Public Schools Will Conduct Annual Clothing Drive For Needy Children

The week of December 2nd through 6th has been designated as World Clothing Week and public schools all over the nation have been asked to participate in the drive. It is a nation-wide campaign to raise 3 million pounds of used clothing, shoes and bedding for orphaned and needy children and adults in the United States and overseas. World Clothing Week is conducted by schools in cooperation with the Christian Children's Fund, Inc., an international charitable organization which assists orphaned and other needy children in the United States and thirty-three countries overseas.

Superintendent of Schools W. W. Pinkerton stated that he expected World Clothing Week to be one of the finest service projects ever conducted by the Clarendon Public Schools. The clothing collected is used in handicapped areas of America by the Christian Children's Fund to help needy children, some of whom can't even attend school regularly because they have no coat or shoes. Also, free clothing and bedding is distributed during disaster emergency situations. Literature will be passed out to students to take home explaining the purpose of the drive and asking cooperation of parents and friends.

The Christian Children's Fund reports that good used clothing is one of the most vital needs of children and adults the world over. Through World Clothing Week, the school children of Clarendon can see to it that many needy boys and girls will be warmly clad this winter. At the same time, Mr. Pinkerton stated, our young people will be learning a valuable lesson in humanity and experience the joy that comes with sharing with those less fortunate. It is hoped that the citizens of Clarendon will get behind the schools in this effort. Send all types of wearable infants, children's and adult clothing and shoes to school during World Clothing Week.

Watch next week's paper for further instructions as to where and how to send the clothing.

Earl Eudy of Sacramento, Calif. and Mr. and Mrs. Ernest Eudy and family of Amarillo visited last week with their mother, Mrs. John Watters.

JUNIOR CLASS TO SELL HOT DOGS SATURDAY

Members of the Junior Class will add spice and drink to the weekly Harvest Day drawing Saturday by offering hot dogs and soft drinks for sale from 11 a. m. until after the drawing time.

The money derived from the sale will go into the Junior-Senior banquet fund.

Union Wildcats To Play Mobeetie In Bi-District Game At Pampa Friday Night

A football game of interest to numerous fans in this area will be played at Harvester stadium in Pampa Friday night at 8 o'clock. The game, a bi-district affair, is between the Union Wildcats of near Brownfield and Mobeetie. These are six men teams instead of the usual 11 and are much faster than the games most of us have an opportunity to see.

Kenneth Sams, a former Clarendon Junior College basketball star is coach of the Union Wildcats. His team hasn't lost a game so far this year and will be putting out their best in order to advance to the regional finals. The Mobeetie team has been the top team in this bracket the past several years and Sams is looking forward to this chance of removing that honor.

Last Rites Held Sun. For Mrs. J. W. McPherson

Funeral services were held Sunday afternoon in the Hedley Methodist Church for Mrs. J. W. McPherson with Rev. J. S. Tipton and Rev. Melvin R. Mathis officiating. Burial was in Rowe Cemetery, Hedley.

Mrs. McPherson 75, died Saturday morning in her home at Hedley following a lengthy illness. She had been a resident of Hedley 40 years.

Survivors are five daughters, Mrs. Audie Stewart, McLean, Mrs. Jewel Quisenberry, Mrs. Ruby Stanley and Mrs. Opal Blackwell, all of Amarillo, and Mrs. Verlin McCracken, Pampa; three sons, Bryan of McLean, Virgil of Hedley and Winfred of Amarillo; 21 grandchildren and 21 great-grandchildren.

Baptist Brotherhood To Meet Friday Nite

The regular monthly meeting of the local Baptist Brotherhood scheduled for tonight has been postponed until tomorrow night, Friday, November 22nd to avoid conflict with other activities.

Former Resident Buried Here Tuesday

Funeral services for Scryll Aduddell, age 50, of Amarillo were held Tuesday morning in Blackburn-Shaw Memorial Chapel with H. L. Gipson and Rev. Hal Upchurch officiating. Grave-side rites and burial was in Citizens Cemetery here.

Mr. Aduddell, who spent his boyhood days in Donley County, died in Amarillo Saturday night. His death was attributed to a heart attack.

Local Firms To Close For Thanksgiving

Thanksgiving is one of the four holidays observed here as a closing date. Local business firms will close November 28th in observance of this occasion, so everyone is reminded to do your shopping ahead of time so no one will be inconvenienced.

Lions Club Youth Project Announced

The Clarendon Lions Club will conduct an all-out drive from 2:00 P. M. to 4:00 P. M. and from 6:30 P. M. to 8:30 P. M. Thursday, December 12 to sell electric light bulbs to residents and business concerns, according to an announcement made last Tuesday at the Club Luncheon by Liontamer Abel. Every cent of the proceeds will go to the Youth Health, Welfare and Recreation Program being carried on by the Club.

The bulbs will be sold in bags, each containing four 100-watt, four 60-watt, and one 150-watt light bulb -- at the regular price of \$2.03. Every householder can use light bulbs, and this drive affords an opportunity to buy a good supply, while helping a most worthy cause.

The entire membership of the Clarendon Lions Club and the High School and College Youth have been organized to supply friends and neighbors with bags of bulbs. Lion Clubs in other cities have had excellent results with similar bulb sales, and Boss Lion Homer Estlack expressed his confidence in the success of this fund-raising campaign.

Services Held Saturday For Sandra Trout

Funeral services were held for Sandra Jeanne Bowling Trout Saturday afternoon at the First Baptist Church with Rev. Hal Upchurch and Rev. W. F. Vanderburg officiating.

Sandra Jean, 17, died Thursday morning in an Amarillo hospital. She was a former resident of Clarendon and had lived in Amarillo with her foster parents, Mr. and Mrs. George Trout for four months before her death. She was born May 28, 1940 here.

Survivors other than the foster parents include the parents, Mr. and Mrs. A. E. Bowling; a brother Gary Lee Bowling and a sister Vicki Bowling, all of Fort Worth, and the grandfather, Homer Bowling of Lelia Lake.

Leader To Be Published Day Early Next Week

The Leader will be published a day earlier next week on account of Thanksgiving and the fact that there is no rural mail delivery on that day. The last press run will be made late Tuesday afternoon and the papers will be put in the mail for delivery Wednesday morning.

This early publication will necessitate early news and advertising copy. All rural correspondents are asked to get their items in Monday morning and all other news and advertising copy must be in no later than Monday afternoon. Your cooperation will be appreciated.

Thanksgiving Holidays For School Students

According to Supt. W. W. Pinkerton, the Clarendon schools will turn out at 3 o'clock Wednesday, November 27th for the Thanksgiving holidays and resume studies at the usual hour Monday, December 2nd.

The Ashtola Needle Club will hold a bake sale at Junior's Food Market, Wednesday, November 27th. The sale will begin at 9 a. m. Pies, cakes and cookies will be featured and the ladies are inviting the public to choose their Thanksgiving baking needs from their wide selection of items.

Top Rated Stock Secured For F.F.A. Projects

Bobby Lee, Lelia Lake Vocational Ag Instructor, and local Instructor J. R. Gillham returned Monday morning from a nine day trip into Missouri, Illinois, and Iowa to secure top breeding and feeding animals for their F.F.A. boys project programs. 254 head of barrows, boars and gilts were returned to Donley County for the youths at Lelia Lake and Clarendon.

Poland Chinas were the most popular selections, but a number of Hampshires, berkshires, du-rocs, yorkshires, chester whites, and spotted Poland Chinas were also selected. The boars and gilts selected were from some of the top breeding herds of the entire United States, and should help the local youths maintain the high standard they have set in their livestock projects.

Services Held Friday For Mrs. Wilburn

Funeral services were held Friday afternoon in the First Baptist Church for Mrs. Bertha Carter Wilburn with Rev. W. F. Vanderburg officiating.

Mrs. Wilburn, 67, died last Wednesday morning at the home of her brother, L. E. Thompson. She was a resident of Dallas prior to moving to Clarendon some five years ago. She was a member of the First Baptist Church here.

Survivors include one daughter, Mrs. Ann Owens of Fort Worth; one son, George Carter of Fort Worth; two sisters, Mrs. Byron Baldwin of Memphis and Mrs. Joe Brown of Tyler; and four brothers, L. E. and George Thompson of Clarendon, E. P. Thompson of Memphis and C. O. Thompson of Breckenridge.

DONLEY FARM BUREAU TO SPONSOR COVERED DISH SUPPER

The Donley County Farm Bureau will sponsor a covered dish supper at the Lelia Lake school house on November 25th starting at 7:00 P. M. Dane Perdue, the newly elected president of the Donley County Farm Bureau is urging every one to attend whether you are a Farm Bureau member or not. The only requirement is that every one attending bring a covered dish. A good program is planned, so be sure to be on time and bring that covered dish and have a good time with everyone present.

SERVICES HELD SATURDAY FOR MOORE INFANT

Funeral services for Cissy Louise Moore, 10-day old daughter of Mr. and Mrs. Gordon Moore were held Saturday afternoon in the Murphy Memorial Chapel with Rev. W. F. Vanderburg officiating. Cissy Louise died in the Groom hospital last Friday afternoon.

A Thanksgiving Festival, sponsored by the Parent-Teacher Association will be held at the Elizabeth Stevens school and Jr. High School tonight, Thursday, November 21st. The cafeteria will open at 6:30 to offer sandwiches and treats of all kinds for sale, so come, have your fill of eats and treats.

At 7 p. m. in the Jr. High Gym, the first grade classes of Mrs. Mears and Mrs. Brandon's will present the play, "Ferdinand, the Bull." The sixty-four children in the various parts they will be characterizing, are looking forward to a large attendance at their first production on the stage. The cafeteria and other rooms which will have booths will be closed during the presentation of the play as there is to be only one showing. The admission is 25c for adults and 10c for children.

Booths in the rooms will be as follows:

- 2nd grade—Mrs. Hendrix: "Choose a Number"
- 2nd grade—Mrs. Johnson: "Grab Bag"
- 3rd grade—Mrs. Moore and Mrs. Guy: "Fishing"
- 4th grade—Mrs. Gilbreath: "Darts"
- 4th grade—Mrs. Barrow: "Hobby Show"
- 5th grade—Mrs. Donald: "Cake Walk"
- 5th grade—Miss Mongole: "White Elephant"
- The Pep Squad and Football boys will provide a booth for "dunkin'", in straw, of course.
- While in the gym, various rides on unusual vehicles will provide fun for the pre-school age. Games of 42 and dominoes can be played in the gym while the small fry have fun at the various attractions.

So come one, come all for fun, frolic and food at the Thanksgiving Festival at the grade and Jr. High schools tonight, November 21 at 6:30 p. m. til 7. We'll be looking for You!—Reporter.

March For Muscular Dystrophy Here Monday Night

The members of the Clarendon Volunteer Fire Department, assisted by members of Mu Gamma Chapter of Beta Sigma Phi, will March for Muscular Dystrophy here next Monday evening, Nov. 25th.

These workers will canvass the town for donations in this National drive at that time. All who wish to contribute are asked to turn their porch light on so it will be burning between 7 and 7:30 P. M. so the workers will know where to stop.

This drive is made annually to raise money for research into this crippling and fatal disease which afflicts more than 200,000, and most of them children.

At a meeting of the Great Plains Conservation County Program Committee in Clarendon Friday, Nov. 15th, the practices for which the cost can be shared under the program were selected. These practices and the percent of cost share of each have been sent to the State office for approval.

Those attending the meeting were: James G. Gould, Soil Conservation Service Representative, Ross Springer, Chairman of the

Donley County ACP Committee, James D. Gouldy, Farmers Home Adm. Representative, and C. B. Morris, Chairman of the Donley Soil Conservation District Board of Supervisors. Flip Breedlove, County Agent, had a previous engagement and could not attend.

The practices selected, and the percent of the average cost to be shared by the Government were: Initial establishment of a permanent vegetative cover—80%; Initial establishment of field strip-cropping—80%; Initial establishment of contour strip-cropping—80%; Improvement of vegetative cover on rangeland by artificial seeding—80%; Initial establishment of a stand of trees or shrubs on farm or ranch lands for windbreaks, shelterbelts, erosion control, or other purposes—80%; Initial establishment of permanent sod waterways—80%; Terracing—70%; Diversion terraces—70%; Chiseling or pitting non-crop grazing land—50%; Erosion control dams—70%; Constructing drop spillways, pipe drops, or similar structures—70%; Constructing spreader ditches or dikes—70%; Reorganizing irrigation systems—50%; Leveling land for more efficient use of irrigation water—50%; Constructing, enlarging, deepening, or lining dams, pits or ponds for irrigation water—50%; Constructing wells for livestock water—50%; Constructing dams for livestock

water—50%; Installing pipelines for livestock water—50%; Brush control—50%; Constructing permanent fences (cannot be on farm boudry or between pasture and cropland)—50%.

The Great Plains Conservation Program is not an emergency program. It is a long range conservation plan based on proper land use and complete land treatment. Participants in this program must plan a complete conservation job on their farms or ranches. It will include using all land within its capabilities and treating it in accordance with its needs.

Cost sharing will be based on the average cost of applying a conservation practice. Cost shares are intended to speed up the application of all needed practices to a farm or ranch. It is not intended that this program replace any

other program now in effect.

Soil Conservation Service personnel assisting the Donley SCD will assist farmers and ranchers in preparing the necessary plans to participate in the Great Plains Conservation Program. Application forms have not been received locally, but should be in by early December, and will be available at the ASC office, the Soil Conservation Service office, the FHA office, and the County Agents office.

FLOWIN' Out the CORNERS Uncle Zeb

Several have requested that we tell something about our recent trip to the Convention in Laredo which included a short stay in the town of Monterey, Old Mexico. All of you now how we love to go to new places and meet new folks and see new things. Once we get started it is always hard to find a stopping place in talking about our trips. The last one always seems almost the best.

One could not mention the trip down to Laredo without saying a

passing word about the little city of Uvalde, Texas. This is the home town of John Nance Garner among other things for which they boast. My wife almost wanted to stop there and have a Convention because of the beautiful trees and flowers. She loves trees and more trees and can hardly stand to see one cut down under any condition. She just knew that her kind of folks must live in Uvalde because it didn't seem that trees were ever cut down by anyone. The thing that made one believe this was the fact that right in the middle of the paved streets stood tall and stately trees; some in the middle and others near the edge of the paving. This of course was in the residential streets but we nowhere had seen streets paved around trees. Anyway, it was beautiful.

Laredo is not so beautiful but rather we would say unusual. They claim to be the oldest town in Texas, but we thought the history books used to teach otherwise, but we didn't argue. Perhaps some early settlement was counted by one and disputed by another. 85% of its 60,000 people are Mexican, and of the 40,000 across the border in Nueve Laredo almost all are Mexican. The two cities seem to work together harmoniously on their mutual

problems. The friendliness of Laredo was a wonderful experience. The welcome mat was really out. Even the traffic cops were all smiles in spite of the over time parking.

The convention was all tied in with a tour into Old Mexico all the way down to Monterey a distance of nearly a 150 miles. The country in between you could give back to the Indians, but in Monterey itself we could find enough to write a book about. Of course some good and some bad.

Some of the good things would be the rare beauty of many of the buildings; especially the Catholic churches and schools which spare no ends in building to the last detail. Many of the old buildings such as the old Bishop's Palace that was a fortress during many battles and still shows the bullet marks. It has been restored and preserved and houses a museum of Mexican history. It was here that I was reminded that Monterey was once the capitol of the northern province of Mexico of which Texas was a part. The present state capitol and many many other sights thrill us with their unusualness.

On the other side we would have the open markets which because of the filth and flies almost take ones appetite. Every time you see food you want to ask if it

came from one of these markets. It is here also that you find everything under the sun for sale. And the owners willing to "make you a good price", and to "Bargain with you" very soon help us part from our Mexican money which when we first received from the bank at 12 1/2 for one looked like a fortune. When four of us ate and they gave me the check for \$118.00 we almost fainted for fear they did mean American money.

We would like to know more about their country. We know it would be likely that our impressions would be wrong about many things. Here in America we are conscious of our great middle class of people who are the real America. We buy, and work and own and control just about everything. There you feel that all the wealth is in the hands of a few and that the masses are mostly poor. On all sides we see poverty and begging. The little children begging seemed the worst of all to us. One little girl was pleading with us alongside the hotel at about nine o'clock at night. A boy just a bit larger gave her a shove and informed her to vamoose. He

thought we were his prospects. We were afraid to interfere.

But we know so many things depend on understanding. We were assured by many of those from America that have gone there on vacation and wound up living there that a lot depended on understanding. In the country we could still see the ox-team. In the cities we would see buggies and wooden wheel carts. Bicycles were a popular way of travel. But the people are advancing perhaps faster in the last few years than ever before.

Our guide showed us the large government owned hospitals. They have socialized medicine. He explained that there was no other way that the majority of the one half million people in Monterey could have care. We wonder just how far away this

thing is from us. In this article we could only scratch the surface of so many experiences. And as we boarded the bus to come home from Monterey and found that among the 40 passengers on our bus no one could change a dollar we knew for sure that we had enjoyed ourselves.

The 58 FORD is here now...

there's nothing newer in the world

There's bold, new styling—new Interceptor V-8 Power—new Cruise-O-Matic Drive—new Ford-Aire Suspension! The 58 Ford is the only car ever to meet a world-wide test and win world-wide approval before its public premiere!

You could search the world over and never find a car to match this 58 Ford's new beauty... new power... new ride... all at the low Ford price. We know! We tried it!

In Paris... the most style-conscious fashion critics in the world had a deep, low bow for Ford's latest style creation. In the mighty Himalayas, Ford's new Interceptor V-8 engine with Precision Fuel Induction won the day!

Then there's nothing newer than the true air ride of Ford-Aire Suspension. It's like riding on a cloud! But, you don't have to go to foreign soil to drive this newest Ford. We'll gladly save you the trip. Come in today!

From London to Bangkok... the whole world loved it!

The 58 Ford stopped traffic in Trafalgar Square when it passed through on its round-the-world trip. And that was typical of the excitement this Ford caused in Paris... Rome... Athens... Istanbul... Calcutta... and Bangkok. For this Ford was proved around the world in the toughest "shakedown" cruise in history.

With all that's new for a world of difference

You'll ride in a new world of fashion with Ford's deep-sculptured styling. From new Power-Flow hood to Safety-Twin taillights, Ford's world-ahead styling is a stand-out! There's a new Slipstream roof... a new Sculptured rear deck that's out of the world.

You'll be ahead with Ford's new Interceptor V-8 and Precision Fuel Induction. Gives you up to 300 hp. Smoother power... more power... from less gas! The secret is Precision Fuel Induction, a new carburetion, fuel feeding, and combustion system.

You'll get up to 15% more gas savings with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D1 position, used for normal driving, lets you move smoothly—with a touch of your toe—from solid-feeling take-offs right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with Ford-Aire Suspension. This is the way you've dreamed of driving—floating on air! Four air pillows literally soak up any sign of a bump. Car reveals every time someone gets in or luggage is loaded.

You'll steer with a feather touch with Ford's new Magic-Circle Steering. Nothing rolls like a ball, and that's the secret of Ford's handling ease. Free-moving steel balls in the steering gear are virtually friction-free—give you the closest thing yet to power steering!

Your night driving is safer with Ford's Safety-Twin Headlights. You get safety you simply can't get with single lights... special light for high beam... special light for low. It's the biggest advance since the sealed-beam! It's high style, too.

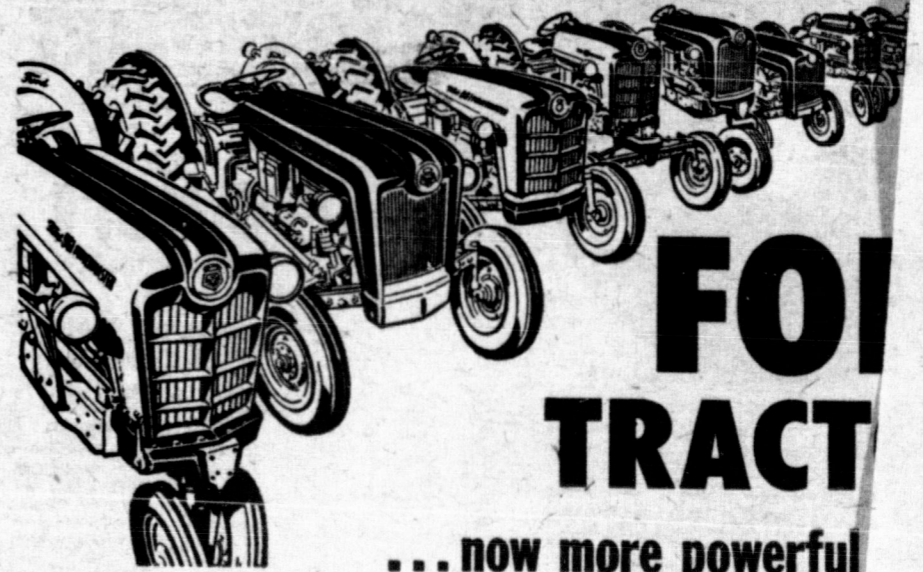

COME IN... SEE THE CAR THAT WAS PROVED AND APPROVED AROUND THE WORLD!

satellites, in advance of such an accomplishment by this country, is the price which has been paid by our people for the inter-service rivalry, conflict and bickering between the Air Force, the Navy and the Army. Whether or not our failure to equal Russia in this particular achievement is the result of that bickering may be a debatable question. That there has been such bickering within the Defense Department is not debatable. The only question in this regard is whether or not the full extent of that bickering has been publicized. Frankly, I do not believe Congress is fully aware of what has been going on in this regard. It is true there were congressional investigations on the subject. But, it must be remembered that the vast expanses of the Defense Department of this country could provide many hiding-places for matters which could not be dug out by a surface investigation. The three Services involved are integral parts of the Defense Department which is headed by a man of Cabinet rank. The purpose of the laws creating the Defense Department was to unify all of the Services so there could be a full coordination of effort. The evidence at hand would make it appear that such purpose has not been realized. Under the circumstances, it would seem to me that the early days of the coming session of Congress should produce a full, complete and thorough investigation, to the end that the results sought in the unification act might be a reality rather than a figure of speech. Jealousy of jurisdiction or pride of authorship in an individual, or small group of individuals, can be a very dangerous thing when

the security of a country is involved. If the President, or his appointed Cabinet officer, cannot control such activities, then Congress must act without delay. This country cannot afford the price.

THE PRESIDENT'S SPEECH

I was glad to see the President get more specific in his "Science and National Security" speech than he has in many of his press conferences and other recent speeches. He has been the subject of some caustic criticism for indulging in too many generalities and platitudes. The American people have always enjoyed patriotic speeches in eloquent words, well-termed phrases and beautiful quotes. They enjoy these just as they do good music and other forms of entertainment; however, when the time comes that they want facts, they want the facts in cold, unvarnished truth. They don't want to be misled or lulled into a false sense of security. They want to know, in the briefest, clearest and most concise terms, what the challenge is and what will be required by way of sacrifice, or otherwise, to meet and overcome it. So long as that spirit prevails and the leaders of this nation have the courage to present the facts in plain, simple and understandable terms, there will always be a strong United States of America.

It is difficult to understand how Russia was able to forge ahead in launching the earth satellites. Tremendous sums of money have been provided for scientific exploration in this country behind the tightly locked doors of "classified-security reasons". I have always been led to believe that such precautions were necessary and that our scientific advances were keeping

up with all other countries in the world. The President's speech is a reaffirmation of the representations which have been made to the Congress—that is, our scientific programs are on schedule and we are ahead of a number of other countries, including Russia, in several departments. These reassurances are fine up to a certain point, but we are fast approaching a situation where concrete evidence will be demanded. When that time comes, the Defense Department certainly should be in a position to provide it.

GRAIN SORGHUM MOISTURE CONTENT

The eligibility requirements of grain sorghums for Commodity Credit Corporation loan, from a moisture content standpoint, poses a very serious problem in our district. The moisture content allowable did not create too much of a problem for some time, simply because we had a drought and it would have been difficult to have gotten 13 percent moisture in the grain sorghum. However, this year the rains came and the moisture content jumped. I have had a long conference with one of the officials of the CCC on this subject matter and have advised him that it will be necessary for some changes to be made if the present crop is to be saved. I have also dispatched a letter to Mr. Benson and other officials of the Department of Agriculture on the same subject matter pointing up the problem. As the matter presently stands, wheat with a moisture content of 14 percent is eligible for loan. Grain sorghum is not eligible if it has in excess of 13 percent moisture. It is true that elevator operators can accept 14 percent moisture content milo for CCC loans, if the operator will certify that he will deliver to CCC grain sorghum having a moisture content of not in excess of 13 percent. This simply means the elevator operator must dry the 14 percent back to 13 percent or commingle the 14 percent with a sufficient amount of 12 and 11 percent to reduce the average moisture content to 13 percent. This will not suffice for our needs this year, and our every effort will be continued to bring about an increase in the moisture content allowed.

NORTH WARD SCHOOL NEWS

National Education week was observed at North Ward School November 10-16th. On Friday morning at 10:30, Rev. Vanderburg, pastor of the First Baptist Church, was the speaker.

Rev. Vanderburg used as his subject "You shall know the truth and the truth shall make you free." It was a very inspiring message and was enjoyed by the school students and faculty, also the parents that were present.

The eighth grade students had charge of the program. Rosezene Beasley acted as mistress of ceremony. Curtis Williams opened and closed sentence prayer. The history of National Education week was given by Climmie J. Chavers. The speaker was presented by Will Gaines.

We are advancing rapidly and would like to say thanks to Mr. W. W. Pinkerton who is our superintendent, for hte many new books given us for our library and for the entertainment of our students. They find them very enjoyable. We would also like to say thanks for the work saving and time saving duplicator machine.

The PTA and school have great plans that are progressing nicely

toward the lunch room. We hope to have everything set up in the near future. We would like to see more parents at PTA. So come out and help make this a school year you can be proud of.

IN 58 DAYS A '58 PLYMOUTH RAN 58,000 MILES—EQUAL TO

MORE THAN TWICE AROUND THE WORLD

AND IT DROVE EVERY INCH OF THE WAY!

We knew this car was tough.

We designed it that way.

That's why we weren't afraid to give Plymouth the toughest test run of all time... with all America as the "track."

We didn't coddle this Plymouth. Didn't crate it and ship it carefully from place to place. Instead, we aimed it out of Los Angeles one misty morning and sent it through a course that ran 58,000 miles through 37 states.

The time limit? Only 58 days.

A thousand miles a day!

The equivalent of 6 years' driving crammed into little more than 8 weeks!

Three times this Plymouth crossed the Rockies. Three times it wound its way up and down across the country... passing through more than 1200 cities and towns. Whipping over turnpikes... creeping through city traffic... arrowing down super-highways... feeling its way through 500 miles of rutted detours. And when the drivers turned the key to end the marathon, it still looked, ran and rode like new.

This is what lasting value really means. The ability to take everything that American roads and weather can dish out—and come up grinning. Why don't you give Plymouth a test drive yourself—today? You'll see what we mean.

That's the Plymouth "track"... and just look at that route! Every possible road and weather condition. Plymouth ran every inch of that murderous route 3 times in just 58 days. What greater proof of lasting, built-in stamina!

COLTS ENTERTAINED WITH BANQUET

The Junior High Colts and their guests were entertained with a Father-Son banquet in the Junior High School Cafeteria Thursday evening, November 14. Hostesses were the Colt Mothers.

The tables were laid with maroon and white cloths with the head table centered with miniature goal posts and a floral arrangement of maroon and white carnations. Miniature maroon and white flags marked each plate.

The invocation was pronounced by J. E. Leathers. "Welcome Dads" was given by Eddie Tipton. Don McAnear presided over the introduction of guests. A report of the season was presented by Bill Hermesmeier. Guest speaker for the evening was Jess Cearley of Amarillo.

Attending were approximately thirty boys and their guests including Stina Cain, J. R. Williams, J. E. Leathers, Tom Jinks, Roy Young, and Jess Cearley of Amarillo.

Thanks go to the Colt Mothers for their good response and splendid cooperation in preparing the banquet. —Reporter.

H. D. CLUB

The senior H. D. Club met for an all day meeting and quilting Friday, November 15, in the home of Mrs. C. D. McDowell. A covered dish luncheon was served at the noon hour.

A business session was held in the afternoon and was presided over by Mrs. Clyde Butler. The secretary's report was heard and plans were made for the annual Christmas party. The next meeting will be the Christmas party.

Attending were Mesdames O. C. Watson, Will Kennedy, Benie Crabtree, J. H. Helton, R. C. Bingham, Bertha Benson, Lena Antrobus, Clyde Butler, Wm. Payne, C. H. Darling, W. L. Jordan, Virgil Poole, and the hostess Mrs. C. D. McDowell. —Reporter.

MIDWAY CLUB

Our Club met November 19th with Lucille Luttrell as hostess. A delicious chicken and dressing dinner was enjoyed by Neil Land, Eddie Williams, Ellen Moreland, Allie Quattlebaum, Louise Riley, Marjouria Hensley, Bobbie Dishman, Lissie Loyd Hillis, Leona Scott, Katie Bell Wells, Lucille Eanes, and one visitor which we were happy to have, Norma Chamberlain.

One quilt was quilted and one hemmed.

Next Club day will be with Eddie Williams, Dec. 3rd.

KIL KARE KNEEDLE KLUB

Mrs. J. R. Bartlett entertained the Kil Kare Klub in her home Thursday afternoon, November 14th. The meeting was for business with Mrs. Bartlett, president, presiding. Plans were made for the annual Christmas party and committees were appointed. The party will be held December 19 in the home of Mrs. G. C. Heath.

Refreshments of a salad plate and hot tea were served to members Mesdames Homer Mulkey, Frank Whitlock, G. C. Heath, Major Hudson, Harry Brumley, Kirk Dozier, R. O. Thomas, and S. W. Lowe by the hostess, Mrs. Bartlett. —Reporter.

JR. H. D. CLUB

The Jr. H. D. Club met Thursday afternoon, November 14th at Patching Club House. Roll Call was answered with "What We Have To Be Thankful For."

During the business session Cleo Crutchfield was re-instated as a member and Patsy Reid was voted a new member.

Gladys Blackburn gave a very interesting program on Thanksgiving.

Refreshments of cheese sandwiches, gelatin salad, and coffee were served by the hostesses, Nora Decker and Leona Henson, to one guest, Harlene Phillips, and to members: Sadie Head, Mildred McClellan, Cula Jo Trout, Gladys Blackburn, Edith Spivey, Mary Belle DeBord, Clara Finley, and Polly Schull. —Reporter.

CHAMBERLAIN THANKSGIVING SOCIAL

The Thanksgiving social at the Chamberlain Community center will be Friday night, Nov. 22nd. The supper will be at 7:30. All neighbors and friends bring well filled baskets and enjoy the evening. We have plenty of silverware and dishes, so please bring only card tables.

Cotton John of Amarillo will show us the film "Seven Lean Years That Waxed Fat". Mary Myers and Mary Mann are hostesses for the evening.

Mr. and Mrs. G. C. Heath visited last week in Lubbock with Mr. and Mrs. Frank Tyler and family.

LELIA LAKE F.H.A.

The Lelia Lake Future Homemakers of America held their regular meeting Monday night to install officers for 1957-58. A short program followed with two other national organizations present. The new president recognized them and their presidents. They were the Clarendon FFA and the Lelia Lake FFA. Refreshments were served to approximately 75 persons. —Reporter.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

Several friends "tipped us with quarters and a few fifty-cent pieces last week. We used the funds to purchase a few inexpensive Junior editions. "Saboteur In Space" is a Tom Corbett story for boys. The girls have "Cherry Ames — Department Store Nurse" by Helen Wells, a Viki Barr series—"The Ghost At the Waterfall" by Helen Wells and "The Hidden Window Mystery" a Nancy Drew series by Carolyn Keene. "The Haunted Fountain"—a Judy Bolton series by Margaret Sutton, "The Bobsey Twins at Pilgrim Rock" by Laura Lee Hope, "Home for a Bunny" by Margaret Wise Brown, and Walt Disney's "Mickey Mouse Birthday Book" are books recently purchased. Those for little people cost twice as much as those for teen agers. They are fairly good binding, but put out by the Golden Book series.

We received some gift books of 1950 publications, but they were not on our shelves. These are "Sunrise to Sunset" by Samuel Hopkins, and "The Parasites" by Daphne du Maurier. We are happy over these as well as several "Tins" the past week.

THE LIONS DEN or The Roar of the Lions

By the Liontamer

Tuesday's luncheon meeting of the Clarendon Lions Club can be marked up as one of the best in a series of good meetings during this fall. The luncheon produced good fellowship, clean wholesome fun, and delicious food. In addition the Dean filled the cups to overflowing with challenging food for thought. Time ran out on the Dean but many of the members expressed a deep regret for the lack of time and recommended more of the same program for our next meeting. It was good, more of it might be good for what ails us.

The program challenged our thinking on a very current and national problem, which has been spotlighted during the last few days by the speeches of the President of the United States. Such questions were implied regarding our over-emphasis or lack of emphasis of different fields of education in our present day school systems. Should we turn our school systems into schools of science and technology, say, in order to keep up with the Russians. Would such a program produce scientists or aesthists or both. Whether we have a continuation of that program or not the writer believes that we will have some over the coffee discussions going on from day to day and that bits of food for thought were passed out among the members present in a very highly palatable form.

The Lions Club had as the guests of Carl Allmond, Chas. Chitwood of Birmingham, Ala., and Herbert Huggins from North Carolina, both of whom were representing Coca-Cola. Lion Allmond was very anxious to explain why they were here but Junior Spier, Vice President, presiding in the absence of Boss Lion Estlack, called forth the good diplomacy for which he is noted, and left the Lions to do their own guessing.

Lion Abel, Chairman of the

Boys and Girls Committee for Youth welfare of Clarendon, made a report to the Club of their Monday night meeting, wherein the committee approved a "Bag O Bulbs" sale for Thursday, December 12, and selected captains for six teams to organize the promotion. The captains selected, who will be seeking recruits for their respective teams were: L. L. Wallace, George Weatherall, Homer Bones, John Gillham, Basil Smith, and Oliver J. Abel. Lion C. A. Pitts was designated as Chairman of the sales campaign and coordinator of the program.

Cletus Smith, local service station operator was added to the membership rolls of the Lions Club by a unanimous decision of the members present at the Tuesday Luncheon meeting. The Club needs the help of the junior citizens of Clarendon and welcome Cletus to become the recipient of the benefits enjoyed by his membership as well as the responsibilities.

NOTICE TO PARENTS

Parents who deliver children to the Elementary and Junior High School in the mornings and pick them up in the afternoons are asked to park in front of the buildings and not drive behind the buildings. School buses will be loading and unloading behind the buildings and cars coming in and out will create a safety hazard.

Mr. and Mrs. R. S. Brumley, Mrs. Harry Brumley and Joe Goldston visited Sunday in Plainview where they were dinner guests in the Lee Nowlin home also visiting with Mrs. Charles Dean, who is ill.

Mr. and Mrs. Benny Darnell of Amarillo visited the week end in the Pete Darnell home. Mr. and Mrs. Doss Finley were Sunday visitors.

CARDS OF THANKS

W. M. McBrayer of Hedley has been recuperating in St. Anthony's Hospital in Amarillo the past 8 weeks and wishes to thank all his friends for all the lovely cards and flowers sent to him.

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us as a precious memory. Our sincere thanks and gratitude for all those comforting acts.

The loved ones of Sandra Jean Trout.

I wish to thank all the good people of Clarendon, friends, neighbors, doctors and nurses and all who made my stay in the hospital so pleasant. Thanks so much for the get well cards and beautiful flowers. Friends like these will always be remembered.

Mrs. Bob Baird.

Local F.F.A. Members Participate In District Banquet

A group of ten from Clarendon participated in the annual Greenbelt F.F.A. District Banquet held at Wellington Tuesday night. District President James Mahaffey, District Adviser J. R. Gillham, F.F.A. Sweetheart Phyllis Hill, Paula Vanderburg, Carl Talley, Milton Mann, Bobby Longan, Pat Roberson, Harold Lihdley, and Carl Evans were members of the group attending the annual event from Clarendon. The banquet was held in the new cafeteria of the Wellington School System.

Mahaffey presided over the meeting which saw the sweetheart from the Turkey Chapter chosen as district sweetheart, Phyllis Hill, the local sweetheart candidate was one of the four finalists in the contest.

Representatives of Wellington won the district talent contest and the Estelline entry placed second in this event.

Mrs. Erma Piercy of Turkey has been with her sister, Mrs. Bob Baird for the past week. Others who spent the week end in the home of Mr. and Mrs. Bob Baird were Mr. and Mrs. Mike Baird of Greeley, Colo., Mrs. J. R. Nall, Turkey and Mrs. Marie Lyles, Quitaque and John Folley of Panhandle.

Mr. and Mrs. R. S. Brumley of Miller, Mo. are visiting in the home of Mrs. Harry Brumley and with other relatives and friends.

Mrs. Charles Dean of Plainview is critically ill at this time. She will be remembered here as the former Mattie Eva Lane.

Future Bronchos Defeat Borger Freshmen 33 to 20

Clarendon's football team of 1958 dealt the Borger freshman team a 33 to 20 licking at Broncho Stadium last Thursday afternoon.

The Bronchos scored on the first play of the second quarter when little Dewey Wilson took a lateral from quarterback John Tom Morrow and went 28 yards around left end for the touchdown. Morrow ran the extra point for a 7-0 lead. Borger tied the score just before the half when their speedy left halfback went 40 yards before finally being knocked out of bounds on the Broncho two-yard line. They scored on the next play and passed for the extra point to make it 7-7 at halftime.

Early in the third quarter the Bronchos again took the lead when Darrell Leffew, playing at right halfback, went 20 yards around right end for the score. Morrow's attempted run for the extra point failed. Borger again tied the score late in the third quarter when their fullback went 25 yards around right end. The attempted run for the extra point failed and the third quarter ended knotted 13-13.

The Bronchos broke the game wide open in the fourth quarter. Morrow raced 51 yards around left end and Wilson ran the point after to make the score 20-13 in favor of the Bronchos. A few minutes later, Morrow went 25 yards through the middle of the line and Jimmy Johnson, playing fullback, ran the extra point to bring the score to 27-13. Borger made their last score with 1:42 left in the game and passed for the extra point to bring the score to 27-20 in favor of the Bronchos.

Will Writes FROM AMARILLO

Borger attempted an on-side kick but the ball failed to go the required ten yards and the Bronchos took over at mid-field. Morrow passed to Johnson on a play that covered 50 yards for the final Broncho tally. Morrow's pass for the extra point went incomplete.

Most of the Bronchos looked pretty good in this game. Lynn Spier played a very creditable game at one of the end positions; Morrow looked as well as could be expected at quarterback. Jimmy Johnson played a good game at fullback, making several good gains through the line. Coach Jinks thinks that by next September, these boys should be able to give a good account of themselves in district play.

SOCIAL SECURITY INFORMATION

The Amarillo Social Security Office, together with 557 other District Offices of the Social Security Administration, is cooperating with farm and business industries in the nationwide observance of Farm-City Week, John R. Sanderson, District Manager, announced today.

Since the objection of National Farm-City Week (November 22-23), is to stress the interrelation of rural and urban peoples, Sanderson said that the Social Security Administration will emphasize the "oneness" of its old-age, survivors, and disability program.

"Some people do not fully understand that the social security program is the same for the farmer and for the city person," Sanderson said. "Many farmers still think that old-age, survivors, and disability insurance for them and their families is a distinct and separate program from the social security program for city folks. Some believe erroneously, that when they reach retirement age they just have to apply at their social security district office for 'farmers' benefits' and then go right on with their farming activities," he declared.

As a possible reason for this misunderstanding, may be that the social security law does contain a few special provisions for farmers in recognition of the fact that farming differs in many ways from the operation of other-business enterprises. These provisions relate to the way self-employed farmers are permitted to figure their net earnings for social security purposes if their gross farm income is not more than \$1,800 and their net is less than \$1,200; also, the manner in which farm rental income received from a tenant or share-farmer can count for social security credit if the farm landlord "materially participates" in the operation on the land he rents out.

These special provisions for farm operators, however, have nothing to do with the type of social security benefits payable or work eligibility for benefits. Farmers and their families qualify for these Federal insurance payments based on a farmer's work under social security just like millions of city workers who are employed or self-employed in offices, factories, mercantile enterprises or covered professions in urban areas.

The interdependence of farm and city is a factor in the extension of old-age, survivors, and disability insurance to farm people, and it is the reason why the Social Security Administration is wholeheartedly cooperating in the observance of National Farm-City Week," Sanderson declared.

Mr. Curtis M. Watts, Field Representative of the Amarillo Social Security office will be at the courthouse in Clarendon, Monday, November 25-at 9:30 a. m.

AUSTIN—Days of old seem to have dawned over Texas lawmakers. They ended their first called session this week and launched into number two.

It's the first time in more than a decade that a governor has convened a legislature in two rapid-fire special sessions.

Main topic for the second session is a bill to authorize closing of public schools threatened by occupation by federal troops.

Gov. Price Daniel issued the second call when it became apparent that this issue couldn't be squeezed into the final days of the first session.

House and Senate had difficulty coming to agreement on details of the first session's five-point program: water planning, lobby control, crime study, practice before state agencies and money for an Insurance Department building.

DELAY SPOTLIGHTED

Senate investigating Committee is continuing its drive to establish whether the Insurance Commission dilly-dallied with reports of irregularities in a Dallas firm.

Former Insurance Department Examiner Wayne Tinkler told the committee that he began an examination of Preferred Life last March. He ran into difficulties, and asked for help from the department's legal counsel. He didn't get it, said Tinkler, and finally turned in a report in June.

His audit indicated that Preferred's president owed the company some \$194,000 due to stock manipulations, Tinkler reported. "But no action was taken in the Department until September, when a brief conference was held."

BOND PROGRAM LAUNCHED

At least one phase of Texas water conservation program now

has the official go-ahead.

By approving a constitutional amendment, voters cleared the way for issuance of \$200,000,000 in bonds to finance local water projects.

Though only about one-tenth of the electorate (185,000) turned out, all three proposed amendments received approximately 3-to-1 majorities.

Other two will provide increased retirement benefits for state employees and authorize higher old age pensions.

WHO FOOTS THE BILLS

Texans depend on severance taxes, mainly on oil and gas, for nearly one out of every three state tax dollars.

Tax Analyst John F. Sly of Princeton said this reliance on natural resource taxes has been increasing over the years. Sly, in addressing a meeting of the Texas Research League in Austin, gave what may be a preview of the searching study of Texas' tax structure being undertaken by the League.

Some Sly statistics: State taxes increased from \$123,000,000 in 1940 to \$625,000,000 in 1957. Severance taxes jumped from 16 per cent to 30 per cent of the total in that period. Texas' state and local taxes are \$130 per capita compared to the national average of \$158.

EMBARRASSMENT OF RICHES

Combination of late spring rains and early fall rains has caught many Texas farmers in a squeeze.

There wasn't enough time in between to raise a crop and get it out of the fields. Agriculture

agents in North Texas reported that farmers there stood to lose millions from ruined cotton.

Some ranchers, according to the U. S. Dept. of Agriculture, have "a very unusual situation—more grass than stock to eat it." This time last year those same ranchers were selling off stock at a sacrifice because they had no feed.

Small grain and winter legume prospects are extremely good, says USDA, though dry weather is needed for additional planting.

COTTON ACREAGE TUSSLE

For the third straight year East Texas and West Texas cotton farmers are at odds over acreage allotments.

State and county allotments are to be announced by USDA before Dec. 14 when cotton farmers will vote on whether they want a market quota program for 1958.

West Texas farmers contend that their area has been penalized. They say an undue portion of the state's cotton acreage is allotted to the older cotton-growing counties of east and central Texas. One group of West Texans went to federal court last year to try to get the allotments changed.

Opposing them is the Old Cotton Belt Association which has announced it will fight new efforts to wrest acreage from its area.

Fido, a dog's name is taken from the Latin fidus meaning faithful.

TOO LITTLE, TOO LATE is the way we Dodge dealers feel about competitors' efforts to match the Swept-Wing 58. They lowered the roof some, but left the sides high. Their windshields got smaller while ours got bigger. So much for styling. Then, for another important comparison, take ride. Here's Dodge with Torsion-Aire suspension that just about everybody admits is the greatest advance in sway-free, dip-free, silent going that any car offers. So what do these other cars do? They borrow an air suspension system that's been used in buses for two years! (Costing well over \$100.00 extra.) And most of 'em still don't have push-button driving—much less Dodge TorqueFlite—the proven automatic transmission. If you're a little disappointed in the '58 version of your car, come on in and see our Swept-Wing 58. The others are catching on—but they can't catch up.

FARM NEWS

from the County ASC Committee

GRAIN SORGHUM LOANS

Although continuous rains have hindered harvest of grain sorghum, some 40 Commodity Credit Loans have been made on grain sorghum to date, and this totals \$29,539.56 to the producers.

MARKETING QUOTAS FOR UPLAND COTTON

On December 10th Farmers who are engaged in the production of upland cotton will vote in a National Referendum to determine whether Marketing Quotas will be operative for the 1958 crop of upland cotton.

Whether Quotas are approved or disapproved, 1958 cotton acreage allotments will remain in effect as a condition of eligibility for price support.

1958 CONSERVATION RESERVE

Farmers who intend to participate in the 1958 Conservation Reserve Program can save themselves time and trouble by having a soil bank base established for their farms as soon as possible. The details covering the 1958 Soil Conservation Program have not been received by this office with the exception of establishing soil bank bases as preliminary work necessary to this program.

1958 COTTON ALLOTMENTS

The work on the 1958 Cotton Listing Sheets is progressing. The listing sheets must be approved by the State Office before the allotments can be mailed out. Allotments will be mailed to the producer's before the National Referendum, which is December 10, 1957.

1957 CONSERVATION RESERVE

With the exception of a small number of contracts ineligible at this time, all payments have been made on 1957 Conservation Reserve Contracts. Payments totaling \$109,911.17 covering approximately 122,123 acres in Donley County have been made.

Junior College Comets Open Season Friday Night At Lorenzo

The Clarendon Junior College Comets, for the past three years one of the outstanding girls basketball teams in the United States, will open their 1957-58 season on Friday night of this week. They will help dedicate a new gymnasium at Lorenzo, Texas, in a game with Cisco Junior College. This is Cisco's first girls team but they are expected to have a strong team.

Coach Buddy Travis has been putting his charges through workouts since the opening of school and expects to have another strong team this year. The girl's team was hurt by graduation last spring when such outstanding players as Joan Crawford, Marjorie Irlbeck, Patsy Vincent, Lola Duhon, Claudette Green, and Susie Jones finished. Girls like that are hard to replace, but Coach Travis feels that he has come up with some good talent for his team this year.

Coming back from last year's team are Mary Mann, Kathryn Edwards, Myrna Carney and Genell King. Mary was one of the Comet's high scorers last year and Kathryn and Genell were starters most of the time. Genell is exceptionally fast and excels on defense while Kathryn is a constant threat at the basket. Myrna was not a starter last year but was a very dependable reserve.

New faces on the Comet Squad this year will be Myriene Nichols, Bula; Dovie Smithson, Dimmitt; Martha Watson, Kress; Nancy Chalener, Plano; Virginia Sellers, Hawley; Janice Martin, Cleo Springs, Okla.; Linda Lindsey, Maud, Okla.; Jean Sanders, Hedley; Aileen Garms, Cotulla; and Glenda Bordon, Clarendon.

All the new girls were outstanding high school players. Miss Smithson gained all-state recognition two years; Misses Nichols, Chalener, Sellers and Garms were selected on all-regional teams. All the other girls have been selected on various all-district and all-tournament teams during their high school playing days.

The Comets should be another interesting team to watch this year. They will not be as tall as in the past, but will be faster and more aggressive.

County TSTA To Meet; Book Exhibit Also

The County Texas State Teachers Association Unit Meeting will be held in the district courtroom at the courthouse, Thursday, November 21. All teachers of the county are urged to be present.

A Junior library books collection will be on exhibit at the same time in connection with the meeting.

Parents as well as school personnel are invited also. The exhibit will be open daily from 8:30 a. m. to 5 p. m. and will be here thru November 23rd.

The exhibit will include 600 new and recent children's books by America's foremost authors and illustrators. They cover all grades from Kindergarten thru high school.

Books on Exhibit, a cooperative enterprise of the country's leading publishers, has sent the exhibit here. The purpose of this service is to make available to schools and libraries a completely representative collection of Junior Library Books in organized exhibit form and thus make it possible for busy teachers and librarians, with a minimum expenditure of time and effort, to do an informed and intelligent job of book selection.

High School Basketball Teams Split Games With Estelline

Clarendon High School basketball teams opened their 1957-58 season at Estelline Tuesday night. The girls defeated the Estelline girls by a score of 57 to 26 while the boys lost a close 40 to 37 game. The Estelline "B" boys also downed the Clarendon "B" team by a score of 32 to 22.

The girls, led by Joan Bennett with 29 points, had little trouble and won easily over the Estelline girls. Virginia Taylor made 12 points, Barbara Darnell, 8, Alice Johnson 6 and Maggie Morrow 2. Maggie played a great game at guard for three quarters before being switched to forward for the last quarter. Other girls seeing action in this first game were Ann Slavin, Wilma Moore, Joanna Lane, Beth Lamberth and Pat Owens.

In the boys game, the Bronchos inability to hit a respectable percentage of their shots cost them the game. They could hit only 23% of their shots. Jerry Behrens and John Tom Morrow paced the scoring with 14 points each. Richard Vallance came in with 7 points and Keith Schollenberger and Jimmy Johnson made one each.

In the B game, Philip Abel and Jerry Allen made 6 points each while Dennis Bradshaw made 5. Don Hudgins and Carl Talley 2 each and Larry Hopkins one.

College Scholarship Drive Progresses

The drive for scholarships for Clarendon Junior College has been going for the past 30 days with good results. The following businesses and interested supporters of the college have contributed thus far: Walter B. Knorpp and the Chamber of Commerce have each given two, and one each have been given by the following: J. H. McMurtry, Bob Moss, C. B. Morris, Donley County State Bank, Farmers State Bank, J. R. Brandon, the Donley County Leader, the Lion's Club, Shamburger Lumber Co. (Oscar Thomas, Manager), Foxworth-Galbraith Lumber Company (J. B. Melton, Manager), Coca-Cola Company, Kelly Chamberlain, Beta Sigma Phi Sorority (Mrs. Jack Gray, President), Household Supply Company, Alfred McMurtry, J. L. McMurtry, W. J. Greene, G. W. Bradshaw, George Benson, and West Texas Utilities Company (C. A. Pitts, Manager).

President of the College W. W. Pinkerton, Dean R. E. Drennan, and the members of the school board want to express thanks to these contributors. Anyone who has not been contacted but who would like to contribute to this fund is invited to contact either Pinkerton, Drennan or Mrs. Jo Ann Davis, Business Manager.
