, introduced the study book to the group. She told us about the different countries and pointed them out on the map to show us where they were located. We sang two songs "This is My Father's World", and "The Kingdom Is Coming", led by Jessie Lee White and accompanied by Judy Castner.

Those present for the meeting were: Judy Castner, Carolyn Castner, Betsy Chamberlain, William Chamberlain, Evelyn Chamberlain, Larry Lynn Thurman, Rod Seago, Jean Fox, Jessie Lee White, Mrs. A. K. Thurman, and Mrs. Will Chamberlain. We missed Mrs. McDonald very much. —Reporter.

ASHTOLA NEEDLE CLUB

The Ashtola Needle Club met Thursday in the club room with Edna Perdue as hostess. She had the tables covered with white cloths and bouquets of garden flowers.

Mrs. Ivan Tolleson was in the chair for the business session. She appointed her nominating committee for new officers for the coming year. Motion was made and carried to promote a sewing project for the hospital. It was also voted to buy a gift for a former member.

It was work exchange day, and members were busy all afternoon with leathercraft, applying aprons, and sewing in zippers.

At the next meeting Oct. 18, Mrs. C. B. Morris will review a book, and Mrs. Vena Hudson and Mrs. Nell Gray will be the hostesses.

The hostess served cake and punch to the following members: Mesdames Ivan Tolleson, Ruby Hardin, Elizabeth and Viola Graham, Isla Mae Marshall, Nell Gray, Veda Mahaffey, Roeda Rattan, Johnnie Poovey, Jo Harp, Naomi Green and Vena Hudson. —Reporter.

1926 BOOK CLUB

Mrs. C. A. Pitts and Mrs. Frank Phelan Sr. were hostesses to the 1926 Book Club October 2, at the Patching Club House. Refreshments of mince meat tarts and coffee were served. Mrs. L. N. Cox gave several interesting selections by Robert Lee Frost, who is a great contemporary American poet. The president, Mrs. Lloyd Johnson, presided at a short business session.

Those present were one guest, Mrs. Curtis Mears; three new members, Mrs. Leon Davis, Mrs. J. R. Brandon, and Mrs. W. W. Sandifer; and Mmes. Bill Thornberry, Clyde Hudson, B. C. Antrobus, E. S. Ballew, C. E. Bairfield, Bill Bromley, L. N. Cox, J. R. Gillham, L. C. Johnson, C. M. Lowry, C. B. Morris, Rayburn Smith, Miss Lucile Polk, Mrs. Homer Bones, and hostesses, Mrs. Pitts and Mrs. Phelan. —Reporter.

Mr. and Mrs. C. E. Killough who have been making their home at Mineral Wells, are home here for a two weeks visit.

JUNIOR G. A. GIRLS

On October 3rd, the Junior G. A. Girls met at 4:00 in the First Baptist Church and elected new officers for the eleven and twelve year old girls. The officers are as follows: President, Janice Smith; Vice President, Barbara Vinson; Sec.-Treas., Debra Vandenburg; Mission Program, Trula Putman; Stewardship Program, Johnnie Lemons; Community Mission, Andra Pinkerton; Reporter, Janie; Prayer Chairman, Mrs. Fricks; Social Chairman, Sue McCord; Song Leader, Barbara Vinson; Pianist, Andra Pinkerton. Leader: Mrs. Louise Fricks. G. A. Name: Louise Bonham. We hope to have a better class. —Reporter.

MIDWAY CLUB

This Club met Oct. 2nd in the home of Allie Quattlebaum with only 6 members attending and two visitors. Members present were Ellen Moreland, Louise Riley, Loyd Hillis, Lucille Eanes, Leona Scott and the hostess. We were proud the Naylor sisters Misses Minnie and Ava were present. One quilt was quilted on.

Election of officers was held for the coming year. Katie Bell Wells as president; Louise Riley, Vice President; Marjouria Hensley, Reporter; Ellen Moreland, Sec.-Treas.

Next meeting will be Oct. 16th with Louise Riley. —Reporter.

MARTIN QUILTING CLUB

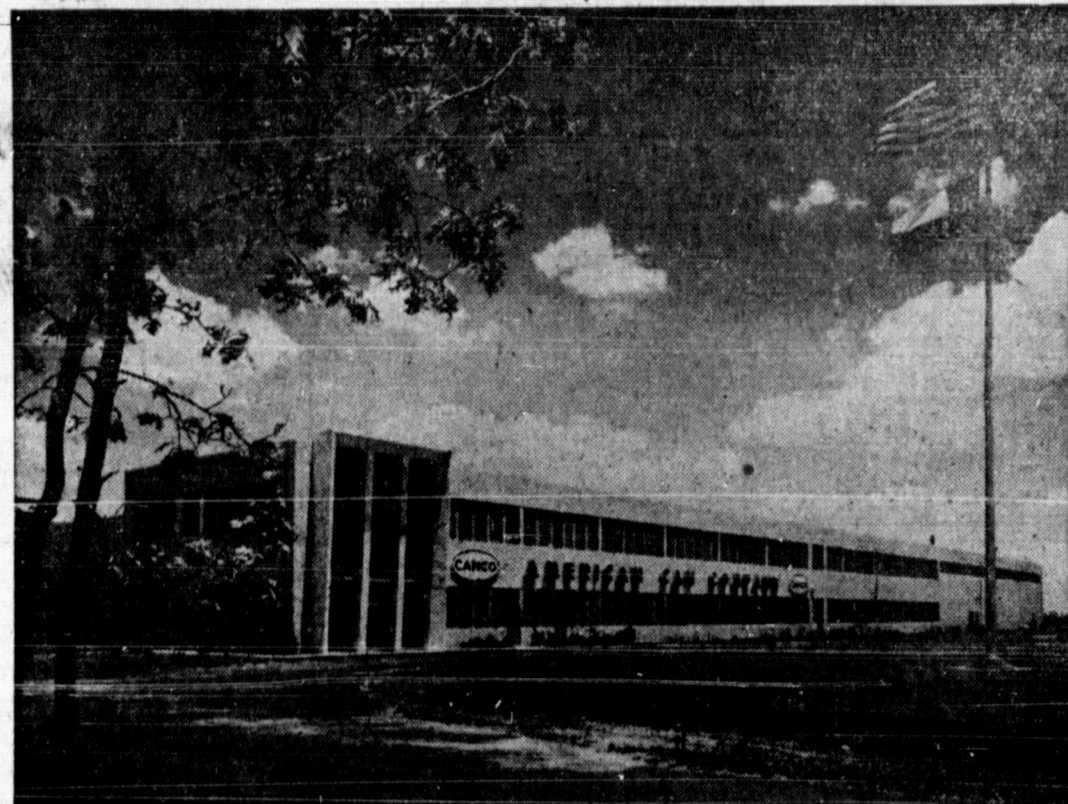

The Martin Quilting Club met Oct. 4, with eleven members and four visitors present. One quilt was finished, and presented to Jonnie Stout.

Those present were Sallie Christie, Margaret Waldrop, Dorothy Sullivan, Eunice Land, Blanch Higgins, Annie Waldrop, Jonnie Stout, Veda Elliott, Lela Bulman, Lois Stevenson, Lennie Cauthen, and visitors Mrs. O. T. Hill, Bro. Stout, Beth Waldrop, Linda Stout.

The next meeting will be October 18th. —Reporter.

Mr. and Mrs. Doyle Payne announce the arrival of a son, William Steven, weighing 8 lbs. 3 oz., October 5th. He is the grandson of Mr. and Mrs. Wm. Payne of Powell and Mr. and Mrs. F. A. Clarendon of Grand Junction, Colo.

World's Most Modern Can Plant

Leading Texas civic, educational and industrial leaders this week heralded the opening of American Can Company's new can-making plant in Arlington—the most modern of its type in the world. Situated on 12 acres of land midway between Dallas and Ft. Worth, it will bring increased service to the many canners and packers in the Central Texas area. Modern high-speed equipment laid out over 180,000 square feet of floor space will produce metal cans at a rate of 450 per minute or 300,000,000 per year. American Can also has another plant in Houston which has been serving the Texas container-using industries for two decades.

THE BLACK BLIGHT ON COTTON

John C. White, Commissioner Texas Department of Agriculture

A little considered but increasing alarm among processors of cotton is the costly presence of "tar spots" which result in big losses to the mills.

These black blights, unnoticed in the ginning process, are collected among freshly gathered cotton either through use of asphalt-coated pick sacks or by carrying cotton to market over freshly tarred roads.

When this happens and the cotton is subsequently ginned, all cotton in the bale is "contaminated" with tar spots which show up during cloth processing at the mills.

What's worse, when one bale of

tar cotton is mixed with 39 other bales in the bleaching room at a mill, all material made from the entire 40-bale lot contains tar. This results in necessary price reductions of 10 to 20 percent, and in some instances, total rejection.

Now, more than ever, mills are pin-pointing areas from which blighted cotton continues to come. This may result in general penalties by industrial price-cuts to innocent farmers who live in an area full of careless neighbors.

The wise thing would be for everyone to discard the old asphalt-covered pick sack

"Common Sense" Precautions Urged To Keep State's Children Safe

When school is out—watch out! That was the watchword directed to vacationers in a plea to keep the state's children safe while they're out of the classroom and into the out-of-doors.

"Safety rules might be repeated a thousand times over, but every summer hundreds of children become unwilling statistics in the records of those who are crippled," Ricker said. "Perhaps the only way to strike back lies in the hope that repetition will make everyone safety conscious."

"The Texas Society, our state's Easter Seal Society, is vitally concerned with the lasting effects of accidents. Because Easter Seal dollars are spent to rehabilitate handicapped children and adults, and two-fifths of the patients seen in our treatment centers are crippled as the result of accidents, the Society thoroughly believes in the 'ounce of prevention' to reduce the crippling toll."

Ricker's precautions were directed to parents, children and the entire community and included safety measures to be observed in the home, on the highway and out-of-doors.

For Parents:
 Set an example for children. Take advantage of any opportunity to teach safety measures. Guard youngest children from crippling or fatal injuries by using common sense protection. Keep guards around stairs, windows and backyard ponds, pools, cisterns or wells.
 Don't let garages become storehouses of death for children. Store poisons such as insecticides, paint removers and thinners safely and out of reach. Do the same with fireworks, firearms and other explosives.
 Clean up backyards, removing nails, broken boxes, boards and glass. Make sure clotheslines are strung high. Keep playground equipment in good repair.
 Supervise burning of rubbish, and do it on a windless day.

For Children:
 Remember safety lessons learned at school and from parents, and practice them.
 Join a community class in swimming and follow the safety precautions. Wait for an hour after eating before going into the water. Don't swim too far, alone, or in unfamiliar places.
 Be prepared on hikes, fishing trips and boat rides. Listen to leaders' directions and follow their examples.
 Keep away from unauthorized areas like ditches, excavations, dumps or junkyards. Don't play around with farm machinery.

Be careful on the street. It's not a playground. Walk only with the green light and cross only at the corner.
 Keep bicycles in good repair. Don't do stunts on bikes. Show-offs aren't funny.

For the Community When Driving:
 Treat all youngsters as if they were your own. Obey all traffic signals and signs. Slow down in play areas. Watch for the unexpected dash into the street.
 Give cars complete check-ups before venturing to the highway. Make sure tires, brakes, lights, steering wheels and batteries are in top shape. Take along emergency supplies.
 Don't drive too long on vacation trips. Stop before fatigue sets in. And don't drive too fast—it's better to get there late than not to get there at all.
 Plan community activities for children and supervise them, especially on the Fourth of July and Labor Day.

Under the present Administration in Washington social security benefits were increased and extended to ten million more workers.
 Mr. and Mrs. W. A. Couch of North Hollywood, Calif. visited last week with his mother, Mrs. Ida Couch; Mrs. Earl Myers was also a visitor on Monday; She and Mrs. Jonie Couch were childhood friends in Oklahoma and had not seen each other in several years.

Texans Will Be Asked To Keep Eisenhower In Victory Column

AUSTIN—A campaign to keep Texas in the Eisenhower victory column will be conducted thru-out the state by Texas Democrats, Weldon Hart of Austin announced this week.

Hart said state campaign headquarters has been set up in Austin (412 Boln Building, 308 W. 15th Street) and regional and county headquarters would be established within a few days by Democrats who believe Eisenhower deserves the support of every Texan.

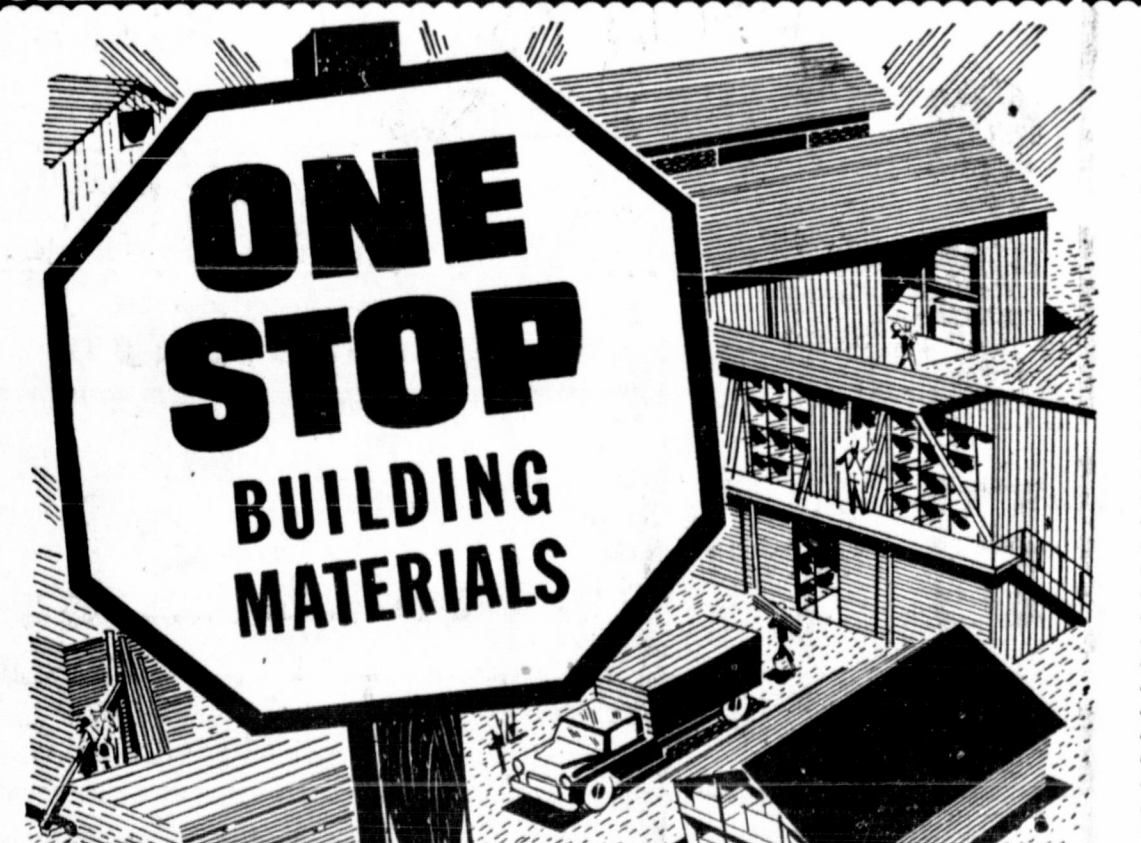

"More than a million Texans voted for Ike in 1952," Hart said. "During the four years he has been in office he has met all the political, moral and spiritual standards by which we in Texas judged him in 1952. This gives us every reason to support him again."

Hart said he was called upon by a great number of Texas Democrats to help the Eisenhower effort in Texas as acting director of headquarters. He said a committee headed by leading Texas Democrats would be named soon to guide the Eisenhower campaign in Texas.

Hart pointed out that: "Eisenhower kept his promise to Texas. He returned our tidelands. He returned our boys from Korea and established peace. He returned integrity to Washington."

"We invite every Texan to help us return President Eisenhower to the White House."

The presidential campaign narrows down, Hart said, to one simple question: "Which candidate—Eisenhower or Stevenson—would make the better president?"

FARM NEWS

from the County ASC Committee

STATE ASC COMMITTEE EXPLAINS SOIL BANK NORMAL YIELD

"In reply to many questions about determination of normal yields in the Soil Bank Acreage Reserve Program, the Texas State Agricultural Stabilization and Conservation Committee, issued the following explanation using wheat as an example of the procedure in determining normal yields.

"County normal yields of wheat are determined by the Commodity Stabilization Service Administrator in Washington, D. C. for each wheat-producing county in each of the 36 commercial wheat-producing states. County average yields of wheat from available records are calculated for the 10-year period of 1945-1954 and then adjusted for any abnormal conditions such as flood or drought. In most cases the adjustments made for abnormal conditions result in a somewhat higher county normal yield for wheat than the actual average yield of wheat for the county.

"The County Agricultural Stabilization and Conservation Committee, using the county normal wheat yield already established, determines community or township check yields which reflect variations in wheat yields between the communities.

"With the community check yields as guides, the County ASC Committee determines a normal wheat yield for each wheat-producing farm in the county. Farm records for each year 1946 through 1955, if available, are used and adjustments are made for abnormal conditions and trends in yields. If farm records are available for only a part of the 10-year period or if no records are available, the County Committee determines a normal yield for these years taking into consideration the productivity of the land usually devoted to wheat, the farming practices of the operator, and any abnormal conditions such as drought or floods.

"After normal yields of wheat have been determined for the wheat-producing farms of a community by the County ASC Committee, the yields are subject to adjustments if the weighted average of normal yields for all farms

in the community exceeds the community check yield of wheat." **EXTRA WHEAT UNDER 1957 ACREAGE RESERVE**

Those who indicated they would like to put additional acreage above 50% of their allotment, may do so now if they wish—according to a telegram received from the State Office on Oct. 4. Be sure to come in and sign a new agreement for the additional acreage desired on or before Monday, October 15th.

CONSERVATION RESERVE FOR 1956

The final date for signing agreements for Conservation Reserve for 1956 is October 15th. We are attending a District Meeting on Wednesday, October 10, and are hoping to have a number of things cleared up for us regarding the Conservation Reserve Program.

DROUGHT EMERGENCY

FEED PROGRAM

Producers who receive Purchase Orders are reminded that feed—(Straight Grain or 75% grain mix or 60% grain mix) must be purchased from an approved dealer.

All 75% mix or 60% mix feed sacks must be tagged properly so that any inspector who might visit the farm will find the feed that was reported on the Purchase Order.

Those visiting over the week end with Mr. and Mrs. Ben Nelson and Nona Lou were Mr. and Mrs. Tom Nelson and family of Amarillo, Mr. and Mrs. Harvey Nelson and family of Dumas, Mr. and Mrs. Devie Lee Bullard and son of Pampa, Mr. and Mrs. Bobbie Baird of Pampa and Mr. and Mrs. Delbert Thomas and boys of Groom.

Former Resident Dies At Amarillo

Funeral services have been set for 2 p. m. this afternoon in Griggs Pioneer Chapel in Amarillo for George Edd Mosely, 57, former Clarendon resident who died in an Amarillo hospital Monday. Rev. Earl W. Hatchett, pastor of the Pierce Street Baptist Church will officiate.

Surviving are his wife, Mrs. Alma Mosely; two daughters, Mrs. Frank Pfeifer and Mrs. Sanford Hauser, both of Amarillo; two sisters, Mrs. Merle Simpson of Austin and Mrs. W. T. Weaver of San Antonio, and three grandchildren.

George Washington owned a set of the third edition of the Encyclopedia Britannica.

PLOWIN' Out the CORNERS

The other day we were discussing the drouth and the dust storms with some one and they woud up our visit with this

thought; "Well, after all we may be able to find fault with the weather in the panhandle but never with its people." The person left, leaving me with that thought dangling in my mind. And you know, that statement is true, and being true makes us wind up with so much to be thankful for. After all which is more important in time of real need, and good rain or a real friend. Naturally, we would like both—a good climate and a wonderful people. But if we had to make our choice of living in a bad community with better finan-

cial advantages or that of living among wonderful neighborly Christian folks, we just know that our choice would be to live in the good community. So, this thought left me more grateful and thankful for the blessings that we do have, and drouths will come and go, and next year will always be better.

hour, I come to Thee for peace, for wisdom, power. To view the world today through love filled eyes Be patient, understanding, gentle, wise. To see beyond what seems to be, and know Thy children as Thou "knowest them, and so Naught but the good in anyone behold; Make deaf my ears to slander that is told. Silence my tongue to aught that is unkind; Let only thoughts that bless dwell in my mind. Let me so kindly be, so full of cheer, That all I meet may feel Thy Presence near. O Clothe me in Thy beauty, this I pray, Let me reveal Thee Lord, through all the day.

in the face of all this confusion, then you just don't understand the situation." Anyway, our plea is that everyone be patient and understanding with all the employees connected with any of the offices trying to put out the information or those doing the actual signing up. It is a new program. It is a drastic change from anything we have had in the past. As the Washington Office puts into actual practice the things that the experts have worked out a sbeing practical on paper, there suddenly appears many little bugs to be worked out and changed. These changes cause confusion as they reach down to the farmer. As to the merits of the program we would not be in a position to venture a prediction. At a glance we can see some good and some bad features. It has been this way with every farm program so far. But, the New Program has been put into operation by our Congress and we must give it a trial. In the meantime let's all be patient with those employees who have suddenly had a tremendous

job just dumped in their laps. We need to attend every group meeting possible where the rules can be discussed with a volume of interested farmers. It would take hours to give personal advice and analysis to each farm unit. This program could be the answer to the surplus. It could be a flop and a real fizzle. To say the least it is something new and different. It is something that needs some deep thinking on each person's unit program and the time has been far too short.

ing equipment in Lake Travis. The Commission's Chief Aquatic Biologist said that, although it is mighty comfortable being submerged for long periods during the heat of the summer, the peace and quiet oftentimes is disturbed. For example, Project Leader Kenneth Jurgens told about one diver giving ground "all the way" when a huge snake approached his equipment. Asked later what kind of reptile it was, the technician said he didn't tarry long enough to tell. Another biologist, on location thirty feet down studying Rio Grande perch nesting routine, came face to face with a giant catfish. The big cat looked straight through the mask into the diver's eyes. Suddenly it humped its back like a bristling dog and seemed ready to charge. The biologist, armed only with assorted tanks and gadgets, broke off the incipient engagement. He admitted the menacing fish stared him into full retreat.

This sign could well be placed nearby to some office that was trying to explain the new Soil Bank Program: "If you are calm

in the meantime, let's make Patience the Pass-Word as we farmers work out our individual case with the local office and its employees. It's not that anyone is holding back any information, but rather that most everyone had to start from scratch with this new plan. We're hoping that everyone does the thing that a year later they are still happy with.

Another biologist, on location thirty feet down studying Rio Grande perch nesting routine, came face to face with a giant catfish. The big cat looked straight through the mask into the diver's eyes. Suddenly it humped its back like a bristling dog and seemed ready to charge. The biologist, armed only with assorted tanks and gadgets, broke off the incipient engagement. He admitted the menacing fish stared him into full retreat.

DIVERS DODGE DEEP DENIZENS

AUSTIN — Not everything is love and sweetness down where Game and Fish aquatic biologists are experimenting with skin div-

A thought that really isn't right,
 Should not be harbored over night;
 An impure thought to reach its goal
 Could mean the capture of a soul.
 A thought that would not prove the best,
 Should not be hidden in the breast;
 The greatest game in life we play,
 Is keeping all such thoughts away.

"Don't miss it, friends! Enter Gulf's 'Life of Riley' Contest now!"

WILLIAM BENDIX, star of "The Life of Riley" TV show...and your royal home, Maria Serena Palace,

GRAND PRIZE: LIVE THE LIFE OF RILEY IN A PALACE ON THE RIVIERA WIN 30 FABULOUS DAYS WITH \$200 A DAY TO SPEND

Fly via a luxurious PAN AMERICAN Super 7 Clipper

Fly direct to Nice, France, in 20 hours, via the world's most experienced airline. Live in a Riviera mansion for four fabulous weeks. Reign in a royal home, with all modern conveniences.

Servant staff, luxury furnishings, glamorous patio, private swimming and boating facilities... all this and more... all yours in a stunning setting on the Mediterranean!

It's a once-in-a-lifetime trip for two. You enjoy scores of exciting holiday adventures—with \$200 a day to spend! Your own limousine whisks you through a gay round of gala events in nearby Nice, Cannes and other Riviera playgrounds.

A world of pleasure awaits you. Golden beaches, festive occasions, dazzling scenery... sports, pleasure, regal relaxation... you live the Life of Riley for a magnificent, memorable month!

Clean-burning No-Nox gives you many more miles of new-car power!

HINTS TO HELP YOU WIN!

1. No-Nox burns clean because Gulf refines out the "dirty-burning tail-end" found in ordinary gasoline.
2. No-Nox combats formation of carbon deposits which "shrink" engine power.
3. No-Nox protects your engine, keeps new-car power intact for thousands of extra miles.
4. Gulf No-Nox is a high-octane gasoline—gives more miles per gallon in short-trip driving.

Simple to enter—Easy to win!
 Just complete this jingle. Enter as often as you wish. All entries must be on official Contest Entry Blanks, which contain complete contest rules. Get yours free at any Gulf station. Contest closes midnight, Oct. 31.

Gulf No-Nox is the gasoline that's famous 'cause it burns so clean. Fill up at Gulf and you will see.
 (Make your last word rhyme with "see.")

Trinquits and Sidelights From Your State CAPITOL

By VERN SANFORD
Texas Press Association
AUSTIN—Campaigning in Texas is in high gear.
First to open statewide cam-

paign headquarters were the Texas Democrats for Eisenhower. In charge is Weldon Hart, long-time aide to Gov. Allan Shivers. A few days later Warren Wood-

GENERAL TELEPHONE COMPANY OF THE SOUTHWEST
A Member of One of the Great Telephone Systems Serving America

ward, Houston attorney, moved to the capital city to set up the Stevenson-Kefauver camp.

Says Hart, "Our campaign is backed by Texas Democrats who supported Eisenhower in 1952 and who can see no reason to change."

First of a series of ads in behalf of Ike appear in all Texas newspapers this week. Stevenson ads will follow as Woodward's program begins to unfold.

Meanwhile candidates for the vacated Senatorial post of Price Daniel are jockeying for position. But none has made what could be called a statewide plea for support.

Daniel is finally "in" as the Democratic nominee for governor. But procedure for naming a new U. S. Senator still is as muddled as ever. He resigned his senate seat effective Jan. 15, "or sooner if a successor is elected."

When this can be done, and how, hinges on (1) when the governor calls a special election; and (2) whether the State Democratic Executive Committee decides to try to hold party primaries before the special election.

Meanwhile Governor Shivers is on a bear hunt in Kodiak, Alaska, with two of his sons.
SEGREGATION LAWS

PROPOSED

Legislation designed to circumvent the school integration ruling has been proposed by the governor's advisory committee.

Bases of the plan: (1) local boards could not desegregate schools unless so directed by a vote in the district, (2) liberal consideration would be given requests of parents wishing to avoid sending a child to an integrated school and (3) persons trying to force integration would be liable to prosecution.

Governor Shivers said he would use the report in making recommendations to the next Legislature.

ROUGHAGE PROGRAM SUSPENDED

It took drought-hurt Texas farmers only about two weeks to swamp the million dollar federal aid program for roughage.

U. S. Department of Agriculture has ordered that no more applications be approved while it makes a "careful reappraisal" of demands. Under the program, originally designed to run to Jan. 1, farmers in drought disaster areas were to receive certificates good for \$7.50 per ton for purchase of roughage for cattle.

STATE BUILDING HITS NEW HIGH

An estimated all-time high of \$27,600,000 will be spent on new state buildings in the fiscal year just begun.

More than half of this, or \$14,000,000 will be used in Austin. A whopping \$6,000,000 will be poured into the new state office, and courts building for which sites now are being cleared. Another million will be used to repair and air condition the Capitol building; \$5,000,000 for state schools; and \$2,000,000 for state hospitals.

Of the remaining \$13,400,000 to be spent over the state, \$10,000,000 will go for armories and \$3,400,000 for state hospitals at Abilene, San Antonio, Wichita Falls, Gainesville and Waco.

SCHOOL EXPERIMENTS STUDIED

Ways to get "more for the

money" out of Texas' school system are being sought.

A statewide advisory committee of educators and lay citizens has just launched a six-month study of ways to make most effective use of school properties and personnel.

Ideas being considered: (1) a 10-month school year, (2) a longer school day with staggered schedules, (3) more use of college students to assist teachers and (4) more multi-purpose rooms in schools.

COLLEGE ENROLLMENTS SOAR

Texas college campuses are overflowing again, even more than in post-war days.

Many schools report record enrollments. Some expected totals, after latecomers straggle in: University of Texas 18,000; University of Houston 13,500; Texas Tech 8,000; Texas A&M 7,400; Texas Christian University, Southern Methodist University and Baylor, about 5,400 each.

At least one school, Texas Western at El Paso, was having to curtail its curriculum because of teacher shortage.

VARMINTS RAID FARM FEED BIN

AUSTIN—Reports of the great loss to varmints from starvation and lack of water during the unbroken Texas drought, was noted by the Executive Secretary of the

Game and Fish Commission.

He said field men agree that the toll to the fur-bearers has been particularly heavy. In areas where the heavy raccoon population previously had been described as out of line and damaging to other game species, the torrid spell seems to have restored a more desirable balance.

Typical of the observations reaching headquarters was one from Game Warden Tom Waddell of Eagle Lake, relaying a report from Warden Leo Kohleffel of Columbus:

"At 1 a. m. on September 18, on patrol, Kohleffel shined his light in the area of a barn on Oakes Ranch, owned by Jess Wegenhoff, two miles northwest of Rock Island. His beam picked up the eyes of at least twenty raccoons, tearing the sacks and eating range nuggets and cotton seed cake. Kohleffel killed ten raccoons, crippled five or six and also shot

one opossum. The next night Wegenhoff killed five more raccoons. We are having reports of raccoons raiding chicken coops as their natural food is gone. Raccoons have cleaned up most cottontails and swamp rabbits in the brush."

Gelatin is obtained from the shin bone of beef cattle.

CLARENDON, TEXAS

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

PERHAPS A "LITTLE BUSINESS ADMINISTRATION" IS NEEDED

Many inquiries have been coming to my office seeking information as to the possibility of obtaining loans from the Small Business Administration. These inquiries are coming from businesses that I have always considered in the "small business" segment of our economy. However, the fate of many of the applica-

tions for loans by these small businesses would indicate that our understanding of "small business" is somewhat different from those in charge of the SBA. It seems that the chances for a really "small" business to get a loan from the SBA are quite scarce. One fellow told me that he was advised by the Small Business Administration that he would not be eligible for a loan from the SBA unless he could prove that he could not get the money from commercial banks. He stated that he proceeded to obtain this proof and presented it to the SBA. Whereupon he was advised that it would be useless for him to try to get a SBA loan, because the fact that the banks would not let

him have the money was proof that his credit was not good and, therefore, he could not qualify for a SBA loan. It is entirely possible that there might have been other facts presented which caused the rejection of this man's application. However, I tell this story to point up the fact that, under the rules and regulations employed by the SBA, such a situation could easily have developed. There is a very wide discretionary power in those in charge of the SBA, and numerous complaints have been voiced to the effect that such discretion has been arbitrarily exercised. The Small Business Committee of the Congress has recently indicated alarm at the failure of the SBA to do what Congress had intended be done under the Act. One member of that Committee has told me that during several periods, the administrative expense of running that agency was far in excess of the entire amount of loans made.

In a pamphlet published in 1953 by the Small Business Administration, the criteria for determining a small business for loan purposes is set out as follows: "A manufacturing concern is considered small if it employs 250 or fewer persons, including employees of affiliates, and large if it employs more than 1,000 persons; if it employs more than 250, but not more than 1,000 persons, it may be considered either small or large, depending on the employment size standard which the SBA has developed for its particular industry.

There is some feeling that too much attention has been paid by the Small Business Administration to those businesses that are near the top of the requirements, and too little to those that are at the bottom — in other words, manufacturing concerns employing 15 or 20 people, wholesale firms having a gross volume of several hundred thousand dollars rather than several million, and retail and service trades that have yearly volumes of less than one hundred thousand dollars, are not receiving proper attention. It seems to me that a great deal more attention should be paid to business activities in the smaller cities. Many of these smaller cities are drying up economically because of the lack of any type of financing for the smaller business enterprises. Nothing could contribute more to the perpetuation of the American way of life than healthy and growing small businesses in the smaller cities. If such policies are pursued, it will permit these smaller cities to become strengthened to the point that they can provide more and better facilities that will appeal greatly to many people who are seeking the freedom present in those localities and not present in the congested, metropolitan areas.

ANTELOPE LICENSES CLARIFIED

AUSTIN—The Chief Clerk of the Game and Fish Commission said non-residents may qualify for the fall antelope season providing resident Texans do not use the estimated eleven hundred special permits to be issued.

He said several persons, mainly service personnel, have asked. These inquirers are in the state only temporarily or have been here less than the six months minimum residence period required under state law.

The Chief Clerk held out some hope for this special group of applicants since requests for actual special licenses have lagged. The non-residents will be notified promptly after the August 31, deadline.

Earlier, he had urged persons interested in the antelope hunts to be held West of the Pecos and in the Panhandle to write for standard detailed information.

If there are more applicants than permits available, public drawings will be held in the Commission's Austin office to determine the special licenses.

The special shoots will be held West of the Pecos in two three-day periods from October 1 thru October 7, and in three three-day periods in the Panhandle from October 11 thru October 19.

From where I sit ... by Joe Marsh

Happy Swap

More and more farmers—who badly need help sometimes, but can't afford a full-time hand—are making deals with young town workers and the employers they work for.

For instance, young Hap Hooper now lives rent-free on Easy Roberts' farm. In return he works about 100 days a year for Easy—for a farmhand's pay.

The rest of the year Hap works for his "regular" boss... Buzz Ellis, the electrician. Buzz just speeds up his business when Hap's on hand—slows it down when he isn't—and, like Easy, pockets healthy savings in wages.

From where I sit, it's great how people with different backgrounds—and different viewpoints—can co-operate. How about more of us trying that? I live in a town—maybe you're a farmer. I'm partial to a good glass of beer—you may prefer coffee or milk. But we can make things pleasanter by ignoring differences and giving each other a "hand."

This is where Tomorrow starts!

New Ford Station Wagon

New Fairlane 500 Club Sedan

After today, American cars will never be the same again. For the Big New Kind of Ford is a brilliant new automotive package—the one fine car in the low-price field!

We've unwrapped the 1957 Fords!

They're the best Fords of our lives. The power is new—with Silver Anniversary V-8's to fit every horsepower need.

The style is new—a revolutionary, sharp, brilliant, clear-cut design that will stand out in traffic.

The comfort is new—a rock-solid velvet-road ride.

The braking is positive—silky smooth when your toe says "whoa." The steering is light and firm.

This is a great automobile, from the large honest dial faces on the instrument panel to the effortless loafing way it cruises.

The new Ford begins with the "Inner Ford." Its new elegance comes from within, from the way its automotive muscles are put together. All the changes are toward more rugged endurance, toward increased power,

toward smoother operation. These are the bases for its "Mark of Tomorrow" elegance. This is the one fine car in the low-price field.

There are actually 19 different new kinds of Ford—and no matter which one you choose, it's yours at low Ford prices!

How does it look? It's only fourteen hands high—as tall as a child's pony. You can stand beside it and lean your elbows on its roof. And it's over seventeen feet long... 21 inches wider than it is high!

This big new Ford looks like the fun on a travel posier. It's the kind of car that looks sunshiny in the rain. It looks as fresh as morning.

It looks, like tomorrow—like the first thing out of Detroit that symbolizes the new Age of Movement.

See it at your Ford Dealer's. Give it your own Action Test. But you'd better leave a deposit... for you won't want to bring it back.

The Big New Kind of Ford Comes In 19 Models

New Fairlane Club Sedan

New Custom 300 Fordor Sedan

In all models you have your choice of engines, either the great Mileage Maker Six or one of the new Silver Anniversary Ford V-8's. You'll have no trouble choosing Ford—but you'll have trouble choosing which Ford! Six or V-8, the going is great!

*A special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, extra-high-performance Thunderbird 312 Super V-8 delivering up to 285 hp.

Fund-Raising Campaign For Boy Scouts Begins Oct. 9th In Clarendon

DALLAS — More Texas boys should have the advantages of Scouting, a top Texas businessman declared this week.

Despite the rapid expansion of the Scouting program, said Stanley Marcus, still only one out of four Texas youngsters now wears the uniform of a Cub, Scout or Explorer.

"Scouting offers the experience and training which every boy needs as he develops into a resourceful, patriotic and worthwhile citizen," said Marcus.

Marcus, president of Neiman-Marcus Company, is state chairman of the steering committee which is coordinating fund-raising campaigns for the Boy Scouts of America in 23 Texas Scout Councils.

The campaigns begin Oct. 9 in Clarendon and 530 other Texas communities. Funds for Scouting activities in 141 other communities are raised through local Community Chest and United Fund campaigns.

Purpose of the campaigns, said Marcus, is to raise additional funds so that more youngsters can be taken into the local Scout organizations.

"There are 181,000 boys in Scouting in Texas," said Marcus. "But there are more than 700,000 other boys not yet in Scouting. We must do our utmost to see that these boys also have the privilege and advantages of wearing the Scout uniform and of learning and benefiting from the creeds and deeds of Scouting."

The Scouting program, Marcus pointed out, represents a tremendous investment of money and of time by interested adults.

A total of \$54,000,000 has been invested in 820 camps on 500,000 acres of land in the United States and its possessions so that Scouts may enjoy the outdoors and learn and develop many skills, he said.

In Texas there are 33 Scout-owned or operated camps, and they cover a total of 18,000 acres. Almost \$3,500,000 has been invested in the Texas camps alone. There are more than 47,000 volunteer leaders serving Texas boys.

"As we expand our facilities and increase our enrollment of boys in the Scout program," said Marcus, "we must also increase our adult leadership. There is unlimited opportunity for any interested man to serve his community and its youth through Scouting."

A miniature weather station has been developed for the Navy which will make weather readings at sea very easy even during the roughest conditions. When held at arm's length the elements of the set measure surface atmospheric pressure, temperature, humidity, wind speed and direction. A lever locks the readings in place for subsequent recording in a sheltered area.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Mr. T. C. D'Spain was re-elected to the Donley Soil Conservation District Board of Supervisors at the election meeting held Oct. 2, 1956 in the Alanreed Gym.

C. P. Hamilton nominated Mr. D'Spain and Granville Simmons made the motion that Mr. D'Spain be elected by acclamation. The motion was seconded and carried by a unanimous vote.

Mr. D'Spain has served very capably as a member of the Donley Board of Supervisors since the District's organization in 1946.

It is doubtful if many of the farmers living in the District realize the time and service that the members of the Board of Supervisors render to the organization, and its value to them. For example, many of the services which farmers and ranchers have come to expect from technicians of the Soil Conservation Service would not be available to them if it were not for the District organization. Also specialized equipment such as grass drills and row seeders would likely not be available. Remember that the soil conservation districts are local organizations set up under State law, not Federal law, and that the supervisors serve, not for a salary, but for the service they can render their community.

The present Board of Supervisors of the Donley District consists of: J. R. Porter, chairman; W. P. Doherty, Vice chairman; C. B. (Cap) Morris, Secretary; and T. C.

D'Spain and J. A. Tollett, members.

U. S. TREASURY DEPARTMENT INTERNAL REVENUE SERVICE

The Internal Revenue Service is diligently looking for 3,000 North Texans who have tax refund checks awaiting them, according to J. Z. Pearce, Administrative Officer of the Amarillo office. The Dallas office has an employee who spends full time finding taxpayers due a refund check. A very large part of the taxpayers due a refund check have moved and failed to give Internal Revenue a forwarding address. In quite a few cases, the taxpayers plain forgot to put their address on their tax return. Mr. Pearce stated the checks ranged in size from a few dollars to some amounting to several thousand dollars.

A Dallas newspaper recently printed 600 names and addresses of Dallas taxpayers due refund checks. Within three days, 400 of

these taxpayers had claimed their checks. Others are claiming their checks daily. Mr. Pearce advised Donley County area taxpayers who are due a refund check to send their correct name and address to Miss Bonnie Reed, Claims Examiner, District Director of Internal Revenue, 2101 Pacific Avenue, Dallas, Texas. Miss Reed is as glad to hear from the taxpayers who have refund checks in her file as the taxpayers are glad to get the checks.

A few taxpayers have been notified that their returns are being audited before their refund

can be made. Mr. Pearce explained. These taxpayers will be individually advised concerning their refunds. They should not contact Miss Reed.

The first carrier plane landing was made in October, 1922.

Ike Can't Make It Rain, But He's Still Best Man

The other day I asked a farmer if it was dry out his way. He said it sure was. "Looks like we just can't get any rain," he said. "Why, when Noah had his 40-day flood, we didn't get over half an inch."

There's no mistake about it, Texas is having itself a real drouth. Some of the farmers and ranchers in our county are in such bad shape that they may vote for Stevenson.

Old Man Jones, from across the river, said he wasn't going to go to any such extreme. He said he needed rain as bad as anybody else. He claimed water was so scarce in his community that the preacher was baptizing new members with a wet handkerchief. But he was holding out awhile longer, anyway.

"I may be stubborn," said Old Man Jones, "but I just ain't been convinced that President Eisenhower is keeping it from raining."

He said he knew that Stevenson and Kefauver acted like they thought so, and they had a right to their opinion. Lyndon Johnson, he figured, knew better, but he was sticking with Adlai and Estes for the sake of unity. He said he didn't figure Mr. Sam Rayburn had known whether it was raining or not for the last 25 years.

"I hate not to go along with such a widely known crowd of weather observers," Old Man Jones said. "If there's anybody

who keeps up with which way the wind is blowing, generally speaking, it's Stevenson, Kefauver and Johnson."

Then he went on to say that he realized the national farm program hadn't pleased everybody—including him. If he was in the White House, he would do things different, at least in our county. He allowed that the \$61,000,000 spent by the Eisenhower administration for drought relief in Texas could have been doubled and still not made all the farmers happy and prosperous.

"But," said Old Man Jones, "I keep remembering that the main reason for our troubles, besides the drouth, is the fact that we are not at war. Now, if Adlai and Estes really want to jump on President Eisenhower, there is a real issue. They've sure got the goods on Ike in that respect. If he hadn't stopped that Korean War, farm prices would be higher, no doubt. I wonder why they never mention that."

Old Man Jones was kidding a little, of course, in his usual way, but I think he had something there. We have got to adjust to peace-time, which is taking awhile but President Eisenhower is working at it. And meanwhile our boys aren't fighting and dying on foreign soil. It's worth thinking about.

Yours truly,
Tex
