DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Experimental evidence supports the conclusion that the soil is most susceptible to erosion when fields are bare of vegetation. It also indicates that soils low in organic matter or of low fertility are more easily eroded than those high in organic matter and humus.

Any crop while serving as a solid ground cover, is a cover crop. The principal advantage of a cover crop may be summarized briefly as follows: Reduces runoff of rain and thus conserves moisture; Prevents excessive soil erosion and finally land

erosion of soil; Improves the soil tilth by the addition of organic matter to the soil; Prevents the leaching of available plant nutrients—especially nitrate nitrogen; When disked or shredded on the surface forms organic acids or other compounds, which aid to the liberation of mineral plant nutrients; may provide late fall, winter, and early spring pasture; Increases yield of regular farm crops, increases the water absorbing capacity and the infiltration of water into the soil.

The seeding and growing of cover crops is an imitation of nature's method of holding the soil. As the natural soil forming agencies progressed through the ages, nature always protected her handwork with a varied vegetative blanket. Man cannot disregard this plan and ignore the fundamental principles of soil building and soil holding without paying the price of accelerated soil erosion and finally land

abandonment. Plant winter pasture — two acres per cow to:

- 1. Keep dairy and beef cattle fat all winter.
2. Reduce feed cost of dairy cows 50% and beef cattle 90%.
3. Extend the length of your growing season 60 to 90 days.
4. Increase your calf crop and increase their market value.
5. Improve the quality and quantity of your grazing.
6. Pay for planting, fertilizing, and harvesting from sale of seed.
7. Prove to be a big saving by reseeding year after year.
8. Improve your soil, add organic matter and increase water holding capacity.
9. Save your labor in feeding—the cows will feed themselves.
10. Help the land, the cattle, and you. It will help everybody.

INTERNAL REVENUE SERVICE INCOME TAX EXEMPTION

Farmers are no longer required to file Social Security returns on a quarterly basis, according to Mr. J. Z. Pearce, Administrative Officer of the Amarillo, Texas office. During 1955 farmers were required to file a quarterly Social Security return with the District Director of Internal Revenue. Due to a change in procedure, farmers now file one return in January covering all taxable wages paid to farm employees during the preceding calendar year. A farmer must file a Social Security return during the year when he quits farming before the end of the year and has paid taxable wages during the year. The specialty marks on soldier's uniforms are a representation of instruments used in performing their duty.

Our community exhibit placed 2nd at the fair. Thanks to everyone who helped in any way. Mr. and Mrs. Hilburn Graham of Vernon spent Sunday with Mr. and Mrs. J. M. Graham. Guests of Mr. and Mrs. H. A. ## Pruit-Bogard United In Double Ring Ceremony

In a double ring ceremony, Miss Mabel Pruit, daughter of Mr. and Mrs. Curry Pruit, became the bride of Mr. Charles M. Bogard, son of Mr. and Mrs. Neal Bogard of Clarendon, Texas. The wedding was held Saturday afternoon, September 1, at 3 p. m. in the First Methodist Church of Lovington, N. Mex., with Rev. E. E. Hamilton officiating.

The bride graduated from the Lovington High School in 1953 and received her BA degree from West Texas State Teachers College in Canyon, Texas.

She chose a pale blue crystalline gown with a white velvet on rhinestone bandeau for her hair. She wore white shoes. Her younger sister, Chairnel Pruit, was bride's maid.

Wayne Lowe of Amarillo, Tex. was best man. The groom is a graduate of the Clarendon High School and attended Junior College in that city. He was a 1955 graduate of West Texas Teachers College.

They will make their home at 3200 Van Buren in Amarillo.

For a going away costume, the bride chose brown and beige checked with brown accessories.

A reception followed the ceremony in the home of the bride on North Second. Out of town guests were the groom's parents, and Mr. and Mrs. Carroll Dozier.

—Lovington Daily Leader.

## McAbee - Cleaton Marriage Solemnized

Wedding vows were exchanged between Carolyn Sue McAbee, daughter of Mrs. T. H. Jordan of Garland, Texas, and Acie James Cleaton, son of Mr. and Mrs. Morgan Cleaton of Hollis, Okla., Sunday evening, September 9, 1956. The double ring service was read by Rev. Paul D. Wright in the First Presbyterian Church of Clarendon, Texas.

The ceremony took place before an altar setting of pink gladioli and candelabra. Mrs. Millard Word, organist, played nuptial music and accompanied Mrs. Bob Moss who sang "Because Of You," "O' Perfect Love," and as a part of the benediction "The Lord's Prayer." The traditional wedding marches were used.

Given in marriage by her uncle, Lee Bell, the bride wore a dress of French lace and nylon tulle over satin, fashioned with a fitted bodice and bouffant skirt with long sleeves extending to points at the wrists. Her shoulder length veil of French illusion fell from a tier of seed pearls and rhinestones. Her bridal bouquet was a white Orchid, Stephanotis, meline and satin streamers.

Mrs. Jack Clifford was her sister's matron-of-honor. She wore a dress of dusty rose net over taffeta. Miss Linda Lamberth and Mrs. Jay Mathis of Hollis, Okla. were bridesmaids. Candles were lighted by Lacey Cleaton, cousin of the bridegroom and Lee Ellen Bell, cousin of the bride. Dresses worn by the bridesmaids and candlelighters were styled identically and were of pink crystalline. Pam Heath of Hollis, Okla. was flower girl and Jay Lamberth was page boy.

Mr. Charles Stokesberry of Hollis, Okla. was best man.

MR. AND MRS. ACIE JAMES CLEATON

Groomsmen were Jay Mathis and Robert (Bud) Bryant also of Hollis. Ushers were Jay Mathis, Bud Bryant, Kenneth Ray Jackson, all of Hollis, and Jack Clifford and Bob Bell of Clarendon.

Immediately following the ceremony, the bridal party was feted with a reception in the church parlor. Guests were greeted by Mrs. Lee Bell and presented to Mrs. T. H. Jordan, the bride's mother, Mrs. Morgan Cleaton, the bridegroom's mother, and Mr. and Mrs. Acie James Cleaton. Miss Margaret Cushing presided at the register.

The refreshment table was laid with a linen cut-work cloth and centered with a floral arrangement of pink rosebuds and white carnations in a silver epergne. Flanking the floral piece were white tapers in crystal candelabra. Presiding at the table were Misses Paula Skelton and Mary Francis McCully. Miss Sandra Barnhill entertained with appropriate piano selections.

For travel the bride chose a peacock blue knit suit complemented by black accessories and

the Orchid taken from her bridal bouquet. After a short wedding trip the couple are at home in Hollis, Okla., where the groom is associated with his father in the sheet metal and welding business.

### Ballew - Erickson Vows Read In Double-Ring Wedding Service

Miss Elba Jean Ballew, daughter of Mr. and Mrs. Elba Shelton Ballew, and Lieutenant Duane Harold Erickson, Reese Air Force Base, Lubbock, son of Mr. and Mrs. Carl August Erickson of Farragut, Iowa, exchanged vows in a beautiful candlelight ceremony Saturday, September 15, at 8 o'clock p. m. in the First Methodist Church.

The Rev. W. E. Hamilton of Abilene, former district superintendent of the Childress District of the Methodist Church, read the double-ring ceremony.

Miss Mantie Graves, church organist, played a nuptial prelude and the traditional wedding marches. Mrs. Frank Phelan, Jr., sang "Walk Hand in Hand," "I Love Thee," and "The Lord's Prayer" at the close of the ceremony. Mrs. Phelan was dressed in a waltz-length emerald green dress with a wide white embroidered bertha spotted with rhinestones. She wore a white gardenia corsage on her wrist.

The altar and background of the church was decorated with low and tall baskets of white gladioli and large white chrysanthemums backed by emerald greenery and candelabra. Chancel rails were outlined with smilax and spaced with low tapered and white mums. Ends of the pews throughout the church were marked with small bouquets of white mums.

Attending the bride as matron-of-honor was Mrs. Robert Cavazos of Breckenridge, and maid-of-honor was Miss Jo Retta Owen of Freepore. Bridesmaids were Mrs. Duane Naylor of Thalia; Mrs. Richard Bishop of Council Bluffs, Iowa, sister of the bridegroom,

MRS. DUANE HAROLD ERICKSON

and Mrs. Joe Dilli of Lubbock. Miss Richelle Bishop of Council Bluffs, niece of the bridegroom, was flower girl.

The attendants wore gowns of emerald green crystalline. The dresses were made with the long-torso style with scooped necklines. The full floor-length skirts were caught with a bustle bow in the back. The bridesmaids carried crescent-shaped bouquets of white shaggy mums. The Grecian headbands were emerald green. The flower girl wore an identical copy of the bridesmaids' dresses.

Best man was Lt. James M. Zerke of Reese AFB, and groomsmen were Lts. Robert Fromm, Robert Bullington, Donald Spyrer and Oscar Peterson, all of Reese AFB. The groom and his groomsmen wore dress uniforms.

Ushers were Jack Ballew of Amarillo, brother of the bride, and Nels Thomsen of Lubbock.

with a rose and leaf motif. The deep yoke was filled with illusion and was applied with lace extending over the shoulders. The satin skirt was defined with side panels of appliqued lace, which also bordered the formal length train. Her formal veil was of ivory illusion and satin with a coronet of seed pearls. She carried a crescent bouquet of white gardenias.

Mrs. Ballew chose to wear for her daughter's wedding an antique gold taffeta waltz length dress with brown accessories. Her corsage was of brown orchids.

Mrs. Erickson, mother of the groom, wore a navy blue sheer with navy accessories. Her corsage was of lavender blue orchids.

A reception at the Patching Club House followed the service. Guests were registered at the reception by Mrs. Jack Ballew, sister-in-law of the bride.

The bride's tables were of white satin overlaid with floor-length net, accented at each corner with white mums, outlined with smilax. The double wedding ring cake centered the table. To complete the wedding table, silver candelabra with white tapers entwined with smilax were used.

Mrs. Robert L. Cottingham of Dallas, cousin of the bride, and Mrs. Nels Thomsen of Lubbock, cut the wedding cake. Mrs. Carl M. Bennett poured punch for the guests. They were assisted by Mrs. J. P. McMann, cousin of the bride of Vega, and Mrs. John Miller Morris of Amarillo.

For a wedding trip to Colorado, the bride chose a navy sheath dress with white faille duster and navy accessories. Her corsage was a blue gardenia.

The couple will be at home in Lubbock. Mrs. Erickson, a graduate of Clarendon High School, attended West Texas State College, Canyon, and received her bachelor's degree from Texas Technological College. She has been a teacher of special education in Lubbock, Galveston and McCombe Public Schools.

Lt. Erickson, a graduate of Farragut High School, attended Northwest Missouri College and was graduated from the United States Military Academy at West Point. He is stationed at Reese AFB, where he is a quadrom military training coordinator.

Mrs. E. T. Naylor of Carlsbad, N. Mex., is visiting this week in the home of her brother and wife, Mr. and Mrs. L. N. Cox. She is also visiting a sister, Mrs. R. T. Brown.

from the County ASC Committee

### Undesirable Varieties of Wheat Under 1957 Crop Wheat Price Support Program

A discount of 20 cents per bushel from the applicable price shall be made for the varieties of wheat which have been named as undesirable and which are tendered for price support under the 1957-crop wheat price support program. Producers will want to make arrangements to plant a variety of wheat which will not be subject to a discount.

The 23 varieties of wheat named as undesirable are listed by class as follows:

- CLASS—**  
Hard Red Winter  
**Variety:**  
Stafford, Pawnee Sel. 33, Red Chief, Chiefkan, Early Blackhull, Red Jacket, Kanking, New Chief, Blue Jacket, Purkof, Cimarron, Red Hudd.  
**CLASS—**  
Soft Red Winter  
**Variety:**

Kawvale.  
**CLASS—**  
Hard Red Spring  
**Variety:**  
Henry, Spinkcota, Premier, Sturgeon, Progress.

**CLASS—**  
Durum  
**Variety:**  
Pentad, Golden Ball, Peliss.

**CLASS—**  
White  
**Variety:**  
Rex, Sonora.

The above listed varieties are designated on a national basis instead of by States as was the case for the 1956 crop, except for the variety Henry, which is named as undesirable in all States but Wisconsin and Washington.

### Soil Bank Acreage Reserve—1957 Wheat

Sign up period on Acreage Reserve for 1957 Wheat has been extended from Sept. 21, 1956 to Oct. 5, 1956. If you are interested in this project, come in and let us explain it to you. At this time you may sign an agreement for 50% of your allotment or 50 acres, whichever is larger, and there is a possibility that payment could be made on additional acreage if you indicate a desire to place more in the reserve.

### Cotton Marketing Cards

Your cotton marketing cards

are ready. You may call at the office or write for your card to be mailed to you. Be sure you are in compliance on your cotton acreage allotment before asking for your marketing card.

ACP Funds Available  
We have ample funds available for ACP Practices to be carried out this fall. Why not make application for a Winter Crop to protect your land from Wind Erosion? Seeding of Rye is again offered as a cover crop with payment of \$2.00 per acre. Winter Legumes may be planted not later than Nov. 1, 1956 to qualify for Federal cost-share; they should be left on the land until April 1, 1957.

### Drought Emergency Feed

Our county has been included in the Drought Emergency Feed Program. Applications are being taken in the Farmers' Home Administration Office. Dealers' certificates and other forms will be issued from this office, as of previous years. Under this Program, the land placed under the 1956 Acreage Reserve may be grazed until December 31, 1956.

Mr. and Mrs. Freeman Helton and children of Oklahoma City visited through the first of last week with his parents, Mr. and Mrs. J. H. Helton.

### Famous TV Elephants Coming With Circus

Next Tuesday will be circus day in Clarendon, a day always looked forward to by not only the children but grown-ups as well. Early in the morning the Tex Carson Circus will roll into town and begin the days activities which will start with the erection of the big top, where men, elephants and automatic machinery combine to quickly build the city of canvass. At ten a. m., all children are invited to the show grounds to see the many animals fed and watered, an education in natural history for all.

A few of the many features being presented this season will be Ed Wiedamans famous performing baby elephants, who have appeared on more television programs than any other elephant act in the business; Tex Carson and his troupe of educated horses, prancing ponies, riding dogs and bears, always a treat for the children. Trapeze artists, acrobats, jugglers, clowns all combine to present a big two hour program that is guaranteed to please all, and at a reduced price of admission.

A special feature on the midway will be seen Lotus, 5-ton Hippopotamus, largest on tour, a mother gorilla and baby and many other features, two performances will be given, 2:30 and 8 p. m. The elephants will be down town at noon circus day, no doubt.

**LIBRARY NOTES**  
 By **May L. Prewitt**

Perhaps the public would appreciate our Library more if they realized its usefulness. During May, June, July and August there were 916 books and magazines issued. Of course, several dozen books will need to be mended, and some replaced as they are completely worn out. Goodnight uses this Library, but I suppose that is satisfactory as they use our schools. The patrons there, have been generous with current magazines and pocket change. We really are "hard pressed" for cash since the Library has required so much, and our donations are chiefly from the clubs. Fines and memberships do not build much of an account. Some of our clubs have not found it convenient to help here this year since there are so many projects asking for their cash.

We can purchase bargain books for children, but they are mostly classics and our modern children like recent books. **James Fenmore**

Cooper wrote such fascinating and gallant adventures, but my boys won't read them.

**Nevil Shute** has a new book out, but it has been severely criticized. The first wife of **Sinclair Lewis—Hegger Lewis**—has written "With Love from Gracie" the cynical, gifted **Sinclair Lewis** as seen by his first wife. **Anne Morrow Lindberg** has a volume of **Lyric Poems—"The Unicorn and other Poems."**

The **Oklahoma University Press** is certainly securing a number of books concerning the history of our various Indian Tribes. The most recent is "The Fighting Cheyennes." I do not have this one by **George Grinnell**, but our Indian History is fairly good. We have a child's edition on "Famous Indian Tribes." Read with us, please.

The first sub to actually sink an enemy man-of-war during wartime was the Confederate "Hunley" built during the Civil War. The Union frigate **HOUSTON** on blockade station in Charleston Harbor was the victim.

### Donley County Fair Results

The Donley County Fair and Horse Show this year was one of the best in several years says County Agent H. M. Breedlove. This was due to the hard work by the people putting up the exhibits and the backing of the merchants and individuals in the entire county. The fair committee will meet in the near future and start working out plans for next years show while things are still fresh on our mind from this year says Breedlove.

The flower show was a beautiful display and one of the best in years and all of the winners are

not available at this time. There were no prizes in the merchants displays but every one who visited the fair praised the merchants who were there for the wonderful display and assisting to make the county fair a success.

The winners in the different departments are as follows:

Hedley won top prize of \$15 in the home economics exhibit. Clarendon placed second for \$12 and Lelia Lake third for \$10. Miss Helen Dunlap, Pampa home demonstration agent, judged the exhibits.

Lelia Lake had the best community agriculture booth, which brought a \$25 prize. Ashtola, second, won \$18. Chamberlain finished third and won \$12. Other booths were awarded \$10 each. The other entrants were Naylor, Goldston, Hudgins, Skillet, Midway, Windy Valley, McKnight, Hedley, Martin, Giles and Whitefish.

Highlighting the poultry show was the sweepstakes. Each top bird won one dollar for its owner. Best cock was shown by E. V. Quattlebaum; best cockerel, Jimmy Graham; best hen, E. V. Quattlebaum; best pullet, Paul White; best young pen, E. V. Quattlebaum.

U. H. Mileur judged the poultry show. He is a representative of the Ray C. Ayers Milling Co. of Slaton.

The young pen class included two pullets and a cockerel of any breed.

Winners in the different classes are as follows:

White Leghorn—Pullet, shown by H. C. Thomas; cockerel, Jerry Hicks.  
Dark Cornish—Cockerel, game cockerel and game pullet, shown by Ronnie McAnear.  
Brown Leghorn—Cockerel and pullet, shown by Jerry Hicks.  
Barred Rock—Pullet, shown by Douglas Allee.

Mille Fluez—Cock, hen, young pen, pullet, cockerel, Allen Estlack.

Rhode Island Reds—Hen, cockerel and pullet, E. V. Quattlebaum; Cock, George Green.

Silver Duck Wings — Pullet, Carson Bowling.  
Prize for the best decorated cake went to Bobbie Dishman of Clarendon. Mrs. Leroy Luttrell of Clarendon placed first with her plain cake.

Hot Shot B, an aged stallion owned and shown by Dink Hull of Childress, was named grand champion stallion at the quarter-horse show. Rose of Texas, a yearling filly, owned by Kenneth Welch of Amarillo, trotted off with the grand championship honors for mares.

Hull's stallion received the nod for the top spot over Unk Cody, the first place 3-year-old stallion shown by the J. R. Lawrence Co., also of Amarillo, who was named reserve champ. Welch's mare edged out Prissy M Miss who also finished below Rose of Texas in her class, for reserve champion honors.

In the reining class, Paco Dusty,

ridden by Tince Williams of Mo-beetie, won first place, followed by Sunny, ridden by Herb Crawford of Clarendon; and Cindy, owned by the S. J. Cattle Co. of Ashtola.

Cindy, however, came through for first place in the reining class for 16 year-olds and under. Finishing second was Cugar, ridden by Sammy Whatley of Pampa. Third was Streak, ridden by Mike McCullan of Clarendon.

Here are the way the animals finished in the halter class:  
Stallions foaled in 1955—Sam Whatley, owned by George L. Pound of Canadian, first; Chocono Rude, owned by Joe McLaughlin of Claude, second; and Great Bambino, owned by Kenneth Welch, third.

Stallions foaled in 1954—Trigger Claude, owned by Joe McLaughlin, first; and Cat Slayer, owned by Tots Walkup of Quanah, second.

Stallions foaled in 1953—Unk Cody, first; and Veto Bill, owned by Boyd Rogers of Memphis, second.

Stallions foaled in 1952 or before—Hot Shot B, first; Tuffy Joe, owned by M. C. Lewis of Vinson, Okla., second, and Joe Sunday, owned by E. C. Puryear of Midland, Texas, third.

Mares foaled in 1956 — Lady Bug, owned by George Gillham of Claude, first.

Mares foaled in 1955—Rose of

Texas, first; Prissy M Miss, second; and Cherry Moon, owned by A. B. Wilson of Amarillo, third.  
Mares foaled in 1952 or before —Teppys Dolly, owned by Bill Stockstill of Pampa, first; Sister Chub, owned by Mitchell Ranch of Canadian, second; and Tinky Tonk, owned by 7H Ranch of Masterson, third.

# PLOWIN' Out the CORNERS

*By Uncle Zeb*

We have an unusual request; for this column anyway. We need a small puppy for a boy who has recently gone to live at Boys Ranch. He wants a Pekinese or a Cocker Spaniel. It would not have to be full blood. Just about 99% would be near enough. If you have such a puppy and would give it to a cute little fellow who needs him for a companion drop a description of the puppy and your name and address to this

column and we will forward the information to the right party.

I believe it was Woodrow Wilson who said; "All things come to him who waits—provided he knows what he is waiting for."

Several have agreed; "That a rabbit is the only one that should put any real confidence in a rabbit's foot."

Somewhere we read this; The life of a housewife is hard; There are hundreds of things to annoy her,

But what other job can she get On which she can sass her employer?

Politeness; That's that certain something that parents have which gives them the knack of knowing when not to interrupt their children.

Little Bobby had been to a birthday party and knowing his weakness his mother looked him straight in the eye and said; "I hope you didn't ask for a second piece of cake?"

"No", replied Bobby, "I only asked Mrs. Smith for the recipe

so you could make me some like it and she gave me two more pieces."

We were talking about school teachers and the vital place that they play in the lives of our children. Along with them we can include our Sunday School teachers and all those who in some way help to mold our youngsters lives. Most of all we can include ourselves, the parents in this all important job of molding young lives. The following poem always brought home this point to me. It is called;

### CLAY

I took a piece of plastic clay And idly fashioned it one day, And as my fingers pressed it still It moved and yielded at my will.

I came again when days were past; The bit of clay was hard at last; The form I gave it, still it bore, But I could change that form no more.

I took a piece of living clay And gently formed it day by day, And molded with my power and art

A young child's soft and yielding heart.

I came again when days were gone; It was a man I looked upon; He still that early impress wore— And I could change it never more.

This anonymous poem is our Scrap Book dedication to all our wonderful teachers both in school, and in our homes and churches.

A recent check of Navy aircraft engines "canned" at the end of the war showed them to be in perfect condition.

## INTERNAL REVENUE SERVICE INCOME TAX EXEMPTION

Drouth stricken farmers who have been forced to sell livestock due solely to drouth conditions were provided relief under Public Law 629 earlier this year. The Internal Revenue Service has set out guide lines for farmers to use in electing not to pay on any gain realized in sale of livestock due to drouth conditions.

The election to have the sales of livestock taxed in accordance with the provisions of the new law shall be made in the income tax return filed for the first taxable year in which any part of the gain from the sale is realized. Generally, this would be the return for the taxable year in which sale is made. This return should contain the following information:

- (1) Evidence of the existence of the drouth conditions which forced the sale of the livestock;
  - (2) A computation of the amount of gain realized on the sale;
  - (3) The number and kind of livestock sold;
  - (4) The number of livestock of each kind that would have been sold under the usual business practice in the absence of the drouth.
- The return for the year in which the livestock sold are replaced should contain information showing the following:
- (1) The date that the replacement livestock were purchased;
  - (2) The cost of the replacement livestock;
  - (3) The number and kind of the replacement livestock.
- The replacement requirements of the law will be satisfied only if the livestock sold is replaced within the prescribed period with livestock which is similar or related in service or use to the live-

stock sold because of drouth. This test requires that the new livestock be functionally the same as the old. Accordingly, the taxpayer must not only replace the sold livestock with livestock of a like kind (for example, cows with cows) but he must also hold the new livestock for the same purposes as he held the old. Thus, dairy cows must be replaced with dairy cows.

The involuntary conversion provisions of the Internal Revenue Code provide that the livestock sold must be replaced within one year after the close of the first taxable year in which any part of the gain was realized. This replacement period may be extended upon the application of the taxpayer. Application should be made to the director of the Internal Revenue district in which the return containing the election was filed and must be made prior to the expiration of the normal one-year period. The application should contain all of the details surrounding the request for the extension of time. No extension of time will be granted unless the taxpayer can show reasonable cause for not being able to replace the livestock within the required period of

time. Farmers are invited to secure IRS Publication 225 from their County Agent or the Internal Revenue Service. Chapter 13 of this publication tells the farmer how to report an involuntary conversion. Public Law 629 provides the farmer drouth relief by making the involuntary conversion provision of the income tax law apply to livestock sales.

## Gonzales Warm Springs Foundation—A Haven For Many Cripples

GONZALES — Situated on 40 acres of land at the edge of Palmetto State park, Gonzales Warm Springs Foundation provides a beautiful setting for the patients who undergo rehabilitation treatment here.

As unlike a hospital as any medical institution can be, Warm Springs opens its doors to victims of many types of crippling diseases and accidents. Infantile paralysis patients, both adults and children, still out-number other rehabilitation cases. Non-polio cases treated include

cerebral palsy, multiple sclerosis, muscular dystrophy, arthritis, and other neuro-muscular diseases and musculoskeletal disorders. A number of industrial accident victims have been treated here.

A non-profit, non-sectarian organization, Gonzales Warm Springs has never denied treatment to a child under 20 for financial reasons. Many adults are admitted, but thus far welfare funds have not been adequate to accord them treatment free of charge.

Thousands of Texans contribute to the Foundation each year so that this comprehensive rehabilitation program may be carried on.

Anyone desiring information on admission procedures may get it by writing the Registrar, Box 58, Gonzales, Texas.

# TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

## MONOPOLY ON THE TURNPIKE

Recently Mrs. Rogers, our two older boys and I had the occasion to travel for a short trip along the Pennsylvania, Ohio, and Indiana

Turnpikes. The Pennsylvania Turnpike is the oldest toll road, but proved so successful that Ohio and Indiana have initiated similar programs and have tied their roads into a continuous turnpike across the northern part of their states. Their turnpikes connect with the Pennsylvania Turnpike which, in turn, connects with the New Jersey Turnpike. Needless to say, these are excellent roads on which an automobile traveler can make splendid time. One of the main reasons being that there are no crossroads or intersecting roads and no entrances onto the highway except at intervals that are plainly and visibly marked well in advance of reaching them. The toll to travel on these roads is very reasonable and within the bounds of what any traveling motorist can pay.

I had felt for a number of years that the need for an interstate highway system might be answered by the federal government obtaining rights-of-way across the United States in several directions necessary and constructing toll roads. It was my thought that such a program would maintain a complete separation between the state governments and the federal government in so far as the highway system was concerned. A completely owned federal highway could be policed in the same manner as our national parks system. The cost of the roads and maintenance could be paid for by the tolls collected for their use. There would be no need for conflicts between the state and federal governments in so far as the type of highways are concerned, the regulations governing them, the warning signals

to be used, the speed or other matters incident to a highway and motor traffic. There would be no commingling of state and federal funds, that would enable the federal government to dictate certain requirements that had to be met before participation by the states in federal funds. Altogether, it looked like a possible solution at a minimum cost to the average American taxpayer.

However, there were several difficulties requiring consideration which would have to be carefully weighed as relating to such a program. The major one of these difficulties, in my opinion, had to do with the complete monopoly that is enjoyed by the concessionaires of these toll roads. This has been argued pro and con for many years. I have ridden on toll roads, including the Pennsylvania Turnpike, during its early years. However, my recent trip along these turnpikes pointed up the seriousness of the monopoly problem as concerns the free enterprise system upon which this nation has been built. In the first place, the traffic on the turnpikes has increased tremendously, and will continue to increase tremendously. Once you enter the toll gate, you are a captive of the toll road authority and the concessionaires who are authorized to operate on the road. You either buy the gasoline that is available to you at intervals of approximately 25 to 30 miles or you don't get any gasoline—that is, unless you want to leave the toll road and hunt for a town where you can buy the brand of gasoline you want. On the road itself, you are not only limited to the particular brand of gasoline sold by the concessionaire, but you must buy it when the concessionaire decides to deliver it to you. By this, I mean that you are required to line up and await your turn to purchase gasoline, even though the line may be 15 to 20 cars long. Although there are a number of gasoline pumps available,

there are few attendants and you must wait until an attendant serves all of the cars in front of you. Usually, Americans are very fair and would make no complaints if such waiting periods were due to exceptional circumstances like peak trade periods. But, it was my observation on the toll road that the same condition existed at almost every station on the road. We saw cars lined up from 5 and 6 deep to 20 deep. In our own case we lost over 45 minutes in travel time during an 8 hour period, waiting in line to buy gasoline.

The same situation is true in some of the eating places. You have no choice. There is only one eating place, and if you want something to eat, you wait until you are served, whether that be 30 minutes or two hours. Some of the eating places had excellent service, others did not, according to turnpike standards. None of the service was equal to the service you can get where there is competition.

The life blood of the American free enterprise system has always been a fair, honest, but vigorous competition. When this economic circulatory force is slowed down or stopped, the dynamic, expanding essential to a democracy is destroyed.

Perhaps some day an answer will be found to this situation with relation to toll roads, but at the present time, the problem is bad and no solution is in sight.

## Boys and Girls Warned About "Street Playing"

"Boys and girls, you're playing with death when you play in the street!"

That warning was given today by E. C. McFadden of Dallas, Vice President of Employers Casualty Company and President of the Texas Safety Association, as he asked them to do their part in the child safety program the Texas Safety Association, the Department of Public Safety and the National Safety Council are conducting this month.

"During this program we're doing everything we can to get drivers to watch out for you boys and girls in traffic," he said. "We're also urging your parents to teach you safe traffic practices. But none of these efforts will keep you safe if you don't get on the ball yourselves."

"Young people must learn that automobiles move fast and that anyone who happens to get in a

car's path is likely to get hurt," he said.

"Boys and girls—often think that, because they can see a car coming, the driver of the car can also see them," McFadden said. "Sometimes the driver doesn't see them, or if he does, he may not be able to stop his car in time to avoid hitting them. So smart boys and girls take no chances."

"Playing in the street, running out into the street after a ball or other toy, crossing in mid-block or at intersections against the light are all things that place children in danger," he said.

He advised boys and girls to strictly observe the following rules if they want to stay safe in traffic.

1. Obey all traffic officers, school patrols leaders, and traffic signs and signals.
2. Obey the rules learned in

school and at home about crossing streets and playing only in safe places.

3. If there are no sidewalks, walk on the left side of the road facing traffic. Never use roller skates, tricycles, wagons or scooters in the street or road.

4. When riding a bicycle in traffic, (a) ride with, not against, traffic, and keep to the far right; (b) do not weave or stunt; (c) do not carry passengers; (d) never hitch on to a passing automobile or any other vehicle; (e) if you must ride at night, be sure your bicycle is equipped with a good light; (f) carry books and packages in a carrier—not in your hands.

During World War II Navy mines accounted for almost 2,300,000 tons of Japanese shipping sunk or damaged.

By VERN SANFORD  
Texas Press Association  
AUSTIN — Conservative and Liberal Democrats are battling

each other. Republicans are active. But the Constitution Party of Texas now is in the spotlight.

At their Austin meeting the Constitution Party grabbed headlines by naming, as their nominees, prominent Democrats who have been active in recent campaigns. Their choice included W. Lee O'Daniel for Governor; J. Everts Haley for Lt. Governor; Reuben Senterfitt for Attorney General; Warren G. Harding for State Treasurer, and Ross Carlton for the Court of Criminal Appeals.

Congressional candidates will be chosen later.  
Secretary of State Tom Reavley challenged the Constitution

Party's right to nominate any candidate who had been defeated for the same office in the recent primaries.

Joseph M. Rummier of Houston is state chairman of the Constitution Party. Their presidential nominee is Democrat T. Coleman Andrews, former Internal Revenue Commissioner of Richmond, Va. Former Republican Congressman Thomas Werdell of California is their vice presidential choice.

Major plank in the party's platform is elimination of federal income taxes.

**ARTIFICIAL RAIN**

Possibility of moistening droughty Texas by artificial rainmaking may be debated in the next Legislature.

After hearing state and federal weather experts at an Austin meeting, the Texas Water Resources Committee voted to dig deeper into the subject. If findings are favorable, the committee indicated it would recommend legislation and appropriations for a long-range, statewide project.

Scientists were cautious in their claims before the committee. Much is yet to be learned about what makes rain, they said, and previous experiments have not yet been thoroughly evaluated. But they agreed prospects were promising enough to merit further research.

**"SOAKER" WANTED**

Scattered showers have helped, but most Texas farmers still are scanning the skies for a "fall soaker."

U. S. Department of Agriculture's latest crop report reflected increasingly critical conditions. Examples: cattle, "forced to market"; peanuts, "past redemption"; dry-land cotton, "extremely short"; vegetable planting, "limit-

ed." Only irrigated cotton was reported "fruiting heavily."

**GI LOAN PAYMENTS UP**

Delinquencies on veterans land loans have dropped 19 per cent since 1954, said Land Commr. Earl Rudder.

Payment failures ran 20 per cent on loans made under his predecessor, Bascom Giles, said Rudder. Under the new administration they have dropped to one per cent.

Some 13,000 requests from veterans for loans now are pending before the land board. Present funds will stretch over only about 1,000. More money will be available if voters approve a constitutional amendment for a new \$100,000,000 bond issue at the general election.

**INSURANCE CODE IN FULL EFFECT**

Texas' new "model insurance code" now is in full force and effect.

Last measure to be activated requires companies to have a minimum of 100 policyholders and \$200,000 insurance in force. An Insurance Commission spokesman called the requirements "actually very easy to meet" and predicted almost 100 per cent compliance.

Target of the law are companies which, for tax purposes, have operated other type businesses under the guise of insurance firms.

Both Governor Shivers and Commission Chairman Byron Saunders have praised the state's insurance laws in recent statements. Saunders said Texas does not need "any additional reform measures," only "minor changes."

**LOSE ACCREDITATION**

Eight Texas schools have been removed from the accredited list by the State Board of Education.

In addition, the board warned 111 other schools they must improve their standards.

Stripped of accreditation were Bexar County School for Boys, Carey (Childress County), Douglassville (Cass County), Houston Christian School, New Hope (Wood County), Scranton (Eastland County), Strong (Shelby County) and Sacred Heart (Cooke County).

These schools are ineligible to receive state money for vocational programs and superintendent pay. Their graduates must take entrance exams to enter college or another school.

**STATE FAIR OF TEXAS**

The State Fair of Texas has done it again.

The 1956 program, now virtually completed, is one America's biggest fair can well be proud of, officials said. The fair runs Oct. 6-21.

There are two extraordinary new features: the "Espanade of Light", a dazzling sight to see with dramatic illumination and scenic water effects, most spectacular lighting since the Texas Centennial. And plans call for installation of America's only Monorail transit system for a thrilling ride across the fairgrounds.

There will be daily performances of "Damn Yankees", Broadway hit musical satirizing big league baseball; Ice Capades, featuring a lavish production of "Peter Pan", and Joie Chitwood's auto daredevils.

Booked for one-day appearances are such bigtime attractions as "Fiesta Mexicana" Oct. 9, Rock 'n' Roll Elvis Presley, Oct. 11, Louis "Satchmo" Armstrong and his band Oct. 15, Jack Benny's Sportsman Quartet and Pianist Roger Williams Oct. 16, and Victor Borge Oct. 20.

The Pan-American Livestock

Exposition Oct. 6-14 will present championship beef and dairy cattle, swine, sheep, goats and poultry. Youthful Texas livestock raisers will compete Oct. 16-20 in the Junior Livestock Show. Horse shows will be held all three weekends.

Over a dozen foreign governments will exhibit in the picturesque International Center. The Agriculture Show will stress soil, water, plant and wildlife conservation. The Automobile Show will be one of the three largest on the continent. The big Food Show will be staged in the setting of an old West frontier town. Farm machinery will occupy two acres of space.

Of special interest to the ladies will be the glamorous array of exhibits in the Women's Building, where free fashion shows will be presented daily, and the fabulous lineup of model kitchens.

The Museum of Fine Arts' unique election-year feature will be "Mr. President", portraits of all 33 U. S. presidents. Football games include Texas A&M-Texas Tech Oct. 6, Texas-Oklahoma Oct. 13, and Prairie View-Tennessee State Oct. 15.

Big specials days are Rural Youth Day and West Texas Day Oct. 6, Mexico Day Oct. 9, Texas Public School Day and Music Festival Day Oct. 10, Crippled Children's Day Oct. 11, Negro Achievement Day Oct. 15, East Texas Day and Garden Clubs Day Oct. 16, Women's Day Oct. 17 and Fort Worth Day Oct. 20.

Be my guest for **FOOTBALL GAMES** on radio and live TV  
Again this year the Humble Company will bring you radio broadcasts and live telecasts of college football games. Your host on these is your neighbor under the Humble sign. If you enjoy them, stop by to tell him that you do—he'll appreciate your friendly gesture.  
Check the games you want to see or hear each week under the Humble sign in your neighborhood. They'll be posted, with station lists and game times, in the window.  
Meanwhile, stop by and ask for a pocket-size Southwest Conference Schedule, and a windshield sticker in the colors of your favorite Southwest Conference School. No cost, no obligation.

# Protect Your Investment

*in your own home community*

**and make it return bigger dividends of prosperity and better living**

**T**housands of folks . . . including YOU . . . have a big stake in this community.

Lives . . . savings . . . hearts are represented by the homes, businesses, farms, schools, churches . . . and jobs . . . that make up our particular segment of American life.

Faith and hard work created the TRADE VOLUME that made all of this possible . . . as every community is built . . . and grows . . . and LIVES on trade.

Trading at home . . . whenever possible . . . and making it attractive for more of our neighbors to trade here . . . to create greater trade volume . . . is the way to protect our present investments . . . so they will return more dividends of prosperity, contentment, and happiness.

Trade that LEAVES a community, makes empty buildings, empty streets, empty schools, empty churches . . . lost conveniences . . . and depreciated property values. But your dollar . . . spent here . . . where you have your investment . . . will return to you . . . many times.

**It Pays to Buy where You Live**

**YOU get Everything that Your Money Pays for --- Merchandise and a trade-invigorated community to live in --- when you buy from your home town merchants ---**
