Celebration Festivities Begin Here Tonite

Celebration & Rodeo Awards Listed

A number of special awards will be handed out during the three day celebration. The top prizes will be two beautiful saddles to the best all-around rider and the best all-around roper in the rodeo events. One saddle is being donated by the Donley County State Bank and The Farmers State Bank. The other is being donated by Chamberlain Insurance and Chamberlain Motor.

Belt buckles will be given to cowboys with best time in each event. These have been donated by Palmer Motor, Noblitt Sales, Household Supply, Donley County Leader, Alderson Chevrolet, Cornell and Kidd Texaco, Bennett Implement Co. Levi's for hard luck cowboys have been donated by Levi Strauss Co., Dick Shelton, Dr. Chas. Deyhle and Price's Truck Stop.

Luggage donations for the Queen Contest are by Green Dry Goods, City Drug and A. R. Hensin Tire Co.

Beef for the barbecue was donated by ranchers and individuals and the trimmings by local merchants.

The loud speaker at the rodeo is being donated by Wallace Monument Co., and labor at the Rodeo and for other jobs is being donated by ranchers and individuals of this area.

Local Banks Show Increase In Deposits Over 1957

Clarendon's two banks which both show Capital Stock of \$100,000.00 also show an increase in deposits of almost one-half million dollars over the same time a year ago according to financial statements appearing in this issue of the Leader. The present bank call was at the close of business June 23, 1958.

Total deposits at this time in the two banks was \$5,930,462.05 as compared with \$5,441,135.58 in June 1957, an increase of \$489,326.47. They also show an increase in loans. The total loans at this time was \$3,127,187.90 as compared with \$2,739,227.88 a year ago, an increase of \$387,958.02 over the 1957 figure.

Bond Assumption Election July 7th

The Bond Assumption election for the Clarendon Independent School District will be held next Monday, July 7th at the School Tax Office. This type of election is necessary following the consolidation of two districts which in this case is the local district and the Ashtola district. Those voting are all qualified voters in the Clarendon Consolidated Independent School District which now includes Ashtola.

Voting time will be from 8 a. m. until 7 p. m. Election judges will be Curtis Mears, Mrs. C. M. Lowry and Mrs. Naomi Phelan.

Dusters To Play Nazareth Here Sunday

The Clarendon Dusters will play the rough and rugged Nazareth team here in Duster park next Sunday afternoon at 2:30.

Last Sunday they were defeated by Umbarger 7-5 in a twelve inning game which was a thriller from start to finish. The Dusters are inviting all fans to come out and enjoy a good game Sunday.

Rodeo Queen To Be Announced at Barbecue

Voting in the Rodeo Queen contest has picked up considerably the past few days and the voting is expected to reach a high pitch before the final count is made at 10 o'clock the morning of the fourth.

The votes were counted Tuesday morning with the standing listed below. Another count will be made July 3rd and the final vote Friday morning. Each of the Queen contestants will have their voting boxes in front of the Rodeo Headquarters in the Legion building from 8:30 a. m. until 10 o'clock the morning of the Fourth.

These contestants have voting boxes in the various business places over town so be sure to stuff the ballot boxes of your favorite candidates and help them win the lovely luggage which will be the top prize. The Queen will receive three pieces of ladies luggage, the runner-up will receive two pieces of luggage and the third place winner will receive one piece of luggage. These pieces of luggage are displayed in the windows of Greene Dry Goods, A. R. Hensin Tire Co. and the City Drug.

The standing of the candidates Tuesday morning: Lee Ellen Bell 2543; Linda K. Hardin 1728; Wilma Mann 1335; Beth Lamberth 1152; Vicki McAnear 821; Jo Ann Wood 568; Jackie McClellan 528; Betty Graham 473; Ann Word 199; Ellen Murphy 117.

Most Stores To Close Friday - July 4th

The majority of Clarendon business firms will be closed Friday (July 4th) although a few establishments will remain open to help accommodate the crowd that will be here for the celebration. July 4th is one of the four holidays of the year observed by local merchants as a general closing date. Be sure to purchase the items you need today (Thursday).

The Leader office will be closed both Friday and Saturday.

This Is Your Annual Celebration Edition

Clarendon business firms want this to be the biggest celebration ever to be held here which is evidenced by the large number of welcome ads in this issue of the Leader. They want everyone to feel that they are honestly welcome to take in the entire celebration and encourage everyone to lay their work aside and not miss any event. Turn through the pages and absorb the warm spirit of welcome that is extended.

The Leader force has enjoyed putting out this larger edition and wish to thank the merchants for splendid cooperation in turning in their copy at an early date to make it possible.

Methodist Youth Plan YAW

A committee of youth from the Methodist Church met at the home of H. M. Breedlove Monday morning, June 30 to make plans for Youth Activities Week which is to be held July 16 through 20. James Glascock, talented young minister from Wellington, Texas is to speak each night. Other activities will include a fellowship supper, discussion studies of several foreign countries, fellowship, and devotional services each night.

This meeting will be a real experience for anyone who attends. All youth are cordially invited.

Sheriff Issues Annual Celebration Warning

Sheriff Bill Cornell, in speaking for the entire sheriff's department, issued the usual warning for the celebration yesterday and is urging full cooperation in order that everyone may enjoy the entire affair without mishap.

He pointed out that streets will be congested and everyone should just take a little more time or allow more time to get to your destination. If you plan to drink, please use moderation and don't get on the streets or highways in your car if you are drinking. Remember to consider others, (the innocent) who might be injured due to your carelessness.

He is again reminding parents and youngsters in regard to the shooting of fireworks within the city limits. Fireworks can be more dangerous than ever in a crowd and can be especially dangerous when thrown under a horse either on the streets here in town or at the rodeo. If you want to hear the loud reports, etc., take your fireworks to the country where no innocent person will be affected.

We wish to point out further to all parents and their youngsters that the new state law in regard to fireworks carries a very heavy fine and punishment for shooting fireworks from a car or near a vehicle of any sort. We will be compelled to enforce these laws regarding fireworks so we are hoping to receive one hundred percent cooperation. Sheriff Cornell added.

We are looking forward to a comparative peaceful celebration again this year and hope, for the good of everyone concerned, that everything goes well, the Sheriff said.

Swimming Pool Committees Study Pool Operation

Members of the committee on the proposed swimming pool are making an exhaustive study of the construction and operation of pools in towns of similar size and financial structure as Clarendon. The construction costs, size, operation, and other important items have been studied by the group in order to secure as adequate and correct a picture of the situation as is possible.

A number of other pools are going to be checked and a number of contractors are to be contacted with reference to proposed costs of the construction of a pool in order that such information may be presented to the people of Clarendon. The response by phone and letter to the recent inquiry concerning the attitude of the people in Clarendon to the possibility of constructing a pool here showed approximately a seven to one majority for trying to provide a pool if it could be constructed without too great an increase in taxes for same.

Cotton Sack Mfg. Firm Moved Here

Local interests have purchased the S & W Cotton Sack Mfg. Co. of Vernon and have moved the entire set-up to Clarendon where it is being assembled for operation this week. The manufacturing concern is located in the old Farmers Exchange building.

The business will be given a new name and we understand that all local help will be used in the manufacture of cotton sacks and other items. Further information concerning the business will be released at a later date, stated one of the parties interested in the concern.

Services Held Monday For Mitch Bell

Funeral services for Mitchell Edward Bell, 94, pioneer Clarendon resident, were held Monday in the First Methodist Church with Rev. Conrad M. Ryan officiating.

Mr. Bell died Sunday afternoon at Thurmon's Convalescent Home in Amarillo.

For years Mr. Bell had been a prominent figure in the Annual Fourth of July Celebration here and with his death at this time, with the main celebration day only tomorrow, the Old Timers will feel a great loss but will hold many, many fond memories as he was always the life of the group and always looked forward to greeting the friends it had been his pleasure to enjoy.

Mitch Bell came to the Panhandle in 1884 to work for Charles Goodnight on the JA Ranch and later engaged in ranching on the east outskirts of the ranch. He came to the JA from Mineola in February of 1884 with his brothers, Gus and Ed, and Vince Terry. The group drove a wagon with saddle horses tied behind the wagon.

They left Mineola on New Year's day and arrived at the J. A. Ranch in February. Mr. Bell's first job was to assist John Mann and George Dozier in a roundup of LX range cattle that had drifted across the plains into JA range.

When the roundup began in May of 1884, young Bell was made horse wrangler and provided fresh mounts for the men as they moved along to new locations with the chuck wagon.

After 15 years with Goodnight, Mr. Bell filed on school land and engaged in ranching for many years west of Antelope Flat before he retired.

He was a member of the First Methodist Church, and the Masonic Lodge here and was a charter member of Khiva Temple of Amarillo. Survivors include a daughter, Mrs. P. B. Gentry of Amarillo; four sons, Charley Bell of Kerrick, Walter Bell of Van Nuys, Calif., Dick Bell of Childress and Houston Bell of Clarendon; a sister, Mrs. Conda Jones of Lariat; nine grandchildren and 13 great-grandchildren.

Pallbearers were Oscar Cobb, Pinky Price, Ralph Collinson, Frank White Jr., Forrest Doshier and Fred Patching. Interment was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Best Way To Enter Rodeo Grounds

As many of you know, there are two entrances to the Rodeo Grounds but for local folks and others who do not know, the committee wishes to point out that the north entrance is the best and quickest way to get inside the grounds. You will save time by driving on past the entrance east of the chutes to the first lane north of the grounds as visitors from other places naturally figure it is the only way in. There is more parking space to the north of the arena and you can get out quicker when the rodeo is over.

CHANGE IN SCHEDULE AT CATHOLIC CHURCH

During July and August, Sunday Holy Mass will be celebrated at 8:00 a. m. at Saint Mary's Chapel - Shrine, the Catholic Church here in Clarendon. Saint Mary's Church is the oldest Catholic Foundation in the Panhandle of Texas.

Old Timer Speaker

KARL L. LOVELADY

Old Timers To Gather Here July 4th

Ernest Kent stated yesterday that everything was in tip-top shape to show the Old Timers a wonderful time the morning of July 4th when this group gathers at the Mulkey Theatre for their annual Celebration get-together. Registration will begin at 9 o'clock and those registering will be served free barbecue in a group at the noon hour. Karl L. Lovelady of Muleshoe will be the main speaker at 10 o'clock.

Legion To Have Dances Each Nite Of Celebration

The local Legion is sponsoring celebration dances again this year which will be held all three nights of the celebration. Jam packed crowds are expected for the dances which begin tonight, July 3rd and will be held the night of the 4th and 5th.

Emmett Allen and his Sunset Ramblers are furnishing the music for all the dances and these boys can put out the music that dancers really enjoy.

The Legion is inviting everyone to come out for a grand and glorious time.

Local Firemen To Serve As Deputies

Sheriff Bill Cornell has announced that the complete membership of the local volunteer fire force has been commissioned as special deputies of the Sheriff's Department during the entire celebration and will help with general law enforcement at the Rodeo grounds and elsewhere as needed.

He pointed out that these men will have the full authority of a regular deputy and will be carrying proper identification. We appreciate the time and effort these men will be extending, the Sheriff added.

BROTHER OF LOCAL RESIDENTS DIES

Funeral services for Oscar McKee, 65, were held Wednesday at Memphis with burial in Fairview Cemetery.

Mr. McKee, brother of George McKee and Mrs. Anna Marie Hamblen of Clarendon, died in the Groom hospital Monday. He had been a resident of Hall County 52 years. Other survivors include another sister, Mrs. Lucille Jenkins of Pampa and five other brothers, Walter of Groom, Sam of Orange, Burt of Alanreed, Roy of Hedley and L. R. McKee of Memphis.

Thousands of Visitors Expected To Attend Free Barbecue and Events

Work Begun On New Elevator Unit

Work was started this week on a new flat storage Elevator unit of the Clarendon Grain Co. to be constructed on the south side of the Ft. Worth & Denver RR tracks opposite the present upright structure. Frank White Jr. is the owner and announced that a Houston Steel company would be in charge of construction.

The new unit will have a concrete floor and will be of rigid frame construction. It will be 45 feet high and 200 feet long without any braces. It will have a reversible auger in the floor and will have a tunnel under the railroad tracks connecting it with the other elevator on the north side of the tracks. It will have a storage capacity of approximately 600,000 bushels which will be around twice the capacity of the present concrete elevator. It will also have an automatic temperature system which is a very important factor in storing grain, Mr. White stated.

We plan to build our main office building near this new unit at a later date, he added.

Greenbelt Bowl Game Set For August 15th

Jerry Behrens will appear with the West Team in the Ninth Annual battle of area All Stars in Childress on August 15th. He was one of forty-eight selected from a field of over 100 boys nominated by coaches from 69 area high schools. Boys were selected on the basis of their high school football performance record and on the basis of their coaches' recommendation as to character and attitude.

Jerry Behrens was elected to the All-District Team, All-Regional Team, and All-State Team while a student at Clarendon High School. He was highly recommended by Coach Tom Jinks.

If past history repeats itself there will be standing room only in the 3,000 seat Childress Municipal Stadium on the night of Friday, August 15th. This game each of the past eight years has drawn an overflow crowd of football fans to this pre-season football classic. Tickets can be obtained by writing Post Office Box 28 in Childress. All seats are reserved at a cost of \$2.00 each.

Local fans have seen former Clarendon High School stars—Drew Christie in 1951 and Jimmy Jenkins and Gene White in 1950. Coaches of the West Team will be H. A. "Sandy" Sanford and Johnny Dunn of Tarleton State College. They will face a team coached by Claude Gilstrap and Burley Bearden of Arlington State College. Last year Gilstrap coached the East Team to a thrilling, hard fought 6 to 0 victory over the West Team. Records show that the East Team leads 5 to 3 over the eight years of play.

The Western Parade will start at 1 p. m. and everyone participating is asked to be ready to line up prior to the starting time.

Voting in the Rodeo Queen contest is still going on with the deadline for votes at 10 a. m. Friday morning. The winner will be announced at the Barbecue.

Everyone is welcome to come and enjoy all events of the celebration. This will be your opportunity to visit with friends from all over the Panhandle.

H. C. Shaw Jr. Named New Deputy Sheriff

Sheriff Bill Cornell announced Tuesday the appointment of H. C. Shaw Jr. as his new Deputy Sheriff to fill the vacancy which was created by the resignation of Lois Putman several weeks ago. Shaw took over his new duties Tuesday, July 1st.

Shaw is a native of Donley County and needs very little introduction to most folks as he has been farming in the Windy Valley Community most of his life and was quite active in 4-H Club and FFA Chapter work.

Deputy Shaw plans to move his family to town just as soon as arrangements can be made for suitable living quarters.

Clarendon's annual Celebration will get underway tonight with the first Rodeo performance and the first Legion dance and the whole affair is expected to gain momentum as it goes into the second day of festivities. At noon Wednesday 55 contestants had already signed up for the various rodeo events which indicates a large entry list of contestants. The Rodeo performances have been set for 8 p. m. each evening of the 3rd, 4th and 5th and at 2 p. m. on the afternoon of the Fourth. Bob Head, president of the Celebration, reports everything to be in tip-top shape and all phases of the celebration is expected to move along in grand style.

The big event of the rodeo performances will be the Businessmen's Wild Cow Milking Contest which will be held at each performance. Those lined up for the first contest tonight (July 3rd) are Ernest Kent and Junior Spier vs. Tommie Saye and A. R. Hensin; afternoon of the Fourth—Basil Smith and Pete Darnell vs. Maurice Hart and Ray Moore; night of the Fourth—Rev. Conrad Ryan and Rev. Berkeley So-Relle vs. W. W. Pinkerton and Beryl Clinton and the night of the 5th—Bill Todd and Dr. Chas. Deyhle vs. Pud Bain and Hershel Heath.

Other events at each performance will be the Kids Boot scramble and a trick rider-roper entertainer.

Flip Breedlove and his crew will start barbecuing the beef this afternoon on the lot east of Lions Club Hall, and J. B. Melton and his helpers will be finishing off the big pot of beans around midnight tonight. They cooked off the big pot of fruit earlier in the week. Frank Reid's crew at the locker plant have had a busy week getting around 4500 pounds of beef cut up and ready to cook.

Serving lines will be set up on the court house lawn and serving time will begin promptly at 11:30 on the Fourth. All those who have been contacted to help with the serving are asked to be at the court house shortly before 11 o'clock to get ready to serve the anticipated crowd of six thousand or more. There will be fourteen serving lines this year and one line for the colored people. One special line will be reserved to serve the Old-Timers.

The Western Parade will start at 1 p. m. and everyone participating is asked to be ready to line up prior to the starting time.

Voting in the Rodeo Queen contest is still going on with the deadline for votes at 10 a. m. Friday morning. The winner will be announced at the Barbecue.

Everyone is welcome to come and enjoy all events of the celebration. This will be your opportunity to visit with friends from all over the Panhandle.

H. C. Shaw Jr. Named New Deputy Sheriff

Sheriff Bill Cornell announced Tuesday the appointment of H. C. Shaw Jr. as his new Deputy Sheriff to fill the vacancy which was created by the resignation of Lois Putman several weeks ago. Shaw took over his new duties Tuesday, July 1st.

LELIA LAKE NEWS

Mrs. J. R. Batson

Mrs. Will Walling and Mrs. Jessie Jasper of Amarillo left Sunday to visit relatives in Cleburne, Houston, and Galveston.

Mrs. Oscar Roberts took her grandchildren, Jerri and Steve Vaught to their home in Amarillo last Tuesday after they had spent several days with their grandparents.

Dorothy and Leroy Leathers of Amarillo spent last week with their grandparents, Mr. and Mrs. Bertie Leathers.

Darrell Wood had an appendectomy in a Memphis hospital last week. He is at home now.

Mrs. A. K. Thurman returned last week from a visit with relatives in Kerrville and Fredericksburg. Her son, Larry, accompanied her home after spending

several weeks with relatives.

Dale Ayers of Canyon spent the weekend with his parents, Mr. and Mrs. C. C. Ayers.

Mrs. Sue Hill returned home Saturday after spending several weeks in an Amarillo hospital.

Mrs. H. R. King Jr. and Steve of Tulia and Mrs. Sam Power of Estelline visited friends and relatives here Thursday.

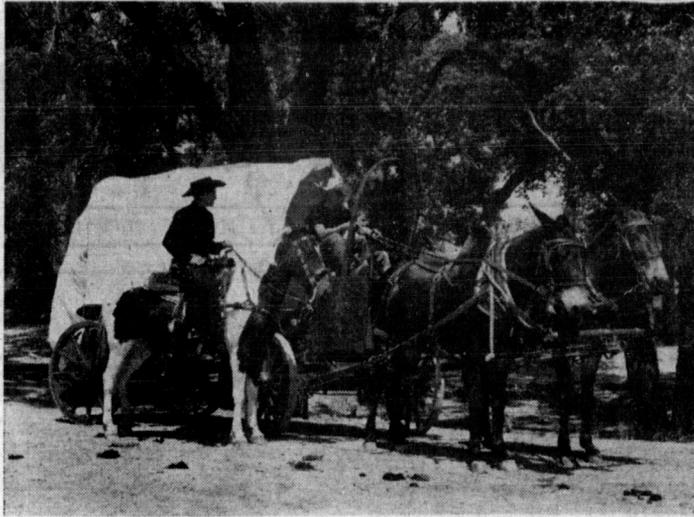

Sam King of Austin returned home last week after spending his vacation here with his father and other relatives.

Mrs. Billy Hill and Pam and Bobby Hill and children all of Amarillo spent the weekend here with their parents, Mr. and Mrs. Luther Butler and Mr. and Mrs. A. T. Castner.

Mrs. Earl Fox and Mrs. J. B. McDaniel had business in Vernon Thursday.

Mr. and Mrs. Doyle Christie and children of Climax, Colorado are here visiting relatives.

Mr. and Mrs. Rube Womack of

Old days and new will meet at Amarillo July 4, when boys of the chuck wagon crew from Cal Farley's famous Boys Ranch and pioneers who came to the Golden Spread in covered wagons appear together in the gigantic Waddy Week parade at 10:30 a. m.

The Boys Ranch unit has attracted wide attention with its authentic, mule-drawn chuck wagon. Sixteen Boys Ranchers on horseback are riders, while two other boys dressed as prospectors appear with three Mexican bur-

ros. The chuck wagon itself is an integral part of the Boys Ranch operation, as it is used several times each week on overnight campout trips. On these occasions, groups of boys ride horseback through the Canadian breaks to the campsite, have their supper from the chuck wagon, spend the night, then have an old-fashioned range-style breakfast before returning to the Ranch.

Pioneers in the Waddy Week

Memphis visited Mr. and Mrs. Luther Butler Sunday.

H. R. King visited relatives and friends in Estelline Sunday.

Rice Batson was able to return home Tuesday from Groom where he had surgery.

J. C. Smith suffered a heart attack last Tuesday and remains in a critical condition in the Adair hospital in Clarendon.

Mrs. Sue Hill and boys left Monday to spend several days in Canyon.

Mrs. David Hudgins and Dee of Lesley visited relatives here Monday.

Mrs. Brice Webster, Mrs. Hampton, Mrs. Clara Cummins, Mrs. Beuna Gerlack, and Mrs. Bess

Crump, all of Memphis, visited Mrs. Quinn Aten Tuesday afternoon.

Mr. and Mrs. Quinn Aten visited Mr. and Mrs. Wilson Lane and

boys of Amarillo Sunday.

Mrs. Quinn Aten and Mrs. Sam Roberts visited relatives in Memphis Friday.

LEADER CLASSIFIEDS GET RESULTS.

UNIQUE CHILDREN'S PROGRAM

Paul Borge, announcer for the new radio program Children's Chapel, holds one of the dozens of tapes which carry the program across the United States, Alaska, and Canada.

Station KHHH, Pampa, will air this unique 15-minute children's worship service Sundays at 8:45 a. m., beginning July 6. Featuring a dramatized story from the Bible, hymns, and a time for prayer, it is one of the few religious programs beamed at younger listeners.

Announcer Borge, for five years a television director in Omaha, Nebraska, is now an instructor in radio and television courses at the University of Omaha.

country tavern. Mine host in looking over the register discovered the name of Henry Clay. There was but one Clay. Could it be possible that he had this distinguished man under his roof? He was astounded, delighted, and the admirable Boniface bustled forward, and made his rude bow.

Mr. Clay, I believe sir? said he. That is my name, said the gentleman in his affable tone. Mr. Clay the Congressman?

Yes, sir.
Well, sir, I've heered of you, and I thought I'd ask you if you wouldn't give me and my old woman a little speech before you go?

Mr. J. Studor, Horticulturist in this neighborhood, presented us on Saturday last, a fine lot of English and delicious grapes of other varieties, also some fine,

soft and nectarine peaches—all specimens which show how much industry, and science united, can contribute to the comfort and luxuries of this climate. Mr. Studor has set a fine example to our citizens.

Hotels—We call attention to the card of the Kirkwood House, Washington City. This is the house where a large number of the Texas traveling community stop, where our Congressional delegation board, and where the best of fare and Texas Newspapers can be found. We speak from experience when we command the Kirkwood House to our readers.

Taking a bird's eye view of the crops in most of the Southern States, we are now prepared to say that in no state are there so promising crops as in Texas. We have never seen anything to surpass the crops upon the lower Brazos and Colorado, and we understand that these rich harvests are little more than an average in the whole State.

D. Walsh

FROM THE OFFICE OF
LYNDON B. JOHNSON

U. S. SENATOR FROM TEXAS

June 25, 1958

Dear Friend:

The second session of the 85th Congress is in the home stretch. I think it can be fairly said that we have had six months of accomplishment.

When Congress convened in January, we faced some enormous challenges. Two Russian sputniks had begun circling the globe. A business slump had set in.

The challenges, then, were both military and economic. Unemployment had risen to between four and five million, and the two Russian satellites were in orbit. People were demanding effective action to meet our problems at home and abroad.

Now, at the end of June, we can look back on this session's

"books" and see that many of the challenges have been met.

We have worked hard in the Senate to pass measures designed to stimulate the economy and to provide jobs for people who need them. Substantial progress has been made to strengthen our defense programs.

Military and technological accomplishments would have been a hollow consolation to us if we lost sight of the importance of a sound economy. The strongest kind of economy, by the same token, would have been of little value to us if we failed to live up to our spiritual and philosophical standards.

I think we have maintained our perspective.

We passed emergency housing and highway program, and urged the Executive Department to accelerate civil and military construction projects. We passed an unemployment compensation extension bill, provided needed assistance to the railroad industry, expanded the Community Facilities Act to provide loans to local governments, and broadened the authority of the Small Business Administration. This gives some idea of the work we have done to bolster our economy.

In the area of national defense, the Senate authorized a mutual

security program to help maintain our free world leadership, authorized expansion of missile bases and detection and warning systems, established a Special Committee on Astronautics and Space Exploration (which reported a bill setting up a U.S. Space Agency), authorized the construction of a reactor for an atomic-powered destroyer, adjusted the pay of military personnel to reduce the loss of skilled technologists, authorized the construction of two "superliners" to

meet the urgent need for troop-lift shipping.

Other important legislation has been passed. We still have work to do in the next several weeks on farm problems, public works, reciprocal trade, national defense.

I hope you will write to me about any of these questions.

I welcome your advice and counsel. I value your friendship.

BLOWIN' Out the CORNERS

Uncle Zeb

We had such a nice letter this week from someone who says they have been a regular reader of our column for several years. This proves one thing and that is that they can really take the punishment. But one thing that I can't prove from the letter is who wrote it, because it just wasn't signed.

In the first place this person sort of spans me a little bit for always talking about eating off of my relatives. This person doesn't think that eating off of

your relations is nearly so nice as just getting to visit with them on their farms and creeks and enjoy the good scenery and the pleasant thing of just being with them out next to nature and all. Anyway, this person is right. This letter made my conscience hurt and I am sorry for all that I have written about eating my brother-in-laws out of house and home. I'll try real hard not to mention this fact again unless they provoke me. I'll call a truce with all of them. When I see each of them I will attempt to say that I am sorry. In the meantime I will publicly admit that I have done wrong about this, and will try real hard to do differently after this.

This reader does offer some help on our squirrel problem at the Bennett Farm. This person says that they know of some young fellows down on Lela Creek in Donley County that would capture a mate, for the

Bennett squirrel just for the sake of friendship. Okay, it's a deal. I will guarantee that Mrs. Bennett will bake a cake for the first young fellow who catches her a mate for her squirrel. Maybe we better have two because we are not sure which kind of a mate we need. Mrs. Bennett will deliver the cake, and pick up the caught squirrels. Thanks for the letter.

"The place to stop crime is in the high chair, not in the electric chair." This quote comes from Judge Goldstein and it is so very right.

One of the greatest honors that has come to us lately was when we were elected a director in the United Peace Officer of America at their annual meeting at Boys Ranch last May. This organization which is some five years old is dedicated to the sole purpose of being helpful to the boys at Boys Ranch. They have sponsored and helped build a new almost a quarter of a million dollar school

Contour, Terraced, Strip Cropped Field

This farmer is enjoying the benefits of correctly applied conservation practices. Level, closed end, ridge type terraces and contour farming give protection against water erosion damage while field strips, with their protective height, serve to reduce wind erosion damage.

building and are now trying to secure funds to finish the new dining hall at the Ranch. Of course the Peace Officers don't put in near all the money but they have been talking, working and promoting the wonderful projects.

Judge Clarence Williams of Panhandle is the treasurer of this group and for any amount of money which you send him he will send you a one year membership in this organization and see to it that every penny you donate goes into a worthwhile project for the boys at the Ranch. Anyone who stands for peace and goodwill in this United States of ours can be a member of this group. We are all Peace Officers in the true sense.

Anyhow, we are going to have to work hard and try to be worthy of this great honor. We know we can't be worthy, but we can try real hard. Thank you Fellows for your confidence.

The rutabaga is a Swedish turnip.

Radium is 3,000 times as valuable as gold.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Several hundred acres of crops were destroyed last week by wind erosion in the Donley County Soil Conservation District. Some field crops were completely ruined by the "sand blasting" effect of the blowing dust. However, some crops were protected by having been planted in strips with other crops. Cotton in particular on the sandier type soils needs to be strip cropped.

Strip cropping is a method of growing crops in a systematic arrangement of strips or bands which will serve as vegetative barriers to wind or water erosion.

Elect Judge Sarah T. HUGHES
To Supreme Court

The practice should appear on the land annually or periodically in conforming with your cropping system.

Field strips spaced at regular intervals or border strips seeded around fields subject to wind erosion damage from adjacent areas will give good protection against wind and water erosion. Field strips are usually applied

at approved terrace interval spacings. Wind strips, placed perpendicular to the prevailing winds, may also be used to minimize wind erosion damage.

Additional information on strip cropping may be obtained from the local Soil Conservation Service Office.

Blowing Out the Corners

By Uncle Zeb

We had such a nice letter this week from someone who says they have been a regular reader of our column for several years. This proves one thing and that is that they can really take the punishment. But one thing that I can't prove from the letter is who wrote it, because it just wasn't signed.

In the first place this person sort of spans me a little bit for always talking about eating off of my relatives. This person doesn't think that eating off of

your relations is nearly so nice as just getting to visit with them on their farms and creeks and enjoy the good scenery and the pleasant thing of just being with them out next to nature and all. Anyway, this person is right. This letter made my conscience hurt and I am sorry for all that I have written about eating my brother-in-laws out of house and home. I'll try real hard not to mention this fact again unless they provoke me. I'll call a truce with all of them. When I see each of them I will attempt to say that I am sorry. In the meantime I will publicly admit that I have done wrong about this, and will try real hard to do differently after this.

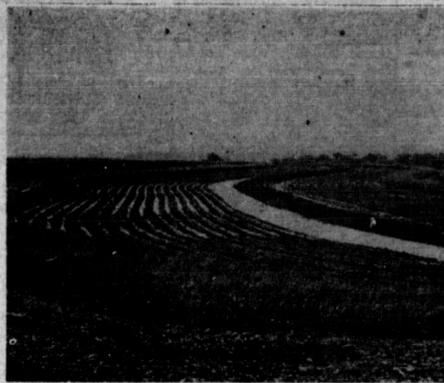

This reader does offer some help on our squirrel problem at the Bennett Farm. This person says that they know of some young fellows down on Lela Creek in Donley County that would capture a mate for the

Bennett squirrel just for the sake of friendship. Okay, it's a deal. I will guarantee that Mrs. Bennett will bake a cake for the first young fellow who catches her a mate for her squirrel. Maybe we better have two because we are not sure which kind of a mate we need. Mrs. Bennett will deliver the cake, and pick up the caught squirrels. Thanks for the letter.

"The place to stop crime is in the high chair, not in the electric chair." This quote comes from Judge Goldstein and it is so very right.

One of the greatest honors that has come to us lately was when we were elected a director in the United Peace Officer of America at their annual meeting at Boys Ranch last May. This organization which is some five years old is dedicated to the sole purpose of being helpful to the boys at Boys Ranch. They have sponsored and helped build a new almost a quarter of a million dollar school

BRIDAL SHOWER

On Thursday, June 26, the home of Mrs. Jiggs Mann was the scene of a bridal shower honoring Miss Barbara Banister, bride-elect of Loy Lee of Vernon. Refreshments were served from a lace covered table complemented by a lovely floral arrangement carrying out the bride-elect's chosen colors of pink and white. Guests were greeted by Mrs. Mann, who presented Miss Banister, Mrs. F. E. Banister and Mrs. M. W. Lee. Mrs. Jack Leeper presided at the guest book, while Mrs. Kenneth Banister ladled punch and Miss Wanda Elliott served cake to the guests.

Approximately twenty-five guests called during the evening and a number who were unable to attend sent gifts. Out of town guests were Miss Shirley Martin, Mrs. Carl Johnson, Mrs. J. W. Lee and Linda, Mrs. H. L. Waggoner, all of Amarillo, Mrs. Jack Leeper, Pampa, Mrs. Vance Stone, Borger, Mrs. M. W. Lee, Vernon, and Mrs. Hollis Banister, Hedley.

Hostesses for the shower were Mrs. Jiggs Mann, Mrs. Troy Guy, Mrs. Benny Benton, Mrs. Bill Cornell, Mrs. A. G. Lane, Mrs. Pink Marshall, Mrs. R. C. Bryan, and Miss Ruth Richerson.

LELIA LAKE WSCS

The Women Society of Christian Service of Lelia Lake met in the home of Mrs. Will Mace Tuesday, June 25th at 4 o'clock for a social and business meeting.

The program was taken from the Methodist Women and was opened by prayer by Mrs. J. B. McDaniel. Mrs. Peggy McDonald gave the devotion and also "Our Purpose" of WSCS. All members participated in the program.

In the business meeting the president Mary Lee Noble presided. It was decided to have "Family Night" every second Wednesday night of the month.

Refreshments of cookies and punch were served to seven members, Mrs. Noble, Mrs. Autman and girls, Mrs. Thurman, Mrs. Fox, Mrs. McDaniel, Mrs. McDonald and Mrs. Mace. The meeting was dismissed with the W.S.C.S. benediction.—Reporter.

JR. H. D. CLUB

The Jr. Home Demonstration Club had a "Come-as-you-are" breakfast June 26 at Patching Club House. At four o'clock in the morning you can imagine how we looked but we had a very delightful time. A prize was brought for the "worst looking one" but we agreed we all looked alike. We drew for the Child Make-up kit and Harlene Phillips won.

Hostesses were Mildred McClellan, Harlene Phillips, Lucille Swinney, and Polly Schull. Those that were able to drag out were Sadie Head, Leona Henson, Noma Lewis, Bernice Adams, Eddith Spivey, Cula Jo Trout, Clara Finley, Patsy Reid, Wilma Spier, Cleo Crutchfield, and Dollie Bain.—Reporter.

Charlene Anderson of Dalhart visited Wednesday night with Mrs. Edna Smith.

BIRTHDAY PARTY

Glen Evens Hall was honored on his third birthday in the home of his parents June 30th at three in the afternoon. Cake and punch were served to his guests and their mothers. Each were given favors of candies, gum and balloons. He opened and admired the many nice gifts.

Those present were Gary Brown, Kim Horton, Ricky Mills, Kenton Wayne, Betty Jo and Kim Heckman, Cheryl and Mary Cousins of the Heckman's from Dallas, Janie and Sue Hall and Debbie and Dud Sharp, and his grandmother, Mrs. Joe Hall.

BIRTHDAY CLUB

The Birthday Club met Tuesday, July 1, in the home of Minnie Bell Hicks. A covered dish luncheon was served at the noon hour and visiting was enjoyed throughout the day.

Three visitors were present: Mrs. Billy Mac Hicks, Brenda Brown of Goodnight and Molly Murphy of Amarillo. Members present were Eva Allgren, Abbie Warner, Letha Smith, Ona Tatum, Noma Lewis, Opal Spurgeon, Louise Payne, Mrs. J. W. Murphy, Mrs. J. I. Spurgeon, Carrie Johnson and Minnie Bell Hicks.—Reporter.

CHAMBERLAIN CLUB

The Chamberlain Club met June 26, with Mary Mann as hostess. The afternoon was spent quilting and visiting. One quilt was completed. The hostess served cake and tea and punch to: Velma Heathington, Eunice Mann, Nelda Jones, Eliza Wilson, Sue Shields, Vivian Allen, Ethel Dingler, Susan Hardin, Willie Hott, Clara Mae Carter, Bradis Ballew, Karen and Mike Jones, Steve and Ann Allen, Frances Mann, Janie Ivey, and Wilma Mann. The next meeting will be July 10, with Nelda Jones as hostess. Bring thimbles to quilt.—Reporter.

Mrs. Tommy Blasingame and children of Las Cruces, N. Mex. are visiting her parents, Mr. and Mrs. Roy Crutchfield and Janet.

Mr. and Mrs. William Lewis Jr. left Monday for Omaha, Nebraska to attend the horse races.

Third Place Awarded Chamberlain Community

Wednesday, June 25, 1958 will be remembered by the members of the Chamberlain Community Center for two reasons. They will recall that the strong north wind and sand blew out all the crops. The other reason is that we were given the award for winning third place in District I, in the 1957-1958 Texas Rural Neighborhood Progress Contest.

Mr. Knox Parr, District Agent, Miss Edith Lois Wilson, District Home Demonstration Agent, and Miss Doris Leggett, one of the District I judges, all of Amarillo; Mrs. Katherine Randall Rush, Editor of the Women Home Demonstration Page of the Farmer-Stockman magazine, and Mr. O. W. Rush, husband of Mrs. Katherine Randall Rush, of Oklahoma City, and Mr. and Mrs. Flip Breedlove, all came to the Chamberlain Community Center at two o'clock in the afternoon. They were welcomed by Mr. and Mrs. Dennis Lindley, Harold and Tommy, Mr. and Mrs. Richard Dingler, Mr. and Mrs. Alford Ivey and Janie, Mrs. Mary Mann, Chester and Wilma.

During the afternoon program Miss Edith Lois Wilson gave us a very inspiring talk praising us for the work we had done the past year. She then presented The Certificate of Award, for winning third place in District I, to our president, Mr. Dennis Lindley. Mrs. Katherine Randall Rush complimented us for being a state award winner. There were 225 communities entered in the Farmer-Stockman magazine contest and only 64 were award winners. At the close of her talk, she presented our president with a check for \$50 dollars. This award is made possible for The Rural Neighborhood Progress Contest by the Farmer-Stockman magazine in co-operation with the Texas Agriculture Extension Service. Mr. Parr, Miss Leggett and Flip Breedlove each made a short talk.

To close the afternoon, we all sat around the fire and were served three and one-half gallons

of ice cream, two cakes, and plenty of hot coffee. We wish, with the co-operation of all our members, to make a better showing this coming year. Come on, let us get behind our officers and work to make our community a better place in which to live.

—Reporter.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

Our Literary Guild Book of the Month is "The Time of the Dragons." Our Viking Press edition was translated from the German by Richard & Clara Winston. There is a prologue and Book One, Two and Three. The book has been well advertised and a book you will likely appreciate.

"Recollections of Early Texas" by John Holland Jenkins III is dedicated to the memory of Wayne Aten of Lelia Lake. This author received his High School Diploma and three days later his book went on sale in Beaumont. At 14 Jenkins began compiling and editing the memoirs of his great-great grandfather who served in the Republic of Texas army at the age of 13. Long and patient research during his summers was the work of this student, that resulted in the publication of this book. Jenkins has had articles published in "The Junior Historian" and "American Mercury." You will realize how diligently he used his time when you read this book.

"The Winning Basket Ball Plays" by Clair Bee is a technical copy that will be excellent reference as the diagrams are shown throughout the book. It will be useful to coaches and players. This book is in memory of Wayne too, as he was very fond of basketball, and a member of the Lelia Lake team.

We have several books ordered, but very few have been received recently.

Wesley McDonald of Amarillo is visiting his grandparents, Mr. and Mrs. J. A. Ivey. Another grandson, Johnny Hatfield of Dumas, has spent the past six weeks with them.

Mr. and Mrs. Joe Bain and family of Castle Rock, Colo. spent Saturday night and Sunday with their grandparents, Mr. and Mrs. W. E. Hodges. Other visitors were Mr. and Mrs. George Bain of Sunray, Mr. and Mrs. Jiggs Mann and Camille and Mrs. Myrtle Wood. Mr. and Mrs. Buck Roberts were Saturday night visitors and Mr. and Mrs. Walter Hutchins were Sunday visitors.

Visitors in the home of Mr. and Mrs. Roy Crutchfield and Janet Sunday were Mr. and Mrs. Grady Crutchfield and children of Canyon and Mr. and Mrs. T. P. Lane, Glenda and Thomas of Indio, Calif., also Mrs. Tommy Blasingame and children of Las Cruces, N. Mex.

Mr. and Mrs. Jack Walker are having extensive improvements made to their home on East Fourth Ave. When completed, it will be one of the many Clarendon nice homes.

Weekend guests at the home of Mr. and Mrs. Lee Muse were Mrs. Muse's mother, Mrs. F. T. Jarvis and brother, F. T. Jarvis from Munday, Texas; Mr. and Mrs. Woodrow Jarvis and Kay and Catherine North of Eloy, Arizona, Mr. and Mrs. Sidney Muse and Sidney Ann of Amarillo, Louise Negthon and Vela Tomlinson of Lelia Lake. Other visitors for dinner Sunday were Mrs. Arrie May, Kay and Donna Creacey of Amarillo.

Mrs. Henison Hays and children returned to their home in Amarillo Friday after spending the past two weeks with her mother, Mrs. Edna Smith. Mrs. Hays is recuperating following surgery in the Groom Hospital.

Mr. and Mrs. Bob Hutson, Jack and John left for their home in Salido, Colo. Monday after a visit with her parents, Mr. and Mrs. J. I. Spurgeon, and other relatives and friends.

Troop No. 38 Holds Advancement Court of Honor

The new scout troop No. 38 sponsored by the Lions Club of Clarendon scored another perfect score Tuesday night when every member of the troop had achieved a higher rank and all were present at Court of Honor to receive their badge signifying their advancement. The Court of Honor was attended and enjoyed by the parents and families of the members as well as the Troop Committee and the Institutional representative, Lion Carl Allmond. The Boy Scouts presented a short program and the mother's of the members pinned the badge on their son at a beautiful and impressive candlelighting ceremony dramatizing the Scout Oath or Promise and the 12 points of the Scout law.

Following the Court of Honor, the mothers served the entire group with a buffet dinner of

fried chicken and all the goodies to go with it. Mrs. Beryl Clinton provided the leadership for treating the Scouts with the dinner. After the refreshment period the Troop Committee held their special called meeting and reviewed and recommended the program for this quarter. Also plans were made and checked relative to the operation of concession stands downtown during the weekend celebrations, to raise Troop funds for the annual troop program. Attending the Committee meeting were: Carl Allmond, Institutional Representative; C. A. Pitts, Committee Chairman; Beryl Clinton, Camping and Activities Committee; Richard Finch, Transportation; G. W. A. Wilkinson, Health and Safety; Oliver J. Abel, Scoutmaster; and Boone Adams. The committee also set the week end of July 11 for troop 38's next campout.

Mr. and Mrs. Lloyd McCord and children visited last week with his parents, Mr. and Mrs. Hugh McCord at Sherman, Texas.

Plan For Safety As You Plan For Your July 4th Trip

"Planning for safety is as important in your July 4th trip as the planning for the trip itself," said Major R. A. Crowder, Regional Commander of the Texas Department of Public Safety, in announcing the department's "Operation Death Watch" for the July 4th week end.

"Many July 4th accidents are being planned now," Crowder explained. "People plan to drive too far in a short period, or they plan to drive too long without rest."

"Such plans often mean that drivers must exceed speed limits to reach destinations and return during the holiday period, or drivers attempt to cover those last few miles when lack of sleep has robbed them of the alertness necessary to stay alive," Crowder said.

"We find that carelessness, impatience and fatigue accompany drivers on poorly planned holiday trips," Crowder continued. "During Operation Death Watch, we're putting all available men into an enforcement program designed to reduce traffic fatalities to a minimum."

Crowder said the Death Watch period during the July 4th holiday will see the Highway Patrol, backed up by officers of the DPS License and Weight and Motor Vehicle Inspection divisions, working round-the-clock to stop speeders and careless drivers.

Operation Death Watch starts this year at 12:01 a. m., July 4th and ends at 11:59 p. m., July 6th. As a part of Operation Death Watch, the Department of Public Safety maintains a count of all accidental deaths, homicides, suicides and traffic fatalities.

Dr. Robert Gerner, son of Mrs. E. H. Gerner of Clarendon who has been visiting his mother and other relatives has, left for Hahnemann Medical Hospital, Philadelphia, Penn., where he will serve his internship.

Mr. and Mrs. Carroll Lewis spent the week end in Amarillo where they visited in the homes of Mr. and Mrs. W. W. Lovelady and Mr. and Mrs. Joe Brown.

Methodist Youth Attend Camps

The Methodist youth of Clarendon have attended Officers' Training Camp at Ceta Canyon, Youth Assembly at McMurry College, and Senior Camp, also at Ceta Canyon during the past few weeks. While at these meetings these young people received training in planning, leadership, and worship participation. They also benefitted from the fellowship with other young people of the conference and daily swimming and hiking.

Youth attending these camps were Pauline Gillean, Gayle Bones, Wanda Ryan, Frances Wallace, Philip Abel, Mike McCleskey, and Sandy Skelton.

HOSPITAL NOTES

Patients as of Wednesday, July 2nd:

Mrs. Bill Lowe and new son born Wed. morning, Mrs. John Rhodes, Melvin Garrison, and J. C. Smith.

Dismissals: Mrs. W. W. Altman, Mrs. John Blocker, Mrs. Henry Eden, J. C. Estlack, Norma Morey, M. L. Rattan, Mrs. W. J. Richardson, Mrs. J. A. Simpson, Tommy Thompson, Royce Wood and Tommy Hennard.

Relatives visiting in the J. A. Warren home over the weekend were Mr. and Mrs. Harry Moore from Gary, Ind.; Mrs. Wayne Tiller and children, from Amarillo; Mrs. Normal Welborn from Roswell, N. M.

Mr. and Mrs. Bob Word are the parents of a boy, William Robert Word, born June 26th in an Amarillo hospital. The proud grandparents are Mr. and Mrs. Wm. Patman and Mr. and Mrs. Millard Word.

Mrs. Jack Richards of Long Beach, Calif. visited in the home of her aunt, Mrs. L. L. Woods last week.

Mr. and Mrs. W. F. McDonald of Amarillo visited her parents, Mr. and Mrs. J. A. Ivey over the week end.

YOUR EYES and VISION By A. L. SPERRY, O.D. Director Public Education Texas Optometric Association

Contact Lenses Are Not a New Idea

Do you know that children of today read at least three times as much as did the children of a few years ago? Good vision, requiring eyes that see properly, as well as good illumination for every pair of eyes, are both vital to learning programs.

Contact Lenses are tiny plastic lenses which fit on the front of the eyeball itself and under the lids. We are going to discuss this subject here in some detail because of the popular interest and also the popular misconceptions of the public about these lenses.

Many people think of contact lenses as a new idea. Actually it has been one hundred and thirty five years since the specific theory of contact lenses was first conceived by Sir John Herschel, Royal Astronomer and Physicist, and 450 years since Dr. Vinci outlined the original basic principles underlying their use.

The first contact lenses were actually made and used seventy-one years ago. They were made by a German artificial eye maker for a patient who had had his eyelids removed because of a cancerous growth. This patient used the lenses mainly to protect his eyes and keep them from drying due to his inability to blink.

It is reported that he wore the lenses and retained his vision till his death 20 years later. So the first contact lenses were used mainly for protection, rather than to improve vision.

A year later, in 1888, a Swiss scientist made the first attempt to correct vision with contact lenses. He was successful, as were several workers in the field shortly afterwards, but none of these early lenses could be tolerated for wearing much more than half an hour or so at a time.

All these early contact lenses were made of glass. About 1900 there was much controversy as to which was superior, ground lenses or blown lenses. The conclusion was that the ground glass lenses were more accurate, but the blown lenses were most comfortable. Several attempts were made to combine these two processes—blow the lenses to shape then grind the center to prescription—but all failed. In 1920 the famous European Zeiss lens laboratories perfected an improved ground glass lens which became very popular because it was accurate and also fairly comfortable, comparatively speaking, for that day and time. But it was not till 1929 that the use of contact lenses to correct ordinary eye defects such as near-sightedness, far sightedness, astigmatism, etc., was suggested at an international convention of ophthalmologists. Thereafter more improvements followed, each adding to the practical use of the lenses. In 1933 a method for molding the individual eye to make a longer wearing, more accurate fit was announced. The originator had used a dental molding material to make an impression of the eye. I can just hear the groans of some readers who are thinking of their past dental molding experiences as applied to the eye.

1935 saw the introduction of Perspex, a transparent plastic which made possible plastic lenses. These were much lighter in weight and more comfortable than the glass but could not be ground to prescription because the glass grinding abrasives only scratched up the softer plastic rendering it unuseable. In 1937 Dr. Feinbloom, a New York optometrist, was able to combine a prescription ground glass front portion set in plastic for comfort and lightness. Then a year later Obring Laboratories in New York came out with the first practical, accurate all plastic contact lenses. These lenses required use of a buffer solution between lens and eye but gave good vision and could be worn from 4 to 10 hours by some patients.

No real improvement was made in the Obring lenses till just after World War II when developments made using the buffer solution unnecessary and the size of the lenses began to decrease. These developments and their results will be discussed next week.

(Presented in the public interest by the Texas Optometric Association, Inc., Copyright, 1958)

CHANGE IN SERVICES

It has been announced that Sunday Services at the Nazarene Church have been changed to 2:30 p. m. until further notice.

Mr. and Mrs. Benny Edens and two sons of Spearman are here visiting her parents, Mr. and Mrs. A. D. Estlack.

Mr. and Mrs. J. A. Warren, Evalyn, and Mr. and Mrs. Harry Moore visited relatives in Borger Friday.

Mr. and Mrs. Sam Black, Mr. and Mrs. Bud Brown and Butch, and Mr. and Mrs. Eldridge Atchley of Groom visited in the home of Mr. and Mrs. O. D. Hearn Sun.

Pamela and Perry Gattis of Earth, Texas visited the last of the week with their grandparents, Mr. and Mrs. Alvin Landers and Mr. and Mrs. T. H. Gattis. Their parents, Mr. and Mrs. Tommy Gattis came for them Saturday.

Pat Spurgeon accompanied Mr. and Mrs. Bob Hutson and boys to their home in Salida, Colo. for a visit.

Mr. and Mrs. L. L. Woods and Mrs. Arlie Woods and children visited in the Lewis Woods home at Amarillo Saturday.

Our County Attorney, Bill Lowe and Mrs. Lowe, are the proud parents of a 7 lb. 2 oz. boy born Wednesday morning July 2nd at Adair Hospital. He was given the name of Samuel Ralph Lowe.

Mr. and Mrs. Monty Smith and Sara Ann left Sunday for their home in Lubbock after spending a weeks vacation with Mrs. Edna Smith and other relatives.

Mr. and Mrs. W. E. Hodges made a business trip and visited in Groom Friday.

Mr. and Mrs. Kenneth Sams and children who have been visiting her parents, Mr. and Mrs. A. D. Estlack, have returned to their home near Brownfield.

Mr. and Mrs. Eugene Noland spent the week end in Amarillo with the Bob Bostons.

Mr. and Mrs. Arthur A. Melinder, Sherrie and Stevie of Houston are visiting this week with her grandmother, Mrs. Crockett Taylor.

Mr. and Mrs. Don Landers of Amarillo spent the week end with Mr. and Mrs. Alvin Landers.

"And he gave it for his opinion, that whoever could make two ears of corn, or two blades of grass, to grow upon a spot of ground where only one grew before, would deserve better of mankind, and do more essential service to his country, than the whole race of politicians put together."—Swift.

"The throwing out of balance of the resources of nature throws out of balance also the lives of men."—Franklin D. Roosevelt.
Soil conservation is no gamble.

HEDLEY NEWS

Mrs. Paul Duncan

Crops were badly damaged in our area Wednesday by an electrical storm. Some cotton was a complete loss. Farmers are busy planting cotton over.

Family Reunion

The family of Mr. and Mrs. S. F. Blackwell gathered under the parental roof for a reunion over week end. Present were: Mr. and Mrs. H. A. Malone and son Danny of Anaheim, Calif.; Mr. and Mrs. L. D. Blackwell of Amarillo; Mr. and Mrs. Huey Blackwell and sons of Dallas; Mr. and Mrs. Ira Green and granddaughter of Okla. City; Mr. and Mrs. Charley Johnson of Hedley, also Mr. and Mrs. Grady Melton and son of White Deer, Mr. and Mrs. James Kootz of Amarillo and Mr. and Mrs. C. C. Clark of Anaheim, Calif. were unable to attend.

Mr. and Mrs. Bryon Neswith, Mrs. Laura Horton and son Ben of Ft. Worth visited Mrs. R. E. Mann and other relatives over the week end. Mrs. Horton and Mrs. Mann are sisters.

Mrs. Farris has been quite ill in a Memphis hospital.

Mr. and Mrs. J. R. Grimsley and son left with the Ned Grimsleys. They will visit in George West, Texas before returning to Calif.

Mr. and Mrs. Don Hickey of El Paso visited Mr. and Mrs. D. L. Hickey and helped celebrate Mr. Hickey's 80th birthday.

Mrs. Maymie Jenkins and son Ozier and family of Lodi, Calif. visited Bill Wyley last week.

Mr. and Mrs. E. W. Ewing and children of Corpus Christi visited the lady's parents, Mr. and Mrs. Carl Ried.

Malcom Scales, Miss Gladys Scales and Mrs. Myrtle Edwards of Lubbock visited their brother Bill Scales and wife Thursday.

Mrs. Mary Wooliver of Marlow, Okla., Mrs. Bess Hemphill of El Paso visited their brother, Mr. and Mrs. Ned Grimsley last week.

Beverly, Carol and Sherri Jeffreys of Amarillo spent last week with their grand mothers Mesdames W. I. Rains and Paul Duncan.

Mrs. Jandie Ayers of Snyder is

visiting her brother, Mr. and Mrs. Malcolm Glass.
Mrs. M. W. Mosley made business trip to Wellington S. Paul Duncan made a business trip to Amarillo Monday.

Mr. and Mrs. R. C. Ayers children of Sacramento, Calif. and Mr. and Mrs. Collier He and J. W. of Dumas visited their aunt and uncle, the E. M. G. last week.

When you see a farmer plow bent rows, don't conclude he's a bender, for he's really on beam so far as soil saving is concerned.

ASSEMBLY—A "Blue Devil" trooper of the U.S. 11th Airborne Division in Germany races against time, blind-folded, as he puts together a disassembled M-1 rifle, the infantryman's basic weapon.

service station recently.
To win the award, she gave the
"Mystery Motorist" the six steps
of "Golden Approach" service,
which included a friendly ap-
proach; checking under the hood
of the car; cleaning all the car
windows; whisk-brooming the
floor mats; checking the tires; and
thanking the customer for his
purchases. At the conclusion of
these services, the customer
identified himself as a Phillips
"Mystery Motorist" and left a
\$50 certificate at the service
station.
The "Mystery Motorist" is one
of more than 2,000 who will this
year be rewarding Phillips 66
dealers and their driveway sales-
men for giving customers com-
plete driveway service. Dealers
and personnel of more than 16,-
500 Phillips 66 service stations
operating in 35 states are eligible
to win an award by giving the
"Golden Approach" service.
The program is part of a \$166,-
000 Jackpot which Phillips Pe-
troleum Company has established
to encourage its dealers and their
driveway salesmen to give top
driveway service to all custom-
ers. As further recognition of
driveway performance efficiency,
a Jackpot certificate was award-
ed Don's 66 Service Station for
display in the station window.

FARM NEWS

from the County ASC Committee

COTTON MEASURE

We have started measuring cotton. Please help the men all you can. You help them all you can while they are at your place and we will help you all we can in this office. If you are overplanted on cotton, you have (15) fifteen days from the date of the notice to dispose of the excess cotton. There is no extension of time.

SHORN WOOL AND UNSHORN LAMBS

The 1958 marketing year for shorn wool and unshorn lambs began April 1, 1958 and closes March 31, 1959. As in the past, you are urged to keep your sales documents until all sales have been made, then bring them to the county office and make application for incentive payment.

PAYMENT DOES NOT END ACREAGE RESERVE RESPONSIBILITY

Even though a Donley County farmer receives his Acreage Reserve payment in the near future, his responsibility under the Acreage Reserve agreement continues until the end of calendar year 1958. Mr. Springer of the Donley County Agricultural Stabilization and Conservation Committee pointed out this week.

Under the agreement, no crop may be harvested from the Acreage Reserve in 1958. No crop may be planted on it except certain crops for harvest in 1959 or later

Billy Graham's New York Campaign To Be Part of First Baptist's Advance

as approved by the State ASC Committee. Also, the Acreage Reserve may not be grazed in 1958 except under certain emergency conditions upon written permission of the Secretary of Agriculture.

A farmer who willfully and knowingly violated any of these terms may be required to return his payment and also be subject to a civil penalty of 50 per cent of the amount of the payment, Mr. Springer said.

EMERGENCY CONSERVATION FUND EXTENSION RECOMMENDED

Action now being taken regarding emergency conservation funds is of general interest to all States and Territories and of special current interest in 12 states.

The president has recommended to the Congress that the period of availability of funds appropriated under Public Laws 85-58 and 85-170 for sharing the costs of emergency conservation measures needed as a result of natural disasters, to be extended through December 31, 1958. Also several bills have been introduced in the Congress to provide for an extension.

If the period of availability of these funds is extended by new legislation, you will be informed as to procedures which may be followed.

The dramatic Billy Graham evangelistic film, "The Heart is a Rebel," will be shown in our church this Sunday evening at 8:00. All seats will be free.

This is a presentation of a christian's answer to life's fears, frustrations and anxieties.

The picture stars Ethel Waters, Georgia Lee, John Milford and many others known to us all.

Featured will be Scotty Morrow, Alvy Moore, Jane Withers and the entire Billy Graham team.

You can truly look forward to an evening inspired with spiritual preaching, gospel singing, and a true christian experience taken from the New York campaign.

THE LIONS DEN or The Roar of the Lions

By the Liontamer

Fourth of July celebration, pioneer reunion and rodeo consumes the thinking and action of all the wide awake, progressive and enthusiastic citizens of Clarendon during this week. The Lions Club meeting was no exception. The Tuesday Luncheon meeting was humming with speeches, plans, appeals for help, suggestions, ideas and above all a bubbling over of enthusiasm. The enthusiasm developed talented public speakers out of persons who normally are just after dinner speakers such as the one and only Tunney Kent, the effervescent "Flip" Breedlove, the quiet and reserved Billy Jack Land, the thinker and listener, Cap Morris, the everready Chauncey Hommel, and the Man of Action, Boss Lion J. H. Spier Jr. Everyone of them was as full of ideas for the success of the celebration as the pro-

verbial dog is of fleas. One of the largest attendances of the summer was present for the luncheon and the Club hosted the following guests: John Billups of Amarillo, guest of Bill Todd; Bill Wallace of Vernon, guest of Boss Lion Spier; Martin Shale, Plainview, guest of A. R. Henson; Tommie Hennard, veterinary student of Texas A&M College, guest of Dr. Deyhle; Billy Ray Blackman of Indio, Calif., guest of Bill Land; and Teddy Graham, guest of Mutt Graham. The Lions Club enjoys hosting these guests and sharing the good fellowship of the club with them.

ADAIR HOSPITAL

Doctors' offices and out patient facilities will be closed Friday, July 4th except for emergencies.

**ABOUT YOUR
HEALTH**

Texas State Dept. of Health
Henry A. Holle, M. D., Com.

If you're like most people, you hate chiggers!

Red bugs, as some persons call them, are those tiny, almost invisible mites that frequent grass lawns (especially Bermuda), tall weeds, and other grassy areas such as undergrowth in wooded sections.

They are usually a light red or tan color. While a hungry adolescent, this pernicious little parasite can send strong men into spasms of itching misery, and into fits of scratching.

The mite itself does not cause much harm; however, scratching will. Infection can result causing painful boils and leaving a scar. In some areas of the world they are believed carriers of disease, but in the U. S., there is no such proven danger. It is the scratching which causes all the trouble.

Gross infection can bring on general bodily disturbances, fever, and loss of sleep caused by forced periods of scratching during the night. Animals, birds and domestic fowl suffer from chiggers also, even snakes are not immune.

The severe itching occurs when the chigger, in its efforts to feed, injects an anti-coagulant material to melt the skin layers so that he may feed. They do not burrow into the skin as commonly believed—they merely feed themselves and drop off, but the itching stays on.

They congregate in tight areas such as sleeves, belt lines and

neck. You can protect yourself by the application of a suitable repellent to these critical areas whenever you are about to enter a suspected chigger-infested area. If this fails, there are known palliatives to soothe the itching such as baking soda solution, ammonia water and alcohol.

Chiggers are impossible to control except in cleared areas such as lawns, greens, camp sites, and picnic grounds where the ground may be mowed closely.

For these areas, a treatment of

five percent chlordane or toxaphene dust is effective at the rate of 40 to 50 pounds per acre (1 to 1 1/4 pounds per 1,000 square feet), and lindane dust of one percent concentration (10 ounces or more per 1,000 square feet). Sprays may be substituted. All are dangerous to people!

Fifty to 70 gallons per acre, following the mixing directions on the label, is usually sufficient (1 1/2 to 2 pounds per 1,000 square feet).

Bear in mind the dangers in

the use of the dusts or sprays—use caution and put them away safely. Remember, insecticides can kill; chiggers only itch.

Crop yields go up as moisture goes down—deep down.

The Lord placed men in this vineyard to care for it. What are you doing?

An accident is usually the only winner in the race against time.
—DRIVE SAFELY

WTSC To Have New Football Stadium By 1959 Season

AMARILLO—Final plans have been completed for West Texas State College's new 20,000-seat football stadium and work is scheduled to begin about July 1. An area campaign to raise \$300,000 is the first item on the agenda. That goal is the amount needed by West Texas State to assure completion of the modern and spacious plant, which will be built at an estimated cost of \$700,000 and be ready for the 1959 season. The college already has \$400,000 earmarked for the structure.

Located in a natural bowl setting on the Amarillo-Canyon Expressway, it will be two miles north of the college campus and 15 miles south of Amarillo. It will be situated just east of the Expressway and the overpass that was built specially for stadium traffic.

The structure, which will have the distinction of seating more people than any other plant in the Panhandle, will be composed of two 10,000-seat stands, facing east and west. When the need arises, it can be expanded to seat 50,000 fans.

All 20,000 seats that will be completed in 1959 will be below the ground level. The press box and concession stands will be located on ground level and team dressing rooms will be at the south end.

"The new stadium will give West Texas an opportunity to bring big-time college football to the Golden Spread", said Frank Kimbrough, Buffalo athletic director. "We are attempting to bring the best possible college ball to fans of this great football area and the stadium is one of the

key factors."

The Buffaloes, who this year have reached major status in football, will play a home schedule of five games in 1959, the first in the new arena. It will be dedicated Sept. 26 with the University of Arizona, a Borger Conference rival, furnishing the opposition. Then come visits from Mississippi Southern, Oct. 17; Hardin-Simmons University, Oct. 24; Drake University, Oct. 31; and Virginia Tech, Nov. 7.

Headquarters for the West Texas State Stadium Fund have been opened in Amarillo at 418 Polk Street.

Band Returns Reveal Quail Stay Close By

AUSTIN—Pen-raised quail present as great a challenge to hunters as wild quail, and the birds usually remain within a few miles of their release site. This encouraging report by Game Warden Louis Clymer is based on the records he kept of the Hill County Bobwhite Quail Club's second annual quail release. Clymer's report, "The Bands Tell the Story," will appear in the May issue of Texas Game and Fish magazine, the official publication of the Texas Game and Fish Commission.

"Since 1956, the Hill County Bobwhite Quail Club has released 1,396 quail," Clymer says. "Of this number, 15 per cent have been killed by hunters and the bands turned in to the Game and Fish Commission. Band returns have aided substantially in determining the habits of the birds, their range of travel, and possible survival rate."

The article points out that it seems to be a common occurrence for released quail to join wild coveys. A large number of released birds have never been re-located.

Quail were released in Hill County after the end of a drought which had cut down the quail population. Pen-raised birds were obtained from the State Quail Farm at Tyler. Prospective releasers of quail must have their land inspected by their local warden to determine if proper food and cover for quail are available.

Sen. Rogers Discusses Important Issues

TAXES AND ECONOMY There is no need for either a sales or income tax for Texas. No other state has ever abused its citizens on tax matters as has Texas. A few examples: Nearly 55% of present taxes collected in

Texas are consumer (or "hidden") sales taxes. The consumer gasoline tax take is more than that paid on all crude oil. The consumer cigarette tax is larger than the total natural gas tax. Other states, even communists, can buy our gasoline tax free, but you pay 5c per gallon. Other states tax OUR natural gas up to ten times as much as we do. Roughly, 70%

of both of these Texas products are consumed outside of Texas. Few of the really big industries in Texas pay more than a proportional TOKEN of taxes, compared with the average businessman, farmer and worker. Last year two (2) groups had their taxes reduced—natural gas producers and part of the Texas electric utility monopoly. Two (2)

groups had their taxes raised—10% increase on YOUR car and truck licenses and a doubling of tuition on students of State Colleges.

CONCLUSION: Stating such facts is often political suicide in Texas, but we merely need legislators who will see that these out-of-state corporations pay their share of the load while exploiting our resources. I have fought for this.

LABOR

I will continue to fight to maintain a strong and workable RIGHT-TO-WORK law in Texas. This should be supplemented by a little Taft-Hartley law for Texas, as our present labor laws are a hodge-podge and leave loopholes unfair to business, labor and the public.

APPOINTMENTS AND MORE REPRESENTATION

I was one of a dedicated group that forced legislative redistricting. West Texas gained NINE new Representatives and THREE new Senators thereby.

For the first time in history, since I have been your Senator, our immediate area (District) has had a Chairman and member of the Highway Commission, Chairman of Water Engineers, The State Water Planning Board, the State Dental Board, the State Optometric Board, the Public Safety Commission, two of seven members of the State Board of Colleges and others.

These appointments are made with the advice and consent of the State Senate. Such things don't "just happen", and have never happened to us before.

SCHOOLS AND COLLEGES

Our young people are our greatest resource. In 1952 I stated that we were "destroying our future with a false economy school program". We have made some advances. In these, Andy Rogers has been in the forefront.

One law I authored, which equalized our share of the State's school financial burden, has ALREADY saved our fifteen county Senatorial District nearly TWO (2) MILLION DOLLARS (from your pocket) in only 4 1/2 years.

AGRICULTURE

The economy of our Senatorial District is based, first and last, on agriculture. No present member of our State Legislature has a record to surpass my efforts in this field. This record was made on such legislation as has been requested and approved by the farmers, ranchers and businessmen of our District. Andy Rogers' record includes accomplishments and efforts regarding underground and surface water, rural roads, seeds, feeds, "gas for irrigation," experiment station work, animal health, the Extension Service and many others.

I STILL believe that in Austin, as elsewhere, "moral integrity is needed most." I will conduct no smear campaign; I will stick to the record and the facts.

YOU, the people of our agricultural 30th Senatorial District, elected Andy Rogers to be your State Senator in 1952 by an overwhelming majority for one-half (1/2) a term. In 1954 you gave me a full four-year term without an opponent.

How To Help Your Daughter Become A Happy Adult

If you want your daughter to grow up to be a happy successful woman, your influence had better make itself felt now if you want it to be effective, according to the editors of "Changing Times", the Kiplinger Magazine. In a copyrighted article, "Help Your Daughter Plan Ahead," the editors give some tips to anxious mothers and fathers on raising teen-aged girls.

During her teens, a girl is a bundle of contradictions, the editors point out. Outwardly independent, she is inwardly baffled and frightened by what lies ahead. So the confidence your daughter needs to take any new situation in stride has to be developed. And this requires the tact and patience of a master diplomat.

Beware of being overprotective and overbearing. She must learn to think for herself. Don't push her to join a club or dictate who her friends should be.

Open up her own capabilities and interests to her. Show her that you are pleased with her and her regard for herself will grow.

Don't be overcritical of her mannerisms, language or dress. Remember times change. She will have to grow up, not in your world, but in hers.

Induct her into the arts of cooking, housekeeping, dressing, conversing, dealing with men, caring for children. Give intelligent attention to what she says about books, politics, people — don't make her feel that she's "nothing but a girl."

Help your daughter set goals. Your job is not to yank her back to earth from her dreams of fame or glamor, but to help her understand that her life can be meaningful.

This means she must become an adult woman who has the ability to love and work whether the work is in her home or office or both. To help her learn how to love, there must be plenty of it around your house. And, to help her learn how to draw satisfaction from her work, lead her toward understanding of her role as a woman.

Point out that she doesn't have to compete with men to prove

she's as good as they are. Help her learn that becoming a wife and mother is the healthy and happy fulfillment of her nature.

Fish Parasites Described In Magazine Story

AUSTIN — "Ever clean your string of fish and see small, whitish dots on the liver or other internal organs?" asks Dr. R. J. Baldauf of Texas A&M College in the May issue of "Texas Game and Fish." In his article, "Of Fish and Snails," Baldauf explains that these white dots are parasites, flukes which take away the appetite of a bass although they do not otherwise harm it.

Biologists at A&M discovered a fluke, nicknamed "Potsy," in a largemouth bass, Baldauf explains. Then they began an extensive search to find out how to get rid of it. To destroy a fluke, first biologists must learn where it spends each phase of its life cycle. In this case, the fluke's hosts were fish-eating birds, then snails, then fish, and back to the birds again.

"The weakest link in the chain seems to be the snail," Baldauf says. "The parasite cannot complete its cycle without the snail, and the snail can be eliminated from a pond by chemical treatment. Methods for killing off snails can be improved and is one of the problems now being studied by the research team at A&M."

"But don't worry, Mr. Angler," he continues. The presence of 'potsy' in a string of fish in no way makes them unfit to eat. Remember, the parasite cysts are located in the soft organs of the fish, the parts you throw away when the fish is cleaned."

"He is the greatest patriot who stops the most gullies."—Patrick Henry.

5 Blocks West of Main Street on Highway

AUSTIN—First drought, then floods and now grasshoppers have come to plague disaster-weary Texas farmers.

After touring the affected area in the Panhandle, Gov. Price Daniel called it the worst grasshopper infestation in 20 years. Unless checked, he said, the hoppers could destroy much of the crops and pasturage in 26 counties.

County, state and federal agencies worked with landowners to get crews to spray hatching grounds along roadways. State

Agriculture Department, Highway Department, National Guard and Defense and Disaster Relief Office are cooperating in the battle. Aim is to try to kill the insects before they leave the hatching grounds and start chewing their way into crops for which farmers had high hopes this year.

Another threat is fund shortage. At a cost of some \$3,000 a day for spraying crews, Texas Agriculture Department's emergency funds dwindled fast.

Governor Daniel expressed hope that some federal assistance

might be obtained.

COX APPEAL DENIED

Ex-Rep. James E. Cox of Conroe has lost another round in his fight against a two-year prison sentence.

Court of Criminal Appeals, by a 2-1 decision, upheld the trial court conviction on charges of consenting to accept a bribe. Cox's attorneys have one more recourse left—filing a motion for a re-hearing. Since the appeals court recesses June 28, this could not be considered until it reconvenes next October.

Cox's troubles rocked the state last Spring, during the 1957 legislative session. They began when Howard Harmon of San Antonio, one-time head of the Texas Naturopaths, made public a tape recording of a hotel room conversation with Cox. Harmon and state's attorneys contended that the conversation reflected an effort by Cox to shake down Harmon in return for killing an anti-naturopath bill which Cox had introduced in the legislature.

JUDGE'S OPPONENT OUT
One election contest has already been settled, some six weeks before Election Day.

Texas Supreme Court ruled Dist. Judge Graham Purcell of Wichita Falls not eligible to run for the Court of Criminal Appeals against Judge K. K. Woodley. Reason: Judge Purcell has had only nine years experience as a lawyer and judge.

An 1891 amendment to the Constitution requires that Criminal Appeals Court judges have the same qualifications as Supreme Court judges. At that time the requirement for the high court was seven years experience. In 1915 the Constitution was amended to require 10 years experience for Supreme Court judges.

Despite the time lapse, the ef-

fect of the two amendments is to require 10 years experience for Criminal judges, according to the ruling in the Woodley-Purcell case.

Result is that Woodley will be unopposed in the primary and win automatic renomination for another six-year term.

LINE-JUMPING THREAT

Another Supreme Court ruling on an election dispute poses an Election Day dilemma for Dallas voters.

It held that Grover Cantrell, Dallas labor official and self-styled "Stevenson Republican," is entitled to oppose Cong. Bruce Alger on the GOP primary ballot.

Cantrell's candidacy is interpreted as a move to inconvenience Dallas conservative voters. Election results for 1956 indicate a good percentage of "Big D" voters threw their strength behind conservative Democrats at precinct conventions and primaries, but supported Republican nominees for national offices in the general election. Presumably, unless conservatives are on hand to vote, Cantrell's friends might scratch GOP-favorite Alger in his own primary.

But it's a two-edged sword that applies equally to Dallas liberals. If they go to the Republican primary to help Cantrell, they can't vote for liberal Democratic contenders for state office nor fight conservatives for Democratic precinct control.

LIKE A JURY?

Defending the State Board of Health's closed door meetings, Comm. Henry H. Holle said:

"The Board is like a jury. You get the verdict, but you can't get in on their comments."

State Health Board has authority to allocate federal funds under the Hill-Burton Act to match local funds for hospital building. Its policy has been to announce names of hospitals approved to receive funds, but not those rejected or why.

Newsmen had been openly critical of the Board for barring the press from its meetings. Holle said minutes of Board meetings were available to the public after formal approval at the next meeting—three months later.

Gabriel Fahrenheit, German physicist, conceived the first quick-silver thermometer in 1720.
