Public Schools Week

By W. W. Pinkerton, Supt. The week of March 5-9 has been designated by Governor Allan Shivers as Texas Annual Public Schools Week. This is the 102nd year of public schools in Texas.

Schools are established by and operated for the good of all the people in the community which they serve. Educational purposes are based on the values that are accepted by the community—both values that are enduring and values that are altered by experience and by changes in society.

The main purpose of the Public Schools Week is to encourage parents and friends to visit the schools; see how your school operates, and see what you are getting for your tax dollar.

Within the limits prescribed by the State, the citizens of each community are responsible for the quality of their educational programs and facilities. Whether these programs and facilities are adequate or need to be improved is a matter for the entire community to decide, since the schools will reflect what the community wants.

Local school boards, administrators, teachers, and informed lay citizens of the community have an important responsibility to advise and assist in making these decisions. Policies and objectives agreed upon through the cooperation of school people and other citizens, when approved by the school board, should establish the basis for the programs provided in the local schools.

A continuing interest in education can be maintained only if all the people know and understand the facts about their schools. A part of the responsibility of school personnel is to see that citizens receive reliable information about the accomplishments as well as the shortcomings of their schools. In turn, each member of a community has a corresponding individual responsibility to become acquainted with the schools, and to take part in school—community affairs, encouraging other people to do likewise.

My fellow administrators, Mr. R. E. Drennan, Junior College Dean, Mr. Kenneth Vaughan, High School Principal, and Mr. Stina Cain, Elementary and Junior High Principal would like to join me in extending to you a cordial invitation to visit school sometime during the week of March 5 through 8.

School will be dismissed on Friday, March 9, to allow teachers to attend the annual District IX Texas State Teachers Association Conference in Amarillo.

Bulldogs To Play Sayre There, Tonight

Tonight (Thursday, March 1st), the College Bulldogs will go to Sayre, Oklahoma for the final game of the season for nine of the Bulldog squad.

Billy White, Bob Garton, Sherman Cosper, Gene Harris, Carrol Stepp, Jack Williamson, Gary Kunka, Bob Schneider and Fate Breedlove will be playing their last game for the Bulldogs as they graduate at the end of the spring term.

The Freshman team of Clarendon will also play the Sayre Jr. College "B" team tonight also with the game time at 6 p. m.

The starters for the Bulldogs will be Billy White, Bob Garton, Sherman Cosper, Gary Kunka and Carrol Stepp.

The starters for the Freshmen will be Boyd White, Don Reeves, Jay Wilson, Kenneth Newman and Don Landers.

Bulldogs Win Over Wayland; Comets Lose To Queens

Last Saturday night the College Comets lost to the Wayland College Flying Queens 51-38 and the Bulldogs defeated the Wayland Freshmen 77-71.

The Comets played a very good game but again the Flying Queens proved too much for them. The experience of the Queens began to show in the second quarter as they used the full court press to cause the Comets to make bad passes and lose the ball. The first and fourth quarters were about even but in the second and third, the Queens were able to pull away to a ten point margin.

The Comets were not hitting the basket as well as usual from the field while the Queens hit an exceptional high percent of their field tries. The Comets missed on 12 free throw attempts while the Queens missed only 5 from the free throw line.

At the end of the first quarter the Comets were trailing 15-16 and at halftime they were behind 29-26. At the end of the third quarter the Queens had increased the lead to 41-31.

Jo Ann Crawford was the leading scorer for the Comets with 11 points. Louise Short had 9, Susie Jones 8, Dianne Templeton 5, Marjorie Irlbeck 1, Patsy Vincent 1 and Dorothea Starker had 1. Barbara Holub failed to score.

In the boys game, the Bulldogs took the lead early in the first quarter and led throughout the game. At the end of the first half the Bulldogs were leading by a score of 41-32. In the early part of the second half they increased the lead to 15 points and then held on for the 77-71 victory.

Boyd White led the scoring for the Bulldogs with 30 points. Bob Garton had 15, Gary Kunka 15, Billy White 10, Carrol Stepp 5 and Jay Wilson 2. Sherman Cosper, Gene Harris, Jack Williamson, Don Reeves and Bob Schneider failed to score.

Bob Garton, Billy White and Boyd White controlled the boards the entire game on offense and defense. The Freshmen seldom got more than one shot at the basket when they had the ball. The Bulldogs hit a high percent of their shots from the field and scored 29 points from the free throw line.

The Bulldogs have one more game this season. Tonight they go to Sayre, Okla. The Bulldogs ended conference play with two victories and six defeats. The complete season record up to this time is 13 victories and 11 defeats.

The Comets have played fourteen games and have a record of 10 victories and 4 defeats. The games lost have all been to the Wayland Flying Queens.

METHODIST BROTHERHOOD TO OBSERVE BOYS NIGHT

The next regular meeting of the Methodist Men's Brotherhood, Monday, March 5th at 7 p. m. has been designated as boys night. A good meal will be served followed by a social hour.

Plan to attend this meeting whether you are a member or not and bring one or more boys as your guest. Tickets are available from the ticket committee or R. M. Chunn, the president.

COUNTY COURT REPORT

Morris G. Anderson, Amarillo, Texas, DWI, fined \$150 plus court costs; ten days in jail and drivers license suspended twelve months.

J. L. Lane, Clarendon, DWI, fined \$150 plus court costs, thirty days in jail and drivers license suspended twelve months.

Commissioners court in session today to consider bids for fencing the two new farm to market roads, one that intersects with 287 about 3 miles east of town going south and the other going west from the college building and to intersect with 287 at Ash-tola.

Mrs. W. D. Shelton of Amarillo spent the week end in the home of Mrs. E. W. Bromley.

Brown Resigns From Clarendon Public School System

The resignation of Mr. and Mrs. C. R. Brown from the Clarendon Public School System was announced this week by W. W. Pinkerton, Supt. of Schools. Resignation is to be effective at the end of this school term.

Mr. and Mrs. Brown have been in the Clarendon Schools for the past five years. Mr. Brown came to Clarendon in 1951 as Junior High Principal and coach; was later moved to high school girl's coach. In 1954-55 term Mr. Brown organized a girl's basketball team in the Clarendon Junior College and took third place honors at the National AAU Tournament at St. Joseph, Missouri. At the beginning of this school term, he was named coach of the college boys in addition to continuing as college girl's and high school girl's coach.

Mr. Brown's teams have hung up impressive records this year. The college girls have been defeated only by the National Champions, the Flying Queens of Wayland College. They have defeated such outstanding teams as the Nashville Business College girls of Nashville, Tennessee, and the Iowa Wesleyan College girls of Mt. Pleasant, Iowa. The college boys have won 14 games while losing 11 this year. This is the most impressive record ever made by a Bulldog team. Mr. Brown's high school girl's team this year won 22 games while losing only 6; this with a team that had only one senior on the entire squad.

Mrs. Brown has been teaching in the first grade all her years in Clarendon. Mr. Brown stated that he and Mrs. Brown have enjoyed living and working in Clarendon. They did not announce any definite plans for the future.

VOLLEY BALL TOURNAMENT NEXT WEEK

Plans for the Volley Ball tournament sponsored by the senior class of Clarendon High School are well underway with fourteen independent teams entered at the present time. Games will be played Wednesday, Thursday, and Friday, March 7-8-9th, this coming week. Admission will be 15c and 35c.

The public is invited to come out and help support the tournament. First, second, and third place prizes will be awarded. Watch for more news about the time for these games.

EVENTS DURING PUBLIC SCHOOLS WEEK

During Public Schools Week, there will be several programs offered. All will take place in the College Auditorium and the public is cordially invited.

Monday, March 5th 10:00 A. M. One-act play by college students, sponsored by Miss Naomi Allison, speech instructor.

Tuesday, March 6th 11:00 A. M. Band Concert, sponsored by Mr. Allen Pittser, band director.

Wednesday, March 7th 11:00 A. M. One-act play by high school students, sponsored by Miss Allison.

Thursday, March 8th 1:00 P. M. Speech program consisting of declamations, dramatic readings, etc., sponsored by Miss Allison.

Third Polio Shot Due Soon

The Leader has received information that the third polio shot is due within the next two weeks for all those first and second grade students who have already received their first two shots. Previously these shots have been given free but this third shot will have to be paid for by the parents.

Parents of youngsters who are up for this third shot should contact their family physician and make arrangements for the shot which we understand will be given at a very nominal fee. From what we can learn, this third shot of the Salk Vaccine is very important in the success of immunity for the individual who has already received the first two shots.

ALICE McCRARY INJURED IN CAR ACCIDENT

Miss Alice McCrary, daughter of Mr. and Mrs. Forrest McCrary of Vernon and formerly of Clarendon, was injured Monday near Windhorst when the car in which she was riding blew a tire and turned over. It threw Miss McCrary thru a barbed wire fence and her companion Miss Jannette Barkett against the fence. Miss McCrary was reported in fair condition at last report. Both ladies are teachers in the Clarendon public schools.

Block Chairmen Appointed For 1956 Red Cross Fund Drive

In preparation for the 1956 Red Cross fund drive, block chairmen for Clarendon have been appointed by the residential chairman, Mrs. Forrest Sawyer, according to Kelly Chamberlain, fund raising chairman.

After the kickoff breakfast Monday, March 12, these women will each be assigned blocks and will call on each house in those blocks to obtain donations.

Members of the Lions Club will canvass the business district the same day. Chamberlain says it is his purpose to complete the entire drive in one day. The quota this year is \$1200.

Those appointed to block chairmen are:

Mesdames Dick Shelton, R. Y. King, J. Gordon Stewart, Lawrence Neece, J. R. Porter, L. L. Wallace, C. T. McMurry, Alvin Landers, Lewis Foxhall, Emmett Simmons, Carroll Knorpp, Ray Palmer, Lloyd Benson, Curtis Mears, Houston Bell, J. D. Swift, W. J. Lewis, Jr., Selden Bagby, Rayburn Smith, Carl Allmond, W. G. Word, Carrol Hudson, Hayward Warner, Chas. Lowry, H. M. Breedlove, J. I. Spurgeon, Ralph Decker, Lynn Leathers, M. R. Allensworth, Bill Greene, Sr., Frank Phelan, Sr., Joe Goldston, Frank White, Jr., J. H. Headrick, Ed Dishman, Eva Rhode, Ralph Keys, Chester Martin, Geo. Schollenberger, Ernest Hunt, John Head, Allan Jefferies, Floyd Lumpkin, Barcus Antrobus, W. M. Pickering, M. M. McCully, Alfred McMurry, Pat Slavin, and Misses Mable Mongole, Naomi Allison, Isla Smith, Etta and Ida Harnd.

SCHOOL CAFETERIA MENU

March 5-9th MONDAY Boiled ham, cream corn, English peas, bread, milk, and peach pie.

TUESDAY Hot dogs with chili, red beans, spinach, buns, milk, cookies and orange juice.

WEDNESDAY Steak, gravy, cream potatoes, blackeye peas, home made rolls, butter and apricots.

THURSDAY Meat loaf, green beans, spaghetti and tomatoes, lettuce and tomato salad, milk and pudding.

FRIDAY Cheese burgers, lettuce, onions, pickles, potato chips, buns, milk and fruit.

OFFICIAL MEMORANDUM

By ALLAN SHIVERS Governor of Texas

GREETINGS:

The greatest source of assurance for the future of the American way of life is our Public School System, which enables our youngsters to become familiar with the magnificent history of men and events which has made our Republic the most powerful, respected and favored country the world has ever known.

The public schools provide the tools of knowledge which will equip our young men and women to become constructive and responsible citizens in this land of freedom.

We have a great responsibility to maintain and advance the ideals and standards which our people have come to expect of their public schools. We must keep pace with the growing needs of our schools by providing new classrooms, improved methods and by encouraging loyal, able, qualified men and women to adopt teaching as a lifetime career.

NOW, THEREFORE, I, as Governor of Texas, do hereby designate the week of March 5-10, 1956, as PUBLIC SCHOOLS WEEK in Texas, and urge every citizen to visit at least one public school during this period and to become personally acquainted with the programs and accomplishments of our educational system.

In official recognition whereof, I hereby affix my signature this 10th day of January, 1956.

Allan Shivers Governor of Texas

Bulldogs Lose To Badgers, 77-68

Last Tuesday the College Bulldogs met the Amarillo Badgers in Amarillo and were defeated 77-68. The locals played one of the best games of the season but the playing of Charles Brown proved too much for them. Brown, playing his first game against the Bulldogs, scored 37 points for high point man of the game.

The Bulldogs got off to a good start and were leading at halftime 35-34. In the second half they increased the lead to seven points before two of the starters, Bob Garton and Sherman Cosper, had to leave the game with five fouls. The Badgers tied the score with ten minutes remaining and went on for the 77-68 victory.

Billy White led the Bulldogs in scoring with 16 points, Gary Kunka had 15, Boyd White 12, Bob Garton 8, Sherman Cosper 8, Carrol Stepp 7 and Fate Breedlove 2. Jack Williamson and Don Reeves saw some action but both failed to score. This was the last conference game for the Bulldogs and they ended conference play with 2 victories and 6 defeats.

Eighteen Identify Mystery Farm Number 41

A total of eighteen persons correctly identified Mystery Farm No. 41 this past week. Mrs. Jack Eads drew out for the free subscription to the Leader; Mrs. W. O. Elliott drew out for the two free movie tickets to the Mulkey Theatre and Mrs. W. D. Higgins, Mrs. Wallace Raney, and Mrs. Raymond Waldrop each drew out for one free movie ticket.

Others correctly identifying Mystery Farm No. 41 were Willard Webb, Walter Lowe, Mrs. Leon Foster, Mrs. J. H. Helton, Mrs. D. T. Smallwood, Mrs. L. L. Wood, W. B. Ayers, W. O. Elliott, Mrs. C. C. Ayers, Teddy Shaller, C. C. Ayers, Mrs. Carl Barker, and Mrs. Bill Mooring.

Mr. and Mrs. Van Hill of Gainsville spent the week end here February 17-18. While here they purchased stock from the Morris-Green Galloway herd.

Jr. High Teams To Play For District Honors

Both the Jr. High girls and the Colts have won the right to play in the District tournament at Alanreed this week end which will determine the winners of the District in both brackets. Both are winners of the North half of the Eastern Panhandle District League. The boys won their final play-off game over Alanreed here Tuesday night 37-21.

Since we are a bit behind on the information regarding the Jr. High girls record for the season, we will bring this data up to date as the girls certainly have a fine record of which to be proud. Their coach is Stina Cain, principal of Jr. High.

Last Thursday they defeated Lefors 27-4 to win the North half district honors. They have defeated all the teams in this district twice and have only lost one game the entire season and that was to Lakeview in their first meeting; they defeated Lakeview here Tuesday night 37-21.

In Conference play they defeated Shamrock 19-11 and 33-14; Lefors 30-16 and 27-4; Alanreed 33-7 and 27-16.

Members of the girls team are Maggie Morrow, Judy Johnson, Ann Slavin, Betty Parker, Alice Johnson, Barbara McBrayer, Patricia Owens, Brenda Putman, Jackie McClellan, Marilyn Stewart, Jacquie Bell, Sherry Montgomery, Janie Smith and Beth Johnson.

They will enter the District tournament tonight with the thought and spirit to win the district title. The tournament is scheduled for March 1-2-3rd. The boys team will be playing in this tournament also, so check with the Jr. High officials for the exact time the Jr. High teams will be playing and give these youngsters your whole-hearted support to help bring home the district trophies.

Texas Public Schools Week - March 5-10

Texas Public Schools Week will be observed throughout the state March 5-10, as proclaimed by Gov. Allan Shivers. The observance, inaugurated in 1951, is sponsored by the Texas Citizens' Committee on Education, headed by Chairman John McKee of Dallas.

Every citizen is urged to visit at least one public school during this period and to become personally acquainted with the programs and accomplishments in our educational system. A goal of more than 1,500,000 Texas citizens to visit public schools during the week has been set.

In issuing the proclamation, Governor Shivers said, "The greatest source of assurance for the future of the American way of life is our Public School System, which enables our youngsters to become familiar with the magnificent history of men and events which has made our Republic the most powerful, respected and favored country the world has ever known."

"The public schools provide the tools of knowledge which will equip our young men and women to become constructive and responsible citizens in this land of freedom," the Governor said.

"We have a great responsibility to maintain and advance the ideals and standards which our people have come to expect of their public schools. We must

keep pace with the growing needs of our schools by providing new classrooms, improved methods and by encouraging loyal, able, qualified men and women to adopt teaching as a lifetime career," Governor Shivers declared.

State T. A. L. A. Convention

Mrs. Leggett and three of the high school library assistants attended the Teen-Age Library Association convention in Waco Friday and Saturday. The three girls going were Evelyn Chamberlain, Marjorie Green, and Stella Tipton.

The convention headquarters were in the Roosevelt Hotel. There were nearly a thousand teen-agers and sponsors present.

Friday morning was devoted to registration and committee meetings, the program beginning after lunch. San Antonio, Abilene, and Seminole presented a delightful program, the theme of which was "Libraries: Past, Present, Future."

Friday night after a supper in the Waco High School Cafeteria, a clever variety program entitled "Fun Frolic" was presented in the high school gym.

Saturday morning the main business session was held in the gym. The delegates from the western part of the state wanted to bring the next meeting to Amarillo, but the selecting committee thought Amarillo was too far off. The fact that people in Waco were eating our dust Saturday didn't help any. Galveston will be the 1957 convention host city.

If West Texas didn't get the 1957 convention, we did do right well in electing officers. Our new

president is from Lubbock, the secretary, from Amarillo, and the state sponsor, Mrs. Effie Jewel Baggett, is from Amarillo.

The business meeting was followed by a luncheon in the Roosevelt Hotel. After the luncheon there was a program in the ballroom.

Of interest to many attending the convention, was a tour of the Baylor campus and a visit to the Browning Library. Exhibited along with the many fine pieces of literature were furnishings and personal belongings taken from the Browning home.

Since the scheduled speaker, Maggie Daly, was grounded by a snow in Chicago and could not be present, the Clarendon delegates left for home after the luncheon. All feel that they have been

greatly privileged to have had such a wonderful experience and are very grateful to the School Board and administration for making the trip possible.

PENDING LEGISLATION

The Committee on Interstate and Foreign Commerce is presently hearing witnesses both for and against legislation that is designed to prohibit the advertising of alcoholic beverages in interstate commerce. The questions involved have been a matter of public concern for some time but became more pressing and perhaps more controversial with the advent of television. Although there is vigorous objection by many to the advertising of alcoholic beverages through any medium, whether it be a distilled or fermented beverage, the most vigorous objection is to the type of advertising that has been employed through the medium of television. It is being contended that the individuals in their homes, together with their children, are captive audiences in many respects, and that the alluring and appealing programs used to promote these products are proving very detrimental to the entire

nation and are contributing measurably to juvenile delinquency. The bill before the Committee would prohibit the advertising of such beverages through any medium of advertising in interstate commerce, including newspapers, periodicals, etc. Texas was ably represented in the witnesses supporting passage of the bill in the persons of a former Amarilloan, Dr. Caradine R. Hooten, Executive Secretary, Methodist Board of Temperance; Dr. W. R. White, President of Baylor University at Waco; Dr. Sam Morris, of San Antonio, Texas, and Mr. Albert F. Tucker, Executive Secretary, Texas Alcoholic-Narcotic Education, Inc., of Dallas.

THE PRESIDENT'S HEALTH

The news that President Eisenhower was recovering his health in good order was welcomed by all here as it was by everyone throughout the nation. It is regrettable that there were attempts to inject partisan politics into the matter concerning President Eisenhower's health. I might say that in and around Washington I have found, without exception, a feeling of gratitude in the hearts of everyone that Mr. Eisenhower is recovering, not alone because he is the President, but mostly because he is a human being. We all hope that his health continues to improve and that his recovery is permanent.

ANOTHER FOOT IN MOUTH

This entire section of the country has been in an uproar over the statements made by Vice President Nixon in a Lincoln Day Speech in New York. In that speech he undertook to take full credit on behalf of the Republicans for all advances in the settlement of the racial issues. He especially called attention to the great advances that had been made in the field of desegregation and stated that the Republican Party was entitled to full credit. He added that the school desegregation decision was the work of a great REPUBLICAN, Chief Justice of the Supreme Court, Mr. Earl Warren. Frankly I do not argue the question with him, but do point out that it was only a few short years ago that he and his crowd were running rampant through the southern states blaming desegregation on the Democrats. Frankly, I am happy that he has finally come out and told the truth, not only about the desegregation question, but about the fact that he considers the Chief Justice of the Supreme Court as a partisan politician.

He also pointed out in detail that this administration has brought into effect rules and regulations that were not the statutory law of this land nor the Constitutional law of this land, but were the result of Executive Decrees that forced federal regulations on states and communities because there happened to be some federal funds involved in certain projects. In other words, the Vice President boastfully took credit for engaging in conduct and actions that would tend to centralize the control of this government and invade states rights.

New Step in Cancer Control Revealed

AUSTIN—A new step in cancer control is revealed by two University of Texas scientists, Dr. Roger J. Williams, famed director of the University's Biochemical Institute, and Dr. Alfred Taylor, his well-known research associate.

They announce they are now able to control with substantial success the growth of a mouse mammary cancer when cultivated in embryonated eggs. As a result of their study, they suggest that cancer control may involve the simultaneous use of suitable drugs along with certain physical agents, such as temperature increase.

While recognizing that a method which might control a cancerous growth in mice or rats could not be carried over unchanged to humans, Drs. Taylor and Williams say they believe their technique will be an excellent tool for long-range cancer study.

"Although no one can foresee the pathway by which cancer investigation will progress, it seems likely that it may take a course involving first the control of cancer in embryonated eggs, second its control in experimental animals, and lastly its control in human patients," they say in their report, prepared for publication in the February "Proceedings of the National Academy of Sciences."

Blowin' Out the Corners
By Ella Wheeler Wilcox

One of our best friends is always quoting the following as his favorite poem.
THE WINDS OF FATE
By Ella Wheeler Wilcox
One ship drives east, another west,
By the self same winds that blow.
'Tis the set of the sail, and not the gale,
That determines the way they go.
Like the winds of the sea are the ways of fate
As we voyage along thru life.

'Tis the set of the soul that decides the goal,
And not the calm or the strife.
"Others can give us a chance,
but only ourselves can take it."
"To be useful even a pin must have a head."

We read the following someplace; "Even the word American ends in I-Can." When we think of the things that we as Americans have brought to the world in the last 100 years we almost lose our breath. Inventions, discoveries, success of individuals, and on and on. Many of the things so wonderful and marvelous and others for destruction. Makes us stand in awe sometimes as we realize that advancement and accomplishment brings with it an even greater amount of responsibility. The more we lead the world; the more careful we

need to be of our leadership.
Someone remarked: "We need to be proud of the town in which we live, but that too, we need to live so that our town would be proud of us." These two things should not be too hard to harmonize with each other.

The following joke sort of helps us bring out a point;
He—"Here comes a friend of mine. He's a regular Human Dynamo."
She—"Really."
He—"Yes, everything he has on is charged."
Of course there is nothing wrong with owing for our clothes, but the thing that is always amusing to me is to see someone trying to appear something more than they are. We have talked with people that really believed that if they could "Dress up fit to kill", drive in to their old hometown in a Rolls Royce that they would just, "Knock the natives cold." But that isn't true, is it? Actually, the folks in our own home town are the first to

know us and count us for what we really are and perhaps not what we pretend to be. How did that old saying go, "You can fool all of the world part of the time, and part of the world all of the time"; anyway, this part that you can't fool all of the time must be those who know us best.

Speaking of jokes we heard this one the other day and sort of got a kick out of it.
Father—"Son, when I was your age, I was working 10 hours a day carrying bricks for a bricklayer, and earning my own money."
Son—"Father, thanks a lot. If you hadn't done that, think what I might have to be doing now."

Eighty per cent of the fur seals in the world are found on the Pribilof Islands off the coast of Alaska.

Take it or leave it—
There's something to do!
Just think it over—
It's up to YOU!

DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

One of the newer Conservation practices which the Donley Soil Conservation District has been advocating recently is the use of draw down pipes in erosion control dams. In laying out these dams technicians of the Soil Conservation Service check the acreage of drainage area, the acre feet of water storage in the pond and the condition of the drainage below the pond site. In addition to using these draw down pipes in new dams, it is possible to reconstruct or enlarge old dams and install a draw down pipe at this time. By carrying a major part of the water which goes past the dam, these pipes greatly reduce the danger of the spillway eroding or cutting out. Also, in most dams there is an acre to several acres of grass which is covered with water when the dam is full and the grass is killed out. Then, for several years the dam only gets partly full, and the above mentioned area is a worth-

less—even dangerous (due to the possibility of poisonous weeds) piece of land. With a draw down pipe this weed bed area is eliminated. The water doesn't stand on it long enough to kill the grass. Also, since it is likely that the water will get up to the pipe level fairly often it will keep weeds killed to this line, and from this point on up there would be grass.

Mr. R. McCluskey, who recently purchased some land from Raymond Farr, and has become a cooperator with the Donley Soil Conservation District, plans to use this practice. On the place he bought, there is a dam which has a spillway that will likely wash out with the next heavy rain—if something isn't done. Mr. McCluskey plans to lay a six inch pipe through the present spillway and slightly below its level. Then the present spillway and dam will

be raised to give storage above site does not allow spillway, however spillway will be height. Due to tube and a high the drainage as if this new spillwater and thus back like the old

Amarillo Man To Head Cancer Fund Raising Campaign For District 3-N

AUSTIN—Elwood Whitacre of Estate Life Insurance Company, Amarillo, has been appointed crusade director for District 3-N for the American Cancer Society's annual fund raising educational crusade, according to an announcement by Joe Polichino, 1956 state crusade chairman for the Society's Texas Division.

"Whitacre, who has served actively in cancer control work with the Potter County Unit of ACS," stated Polichino in making the appointment, "will coordinate the efforts of hundreds of volunteers throughout District 3-N to secure funds for support of the American Cancer Society's three-pronged attack on cancer through education, research, and service."

District 3-N is composed of the following 20 counties: Armstrong, Carson, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hans-

ford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Potter, Randall, Roberts, Sherman, and Wheeler.

"Last year," Polichino said, "the Texas Division raised over \$895,000. This year our goal for Texas is \$1,017,640, and for the nation \$26,000,000."

Indicating the importance of the annual April Cancer Crusade, Polichino explained, "the April Crusade is the most decisive factor in saving thousands of lives from cancer each year because through the concerted effort of ACS volunteers everywhere Texans are learning the importance of recognizing the early danger signals of cancer.

"Although," Polichino stated, "9,144 Texans died of cancer last year, an estimated 3,000 Texans were saved because they learned the facts of cancer in time. It is estimated that an additional 3,000 persons could be saved through a greater crusade effort.

The American Cancer Society is spending nearly \$6,500,000 nationally in a strongly coordinated cancer research effort by over 1,000 scientists in a total of 152 institutions. More than \$250,000 is currently being spent in Texas alone.

These two were given by the C. C. Powells. Quite a few books have been ordered in memory of Richard but are slow in arriving.

We have had some used books and dollars given us this week that will be very helpful. Our patronage is increasing. For a while Television reigned supreme. Our magazines for boys and books also are insufficient.

Boys are rather "choosy" about books.

Our frontier and western material are excellent. The most used shelf is that of the "New Funk & Wagnalls Encyclopedia" that were given us in 1955. They are excellent and contain every subject it seems. A wonderful gift!

SOCIAL SECURITY INFORMATION

Farm operators who paid as much as \$100 in cash wages to any farm employee during the year 1955 should file an employer's tax and information return for agricultural employees, John R. Sanderson, Manager of the Amarillo Social Security Office announced today. This tax return should be filed with the District Director of Internal Revenue, Dallas, Texas together with the social security taxes on the wages shown on the form.

Sanderson emphasized that this annual report of wages paid for agricultural labor should have been filed with the Internal Revenue Service before January 31, 1956. The return must show the name, social security number, and wages paid every employee whose cash wages from the same farmer amounted to \$100 or more.

Farmers, who must make these tax returns and have not yet received or written for the proper forms, should write the District Director of Internal Revenue, Dallas or Amarillo, immediately in order to prevent further delay in getting the report filed.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

There are only a few books to announce this week as we have been too busy doing the clerical work that is essential and have not prepared our books for issuing.

"Blaze and Thunderbolt" by C. W. Anderson and illustrated by him is a memorial in memory of Richard Bownds, also "Home On the Range" written and illustrated by Berta and Elmer Hader. These books that are written and pictured by the same authors are exquisitely done, and the stories realistic and fascinating. We have most of the books by each, but they are very expensive, altho substantial for usage. The children ask for them in advance.

McCracken - Roberts

At a double ring ceremony Saturday at 2:00 P. M. in the home of Mr. and Mrs. Roy McCracken, Miss Marceline McCracken of McLean became the bride of Charles Ray Roberts of Amarillo, Texas. Reverend Wells officiated.

Given in marriage by her father, Mr. Roy McCracken, the bride wore an afternoon dress of white faille. The moulded long torso bodice was styled with a scoop neckline trimmed in small rose buds and rhinestones. Her jewelry was a sweetheart necklace with rhinestone ear clips and bracelet.

She wore a winter white straw hat and carried a bouquet of red carnations on a white Bible.

Miss Helen Bruner was maid of honor. She wore a dress of pink silk shantung with a white carnation corsage.

Miss Cheryl Jean Davis, niece of the groom, was ring bearer. She wore a blue taffeta dress with white accessories. Her corsage was of baby pink roses.

Mr. Wayne Morris of Clarendon, Texas served as best man.

Miss Mollie Ervin played the Wedding March on the accordion. Miss Jo Ann Turner sang "Because" and "Always".

For her daughters wedding Mrs. McCracken wore a navy blue dress with matching accessories. Her corsage was of white carnations.

Mrs. C. B. Roberts, mother of the groom wore a grey suit with

contrasting accessories. Her corsage was of red carnations.

Following the ceremony, a reception was held in the home. The serving table was covered with a lace cloth over red linen, centered with the 3 tiered wedding cake, with an arrangement of white decorated candles.

Guests were registered by Mrs. E. C. Husted of Pampa, Miss Laura Brown and Miss Helen Day served the cake and punch. Assisting with the serving were Mrs. C. C. Hayter of Lefors and Mrs. Martin Bilderback of Amarillo, aunts of the bride.

The bride is a senior of the McLean High School, and the bridegroom is a graduate from Clarendon High School, and now attending Draughts Business College. He is employed with the Santa Fe Railway of Amarillo.

The couple will make their home at 408 Houston Street, Amarillo.

A number of relatives and friends attended the ceremony.

Junior College Meeting Held In Austin

The Texas Junior College Association and the Texas Junior College Teachers Association held a joint meeting February 24-25 in the Stephen F. Austin Hotel, Austin, Texas.

Registration began at 10 a. m. Friday on the Mezzanine. Dean L. D. Haskew of the University of Texas gave the address at the first general session. Dr. Haskew spoke on "Religion in the Junior College." He declared that religion is an essential ingredient of everyday living; that religious training is just as important a part of the school program as the teaching of citizenship, the appreciation of the great literatures, or the teaching of any other subject in the curricula; that junior colleges have an obligation to let students make "live choices" about religion; to see to it that they don't merely "drift," and as citizens know the strategic place of organized religion in modern life.

Dr. Marvin Vance, pastor of the First Methodist Church, was speaker at the Friday night banquet.

Sectional meetings were held Friday afternoon and Saturday morning for the different subject groups. The Clarendon Junior College representatives were Mr. O. L. Abel, who attended the Business Administration meeting; Miss Naomi Allison, the Speech-Drama; and Miss Lucile Polk, the Social Science. Mr. Abel and Miss Allison were elected secretaries for their respective groups for the ensuing year. All report worthwhile programs and problems for discussion. Mrs. Jimmy McCasland from Groom, a student in Clarendon College, attended the association as a visitor.

The junior college is an expanding part of our educational program. Texas has 45 junior colleges and ranks second among the states of the nation in number. The total junior college enrollment in Texas is 60,103.

CARD OF THANKS

I would like to say Thank You to my many friends who visited me while I was sick and for the lovely flowers and gifts and cards I received. You will never know how much it all meant to me.

THE LION'S TALE

By Carl Allmond

After the usual procedure, Boss Lion Lowe asked Lion Caraway for information concerning the Lions Crippled Children Camp in Kerrville. Caraway is chairman of this committee, and stated that the camp can take care of 720 children; it begins in June and ends in August. This is a free two weeks vacation for crippled children, and the local club wishes to do its part in sending children to the camp. Anyone knowing of a crippled child, please notify Caraway.

Last Tuesday, Lion Porter announced the intentions of Dr. Smith's coming to Clarendon. Porter stated that Dr. Smith has definitely decided to come to Clarendon. He appointed Frank White Jr., Walter Taylor, and Carl Allmond as a committee to obtain estimates on the cost of repairs to the building. For the past week, the committee has been working on the heating system. At this writing, the system is working, and has been in full operation for 48 hours. Two hours after the boiler was fired, an S.O.S. was sent out for thermometers. Before we could count ten, Frank White Jr., and Frank Phelan Jr., had reported. The thermometers were scattered over the building, and before cutting down the fires, they registered 90 degrees. With a few minor repairs, we think one of the big obstacles has been eliminated.

Drennan, for the second time, handed three men a subject to talk on Pinkerton was first, and his subject was "The Needs of the School System." Before talking on his subject, he reminded the club, that beginning Monday, March 8th through Thursday is Public School Week. The public is invited and urged to visit the school at anytime during this period.

Getting to his subject, Pinkerton gave us the most important needs of the system: 1. New or better building facilities; 2. Separate college and high school teachers; 3. Additional courses for Junior College.

Rev. Ryan was next "man at bat", with Frank Phelan Jr. in the hole. Ryan's subject was "The Needs of the Church." From the physical standpoint, Lion Ryan said that all churches need more and better buildings. However, Ryan said number one on the list of needs is the sense of loyalty in attendance, and the taking of responsibilities in operating the church. "Sympathy toward the church is not enough," stated Lion Ryan. His final plea was for greater enthusiasm among laymen, in regards to evangelism

which must be practiced for a forward development in Christian life.

Frank Phelan Jr.'s subject was "How to Accomplish the Improvements for Schools and Churches." Frank is still in the hole; Pinkerton and Ryan were so overloaded with their needs, that Frank didn't get to tell us "how to do it".

George Cadell, of Amarillo was our guest Tuesday.

When this hits the press, we plan to be on our way to Mexico City. "Buenas Dias."

MEETING HELD FOR RECOMMENDATIONS TO 1957 NATIONAL HANDBOOK FOR ACP

A meeting was held Friday, February 24th to make recommendations to the 1957 ACP Handbook. The Donley County ASC Community Committeemen and County Committeemen, also supervisor of FHA and WUC of SCS departments. Only one recommendation was made which was to widen terraces as to their distance apart for different types of soil, also taken into consideration the slope of the land. This recommendation will be prepared and sent to the State ASC by March 2, 1956.

COTTON EXPORTS DECLINE FORECASTS RECORD CARRYOVER

In the light of sharp cotton export declines an all-time record carryover of 14 million bales of cotton is forecast for next August 1st.

With a total of 25.7 million bales indicated as the 1955-56 supply a new cotton supply record is being set. An estimated disappearance of 11.7 bales in domestic consumption and export leaves a carryover of 14 million bales — an amount one million bales above the previous record established in 1939.

Exports from August 1 thru November 1955 totaled about 506,000 bales compared with 1,129,000 in the same period a year earlier. This is a decline of 55 per cent.

The decline was most marked in exports to western European countries and Canada, with practically no November shipments to Austria, Belgium, the Netherlands, Sweden, Switzerland, and Canada, and only a few thousand bales to France, the Republic of Germany, Italy, Spain, and the United Kingdom.

Jimmy Dale Shults is visiting a few days this week in the home of Mr. and Mrs. Barney Baten and Laquita at Memphis.

Mr. and Mrs. Harlie Gordon announce the arrival of a boy, Friday, February 24th in an Amarillo hospital. He weighed seven pounds and one-half ounce and was named Gary Douglas. Both mother and son were reported doing fine at last report.

Bobby Holland and Donna Gabbert of Hereford visited with Mr. and Mrs. C. W. Martin and Harold Sunday.

Guests in the home of Mr. and Mrs. J. D. Shults through the week end were Mr. and Mrs. John Hill and children of Ashtola; Mr. and Mrs. John Hahn and children and Mr. and Mrs. Odell Barker and Beatrice of Clarendon; Mr. and Mrs. J. T. Hill and children of Martin; Mr. and Mrs. Barney Baten and Laquita of Memphis and Mrs. Minnie Baten of Amarillo.

Mrs. Frank Thomas is reported getting along nicely after undergoing major surgery in Northwest Texas hospital Monday morning.

Mrs. B. J. Land and boys and Mrs. Pete Land visited the week end in Littlefield.

By VERN SANFORD Texas Press Association AUSTIN—President Eisenhower jerked the platform out from under the Republican Party in Texas, and his Democratic supporters in the Lone Star State, when he vetoed the now famous natural gas bill.

"To sign the bill," said the President, "would risk creating doubt among the American people concerning the integrity of governmental processes." This statement referred to a \$2,500 campaign contribution offered a Senator, presumably for his vote favoring the measure.

Strong support was given Ike in Texas, when the native son ran for President, because of his State's Rights stand. Another factor was his expressed belief in the private enterprise system of free competition. This stand made Texans feel the President would sign the bill.

U. S. Senator Price Daniel said "The President has made a great mistake."

Gov. Allan Shivers, Atty. Gen. John Ben Shepperd and members of the State Railroad Commission joined in criticizing the President's action.

Jack Porter, the Republican party's national committeeman from Texas, said that he disagreed with the advice upon which the President's action was based. The veto will make Porter's job in Texas more difficult.

Public officials and oil men in general seem in agreement that

passage over the President's veto is impossible. Therefore, Texas' next move may be a campaign to bring industries to Texas. This, because gas produced in a state and used by manufacturers located within that same state is not subject to control by the Federal Power Commission.

Ike's veto was a set-back to Senator Daniel who promised to report his future political plans by March 1. "Delay in passage of the farm bill, and the Presidential veto of the natural gas bill, may mean that I will not be able to reach a decision as early as I had planned, regarding the governorship race," said Daniel. "But we may have to fight this out on the home front in Texas," he added—still paving the way for entry in the governor's race.

Two Question Marks Two big question marks remaining in Texas' current political scene are the intentions of Atty. Gen. John Ben Shepperd and Lt. Gov. Ben Ramsey. No one seems to know what either will do.

Shepperd, only recently regarded as definitely planning retirement to private business, again is being discussed as a possible candidate, either for re-election or for governor. His only comment has been that, "The frost is still on the dogwood,"—interpreted as "it's too early for political announcements."

A growing number of editorials urging him to continue in public office have appeared in several Texas dailies. The latest have been the Lufkin Daily News and the Cuero Daily Record. It was the latter newspaper that broke the veterans' block-land-sales story. The Cuero Record commended Shepperd on his work in the veterans' land investigation.

For Ramsey the suggested possibilities include (1) running for governor, (2) running for re-election, (3) waiting for a possible U. S. Senate race, or (4) retiring to San Augustine. He has given no public hint.

Insurance Story

MYSTERY FARM NO. 41—This farm home was identified last week as the I. J. Self place located ten miles southeast of Clarendon. Mr. Self came in to make positive identification and

receive the glossy photo of the farm. Mr. and Mrs. Self purchased this farm and have been on the place ten years. The principal crops are cotton and feed. They

also raise some beef stock. Mr. and Mrs. Self were married in 1914. They have two children, J. R. Self of Napa, Calif. and Mrs. LeRoy Null of Chickasha, Okla.

Texas' once-explosive insurance story is beginning to lag. Industry spokesmen hopefully termed the new stage a "curative period."

Both legislative investigating groups have adjourned. Though more hearings are expected, predictions are that they have about run their course in making headlines.

Carbons of 11 letters written by A. B. Shoemaker, head of the defunct US Trust and Guaranty Co., to the then Insurance Commissioner Garland Smith, made headlines. However, the Commissioner had reported earlier that they knew the firm was selling securities. What they didn't know was how to get them stopped.

Insurance commissioners are urging companies to file replies to solvency questionnaires ahead of the May 31 deadline, if possible. Those passing the test will be announced in groups, starting perhaps in March.
