Bronchos To Play Canadian Wildcats Here Friday Night—7:30

The Bronchos have only two worries of the current schedule left and one of those will be eliminated here Friday night when the Bronchos entertain the Canadian Wildcats in a conference affair in Broncho Stadium, beginning at 7:30. The other will be the old rivalry game here the following week with Memphis.

Former Clarendon Man Dies In Car Accident

Raymond (Pete) Carter, former Clarendon resident, died early Saturday morning in a car accident near Gainsville, Texas, where he made his home. Funeral services for Mr. Carter were held Sunday afternoon at Gainsville and burial was in the Gainsville cemetery.

Church Nursery Gets New Equipment From Memorial Fund

With funds made available from the Scott Lee Humphrey Memorial Fund, the nursery of the First Methodist Church now has new equipment and has been redecorated. The memorial fund, which totaled \$261.65, was made up by friends of the Rev. K. Humphrey in memory of their little son, Scott Lee, who died this past June.

Twenty-Three Students Make High School Honor Roll

A total of twenty-three students have been listed as making the necessary grades to be included on the high school honor roll for the first six weeks of the current school year. To make this honor roll a student may not have more than one grade below 90 and this one grade must not be below 80.

1957 DeSoto, Dodge And Plymouths On Display

The new 1957 model DeSotos, Dodges and Plymouths went on display in Dealer showrooms Tuesday of this week and all three have made drastic changes in the body styles as well as mechanically. The local Dodge-Plymouth Dealer is Bartlett Motor Company and the DeSoto-Plymouth Dealer is A.A.A. Motor Co.

CATHOLICS OBSERVING ALL SAINTS DAY

Catholics throughout the world are observing All Saints Day today, Thursday, November 1st. Clarendon Catholics and their Priest, The Rev. Clifton J. Carcoran, will celebrate the Holy Sacrifice of the Mass at 7:30 a. m. this morning at the Shrine of Our Lady of the Panhandle, the Catholic Chapel here in Clarendon.

Local Man Meets Rattler; Loses Appetite

Ross Noles could have enjoyed a delicacy (rattlesnake steak) Sunday night but said he didn't prefer anything to eat at all after his encounter with one of the vicious reptiles at the rear of Mutt's Cafe.

JIMMY CARTER Jimmy Carter, son of Mr. and Mrs. A. C. Carter, has been chosen this year as the Clarendon F.H.A. Chapter's Beau. Jimmy is a senior in high school, is a member of the F.F.A. and is also a member of the Broncho squad.

Citizens Cemetery In Need of Money

The Trustees of the Citizens Cemetery are asking for funds in which to pay the Sexton for the next four months until such time as the spring and summer collection will be coming in. They say the spring collection asked for in their letters last February and March fell short nearly one thousand dollars as heretofore received.

FAMILY GATHERING HELD

Those visiting in the W. F. Barker home Sunday were Mr. and Mrs. Gobel Barker of Hedley, Mr. and Mrs. Haskell Swearington and sons of Amarillo, Mr. and Mrs. A. L. Vaughn of Lubbock, Mr. and Mrs. Clyde Barker and Vickie of Indio, Calif., Mr. and Mrs. Buddy Barker and daughter, Mr. and Mrs. Carl Barker, Mr. and Mrs. Guy Sibley, Mr. and Mrs. D. T. Goodman, and Mrs. Richard Maxey. W. F. Barker recently celebrated his 84th birthday.

Keith Pittman Named Player Of The Week

Keith Pittman, son of Mr. and Mrs. Carl Pittman, and a member of the Broncho squad who has put forth lots of effort, was named Player of the Week by the Amarillo Daily News in their publication yesterday. The article was as follows: This week's Daily News' Player of the Week is big Keith Pittman, Clarendon tackle. As Clarendon rolled over Lefors 61-14 it was Pittman, opening huge holes in the line, who enabled the Bronchos to reel off big yardage.

NEXT TUESDAY, NOVEMBER 6th IS GENERAL ELECTION DAY

Former Resident Dies At Lubbock

Funeral services were held Monday afternoon at the Baptist Church in Lubbock for Dick W. Tomlinson with Rev. John P. Baker of Colorado Springs, Colo., officiating, assisted by Rev. Melvin Rathel, pastor of the Lubbock church. Burial was in the Lubbock cemetery. Mr. Tomlinson, 64, died Sunday following an illness of about a year. He was a long time resident of Donley County prior to moving to Lubbock eleven years ago. He was a native of Red River County.

JOAN WOOD NAMED F. F. A. SWEETHEART

Sixty members of the Clarendon Future Farmer Chapter who attended the regular monthly business meeting of the organization, Monday night, elected Joan Wood, as their chapter sweetheart for the 1956-1957 school year. Joan will be presented an official F.F.A. sweetheart jacket by members of the chapter, will be their entry in the district F.F.A. sweetheart contest and will fill the position of chapter sweetheart throughout the school year. Joan is a freshman, and is the daughter of Mr. and Mrs. Joe Wood of Brice.

October Nets .51 Inch of Moisture

According to the official weather report here, Clarendon has received a total of .51 inch moisture during the month of October with .10 of that amount being dropped here Monday night when a fast moving frontal system passed through. At this same time, Mrs. Hatley reported .20 at the Country Club, Willard Knox .03 at Lelia Lake and Ben Lovell a trace at Ashtola. The high temperature for the month was 92 on the 4th with a minimum high of 61 on the 19th. The maximum low was 57 on the 29th and the minimum was 34 the night of the 30th. It was possible that some frost may have been visible in the area but none has been reported at the Leader office.

OFFICERS NAMED FOR CLARENDON GREENHAND F. F. A.

Dennis Bradshaw has been chosen by his classmates as president of the greenhand or first year unit of the Clarendon F.F.A. Chapter for 1956-1957. Jimmy Stout was named vice-president, Charles Percival Reporter, Sandy Skelton treasurer, Bobby Spencer farm sentinel, and J. O. Armstrong secretary. This group will preside over meetings of the greenhand unit of the local chapter throughout the year and will set up and carry out its program of work.

Texas Rangers Get New Mounts

DALLAS—The Texas Rangers, scourge of the western badmen for more than a century, today (Friday, Oct. 26) received new mounts which are said to be the fastest police pursuit cars on the nation's highways. Fourteen of the Rangers, including Col. Homer Garrison, Director Department of Public Safety, and Chief R. A. (Bob) Crowder, took delivery of the specially-built Dodge D-500 Texan police pursuit cars with 285 horsepower engines. The trunk compartment of the D-500 Texan is more than six feet wide and provides all the space necessary for the saddles, armament, and assorted equipment each Ranger must carry in his line of duty. The Rangers still pack pearl handled revolvers, wear high heel boots and big hats, and ride horses; for 'Ole Paint' has not been put out to pasture, according to Chief Crowder, but is transported in trailers behind these new powerful patrol cars.

Film To Be Shown At First Baptist Church Sunday at 7:30 P. M.

An unforgettable motion picture will be shown this coming Sunday evening at 7:30 in the First Baptist Church auditorium. The film is titled "A New Tomorrow." There is to be no admission charged. This is a picture to grip the hearts of everyone. It tells the dramatic story of America's forgotten man and God's glorious redemption. It is a story told against the miserable backdrop of man's sin and persistent failure. This moving, heart warming story of a man's rise from the very lowest ebb of his life makes a story that brings a tear to the eye, inspiration to the heart, and a powerful lesson to the mind of every man, woman, and child. Everyone is invited to attend.

REBEKAH'S ANNUAL MEXICAN DINNER NOVEMBER 3rd

The Rebekahs have set Saturday, November 3rd as the date for their annual Mexican Dinner and report that tickets are now available from any lodge member. Serving hours will be from 5 to 9 p. m. at the American Legion Hall.

ATTEND FUNERAL SERVICES

Mr. and Mrs. E. J. Chenault were called to Walnut Springs Thursday by the death of Mrs. Chenault's brother-in-law, C. D. Cribbs. Funeral services were held Friday afternoon with burial at Walnut Springs.

With all the campaigning, it would be pretty hard to forget that next Tuesday, November 6th is General Election day, but for some voters it is always an easy chore not to go vote because they think their one vote wouldn't make any difference anyway. That's when they are wrong; it takes single votes just like the one you cast to make an election, or we might say a representative election, showing the desires of the majority of single voters cast. Regardless of how or who you vote for, go to the polls and vote. An exceptionally large vote is expected next Tuesday as voters will cast their ballot for President. As far as the State and local level politics are concerned, there is not too much party politics involved, but such is not the case in the Presidential election. W. Lee O'Daniel is waging a vigorous campaign for Governor as a write-in candidate and is expected to receive a pretty fair vote although his chances are quite slim. In the race for President and Vice President, all reports indicate that Dwight D. Eisenhower and Richard M. Nixon, hold the upper edge and have a good chance of returning to the White House. There is quite a bit of argument as to whether they will carry the state of Texas again -- and there's a good chance they will. Local political observers believe that Ike and Nixon will carry Donley County again as they did in 1952. At that time Ike received 1,146 votes to Stevenson's 899. Back to the State level, eight proposed amendments will appear on the ballot to be voted on November 6th and a ninth amendment will be voted upon Nov. 13th in a special election due to a slip up. In order that you may read a brief summary of these amendments before you go vote, Vern Sanford, Secretary of the Texas Press Association has prepared a gist of the amendments and arguments pro and con. You will find this column on page eight of the second section of this week's Leader under the heading of "Highlights and Sidelights". Up thru Wednesday morning, a total of 41 absentee votes had been cast. If you plan to be gone next Tuesday, go by the County Clerk's office and cast an absentee ballot. Friday, Nov. 2nd is the last day for absentee voting. Be a good American, a good Texan and a faithful Donley Countian by going to the polls next Tuesday and vote.

Man Charged With Arson Here Tuesday

According to Sheriff Truett Behrens, Donald Eugene Jenkins, age 18, of Dayton, Ohio, was charged here Tuesday with Arson in connection with the burning of a 2 room house on the F. A. White farm one mile north of Hedley about 10 a. m. Tuesday. According to the Sheriff's report, Jenkins was seen by a neighbor entering the house and running out a few minutes later with the house on fire. Jenkins told the sheriff he was traveling with a Magazine selling crew and also that he had been absent without leave from the Navy since June. The house which contained some furnishings was completely destroyed by the fire.

CLARENDON CUB SCOUTS ATTEND CAMPOREE

Twenty-one Cub Scouts from Clarendon attended the District Boy Scout Camporee, north of Sannorwood on the Robert Baxter Ranch, Saturday, Oct. 27. The Cubs enjoyed a Weiner Roast, group singing and games and attended the Indian dances presented by Scouts from the Pampa, Borger and Phillips District. Cubs left Clarendon at 4:00 P. M. and returned at 9:00 P. M.

FROM WARM SPRINGS
FACT & FANCY
by W. H. Richter

(Wherein the director of public relations at the Gonzales Warm Springs Foundation tells of Texas' own physical rehab center and also throws in a little tongue-in-cheek palaver for which, incidentally, the management is not responsible.)

I have been to Homecoming at my Alma Mater. I presume that the day could be termed a good one as those things go: the weather was lovely, the Team won its ball game, and the new buildings were elegant indeed. But I think maybe I've had it.

In the first place, there are always those inescapable miserable spasms of embarrassment as one spies an oh-so-familiar countenance which one's aging and uncooperative brain somehow can't associate with the appropriate name. "Why HELLO there, old buddy," you say with undue nervous emphasis. Or, if you want to be a bit cute: "Well, I'll be dawg-gone; look who they let come to Homecoming this year!"

Frankly, I don't like that kind of mousing around. But I just can't bring myself to say, "I'm Walter Richter, who the heck are you?" like I'd like to. So I just ain't gonna go back.

In the second place, there were eight people—by actual count—who said in a sly, smug, self-satisfied manner: "Well, well, you've put on quite a bit of weight, haven't you." Or like that while at the same time sucking in their own miserable litt' pots.

So we HAVE picked up a little lard. So we're not as slender as we were in the thirties. So we hear enough comment on the matter at home from day to day. So why travel to foreign fields for more of the same? No more for me.

Then there's that matter of terrain. I never could see why a college had to be built on top of a mountain unless it was to permit wags the opportunity to make that low crack about "higher" education. It was bad enough when one was lithe, lean, and lank of limb, but when you've become conditioned to prairie-type terrain, there's not much appeal or logic in needlessly tackling Palpatation Peak.

So next year when Homecoming-time slips around, I intend to drape my over-stuffed shape over our easy chair, break out a couple of old college yearbooks, and really live it up.

A question that is often asked is "The March of Dimes pays for polio patient care, so why should we contribute to the Gonzales

WARM SPRINGS FOUNDATION?"

It is true that over 50 per cent of the charges accruing for patient care are paid by the National Foundation for Infantile Paralysis, and for this fine assistance we are immensely appreciative. However, other funds are needed for the many non-polio patients who come for treatment. However, other funds are needed for the many non-polio patients who come for treatment. Some have insurance, some are partially paid by the several State agencies, and some are able to pay part of the charges.

Funds needed to fill the gap so that no improvable Texas patient under 21 will be denied proper treatment range upwards to \$250,000 annually in a budget which approximates \$900,000.

PATHFINDER

Mr. John H. Lovelady, Field Director for Texas State Teachers Association, Austin, Texas, was guest speaker for Pathfinder Club Friday, October 26. The Club sponsored a joint meeting of all the clubs and lay public to hear Mr. Lovelady in his discussion on the Teacher Retirement Amendment No. 4.

The meeting was called to order by the president, Miss Ruth Richerson. All business was dispensed with in order to have more time for the very important topic of discussion.

Everyone present enjoyed the discussion.

The executive committee served as ushers and hostesses, passing out the informative literature which Mr. Lovelady had with him.

Mr. Lovelady stressed the advantageous points of everyone voting for the Amendment No. 4: 1. 350,000 additional children will be enrolled in our public schools by 1960.

2. By 1960 we will need 43,000 new teachers.

3. 15,000 new teachers are needed to face the additional students.

4. 7,000 experienced teachers leave the profession each year. We must hold a substantial number of these teachers or recruit 28,000 new teachers to replace them.

Our children deserve good teachers who feel the sense of security in their profession. Let's improve the Teacher Retirement System to recruit needed young people and to hold our capable experienced teachers.

Mr. Lovelady insisted that all who were present at the meeting go to the polls on November 6th and vote for the Teacher Retirement Amendment No. 4 and insist on others to do likewise.

Reporter.

BRONCHO BOOKWORMS

The Broncho Bookworms met October 24. Barbara Koontz called the meeting to order and appointed standing committees. She also appointed a special Thanksgiving committee.

Pictures were taken for the high school yearbook.

There being no further business, meeting was adjourned.

Reporter.

Mrs. B. L. Howard of Amarillo visited Friday in the home of Mr. and Mrs. F. E. Caraway.

JR. H. D. CLUB PARTY

Thursday evening, October 25, members of the Jr. H. D. Club entertained their husbands with a dinner party at Patching Club House. The Halloween motif was carried out in decoration.

Entertaining rooms were marked with lanterns, candles, black cats, and witches.

The dinner consisted of fried chicken, salad, hot rolls, butter, homemade ice cream, cake, and coffee and was served from a table which was centered with a Halloween pumpkin and black cat surrounded with pyracantha.

Following the meal, games of 42 and Canasta were played. High score prize in Canasta was won by Jeanette Thompson, Mary Belle DeBord winning low. Doss Finley was awarded high score prize in games of 42; Sadie Head low, and Nora Decker won the traveling prize.

Attending were Mr. and Mrs. Frank Thompson, Mr. and Mrs. Bill Bentley, Mr. and Mrs. Bert DeBord, Mr. and Mrs. Doss Finley, Mr. and Mrs. F. A. Fitzgerald, Mr. and Mrs. Grady Henson, Mr. and Mrs. Frank Hommel, Mr. and Mrs. Billy Jack Land, Mr. and Mrs. Paul Schull, Mr. and Mrs. Claude Spivey, Mr. and Mrs. Henry Tatum, Mr. and Mrs. Truett Behrens, Mr. and Mrs. Bobby Trout, Mesdames Sadie Head, Nora Decker, Noma Lewis, and Lucille Swinney.

BETA SIGMA PHI MU GAMMA

Mu Gamma Chapter of Beta Sigma Phi honored rushees and their husbands with a Mexican Supper at Patching Club House, Tuesday evening, October 30. Two rushees and their husbands were present: Mr. and Mrs. Kenneth Clapp and Mr. and Mrs. Bill Cornelius.

The Halloween motif was carried out in decoration.

Following the meal, games were played. Approximately thirty-five attended.

KIL KARE KLUB TO MEET

Mrs. Harry Brumley will entertain the Kil Kare Klub in her home Thursday afternoon, November 1, meeting to open at 3:00 p. m.

Chocolate beans were once used as currency in Mexico.

M.Y.F. MEETS

The Lelia Lake M.Y.F. met Oct. 28, 1956. Jessie Lee White, Vice President, called the meeting to order and William Chamberlain gave the opening prayer.

We decided to bring old clothes to send to a Methodist Home at Robstown, Texas.

The youth from the Baptist Church met with us at the close of our program, in the parsonage where we discussed C.R.O.P. and were served refreshments.

Everyone be prepared for Wednesday night, as the M.Y.F. and Baptist Youth will be picking up donations from 6:00 to 7:00 for C.R.O.P. This money will go for medicine, food, and clothing for 27 countries overseas. You will be able to tell these youths as they will have a letter and some cards to show to you.

BETA SIGMA PHI MU GAMMA

Mu Gamma Chapter of Beta Sigma Phi met in the home of Bert Garland Thursday night, October 25, with an open meeting for the new fall rushees. Two guests, Pat Cornelius and Lucy Gae, were present, also ten members and four pledges.

The program, "Your Poise and Charm," was ably given by Marilyn Simpson, Jane Bownds, and Juanita Phelps.

Hostesses were Bert Garland and Freida Gray.

Reporter.

GOOD NEIGHBORS CLUB

The Good Neighbors Club met Friday, Oct. 26 for an all day meeting in the home of Mrs. Will Jordan.

A delicious meal was served at noon to nine members.

We had two visitors, Yvonne Barker, Donna Turner. One quilt was nearly finished.

The next meeting will be with Mrs. Nixon, Nov. 8th.

Clarendon Cub Scouts Meet Monday

Pack No. 37 of Clarendon Cub Scouts held their first monthly Pack Meeting, Monday, October 29th at the Youth Center.

Opening the meeting was a flag ceremony presented by Den No. 3, Mrs. Sid Stewart, Den Mother. Cub Scout games were held outside with Den Chiefs in charge, while the parents had their meeting, consisting of Pack business and announcements. The Cubs then enjoyed group singing.

The Skits presented were:

Den No. 4, Mrs. Dewey Hendrix, Den Mother, presented a Puppet show on "Halloween".

Den No. 2, Mrs. Paul Wright, Den Mother, presented a Puppet show of "Get Out the Vote".

Den No. 1, Mrs. Bob Moss, Den Mother, presented "Living Puppets".

These skits were presented in such a manner that it would seem the Cubs presenting them were professionals.

Akelas Council Fire for new Cubs was held with each Cub joining the Pack placing a log with his name upon it on the fire signifying his becoming a warrior of the Webelos Tribe.

Achievement awards were pre-

sented the following Cubs:

Bobcat Pins: Phil Hart, Mike Horton, Irving Mears, Mike Mears, Freddie Gray, Henry Hermsmeier, Clarence Corman.

Den Chief Shoulder Cords to Boy Scouts: Phillip Able, Dwight McAnear, Jerry Elmore, Jerry Stewart.

Wolf Badge: Martin Hendrix.

Gold Arrow Point: Martin Hendrix.

Silver Arrow Point: Freddie McAnear.

Bear Badge: Stephen Stewart, John Wright.

One Year Service Star: John Wright, Stephen Stewart, Freddie McAnear.

Two Year Service Star: Barry Hudson, Kenneth Price, Lynn McCord, Johnny Spivey, Barry Gray, Douglas Bradshaw, Terry Hoggatt, Bobby Cain, Ronnie McAnear.

The meeting closed with Den No. 3 retiring the Flag.

On Monday, November 5th, at 7:30 P. M. there will be a planning meeting for the month of November at the home of Mrs. Bob Moss for the Pack Committee, Den Chiefs and Den Mothers.

Mr. and Mrs. G. W. Estlack and Jackie visited Thursday evening in the home of Mr. and Mrs. L. T. Whitlock in Amarillo.

Mrs. Pat Morrison of Sicks, Alaska visited from Thursday to Sunday in the home of her father and wife, Mr. and Mrs. F. E. Caraway. This was their first visit in thirty years.

You Can Vote A Split Ticket If You Like

As a Texan and free American citizen, you can vote any way you please.
 Some people are trying to raise legal technicalities about the ballot, and to tell you that unless you vote in a certain way, your ballot will not be counted.
 That is simply not true.
 Your knowledge of our system of government tells you truly that the purpose of an election is to give you the opportunity to express yourself.
 That's your right and your privilege as a citizen of the United States of America.
 You can vote the Democratic ticket straight.
 You can vote the Republican ticket straight.
 Or you can split your ticket.
 Any way you vote, your ballot will be counted.
 The law that governs the way for you to vote is simple and clear.

Whatever your preference may be, if you vote as suggested below, your ballot will be counted.
 If your voting precinct does not have voting machines, and if you want to vote for Eisenhower and Nixon on a split ticket, for example, this is what you do.
 Run a line through the names of Stevenson and Kefauver in the Democratic column and leave the names of Eisenhower and Nixon in the Republican column.
 Then mark out or leave the other column and candidates according to your choice.
 Or, to vote a split ticket for Stevenson and Kefauver, run a line through the names of Eisenhower and Nixon in the Republican column and leave the name of Stevenson and Kefauver in the Democratic column.
 Then mark the other part of the ballot as you choose.
 You may also vote for Eisenhower and Nixon by writing their names in the Democratic column, and marking out the names of Stevenson and Kefauver, if you desire.
 A ballot so marked, will be counted: (Attorney General's Opinion No. V-1531)

Of course, the reverse is true: You may vote for Stevenson and Kefauver on a split ticket by writing their names in the Republican column and marking out the names of Eisenhower-Nixon.

Reduced Freight Rates To Assist Hay And Roughage Program

Walter T. McKay, the agency's State Director, was advised today of the designation of Farmers Home Administration to execute certification forms in connection with reduced freight rates recently worked out between the President and railroad representatives to further assist farmers and stockmen in drought stricken areas. This revised tariff provides for a reduction of 50 percent in the freight rate of hay forwarded to destination due to the drought, and applies only in connection with hay purchases of individuals who are entitled to assistance under the Hay and Roughage program.
 Farmers Home Administration is authorized to execute certificates in behalf of farmers and ranchers only. Details of the program and forms required may be obtained from local county Farmers Home Administration offices.

Mr. and Mrs. George Schollenbarger visited through the week end in the home of Mr. and Mrs. J. H. Gain in Amarillo.

Mr. and Mrs. Clyde Barker and Vickie of Indio, Calif. are visiting this week with relatives and friends.

Ducks, Geese To Headline Hunt Program

AUSTIN — Prospects for the waterfowl season opening in Texas at one half hour before sunrise November 2, were described as "promising" by the Executive Secretary for the Game and Fish Commission.
 He said the situation represented strange angles since the migrating duck and goose population "seems to be tremendous" but that the flocks may not be able to occupy many favorite wintering areas because of fresh water shortage.
 "The most acutely dry area now," said the Executive Secretary "is the Upper Texas Gulf Coast where unfortunately there is such a great concentration of hunters. If we can get some substantial rains right away, the incoming birds will stop at their old haunts because feed there is reported adequate."
 He said "the back country hunter" apparently will get some breaks since recent rains filled ponds, tanks and small streams "which are always irresistible to touring ducks and geese."
 The duck and goose season open simultaneously this fall, with the sixty day goose season closing on December 31, while the duck shoot comprising seventy five days continues through January 15.
 Regulations otherwise are identical with last year—five ducks a day, ten in possession; five geese a day and five in possession; daily hunting from one half hour before sunrise to sunset.
 The goose regulation stipulates that the daily possession limit "shall not contain more than two

Canada geese, or its subspecies or two whitefront geese, or one of each."

TEXAS ELKS MAKE GAINS

AUSTIN—Only state legal permission for the land owner to help choose the participants stands in the way of a small-size elk hunt in far west Texas, according to the Assistant Director of Wildlife Restoration.
 He said wildlife biologists recently determined the herd, confined to the sprawling Graham-Hunter Ranch high in the Guadalupe Mountains, comprises at least two hundred head.
 Since modern game management techniques normally call for harvesting a limited share of the herd population, a short season could have been held this fall.
 But an old state law requiring hunters to be chosen by a drawing bans the land owner from having a free hand in selecting the hunters and the proprietors of the big ranch insist any other procedure would be unwise.
 The present elk herd was restored about thirty years ago by J. S. Hunter who imported animals from Wyoming after the native stock had been exterminated.
 The reinvigorated "family" grew rapidly and a few years ago reached double its present size. This was more elk than the range could support and the inevitable natural reductions set in.

Mr. and Mrs. E. D. Taylor of Pampa announce the arrival of Robert Earl, Oct. 23. The proud grandparents are Mr. and Mrs. Kenneth Morrow of Clarendon and Mrs. C. G. Taylor of Pampa.

Mr. and Mrs. Geo. Bulman and family from Dumas spent Tuesday with his parents, Mr. and Mrs. Geo. Bulman Sr.

Duane Lamberson spent Sunday with Tommy Waldrop.

Mr. and Mrs. B. T. Spear and girls visited relatives at Memphis Sunday.

BOSQUE DEER QUOTA UPPED

AUSTIN—A special harvest of antlerless deer in Bosque County of the Possum Kingdom regulatory authority group will be limited to the various ranches where surplus whitetail populations exist, according to the Assistant Director of Wildlife Restoration for the Game and Fish Commission.

Principal request for the fifteen day antlerless shoot came from the Morgan Ranch in Bosque County, the only county in the eighteen-county regulatory region with surplus antlerless deer. The extra hunt will be added directly to the regular deer season beginning November 16 and ending December 15.

The Assistant Director of Wildlife Restoration said permits will be issued to the interested ranches where overpopulation exists, based on the actual number of excess deer. This system is used in parts of the Hill Country where antlerless deer harvests have been successfully used to control surpluses.

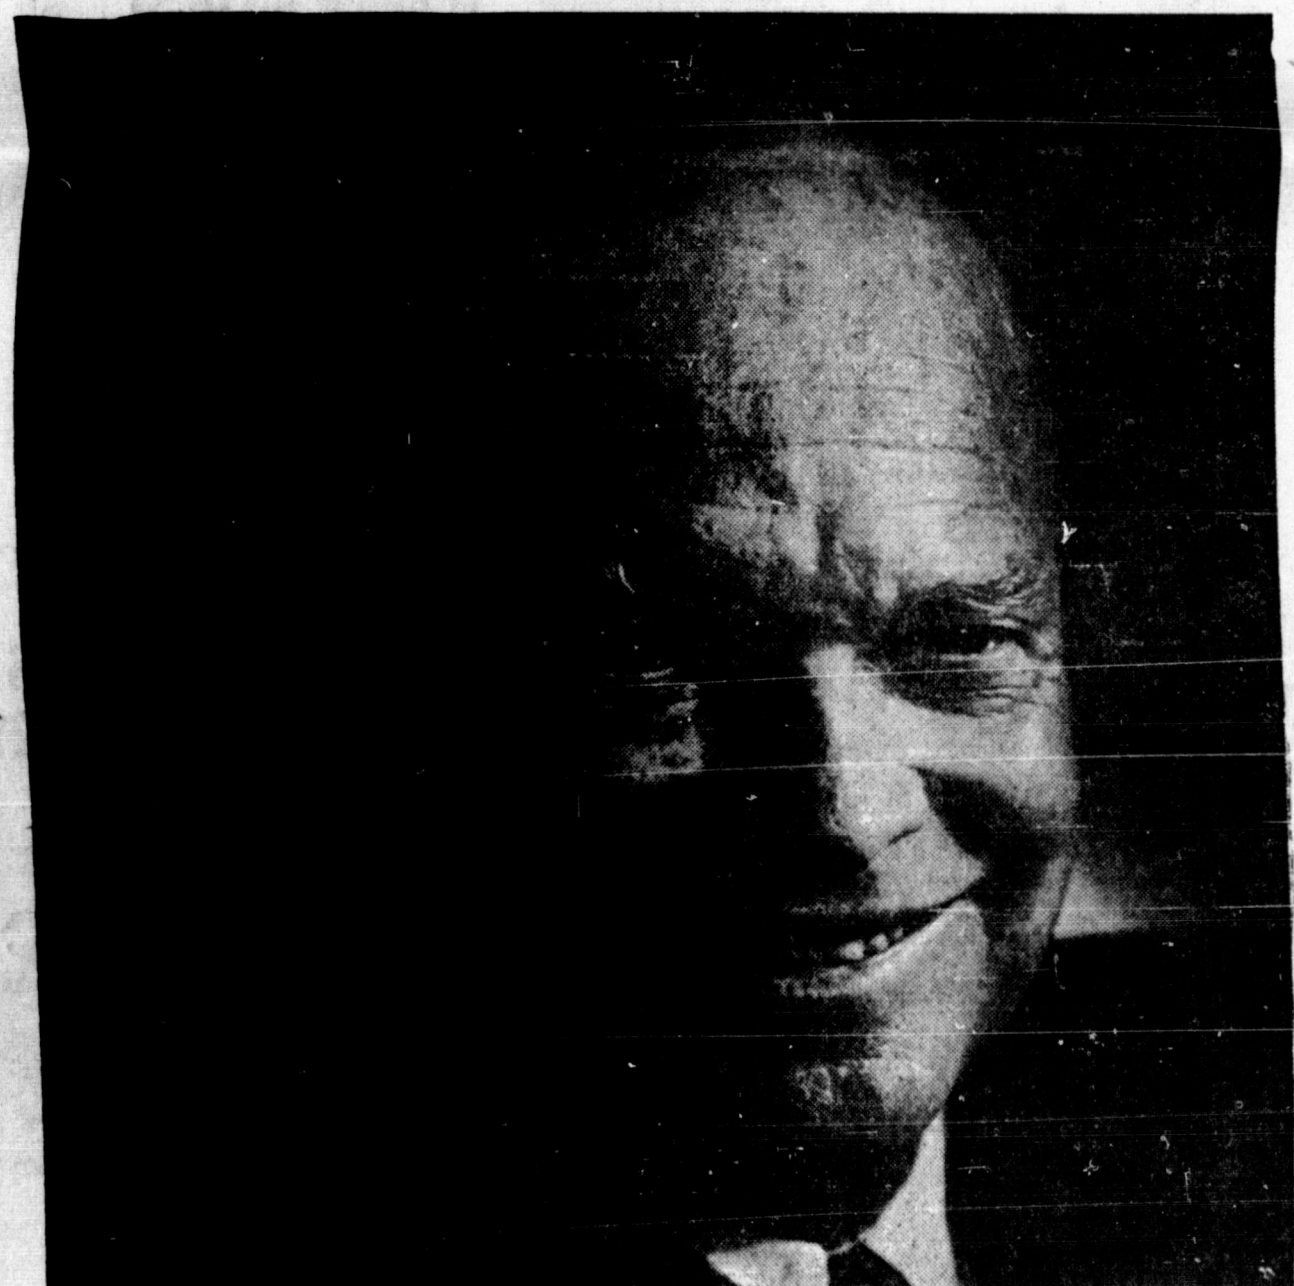

The limit for the regular Bosque County season is one buck. The limit for the antlerless season was set at two for each hunter. Thus, he said, a hunter could get his buck and then participate in the antlerless season to use his other remaining option.

Wildlife biologists reported an estimated three hundred and seven surplus antlerless deer on the Morgan Ranch. The buck surplus for the regular season on that ranch was estimated at seventy five head.

Other ranches which have an overpopulation of antlerless deer include the Campbell Ranch with 138 surplus deer and the Pettit Ranch with 296 surplus deer. Smaller ranches in other parts of Bosque County also will harvest a few antlerless deer by permit.

A new type of Navy submarine messenger buoy eliminates the need of deep-sea divers in submarine rescue work.

Borden

SEVEN SOLID REASONS WHY TEXANS SHOULD SUPPORT EISENHOWER

1. He ended the useless war in Korea and has kept America out of war.
2. He has given this country an effective foreign policy, backed up by a powerful defense force at less cost. He does not believe in a policy of weakness.
3. He achieved the conversion from war to peace with the greatest prosperity the American people have ever known.
4. He has kept his promise to the people of Texas by restoring to us our tidelands.
5. He replaced crook-and-crony government by restoring morality, honesty, integrity and saneness, to our national government.
6. He stopped the trend toward socialism by turning to the initiative and ability of the American people rather than government regimentation.
7. He has cut government spending and waste, thus bringing about a cut in taxes.

Bronchos Use Pirate Field For Race Track

The Clarendon Bronchos really made a race track out of the Pirates stadium in Lefors last Friday night and came out on top with a whopping 61-14 score. It could have been possibly more but Jinks gave all the boys a chance to play. This was quite a victory for coach Jinks as Lefors is his home town.

The way the game started out, it looked as if the Bronchos had run up against some real opposition. On the third play after the kick-off, the Pirates connected with a pass for 64 yards and the first tally of the game. They added their extra point and didn't taste pay dirt again until the fourth period when they pushed one over against the Bronchos subs and again added their extra point.

The Bronchos evened up the score in the first period with Behrens plunging over from the 5 yard line and Robert Mills added the extra point. They began to pick up momentum in the second period and added two more tallies with Payne tossing to Baten for one and Mills going over for the other from the 2 yard line. He put the pigskin thru the uprights for the first but missed the second. The half ended 20-7.

The Bronchos really poured it on in the third and fourth periods with three touchdowns in each. Soon after the second half started, Payne tossed to Mills for 56 yards and the 6 points; Mills added the extra. A short time later, Philley went around right end for 10 yards and the 6 points, and again Mills' conversion was good. Philley went over again a few plays later from the 9 yard line and Mills put the pigskin thru the uprights for the extra. The score at the end of the third period was 41-7. The final period continued in the one-sided pattern with Payne plunging over from the two; Mills' extra was good again. Following this tally was the most sensational run of the game when John Morrow, behind some fine blocking, raced 75 yards to pay dirt; Mills barely missed the extra point. The final TD followed a short time later with Mills going over from the one. Again he put the pigskin thru the uprights which brought his total for the night to 7 out of 9 tries which is a good record.

for any team.

While all of this scoring was taking place, the Broncho line was standing still. Those boys were in there hustling and paving the way, and when Lefors had the ball, which was very little, the Broncho line was charging thru to mess up any intentions they might have.

FARM NEWS

from the County ASC Committee

1957 ACP PRACTICES

The County Committee met with the Community Committee-men, SCS Technician and others on October 26th to select for Donley County conservation practices from the State Handbook for 1957. The following are the practices selected for federal cost-share:

1. A-3. Establishment of additional acreages of vegetative cover in crop rotation to retard erosion and to improve soil structure, permeability or water-holding capacity.
2. A-6. Initial establishment of field strip cropping to protect soil from wind or water erosion.
3. B-1. Improvement of an established vegetative cover for soil or watershed protection.
4. B-3. Control of mesquite and sagebrush to permit growth of adequate desirable vegetative cover for soil protection on range or pasture land.
5. B-5. Constructing wells for livestock water as a means of protecting vegetative cover.
6. B-7. Constructing dams, pits or ponds for livestock water as a means of protecting vegetative cover.
7. C-1. Initial establishment of permanent sod waterways to dispose of excess water without causing erosion.
8. C-4. Constructing terraces to detain or control the flow of water and check soil erosion.
9. C-5. Constructing diversion terraces to intercept runoff and divert excess water to protected outlets.
10. C-6. Constructing erosion control dams to prevent or retard runoff of water.
11. C-7. Constructing drop spillways or similar structures for the protection of outlets and water channels that dispose of excess water.
12. C-12. Reorganizing farm irrigation systems to conserve water and prevent erosion.
13. C-13. Leveling land for more efficient use of irrigation water and to prevent erosion.
14. D-1. Establishing winter legumes in the fall of 1957 for winter protection.
15. D-2. Establishing legumes for summer protection from erosion.
16. E-3 (a). Deep Plowing to bring adequate amounts of clod-forming subsoil to the surface of sandy cropland subject to wind erosion to protect soil from blowing.
17. E-3 (c). Control of Bindweed as a necessary step in the control of wind erosion.
18. F-1 (a). Seeding Ryé to control wind erosion.
19. F-1 (b). Application of cotton burs to cropland to prevent wind erosion.
20. F-2 (a). Deferred Grazing to improve pasture or range land. Specifications will be worked out for the above practices and the county handbook will be made up for State approval as soon as possible.

LISTING AND CHISELING FOR WIND EROSION CONTROL
At this time our funds for Emergency Wind Erosion Control have been exhausted, but the County Committee voted last Friday on the proposition that funds from our regular ACP Program be used for chiseling or listing cotton land, wheat land or idle land wheat land or idle land that is subject to wind erosion now. This may be done under our Practice No. E-3 (b), Federal cost-share, 50c per acre. There have been a number of producers inquiring about this, so we would like to take this method of announcing that applications may be made for this practice.

Mrs. J. L. Whitlock of Shreveport, La. and Mrs. Don Caneer of Dallas left Monday morning for their respective homes, having visited in the home of Mr. and Mrs. Frank Whitlock since Wednesday of last week.

Mrs. T. E. Steinbeck of Amarillo came Saturday to be with her parents. Mrs. McCrary, who has been quite ill, was moved to Adair Hospital Tuesday morning. Her many friends wish her a speedy recovery.

District Camporee Well Attended

The Comanche District of the Adobe Walls Council, Boy Scouts of America, had its fall Camporee this past weekend, October 26-27. The Camporee was under the direction of H. E. Craig of Memphis, Camping and Activities Chairman of the Comanche District, Assisting Mr. Craig were

Clyde Price Jr. of Clarendon and O. C. McMinn of Wellington. The Camporee was very well attended and some 84 Scouts and Explorers from ten different troops and post, some 270 Cub Scouts, parents and leaders participated Saturday evening. The Scouts engaged in six different fields of competition. They were: First Aid, Morse Code Signaling, Rope Rescue, (Blindfolded), Compass Course, Trailing by

use of trail signs, and Map Making. Instead of receiving points in the competition each patrol was paid off in paper script according to their proficiency in the event. This script was saved by the patrol and they bought their awards. The top place award sold for 1,000 dollars, the second place award sold for 700 dollars and the third place award sold for 500 dollars. Every patrol bought a second place or higher award.

The Cub Scouts, parents and leaders came in about 5:00 P. M. on Saturday evening and enjoyed a weiner roast and the evening campfire. The highlight of the campfire was the performance of the Tejas Indian dancers of Borger. These young men, all Scouts and Explorers, under the direction of J. D. Ross, District Scout Executive of Borger, put on a very nice show of authentic Indian dances. These boys are among

the best in the nation in Indian dancing. In all, the Camporee was a huge success and both men and boys are awaiting the next camping experience.

Miss Gloria Pope, of Clarksville and a student at West Texas State, Canyon, was a week end guest in the home of her aunt and uncle, Mr. and Mrs. Seldon Bagby.

Blowin' Out the Corners
 Uncle Zeb

We are still getting letters, and real good ones too, giving us the low-down as to why Oklahoma is called the Sooner State. In addition to the others we have the following from Mrs. Edmund C. Carpenter of Rte. No. 2, Hammon, the Sooner controversy, she also Oklahoma. She not only covers us a lot more very valuable history about Oklahoma. She tells me off in the following poem:

Dear Uncle Zeb,
 You will just shut your (note) "Big fat mouth" and smother those mule ears over this way I will explain to you why Oklahoma is nicknamed "The Sooner State". When the territory was first opened for settlement, some of the waiting settlers became anxious to locate their homesteads "Sooner" than the others. They slipped into Oklahoma, past the troops and concealed themselves near to the best lands so that they would not have far to go when the legal hours of opening arrived.

The term "Boomer" had its origin in the Payne Boomers, a group of men who for years campaigned for the opening of the lands to settlement.

The name "Oklahoma" was derived from two Choctaw Indian

New 1957 Plymouth

The new 1957 Plymouths are low, wide, ground-hugging and powerful. They have a revolutionary new Torsion-Aire ride, said to be the most important advancement in automotive design since the introduction of independent front suspensions. The parking-turn signal light is positioned parallel to the headlight to give a dual headlight effect.

words, "Okla.", meaning "people" and "humma" meaning "Red." Thus literally meaning Red People. The state song is "Oklahoma" from the Rogers and Hammerstein's famous musical by the same name. It was adopted by the Twenty-fourth Oklahoma State Legislature.

The Scissor Tailed Flycatcher (*Muscivora Forficata*) is the state bird.

The Redbud is the official tree. It grows in profusion in the state with red-pink blossoms in the spring.

The State Flower is the Mistletoe. Oklahoma was the first state to adopt a flower in 1893, 14 years before the territory became a state.

"Land of the Mistletoe, smiling in splendor
 Out of the borderland, mystic and old.
 Sweet are the memories, precious and tender
 Linked with thy summers of azure and gold."
 —George Riley Hall
 I enjoy "Blowin' Out The Corners" with you, Uncle Zeb,

classrooms to remain in the teaching profession. Approximately 7,000 experienced teachers are lost each year to the schools. The program would also help attract some of the 3,800 new teachers needed each year to instruct the 100,000 new children who jam Texas classrooms annually.

The new program, as passed by the Texas Legislature last year—unanimously in the Senate and with only two dissenting votes in the House—would work like this: A teacher would pay into the retirement fund each year six percent of his salary (present rate five percent), and would earn a retirement based upon these deposits.

In addition, the amendment adds some benefits which are common in the retirement plans of private industry but have not been included in the teacher retirement system heretofore.

These are: (a) benefits for teachers who become unable to work because of disability; (b) death and survivor benefits for the family of a teacher who dies while in school employment; and (c) a guaranteed minimum retirement payment for teachers now retired and for those who retire in the future. This minimum of \$100 per month would go only to those who had at least 20 years

including your Sooner - Texas joke.

Visit Oklahoma's Semi-Centennial Celebration in 1957, April 22 to November 16.

Your Hill-Billy Neighbor, Mrs. Edmund C. Carpenter.

Anyway, I just loved the above letter especially the part where she spoke of enjoying reading our little column. I guess the best pay we get for our efforts at writing is the wonderful new friends that we find across the country. So from the very deepest corners of the very bottom of our heart we always are so thankful to our God for every blessing, and especially do we Thank Him real often for our friends.

Others who wrote to us this week giving us the author of the poem we used recently entitled, "The Secret", included Miss Ruth Fite of 1307 Ave F NW in Childress, Texas. Ruth is a Shut-In as a result of a car accident but she is such a wonderful friend and always remembers to write us. Also, our good friend from up Ohio way wrote the answer also. She is Mrs. R. E. Boone, 2579 Berwyn Road, Columbus 21, Ohio. Then Pastor Aubrey C. White of the Tenth Ave. Methodist Church in Amarillo wrote to tell us that the Author's name was Ralph Spalding Cushman.

Mrs. Boone sent us another poem by him that we will use later.

LOSE UGLY FAT
IN TEN DAYS
OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new & convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger & appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON, you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by:

Stocking's Drug Store
Clarendon
Mail Orders Filled

Adlai Stevenson.
Shivers is to make three out-of-state speeches for Eisenhower this week. He said he is ready to make more "any time, any place."

He criticized scheduled appearances in Texas of out-of-state U. S. Senators who voted against the tidelands bill.

In reply Sen. Lyndon Johnson said that the Governor was "being discourteous and insulting" to visitors to Texas. "The tidelands issue, he said, "is as dead as Allan Shivers."

SPECIAL ELECTION DANGLES

Campaigners for Price Daniel's U. S. Senate seat are in for more tortuous waiting.

Governor Shivers has said he will have no announcement on calling an election until after Nov. 6. A special senate election, he added, "has no place being mixed up with a presidential election."

COTTON REFERENDUM SET
Texas cotton farmers will vote Dec. 11 on whether to extend federal marketing quotas to the 1957 crop.

Two-thirds approval of farmers voting nationwide is required to put quotas into effect. Continuation of wheat quotas has already been voted.

USDA also announced that each Texas county's 1957 cotton acreage allotment will be within at least one percent of its 1956 level. This decision apparently was aimed at quelling a prolonged rivalry between East and West Texas counties for increased acre.

Total Texas cotton acreage for 1957 is to be 7,410,893 acres, slightly higher than 1956.

ELECTION INVALIDATED

Local option elections held in an area less than a justice precinct are illegal, say the courts.

Texas Supreme Court has upheld a Civil Appeals Court decision to this effect. As a result, a section of Austin considered "dry" since 1935, is now legally "wet."

Local option elections, said the appellate court, can be held only county-wide, city-wide or in an entire justice precinct.

STATE GROWTH FORESEEN

Texas' need for state office space will be tripled by 1980. So say planning consultants for the state building program. They estimate that Austin alone will have some 11,500 state employees 24 years hence. Statewide the total is set at 24,000 to 30,000.

Planners say the 200,933 square feet of floor space in the Capitol should be augmented to make a total of 1,720,000 square feet. To accomplish this, four new office buildings would be built. Capitol grounds would be extended north six blocks to 19th Street.

"Broad estimate" of the cost: \$87,000,000.

Another recommendation in the recently completed Capitol area master plan is to sell or abandon four older state-owned buildings dotted over Austin.

GAS TEST CASE SET
Whether the state should refund some \$4,000,000 in natural gas taxes will be considered by the Third Court of Civil Appeals on Feb. 6.

District court ruled for the gas company in the test case. An issue is whether some 30 companies who paid taxes, without protest, can get their money back. Companies which paid under the law was declared unconstitutional.

ALCOHOLICS INCREASE
A sharp rise in alcoholism among Texans during 1956 is indicated.

Twice as many patients have

been admitted to alcoholic wards this year as last, reports the State Hospital Board.

Total number of alcoholics in the state is estimated at 155,100. This is almost twice the 1940 estimate of 83,304, represents about 3 per cent of total population.

FARM INCOME UP
Texas cash farm income for 1956 is running slightly higher than 1955, despite the drought.

But, according to the University of Texas Bureau of Business Research, the figures reflect desperation, not prosperity.

High income, it is explained, comes from sale of production materials, such as breeding stock. Specialists compare it to the situation of a factory which keeps income up by selling its machinery.

SIMMONS POWELL, Consignee

Senator Price Daniel Urges Approval Of Amendment No. 7

LIBERTY—Senator Price Daniel, Democratic nominee for Governor, today urged Texans to approve Constitutional Amendment No. 7 "as a step toward enlightened improvement of our treatment of the mentally ill."

Amendment 7, which will be Kenneth Bownds Auto Service

Complete Service on— OLDS - CADILLACS Specializing on all makes of Automatic Transmissions Power Brakes & Steering 215 S. 7th Box 188 Memphis, Texas

on the Nov. 6 General Election ballot, would require competent medical or psychiatric testimony for the commitment of the mentally ill to State hospitals. It would also allow a jury trial to be waived with the consent of the person under inquiry, his nearest relative or the attorney appointed by the court to represent him. Under the provisions of the amendment the right of trial by jury would still be available if desired.

Daniel said that adoption of the amendment is a necessary step in the modernization of the Texas mental health program. He pointed out that Texas is the only state which still requires lunacy trials, "which are a holdover from the days when the mentally ill were considered criminals and not sick people."

He added: "This provision in our Constitution was at first designed to protect civil rights. But at the present time it actually destroys those rights in many

cases. Our mental hospitals are full of patients whose only trouble is old age, because juries cannot always distinguish between senility and mental illness. Thousands of mentally retarded adults and children have also been committed indefinitely to mental hospitals which are not equipped to train and educate them.

"Under Amendment 7, jury trial can still be held if the mentally ill person, his relative or his attorney thinks it is preferable. However, a person could not be committed without the expert testimony of doctors.

"Texas must have better commitment laws if it is to have a better mental health program. Improvement of these laws will save tax dollars in addition to helping us meet the growing problems of mental illness, which will strike one out of every twelve Texans sometime during his lifetime."

Rain Aids Prospects For Fall Hunt

AUSTIN—The outlook for fall hunting has improved in Texas but some of the driest areas have not had substantial moisture, according to the Executive Secretary of the Game and Fish Commission.

He said conditions still "are far from normal" and that unless heavy rains come to strategic areas, such as the upper Gulf Coast, the fall harvest will be hard hit.

"The principal deer range in the Hill Country has been getting enough showers to stimulate badly needed green stuff for the whitetails' diet," explained the Executive Secretary.

"In fact, our field reports indicate that deer already are show-

ing the benefits, which give hopes that much of the venison will be prime when the open season under the General State Law opens November 16."

"The waterfowl picture likewise has improved", he added. "But we must remember that drought-imposed conditions were so unfavorable that the only change possible would be for the better."

Rains, reaching heavy proportions in places, have restored water tanks and some lakes to attract migrating waterfowl, said

the Executive Secretary, but major critical areas still are as dry as ever. He said he referred particularly to the Upper Coast, once the favorite spot of countless thousands of ducks and geese.

"Our waterfowl man, Violigist Robert Singleton, just reported that an aerial survey is mainly negative," he said. "The duck count is just a fraction of what it should be. Some of the Houston area has just been added to the drought disaster relief program for the first time. As an example of the aridity and the conse-

nial rendezvous for canvassbacks and other ducks, is just a small mud hole." He said he referred particularly to the Upper Coast, once the favorite spot of countless thousands of ducks and geese.

HUNT DEATHS SNUB SAFETY

AUSTIN—Instead of reciting the time-worn safety measures, the Executive Secretary of the Game and Fish Commission cited the cold causes of the twelve Texas hunting deaths to date this year.

Of the fatalities unofficially reported, two were removing a loaded gun from their car, two were climbing through fences, two stepped into line of fire of a companion's gun. One was mistaken for a squirrel. One was shot while clubbing an opossum, one when a gun leaning against a fence post fell and was discharged, one when a companion lost his balance while riding a tractor on a hunting trip, one when a gun was discharged in a moving car, and one when a companion was removing a loaded gun from a car.

Teenagers were either the victims or were involved in nine of the tragedies. Wounds of five victims were self-inflicted.

Texas last year had the unhappy distinction of leading the nation with its thirty-five hunting deaths unofficially reported.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

The Soil Bank Program has been the subject that most of the farmers have had on their minds recently. The acreage reserve phase of the program is all that has been considered to any extent to date, but another part, the Conservation Reserve phase, has a place on a number of farms in the Donley County Soil Conservation District. Some of the farms have land that rightly should be

returned to grass. Deep sandy land on steep to very steep slopes and shallow mixed land on steep slopes are not suitable for cultivation. These and other soils that are low in plant food and are highly erodible by wind and water are causing damage to good land. This program presents a wonderful opportunity for land not suitable for cultivation to be returned to native pasture grasses.

The Soil Conservation Service has soils maps on most of the land in the Donley County Soil Conservation District and will be glad to make available to any farmer the soils information on his farm.

NEW TO LOCAL SCENE—Here is an architect's drawing of an Army Reserve Training Center, one of six types planned for construction by the U.S. Army Reserve. Present plans call for about 1700 Army Reserve Training Centers by 1960, with capacities running from about 100 men to more than 1000 men.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

The first gift on the list this week is "How To Believe" by Ralph W. Sockman. This gift was made possible to us by a contribution from Alfred P. Sloan, Jr. It is published by Doubleday & Co. and sent direct to the Library from the publisher. We have been given so many books in this way. They are usually excellent.

It has been several weeks since we ordered "John Philip Sousa" to be given as a memorial to Mr. Bugbee by a friend of his. This biography was received this week. It is an interesting edition by Ann M. Lingg, and has had its third printing. The author received her Ph.D. in musicology from the University of Vienna. She has written quite a few biographies of musicians. You remember that Mr. Bugbee was once a member of Mr. Sousa's Band.

We seldom have tourists visit our Library during school season, but this week two little girls who were traveling with their grandparents from Florida to Denver, staid all afternoon reading. Their

grandfather brought them in and stated books were good company and that our Library was quite good for a town of this size.

We have had some small donations that will enable us to pay our current bills, but not to purchase any new books for the boys. Several new memberships are for 3 mo. period. We are always eager for patrons.

WTSC Homecoming Set For Nov. 17th

CANYON—The day of the old grad—Homecoming—has been set at West Texas State College. The annual celebration for ex-students, highlighted by a reunion of the silver anniversary class of 1931, will be held Nov. 17.

Scheduled later in the year than usual, the celebration will feature day-time events, centered around the afternoon football game between WT's Buffaloes and the Texas Western Miners.

Bulging attendance at WT's Homecoming during the past few years, has also forced other changes, particularly in plans for the traditional barbecue. Since nearly 6,000 persons dined last year on the outdoor cooked beeves, financing of the feast

by contributions has had to be abandoned. A uniform price of 50 cents a plate will be charged this year.

Main calendar of events for the day includes registration at 8 a. m.; the Homecoming parade at 10:30 a. m.; the barbecue at noon; the game at 2 p. m.; club teas, smokers and parties at 4:30 p. m., and the traditional dance at 8 p. m.

Affairs for the Class of '31 begin Friday, Nov. 16, with a reception at the home of Dr. and Mrs. R. P. Jarrett in Canyon. Registration, a coffee hour and reunion events are slated Saturday morning at 8 in Randall Hall ballroom.

In charge of the reunion are two Portales, N. M., men, M. G. Hunt, vice-president of the Class of '31, and Eurith Compton,

secretary.

THE EYES HAVE IT

The use of our eyes is one of the most economical processes known to man. While the eyes control 80 per cent of all our actions and are responsible for 83 per cent of all we learn, the act of seeing consumes only 25 per cent of the energy generated by our bodies.

TEXANS
Remember the Tidelands

Here's What President Eisenhower

DID in 1953:

He signed the bill as he promised in 1952 to restore the tidelands to Texas.

Here's What Adlai Stevenson

SAID in 1952:

That he would veto the Tidelands Bill.

Here's What Adlai

SAID September 18, 1956:

"I would think the matter is closed." (Does any Texas voter consider that a positive statement?)

Here's What Estes Kefauver

SAID September 22, 1956:

"Among the Administration actions listed by Kefauver as against the 'little people' was support of legislation which gave the oil tidelands to the states. He charged that Mr. Eisenhower was 'paying off a campaign debt' when he came out in support of state ownership of tidelands."—HOUSTON POST. (Does any Texas voter believe Kefauver considers the matter closed?)

Could The "Little People" Be The

1,852,984 School Children of Texas

Who have benefitted by \$1.5 million in interest added to the Available School Fund from the \$50,297,516 collected on oil leases of the Tidelands since President Eisenhower signed the Tidelands Bill May 22, 1953?

Let's keep **IKE**
AND THE TIDELANDS, TOO!

"BLINKERS" READ FASTER
Are you a "bliner?" If you are, chances are you're a better than average reader. According to statistics from the Murine Company of Chicago, good readers blink more often than poor ones. It is generally believed that the blinks make it possible to ignore non-essential objects, such as punctuation marks and other gaps in the text. Normal persons seem to blink at about the rate of 25 times a minute.

Nine-pins are also known as skittles.

NATURE'S CAMERA
GREATEST
While most of us are vaguely aware of the fact that our eyes are pretty remarkable instruments, we sometimes lose sight of just how wonderful—and valuable—they are. If man wanted to duplicate the eyes' adaptability, it would take a camera with 40 different kinds of film capable of being interchanged at split second intervals!

Theodore Roosevelt became president because of McKinley's death.

Tex Says He's No Expert But He Believes Ike Is

The other night a bunch of us were sitting around in the drug store after the football game, drinking coffee and talking. You know how it is after a game in a small town, especially after the home team loses. Nearly every man in the crowd had a theory as to why we didn't win the game. Most of them, of course, blamed the coach. I couldn't help remembering that before we consolidated the county schools we didn't even have enough boys to make up a football team. And these same football experts who were saying what Rockne or Bud Wilkinson would have done, up until a few years ago they didn't know a football from a watermelon.

But that's the way it is in a small town (and in big ones, too, I understand). I guess there's no real harm done, although sometimes it's pretty rough on the coach.

I guess we have a right, in this free country, to be self-appointed experts in any line we want to pick out. It seems to me that most people choose either football or politics.

Take this presidential election coming up next Tuesday. During the last few weeks I have heard so many stories and theories from so many different political experts that I nearly get confused sometimes. I have to stop and think that the fellow who is talking probably doesn't know any more about it than I do, and that helps me keep straightened out.

In fact, I guess I have had my mind made up all along. To make no bones about it, I like Ike. He's a man you can always look up to and respect—the kind of

man you'd be proud to point out to any person, from any country on the face of the globe, and say: "That's our President!"

About Adlai, now, I'm not so sure. Of course, if he was elected, he would be my President, too, and I would hope he'd do a lot better than most people around here seem to think he would. This is something I don't think we need to worry about, because from all I can hear and read, Ike is going to win it again.

It seems to me that if Adlai ever had a chance around here, he threw it away when he came out with that H-bomb business. Now, the folks in our town don't know much about H-bombs, except that they don't want any personal dealings with them. Our scientific knowledge of H-bombs is about on a par with our football knowledge, I reckon. But we do know one thing: We don't want some misguided, inexperienced fellow fooling around with our national defense. When it comes to trusting what Bulganin says or what Eisenhower says, I'll take Ike. So will the rest of the country, if I don't miss my guess.

Just before we broke up the other night Doc Brown came into the drug store, and somebody asked him: "Hey, Doc, how's Ike doin'?" (Doc's a big Eisenhower man.) Doc said: "Well, it's a busy campaign for the medical profession. Last week Ike went and got his heart examined; and I understand that this week Adlai is going to get his head examined."

Yours truly,
Tex

Higher Fee Held Vital For Texans

AUSTIN—The Game and Fish Commission decided today that, if Texas is to maintain its present wildlife restoration pace, increased revenue is urgently needed.

The Commissioners laid the ground work to petition the next Legislature to provide financial relief preferably through universal hunting and fishing fees. This approach was based on a recent survey revealing that less than half of the fishermen take out a fishing license and just slightly more than half of the hunters are licensed.

"We simply cannot continue to operate such a broad scale program for the benefits of everyone unless more folks share in the overhead," emphasized Commissioner J. W. Elliott of Mexia. "These days, all our hunting and fishing resources have to be maintained by our state agency. The old wide open frontier days have given way to modern land utilization. And it takes big money to provide the outdoor facilities that Texas sportsmen expect."

The Commissioner stressed that the present hunting license fee of \$2.15 has not been changed since it originally was fixed in 1919. "Everybody knows how values and prices have multiplied many times," he said. "Certainly the overhead for hunting and fishing projects has been affected like everything else."

The Commission cleared the way for possible designation of a part of sprawling Buffalo Lake in Randall County, for waterfowl hunting. The area, now a game refuge, is controlled by Federal agencies.

Rancher Jack Langston, living near Mt. Pleasant in Titus County, was authorized to reduce the surplus of bulls in his small elk herd. This action was possible since Titus County got Legislative permission for Commission control of its hunting and fishing.

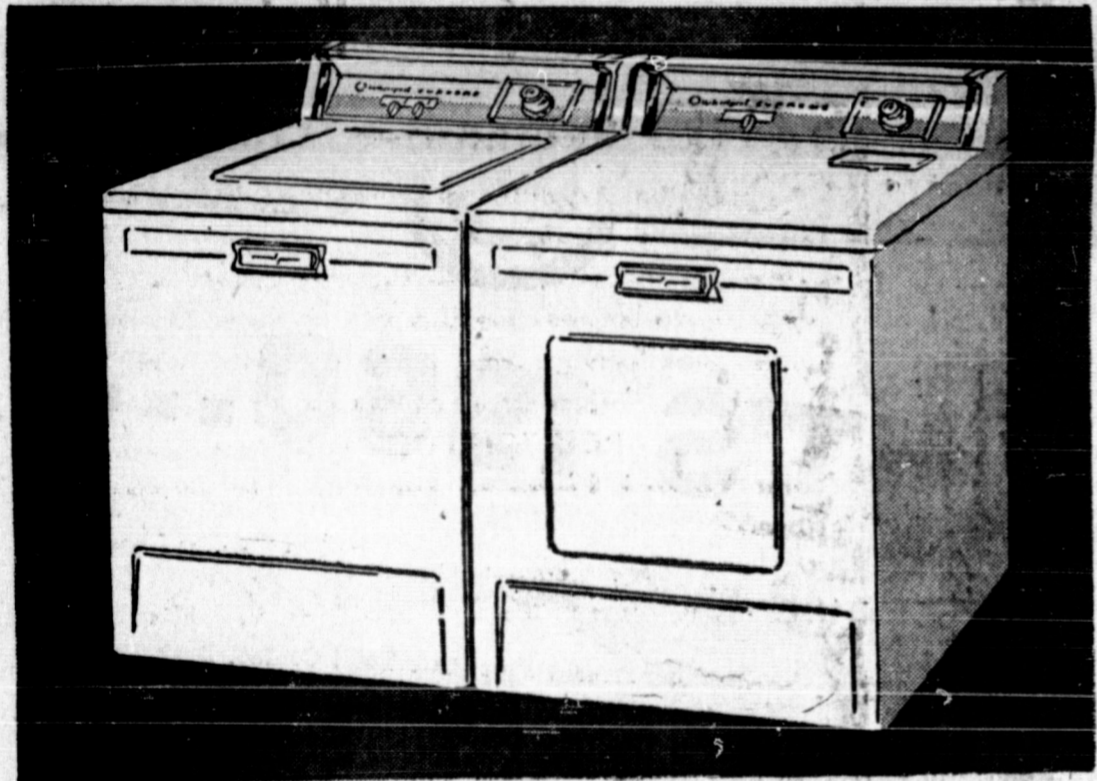

The Commission exercised similar power to provide a special fifteen-day antlerless deer season for the Hayden Ranch in Bosque County, of the Possum Kingdom group, in an effort to harvest three hundred surplus whitetails. Wildlife biologists reported an acute overpopulation and also suggested taking seventy-five bucks during the regular thirty-day season from November 16 through December 15. The antlerless season will immediately follow the buck season, with each hunter permitted two deer. Hayden Head, of Corpus Christi, personally requested the special shoot.

The turkey season in Lavaca County of South Texas was closed by request of land owners to protect brood stock.

Some property owners affected by erosion of the original Roll-over Pass through Bolivar Peninsula, connecting the Gulf with East Galveston Bay, suggested a west side bulkhead similar to the east side installation. Joint studies already are being made to determine how to handle the problem. The Commission will work with the Highway Department and Galveston County to police the jam of fishermen at the Pass. The Commission decided to

broaden the facilities for circulating its official publication, TEXAS GAME AND FISH Magazine, by permitting groups such as Boy Scouts to share in fees and by creating other inducements. Legislative authority will be needed for some of the proposed subscription gimmicks.

Negotiations were authorized looking ahead toward possible acquisition of a Hidalgo County brush-tract for whitewing dove nesting. Probable harvest of surplus quail on the Gene Howe wildlife restoration area in the Panhandle was indicated and a delegation from Corpus Christi was assured that Federal authorities would be contacted about financing a survey and cost estimates on a proposed fish channel connecting the upper Laguna Madre with Corpus Christi Bay.

Whirlpool

no-lint washer and 5-temp dryer

Now in pink or yellow, green or white! Smartest laundry mates you ever saw—and oh, so easy to work with. Matter of fact, you don't really do your laundry, you just kind of pilot it through. Boy Scouts to Visit 35 Million Homes

Just before Election Day, November 6, the nation's 4,175,134 Cub Scouts, Boy Scouts, Explorers, and their leaders will place on the doorknobs of 35,000,000 homes Liberty Bell hangers, shown above, urging every citizen to vote. The Scouts' "Get-Out-the-Vote" campaign is being conducted in cooperation with the Freedoms Foundation of Valley Forge. It is entirely non-partisan, without reference to any candidate or party.

Old Age Pensioners Urged To Read Records of Candidates

AUSTIN — A warning was issued this week to Texas citizens drawing old age pensions to be sure to study the records of the two Presidential candidates before they vote.

W. R. "Bob" Smith, state chairman of the Texas Democrats for Eisenhower, said a study of the record of Adlai Stevenson show-

ed that he had "disgracefully mistreated the old folks when he was Governor of Illinois in three different ways."

The Illinois Legislature passed legislation that would have increased pensions and aid for dependent children and needy blind, Smith pointed out.

"Stevenson vetoed the legislation," he said.

"Not only that, but as soon as the Illinois Legislature adjourned, his State Welfare Commission cut the grants for old age assistance, needy blind and dependent

children ten per cent. "Thus, Stevenson hit the old folks a double blow: he not only knocked out a 10 per cent increase, but he cut off 10 per cent of what they were already getting. "But, wait, he wasn't through punishing the old folks. "A senate bill came to his desk for action. This was called in Illinois the 'shame' list law, requiring welfare investigators to publish once a month the names of all the old folks who were drawing old age pensions.

"A veto of this bill would have saved the old folks from unnecessary embarrassment and humiliation—but Stevenson back-handed the old folks again. He signed the so-called Shame List Law and put it into effect." Smith said a man's future action usually could be judged by what he had done in the past, and asked: "Is it not reasonable to expect that if Stevenson gets to be President he will do the same thing to

the old folks that he did to the old folks in Illinois?" On President Eisenhower's respect for the old folks, Smith pointed out that Ike had already raised the federal part of old age pensions one time and was ready to do it again. "Thus Eisenhower has a record of raising pensions, and Stevenson has a record of cutting pensions," Smith concluded.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

THE AUTOMOBILE

Few people realized at the turn of the century what was in store for the American people in the way of transportation. The advent of the automobile meant little to the skeptics who were set in their ways and refused to even consider the possibility of a self-propelled buggy replacing, or even so much as seriously threatening, the horse and wagon. However, the short span of approximately fifty years has provided results in the automotive field far beyond the fondest

dreams of the motor vehicle's most ardent advocates. The history of this great industry would be too lengthy and complex to undertake in the short space of this newsletter. Therefore, we must deal in what is happening today in this great business. It is anticipated that this country will soon have over sixty million cars on its highways. This means a car for every two and one-half persons in the United States. If this many cars averaged out price-wise at \$1,000.00 each, it would mean that American people would have invested in motor vehicles alone over 60 billions of dollars, or about one-fifth of the amount of the national debt which has now climbed to where it is approaching 280 billions of dollars. This means that Americans are travelers and that this

1957 Dodge Lancer Hardtop Five Inches Lower

THE 1957 SWEPT-WING DODGE, lower and longer, has the most exclusive styling and engineering improvements in history. Height of the two-door Lancer hardtop models like the Custom Royal Lancer shown above, has been reduced by five full inches so that the new Dodge stands barely four and a half feet high. Rear fenders sweep upward and backward to keynote the car's swept-wing styling, accenting a sport car appearance that is also a mark of the jet aircraft age.

country is on wheels. It also means that fuel necessary to propel these wheels must be obtained from some source. There are many other incidental and related businesses, but the leaders in the business field are the manufacturers and the furnishers of fuel. This is pointed up by a compilation of statistics that appeared in the March 31, 1956

issue of Business Week, a highly respected national publication. These statistics listed the 25 largest money making corporations for 1955, but did not include financial and banking firms. The list was headed by an automobile manufacturer, to wit, General Motors, with a net profit of one billion, one hundred and 89 million, 4 hundred and 77 thousand

dollars. Next in line was a fuel producer, to wit, Standard Oil of New Jersey, with a profit of 717 millions of dollars. The Telephone Company was next with 664 million, followed by Ford Motor Company with 437 million. The DuPont Company was just below Ford, showing a net of 431½ million. An interesting item is the fact that 31 percent of the

DuPont earnings came from dividends on General Motors stock holdings, according to this report. Also pointed out is the fact that GH's earnings exceeded the combined total of the last 14 companies on the list.

More than half of the corporations listed are directly concerned with motor vehicles and their operation. Chrysler Corporation was not in the top half but was just below. It was listed as No. 18 and showed a net of \$100 million.

The list included the Big three in automobiles, GM, Ford and Chrysler. Nine oil companies, 3 steel companies, 1 aluminum company, 1 electric, 1 telephone, 1 copper, 1 nickel, 1 paper, 1 kodak, 1 mail order, 1 carbon company and the DuPont Company which could probably take a general classification of chemical.

Of the 25 companies listed 24 showed a marked gain over 1954 profits. The only company not showing an increase was Shell Oil. This was due to the fact that the 1955 net profits did not include non-recurring profits. Six of the companies showed gains of more than 50 per cent. Chrysler led in this division, showing a gain of 440.4 per cent. GM was also the No. 1 money maker in 1954 with earnings of some 800

million. It showed an increase of 47.6 per cent for 1955.

The total earnings of the 25 companies exceed 6½ billions of dollars.

There is a dark side to the picture however, that will get darker as more vehicles move on the highways. The death toll is now approaching 40,000 each year, the maimed and injured are numbered close to a million. Property loss and damage run into the millions.

America must stay on wheels, but it cannot continue to pay this tragic price. Much progress is being made in research and development of better cars, better highways and better traffic rules and regulations, but the number one key to a measurable reduction in the casualty rate is the driver of each motor vehicle. Application of the Golden Rule would do wonders.

If you are nearsighted, you are myopic.

A low-slung beauty with Flight-Sweep style: Swept-Wing '57 Dodge Custom Royal Lancer 2-Door.

It unleashes a hurricane of power
It breaks through the vibration barrier
It is swept-wing mastery of motion

SWEPT-WING '57 Dodge

How do you describe a car so daring in concept, so revolutionary in features and advances, so rewarding in beauty and performance? How do you explain its newness when everything about it is new? On display today is just such a car—the Swept-Wing '57 Dodge that steps you into the wonderful world of Autodynamics. What is this wonderful world of Autodynamics? It is a world where everything is new from road to roof to achieve absolute mastery of motion.

Here's what it does in the Swept-Wing Dodge:

- It unleashes a hurricane of power from a thundering new aircraft-type Super Red Ram V-8 engine that's a spitfire in action!
- It tames a tornado of torque with a new TorqueFlite Push-Button Drive for the greatest get-away on the road!

- It breaks through the vibration barrier with a revolutionary new rubber-mounted suspension system—Dodge Torsion-Aire—that features race car torsion-bars. You ride in a "Realm of Silence," isolated from vibration, noise and road shock.
- It is swept-wing mastery of motion in a sleek, low-slung beauty barely 4½ feet high that has no equal in the way it corners, handles and rides.

You have never seen, felt or owned any car that compared with this new Swept-Wing Dodge. See and drive it today . . . now at your Dodge dealer's!

From where I sit... by Joe Marsh

Fastest "News Service" in Town!

Had a frantic wire from Washington yesterday—saying that the local Congressman was making a surprise visit and a short speech. Could I get the word around fast?

No time for a special edition of the *Clarion*, so I turned to the fastest "news service" in town... Windy Taylor. He spent an hour mobilizing his Lodge and Court House cronies—all pretty fair talkers—and the rest is history. Biggest turnout ever.

As a newspaperman, I hate to admit it—but facts are facts. The Windys of this world aren't only quicker news spreaders

than our paper . . . they've even got better circulation.

From where I sit, some of us would rather talk than eat, while others are close-mouthed . . . just as some of us like coffee and others prefer a glass of beer. There's a lot to be said for both attitudes. But if you go in for gab—don't talk against someone just because you don't happen to agree with him on some question of personal choice. Use your own "good censorship."

DONLEY COUNTY CONSUMER FROZEN FOOD LOCKER

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN — Eight decisions on state policy soon will be squarely up to the voters. In addition to party candidates, eight proposed amendments to the state constitution will appear on the general election ballot.

Through a procedural slip-up, a ninth will be considered at a special election on Nov. 13.

Each amendment will be printed on the ballot twice—once preceded by FOR and once by AGAINST. Voters must mark out the statement they oppose and leave the other clear.

List of the amendments and arguments pro and con:

1. Authorizes the legislature to compensate persons fined or im-

prisoned for crimes they did not commit. PRO: Would make amends for hardships unjustly imposed on the innocent. CON: Might open the door to numerous fraudulent claims.

2. Allows county commissioners courts to vary allocations of tax money without special elections. PRO: Greater flexibility would make for greater efficiency in county financial management. CON: Commissioners courts would have too much authority.

3. Adds other colleges to the building program financed by the University of Texas Permanent Fund and authorizes investment of the fund in corporate stocks and bonds as well as government bonds. PRO: Would provide an increase in college building

MUD PIES—Rolling them out is Private John C. Stinson of Ogden, Utah. The dirt is used in tests at the Army Engineer Soils Laboratory, Fort Leonard Wood, Mo., to determine its compactability. Such tests tell which soil meets Army standards for use as base for roads, airplane runways, highways, or dirt-fill dams.

money without new taxes. CON: Risk involved in wider investments is not worth the possible return.

4. Increases the benefits of the teacher retirement system. PRO: Would attract more persons to the dwindling profession. CON: Would increase taxpayer obligations by \$4,500,000, take a larger nick out of teachers' salaries.

5. Authorizes another \$100,000,000 bond issue for veterans land buying. PRO: Program has been put in order, and additional money is needed to enable more veterans to participate. CON: Program does not merit public confidence; only about one percent of Texas veterans have benefited.

6. Provides a different oath of office form for elective and appointive officials. PRO: Would clarify present inconsistencies. CON: Clutters constitution with minor details.

7. Requires competent medical or psychiatric testimony before commitment of a person to a mental institution and allows waiver of jury trial, except in criminal cases. PRO: A mentally ill person should not be "convicted" as a criminal. CON: Jury trial is a safeguard against "railroading" of persons into mental institutions.

8. Permits judge to deny bail to persons convicted of two previous felonies. PRO: Would curb habitual criminals. CON: Right of bail is one of our fundamental civil rights.

9. Authorizes the Legislature to give aid with federal assistance to citizens permanently and totally disabled by a mental or physical handicap. PRO: State has a moral obligation to these needy persons. CON: Tie-in with federal program would lead to more federal encroachment.

BALLOT SCRATCHING
While candidates and campaign camps are busy "scratching" for votes, voters are busy learning how to "cratch" ballots.

Ballot scratching is legal. You don't have to vote the straight Democratic ticket, or the straight Republican ticket.

All you have to do to scratch a ballot is to cross out or draw a line through the name of the candidate you do not want to vote for, and leave unmarked the

names of the candidates for whom you do want to vote. Just be sure you vote for only one candidate for each office. It's as simple as that.

Machine voting is even simpler. All you do is pull the lever by the name of the candidate you want to vote for, in whatever columns you choose. The machines are so designed that you can vote only

for one candidate for any office. If you want to vote for a candidate whose name does not appear on the printed ballot, you can write his name in—in the write-in column which is provided for that purpose. Such a column appears both on the paper ballots and the machine ballots. On the paper ballots you should scratch out the names of all other candi-

dates for that same office.

Election laws say that your write-in ballot will be counted even though your spelling may not be exactly correct—and even the last name of the candidate is sufficient.

Maximum brain weight of a man is attained at about the age of 20.

FARMERS LOOK AT THE RECORD

The DEMOCRATS had 20 YEARS to solve the farm problem. WE STILL HAVE A FARM PROBLEM.

What have the REPUBLICANS done in 4 SHORT YEARS?

Surpluses Have Been Reduced

1. Virtually all of the surplus COTTON SEED OIL stocks have been moved into use. The accumulation reached 1,186,000,000 pounds in 1954. ALL GOVERNMENT OWNED PROTEIN MEALS HAVE BEEN SOLD.
2. During the first three years of the Eisenhower Administration, 54,000,000 BAGS OF RICE WERE TAKEN OVER by the government UNDER THE HOLD-OVER DEMOCRAT FARM PROGRAM in effect until the 1955 crop. Today, ALL GOVERNMENT OWNED STOCKS OF RICE ARE SOLD OR COMMITTED and await delivery.

Foreign Markets Are Being Expanded

1. During the year ended June 30, 1955, shipments of farm products for foreign countries were 7% HIGHER than in 1953-54 and 11% HIGHER than in 1952-53.
2. For the first ten months of the last fiscal year FARM EXPORTS WERE UP ANOTHER 9% over the similar period a year earlier.
3. U. S. rice exports for the period August 1955-March 1956 has increased over the same period for 1954-55 by 1,651,000 bags in total world exports.

Agricultural Research Increased

1. Agricultural Research budget INCREASED \$1,984,000 in the four years prior to 1953, UNDER DEMOCRATS.
2. Research to aid farmers INCREASED \$45,795,000 in the past four years UNDER REPUBLICANS.

KEFAUVER, WACO, OCTOBER 1

... "President Eisenhower is too busy trying to win the election with sunshine and smiles to do anything for the farmer."

U. S. DEPT. OF AGRICULTURE, OCTOBER 1

... Announced \$3½ Million has been paid to farmers under the Soil Bank Plan and estimates \$260 Million to be paid farmers this year.

WHICH DO YOU WANT?

- ... Democrats' BIG TALK?
- ... Or Ike's Action?

LET'S KEEP IKE And Action For The Farmer, Too

VOTE FOR IKE NOVEMBER 6 -- HE'S FOR YOU

GET MORE EGGS ALL YEAR WITH LESS FEED

BY FEEDING FORTIFIED **CHIC-O-LINE LAYING MASH**

Home-grown grains save money for the poultry raiser. But grain alone is not enough. Feed Chic-O-Line LAYING MASH with a small amount of your own grain for top egg production the year 'round. Fortified with more-than-enough vitamins, minerals and antibiotics Chic-O-Line LAYING MASH keeps your hens at top production. So start now to get MORE EGGS ALL YEAR with Chic-O-Line LAYING MASH.

MICRATIZED* VITAMINS A AND D

You're sure of quality and quantity of vitamins A and D with Chic-O-Line. Micritized to be at full potency at time of feeding, they help hens convert all of their feed into more eggs and more meat from a healthier flock.
