EVACUATION PLANNING for Jacksonville, Fla., made difficult because the city is divided by the St. Johns River, got a boost recently when Operation Dunkirk proved with the help of 168 boats that the river could serve as a highway to safety. One of the boats is shown checking in at the CD evacuation point, where its passenger capacity was noted and it was sent on a mock mission to one of two "destination points." Talley And Longan Show Champions At Pig Show

Carl Talley exhibited his heavyweight Poland China Barrow to the grand championship of the annual fall Donley County Pig Show Saturday, October 12th. The reserve champion was a heavyweight Hampshire barrow exhibited by Bobby Longan. Longan also exhibited the champion chester white; Milton Mann exhibited the champion Spotted Poland China, and Harold Lindley exhibited both the champion berkshire and duroc barrows.

Tom Neely, voc. ag. instructor at Monterrey High School, of Lubbock, placed the 141 head of barrows in the show. Approximately eighty Clarendon, Hedley, and Lelia Lake F.F.A. members participated in the show and competed for the \$223 in premiums contributed by the merchants of Clarendon.

Members of the three F.F.A. Chapters will have approximately 120 head of barrows on exhibit at the State Fair of Texas this week. Bob Longan, Sam Wells, Carl and Howard Talley, Jimmy McAnear, James Mahaffey, and Gary Longan of Clarendon will care for the Clarendon exhibit at the fair. In addition to the barrows, Don Hudgins of the Clarendon F.F.A. group will have one Angus steer on exhibit at the state fair junior show.

Lindley Wins State FFA Santa Fe Trip

Harold Lindley, Star Lone Star Farmer of Area I, is attending the National F.F.A. Convention at Kansas City this week as a guest of the Santa Fe Railroad Company. He is one of ten Texas youths to be honored by the railway system this year. The award includes a first class trip to Kansas City with all expenses paid.

Lindley will represent the local chapter at the national convention and will participate in two special banquets honoring the Santa Fe award winners from over the entire United States, and will be a guest of the group on a special tour of Kansas City. Harold is the first F.F.A. member from the Clarendon Chapter to ever receive the Santa Fe Award.

Murder And Attempted Suicide Here Monday Morning

A murder and attempted suicide took place here in the Colored section of Clarendon about 7:15 Monday morning. Sheriff Bill Cornell reported finding Johnny Mae Mosley dead and her husband Willis Mosley seriously wounded at the Mosley home.

At press time Sheriff Cornell informed the Leader that Mosley died Wednesday morning.

Coroner G. A. Anderson returned a verdict of murder and attempted suicide. Sheriff Cornell reported that Mosley shot his wife in the left temple and then put the 16 ga. shotgun under his chin and pulled the trigger. The charge tore a large portion of his face away but Mosley was able to crawl on the stretcher to be taken to Adair hospital for treatment. He was transferred later to an Amarillo hospital where he was reported still alive Tuesday night. Charges against Mosley are pending his condition. Cornell said he understood that the couple were married October 6th and that they had been drinking the night previous to the shooting.

Moisture Total Still Growing

Moisture falling over the area Saturday night brought our yearly total to nearly double the moisture we received during the entire year of 1956. The local weather observer reported 81 which brought our total here in town to 26.33 and the total moisture for 1956 was only 13.28. This gives us a total of 2.22 for the month of October so far. Ben Lovell reported 1 inch at Ash-tola, Mrs. Hatley reported .85 at the Country Club and Willard Knox reported .98 at Lelia Lake.

Lions 35th Anniversary And Ladies Night Tuesday Oct. 22nd

WRITES FOR LONG INFANT HELD WEDNESDAY MORNING

Funeral services were held Wednesday morning at the Murphy Memorial Chapel for Floyd Bruce Long, infant son of Mr. and Mrs. Floyd Long of the J. A. Ranch. Rev. W. F. Vanderburg and Rev. J. J. Allison officiated. Floyd Bruce died in an Amarillo hospital Tuesday.

He is survived by the parents; one sister, Lajuan Curby and one brother Rocky Curby, both of the home; and the grandparents, Mr. and Mrs. J. C. Hill of Silverton and Mrs. Ola Long of Clarendon.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Services Held Tuesday For Mrs. C. G. Knox

Funeral services were held Tuesday afternoon at the Lelia Lake First Baptist Church for Mrs. Minnie May Knox with Rev. Frank Baugh and Rev. A. B. Moseley officiating.

Mrs. Knox, 79, died in the Groom hospital early Monday morning. She had been a resident of Donley County 39 years and was a resident of Lelia Lake at the time of her death.

Survivors include her husband, C. G. Knox; four sons, Willard of Lelia Lake, Van of Ash-tola, Noel of Floyd, N. M., and Hugh of Vega; four daughters, Mrs. Bessie Reynolds, Mrs. Ruth Dodson and Mrs. Isabel Howard, all of Amarillo, and Mrs. Altha Floyd of Lelia Lake; two brothers, W. S. Dishman of Corona, N. M. and S. P. Dishman of Hedley; two sisters, Mrs. Myrtle Bowers of Highlands, Texas and Mrs. Bessie Clark of Cushing, Okla.; 19 grandchildren and 12 great-grandchildren.

Pallbearers were Quinn Aten, Rice Batson, Harrison Hall, Kinch Leathers, Billie Christal, and Ellis Chenault.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

BRONCHO MOTHERS TO ENTERTAIN PEP SQUAD

The Clarendon Broncho Mothers will entertain the high school pep squad and their guests with a party at the Canteen Saturday night. Members of the football team have been invited also.

Use Leader Classifieds for Quick Results.

With two wins and four losses against non-conference teams under their belt, Coaches Jinks and Young will send their Bronchos against the McLean Tigers in the first District 2-A conference game for both teams at Broncho Stadium Friday night. Game time this week will be 7:30 instead of 8:00 as it has been during the non-conference games.

McLean started the season with a 7-6 win over Shamrock and has lost four games since that time. However, they are improving fast as last week's game with the tough Wellington Skyrocks would indicate. Wellington had plenty of trouble in downing the Tigers by a 27 to 13 score. Past performances also indicate that McLean is always tough for Clarendon. During the 1955 season the Tigers won only one game all season and that was against the Bronchos and last season the Tigers had what looked like a weak team but gave the district winning Bronchos a close game.

The Clarendon boys will be playing without the services of one of their stellar performers this week. John Richerson, letterman center, suffered a broken bone in his right foot last week against Panhandle and will be out of action for the remainder of the season. Coach Jinks plans to switch Keith Hudson, a guard and one of the standout defensive men on the squad, to the center slot. Also, Monty Mann probably will see some action at the position. Otherwise the starting lineup for Friday night's game will be about the same as last week's with Jimmy Johnson and either Don Taylor, Wesley Webb or Wayne Mann at ends; Ted Weatherly and Milton Mann at tackles; Darrell Loffew and Dennis Bradshaw or Monty Mann at guards, and Hudson or Monty Mann at center; Jerry Behrens will be at quarterback with Carl Evans and Richard Vallance at halfbacks and John Tom Morrow at fullback.

SILVER HARVEST DAY WINNER

The Nolan Hill's of the Martin Community were the lucky winners at the Silver Harvest Day Drawing last Saturday. A 5% token entitled Mrs. Hill to \$20 free dollars. The crowd and the weather was good and people enjoyed visiting while waiting for the event to begin. Everyone is sure to be present for this event again Saturday.

Funeral Services Held Wednesday For Mrs. Odos Caraway

Funeral services were held Wednesday afternoon at St. Mary's Catholic Church for Mrs. Julia Mae Caraway. Father C. J. Corcoran led a Rosary service in the Caraway home Tuesday evening and conducted a Requiem Mass at the funeral service Wednesday.

Mrs. Caraway, 71, died suddenly at the family home Monday evening. She had been a resident of Clarendon fifty years. She was a devout life-long Catholic and had served her church here from 1907 until the hour of her death. Throughout the years, she had cared for the church altar and church needs. A true benefactor she had lived to see the old church restored as a Shrine to Our Lady of the Panhandle.

Survivors include her husband, Odos Caraway; four daughters, Mrs. Agnes Heironimus of Andrews; Mrs. Julia Mae Land of Brownfield; Mrs. Mary Francis McCully and Mrs. Betty Jo Bell of this city; two sisters, Mrs. Elizabeth Tackett of Marion Junction, Alabama; Mrs. Mae Dyer of Dallas; and 12 grandchildren.

Pallbearers were Carl Allmond, Carl Bennett, Bill Bromley, Ernest Kent, Clyde Slavin, and Lloyd Johnson. Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Hedley Cotton Festival Boosters To Be Here Saturday

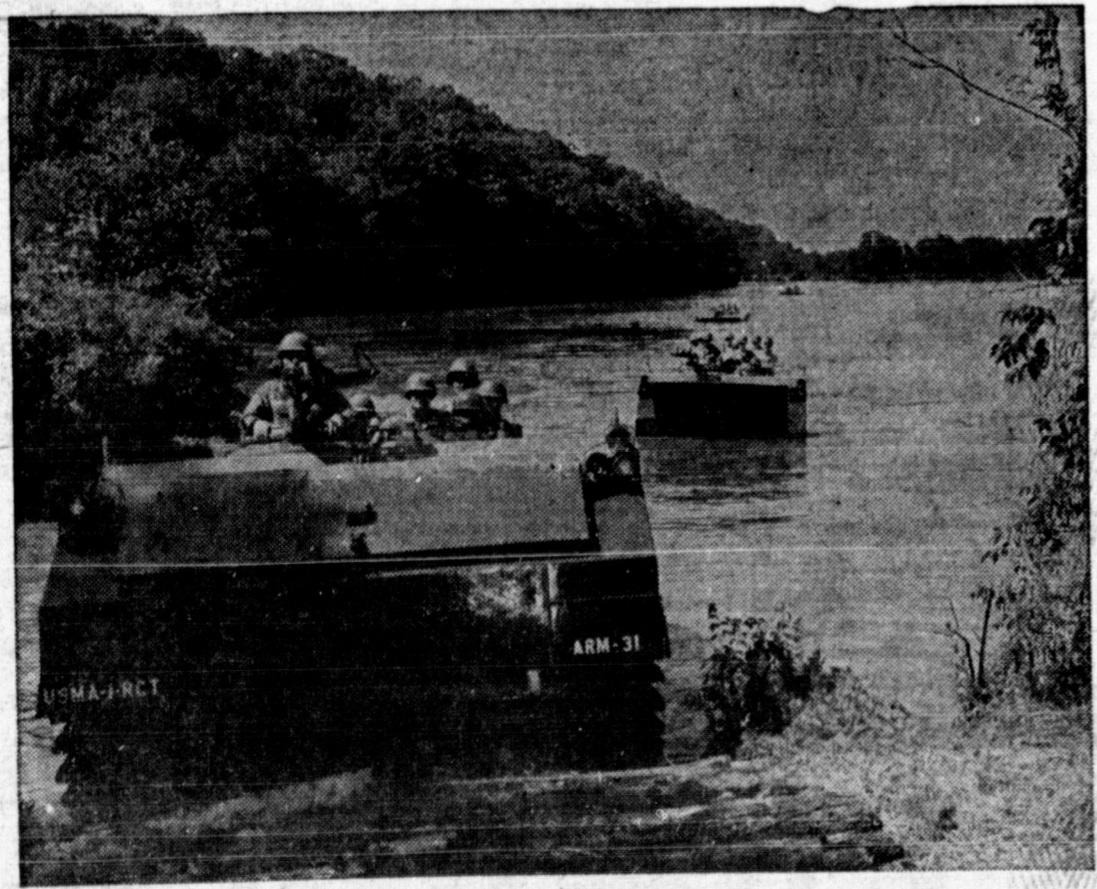

A Booster Caravan from Hedley will arrive in Clarendon about 1:00 Saturday. They will be advertising their Sixth Annual Cotton Festival and Semi-Centennial Celebration Oct. 24, 25 and 26th. They will stop at Lelia Lake about 12:30.

Everyone is invited to the Festival, but a special invitation is given to anyone living in this area 50 years ago when the town of Hedley was organized. Special honors and special attention will be extended them and they will be well entertained. Old Settler headquarters will be the Moffitt Hardware Company.

To help entertain the Old Timers an Old Fiddlers contest will be held at 8 P. M. Friday night of the Festival with cash prizes of \$15, \$10 and \$5 for the first three winners. Milt Mosley is in charge of this part of the program. Those wishing to enter may contact Milt to get their name in the pot. There will be no entrance fee, and everyone is welcome to enter the contest.

Clifford Johnson reported Wednesday morning "We are getting ourselves ready for the Festival, cleaning up and decorating. The Carnival is here and we will have the whole Midway going this Saturday night and the rides will be open for the kids Sunday afternoon also."

TRAFFIC SAFETY

Much information is being gathered together at the present time by a Congressional Committee in the hope that some solution may be found to the tragic traffic problem that confronts this nation. This problem is one that takes approximately 43 thousand lives each year and leaves between a million and a million and a half citizens of this country

maimed or injured. Research has commenced on several fronts. The automobile manufacturers are doing much of it themselves in an effort to provide a safer package within which the occupant is conveyed from one point to another. This includes the new safety steering wheel, sometimes called the deep dish wheel. This is intended to provide a cushioning effect on the chest in the event of collision so that the body may be stopped before it is punctured by the steering post. Another safety feature is new type door latches which will prevent the door from opening on impact. This feature was installed because statistics reveal that your chances for survival, if you remain in the car, were more than 5 to 1 and your chances of escaping a moderate fatal grade injury were more than 2 to 1. Another safety feature is the padded dash board or instrument panel and padded sun visors. It is estimated that about 38 per cent of pas-

senger injuries in the right or center front seat position result from striking the sun visor or instrument panel. About 4 per cent result from striking the rear view mirror.

The proposed safety device which has probably received more attention and research than any of the others is the seat belt. This device has been the subject of quite a bit of controversy. The extensive tests which have been conducted reveal that the chances of escaping injury in an accident are improved about 60 per cent if you are wearing a seat belt. However, none of the automobile manufacturers have made seat belts standard equipment on their cars. During the hearings held in the vicinity of the automobile manufacturing plants I noticed that not many of the cars, personal and otherwise, used in and around these plants were equipped with safety belts. Those who have engaged in the safety belt research feel that it is most important that all cars be so equipped. Whether or not this will be done I do not know, but I do know that the present estimate of the cost of installing seat belts in the front seat of automobiles at the factory is approximately \$13.00. This means that if 6 million cars are manufactured next year and seat belts are installed in the front seats, the total cost of those cars will be increased 78 million dollars. Whether or not these safety devices and others will solve the problem is conjectural but one thing is sure. According to past statistics some 43 thousand people will lose their lives on the highways of this nation in 1957. There will be over 1 1/2 million people injured, over 100 thousand of them permanently. There will be over 10 million motor accidents. And the monetary cost will approximate 5 billions of dollars. Some years ago a wit made the statement that the most dangerous thing about an automobile was the "nut that held the steering wheel." Statistics will prove this remains as true today as when it was said. Reduction of speed and constant attention and alertness would do more to solve this traffic problem than all of the safety devices put together.

Railroads of the Nation spent \$476,955,000 for fuel in 1956, of which \$22,632,911 went into the Texas till.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

It is still not too late to drill rye as a cover crop on sandy land farms this fall. Of course, better growth and better protection could have been obtained by seeding it earlier, but good results in controlling wind erosion have been seen in this district by rye drilled as late as January following good moisture. Many farmers were unable to use one of the District's row seeders to drill a cover crop in their cotton before it opened, and therefore should plant it after the first pulling. Also many acres of bundle feed have been harvested, and most of this land needs a protective cover. Give it one by drilling rye in the undisturbed stubble. The moisture the rye uses this winter will not be as much as will be lost through evaporation, if the land has to be plowed two or three times to control wind erosion. Besides controlling erosion, rye is very beneficial to the soil by adding tons of roots and other organic matter to the soil.

Nature's way of building and protecting the soil is to keep a cover on it. Don't fight nature. Remember, nature can be a powerful opponent. Those that go against the laws of nature are

bound to lose—eventually, but in the process of the battle, the land can be lost to the erosive processes of wind and water—and posterity and the nation becomes the real losers. Protect your soil—if sufficient stubble is not left from the summers crop, grow a winter cover crop. We have had the moisture to do it on this year.

Donley County Divided For Census Purposes

In a joint program with the State of Texas and each of its counties, the Bureau of the Census is establishing areas, known as "Census County Divisions," for use in statistical reporting. Similar areas were established in the State of Washington prior to the 1950 Census, and since 1950 have been put into effect in eleven other States.

Mr. Kenneth Palmer, a member of the Census Staff, is here from Washington to consult with county officials and solicit their advice in regard to the proposed areas for Donley County.

The proposed Census County Divisions should be particularly useful for local administrative purposes. The Census County Divisions are generally larger in Justices' or Commissioner's precincts; they have clear-cut boundaries which can be easily identified; and they are intended to remain as permanent areas. For the most part, they are based on the communities which serve as the focal point of each area. The statistical data for these divisions will serve as a yardstick with which to measure the sphere of influence exercised by such communities. It is believed that the Census County Divisions will be a handy tool for the use of county

area and population than the officials, local newspapers, and business and civic organizations.

Mr. Palmer, assures us that the county divisions set up by the Bureau of the Census will not interfere in any way with the use of Justices' or Commissioner's precincts by the State or counties.

For Census purposes Donley County has been divided into 2 Census County Divisions: namely, Clarendon Division and Hedley Division.

Retall 1c Sale Now In Progress

Bob Moss' Retall Drug Store joined Retall Rrugists across the nation Monday in putting on the semi-annual Retall One Cent

Sale, it was announced today by Bob Moss, owner of the store. He will continue it through Saturday, October 19th.

He explained that under the One Cent Sale plan, originated by Rexall in 1913, customers can buy an item at regular price, then get another of the same item for only one cent more. All carry the usual Rexall guarantee. There are hundreds of items on sale, including some from every department of his store. In addition to the One Cent Sale merchandise, there will be what are termed Surprise Specials, merchandise that is not being sold under the One Cent Sale plan, but is still bargain priced.

The Rexall One Cent Sale is being widely advertised in newspapers, magazines, radio and television.

"I'm cooking dinner with my CLEAN, AUTOMATIC Electric RANGE"

Be Happy! Live Better—Electrically

and nothing is as COOL, FAST and SAFE as Electric Cooking—

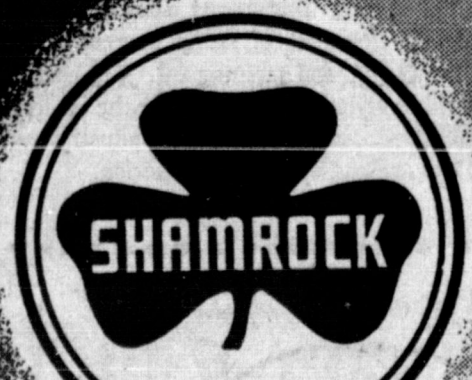

As this modern kitchen clearly shows, today's trend is to electricity. And perhaps the best example of this is the electric range. Smart looking, convenient. Insulated on all 6 sides (as are all electric ovens) you get even, steady heat for baking and roasting. No guesswork with electric surface units either. The heat you set is yours automatically every time. And the heat goes directly into the bottom of the pan, not up the sides and into your kitchen. But the thing you'll appreciate most is the way your electric range stays modern—year after year.

Borrowed from Cotton John's program;

"One good thing about keeping our chin up is that this also keeps our mouth closed."

Along this same line we received a nice card from one of our faithful readers, Mrs. Ray Smith of Plainview, Texas in which she tells us about how good it always makes one feel when we do not let our tempers explode and say things which we later be sorry. It is surely just as Mrs. Smith says: "We are always glad later that we controlled our tongue and we can then feel that we have

won a personal victory over that Demon called "Temper".

"Some people are so busy learning the tricks of the trade that they never learn the trade."

The disease of an evil conscience is one of the worst ailments that we can have, and it is one that will do us no good to take pills or go see our family doctor. If we could but only see far enough ahead today to know how we will feel about something tomorrow then we would assuredly be more careful about our deeds.

Someone has said that the reason we say "Cold Cash" is that we never get to keep it long

enough to get it warm. Anyway, that's the sad and terrible truth with me.

My pay check dear I long to see But alas it is so fickle. Today it came, at last to me— Tomorrow not a nickel.

Because his memory is so dear to us we almost never mention the name of Will Rogers. For years it was our greatest joy to open our daily paper and see that little message from this great and beloved American. The following are some of his better known sayings:

"The good old horse and buggy days; then you lived until you died and not until you were just run over."

"I never met a man I didn't

like."

"Everybody is ignorant — only on different subjects."

"My folks didn't come over on the Mayflower but they were there to meet the boat."

"Wrigley was the first man to discover that American jaws must wag; so why not give them something to wag against."

"It doesn't matter which side of my head is buttered. I'm going to eat both sides anyhow."

"The only time folks dislike gossip is when you gossip about them."

"One third of the people in the United States promote, while the other two-thirds provide."

"Everything is funny—so long as it is happening to someone else."

"All I know is what I read in

the papers."

All we know is that in this time of stress and strain in which we live today what a wonderful thing it would be if we could have someone to bring us these news and thought provoking comments on the problems of this day. The humor and deep hidden thoughts of this good man helped many a troubled heart to smile in the midst of their problem.

THE WONDROUS YEARS OF OUR TIME...

Man's use of petroleum — of oil and natural gas — began before the first records of history.

But petroleum's full usefulness to man has been a matter of decades only.

They have been wondrous years, those decades. Years that saw automobiles built by the millions because gasoline was available as a cheap source of power. Years that saw the oceans dwindle under the high speed of great ships powered by oil. Years that saw the evolution of a more comfortable living in homes warmed by oil and natural gas. Years that saw rubber, fibers, paints and many other useful items of everyday living produced from petroleum's hydrocarbons. Years that saw the earth shrink under the wings of the airplane, and great wars decided by the availability of oil.

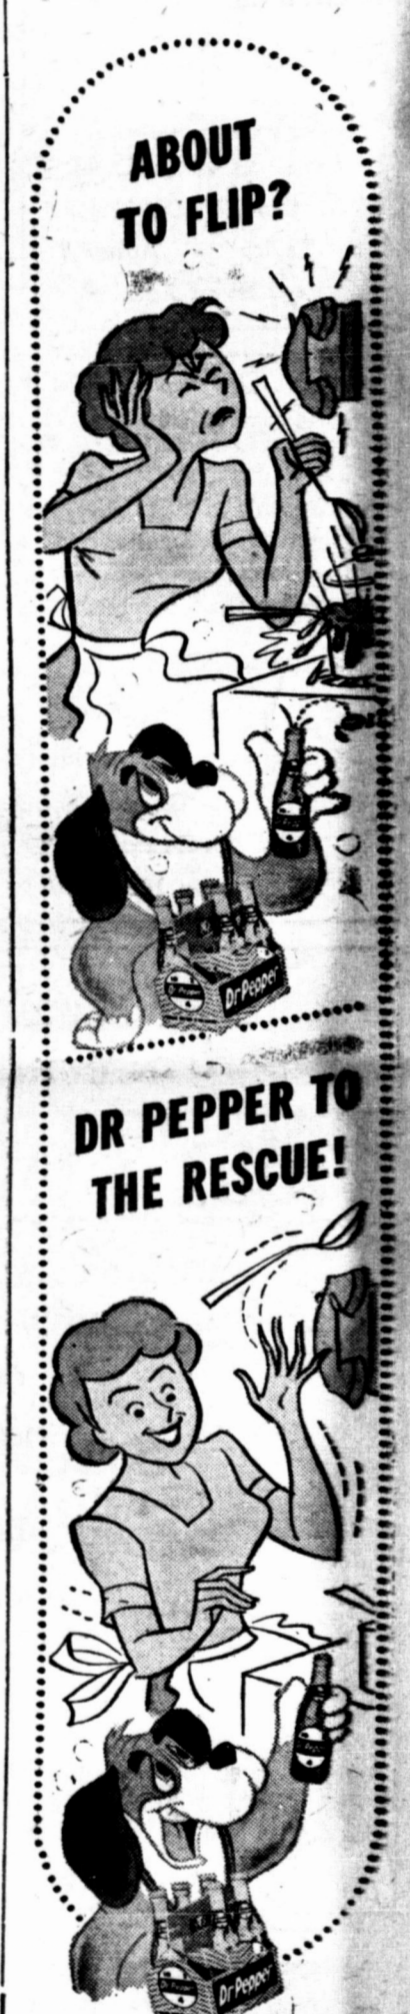

Thus, the oil industry has led the way into the wondrous years of our time. The industry, through foresight, ingenuity, research, and risk-taking, has found and produced the oil required in greater quantity each year, has conserved

oil for the future, has devised the transportation systems that move oil economically, has built the refineries and plants that convert crude oil and natural gas to the hundreds of useful products needed by a growing United States.

The Humble Company, founded in 1917, has participated in petroleum's progress during four great decades, and has pioneered in the development of many current techniques for finding, producing and refining oil. This week, with the industry, Humble invites you to consider the variety and extent of oil's progress . . . Surely no other industry has contributed more to the making of modern America.

1926 BOOK CLUB GUEST DAY

Dr. A. Kirk Knott of West Texas State College, Canyon, Texas was speaker at the guest day program of the 1926 Book Club Tuesday afternoon, October 15, at Patching Club House.

Mrs. L. N. Cox opened the meeting with prayer. Miss Lucile Polk introduced the speaker in a very clever manner. Dr. Knott has taught students from Clarendon and needed no introductory. His outstanding personality and manner of reading poetry of famous poets as Lowell, Robert Frost, and Thomas Hardy made the program most interesting.

Miss Polk served at a beautifully appointed table carrying out the autumn theme with brass and bronze epergnes of flowers and candelabra on a brown linen cloth. Coffee, punch and a dainty assortment of cookies were served to approximately 65 members and guests.

Hostesses for this lovely occasion were members of the social committee: Mesdames Elba Ballew, W. C. Thornberry, Frank Phelan, Sr., Gene Moore, and J. R. Porter.

KIL KARE KNEEDLE KLUB

Mrs. Harry Brumley entertained the Kil Kare Klub in her home Thursday afternoon, October 10, when members met for a business meeting. Committees were appointed for the year and names were drawn for the annual Christmas party. We welcomed one new member to the club—Mrs. Kirk Doshier.

A salad plate and hot spiced tea were served to members: Mesdames Homer Mulkey, Milt Mosley, Buel Sanford, Frank Whitlock, A. G. Hefner, J. R. Bartlett, S. W. Lowe, Cap Lane, M. C. Rampy, and Kirk Doshier by the hostess. —Reporter.

HARMONY CLASS

The Harmony Class of the Methodist Church met Thursday afternoon in the home of Mrs. B. C. Antrobus with Mrs. Bill Ray assistant hostess.

The meeting was called to order by the president, Mrs. C. A. Pitts. Mrs. L. N. Cox led the opening prayer. Mrs. Chas. Lowry gave an interesting devotional, "The Beatitudes and how to put them into practice." The scripture passage, Matthew 6:1-13, was read and the Lord's Prayer repeated in unison.

During the business session Polyanna names were drawn. Dainty refreshments were served to the following members: Mesdames Victor Smith, C. A. Pitts, L. N. Cox, Walter Hutchins, Wilson Gray, Frank White Jr., H. T. Warner, Chas. Lowry, Ralph Porter, Frank Phelan Sr., Lee Holland, Homer Parsons, C. W. Bennett. —Reporter.

M. Y. F. REPORT

Meeting was held Oct. 13th. There were 11 present. Johnny Wade led us in prayer. We took care of old and new business.

The M.Y.F. had the church service. Talks were by Lynn Holland, John Bob Butler, Sue Douglas, Johnny Wade, Jerry Don White, and Lacy Lee Noble. Judy Castner played the piano and Lynn Holland led the singing. Carolyn Castner led the M.Y.F. benediction. Mrs. Mace was in charge of the program.

Wednesday night the M.Y.F. will have another paper drive. We wish to thank everyone for the newspapers. —Reporter.

JR. H. D. CLUB

The Jr. H. D. Club met Thursday afternoon, October 10, at Patching Club House. Roll call was answered with a bulb exchange. Sadie Head gave a report on fall flowers and had several lovely arrangements which were used in decoration.

Refreshments of strawberry cake and coffee were served by the hostesses, Oma Bentley and Clara Finley, to members: Eddith Spivey, Leona Henson, Gladys Blackburn, Cula Jo Trout, Mary Belle DeBord, Polly Schull, Sadie Head, Nora Decker, and Bernice Adams. —Reporter.

PATHFINDER

Supt. Pinkerton was guest speaker at Pathfinder Club, October 11. Opening the meeting, Mrs. S. W. Lowe pronounced the invocation and Club Collect was repeated in unison.

Mr. W. W. Pinkerton, Superintendent of Clarendon School, discussed "Our Schools and The Future." He gave a good report on our school. Twenty-five of the thirty-nine teachers hold a Master Degree. This year the morale of the student body is fine.

A committee from the State Board of Education has been here this fall to check our work and has given our course of study a high rating.

The hostesses, Mesdames Frank Phelan, Jr. and W. J. Lowe, served a refreshment plate to our guest, Supt. Pinkerton, and to 19 members. —Reporter.

M. Y. F.

The Hamilton Sub-District M.Y.F. met for the October meeting in Hedley, October 9th at 7:00 p. m. We will have a newsletter published each month. All activities in your home town M.Y.F. will be sent in by your reporter to the Sub-District Reporter.

Kathleen Spalding led us in some songs, after which there was a program on "Vocations" given by the Lakeview group, also a motion picture was shown. Betty Gidden of Memphis brought the worship service and we were dismissed at 9 o'clock with the M.Y.F. benediction. M.Y.F. Sub-District Reporter Betsy Chamberlain.

GOOD NEIGHBORS CLUB

The Good Neighbors Club met October 11, in the home of Maggie Easterling in an all day quilting. A covered dish lunch, was served at the noon hour to members: Rosie Bingham, Florence Harp, Emma Davis, Carrah Mixon, Bennie Crabtree, Bessie Helton, Ruby Jordan, Nova Barker, Lida Warren and the hostess, Maggie Easterling.

One quilt was finished. The next meeting will be with Rosie Bingham, October 25. —Reporter.

BETA SIGMA PHI—MU GAMMA CHAPTER

THE LIONS DEN

The Roar of the Lions

By the Liontamer

As a result of plans and decisions, formulated and activated by the Lions Club and the Board of Directors Monday night and Tuesday noon, the community will not only witness a great deal of work and play by the club during the next 30 days, but will benefit materially from the service of the Club.

The high water mark of activity will be reached next Tuesday night at 7:30 when the Lions and their ladies will meet to celebrate the thirty-fifth anniversary of the Clarendon's Club Charter. This will be an occasion that should gain the participation of every member of the Local Club and their ladies. Word has been received by the Lion Boss that Joe Childers of Abilene, a director of Lions International has accepted an invitation to attend and take part in the celebration. Plans are almost complete regarding the festivities and each plan points toward an exceedingly enjoyable and rewarding evening of fellowship, fun and frolic.

Those present at the luncheon meeting Tuesday were the recipients of one of our best programs, presented by six of the youth of Hedley under the direction of Clifford Johnson and Mrs. Reeves. The Club was held spell bound by Don and Susan Cox teaming up on the piano and cornet to render a couple of Old Irish melodies. Then to climax the outstanding program the Specs, a quartet of four Hedley girls joined Don and Susan in a Chorus of My Wild Irish Rose. It was real gone. Out of this world. Thanks to you Hedley youth.

Other important plans and dates for this month which should gain the attention of the members of the club and the citizens of the community are: Friday, October 25, High School Homecoming Day and Homecoming football game with Lefors here, has been selected tentatively for the annual pancake day. November 4, has been designated as the annual broom, mop and mat sale for aid to the blind, which is one of the services rendered by the Lions Club that holds high priority rating.

The Club not only enjoyed having the program party from Hedley but was happy to have Billy Goodman as a guest for the Tuesday Luncheon meeting.

A final reminder. The Ladies Night thirty-fifth anniversary celebration of Lions in Clarendon will be held at the Lion's Den 7:30 P. M., Tuesday night, October 22nd. If you haven't had an opportunity to make your reservations, do so at a very early date.

Mr. and Mrs. Will Pickering have returned home from a months vacation. They visited relatives and friends in Oklahoma, Missouri, Iowa, Wyoming and Colorado. They report wonderful crops in Iowa and grand weather at all the places they visited.

Mr. and Mrs. J. D. Swift made a business trip last week to Texarkana, Jefferson and Hugo, Okla., returning by way of Wichita Falls where they visited their son, Dr. James Swift.

Mrs. Jess Ivey spent the last two weeks with her daughters, Mrs. M. B. Hatfield at Masterson and Mrs. W. F. McDonald at Amarillo.

Seven out of ten railroad employees have ten or more years of railroad service.

LIBRARY NOTES
By May L. Prewitt

We have the Fall Condensed Books put out by Reader's Digest. The books condensed in this book are "The Century of the Surgeon," "By Love Possessed," "Warm Bodies," "The Spiral Road—Duel with a Witch Doctor," and "Loho." All of these will be of interest to our readers.

For fourth and fifth graders we have Cornelia Meigs' "Wild Geese Flying." The third grade has "Ding Dong Bell" by Berta and Elmer Hader. Their books are my choice of children's books, but these books and Anderson's are about \$3.00 each. They do their own illustrations, and write realistic stories in a fascinating style.

As the cool evenings approach we have a few extra memberships. The Post and Life are our most popular magazines and then is the Ladies' Home Journal, Coronet and Reader's Digest. We have been promised some copies of Holiday which is excellent for reference work.

Homecoming Plans For Turkey Exes

The various committee chairmen and officers of the Ex-Students Association of Turkey held a very enthusiastic meeting Sept. 22nd to formulate plans for the Homecoming on Oct. 25-26th. The Menu Chairman, George Ray Colvin, reported plans for the Barbecue to be served Sat. Oct. 26, starting at 11:30, for everyone who purchases a ticket. This is not limited to Exes only. Plans for advanced ticket sale were started Friday, Sept. 25 for \$1.25 for adults. If possible the Chairman hopes that those who plan to eat will buy their tickets in advance. Approximately 700 letters have been mailed to Exes encouraging each one to send 50 cents per membership for the Association. While this membership does not

entitle the members to the Barbecue. The total for adult Exes amount to \$1.75, which is a small amount, considering the plans now underway to make this a big Homecoming.

The local Lions Club will sponsor a chile supper preceding the Turkey-Matador game on Friday, Oct. 25, from 5 to 7 p. m. at the High School Cafeteria.

Registration for all Exes and Teachers will begin Friday, Oct. 25th at the High School at 1:00 P. M. We urge all Exes to send their dues for membership before this date, however tickets for the barbecue and membership dues will be accepted at registration.

The Parade Chairman gave a detailed report of the parade plans under the sponsorship of all local organization and businessmen. The platform for the Guest Speaker, U. S. Senator Ralph Yarborough and other distinguished visitors, will be ar-

ranged in town, while the Highway Patrol will be in charge of traffic. U. S. Senator Ralph Yarborough's address will be carried by the P. A. System at 10:30 a. m. on Oct. 26. Following his address and the Parade the Barbecue will be served from 11:30 to 1 p. m. At 2 p. m. a business meeting will be held for all members of the Exes at the High School Auditorium. This is under the arrangement of U. F. Coker Jr. During this time special recognition will be given to all members of the graduating classes of 1923 through 1930, the crowning of the Exes Queen, and this will be a meeting that every Ex will especially want to attend. Class reunions will be held throughout the afternoon. The crowd anticipated for this year is 750 to 1000 guests.

Clarendon Broncs Take Impressive Win Over Panhandle - 31 to 0

The Clarendon Bronchos hit their stride at Panhandle last Friday night and rolled to an easy 31 to 0 victory over the District 1-A Panthers. The Bronchos ripped the Panther line to bits with power drives by Richard Vallance, Carl Evans, John Tom Morrow, Jerry Behrens and even little Dewey Wilson, to chalk up 305 yards rushing and added 35 yards passing for a total of 340 yards. The Panthers were able to gain only 131 yards rushing and 38 passing for 169 yards total. The Bronchos made 16 first downs to 10 for the Panthers.

The Broncho scoring was divided among four players. Evans made two touchdowns and kicked one extra point to lead the scoring attack with Behrens making one touchdown and passing

to Wayne Mann for another. Vallance made one six-pointer.

The Bronchos looked like they were in for a lot of trouble in the opening seconds of play. The Panthers, on their first play from scrimmage, broke one of their fast backs loose and he went 65 yards for a touchdown only to have it called back because of a penalty. That was the only glory for the Panthers as the Bronchos soon took complete command of the game. The Panthers had to kick from their own 20 yard line and Vallance returned the ball back to the Panther 20. Evans picked up 11 yards around right end and Vallance went around left end for the score. Evans kicked the point and the Bronchos were on their way.

The Clarendon boys chalked up their second score midway of the first quarter. They recovered a Panther fumble on the Panhandle 48-yard line and three plays later Evans raced around right end for 34 yards and the score. The Bronchos made it 19 to 0 at half-time when Behrens climaxed a long drive with a seven-yard scoring run. During the drive, Behrens had a beautiful 58-yard run called back because of a penalty.

The Bronchos scored one touchdown in each of the last two quarters. In the third period Behrens shot a 20-yard pass to Wayne Mann in the end-zone and in the fourth quarter, Evans climaxed a 70-yard drive with a one-yard plunge for the score. On this drive, Morrow switched to quarterback and Wilson to full-back.

The Bronchos put up a tough defense during most of the game. Defensive play was sparked by center John Richerson, guards Keith Hudson and Darrell Lefew, tackles Ted Weatherly and Milton Mann and ends Jimmy Johnson, Wayne Mann and Wesley Webb. Backs who stood out on defense were Vallance and Morrow.

Vallance was the leading ground gainer for the night with a total of 121 yards in ten carries; Evans got 77 yards in eight attempts; Morrow made 69 yards in 14 tries; Behrens made 20 yards in eight attempts and Wilson gained 18 yards in six runs.

The victory over the Panthers, although sweet, was a costly one for the Bronchos. John Richerson, dependable center and a standout on defense all season, broke a bone in his right foot and will be out for the remainder of the season.

The submarine was not generally recognized as a legitimate instrument of warfare until the Civil War.

FARM NEWS

from the County ASC Committee

INCREASE IN SUPPORT RATE FOR GRAIN SORGHUM

Information has been received that the support rate for grain sorghums in all counties in Texas, including terminal markets is increased three cents per hundredweight. This will increase the loan rate for Donley County from \$1.73 to \$1.76 per hundred-weight less storage and service fees.

INSPECTION TOUR BY REGIONAL DIRECTOR OF CSS.

Mr. Forrest Beal, Director of Commodity Stabilization Service and Mr. Clarence Miller, an Assistant, will make a cross county tour, inspecting farms with practices on which Agricultural Conservation Practice cost-shares were earned. Also Conservation Reserve fields and those under Soil Bank Acreage Reserve contracts will be included in this tour of inspection.

FARM STORAGE LOANS

Farmers who may have Farm Storage Loans on grain are re-

minded that they will be responsible for the up-keep of the grain so stored. None is to be removed from the bin without the approval of the county committee. January 31, 1958 is the final date to file application for loan or purchase agreement on 1957 produced grain.

1958 WINTER WHEAT ACREAGE RESERVE

Thirty three producers signed contracts covering 2287.9 acres of winter wheat "allotment" land in the 1958 Acreage Reserve of the Soil Bank through the four week period which began August 26th and closed October 4, 1957. The payments in connection with these contracts total \$25,487.55.

LIEN WAIVERS

Applicants for 1957 Grain Sorghum Loans should remember that lien waivers must be signed by all landlords and lien holders before a loan can be completed in this office. Commodity Credit Corporation require the lien waiver without exception.

WE HAPPENED TO HEAR THIS

One Farmer said to another: "My friend you have a Conservation Reserve Hair Cut." The friend answered, "and what do you mean by that?" The farmer said, "well it's all mowed off."

White Wing Movie Now Being Made

AUSTIN — "Movie Safari for WhiteWings" is the title of an interesting story in the September issue of TEXAS GAME AND FISH, official publication of the Game and Fish Commission. The article was prepared by Lon Fitzgerald, staff photographer. He has been spending weeks in the field shooting the WhiteWing Dove Story.

The film probably will be ready for release about the first of the year. It will be made available to clubs, schools, and organizations for free showing.

Fitzgerald describes how he set up recording equipment for catching the sounds made by the whiteWings in their nesting area.

The pictures were made on 16 mm color film, using a new Arri-flex telephoto lens. The shots were made from especially constructed blinds.

"The blind was set up at numerous locations with excellent results, even though uncalculated obstacles were encountered," he wrote. "Number one bug-a-boo was the heat. In wildlife photography sometimes film must stay in the camera for long periods

without advancement.

"This, in addition to long exposures, caused the softening of film emulsion. The result—a jammed camera.

"Our camera crew also returned with a healthy respect for predator-conscious whiteWings. Setting up a blind in native whiteWing nesting cover was -

well, have you ever tried to retrieve a tennis ball from a bed of roses? It seemed the best location for a blind was always in a cluster of cactus, mesquite, and ebony."

Tip to motorists: Watch out for school kids—they weren't brought up to be run down.
