Over Three Hundred Attend F. F. A. Father-Son-Businessmen Banquet

Over three hundred Clarendon Future Farmers, their Fathers, and their Farmer and businessmen guests attended the annual F.F.A. banquet at the College gym Tuesday night, May 13th at 7:30 p. m. James Mahaffey, chapter president did an excellent job of presiding over the program at the annual event. A barbecued chicken banquet topped with home-made ice cream was served to those attending the outing that is sponsored each year by the members of the local chapter in appreciation of the help given them by their fathers, the businessmen, ranchers, and farmers of this area in carrying out their program of work. Representatives of almost every business firm in Clarendon attended the program. The program opened with the regular F.F.A. opening ceremony. Following the invocation, which was given by Rev. W. F. Vandenberg, pastor of the local Baptist Church, the meal was served. At the completion of the meal the members introduced themselves and their guests. Carl Talley gave a talk on the scope of the entire national F.F.A. organization, the local scope, and discussed the activities of the local chapter in connection with project work, judging team events and other items in their program of work. Carl pointed out the fact that the local chapter has been the top ranked chapter in the state for the past two years in the state chapter contest and one of the top three in Texas and the top 58 in the U. S. in the national chapter event.

Bobby Longan told the group what his three years in the Clarendon Future Farmer Chapter had meant to him in terms of experiences, opportunities, and their rewards. Harold Lindley, last year's star lone star farmer of Area I, told the group of many of the honors that membership in the local organization had brought to him. Keith Schollenbarger presented Chapter Sweetheart Phyllis Hill with a golden F.F.A. charm on behalf of the chapter, and then announced the winners of the most valuable membership contest. Howard Talley was the winner of the plaque in the Vo-Ag I Class with Gary Longan as the runnerup. Don Hudgins was winner of the plaque in the Vo-Ag II Class with James McNear as the runnerup. Bobby Longan, for the third year in a row was awarded the plaque for the most valuable member of his class, Vo-Ag III, and the large plaque for most valuable member of the entire chapter. James Mahaffey was a close runnerup for this award. Carl Talley was third ranking member and Milton Mann fourth among the entire membership of the organization. The contest is based on project work, school activities, scholarship, F.F.A. activities, and community activities. (See FFA BANQUET, Page 8)

Baccalaureate Services Sunday Night-8:00

The Baccalaureate Service for graduates of the Clarendon Junior College and the Senior High School will be held in the gymnasium on Sunday night, May 18, at eight o'clock. The Junior High School graduates will not participate in this service this year. Mrs. Dee Williams will play the processional and recessional again this year. The invocation will be offered by Rev. Berkeley SoRelle, minister of the Presbyterian Church and the Baccalaureate Sermon will be preached by Royce Wood, minister of the First Christian Church. The high school chorus, under the direction of Mr. Willard Edgett, will sing two songs, "Oh Sing Unto the Lord," and "Be Thou Our Guide." The benediction will be pronounced by Rev. W. A. Harris, pastor of the Assembly of God Church.

Jr. High Graduation Services Wednesday May 21st

Principal Stina Cain has announced that Eighth Grade Commencement exercises will be held in the Jr. High Auditorium on Wednesday night, May 21st at 8 p. m. The graduating class numbering sixty-eight will again present their own program for the occasion. The Valedictorian for the class is Miss Judy Benson, daughter of Mr. and Mrs. C. L. Benson and the Salutatorian is Wilson Dolman, son of Mr. and Mrs. W. E. Dolman Jr. Following the graduation service, the class will be entertained with a buffet supper in the Junior High gym by parents of the class.

Junior High Honor Students Named

Honor students for Jr. High were released this week by Principal Stina Cain who stated that competition ran high for the salutatorian. Miss Judy Benson, daughter of Mr. and Mrs. C. L. Benson, is the valedictorian with a 97.44 average and Wilson E. Dolman, son of Mr. and Mrs. W. E. Dolman Jr. of Odessa, Texas, is the salutatorian with an average of 95.306. Young Dolman is making his home here with an aunt, Mr. and Mrs. J. D. Jones, Jr. Mr. and Mrs. Don Matheson of Sierra Vista, Arizona visited Tuesday night and Wednesday morning with her sister, Mr. and Mrs. J. R. Brandon.

Services At Catholic Church Today

Today, Thursday, May 15th, Catholics everywhere celebrate the Glorious Ascension of Christ into Heaven forty days after his resurrection from the dead on Easter Sunday. Ascension Thursday is one of six days of special worship for Catholics besides their regular 52 Sundays a year. Holy Mass will be celebrated here at St. Mary's chapel—Shrine to Our Lady of The Panhandle, The Catholics Church here in Clarendon—at 6:30 p. m. The general public is cordially invited to attend.

Clarendon Dusters To Play Umbarger Sunday

The Clarendon Dusters will play Umbarger here Sunday afternoon, weather permitting. Game time has been set for 2:30 p. m. This will be the Dusters first home game of the season. Last Sunday, the Dusters were defeated 6-0 by Nazareth with he locals only getting two hits during the entire game.

Mahaffey Tops Area I F. F. A. Awards

James Mahaffey, Clarendon F.F.A. and Greenbelt F.F.A. District president, won the top honor at the Annual Area I F.F.A. Convention at Lubbock, Saturday, May 10th, when he was selected as the Star Lone Star Farmer of Area I for 1957-1958. He will represent Area I at the state awards meeting in Austin the latter part of May or the first week in June. James has been an outstanding member of the Lelia Lake and Clarendon Future Farmer Chapters for the past four years. He developed one of the top project programs in the state during that period of time. Doyce Graham, Jr., was selected as Candidate for the Sante Fe Railway College Scholarship award from Area I. Doyce was runnerup in the state for the award last year and should be a strong candidate to win this honor this year especially in view of the fact that the Railway is offering two such scholarships this year instead of the one previously offered.

Bobby Longan officially became one of the Area I officers for the 1958-1959 school year at the meeting. Carl Talley, incoming chapter president, acted as the voting delegate for the local chapter at the annual event.

Senior Class Presents Annual Program Tonight, May 15

The Clarendon High School Seniors will present their annual Senior Class Night Program at the College Auditorium tonight beginning at eight o'clock.

The program will consist of the President's Welcome Address by Don Taylor, the Salutatorian's Address by Clifford Beard, a piano solo by Dianne Moore, the Class History by Linda Lemons, the Class Prophecy by Barbara Darnell, a vocal solo by Wanda Ryan, the Class Will by Phyllis Hill, the Valedictorian's Address by Beth Gillham and the presentation of the class key to the junior class by Don Taylor and John Richerson. Mrs. Dee Williams will play the processional and recessional.

SIMS PTA LAST MEETING TODAY, MAY 15th

The Sims P.T.A. will have its last meeting of the year at the Jr. High Gym at 3 o'clock Thursday, May 15th. The installation of officers will constitute the program for the afternoon. All members are urged to be present.

The Cartoon Carnival will present a FREE show for the children. —Reporter.

DELUGE OF RAIN MONDAY NITE TAKES TOLL IN DAMAGE

Band Concert To Be Presented Friday Nite

The final band concert which was scheduled to be presented by the Clarendon High School Band Monday evening was postponed on account of rain. The concert has been re-scheduled for Friday, May 16th at 7:30 p. m. in the High School Auditorium. This concert will feature a baritone solo by Andra Pinkerton and a cornet solo by Sarah Antrobus. Also to be featured will be the student conductors, Georgia Belle Harmon and Drubette Cook. They placed second in student conducting at the regional band meet held in Canyon last month. The Band also placed 3rd in Concert, 3rd in Sight Reading and 3rd in Marching.

The Band will play their contest numbers on this program as well as a varied selection of Marches and other concert type pieces. The highlight will be the performance of a "Mozart Festival" which includes excerpts from his piano concerto, A Little Night Music, Ave Verum, and concludes with the finale to The Jupiter Symphony. In case of inclement weather the concert will not be held. There will be no charge for admission.

Bulldogs Take Second In State Tennis Meet

The Clarendon Junior College tennis team took second place in the State Junior College Tennis Tournament at Abilene Monday and Tuesday of this week. Odessa College took first place in the meet. Clarendon's number one doubles team, Pete White and Teddy Bedwell, advanced to the finals where they were defeated by Danny Carpenter and Freddy Martin of Odessa. On their way to the finals White and Bedwell defeated Cisco 6-1, 6-4 and Lee College of Baytown, 6-1, 6-0. In the finals they were beaten by the Odessa team, 6-2, 6-2, 6-0.

The Bulldog number two team, Owen Johnson and Buzz Bailey, took third place in the meet. They eliminated Amarillo's number one team 6-1, 6-0 in the first round which pitted them against the powerful Odessa team in the second round. Odessa defeated them 6-1, 6-1, but they came back and defeated Lee College 6-4, 7-5 for third place.

In singles play, White took fourth place. He defeated Ray Muzyka of Navarro County Junior College 6-1, 6-1, lost to Carpenter of Odessa, the eventual state champion, 7-5, 6-3, then lost to Daryl Baxter of Lee College for the third spot 6-4, 6-3. Clarendon's other singles entry, Buzz Bailey, defeated Gene Shelburne of Amarillo 8-6, 6-2, then lost to Martin of Odessa, 6-1, 6-1.

The Clarendon area and a strip northward to Jericho caught the brunt of the deluge of rain which started here about 6 p. m. Monday afternoon and continued until around 10 p. m. The heaviest downpour hit the west side of town, extended about four miles southwest and then northward to Jericho. This area received from 8 to 10 inches while the official weather observer measured 5.71 in the southeast part of town. Outlying areas received from 2 to 4 inches as an average.

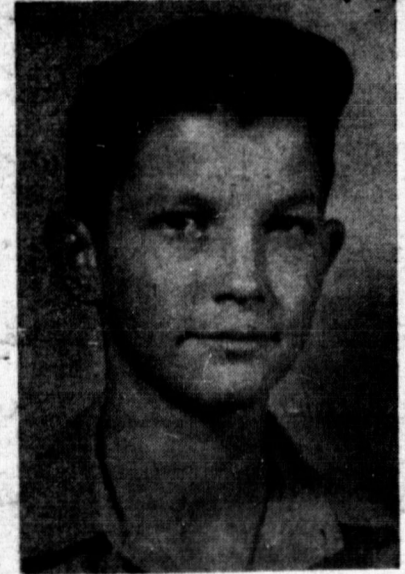

Two persons, Mrs. C. C. Waddell and her niece Sharon Waddell, were caught by the water here in town and narrowly escaped drowning as did Mr. and Mrs. D. F. Cook and daughter on the road to Kelly Creek about 3 miles northwest of town.

Mrs. Waddell and Sharon were caught in flood waters 1 block south of the Methodist Church and the car was washed down the main creek nearly to the foot bridge south of the Lions Club building. They were rescued from the car by a group headed by Highway Patrolman Bill Cornelius. Cornelius reported the water around waist deep and very swift which made rescue attempts very hazardous. Following the rescue the 1937 Chevrolet was swept on down the creek and lodged against the bridge.

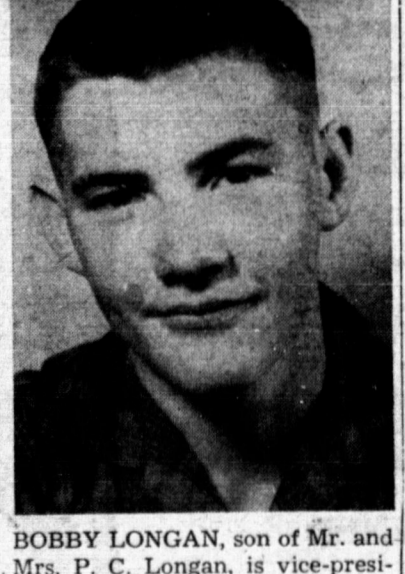

Mr. and Mrs. Cook and daughter were on their way to town when they were trapped by the water and the car washed into the bar ditch. In attempting to get out, Mr. Cook was swept away by the water but managed to get his footing on a sand bar and then worked his way back and rescued his wife and daughter. Mrs. M. L. Mays and daughter were following the Cook car but were able to wade out after the car drowned out. All made their way to the Clyde "Shine" Martin home where they received shelter.

Several business firms and numerous homes were flooded here in town and several families were evacuated. Mutt's Cafe and Risley Implement received the most damage from the flooding on the West side and Wallace Monument Co. and Palmer Implement on the east side. Mutt Graham, owner of the Cafe, stated that he knew of no finer people anywhere. Soon after the flood waters receded, a group of volunteers assisted Graham in cleaning the water and mud from the building which showed the water to have reached about 10 inches deep.

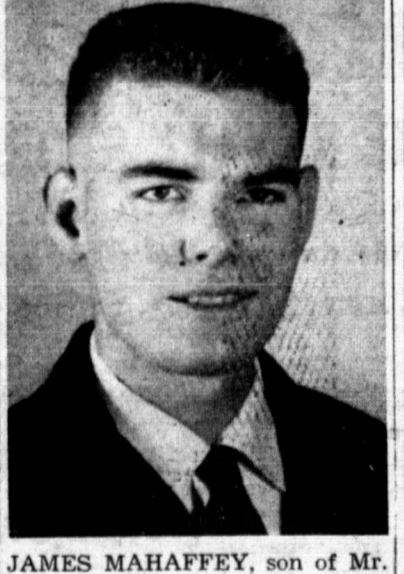

The check dams south of town held again which saved the main business section from a possible disastrous flood. So far these dams have performed a wonderful job but thought should be turned in their direction by all residents to improve the situation. Had the 8 inches that fell west of town, dropped on the watershed south of town, the (See DELUGE OF RAIN, Page 8)

CARL TALLEY, son of Mr. and Mrs. E. M. Talley, will serve as president of the Clarendon Chapter for the 1958-1959 School Year. Carl will receive his state farmer degree this summer. He ranked fourth in the chapter membership contest.

BOBBY LONGAN, son of Mr. and Mrs. P. C. Longan, is vice-president elect of the Clarendon Future Farmer Chapter. He has been one of the top members of that group for three years. He won the most valuable membership plaque award for the third year in succession.

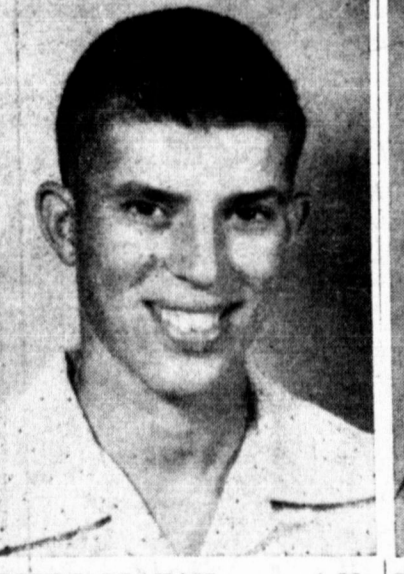

JAMES MAHAFFEY, son of Mr. and Mrs. J. E. Mahaffey, served this year as both Clarendon FFA and Greenbelt District FFA president. He received the Star State Farmer Award of Area I last week, and was a close second in the annual membership contest award.

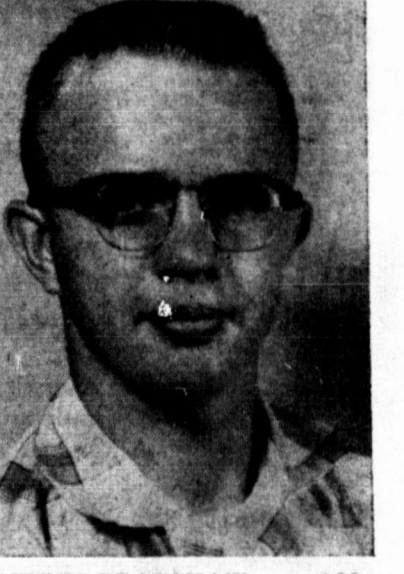

MILTON MANN, son of Mr. and Mrs. C. L. Mann, will serve as treasurer of the F.F.A. group for 1958-1959. Milton, a top football player and popular member of the Clarendon Student Body, ranked fourth in the entire membership contest.

DON HUDGINS, son of Mr. and Mrs. David Hudgins, won the membership contest for the Vo-Ag II Class. Don is assistant chapter president for the 1958-1959 school year. He exhibited the grand champion steer at Amarillo this spring.

DOYCE GRAHAM, son of Mr. and Mrs. Doyce Graham, Sr., is the Area I candidate for the Sante Fe College Scholarship Award. Doyce was a top member of the Clarendon Chapter while a student in Clarendon High School.

DENNIS BRADSHAW, son of Mr. and Mrs. G. W. Bradshaw, will serve as assistant chapter president for the 1958-1959 school year. He was third ranking student in the Vo-Ag II membership contest. Dennis is president of the Vo-Ag II unit of the chapter this year.

ASHTOLA NEWS

Mrs. Doyce Graham

We are all so proud of Lee Roy Nelson, son of Mr. and Mrs. Grady Nelson of Killeen and grandson of Mr. and Mrs. Arthur Nelson. He has been chosen for a high honor in his school. Out of the whole school he was named the most courteous child, the one who was kind to everyone, who caused no trouble and one who was obedient to all his superiors. He was awarded \$5.00 and an expense paid trip to a boys camp near Dallas for a week for his outstanding achievement. Congratulations to you, Lee Roy, but we are not surprised, because Lee Roy was all this and a very congenial boy when in our school.

The closing school exercises will be given Friday night, May 16 at 7:30. Everyone is invited. Mrs. Jean Williams, public school music teacher, Mrs. Mary Lou Adamson and Mrs. Sarah Shaller, teachers, have worked up an entertaining program. Gale Gray will open the program with "I am Your Flag" followed by more patriotic numbers. Nancy Ashcraft will deliver the "Welcome". The intermediate group will present two popular songs and six readings. The primary children have two musical skits, "Soap, Gee Whiz" and "The Cutest Kids in Town". Two piano solos and a group song will be followed by a few remarks from Miss Ruth Richerson, County Superintendent and the giving of awards by Mr. Vance Gray, board member. After singing of "The Eyes of Texas" Mr. Dane Perdue, board member, will bring the benediction. Hope to see everyone there.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

A little romance by Maysie Greig is the first to be announced this week. This title is "Kiss In the Sunlight," and it is a very good story and those who enjoy Maysie Greig will be happy that we possess this one.

Several memorial books are added to Mrs. Sella Gentry's memorial case this week. These are: "Young Bush Pilot" by Jack Hambleton, "Dr. Morton, Pioneer In the Use of Ethel," by Rachel Baker, "My Sky Is Blue" by Loula Grace Erdman, and "Eva Visits Norika—Son" by Anna Riwick-Brick. The books are all excellent reading but the last mentioned is the most attractive. This memorial shelf has a wonderful collection of books that vary in subject material, so boys, girls, adults and children enjoy it.

Summer reading is very popular with children during vacation, so we will be exceedingly busy from the last week in May until September. I some times issue almost 2000 books in June and July, but always lack a few books of attaining the goal.

We received one Mother's Day Book—"From The Crossroads" by Richard L. Evans. This was in memory of Mrs. Letitia Lumpkin. We usually receive several, but books are very expensive, and as our book store has a limited selection there has been a decline in Mother's Day books.

NATIONAL SOIL STEWARDSHIP WEEK

By Donald A. Williams
Administrator

The growing observance of National Soil Stewardship Week by both individuals and groups indicates not only man's feeling of kinship to the soil but also society's growing recognition of its dependence on soil and water resources.

National Soil Stewardship week will be observed May 11 through 13. The event is sponsored by the National Association of Soil Conservation Districts and national church organizations.

The scope of this year's observance is expected to exceed the participation of a year ago, judging from reports of district and church leaders.

The observance of man's responsibility as steward of our God-given soil and water resources has shown a steady growth. It started in scattered localities under various names before World War II. As the idea spread, organizations, churches, magazines, press, radio, and civic and professional groups adopted it. They found in it a mutual meeting ground—the universal love and respect for life-giving resources.

Throughout the ages the sun, the soil, and the rain have held an honored place in man's beliefs. His dependence on the soil for his very life gives man's use of this life-supporting resource a deep spiritual significance. It is appropriate that the clergy and churches join with farmers and soil conservation districts in emphasizing to all of us the importance of each doing a good job of stewardship.

God provided the productive soil and the rain and the sun to care for our material needs. As stewards or husbandmen of the soil we honor God and preserve His earliest creation. We also hold in our hands our own welfare and that of coming generations.

In this modern world we have solved the mystery of the atom.

We are probing the mysteries of outer space. While we still probe some of the mysteries of soil and of plant growth, we have learned how to use soil wisely and keep it productive without waste. We have made great strides toward stabilizing, conserving, and using soil and water resources for the common good. But we have much further to go.

Do we as a nation have the intelligence and stamina to continue that progress in management of basic resources? Will we continue the development of the science—and art—of using land according to its capabilities and treating it according to its needs at the same time we further develop the other important sciences?

I believe we will. The following reasons leave no doubt in my mind: The accomplishments of the loyal, intelligent, resourceful leaders of 2,770 soil conservation districts—often at great personal sacrifice; the progress of the 1 1/4 million farmers and ranchers cooperating with those districts and the help given the conservation movement by governmental and private groups.

These groups will not let the nation's soil and water conservation program lag. Today soil and water conservation is not only a profitable practice or combination of practices but it also is an ideal in the heart of the American people.

The program of soil and water conservation when started 25

years ago had to be demonstrated and "sold" by technicians. While many farmers adopted the program, it was difficult for them to get technical help in some places. Many were reluctant to adopt new and unfamiliar methods.

In 1937, State legislatures began to pass enabling acts which enabled farmers and ranchers to organize their own local soil conservation districts. Under the enabling legislation they elected their own governing bodies to manage their program and sought technical help from the Soil Conservation Service and other agencies.

Congress passed the Watershed Protection and Flood Prevention Act (Public Law 566) in 1954. This added flood reduction to the already-going soil and water conservation program. It enabled local organizations which were qualified under state laws to establish projects to protect small watersheds from flood, erosion, and sediment damage. The Act provided for the Federal government to grant long-term loans to local organizations to finance their part of the program cost.

In the meantime many groups, organizations, and interests were rallying to the support of soil and water conservation. Such help came ways: Moral support, encouragement, and recognition of a program for the public benefit; active participation in soil and water conservation activities of many kinds; financial support through Federal, State, and county appropriations and direct financial aid to individual districts from commercial, civic, and other organizations.

Thus, we find organized society recognizing and acting on its responsibility to encourage and assist farmers, ranchers, and landowners in caring for public resources. From those resources come food, clothing, and raw materials and water for homes, irrigation, industry, and a hundred other uses. These are the mater-

ial benefits we enjoy and will continue to enjoy if we are good stewards of our basic resources.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

RECESSION TALK

Recession talk continued at full speed in the Nation's Capital last week. Many columnists wrote about it as usual, and many commentators on television and radio gave considerable time to it. The whole subject came in for a full dress debate on the Floor of the House when the unemployment compensation bill was being considered. A continuing discussion of such a subject among the people creates some rather interesting situations. For instance, history seems to prove that people always save more when it appears that hard times might be on the way. Government figures reflect that time deposits during the first three months of this year increased by 2.2 billions of dollars, whereas this increase during the last three months of 1957 was only 9 hundred million dollars. A large part of this was made up of the savings accounts of individuals.

It also appears that more United States Savings Bonds have been bought during the last few months than have been cashed in. Prior to that time the sale of these bonds was below the redemption figures by several millions of dollars. In fact, during the last three months of 1957, the sales were 3 hundred million dollars below the redemptions.

New deposits in savings and loan associations were greater than withdrawals every month last year.

Life insurance reserves have been steadily increasing, and the

cashing in of policies seems to be slowing down.

In the installment credit field during February, the repayments were actually greater than new installment loans. This could be indicative of greater savings.

In any event, the entire picture reflects that when people become concerned about the financial situation, they immediately try to adjust themselves so that they will have some ready cash on hand and be all set for a rainy day. This, of course, always contributes to a slowing down of the circulation of money because fewer goods are purchased, all of which makes for an unstable financial situation across the country. I feel that if the people can be reassured by positive action at the present time to stimulate more activity in all fields of business, the so-called recession will take care of itself. A big contribution to this end could be made by a few changes in our income tax laws that would enable many people to reactivate slumping small business concerns. Whether it is done by accelerated amortization schedules on new construction, new equipment, or several other ways, it could be of great help to many of the smaller towns that are so badly in need of some

economic stimulant.

Although such a procedure might be termed a tax cut, actually it would be no more than a short moratorium that could well create sufficient circulation that would not only help in solving a recessionary problem, but could be of measurable help both now and in the future in preventing further deficit government spending. Government spending alone is not going to solve any recessionary situation. It must be handled with the greatest of care so as to provide the necessary stimulation to the economy without creating larger and larger deficits upon which larger and larger interest payments must be made.

VISITORS

The Nation's Capital is welcoming thousands of visitors each day. They come in buses, trains, planes, and motor vehicles. The Capitol grounds are swarming every day with many from all parts of the world. A large part of these visitors are made up of high school students who come to Washington on a class trip. Several of the schools in our district in past years have come for a visit, and we have always enjoyed it. I wish more could do it.

George Slept Here...

He pulled off the highway and asked if he could take a little snooze.

We pride ourselves that Phillips 66 Stations are first-rate service stations. We're even glad to make them sleeping stations in an emergency. So George took his snooze.

Good thing he did because, dog-tired and drowsy, he might have fallen asleep at the wheel while driving.

This little incident suggests, in a small way, the hospitable attitude of Phillips 66 Service men generally. Ask any regular patron of Phillips 66 Stations and he'll tell you that Phillips Dealers go out of their way to treat you and your car right—perform many a service you wouldn't expect to get elsewhere.

Better yet, drive in and see for yourself what "Hospitality on the Highway" means.

Here's why Plymouth, America's favorite family wagon, is

TODAY'S BEST BUY-TOMORROW'S BEST TRADE

You get more wagon for your money today... more money for your wagon tomorrow!

Any way you look at it, you can't find a better wagon buy than Plymouth! So big—it carries more, does more, provides more room for family fun. So beautiful—just look at those long, years-ahead lines. So economical—Plymouth is priced right in the low-price "3", yet you can't buy a bigger wagon at any price. And further proof: Plymouth beat every car in the low-price class in the 1958 Mobilgas Economy Run; Plymouth's second consecutive victory!

Get the biggest wagonload of value at a price far lower than you would expect. See your Plymouth dealer today.

FIVE BIG REASONS WHY YOUR NEXT WAGON SHOULD BE A PLYMOUTH

1. **Biggest of the low-price "3"**. Big as wagons costing thousands of dollars more. You can't buy a bigger wagon at any price!
2. **Holds so much more than the "other two"**. Over 7 cu. ft. extra passenger and cargo space. Optional "secret" luggage compartment available in 6-passenger models.
3. **Rear-facing 3rd seat**. Folds flush into floor. You don't store it outside when it's not in use. Easy to enter, has convenient back step.
4. **Disappearing rear window**. Rolls down into the one-piece tailgate. Doesn't jut out. Only on Plymouth wagons in the low-price "3".
5. **Torsion-Aire Ride at no extra cost**. Only Plymouth has it in the low-price "3". No sidesway on turns... no nose-dive on stops.

They don't come any bigger than *Plymouth* station wagons

More About Our Trip

Next to our visit to Carlsbad Caverns we loved the trip across the border to Old Mexico. First we took a tour of El Paso and Juarez; this was pretty good but the thing we enjoyed the most was going over on the trolley car. Actually it is just an old fashioned street car, and all of we poor folks were aboard. For seven cents you can ride over and this includes your charge for crossing over. For some reason it cost a penny more to ride back and this goes for the charge of one cent

more for coming this way across the border. Don't ask me why. The old buildings, the bull fight rings, the open markets are just a few of the things worth seeing. Some of the homes are real mansions and may be only a short distance from poverty and poor areas. No place we have ever been have we seen the two extremes of life so close together as in Mexico.

The colorful old churches with their hand carved wood, and life-like statues. The rich, the poor, the clean and the dirty kneeling as they prayed and worshipped made a strangeness to the place as we came through just looking on. Somehow it hardly seemed fitting for us to disturb. Actually we didn't seem to, and they seemed to want us because they sold us souvenirs from the church. On the way back, out north from El Paso the grandest sight is the mountains. The Organ Mts. are so beautiful. So deep and jagged end high as the curyes rise and fall like the tones of an organ. It was our first time to view

the white sands. We have seen a lot of sand in our days. Had it in our hair and in our craw, but never so much as this or any so white.

(More about the trip late)

"Lord, make my words tender and sweet. For tomorrow I may have them to eat."

The hardest secret in the world to keep is our opinion of our own self.

Speaking of the beautiful homes in Juarez, and for the moment forgetting the not so beautiful. One of the most expensive looking one we saw was supposed to belong to a Doctor. As a sideline he owned a drug store and a funeral home. It was really elaborate. This I could understand. He got 'em coming, going and all the time in between. In fact, there just wasn't anyway he could lose.

"Kindness is more powerful than compulsion."

"He who receives a good deed should never forget it. He who does a good deed should never remember it."

Cal Farley says: "Raising a boy is like throwing a baseball—head him right while he is in your hands and he will seldom go wrong after leaving them."

Speaking of Cal Farley and Boys; we had the wonderful privilege recently of spending another day at Boys Ranch. If you have never visited this wonderful place do so before this summer passes. If you were there some years ago, be sure and go again and see the new permanent type buildings that are springing up over the place.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Some farmers in the Donley County SCD have practiced stubble mulching with high residue producing crops. Walter Fraser, Groom, Texas, and the District Cooperators have profited in the past by having good stubble on the land when crops are not being grown. A high residue producing crop, when grown by drilling or broadcasting or in close spaced rows, provides protection against wind and water erosion, conserves moisture, reduces the impact of raindrops and break up the surface film, allowing greater water penetration, permits the surface decay of organic matter and reducing runoff. High residue crops which provide good stubble are small grains, sudan grass, grain sorghums, sweet clover and millet. Three tillage operations are usually necessary if the land is to be cropped the following seasons. Sweep type equipment will do an efficient job. A depth of four inches is usually adequate for the first operation which should follow immediately after harvest. Each subsequent operation should be at a shallower depth to insure a firm seed bed.

The local SCS technicians will be glad to assist you in carrying out your stubble mulching operations.

Role of Parents As Safety-Education Teachers Emphasized

AUSTIN—The role of parents as safety-education teachers was emphasized, today, by J. O. Musick, General Manager of the Texas Safety Association.

Speaking from his Austin office, Musick said:

"No matter how much safety education parents give their children, it cannot be completely effective unless both mother and father obey the rules of safety themselves.

"In safety, as in everything else, children absorb the attitudes of their parents and mimic their behavior. Telling Johnny not to cross streets except with a green light is not going to seem important to him if he sees dad jaywalking or squeezing through an intersection on a caution light.

"By the same token, if Susie sees mother standing on a makeshift ladder of a chair and boxes, to get something from a high shelf, she's not likely to use a sturdy ladder when she wants something from a similarly high place."

Musick pointed out that good examples and repetition are two of the most effective weapons of accident prevention. By each parent making certain that his own actions are reasonably safe and correct, he creates a climate

of safety which fosters good safety-attitudes in children.

"Curiosity is a natural part of the growing-up process," Musick said. "Many times a child's investigative actions lead to dangerous situations, especially if they are left unsupervised. Yet, an opportunity to learn must not be denied them.

"Among safety experts, the best and safest plan is to answer children's questions, show them how things work and teach them to do things the safe way for themselves. Of course, this plan

is not always the easiest or most convenient, but it is the most effective."

Musick said that national figures reveal that about 14,000 children, up to fourteen years of age, are killed in accidents, of varying types, each year.

Pathfinder Guest Day Tea

Pathfinders and their guests met Friday afternoon, May 9, at Patching Club House for the annual guest day tea and final meeting of the club until September. Entertaining rooms were decorated with bouquets of white lilacs.

Upon entering the club house, guests were met by Mrs. C. E. Bairfield and greeted by the president, Mrs. C. T. McMurtry, who presented each to the president-elect, Mrs. Bill Greene, and escorted to the guest book where Mrs. A. J. Cole invited them to register. Ushers seated members and guests.

Mrs. C. T. McMurtry presided and gave a gracious welcome to all. Among the guests presented were Mrs. A. F. Madison of Amarillo, daughter of the second president of the club, Mrs. Marion Williams, 1912; Mrs. U. J. Boston, also of Amarillo and a former president of Pathfinder club; and Mrs. Frank Phelan, Jr. who introduced the guest speaker, Mrs. Ed Fancher.

Mrs. Fancher was born and reared in Amarillo, the daughter of Mr. and Mrs. C. G. Feierabend. She attended Cotley College in Missouri and Northwestern University at Evanston, Illinois. She received her degree in audiology from the University of Oklahoma. While completing her study in practice teaching, she taught in the School for the Deaf and has since done some work in teaching the deaf in Amarillo. She is an active member of Polk Street Methodist Church and is considered to be one of the best reviewers in Amarillo.

Mrs. Fancher presented a review of the book, "The Sound of Thunder," written by Taylor

Caldwell. This story is the history of an American family living in upper New York between the period of 1904-1937, and brings out both the good and the bad fruit in this family with all of their strength and weaknesses. This is the story of Henrich and Maria Enger, a very small food store destined to become a part of a great chain in America, and the story of the five Enger children.

Following the review, Mrs. Fancher was presented a pot of white African Violets in a gold jardiniere.

Guests were then invited into the dining room where each was presented a corsage of iris. The refreshment table was laid with a white linen cut work cloth. White lilacs and white tapers in crystal candelabra provided the decor. Appointments were of crystal. Mrs. C. T. McMurtry dispensed punch while Mrs. Simmons Powell served the cake.

Hostesses were Mrs. Forest Sawyer, Mrs. Carl Allmond, Mrs. J. L. McMurtry, and Mrs. Clyde Hudson. In addition to those previously mentioned, others in the houseparty included Mesdames Bill Greene, Jr., Heckle Stark, Dick Shelton, Bill Cooke, Jr., L. N. Cox, H. T. Burton and George Benson.

Approximately ninety members and guests attended. Out-of-town guests were Mesdames Ed Fancher, C. G. Feierabend, A. F. Madison, U. J. Boston, and Ralph Collinson, all of Amarillo; Frank Foxhall, R. S. Greene, Gayle Greene, R. E. Roper, Virginia Rogers, all of Memphis; Nelson Seago, J. R. Batson, and Zella Noble of Lelia Lake. —Reporter.

Mr. and Mrs. Kenneth Sams and children of near Brownfield spent Mother's Day here with her parents, Mr. and Mrs. A. D. Estlack.

Gamma Kappa Chapter Luncheon

The Gamma Kappa Chapter of Delta Kappa Gamma Society for Women Teachers met in the ranch home of Mrs. Charlotte Word for a luncheon on Saturday, May 10 with the Clarendon members as hostesses.

New officers installed at this meeting were: President, Velma Weaver, Clarendon; 1st Vice-President, Mary Foreman, Memphis; 2nd Vice-President, Hattie S. Wells, Wellington; Recording Secretary, Lorene Metcalf, Childress; Corresponding Secretary, Inez Blankenship, Clarendon.

The theme for the program was "Personality Traits of Women." Miss Inez Blankenship, program leader, introduced Mrs. Joe Coffee of Amarillo who gave a very inspirational review of Catherine Marshall's book "To Live Again."

Out of town members who attended were from Childress, Memphis and Turkey. Visitors were Mesdames Joe Coffee and U. J. Boston of Amarillo, and Misses Mae Simmons and Alice Pass of Canyon and Mable Mongole of Clarendon.

THE LIONS DEN or The Roar of the Lions

By the Liontamer

The Reverend Berkeley SoRelle, minister of the local Presbyterian Church, spoke briefly to the Lion's Club Luncheon meeting Tuesday noon on an important attitude which would improve the success of a progressive community.

Rev. SoRelle observed that in Clarendon too many of the citizens are using "they" to describe and place responsibility for the complacency or objectionable incidents of community concern.

He in like manner observed that a greater amount of good can be accomplished with much less friction if everyone could discontinue the use of "they" and instead use the pronoun "we". "Come to think about it," the writer can see real possibilities wrapped up in the preacher's philosophy. Using the modern slang of our youth, we'd say, "the preacher's got something on the ball."

The attendance is still holding good, but subject to improvement.

In addition to Reverend SoRelle's talk, Mr. Cooper, of the science department of High School and College gave a review of the beginning of Clarendon's highly publicized Rocket Club. Mr. Cooper has done a superb job of directing the interest and curiosity of our scientific minded youth and safely completed the rocket projects of the Club.

Mayor Burton made a reassuring report on the condition of the retaining dams which protect the low areas of Clarendon from inundation during such thunderstorms as we witnessed Monday night. The dams held and averted heavy damage in the downtown area. Any damage or weakness found at the inspection of the dams Tuesday morning received a work order on the spot and repair began Tuesday afternoon.

The board of Directors in meeting Monday night were dispersed by the highwater siren, before completing the business which was scheduled for the meeting. Another meeting will be held at an early date to complete their monthly meeting.

Mrs. H. L. Riley, Sr. who is visiting in the home of her daughter and family, Mr. and Mrs. Elmer Logsdon and children at Midland, fell and sprained her ankle. While the sprain is painful, no bones were believed broken and she is improving satisfactorily.

Mr. and Mrs. Chester Scott, Glenda and Connie, Mr. and Mrs. John F. Harlan and Latrice, Mr. and Mrs. Ray Hefner and Patsy, Mr. and Mrs. Billy Scott and Miss Gaynell Scott, all of Amarillo, spent Mother's day with their parents, Mr. and Mrs. W. C. Scott.

Teachers Entertain School Board Members

The teachers of the Clarendon Public Schools and Junior College gave an informal banquet for the members of the school board and their wives at the gymnasium last Friday night. After a meal of fried chicken, salad, deviled eggs, whole grain corn, gravy, pickles, cake and iced tea, a short program was presented.

Teacher Service Pins were awarded to three people. Mrs. Mildred Hendrix received a 10-year pin, Tullis Davis received a 15-year pin and Mrs. Lucile Naylor received a 20-year pin for service in the Clarendon School System.

Mr. R. E. Drennan, who is retiring this year after 30 years of service in this system, was given a Certificate of Merit in recognition of his many years of service in the Clarendon School and Community.

Visitors in the home of Mrs. E. W. Tyler and Miss Alice Tyler Sunday were Mr. and Mrs. Victor Vitarella and Greig, Mr. and Mrs. V. E. Moore and daughter, Mr. and Mrs. Johnny Ennen and children, Mr. and Mrs. R. T. Tyler and son, all of Amarillo, Mr. and Mrs. J. M. Clark of Hobbs, N. Mex., Mr. and Mrs. Dub Tyler and family, and Mr. and Mrs. Buster Campbell and boys. Mrs. John L. Davis called in the afternoon.

Mr. and Mrs. T. K. Vandiver, Nan and Jan of Amarillo spent Sunday with her parents, Mr. and Mrs. R. A. Hay. Nan remained to visit this week. Other visitors in the afternoon were Mr. and Mrs. Dwayne Naylor and Mrs. Royce Hall.

Mrs. Clarence S. Stacy of Palo Alto, Calif. was to leave Wednesday of this week for Washington, D. C. and a visit with her daughters. Mrs. Stacy has visited her father and wife, Mr. and Mrs. F. E. Caraway in Clarendon.

Mr. and Mrs. Gerald Yeates and family visited Sunday with her sister and family, Mr. and Mrs. Bob Forbis and their new baby daughter, Kimberly Gail at Crosbyton.

Adobe Walls Council "Tops" In Region Nine

The Adobe Walls Council, Boy Scouts of America, recently received the distinction of being the Top Council in Region Nine. The judging was made on overall program and membership. Our Council is one of 35 Councils in Texas, Oklahoma, New Mexico, parts of Arizona and Arkansas. To be Tops in such an area is a feat in which each person in the area of our Council can take equal pride.

In addition, for the first time in the Council history, we received one of the five Regional Chairman's Awards given to Councils showing proficiency in dropping fewer boys from the Scouting Program, adding new Scout Units, and Boy's Life.

These awards were made at the Regional Conference which was held in Galveston recently. Several of the Scouters of our Council attended.

Through the earning of these distinctions we can easily see the dedication and the ability of our Scouters. They have done a truly wonderful job. At the same time we can look at the boys in our towns and communities who are not in the Scouting Program and roll up our sleeves to do an even better job this year.—Reported.

Mr. and Mrs. Henison Hayes and boys, Freddie and Jim, were week end guests in the home of her mother, Mrs. Edna Smith.

Mrs. Jack Montgomery of Shamrock visited Friday afternoon in the home of Mr. and Mrs. C. E. Killough.

Mrs. Ben Andis and Vickie of Amarillo visited Mrs. Edith Longan in her town home here Sunday.

Mr. and Mrs. Herman Cross and Annette visited Saturday in Memphis with Mr. and Mrs. E. F. Lemons.

George Watson of Terrell, Texas spent the week end with his parents, Mr. and Mrs. O. C. Watson.

Woodley Richerson of Phillips spent Monday and Tuesday with his mother, Mrs. S. C. Richerson, and sister, Miss Ruth Richerson.

Bob Skelton of Amarillo visited his parents, Mr. and Mrs. L. H. Skelton Sunday.

Mr. and Mrs. Glenn Wallace of Lubbock visited homefolks the weekend.

Jack Goldston and son of Houston visited in the F. E. Caraway home Monday.

Rickey Wester of Canyon spent the week end in the home of Mr. and Mrs. C. W. Martin.

Hill-selected Porto Rican Potato Plants

I have been hill selecting my potatoes for 25 years or more. I hill-selected last in 1955 from hills that produced 1,100-1,300 bushels per acre.

All my plants are from these fine hills. Raisers who have bought my plants state that my plants produced twice to three times the yield of their Porto Ricans planted side by side. (Names of these raisers on request.)

Free from Cork, blackrot and other diseases. I harvested 26 acres last fall and have sold more than \$26,000 from that acreage.

Try my plants. See the difference. If you fail to use my plants, you are the loser.

AUSTIN—At least 12 weeks of lively politicking lie ahead for Texas. U. S. Sen. Ralph W. Yarborough laid the chips on the line and announced as a candidate for re-election. Since his opponent will

former Sen. William Blakely, this appears to be the hottest race of the 1958 campaign. Except for one Supreme Court justice, all top state officials are asking re-election. As the filing time ended, only a few incumbents were without opposition. **TEC FIRING UPHELD** After hearing both sides, the Merit System Council voted unanimously not to interfere in the Texas Employment Commission's dismissal of its legal counsel. Ousted Attorney Lee G. Williams said he would appeal to the

courts. Williams was fired last month by a 2-1 Commission vote. R. F. Newman, labor representative on the Commission opposed the decision by Chm. S. Perry Brown, public representative, and Maurice Acers, management representative. Brown told the Merit System Council he felt Williams' personal feelings prejudiced his legal opinions in favor of labor. Biased legal advice, Brown contended, "is probably worse than none at all." Williams exhibited legal opinions he had prepared favoring management's side. Newman and

NEW TACK ON TIDELANDS International boundary discussion at the current Geneva Conference may dim Texas' hopes in the tidelands struggle, Atty. Gen. Will Wilson noted in a recent speech.

Russia wants national boundaries to be 12 miles out from land, Wilson related, and the U. S. says 3 miles out. Texas, in a case to be heard by the U. S. Supreme Court Oct. 13, will be trying to protect its long-standing claim to 10 1/2 miles.

But, said Wilson, "the United States can't plug for a 3-mile international boundary and turn around and give Texas 10 miles." If the 3-mile boundary sticks, he said, Texas will then ask for oil rights to the 10-mile limit.

WHY IT COSTS MORE Wrap-around windshields and loads of chrome inevitably mean higher rates for automobile insurance.

A special legislative committee investigating auto coverage rates was told by State Insurance Dept. officials that costs of both materials and labor have gone up. New rates, to be set next summer, probably will have to be higher, they said.

In addition to the staggering tab for fixing the modern-day palace-on-wheels, if it gets smashed, high accident records boost insurance rates in a locality.

For instance, said a department official, Dallas' accident rate is only 60 per cent as high as Houston's. Hence, coverage that costs \$18 in Dallas is \$30 in Houston.

"People have to realize," he said, "that they set their own rates."

CLIMBING COSTS SEEN Bad news for budget balancers is an official estimate that state welfare and education programs will cost \$62,000,000 more during 1959-61 than at present.

In studying future spending needs, a Legislative Budget Board Committee noted that:

(1) A constitutional amendment to be voted on next November will, if approved, add \$9,000,000 to welfare costs. Proposed amendment would provide medical care for the needy.

(2) An increase in the number of children would probably up the state's share of the minimum foundation school program by \$44,000,000. In addition, the amount in the available school fund will be less, creating a need for additional appropriation.

Committee commentary revived a touchy issue—continued existence of "small, inefficient districts" that might be consolidated into other districts to lower overall costs.

ON COURTING BUSINESS Growing government and climbing taxes make a chilly atmosphere in which to invite new industries.

This view from present Texas industrialists was presented at a recent hearing of the Texas Industrialist Commission. Recently re-activated, the Industrial Commission is charged with finding ways to attract more industry to Texas.

Jim Yancey, spokesman for the Texas Manufacturers Assn. told the Commission that good labor-management laws and some restraint on government costs are needed. "Texas is fast losing its favorable position in comparison with other states in the area," he said.

Commission members noted there had been some "misunderstanding" by regional Chambers of Commerce. Commission's purpose, they emphasized, is to help, not compete with, such groups.

Former Senator Karl L. Lovelady Announces For State Senate

To the Voters of the 30th Senatorial District:

I take this means of announcing my candidacy for the office of State Senator of the 30th Senatorial District in the forthcoming Democratic Primary. I make this announcement after careful and considered appraisal of the voiced opinions of the many persons who have come to me and that I have gone to see, who have insisted that I make this race based on my past record in the State Senate of Texas to keep the state out of debt and to vote a vote for all the people and not a vote for the chosen few.

I base my candidacy on the following platform:

HONESTY AND INTEGRITY—

The past few years have brought dark clouds of dishonesty and corruption in our state department, and I for one, if elected your State Senator, propose to do my part to see that the people of Texas shall once again have confidence in our government.

FARMING—

I believe in a broader "Farm-to-Market" road program, by trying to get additional \$50,000,000 per year to the amount now spent, for more farm roads.

I believe in a much broader rural electrification and rural telephone program so that every farmer will benefit.

I would like to see a state supported experimental farm, to be located in the heart of the vegetable growing district, for experimentation in the growing of vegetables.

I would support a program to conserve our surface water supply by the state expending money for the construction of dams on all rivers and draws where needed. (In doing this we would also have places for recreation right here in West Texas.)

I would amend the present employment law so that the TEXAS EMPLOYMENT COMMISSION would bring into any given area suitable labor to be used on the farm where said labor is not locally available at the time when this labor is most needed by the farmer.

I would vote for and support a stronger seed regulation law in order to put this state on a par with other states in seed regulation. I will always oppose any legislation to unionize farm labor.

SCHOOLS—

A stronger emphasis on the teaching of the basic subjects of reading, writing and arithmetic in the lower grades, and on mathematics and science in high school, so that we can better equip our students to preserve our leadership as a nation in the world.

Better pay for all school teachers, and more money for better school plants from the state. (I

think teachers should receive salaries equal to other professions of similar education and training.)

I think we should have a state supported Junior College near the center of the district so that buses can run from the various towns carrying students to said college.

BUSINESS—

I would abolish the State Store Tax. State tax levied on stores that sell cigarettes and charge the collection of all taxes and cosmetics, etc., now collected by the merchants to that of the manufacturer who makes them. (In fact I think the merchant, farmer and all retail businesses should be taken out of the business of collecting taxes for either the state or the federal government). It is about time the small business man got a break in this government of ours.

The present "Hot Check" law should be amended so that when any person gives or passes a check whether for cash, to pay a bill or to receive merchandise, he or she may be handled by the proper court if said check is not honored at the bank for payment.

Any person who makes a bill for groceries, clothing or drugs, same being necessities, the merchant should have stronger laws than we now have for the collection of said debts.

LOAN SHARKS—

I would vote and support a law to place all loan companies under the same regulations as the Banks are now under.

CITIES AND TOWNS—

I believe that all cities and towns in the state should be given aid from the state, based on population for use in building streets, alleys and for the purchase of highway rights-of-way through their cities and towns. (As you know all this expense is now carried by the property tax payer who already has all the burden he can carry.)

PROFESSIONS—

I believe that the present laws regulating the illegal and unethical practice of law, medicine and healing arts should be strengthened so that the public may be better protected, and any professional person or so called professional person—who, either in private, in public, or in print, willfully misleads the public to obtain a client or a patient should be prosecuted by law for so doing.

WELFARE—

I would give additional aid to all persons under the welfare program where need can be shown to exist. (Any increase in pension checks, etc., would help our economy because they spend their money on the necessities.)

OFFICIAL NOTICES AND CITATIONS—

I would vote for an amendment to the present law on official notices and publications to provide that all official notices and citations now posted at the court house door be published in a newspaper in the County so that the public will be properly informed, and that individual citizens affected will not be deprived of their just rights under our laws.

FREE PRESS—

Our laws should be amended so that all government records and all government meetings shall be open to the press so that the people may be informed on all happenings and acts of the government of state, county and political subdivisions.

TAXES—

The State Comptroller has estimated that by January 1, 1959, the State shall be about \$100,000,000 in debt, thus the next session of the Legislature will be faced with the duty of getting the state out of the "red". I think that this can best be done by the abolishing of needless jobs and the elimination of duplicate functions of various state agencies, none of which render any service to the tax payer. With times getting harder economy should start at Austin.

I would abolish the State Property taxes, as the property tax payer now has too great a burden to carry in supporting our school, cities and county governments.

I am not supported by any clique or clan, nor am I fighting any group or individual in this campaign, but if elected your State Senator, I will be your State Senator in fact and in truth, and the fighting that I will do will be on the floor of the State Senate, fighting for your interest. I implore that each person reading this announcement check my past record in the legislative halls of Texas, and as a public spirited citizen in the community in which I reside.

I am outspoken in my beliefs and never ride the fence on any issue. Trusting that you will take this announcement to your heart for the good and future prosperity of this district, and that we all go forward together with progress consistent with our times for the good of all of us.

SINCERELY,

Karl L. Lovelady

FFA Banquet-

(Continued from Front Page)

State Senator Andy Rogers of Childress, a strong supporter of F.F.A. work, and farming interests in general, brought a timely message to the group. Burl McClellan and Bill Rhew of the Station KGNC Radio and Television Station were present taking pictures and tape recordings for programs to be presented over their station.

Lee Bell, was honored by the F.F.A. members with the presentation of a tailor-made suit for the many courtesies he has extended to the organization. A. R. Henson and Gordon Simpson were elected to honorary chapter membership in the organization in recognition of their many efforts on behalf of the organization. Glen Williams, C. B. Morris, and John White were recognized by the group as fathers of the first American Farmers of the Clarendon organization. These members were Joe Williams, Carl Morris, and J. F. White.

Over twenty-five mothers of the local youths served the food for the event. Mrs. Fred Bourland, Homemaking instructor, is due a special vote of thanks from the chapter members for her assistance in supervising the boys in the preparation of the food for the banquet. The barbecue for the meal was prepared under the supervision of John White, Doyle Graham, and Hubert Rhoades.

AUTOMATIC HISTORY PRESERVATION

The automatic history preservation law for allotment crops is in effect for 1958 and 1959 as it was in 1957. Farmers do not have to plant their cotton or wheat allotments or participate in Soil Bank programs to maintain their allotment history acreage. All allotment history acreage will be preserved automatically.

James Mahaffey Selected Student Of The Month

The Student Council of Clarendon High School has selected James Mahaffey as the Student of the Month for this month. James is a senior student and is the son of Mr. and Mrs. Ed Mahaffey.

James has been quite active in FFA Chapter work the past four years. He was just recently elected the Star Lone Star Farmer of Area One of the State of Texas. He is also President of both the local and district FFA Chapters this year.

James has won numerous prizes, ribbons, and banners, in addition to quite a sum of prize money during his four years in high school with his hogs in the various swine shows in Texas.

STUDENTS RECEIVE HIGH RATINGS

Superior and excellent ratings have been received by Marcia McMurtry, Connie McMurtry, Donna Estlack, Marilyn McMurtry and Lara Ann Barrow in both Lubbock and Amarillo National Piano playing auditions.

Lara Ann Barrow received the highest rating and Martha Beth Gillham will receive a high school Music Diploma.

These students are from Miss Lilly Larsen's studio.

Deluge of Rain-

(Continued from Front Page)

dams would probably have been inadequate.

The deluge of water to the west of town brought the old Dubbs lake to the highest level on record here. In fact, it filled to the overflowing point, a sight that had never happened before according to all old-timers contacted. Late Tuesday evening the water from the Dubbs lake was still flowing into the lake south of the Forest Sawyer home 3 miles north of town on highway 70. The small lake had risen to an all-time high, and was lapping around the back of the Jack Braswell home necessitating their moving to another farm home on the Sawyer place. Outbuildings, trees, etc., were under several feet of water. These two lakes are now covering approximately 400 acres of land that was classed as some of the best farm land in this area—the majority of which will not be farmable this year. Damage to fields and roads in the area were extremely heavy also.

Farther north, the bridge over Carroll Creek going to the Country Club that was ripped out by the tornado last year, was swept away by flood waters and the Country Club lake was full and running over according to a report from Mrs. M. W. Hatley. Mrs. Hatley reported that the six inch rain gauge at the Club ran over. Eight inches was reported at Jericho. J. C. Ashcraft at Goldston reported 5.85 and more probably sloshed out of his gauge. Ben Lovell reported 2.06 at Ash-tola; Willard Knox had a total of 3 inches at Lelia Lake and Hedley reported 2 inches. 3 1/2 inches was reported from several points south of town. Individual rain gauges near the water tower and westward toward Martin showed from 8 to 10 inches.

Highway traffic thru Clarendon was held up several hours due to the high water. Flood waters were over the road several feet deep just west of town at the first draw and also about four miles west of town.

The Leader would like to commend our law officials, City officials, GOC members, Firemen and other volunteers who stayed on the job watching the clouds, checking the dams and did rescue work. Most of these people would rather have been in a storm cellar or at home with their own families. They deserve the gratitude and thanks of everyone.

Clarendon FFA Officers For 1958 - 1959 Announced

Carl Talley, son of Mr. and Mrs. E. M. Talley, has been selected by members of the Clarendon Future Farmer Chapter to lead the group as president for the 1958-1959 school year. Carl will receive his state farmer degree this summer. He has been very active in affairs of the local chapter for the past three years. He exhibited the grand champion barrows this year at both the Amarillo and Houston Fat Stock Shows and many other prize winners in addition to being a member of the prize winning livestock judging team. He served as chapter vice-president this year.

Bobby Longan was elected as vice-president, Milton Mann as treasurer, John Morrow as sentinel, Pat Roberson as reporter, and Sammy Wells as parliamentarian. Each of these officers have met the requirements of the State Farmer Degree. Keith Schollenbarger was elected secretary. Keith is one of the top members but has not had the facilities for a project program of sufficient scope to attain the state farmer award.

Locals Launch Two Rockets Friday

A group of High School and Junior College science students launched their second and third rockets last Friday afternoon with one of the rockets climbing about a mile in the sky. The first rocket fired April 30th carried the 36-inch missile approximately 15,000 feet.

The launching took place on the RO Ranch northeast of Clarendon. W. W. Cooper, Chemistry instructor and Weldon Day, Mathematics instructor, were the advisers on the projects.

The fuel used to fire the Rockets is of a solid type zinc and sulphur compressed with a hydraulic press. A neon transformer with a generator was used to ignite the fuel.
