Adult Education Program Planned For Junior College

A program of Adult Education is in the planning stages for Clarendon Junior College for the fall term of school. This has been discussed a number of times by the school board and the go-ahead signal has been given to President W. W. Pinkerton and Dean Oliver Abel to see just what the demands are for the people of Clarendon and surrounding communities.

Adult Education is a program primarily for the adults of the community who would like to further their education through night courses. A program of this kind serves two purposes: (1) to extend a service to the people who would like to extend their education, and (2) to help the college increase its enrollment in order to meet the standards as set up by the Junior College Council of the Texas Education Agency. An enrollment of 150 students is highly recommended in order for the college to maintain its present high standards.

At present it is unknown as to what courses will be offered in the night school. However, the school board and administration of the college, will make every effort to offer any course in which there is sufficient demand. It is the present trend that ten students is considered sufficient demand to offer a course.

Any person who has received 60 semester hours or less college credit can be counted in the enrollment figure. People of the community who think they might be interested in participating in this program are urged to contact either Mr. Pinkerton or Mr. Abel and give them information as to just what type of course they would like. Courses in Bible, English, Education, Business Law, Commercial courses, Art, Mathematics, and Speech are usually popular in adult education programs. Tuition will be \$15.00 per course and full college credit will be given.

Also, people in the community who are qualified to teach various courses are urged to contact the administration.

George Chamberlain brought his family, Mrs. Chamberlain, Anne and Bruce, to visit his father, Fred Chamberlain. The George Chamberlain home is in Dallas.

School Board Sets Opening Dates For Fall Terms

The Clarendon Public Schools will officially open on Sept. 1 for the 1958-59 school term. The Clarendon Junior College will register students on Sept. 8. Clarendon High School students will register on Friday, August 29 beginning at 9:00 A. M. and classes will begin the following Monday.

Some repairs to buildings are in progress at the present time but will be completed before the beginning of the fall term. The Homemaking department is being redecorated and the gymnasium is getting a much needed paint job and floor finishing. Some of the rooms in the elementary and junior high building have been painted and some new blackboards installed.

Students will see some new faces on the faculty this year. Mrs. Wilma Batson of Lelia Lake will teach in the first grade and Mrs. Margaret Williams will replace Mrs. Bobby Moore in one of the third grade sections. New high school and college faculty members include Mrs. Gladys Seago, college education; Harold Bier, high school mathematics and organic chemistry; Mrs. Harold Bier, college and high school speech and either freshman or sophomore English. Two new vocational teachers have been employed. The State Department of Education approved additional units in both homemaking and agriculture. Mrs. Sue Shields will assist Mrs. Bourland in the homemaking department and Jerry Hawkins of Higgins, Texas, and recent graduate of Texas Tech, will assist Mr. Gillham in the agriculture department.

Vacancies still exist in the commercial department, one English position and a combination math and commercial position. Millard Windom, for sometime an employee of Shamburger Lumber Company, has accepted the position of general maintenance manager and will begin work around August 15.

LITTLE LEAGUE RESULTS

The Clarendon Sox were defeated last Friday night by Phillips 22-11, and the Cubs defeated Claude 18-8 on Thursday night. The Sox defeated Groom here Monday night 11-9.

The Cubs journey to Claude Thursday and Groom plays the Sox here.

Assistant Agricultural Instructor Selected

Jerry Hawkins of Higgins, Texas, began his work as assistant vocational agriculture instructor for Clarendon High School, Saturday, July 19th. He received his degree from Texas Tech in the spring of 1957 and has done graduate work at Tech for the past year.

He was a member of the Texas Tech dairy cattle and junior livestock judging teams, a member of the Block and Bridle Club, Aggie Club, and other prominent student organizations while on the Tech Campus. He was raised on a farm and ranch near Higgins and has had extensive experience with livestock and boys club work.

Hawkins will serve as assistant to Vo-Ag Instructor J. R. Gillham. The classes and F.F.A. activities will be divided between the two instructors. The local chapter has been the largest one teacher department in the area for the past two years, and the addition of a second teacher will help greatly in supervising project and show activities.

The Texas Educational Agency approved the application of the local school for the additional teacher sometime ago.

Moisture Total Continues Climb

With the rain Saturday and Sunday nights, the moisture totals in Donley County continue to climb with several reporting stations recording over 20 inches for the year so far. In most instances the moisture has been precipitated to the fullest extent as lots of feed is in the boot stage.

Here in town we received a total of 1.44 for the week end, giving us a total of 6.04 for the month and 22.78 for the year so far. Mrs. Willard Knox reported 1.40 for the week end, 6.05 for the month and a total for the year at 20.40 at Lelia Lake. Ben Lovell reported 1.37 for the week end, 6.22 for the month and 19.86 for the year. J. C. Ashcraft at Goldston 1.70 for the week end, 6.12 for the month and 28.60 for the year so far. This last total is the highest reported to the Leader in the County.

Former Resident Has Polio

Mrs. Duane Hearn, the former Mayrene Phillips, who was stricken with polio about two weeks ago at her home in Taft, Texas, is reported improving nicely at this time in Memorial Hospital at Corpus Christi, Texas. Her mother, Mrs. Ernest Phillips, has been there with her since she was stricken. Rev. Ernest Phillips and son, Mr. and Mrs. Tommy Phillips of Pampa plan to go down August 1st.

LELIA LAKE WSCS LADIES TO HAVE BAKE SALE

FFA Youths Receive Top Swine From Texas Tech

Members of the Clarendon Future Farmer Chapter received 19 head of top barrow prospects from the Texas Tech swine herd this week. Vo-Ag Instructors Jerry Hawkins and J. R. Gillham made the trip to Lubbock Monday to select the barrows. Texas Tech Swine Herdsman Nelson Christie and Professor Stanley Anderson assisted the teachers in making the selections.

The barrows will be divided among the boys to feed for the early spring shows. The local instructors accompanied by a number of chapter members and parents will spend two weeks in Iowa and Illinois in August selecting dry lot calves and making arrangements for a large number of barrows to feed for the spring shows.

Farmers Warned To Keep Close Watch For Cotton & Feed Insects

County Agent H. M. Breedlove is warning all farmers to keep a sharp watch on their cotton and feed for insects. The recent rains have set up perfect conditions for the hatching of insects.

The best poisons to start using at this time on cotton is toxaphene and DDT in a two one mix or if you are dusting to use the same poisons in a dust. Breedlove added that cotton is now reaching the stage that leaf worms have begun to appear and some boll worms eggs have been found and these poisons will get the best results for all insects and also give pretty good control of grasshoppers. Keep a close check on the fields and start poisoning before the insects get the jump on us will save heavier poisoning at a later date, Breedlove concluded.

Local Youths Honored At State F. F. A. Convention

Doyce Graham, James Mahaffey, Carl Talley, Milton Mann, Pat Roberson, James R. Graham, and John Morrow, all members of the local F.F.A. chapter, were honored at the State F.F.A. Convention held at San Antonio, July 16-18. The local chapter was represented by Graham, Talley, and Bobby Longan. Adviser J. R. Gillham, Mrs. Gillham, and Beth mode the trip and attended the convention sessions.

Doyce was awarded the \$350 Sante Fe Railway College Scholarship, the top scholarship award for the year; James Mahaffey was recognized as the second rating star Lone Star Farmer in the state for the past school year, and Mann, Roberson, Graham, Morrow, and Talley were awarded their state Future Farmer Degrees. Longan served as the voting delegate from the local chapter.

Governor Daniel, former Attorney Robert Lee Bobbitt, and a number of others appeared on the program which was attended by some 4,500 members from the 904 chapters in the state.

Three Locals Enlist For Army Service

According to Sgt. James E. Sides, Army recruiting officer from Amarillo, three Donley County men have enlisted recently in the regular army.

The three are Wesley L. Webb, Julius Lee Phillips and Carl W. Morgan. Each is receiving his basic at Ft. Carson, Colorado. After completion of basic, Webb will be assigned to the AAA Missile Bn. in South Dakota; Phillips and Morgan will be assigned to the Military Police Corps.

New Wildcat Well To Be Drilled SE Of Clarendon

Locations for two drilling operations of interest to local citizens were announced this past week. One is in Donley County and the other is across the line in Briscoe County, and both are Palo Duro basin tests.

The Donley County explorer is the General Crude Oil No. 1 Keystone Corporation in section 30, Block A, G&M survey, 13 miles southeast of Clarendon. The 4,000 foot test is a mile north of the Hall County line and three miles southwest of where General Crude drilled a previous failure to 4,938 feet in granite. Ellenburger was topped at 4,788. We understand the drilling rig was moved to the new location late Tuesday of this week. Location of the well is on the Lazy RG Ranch.

The other location in Briscoe County, Amarillo Oil Company will drill No. 1-B Bryant Edwards in section 69, block A-1900, R. F. Stephenson survey, 16 miles northeast of Silverton. The 7,300 foot or granite test will be five miles south of a 7,762 foot failure and three miles northeast of a 7,900 foot failure, both drilled by Hunt Oil Company.

Work On Donley Fair Now Being Started

County Agent H. M. Breedlove stated this morning that work on the Donley County Fair is now being started. The county fair will be held on September 19-20. This is the week end preceding the opening of the Amarillo Tri-State Fair. Breedlove will show the county exhibit at the Amarillo fair.

Committees are now being contacted for the departments of the fair and Breedlove says the county fair board will be called into a meeting in the near future to make the final arrangements. The fair catalog will finance the Donley County Fair and this is made possible by the advertising bought by business firms and different individuals.

The county fair barn now has an asphalt floor in it and will be much nicer for the display of exhibits. The city of Clarendon put in the asphalt floor at cost for the fair board and did a wonderful job.

Every one is asked to be thinking about fair exhibits for the Donley County Fair and after the board meets all departments of the fair will be published. The catalog should be ready to distribute over the county around the latter part of August.

Services Today For Mrs. Mary Jones

Funeral services have been set for 4 p. m. this afternoon (Thursday) in the First Methodist Church for Mrs. Mary Wallace Jones with Rev. W. E. Hamilton of Abilene and Rev. C. M. Ryan, pastor, officiating.

Mrs. Jones 84, died Wednesday morning in Inez's Rest Home here. She had been a resident of Donley County 51 years and was a member of the Methodist Church.

Survivors include two sons, Marvin Jones of Clarendon and Ernest Jones of Bakersfield, Calif.; also one grandson and two great grandchildren; one brother, W. H. Hannon, Belton, Texas. Burial will be in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Politics have certainly warmed up in State races this week and some have even reached the boiling point with candidates in several races throwing everything they have into the fire to make it hotter than blazes for their opponents. Here in the county, our candidates in the contested races have been doing lots of campaigning, seeking that last opportunity to turn a vote in their favor.

Locally we have only three contested races. Three candidates in the race for Justice of the Peace, Precinct No. 2: J. H. Headrick, G. A. Anderson (incumbent) and Maurice A. Hart. Six candidates are in the race for Commissioner Precinct No. 2. They are Gordon Mann, John W. Swinney, Major B. Hudson, Edd Moor- ing (incumbent), Glen Adkins and H. L. Riley. Two are in the race for Commissioner Precinct

The usual election party will be held again this year at Bob Moss Pharmacy with election results being posted on big blackboards as the returns come in. Mike McCully Insurance office will be headquarters for all election returns coming in from the various election judges over the county.

No. 4. They are Bernard McClellan and Jess Finley (incumbent). We have a hot race going in the State Senator race between Andy Rogers (incumbent), Karl L. Lovelady and Leroy Saul. These three are really slugging it out this week with plenty information in both advertisements and literature for you voters to study over before going to the polls Saturday. Turn thru this issue of the Leader and see what the various candidates have to say.

A sample ballot is being published in this issue of the Leader for the convenience of all voters thru the courtesy of John W. Swinney. It will give you an opportunity to look the list over before you go to your voting place Saturday.

The main point to keep in mind is TO GO VOTE. You may think your favorite candidates will win easily but your failure to cast your vote, joined with many others with the same attitude, may mean his defeat. This is one pleasure and obligation that you and you alone can enjoy. Study the list of candidates, take interest in the men who are seeking to represent you in discharging the duties of the various of-

ices, and then be sure to vote.

A total of 69 absentee votes had been cast by the deadline Tuesday night and several more may be in the mail that have not been received by the County Clerk. This increase indicates a heavy vote of eligible voters. Be sure your ballot is one of those that will be counted.

Sixteen Low Rent Dwellings Allocated To Clarendon

According to a telegram received Tuesday morning from Congressman Walter Rogers, Washington, D. C., sixteen Low Rent Dwellings have been allocated the Clarendon Public Housing Authority. The telegram in full read as follows:

July 22, 1958
A. D. Estlack, Editor Donley County Leader, Clarendon, Texas
Public Housing Administration today advises initial action Clarendon Housing Application. Sixteen low rent dwellings allocated Clarendon Public Housing Authority. Approval initial planning funds likely near future. Regards, Walter Rogers, Member of Congress.

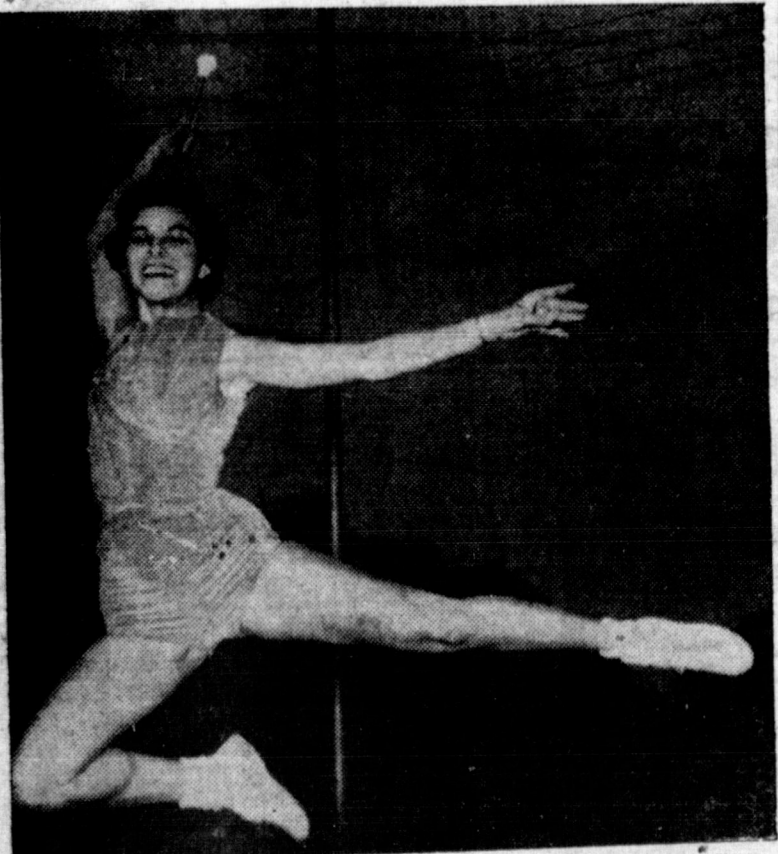

This housing project when completed, will ease the housing shortage here and will benefit those in the low income bracket. We understand that the rent to be paid will be regulated by the renters income.

Right at the present time there is a great demand for living quarters of all types. Around two to ten inquiries regarding apartments, etc. have been made here at the Leader office most every day for the past three weeks or so. If we had the facilities, we would have more people living here.

Dusters Defeat Pinkney 8 to 6

The Clarendon Dusters were victorious Sunday defeating Pinkney of Amarillo 8-6. Don Newman was the winning pitcher allowing only 6 hits while the Dusters were banging out 11 hits.

The Dusters will play a double-header this coming Sunday. The game will be played here or at Hedley, exact location will be decided later this week and posters will be put out over town as to where the game will be played.

Bonnie Williams, outstanding twirling teacher and prize-winning baton artist from Mississippi, will be instructor of twirling for the sixth annual West Texas Music Camp, August 4-15 at West Texas State College. Active in competition since 1948, Mrs. Williams has won more than 30 trophies, including 25 first place awards. She studied under Ted Otis and Bill Allen, both of whom have been instructors for the West Texas Music Camp. Two of her students have won state twirling championships in Illinois and Iowa. Mrs. Williams teaches twirling and ballet dancing at Holmes Junior College in Goodman, Miss.

DOUBLE-THREAT GENERAL—The assistant commander of the First Armored Division, Brigadier General Thomas F. Van Natta, last week completed flight training at Fort Rucker, Ala., to join the handful of Army general officers who are helicopter qualified. An armored division has 26 helicopters.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

The American Heritage for June, Vol. IX is on our shelves for the readers. It is an excellent volume that is especially arranged for lovers of historical facts.

We were given three delightful memorial books in memory of Mr. and Mrs. G. R. Grant. They were given by Mrs. Clyde Hudson. These books are: "Barky & His Friends," "Barky's New Home," and "Crybaby Kangaroo" — all written by Georgia Tucker Smith in Rhymed Prose. The children will enjoy the style and the stories.

Two books were given in memory of Wayne Aten by a provided memorial fund. These are: "Fabulous Quarter Horse, Steel Dust" by Wayne Gard, and "Clutch Hitter" by Clair Bee. The first is autographed. Wayne Gard is certainly an authority on horses, and a Texas writer of national recognition. Please don't neglect to read the sketch of his life on the jacket. Clair Bee writes sports books that the boys all clamor to read first. We have Wayne Gard's "Sam Bass," "The Chism Trail," and "Frontier Justice."

Contoured, Terraced Field

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

R. L. Tolbert, a cooperator in the Donley County SCD, who lives in the Ashtola Community has recently completed a system of new terraces on his farm. Terraces are primarily used for erosion control by intercepting the flow of water across cultivated land and holding it until it can be absorbed by the soil. Additional benefits received from terraces are that they serve as a guide line for contour cultivation,

reduce the length of slope, and reduce soil and water erosion. Terraces also have limitations on their use. They are recommended only on cultivated land with a slope less than 8% and do not replace the need for a good crop rotation, contour cultivation, cover cropping, and strip cropping. One conservation practice is not enough. It takes a combination of all the conservation practices needed on a farm to provide a good conservation program. Richard Finch and Ed Dishman of the local Soil Conservation Service provided engineering assistance in laying out and checking Tolbert's terraces.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN—In 1876 a wagon with a team of oxen was good transportation in Texas. But on today's city streets and super-highways, the ox wagon would be just a traffic bottleneck.

Some Texans now are saying Texas' 82-year-old, ox wagon-era Constitution is a bottleneck on the road to development of dynamic 20th-century government.

Constitutional revision is not one of the currently sizzling campaign issues. But, quietly and patiently, numerous people in government, in the bar, in professional and civic groups, the press and in private and public educational institutions are plugging away in a make-haste-slowly campaign. Principal objective now is to get Texans thinking about what they want and need in a state constitution today.

Their campaign gained official plying last year when the Legislature passed a resolution instructing the Legislative Council to do research on the subject and report back in 1959. An 18-member citizens advisory committee was appointed to counsel with the legislative study group. Dean Robert G. Storey of the SMU Law School is chairman; C. Y. Mills of Mission and Mrs. Horton Wayne Smith of Austin, vice chairmen; and Dan Moody Jr. of Austin, secretary.

Next meeting of the advisory group is to be held in September. Right now, one member admits that progress toward revision is itself moving at an ox wagon

pace. Reason is that those concerned feel strongly that any action should be preceded by an exhaustive, professional research job. This takes money.

Legislative Council, with a staff of seven, and 11 studies under way, can't go all-out on this one thing, but is doing some fact gathering during the summer. Both Councils and committee hope to get money for the work, perhaps by next year, from the Legislature and/or some private foundation.

Advocates of Constitutional revision advance these points, among others, as reasons for concern:

1. It's a staggering document, 47,000 words long, patched up with 133 amendments. If nine more proposed amendments are approved next November, it'll be 54,000 words. Much of it is re-

garded by lawyers as properly belonging in the statutes rather than in a basic document like the Constitution. Much is cited as totally useless, such as provisions for repelling Indian raids.

2. Like Topsy, Texas' huge conglomeration of agencies, departments, commissions and divisions, "just grew." It's all so loosely put together, say critics, that folks don't know who to blame when things don't suit them. Same indictment is applied to the fiscal set-up. It's a billion-dollar-a-year business, but control is minicameated among many. State has more than 100 special funds, representing about 85 per cent of state revenue. These can't be touched by the Legislature, even if they are not needed for the purpose for which they're earmarked and are desperately needed elsewhere.

3. Another argument made is that increasing concentration of government in Washington can be halted only if state governments are sufficiently vigorous and adaptable to meet people's

changing and growing needs. Some suggest that Texas' present Constitution may be a "strait jacket" on state government.

HIGH COST OF DRIVING
Texas drivers will have to "pay the piper" next year in higher auto insurance.

State Insurance Board has announced that, effective Aug. 1, auto insurance rates will be substantially higher in most parts of Texas. Average hike will be 32 per cent on comprehensive coverage, 19 per cent on liability and 17 per cent on collision. In Dallas County, for example, a policy which now costs \$108 will jump to \$142.

Premiums paid on the old rate schedule have not nearly met accident claims, said Penn Jackson, chairman of the Insurance

Board. He attributed the insurance companies' "tremendous losses" to four factors:

1. An increasing number of collisions.
2. Higher cost of repairing today's swanky cars.
3. Higher cost of hospital and medical care.
4. Generosity of juries in awarding damages to claimants.

Auto owners, said Jackson, must realize they set their own insurance rates by the way they drive. "Our lands - were originally very good; but use and abuse have made them quite otherwise - - We ruin the lands that are already cleared, and either cut down more wood, if we have it, or emigrate into the Western country."—George Washington.

our weekly column is shorter. And please don't spell weekly as in weekly, and most of all don't say the shorter the better. We can't take things like that just before vacation time.

But perhaps we won't run completely out if our friends keep on sending us something. At the 4th of July Barbecue in Clarendon we had the pleasure of meeting Mrs. Joe Ritter who reads after us pretty regularly. We are thankful for both that fact and for the following little prayer entitled Grace For The Farmer. The text was taken from the Breeder's Gazette;

"Heavenly Father, we who plow this Holy Earth and tend your cattle on a thousand hills, we are so thankful that our forefathers called on 'Nature's God'

as they declared their independence of tyrants, but dependence upon Thee. "Creator" who puts fire in the fly, glow in a worm, milk in cows, lean meat in pigs, wool in sheep, eggs in fowls, amble in horses, homing in a pigeon, lyric in the cat-bird, and into us of thine own image breathed the breath of life. may the incense of these tamed flowers be praise for all. "Supreme Judge" we do know that thou wilt weigh us rightly, quick or dead. "Divine Providence" in thee we trust as we go to help our neighbor with his haying—Amen."

We also received a nice letter from Cora Ferris out on Jericho Route from Clarendon. She wanted the names of some folks who are shut-in to correspond with. This is such a wonderful thing and a real blessing will come to anyone who will take time to share the problems of life with someone with more problems than their own.

Another unusual thing from our mail was a letter from a fellow who is bedfast. His name is Oliver Twigg and his address is % Norton Sanitorium at Norton, Kansas. By the way, Oliver at times writes a column for his local paper. The title of his column is Between The Sheets. Isn't that clever According to Oliver it has a double meaning. It was between the sheets of the paper and was written from between the sheets. The sample we received was good. Thanks Oliver.

The following quotes came to us from our good friend Mrs. Pauline Smith of Plainview. She also has an article every once in awhile in Crop & Stock. Thank you, Mrs. Smith.

"Being a wise citizen requires more than knowledge; it takes understanding and tact."

"No matter how handsome or homely we may be, we will always look better when we smile."

"The mind is like the stomach. It is not how much we take into it that counts, but how much we digest."

"A temper is a valuable possession, don't lose it."

Notice of Election

Whereas the petition for the organization of the Hall and Donley Counties Water Control and Improvement District No. One, was on May 26, 1958 duly granted by the State Board of Water Engineers; and

Whereas the directors thereof have qualified by giving bond and taking the oath of office, as required by law and at its first regular meeting held on July 3, 1958 said board of directors duly passed and entered the following order, to-wit:

It is ordered by the board of directors of the Hall and Donley Counties Water Control and Improvement District No. One, that an election be held on the 2nd day of August, 1958 at the gin office in Lesley, Texas in said district for the purpose of voting upon whether or not said district shall be confirmed and for the election of five directors.

Said district is described by metes and bounds in an order recorded respectively in Volume 1, page 5, Water Control and Improvement Records of Hall County, Texas, and in Volume 109, page 561, of the Deed Records of Donley County, Texas, which records are here referred to for a metes and bounds description of said district.

That the polls shall be opened

for such election at the Lesley, Texas, gin office, in said district, and, **QUILLA CLARK, MERLE LEMONS, DOYLE HALL, AND WORLEY HUGHES** being proper persons therefor, they are hereby appointed presiding judge, assistant judge, and clerks, respectively, of said election.

No person shall vote at said election unless he is a qualified voter under the constitution and laws of Texas and unless he is a resident property tax paying voter in said district. All votes of such election shall be by ballot. Voters favoring the confirmation of the district shall place upon their ballots the words "For Confirmation of the District" and those opposed, the words "Against Confirmation of the District". Voters shall vote for five directors, voting for any of the five whose names are printed on the ballot, or crossing out any of the names printed thereon and writing in lieu of the name or names marked out, any other qualified person or persons.

Said election shall be conducted and held in accordance with the laws of Texas for the holding of general elections for State and County officers, except as herein otherwise provided.

On or before five days after such election the persons holding such election shall make in triplicate due returns of all the votes cast, one copy being retained by the presiding judge, one copy delivered to the president of the

district and one copy delivered to the secretary of said district.

Public notice of this order shall be given by publication of a copy hereof, once a week, for three consecutive weeks in a newspaper of general circulation published in each of the counties in which said district is located, the first publication shall be, at least twenty-one days prior to the election and not more than thirty-five days prior thereto.

RECENT BRIDE COMPLIMENTED AT MISCELLANEOUS SHOWER

Mrs. Auford Jay, the former Naomi Allison, was honored at a miscellaneous shower Friday afternoon, July 18, in the home of Mrs. Van Kennedy. Hostesses for the courties were Mesdames Kennedy, Oscar Thomas, J. R. Brandon, Pauline Watters, Tennie Smith, Curtis Mears, Walter Clifford, Otis Naylor, and Miss Gladys Burnham. Receiving hours were from 3 p. m. to 5 p. m.

Guests were greeted by Mrs. Kennedy and presented to Mrs. Jay and her sister-in-law, Mrs. Clifford Allison of McLean. Mrs. Otis Naylor presided at the bride's book where guests recorded their favorite recipe.

Mrs. W. W. Pinkerton entertained with a selected medley of piano numbers providing a delightful background for the afternoon. Mrs. Walter Clifford assisted with the display of gifts.

A blue and white decor carried out the bride's chosen colors. The table was marked with a floral arrangement of blue and white carnations and candelabra with three tall blue tapers. Napkins were also blue. Hostess cookies in various shapes and punch were served. Alternating at the crystal service were Mrs. Curtis Mears and Miss Gladys Burnham.

Approximately forty-five guests registered with an equal number or more sending gifts.

Area Patrolmen Investigate 215 Accidents First Six Months

Highway Patrolmen investigated a total of 215 accidents during the first six months of 1958 in the Pampa substation area comprised of Donley, Gray, Hansford, Hemphill, Hutchinson, Lipscomb, Ochiltree, Roberts and Wheeler Counties, Sergeant E. G. Albers, Jr. announced today.

Of the above total, 8 were fatal accidents, 64 personal injury accidents, and 143 property damage. Sergeant Albers reported a total property damage of \$173,166 with 109 persons injured and 12 killed. This is an increase of 28 accidents and an increase of 3 deaths for the same period last year.

Albers said the Patrolmen in his area contacted 5,881 drivers during this period for the following violations: D.W.I. 33, Speeding 3,081, Improper passing 234, Wrong Side of Road 159, Defective Equipment 1,349, Disregard Stop or Warning Sign 561, and all other violations 464.

"During the vacation months, thousands of motorists are on the highways, and too many of them are intent on cramming as much activity as they can into one brief vacation," Sergeant Albers said. "The result is often tragedy."

He cautioned vacationers to be on their guard against speeders, drinking drivers and drivers who disregard traffic laws. Traffic accidents take no vacations, so to stay safe, step up your vigilance on the roads, and slow down and live.

Sergeant Albers also urged all motorists to check the expiration date on their driver's license to see that it has not expired. Patrolmen in this area are going to increase their activity in regard to drivers' license checks.

Mr. and Mrs. Don D. Thornberry announce the arrival of a son, Tuesday, July 15. The young man weighed 8 lbs. 14 oz. and has been named William McClellan Thornberry. He is the grandson of Mr. and Mrs. John McClellan and Mr. and Mrs. W. C. Thornberry.

THE LIONS DEN
or
The Roar of the Lions
By the Liontamer

Tuesday's Luncheon meeting of the Clarendon Lions Club was very inspiring and encouraging, to all the officers and members of the club. The largest number of members were in attendance as well as the largest number of guests since the beginning of summer vacations. The spirit of the members was high and the enthusiasm was bubbling over. As a result of difficulties beyond his control, the Program Chairman had no formal program for

the meeting. This turned out to be a blessing disguise, because the membership present disseminated information pertinent to the welfare of the community, and problems directly affecting the County were presented to the Club as well as some timely announcements.

Cap Morris of the Soil Conservation Service pointed out the economical result of the compliance of the land-owners of Donley County, in not making immediate application for Conservation practices, that will enhance the future value of the land and will be paid for by a recent allocation of funds under the current Great Plains Soil Conservation Program. Every Land Owner should make inquiry at their earliest convenience to

Bill Swindle of the Donley County office of the Soil Conservation Service.

John Gillham very modestly reported on the State F.F.A. Convention of last week where in six of our local F.F.A. members received signal honors as well as one Agricultural Scholarship given by the Santa Fe Railroad. This scholarship went to Doyce Graham, one of the outstanding young agriculturists of Donley County, and one of the most deserving young men that it could be bestowed upon.

Boss Lion Jr. Spier read to the meeting the contents of a telegram which was received just before the meeting from our Congressman Walter Rogers, informing us that the tireless efforts of the Chamber of Commerce Housing committee has been rewarded with success and that initial planning funds have been made available to do the planning work toward the erection of 16 units of low rental housing in Clarendon.

The Club hosted the following guests at the Club's luncheon

meeting: Chas. Heironimus, a student at Texas Tech, grandson and guest of Odos Caraway; Jerry Hawkins, an assistant to John Gillham in the F.F.A. department of High School, who was recently employed by the Clarendon School Board, guest of Lion John Gillham; Don Fleming of Amarillo, Insurance Special Agent, guest of Mike McCully; Teddy Graham and Jerry Bones two of our most promising Future Lions attended as guests of their fathers.

The kitchen staff went all out in preparing a marvelous meal, the membership expressed their appreciation of it by over consumption, and the tail twister kept everybody happy. A few more meetings like this and more tables and chairs will be in order.

CARD OF THANKS

I wish to say Thanks to all who remembered me in any way during my recent illness. May the Lord richly bless each of you for this kindness.

Mrs. J. N. Weaver.

Mr. and Mrs. Tommy Blasingame of Las Cruces, N. Mex. are the parents of a daughter born Wednesday, July 16, at Adair Hospital. The little miss has been named Meliane Ree. Meliane weighed 6 lbs. 9 oz. and is the granddaughter of Mr. and Mrs. Roy Crutchfield of Clarendon and Mr. and Mrs. Tom Blasingame of Claude.

Van Kennedy, Mrs. Pat Bagwell of Claude, and Mrs. Will Kennedy were in Wichita Falls Friday where they attended funeral services for Benton Teafettiller Friday morning. Mr. Teafettiller was a Ft. Worth resident.

Visitors in the home of Mr. and Mrs. L. T. Whitlock and Larry in Amarillo Sunday were Mrs. Faye Scoggins and Mrs. Mattie Tyree of Phoenix, Arizona, Mr. and Mrs. David Patterson and Marcie of Canyon, and Mr. and Mrs. G. W. Estlack of Clarendon.

Mr. and Mrs. Jack Eads are the parents of a son, Donald Edward Eads, born Sunday July 20th. He weighed six pounds. The grandparents are Mr. and Mrs. Edd Mooring of Clarendon and Mrs. W. A. Eads of Wellington.

The Governor of Texas has tendered the appointment of Geologist for that State, to Dr. Geo. G. Shumard, of this city. The Doctor will accept the appointment, and will leave here in a few days for Austin, Texas to enter upon the duties of his office. Dr. S. has made himself a great reputation as a geologist, while out on the exploration of Red River with Capt. Marcy, and under Capt. Pope, in his search for water on the Llano Estacado. He has done more towards developing the character of the country west of us, in a geological point of view, than any other man, as the various reports published by the United States, fully prove.

By a decree of the government of Tamaulipas, dated at Matamoras on the 21st inst., the following export duty has been laid upon the different articles mentioned below:

Horses \$2 per head, mules \$3. Mares and asses \$3, oxen, bulls and beef cattle, \$150 cts., cows and calves \$150 cts., sheep and goats, with or without young, from 33 to 37 cents.

Our friend J. J. Studer has again laid us under obligations for five varieties of delicious grapes, of which we think the malaga superior to any we have ever seen.

There may be those who believe, that the bringing of these productions to the editor is a mere bid for a matter of course puff. Not so. "The man who makes two blades of grass grow where but one grew before is a real benefactor." The ambition then to spread the knowledge of the capabilities of the country, for producing the comforts and luxuries of life, is a worthy one.

The Uphsar Democrat says a man was found hanging in the woods near that place. The words Horse Thief were written on a

paper which was pinned to the body.

The Galveston News goes into ecstasies over the iron-front stores of Messrs. Wood and Rosenberg. They are indeed, model houses.

We have not before noticed the death of James Knight, an old citizen of Fort Bend county, and a good client of the editor of his day.

Congress passed an act changing the time of holding the spring term of the district court of the United States for the western district of the State of Texas, at Tyler, from the first Monday in March of each year to the fourth Monday in April.

What has become of the appropriation for building federal courthouses in Texas?

The people of Travis, friendly to an extension of the railroad from Brenham to this city, held a meeting on Saturday evening and a committee was appointed to report resolutions, after which the meeting adjourned till Saturday evening next. Judge W. S. Oldham was deputed to go around and ascertain what amount would be subscribed by our citizens, and we are informed by him that \$18,000 were readily promised. This is a good beginning, and all must be in attendance at the next meeting.

Our Railroad is progressing finely. A lumber car goes out betimes every morning freighted with ties and drawn by several yokes of stout oxen. — There is no locomotive as yet, on this side of the river. At the river side is a piledriver sticking pegs, and literally walking across the water on stilts, alas piles. It is a unique way of crossing a river with a train, but judging from the commencement of the work, we think it may do — at least until the next big rain.

BILL BLAKLEY Texas like a public official who is independent in his thinking and doesn't have to account for his actions to anyone except the voters themselves. William A. Blakley is such a man. Of his race for U. S. Senate, the Port Arthur News says: "He entered this race by his own decision. He is beholden to nobody. He doesn't have to promise special interest groups anything and he wants to represent all of Texas, not any political splinter or fragment or faction above the rest..." A vote for Bill Blakley on July 26 is a vote for returning to Washington a man who will truly represent Texas. BILL BLAKLEY for U. S. SENATE (Pol. Adv. Paid for by Jim Blundell)

THE COUNTRY EDITOR

By H. M. BAGGARLY
Publisher, The Tulia Herald

ONE OF THE most vital races in Saturday's Democratic primary is that of State Senator. There is much more involved than mere personality. Since the issues have been clouded by gossip, slander, false rumors and even defamation of character, the voter has a tremendous personal responsibility to sift truth from fiction, prejudice from objective appraisal, and fact from fancy.

WE ARE NOT supporting Senator Andy Rogers, the incumbent, because we think he is perfect, because he has pleased us all the time, because we think he is the only resident of the 30th Senatorial district capable of serving with ability and integrity. We are supporting him because he towers head and shoulders above the two men who now seek his place in the Senate. So completely objectionable are the other two men, in our opinion, that we would have to scratch both names if the name of Senator Rogers did not appear on the ballot.

HERE ARE SOME of our reasons for having to support Rogers. He is the incumbent, having served only one complete term in the Senate, and it is our belief that an incumbent deserves re-election unless there is a good reason why he should not be re-elected. In the case of a Senator, seniority is of utmost importance. It would be extremely unwise for a district to throw its seniority in the Senate to the wind. Senator Rogers already has the job. We owe nothing to a person, even a friend, who covets the job of his neighbor.

Secondly, anyone who studies Rogers' record carefully will soon find that he thinks like the typical resident of the 30th district. We have not always seen eye to eye with Rogers on every issue that has come up, in fact, on occasion we have attacked some of his decisions editorially - but we have approved his actions in a huge majority of cases. In voting, our choice is not to select the perfect candidate, according to our own specifications—our choice is to vote for the man who most nearly reaches perfection.

While Senator Rogers' batting average in the Senate is high, in our opinion, the voting records of his opponents are completely unpalatable in too many instances.

ONE OF ROGERS' opponents has represented big business interests, including the utilities monopoly, much more effectively than he has represented the farmers and smalltown businessmen of the 30th district.

The other man in the race, when he was in the Legislature, voted for exempting utility companies from the license fee (required of other appliance dealers) for the privilege of selling gas and electric appliances, parts and repairs in towns of 3,000 or less. He voted for a two per cent gross receipts tax on soft drink bottlers which Gov. Shivers offered. It was adopted 15-14, so his was the key vote. Later, the Senate reversed itself and killed this tax. He also voted to table Aikin's effort to reduce this bottler's tax to one per cent. Then Aikin tried to exempt milk from the bottler's tax and this candidate voted not to exempt milk.

THIS CANDIDATE introduced a bill to give the state a first lien on any property owned by old-age assistance recipients and to require that it be foreclosed on their deaths and the state welfare department would get back all they had been paid. This idea has been pushed by anti-pension folks ever since. He also introduced a bill regulating sale, distribution or possession of oleomargarine which hurts every cotton farmer. And most objectionable of all, he supported a two per cent state income tax proposal.

This is to say that Senator Rogers, the incumbent, is much better qualified to serve an agricultural district than either of his opponents. Ask any informed farmer who is familiar with REA and other major farm problems. Ask informed leaders of any farm organization who have had occasion to make trips to Austin in the interest of farm problems.

IN THE THIRD place, we would have to vote for Andy Rogers because the special interests groups, the gas pipeline group, the utilities monopoly, the anti-farm group, those who would like to have federal and state control of underground water, those who consistently try to keep the lid on Austin scandals, those who do not want practitioners of the healing arts controlled or licensed by the state, those who have proved themselves enemies of the Farm to Market road program, those who abhor independent thinking, those who try to tell legislators to get on their team or else they will have to smear them, all have combined to try to move heaven and earth to defeat Senator Rogers. Rogers has been threatened by these interests which warned him not to run. He was told to be a good boy, to go back to Childress and settle down, and he wouldn't be hurt by the character assassins and gangsters who have a great deal of influence in Austin.

Perhaps Rogers would have retired to go back to Childress and make a living for his family had he not been threatened as he was. But there is something in a red-blooded American that causes him not to yield to gangster tactics. So Rogers defied the warnings. We need more men like Rogers in Austin, men who will put principle above politics, men who will not sacrifice honor for expediency. Men like Rogers are and will be in a minority for some time, but at least they will speak out against corruption so we can hear. To fail to re-elect Rogers would not be a step in the right direction.

AND FINALLY, even if we did not have the reasons mentioned above for supporting Rogers, even if we did not believe him to be the best man intellectually, morally and spiritually, we would have to support him because of the campaign techniques used by his

opponents or supporters of his opponents.

This race, from the time it started with the mailing of anonymous smear literature, has been one of the filthiest races in the history of Texas politics.

We have had "Fort Arthur" type stories in circulation almost weekly since early spring. Some of the false stories planted here and there have been petty. Others have been outright libelous. They include, for example, the testimony of a former medical doctor who lost his license, who has served numerous terms in penitentiaries in several states including Florida, Maryland and Oklahoma, who is at present under indictment for performing an abortion in a Dallas tourist court, who perjured himself when under oath he voluntarily made statements a week apart in direct conflict, who was convicted three times for being a confidence man.

Yet there are those having an interest in getting Rogers out of the Senate who produce a completely false statement signed by this character in trouble up to his neck which they expect people to believe in preference to the word of Senator Rogers, other members of the Legislature, official records in Austin, and even newspapers and public officials who have not been particularly friendly to Senator Rogers. And, strangely enough, one of the men attempting to unseat Senator Rogers served on the House investigating committee and would have had access to the official records which, had they contained information adversely affecting the senator, would have made a perfect rope with which to hang Rogers. Yet, instead of bringing about the prosecution of Senator Rogers, had there been any basis for doing so, he does nothing about it. Either this man is guilty of negligence of duty or the whispered charges against Senator Rogers are complete fabrications.

ALL OF THESE false stories, planted and distributed, appeal only to "the moron vote" because of their utter absurdity.

As a Tulia pastor told us when we showed him some of the smear literature now in circulation against Senator Rogers, "When I see something like that, it spurs me on to vote for the man who has been slandered and wronged."

ARE WE TO assume that Rogers' opposition has so little to offer the voters of this district that they must base their campaigns on such things as the testimony of an ex-con, and a several-times loser, and also other stories of equal veracity?

Andy Rogers' life is an open book. If there exists adverse information concerning his character not available to the public, certainly it has been available to those trying so hard to discredit him. They have proved during this campaign that they have keys to many doors in Austin.

The issue in this race is Andy Rogers and his record Vs. a cess-pool full of slanderous accusations. Let all honest men and women of the district turn a deaf ear to vile gossip brought out during the closing hours of a political campaign.

Don't fall for literature and whispered reports published for morons.

FARM NEWS

from the County ASC Committee

NOTICE OF EXCESS COTTON

Notice of measured acreage for cotton are mailed every Friday. If your farm has excess cotton, be sure and check the date of disposition, you only have 15 days to destroy the excess and pay your recheck fee at the County Office.

WOOL

All wool payments have been made for the 1957 Marketing Year for application turned in to the ASC office.

Application will be taken for the 1958 marketing year, May 1, 198 through April 30, 1959.

ACREAGE RESERVE LAND

Several inquiries have been made about the control of noxious weeds on Acreage Reserve land (cotton and wheat). The

weeds to be controlled on this land are sunflowers, cocklebur, Russian Thistles, bindweeds, and dodder.

COMPLIANCE AFFECTS FUTURE WHEAT ALLOTMENTS

Farmers who comply with their 1959 farm wheat acreage allotments will receive credit for the acreage "diverted" from wheat production this year in establishing future wheat allotments, Mr. Springer, County Agricultural Stabilization and Conservation Committee, pointed out today.

He explained that legislation enacted in recent years provides that a farm's "base acreage" shall be used as the wheat acreage history for 1959 and future years if the farmer complies with his wheat acreage allotments. The farmers who exceed their farm's wheat acreage allotment in 1959 will be credited only with the allotment in the determination of future allotments.

NATIONAL FARM SAFETY WEEK—JULY 20-26

The President of the United States has proclaimed the week beginning July 20, as National Safety Week and requests all persons and organizations interested in the welfare of farm people to participate in its observance. The National Safety Council and the U. S. Department of Agriculture are sponsoring National Farm Safety Week cooperation with the State Agricultural Extension Service, farm organizations, the farm press, radio, television and other groups furthering safety for farm people.

The theme of National Farm Safety Week this year is, "When you work for Safety, Safety works for you." Let us do our part fully to work for safety in agriculture and strengthen educational assistance for the safety of farm people.

Auto Accident Delays Leroy Saul's Visit Here

Leroy Saul, candidate for State Senator, who was scheduled to meet here Monday with local citizens interested in the Greenbelt Dam, was unable to make his appointment as his parents at Kress were involved in a car accident earlier Monday. Also injured in the accident were Mr. and Mrs. L. H. Denny, also of Kress. Mr. Denny is one of Mr. Saul's ardent supporters in his race for the State Senate.

Mr. and Mrs. Bennie Darnell of Amarillo spent the week end with his parents, Mr. and Mrs. Pete Darnell.

George Nokes Says People of Texas Ready For Change

WACO—Former Senator Geo. Nokes this week predicted that he will win a big majority over the incumbent Lieutenant Governor who is now seeking a 5th term. Nokes said: "The people of Texas agree with me that it is time for a change, and are not going to elect a man for a 5th term for Lieutenant Governor."

Nokes also endorsed the Texas Press Association Legislative Program, and came out strongly against secret sessions in the State Senate.

Nokes is a former member of the Legislature and is now a Waco attorney. He has a wife and three small children.

Jan Poindexter of Corsicana is visiting her grandparents, Mr. and Mrs. John Bass, and other relatives.

Mr. and Mrs. Dick Spaulding of Whitesboro were week end guests in the home of Mr. and Mrs. Dick Cooke.

HELLO FOLKS,

When . . . we are finally going to get open July 25. I'd about given up hope of ever getting all the equipment I wanted. I can remember when my Mother got her new washer with the putt-putt motor. It was one of the first in the community and there was a right smart of speculation whether it would get the dirty overalls clean. Most folks thought the old rub board couldn't be beat. How many of you use one now?

Many people have asked me what a Coin Operated Automatic Laundry is, and how to use them. I decided the best way was just to show you. Bring your family washing Friday or Saturday, July 25 & 26th . . .

And I Will Wash and Dry It FREE

Time 8:30 to 5:30.

We have 20 coin operated washing machines. These are top loading agitator type. They will wash clean a 10 lb. load of dirty clothes for 25c.

We have 4 large Hammond Dryers that will dry 3 washer loads of clothes. The dryers are operated with a dime. In other words if you have two washer loads you wanted to dry put in two dimes.

We have a folding table for you to fold your clothes. In a little over one hour your clothes are washed, dried & folded. It's cool in our laundry.

Another thing you will enjoy . . . you can wash anytime during the day or night.

WE NEVER CLOSE.

You can wash at the time most convenient for you.

For you working girls this may be on Saturday, or during the noon hour.

For you girls with small children this might be when Hubby gets off work to watch the kids.

I don't know how or when you will want to wash, but if you have 4 loads of clothes use 4 machines. Add the usual amount of your favorite soap, then you can sit and relax for thirty minutes.

If you need to go shopping, come back in about half an hour and your clothes are washed.

If you want to dry, transfer to the dryer then go have a cup of coffee with the girls. The dryers and machines cut off automatic when they have completed their cycle.

Don't forget . . . bring your soap and dirty clothes July 25 or 26, wash and dry them FREE. Time 8:30 to 5:30. Across the street from the Donley County Leader.
