WAGE SCALES FOR PEONS

LAREDO, Texas, Jan. 24—(P)—A minimum wage scale of 2.50 pesos per day, or about 75 cents in American money, has been adopted for unskilled labor in Nuevo Laredo by the board of conciliation and arbitration appointed by the city of Nuevo Laredo to standardize wages for unskilled laborers. A peso at this time is equivalent to about 31 cents American money. The new wage scale will go into effect immediately after giving full approval by the board created to arrange a wage scale. This is the first step made towards standardizing the minimum wage which may be paid employed by Nuevo Laredo business men and others using unskilled Mexican labor.
