Permanent Committee Named For Clarendon Industrial Foundation

The regular Lions Club program was dispensed with Tuesday for the purpose of organizing an industrial foundation for Clarendon. Everyone interested in the growth and expansion of the community were invited to attend. The meeting was opened by Mike McCully, Chairman of the Chamber of Commerce Industrial Committee.

After our recent failure to attract small industry, it was decided that we should redouble our efforts and create a more closely woven and better organized organization in order to be able to deal more promptly with any industry contemplating moving to our city. After a thorough discussion, a motion was introduced to elect a permanent committee of five men. The following men were elected to the permanent committee: J. D. Swift, W. C. Knorpp, C. A. Pitts, J. R. Porter and John Gillham.

The committee held a meeting immediately following the general meeting, and C. A. Pitts was named chairman of the committee.

Everyone attending the meeting was very enthusiastic and pledged their whole hearted support to the permanent committee. Everyone who has been contacted in the past for a pledge to the building fund, will be contacted again in the very near future and given an opportunity to re-affirm their pledge.

Dusters In Caprock League Series

The Clarendon Dusters won the right to play in the Caprock Series last Sunday by defeating Morgan of Amarillo 9-5. Morgan's was the second place team in League play and had defeated the Dusters two times in regular league games.

It looked like a repeat performance for Morgan until the eighth inning when the Dusters broke loose with their barrage and took advantage of several Morgan errors. Morgan was leading 5-3 as they went into this inning but the Dusters brought in five runs to lead 8-5 and then added another in the ninth to make it 9-5. Fate Breedlove went all the way on the mound for the locals and had some fine backing by his team mates.

The other sudden-death play-off game scheduled between Raths and Wheeler at Amarillo was called due to weather conditions. This game will be played Sunday the 26th and the winner will meet Clarendon in the two out of three League Series September 2nd.

Services Held Monday For Mrs. J. M. Potter

Funeral services were held Monday afternoon at the Church of Christ for Mrs. Nancy Matilda Potter with Clarence Tilley, Minister of the local church, officiating.

Mrs. Potter, 86, a pioneer resident of Donley County, died at her home here Saturday afternoon. She was a member of the Church of Christ.

Mrs. Potter was born May 13, 1870 in McNary County, Tenn. She and her husband, the late J. M. Potter moved here in 1913.

Plans Made For Golf Tournament

Donley golfers are looking forward to the first local tournament in all too many years, following successful organization of a new club and completion of a good, sporty course on the site west of Clarendon, where the game was played during the late '20s and early '30s. Maurice Hart, chairman of tournaments, is making plans for a handicap tournament for the members at an undetermined date in September.

Hart and other directors were elected at a meeting on the 17th. Gerald Yeates heads the organization as president. Other directors are the following: secretary-treasurer, Ben H. Williams; membership chairman, Joe Goldston; chairman of finances, Joe Lovell; chairman of the grounds committee, Dink Miller; and W. J. Cooke, III.

Costs of opening and maintaining the new golf course have been kept at a low figure with members doing much of the preliminary work themselves, and an effort will be made to keep fees, dues, and other expenses at a minimum, according to directors. All residents of the County will have the period from now until the first of October to play, practice, or learn something of the game on the newly opened course, before joining the club. After October 1, residents of the County will be expected to take membership to play; All members of the family, husband, wife and children, are covered by the one membership.

Sixty persons have already joined the club on a twenty dollar membership fee. They will pay only \$1 per month dues, payable semi-annually. They hope for and confidentially expect new entries to bring the roster to one hundred or better by the first of October. Players from outside Donley County, including tourists, visitors, and travelers, will be able to use the Clarendon course for a low greens fee of fifty cents for one period of play, be it for four holes or thirty-six. Members will, of course, pay the same green fee for out-of-county guests whom they invite.

The new directors are urging all Donley residents who are interested in golf to visit the course and play. Mr. Goldston will gladly receive new members or will discuss the club with anyone who wishes to know more about it.

Land for the course was leased from John Knorpp, the present owner of the site.

Old Settlers Reunion Was Big Success

The Old Settlers reunion held at Tate Grove at Hedley on August 17th was a big success according to all of those who attended. There were around two hundred and fifty in attendance. Flip Breedlove was master of ceremonies and was assisted by Bob Ayers.

The program opened with a welcoming address by Walter DeBord and the response was given by Bob Ayers. Flip Breedlove then started the program with a number from Clarendon under the direction of R. E. Drennan. Group singing and quartets and string music made up the entertainment before lunch. A big feed was put on at noon with baskets full of fried chicken, steaks, all kinds of vegetables, pies, cakes, good coffee and everything that makes a big feed.

Immediately after dinner the election of officers was held for 1957 and Tommy Bain was elected president; Bill Clay, vice president; and Catherine Lattimer was re-elected secretary and treasurer. Mrs. Rains was presented a beautiful pot plant by president Clifford Johnson for being the mother and founder of the Old Settlers Picnic. Prizes were given for those coming the farthest distance and the oldest woman and man present.

A big time was had by all attending and plans were made for a bigger picnic in 1957.

Donley County Asks To Be Placed On Disaster Program

County agent H. M. Breedlove stated this morning that a request from Donley County had been presented to the state drought board for Donley County to be placed on the drought disaster program.

There are parts of the county that received very little rain fall and some farmers and ranchers will have to sell their foundation herds if they do not get help. This program will give reduction in feed prices.

The drought of the past years has hurt ranges very bad and on some ranges the spring rains brought only weeds and some annual grasses that dried up when the showers stopped and now these ranges are in bad shape.

The first request for help was thirty days ago and was turned down and now a new request has gone in to the state board and Breedlove stated that the drought committee for the county would keep trying until we get help for those that need it at this time.

The drought committee for Donley County is Ross Springer, ASC chairman; H. M. Breedlove, county agent; J. D. Swift, banker.

Mr. and Mrs. Bill Montgomery and family spent Sunday in Canyon where they visited in the home of Mr. and Mrs. Darrell Truitt.

Cold Wave Sends Mercury Tumbling

A mass of Canadian cold air arrived here early Sunday morning forcing temperatures down from the century mark into the low sixties. The drop in temperature was tremendous but welcomed by all as the heat wave prevailing had held the temperature above the 100 mark for more than ten days on a straight run.

Moisture over the county was of small amount. Here in town only .06 inch was recorded. The County Club vicinity received .30 inch; Lelia Lake, .14; Ash-ola, .22.

According to weather observer, Tommy Saye, the day temperature was: 101 on the 16th; 102 on the 17th; 102 on the 18th; 102 on the 19th and 85 on the 20th. The coldest night was 49 degrees recorded on August 20th. Monday and Tuesday's high readings was 77 and 87 respectively.

Although the cold wave failed to bring us the desired moisture, everyone is thankful for the cooler temperature. Fact is, most people seem to be in a lot better humor.

Mr. and Mrs. Dwight Blair and girls of Lubbock are visiting in the homes of Mrs. Ermine Blair and Mr. and Mrs. A. H. Moore this week.

Mickey Bannister of Amarillo is visiting in the Roy Crutchfield home this week.

Second Primary Election Saturday To Draw Voters Out Second Time

BEGINNERS MUSIC CLASS TO BEGIN SOON
Announcement has been made that the Bearden Studio of Music of Amarillo has made arrangements with the local Legion to start a beginners class on steel guitar and accordion at the Legion Hall. Those wishing further information may see Maurice Hart, local commander, or inquire at Pyeatt's Conoco station.

The second Democratic primary to be held Saturday, August 25th is expected to draw a good vote as four contested races, two on the state level and two on a local level, have been attracting much attention. Following the first primary, it was believed that the vote would be reasonably small but as the time draws nearer and the races get hotter, another record vote is expected.

In the race for governor, Price Daniel and Ralph Yarborough have been slugging it out, but Daniel is expected to win this primary by as good a margin as before; the same stands for Will Wilson who is expected to have very little trouble with Tom Moore in the Attorney General's race.

In the races drawing more interest locally, Allen Harp is staving an educational second primary campaign dwelling principally on qualifications and experience. This is expected to be a real hot one and Harp's opponent is John T. Forbis. Both are from Childress.

In the other contested race, Truett Behrens and Lonnie (Bill) Cornell, have been beating the bushes, urging their supporters to come out and vote. This is expected to be a close affair also.

Don't stay at home by figuring your candidate will win without your support. He may need it much more than you think. Be Sure and Go Vote.

Another indication of a good turnout is the number of absentee votes at last report which was around 115. If this election goes along with the first primary according to absentee votes, the total may be near the first primary count of over 1900 votes.

All Star Games To Close Softball Season

Two all star games between picked top players of the kids league and top players of the adult league will meet in the final games of the 1956 softball season Friday night. The first game between the two kid all star teams will start at 7:30 P. M. All players are asked to report at 7 so the game can start promptly at 7:30. The game will be five innings, and the adult game will start immediately following the kid game.

An admission charge of 10 cents for kids and 25 cents for adults will be charged every one including players and managers. The money will be used to help defray the expenses of the softball league.

The regular season will end Thursday night with the little Dodgers playing the Hotshots and the Dodgers playing Lakeview. The little Dodgers and the Dodgers are the only two undefeated teams in the league; the Dodgers going through both halves of the season undefeated and winning top honors in both divisions of the schedule. The Dukes, Lella Lake, and Lakeview were the other top adult teams in the league.

The two kid all star teams were chosen from the four teams in the league and league director Ray Moore has announced the roster of the two teams as follows: Team No. 1 — Curtiss Williams, Jerry Elmore, Ronnie Hall, Lynn Barker, Billy Weatherston, Sammy Jacobs, Teddy Graham, Billy Hearn, Clyde Thomas, Mat Armstrong, Phillip Abel, and Tommy Messer. Team No. 2—Orville Bennett, Hershel Gardner, Melvin Moore, Neal Carter, Dwight McAnear, Gene Taylor, Gary Fitzgerald, Charles Stout, Jerry Bones, Gerald Johnson, Johnny Curlee, and Eddie Tipton.

The two adult all-star teams will be managed by Maurice Hart and Gene Putman. Hart's team is composed of D. E. Travis, Wayland Newman, Bill Mooring, John Payne, George Thompson, Owen Johnson, Richard Vallance, John Richey, Ray Moore, Mutt Graham, Herald Stogner, Jerry Behrens, Gerald Noble, and Paul Schull. Putman's team roster includes Ector Anthony, Sherman Coper, Roy Whitley, Dink Miller, Basil Smith, Haley Ingram, F. G. Crofford, W. W. Pinkerton, Bill Dale Hill, Junior Hill, J. W. Hatley, B. Arriola, and B. Castra.

The softball league has proven very popular with the people of Clarendon and the surrounding territory this year, although the lights were not up until July and the league was off to a late start. Large crowds were present at almost every game. Over two hundred, men, kids, and women participated in the play during the season as regular members of league teams; this is the largest participation of its kind in any similar type of activity in recent years.

Mrs. Eichelberger received only minor bruises.

Dr. Cox was returning home from the Groom hospital when the accident occurred.

OVERPLANTED COTTON FARMS:
There are more than 200 overplanted cotton farms in our county this year and remeasurements are being made as fast as possible so that producers will know whether or not they have plowed up enough to be in compliance. Each producer has 20 days after he receives his OVERPLANTED notice in which to destroy his excess cotton acreage. The penalty on excess cotton this year is 17.7c per pound times the overplanted acres times the yield for the farm, and no cotton on overplanted farms is eligible for loan. ALLEN HARP

FOR DISTRICT ATTORNEY

BECAUSE ALLEN HARP IS THE BETTER QUALIFIED TO PERFORM THE DUTIES OF THE OFFICE

Allen Harp has presented facts in this campaign that have not been denied. He has correctly informed the voters of the qualifications of the two candidates.

His opponent has published advertisements in every newspaper in the district (except in Childress) stating he has had 6½ years experience in the practice of criminal law.

He has distributed a folder in every county in the district (except Childress county) stating he has had 6½ years experience in practicing criminal law

Why did he not distribute this folder or run this advertisement in Childress County?

The answer is obvious. The people of Childress county know Mr. Forbis has not had one day's experience in the practice of Criminal Law.

Mr. Forbis has said that Allen Harp had only 2½ years experience when appointed District Attorney. But he did not tell you the 2½ years was spent as County Attorney of Childress County, which consists entirely in the practice of Criminal Law.

We urge you to vote for Allen Harp, because Allen Harp has not misrepresented the facts.

WE SUBMIT TO YOU THAT A CANDIDATE WHO WILL MISREPRESENT THE FACTS TO GET ELECTED, WILL MISREPRESENT YOU IF ELECTED.

Just A Word To The Voters

Time is fast approaching the Second Primary election which is Saturday, August 25th. I wish to take this means of asking for your consideration as I know there are many of you whom I have been unable to see personally. It was my desire to see and talk with each of you personally but it was not possible for me to do this and continue to discharge the duties and obligations of this office for which I was elected two years ago.

I believe my past experience and my record as a peace officer in Donley County will merit your consideration and vote.

I would like for you to compare Donley County's Crime record during the past four years which I believe to be below average in this territory—consisting of four burglaries, one assault with intent to murder, being the major crime in Donley County during this period.

The Tax Office shows approximately 85% collections on all taxes. The office is now running over \$50,000 on vehicle registration fees for the first time in many years.

I believe this would merit your consideration in casting your ballot in my behalf on August 25th.

I HAVE BEEN OPPOSED

--- in this campaign by many of those who have disobeyed the law and are now out for revenge by putting out various propaganda in an attempt to defeat me. If I had not enforced the law where these persons were involved, you, as citizens and voters, certainly would be doing the right thing by voting against me. I have tried my best to show no partiality in upholding the law, and I will continue to enforce the law as it should be if re-elected Sheriff, Tax Assessor-Collector of Donley County.

I appreciate the efforts of all those working in my behalf and the consideration you will give me in making your choice for this office.

Your Vote will be sincerely appreciated,

Truett Behrens

Endorsed By Opponent**

STATE OF TEXAS I
100TH JUDICIAL DISTRICT I

We, the undersigned resident practicing attorneys of the 100th Judicial District of Texas, hereby endorse Allen Harp, District Attorney of Childress, Texas, and urge his appointment as Judge of the 100th Judicial District in the event a vacancy should occur in said office in the near future.

Given under our hands this ___ day of November, A.D. 1954.

At the time of the signing of the above endorsement, it was contemplated that there might be a vacancy in the District Judge's office. The vacancy did not occur, but the endorsement of Allen Harp by Williams, Broughton and Forbis, not for District Attorney but for the higher office of District Judge, clearly shows the real respect they held for Allen Harp's character and ability before they decided they wanted to take the job of District Attorney away from him and appropriate it to their own law firm. With very few exceptions the lawyers of the 100th Judicial District signed this endorsement. The lawyers whose signatures appear on the above endorsement have not been contacted with reference to an endorsement in this particular race and their signatures thereto does not necessarily mean that they are supporting Allen Harp in this campaign.

During this campaign Allen Harp's character has not only been attacked but even his political affiliations have been misrepresented. The Forbis forces would have the loyal Democrats believe that I am a Republican. At the same time Mr. Forbis admits that he voted for Eisenhower. His campaign manager in Carson County is Friday Hughes, the Carson County Republican Chairman. Mr. Hughes has been taking Forbis to various towns in Carson County seeking support for him. I have never voted anything but the democratic ticket in my life and those who are close to me know this to be a fact. Many of the people and acts of the Democratic Party have not pleased me, but I have always felt that the interest of Texas and the South were best served by the Democratic Party. The fact that all four of my great grandfathers were confederate soldiers could have something to do with my attitude.

If you were in serious trouble and needed a lawyer to defend you, you certainly would hire the one you thought could do the best job for you. If you were hiring someone to prosecute a culprit who had made depredations on you or your family, you would certainly hire the one you thought best qualified to do the job. You wouldn't care whether he was cute or not. You wouldn't give a hoot whether he could make a pretty speech at a social function. You wouldn't even care whether he was a member of the same church of which you were a member. You may not think so—in fact you may not give it any thought at all—but next Saturday you are hiring someone with your tax dollar to prosecute a culprit who WILL commit criminal acts against you, your family or your neighbor. You are not hiring a lawyer for just one case, you are hiring a lawyer for four years—come what may.

(The following is concerned only with the qualifying experience of the candidates for District Attorney and is not intended to reflect on Harp's opponent in any other way.)

**Qualifying Experience of the Candidates
For District Attorney**

ALLEN HARP	OPPONENT
<ul style="list-style-type: none"> Served a term in the Legislature where laws are made. Served six years as Official Court Reporter. The time was spent in the court room where cases are actually tried. Served two years and three months as County Attorney for Childress County. Served a little more than six years as District Attorney of the 100th Judicial District. 	NONE

During the time I have been serving as District Attorney I have had to run every two years. The term of office has now been extended to four years and the salary was recently increased by the Legislature. I would certainly appreciate serving one four year term at the increased salary, and I will not again be a candidate for District Attorney.

Lane - Roehr Nuptial Vows Read In Church Ceremony

In a double ring ceremony at 3:00 p. m., August 17th, Joan Marie Lane, daughter of Mr. and Mrs. J. B. Lane of Ashtola, became the bride of Richard Roehr, son of Mr. and Mrs. C. A. Roehr of Goodnight.

Rev. Ernest Phillips read the ceremony in the Goodnight Baptist Church with Rev. Hillon, pastor, giving the wedding prayer.

Nuptial selections played by Mrs. Doyce Graham, pianist, included "Why Do I Love You" by Kern, "Because" by D'Hardelot, "Bridal Chorus" from Lohengrin by Wagner, and Mendelssohn's "Wedding March".

Escorted to the altar and given in marriage by her father, the bride was attired in a yellow organdy street length dress with an overlay of embroidered white flowers. The dress was made with a full skirt, scoop neckline, cap sleeves and fitted bodice with a long torso. Her accessories were white and she carried her Bible. She wore a corsage of white flowers.

Maid of honor was Miss Joanna Lane, sister of the bride. She wore a polished cotton dress of muted olive shade designed with a decollete neckline, full skirt, and fitted bodice. She also had white accessories, and a corsage

of white flowers. The groom's attendant was Richard Kelly. Mrs. Lane, the bride's mother, wore a blue dress with white accessories. The bridegroom's mother, Mrs. Roehr, wore a blue printed dress with black accessories.

This young couple both attended Clarendon Schools where they were very popular. Joan was to have been a senior this term. She excelled as a basketball player, and homemaking student. She was runner-up in the Farm Bureau Queen Contest last year. Dick had finished Junior College here.

After a wedding trip to New Mexico, the couple will live on the JA Ranch where he is employed.

HEALTH NOTES

Texas State Dept. of Health

AUSTIN — In case there are really serious doubts about it, an international team of fly specialists has proved conclusively that flies don't give a fig about immigration restrictions along the U. S. - Mexican border. The question as to how readily Mexican and Texas flies migrate has been unanswered for a long time. Do they brave the perils of crossing the Rio Grande in numbers? Or, do just a few of the sturdier ones dare the trip in favor of better pickings on the other side? Or do Mexican flies stay in Mexico, while Texas flies stick to this side of the river? The answer is important because of the tremendous disease spreading potential a single fly represents. Last week the answer was made crystal clear. They cross, in numbers, any time the notion strikes them. The proof came through the combined efforts of health workers from the U. S. Public Health Service, the State Department of Health, and local health de-

partments in Laredo and Nuevo Laredo. The Laredo - Webb County Health Department's interest in the subject is obvious: the city has suffered 27,200 cases of dysentery and 116 deaths since 1947. During an average year the border city reports 5,000 cases and some 25 deaths from the enervating disease. Proof of fly immigrations came about like this: Some 25,000 flies were captured from two hog feeding installations in Laredo, and an additional 30,000 from a couple of dairies in Nuevo Laredo. Texas flies were dyed red and Mexican flies green to mark their point of origin. Meanwhile, 26 baited traps were scattered around in Nuevo Laredo, and 24 in Laredo. That evening between 7:30 and 10 o'clock, the flies were released—half from four points on the Texas side of the border and half from sites in Mexico. During the following two days, flies which had been released in Mexico were recaptured in three traps in Texas. Their tattle-tale green coloring gave them away. Texas flies were recovered from five traps in Nuevo Laredo. One recovery site on each side was over a mile from the border. "It proves," said the team leader, "that fly control programs on one side are practically useless unless the other side undertakes simultaneous programs."

STATE FAIR OF TEXAS

Portraits of all 33 presidents of the United States will be exhibited at the Dallas Museum of Fine Arts during the 1956 State Fair of Texas, Oct. 6-21, in one of the first collections of its kind ever assembled. The gallery of presidents, which also will include pictures of some of their first ladies, will consist of more than 60 paintings and pieces of sculpture, providing an unusual educational and artistic opportunity as well as an entertaining history lesson. Admission to the exhibition will be free. Highlighting the display of portraits, which will come from art galleries and private owners all over the country, will be a rare series of paintings of George Washington, Andrew Jackson, Abraham Lincoln, Franklin D. Roosevelt and President Eisenhower will also be represented in several works of art. One of the best-known pieces of sculpture will be the bronze model made by Daniel Chester French for the famous statue of "Lincoln Seated", the focal figure in the Lincoln Memorial in Washington, D. C.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

This week we have a few memorial books to announce. The first is "Traveling Toward Sunrise." This is by Mrs. Chase E. Cowman. The book consists of daily devotional readings that will be helpful to everyone. It was given in memory of Mrs. J. R. Cox by Mr. and Mrs. Joe Goldston. They also gave a book in memory of little Scott Humphrey.

"The Sugar Bush Family" by Miriam E. Mason. This is one of the happy family stories that all children love. We have quite a few of Miriam E. Mason's books. They are each excellent for little people. "Jerry" is a book for Mrs. Ballew's first grade case that was given by one of her little pupils, Janice Anderson. She gave me the money to order this as she stated simply, "I loved Mrs. Ballew and want to get a book all by myself."

A little friend gave us two Bobbey Twin books, and another little friend gave us five Walt Disney books for children. We have several new books for

adults too—"A Thing of Beauty" by Cronin was given us, and it is a book we have been wanting for sometime. Everyone is generous who patronizes the Library and we are indeed grateful for their thoughtfulness.

BEFORE YOU VOTE, I WANT YOU TO KNOW:

FIRST: I am proud of the training and experience I've received. I hold a law degree from S.M.U., have practiced law 6 1/2 years in Childress, and have served Childress as City Attorney for 6 years. I'm also proud to have been admitted to partnership with C. A. Williams and C. C. Broughton within one year after my graduation from law school.

SECOND: In my campaign for the office of District Attorney, I have not resorted to low level, name calling, mud slinging tactics, nor do I now intend to be led into such tactics by a desperate politician.

THIRD: I want to remind you that I was given a strong majority of the votes in the First Primary in Childress County, where both of your candidates live. Who is better able to judge the merits, qualifications and character of a candidate than the people among whom he lives?

FOURTH: I am deeply grateful for the votes I received in Donley County in the First Primary. Your continued active support will be deeply appreciated.

I WANT TO BE YOUR DISTRICT ATTORNEY.

Highlights Of Old Settlers Picnic

By Mrs. Clyde Bridges

The Donley County Old Settlers Picnic was well attended Friday, August 17 at Tate Grove. The weather man gave us a break with a cool breeze all day under those huge shade trees.

The morning session started at 10:30 with music by the Hedley String Band composed of Leon Doherty, R. L. Beach and Jack Woodard. "America" was sung by all, led by R. E. Drennan of Clarendon. R. W. Alewine led in prayer. Walter DeBord, a Hedley pioneer, gave the Welcome Address with Bob Ayers of Memphis giving the response. Mr. Drennan presented Mrs. Morris, Bill Todd, Bro. Goar and Mr. Able, with the group singing several numbers which everyone enjoyed.

The political side of the gathering allowed each candidate a few minutes to speak. Don't know why but every one seemed to be short on material. Anyhow the speeches were short and to the point! Those who spoke were Will Ehrle, Allen Harp, John Forbis, Truett Behrens, and Bill Cornell.

Master Tommy Willoughby of Winsboro, Texas, grandson of Mr. and Mrs. Harve Wilson delighted the audience with several vocal numbers accompanied by his mother at the piano.

Flip Breedlove was M. C. assisted by Bob Ayers of Memphis. These boys keep entertainment lined up all day. Malcolm Glass presented his quartet; Mrs. Henry Nivens, R. W. Alewine and Rex Willoughby.

The highlight of the picnic came at the noon hour. We did not have lunch. We had dinner at 12:00 o'clock. So much good food and that old fashion neighborly spirit existed every where. Rev. Jim Boswell, Methodist evangelist, expressed Thanks. After noon, the business was taken care of.

Officers for next year were chosen: President, Tommy Bain; Vice-President, Bill Clay; Secretary-Treasurer, Katherine Latimer. Two reporters were present: Burl McCullan and wife represented the Amarillo Daily News-Globe and I represented the Donley County Leader. I would have had more to report but I am the official hand-shaker so I was real busy.

Those traveling the longest distance to be present were Mr. and Mrs. Coffey of McAllen, Texas. Mrs. Coffey was the former Annie Alexander of Hedley. Mrs. W. I. Rains, mother and founder of the organization, was honored by President, Clifford Johnson. In well chosen words he expressed love and appreciation to this pioneer lady, presenting her with a lovely pot plant.

Mrs. Rains expressed thanks to all who had helped to carry on an organization that meant so much to her and her pioneer family and friends. Mrs. Rains and Mrs. Mattie Clarke, another pioneer mother and the oldest lady present, being 92 years young, were photographed for the Amarillo News. J. B. Masterson and Frank Kendal were twins, each being 91 years. Mitch Bell of Clarendon was the oldest person present, 93 years young.

Others who helped with the entertainment were Nancy Hinds and Loveta Houdashell, Bee Latimer, Mrs. Cherry Sue Carson, and a number of others who I failed to get their names. But the program was the best in several years.

Quite a number of Donley County residents who live elsewhere came back for the picnic—among them: Mr. and Mrs. Homer Clarke of Wichita Falls, Mr. and Mrs. Lenard Wall of Hereford, Mrs. Addirene DuBose of Amarillo, Mrs. Claude Killingsworth and Mrs. Clema Muncie of Wellington, Ross Adamson of Ropesville, Mr. and Mrs. Rex Willoughby and Tommy of Winsboro, and others.

The group sang "God Be With You 'Till We Meet Again." All departed home saying a good

time was had by all. Plans already are being discussed for next year.

FARM NEWS-

(Continued from Front page) especially on overplanted farms. Soil Bank Acreage Reserve:

Field measurements are being made on the wheat and cotton acres placed in the Soil Bank for 1956. If your farm has not yet been visited, give us a little time and we will get to it.

ACP FUNDS:

Several producers have already been in to request Federal Cost-Share on Rye or Winter Legumes to be seeded next month. Ted Maddox and Tige Hill were both in on Friday of last week to make application for assistance on these practices. Have you thought of what you might do to prevent wind erosion on your farm? A good cover crop is most important. We still have plenty of funds in the ACP budget to help with this type of work.

Election of County and Community Committees:

Watch this column, your monthly News Letter from the County ASC Office, and your mail for information concerning the election to be held in September.

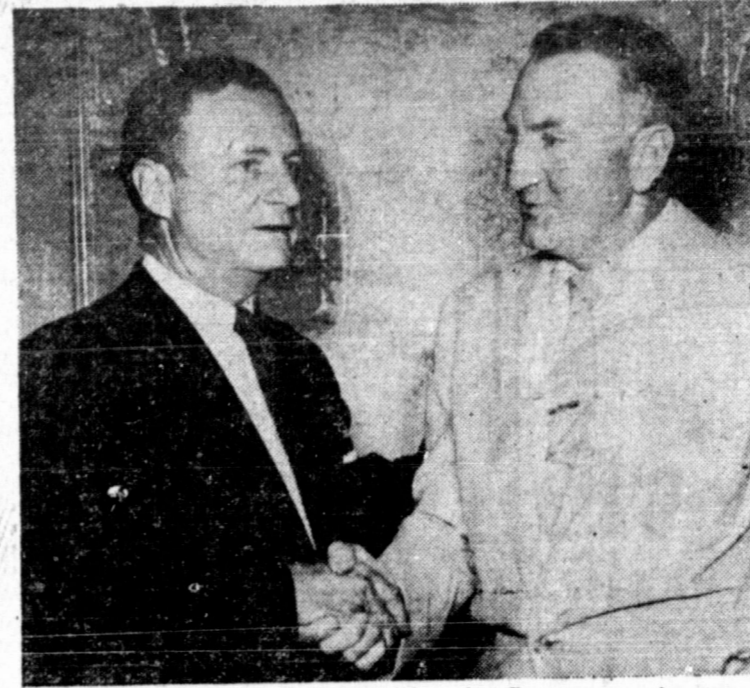

Drought Emergency Feed:

The Donley County Drought Committee met last week to ask

that Donley County be included in the drought disaster area. Conditions have become so much worse in the last three weeks that

this request is in order, for some measure of relief is necessary for both farmers and ranchers.

The Donley County Leader, \$2.50 a year.

SENATOR PRICE DANIEL, candidate for Governor, receives congratulations from Elmer Lee Todd, president of the Texas United Pension Association, for sponsoring an amendment to the Social Security Act which will prevent a \$5.00 per month decrease in old age pensions and provide a \$3.00 increase to all pensioners beginning Oct. 1. least, gives us the following recipe for a happy day. We think it a pretty wonderful-sounding combination and we wish this reader lots and lots of these Happy Days.

- Take 1 cup of friendly words
- 2 heaping cups of understanding
- 4 heaping teaspoons of time and patience
- A pinch of warm personality
- A dash of humor
- Measure the words carefully, add the heaping cups of Understanding. Use generous amounts of Time and Patience. Keep temperature low. Do not boil. Add dash of humor and a pinch of Warm Spice of Life. Serve in individual molds garnished with smiles. This recipe is guaranteed never to fail.

Anyway, tomorrow we are going to try this recipe out looking forward to having a real special happy day.

An old Arabian Proverb:

"A friend is one to whom one may pour out all the contents of one's heart; chaff and grain together, knowing that the gentlest of hands will take and sift it, keep what is worth keeping and with the breath of kindness blow the rest away."

To be right honest; if we hadn't really sworn off of politics we could have really gotten worked up over the two conventions. Most of us are familiar with the old saying: "Acting like children"—Not these conventions; we are too much a lover of children to say that—No child would act that childish and ill-mannered. We will just have to say that they acted adultish and ill-mannered. Even if someone would have had something to say, no one would have listened. T.V. may change the routine of Conventions; when they get home and are told how they acted—by the children, that is.

From a little booklet published by the Warp Publishing Co. we include the following little poem.

Real lives are built much by degrees,
Nor is it done, my friends, with ease,
Sometimes the climb is hard and long
To reach the heights where we belong,
When climbing up life's rugged way
We need to watch our step each day,
For one misstep may prove to be,
A change in our eternity.

MURPHY FUNERAL HOME

It is called -
ONLY GOD CAN GIVE A FRIEND
By Rosalie Cantra
I think that God will never send A gift so precious as a friend; A friend who always understands And fills each need as it demands; Whose loyalty will stand the test When skies are bright or over-cast; Who sees the faults that merits blame But keeps on loving just the same; Who does far more than creeds could do To make us good, to make us true, Earth's gifts a sweet enjoyment lend But only God can give a friend. Isn't the above poem a beautiful description of a real friend, and it is true that only from God can gifts so precious come. Anyway, this is a good poem for our scrap books.

Forgetfulness is a good thing when we can use it to forget the little faults of those about us. Trouble with us we forget the wrong things - - at the wrong times.

We can always find time to do a lot of good deeds in one single day; if - - and this is a big word, IF we make that day, TODAY.

SOCIAL SECURITY INFORMATION

One completely new provision contained in the 1956 amendments to the Social Security Act is that for the payment of cash disability payments. To qualify for these payments, which will be effective in July, 1957, the following requirements must be met: 1. The worker must be disabled to the extent that he cannot engage in any substantial, gainful, work. This disability must have been in existence at least 6 months and must have started before the worker became 65 years of age. 2. The worker must have been in social security covered work for at least 5 of the 10 years just

before he became disabled, and for at least 1 1/2 of the 3 years before disability began.

3. To receive cash disability payments he must be at least 50 years of age. However, to protect his wage record the worker should make an inquiry at the nearest social security office if he meets the requirements and is under age 50.

4. Medical proof of the disability must be furnished.

Anyone who meets these requirements should contact his

nearest social security office unless he has already done so during the past two years in connection with establishing his disability under the old law. Workers who have already filed proof of disability will be contacted their social security office after October 1st in order to obtain an application for these payments.

What Grandmother did

that Granddaughter doesn't!

For one thing Grandmother spent 5 1/2 hours a day in the kitchen. Granddaughter doesn't—she spends about an hour and a half on the average.

Plenty of low-cost electricity is the biggest part of the reason why. There's more than enough to do your cooking, your mixing, your dishwashing, your water heating.

And the men and women at your electric service company are planning and building ahead so there will be plenty for granddaughter, too.

In fact, you can be sure of plenty of electricity always when you are served by an independent electric company like this one.

SEPTEMBER CONVENTION IN DOUBT

Who will win out and how at the September State Democratic Convention is a subject of heated debate.

Actual outcome will not be known until the meeting gets underway in Fort Worth. Rival conservative and liberal delegations will struggle for nearly 600 seats. Convention control hinges on these places.

Precinct and county conventions named some 577 definitely liberal delegates, about 224 conservatives. But neither side can control the 1900-vote convention without the contested seats.

RE-HEARING ASKED IN SANTA FE CASE

Awaiting the Supreme Court when it reconvenes in October will be a motion for re-hearing in the long-contested Santa Fe Railway case.

In July the court upheld the right of unions to make closed shop agreements in the railway industry. Such contracts are prohibited by the state "right to work" law, but allowed by the federal railway act.

THE FUROR OVER THE SUPREME COURT

Where did it all start? Few people have taken the trouble to find out the history of the doctrine which seems to be causing so much trouble today.

It all started in 1801 immediately after Thomas Jefferson was sworn in as President of the United States. At that time the political parties were the Federalists on the one side and the Democratic-Republicans on the other side.

To The People-

(Continued from page 10)
national government by a sort of "royal purple" group who would have full control of the centralized powers and be able to govern without interference from the people.
At that time President Adams was leader of the Federalists, while Vice-President Jefferson was leader of the Democratic-Republicans. The Federalists had gotten in bad favor with the public and realized that they would be turned out of office in the

December 3, 1800, election. They were correct. Thomas Jefferson was elected President at that time and prepared to be inaugurated on March 4, 1801. The Federalists in an effort to perpetuate their power, undertook between the date of the election, December 3, 1800, and the date of Jefferson's inauguration, March 4, 1801, to fill all open offices with Federalist followers. The number one appointment in this plan went to John Marshall, President Adams' Secretary of State and a loyal Federalist. He was appointed the third Chief Justice of the United States Supreme Court. There

were a number of other appointments made by President Adams, among them being the appointment of a Justice of the Peace for the District of Columbia. The recipient of this appointment was Mr. William Marbury, who was appointed on March 2, 1801, just two days before Jefferson's inauguration.
In the confusion of the change of Administrations, the then Secretary of State, John Marshall, signed and sealed the appointments, but apparently got busy on other matters and forgot to issue the commissions to several appointees, including William Marbury. Jefferson, upon inauguration, had instructed his Secretary of State, James Madison, to withhold the issuance of these commissions. Whereupon, Marbury filed suit against James Madison, the new Secretary of State, in the Supreme Court of the United States. Thus was born the famous

case of Marbury vs Madison, with which all students of the law are familiar.
Since the Supreme Court's power to take original jurisdiction in cases is limited to a very narrowly defined class of cases, there was much discussion about Marbury having filed his suit in the Supreme Court rather than in a trial court. The filing of the case in the Supreme Court created a situation whereby John Marshall, Chief Justice of the Supreme Court, was called upon to decide whether or not the Court could compel James Madison, Secretary of State, to issue a commission that Chief Justice John Marshall, while serving as Secretary of State John Marshall, had neglected to issue.
Since the Marbury case was clearly outside of the original jurisdiction of the Supreme Court, the normal procedure would have been for the Court

to decline to hear the case and permit the complainant to file his suit in a proper court. However, for some reason, Chief Justice Marshall brought into the picture the Judiciary Act of 1789, an Act to control the procedures in federal courts. He indicated that, although the Supreme Court could not hear the Marbury case under the Constitutional restrictions, there were provisions in the Judiciary Act, a statute passed by Congress, that would permit the Supreme Court to hear the case. He then proceeded to hold that, because according to his conclusions the Judiciary Act was in conflict with the Constitution, the Judiciary Act became unconstitutional and therefore void. This action on the part of Chief Justice Marshall has been interpreted as a master stroke of a devoted advocate to centralized government. It created the doctrine that the Supreme Court had the power to declare Acts of Congress unconstitutional. Power which was bitterly opposed by Jefferson's followers.

ernment and duly approved by the Senate, is on a parity with, if not superior to, the Constitution. But in any event as the law presently stands, the laws passed by the Congress are subservient to such treaties, as well as the Constitution, so you can imagine how far down this puts the laws of the several states.

Had John Marshall held against Jefferson's followers on the Marbury case and had entered a judgment requiring Madison to issue Marbury a commission, there was a strong chance that Marshall might have been impeached. Many thought that Marshall realized this and thereupon conceived his idea of not endangering his position as Chief Justice, but at the same time, creating a strong weapon in the hands of advocates of centralized government. This approach left the Jefferson followers in the position of having won the Marbury case for which they could not complain, but of having had to accept, as a thorn with the roses so to speak, the establishment of a doctrine that vested the Supreme Court with final veto powers on all legislative actions. It is interesting to note that in the 35 years that John Marshall served as Chief Justice of the Supreme Court, he never again declared an Act of Congress unconstitutional.

It is also well to remember in this connection that as matters now stand, the laws passed by the duly elected officials of this land are in a strange position. These laws can be knocked down by the Supreme Court of the United States as being unconstitutional. Yet, a treaty between this country and a foreign country, written and entered into by the Executive Branch of the gov-

You Can't Buy It at Home
when nobody at home has it for sale

So . . . whose fault is it when this unfortunate condition prevails?

Well, you might say it's everybody's.

SELLERS are to blame . . . who don't keep up with what's new in their lines . . . and who want to keep store just like they did before highways and automobiles rescued buyers from having to take whatever goods it pleased their home storekeepers to carry in stock.

BUYERS are to blame . . . who don't keep neighborhood sellers informed about their needs and wants by the simple process of shopping the home stores regularly . . . and whose wide-ranging buying habits cut down the financial ability of local sellers to keep better assortments of goods.

Many of us fall into both of these categories . . . and don't let our right hands know where our left hands have been shopping.

Shall we, then, **EACH** look inwardly . . . whether we are Buyer or Seller only . . . or a Buyer-Seller Blend . . . and consider what **WE** can do to better **OURSELVES** by enriching our home area's life blood . . . it's trade volume?
