NUMBER 21

The best thing President Carter has done to date toward relieving the energy crisis was his long delayed decision to lift the price lid on the nation's crude oil. The increase is to be gradual from today's level of about \$9 a barrel to a world market price of about \$15 a barrel in 1981. Assured of a chance to operate at a profit, the country's oil men at last have an incentive to explore more and bring in more wells.

While announcing the good news, the president, it seems, still felt compelled to claim some justification for his refusal to decontrol prices before now. The proposal of a windfall profits tax on oil appears very much like an indirect way of saying that former objection has been based at least partly on unwillingness to let oil men make big profits. One would think that all along the administration has been holding out in a belief that the oil industry would eventually give in and make a sacrifice to rescue the country.

If that's how it was, the president must have realized that his strategy did not work. And now he really should have second thoughts about the windfall profits tax. As pointed out by John McKetta of the University of Texas, the US government in 1976 collected \$53.8 billion out of the \$74.8 billion received by the 35 largest oil companies. Other shares in the total revenue were payroll \$10 billion, dividends \$4 billion and the industry's net of \$7 billion. In other words, the government's already is getting the lion's share, and the reference to windfall profits appears like political talk with Carter telling the little people that he will protect them from the greed of industrial giants.

Regardless of other considerations, the president's big announcement was good news. Decontrol of prices will lead to more domestic production, with better balance of trade payments, more oil industry money circulating at home rather than abroad, and less dependence on foreign countries for a vital element in national security.

If's unfortunate, however, that another chapter in our energy story does not look as good. Still exploiting that nuclear plant incident in Pennsylvania to its limit, the government and the media continue to obstruct that part of the country's energy program. The Nuclear Regulatory Commission has just shut down five plants in which it was discovered that pipes of the cooling system might be subject to rupture in case of an earthquake.

Those plants are in Maine, New York, Pennsylvania and Virginia, which do not have earthquakes. As stated by New York Times, the chance of an earthquake there ranges from once in 10,000 years to once in a million years. In view of such odds, the shutdown is plainly absurd.

But that is only a part of the story. Admitting that some kind of improvement on the pipes is advisable as a safety factor, it still was not necessary to order this emergency shutdown when the repair work could have been done along with the usual once-a-year shutdown for refueling and maintenance. It's estimated that the cost of the shutdown is \$300,000 to \$500,000 a day at each of the nuclear plants. And while the plants are idle, the current for their customers has to be provided by other plants, using 150,000 barrels of precious oil every day. What a stimulating thought just when thousands of filling stations are closing part time because of the oil shortage.

There's no question about who will have to pay for the needless shutdowns. As always, the cost ultimately has to be charged to consumers, who no doubt would have been very pleased to take the long odds chance to avoid the addition to their bills.

Writing in Human Events, Reed Irvine explains why the Nuclear Regulatory Commission imposed this idiotic and expensive shut down on the people served by the five plants. Two members of the commission are opposed to nuclear power and regularly vote to hamstring its development. If the other three members had voted to wait for re-

Muenster Wins Big In District Tennis

Muenster High tennis players made a clean sweep of the District 14-A playoff at Grayson County College on Tuesday and Friday of last week. The big win qualifies five boys and three girls to advance to the UIL regionals at Stephenville.

The girls were first in singles and first in doubles, the boys were first in singles, first in doubles and second in doubles.

Five of the loop's member schools were represented in the tournament. They are Pilot Point, Pottsboro, Sanger, Celina and Muenster.

Jim Biffle, in singles, was the tournament sensation, winning six sets without dropping a game. He started with 8-0, 6-0 sets over Sanger and duplicated the performance against Celina and Pottsboro.

The meet's method of scoring was to award a point for each set won. On that basis MHS girls led with 11 and Sanger was second with 7.

The boys led with 13 and Sanger, Celina and Pottsboro were in a three way tie for second with 3 points each.

The two MHS doubles entries were next best in performance. Both went successfully through the opener and semi-finals and met each other in the finals for first and second places. Phil Wolf and Todd Richey ended as

School Transfer Applications Due

School transfer time has arrived at Muenster Public School. Superintendent L. B. Bruns announced this week that students who live outside the Muenster school district and intend to attend here will need to apply for a transfer on or before the April 30 deadline.

He said that application forms have been sent to parents of the students who are presently transferred, but there is a chance of missing some who expect to be new students next year.

If any such student was overlooked the parent is asked to contact Mr. Bruns soon.

Good Friday Closing Asked

Following a long standing custom of the community, business here will be suspended on Good Friday to commemorate the suffering and crucifixion of the Savior, Jesus Christ.

Mayor Leonard Endres asks local business firms to close their doors from 2:30 until the end of Good Friday services at Sacred Heart Church, which will begin at 3 o'clock.

Weather Worries Haunt C of C as Germanfest Nears

An uneasiness about the weather was the principal concern of the Chamber of Commerce at its regular meeting Tuesday at noon. Discussion was on the Germanfest, scheduled only two weeks away and problems that may be encountered unless ideal weather arrives soon.

Alvin Fuhrman, chairman reported on a number of subjects that had been discussed Monday night in a meeting of committeemen. They decided that parking will be difficult to impossible in vacant lots of the area if the event is not preceded by several days of good drying weather. To relieve the situation shuttle bus service is planned in school buses for persons who park up town.

Also the detour route of Highway 82 past the park is expected to be in use then while the job of removing the overpass gets under way. Parking beside any part of the road will not be permitted, however a first quality open street will be a big improvement over last year's traffic snarl. Appointment of Dick Ferber as traffic director is also expected to help the situation. Fuhrman said that 23 persons will be active at various jobs to keep the show going, also that 18 concessions are taken for the big tent and 6 or more outside the tent. Included is an improved beer concession serving in souvenir cups.

Along with his report the chairman asked chamber members not to overlook special community preparations for the big event. For instance fixing and painting, mowing lawns and trimming shrubs and hanging out special Germanfest decorations.

President Henry Weinzapfel, commenting on the chamber's meeting of directors last week, emphasized that the organization should strive for an image of promoting city and community interests rather than just reaping profits. Fuhrman added that efforts toward that end are being made by special attention to reception, parking and traffic assistance, fire safety and first aid. The assisting committeemen will be identified by chamber buttons.

CB Club Resumes Weather Monitor

With arrival of the tornado season the Muenster CB Club has turned its attention to emergency service.

Alerted by the devastating storms at Wichita Falls, Vernon and Lawton Tuesday, the group was on the job here monitoring channel 7 to keep in touch with the situation. Melvin Koelzer is captain and Tim Hartman is co-captain of the club.

Procedure in an emergency is to alert the fire department, the hospital, the police and Radio KGAP. The fire department will convey the warning to the public with continuous blasts of about 1 minute on the city siren. The signal differs from the fire warning in that blasts of 6 to 8 seconds are sounded for a fire.

Also on the CB Club's program is sponsorship of a Civil Defense film on tornado preparedness with Tom Watson, CD coordinator of the county, as narrator. The program will be shown next Tuesday at the public school, grades at 10 a.m. and high school at 11. Also, it will be shown Tuesday, 12:30, at Sacred Heart High and Friday, the 20th, 2:30 at SH Elementary. The public will be welcome at any of the five shows.

Bert Miller, third place winner in the Garden Club-sponsored Speech Contest at the State Convention in Odessa last Wednesday, April 4th.

Bert Miller Wins Third in State in Oratory Contest

Bert Miller, son of Mr. and Mrs. Herb Miller, and a senior at Sacred Heart High School, won third place in the Youth Communication Speech contest sponsored by Texas State Garden Clubs, Inc. The award was made at the State Convention last week in Odessa.

Bert won a trophy, a cash award and a certificate for himself and a Citation for the Muenster Garden Club, which sponsored him through the local competition, also the district competition at Fort Worth and the advance to state level. He was accompanied to Odessa by his parents.

Topic of his speech was "Join Hands for Protection of Wildlife and its Natural Habitats from Man's Encroaching Development."

Reunion Planned By Classes of '61

Graduates of 1961 of Muenster Public High School and Sacred Heart High School and all their classmates in the 8th grade and through High School, are invited for a get-together for visiting and reminiscing at the Germanfest on Saturday, April 28, 6 p.m. till 9 p.m. The meeting place is the old airplane in the Park. Food and drink may be obtained at the Germanfest. More information may be obtained from Mrs. Henry Starke (Margie) 759-4194 or Mrs. Roger Taylor (Janie) 759-4252.

Chamber Asks for Discretion in Law Enforcement

More discretion in local law enforcement was requested by the Muenster Chamber of Commerce at its regular meeting Tuesday. By a strong majority the members voted in favor of a resolution asking the city council to take corrective measures in practices which are giving a bad reputation, especially a speed trap.

Complaint was voiced that the officers seem more eager to make arrests, frequently for minor infractions, than to create good will for the community. The chamber voted to bring the matter to the attention of the next council meeting.

Also at the meeting, Henry Weinzapfel, president, listed duty assignments suggested by directors at their past meeting. Alvin Fuhrman was named for Germanfest, Sam Endres for park development, Monica Hess for public relations, Richard Marsquard for contact with newcomers, Arthur Felderhoff for Germanfest preparation, Queenie Walterscheid for phone committee.

Girls' Softball Approaches
As girls' softball season approaches, an appeal is being sent out for help in organizing the league and managing girls' softball teams this season. Any woman interested in help with this program is urged to call Mrs. Hank Walterscheid, 759-4192. Team eligibility is for girls, fourth grade through high school.

Mixed Drinks Nixed By Muenster Voters

Muenster voters went on record as favoring the status quo at last Saturday's elections. They did not want mixed drinks to be legalized, they did not want additional construction at Cooke County College, and they did not want a change of personnel on the hospital board.

In two other elections held at the same time they went through the routine of marking ballots that offered no choice. Only unopposed incumbents were on the ballot for the city council and the school board.

The keenest interest here was in the local option election which was originally intended to extend the city's wet status to a newly annexed area including the Kountry Korner store. The petition asked for legalized sale of alcoholic beverages excluding mixed drink. However that was an issue voted upon less than a year ago and was not legal for this election. Hence the wording was changed to "legal sale of alcoholic beverages including mixed drinks." If passed it would legalize mixed drinks in all of Muenster. If rejected it would leave the city unchanged.

That issue replaced the original issue of extending the

MHS Is Sixth at Little Elm Relays

Boys varsity teams of Muenster High and Sacred Heart High made a good showing in tough competition last Saturday at the Lobo Relays at Little Elm. With 41 schools in Classes B, A and AA entered, the Hornets took 6th place with 29 points and Sacred Heart scored 19.

First five places were taken by Pilot Point 74, Farmersville 61, Celina 48, Princeton 38 and Anna 34.

The meet gave Hornet coach Jerry Stinson an idea of what awaits his boys in the District 14-A meet. It definitely established Pilot Point and Celina as favorites for the district contest.

Muenster High points were earned as follows:
Shot put: Carl Pagel 2nd 52'2" (school record)
Discus: Carl Pagel 6th, 47'1/2"

Pole vault: Tim Hermes 4th, 11'6"
800 run: David Felderhoff 1st, 2:01.8 (meet record)
High hurdles: Kevin Klement 5th, 15.8"

Mile relay: Muenster 5th, 3:39.3 (Gary Klement, Todd Richey, Kevin Klement, David Felderhoff)
Discus: Paul Bartush 6th 440 run: Dick Dangelmayr 3rd

Mile run: Dale Schilling 3rd, Gary Henscheid 4th
Mile relay: Sacred Heart 6th (Bert Hesse, Dale Schilling, Jeff Hess, Dick Dangelmayr.)

A small group of the Tiger varsity plus the Tiger junior varsity will compete at Marjette, Okla., Friday, and varsity boys and girls plus junior varsity boys will compete in the Texas-Oklahoma Classic at Gainesville on Saturday. Next on the schedule in the TCIL district meet at Amarillo on April 20-21.

Car damage is the extent of loss to the Joe Galloways. Jeanette was in the Sikes Center Theatre when the storm hit. She was unhurt but found all windows and one tire of her car busted. Their home was not in the storm's path.
Also Clyde Fisher's beer warehouse, fortunately was not in the storm's path.

Accident Is Fatal To B. Hoedebeck

Funeral service for Robert J. "Bob" Hoedebeck, 67, of Ada, Okla., was held last Friday at 11 a.m. at the Griswell Funeral Home Chapel in Ada and burial was in Ada Memorial Park.

He died suddenly the preceding Tuesday night about 8 p.m. when run over by a trailer dump truck on an oil lease near Wilburton, Okla.

A native of Muenster, he was born October 4, 1911, a son of Fred and Anna Schumacher Hoedebeck. He moved with the family to Tishomingo, Okla., in 1930 and moved four years later to Ada as an employee of Ada Rig Co. He purchased the business early in World War II and has owned it since then. He was married to Estelle Carter on August 19, 1935.

Survivors include his wife and a son Bobby Dean of Ada; three grandchildren, seven brothers, Father Paul of Paris, Ark., Eugene of Muenster, Leo of Gainesville, Joe of San Diego, Calif., Cleatus and Norbert of Dallas, and Alfred of Irving; two sisters, Mrs. Frances Reiter of Muenster and Philomena Howell of Houston.

Among kin and friends attending the service were Gene and son Fred, Alfred and son James, Norbert, Cleatus, Father Paul, Mr. and Mrs. Leo Hoedebeck, Mr. and Mrs. J. M. Howell and Mrs. Ray Hoedebeck of Denison.

AUSTIN—What consumers pay for a gallon of gasoline will be going up again, soon.
 In the near future, what it costs to fill up your car or truck will definitely jump four cents a gallon. But don't blame the politicians. That price increase is the work of major world petroleum producers, such as Iran and Saudi Arabia, that announced this week an 18 percent jump in what they charge for a barrel of oil.
 Down the road even further, another five cents will probably be added to the price we pay for a gallon of gas. This time you can blame the politicians.

That extra nickel we'll be paying at the gas pump will come as the direct result of lifting price controls on what domestic producers of oil get for their product. President Carter appears to be on the verge of making such a move. After June, he will have the power, given to him by the 1978 federal decontrol act, to do so.

Most oil industry executives in Texas and elsewhere have called long and hard for abolishing regulation of domestic oil prices. Gov. Bill Clements wants "immediate decontrol."

The Texas Energy Advisory Council, the state's main source of official advice when it comes to energy, passed a resolution almost two months ago calling on the federal government to lift price controls. Lt. Gov. Bill Hobby and Speaker of the House Bill Clayton are members of the council.

The hope is that doing away with price controls would mean a surge in domestic oil production. Everyone agrees that prices will go up, but maybe, just maybe, it will put a dent in this country's reliance on foreign oil.

Windfall Profits?
 With the announcement

this week that foreign oil would be costing more in the future, the cry for decontrol was renewed. The only thing that appears to stand between Carter and the gradual lifting of price controls is the decision on whether a tax on predicted windfall profits should accompany deregulation.

Dr. Milton Holloway, executive director of the Texas Energy Advisory Council, encouraged the president to move ahead with plans to deregulate oil production.

As it stands now, almost half the oil produced in this country is subject to federal price controls. That oil—which makes up one-fourth of U.S. consumption—sells now for less than half of what it would bring on the world market. That price today, after the most recent increases, is just over \$15 a barrel. The controlled-price in the U.S. is \$5.25 a barrel.

Oddly enough, what politicians and energy experts alike hope will happen when price controls are abolished, appears to be underway, at least in part.
 Last month, the U.S. trade deficit was the lowest it has been in 21 months. The drop in money pouring overseas appeared to be effected heavily by the sharp decline in U.S. oil imports.

The 21-month low deficit almost meant the dollar would be getting back some of the punch it has lost in the last two years while this country grew more and more dependent on foreign oil.

In The House

With the 66th session more than half over, the House of Representatives appeared to be trying to make up for lost time this week as members tentatively approved a wide variety of bills that would aid an even wider variety of people.

Quickly, the House approved a measure requiring health insurance plans to cover chiropractors' costs, gave its okay to a "cancer registry" so that trends of the disease can be studied, said yes to a bill that would give the state the authority to guarantee loans for family farmers and ranchers and voted to restore the voting rights of convicted felons not on probation or parole.

The House also took on the sticky issue of initiative and referendum and came out doing about what the Senate had done up to that point—nothing.

In the House, debate on a bill giving voters limited initiative and referendum rights (restricted to rolling back excessive property tax increases) was postponed until late April.

In short, the House simply told the Senate: "The ball's in your court."

What the Senate did was attach an amendment to a property tax reform bill that would give voters the right to strike down the same kind of taxes addressed in the House bill. "This could give the governor an escape hatch," said Sen. John Traeger of Seguin.

Gov. Clements had warned the Legislature he would call a special session if lawmakers didn't pass some kind of initiative and referendum bill. Some doubt that even the rollback provision can pass the Senate. The

amendment is attached to the Senate version of Orange Rep. Wayne Peveto's tax reform bill that has had problems in the past getting through the Legislature.

Short Shorts

The Senate also moved this week to solve some of the problems pointed out by Chief Justice Joe R. Greenhill in the first-ever "State of the Judiciary" address that came in the opening weeks of the session.

Senators passed legislation that would allow intermediate courts of civil appeal to handle criminal cases as well. During his address to the Legislature, Greenhill suggested a move in an attempt to deal with the backlog of cases facing the criminal appellate courts.

While mortgage money around the state appears to be drying up and with fewer and fewer consumers being able to withstand the financial burden of becoming a homeowner, the Senate gave its tentative approval this week to legislation creating a state housing authority. Voters will be asked to approve the money needed (\$200 million in state-backed bonds) to fund such an agency.

Forty-two states have some kind of housing authority financed by taxpayers. This issue of a state housing authority has rattled around the Capitol since 1971 when then-Sen. Barbara Jordan filed a bill to create such an arm of state government.

And finally, this rather unsettling piece of news: tax assessor-collectors from around Dallas said in a seminar this week held in Arlington, Tex. that tax relief legislation already passed in the House would be costly to administer and might spark another tax revolt in 1982. Tax assessor-collectors at the seminar said too many people were being exempted from the tax rolls and that too many wealthy landowners were getting tax breaks they didn't deserve. Inevitably, the assessor-collectors said, the middle-income homeowner would be the hardest hit.

"I don't believe the Legislature, by and large, was aware of what they were putting before the people," said one assessor-collector of the tax-relief amendment approved by voters last November.

PRIORITIES
 An 8-page publication has just come to my desk entitled "China Update." It presents a very urgent discussion on the future of Taiwan. It discusses the threat to Taiwan's security, the international damage done to America by violating a treaty and casting a small country adrift without cause. It presents a strong case for Taiwan.

Taiwan, however, is only one of more than a dozen very pressing issues facing America today. We can't solve them all at once. Some of these issues are key issues, the solving of which will make possible a favorable solution of most of the others, a failure at which will make impossible the solution of most of the others. America's strength, her integrity and honor has been the hope of Taiwan for more than 30 years. It has likewise been the hope of Western Europe and most of the rest of the free world.

Many think America's first priority should be preserving the fundamental principles upon which she built to become foremost among nations, with ability to defend and to extend liberal aid to deserving peoples anywhere.

Many of these fundamentals are now being seriously threatened in America. I refer to our faith in God, as manifested by our devotion to the Christian religion.

I refer next to our respect for the laws of the land, especially the Constitution. In the third place, I refer to private enterprise, which inspired our people to their highest achievement in production of goods and in maximum productivity. It inspired people to dream and to set about to fulfill their dreams. It made America the center for the greatest number of worthwhile inventions and discoveries, thereby greatly increasing our productivity and our standard of living. It is clearly the most productive economy man has yet tried. These three fundamental principles are tied together. It is hard to have one

without the other two.
 Today, we are neglecting and allowing our enemies to undermine all three of them. This could lead us to the day that our promise of protection would be worthless anywhere in the world.

We live in God's world; we are of God's creation; we cannot expect to live successfully in God's world and ignore God. He is the Great Master. Of course, there have always been godless people in our land but godlessness was not popular. We had some atheists but atheism was not defended in our colleges and universities. We had some immoral people but fornication, adultery, homosexuality and abortion were not being defended from high places.

The shortage of gas and oil is only one example of what government through improper regulations and exorbitant taxes has done to a great industry. Had taxes been kept reasonable and had the oil and gas industry been allowed to operate according to the normal

rules of private enterprise, rules which dominated our industrial development for 150 years, we would have a lot more gas and oil in American today, and at lower prices. We might very well have all that we need of each from our own resources.

Enemies of our system have been allowed to spread a tremendous amount of unfavorable propaganda which a lot of thoughtless people have swallowed without thinking. Today, the Christian religion, Constitutional government and private enterprise are all under fire and being very seriously injured and damaged, within our own land and among our own people.

Nearly one farmer in five is now under the age of 35.

Jeff Hoedebeck in Communion Class

Jeff Hoedebeck, son of Mr. and Mrs. Paul Hoedebeck of Gainesville was in a class of First Communicants in St. Mary's Church Sunday, April 8. There were nineteen First Communicants.

Among those attending were Jeff's grandparents, Mr. and Mrs. Francis Wiese of Gainesville and Gene Hoedebeck of Muenster. Other guests were Fred Hoedebeck, Mrs. Gilbert Knabe and Ronnie, Gina and Jack Wiese, and Gary Dill.

Joining the group later were Leonard Wiese and Kim and Don Wiese.

Jeff participated in the Liturgy by giving the first Reading and the Responsorial Psalms. Later he phoned his grandmother Mrs. Gene Hoedebeck, who was a patient in Muenster Memorial Hospital.

The Paul Hoedebecks hosted a hamburger supper following for the above guests, to honor their son.

Bart Henscheid, 8, son of Mr. and Mrs. Virgil Henscheid and Robert Powell, 17, son of Mr. and Mrs. R.D. Powell of Myra, participated in the Special Olympics for the Handicapped Saturday at Fort Worth. They were among 10 entries sponsored by the Child Development Center of Gainesville.

Bart was first in his age

group in the baseball throw, a distance of 31 feet, also second in the 50 meter run with a time of 15.8 seconds. And he participated in the frisbee throw.

Robert was second in the 400 meter run and second in the baseball throw, in his age group.

Both are qualified for a state meet of the handicapped in Austin in May.

Local News BRIEFS

Mr. and Mrs. Willard Hartman and family of Killeen visited his parents, the Victor Hartmans and other relatives Monday and Tuesday, during spring break. Both are teachers in Killeen High School.

Mr. and Mrs. Dwayne Knabe and sons Rich and Greg of Clinton, Oklahoma visited his grandparents, Mr. and Mrs. Clem Reiter Friday through Monday.

Mrs. Alf Schumacher of Garland, aunt of Mrs. Clem Reiter and a former Muenster resident, has written to send get-well wishes to Clem, and has asked that her greetings be given to many old friends and relatives in her former home town.

Mrs. Jodie French is home again after eight days spent in Houston with her son and family, Mr. and Mrs. Billy Frank Richter and Gina Marie, Tracey and William Carl. She also visited three aunts, sisters of the late Frank Needham, Mrs. Ruth Roane, Mrs. Eddie Bond and Mrs. Blanche Sumrell, and with cousins, Mr. and Mrs. Joe Collier who took her to Galveston for a weekend visit.

Mr. and Mrs. Raymond Zimmerer were in Wichita Falls Wednesday to check on their son and family, Mr. and Mrs. Ray Zimmerer, Jr. and two sons, because of concern following the devastating tornado. The Ray Zimmerers' home is about 10 blocks from the hard-hit areas and they sustained no injuries or damage.

Wishes all A Happy Easter

MAKE LUNCH FROM SCRATCH

Be a winner!

It's easy. There's nothing to buy, nothing to write, nothing to mail. All you have to do is scratch.

It's the Meal Ticket Game. A great Event Program now at the Dairy Inn. And you can play every day.

Just get your card from the cashier and scratch. If 1, 2 or 3 hearts appear you're a winner! Here's what!

For 1 heart: medium drink or small sundae.
For 2 hearts: banana split or hamburger.
For 3 hearts: hamburger, fries & medium drink, or a meal from our salad bar.

2nd Chance

If you scratched and no hearts appeared, don't despair. You've got a second chance to win, in the Second Chance Game.

Sign your "losing" Meal Ticket Game cards and drop them in the box. You'll be surprised at what you can win.

Drawings at the end of each week.

Kopenhafer Baptism

Brody Joseph Kopenhafer, son of Mr. and Mrs. Tom Kopenhafer of Lansing, Michigan was baptized Sunday, April 1 by Father Robert Wilson in St. John the Apostle Church in Richland Hills, Fort Worth.

God-parents were Brody's uncle and aunt, Capt. and Mrs. James Kopenhafer of Millersville, Md. Another uncle and aunt, Mr. and Mrs. Don Wiese of Godley served as proxy god-parents.

The long christening gown worn by Brody Joseph is a family treasure. It was handmade by his maternal grandmother and was worn by all the children and grandchildren of Mr. and Mrs. Wilfred Reiter.

Attending the christening

services were the Wilfred Reiters and Roger of Muenster, Mr. and Mrs. Chris Felderhoff and Lloyd Reiter of Denton, Mr. and Mrs. Don Wiese of Godley, Linda Rohmer of Fort Worth, and relatives and friends of the Kopenhafers in the Fort Worth area.

All gathered later in the paternal grandparents' home for a champagne dinner.

Brody's grandparents are Mr. and Mrs. Joseph Kopenhafer of Euless, and Mr. and Mrs. Wilfred Reiter of Muenster. The great-grandparents are Mr. and Mrs. Harley Kopenhafer of Elroy, Wisconsin.

Mr. and Mrs. Tom Kopenhafer and son, Brody, of Lansing, Michigan spent from March 24 to April 6 visiting their parents, and grandparents, the Wilfred Reiters here and the Joseph Kopenhafers in

Euless. They also visited in Austin with the Jim Drozd family and in Richardson with Mr. and Mrs. Wayne Reiter and Tiffani.

Mr. and Mrs. Jess Hall of Ft. Worth announce the birth of their first child, a daughter, Laura Kristen, on March 23 at 5:56 p.m. in St. Paul's Hospital in Dallas, weighing 6 lb. 6 oz. Her grandparents are Mr. and Mrs. Al Schmitt of Muenster and Mr. and Mrs. Jesse Hall, Sr. of Springtown. Mrs. Jess Hall, Jr. is the former Joyce Schmitt.

Laura Kristen was baptized Sunday, April 8 at St. Bartholomew Church in Ft. Worth. Baptismal sponsors were Mrs. Al Schmitt of Muenster and Don Jackson of Dallas.

Shower Honors Michele Knauf

Mrs. Robert Knauf was the honoree when three hostesses, Mmes. Danny Voth, Billy Don Wolf and W.J. Luke entertained with a Come-and-Go shower Sunday afternoon, April 1 in the T.P. & L. Building.

Decorations carried out the Teddy Bear theme. The refreshment table was covered with a pink cloth overlaid with white lace. The centerpiece was a decorated cake topped with a miniature Teddy Bear. A pair of blue candle holders with pink candles completed the arrangement.

The guest registry table was covered in pink and held two ivy arrangements in Baby Bootie plant holders. Thirty guests were served cake, punch, mints and nuts.

Extension Office Schedules April 20 for Learn and Fun

A Learn and Fun Day, scheduled for April 20, will feature educational programs as well as some popular craft workshops.

The day will begin with registration and coffee at 9:30 at the Whaley United Methodist Church Fellowship Hall. At 10:00 a program on Arthritis will be presented by Ms. Marty Cook, Executive Director of the North West Chapter of the Arthritis Foundation. Ms. Cook's office headquarters is in Fort Worth.

The morning activity will also feature a program on Self-Protection for Women. It will be given by Louis Schaffner, of the Gainesville Police Department.

At noon a sandwich lunch will be served prepared by the Extension Homemakers Council. A \$1 Registration Fee will include lunch.

The afternoon activity will feature four craft workshops. These include silk flowers, quilting, stained glass, and wheat weaving.

The following people will be teaching the workshops: Mrs. Marceta Rinz, Ye Olde Book Shoppe, Stained Glass; Mrs. Shirley Haisler, Denton County Extension Homemaker, Silk Flowers; Mrs. Lucille Lutkenhaus, Muenster Extension Homemaker Leader, Quilting; and Mrs. Evelyn Yeatts, County Extension Agent, Wheat Weaving. Participants will choose one of the workshops to participate in. There will be a charge for the workshops since participants will be making a small project. The stained glass and silk flower workshops will cost \$1.75 each and the quilting and wheat weaving will cost \$1.25. Since supplies must

be bought, participants are asked to pre-register by April 16, by calling the County Extension Office at 665-4931 or 665-1966.

If anyone has questions about the program or would like to see a sample of the crafts, call Evelyn Yeatts, County Extension Agent or come by the County Extension Office in the Courthouse Basement.

The Learn and Fun Day is being sponsored by the Cooke County Extension Homemakers Council.

Like all activities sponsored by the Texas Agricultural Extension Service the Learn and Fun Day is open to people of all ages, regardless of socio-economic levels, race, color, sex, religion, or national origin.

All homemakers who would like to "Learn" as well as have "Fun" are invited to attend.

Get Tennis Trophy

MHS girls won a second place trophy in a tennis tournament at Whitesboro on March 28-30. Scoring on the basis of sets won Celeste was champ with 7 points and Muenster was runner up with 6. Others in the order of their finish were Pottsboro, Gainesville, Frisco, Howe, Sanger, Pottsboro and Whitewright. Brenda Wimmer and Karen Walterscheid played doubles, Barbie Wimmer played singles.

Because of a conflict with other events Jim Biffle was the lone representative of MHS boys, winning third place for the school. He won all of his matches.

Frank Waltersheids of Hereford Observe 50th Wedding Anniversary

Mr. and Mrs. Frank Walterscheid of Hereford observed their golden wedding on April 7, with a Mass and renewal of vows in St. Anthony's Church and a reception and buffet dinner following for a large number of friends and relatives.

Frank Walterscheid and the former Elizabeth Loerwald were married on April 15, 1929 in St. Peter's Church of Lindsay. In 1943 they moved to a farm north of Hereford

where they lived until his retirement in 1963 and then moved to a home in town.

They are the parents of nine children: Vincent, Leonard, Kenneth, Larry, and Mrs. Jeanette Rogers all of Hereford, Mrs. Doris Welch of Baton Rouge, Louisiana, and Mrs. Betty Shuval of Austin, also two who are now deceased, Butch and Richard Walterscheid. There are 31 grandchildren.

For the anniversary Mass, attendants were Mrs. Walterscheid's sister Catherine, Mrs. Al Walterscheid of Muenster, who was her maid of honor 50 years ago. Willie Walterscheid served as best man for his late father, Al Walterscheid.

Among relatives who were guests at the celebration were Mr. and Mrs. Lawrence Wimmer, Mr. and Mrs. Andy Wimmer, Mr. and Mrs. Oscar Walter, Mr. and Mrs. Chris Walter, Mr. and Mrs. Tommy Hesse, Mrs. Ida Hesse, Mr. and Mrs. Claude Klement, Mr. and Mrs. Ed Schneider, Mr. and Mrs. Jim Endres and Da Lana, Mr. and Mrs. Don Endres, Henry Loerwald, Mrs. Catherine Walterscheid, Willie Walterscheid, Henry, Francis and Jerome Fuhrmann, Dianne Kralicke, Terry Walterscheid and Mr. and Mrs. Terry Wimmer; also Sister Mary Helen Fuhrmann of Wichita Falls and Mr. and Mrs. David Endres of Garland.

Mr. and Mrs. Frank Walterscheid

Mrs. Linda Knabe, president of the VFW Auxiliary, presented a framed certificate of Appreciation to Hofbauer's and Fisher's, thanking them for the privilege of holding benefit Bake Sales within the stores. She is shown above with Harold Flusche, who is receiving the certificate.

Johnny and Butch Fisher are shown with the Citation they received from the VFW Auxiliary, expressing appreciation for courtesies and consideration to the Auxiliary and other organizations.

Hospital Notes

The following patients were dismissed during the past week at Muenster Memorial Hospital.

Friday, Apr. 6: Earl Hurd and Mrs. Frank Collier, Saint Jo; Mrs. Arlen Zumavalt, Myra; Alan Hamilton, Clanton.

Saturday, Apr. 7: Diego Mendez, Gainesville; Florence Coffman, Saint Jo.

Sunday, Apr. 8: Mrs. Gene Hoedebeck, Muenster; Mrs. Clyde West, Saint Jo.

Monday, Apr. 9: Katie Hacker and Barbara Walterscheid, Muenster; Burl Travelstead, Gainesville; Hubert Griffin, Bowie; Fred Arend, Lindsay.

A day at sea is divided into six periods of four hours each.

Her personal record for the season includes 19 points and 12-13 rebounds per game. She received six all tournament trophies during the four years. Carol is a daughter of Mr. and Mrs. Henry Grewing Jr., former residents of the Muenster community.

Carol Grewing, a four year starter on the Era High basketball team, a three year selection on the 7-B all district team, and a selection on this year's all-region team, has been named on the class B all state second team. She is the first player of the school's recent basketball history to receive the honor.

She is a leader on the Era team which finished the season with a record of 28-4 and the district with a record of 10-0.

"GENERATING PLANTS LIKE THIS ARE ONE OF THE REASONS THE COST OF ELECTRICITY HAS GONE UP."

Texas Power & Light Company spent more than \$225 million during 1978 to construct generating plants which use lignite coal and nuclear materials as fuel. This is a continuing program, begun in 1971, to phase out use of expensive natural gas. Even though the cost of electricity has gone up, TP&L is making progress in keeping the cost as low as possible. For example, in 1978, lignite-fueled plants saved the average residential customer \$55.00 on his electric bills. As more and more power is produced with lignite, TP&L will pass the savings on to all of its customers.

Overseas Workers Home for Easter

Former Muenster residents and former students of Muenster Public School are spending Easter vacations at their homes in Gainesville, after traveling great distances.

On Easter leave from his oil field job in Tripoli, Lybia, is Jimmy Harris son of Mr. and Mrs. Lester Harris. With him during the spring school vacation is his daughter, Cathy, of Borger, who is also visiting her grandparents here.

Also with relatives in Cooke County for their first Easter visit in a number of years will be Mr. and Mrs. Steve McElreath and children, Eva and Alex. They moved about three months ago to make their home south of Gainesville after living in Spain for several years. Steve is employed in Alaska. He will arrive home during the weekend for the Easter holidays and will also visit his parents, Mr. and Mrs. Rufus McElreath of Gainesville.

Bedrick Is 2nd in Cornbread Contest

Bill Bedrick won second prize in the annual Cornbread Baking Contest at Commerce this year. Last year the recipe and baked product he submitted won the top prize. This year his wife, Kay also entered the contest.

The Bedricks are former Muenster residents, now living in Commerce where he is TP&L Manager. Their daughter, Kim, is entered in the Little Miss Commerce Contest of April 26.

The news was sent to friends recently by Mrs. Marvin Morrison, who also wrote that her family attended the contest and bean supper, and sampled several of the cornbreads. She said that their son, Warren, is assistant director of the Miss Commerce contest sponsored jointly by the Jaycees.

Mrs. Marvin Morrison sent greetings to old friends in the Muenster area. They are also former Muenster residents.

Guests of Weinsapfels
Mr. and Mrs. Hugh Jackson of Haltom, City, visited her parents, the J. M. Weinsapfels Sunday, bringing with them their 8 month old granddaughter, Hester Haley Jackson. The little girl was with them for a week while her mother, Mrs. Joe Arthur Jackson of Anchorage, Alaska, was attending a seminar in Denver, Colo. Hester Haley is the 14th great-grandchild of Mr. and Mrs. Weinsapfel and the 50th descendant in their family. Mrs. Joe Arthur Jackson visited with the Hugh Jacksons following the seminar and she and the little girl will visit her parents in Los Angeles before returning to Anchorage. She is employed by the government in the field of purchase and sale of properties. Her husband is a representative of Beechcraft Airplanes.

Bowie Clobbers Muenster Hi 12-0

Eight hits and five walks, combined with Muenster's 11 errors made it easy for Bowie High to annihilate the Hornets 12-0 here last Thursday, especially since the visitors allowed only two walks and one hit and were flawless on defense.

Phil Wolf and Todd Richey shared the pitching ordeal and struck out six whereas the Bowie hurler went the distance and fanned 5. Dale Swirczynski got the lone Hornet hit.

Bad weather Tuesday rained out Muenster's season opener with Callisburg and the makeup game will be scheduled later.

Five teams will participate in the District 14-A double round robin baseball season. They are Muenster Callisburg, Pottsboro, Celina and Sanger.

A cubic foot of gold weighs about 1,200 pounds.

Michelle Rose Burr, Baptized

Michelle Rose Burr, infant daughter of Mr. and Mrs. Doug Burr of Sherman, was baptized in Sacred Heart Church in Muenster on Sunday at 4 p.m. Father Stephen Eckart officiated and Mr. and Mrs. Henry Starke were baptismal sponsors. Also attending were the maternal grand-

parents, Mr. and Mrs. Albert A. Knabe. A family gathering followed in the Henry Starke home and refreshments were served.

Michelle Rose Burr was born on March 16 in Wilson N. Jones Hospital of Sherman. Her mother is the former Gerry Knabe.

Mr. and Mrs. O. C. Ingram of Burns City, Mrs. Helen Branch and daughter, Rhonda of Gainesville and Dub Taylor of Wichita Falls were Sunday dinner guests of Mr. and Mrs. Grady McElreath and helped celebrate Brent's 14th birthday of April 7.

YOU CAN BANK ON IT!

Q. If you're in business for yourself, you should mind your business instead of your pension plan. Your time and specialized knowledge are too valuable to the business you manage to spend time at another specialty . . . pension plans. That's why the bank offers interest-bearing Individual Retirement Accounts (I R A). So the bank, not you, handles all the details.

Our I R As are designed for persons not under an approved pension or retirement plan. Depositors place up to \$1,500 a year into a retirement fund for themselves. Funds for 1978 may be added up to the time your tax return is due this year, and they need not be deposited on a regular schedule. There's no more red tape in opening an I R A than in opening an ordinary savings account. In effect, that's all it is . . . a long-term account.

If you have questions about an I R A, check with any of our officers. When they tell you about retirement savings . . . you can BANK on it!

AMPI Has a Successful Year

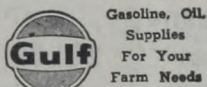

Associated Milk Producers, Inc., a 32,600 member farmers' cooperative, opened its Annual Meeting today in Rosemont, Illinois. AMPI, a regional milk marketing cooperative, reported more stable supply-demand conditions for milk and a strengthened finan-

cial and organizational position for the year ending December 31, 1978. In 1978, consumers benefited from inflation absorption by the dairy industry. Retail prices of milk and dairy products continued to reflect lower increases than did the prices of "All Foods". Also, the "All Foods" price increases were less than those posted by all items included in the 1967 based "Consumer Price Index".

In 1978, milk production nationally was down from 1977, and was not adequate to meet 1978 consumer demand. Surplus stocks of manufactured products moved back into consumer channels of trade in substantial quantities in the last half of the year, holding consumer costs down. Directly benefiting consumers also was the higher milk productive capacity of the U.S. dairy farms, preserved by the support price floors of 1977 and early '78, substantially reducing late 1978 deficits and limiting consumer price increases.

AMPI works for government dairy programs that will stabilize consumer prices at a level that will attract the correct amount of consumer milk supplies.

Although considerable price variations were experienced in 1978, "roller coaster" price fluctuations were prevented by the stabilization programs.

Jimmy Lehnert
Gulf Distributor
665-4562, Gainesville

Or see local dealer
Ferd's Gulf Station.

Member dairy farmers also benefit when the otherwise highly volatile dairy prices are stabilized.

The Financial Report disclosed that sales for the year were \$1.77 billion or some \$25 million above those of 1977. The cooperative, made up of dairy farmers in a twenty state area in the Midwest and Southwest, derived 65 percent of its revenues from the sale of whole milk to other handlers for further processing. Most of the balance was derived from the sale of manufactured dairy products, principally cheese, butter, and dehydrated milk products, processed in the Association's thirty-one plants. During the period, 13.9 billion pounds of milk was marketed for the Association's dairy farmer members.

Net margin for the period was \$7,585,000.00. Net margin to AMPI, a farmers cooperative, is not the same as net earnings to an ordinary business corporation; it is an amount retained from member milk proceeds, invested on behalf of members in such capital items as milk processing plants and milk transportation vehicles. The \$7,585 million net margins amount to one-fourth of one cent per half-gallon of milk produced by AMPI members. Not less than twenty percent of that net margin will be paid to dairy farmers in 1979, and the remainder will be issued in member equities for a longer period of investment in ownership of cooperative assets.

In 1978, checks were issued to retire \$7,968,000.00 of previous year's investments by members.

AMPI members have built additional financial strength in their cooperative while at the same time providing a full range of services.

Gainesville Hosts Student Council Of Muenster High

The Student Council of Muenster Public School attended a program on March 21 in the Municipal Building of Gainesville, on Citizenship and Civic Responsibility. Presenting the program were Gainesville Mayor Glenn Loch, Police Chief Dan Tiller and City Manager Ben Armstrong.

Mayor Loch spoke on the tremendous responsibilities of a person elected by the people and commented that the Student Council was an excellent place to receive a good introduction. He said also that elected and appointed officials, in addition to representing their own community are often called upon to represent their region and state. Adding that elected positions are not always "beds of roses," he pointed out that the reward of knowing that one had a hand in determining the future of the community and working with many to reach the best decision are reasons why civic minded people continue filling these offices.

City Manager, Mr. Armstrong spoke of numerous city positions under his supervision. He explained his responsibility to see that employees in all departments function to the best of their ability, and that tax monies are allocated to serve the most people. He emphasized the need for future city planning to prevent problems before they occur.

Police Chief Tiller led a tour of the police department, demonstrated equipment and spoke of the changing image of police personnel. A valuable statement made by Chief Tiller told how a policeman many times is forced to make an instant decision that later may be argued in courts, from the smallest court to the Supreme Court without reaching a unanimous verdict. Yet the policeman, in a matter of seconds, must render the decision which often affects thousands. The chief of police said also that public servants cannot always please everyone.

Students attending were Kathy Davidson, Kellie Hale, Duane Knabe, Carl Pagel, Robin Walterscheid, Debbie Zimmerer, Julia Bright, Lou Ann Dyer, Floyd Felderhoff, Mark Felderhoff, Curtis Pagel, Todd Richey, Bev Trubenbach, Judy Walterscheid, Kim Walterscheid, Benji Luke, Barbie Wimmer, John Zimmerer, Charlotte Fleitman, Lyle Huchton, Peggy Winn, Brent McElreath and Dora Sicking.

Accompanying them were sponsors Mrs. Patsy Sloan and Robert McDaniel.

S.N.A.P. Birthday Honorees

Birthday honorees at the S.N.A.P. luncheon on March 20 were Mrs. Joe Wilde, Mrs. Vic Gremminger, Herb McDaniel and Pat Fisher all of Muenster and Ike Fulton of Myra. There was also a very good attendance for the barbecued chicken dinner at noon, the table games in the afternoon and refreshments of coffee and birthday cake.

Myra Volunteer Firemen and their wives enjoyed an evening of fellowship followed by a barbecue supper Wednesday, April 4 at 7 p.m. held in the Community Center. Doug Martin, fire chief, was chairman of the event.

Stenholm Aims for Reduced Spending

Congressman Charles W. Stenholm was recently elected Treasurer of the Balanced Budget Caucus in the U. S. House of Representatives. In his position of leadership on this panel the Congressman limit the growth of government spending and work toward a balanced budget. He believes that deficit spending must be eliminated if we are to maintain the fiscal integrity of this Country. He is sponsoring a constitutional amendment to accomplish this goal.

For years Congress has succumbed to the temptation for more spending to solve our nation's problems. As additional demands have been made on the Federal bureaucracy, it has become inefficient, expensive and unwieldy. We are now finally beginning to realize that many of our social problems cannot be solved by throwing money at them.

Congressman Stenholm plans to look closely at the total cost of the Federal government and not just at the often superficial figures presented in the budget. The cost of our regulatory agencies is about \$5 billion a year and yet their regulations require \$150 billion in compliance costs for business. Also Congress throughout the years has routinely voted increased benefits without considering the costs. As a result future Congresses will be required to pay for our present obligations. It has become vital for legislators to consider the effect their decisions will have on the total cost of running our society.

It is time to more carefully analyze the expenditures of the public sector and eliminate those outlays that are unproductive. Mr. Stenholm believes society should rely more on individual initiative and less on government hand-outs.

When a man comes home late at night, his wife first asks him where he's been and then she tells him where to go.

What does it take to retire comfortably?

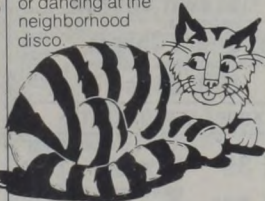

1. A comfortable chair.

Maybe it's the rocking variety. Or it could just as easily be a deck chair on a cruise ship, a hammock in Hawaii or a ski lift in Sun Valley — whatever it takes to put you in a "sit back and relax" mood.

2. Good company.

A friendly feline is nice for quiet evenings in front of the fire. But now that you have the time you may want to try making new friends while you're sunning on the beach, backpacking in the mountains or dancing at the neighborhood disco.

3. First Texas Savings.

Dreaming about the good life is fine. Planning for it is even better. And a First Texas Savings Retirement Plan makes it easy to plan for the future. Better still, your Retirement Account at First Texas not only provides you with substantial funds for tomorrow — but also significant tax-savings today.

For the self-employed, First Texas offers the Keogh Plan, which allows you to invest as much as 15% of earned income to a maximum of \$7,500.00 each year. For wage-earners not covered by a government approved retirement plan, we offer the Individual Retirement Account. You may contribute as much as \$1500.00 annually or 15% of your income to an IRA — whichever is less. And there is no required minimum.

Both IRA and Keogh Accounts provide impressive advantages. Your contribution is tax-deferred. Your money earns an attractive rate of interest, and is insured safe up to the maximum amount provided by Federal regulation. And the money you invest and earnings on this money are not taxable until withdrawn. Normally you will be in a lower tax bracket when benefits are paid, resulting in substantial tax savings.

Think it over. Then come in and talk it over with a First Texas Savings Counselor. We'll give you complete information on our Keogh and Individual Retirement Accounts... and what it takes to make sure you can take it easy.

Public Advised to Use the Telephone For SS Business

People do not have to visit a social security office to conduct most of their business; they can use the telephone, Gus Jones, Social Security District Manager in Sherman, said recently.

Almost all social security business can be taken care of over the telephone, from applying for benefits to reporting a lost or stolen check. Many

Voting is light in three non-contested elections — city council, school board and hospital board. Robert Miller is new president of Muenster Jaycees. Three-ring circus will show here twice next Thursday. Garden Club hosts civic pep meeting. Reagan Brown is named speaker for Co-op's annual meeting. SH School art show has 275 visitors Sunday. Forty-three pre-register for kindergarten. Shot is fired into Policeman McDonald's car. Muenster is second in 14-A literary contest. Lindsay is first in one-act play. Ceremony retires Lt. Col. J.P. Janicki at Fort Sam Houston. Forestburg wins Area 5 Sweepstakes in FFA judging. Mayor's proclamation asks observance of Good Friday by closing of business places from 2:30 to 4:30 p.m. New arrivals: a boy for the Lary Gobbles; girls for the Winston Fangmans, Walter Lutkenhauses, and Martin Knabes.

people find it convenient to call, and it saves them time and money, Jones said. There are certain times when social security offices are especially busy and it is a good idea not to call during these times unless the need is urgent. The first week of the month

is the busiest time. That is when social security and supplemental security income checks are issued. During that time it is not unusual for all the telephone lines to be busy and people may have trouble getting through. Jones recommended that

people wait until the middle of the month to call about routine matters. In fact, the later in the month a person calls, the better the chances are of getting through quickly. Examples of what can be done over the telephone include applying for benefits or

Medicare, reporting an address or name change, start or stop work reports, lost or stolen check report, replacing social security or Medicare cards, arranging for direct deposit of checks, getting help with Medicare forms, getting help with an appeal, and just

getting general information about social security. The telephone number of the Sherman Social Security Office is 665-0770. This is a direct line to the Sherman office. The office is located at 810 North Travis. Office hours are from 9:00 a.m. to

4:45 p.m., Monday through Friday, except national holidays. A representative may be contacted in Gainesville each Tuesday and Thursday from 9:30 a.m. to 12 noon and 12:45 p.m. to 2:00 p.m. at the Federal Building.

Forestburg News

by
Myrt Denham

This part of North Central Texas is having very lovely spring-type weather here of late. Still gets a might windy at times but then 'tis that time of the year. Seems like the "greening-up season" is a little later though.

Mr. and Mrs. Ray Parnell, Paula Scott, and Mrs. Billie Poyner left for Shuderant, La. on Friday March 30 to attend the funeral of A.M. Parnell, Ray's father, on Saturday March 31. The group returned home Sunday April 1.

Mrs. Essie Agee and Ruth Smith of Freemound Community visited with Mr. and Mrs. Rawdon Smith of the Springcreek community recently.

Visiting with Mrs. Vera Mae McGee recently were Mrs. Isla Roennigke of Trona, California and Mrs. Nell Toliver of Fort Worth. Mmes. Roeningke, Toliver and McGee then also visited with Mrs. Eula Moore at St. Richards Villa in Muenster. Mmes. Roeningke and Toliver are daughters of Clarence and Beulah Perryman.

The Howard Sockwells hopped in their "fliver" on Monday April 2 and headed for Denton, Argyle and Lewisville to visit their daughters and families — and to check on their great grandbaby.

The Forestburg United Methodist Womens Group met in the home of Mrs. Alice Shears Wednesday p.m. April 4 for their regular meeting. President Lucille Littell called the meeting to order and she was also in charge of the days program. Others present were Mms. Cleo Lanier, Vera Mae McGee, Esther Shears, Decie Ellzey, Marion Sockwell, Betty Reynolds and Myrt Denham. Refreshments and a lovely fellowship period followed the program and short business meeting.

Randy Shears, son of Eugene Shears, entered the Muenster Hospital Wednesday p.m.

April 4 to undergo surgery on his shoulder on Thursday a.m. April 5. At this writing Randy is doing very well and hopes to be able to be home soon.

On Thursday April 5 the Howard Sockwells attended an Open House hosted by Eddie Gilmer owner of the G. & G. Tractor and Implement Co. at Denton. The Sockwells enjoyed the Bar BQ and visiting with many old friends and acquaintances.

Miss Ina Mae Denham of Denver, Colo., arrived at the home of her mother, Mrs. Joe Denham of Bowie late Thursday afternoon April 5. On Saturday April 7 Ina Mae and Joe visited some of their Forestburg relatives — Mr. and Mrs. H.B. Perryman and Shelley, Mrs. Doyle Gates and Rocky, and Mr. and Mrs. W. T. Reynolds. On Sunday the two Denham ladies were visitors in the home of Ina Maes brother and wife — the Perryman Denhams. Joe returned home to Bowie on Sunday but Ina Mae stayed over till Monday with us Denhams. She will return home to Denver on Tuesday April 10.

Mr. and Mrs. Doyle Tillman and three sons of Palestine, Texas spent the weekend of April 6th to the 9th in the home of his uncle W.T. Reynolds and wife Millie. Doyle's mother is the former Edith Reynolds.

Perryman Denham visited with his friend Ern Emberson of Dyemound recently. He found Ern doing very well and all seemed on the up for Ern as he has more hop, dogs, cats and old cars.

Mr. and Mrs. Dewey Embry and daughter of Fort Worth spent the weekend of April 6 with his parents Mr. and Mrs. J.P. Embry of Dyemound.

Miss Paula Hudspeth of Wichita Falls spent the weekend of April 6 with her parents Mr. and Mrs. Clifford Hudspeth. Paula says she really is enjoying her practice teaching at Sheppard A. F.B. Says they are such intelligent children and a very well disciplined group of youngsters.

Mr. and Mrs. Charlie Barclay motored to Saint Jo Sunday April 8 to help their son and family move to Sanger. Granddaughter Jennifer returned home with the Barclays to spend a few days.

Mr. and Mrs. Ray (Ted) Jackson spent Sunday afternoon in Decatur visiting with Ray's cousin Mrs. Magie Mathis.

Mrs. Ross (Lucille) Littell will be celebrating her birthday Saturday April 21.

Mr. and Mrs. Bud Johnson visited their son and family — Mr. and Mrs. Eldon Johnson of Olney recently.

Mr. and Mrs. Randy Greenead were honored with a wedding shower at the Forestburg Community Center Wednesday night April 4. Mrs. Greenead is the former Cass Houston — daughter of Mrs. Tommie Houston of Denton.

Mrs. Clayton Fenoglio and family of Bowie visited her family Mr. and Mrs. Eddie McClure and Berley of New Harp Wednesday April 4.

Funeral Services for Cecil George were held at 2 p.m. Friday April 6 at the Alford Church of Christ. Burial was in the Alford Cemetery. Mr. George was the brother-in-law of Glen Lynch.

Mms. Loveta Bewly and Juanita Bailey had themselves a wonderful day Saturday April 7. They joined up with a group from the Pearl Street Church of Christ for a tour of the Azalea Trail in Tyler and on to Quitman for a tour of the Dogwood Trail. They also visited with Mr. and Mrs. Larry Bailey and family of Denton.

Burford Greenwood, John Dunn of Saint Jo, and Mr. and Mrs. Sam Parsons of Wichita Falls attended the Rattlesnake Round-up at Waurika, Oklahoma Sunday April 8th.

Mr. and Mrs. Tim Nations and family of Cresson, Texas visited her grandmother Mrs. Decie Ellzey on Sunday April 8th.

Mr. and Mrs. Junior Monroe attended the 75th birthday celebration of Mrs. Rosa Kitchens of Marietta, Oklahoma Sunday April 8th.

Mrs. Betty Greenwood and children of Sunset visited with the V.E. Greenwood family Sunday April 8th.

Houston Foster was taken to a Arlington Hospital on Thursday April 5. We understand that he is seriously ill. Mrs. D.D. Echols is a patient in the Muenster Hospital.

Reckon we are gonna have to prepare ourselves for another invasion of grasshoppers this year. Read in Wichita Falls paper where they are to be worse than last year — if that is possible. There is already plenty of evidence of the critters this early in the year. Guess they can survive all kinds of weather.

Local Youth Team Beats Denton Guys

A baseball team sponsored by Grewing Brothers had a picnic here Sunday in a double win over a team from Selwyn High School of Denton. The first was a 15-4 scoring spree, the second a more interesting 9-7 contest.

Phil Wolf pitched the opener giving up 4 hits and no walks whereas the visiting pitchers were hammered for 10 hits and 12 walks. The Muenster hitters were Kirk Mollenkopf 3 singles, Todd Richey 2 doubles, Craig Walterscheid a single and a double, Brian Herr, Darrell Herr and Brian Bednorz each a single.

In the second game Muenster took a 5-4 first inning lead, both added 3 in the fourth and Muenster added another in the sixth. Like the first contest it was featured by alert and aggressive base running, a total of 22 stolen bases in the two games.

Todd Richey and Monte Endres were the pitchers allowing 5 hits and 2 walks. The Denton hurlers gave up 9 hits and 7 walks.

Muenster hitters were Brian Bednorz, Phil Wolf and Todd Richey each a double and a single, Greg Walterscheid a double, Brian Herr, Monte Endres and Darrell Herr each one single.

The team is coached by Tony Horsley.

April 30 Deadline Set for Signup in ASCS '79 Program

Producers on farms with Normal Crop Acreage (NCA) have until April 30, 1979, to file intentions to participate in the 1979 wheat, feed grain, and cotton programs. Producers with fall seeded crops of oats, wheat, and barley must report this acreage when they sign up. Set-aside must also be designated at this time if only fall seeded crops are planted on the farm.

Producers planting grain sorghum only must also sign up in the program by April 30, but they have until July 1 to report their crop acreage and set-aside.

The minimum set-aside is 20% of the 1979 wheat harvested for grain; 10% of the 1979 corn and grain sorghum planted acres; and 20% of the 1979 barley acres planted for harvest as grain.

An additional 10% may be set aside for corn or grain sorghum at the rate of \$1.00 per bushel times the farm established yield times the acres of additional set-aside. No set-aside is required for cotton.

Program benefits for participating farms include loans, disaster payments, and deficiency payments.

Eligibility for participation in all programs administered by ASCS is established under law without regard to race, color, creed, national origin or sex.

Producers planning to participate in the 1979 wheat, feed grain, or cotton programs must report accurate acreages to the Cooke County ASCS Office. This office offers measurement service to those producers who are not sure of their acreages.

Eligibility for participation in all programs administered by ASCS is established under law without regard to race, color, creed, national origin or sex.

Muenster's Boy Scouts completed two weekend events to reach special Merit Badge in Citizenship and Fishing recently.

Fifteen attended a campout the weekend of March 31-April 1. In addition to required activities they used their catch to provide the noon meal on Sunday. At 2:30 p.m. Father Stephen Eckart celebrated a Field Mass.

Adults accompanying the Scouts included Bob Michaels, scoutmaster and Jim Vogel, Bob Vogel, Bob Walterscheid, and Don Asprey. Three cub scouts, Michael Abney, Shawn Vogel and Keith Vogel also attended.

On April 7, twenty one scouts spent part of the day attending Muenster City Court to work toward Citizenship Merit Badges. Later they met Judge John Marshall who spoke to them, explaining procedure and practice and later answered questions.

Before the court session, they were granted a conducted tour of the City Jail and also saw a demonstration of fingerprinting.

fueling time to make changes in the pipes, word would soon have reached the press that NRC was recklessly endangering the lives of millions. So, "rather than be clobbered by the press, NRC chose to clobber the consumers."

Incidents like these magnify the difficulties of the energy problem. Constant harping on dangers of nuclear power and the apparent conspiracy to suppress any good news on the subject has the country nervous and afraid. We've seen the wave of sensationalism about the incident at Three Mile Island. And we see frantic people insisting that nuclear plants of Texas — be abandoned immediately — even though billions of dollars have already been invested in them, even though their substantial relief to the energy crisis is just around the corner.

So far the fear of nuclear power is still unfounded. After all the panic in Pennsylvania the only ill effect is radiation, estimated as the equivalent of three chest x-rays. While sensationalists are imagining and screaming the worst, the facts still tell us that nuclear power has the best record. After these many years of powering electrical

Easter Holiday Time Cut Short

Easter holidays at both local schools are shorter than planned in the original calendars. Extra days had been allowed with the understanding that they would be used for make up dates if necessary. Because of the bad weather in January all but two days were used at Sacred Heart and all but one at the public school.

Those spare days are being allowed for Easter. Sacred Heart students will be free on Good Friday and Easter Monday, the public school students on Good Friday only.

plants and ships and submarines, it has not caused a serious injury. Common sense tells us we ought to be singing its praises, but government and media keep on mean mouthing it.
