Services At El Paso For Former Resident

Funeral services were held Friday, July 5th at Harding and Orf Funeral Chapel in El Paso for Mrs. V. V. Johnston, mother of Mrs. Lloyd Risley of this city. Burial was in Rest Lawn Cemetery in El Paso.

Mrs. Johnston, 64, died at her home in El Paso July 3 following a lengthy illness. She had been a long time resident of Donley County prior to moving to El Paso eleven years ago.

Survivors include her husband, V. V. Johnston, El Paso; one daughter, Mrs. Lloyd Risley, Clarendon; two sons, Maon Johnston, El Paso and Wayne Johnston, Odessa; four brothers, Tom Shadle of Clarendon, Ed Shadle of Springtown, Bill Shadle of Boonville and Charlie Shadle of Ft. Worth; six sisters, Cora Reed and Grace Luttrell of Crosbyton, Florence Arms of Perrin, Bessie Hanks of Marlow, Okla., Callie Stewart of Comanche, Okla., and Mrs. Geo. Nichols of Jacksboro; also nine grandchildren.

Pallbearers were Whitey Carson, Willie Wallen, Art NaSmith, Robert NaSmith, Glenn McDonald and Boyd Lynch.

Cotton John To Speak Here

Cotton John will be the speaker for the Brotherhood meeting of the First Baptist Church tonight at 7:30. This meeting will be a supper meeting with all you can eat for fifty cents.

Cotton John is well known in this community for his public spirited work with KGNC Radio and Television. In fact many farmers set their roosters to crow just before Cotton John goes on the air. He has served the public for many years and each year his popularity grows more and more. His programs are definitely directed toward the small farming communities of this area which he calls the "Golden Spread."

Bro. Van states that the Brotherhood meetings are growing in number and interest among all the men of Clarendon. There was ninety-two people who attended the June program. This meeting is promoted and arranged with every man from all walks of life in mind. You will find yourself to be at home when you come. Everybody is invited.

KERR TO PREACH AT PRESBYTERIAN CHURCH

Rev. J. Edwin Kerr, retired Presbyterian minister of McLean, will hold the morning worship service at the local Presbyterian Church Sunday morning at 11:00. Rev. Paul Wright has resigned his position here and has accepted a call to the Community Church at Rio Hondo, Texas.

Local Future Farmers At State Convention

Harold Lindley, star lone star farmer of the 4,000 members in Area I, and third ranking top F.F.A. member in the state for this year, James Mahaffey, president-elect of the Clarendon Chapter, and Bobby Longan, winner of the chapters most valuable member award for the past two years are participating in the annual Texas Future Farmers Convention which opened at Fort Worth Wednesday morning. The group, accompanied by their adviser, J. R. Gillham will attend all of the session which ends Friday afternoon.

Mahaffey will serve as the official delegate for the local chapter and will cast the vote of the local chapter for various state officers and on all other matters coming before the convention. Lindley, along with nine area star lone star farmer award winners, will be honored at the annual Texas Lone Star Farmer Banquet, Thursday night.

The Clarendon Group along with 4,000 other Texas Future Farmers enjoyed Future Farmer Fun Night Wednesday as guest of the Fort Worth Agricultural Club, and will enjoy a tour of the industrial section and the packing plants this afternoon. The group will return to Clarendon Friday afternoon.

Burn Victim Reported Improving At Groom

Bill Pavloski of Groom, who was seriously burned in a flash fire last Wednesday near Groom, was reported considerably improved by his mother-in-law, Mrs. E. C. Wood, Wednesday morning.

Pavloski, husband of the former Lola Wood, received first, second and third degree burns over 60 percent of his body when an asphalt mixing truck burst into flames on a highway project near Groom.

A number from this area donated blood and extended other help, all of which we are indeed grateful, Mrs. Wood stated.

Local Ladies Attend Workshop At Lubbock

A total of 303 supervisors and workers in Texas school lunch programs participated in a Texas Tech workshop on that subject this past week. Leaders were 29 representatives of colleges and school lunch agencies in Texas, Oklahoma, New Mexico and Arkansas.

Those attending the course for the first time from this area were Nina Dale, Mrs. Lili V. Knox and Mrs. Ruby Wiedman.

Just Our Usual Reminder

If a red check appears in the upper left hand corner of your Leader this week it is a reminder that it is time to renew your subscription to the Leader. The subscription price is \$3 per year for those receiving their Leader in Donley County and \$3.50 per year for those living beyond. Please keep this rate in mind as some living outside of this zone have been sending only the lowest subscription price and their subscription has been marked up only for that amount and not for a year.

Please let us have your renewal promptly as we do not want to take any name off our list if you want to continue receiving the Leader each week. Production costs are high and we are compelled to keep our list of subscribers up to date.

Dusters Defeat Groom 10 to 8

The Clarendon Dusters defeated Groom here Sunday 10-8 in a game that saw the lead switch several times.

Don Newman and Jerry Shew led the Clarendon attack, each getting 3 hits. Weldon Talley was the winning pitcher, coming on in the 7th to relieve Fate Breedlove when the Dusters were behind. He pitched good ball the rest of the way allowing only one hit.

The Dusters will meet the first place team, Amarillo Coors, here Sunday afternoon at 3 o'clock in Duster Park. Everyone is invited to come out and help give the Dusters the boost they need to defeat this Amarillo team.

Hedley Scouts Attending National Jamboree

Three members of Scout Troop 36 of Hedley are taking in the National Scout Jamboree at Valley Forge, Pa. This is the big event scouts look forward to during their time of scouting. The three are David Moreman, Don Cox and Scoutmaster Boaz Stotts.

The Hedley group left aboard a special train at Pampa along with approximately 100 other scouts. Their first point of interest was Washington, D. C. and then on to Valley Forge July 12. The Jamboree began the 12th and continues thru the 18th.

Following the Jamboree their trip will take them to New York City, Niagra Falls and Detroit. The group will return to Pampa on July 22nd.

While at the camp, Stotts served as assistant Scoutmaster of Jamboree Troop 27.

July 21-27th Designated National Farm Safety Week

Next week, July 21 thru the 27th has been designated as National Farm Safety Week. Most people think of the farm as being a safe place to work. However the death toll from farm-work accidents last year was higher than that in any other major industry. Most of these deaths were the result of carelessness or failure to take the proper precautions. What chances do you, or members of your family, take that are unnecessary?

Listed below are some interesting figures compiled from 1949 thru 1953 that are food for thought—and preventative action.

Machinery, drownings, fire-arms and falls accounted for two thirds of the accidental deaths on farms. In Texas, DROWNINGS were the chief cause. It is informative to break these down by percentages in age groups. The following lists the three major causes for accidental farm deaths outside the home and off the highway for each age group with percentages given.

Under 10 years — Drowning 40.0%; Machinery 24.3%; Burns 9.6%

10 to 19 years — Firearms 26.6%; Machinery 24.7%; Drowning 23.0%

20 to 29 — Machinery 32.0%; Firearms 17.4%; Drowning 11.2%

30 to 39 — Machinery 36.2%; Firearms 14.6%; Falls 7.2%

40 to 49 — Machinery 37.4%; Firearms 12.6%; Blows 9.6%

50 to 59 — Machinery 39.8%; Falls 17.4%; Animals 10.8%

60 to 69 — Machinery 37.0%; Falls 17.4%; Animals 10.8%

70 to 79 — Falls 26.6%; Machinery 26.1%; Animals 13.9%

80 and older — Falls 46.4%; Animals 12.5%; Burns 12.5%

The recent rains and increased number of ponds offer opportunities for young people to go swimming. Does your boy or girl know how to swim—or more important the safety precautions he or she should take while swimming, and, if necessary, how to rescue a buddy in distress. Here are a few of the principal precautions that should be taken. 1st. Never dive into unknown waters. Explore the area carefully for deep holes and hidden objects. 2nd. Never go swimming alone. Have a buddy, and stay close to him so that each can watch after the other. 3rd. Don't get overly tired, and when swimming any distance in deep water, one swimmer should push along an inner tube or other object that will support all in case of difficulty. 4th. Learn how to properly rescue a swimmer in trouble. Remember that a drowning person is usually panic stricken and will likely drown a would be rescuer—if given the chance. A simple rule is: throw, row, and as a last resort go. Throw the drowning person a rope or reach him with a pole; if too far and a boat is available row to him, and if no other way go. But remember when you swim to a drowning person you are risking your life. Take along a shirt or something to toss for him to grab, and stay out of his reach.

In short, most accidents are preventable, and are the result of ignorance of proper precautions, or careless, or both.

General Telephone Co. Granted Rate Increase

DIAL OPERATION WITHIN NEXT 24 to 30 MONTHS

The General Telephone Company of the Southwest was granted an increase in telephone rates at a special meeting with the Clarendon City Council Monday, July 15, 1957, according to H. E. Craig, District Manager.

The General Telephone Company first filed for a rate increase on June 7, 1957 and asked for a one party business rate of \$13.50 and a one party residential rate of \$6.50. These rates were based on the present operator type service being given in Clarendon.

Craig stated that he met with the City Council on Monday and explained that the Company was willing to accept the following rates for both the present type and dial service:

Business One Party \$12.00
Business Two Party 10.00
Business Extension 1.50
Residence One Party 6.00
Residence Two Party 5.00
Residence Four Party 4.25
Residence Extension 1.00

These rates will become effective with the September billing. Craig continued by stating that the company has agreed to convert the Clarendon Exchange to a dial operation within the next 24 to 30 months at a cost to the company of nearly \$160,000.00.

Services Held Monday For Mrs. Joe Goldston

Funeral services for Mrs. Pearl Doris Goldston were held Monday afternoon at 6 o'clock in the First Baptist Church with Rev. W. F. Vanderburg officiating.

Mrs. Goldston, 64, died at her home here Saturday following a quite lengthy illness. She was a long time resident and took active part in church work and social clubs prior to her illness. She was a member of the First Baptist Church.

Survivors include her husband, Dr. Joe Goldston and her mother Mrs. H. C. Brumley of Clarendon; and one brother, Rolle Brumley of Miller, Mo.

Pallbearers were O. C. Watson, Carl Naylor, A. H. Moore, Sam Lowe, P. C. Messer and Wm. J. Lowe.

Honorary Pallbearers were Deacons of the First Baptist Church.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

El Ray Pyeatt arrived home Saturday to visit his parents, Mr. and Mrs. Owen Pyeatt. El Ray has just completed his basic training at Ft. Chaffee, Ark. and at the close of his leave will report for Drafting School at Ft. Belvoir, Virginia.

Clarendon F.F.A. Wins Top Honors In State Chapter Contest

Club Boys To Show Steers At Dallas

Donley County 4-H Club boys will show three steers at the State Fair of Texas to be held from the fourteenth to the eighteenth of October, says County Agent H. M. Breedlove. The three boys showing the steers will be Troy Harrison of Hedley, Chuck Cosper of Clarendon and John Longan of Clarendon. The boys will go to Dallas in the 4-H Club bus and pull a big trailer with the steers. Breedlove will go with the boys and be in charge of the exhibiting of the steers. The boys will eat and sleep in the 4-H Club bus on the trip and it should take less than ten dollars per boy to make the trip.

Breedlove says that several boys not showing steers will probably accompany the group to attend the state fair.

Brother of Local Men Dies At Lubbock

Funeral services for J. O. (Rip) Mears, 61, brother of Bill and Curtis Mears of this city, were held last Friday in Lubbock.

Mears, who died about 10:45 p. m. Wednesday July 10th, apparently from a heart attack, collapsed while attending a wrestling match at Fair Park Coliseum. He had been a resident of Lubbock 16 years and was a 32nd degree Mason. He was a World War I veteran also.

He is survived by his wife, one son, James R. of Lubbock, one daughter, Mrs. Eugene Kenley, Morton; five grandchildren; five brothers, Curtis and Bonnie, both of Clarendon; Jack Crandler and Lee, both of Lubbock; Robert, Russellville, Ark., and one sister Mrs. Bessie Roper of Mississippi.

GOC Members Enjoy Film Program

The local GOC met Friday night, July 12th in the City Hall. M/Sgt. G. W. Brazil of Canadian was in charge of the program and showed films "Air Power of 1956", "Atomic Bomb Blast—Let's Face It", "Travellog on India". The next meeting will be Friday, July 19th at 8 p. m. in the City Hall.

Members present were B. C. Antrobus, Lucy Saye, Tommy Saye, E. C. Wood, Lloyd McCord, Richard Maxey, Basil Smith, Emma Ayers, Opal Messer, Edith Speed Barnes, and Letha Smith. News members joining the organization were Phillip Abel, Jerry Elmore and John Cearley.

For the second consecutive year, the Clarendon Future Farmer Chapter is the top ranking chapter in the Texas State Chapter Contest. Ranking at the top of the chapters receiving the top Gold Medal Rating, the local group scored a 98.6 per cent on chapter, state, and national F.F.A. Activities. The contest is based upon membership, chapter meetings, program of work, co-operation, community service, leadership, project work, recreation, scholarship, and savings and investments of the chapter members.

In addition to receiving this honor, the chapter will be presented a check for \$100 for winning the state chapter safety award, and will represent Texas in the national chapter safety contest.

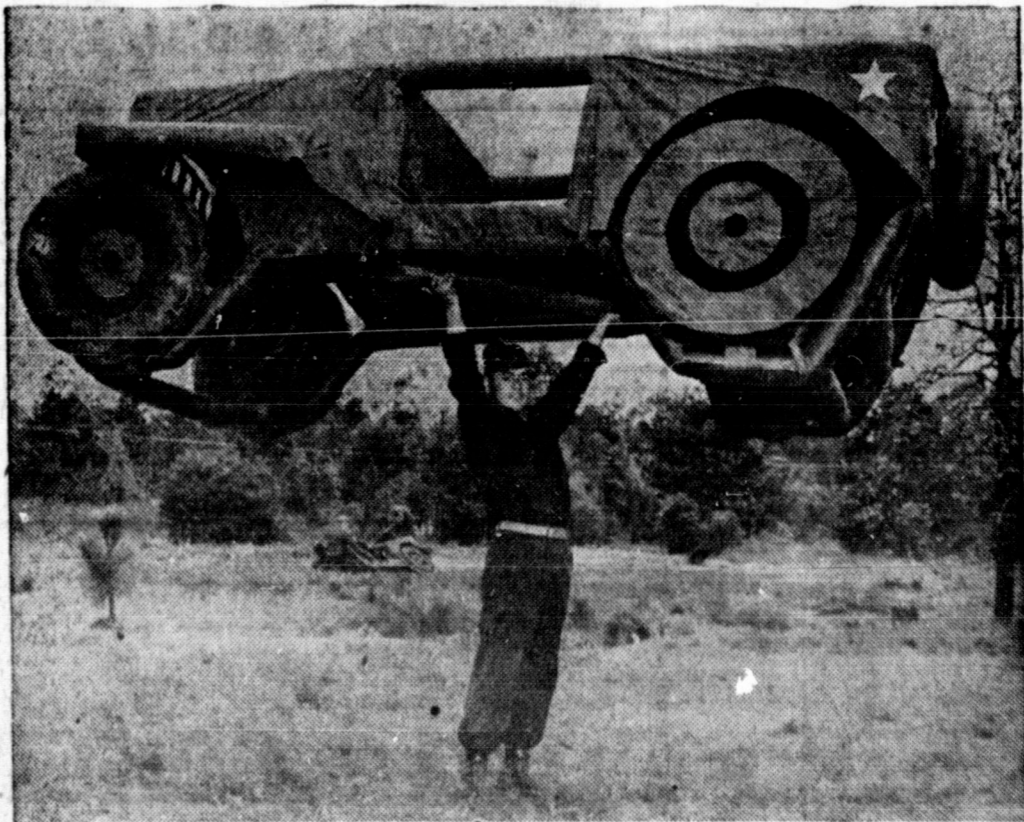

With 75 members, the local Chapter was the largest F.F.A. organization among the 93 schools in Area I with only one teacher. Clarendon Chapter members enjoyed the most successful show season in the history of Texas F.F.A. organization when it topped the four major Texas Shows in which it participated.

Date Asked For Water Authority Vote

Another step is being taken in regard to the proposed Greenbelt Dam project on Salt Fork of Red River. Members of the Authority, in a meeting at Childress last Friday night, voted to ask the State Water Board to call an election for Saturday, August 31st.

The mayors of each of the five cities in the present Authority have written R. M. Dixon in Austin requesting the date and proper procedure so all five cities will be voting on forming the Authority at the same time.

In this particular election, the City will not be obligated in any manner but will be given the right to appoint some person to represent the City to transact business of the Authority. Each City will do the same thing and these persons will go ahead and see what will be necessary or feasible to build the dam. If and when something is worked out, it is possible that a bond issue will be called. Any city in the authority will have the right to withdraw from the Authority at any time prior to such an election. After this first election, the cities in the authority will have two years to get something done or we will lose all our present rights to the water which will be gone forever as Oklahoma is just waiting for such an opportunity.

WATER WELL DRILLER
IRRIGATION
Clarendon, Texas

House Speaker Waggoner Carr stirred things up by saying he was afraid the state couldn't afford the possible half-million-dollar tab for a special session in the fall. It might mean new taxes, said Carr, since the last Legislature appropriated nearly every cent now in sight for the next two years.

Gov. Price Daniel, who is considering the special session, hastened to say that he had "no idea" of submitting a new tax request. He pointed to his recent effort to get foreign oil imports limited so Texas production could be increased. Much of Texas' tax revenue comes from oil production, so this move, if successful, could improve the state's financial outlook.

Another source of uneasiness is the Travis County grand jury—hard at work, despite the heat. Insiders predict six or seven indictments resulting from the ICT and bribery investigations begun

by the Legislature. If true, this means more people are in trouble than outsiders can as yet account for.

Others are critical of the State Water Board's inaction. Plagued by internal disagreements, the board has delayed a year in ruling on the Canyon Dam squabble. In this case the City of San Antonio and the Guadalupe-Blanco River Authority locked horns over whether San Antonio could get water from the proposed dam. Governor Daniel will be able to make a new appointment to this board in August.

COX TRIAL DUE

Trial of Ex-Rep. James E. Cox of Conroe is set to open Monday (July 15), but there are good indications it'll be delayed. Cox was indicted last spring on charges of consenting to accept a bribe. Dist. Atty. Les Procter says the state is "ready to go." But defense attorneys admit they'd rather wait until publicity dies out and the weather cools off. They spoke of probable postponement moves.

Reporters, recalling the sweltering weeks spent covering the trial of Former Land Commissioner Bascom Giles two summers ago admit they're not eager to see this one start now.

INSURANCE STUDY ON

An overall survey of the Texas Insurance Commission's operations by a private outside agency is going forward with official approval from all sides.

First action of the new Insurance Board was to request a Texas Research League study of the department. Actually, the League already had begun the task after requests last spring by then-Comm. Chmn. John Osorio and by a House investigating com-

mittee. Reorganized board took the reins after swearing-in of new member David B. Irons and Joe P. Gibbs, who had served "temporarily" for the past few months. Former Dist. Judge Penn Jackson was installed earlier. Governor Daniel expressed confidence the board would soon get rid of the few "rotten apples" still remaining in the insurance industry. None of the men sought the jobs, said the governor; they were "drafted."

50-50 PLAN LAUNCHED

A new era in Texas highway building opened when the state executed its first contracts to help counties with right of way costs. Until now, law required local governments to buy the land and the State Highway Department to pay construction costs. A new law passed last spring allows the state to share 50-50 in land costs.

Highway Engineer D. C. Greer says that the highway department is working ahead of the effective date of the bill (Aug. 22). "In order to get the program under way."

Counties with which contracts were negotiated are Jefferson, Falls, Cherokee, Wood and Hill. SCHOOL STANDARDS UPPED

More money and more study are in prospect for Texas public school children. State Board of Education voted to hike state aid to schools by \$4 per pupil. It means \$82 per pupil for roughly two million pupils in

the 1957-58 year. Board also gave final confirmation to a plan to raise accreditation requirements for high schools. Future graduates will have to have 16 units of study, one more than before. Health and physical education won't count, but credits must include four in English, two in math, two in laboratory science.

RAIN NEEDED AGAIN

Almost a month of dry sunny weather has many Texas farmers returning to an old refrain—"more rain."

U. S. Department of Agriculture reports that most of the state, except that touched by the hurricane needs showers.

Range growth has slowed, said USDA, and cotton is running late. But it predicted good feed crops, possibly one of the largest sorghum harvests on record.

Cost of living went thataway...

Price of electricity went thisaway

In the last 25 years, the price of just about everything you buy has gone way up.

Yet the price of electricity has gone down. Your bill may be higher, but that's because you put electricity to so many more uses.

How have we been able to keep power prices down? Well, partly because we're always looking for the best ways to serve you.

BLOWIN' Out the CORNERS
Uncle Zeb

Between here and the next town we notice a new sign which says: "Pay For Your Funeral On The Installment Plan." Now, I've seen everything. Just one question Mr. Salesman before we sign up and that is: "When do we start the payments, before or af-

ter the maturity date, of our life? If we can wait until afterwards, then this beats all the plans we have ever heard about.

On the 4th of July we had a barrel of fun with the folks at Clarendon; especially eating up their barbecue. We ran into Miss Ruth Richerson whom we count as a good friend of ours (We use the better English because Ruth is County Superintendent of Schools). Anyway, she was helping serve. We found business to talk with her about right in front of the beef bowl and with a slice of bread we kept picking out the nice brown lean chunks of barbecue. It was delicious. And for me just give me meat, more and

more barbecue, and we won't mind missing the apricots, peaches, beans and what have you. We are a faithful member of the Eat More Beef Club, especially Barbecue. Look out for Claude on the one coming up.

Somewhere we saw the following little poem by an Unknown Author. We thought it was real good and we are glad to pass it along to all of you. It is called:

THE SILVER LINING
There's never a day so sunny-
But a little cloud appears;
There's never a life so happy
But it has its time of tears
Yet the sun shines out the brighter
Whenever the tempest clears.

There's never a garden growing,
With roses in every plot;
There's never a heart so hardened
But it has one tender spot.
We have only to prune the border
To find the forget-me-not.

There's never a sun that rises,
But we know 'twill set at night;
The tints that gleam in the morning
At evening are just as bright.
And that hour that is the sweetest
Is between the dark and light.

There's never a dream so happy
But the wakening makes us sad;

There's never a dream of sorrow
But the wakening makes us glad.
We shall look some day with wonder
At the trouble we have had.

Excuse the short column but our heart is yonder in Red River and we hope to be there when you are reading this. When we get back we will have some new stories to tell. Keep the home fires burning for us.

has been in a steady—and disturbing—rise for the last 18 months. In the past 12 months alone the price level has climbed four per cent.

If this continues to be the average annual rise in prices, our price level will double in 18 years. This means that by 1975 the value of the dollar we earn and save today would be cut in half. People have already been hurt by the steady increase in the cost of living. The monetary policy of the present Administration lowers the value of the dollar for those who spend and raises the value of the dollar for those who lend.

High interest rates are part of the increased cost of living. If you borrow money to buy a house, a car, a major household appliance, rising interest rates must be added to the price you pay. The Government must pay higher interest rates on the national debt—and that money, too, must come from the people generally.

Texans are concerned, and they have a right to be, about the sliding value of the dollar. Widespread interest is being shown in the investigation of national economic policy now being conducted by the Senate Finance Committee. Look for this issue to loom constantly larger. It affects everybody.

Recurrent floods are an economic drain that we cannot afford in Texas. This year's floods have provided convincing proof that, despite the benefits accruing from the highly successful operations of flood control projects, the extent of our controls has been limited.

One fundamental reason is that a basin-wide plan of improvement has not been completed on any Texas river.

A river basin is a natural unit. Water resource development within each basin must be unified integrated and progressive. That is why I am asking insistently for surveys of all the Texas river basins. I am working every day to get congressional authority for the needed surveys and to spur the Corps of Engineers into effective action. I know of nothing more basically important to Texas.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

STATUS OF FORCES AGREEMENT—THE BOW RESOLUTION—THE GIRARD CASE

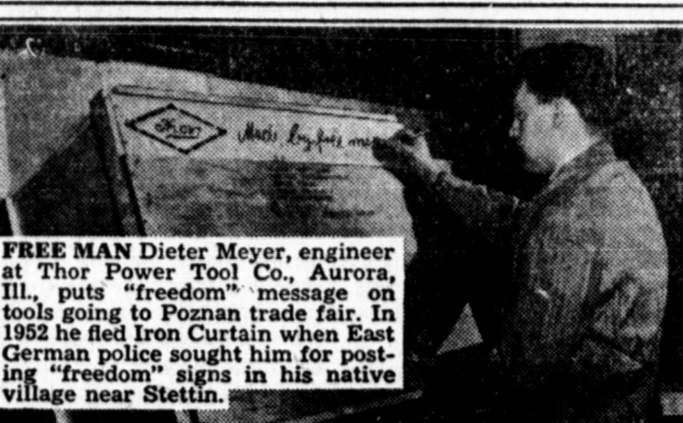

A smoldering international issue of long standing will probably burst into flame just about the time you receive this newsletter. I speak of the Bow Resolution introduced by Congressman Frank Bow of Ohio. This Resolution concerns the Status of Forces Agreement, which is Article 7 of the North Atlantic Treaty, and other treaties and agreements which provide for foreign countries to have criminal jurisdiction over American Armed Forces personnel stationed within their bound-

aries. This has not been a crucial issue in the past, for the simple reason it has never before been favorably recommended by the Committee on Foreign Affairs. It was the subject of much oratory in many places throughout this country and, also, on the Floor of Congress, but nothing effective could be done until the matter came before the House of Representatives for official decision. It is now pending in the Rules Committee and probably will be presented to the House before July 15th.

The Resolution, in effect, directs the President to take action nullifying provisions in the North Atlantic Treaty and other treaties and agreements—those provisions which give foreign countries criminal jurisdiction over military personnel stationed within their boundaries. It was under this type of agreement that Japan

was demanding the right to try the Girard case. It was the publicity given the Girard case that brought into focus the status of the GI in a foreign country. Once the American public realized the full significance of the situation, a great clamor arose from the grass roots demanding a change in policy. Girard became famous overnight, because the citizens of this country began to ask each other whether or not the GI's, who were responsible for the defense of this country, had lost their Constitutional rights because of a treaty between this country and a foreign country. This question prompted the Supreme Court of the United States to extend its term so the Girard case could be heard. It decided to hear this case during the week of July 8th which, incidentally, is the same week during which the Congress probably will take up the Bow Resolution.

NUPTIAL NOSEGAY as Gene Raymond and Jeanette MacDonald celebrate 20th wedding anniversary at Las Vegas.

MUD-PAVED and very messy is this quiet "hard-surfaced" residential street in Ellis, Kan. after waters of flooding Big Creek had receded.

The Committee on Foreign Affairs favorably reported the Bow Resolution the latter part of the week of June 24th and filed the written report on July 1, 1957. The Department of Defense issued a communication expressing deep concern over the matter and vigorous opposition to the Resolution. This communication also contained communications from high-ranking, present and former officials of the present Administration, in strong opposition to the Bow Resolution. It is also pointed out that the State Department, acting through the Honorable Christian A. Herter, Acting Secretary, issued a statement on June 28, 1957, strongly opposing the Bow Resolution and taking the position that the Resolution is unconstitutional. In other words, these opponents of the Bow Resolution are in favor of these GI's being tried in foreign courts. There are many people in high offices in this land who vigorously disagree with them. The pro and con arguments have been well and fully presented. I can appreciate the sincerity with which both sides have spoken, whether they be Members of Congress or in the Executive Branch of the government, and I

respect their views. However, the basic problem involved is the question, "how secure are Constitutional guaranties?" American citizens have always been led to believe that the rights guaranteed them under the Constitution of this country were inviolable. If this is true, there is no right or authority in this country, including the President of the United States, to subject an American citizen to trial before a foreign tribunal without the consent of the American citizen involved. To say that such power does exist is to say that the President of the United States is greater than the Constitution and that ours is, after all, a government by man and not a government by law. In other words, if it is unconstitutional to forbid an agreement between this country and a foreign country which violates constitutional rights of an American citizen as the State Department alleges, it must be admitted that the Constitution of this nation is not supreme, politically speaking. This I am not prepared to do now or in the future.

I can understand how a man, who wants to enlist in the armed services may be willing to waive his constitutional rights and submit to the jurisdiction of a foreign tribunal. But I cannot, by any stretch of the imagination, understand the reasoning that would result in an 18-year old boy being drafted and sent to a foreign country without his consent and, in many cases, against his wishes, and being turned over to that foreign country to be tried before a court in which the Constitution of the United States is unknown in substance or procedure. If the Constitution of this country is to be repealed, let it be repealed by a vote of the people—not by internationalists, the Department of Defense, the Department of State or the President of the United States.

TEETH CARE

by E. M. Gildow, D.V.M. Director, Friskies Research Kennels

Puppies generally get their first teeth when they are about three weeks old. These so called milk teeth gradually are replaced starting about the fourth month, through the sixth.

If some baby teeth are not shed when permanent teeth appear, a veterinarian should be

Average weight, 60 lbs.; shoulder height, 24 inches; coat, short-haired, close-fitting, dense and hard in texture; color, black, tan, white, or combinations of these.

called upon to decide whether the baby teeth should be pulled.

One of the most common problems with dogs is the accumulation of tartar on their teeth. Too much tartar may cause bad breath, abscessed teeth or pyorrhea with loosening and eventual loss of teeth. The associated infection may spread to adjacent sinuses, to joints or may cause digestive disturbances that may shorten the dog's life.

A rib or knuckle bone or marrow bone to chew on once a week may help prevent accumulation of tartar. If you notice a yellow-brown coating building up on the teeth at the gum line, you should take your pet to the veterinarian for a check-up and possible scraping to remove tartar. If you plan to do the job yourself, you can get a scraper from a kennel supply firm. In using it, always push away from the gum line and toward the end of the tooth.

Cavities are rare in a dog's teeth but occasionally occur. Such teeth, or split teeth from other causes should usually be removed.

Feeding Tip: It is advisable never to give a dog anything that is too hot or too cold. A greedy dog may be seriously burned by overly hot foods. Extremely cold food may not cause trouble, but delicate dogs may develop digestive disturbances.

Douglas - Stepp Nuptials Solemnized

In the home of the groom's parents, Rev. and Mrs. J. C. Stepp, Childress, Texas, wedding vows were exchanged June 28th, by Miss Ann Douglas and John Wayne Stepp. Miss Douglas is the daughter of Mrs. Annabell Sinclair of Bakersfield, California, and Mr. W. P. Douglas of Ft. Worth.

Rev. Stepp, formerly the pastor of the Hedley Church of Christ, read the double-ring ceremony for his son's wedding, officiating against a background of basket arrangements of pink gladioli and greenery.

Attending the bride as maid of honor was her sister, Miss Sue Douglas. Miss Douglas wore a mint green dress accented by white accessories and a corsage of white carnations.

Carol Stepp was his brother's best man.

The bride, given in marriage by her uncle, Mr. Willard Knox of Lelia Lake, wore a pink street length dress of dacron and cotton. The bodice was designed with short sleeves and a sweetheart neckline. The full skirt was fashioned with a large bow to the back. Her only jewelry was a single strand of pearls which belonged to her aunt, Mrs. Knox. The bride's accessories were white and she carried a bouquet of pink sweetheart roses surrounded by pink carnations on a white Bible.

For her niece's wedding, Mrs. Knox chose a dress of orchid dacron accented by white and black accessories, and a corsage of pink carnations. Mrs. Stepp, mother of the bridegroom, wore a suit of charcoal faille accented by black accessories. Her corsage was of white carnations.

For the wedding trip, Mrs. Stepp chose a dress of light blue cotton complemented by white accessories and the pink sweetheart roses from her wedding bouquet.

Following their wedding trip to California, the couple will be at home in Clarendon. Mrs. Stepp will be a senior in high school this fall. Mr. Stepp is a graduate of Lelia Lake High School and Clarendon Junior College.

LELIA LAKE M.Y.F.

The M.Y.F. meeting was held July 14th. John Bob Butler called the meeting to order and Mrs. Mace led us in prayer.

There were seven members present and one visitor, Sue Douglas.

For the program, we played a Bible game. We were dismissed by the M.Y.F. Benediction.

Lynn De Juan Abel Receives Honors In Marine Corps

Mr. and Mrs. Oliver J. Abel have received a letter from the commanding officer of the Marine Corps Recruit Depot, San Diego, California this past week informing them of the selection of their son, De Juan Abel as recruit training period. De Juan graduated from his recruit training period last Friday night, the 12th, receiving a Meritorious Promotion to Private First Class on the night of graduation as well as the signal honor of "Series Honor Man" selected by the recruit training staff officers from the 240 recruits who began training at the same time 3 months ago.

De Juan received a certificate issued by the Commanding General, Brigadier General A. L. Bowser of the Marine Corps, in recognition of his achievement of scoring the highest competitive marks in leadership, test scores on military subjects, military bearings, conduct, attitudes and marksmanship. General Bowser in his letter to De Juan's parents wrote, "We in the Marine Corps are indeed proud to have a young man of De Juans caliber in our ranks."

In a communication from De Juan this week he wrote his parents of the honors he had been the recipient of with justifiable pride, and that his first leave would be granted the 14th of August, unless an epidemic of the flu which had hospitalized 50% or more of the personnel of the San Diego depot delayed their transfer to Camp Pendleton for 4 weeks of advance combat training. If no delay is occasioned he will be home the middle of August to visit his parents and friends.

Mr. and Mrs. J. A. Ivey and Merlene, Mrs. W. F. McDonald and son met Mr. and Mrs. M. B. Hatfield at Thompson Park Saturday to return their children Bonnie Lou and Lanell back home.

City Fire Marshall Geo. L. Green and Volunteer Fireman Jack Eads will leave this week for College Station where they will attend the 28th annual fire school.

Country Club To Hold Open House Tuesday

The Clarendon Country Club will hold an open house Tuesday, July 23rd in the remodeled and air conditioned club house, Bill Greene, President of the Club, announced Wednesday. Members of the Club are encouraged to bring a picnic lunch, any guests they may wish to invite, and enjoy an afternoon and evening of swimming, good fellowship, and dancing to the music of a string orchestra. During the evening, refreshments will be served in the club house.

George Thompson is happy to announce that Mr. Buddy Travis has been hired as life guard at the club pool. Mr. Travis will be on hand at the club pool on the following schedule: 2:00 to 6:00 p. m. on week days; 10:00 a. m. to 4:00 p. m. on Saturday; and from 1:00 to 5:00 p. m. on Sunday. During the time that Mr. Travis is working at the pool, he will be in complete charge of all swimmers in the pool and on the walks adjacent to the pool. In addition to his activity as life guard, the Board of Directors has authorized Mr. Travis to give swimming instruction to those members, or their children, who desire such instruction. A charge of fifty cents per hour of instruction will be made by Mr. Travis and is to be paid directly to him. He will set class times which will benefit the greatest number of students. Please contact him if you wish to learn to swim.

Mrs. Alfred Estlack, Mrs. Kenneth Sams and Pat Chilton were in Amarillo on business Tuesday.

Mr. and Mrs. R. A. Mitchell were guests July 4th in the home of Mr. and Mrs. John Blocker.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

A copy of "The Reader's Digest Condensed Books" for summer is ready for your use.

One of the books ordered in memory of Jimmy Lamberth is "Fifty Years On the Old Frontier." This is by James H. Cook and is a book our adult readers will appreciate. The memorial fund is sufficient for two books. The foreword of this book is by J. Frank Dobie. Pioneer books, and Spiritual, or rather Devotional books are very popular with our adult readers. I have one section of seven shelves, and another of three Devotional books.

We have readers from Claude, Goodnight, Ashtola, Clarendon, and Hedley, so you can see that the Library is of interest to a great majority of our population. Cokesburg's hand book states that "Books bring you the advice and wisdom of the world's greatest Thinkers, Philosophers, Scientists, and Religious Teachers — when ever you want them."

Family Night Program At Hedley Methodist Church, July 10th

Family Night was observed at Hedley Methodist Church Wednesday, July 10, with an ice cream supper in the Fellowship Room followed by a program in the auditorium arranged under the theme of "Under the Evening Lamp".

The program was written and directed by Mrs. E. Davenport assisted by the Pastor, Rev. M. Mathis. It was based upon material selected from "The Meaning of Human Experience" by L. H. Hough, former Dean of Drew Theological Seminary.

The setting for the program was a home during the days of the "evening lamp". Miss Myrtle Reeves was responsible for the decorations. The program consisted of discussions by speakers recounting memories of evenings with the family at home, interpreting them in terms of life and character building.

Various musical selections furnished the background for the themes. "Vesper Bells", piano solo, was given by Miss Susan Cox. Misses Jean Marie Mathis, Sue Wilson, Susan Cox, and Sara Spalding sang "Largo" from "The New World Symphony". Miss Nancy Hinds played an organ solo, "Memories", a beautiful rendition. Mrs. Jan Altman sang an arrangement of "Amazing Grace", and Mr. and Mrs. Bailey, Mrs. Preston Gilbreth, and Mr. Ross Springer sang "Precious Memories".

The speakers were the Pastor, the Rev. M. Mathis, Supt. J. S. Hinds, Carl Morris, Mrs. C. L. Johnson, and Miss Margaret Davenport. The pastor gave the introductory and the concluding remarks. Mr. Hinds spoke on the subject, "By a Thousand Campfires." Mr. Morris recalled memories "Under Lights of a Thousand Libraries". Mrs. Johnson pictured "Lights of Home", and Miss Davenport recalled scripture readings and sage advice given "Under the Evening Lamp at Home".

At the conclusion of the program the Pastor welcomed to the community Mr. and Mrs. Cox, parents of Dr. D. H. Cox, who have recently moved to Hedley, presenting them with a T-V lamp as a token of welcome.

FARM NEWS

from the County ASC Committee

COTTON MEASURED

At this report 238 cotton farms have been measured in the field. Out of this total 153 farms have been computed, and measurement mailed the producer. This total of 238 farms represents about 31% of farms measured in the field and those with computed measurements. Work in the field is going on in a very satisfactory manner.

STORAGE FACILITY LOANS AVAILABLE

Farmers who are in need of more farm storage space often overlook the storage facility loan. Storage Facility Loans are made available by the Commodity Credit Corporation to help farmers add to their farm storage space. Owner operators, share tenants, share landlords, or producer partnerships are eligible for the loans. The loans are available through local banks or directly from the Commodity Credit Corporation. Applications may be made through this office. The loan can be paid off over a

5 year period with interest at 4 per cent per annum.

CONSERVATION PRACTICES FOR FALL

Fall seeding is best for establishing alfalfa stands. Alfalfa is not only one of the most palatable and nutritious of forage crops, but it has a favorable effect on soil by adding nitrogen and acting as a protective cover. This is one of the practices upon which you may receive payment under regular ACP channels.

GOVERNOR PROCLAIMS FARM SAFETY WEEK

Governor Daniel proclaimed the week of July 21-27 as Farm Safety Week. The death toll from farm accidents last year in the Nation was higher than any other major industry. "Farm accidents," said Governor Daniel, have become a serious problem, which not only causes untold suffering among our rural population, but which effect the economy of the entire Nation. Through attention to safety education, accidents and the resulting loss and suffering, can be greatly reduced. This campaign is in keeping with a proclamation issued earlier by President Eisenhower on a national basis.

DID YOU KNOW

"When tillage began, other arts

followed." The farmers therefore are the founders of human civilization.

J. R. Gillhams Return From Enjoyable Trip

Mr. and Mrs. J. R. Gillham and Beth recently returned from a 3 week trip covering five thousand miles to the eastern states, Canada, Chicago, and Denver, Oklahoma, Tennessee, Georgia, Alabama, North Carolina, Virginia, Washington, D. C., Maryland, New Jersey, Delaware, Pennsylvania, Ontario Canada, Michigan, Indiana, Illinois, Iowa, Nebraska, Kansas, and Colorado were the states visited on the trip.

Points of interest included the lakes and dams on the Muscle Shoals Project, Chattanooga and Chickamauga and the Civil War battle grounds, Smoky Mountain National Park, Shenandoah National Park, a tour of Washington, D. C. Arlington, Va., Mt. Vernon covering government buildings, memorials and other points of interest at the national capital, U. S. Naval Academy at Annapolis, U. S. Military Academy at West Point, and New York City. Several days were spent

with Mr. Gillham's youngest brother, Wendell Gillham and family at Newark, N. J. Wendell Gillham, a student of Texas A&M before participation in World War II, attended and graduated from West Point after the war ended. He spent several years in an Atomic Bomb Wing of the Air Force. At present time he is employed by Western Electric, a subsidiary of Bell Telephone Co. John and Wendell attended the opening games of the Yankee's successful June home stand with Detroit at Yankee Stadium which was won by New York 2 to 1.

Niagara Falls, Ontario Canada, Point Huron, Lakes Erie, Ontario, and Michigan also proved to be of interest. Field Museum, Soldier Field, the municipal aquarium and planetarium, and other points were visited in Chicago. The beautiful corn and oat crops in Illinois and Iowa, the irrigation in lower Nebraska and the similarity to agricultural conditions here in that section were of special interest. Mrs. Gillham's sister and brother-in-law, Mr. and Mrs. Harve McAbee of Denver were visited for three days, and a trip was made to the snow covered mountains. While in Denver, Gillham and Mr. McAbee attended the opening of the Cen-

tennial Race Track and watched an entry of W. J. Lewis win the feature race of the opening day's horse racing.

F. F. A. Meeting At Country Club Last Friday

Approximately fifty members of the Clarendon Future Farmer chapter participated in their July meeting at the Clarendon Country Club, Friday afternoon, July 12th. The group gathered at the club at 5 p. m. and the meeting adjourned at 7 p. m.

Swimming, games, and a picnic lunch were enjoyed by members attending. Delegates to the state convention were chosen and plans completed for attendance at this meeting.
