COLLEGE BULLDOGS PLAY TWO GAMES HERE THIS WEEK-END

The Bulldogs of Clarendon Junior College will play two games this week-end here in the College Gymnasium. On Thursday night, they host the always strong Hutchinson, Kansas Junior College team, and on Friday night they play another strong Kansas team in the Pratt Junior College Quintet.

Cocher Buddy Travis of the Bulldogs will be out to improve on the won-lost record of his team. So far the team has won three games and lost three against six of the toughest Junior College and Senior College Freshmen teams in the area. They hold wins over the Wayland College Freshmen, 78 to 70; Lamar, Colorado, Junior College, 89 to 74, and Garden City, Kansas, Junior College, 68 to 52. The defeats have come at the hands of West Texas State College Freshmen, 74 to 67; Midwestern University Freshmen, 77 to 67, and to the powerful Cameron State Aggies of Lawton, Oklahoma, 112 to 81. Coach Travis hopes to add two victories over the Kansas Junior College teams this week to make his record 5-3 before the Christmas Holidays.

The Bulldogs have played all but their first game without the services of Steve Jarnigan, Freshman from Silvertown. Steve is 6 feet 2 inches of speed and basketball savvy. He was all-state Class B at Silvertown in 1954-55. He did not go to college last season but played with the strong Tulsa Independent team. He suffered a broken hand in workout and will be out until around the middle of January. Coach Travis was depending on Jarnigan to bolster his young team.

Bright spots on the Bulldog team so far have been the speed, hustle and dependability of the only veteran on the starting team; Boyd White; the aggressiveness and sharpshooting of little Bill Schneider; and the improvement shown by Buzz Bailey, Lane Cushingberry, and Norman Killough. Coach Travis thinks that by mid-January, the young Bulldogs should be tough to beat and should hold their own with the other teams in this conference.

Probable starting line-up for the games this week are: Killough, 6.3, center; White, 6.1, and Bailey, 6.3, forwards; and Schneider, 5.7, and Cushingberry, 5.10, guards. Other players who will see lots of action include Don Johnson, 6.1, and Jay Wilson, 6.0, forwards; Kenneth New-

man, 6.4, center; and Jimmy Adams, 5.8, and James Lanier, 6.0, guards.

J. B. Melton To Manage Local Lumber Yard

Announcement was made this week that J. B. Melton would return to Clarendon around January 1, 1957 as manager of the local Foxworth-Galbraith Lumber Co. Melton will take the place of W. W. Sandifer who has accepted the position as manager of the Foxworth-Galbraith yard at Kermit, Texas.

Mr. Melton received the major portion of his training with the company here in Clarendon. He began work here with the lumber firm in July 1946 and remained with the local yard until August 1955 at which time he was transferred to Tucumcari, N. M. as assistant manager of the yard there.

J. B. was raised here in Clarendon and his many friends will be happy to learn of his advancement and promotion. Before moving to Tucumcari, he was quite active in Scout work as well as other civic projects.

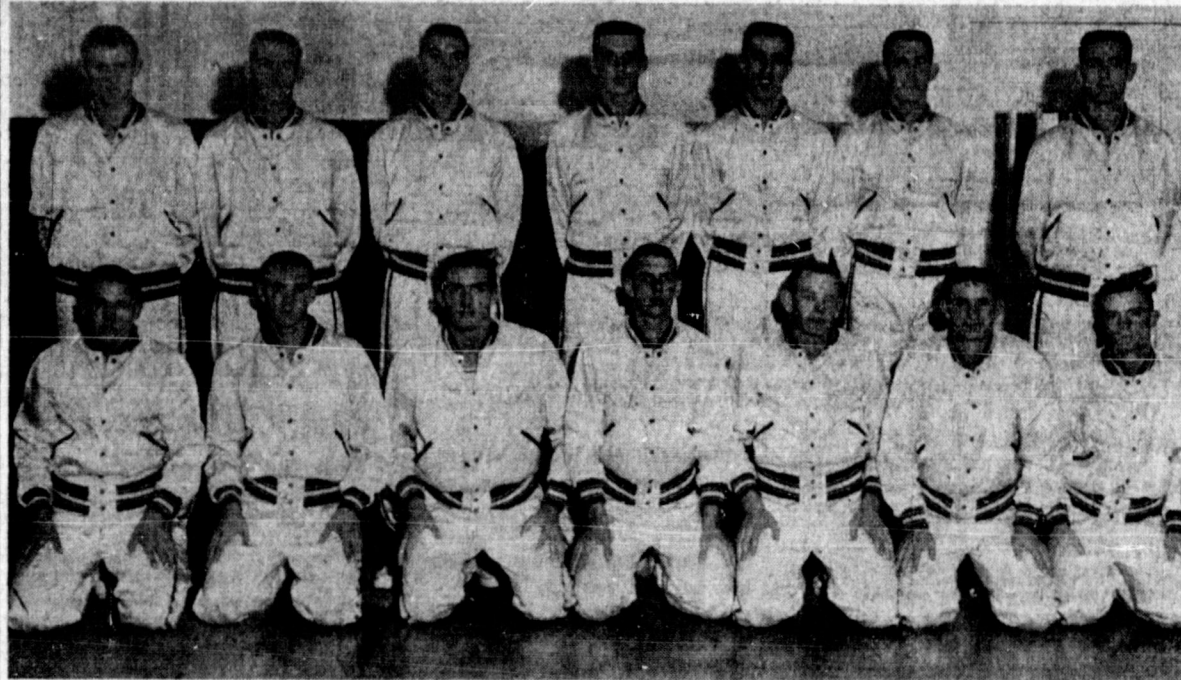

Mr. Sandifer has been manager of the local yard since August 1947 and has been with the company since 1941. "We hate to leave our many friends but you just can't pass up a promotion like this," Sandifer stated. "We certainly appreciate the many kindnesses extended by the fine people of Clarendon while we have made this our home and we'll never forget the many pleasant occasions we have enjoyed here," he added.

Mrs. Sandifer will be missed here too, as she has taught the third grade in the public schools several years. She will complete the present semester before joining her husband at Kermit.

Leader To Be Published Christmas Eve

With Christmas coming on Tuesday this year, we could foresee the problem of getting out a paper on Wednesday morning following this big holiday, so we will have the Leader in the mail on Monday morning, December 24th instead of Thursday morning. It will be our big Christmas Edition also which will be carrying the many greetings and best wishes from local merchants and individuals.

All advertising copy and all News copy for this edition must be turned in no later than Saturday morning, December 22nd. Your cooperation in helping us meet this early deadline will be sincerely appreciated.

Christmas Lighting Very Beautiful

Over all Christmas lighting in Clarendon has been a bit slow this year but many more trees, lighted windows, etc., were visible by driving around over town last night. It will do you good to drive around town and see all these beautiful trees and other Christmas lighting. Considerable work and effort has gone into many of them and the true spirit of Christmas is extended to you as you pass by.

Several of our business firms have beautiful decorations this year, especially the Donley County State Bank. With their new building and the Christmas decorations, you would have to go a long way to find one that will exceed it in beauty.

The street lighting readily catches the eyes of passing motorists when they drive through town and it is a beautiful sight to see, looking from either approach to our little city. The fellows at the West Texas Utilities Co. are to be complimented on their efforts as it is a big job to put up all these strings of lights.

Time To Pay When You See Red

If you notice a red crayon check mark in the upper left hand corner of this page it is a reminder that your subscription to the Donley County Leader is due at the present time.

Santa To Visit Clarendon Saturday Morning

Plans Are On Schedule For Big Donley County Fat Stock Show

County Agent H. M. Breedlove says that plans are going right along on schedule for the big Donley County Fat Stock Show to be held in Clarendon on the 28th of December.

All livestock is to be in the barns by nine o'clock in the morning and Mr. J. P. Smith of Pantex farms will start judging promptly at ten A. M. The classes to be judged will be dry lot steers, all breeds in one class in this section; milk fed will be light and heavy Angus and light and heavy Herefords; two steers fed by one club member, all breeds included. Then comes the grand and reserve champion of the entire show; this will bring out the first and second place dry lot steers, first and second place Angus steers and the first and second place Herefords to compete for this prize.

The breed prizes will be an Angus calf or one hundred dollars for the best Angus steer given by Lowell Houston of Memphis, who is an Angus Breeder at Giles; a Hereford steer will be given by W. H. Cooke III for the best Hereford of the entire show. Mr. Cooke is a registered Hereford breeder of Hedley.

The Finance committee is now working getting the prize money up for the shows. This money will cover both the steer and swine show. The show was split this year because of the large number of livestock. The swine show will be held on January 18th. Mr. Geo. Weatherall is chairman of the finance committee and Emmett Simmons is treasurer of the board.

Breedlove said that the fair committee would meet the first of the week and work out the premium money for the classes and it will be published in next issue of the Leader.

Leader—Local rate, \$3.00 a year.

Santa is Coming to Town! Yes, Santa will come to Clarendon Saturday morning, December 22.

He will arrive here on the fire truck at 9 o'clock so all you youngsters have mom and dad up early so they can bring you down to see this fine fellow at the court house lawn and receive your bag of fruit, nuts and candy. There will be plenty for all youngsters in this entire trade area and Santa will be expecting all youngsters to see him there at 9 o'clock.

This is an important time of the year and all you parents are reminded to keep the time in mind so all the little fellows can enjoy this happy occasion. This is the one big event of the year that your local merchants and Chamber of Commerce want the youngsters to enjoy their hospitality.

Following the visit at the court house, all youngsters will be treated to a free movie at the Mulkey Theatre at 10 o'clock. Mr. Lee Bell, manager of the Theatre, announced the program as follows: Educational Short feature "The Battle of Gettysburg", "Stooges Comedy", "Screen Snapshots" and two Cartoons. The program will be completed by 12 noon. Don't forget, the program at the Theatre is free to all youngsters and Santa certainly will be disappointed if all the little fellows from this entire area are not present.

Mass Will Be Offered At Local Catholic Church Christmas Morning

A Christmas Mass will be offered at the local Catholic Church, Shrine of Our Lady of the Panhandle, at 9:00 o'clock Christmas morning. The day is a Holy Day of Obligation for Catholics and will be celebrated in every Church, Mission and Cathedral throughout the world. Priests may offer three Masses on that day. The theme of the Christmas season is an intimate union with Christ through a reform of life. The public is cordially invited to attend Christmas Mass.

The fact that the youngsters at the Gonzales Warm Springs Foundation face Christmas in wheel chairs and braces does not lessen their enthusiasm for the coming of St. Nick and other Yuletide joys. Among those hanging their stockings at Texas' own comprehensive rehab center this year are Gary Ryan of Kingsville, Linda Bingham of Bridge City, and Kathy Carroll of Abilene.

REALISM WITHOUT RADIATION—To train soldiers in atomic warfare, engineers at The Infantry School Fort Benning, Ga., developed an inexpensive simulated A-bomb, shown here 30 seconds after detonation. The initial fireball is 200 feet in diameter, followed by a 300-foot pillar of smoke in the mushroom shape.

BIRTHDAY CELEBRATED SUNDAY
Mrs. A. C. Arnold celebrated her 88th birthday in the home of her daughter and husband, Mr. and Mrs. Carl Naylor, Sunday. Fifty-one brought covered dishes for the bountiful dinner. Two sons, A. D. and Arthur Arnold, and married children and grandchildren numbered up to twenty-five from Silvertown. A son, Rev. and Mrs. T. L. Arnold from Bellevue, N. Mex.; a daughter, Mr. and Mrs. Carl Hall and son Doyle and family of Clovis, N. Mex.; Mr. and Mrs. Melvin Vick and children of Panhandle; Mrs. Calvin Naylor and boys of Amarillo; and a grandson, Ed Arnold and family of California; all helped make the occasion a happy one.

Friends came by in the afternoon to wish Mrs. Arnold a Happy Birthday and she received many lovely gifts.
She accompanied her daughter to Clovis, N. Mex., after having visited the past two months in the Carl Naylor home here.
—Reported.

VISIT HERE
Mr. and Mrs. Ben Tanner of Gustine, Calif. were Clarendon visitors Wednesday and Thursday of last week. Being former residents and presently an English walnut grower in Calif., Mr. Tanner didn't forget to bring along some walnuts for his friends. He brought along a sack for the Leader crew and we sure have been enjoying them. Mrs. W. P. Howard of Amarillo accompanied them to Clarendon and they all visited in the L. M. Smith home.
Mr. and Mrs. Gail Ledbetter and Gary will spend the Christmas holidays in the home of her parents, Mr. and Mrs. O. C. Watson.

PARENT - TEACHER REPORT

The Sims PTA met Thursday, December 13th in the Junior High Auditorium.
Mrs. Bray Cook, president, opened the meeting with a short business discussion. Mrs. Bud Moore gave a very inspirational Christmas story.
The group sang several Christmas carols and Mrs. Cook introduced Major Jonathan Boggs of the Amarillo Air Force Base. Major Boggs gave a very interesting talk on "The School, the Community and the Armed Forces". He particularly stressed the importance of the Home in our school age children.
Mrs. Cook presented each teacher a check for \$5 for their room as a Christmas present. The meeting was then adjourned and a social hour followed.

INTERNAL REVENUE SERVICE
UNITED STATES TREASURY DEPARTMENT

TAX-MAN SAM SEZ:

A lot of ordinary citizens will become conscious of being taxpayers right after Christmas. Having the Christmas bill probably makes us feel worse over filing an income tax return at this time. The Internal Revenue folks mail a set of instructions and tax returns to every taxpayer on record the day after Christmas. If you've moved from the address they have, you won't get your instructions and tax returns.

A lot of taxpayers would like more information about paying income taxes and Uncle Sam has a booklet called "Your Federal Income Tax - 1956" which you can get from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. for 30c. It is my horseback opinion that if every reader of this paper paid 30c for this booklet and carefully studied it, and followed the advice contained in the booklet, it would be worth a hundred times (on the average) the cost.

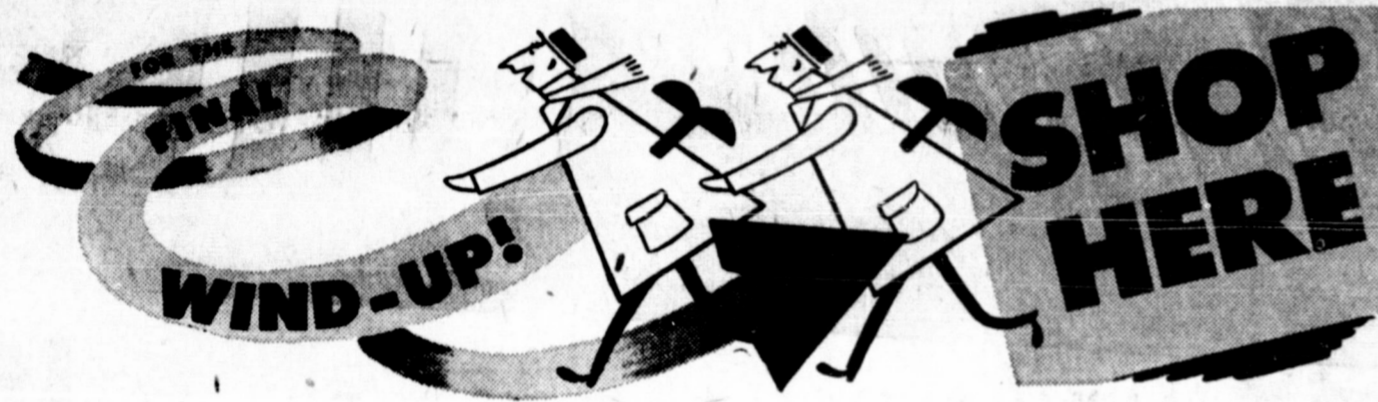

EYES AFFECT GENERAL HEALTH

While it is generally true that it is impossible to strain our eyes to the point of permanent damage, eyestrain can — and often does — contribute to such widespread discomforts as indigestion, nervous fatigue and a general lowering of physical efficiency.

1956 Edition of The Farmers' Tax Guide Now Available

Farmers who are confronted with problems growing out of the new social security phases of their Federal income tax returns, as well as with other points in their tax determinations, will get a big assist from the new 1956 edition of the Farmers' Tax Guide now available at Internal Revenue Service offices and from county farm agents.

The 64-page booklet has been brought up to date by tax agents and the various agricultural groups.

A million copies of the booklet have been printed again for nationwide distribution. Last year's edition was extremely well received by farmers and was highly commended by such groups as the National Grange, the American Farm Bureau Federation, the Farmers' Union and the National Livestock Tax Committee.

The booklet tells farmers how to prepare their 1956 tax return.

through numerous examples on how to do it. The 1956 changes in the self-employment tax law are set out in the front of the booklet along with a check list of farm income and expenses. Farmers will have no trouble in finding the answers to particular problems since the troublesome problems are set out under separate subject headings.

The booklet also deals with such subjects as farm inventories, depreciation, capital gains and losses, casualty losses and thefts, trades, condemnations and diseased livestock, soil and water conservation, and other matters of farm interest.

The publication contains considerably more material than is included in the information booklet which will accompany 1956 farmers' tax forms, scheduled to go into the mails late in December. Farmers who have had special problems during 1956 will be able to plan much of the calculation required by their returns by using the new guide, revenue officials said. It will enable those who file January 15 estimates to do much of their computation in advance of actual form preparation.

Farmers desiring a copy of the guide should visit either their County Agent or the local Inter-

Large Number Attend F. H. A. and F. E. A. Christmas Party

One of the largest groups in the history of the event attended the annual Clarendon F.H.A.-F.F.A. Chapters Christmas Party Monday night at the grade school gym, with approximately 120 boys and girls participating in the joyous occasion. Old-fashioned games were played by the large group for over an hour with all present participating. The games were under the direction of a joint committee composed of equal numbers of boys and girls from the two groups.

Following the games, the unwrapping of the gifts exchanged brought forth lots of laughter and pleasure. Refreshments of cookies and cold drinks were served, and at the conclusion of the party, the girls were guests of the F.F.A. members for a picture at the Mulkey Theatre.

Mr. and Mrs. E. O. Simmons, Mr. and Mrs. J. D. Swift and Miss Anna Moores attended the opening of the First State Bank in Hereford last Saturday.

Cameron State Aggies Beat Bulldogs 112 to 81

The Clarendon Junior College Bulldogs suffered their worst defeat of the season, at Lawton, Oklahoma, Saturday night, as the big and talented Cameron State Aggies dealt a 112 to 81 defeat on them. The young Bulldogs could not cope with the superior height, speed and experience of the Aggies.

Boyd White, only experienced man on the Bulldog starting line-up, was high point man for the game with 24 points. Billy Schneider, sharpshooting little guard, contributed 17 points, Norman Killough got 10, Buzz Bailey eight, Jimmy Adams six, Lane Cushmanberry five, Don Johnson seven and Jay Wilson four. Smith, Yeahquo and Miller set the pace for the Aggies with 21, 20, 19 points respectively.

Clarendon Basketball fans will have a chance to see the strong Aggies in action when they come here for the return game on January 4th.

Mr. and Mrs. Pete Hearn have moved from the Groom area to the Naylor community. We welcome these people to this area.

RESULTS OF COTTON REFERENDUM ELECTION FOR THE COUNTY

In the Cotton Referendum Election that was held Dec. 11th, there were 177 votes cast. Of this amount, 157 votes were in favor of marketing quotas on cotton for 1957.

Conservation Reserve

Those who are interested in the Conservation Reserve phase of the Soil Bank Program should make application as soon as possible so that we may be able to help those producers work out a plan that will be of the most benefit to them.

1957 Soil Bank Acreage Reserve Payments

Payments to farmers for participation in the 1957 Soil Bank Acreage Reserve Program will be made as soon as possible after compliance can be determined for the latest crop that must be checked. Therefore, the farmer growing both winter wheat and cotton cannot expect payment until around cotton harvest time

next fall. On the other hand, on the farm where only winter wheat is grown, the necessary checking can be completed earlier and, according to a recent U. S. Department of Agriculture statement, in such instances "the Department expects to be in a position to start issuing payment certificates about the first of June".

Unit rates upon which payments to farmers will be based for putting basic crop acreage in the Acreage Reserve in 1957 will be the same as they were in 1956—wheat, \$1.20 per bushel; cotton, 15c per pound. This announcement is made early from the State ASC Office to give farmers opportunity to plan next season's plantings.

Extension of Emergency Feed Programs

In a telegram received by this office 12-13-56, we were advised that applications for feed grain and roughage may be accepted by FFA to and including Feb. 15, 1957 for a supply of feed grain and roughage sufficient to carry eligible livestock to and including March 15, 1957.

A LETTER TO SANTA

(NOTE: This letter was first published in the San Antonio Express during the Christmas Season of 1952. The writer was Miss Lois Weekes, then Society Editor, and now an Odessa housewife. It has a universal appeal and is especially fitting in these days when we sometimes tend to forget the real meaning of Christmas.

John C. White, Commissioner of Agriculture

Mr. Santa Claus
c/o Childhood Hearts
North Pole

Dear Mr. Claus:
I hope you will remember me, Santa. It's been a long time. You'd have to blow the dust away to look up my name in your files!

The last time I wrote you, I spelled Bicycle with a "k"—and I've been singing "Jingle Bells" an octave lower for several seasons now. My stocking size and my Christmas lists have changed considerably—and I now recognize the value of a little mistletoe in the decor.

It isn't that I've underestimated you through the years, Mr. C., or forgotten our relationship. I've been giving your letters to my father to mail and it's worked out beautifully since the Christmas he inquired as to my knowledge of your identity. My affirmative answer brought a "Well, start being a little nice to ME, then", from him. And we laughed and my mother cried.

I still believe in you, you see. I've followed your activity each Yuletide in the nation's press. I know you don't have time to read all the papers, but December's headlines—lots of them—belong to you. Annually, you crowd out the day-by-day boys who fade from year to year.

Although this is more a delayed "thank you" for the other Christmases than a suggested shopping list, there are a few things I'd like when you rein in the reindeer at my house this year.

Could you put the light from the children's faces, pressed against countless frosted window panes, into the hearts of the world? Could you transplant a little of the feeling of holly, the glistening, tinsel, the angels atop the Christmas trees, the off-key Noels and the hushed hymns, to those who are spending their first Christmas away from all that? And especially, to those who never noticed it before.

Could you remind us all that it is a Birthday we are celebrating, not just an expense respite from the rest of the year? Could you put in our Christmas cards and our packages, the messages and the warmth we really mean instead of the shopworn sentiment and the same old gifts?

Most of all, Mr. Claus, could you make sure that we'll never outgrow you—that Christmas will always be a way of life and that you'll be staging it always?

I think you will because, though you've seen central heating replace the chimney you've learned that America's front door is left unlocked each Christmas Eve. There is still room for the Manger and the sleighbells in this age of automobiles and atoms. So don't ever go mechanized, Mr. Claus.

Sincerely yours,
Lois Weekes

PLOWIN' Out the CORNERS

Uncle Zeb

One good reason that you can't take it with you is because after the 10th of the month you don't have it left.

Especially is the above true around Christmas time. Someday I hope to have a Christmas when even though my heart is just busting out on all sides with the spirit of giving, for a change that

our pocket book will be just as busting; now I said busting not busted.

Someone has said that it wouldn't be so bad to be average; if we would just be an average millionaire.

This day and time the kids are given just about every kind of vitamin in the books except the one called B quiet.

We do not scare easily when we are at peace with God and man; especially if we are really at peace with our own conscience and our own self. Mostly when we face the world with fear in our hearts, and with sort of an inferior feeling there is usually something in our life that we are

trying to keep covered or that we may be having trouble trying to forget. A clear conscience and a clean slate is usually the best beginning that we can find for the new day.

Along the same line a man is just about whipped the minute that he begins to feel sorry for himself, or to build up an alibi to explain why and how come that he makes so many mistakes.

One of the finest things that can ever happen to any of us at Christmas time is to have our folks and our friends to come to see us. Especially as mamas and papas just about our greatest joy is to have our children come back home. I read the following little poem that sort of painted a word

picture to me of the real meaning of the family. The little poem by an unknown author is called;

THE FAMILY

The family is like a book—The children are the leaves—The parents are the cover, that Protective beauty gives.

At first the pages of the book are blank and purely fair, But time soon writeth memories And Painteth pictures there.

Love is the little golden clasp That bindeth up the trust; Oh break it not, lest all the leaves Shall scatter and be lost.

Isn't it so often true that when the golden clasp of love is broken that the book is soon scattered here and there. And more especially if through lack of love the parents or the covers to the book are torn apart. To me sometimes it seems that nearly all the trouble in the world is caused by lack of love between the parents. It seems so terrible for the parents or shall we say the back to tear apart and let the leaves be damaged and torn away.

20 years of inflation.
Texas tuition charges of \$25 a semester for in-state students, \$150 for outsiders, lags far behind those in other states. But even substantial tuition increases would meet only a portion of the cost of salary raises, it was claimed.

Public school teachers also seek higher pay. They term the need an "immediate crisis" and ask that the Legislature treat it as an emergency measure.
Teacher salaries were last raised in 1953. State minimum wage for a beginning teacher with bachelor's degree is \$2,805 per year.

Texas State Teachers Association's House of Delegates also called for a full study of the "Cavness plan" to ease school financing problems. State Auditor C. H. Cavness proposed some 18 months ago that only 27 1/2 per cent of revenue from school-owned oil lands be invested in the permanent school fund. This would free 72 1/2 per cent of this revenue, an estimated \$20,000,000 to \$25,000,000 a year, to meet current expenses.

DANIEL LISTS GOALS
Incoming Gov. Price Daniel said he believes there are a multitude of other problems with which the legislature can deal more effectively than school integration.

He favors local determination, rather than state-wide legislation.
At the outset of a series of conferences with lawmakers, Daniel emphasized these issues: (1) overall state financing, (2) narcotics control, (3) teacher pay raises, (4) water conservation, (5) lobby control, (6) housing of state archives.

WATER LOCAL PROBLEM
Texas's water problems must be met locally, says Rep. Waggoner Carr of Lubbock.

Carr, unopposed candidate for Speaker of the House, feels that people in each watershed area should devise plans to meet their own unusual conditions and carry them out with possible aid of state credit. He termed "futile" any further effort to finance water conservation with a state-wide tax that would be fair to all parts of the state.

PROVEN COLDS MEDICINE

sidering a case stemming from the 1955 law which prohibits grocers from limiting sales of items advertised at below-cost prices.

Contestants are a San Antonio grocer who defied the law and the San Antonio Retail Grocers Association which sought enforcement through a court injunction. A San Antonio district Court refused to grant the injunction.

Attorneys for the defendant contend the law is unconstitutional and discriminatory. It applies, they point out, only to grocers and not to other retailers selling the same merchandise.

Association attorneys counter that control of "loss-leader" selling is needed "to keep the big man from gobbling up the little man."

SHIVERS HONORED
More than 2,000 Texans and a distinguished "ex" paid tribute to Gov. and Mrs. Allan Shivers at a mammoth dinner party in Dallas.

President Eisenhower sent personal greetings. Leading statesmen and businessmen saluted the man who in a few weeks ends a record-breaking tenure as chief executive. Mrs. Oveta Culp Hobby termed Mrs. Shivers an expert in "glass house living."

Wit abounded. Example by Supreme Court Justice Ruel Walker: "I came not to bury Shivers, I came here to praise him."

AUDITOR REPORTS
State Auditor C. H. Cavness' lengthy annual report on state departments unearthed no scandals. But he suggested several agencies toe the mark a little better in their financial record keeping.

These included the State Board of Morticians, Agriculture Department, Austin State School, Surplus Property Agency, State Board of Medical Examiners, State Parks Board, and Waco State Home.

Cavness noted that certain sections of the General Land Office are understaffed, but present personnel seemed qualified.

The Christmas Tree Is Big Business
John C. White, Commissioner Texas Department of Agriculture

It's strictly a "seasonal" crop in every sense of the word, but the demand is terrific for Christmas trees.

More farmers are raising Christmas trees for a cash crop than ever before. Once principally a crop harvested from wild forest or government preserves, farmers now own about 70 per cent of the 225,500 acres planted solely to this holiday necessity. A short nine years ago, plantations totaled 100,000 acres with only 66 percent owned by farmers. A new interest has developed

in this yearly crop. Many states now issue bulletins telling how to plant and harvest trees as a thinning process in regular tree growing. Some 12 regional Christmas tree associations have been formed as well as a national association to help with such items as marketing, research and grading.

This increased interest in the Yule tree is largely the result of a steadily rising demand for them. A survey shows that more than 37 million Christmas trees were used in this country last year as compared to 23 million in 1947. Of those used in 1955, over 25 million were cut in the United States. The remaining 12 million came from Canada.

Still the most popular trees are Douglas-fir, balsam fir, eastern redcedar, black spruce, and scotch pine, in that order. Douglas-fir and balsam fir have changed places in use since 1947, largely because the balsam fir is now less accessible. Scotch pine, a plantation grown tree since it is not native, moved from 6th to 5th place, but almost doubled in use in nine years.

Price studies show that the Christmas trees produced last year would amount to a \$25.5 million wholesale business, or a \$47.5 million retail business. To

the producer they were valued at nearly \$13 million at a roadside and railroad siding.

All this amounts to a great deal of cash to be harvested in about six weeks, beginning the middle of November. Farmers in regions of Texas adaptable to Christmas tree growing may write for additional information to John White, Commissioner, Texas Department

of Agriculture, Austin.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

THE HUNGARIAN ORPHAN PROBLEM

My office has been receiving such a number of communications from people desiring to be of aid and assistance in the Hungarian refugee problem, that I thought it best to devote this newsletter to that subject. Many of these letters are from people who are most desirous of adopt-

ing children. Other Members of Congress are receiving similar requests. True to American traditions everyone in this country seems to be most anxious to take part in helping these people in their dire misfortune.

As soon as these refugees began to move out of Hungary, the State Department instituted a program in coordination with voluntary welfare agencies, and prepared a release concerning that program. Originally there were 9 voluntary welfare agencies listed, but subsequently 2 more were added as having information concerning Hungarian children.

I list these agencies as follows:

1. American-Hungarian Federation, 527 Mills Building, 17th and Pennsylvania Avenue NW, Washington, D. C. Telephone: National 8-6470.
2. Baptist World Alliance Relief Committee, 1628 16th Street NW, Washington, D. C. Telephone: CO 5-9007.
3. Catholic Relief Services, National Catholic Welfare Conference, 149 Madison Avenue, New York 16, New York. Telephone: ORegon 9-3373.
4. Church World Service, 215 Fourth Avenue, New York 3, New York. Telephone: SPring 7-6300.
5. Hungarian League of America, Inc., 30 East 30th Street, New York 16, New York. Telephone: MUrray Hill 4-3623.
6. International Rescue Committee, Inc., 65 West 45th Street, New York 36, New York. Telephone: MUrray Hill 2-4672.
7. Lutheran Refugee Service, 235 Fourth Avenue, New York 3, New York. Telephone: GRamercy 3-4750.
8. Tolstoy Foundation, Inc., 300 West 48th Street, New York 19, New York. Telephone: ClRele 7-2922.
9. United HIAS Service, 425

Lafayette Street, New York 3, New York. Telephone: ORegon 4-6800.

10. Catholic Committee for Refugees, 265 West Fourteenth Street, New York 11, New York.

11. American Branch of the International Social Service, Inc., 345 East Forty-sixth Street, New York 17, New York.

According to information released by the State Department, the last 3 agencies named above, to wit, Numbers 9, 10 and 11 are the ones with which you should communicate should you be interested in Hungarian children. The State Department has pointed out that the situation concerning children has not yet been clarified. It is not known how many orphans may be involved, and whether or not these children will be subject to adoption. Neither is it known as to whether or not unaccompanied Hungarian children may be brought to this country; and, if so, whether or not they will be subject to adoption or merely here for temporary refuge. The Department indicates that every effort will be made to reunite these children with their relatives. The costs of their trip to this country and return will be borne by the U. S. Government.

If you are interested in aiding the adult refugees, you should furnish all or any of the above agencies with the following information:

1. Your name and address;
2. Housing available for refugee; (give detailed description);
3. Employment available for refugee, if any; (give detailed description);
4. Other particulars; (how many refugees you can help, and any other information you might think helpful in your offer of assistance).

If you are interested in the children, you should furnish the following information to one or all of the last 3 agencies above named:

1. Your name and address;
 2. Age and sex of children desired by you;
 3. Brief detailed description of your home and facilities to assure the children of care and school.
- The response to the call for help for these unfortunate Hungarian people has been tremendous. It proves to me that all Americans are willing to help unfortunate fellow beings if they know of their misfortune. It is my hope that more effort will be made in this country to apprise the people generally of the sad plight in which many of our own American citizens are existing. I feel that if the sad plight of many of our fellow citizens had received the same publicity as the misfortunes of the Hungarian people, much would be accomplished in solving our domestic problem in this respect and lessening the heavy burden of poverty pressing down upon so many of our own people.

MOCK WILD RICE STUFFING

Wild rice is a delicious stuffing for turkey, chicken, duck or other birds. Unfortunately, wild rice is not always available and is expensive. This recipe for Mock Wild Rice was developed by Mary McMeekin, nationally known food economist. Toasting rice in the oven before cooking gives a wild rice flavor to the dressing. Uncooked rolled oats give a chewy flavor characteristic of wild rice. Be sure to use old fashioned, not quick cooking oats. This stuffing is easy to make because there are no bread crumbs to dry and crumble.

Rice is toasted to a golden brown in the oven. This takes only 15 minutes. Then the rice is cooked and thyme and sage added. Uncooked rolled oats and cooked onion and celery are stirred in. Water or chicken broth are added just before the dressing is used.

METHOD: Spread the rice on a large shallow baking sheet. Place in a pre-heated 300°F. oven. When the grains begin to turn yellow, stir well. Toast until the rice is a light brown color. Stir occasionally. This takes about 15 minutes.

Place the rice in a 2-quart saucepan. Slowly add the 2 cups water and salt. Bring to a vigorous boil. Turn the heat down. Cover with a lid and simmer over this low heat 14 minutes. Remove the saucepan from the heat, but leave the lid on 10 minutes.

While the rice cooks, melt the 2 tablespoons butter or margarine in a saucepan. Add the celery and onion. Cook, stirring occasionally, until tender. Add to the hot rice.

Sprinkle the thyme, sage and black pepper through the rice. Stir in the oats and broth or water. Mix gently. Allow 1/4 cup of stuffing for each pound, dress-

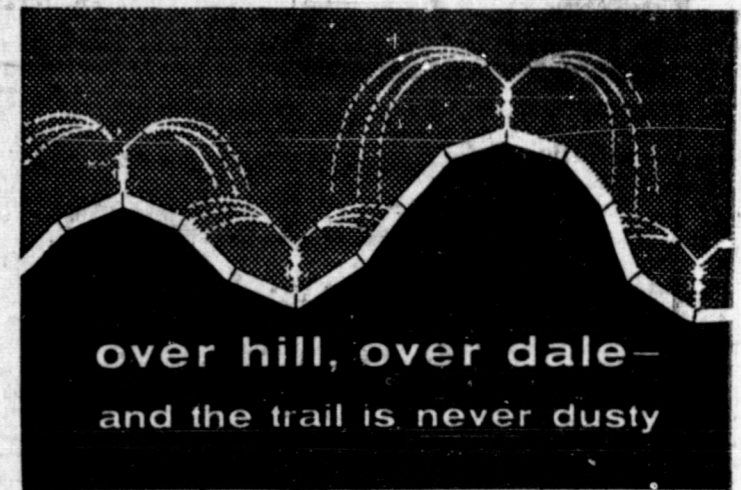

ed weight, or 1/2 cup for each pound, ready-to-cook weight. If some of this stuffing is baked in a separate pan, add water or broth to the mixture so it will be very moist as the oats take up a good deal of moisture. (Use about 2 cups of liquid for the amount of stuffing made by this recipe.)

If the stuffing is made ahead of time, add the broth or water just before the stuffing is used. The bird should be stuffed just before it is placed in the oven. Before refrigerating the cooked bird, remove the stuffing from the bird.

This recipe makes 6 cups of stuffing.

Best thing about portable irrigation is that you get water where and when you want it. Hilly terrain is no problem. Sandy soil that sucks water out of ordinary irrigation ditches is no problem.

Portable irrigation is as precise as watering each plant by hand. What does this freedom from dry spells and troublesome terrain cost? A lot less than you think. We know farmers,

right in this county, who have paid for their systems in two years—three years. They did it with better crops. By getting to market first. By being independent of drought.

Call us or stop in today and let us show you how to engineer a portable irrigation system to your farm. We carry complete systems, parts and the very finest Alcoa Aluminum Pipe.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

A number of farmers in the Donley Soil Conservation District planted rye as a cover this fall in spite of the dry weather. Many more that had planned to seed a cover crop did not because of the poor season. Most years rye dry sowed will receive enough moisture during the fall and winter to make enough growth to protect

the soil during the spring blow season. However this year looks like it might be one of the few exceptions.

Some of those who seeded rye as a cover crop this fall are: Mrs. Muff S. Merrell, Burk F. DeBord, B. J. Spear, O. H. Shields, W. I. Lowe, Mark Allen, Troy Guy, James B. Guy, Joe E. Miller, C. D. Walker, W. P. Doherty, W. D. Altman, Herlie Moreman, J. F. Hill, Clyde Slavin, and W. E. Grimsley.

Shakespeare's last completed play was Henry VIII, finished in 1611.

Improved Planting Practices - A New Year's Resolution

John C. White, Commissioner Texas Department of Agriculture

A good New Year's Resolution for Texas farmers would be, Resolved: To plant Texas registered or certified seed for the 1957 crop year.

There is no such thing as "bargain basement" seed. Cheap seed often results in inferior plants—you get about what you pay for, with few exceptions. Registered or certified seed isn't necessarily expensive but it is sensible—you know what you are paying for.

The farmer should look for the official tag on the bag of seed which indicates that the contents have been inspected by the Texas Department of Agriculture. It means the seed meets specifications of the Texas State Seed Law that demands certain regulations.

A seller of certified seed must plant his plots with the purest foundation or breeder's seed. The fields to be certified must be isolated from similar crops according to the standards and these fields are checked by impartial state inspectors for purity and freedom from disease and weeds. Warehouses where seed are stored must measure up to certain standards and the seed are sealed in a bag with the red, white and blue state of Texas seal and the Texas certified or registered tag securely attached.

Registered seed, strictly, is not guaranteed quality seed. The tag merely guarantees that the bag is properly labeled as to content; what percent is foreign matter, etc. This label is purple. Certified seed, on the other hand, must meet strict standards and this tag is pale blue.

These labels are the farmer's protection against inferior or misrepresented seed products. He knows exactly what he is buying and that his seed bags contain exactly what the tag says they contain.

In other words, the tag on the bag guarantees the breeding in the seed.

Further information about Texas registered and certified seed will be given on request. Address inquiries to John C. White, Commissioner, Texas Department of Agriculture, Capitol Station, Austin 14, Texas.

Postmaster Expresses Thanks For Cooperation In Mail Early Campaign

Postmaster Ray Moore expressed his thanks today for your cooperation so far on his annual "Mail Early For Christmas" campaign. He said, "I know the time has passed to talk about mailing early." To the inevitable last minute mailers he suggests that you use Air Mail for every Christmas card or gift going out-of-town, and get them into the mail right now!

The flood of outgoing Christmas cards and gifts is matched by a like torrent of incoming mail that is becoming greater

every day. The Postmaster expects the Christmas mail load to hit its peak in the next few days, and that it undoubtedly will break last year's records.

TAX-MAN SAM SEZ:

When paying your income tax you want to remember that Texas is a community property state. It may come as a shock to your wife but she only gets half of what you and her together made. For tax purposes, in Texas the wife can only have half—not all.

If your wife worked and she files a separate tax return, she must show one-half of the community income of both husband and wife. She also takes credit for paying one-half the withhold-

ing tax. You can expect a tax audit if the wife files a separate tax return claiming a refund for the withholding tax she paid and then the husband files a joint return and does not include the wife's income and uses the wife's exemption. You can't do that.

Snow Geese Rout Specs

AUSTIN—Confirming reports of extraordinary snow geese concentrations, Game Warden Tom Waddell of Eagle Lake, estimated there are 150,000 snows in Colorado County, and that their constant honking, voracious appetites and contaminating habits are crowding out the other more

desirable species, including the popular speckled bellies. He said the crisis has become acute because of the shortage of fresh water. The small available water supply, he said, has become "thick as syrup" in some of the ponds.

The Executive Secretary of the Game and Fish Commission said renewed requests would be made of Federal authorities to increase the bag limit of five on snow geese and otherwise liberalize the regulations to prevent them from "gravely endangering" the welfare of such geese as Canadas and speckled bellies.
