A Common Paper for Common People

Local Chapter Receives Top Rating At National F.F.A. Convention

The Clarendon FFA Chapter received the top rating given by the National F.F.A. Convention in its session at Kansas City last week. A gold medal rating, the highest honor possible for the national association to bestow upon a local chapter, was given the local organization. Clarendon was one of seven Texas Chapters to receive this high rating. Silverton was the only other chapter in 38 county area comprising Area I to receive this honor.

The rating is based upon the overall program of the local F.F.A. organization and takes into consideration the project program, leadership work, conduct of meetings, recreation, community service, and participation in school and community activities. The local group received the highest rating in the area last spring and one of the three highest ratings in the state.

A large plaque was presented the local chapter. The plaque is the permanent property of the local group and will be placed in the trophy case at the local high school. This is the second time the Clarendon F.F.A. has been honored with its selection as one of the top chapters in the national organization. In 1941 Clarendon was one of four chapters among the 8,000 making up the organization to receive the gold medal rating. At that time, J. R. Gillham, local chapter adviser, became the first vocational agriculture teacher in Texas to receive the honorary American farmer degree, and only a small number of these degrees have been presented to the present time.

Sheriff Warns Against Putting Out Poison

Sheriff Truett Behrens reported receiving numerous complaints this week in regard to dogs being poisoned here in Clarendon the past week. The dogs that were poisoned were in a neighborhood where there are numerous children and creates a very dangerous situation. He stated that some people were putting out poison for Skunks and if such is the case, much care in preparation and placement should be followed. If you plan to put out poison, inquire around a bit and learn the proper way to poison for the Skunks alone. This will eliminate the danger to children and dogs also.

We have been told that a very simple mixture can be used to kill Skunks without any danger to any other type of animal; we pass it along and you may try it if you wish. Mix just enough flour with regular baking soda so a small ball can be formed. Place these balls in areas where skunks are suspected. They say the soda forms a gas that kills the skunk. If you try it and its successful, give us a report at the Leader office.

Legion Sponsoring Halloween Dance October 31st

The local Legion Post is sponsoring a Halloween Masquerade Ball the night of Wednesday, October 31st at the local Legion Hall. The Weldon Bright Trio will furnish the music which has been thoroughly enjoyed by dancers here on previous occasions.

Post Commander Maurice Hart, reported that the Legion would furnish hats, masks and noise makers at the door to add to the enjoyment. Advance tickets are on sale at the present time at a price of \$1.25 per person; admittance at the door will be \$1.50 per person. You may purchase your tickets from Hart or most any of the Legion members. The dance will start at 9 p. m. and the Legion is extending an invitation to all dancers to come out and join the fun Halloween night.

VAUGHAN ATTENDS STATE SCHOOL MEET

Mr. and Mrs. K. D. Vaughan returned home Tuesday night from San Antonio where Mr. Vaughan attended the Texas State Association meeting of Secondary School Principals Monday and Tuesday. They were accompanied on the trip by Mr. and Mrs. Johnny Cardinal of Canadian. Mr. Cardinal is principal of schools there.

Mr. Vaughan reported the meetings very informative, especially the sectional meetings Tuesday at which time the Principals were divided in groups of the same school size. He brought home numerous ideas which he believes will be very beneficial, once put into practice in the local schools.

Two of the main points brought out in the general meetings was the interest in Amendment No. 4 which will be voted on November 6th in the general election, and also a discussion of requirements for high school graduation.

Agreement Reached On Greenbelt Water Authority

The formation of a Greenbelt Municipal and Industrial Water Authority came a step closer to reality Tuesday night when seven cities interested in the project agreed upon a statute which would form the backbone of the authority.

Representatives of cities interested in the project included the mayors and city councilmen of Childress, Paducah, Quanah, Clarendon, Memphis, Hedley and Wellington. They agreed to proposed legislation which would have an "escape clause". Representing Clarendon at the meeting were Mayor H. T. Burton, Oscar Thomas and W. M. Pickering, City Commissioners, and Rayburn Smith.

About two years ago the group met to organize an authority, but at that time proposed statutes would not allow sister cities to withdraw from the authority once they had joined. At this meeting however, the representatives agreed to a bill which would allow a member city to withdraw from the authority if a majority of tax payers in the cities decided not to enter into water contracts offered by the authority.

The proposed bill which will be introduced into the next meeting of the state legislature reads as follows: "If the proposition for the issuance of bonds of the district, payable wholly or partially from taxes, shall fail to receive a majority vote in any city constituting a part of the district, or if a proposition for authorizing any city contained in the district to enter into a water supply contract with the district shall fail to receive a majority vote, such city shall thereby be automatically excluded from the district."

Once the bill is approved by the state legislature, then the interested cities will hold elections to determine whether they will join the Authority.

R. M. Dixon, chairman of the State Water Board, told the group that a dam at the proposed location near Hedley would impound the largest body of "free" water left in West Texas and that it is important that the group take action as soon as possible.

CUB SCOUT NOTICE

Cub Scouts, Pack No. 37 of Clarendon will go to the district Camporee at Samnorwood. Those going will meet Saturday, October 27th at the Methodist Church at 4:00 P. M. Uniforms will not be worn.

The first monthly Pack meeting for Cub Scouts and their parents will be held at the Youth Center, Monday, October 29th at 7:30 P. M. All parents and Cubs are urged to attend.

SERVICES ANNOUNCED FOR MISSIONARY BAPTIST CHURCH

Church services will be held this next week at the Missionary Baptist Church, the first being Wednesday evening, October 31, services continuing thru Friday night. Bro. John W. Reynolds of Tyler, Texas will preach.

The public is extended a cordial invitation to attend. Meeting time will be 10:30 a. m. for Thursday and Friday morning services, and 7:30 p. m. for evening services.

Estes & Braddock Lease Welding Firm

Announcement is being made in this issue of the Leader the leasing of the Clarendon Welding and Blacksmith Shop equipment by T. J. (Buster) Campbell to Bailey Estes and Barney Braddock, who also purchased the stock. Mr. Campbell plans to devote his entire time to his trucking business and will continue to make his family home in Clarendon.

Both Estes and Braddock have been with the business here several years and need very little introduction. Both men have followed this line of business for a number of years.

AREA RECEIVES SAMPLE MOISTURE

The rain flurry that gave a large portion of West Texas a pretty fair soaking last week, dropped only .40 of an inch here in town with varying amounts over the county with no large amounts reported. The rain fell slow which was greatly appreciated by cotton farmers. Those desiring to get their wheat crop underway would have taken more without a grumble but the farmer who has cotton and feed in the field would like to see the moisture hold off a while.

REBEKAH'S ANNUAL MEXICAN DINNER NOVEMBER 3rd

The Rebekahs have set Saturday, November 3rd as the date for their annual Mexican Dinner and report that tickets are now available from any lodge member. Serving hours will be from 5 to 9 p. m. at the American Legion Hall.

Texas Employment Commission Working With Donley County Students

Clarendon High School was bristling with activity last Friday; an assembly, a pep rally and other preparations were being made for the Bronchos' first conference game of the year. But while all this was going on, Mr. Shelby Cook and Mr. E. G. Travis, representatives from the Amarillo office of the Texas Employment Commission, were engaged in interviews with thirty-nine Clarendon Seniors to find ways in which the Texas Employment Commission could be of help to Seniors who will eventually enter the labor market. This was the first of three major visits which the Texas Employment Commission will make to the county high schools in an effort to assist students in learning about their aptitudes for various types of work.

After interviewing Hedley and Lelia Lake Seniors on October 29, Mr. Cook and an assistant will return to Clarendon High School on November 13 with a battery of aptitude tests which will be used to determine the types of work for which each Senior is best suited and in which he is most likely to be successful.

The Texas Employment Commission representatives will return to each county high school soon after the tests have been given to selected Seniors from each school; the facts revealed by (See Texas Employment, Page 8)

Champion Poland China Barrow Of 1956 Texas State Fair

The champion Poland China Barrow of the 1956 Texas State Fair was fitted and exhibited by Bobby Longan. Shown in the picture is Clarendon F.F.A. Adviser, J. R. Gillham and Longan.

Clarendon FHA Chapter Tops Texas State Fair Livestock Show

Members of the Clarendon Future Farmer Chapter exhibited six of the 21 first place animals in the fat barrow division of the 1956 Texas State Fair. Hale County 4-H exhibited four, Plainview F.F.A. 3, and no other group in the state exhibited more than one first place winner. The local group placed 47 of the 61 head of barrows in money placings.

Bobby Longan exhibited the first place lightweight and champion Poland China. Clarendon exhibited 1st, 2nd, 3rd, 4th, 7th, 8th, and 9th lightweight Polands in the 26 placing animals. Carl Talley exhibited 1st heavy Poland; Jimmy Graham exhibited 1st heavy Chester White; James Mahaffey exhibited 1st light yorkshire, and the Wells and Longan exhibited two of the three first place hampshires.

Pat Roberson and Douglas Allee placed lambs in the prize winning group. Nine lambs were exhibited by local chapter members and seven placed in the show. The pigs and lambs were sold at the fair Saturday, October 20th.

Roberson, Allee, Bill Durham, Bobby Longan, Sammy Wells, James Mahaffey, Carl Talley, and Adviser J. R. Gillham spent the week in Dallas fitting and exhibiting the lambs and pigs. The local youths enjoyed the fair as it was the first trip for six of the seven chapter members.

John H. Lovelady To Address Pathfinder Club Oct. 26th

TEACHER RETIREMENT AMENDMENT WILL BE EXPLAINED

The Pathfinder Club is inviting all the clubs and the lay public to hear Mr. John H. Lovelady, assistant Director of Field Service Texas State Teachers Association, Austin, Texas. At that time he will explain the Teacher Retirement Amendment No. 4. It is a very important discussion and you as a citizen should hear him in order that you may more understand the problem at hand.

Come and bring someone with you. This is a very important meeting and will be held in the Clarendon College auditorium, Friday, October 26, beginning at 4:00 P. M.

F. H. A. HOBO DAY SATURDAY

The local FHA chapter has set Saturday, October 27th as their annual Hobo Day which means that these girls will be looking for almost any kind of odd job. If you have any type of work that you want done on that day, you may call Beth Lamberth at 287-M. The girls will appreciate your support.

Changes In Real Estate This Past Week

Two above average real estate transactions were reported here the past week with the sale of the Latson Apartment building at 3rd and Kearney and the Coronado Courts.

Mr. and Mrs. Lloyd Huff of Panhandle purchased the Coronado Courts from John and Marie Jones and have taken over operation of the business. Mr. Huff stated that they were almost straightened up from their moving ordeal and hoped to have time to get around and get acquainted with Clarendon folks within the near future. The Leader joins its readers in welcoming the Huff's as new residents of our little city.

The Latson Building was sold by Billy Salmon to Mrs. Helen Coffman of Hereford. Billy, who has operated the apartment building the past four years, acquired farming land near Buffalo Lake where he plans to make his home.

Services Held Monday For J. A. Tollett

Funeral services for J. A. Tollett were held Monday afternoon in the First Baptist Church, Hedley, Texas with Rev. J. S. Tipton officiating.

Mr. Tollett, 82, a prominent farmer and resident of this area for 40 years died Sunday. He was a former County Commissioner of Precinct No. 3, a position he held several years.

He is survived by his wife, Emma Jane; seven daughters, Mrs. W. B. Armstrong of Clarendon, Mrs. J. Hunt and Mrs. Eldon Darnell of Hedley, Mrs. Snow Barnes, Mrs. Ernest Taylor and Mrs. Jack Haeris, all of Amarillo, and Mrs. Jack Blanks of Lubbock; one son, Ernest Tollett of Borger; two sisters, Mrs. J. C. McAlister of Tishomingo, Oklahoma; three brothers, Melford and Luke Tollett of Locksburg and Frank Tollett of Fort Smith, Ark.; 18 grandchildren and five great-grandchildren.

Burial was in Rowe Cemetery, Hedley, Texas.

Absentee Voting To Date Is Light

Absentee voting in the November general election is light so far according to a report from P. C. Messer, County Clerk, who stated that only ten had voted locally and eight ballots were out in the mail. Considering the time of year, this is more of an indication that most voters plan to be at home as a presidential election usually draws a large vote. If you plan to be away, be sure to go by the County Clerks office and vote an Absentee Ballot.

Bronchos To Play Lefors Pirates At Lefors Friday Night

Services Held Thursday For Former Resident

Funeral services were held last Thursday afternoon in Forest Hill Methodist Church, Amarillo for Mrs. Willie Perdue, 56, wife of T. E. Perdue with Rev. Edmond Robb, pastor, officiating.

Mrs. Perdue, a former Donley County resident, died Tuesday of last week in the Groom hospital.

Surviving, besides her husband, are two sons, W. D. Perdue and Joe Perdue and a brother, William Pierce, all of Amarillo; a sister, Mrs. Ruth Banks of Bridgeport, and five grandchildren.

Burial was in Citizens Cemetery here.

Broncs Defeat McLean 27 to 6 In First Conference Go

The Bronchos hit their stride last Friday night by taking the McLean Tigers 27-6 in the first conference game on their current schedule. They controlled the ball the majority of time throughout the game and substitutes saw quite a bit of action.

The Bronchos scored their first tally on the fourth play after they got their hands on the ball, driving from the Tigers 47 with Behrens going over left tackle for 27 yards and pay dirt. Mills boot was good for the extra point. They scored again shortly before the end of the first quarter with Vallance plunging for the 6 points but the extra failed.

McLean's only tally came in the second period after recovering a Broncho fumble on their own 47 yard line and a McLean back going the distance of 53 yards for the 6 points.

The Bronchos came back in the third period to stretch their lead with Payne diving over from the 2 foot line and Mills booted the extra. Mills concluded the scoring spree in the fourth frame going over from the one yard line and again putting the pigskin through the uprights. This brought his extra point total to three out of four for the night.

The various Broncho scoring setups were brought about by numerous long gains by Philley, Behrens, Vallance and Mills. Naturally these good gains were made possible through the efforts of the Broncho linemen who were really on the job, and Broncho downfield blocking looked better than any previous time this year.

The Broncho line had only one fault (found by McLean fans) and that was playing in the McLean backfield so much of the time. Outside of a few plays, the Tigers were going backwards a good part of the time as the Broncho line was really charging through; some of those linemen were not regulars either. If we see this same brand of football this Friday night, the Bronchos should bring home another win.

Jr. High Colts To Play Canadian Here Tonight

Barring inclement weather again this week, the Jr. High Colts will tangle with the Canadian Kittens in Broncho Stadium tonight at 7 o'clock. This will be the first meeting of these two teams and is expected to be an exciting affair. "Both teams have about the same rating which should make it a good contest," stated Coach Jack Johnson.

The Colts game last Thursday night with McLean was called off due to the rainy weather.

Local fans are invited to come out and give the Colts your support. These young fellows can play a much harder game if they have a good cheering section in the stands.

The Bronchos will journey away from home again Friday night for their second conference game with the Lefors Pirates and which will also be their last game away from home during the regular season. Game time has been set for 7:30, so keep this in mind to allow plenty of time so you won't miss the kick-off.

The Lefors Pirates have had a hard luck season so far but you never can tell when a cellar team will jar loose and upset the dope bucket. As far as we recall, they have lost about half of their games so far this season and went down last week 34-7 to the Canadian Wildcats. The Pirates have played some strong opposition the same as the Bronchos which explains some of their losses.

Coach Jinks reports the Bronchos ready for another victory but states that the picture can change over night with as much sickness as is making the rounds. Even Jinks was a victim the first of this week, but he is taking every precaution with the boys in hopes the virus can be kept away from the squad.

Coach Jinks released his probable starting line-up as follows, beginning at left end: Baten, C. Mann or Hudson, Lefew or DeBord, Richerson, M. Mann or Jitter Graham, Pittman and D. Mills. Backfield positions: Behrens, full; Philley, lb; Vallance, rb; and John Payne, quarter.

Plan to make the trip with the Bronchos Friday night and give them all support possible to help them along the way to conference victory. For those who haven't made the trip to Lefors, you can turn north at Alarwood and miss considerable traffic and cut off a few miles.

Broncho Conference Pep Rally Tonight

The Student Council Pep Rally last Thursday night, despite inclement weather, was so successful that they have scheduled another rally tonight designed to be bigger and better measured by any yard stick.

The pep club, students, and fans over 100 strong parading in approximately 40 cars led by the big red fire truck, and escorted by the County Sheriff's force presented a rabble rousing, riotous demonstration for the football team, concluding the bonfire ceremonies with the cremation of a McLean tiger of special construction designed by Mrs. E. J. Walker, Co-sponsor of the pep club.

Tonight the Student Council is making a special appeal to all fans particularly the Business Connected people of Clarendon to join the motor parade at 7:00 o'clock beginning on the North side of the Donley Hotel and heading West one block, thence South to Juniors Market, turn East to Main Street, thence North to Highway 287, turn West to Tom Jinks street, thence South to football stadium and back East. At this point the entire pep club will assemble on the lawn in front of Tom Jinks for a series of yells. From there the parade will proceed to the City softball field for bonfire ceremonies—Tom Jinks lighting bonfire.

The Student Council would be elated to have 100 cars participate in the parade and bonfire ceremonies.

They are well aware of the fact that Friday night the Broncho opponents are from their Coaches' home town, and that their opponents will be anxious to win Friday night even though they might not win another game all season.

The Student Council is especially appealing for all the support of all fans in order to be sure of staying in the 1000 column in Conference play.

Mr. and Mrs. G. W. Estlack and Jackie visited Saturday and Sunday with Pvt. David N. Patterson at Ft. Hood, Texas.

Mr. and Mrs. Geo. McCracken from Allanreed visited her mother, Mrs. R. O. Reynolds Sunday.

Mrs. Kirk McAnear and children from Ashtola visited her mother, Mrs. R. O. Reynolds Sunday afternoon.

Everybody was glad that Mrs. C. J. Talley came home Sunday night. She has been over at Halfway under care of a doctor at Lubbock.

Mr. and Mrs. B. T. Spear and children, Mr. and Mrs. Raymond Waldrop and children and several young people from Martin went to Lakeview Saturday night to the Youth Rally.

Mrs. Raymond Waldrop and Beth, Mrs. Elliott visited Friday evening with Mrs. O. L. Hill.

Mr. and Mrs. Othel Elliott were dinner guests of Mr. and Mrs. Otto Elliott Sunday.

Mr. and Mrs. Charlie Hearn and family were dinner guests of Mr. and Mrs. John Perdue Sun.

Mr. and Mrs. Bulman, Mr. and Mrs. B. T. Spear, Mr. and Mrs. Raymond Waldrop, Mr. and Mrs. Pete Land went to Lelia Lake Thursday night to a Farm Bureau meeting.

Rev. and Mrs. Stout went to Plainview Friday to see their son David who is in the hospital.

Mr. Claud Porter will accept Music and Education director of the Baptist Church of Leslie, Oct. 28.

A single constructive suggestion earned a Navy civilian employee, \$5,550.

HEDLEY NEWS

Mrs. Paul Duncan

Rain and cooler weather has stopped fall harvesting which was well underway. The West Texas gin reports 617 bales ginned up to Saturday, Oct. 20. Paymaster gin reports 441 to date. A shortage of hands seems to be the reason for a small gin report.

Mr. and Mrs. Pat Patterson and Sam of Ropesville visited the lady's parents, the Jap Shaws over the week end.

Rev. and Mrs. Huckabee of Lubbock, former pastor of the Methodist church here, stopped in Hedley Thursday and greeted old friends. Mrs. Huckabee has not enjoyed good health for some time, but friends report she looks wonderful and still smiles and makes you happy to have met a fine person like her.

Rev. and Mrs. C. R. LeMond of Abilene visited in Hedley Thursday. They were former Methodist pastor and wife here several years. Welcome back to Hedley.

Winfield Mosley bought the Banta Cafe in Memphis and is now operating it. Mesdames Nell Gamble and Lottie Painter are employed there.

Mrs. Paul Duncan and Mrs. W. I. Rains transacted business in Clarendon Friday.

Mrs. Glyndell Cherry and children of Amarillo spent a few days with the Temple Cherrys this week.

Mrs. Tommy Moffitt is on the sick list. Hope she's soon back in the Hedley Variety Store.

The Hedley school will remain closed another week for cotton picking. Classes will be resumed Oct. 29.

Mrs. Rex Willoughby and Tommy of Winnsboro, Texas visited in the Harve Wilson home Monday. Mrs. Willoughby went to California to visit her sister, and Tommy is visiting his grandparents.

John Jenkins of Pampa spent the week end in Hedley.

Mrs. Don Owens and children of Amarillo spent several days with her parents, Mr. and Mrs. Tode Hill.

We are happy to report Mrs. Lionel Blankenship, Mrs. L. D.

Moore and Mr. Oscar Moore recovering from illness.

Mrs. Holland left Thursday for her home in Los Angeles, Calif. after a visit with Mr. and Mrs. E. M. Glass. The lady's are cousins.

Attending the Art Exhibit in Clarendon Friday from the Hedley Garden Club were Mesdames Byrda Watt, Ruby Glass, Essie Mae Scales, Tennie Masterson, Biffie Moreman, Alley Mosley, and Miss Jessie Davis.

Mr. and Mrs. Charles Rains of Amarillo spent Sunday with Mrs. W. I. Rains and Ike.

We regret to learn of another friend and neighbor passing away. Mr. J. A. Tollett died suddenly Sunday morning with a heart attack at the family home. Mr. Tollett has a wide circle of friends. He served as county commissioner in Hedley and Lelia precinct for several years. Funeral services will be Monday afternoon at 2 o'clock in First Baptist Church. Survivors are his wife and five daughters; one son; several grandchildren and a host of friends who extend sympathy to the family of this good man.

Mr. J. Harris passed away Sat. at the home of his daughter, Mrs. Ted MacDox. Mr. Harris has been in ill health for some time. To meet Mr. Harris was a pleasure. He always had a smile and seemed happy. He had a wide circle of friends in and around Hedley since he came here to make his home. Funeral services will be Monday at 2 o'clock in First Baptist Church. We extend sympathy to the family.

Mrs. Ruby Heathington of Arvin, Calif. visited her daughter, Mrs. Christine Johnson last week.

Mrs. John Dixson had a birthday Saturday. She had the pleasure of having all her children and most of her grandchildren home over the week end; Mr. and Mrs. Joe Thomas, Mr. and Mrs. Chas. Wilson, Mr. and Mrs. Jay Nagle, all of Amarillo; Mr. and Mrs. Frank Micksell and son of Artesia, N. Mex., Mr. and Mrs. Brownie Quisenberry, Mr. and Mrs. J. M. Dickson and children of Hedley.

Madam Curie was the first woman appointed to the French Cabinet.

LELIA LAKE NEWS

Mrs. H. R. King

Mr. and Mrs. C. F. Moss visited Mr. and Mrs. A. M. Moss Thursday.

Mr. and Mrs. A. M. Moss visited in Amarillo over the week end with Mr. and Mrs. Billy Hill and Mr. and Mrs. Jimmy Traylor and Karen.

Mr. and Mrs. A. M. Moss and Donald visited Mr. and Mrs. Virgil Johnson Sunday night at Hedley.

Mr. and Mrs. Redell Sanders and children of Plainview visited Mr. and Mrs. Earl Myers Sunday. Mr. Sanders is Mrs. Myer's nephew.

Mrs. Oscar Roberts accompanied her son, Billy Roberts of Amarillo to Paris last Thursday to visit their daughter and sister a few days.

Mr. and Mrs. Murphy Brock had business in Groom Saturday. Earl Myers and Glenn had

business in Childress Friday.

Mr. and Mrs. George Moore of Amarillo visited her parents, Mr. and Mrs. C. C. Ayers Sunday.

Mr. and Mrs. Nelson Seago left Thursday evening to visit relatives in Hico, Texas, and also to attend Grand Chapter of the O.E.S. in Fort Worth.

Mr. and Mrs. Lester Myers and boy of Quail visited Mr. and Mrs. Earl Myers Saturday evening. The boys spent the night and Sunday.

Mr. and Mrs. B. C. Garner and baby of Pampa visited Mr. and Mrs. J. W. Rumpy Sunday.

Mr. and Mrs. J. C. Stepp and daughters visited relatives in Childress Friday.

Cavin Webb and Carol Stepp, both students at W.T.S.C. at Canyon, spent the weekend with their parents.

Mr. and Mrs. J. F. Rumpy went to Amarillo Thursday. Miss Onita Rumpy, a student nurse at Northwest Hospital, accompanied them home for a weekend visit.

Mrs. A. K. Thurman and Larry spent last week in Pampa visiting their son and brother.

Mr. and Mrs. Herman Mooring and children visited relatives here Friday.

Mrs. B. L. Knowles of Clarendon visited Mr. and Mrs. Jesse White Sunday.

Mr. and Mrs. Clyde Hoggard and children of Hedley visited Mr. and Mrs. Ferral Floyd Sun.

Mrs. Newell Shields and daughters spent several days in Dallas last week visiting Mrs. Shields' father and attending the State Fair. Mr. Shields went for them Friday, returning Sat.

Mr. and Mrs. Bill Mooring and boys visited relatives in Amarillo Sunday.

Mr. and Mrs. Norman Henderson and children of the Gulf Coast area left Wednesday after a short visit with Mr. and Mrs. Joe Robert Leathers.

Mr. and Mrs. Bill Moreland and children of Abilene spent several days with her parents, Mr. and Mrs. Earl Fox.

A new leprosarium which will accommodate 100 Leprosy cases has been constructed by the Navy on Tinian Island in the Marianas.

Leek-Hill Marriage Announced

Miss Rose LaNell Leek became the bride of Jearld Coyce Hill in a candlelight ceremony October 5th, in the home of Mr. and Mrs. Gordon Mann.

The bride is the daughter of Mr. and Mrs. Lee Leek. The bridegroom's parents are Mr. and Mrs. O. O. Hill.

Bro. Clarence Tilley, minister of the Church of Christ, Clarendon, Texas read the single-ring ceremony officiating before a background of white carnations, fern, and eandles.

Candles were lighted by Susan and Sandra Leek, sisters of the bride. Shirley Kay Mann played the traditional wedding march.

Mrs. Wanda Teakell attended her sister as matron of honor while David Teakell was the groom's best man.

The bride, given in marriage by her father, Lee Leek, wore a blue suit complemented by pink accessories and a corsage of pink carnations.

Attending the wedding were Mr. and Mrs. Lee Leek; Mr. and Mrs. O. O. Hill; Mr. and Mrs. Gordon Mann, Shirley Kay and Glenn; Bro. and Mrs. Clarence Tilley and Juanita, Mr. and Mrs. Bobby Hill and Debbie of Liberal, Kansas; Mr. and Mrs. Bennie Hill and Steven; Cynthia Ann Leek of Amarillo; and Carolyn Leek.

The couple will make their home in Clarendon, Texas.

MOTHERS STUDY CLUB

Mothers Study Club met Tuesday afternoon at Patching Club House. A business meeting was held first and a Halloween party for the children later. Refreshments were served.

Members present were Mesdames Carlie Bennett, Vernon Edwards, Ralph Hill, Theron Holland, J. D. Jones, Gene Long, Delbert Robertson, Joe Shadle, C. A. Turner and Jack Owens.

Guests present were Mrs. Alvin Stokes and son, Alvin Ray of Pampa.

Children present were Helen Faye Bennett; Carol Ann Edwards; Danny, Randy, and Tommy Hill; David, Johnny and Jerry Holland; Mike and Karen Jones; Richard Long; Patric Wayne Robertson; James Dennis and Joe Neal Shadle; Donna Turner; and Mike and Cathie Owens.

—Reporter.

F.H.A. HOLD MEETING

The meeting of the Clarendon F.H.A. organization was held on Monday, Oct. 22 at 7 o'clock.

The meeting was called to order by president Margaret Cushing. The roll was called and minutes were read by secretary Barbara Koontz.

The regular business was taken care of.

The program was on the Ten Commandments. Paula Vandenburg was in charge of this program. There were ten other girls taking part, each explaining a commandment. Then Ann Elliott and Glenda Koontz sang a prayer song. This type program was used since this is "Read Your Bible Week."

The closing ceremony was given and the meeting adjourned.

Refreshments of punch and cookies were served by hostesses to the members present.

—Reporter.

H. D. CLUB

The H. D. Club met Friday afternoon, October 19, in the home of Mrs. Bertha Benson. Meeting was opened with Mrs. W. L. Jordan reading Club Collect.

The usual order of business followed. The secretary gave her report. Roll call was answered with each member giving a Halloween or Party suggestion. Mrs. Lena Antrobus read Mrs. Shipley's Prophecy which was made years ago.

Refreshments of fruit jello, cake, coffee and tea were served to Mesdames Lena Antrobus, R. C. Bingham, M. C. Rampy, Virgile Poole, Ella McDowell, W. L. Jordan, G. A. Anderson, O. C. Watson, and Tom Crabtree by the hostess, Mrs. Bertha Benson.

The next meeting will be held the third Friday in November when members will enjoy an all day meeting in the home of Mrs. R. C. Bingham. Quilting will be the program of the day and a covered dish luncheon will be served at the noon hour.

—Reporter.

LELIA LAKE M.Y.F. MEETING

The Lelia Lake M.Y.F. met Sunday, Oct. 21, 1956 at the church. Rod Seago called the meeting to order, and Betsy Chamberlain gave the opening prayer.

Isaac Nobles read Matthew 28:18-20. Carolyn Castner told the story of "The Runaway" from "Day After Tomorrow." The story was about a girl, in Formosa, who thought she wanted to be a missionary but she was not sure. One day she ran away from school; when she arrived home, she was sure that she had been called.

Betsy Chamberlain served popcorn balls to eighteen members and Mrs. Thurman, Mrs. Chamberlain and Mrs. McDonald.

We were glad to have Mrs. McDonald back with us.—Reporter.

CHAMBERLAIN H. D. CLUB

The Chamberlain H. D. Club will meet Nov. 1st at the Community Center. Everyone must come as you are. No dressing up. (Tacky party-like) —Reporter.

That Big Diamond.

Mrs. Arthur L. Parker, Dallas housewife who found the 15.36 carat diamond last March in the Arkansas Crater of Diamonds, shows the now cut-and-polished gem to Myron Everts, Dallas jeweler.

CHAMBERLAIN COMMUNITY CENTER

On Oct. 20th the Community met on their regular meeting date. There were more out for the meeting. A nice time was reported by all.

The next meeting will be Nov. 3rd. A late Halloween party is planned. All must come dressed in Halloween dress or some old clothes—something different. A prize will be given to the best Halloween costume.

It was desired to bring sandwiches and drinks. —Reporter.

Mr. and Mrs. C. E. Green of Victoria are visiting R. R. Dawkins, a brother-in-law, and several friends here. They are former Clarendon residents.

Mr. and Mrs. A. D. Estlack and Dana visited the week end with Mr. and Mrs. Kenneth Sams and children near Brownfield.

ATTEND CONCERT

Among those to attend the Nadine Conner concert presented in Pampa Monday last under the auspices of the Community Concert Association were Misses Edgar Mae and Mabel Mongole, Inez Blankenship, and Mantie Graves.

The Reverend Ruppert Schindler, Chaplain at Price College, Amarillo, and at one time the administrator of the Shrine of Our Lady of the Panhandle, the Catholic Church here at Clarendon, has been a medical patient at St. Anthony's Hospital, Amarillo. Father Ruppert's condition has been reported as acceptable at the time of the publication of the Donley County Leader.

Mr. and Mrs. Bobby McCrary and baby of Redwood, Calif. and Wayne Parsons of Salem, Oregon visited last week with their grandparents, Mr. and Mrs. C. L. McCrary.

Episcopal Women's Auxiliary District Meet Here

"We are the people who need to be changed through our prayers, not God", the Rev. Allen Price of Lubbock told Episcopal women of the North Texas Missionary District in Clarendon Monday.

The Rev. Price, curate of St. Paul's church, addressed the largest gathering of the Women's Auxiliary to the Episcopal Church in this district in recent years. Fifty-one women from ten towns in the big district attended the annual meeting.

Prayer is the way to gain help in the struggle to change ourselves for the better, Rev. Price said. This can only be done by asking God to do what He wants, not what we want, he added.

The Lubbock minister stressed the need for confidence and perseverance in prayer. This way personal tragedies can be the means for growth and spiritual development, he said.

Women attended Holy Communion service in St. John the Baptist Church to start the day's conference. The Rev. Price was assisted by the Rev. Walter Hoskin of Berger and the Rev. William West of Pampa.

Mrs. W. J. Lewis Jr., president of the local Auxiliary, welcomed the women from Lubbock, Shamrock, Quanah, Vernon, Dalhart, Berger, Pampa, Childress and Brownfield.

Mrs. Robert J. Allen of Lubbock, district president, and Mrs. Albert W. Johnson of Brownfield, district vice-president, presided at the business sessions. Other district officers present were Mrs. R. H. Brummal, treasurer of Berger, and Mrs. Tom Bugbee of Goodnight, editor.

Business sessions were in the Mission Hall of St. John the Baptist Church. Luncheon was served the women in the Donley Hotel.

Miss Mary Cooke directed the devotion. The Rev. Paul Wright of the Presbyterian Church was a guest at the luncheon.

—Reporter.

SCHOOL CAFETERIA MENU

FISH PROBE HITS WASTE

AUSTIN—Drainage of Bridgeport Lake, in western Wise County, as a cure-all for low water level problems, has been recommended by Game and Fish Commission technicians.

This action, according to the Commission's Chief Aquatic Biologist, is typical of many such fish management projects being pressed during the present dissipation of the state's fresh water resources.

Bridgeport is the first in a series of three west fork lakes on the Trinity River Drainage as a part of the Fort Worth city water supply system.

The probing aquatic biologists said the waters drained from the lake, while the lake bed is allowed to dry and aerate, could be stored in Eagle Mountain Lake and Lake Worth. The draining would concentrate the fish into a

small area where the desirable ones could be salvaged and the remainder destroyed with chemicals. When refilled, the lake, now very turbid, would be cleaner and more fertile and could be stocked as a new impoundment.

The inspecting crew further recommended:

"If no action is taken, then it is apparent that with the present water conditions, catfish must be considered a game fish and it is suggested that legislative action prohibit the sale of catfish (all species) taken in Wise County. This is recommended in an effort to eliminate the present controversy concerning catfish at Bridgeport. It is obvious that contract netters (working on rough fish removal) who are not allowed to keep or sell catfish, are taking the blame for individuals who trap, snag and net catfish by any method and sell them on a commercial license."

A meteor is a disintegrated comet.

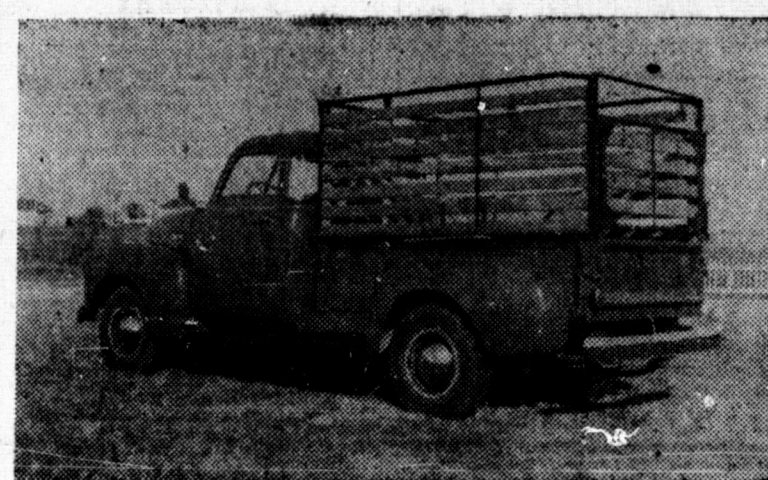

The 52 cards in a deck represent the number of weeks in a year.

The body looked as though it had been bathed in red ink as the blood continued to spurt from the veins. The doctor was in no hurry, though, as he showed the assembled group where to apply the proper pressure with which to stop the bleeding because this was Mr. Disaster, one of the Navy's most realistic training aids. Designed to demonstrate first aid problems, Mr. Disaster will probably become very familiar to many Navy men over the coming years, especially those in medical fields.

The Naval Training Center at San Diego, Calif., has a "ship's bell" that can play hymns at the flick of a switch. On Sundays or on special occasions it becomes a carillon, chiming out familiar hymns. Combining 25 small bells with the principles of modern electronics and the old-fashioned piano player, there are four loudspeakers to carry the music of the bells to all corners of the station.

New FCDA Kit Explains Threat of Biological Warfare

A new kit has been developed by the Federal Civil Defense Administration to explain the threat of biological warfare and set forth means of counteracting its effects on people, livestock and crops.

The kit was designed to provide fundamental information to the general public in cities and rural areas through use of four film strips with accompanying sound records, six FCDA publications and a special instruction leaflet.

The film strips portray the steps civil defense would use to offset biological warfare aimed at people, plants, crops and animals.

The publications are entitled: "What You Should Know About Biological Warfare", "What the Farmer Should Know About Biological Warfare", "Civil Defense Against Biological Warfare", "Rural Family Defense", "The Veterinarian in Civil Defense", and "The States, Counties, Cities, and Civil Defense."

The instruction leaflet contains introductory remarks for use in presenting each film strip, suggestions for handling publicity and sample radio and TV announcements.

Mr. and Mrs. Woodrow Quinn of Lubbock visited through the week end with his sister and husband, Mr. and Mrs. Oscar Thomas. Other visitors in the Thomas home were Mr. and Mrs. Beryl Clinton of Amarillo.

FARM NEWS

from the County ASC Committee

MEETING FOR COUNTY AND COMMUNITY COMMITTEEMEN TO BE HELD FRIDAY 25th

A meeting is to be held Friday, October 26 at 1:00 P. M. in the County Agent's Office for the purpose of selecting ACP Practices for 1957. It is important that all community and county committeemen be present. Representatives from other agricultural offices, the vocational agriculture teacher, bankers and others have been invited to attend.

EMERGENCY GRAIN
Farmers and Ranchers who still have Emergency Grain Purchase Orders issued for \$1.00 CWT. value may come into the Donley County ASC Office and get new purchase orders issued for \$1.50 CWT. value.

We have received numerous comments to the effect that dealers would increase their grain prices due to the increase in the rate of assistance being allowed under the Emergency Feed Grain Program. The Department is greatly concerned over the general feeling that dealers will increase their feed grain prices only to obtain a portion of the additional 50 cents assistance granted. We believe it desirable to advise all feed dealers in the county if they increase their feed grain prices without justification, there is a very good possibility that it will be necessary for the grain to be distributed directly to the farmers. Also if only individual isolated dealers take advantage of the program by increasing their grain prices, it may be possible to take action against them by having their Feed Dealer's Agreement cancelled.

Deer Count Shows High Herd Total

AUSTIN—Calculations from incomplete studies in selected Hill Country counties indicate that estimates of Texas' deer population will have to be slanted sharply upward.

Also the investigation shows deer mortality from drought, over population and parasites through last winter aggregated many thousand in four counties alone.

These tentative deductions were disclosed by the Assistant Director of Wildlife Restoration of the Game and Fish Commission on the basis of census data prepared under direction of Bob Ramsey, wildlife biologist assigned to the state's principal deer range in the Edwards Plateau region.

Estimates heretofore made of the total state deer population have set the figure at just short of half a million, mainly white-tails. But the seven Hill Country counties, used for the herd counts, reflect a combined population of almost four hundred thousand deer before the last hunting season.

The Assistant Director said that regardless of the final totals "it is obvious that we are not harvesting as many deer as we should." He said extension of the experimental antlerless deer hunts is one sound management way the herds can be reduced to the carrying capacity of the land.

The investigations were centered in Kerr, Llano, Mason, Gillespie, Medina, Blanco and Sutton counties where the Commission has regulatory responsibility to regulate harvests on the basis of existing current conditions. But the first four named counties bore the concentrated studies since records from previous herd counts were available there.

Texas Employment—

(Continued from Front page) the interviews and tests will then be presented to each student individually. Many of the students will then be able, for the first time, to adjust their educational and vocational plans in accordance with objective and factual information about their abilities and aptitudes.

(Students would ordinarily prefer to remain in classes rather than take such thorough tests, but these particular tests are a means of providing some of the most valuable information which a student might have about himself. In a short period Friday morning, many of the Seniors were convinced of the importance of early planning for their educational and vocational future. The services provided by the Texas Employment Commission will give them a head start in planning for the vocation of their choice.)

Seniors who take advantage of this service, which is provided with neither cost nor obligation, are free to use the information they obtain as they see fit. They might themselves choose work which is most suitable to their interests and abilities; they might prefer to get further training and develop their abilities. If they wish to work in a larger city, they can secure the assistance of

the Texas Employment Commission in finding employment most appropriate to their aptitudes, interests, and abilities. This service in no way interferes with the plans of students who prefer to enter college upon graduation from high school; some students, upon seeing the results from the tests, might be encouraged to continue their education.

Records of interviews and test results will be kept in the Amarillo office of the Texas Employment Commission for use by Seniors who enter the labor market after graduation. Records of occupational aptitude patterns for each Senior will be filed by Mr. Richard Hall, Counselor in Donley County Schools, for further use by the Seniors before their graduation.

Donley Pioneer Marks Eightieth Birthday

W. T. (Bill) Houdashell of Clarendon celebrated his 80th birthday with a picnic party given in his honor on Sunday, October 14, at Thompson Park in Amarillo. Mr. Houdashell, despite his age is such "A man about the Panhandle" you have to be agile to keep up with him. He is still strong and in good health.

"Bill" was born October 10, 1876 in Bland County, Virginia,

and Mrs. Ross Pointer, Amarillo, and the Guest of Honor and his wife, Mr. and Mrs. W. T. Houdashell. —Reported.

New Game Bird Adjusts Self

AUSTIN — Red-legged partridge have been experimentally stocked in parts of West Texas without compromising scaled quail, one of the leading native birds in the areas affected, according to the Director of Wildlife Restoration for the Game and Fish Commission.

Two shipments of the comparatively large partridge, obtained from Spain, have been released in Texas to test their adaptability to semi-arid climate, and Commission biologists have been painstakingly observing the results.

"At present," stated the latest field report, "there is no indication of antagonism or competition between the redleg and scaled quail. Instead, observations of close contact between species show no opposition and food habit studies indicate very little competition."

"The redleg is a grazer, being very fond of greens. Approximately 90 per cent of his food is green vegetation; whereas, the great majority of the food of the scaled quail is seeds. There is a

slight overlap on food requirements, depending on the season, but not to a point of severe competition. And even though their territories coincide, the fondness for greens has led the redleg to be associated with winter grain fields. This is not true of the scaled quail whose associations with these fields are less pronounced and cover their territory in true 'gypsy' fashion."

Red-legged partridges are about twice the size of ordinary quail, are fleet on the wing and considered potentially prime game birds.

Among those to attend Grand Chapter of Texas Order of Eastern Star in Ft. Worth this week were Mr. and Mrs. L. N. Cox, Mr. and Mrs. C. B. Morris, Mr. and Mrs. Leck Goldston, Mr. and Mrs. C. E. Bairfield, Mr. and Mrs. Nelson Seago, and Mr. and Mrs. Clyde Hudson.

Mrs. Ola Long returned home from Graham last week end where she had been to attend the funeral services for her brother-in-law, Ernest Goode. Her sister, Mrs. Goode, returned home with her for a visit.

Mr. and Mrs. William J. Lewis Jr. left Monday for Louisville, Kentucky.

pleasure of attending the Annual Chamber of Commerce Banquet put on by the City of Pampa. For several years now County Agent Foster Whaley and his wife have managed for a set of tickets for Mama and myself. It is the highlight of our year. Nothing is left undone by Manager Red Wedgeworth and his Directors to make this occasion one of the very best ever. At this time each year a few folks from neighboring towns

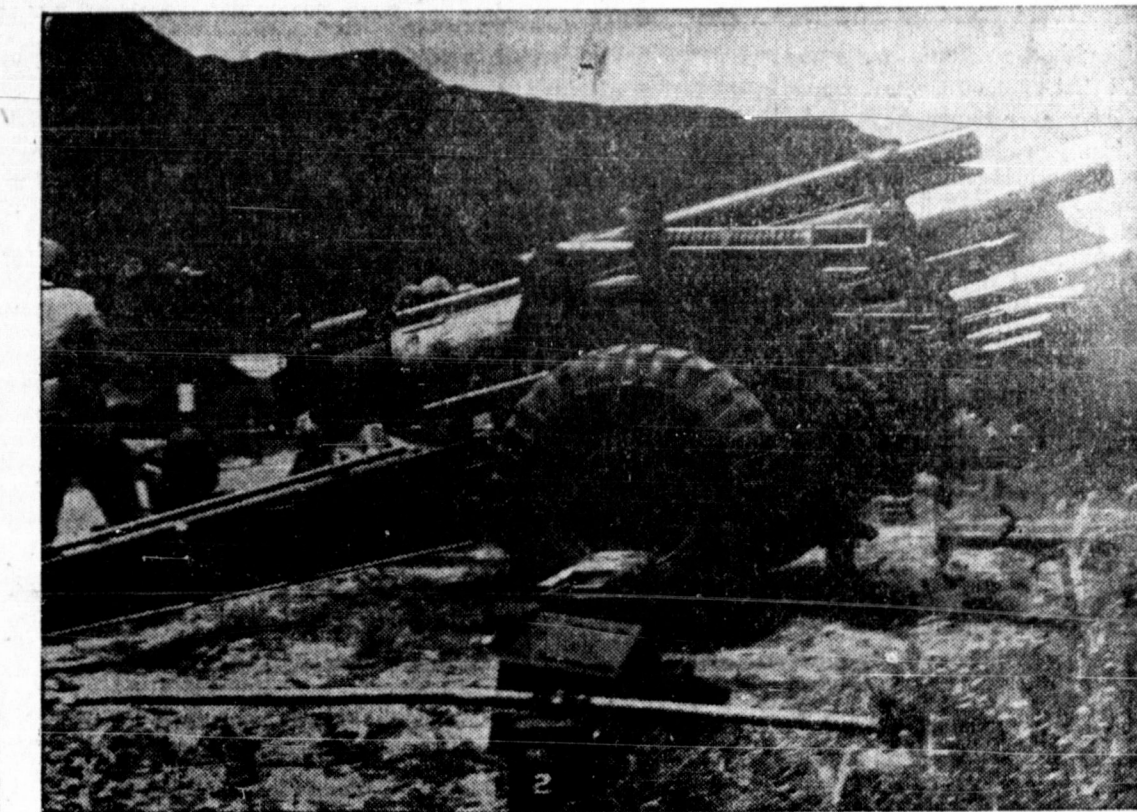

are invited to come and share this celebration with the local people. It is always swell and their motto for this year just sort of tells the story. It reads: "Hats off to the past. Coats off to the future." Anyway, thanks to everyone for the good time - - And Best Wishes Pampa.

If you hear someone running down his neighbors, you can almost bet on a cinch that he is trying to get them down to his equal. It is a fact that when we see someone that is sort of down on the whole world; if we look and listen real close we will usually find that the world is down on this person and he is just trying to get everybody down on his level. Just watch this and see if you don't agree.

Every once in awhile we hear someone remark that: "Old Bill So and So just ignored me today". Sometime we jokingly remark that he just ignored me with his ignor-ance. Anyway, we just got to thinking and there may be more truth in the latter than in the first. A lot of times we think that folks are failing to notice us and speak to us on purpose, when this is not true at all. The truth sometimes is that they are so deep in thought about themselves and their own problems and we are sort of left out. I guess the sad truth about the matter is that folks just ain't thinking about us as much as we think they are.

Every once in awhile we hear of someone who is a regular reader of this little column. We are always thankful and appreciative of each comment and for each reader. Such was the case of Frank and Pearl Dougherty from down Oklahoma way. They included the following thoughts and poems for us to share with others.

THINGS MONEY WILL BUY
"Money will buy amusement, but not happiness;
A bed, but not sleep;
Books, but not brains;

ONCE-IN-A-LIFETIME—Photographers are always looking for that "one-in-a-million" shot. Private First Class Howard S. Golden of The Bronx, N.Y., and the 25th Infantry Division's artillery, "frees" a 155mm howitzer in full recoil while the shell was still in the barrel during calibration firing of a battery in Hawaii. Shock waves put Golden and gun in perfect rhythm.

Food, but not an appetite;
Finery, but not beauty;
A house, but not a home;
Medicine, but not health;
Luxuries, but not culture;
A crucifix, but not a Saviour;
A church pew, but not Heaven."

Thanks Frank and Pearl for the above and for the following:
THE CLOCK OF LIFE
"The clock of life is wound but once, and no man has the power to tell just when the hands will stop, at late or early hour. Now is the time you can; Live, Toil with a Will; Place no faith in tomorrow, for the hands may then be still."

Mrs. Fred Huston of Box 578, Perryton, Texas gives us a good explanation of the "Sooners" from Oklahoma. She writes: Dear Uncle Zeb, My father made the run into

them away from Texas". In a statement in Dallas, he said it is "strictly a matter of good business judgment for the people of Texas to keep a man in the president's chair who is friendly to Texas' ownership of the tidelands than to put in a man like Stevenson - - who is against Texas ownership of the tidelands." Since the Eisenhower-backed tidelands bill became law in 1953, the state has received approximately \$60,000,000 for its permanent school fund. O'Daniel predicted that because of this issue, Texas would again vote for Eisenhower.

Doleful Senators Due Shock When Ike Wins, Fears Doc

One of the strongest Eisenhower men in our town is Doc Brown. Doc says he just can't put up with Stevenson's socialized medicine program; there are a lot of other things he doesn't like about Adlai, but that one is enough for him, he says. Doc is a pretty outspoken cuss, but he's a good doctor. At least, he's the best one in town, being the only one, and our people always call him when they get sick whether they like his politics or not.

The other day several of us were standing around in front of the post office, talking politics—some Eisenhower men and some for Stevenson—when Doc walked up looking glum. One of the Stevenson men said: "Hey, Doc, what's the trouble, did Ike just call you in some bad news?"

Doc Brown said no, he hadn't heard from Ike this week, but he was worried.

"Nat about Ike, you understand," he told the Stevenson fellow. "Ike has got it made. Even the Stevenson people are beginning to admit that. Poor old Adlai isn't going to get any farther in this race than he could throw Kefauver's coonskin cap with the tail cut off."

"The ones I am worried about are these out-of-state senators who are coming down here to Texas to tell us how to vote. I sure feel sorry for those boys. It must be tough to face life with their attitude."

"To hear them tell it, this country is in a terrible shape. All the farmers are starving, all

the businessmen are going broke, and all the working people are just barely making enough to keep body and soul together. The only reason some little country doesn't step in and whip us tomorrow is that they know they can just wait a few days and the United States will fold up of its own accord. That's what I understand from listening to the visiting senators.

"Of course, they know how to correct the situation overnight. Elect Adlai, and let him abolish the draft and do away with the H-bomb, and let Estes establish the Atlantic Union which he has made speeches about all over the country, and everything will be all right.

"These things are too important, of course, for these senators to waste time telling us Texans why they voted against the Texas tidelands bill.

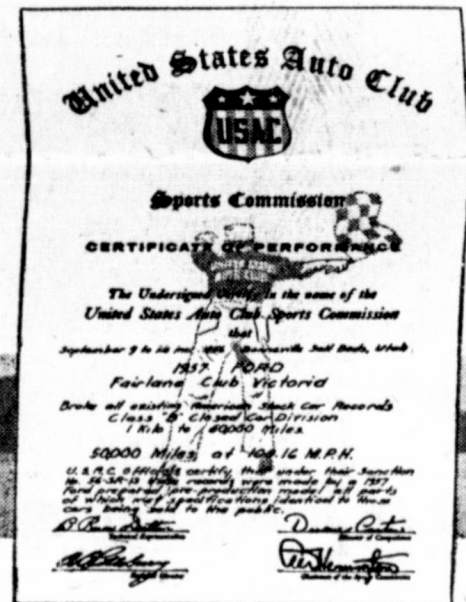

"As a medical man, I am worried about the great shock these senators are going to get, after the election is over and Ike is re-elected and this country keeps on being peaceful, prosperous and progressive. It's liable to put them all in bed."

And Doc Brown walked on off, shaking his head. Of course, the Stevenson man caught on that Doc was hurrahing him, and he didn't like it much, but he'll still have to call him the next time one of the kids gets the croup, because like I said he's the only doctor in town.

Yours Truly,
Tex

(Pol. adv. paid for by Texas Democrats for Eisenhower, Weldon Hart, Director.)

Never before in history has anything built by man traveled so far in so short a time —by land or sea!

An announcement of decisive importance to anyone about to buy a new automobile

The most exhaustive endurance test ever given an automobile has just been completed by two stock '57 Fords—identical in every respect with cars now being offered by Ford Dealers.

Under the supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two '57 Fords traveled 50,000 miles in less than 20 days. Ford No. 1 averaged 108.16 mph for the entire run... Ford No. 2, over 107 mph. These averages include time for all pit stops.

In all, the '57 Ford smashed 458 national and international records.

This test was run on the Bonneville Salt Flats in Utah... it was the longest left turn in history.

A car, like a man, is known by its deeds, not words.

That is why, we at Ford, despite our confidence in our '57 cars, let their deeds of accomplishment speak for themselves.

Therefore, we engaged an independent engineering organization to test our '57 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '57 Fords—cars identical with those now offered by Ford Dealers. The rest we left up to them.

Here is what they did:

They took these cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relays they drove these cars night and day for a distance greater than twice around the world... a distance equal

to 5 years of normal driving.

Not in all history has a man-built machine traveled so far in so short a time—by land or sea!

But this was not a test of speed—but of endurance of the "Inner Ford." A trial to take the measure of Thunderbird Y-block V-8 power without qualification of any kind. A test of running gear—of brakes, of materials in body and chassis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as no other cars have ever undergone, let alone successfully concluded.

Surely they have told you, in decisive terms, that they are worth more when you buy... and when you sell!

Your Ford Dealer will gladly place at your disposal the new kind of Ford that means a new kind of value for your car-buying dollar—the greatest the world has ever seen.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

THE DROUTH
Words alone are hardly adequate to describe the devastation of the drouth. On my recent trip home from Washington, I came by air to Dallas then to Amarillo. I stopped over in Dallas for two days and had an opportunity to visit some of the surrounding towns and talk to many of the people. The view of the country from the plane as you arrive actually foretells the tragedy, but when you hear from the mouths of natives who have lived in this

section of the country for many years that this is the worst drouth we have ever experienced, you then fully realize how deeply serious is the problem. The hardest foliage in Northeast Texas is perishing for the want of a few life-giving drops of water. But water is rationed. In those places where some is available for purposes other than human consumption, the price is prohibitive. Several told me of water bills for one month of \$60, \$70 and \$80. This, in a section of Texas that has usually had an ample water supply. As you move West, the situation gets worse, in so far as the drouth is concerned, but the people have had more experience with dry weather. Underground water supplies in many of the West Texas towns have saved the day, but these have been hard pressed in these six years of drouth. Many feel that this will be the last year, and that the rains will come next year; that this winter will bring soaking snows. In fact everyone is praying for this relief, and let us all hope it will be forthcoming. But if it does come, let us not forget

what we have been through. Let us not forget that unless we take immediate steps to provide ample water for the future, that in a few short years we will again face the same devastation. At that time it could be much worse because of the continually expanding population and the demands for water, incidental thereto and associated therewith.

There has been much talk in recent years about capturing the surface water, preventing the waste of some 85% of it that flows into the ocean. However the talk has not captured much of the water. There has been a definite move in the direction of water conservation and the initiating of water projects designed to cope with the problem. But, relatively speaking, the action has not been in keeping with the present needs and certainly not in keeping with future needs. Water is a serious business and something that should not be used as a political football, to be kicked about as circumstances might require to meet the needs of some particular political party

or some particular politician, appointed or elected.

In our own Panhandle-Plains area, an answer to the water problem would provide many answers to economic and other difficulties with which many of our communities are faced. We have a splendid water potential in this area that must be developed. There are many differences of opinion as to how this should be done, but be done, it must. And the quicker we get our heads together and work out a plan behind which we can all unite, the quicker we will be able to acquire that which we cannot do without.

NEVER A DULL MOMENT
It has often been said that there is never a dull moment in the Rogers' household. Here is an example. Just before I left Washington, Mrs. Rogers had some shopping to do downtown. She had instructed me to pick her up in the car at 4:30 sharp at the side door of one of the largest department stores. She was on the 4th floor when she realized that 4:30 had arrived. This is the

heavy traffic hour in downtown Washington. The police allow short stops, no standing. Mrs. Rogers, not wanting me to get in trouble with the law, decided to use the stairs rather than wait for an overcrowded elevator. She did fine until she reached the ground floor and opened the door to depart. It set off the burglar alarm.

Comanche District Camporee Set For October 27th

October 27 is the big day for the Boy Scouts of the Comanche District. H. E. Craig, Chairman of the Camping and Activity Committee states that a Camporee has been planned to be held

6 miles North of Samnorwood on Elm Creek. Committeeman Clyde Price urges all Boy Scouts to be there. Explorers are invited but cannot take part in any of the activities. All Cub Scouts are invited for the weiner roast at 7:30 P. M. and will be entertained by the Borger Indian dancers. All scouts are to bring their own food. For further information scouts should contact their Scout Leader.

THE STATE OF TEXAS }
COUNTY OF DONLEY }
BE IT REMEMBERED, that the Honorable Commissioner's Court in and for Donley County, Texas, convened in regular recessed session, on this 28th day of September A. D. 1956, at the Courthouse in Clarendon, Donley County, Texas, with the following

ing members present, to-wit: Jack E. Gray, county judge, presiding; Hubert Rhoades, County Commissioner, Prec. No. 1; F. M. Murray, County Commissioner, Prec. No. 3; Jess Finley, Commissioner, Prec. No. 4, and P. C. Messer, County Clerk, and Ex-Officio Clerk of the Commissioners' Court.

Among other business transacted, the following order was passed and ordered as record in the Commissioners' Court Minutes. Motion made by Jess Finley and second received by F. M. Murray that "There will be no exploration of any type in or on the Right-Of-Way of Donley County Roads, at any time or place in the future." Motion carried by unanimous vote. (36-3c)

"You can still win, friends. Gulf's gala 'Life of Riley' Contest closes October 31!"

GRAND PRIZE:
LIVE THE LIFE OF RILEY IN A PALACE ON THE RIVIERA

WIN 30 FABULOUS DAYS WITH \$200 A DAY TO SPEND

WILLIAM BENDIX, star of "The Life of Riley" TV show...and your royal Riviera playground.

Fly via a luxurious PAN AMERICAN Super 7 Clipper

Fly direct to Nice, France, in 20 hours, via the world's most experienced airline. Live in a Riviera mansion for four fabulous weeks. Reign in a royal home, with all modern conveniences.

Servant staff, luxury furnishings, glamorous patio, private swimming and boating facilities... all this and more... all yours in a stunning setting on the Mediterranean!

It's a once-in-a-lifetime trip for two. You enjoy scores of exciting holiday adventures—with \$200 a day to spend! Your own limousine whisks you through a gay round of gala events in nearby Nice, Cannes and other Riviera playgrounds.

A world of pleasure awaits you. Golden beaches, festive occasions, dazzling scenery... sports, pleasure, regal relaxation... you live the Life of Riley for a magnificent, memorable month!

Simple to enter—Easy to win!

Just complete this jingle. Enter as often as you wish. All entries must be on official Contest Entry Blanks, which contain complete contest rules. Get yours free at any Gulf station. Contest closes midnight, Oct. 31.

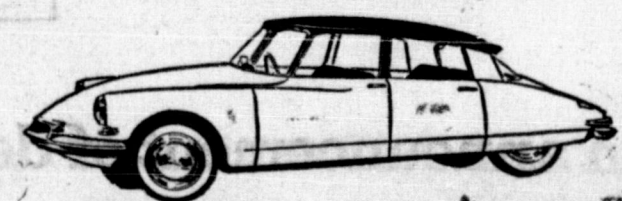

Gulf No-Nox is the gasoline that's famous 'cause it burns so clean. Fill up at Gulf and you will see.

Clean-burning No-Nox gives you many more miles of new-car power!

HINTS TO HELP YOU WIN!

- No-Nox burns clean because Gulf refines out the "dirty-burning tail-end" found in ordinary gasoline.
- No-Nox combats formation of carbon deposits which "shrink" engine power.
- No-Nox protects your engine, keeps new-car power intact for thousands of extra miles.
- Gulf No-Nox is a high-octane gasoline—gives more miles per gallon in short-trip driving.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN—Texas' drought relief program is in high gear again. President Eisenhower announced a double-barreled shot in the arm for cattlemen's feed buying projects.

Grain subsidies were increased from \$1 to \$1.50 per hundred-weight and the aid period extended 60 days to Dec. 31.

An additional \$5,000,000 was allocated to the hay and roughage buying program. This had been stalled for nearly a month after the original \$1,000,000 grant ran out. Certificates good for a

\$7.50 per ton subsidy are again available to eligible livestock owners through the Farmers Home Administration.

To increase effectiveness of this project, officials said western railroads agreed to make a 50 per cent reduction in freight rates on carload lots of hay sent to drought areas. Reductions were to take effect this past weekend.

Both parties lost no time in making political hay with the new farm assistance. GOP National Committeemen Jack Porter said, "This will help greatly to win Texas for the Republicans."

State Agriculture Commr. John White, a staunch Democrat, expressed gratitude, "regardless of the political aspects." But, he pointed out, help needed several months ago didn't come until just before the election.

BOTH PARTIES WOO TEXAS

Both sides are rolling out heavy artillery in one of the most feverish campaigns for Texas' electoral

votes in presidential campaign history.

Democrats will have an all-star cast of seven U. S. Senators stumping the state from now until Nov. 6. They are Sens. Stuart Symington, Missouri; Michael Mansfield, Montana; Russell B. Long, Louisiana; John Kennedy, Massachusetts; Albert Gore, Tennessee; Robert S. Kerr and Mike Monroney, Oklahoma.

In addition, Texas' own top Democratic brass, Sen. Lyndon Johnson, Speaker Sam Rayburn and Governor-Nominee Price Daniel, will be in the field.

For the Republicans, Vice President Richard Nixon made a second visit and termed the Texas race "neck and neck." But, he contended, Eisenhower represents Texas Democrats' views better than Stevenson.

Each party had a "big event" within days of each other. Republicans saluted Texas-born Ike with a statewide birthday party Saturday. Democrats, hard-pressed for operating funds, slated doorbell ringing on "Dollars for Democrats Day" Tuesday.

POLIO FUNDS UNUSED

Texas stands to lose some \$2,500,000 in federal funds unless polio vaccination is greatly stepped up in the next eight months.

State Department of Health officials said Texas so far has spent only \$540,000 of the \$3,064,124 allocated. If not used by June 30, 1957, funds will revert back to the U. S. Public Health Service. At the present rate of inoculation, say officials, a sizable portion will be left over.

In urging more widespread vaccination, they cited statistics. Polio deaths dropped to zero among persons having the prescribed series of three shots.

Harrison County obliterated paralytic polio in its population this year by mass inoculation of its 7,600 school children. First project of its kind in Texas, it was without cost to the children. County-wide cooperation of doctors, nurses, teachers and bus drivers made it possible.

SCHOOL INVESTMENTS OUTLINED

Texas' permanent school fund now totals more than \$335,000,000. It's the largest of its kind in the U. S.

Annual income to public schools is about \$9,000,000, the State Board of Education has been advised by its investment

counselor.

Two-thirds of the fund is invested in the U. S. Government, the remaining \$125,000,000 in

Texas. In-state investments include \$92,000,000 lent to school districts, \$8,000,000 to cities, \$21,000,000 to counties.

WAIT A FEW DAYS... BE 3 YEARS AHEAD!

On October 30 you'll see a car so advanced it will make so-called "new" cars seem three years out of date. On October 30 you'll see years-ahead features like Torsion-Aire Ride, Flight Sweep Styling, Total Contact Brakes, a Fury "301" V-8 engine. On October 30 you'll see one car leap three full years ahead of the low-price field when you see and drive

TSSC Urges Approval Amendment To Help Total Disabled Persons

Euclid Hudson, president of the Texas Society for Crippled Children, today urged approval for the proposed constitutional amendment on which Texans will vote November 13, and which would enable the state to provide assistance to Texas citizens who are permanently and totally disabled.

Hudson, elected to his second term as president of the state Easter Seal Society at its annual convention in San Antonio last week, said that at present only those Texans who are either younger than 18 or older than 65 receive aid for such disabilities.

"Obviously," the TSSC leader stated, "there are many permanently and totally disabled persons whose ages fall between 18

and 65. Regardless of age, anyone so disabled is unable to support himself and is just as needful of the necessities of life as are the rest of us."

Known officially as House Joint Resolution No. 30, the proposal was submitted to the last session of the Legislature by State Representative Will L. Smith of Beaumont, co-author of the present highly regarded 1945 special education act.

Hudson said that passage of the amendment would permit the Texas Legislature to draft laws to take advantage of the federal assistance available under the social security amendment of 1950 already in operation in 41 states and Puerto Rico.

The Texas Society has endorsed the proposed state amendment which would limit to \$20 per month the maximum amount that can be paid to any individual by the state.

"Even a small amount can mean great relief for the disabled, their families and agencies struggling to aid such people within very limited budgets," Hudson pointed out.

Further provisions of the amendment will bar from its aid anyone who receives other forms of assistance, such as aid to the needy blind, old age assistance, aid to dependent children, or anyone who is resident in a completely state-supported institution.

The amendment will demand that applicants for aid meet resi-

dence requirements and undergo careful medical examination and determination of their ability to make a living. Hudson added, "Those who would benefit from medical care will be helped to get it."

Total funds to be used in the program are limited by the amendment to not over \$1,500,000 per year. Federal assistance will increase maximum monthly aid for individuals to approximately \$55 per month.

PARENT - TEACHER REPORT

The Sims Parent-Teacher Association met Thursday, October 18th in the Junior High Auditorium.

After a short business meeting, Mr. W. W. Pinkerton and Emmett Simmons gave very interesting talks on "Teacher Retirement", the amendment which is to be voted on, on November 6th. They urged everyone to vote on this amendment, as it is definitely for the betterment of our schools.

A report on our membership drive was given and Mrs. Mears' first grade class won with the most members and also won with the most mothers present.

Mrs. Hazel Noble closed the meeting with a devotional.

Next meeting will be held on November 15th.

—Reporter.

FROM WARM SPRINGS FACT & FANCY

by W. H. Richter

(Wherein the director of public relations at the Gonzales Warm Springs Foundation tells of Texas' own physical rehab center and also throws in a little tongue-in-cheek palaver for which, incidentally, the management is not responsible.)

The other day my mind happened to dwell on the fact that it has been some time since I have milked a cow. If you have ever milked a cow, you will probably agree that this is a thought that is fairly satisfying to dwell upon.

Maybe I am a bit emotional on this subject. You know how you will sometimes pause and think how lucky you are that you are not blind, not deaf and dumb, or not crippled. Well, I feel the same way about not having to milk cows.

Several unpleasant mental images flash before me as I contemplate milking cows. One concerns the inflexibility of their schedule. When a cow is ready to be milked, brother, she's ready to be milked, and conflicting interests of the milker notwithstanding, she's gonna be milked. At least, that's the way it was at our place.

And someone, maybe it wasn't the cow, established the assumption that the best time to milk a cow of a morning is before sun-up and it matters not if it is rain-

ing, sleeting, freezing, or if the milker has been out till three the night before.

The indiscriminate and unprincipled use by the bovine of its fiendish rear appendage known as a tail has had no little influence on my present attitude. It is bad enough to have one's cheek spanked with the sharp swish of a cow's tail, but consider the additional ignominy when the tail has been rain-soaked or, even worse, dipped in the soggy slosh of a wet cowpen.

It certainly doesn't improve matters, either, when the tail is loaded with cockleburrs, or when Bossy happens to lift a filthy hoof and set it down in your milk bucket.

Don't think that I am vengeful and that I would ever contrive to do bodily harm to a cow. All I ask is that she stay on her side of the fence.

Sometimes those of us who work at the Gonzales Warm Springs Foundation may seem over-enthusiastic about the place, so we are pleased to submit opinions expressed by those using these services.

A particularly gratifying letter arrived this week, and it reads as follows:

"I had the opportunity to visit with many of your staff in May of this year during a visit I made with my daughter-in-law," and having seen the wonderful work you are doing, the service that you are rendering to her and the rest of the patients, which is unbelievable unless one has been there, I would like to make a small contribution to your fund.

If, by doing so, I can in this manner assist some other unfortunate person I shall be very happy. Enclosed find Cashier's check for my contribution."

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

The little Phelan boys gave us a copy of their favorite book—"The Circus Train." It is one of the Tell-a-Tale series, but very clever. I had tried to secure a copy some time ago.

A friend from the JA Ranch brought us "Blizzard" by Phil Stong who writes for Holiday and various magazines. I read the brief on the cover and I'm quite sure it will be enjoyable. This friend contributes some of our best magazines to the Library, too.

A book given as a memorial to Mr. J. R. Porter by the Harold Bugbees is "Before Barbed Wire" by Mark H. Brown and W. R. Felton with photography by L. A. Huffman whose fame as a photographer is widely known. You must not miss reading this copy.

We have quite a few \$10.00 books given by various persons as memorials.

The Naval Auxiliary Air Station at Kingsville, Texas, established a Navy record when it chalked up more than 90,000 Ground Controlled Approach landings.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

With the passing of J. R. Porter, the Donley Soil Conservation District lost one of its most ardent supporters. Like in many other organizations of Donley County and the surrounding area, his interest, support, and services will be sorely missed, as will his cheery smile and dry wit.

Judge Porter was one of the people most instrumental in the organization of the Donley Soil Conservation District, and served as chairman of its Board of Supervisors from the time of its inception. Although he undoubtedly knew that he should reduce his activities after the heart attack he suffered two years ago, he allowed himself to be re-elected to the Board a year ago, and never missed a meeting of the Board except when unavoidably detained.

The other members of the Board and those of the Soil Conservation Service who worked with Judge Porter deeply regret his passing and will miss his presence.

Here! New Task-Force 57 Chevrolet Trucks!

Performance-proved in a history-making test on the ALCAN Highway to Alaska

The Alcan Highway is the road where trucks grow old before their time. The road where gravel endlessly sledgehammers the life out of trucks. Where a fog of superfine dust chokes engines, and vicious ruts subject chassis to months of wear in a few hundred miles.

Six new '57 Chevrolet trucks, heavily loaded with cargo, roared north from Dawson Creek, B.C., through 1,520 miles of mountains and mire, rain and hail to Fairbanks, Alaska. Running around the clock, they made this tortuous trip—normally a 72-hour run—in less than 45 hours. As a special test during the run, two of the trucks went the entire distance without once having their engines stopped!

Come in and see how well these new Alcan champs measure up to your job.

FIRST WITH THE MOST MODERN FEATURES:

New 283-cubic-inch Taskmaster V8 is standard in Series 5000, 7000 and 8000, optional in Series 6000 at extra cost. Horsepower ranges up to 210 in Chevrolet's complete line-up of modern V8 and 6 truck engines.

Revolutionary Powermatic Transmission—exclusive with Chevrolet trucks! This six-speed automatic, designed specifically for heavy-duty hauling, is an extra-cost option in Series 5000 and 6000 and all heavy-duty truck models. Hydra-Matic is offered in 3000 and 4000 Series models at extra cost.

L.C.F. models outdate C.O.E. trucks in every way; yet offer all the traditional C.O.E. advantages.

Heavyweight Champs with Triple-Torque tandem are rated at 32,000 lbs. GVW, 50,000 lbs. GCW. Special features include built-in 3-speed power divider.

Alcan fleet reports up to 18.17 miles per gallon! That's the mileage reported by the Cameo Carrier, with Thriftmaster 6 and Overdrive (optional at extra cost).

All the way in DRIVE range with Powermatic! This Powermatic-equipped 10000 Series tractor traveled the Alcan Highway in a single forward-speed range!

Only franchised Chevrolet dealers **CHEVROLET** display this famous trademark

Alderson Chevrolet
