Lelia Lake Graduation Exercises Friday Night

The Lelia Lake Commencement exercises will be held in the Lelia Lake school gym Friday evening May 23rd at 8 p. m. District Attorney John Forbis will be the speaker for the occasion. Ann Douglas Stepp leads the Senior Class of the Lelia Lake school as Valedictorian with a grade point of 95.4. Wayne Aten is Salutatorian with a grade point of 92.9.

Services Today For Stock Lamberson

Funeral services for Stock Lamberson, pioneer rancher, will be held this afternoon at 3 p. m. in the First Methodist Church. Rev. C. M. Ryan, and Rev. C. R. Hankins, pastor of the Groom Methodist Church, will officiate. Mr. Lamberson, 75, died Wednesday morning in Adair Hospital following a lengthy illness. He had been a resident of Donley County sixty years and enjoyed a wide acquaintance of friends throughout the Panhandle area. He was a member of the Methodist Church.

Survivors include his wife Cieta Lamberson; four daughters, Mrs. V. C. Waddell, Hedley; Mrs. C. S. Waddell, Amarillo; Mrs. C. A. Waddell, Clarendon and Mrs. Brack Lagrone, Amarillo; three sons, J. T. of Pampa, Ernest of Groom and Jack Lamberson of Clarendon; two sisters, Mrs. Vera Latimer, Levelland, Mrs. Emma Wall, Borger and 13 grandchildren.

Pallbearers will be J. D. Swift, Frank White Jr., Walter Johnson, P. M. Marshall, Vadie Carpenter, and Bill Johnson.

Rodeo Queen Contestants Selected

The Rodeo Queen Contest which is a part of our annual July 4th Celebration, is getting under way this week with the selection of several candidates to get the contest in motion.

Students of the high school selected the following from the various upper classes: Seniors—Ellen Murphy and Barbara Darnell; Juniors—Beth Lamberth and Vicki McAnear; Sophomores—Ann Word and Joann Wood; Freshmen—Lee Ellen Bell and Mackie McClellan. So far the Junior class at Hedley is the only class to select a contestant. She is Miss Nancy Hinds. Other contestants from Hedley and other communities are expected to enter within the near future.

Eligible contestants are those not classified below a freshman in high school. Contestants must live in Donley County and/or any school district in the county. A former winner is not eligible to participate.

Mrs. Horace McClellan and Miss Ruth Richerson are in charge of the event and additional information concerning the contest may be secured from either of the above mentioned.

Dusters To Play Pinkney Sunday

The Clarendon Dusters travel to Amarillo Sunday to take on the Pinkney Packing team. Don Newman is slated to hurl for the Dusters.

The game with Umbarger slated to be played here last Sunday was postponed due to wet grounds. The game will be played this afternoon at 2 p. m. at the AFB, Coors, Nazar, Umbarger, Hedley.

Sweet Potato Plants Will Arrive Around The First of June

County Agent H. M. Breedlove stated this morning that one half million sweet potato plants will arrive in Donley County some time around the first of the month.

The directors of the Donley County Sweet Potato Association met in the County Agent's office last week and talked to Mr. L. L. Mewbourn of Martins Mill, Texas about the potato slips. Due to cold weather and a lot of rain the slips will be a little late but the board will talk to Mr. Mewbourn around the 23rd of this month and at that time a definite delivery date for the slips will be set and all persons ordering plants will be notified. Mr. J. N. Weaver is secretary of the organization and will get out letters to all persons where to meet and what time to get the plants.

Mr. Nelson Seago, president of the organization says that any one who does not have in their order had better do so at once because the final order will be given Mr. Mewbourn when he calls the board in the next few days.

Services Held Sunday For Mrs. Mary Eddings

Funeral services were held Sunday afternoon at the First Baptist Church for Mrs. Mary Etta Eddings with Rev. J. E. Byers officiating.

Mrs. Eddings, 74, a resident of Clarendon 42 years, died Friday in a Wichita Falls hospital. She was a member of the First Baptist Church.

Survivors include one daughter, Mrs. Vera Terry of Amarillo; one son, Jack Eddings, Clarendon; one sister, Mrs. Mattie Balree of San Augustine; one brother, W. C. Burns of Lufkin; 3 grandchildren, and one great-grandchild.

Pallbearers were Bill Todd, Carl Naylor, P. C. Messer, George Thompson, Floyd Crofford and Carl Pittman.

School Officially Closes At Noon Friday May 23

The 1957-58 school term for the Clarendon Public Schools will officially come to a close at noon on Friday, May 23, 1958. Final examinations were ended Wednesday afternoon and there is no school today. Students were given a holiday today in order to allow the teachers to catch up on the grading of final examination papers, record the grades on both the permanent records and the student's report cards, and bring all necessary reports up to date.

School buses will make their regular runs on Friday morning. Students will turn in books and get report cards on Friday morning and the buses will make their return trips beginning at noon. No meal will be served at the cafeteria on Friday.

Mr. and Mrs. Vernon Roper and family of Pampa visited in the home of Mr. and Mrs. George Schollenbarger and family Sunday.

School Board Approves Contracts of Five Teachers For 1958-59

The Clarendon Consolidated Independent School Board of Trustees, at their regular meeting on May 8, 1958, approved the contracts of five teachers for the 1958-59 school term.

Mrs. Francis W. Cooke was re-employed to teach either in the Junior High School or freshman and sophomore English in the Senior High School. Permanent assignment will be made at a later date. Mrs. Wilma Batson, who has been teaching for a number of years at Lelia Lake, was employed to teach first grade, and Mrs. Nelson Seago, also for many years a teacher at Lelia Lake, was employed to teach education and geography in the college. Harold Dean Bier, who is graduating at West Texas State this spring, will teach mathematics in high school and will also teach the organic chemistry in college. Mrs. Bier, daughter of Mrs. Sam Dale, was employed to teach either freshman and sophomore English in high school or English in the Junior High School.

Vacancies still exist for a librarian, speech and Spanish, and a commercial teacher. All three of these positions are combination high school and college positions.

Local Art Students' Exhibit Open To Public Sunday At Club House

An art exhibit, showing the works of Clarendon art students of Dr. Emilio Caballero of West Texas State College, will be held Sunday, May 25, at Patching Club House starting at 5 p. m.

The public is invited to come to see the paintings and handicraft of these students. The Federated Clubs of Clarendon are sponsoring the exhibit.

Among the works will be jewelry, wood carving, copper and brass work, mosaic tile, ceramics, and various techniques of painting with water tempera paint. Frame making and matting were also taught.

All students may take paintings or crafts to the Club House Saturday afternoon or early Sunday afternoon.

Little League Meeting Set For May 27th

It has been announced that a meeting will be held next Tuesday evening May 27th at 6:30 at the Little League baseball diamond to organize teams for summer play.

All youngsters between the ages of 7 1/2 thru 12 are urged to be present for this meeting. All adults interested in helping with the project are urged to be present also.

Mr. and Mrs. Vernon Roper and family of Pampa visited in the home of Mr. and Mrs. George Schollenbarger and family Sunday.

College Commencement Set For Friday Night

Clarendon Junior College will hold its annual Commencement Exercises in the Gymnasium on Friday night, May 23, beginning at 8:00 o'clock. Thirty-five students are due to receive their diplomas. Rev. Leon Hill of Amarillo will deliver the Commencement Address.

Mrs. Dee Williams will again play the professional and recessional and Rev. Conrad M. Ryan, Pastor of the First Methodist Church in Clarendon, will offer the invocation. The College Choir will sing "The Battle Hymn of the Republic" and Mrs. W. W. Pinkerton will sing "Nightfall." Mr. A. R. Henson, Vice-president of the Board of Trustees will present the diplomas to the members of the graduating class. Mr. R. E. Drennan, retiring Dean of the College, will assist Mr. Henson in presenting the diplomas.

Members of the graduating class and their hometowns are: Jimmy Don Adams, Estelline; Benny Brown, Samnorwood; Bernice Benson, Clarendon; Leon Bevers, Hedley; W. H. Brown, Dodson; Myrna Carney, Leedy, Oklahoma; Robbie G. Clark, Lakeview; Shirley Jean Clifford, Clarendon; Layne Cushmanberry, Quitaque; Gertrude Davenport, Clarendon; Kathryn Edwards, Martha, Oklahoma; John Fraser, III, Clarendon; Donald Duane Garman, Clarendon; Cordia Hargeshimer, Estelline; Donald R. Johnson, Quail; Mary Jo Johnson, Quail; Gurvis Kennard, Lakeview; Helen Jo Land, Clarendon; Mary Nell Mann, St. Jo; Willie R. Moffett, Clarendon; Jeannette Moss, Hedley; Donald Ray Newman, Mobetie; Wayne Orr, Keltin; Reatha Ranson, Hedley; Bennie Dale Redding, Turkey; Billy Schneider, Darrouzett; Winfred Self, Clarendon; Nancy Ann Stephens, Quail; Herald W. Stogner, Clarendon; Joan Thornberry, Clarendon; Cloma Jean Webb, Samnorwood; Jesse Lee White, Lelia Lake; Patsy Ruth White, Lelia Lake; Rayburn L. (Pete) White, Quitaque, and Medra Wells, Clarendon.

Services Held Tuesday For Mrs. John Perdue

Funeral services were held Tuesday afternoon at the First Baptist Church for Mrs. Wynona May Perdue with Rev. H. O. Walker and Rev. C. T. Williams officiating.

Mrs. Perdue, 67, died Sunday afternoon in the Adair Hospital. She was a member of the Baptist Church and had been a resident of Donley County 45 years.

Survivors include her husband, John Collier Perdue, Clarendon; three daughters, Mrs. Walter Goodgoon of Lubbock, Mrs. Earl Stout of Amarillo and Mrs. Farris Keller of Levelland; three sons, J. C. Perdue Jr., of Levelland, Dane Perdue of Ashola, and Rev. Bill Perdue of Cathedral City, Calif.; three sisters, Mrs. C. W. Rowell and Mrs. Mary Reeves of Amarillo and Mrs. J. E. Morgan of Clarendon; a brother, V. D. Roy of Clarendon and 20 grandchildren.

Pallbearers were Pete Land, Guy Sibley, George Self, George Bulman, Delmer Koontz and Otto Elliott.

Former Goodnight Resident Dies At Claude

Funeral services were held Wednesday afternoon at the Claude Baptist Church for Mrs. Clara Laura Shores with Rev. A. B. Mosley and Rev. J. J. Allison officiating.

Mrs. Shores, 79, died at her home in Claude Monday. She had lived in Claude 15 years and prior to that time lived at Goodnight for 35 years. She was a member of the Baptist Church.

Survivors include her husband, Lee Roy Shores of Claude, a son, Alba Shores of Lefors; six daughters, Mrs. Verna Massie and Mrs. Ruth Matheson, both of Claude, Mrs. Maud Talley and Mrs. Eunice Morris, both of Amarillo, Mrs. Helen McCowell of Lefors and Mrs. Cressie Bailey of Franklin, La.; a brother, Clarence King of Denver, Colo.; a sister, Mrs. Mae Benson of Loveland, Colo.; 11 grandchildren and one great-grandson.

Pallbearers were Joe B. Roy, Mack Justiss, Ralph Justiss, Palmer Quarles, C. M. Hudson, Davis Burrow.

Burial was in the Claude Cemetery with the Murphy Funeral Home in charge of arrangements.

HOSPITAL NOTES

Patients as of Wednesday, May 21st: J. D. Goodwin, Narsis Jones, Mrs. Pearl Masten, Mrs. Joe Pfeiffer, Mrs. C. I. Price, Bob Williamson, Johnny Grady and Bob Baird. Dismissals: Donna Hill, T. O. Evans, D. T. Smallwood, Mrs. Joe Ritter, Mrs. K. E. Windom, Cicero Turpen, Phil Sanders, Modinnia Mabery and Mrs. John Hill.

Summer Homemaking Classes For Adults Will Organize May 23rd

It's time again for those adults and out-of-school youth who are interested in taking courses in Homemaking this summer to begin to make plans for such. There has been an interest and request for a Cooking School, a Beginners Sewing Class, and an Advanced Sewing Class stressing short cuts in sewing. There have been several interesting panels this year at school on Problems of the Teen-Age. This might make an interesting discussion group project for those of you with teen-age daughters. If you are interested in attending a class in any of the groups listed, will you please attend an organizational meeting May 23, at 3 P. M. in the High School Auditorium. No fee will be charged for the classes, and no tests will be given. The classes will be arranged to meet at a time convenient for the majority of people enrolled in it. There must be at least ten people enrolled in a class. Mrs. Fred Bourland, Homemaking teacher in the High School, will direct these classes with the help of any local or out-of-town personnel needed to make the classes interesting and worth your time.

Survivors include her husband, John Collier Perdue, Clarendon; three daughters, Mrs. Walter Goodgoon of Lubbock, Mrs. Earl Stout of Amarillo and Mrs. Farris Keller of Levelland; three sons, J. C. Perdue Jr., of Levelland, Dane Perdue of Ashola, and Rev. Bill Perdue of Cathedral City, Calif.; three sisters, Mrs. C. W. Rowell and Mrs. Mary Reeves of Amarillo and Mrs. J. E. Morgan of Clarendon; a brother, V. D. Roy of Clarendon and 20 grandchildren.

Pallbearers were Pete Land, Guy Sibley, George Self, George Bulman, Delmer Koontz and Otto Elliott.

Clarendon High School Commencement Tonight at 8:00

Graduates of Clarendon Senior High School will receive their diplomas at the gymnasium tonight. Commencement exercises will begin at eight o'clock. Main speaker for the program will be Mrs. L. E. Dudley of Abilene. Mrs. Dudley is a member of the State Hale-Aikin Committee and has been active in school affairs for many years.

Mrs. Dee Williams will play the professional and recessional. Mr. John L. Davis, Minister of the Clarendon Church of Christ, will offer the invocation, and the high school chorus, under the direction of Mr. Willard Edgett, will sing "Green Cathedral," "Alleluia" and "May the Good Lord Bless and Keep You." Mr. Ernest W. Kent will present the American Legion Awards and Mr. Walter B. Knorpp, President of the Board of Trustees, will present the Knorpp Cup Awards. Mr. Knorpp will also present the diplomas to the graduates.

Barring scholastic difficulties in final examinations this week, the following students will receive diplomas tonight: Beth Gillham, Valedictorian; Clifford Beard, Salutatorian; Keith Hudson, Phyllis Hill, Jimmy Graham, Dianne Moore, Linda Lemons, Barbara Darnell, Walter B. Knorpp, Jr., Jerry Behrens, Don Taylor, Tommy Porter, Jerry Tidrow, Gianni Reeves, Ellen Murphy, James Mahaffey, Sue Bannister, Otha Dean Elliott Stout, Bertha Hasler, Bob Bell, Elbert Swearingen, Richard W. Jackson, Harold Lindley, Patsy Schull and Jack Moore.

Survivors include her husband, John Collier Perdue, Clarendon; three daughters, Mrs. Walter Goodgoon of Lubbock, Mrs. Earl Stout of Amarillo and Mrs. Farris Keller of Levelland; three sons, J. C. Perdue Jr., of Levelland, Dane Perdue of Ashola, and Rev. Bill Perdue of Cathedral City, Calif.; three sisters, Mrs. C. W. Rowell and Mrs. Mary Reeves of Amarillo and Mrs. J. E. Morgan of Clarendon; a brother, V. D. Roy of Clarendon and 20 grandchildren.

Pallbearers were Pete Land, Guy Sibley, George Self, George Bulman, Delmer Koontz and Otto Elliott.

Burial was in the Claude Cemetery with the Murphy Funeral Home in charge of arrangements.

Pre Western Week Dance Date Set

As a new feature of the Annual July Fourth Celebration, the Outdoor Entertainment Association directors voted Monday night to have a Pre Western Week Dance on Thursday night, June 26th.

This dance will be the beginning of everyone dressing up in Western garb prior to the Celebration. Some type of Western garb will be required along with a \$1.50 ticket to get in the dance or the horse tank which will be set up in front of the Legion Hall. Those not attending the dance or buying a ticket have bright prospects of a nice cool bath in the horse tank which will be operated by the local Chamber of Commerce. Beginning Thursday night, June 26th all business people and others will be required to wear western wear every day until the Celebration gets under way one week later.

The Mell-O-Aires orchestra of Pampa will furnish the music for the dance which will get under way at 9 o'clock and last until one o'clock. The admission will be \$1.50 per person.

More regarding pre-arrangements for the Celebration will be announced next week by Mr. Spier, president of the Chamber of Commerce. We are going to do all we can to help the Outdoor Entertainment Association make this the most outstanding celebration ever to be held in Clarendon, Spier added.

Hedley To Play Coors At Hedley

The Hedley Lions Baseball team will play the strong Coors' team of Amarillo at Hedley Sunday afternoon. They will be making their bid for their first win in Cap Rock League play and will have pitchers Younger, Haskins and Leslie ready to go. Game time is 2:30 p. m.

Last Sunday Leslie and Younger of Hedley allowed Amarillo Hawbakers team only 5 hits but lost 6 to 5. Hedley got 9 hits but failed to hit in the pinches. Haskins of Hedley hit the only home run of the game with none on in the 8th.

Candidate Rally And Pie Supper Sat. Nite

The Clarendon Odd Fellow and Rebekah Lodges will sponsor an old fashion candidate rally and pie supper Saturday night of this week beginning at 7:30 p. m. Free coffee will be served to everyone attending. Also a RCA portable television set will be given away.

HEDLEY NEWS

Mrs. Paul Duncan

Our community had more rain Friday night — 2 to 3 inches in general. Our rain has been light compared to other parts of the county. So far we have not had heavy damaging rain. Most of cotton planted will have to be replanted.

School Activities

The Hedley School activities began at 11 o'clock Sunday morning, May 18th with Baccalaureate service in First Baptist Church. Rev. Melvin Mathews delivered the sermon.

Graduation exercises will be held at 8 p. m. Friday, May 23rd at High School auditorium with Dr. C. L. Kay of Lubbock making the address.

James Younger is valedictorian of the 8th grade; Harold Moffitt salutatorian. David Boliver is high school valedictorian and Barbara Ward is salutatorian.

Junior-Senior Banquet

The annual Junior-Senior banquet was held in the Hedley school cafeteria last Friday evening. A delicious meal of tomato juice cocktail, baked ham, green beans, new potatoes, pineapple salad, cherry pie, hot rolls and tea was served by the Sophomore girls.

Jimmie Don Waddell was toastmaster for the following program: Invocation, J. M. Baker Welcome, Nancy Hinds Response, Donald Youree Speaker for the evening was Rev. H. W. Cox, who spoke on "Steps to the Stars."

Prophecy for the Seniors, Bonnie Alexander Senior Class Will, Kathleen Spalding

Clarinet Solo, Leonard Mullins Vocal Solo, Brenda White Vocal numbers, Sophomore girls

Benediction, J. S. Hinds.

Breakfast

Honoring 1958 Seniors, Teachers, Sponsors and School Board The Hedley P.T.A. entertained with the annual Breakfast May 18th at 9 a. m. in the school cafeteria.

The tables were covered with white cloths. Centerpieces were of beautiful garden flowers—Dutch iris, peonies and pink rose buds surrounding the Graduates cap.

Places set for 40 guests were marked with mint boxes topped with small Graduates figures.

A book of famous sayings and poems pertaining to education were presented to each Senior by Mr. Hinds.

In the absence of Mrs. James Evans, president of the P.T.A., Mrs. Doyle Messer had charge of the program. Mr. Evans gave the Welcome address. Don Youree, president of the class gave the Response. Remarks by Mr. J. S. Hinds; Mr. Connie DeBord gave the invocation; music was furnished by junior girls. They also served the breakfast that was prepared by some members of the P. T. A.

MARTIN NEWS

Mrs. Raymond Waldrop

Mrs. Hulda Wilson, Mrs. Linnie Cauthen spent Tuesday night with their sister, Mr. and Mrs. Geo. Bulman.

Mrs. Raymond Waldrop, Tom and Beth visited Mrs. H. O. Walker and girls Tuesday night while H. O., Raymond and Victor attended the F.F.A. barbecue.

Bro. and Mrs. H. O. Walker and family got stranded in Clarendon Monday night on account of so much water. They spent the night with Mr. and Mrs. L. L. Waldrop.

Mr. and Mrs. W. D. Higgins visited in Stratford Thursday with Mr. and Mrs. Clyde Pittman.

Bro. and Mrs. John Stout and family of Follett, Mr. and Mrs. Harold Elliott and family, Mr. and Mrs. David Stout were dinner guests of Mr. and Mrs. Othel Elliott Friday.

Our community was saddened Sunday at noon when we heard of the death of Mrs. John Perdue. She will be missed by us all.

Donna Hill is still in the hospital but is better. Benny Benton is in the Veterans hospital in Amarillo.

Mr. and Mrs. Raymond Waldrop, Mrs. R. Cannon and Mrs. C. J. Talley attended the funeral service Sunday for Mrs. Eddings.

Mr. and Mrs. Martin of Memphis came up Sunday to visit their granddaughter Donna Hill.

Mr. and Mrs. Pete Land visited in Plainview Sunday with her sisters.

Mr. and Mrs. F. C. Crofford of Amarillo visited Sunday evening with Mr. and Mrs. W. D. Higgins.

Mr. and Mrs. C. E. Jackson visited Mr. and Mrs. Bob Keller in Wellington Sunday.

Mr. and Mrs. Virgil M. Johnston and family, Mr. Johnston of El Paso visited with Mr. and Mrs. Lloyd Risley and family over the week end, and Sunday afternoon Mr. and Mrs. Tom Shadle, Joe Shadle and R. A. Beverly visited in the Risley home.

Mr. and Mrs. Oren Hott visited Mr. and Mrs. W. D. Higgins Saturday night.

Mr. and Mrs. Raymond Waldrop visited the sick in the hospital Sunday afternoon.

Mr. and Mrs. Jim Hill of Amarillo spent Sunday night with Mr. and Mrs. L. L. Waldrop.

Mr. and Mrs. White of Amarillo visited awhile Sunday afternoon with Bro. and Mrs. H. O. Walker, Mrs. Raymond Waldrop, and

Mr. and Mrs. Wes Sullivan and family took Mrs. Benny Benton to Amarillo Friday night to see Benny.

Mr. and Mrs. Don Reynolds and family spent Sunday with Mr. and Mrs. Steve Reynolds.

Mr. and Mrs. Lou Bain of Amarillo visited Sunday with her parents, Mr. and Mrs. Alvin Pittman.

General Land Office Moves Step Closer To Preserve Vital Records

AUSTIN — The General Land Office moved a step closer to preserving its vital records this week with arrival of laminating equipment.

The laminating machine, which was ordered by the State last fall and built especially for the General Land Office by a Richmond, Va., firm sandwiches each document between thin, flexible, protective, invisible layers of acetate film.

All original documents in the land agency will be laminated.

Land Commissioner Bill Allcorn says he believes that lamination of original documents in the land office will begin within several weeks, after the machine has been set up.

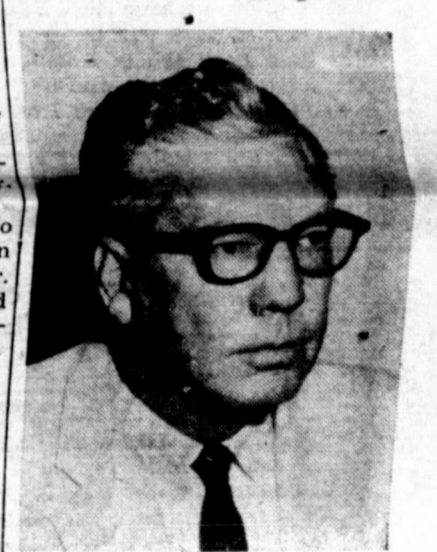

As an early step in preserving its records, the land office began microfilming its archives several years ago.

Original records and a set of the microfilms are filed in the General Land Office. A second set of microfilms are being stored in a Dallas bank where they will be available if anything happens to the land office files.

The Pony Express was known as the Marvel of the Sixties.

KARL LOVELADY

Karl Lovelady Speaks To The Farmers

I believe in a broader "Farm-to-Market" road program by trying to get an additional \$50,000,000 per year to the amount now spent, for more farm roads.

I believe in a much broader rural electrification and rural telephone program so that every farmer will benefit.

I would like to see a state supported experimental farm, to be located in the heart of the vegetable growing district, for experimentation in the growing of vegetables.

I would support a program to conserve our surface water supply by the state expending money for the construction of dams on all rivers and draws where needed. (In doing this we would also have places for recreation right here in West Texas.)

I would amend the present employment law so that the TEXAS EMPLOYMENT COMMISSION would bring into any given area suitable labor to be used on the farm where said labor is not locally available at the time when this labor is most needed by the farmer.

I would vote for and support a stronger seed regulation law in order to put this state on a par with other states in seed regulation. I will always oppose any legislation to unionize farm labor.

In my entire life both as a private citizen and a public official I have worked one hundred percent with the farmer, and when elected your State Senator I will continue to be one hundred percent behind the wishes of the farm people.

Sincerely yours,
Karl L. Lovelady
Candidate for State Senator

FHA Mother's Advisory Council To Organize Friday, May 23rd

The local Chapter of the Future Homemakers of America has grown in number until we now reach the eighty mark. This organization has been developed for those students who have or who are now taking Homemaking instruction in high school, to help them take their place in society and community life as leaders. As it grows, it is faced with all the problems of a growing family, and the Chapter members and advisor feel that we could accomplish much more in the future if we included our mothers as advisors. To do this we would like to organize an organization known as a Mothers Advisory Council (M.A.C. Club) made up of all mothers who have daughters in our local F.H.A. Chapter. The purposes of such an organization would be (1) to help interpret the F.H.A. program to the community (2) to assist and advise the Chapter on such matters as, money raising projects, chapter projects, initiation, socials, etc., and (3) to become better acquainted with the mothers of your daughter's friends. After the Council is organized and officers elected, we can determine how often you would like to meet. At this very first meeting you will be asked to evaluate our program for the past school year and to make any suggestions you wish concerning any phase of the program for next year. We need this information because the F.H.A. Program of work will be planned the first week school is out. If you have a daughter who is now a member of the Future Homemakers of America in Clarendon,

or who will be next school year, will you please attend an organizational meeting Friday, May 23, at 1 p. m. in the High School Auditorium. Mrs. Fred Bourland, the local Homemaking teacher will explain the program of work and be in charge of this first meeting. Any further meetings will be scheduled and programs arranged as the mothers think necessary. Do plan to be there May 23, 1 p. m. in High School auditorium. —Reporter.

Taylor - Mills

Miss Virginia Taylor, daughter of Mr. and Mrs. Clifford Taylor, and A/3c Donald R. Mills, son of Mr. and Mrs. Guy Mills, were united in marriage recently in the home of the bride's parents. The double ring ceremony was performed by Rev. W. F. Vanderburg. The bride was attended by Pauline Mills, sister of the groom. Robert L. Mills of Borger was his brother's best man. The couple are making their home at Smyrna, Tenn., where Mr. Mills is now stationed at Sewart AFB.

GOLDSTON QUILTING CLUB

Our club met with Minnie Roberson. One guest, Cora Littlefield and children; Blanche Gray, Nora Smith, Bonnie Davis, Irene Pritchard, Joy Roberson and the hostess. One quilt was finished. Adgar Williams received a pollyanna gift. One of our girls has been left out on our Mothers exchange. Mints, cookies and punch were enjoyed by all.

Blanche Gray will be hostess Thursday the 22nd. —Reporter.

Mr. and Mrs. Alfred Pittman of Perryton visited a short while here Sunday afternoon.

1926 BOOK CLUB

The President's dinner was celebrated at Ruby's Dining Room at 7:30 Tuesday, May 20th.

Colorful Japanese Fans were used as the theme. An original poem was read by Mrs. Joe Ritter, humorously giving the history and uses of the fan through the ages.

Those present were Mesdames Barcus Antrobus, Elba Ballew, Nathan Cox, John Gillham, Clyde Hudson, Lloyd Johnson, Janie Lowry, Cap Morris, C. A. Pitts, Naomi Phelan, Otis Naylor, Carrie Porter, Bill Thornberry, Frank White Jr., Regan Bryan, W. E. Clifford, W. E. Ray, Joe Ritter and Ruby Bromley.

SENIOR PARTY

Following the class night program in the High School auditorium members of the senior class were entertained with a party in the home of Mr. and Mrs. Dick Vallance. Yard flowers decorated the entertaining rooms.

Upon arrival guests were invited to register on a white, autograph dog wearing a graduation cap and a maroon tie. The group wrote in each other's graduation book, took pictures and played recordings.

Refreshments of punch and cookies were served to approximately thirty seniors and guests. The table was laid with a lace cloth and centered with an arrangement of Marconi Daisies.

Hosts for the party were Mr. and Mrs. Truett Behrens, Mr. and Mrs. Pete Darnell, Mr. and Mrs. John Gillham, Mrs. Lee Bell, and Mr. and Mrs. Dick Vallance. Other guests present included Mr. and Mrs. Homer Taylor, Mr. and Mrs. Tom Jinks, and Mrs. George Gresham. —Reporter.

MYSTIC WEAVERS CLUB

The Mystic Weavers Club of Lelia Lake met recently with Mrs. Louise Aten. The work for the day was a quilt furnished by Mrs. Molone who is a new member.

A sack lunch with fresh radishes, onions and cookies, tea and coffee was served by the hostess. The next meeting will be May 28th with Mrs. Guy Cox. —Reporter.

H. D. CLUB

The senior Home Demonstration Club was entertained Friday afternoon, May 16, in the home of Mrs. R. C. Bingham with Mrs. W. L. Jordan co-hostess.

The house was called to order and business transacted. Mrs. Jordan read Club Collect and the secretary's report and roll call was heard.

For the program, members reported on the May baskets sent out May 1 to shut-ins and the sick.

Refreshments of cake and drinks were served to one guest, Carla Sue Robinson of Pampa, and to members Mesdames O. C. Watson, Ella McDowell, Bertha Benson, J. H. Helton, Clyde Butler, and Lena Antrobus by the hostesses Mrs. Bingham and Mrs. Jordan. —Reporter.

SOCIAL AT CHAMBERLAIN COMMUNITY CENTER

The social at the Chamberlain Community Center Friday night, May 16th was enjoyed by all present.

After games of "42", cookies and punch and coffee were served by the hostess Mrs. Lee Muse. The next social will be June 6, with Mrs. Clyde Gilbreth and Mrs. Hester Shields as hostesses. We will bring cookies and punch. Everyone come and enjoy an evening of social fun with us.

Don't forget the Chamberlain Club will meet Thursday, May 22, with Mrs. Hawley Harrison as hostess. We will have two quilts ready for quilting. —Reporter.

BIRTHDAY PARTY

Brenda Osburn was honored with a party at the Park Monday evening. Twenty-five guests helped her celebrate her seventh birthday. They were entertained with games. Just before refreshments were served, Brenda opened many lovely gifts. A good time was had by all. —Reporter.

HUDGINS QUILTING CLUB

The Hudgins Quilting Club met Tuesday afternoon, May 13. Two quilts were quilted on. Everyone present enjoyed the refreshments. Visiting and quilting for the afternoon. The next quilting will be May 27 with Veta Good and Bell Smallwood as hostesses. —Reporter.

ARMY EXPERIMENT—A long-term "research project" at Walter Reed Army Medical Center's Prosthetics Research Laboratory, Diana Beckett looks in full trust as Chester Shelton, orthopedic technician, measures her for another in a series of artificial arms which will continue to change as she matures.

a comfortable lead by the fifth. However when she developed difficulty with control, Myrlene Nichols from Morton, Texas, playing the hot corner, stepped in and protected that lead with a three up and three down exhibition of real relief pitching.

The pasture patrol for Clarendon consisting of Aline Garms of Cotulla, Texas, Marion Young, popular student teacher and wife of our High School basketball coach Roy Young, and Susie Shields, 1956-1957 captain of the Comets Basketball team played errorless ball, with five of the twenty one put outs.

Mona Poff, Elk City, Oklahoma and Judy Bugher, another Oklahoma girl teamed with Bobby Newells as battery for the Wayland Queens. Bobby Newells of Wayland and Nancy Challener, Plano, Texas, playing with Clarendon collected a home run each in the contest.

Mrs. Abel, the Dormitory manager of the Clarendon basketball girls dormitory teamed up with the girls to plan and prepare a picnic supper and fellowship period immediately following the game. Picnic goodies that go with outings, such as chicken, salad, baked beans, and sweets for the sweet, were spread on park tables and a bountiful supply. Thirty one persons from Clarendon and Plainview attended, including Roy Young, Buddy Travis, and Gary from Clarendon. Harley Redin the Coach, and two of his assistants from Plainview.

Judging from the many reports of the friendly fellowship and the good time that was enjoyed by so many, this gesture of hospitality, toward a visiting team, the Wayland Queens, may well be one of the Public Relations highlights of this school year.

Mr. and Mrs. Keith Pittman have returned to Norfolk, Va., where he will resume his work in a Machinist class at the Naval Base there. They have visited their parents, Mr. and Mrs. Carl Pittman, and Mrs. Ruby Denton at Groom and other relatives and friends.

Mr. and Mrs. Joe Bownds left Friday on a fishing trip to Hot Springs, Ark.

FAMILY GATHERING

Week end guests in the home of Mr. and Mrs. R. R. Riley and Jiggs were his sisters, nieces and children. Here for the occasion were Mrs. Gladys Eades of Ire, Texas; Mrs. Jim Pittner and Mrs. Curtis Carbell of Snyder, Texas; Mrs. Ola Clements, Mrs. S. A. Williams, S. A. Williams, Jr. and daughter, Barbara all of Grand Prairie, Texas; Mrs. J. B. Lewis of Durant, Okla.; Mrs. Pearl Fielding of Dallas, Texas; Mr. and Mrs. Jim Evans and Gene, Mr. and Mrs. J. D. Riley and children, Mr. and Mrs. Leon Riley, Mr. and Mrs. Fred Riley and Jerry Tom, Mr. and Mrs. Carl Brown, Mrs. Jim Amberson and children, and Mr. and Mrs. Jim Hill, all of Amarillo; also Mr. and Mrs. Fred Riley, Jr. and girls, Mr. and Mrs. Bob Anderson, Mr. and Mrs. Rob Hill, and Mr. and Mrs. L. L. Waldrop, all of Clarendon.

Clarendon Comets Quell The Queens

The Clarendon Girls Basketball team turned softball kings Tuesday evening and uncrowned the Wayland Queens by a score of 18 to 13.

The Wayland Queens pushed one run across in the top of the first inning to put them in the lead, but not for long. The Comets timely hitting by Janice Martin, Virginia Sellers, a Wayland error, an extra base clout by Kathryn Edwards and a walk to Marion Young, scored five runs. This lead was never relinquished.

Virginia Sellers, of Hawley, Texas, teamed up with Janice Martin from Cleo Springs, Okla. as battery to start the contest for Clarendon. Virginia with strong defensive support on the field and good hitting at the plate built up

Seven Locals Among WT Graduate List

CANYON—Seven students from Clarendon are among the nearly 300 candidates for degrees at West Texas State College's spring commencement May 25.

They are Dorothy Blanton White, Wanda Elliott, Nellie Jon Hodnett, Roberta Ruth Lindley, Cavin L. Webb, Margaret Williams, and Jo Anne Montgomery Truitt.

Commencement activities for the record number of graduating students will begin May 22, when traditional Senior Class Day exercises will be held in the Administration Building auditorium. Seniors that day will march in academic robes and caps, escorted by members of the junior class. In ceremonies led by Bobby Gene Schneider of Booker, senior president, the graduating class passes on its responsibilities and privileges to the juniors.

President and Mrs. James P. Cornette will honor graduates and their families at a reception held annually at their residence on May 24 at 8 p. m.

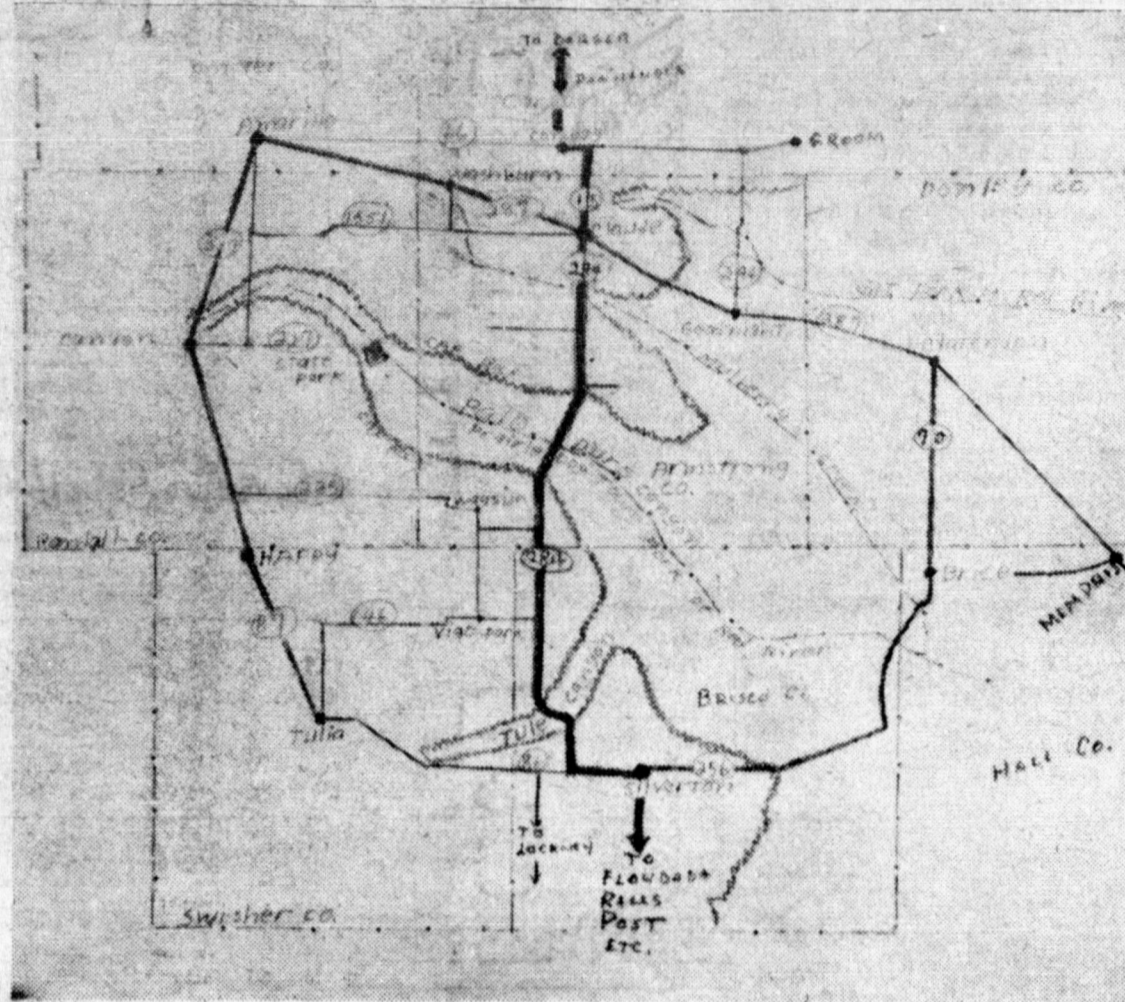

Commencement exercises will be held at 5 p. m. May 25 in the West Texas field house. Speaker will be Dr. Frank O. McIntyre, public relations director for the California Teachers Association.

Mrs. White is a candidate for the Master of Education degree. The other Clarendon students are seeking the Bachelor of Science.

Miss Elliott, who now lives in Borger, is a 1952 graduate of Clarendon High School. She is the daughter of Mr. and Mrs. W. O. Elliott, Route 1, Hedley.

A history major, Miss Hodnett is the daughter of Mr. and Mrs. J. C. Heathington. She transferred to WT from Clarendon Junior College. Miss Lindley, daughter of Mr. and Mrs. D. R. Lindley, is an elementary education major. She is a 1954 graduate of Clarendon High School.

Formal Opening Planned For Claude-Silverton Part of New Hiway

Wednesday, May 28th at 10:00 A. M. has been set for the official opening of the newly completed part of the Claude to Silverton stretch of the road often referred to as the Borger to Post Highway. This new road will complete a link making a direct route connecting Borger, Panhandle, Claude, Silverton, Floydada, Ralls and Post. Along this route is some of the most beautiful and scenic drives anywhere in this section of the country.

red to WT from Clarendon Junior College. Miss Lindley, daughter of Mr. and Mrs. D. R. Lindley, is an elementary education major. She is a 1954 graduate of Clarendon High School.

Webb, son of Mr. and Mrs. J. W. Webb, is a speech major. A member of Buffalo Masquers, campus dramatics club, Webb transferred to WT from Clarendon Junior College. He is a Lelia Lake High School graduate.

Mrs. Williams, daughter of Mr. and Mrs. D. E. Leathers, is an elementary education student. She is a Clarendon High School graduate.

Mrs. Truitt, daughter of Mr. and Mrs. William S. Montgomery, is a business education major.

Mrs. B. L. Wren of Colorado City, Texas is visiting in the home of her daughter and family. Mr. and Mrs. Paul Schull and children and will attend graduation exercises when her granddaughter, Pat, will finish high school and her grandson, Kenny, will finish junior high school. Mrs. Schull and family will accompany her home and after a visit in Colorado City, Mr. Schull and Jimmy Lee of Borger will return them to Clarendon.

Mr. and Mrs. Fred Mulkey and Freddie of Hereford visited Mr. and Mrs. John Gillham and Beth and other friends and relatives here Thursday night and attended the senior class night program at Clarendon High School.

Mr. and Mrs. Maon Johnston and family and V. V. Johnston of El Paso visited the week end with Mr. and Mrs. Lloyd Risley and family.

Mr. and Mrs. Lloyd McCord and family visited friends in Dumas Sunday.

J. H. Helton made a business trip to Amarillo Monday.

Mr. and Mrs. Bill Rowe and Mr. and Mrs. W. C. Neighbors and Pat returned to Amarillo Friday night and to Clarendon Sunday after visiting with a daughter and sister, Mrs. Bonnie Watson at Rapid City, South Dakota. Mrs. Watson has been ill but is reported improving at this time.

The 1957 cotton story was a sad one in Texas—and practically everywhere else in the nation. Ginning of top grades was off drastically, and our farmers had to fight continued bad weather to produce what they did.

A sad epitaph to that story would be for "sidelined" farmers at home to stand idly by while cherished cotton profits wing their way abroad.

Mr. and Mrs. L. O. Dennis and W. C. of Memphis were guests in the home of Mr. and Mrs. Dick Vallance and family Sunday.

Mr. and Mrs. L. B. Pennick of Pampa attended the senior class night program here Thursday evening and visited with Mr. and Mrs. John Gillham and Beth.

Mr. and Mrs. E. W. Lovelady of Amarillo visited Sunday in the home of Mr. and Mrs. F. E. Caraway.

Mrs. W. B. Mayfield of Gunter, Texas visited a few days the first of the week with Mr. and Mrs. F. E. Caraway.

Mr. and Mrs. Montye Smith and Sara Ann moved Monday from Amarillo to Lubbock. He has been transferred by the Burroughs Company.

Idle Acres at Home And Cotton Profits Abroad

Texas Department of Agriculture John C. White, Commissioner

Texas and other American cotton farmers face another in a series of hard knocks this year in the form of "home-made" competition—foreign competition brought about by short-sighted planning at the top level in Washington.

It is now apparent that, due to relentless insistence on holding down cotton allotments in our country, not enough top quality cotton will be produced to meet our own domestic needs this year. As a result, we will likely find ourselves in the ridiculous position of bringing cotton into this country from Mexico, Brazil and possibly even such countries friendly to communism as Egypt.

Current cotton acreage allotments are based on an estimated production of 11 1/2 million bales. But what some of our government planners have failed to recognize is the fact that much of this land went into the soil bank and will not produce any cotton.

Last year, our upland cotton was lower in grade than at any time in the past twelve years. Middling and higher grade production was the smallest since 1949. And now our textile industries are facing a serious shortage of better quality cotton. But this shortage could be overcome if our farmers were allowed to take advantage of promising soil and weather conditions so they could have the crop when it is needed.

We need an immediate 25 percent increase in cotton allotments in order to meet our domestic demand. We can produce the desired grades this year if our farmers are given the opportunity.

The 1957 cotton story was a sad one in Texas—and practically everywhere else in the nation. Ginning of top grades was off drastically, and our farmers had to fight continued bad weather to produce what they did.

A sad epitaph to that story would be for "sidelined" farmers at home to stand idly by while cherished cotton profits wing their way abroad.

Mr. and Mrs. Montye Smith and Sara Ann moved Monday from Amarillo to Lubbock. He has been transferred by the Burroughs Company.

State To Boost Fish Hatchery Output For '58

AUSTIN — Texas fish hatcheries are now being made ready for what is expected to be the heaviest demand in their history, according to the Director of Hatcheries of the Game and Fish Commission.

Brood bass already have been placed in the hatchery at Brownsville. During February the Devine hatchery, which has been out of production for several years, will be stocked with brood fish.

The heated brood pond at San Marcos also is in operation. Other hatcheries will be stocked as quickly as weather conditions will permit.

The San Angelo hatchery will be in complete operation again this year, renovated and enlarged. Plans now are being drawn for extensive improvement of the Dundee hatchery near Wichita Falls.

At Huntsville, where water for the hatchery is obtained from a nearby creek, drag lines are now busy opening up the creek. It had silted badly during last year's heavy rains.

The hatcheries at Tyler, Jasper, and Eagle Mountain also will be thrown into heavy production.

Last year it was estimated Texas fish hatcheries produced some 14 million fish for lakes and streams in the state.

The demand is expected to be much heavier this year because of the number of small lakes and ranch tanks which were filled by rains in recent months.

Fish from these hatcheries can be obtained by the landowner by writing to the Game and Fish Commission in Austin. Application blanks then will be provided. Black bass, bream, and catfish are produced in the Texas hatcheries.

Kay Bain returned home Tuesday of last week after a visit with her husband, Sgt. Robert Bain who is based at Ft. Huachuca, Arizona.

Mrs. Henison Hays, Freddie and James Edward of Amarillo spent last week with her mother, Mrs. Edna Smith.

The slogan of the 1958 Heart Fund is "Help Your Heart Fund Help Your Heart."

Chief monetary unit of Denmark is the krone, worth about 26 1/2 cents.

Colorado Lakes Are Listed In Magazine Piece

AUSTIN — As a giant water playground for Texans, the Colorado River and its dozen lakes furnishes some of the best fishing in the state. In "Sprawling Colorado," to appear in the April issue of "Texas Game And Fish", L. A. Wilke, Outdoor Writer, presents the second of a series of articles describing the recreational facilities available on the lakes and rivers of Texas.

Flood threat to more than 600 miles of territory from the New Mexico border of Texas to the Gulf of Mexico, the Colorado required a century of engineering to be transformed into a stable supply of industrial power. River authorities built dam after dam to stem the river's menace and channel its tremendous force.

As recently as 1937, the dams prevented flood loss of millions of dollars in property as well as untold loss of life. Although their primary purpose was flood control, the dams pay for themselves and their operation by generating hydro-electric power, says the author.

Almost unlimited recreation is offered by major lakes on the Colorado River. Among them are Moss Lake in Howard County; Lakes San Angelo and Nasworthy in Tom Green County; Brownwood in Brown County; Colorado City in Mitchell County; J. B. Thomas in Scurry County; and Borden Counties; Oak Creek Reservoir in Coke County; Hord's Creek in Coleman County; and the Central Texas lake chain of Buchanan, Inks, Granite Shoals, Mable Falls, and Austin's Travis.

City, county, and state parks surround these various lakes, the author continues. Lodges, cabins, trailers, and boats are rented by independent operators on many of the lakes. A detailed listing of these facilities closes the article.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

RECIPROCAL TRADE

The battle on Reciprocal Trade has been smoldering for several months. It has now burst into flame. The Administration is asking for a five year extension of the Trade Agreements Act which would carry with it the wide presidential powers that virtually give the President and his advisors a free hand in foreign trade matters. Many businesses in this country have bitterly assailed the failure of the President to properly exercise his powers under the law to protect domestic business people from foreign imports which can be produced at much less cost than the same products in this country. Some of these businesses are pottery, plywood, textiles, chemicals, lead and zinc, coal, a number of hard rock minerals and oil.

Many feel that the smoldering embers burst into open flame contemporaneously with the speech of President Eisenhower last week to Republican Congressmen who had gathered for an inner meeting in the Willard hotel here in Washington. The president, in his remarks, laid very stress on the importance of both the Reciprocal Trade Bill and the Foreign Aid Bill. He called the Reciprocal Trade Bill "imperative". The story is that the president's remarks were wildly applauded on all subjects except the Reciprocal Trade and Foreign Aid measures. On these, it was reported that the applause was mild. It is a well-known fact that

there is very strong opposition within the President's own Party on both of these subjects. In fact, some of the strongest opposition to the Reciprocal Trade Act is among the Republican Members who sit on the Committee now hearing the Trade measure. It is openly rumored on Capitol Hill that the President may not be able to save the Bill even though he agrees to some softening amendments. The thought is that the strongest opponents to the Bill will fight the amendments which might make the measure more palatable. Their desire is to defeat the measure and let the Trade Agreements Act expire. They feel that they can accomplish this result if they prevent the measure from being "toned down" by amendments.

The truth is that there must be an extension of the Trade Agreements Act. However, the unlimited powers of the President must be measurably curtailed. Otherwise domestic business people and industry can be hurt badly, if the President continues to follow the policy of inaction that he has followed so far in protecting domestic businesses. The business people who have been hurt want to be protected by law rather than trust the discretion of a President of the United States whether it be Eisenhower or whoever comes next. My prediction is that there will be an extension of the Reciprocal Trade Agreements Act but that it will be "toned down" insofar as Presidential powers are concerned. The Administration has asked for too much and should realize it.

FOREIGN AID

The always controversial Foreign Aid Bill is not given the importance of the Reciprocal Trade Act. Chances are the Foreign

Aid Bill will be considered by Congress before the Reciprocal Trade Bill comes out of Committee. It is expected that the Bill will pass although the opposition will be just about as it has been in the past. Many feel that the money left in the Foreign Aid pipeline, which is estimated between seven and nine billion dollars should be ample to meet the needs for the next fiscal year. However, the Administration claims that it needs approximately three and a half billion more and expects Congress to furnish it. Supporters of the Bill are now openly admitting that it constitutes a subsidy to many businesses in this country because the money is used to purchase products manufactured in this country. They say that the failure to provide these initial funds will put people out of work. Of course, if this argument is correct, it could be safely said that the Foreign Aid program must be continued from now on. On this I predict that the Bill will be passed in substantially the same amount as reported by the Committee which is approximately three billion dollars—six hundred million was authorized by a previous law—but there will be much heated debate and the vote will be much closer than heretofore.

Mr. and Mrs. Robert Allison spent the week end in Owens, Texas with Mr. Allison's aunt, Mrs. Maggie Boyd who was 85 May 8th. 75 relatives gathered to spend the day with her Sunday, May 18. Mr. Allison saw some of his cousins he hadn't seen in 40 years.

An ostrich can kick hard enough to kill a man.

Mr. and Mrs. Pud Bain and

children from Roswell, N. M. spent the week end with the W. H. Wilsons. Glenda Wilson is visiting in the Wayburn Wilson home in Amarillo.

Letters Tossed Like Salad In Misspelling

TEXARKANA—A newspaper simply has to have percellene with proper qualifications to guarantee a readable produkt.

The Texarkana Gazette gives every applicant for editorial positions a spelling test and the misspelled words in the paragraph above were some of those made by applicants.

Ruth Mahaffey, wife of the Gazette editor, gives the tests and grades the papers—usually with the applicant looking on. The results are sometimes embarrassing.

In fact Mrs. Mahaffey has thrown up her hands at the incredible mistakes that show up.

Out of 30 selected words on the test, a 27-year-old woman from California, who said he had worked on California newspapers,

missed 28.

Here are some of the examples taken from his test paper: miscellaneous—mislansion; accommodation—acomodation; secretary—secitary; accessories—axsesserys; separate—separate; column—colum; unencumbered—uncombird; vacuum—vacon.

The champion misspeller was a 45-year-old woman who spelled technique "teacnik," and immediate as hemidiate.

"The only person who has made a perfect score," said Mrs. Mahaffey, "was a 47-year-old woman with an eighth-grade education and we hired her."

Here's our **BIG CHALLENGE:**

IF YOU CAN FIND ANOTHER PICKUP THAT GIVES YOU SO MUCH FOR YOUR MONEY—BUY IT!

Go ahead—shop around. Take a long, hard look at what you get for what you pay for any other pickup in town.

Then—come in and give the GMC the same kind of going over. Check its 22 full-value features—features that would cost you plenty of dollars extra in other trucks. They're all standard equipment in a GMC.

How important are these features? One is a fast-ratio axle for overdrive's economy—without its cost. Another is the heaviest front cross-member of any pickup. Still another's the heaviest rear axle.

These are things that mean greater haulability—lower running costs—longer truck-life. Yet remember—a GMC pickup is priced right down with the lowest.

But come in and check for yourself. Let the FREE Truck E-Value-ator show you your biggest buy in trucks.

Don't put it off. Accept GMC's Big Challenge—today!

FREE! It's new—and yours FREE for the asking! It's the Truck E-Value-ator, a handy calculator that lets you simply dial the features you should expect to get in any pickup truck you buy. Take the gamble out of truck buying! Get your Truck E-Value-ator at your GMC dealer's today!

Clarendon, Texas

Seven Donley County 4-H Club Members To Attend District Camp

Seven Donley County 4-H club members will attend district 4-H camp on the 3rd, 4th and 5th of June says County Agent H. M. Breedlove. Four girls and three boys will be the representatives from Donley County.

Breedlove says that any club member attending the district camp must be thirteen years of age. Mrs. Mable Stone will have charge of the girls and Breedlove will have charge of the boys. There will be around two hundred 4-H club boys and girls attending the district camp. The camp will be held at the Harrington Scout Camp between Amarillo and Canyon. The girls will use the 4-H Club bus for their quarters during the camp and the boys and Breedlove will set up tents.

Those attending are Jo Dishman, Lelia Lake; Jean Harrison and Janice Floyd of Hedley; and Beverly Leathers of Lelia Lake; Gene Floyd and Darrell Holland of Hedley and Rod Stone of Clarendon. Mr. Knox Parr and Lois Wilson, district Agents for the Texas A&M College Extension Service will be in charge of the entire camp.

More Heavy Rain Delays Planting

More heavy rain Friday night and Sunday in scattered areas has delayed planting again for most farmers and added more damage to fields that will have to be repaired before planting can be considered at all.

The area between the west city limits to a point south and west of Martin, received an additional five inches Friday night. Most of this same area received from 2 to 10 inches the previous Monday.

A strip between Clarendon and Lelia Lake and northward received a heavy downpour Sunday afternoon while only .10 inch was recorded here in town. Our official measurement for Friday night was 1.53 which gives us a total for the month of 7.41. J. C. Ashcraft at Goldston reported 2 inches Friday night and 20 Sunday to bring their total for the year to 15.97. Mrs. Willard Knox reported 2.20 Friday night and .16 Sunday to bring their total for May to 5.47 at Lelia Lake. Ben Lovell reported an additional 1.58 at Ashtola Friday and Sunday to bring their total for the month to 3.64. Usually the Ashtola area receives the heaviest downpours but so far this year they have missed the most destructive rains.

Mr. and Mrs. Edgar Mosley of Hereford visited Mrs. U. T. Fowler Sunday.

FARM NEWS

from the County ASC Committee

PENALTY RATE FOR 1958 WHEAT CROP

Wheat in excess of the allotment, disregarding the 15.0 acre allowable provision, for 1958 shall be subject to a penalty rate of \$1.09 per bushel. This is 45% of the parity price of wheat as of May 1, 1958. The amount of penalty is determined by establishing a normal yield per acre for the farm, times the number of excess acres, times the penalty rate. None of the wheat produced on penalty farms shall be eligible for price support under the commodity loan program.

PERFORMANCE

Weather permitting, we hope to start measuring cotton and soil bank base crops by June 16. When a reporter calls at your farm, it will be necessary for you to assist him in measuring your farm. While he is there, review the data he has for your farm. Notices of the measured acreages will be mailed from this office. Be sure to read these notices carefully.

1959 "NEW FARM" WHEAT ALLOTMENT

July 1, 1958 is the closing date for filing applications for 1959 "New Farm" wheat allotment. Farmers on land on which no wheat was seeded for grain in 1956, 1957, and 1958, and for which a 1958 wheat allotment was not established may apply for a 1959 wheat allotment. The owner or operator of such farm must apply in writing to the Donley County ASC Office.

1959 WHEAT MARKETING QUOTAS REFERENDUM

June 20, 1958 has been proclaimed as the date for the 1959 Wheat Marketing Quota Referendum. The referendum will be held between the hours of 8:00 A. M. and 7:00 P. M. If more than two-thirds of the wheat farmers voting in the United States vote in favor of Marketing Quotas, then such a program will become effective. If more than one-third of those voting in the United States vote against Marketing Quotas, such a program will not be effective.

New FHA Officers Installed May 16th

Miss Sharon Smith, daughter of Dr. and Mrs. G. W. Smith was installed as new president of the Clarendon Chapter of the Future Homemakers of America in an impressive candle-light service May 16th at 6 P. M. in the High School Auditorium. Miss Beth Gillham, the past president, was the installing officer for the occasion. Sharon will be a junior next year. She has been an honor student thus far in high school. She has worked on the Clarion Staff and the annual staff. She was a cheer leader this past school year and was elected head cheer leader for next year. She has received her Junior and Chapter Degrees and plans to begin work on her State F.H.A. Degree next school term. She was a delegate to the State F.H.A. Convention this year.

A large red candle, symbolizing the "flame of Home Economics" centered the linen covered table. Eight white candles were lighted from its flame as the officers for this year explained the purposes of the organization. Beautiful red roses, the flower of our organization, were entwined in the fern at the base of the candles. As the new officers were installed they received an F.H.A. pin as a badge of authority to wear until they are succeeded. Those new officers installed to serve with Sharon next year included Pat Spurgeon, Vice-President; Sandra Pinkerton, Corresponding Secretary; Elaine Behrens, Recording Secretary; Carole Woods, Treasurer; Sherry Montgomery, Parliamentarian; Robbie Johnson, Reporter; Pat Owens, Historian; Sargent-at-Arms, Ann Elliott; Pianist, Georgia Harmon, and Song Leader, Jean Welch.

Beth Gillham was presented with an ice tea spoon of her chosen pattern in sterling as well as an F.H.A. pin with a gavel guard as a token of appreciation for the outstanding leadership she has given the club this year.

ATTENDS RECITAL

Mrs. Ruby Bromley was in Amarillo Saturday afternoon to attend her granddaughter's first piano recital held at Amarillo Junior College. The granddaughter is Miss Janice Ann Riley, daughter of Mr. and Mrs. J. D. Riley of Amarillo.

Candidate For Senate

LEROY SAUL

Leroy Saul Announces Candidacy For The State Senate

Leroy Saul, Kress, has announced his candidacy for the State Senate from the 30th Senatorial District.

The district includes Bailey, Farmer, Deaf Smith, Lamb, Castro, Motley, Hall, Donley, Collingsworth, Childress, Armstrong, Swisher, Hale, Briscoe and Floyd Counties.

Saul, who has lived in Swisher and Hale Counties for the past 33 years, was a classroom teacher and administrator in the Runningwater, Prairieview, Petersburg and Kress schools for ten years. After moving to Kress 12 years ago, he was a farmer, publisher of the Kress News, and now owns a cleaning establishment there. Saul was first elected to the House of Representatives from the 89th Legislative District in 1952, and has served six years, being elected twice without an opponent. Saul is a lifelong un-deviating democrat.

During his six years in Austin, Saul served as vice-chairman of the Water Resources Committee, was one of two Texans appointed to serve on the Southern Regional Conference of the Council of State Governments special committee on water policy and was chairman of the inauguration committee for the state governor in 1957. He was also chairman of the House temporary Rules Committee, which adopted the Code of Ethics for the House in 1957, he was chairman of three of the temporary committees appointed by the Speaker in 1957, and has served on the following permanent committees since his first election in 1952: chairman, Conservation and Reclamation; vice-chairman, Rules; vice-chairman, Labor; member, agriculture; member State Affairs; member, Appropriations; member, Transportation; member, Elections; and member, Highways and Roads.

Saul said his platform will be:

1. Ground water belongs to the owner of the land and therefore must be kept free of state or federal control.

2. Those who have not kept faith with public must be removed from positions of trust and responsibility.

3. The same economy that the intelligent farmer and businessman uses in running his affairs can and must be extended to state government.

4. Local self-government is our tried and proven way of life. Any further trends toward further centralization in state and federal must be ploughed under.

5. An education second to none for every child.

I've tried to make you a good hand as Representative, and now I'm asking you for a promotion," Saul said. "I'm running on my record, not promises for the future. I urge you to check my record in detail and then decide for yourselves whether you want to promote me to the senate."

Peace Officers Meet Here Tuesday Night

A five county Peace Officer group met here in a regular monthly study meeting with District Attorney John Forbis and Paul Spillman as instructors. Instruction was offered regarding making arrests and search and seizure procedure. The purpose of the monthly meetings is to improve the efficiency and knowledge of peace officers in this area which will afford the citizens greater protection. According to Sheriff Bill Cornell, seventeen officers representing the counties of Childress, Collingsworth, Hall, Carson and Donley were present for the meeting.

PLOWIN' Out the CORNERS

Uncle Zeb

"We are no bigger than the things we let worry us."

Mrs. George Goin sends us the following poem which she says is her favorite. It is written by Walt Hundley from way up in our neighboring country Canada. It is called:

THE RECORD BOOK
If all the things you ever said,
Were written in a book;
And all your thoughts were on display,

So all could take a look:
I guess there's not a living soul,
Who wouldn't hang his head:
And feel ashamed before the Lord
And wish that he were dead.

There is a record book I'm told,
With every deed and word;
It even keeps the records of—
Our thoughts that can't be heard:
The good, the bad, and every sin,
For nothing has been missed:
It really makes me feel ashamed,
To think what's on my list.

And yet the pages of my past,
Shall never condemn me;
For Jesus nailed them to His cross,

One day on Calvary:
And now I stand in Him complete,
Redeemed from sin and strife:
And with His blood he wrote my name,
Down in the Book Of Life.

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

SOME POINTERS ON FARM PONDS

Patric W. Neil

This section of the country frequently has dry spells that make a farm pond a mighty good thing to have. A good pond may have a number of uses such as sup-

plying water for livestock, fish production, recreation, water fowl and prevent erosion. If irrigation is to be involved from such a pond, a permit will need to be secured from the Texas State Board of Water Engineers at Austin.

Farm ponds need to be properly planned and constructed if they are to fill their intended purpose. Your local Soil Conservation Service technicians will be glad to furnish such technical assistance.

The first thing to do in planning a pond is to decide about how much water is needed and how big the pond should be. In general for this area, the water should be 12 to 15 feet deep. Investigate the site to see that it is suitable for the purpose intended. The watershed above the pond should be large enough to keep water in the pond during dry periods, yet not so large that it will create flood hazards during heavy storms. The watershed should be covered with grass or erosion control measures may be necessary to prevent silting.

Soil tests are needed to determine if the pond will hold water. Borings should be made along the center line of the proposed dam and also in the pond area. A topographic map of the pond area and possibly the watershed should be made. An emergency spillway will need to be provided to handle the flow expected once in fifty years. A pipe drop might be provided to handle small flows with the top of this pipe set some distance below the emergency spillway. Wherever a good emergency spillway can not be provided without undue expense, a pipe drop should be used. The pipe in this drop should be at least 8" in diameter to prevent clogging. The top of the fill should be at least 8 feet wide with the downstream slope 2:1 and the upstream slope 3:1 or 4:1 depending on the size of the pond.

After the dam and spillway are completed they should be seeded with a good grass mixture and mulched with straw or similar material. The dam and spillway should be fenced to protect them from livestock.

All ponds require management and maintenance. Whenever damage occurs it should be repaired as soon as possible.

JOE GOLDSTON
Optometrist

From new Safety-Twin headlights to new sculptured rear deck, every gleaming line of this Fairlane Club Victoria says "fine car!"

Look what you've been missing if you haven't driven a 58 FORD

You just can't appreciate all the wonderful things that have been done to make driving more fun . . . until you've checked out in a shiny 58 Ford!

The fun begins with the simple act of getting into the car. Only "yesterday" it was stooped down or knock off your hat. Now that has been changed. There's room for you and your hat inside the 58 Ford.

Even before you start the engine, notice how much more you can see. Full-Circle visibility lets you see where you're going . . . see what's coming . . . see to park!

Now touch the starter. Observe how smoothly your engine idles. That's because each Ford engine is built with painstaking care. Each V-8 is electronically balanced while operating under its own power. No other car in Ford's field goes to such lengths to bring you an engine that will operate smoothly . . . dependably . . . efficiently. (If your pick is a thrifty Six, you can't buy a more powerful, more modern 6-cylinder passenger-car engine than Ford's 145-horsepower Mileage Maker Six.)

Ease down now on the throttle and you'll take off with all the dash and verve of a Thunderbird! For after all, the 58 Ford offers you the Thunderbird's own transmission and engine! Team Ford's Cruise-O-Matic Drive with a Thunderbird-powered V-8 engine, and save up to 15% on gasoline. It's like getting back 15¢ on every gas dollar!

Next hunt up the roughest roads you can find. Notice how bumps lose their bounce with Ford's softer-riding suspension system. Notice how Ford's exclusive Automatic Ride Control combines Angle-Poised Ball-Joint front suspension with long, tailored-to-weight rear springs so that you ride level . . . corner level . . . enjoy a "big car feel."

And Ford gives you more—much more in the way of riding comfort. Ford seats are wide—sofa-wide. You sit in a relaxed, natural position with Ford's Automatic Posture Control.

Always a leader in safety, Ford again has pioneered new features to protect you. New Safety-Twin taillights, for example, keep you safer because they give better warning to cars behind you. And only Ford offers you famous Lifeguard Design—the whole family of safety features designed to protect you should an accident occur.

Then there are the hidden values that are yours when you choose Ford. The car is put together with fine-car precision. The finish is durable enamel—baked enamel that helps Fords keep that new-car shine. On the inside, too, Ford cars give you more insulation than any other cars in Ford's field.

Why not discover all you've been missing if you haven't driven a 58 Ford? See your Ford Dealer and find out firsthand all the wonderful things that have happened to Fords. And remember: a comparison of manufacturers' suggested retail delivered prices shows that Ford is lowest priced of the "low-price three" in 17 out of 19 comparable models!

So why not make tomorrow your day to drive a Ford? The keys are waiting for you at your Ford Dealer's. See him and discover all the fun a Ford can be!

SWITCHES AUTOMATICALLY FROM HEATING TO COOLING

The Heat Pump is completely automatic. During changeable weather, even if it is within the hour, the Heat Pump will switch from heating to cooling or back again if the outside temperature so requires. You do not need to change the temperature dial, you just set the thermostat for the temperature you desire and forget it. The Heat Pump is the ONLY completely automatic Air Conditioner.

Install the All Electric HEAT PUMP

COMPLETE YEAR-ROUND AIR CONDITIONING IN ONE UNIT

The All-Electric Heat Pump provides complete automatic "comfort conditioning" for your home the year around, using only air and electricity. The same unit that cools your home also heats it. It also removes excess humidity and filters out dust and pollen. Because only air and electricity are used, the Heat Pump provides maximum cleanliness and complete safety.

Here's How It Works

The Heat Pump operation uses the basic principle that heating and cooling is a matter of moving heat from one place to another. In winter the Heat Pump extracts heat units from outside air (even if it is freezing) and pumps warm air into your house. In summer the heat pump reverses itself automatically and operates like any refrigerated air conditioner—it takes the heat out of the house and pumps it outside. Call or come to see us and our air conditioning engineers will explain the Heat Pump more thoroughly to you.

**Donley County
Hale-Aikin
Committee
Report**

The Donley County Committee was composed of 29 people. Subcommittee's selected for study of each section of guide and District Committee made studies of each District's problems. The estimated number participating in the study is 105 people, 20 of them teachers and administrators of Donley County.

The following recommendations of which a need was reflected by the results of the report of the County Committee are as follows:

Due to the size of the schools and the low valuation of the school districts of Donley County, the committee agrees that the schools should be consolidated or combined most effectively on a county wide basis in order to:

1. Better utilize the administrative, vocational, guidance, and instructional staffs by equalizing student-hour loads of each staff member per day.
2. Qualify for CTU's in sufficient numbers to offer the present and proposed additional new required subjects plus a sufficient number of selectives in order to accommodate the needs and capacities of all students enrolled.
3. Increase efficiency and reduce cost of repair, upkeep, custodial service, maintenance, utilities, and administrative expense.
4. Allow free choice of electives and not be required by necessity to summarily enroll the entire student body in an elective without each individual's freedom of choice or vocational preference.
5. Place all students of the County in a school with standards approved by, and a member of the Southern Association of Colleges and Secondary Schools, which the committee agreed that membership was of value to the school.
6. Reduce number of classrooms, needed to accommodate the entire enrollment of Donley County.
7. Avoid overlapping of transportation routes and reduce number of busses required as well as cost of transportation per scholastic.
8. Reduce cost of maintenance and operation per scholastic.
9. Make possible the establishment of uniform valuation, assessment, and collections of

THE DONLEY COUNTY LEADER

from primary through twelfth grade.

That ample state support funds be made available to properly train both the handicapped and the gifted child, including salary for special teacher and transportation where the need exists, as well as special facilities for handicapped students.

That funds be provided by the state in order to install, require, and maintain an equitable testing program, with a designated systematic procedure for interpreting results to pupils and parents. Additional funds to provide health nurse for each school.

That a study be made, and a re-evaluation of the teacher education for certification be made for the purpose of balancing out or unbalancing the requirements in methods courses and teaching field courses of teacher training institutions. The committee believes that a teacher should know content of subject taught or methods will not be valuable to teacher.

That the state should make available free textbooks, "up-to-date films," and tape recordings. That our county, being located in a television reception fringe area, could not economically use television at the present time.

The committee's study of the Teacher Supply and recruitment section of the Study Guide found that salaries, facilities, and school plants were the most serious problems, and that the schools of the County are unable to keep the needed teachers of the quality desired by the people of the County. The following are recommendations of the committee:

1. Raise beginning teacher salary with bachelor degree to \$4800.
2. Increase annual increment to \$200 for 6 years.
3. Increase annual increment of Master degree to \$133.33 an additional 9 years making salary minimum \$4800 — maximum \$7200.
4. Reduce time for reaching

maximum salary to 6 years for Bachelor Degree and 15 years for Masters.

5. Adjust retirement system.

6. Adopt an equitable tenure system.

7. Establish an equitable merit system for promotion and pay raises.

8. State allow funds to hire teacher assistants to perform routine work and release teachers for teaching.

9. State allot funds for special service teacher to co-ordinate and supervise extra-curricular activities.

10. Administrators and sponsors of F.T.A. organizations make all possible profitable use of student assistants from the F.T.A. organization.

11. State require better plant, equipment, and teaching facilities of each district in order to be permitted to operate as an accredited school. Industry is providing so much better environment and facilities, as well as pay, that we cannot attract nor hold the best potential teachers.

The above recommendations by the County Committee, ascertained from the Teacher Supply and Recruitment Committee report would all be needed in Donley County unless consolidation were required by state regulations which would enhance the feasibility of combining districts. In such case, allotment of special funds for special-service teachers would not be as great a problem because of better utilization of teachers.

The Committee recommends the continued Federal Aid to Home Making, and Vocational Agriculture as it is at present. While surpluses are available increase allocation of cafeteria commodities.

That the office of County Superintendent be abolished and duties be administered by County Judge.

The permanent school fund be administered as an investment

and earn all possible.

That maintenance and operation allotment of \$350 - \$400 per teacher is not sufficient in any school in the county.

That transportation allotments would suffice if allotted on basis of all students living outside of city limits.

That the state should furnish additional funds above present allotments to make possible the installation of an adequate testing program for locating the gifted student, and to offer additional courses to supply their needs within their public school.

The committee does not suggest or recommend an increase in length of school day because of the time some students spend in transit due to the length of transportation routes. Neither do they recommend extending the length of term because of the added expense of needed air conditioning of schools and switching from air conditioning to heating system one or more times during a longer school term.

**A MINORITY REPORT ON THE
HALE-AIKIN COMMITTEE**

First, this is not a criticism in any way of those good people who have formed the Donley County Hale-Aikin Committee. Every one of them is a good and interested citizen who has given his or her time freely to aid in this survey of Texas education.

On the other hand, this is a criticism of many of the questions asked in this study, which lead step by step to the inevitable answer that combining schools will solve all problems. In my opinion, this would be an admirable step if Texas were planning factories to build autos or manufacture rubber stamps, but for

the purpose of educating human beings and producing the future leaders of Texas, it leaves much to be desired.

I admit that the questions as listed have been answered as correctly as possible for this committee to do, but many of them call for information that only a school administrator could furnish, and many of them call for conclusions which might be drawn by an able and experienced teacher, but not by a layman.

I repeat that I do not question any answers as given by this Donley County committee, but I do question the premises on which many of the questions are based. We are informed that a suggestion has been made that 500 pupils be the minimum under which a school could operate a high school. We are also told that another suggestion names 1,000 as the minimum. We have no assurance that even this is the stopping point. Another dreamer might well come forth in the future who would demand a minimum of 2,000, 3,000, or 5,000 or any other figure.

The population of Texas cannot be spread out over the state like butter on a piece of bread, and we will always have some areas of the state which are thickly populated and others where the population is scattered. I, for one, do not believe that any student's efficiency is improved by riding 50, 75 or 100 miles daily to attend school. A student who has to do this is definitely handicapped, compared to one who has only to walk a few blocks to be at school. I definitely favor increased salary for teachers, but I do not believe that this will necessarily (See HALE-AIKIN, Page 11)

**Take the wheel...
get the Swept-Wing feel!**

You spend a lot of time in your car—driving to work, shopping, taking trips. How your car rates on the road is important to you. So all we ask before you invest in a new car is this: Come in and take a "road rate" drive in a Swept-Wing 58

Dodge. Really compare it thoroughly on every count. We honestly believe it rides better, handles easier, responds quicker than any other car you've ever driven. But we'll leave the verdict entirely up to you. You be the judge.

YOU BE THE JUDGE! THINGS TO NOTICE IN THE SWEPT-WING 58:

The feel behind the wheel—You feel different because you sit differently. Low and snug and secure, completely in control, almost a part of the car.

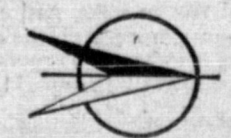

The ease of push-button driving—Once you try Dodge Push-Button TorqueFlite you'll never be happy with outmoded lever types. Ladies love it.

This power steering is different—No power steering is like Dodge power steering. It works full time, yet leaves you the feel of the road.

The view around you—The glass area is tremendous. The visibility is outstanding in every direction—front, sides, rear.

A ride that's a glide—There's no sway on curves, no dip at stops. Torsion-Aire is standard equipment, too.

Horsepower and stopping power—You get up to 320 hp. You get new-design Total-Contact Brakes.

HALE - AIKIN

(Continued from Page 10) result in better teachers. To believe this would imply that teachers in Dallas, Houston, San Antonio, or any other city which pays higher salaries, and in some cases much higher, than Donley County, would be better teachers than Donley County can boast. I do not at all believe that this is true. I know a number of the teachers of Donley County, and I believe them to be the equal, in intelligence and ability, of any teachers to be found in our state.

They are obviously not considering money as their principal object in life, but are teaching because they like teaching and because they feel the responsibility of guiding our future citizens to a useful way of life.

I have made no attempt to answer the questions set forth in the Hale-Aikin survey, because I feel that these are not at all the questions in our school affairs that need answering.

My principal purpose in writing this statement is so that, at some future date, the Texas Education Agency cannot say to

the Donley County Hale-Aikin committee, "This is 'What you Asked For.'"

Respectfully Submitted
D. E. Boliver

Cynics originally referred to a school of philosophers founded by one of Socrates' pupils.

The daddy-long-legs lives on small insects and is entirely harmless to man.

Cyclone winds have been known to whirl at a rate of 200 to 300 miles per hour.

To: The Hale-Aikin Committee of Twenty-Four

From: The Hale-Aikin Committee of the Lelia Lake Independent School District of Donley County.

Subject: A protest of the county report submitted by the Donley County Hale-Aikin Committee.

The district committee of the Lelia Lake Independent School District of Donley County wishes to go on record as protesting certain portions of the final report submitted by the county committee. Final preparation of the report was accomplished without representation from this district committee, and the report was submitted to the state committee without a reading before a county wide general meeting as previously agreed upon.

Therefore, as officers of the district committee, we the undersigned, hereby protest the following conclusions drawn by the writing committee in the final report:

Consolidation

The question of consolidation was discussed freely in both the district and county meetings, and at none of these committee meetings was it concluded to be either advisable or feasible.

The nine (9) reasons for proposing consolidation as reflected in the report, were items that all agreed should be accomplished. However, at no time was consolidation suggested as a "cure all" to accomplish these ends. As an illustration, one item used in the report in support of consolidation is that it would simplify the establishment of uniform methods of property valuation, tax assessment and collection. At a county wide meeting of the district finance committees, the undersigned were present and participated in lengthy discussions of this problem. It was agreed that

present methods of valuation, assessment, and collection needed to be uniform in order that each district might receive maximum benefit. Various methods of accomplishing this were discussed, but consolidation was not proposed as the answer to the problem. Instead, it was agreed by most members that legislation should be enacted which would eliminate most of the problems involved in valuation, assessment, and collection. The facts on which this protest is based are on record in the district reports.

In addition to and in support of this protest, the district committee presents its own conclusions in regard to county-wide consolidation.

These are as follows:

1. Students would not receive individual attention necessary for proper learning.

2. Students in outlying areas would be required to ride busses far beyond the time recommended as the maximum. A situation that would be both mentally or physically unhealthy.

3. To further consolidate in this county, where students of high school and college level are too closely associated, would tend to contribute to further moral and mental deterioration of the student bodies.

4. It is believed that each district, with the proper support of its citizens and the overhauling of its tax structures, can sustain and improve its individual school system.

5. Hundreds of vacant school buildings, churches, and business buildings throughout the country stand as mute evidence of the devastating ruin that has been heaped upon rural community life in Texas as a result of consolidation of schools down through the years. Over-centralized education has a parallel in over-centralized government. The rights and desires of the individual are lost in the scramble and control is placed in the hands of a minority.

Let the record show that we as representatives of the citizens of this district, are not in agreement with the final report submitted by the county committee.

Signed:

- Sid Pointer, District Chairman

The beautiful Delray 2-Door Sedan, one of three budget-priced Delray models.

Chevrolet's dollar-stretching DELRAY YOU JUST CAN'T TIE THIS BUY!

Here's surefire proof Chevrolet always knows how to give you more for your money--from longer, newer, lovelier bodies to a wider range of engines, transmissions and suspension systems. The more you look the more you'll find to like in Delray--THE LOWEST PRICED OF ALL THE LOW-PRICED CHEVROLETS!

Chevy doesn't have any "smaller" models. The big, beautiful Chevrolet Delray is just as long, just as wide, just as softly sprung on the same 117-inch wheelbase as the luxurious Bel Air models. Like every other Chevrolet, it has the extra solidity and quality of Body by Fisher. There's no stinting on optional equipment, either. You

can get anything from Fuel Injection* to Level Air* ride, any Chevrolet transmission, any Chevrolet engine, just as you choose. Take a long, long look at this one next time you drop in at your Chevrolet dealership--because the more you demand for your money the surer it is you'll decide on Delray!

*Optional at extra cost.

They're Full-Size Chevrolets

No skimping in seat width, leg-room, wheelbase--Delray gives you every generous dimension offered by any Chevrolet.

A COMPLETE CHOICE OF ENGINES

You can order a Delray with Chevy's top Fuel Injection V8 if you like--or get any one of the five V8's or the Blue-Flame Six!

AUTOMATIC DRIVES

Choice of time-proved Powerglide* or supremely smooth Turboglide*--the only triple-turbine drive in Chevy's field.

UNIQUE Full Coil Suspension

Delray's standard suspension system puts a cloud-soft coil spring at each wheel, blends this with the beautiful roadability of four-link rear control arms!

and Delray is the only

car in its class with the extra rigidity of an all-new Safety-Girder frame, the extra clarity of Safety Plate Glass all the way around, the extra convenience of crank-operated vent windows!

Drive with care... everywhere!

AUSTIN—Leaders of the Texas cotton farming industry, long plagued by regional feuding, have joined hands. Object: to try to

amended by Congress this session, the national cotton acreage allotment would drop automatically from the presently authorized national quota of 17,500,000 acres to approximately 14,200,000 acres in 1959. Spokesmen from all the state's cotton producing areas met in Austin to hammer out an alternate proposal. Their plan:

- (1) Retain the 17,500,000 national acreage allotment.
- (2) Give farmers a choice between planting higher acreage at lower price supports or lower acreage with higher supports.
- (3) Abolish the present Soil Bank program.

boro, chairman, said the directed toward achieving maximum efficiency and possible savings.

Specifics to be considered: (1) how many college classes are below recommended size (2) how much public money is required to subsidize athletics and health services and (3) cost of college presidents' homes.

LOST OIL FORESEEN

If Texas continues to limit oil production to market demand, the state may lose permanently some of its underground oil resources.

Railroad Commission Chairman Olin Culbertson told a group of some 600 Southwestern oil men that if present trends continue, development of secondary recovery programs will not be justified. In short, going after the last drop available from a pool is hardly worthwhile when production is stringently limited.

Culbertson suggested to the Texas Petroleum Research Committee's Oil Recovery Conference that a new approach might be needed to conserve Texas' prime resource. Alternative, he said, might be the loss of well over half the oil under Texas.

LEADER CLASSIFIEDS GET RESULTS.

shelter and medical attention for victims, escaping radioactive fallout.

Small towns and rural areas would serve as reception centers for evacuees from target cities.

Providing food is regarded as especially crucial. "If all transportation were knocked out, Texas would have only 14 days supply of food," says State Defense Coordinator William L. McGill.

Garden plots and crops in the field might be ruined by fallout. Frozen foods might spoil for lack of electricity.

Hence, if worst comes to worst, a well-stocked pantry is seen as an ace in the hole.

LIVING WITHIN MEANS
 Texas government should try

to make spending fit income rather than vice versa, says a spokesman for the Retail Merchants Assn. of Texas.

Charles J. Lux of Austin, executive vice president of the Retail Merchants, said his organization is opposed to any new tax, whether on sales, income or gross receipts.

He suggested the State Tax Study Commission and Texas Research League concentrate on finding ways to economize rather than hunting a new source of state revenue.

ECONOMY STUDY
 Along this line, an interim legislative committee is searching into higher education expenses. Sen. Crawford Martin of Hills-

PLYMOUTH SAVES YOU MONEY ON GAS... MOBILGAS ECONOMY RUN VICTORY PROVES IT!

New "Fuel-Saver" Choke that helped clinch title is standard equipment on all Plymouth V-8s

Pound for pound, Plymouth uses less gasoline than either of the "other two" cars in the low-price "3"! This was proved beyond doubt when a 1958 Plymouth V-8 was officially declared winner of the low-price car competition in the 1958 Mobilgas Economy Run. Plymouth's competitors also entered cars with 6-cylinder engines (supposedly more economical) but Plymouth beat every car in its class—V-8s and 6s alike!

This title-winning Plymouth is exactly the same Belvedere V-8 with TorqueFlite Automatic Transmission that you can buy right off your Plymouth dealer's floor.

These tests prove that every Plymouth has built-in economy features not found in the "other two". For in-

stance—one of the most important factors in Plymouth's smashing win is the new "Fuel-Saver" Choke that you get at no extra cost on all Plymouth V-8s. This ingenious device employs a triple-stage vacuum piston and a new thermostatic element to reduce the amount of fuel you use in warming up the engine. So it can save you even more on short-distance drives—the kind most people make.

Among the many other savings Plymouth gives you is the \$140 you save on standard-equipment Torsion-Aire Ride. The "other two" charge up to that much extra for their best suspension systems.

So if you are dollar-conscious, better hustle over and talk terms and trade with your Plymouth dealer. He wants your business, and he'll go all out to get it!
